FOR IMMEDIATE RELEASE

Investment Technology Group Releases April 2007 U.S. Trading Statistics

NEW YORK, NY, May 8, 2007 – Investment Technology Group, Inc. (NYSE: ITG), a leading provider of technology-based trading services and transaction research, today announced that April 2007 U.S. trading volume was 3.7 billion shares and average daily volume (ADV) was 186 million shares. This compares to 2.7 billion shares and ADV of 143 million shares in April 2006 and 4.0 billion shares and ADV of 182 million shares in March 2007.

There were 20 trading days in April 2007, compared to 19 trading days in April 2006 and 22 trading days in March 2007.

“ITG experienced continued strength across its U.S. business lines in April,” said Howard Naphtali, Chief Financial Officer at ITG.

Monthly volume statistics reflect commission-generating U.S. volume. These statistics are preliminary and may be revised in subsequent updates and public filings. Volume statistics are posted on ITG’s website, www.itg.com, and are available via a downloadable spreadsheet file.

ITG U.S. Trading Activity

Total U.S. Shares	# of Trade Days	Total U.S. Volume	Average U.S. Daily Volume
April:	20	3,721,784,401	186,089,220
Year-to-Date:	81	15,392,987,473	190,036,882

The firm is headquartered in New York and maintains offices in North America, Europe and the Asia Pacific regions. For additional information, visit www.itg.com.

In addition to historical information, this press release may contain "forward-looking" statements, as defined in the Private Securities Litigation Reform Act of 1995, that reflect management's expectations for the future. A variety of important factors could cause results to differ materially from such statements. These factors include the company's ability to achieve expected future levels of sales; the actions of both current and potential new competitors; rapid changes in technology; financial market volatility; general economic conditions in the United States and elsewhere; evolving industry regulation; cash flows into or redemption from equity funds; effects of inflation; customer trading patterns; and new products and services. These and other risks are described in greater detail in the company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006, and other documents filed with the Securities and Exchange Commission and available on the company's web site.
