# ITG REPORTS THIRD QUARTER 2005 EPS OF \$0.37

**NEW YORK, NY, October 27, 2005** - Investment Technology Group, Inc. (NYSE: ITG), a leading provider of technology-based equity trading services and transaction research, today announced that for the third quarter ended September 30, 2005, net income was \$15.6 million, 47 percent higher than net income of \$10.6 million in the third quarter of 2004. Earnings were \$0.37 per diluted share, an increase of 48 percent versus earnings of \$0.25 per diluted share in the third quarter of last year. ITG's total revenue for the third quarter of 2005 was \$102.2 million, 18 percent higher than total revenue of \$86.3 million for the third quarter of 2004.

Excluding the impact of non-recurring items, operating revenues of \$102.0 million increased by 21 percent from third quarter 2004 operating revenues of \$84.2 million. Operating earnings per share of \$0.36 in the third quarter of 2005 increased 33 percent versus operating earnings of \$0.27 per diluted share in the third quarter of last year. Pre-tax operating margins in the third quarter of 2005 were 27 percent, up from 22 percent in the third quarter of 2004.

"ITG maintained momentum in the growth of our volume, market share and earnings in the third quarter," stated Ray Killian, ITG's Chairman, President and Chief Executive Officer. "We have made strides in executing our growth strategy by announcing two strategic acquisitions, expanding our product offerings internationally, and increasing penetration domestically with clients across our product spectrum."

ITG's International revenues were \$22.4 million in the third quarter of 2005, 23 percent higher than revenues of \$18.2 million in the third quarter of 2004. International pre-tax operating profits decreased from \$1.0 million in the third quarter of 2004 to \$0.8 million in the third quarter of 2005.

"ITG has experienced a decline in our European volumes, primarily due to security concerns throughout London in July as well as typical seasonality in August. We are confident that this remains an area of growth for ITG, and are committed to enhancing our presence in key financial centers around the world," stated Mr. Killian.

Other highlights of the third quarter include the announcements of two strategic acquisitions. In July, ITG announced that it would acquire Macgregor, a leading provider of trade order management technology for the global financial community. This deal is now expected to close in early 2006. In September, ITG announced the acquisition of Plexus, a research and consulting firm dedicated to enhancing investment performance. This deal is expected to close in January 2006.

### Notes:

(1) 2005 non-recurring revenue is comprised of gains (\$2.5 million) from our shares of Archipelago Holdings common stock that we received as part of an equity entitlement program, of which \$0.1 million was recognized in the Third Quarter of 2005, as well as a recovery against previous investment

write-downs of \$0.6 million for the year, of which \$0.2 million was recovered in the Third Quarter 2005. 2004 non-recurring revenue is comprised of a gain of \$2.4 million on the sale of 50% of Investment Technology Group, Inc.'s ("ITG") Canadian subsidiary, KTG Technology Corp. in the Second Quarter 2004, and unrealized gains of \$2.1 million from our holding of Archipelago Holdings common stock after the corporation's initial public offering in the Third Quarter 2004.

- (2) Pertains to 2004 write-down of two New York Stock Exchange seats that ITG obtained as part of the Hoenig acquisition. Since the market environment led to a reduction in NYSE seat prices, we took a \$0.7 million impairment write-down to reflect the fair value of these seats at \$1.15 million each.
- (3) The other non-recurring expenses incurred in the Third Quarter 2004 contain a lease abandonment charge and employee separation costs.
