Santa Clara, California 95051

William P. Sullivan
President and Chief Executive Officer

January 2009

To our Stockholders:

I am pleased to invite you to attend the annual meeting of stockholders of Agilent Technologies, Inc. ("Agilent") to be held on Wednesday, March 11, 2009 at 10:00 a.m., Pacific Standard Time, at the South San Francisco Conference Center located at 255 South Airport Boulevard, South San Francisco, California (U.S.A.). Details regarding admission to the annual meeting and the business to be conducted are more fully described in the accompanying Notice of Annual Meeting and Proxy Statement.

If you are unable to attend the annual meeting in person, you may participate through the Internet or by telephone. To participate in the live webcast, log on at <http://investor.agilent.com> and select the link for the webcast in the "News & Events" section of the site. To listen by telephone, please call (866) 383-8003 (international callers should dial (617) 597-5330). The meeting passcode is 72857470. The webcast will begin at 10:00 a.m. and will remain on Agilent's website for one year. You cannot record your vote on this website or at this phone number.

We have elected to take advantage of Securities and Exchange Commission rules that allow issuers to furnish proxy materials to their stockholders on the Internet. We believe that the rules will allow us to provide our stockholders with the information they need, while lowering the costs of delivery and reducing the environmental impact of the annual meeting.

Your vote is important. Whether or not you plan to attend the annual meeting, I hope that you will vote as soon as possible. Please review the instructions on each of your voting options described in the Proxy Statement and the Notice of Internet Availability of Proxy Materials you received in the mail.

Thank you for your ongoing support of, and continued interest in, Agilent.

Sincerely,

Admission to the annual meeting will be limited to stockholders. Please note that an admission ticket and picture identification will be required to enter the annual meeting. Each stockholder will be entitled to bring a guest to the annual meeting. For stockholders of record, an admission ticket is printed on the back cover of these proxy materials. The Notice of Internet Availability of Proxy Materials will also serve as an admission ticket. An individual arriving without an admission ticket will not be admitted unless it can be verified that the individual was an Agilent stockholder as of the record date. Backpacks, cameras, cell phones with cameras, recording equipment and other electronic recording devices will not be permitted at the annual meeting. Agilent reserves the right to inspect any persons or items prior to their admission to the annual meeting. Failure to follow the meeting rules or permit inspection will be grounds for exclusion from the annual meeting.

This Proxy Statement and the accompanying proxy card are being sent or made available on or about January 27, 2009.

**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS
AND THE ANNUAL MEETING**

Q: *Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?*

A: In accordance with rules and regulations adopted by the Securities and Exchange Commission (the "SEC"), instead of mailing a printed copy of our proxy materials to each stockholder of record, we are furnishing proxy materials, including this Proxy Statement and the Agilent Technologies, Inc. ("Agilent" or the "Company") 2008 Annual Report to Stockholders, by providing access to such documents on the Internet. Most stockholders will not receive printed copies of the proxy materials unless they request them. Instead, commencing on or about January 27, 2009, a Notice of Internet Availability of Proxy Materials (the "Notice") was sent to most of our stockholders which will instruct you as to how you may access and review all of the proxy materials on the Internet. The Notice also instructs you as to how you may submit your proxy on the Internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

Q: *Why am I receiving these materials?*

A: Agilent's Board of Directors (the "Board") is providing these proxy materials to you on the Internet or, upon your request, has delivered printed versions of these materials to you by mail, in connection with Agilent's annual meeting of stockholders, which will take place on March 11, 2009. Stockholders are invited to attend the annual meeting and are requested to vote on the proposals described in this Proxy Statement.

Q: *What is included in these materials?*

A: These materials include:

- our Proxy Statement for Agilent's annual meeting; and
- our 2008 Annual Report to Stockholders, which includes our audited consolidated financial statements.

If you requested printed versions of these materials by mail, these materials also include the proxy card for the annual meeting.

Q: *What information is contained in these materials?*

A: The information included in this Proxy Statement relates to the proposals to be voted on at the annual meeting, the voting process, the compensation of directors and our most highly paid officers and certain other required information.

Q: *What proposals will be voted on at the annual meeting?*

A: There are three proposals scheduled to be voted on at the annual meeting:

- the election of three directors for a 3-year term;
- the ratification of the Audit and Finance Committee's appointment of PricewaterhouseCoopers LLP as Agilent's independent registered public accounting firm; and
- the approval of Agilent's 2009 Stock Plan.

Q: *What is the Agilent Board's voting recommendation?*

A: Agilent's Board recommends that you vote your shares "**FOR**" each of the nominees to the Board, "**FOR**" the ratification of the Audit and Finance Committee's

appointment of PricewaterhouseCoopers LLP as Agilent's independent registered public accounting firm, and "FOR" the approval of Agilent's 2009 Stock Plan.

Q: *What shares owned by me can be voted?*

A: All shares owned by you as of the close of business on January 13, 2009 (the "Record Date") may be voted. You may cast one vote per share of common stock that you held on the Record Date. These shares include shares that are: (1) held directly in your name as the stockholder of record, including shares purchased through the Agilent Technologies, Inc. 1999 Stock Plan and the Agilent Technologies, Inc. Employee Stock Purchase Plan, and (2) held for you as the beneficial owner through a stockbroker, bank or other nominee or held for your account by the Agilent Technologies, Inc. 401(k) Plan.

Q: *What is the difference between holding shares as a stockholder of record and as a beneficial owner?*

A: Most stockholders of Agilent hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some differences between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with Agilent's transfer agent, Computershare Investor Services, you are considered, with respect to those shares, the stockholder of record, and the Notice, or if requested, these proxy materials are being sent to you directly by Agilent. As the stockholder of record, you have the right to grant your voting proxy directly to the persons named as proxy holders, William P. Sullivan, Agilent's President and Chief Executive Officer, and D. Craig Nordlund, Agilent's Senior Vice President,

General Counsel and Secretary, or to vote in person at the annual meeting. If you requested printed copies of the proxy materials, Agilent has enclosed a proxy card for you to use. You may also vote on the Internet or by telephone, as described below under the heading "How can I vote my shares without attending the annual meeting?"

Beneficial Owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in "street name", and these proxy materials are being forwarded to you by your broker or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker on how to vote and are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the annual meeting. Your broker or nominee has enclosed a voting instruction card for you to use in directing your broker or nominee as to how to vote your shares. You may also vote by Internet or by telephone, as described below under "How can I vote my shares without attending the annual meeting?"

Q: *How can I vote my shares in person at the annual meeting?*

A: Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to vote your shares in person at the annual meeting, please bring your admission ticket or the enclosed proxy card and proof of identification. Even if you plan to attend the annual meeting, Agilent recommends that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the annual meeting.

Shares held in “street name” may be voted in person by you only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

Q: *How can I vote my shares without attending the annual meeting?*

A: Whether you hold your shares directly as the stockholder of record or beneficially in “street name”, you may direct your vote without attending the annual meeting by proxy. You can vote by proxy over the Internet or by telephone. Please follow the instructions provided in the Notice, or, if you request printed copies of proxy materials, on the proxy card or voting instruction card you receive.

Q: *Can I revoke my proxy or change my vote?*

A: You may revoke your proxy or change your voting instructions at any time prior to the vote at the annual meeting. You may enter a new vote by using the Internet or the telephone or by mailing a new proxy card or new voting instruction card bearing a later date (which will automatically revoke your earlier voting instructions) or by attending the annual meeting and voting in person. Your attendance at the annual meeting in person will not cause your previously granted proxy to be revoked unless you specifically so request.

Q: *How are votes counted?*

A: In the election of directors, your vote may be cast “FOR” all of the nominees or your vote may be “WITHHELD” with respect to one or more of the nominees. For the other proposals, your vote may be cast “FOR” or, “AGAINST” or you may “ABSTAIN.” If you “ABSTAIN”, it has the same effect as a vote “AGAINST.” If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board. Any undirected shares that

you hold in Agilent’s 401(k) Plan will be voted in proportion to the way the other 401(k) Plan stockholders vote their 401(k) Plan shares.

Q: *What is the voting requirement to approve each of the proposals?*

A: In the election for directors, the three persons receiving the highest number of “FOR” votes will be elected. However, any nominee for director who receives a greater number of votes “withheld” from his or her election than votes “for” such election (a “Majority Withheld Vote”) shall promptly tender his or her resignation following certification of the stockholder vote. The affirmative vote of a majority of those shares present and entitled to vote is required to approve (i) the ratification of the Audit and Finance Committee’s appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm, and (ii) Agilent’s 2009 Stock Plan. If you are a beneficial owner of Agilent shares and do not provide the stockholder of record with voting instructions, your beneficially owned shares may constitute broker non-votes, as described in “What is the quorum requirement for the annual meeting?” in the section entitled “Additional Questions and Information Regarding the Annual Meeting and Stockholder Proposals” located at the end of this Proxy Statement. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote.

Q: *What does it mean if I receive more than one Notice, proxy or voting instruction card?*

A: It means your shares are registered differently or are in more than one account. For all Notices you receive, please enter your vote by Internet for each control number you have been assigned. If you received paper copies of proxy materials, please provide voting

instructions for all proxy and voting instruction cards you receive.

Q: *How can I obtain an admission ticket for the annual meeting?*

A: An admission ticket is printed on the back cover of these proxy materials or you may use the Notice for admission to the Annual Meeting.

Q: *Where can I find the voting results of the annual meeting?*

A: Agilent will announce preliminary voting results at the annual meeting and publish final results in Agilent's quarterly report on Form 10-Q for the second quarter of fiscal 2009.

BOARD STRUCTURE AND COMPENSATION

The Board is divided into three classes serving staggered three-year terms. The Board has nine directors and the following four committees: (1) Audit and Finance, (2) Compensation, (3) Nominating/Corporate Governance and (4) Executive. The number of Directors is currently fixed at nine.

The fiscal year for the Board begins March 1 of each year. The membership during the 2008 Agilent fiscal year and the function of each committee is described below. During the 2008 Agilent fiscal year, the Board held six meetings. The Audit and Finance, Nominating/Corporate Governance, Compensation and Executive Committees held thirteen, three, five and one meeting(s), respectively. Each director attended at least 75% of the aggregate number of Board and applicable committee meetings held when the director was serving on the Board.

- (1) Mr. Clark has served as a director since May 2006.
- (2) Mr. Cullen has served as a director since April 2000 and as the Non-Executive Chairman of the Board since March 1, 2005.
- (3) Mr. Herbold has served as a director since June 2000.
- (4) Mr. Joss has served as a director since July 2003.
- (5) Mr. Koh has served as a director since May 2003.
- (6) Ms. Kunz has served as a director since February 2000.
- (7) Dr. Lawrence has served as a director since July 1999.
- (8) Mr. Rand has served as a director since November 2000.
- (9) Mr. Sullivan has served as a director since March 1, 2005.

Agilent encourages, but does not require, its Board members to attend the annual stockholders meeting. Last year, two of our directors attended the annual stockholders meeting.

Audit and Finance Committee

The Audit and Finance Committee is responsible for the oversight of the quality and integrity of Agilent's consolidated financial statements, its compliance with legal and regulatory requirements, the qualifications and independence of its independent registered public accounting

firm, the performance of its internal audit function and independent registered public accounting firm and other significant financial matters. In discharging its duties, the Audit and Finance Committee is expected to:

- have the sole authority to appoint, retain, compensate, oversee, evaluate and replace the independent registered public accounting firm;
- review and approve the scope of the annual internal and external audit;
- review and pre-approve the engagement of Agilent’s independent registered public accounting firm to perform audit and non-audit services and the related fees;
- meet independently with Agilent’s internal auditing staff, independent registered public accounting firm and senior management;
- review the adequacy and effectiveness of the system of internal control over financial reporting and any significant changes in internal control over financial reporting;
- review Agilent’s consolidated financial statements and disclosures including “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in the Company’s reports on Form 10-K or Form 10-Q;
- establish and oversee procedures for (a) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and (b) the confidential anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters;
- review funding and investment policies, implementation of funding policies and investment performance of Agilent’s benefit plans;
- monitor compliance with Agilent’s Standards of Business Conduct; and
- review disclosures from Agilent’s independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independence of accountant’s communications with the audit committee of the concerning independence.

Compensation Committee

The Compensation Committee reviews the performance of Agilent’s elected officers and other key employees and determines, approves and reports to the Board on the elements of their compensation, including total cash compensation and long-term equity based incentives. In addition, the Compensation Committee:

- approves and monitors Agilent’s benefit plan offerings;
- supervises and oversees the administration of Agilent’s incentive compensation, variable pay and stock programs;
- recommends to the Board the annual retainer fee as well as other compensation for non-employee directors;
- establishes comparator peer group and compensation targets based on this peer group for the Company’s named executive officers; and
- has sole authority to retain and terminate executive compensation consultants.

For more information on the responsibilities and activities of the Compensation Committee, including the committee’s processes for determining executive compensation, see “Compensation Discussion and Analysis,” “Compensation Committee Report,” “Executive Compensation” and the Compensation Committee’s charter.

The Compensation Committee also helps determine compensation for non-employee directors. The process the Compensation Committee undertakes for setting non-employee director compensation is similar to that of setting executive officer compensation. The Compensation Committee is aided by an independent consultant, currently F. W. Cook & Co., Inc., who is selected and retained by the Compensation Committee. The role of the independent consultant is to measure and benchmark our non-employee director compensation against a certain peer group of companies with respect to appropriate compensation levels for positions comparable in the market. The independent consultant recommends appropriate retainers, committee chair retainers, grant values and stock ownership guidelines to the Compensation Committee. This information is reviewed, discussed and finalized at a Compensation Committee meeting and a recommendation is made to the full Board. The full Board makes the final determination on non-employee director compensation.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee proposes a slate of directors for election by Agilent's stockholders at each annual meeting and appoints candidates to fill any vacancies on the Board. It is also responsible for reviewing management succession plans, determining the appropriate Board size and committee structure and developing and reviewing corporate governance principles applicable to Agilent.

The Nominating/Corporate Governance Committee will consider candidates recommended for nomination by stockholders, provided that the recommendations are made in accordance with the procedures described in the section entitled "Additional Questions and Information Regarding the Annual Meeting and Stockholder Proposals" located at the end of this Proxy Statement. Candidates recommended for nomination by stockholders that comply with these procedures will receive the same consideration as other candidates recommended by the Nominating/Corporate Governance Committee.

Agilent hires a third party search firm to help identify and facilitate the screening and interview process of candidates for director. To be considered by the Nominating/Corporate Governance Committee, a director nominee must have:

- experience as a Board member or senior officer of a Fortune 200 or equivalent company or have achieved national prominence in an academic, government or other relevant field;
- breadth of experience;
- soundness of judgment;
- the ability to make independent, analytical inquiries;
- the willingness and ability to devote the time required to perform Board activities adequately; and
- the ability to represent the total corporate interests of Agilent.

In addition to these minimum requirements, the Nominating/Corporate Governance Committee will also evaluate whether the candidate's skills are complementary to the existing Board members' skills and the Board's needs for operational, management, financial, international, technological or other expertise. The search firm screens the candidates, does reference checks, prepares a biography for each candidate for the Nominating/Corporate Governance Committee to review and helps set up interviews. The Nominating/Corporate Governance Committee and Agilent's Chief Executive Officer interview candidates that meet the criteria, and the Nominating/Corporate Governance Committee selects candidates that best suit the Board's needs. We do not use a third party to evaluate current Board members.

The Nominating/Corporate Governance Committee also administers Agilent's Related Person Transactions Policy and Procedures. See "Related Person Transactions Policy and Procedures" for more information.

Executive Committee

The Executive Committee meets or takes written action when the Board is not otherwise meeting. The Committee has full authority to act on behalf of the Board, except that it cannot amend Agilent's Bylaws, recommend any action that requires the approval of the stockholders, fill vacancies on the Board or any Board committee, fix director compensation, amend or repeal any non-amendable or non-repealable resolution of the Board, declare a distribution to the stockholders except at rates determined by the Board, appoint other committees or take any action not permitted under Delaware law to be delegated to a committee.

Statement on Corporate Governance

Agilent has had formal corporate governance standards in place since the Company's inception in 1999. We have reviewed internally and with the Board the provisions of the Sarbanes-Oxley Act of 2002 ("Sarbanes-Oxley Act"), the rules of the SEC and the NYSE's corporate governance listing standards regarding corporate governance policies and processes and are in compliance with the rules and listing standards.

We have adopted charters for our Compensation Committee, Audit and Finance Committee and Nominating/Corporate Governance Committee consistent with the applicable rules and standards. You can access our committee charters and Standards of Business Conduct by clicking on "Governance Policies" in the "Corporate Governance" section, which is on the left side of our web page at www.investor.agilent.com or by writing to us at Agilent Technologies, Inc., 5301 Stevens Creek Blvd., Santa Clara, California 95051, Attention: Investor Relations.

Majority Voting for Directors

Our Bylaws provide for majority voting of directors regarding director elections. In an uncontested election, any nominee for director who receives a greater number of votes "withheld" from his or her election than votes "for" such election shall promptly tender his or her resignation following certification of the stockholder vote. The Nominating/Corporate Governance Committee will consider the resignation offer and recommend to the Board whether to accept it. The Board will act on the Nominating/Corporate Governance Committee's recommendation within 90 days following certification of the stockholder vote. Thereafter, the Board will promptly disclose their decision whether to accept the director's resignation offer (and the reasons for rejecting the resignation offer, if applicable) in a press release to be disseminated in the manner that Company press releases typically are distributed. Any director who tenders his or her resignation pursuant to this provision shall not participate in the Nominating/Corporate Governance Committee recommendation or Board action regarding whether to accept the resignation offer.

Board Communications

Stockholders and other interested parties may communicate with the Board and Agilent's Non-Executive Chairman of the Board of Directors by filling out the form at "Contact Chairman" under "Corporate Governance" at <http://investor.agilent.com> or by writing to James G. Cullen, c /o Agilent Technologies, Inc., General Counsel, 5301 Stevens Creek Blvd., MS 1A-11, Santa Clara, California 95051. The General Counsel will perform a legal review in the normal discharge of his duties to ensure that communications forwarded to the Non-Executive Chairman preserve the integrity of the process. For example, items that are unrelated to the duties and responsibilities of the Board such as spam, junk mail and mass mailings, product complaints, personal employee

complaints, product inquiries, new product suggestions, resumes and other forms of job inquiries, surveys, business solicitations or advertisements (the “Unrelated Items”) will not be forwarded to the Non-Executive Chairman. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will not be forwarded to the Non-Executive Chairman. Any communication that is relevant to the conduct of Agilent’s business and is not forwarded will be retained for one year (other than Unrelated Items) and made available to the Non-Executive Chairman and any other independent director on request. The independent directors grant the General Counsel discretion to decide what correspondence shall be shared with Agilent management and specifically instruct that any personal employee complaints be forwarded to Agilent’s Human Resources Department.

Director Independence

Agilent adopted the following standards for director independence in compliance with the NYSE corporate governance listing standards:

1. No director qualifies as “independent” unless the Board affirmatively determines that the director has no material relationship with Agilent or any of its subsidiaries (either directly or as a partner, shareholder or officer of an organization that has a relationship with Agilent). Agilent or any of its subsidiaries must identify which directors are independent and disclose the basis for that determination.

In addition, a director is not independent if:

2. The director is, or has been within the last three years, an employee of Agilent or any of its subsidiaries, or an immediate family member is, or has been within the last three years, an executive officer of Agilent or any of its subsidiaries.

3. The director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from Agilent or any of its subsidiaries, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).

4. (A) The director is a current partner or employee of a firm that is Agilent’s internal or external auditor; (B) the director has an immediate family member who is a current partner of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and personally works on Agilent’s audit; or (D) the director or an immediate family member was within the last three years a partner or employee of such a firm and personally worked on Agilent’s or any of its subsidiaries’ audit within that time.

5. The director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of Agilent’s or any of its subsidiaries’ current executive officers at the same time serves or served on that company’s compensation committee.

6. The director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, Agilent or any of its subsidiaries for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company’s consolidated gross revenues.

The Board determined that Paul N. Clark, James G. Cullen, Robert J. Herbold, Robert L. Joss, Koh Boon Hwee, Heidi Kunz, David M. Lawrence, M.D. and A. Barry Rand meet the

aforementioned independence standards. William P. Sullivan does not meet the aforementioned independence standards because he is Agilent's current President and Chief Executive Officer and an employee of Agilent.

Agilent's non-employee directors meet at regularly scheduled executive sessions without management. As the Non-Executive Chairman of the Board, James G. Cullen was chosen to preside at the regularly-scheduled executive sessions of the non-management directors.

DIRECTOR COMPENSATION AND STOCK OWNERSHIP GUIDELINES

Directors who are employed by Agilent do not receive any compensation for their Board activities. As a result, Mr. Sullivan, an employee of Agilent, received no additional compensation for his Board services. The general policy of the Board is that compensation for non-employee directors should be a mix of cash and equity-based compensation. The non-employee director's compensation plan year begins on March 1 of each year. Except for the Non-Executive Chairman, non-employee directors in 2008 received (a) \$75,000 in cash which is paid quarterly; (b) \$75,000 in value of a stock option; and (c) \$75,000 in value of deferred shares of Agilent common stock. Any newly appointed director receives \$130,000 in value of deferred shares of Agilent common stock, pursuant to the 1999 Non-Employee Director Stock Plan. The stock options and the deferred shares vest quarterly over one year.

In addition, non-employee directors who serve as the chairperson of a Board committee are entitled to a "committee chair premium." Specifically, the chairperson of the Audit and Finance Committee, provided that she was not the Non-Executive Chairman, on an annual basis, received an additional \$20,000 in cash. The chairperson of the Compensation Committee of the Board, provided he was not the Non-Executive Chairman, on an annual basis, received an additional \$10,000 in cash and the chairperson of all other Board committees, provided that they were not the Non-Executive Chairman, on an annual basis, received an additional \$5,000 in cash. Also, each member of the Audit and Finance Committee, on an annual basis, received an additional \$10,000 in cash. Effective March 1, 2009, the chairperson of the Nominating/Corporate Governance Committee of the Board, provided he or she is not the Non-Executive Chairman, on an annual basis, will receive an additional \$10,000 in cash.

Each non-employee director may elect to defer all or part of the cash component of his or her annual retainer and committee chair premium under the deferred compensation plan sponsored by Agilent. Any cash compensation that is deferred can only be deferred into shares of Agilent common stock.

In 2008, the Non-Executive Chairman received an annual retainer that consisted of (i) \$270,000 in cash which is paid quarterly, (ii) \$75,000 in value of a stock option, and (iii) \$75,000 in value of deferred shares of Agilent common stock. The Non-Executive Chairman is not eligible to receive any committee chair premiums.

A non-employee director who joins the Board of Directors after the start of the plan year will have his or her option payment, stock payment and cash payment pro-rated based upon the remaining days in the plan year that the director will serve.

Non-Employee Director Compensation for Fiscal Year 2008

The table below provides information on Agilent's compensation during the fiscal year ended October 31, 2008 for non-employee directors, including (i) cash compensation, and (ii) the compensation expense recognized in Agilent's financial statements for outstanding options and stock awards.

- (1) Reflects the fair value of stock options and stock awards granted in fiscal year 2008, calculated in accordance with FAS 123(R). For options awards, that number is calculated by multiplying the Black-Scholes value by the number of options awarded. For stock awards, that number is calculated by multiplying (x) the fair market value of our common stock on the date of grant less the per share price by (y) the number of shares awarded.

Non-Employee Director Reimbursement Practice for Fiscal Year 2008

Non-employee directors are reimbursed for travel and other out-of-pocket expenses connected to Board travel.

Stock Ownership Guidelines

In 2005, the company adopted a policy that requires each non-employee director to own Agilent shares having a value of at least three times the annual cash retainer (currently \$225,000). The shares counted toward ownership guidelines include shares owned outright and the shares of Agilent stock in the director's deferred compensation account. These ownership levels must be attained by the end of fiscal year 2009. Separately, company policy prohibits executive officers, members of the Board of Directors and other senior management employees from engaging in hedging strategies using puts, calls or other types of derivative securities based upon the value of Agilent stock.

PROPOSALS TO BE VOTED ON

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Agilent's Board is divided into three classes serving staggered three-year terms. Directors for each class are elected at the annual meeting of stockholders held in the year in which the term for their class expires. Agilent's Bylaws, as amended, allow the Board to fix the number of directors by resolution. The number of directors is currently fixed at nine.

The terms for three directors will expire at the annual meeting. The three nominees named below are the only individuals proposed for election to the Board at the annual meeting. Directors elected at the 2009 annual meeting will hold office for a three-year term expiring at the annual meeting in 2012 (or until their respective successors are elected and qualified, or until their earlier death, resignation or removal). All of the nominees are currently directors of Agilent. Information regarding each of the nominees is provided below as of December 19, 2008. There are no family relationships among Agilent's executive officers and directors.

Nominees for Three Year Terms That Will Expire in 2009

William P. Sullivan
Age 58

Mr. Sullivan has served as Agilent's President, Chief Executive Officer and a director since March 2005. Before being named Agilent's Chief Executive Officer, Mr. Sullivan served as Executive Vice President and Chief Operating Officer from March 2002 to March 2005. In that capacity, he shared the responsibilities of the president's office with Agilent's former President and Chief Executive Officer, Edward W. Barnholt. Mr. Sullivan also had overall responsibility for Agilent's Electronic Products and Solutions Group (now known as Electronic Measurement Group), the company's largest business group. Prior to assuming that position, Mr. Sullivan served as our Senior Vice President, Semiconductor Products Group from August 1999 to March 2002. Before that, Mr. Sullivan held various management positions at Hewlett-Packard Company. Mr. Sullivan serves on the Board of URS Corporation and Avnet, Inc. as well as the Children's Discovery Museum in San Jose, California.

Robert J. Herbold
Age 66

Mr. Herbold has been a director of Agilent since June 2000. He was an Executive Vice President and Chief Operating Officer of Microsoft Corporation from 1994 to April 2001 and served as an Executive Vice President (part-time) of Microsoft Corporation until June 2003. Prior to joining Microsoft, Mr. Herbold was employed by The Procter & Gamble Company for twenty-six years, and served as a Senior Vice President at The Procter & Gamble Company from 1990 to 1994. Mr. Herbold is a director of Indachin Limited and Vision Solutions. He is the Managing Director of the consulting firm The Herbold Group, LLC and is an Operating Partner of the private equity firm Thoma Bravo.

Koh Boon Hwee
Age 58

Mr. Koh has served as a director of Agilent since May 2003. Mr. Koh has been a director of MediaRing Ltd. from April 1998 and Executive Director from February 2003. He has also served as a director of Sunningdale Tech Ltd. from April 2003 and Chairman from July 2005. He has also been a director of the William and Flora Hewlett Foundation since September 2007. He has been Chairman of DBS Group Holdings Ltd. since January 2006 and Chairman of AAC Acoustic Technologies Holdings, Inc. since November 2004. Prior to his current position, Mr. Koh was Chairman of Singapore Airlines from July 2001 to December 2005 and Chairman of Singapore Telecom from April 1992 to August 2001. Mr. Koh spent fourteen years with Hewlett-Packard Company in its Asia-Pacific region.

Agilent's Board recommends a vote FOR the election to the Board of each of the foregoing nominees.

The Agilent directors whose terms are not expiring this year are listed below. They will continue to serve as directors for the remainder of their terms or such other date, in accordance with Agilent's Bylaws. Information regarding each of such directors is provided below.

Directors Whose Terms Will Expire in 2010

Paul N. Clark
Age 61

Mr. Clark has been a director of Agilent since May 2006. Mr. Clark was the Chief Executive Officer and President of ICOS Corporation, a biotherapeutics company, from June 1999 to January 2007, and the Chairman of the Board of Directors of ICOS from February 2000 to January 2007. From 1984 to December 1998, Mr. Clark worked in various capacities for Abbott Laboratories, a health care products manufacturer, retiring from Abbott Laboratories as Executive Vice President and a board member. His previous experience included senior positions with Marion Laboratories, a pharmaceutical company, and Sandoz Pharmaceuticals (now Novartis Corporation), a pharmaceutical company.

James G. Cullen
Age 66

Mr. Cullen has been a director of Agilent since April 2000 and the Non-Executive Chairman of the Board since March 2005. Mr. Cullen was President and Chief Operating Officer of Bell Atlantic Corporation (now known as Verizon) from 1997 to June 2000 and a member of the office of chairman from 1993 to June 2000. Prior to this appointment, Mr. Cullen was the President and Chief Executive Officer of the Telecom Group of Bell Atlantic from 1995 to 1997. Prior to the creation of Bell Atlantic on January 1, 1984, Mr. Cullen held management positions with New Jersey Bell from 1966 to 1981 and AT&T from 1981 to 1983. Mr. Cullen is a member of the board of directors of Johnson & Johnson, Prudential Financial, Inc. and Neustar, Inc.

Robert L. Joss
Age 67

Mr. Joss has been a director of Agilent since July 2003. Mr. Joss has served as the Dean of the Graduate School of Business of Stanford University since 1999. Prior to assuming this position, Mr. Joss was the Chief Executive Officer and Managing Director of Westpac Banking Corporation, one of Australia's largest banks, from 1993 to 1999. Before this position, from 1971 to 1993, Mr. Joss held a succession of positions as Senior Vice President, Executive Vice President and Vice Chairman of Wells Fargo Bank. He is a director of Wells Fargo & Co.

Directors Whose Terms Will Expire in 2011

Heidi Kunz

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit and Finance Committee of the Board has appointed PricewaterhouseCoopers LLP as Agilent's independent registered public accounting firm to audit its consolidated financial statements for the 2009 fiscal year. During the 2008 fiscal year, PricewaterhouseCoopers LLP served as Agilent's independent registered public accounting firm and also provided certain tax and other non-audit services. Although Agilent is not required to seek stockholder approval of this appointment, the Board believes it to be sound corporate governance to do so. If the appointment is not ratified, the Audit and Finance Committee will investigate the reasons for stockholder rejection and will reconsider the appointment.

Representatives of PricewaterhouseCoopers LLP are expected to attend the annual meeting where they will be available to respond to questions and, if they desire, to make a statement.

**Agilent's Board recommends a vote FOR the ratification of the
Audit and Finance Committee's appointment of
PricewaterhouseCoopers LLP as Agilent's Independent Registered Public Accounting Firm.**

PROPOSAL NO. 3

APPROVAL OF THE AGILENT TECHNOLOGIES, INC. 2009 STOCK PLAN

Stockholders are being asked to approve the adoption of the Agilent Technologies, Inc. 2009 Stock Plan (the "Plan"). If approved by the stockholders, the Plan would replace the Agilent Technologies, Inc. Amended and Restated 1999 Stock Plan (the "1999 Plan") and the 1999 Non-Employee Director Stock Plan (the "Director Plan" and collectively with the 1999 Plan, the "1999 Plans") before their expiration and would become our primary plan for providing stock-based incentive compensation to our eligible employees and non-employee directors. The 1999 Plans would each terminate as discussed below. If the Plan is not approved by the stockholders, no new awards may be granted under the 1999 Plans after September 17, 2009, and our ability to provide future awards to attract, provide incentives to and retain key personnel and non-employee directors would be limited significantly.

The 1999 Plans will remain in effect with respect to awards already granted under the 1999 Plans until such awards have been exercised, forfeited, canceled, or expire or otherwise terminate in accordance with the terms of such grants. If the Plan is approved by the stockholders at the annual meeting, no further awards will be granted under the 1999 Plan and the 1999 Plan will be terminated. Formula awards that are part of the directors' annual retainer that are made automatically under the Director Plan on the first trading day after each annual stockholders meeting will be made under the Director Plan with respect to the 2009 fiscal year of director service. The Director Plan will then be terminated at the first Compensation Committee meeting of the Board of Directors after the Plan becomes effective.

The Board believes the approval of the Plan is in the best interests of the Company because of the continuing essential need to attract, provide incentives to and retain key personnel and non-employee directors and, since the 1999 Plan is scheduled to expire on September 17, 2009, the Company's ability to accomplish these objectives would be significantly limited without taking this action. The Board adopted the Plan on November 19, 2008, subject to stockholder approval. We do not anticipate granting any awards under the Plan unless and until stockholder approval is obtained. However, awards may be granted prior to stockholder approval, but must remain subject to stockholder approval and no award may be exercised or settled until the Plan is approved by the stockholders.

The total number of shares authorized and available for issuance under the Plan is 25,000,000, plus any shares subject to awards previously granted under the 1999 Plan for which such awards are forfeited, expired or become unexercisable without having been exercised in full. For additional details, see "—Number of Authorized Shares" below. As of the date of this Proxy Statement, no awards have been made under the Plan. Under the terms of the Plan, the maximum amount of stock options that may be granted under the Plan is 25,000,000 shares, or the maximum amount of full value stock awards that may be granted is 12,500,000 shares because such awards are deducted from the fungible share pool at a 2-to-1 ratio as described below.

Excluding shares available under Agilent's employee stock purchase plan, as of December 31, 2008 approximately 32,500,000 shares remained available for grant under the 1999 Plan and approximately 306,000 shares remained available for grant under the 1999 Director Plan as of December 31, 2008. For the fiscal years 2006 through 2008, the number of shares granted as a percentage of the total shares of Agilent common stock outstanding averaged 1.90%, which percentage is often referred to as Agilent's burn rate. The burn rate for FY08 was 1.09%. For further information on our current equity compensation plans, please see "—Equity Compensation Plan Information" below.

Stockholders are asked to approve the Plan to qualify stock options as incentive stock options for purposes of Section 422 of Section 162(m) of the Internal Revenue Code (the “Code”), to qualify certain compensation under the Plan as performance-based compensation for purposes of 162(m) of the Code, and to satisfy New York Stock Exchange (“NYSE”) guidelines relating to equity compensation.

Below is a summary of the material features of the Plan and its operation. This summary does not purport to be a complete description of all of the provisions of the Plan. It is qualified in its entirety by reference to the full text of the Plan. A copy of the Plan has been filed with the Securities and Exchange Commission with this Proxy Statement, and any stockholder who wishes to obtain a copy of the Plan may do so by written request to the Secretary at Agilent’s headquarters in Santa Clara, California.

Purpose of the Plan

The purpose of the Plan is to encourage ownership in the Company by its employees, directors and consultants whose long-term employment by or involvement with the Company is considered essential to the Company’s continued progress and, thereby, aligning the interests of the award recipients and stockholders and permitting the award recipients to share in the Company’s success. The Plan provides an essential component of the total compensation package offered to the Company’s key employees. It reflects the importance placed by the Company on motivating employees to achieve superior results over the long term and paying employees based on that kind of achievement. The Company strongly believes that its equity compensation programs and emphasis on employee stock ownership have been integral to the Company’s progress and that a continuation of those programs and that emphasis is necessary for the Company to achieve superior performance in the future.

Certain awards under the Plan are intended to qualify as performance-based compensation under the Code, provided that such grants are made in the form of option grants, stock appreciation rights (“SARs”), or are performance shares or performance units based on one or more of the performance measures specified below. However, in the event that the Administrator (as defined below in “Administration of the Plan”) of the Plan determines that it is advisable to grant awards that use measures other than those specified below, any such awards will not qualify for the performance-based exception under Section 162(m) of the Code.

Key Features of the Plan

The Plan contains features that the Board believes are consistent with the interests of stockholders and sound governance principles. These features include the following:

- *Flexibility and Performance Ties.* The variety of equity and cash awards permitted under the Plan affords flexibility with respect to the design of long-term incentives that are responsive to evolving regulatory changes and compensation best practices and incorporate tailored, performance-based measures.
- *No Discount Options.* Stock options or SARs may not be granted or awarded with a then-established exercise price of less than the fair market value (“FMV”) of Agilent’s common stock on the date of grant or award. FMV is the quoted closing sales price on the stock exchange or a national market system with the highest trading volume.
- *No Repricings.* The repricing of stock options and stock appreciation rights is prohibited without stockholder approval. This prohibition applies both to repricings that involve lowering the exercise price of a stock option or SAR as well as repricings that are accomplished by canceling an existing award and replacing it with a lower-priced award.

- *Fungible Share Pool.* The Plan design recognizes the greater intrinsic value of a full share award including restricted stock, restricted stock units, performance shares and performance stock units. Accordingly, the Plan's share reserve is reduced by 2 shares for every 1 full value share awarded. Stock option and SAR awards reduce the reserve on a 1-to-1 basis.
- *Clawback feature.* The Plan allows the Company to cancel or freeze unvested awards, or require the return of amounts received pursuant to plan awards, if the award recipient has engaged in behavior that is detrimental to the business or reputation of the Company.
- *No Liberal Share Accounting.* Shares withheld for tax payments or to pay the exercise price, shares repurchased on the open market with the proceeds of an option exercise price, or shares not issued or delivered as a result of the net settlement of an outstanding award, will not be added back into the Plan reserve.
- *Compensation Committee Oversight.* The Plan will be administered by Agilent's Compensation Committee as the Administrator, which is comprised solely of non-employee, independent directors.
- *No Annual "Evergreen" Provision.* The Plan provides for a specific number of shares of Agilent common stock available for awards and does not contain an annual or automatic increase in the number of available shares.
- *Performance-Based Compensation.* The Plan is structured to permit awards that satisfy the performance-based compensation requirements of section 162(m) of the Code so as to enhance deductibility of compensation provided under the Plan.

Administration of the Plan

The Plan may be administered by the Board or any of its committees ("Administrator") and, it is currently the intent of the Board that the Plan be administered by the Compensation Committee, which committee satisfies the requirements of Section 162(m) regarding a committee of two or more "outside directors", as well as a committee of "non-employee directors" for purposes of Rule 16b-3. The Administrator has the power in its discretion to grant awards under the Plan, to determine the terms of such awards, to interpret the provisions of the Plan and to take action as it deems necessary or advisable for the administration of the Plan. In accordance with the terms of the Plan, the Plan may be administered by different committees with respect to different groups of participants in the Plan.

Number of Authorized Shares

The total number of shares authorized and available for issuance under the Plan is 25,000,000, plus any shares subject to awards previously granted under the 1999 Plan for which such awards are forfeited, expired or become unexercisable without having been exercised in full. Using the Agilent stock price on December 31, 2008, it is anticipated that this share reserve would be sufficient to cover all Company stock awards through fiscal 2012. Shares granted as options or SARs will be counted against this limit as one share for every one share granted. Shares granted as awards other than options or SARs will be counted against this limit as two shares for every one share granted. The maximum number of options or SARs under the Plan that may be granted in any one fiscal year to an individual participant may not exceed 1,500,000 shares. Notwithstanding the foregoing, in connection with a participant's initial service, such participant may be granted awards for up to an additional 1,000,000 shares that will not count against this limit. Shares issued under the Plan may be currently authorized but unissued shares, or shares currently held or subsequently acquired by the Company as treasury shares, including shares

purchased in the open market or in private transactions. On January 13, 2009, the per share closing price of Agilent's common stock as reported on the NYSE was \$19.06.

In the event of certain changes in the capitalization of the Company the Administrator will adjust the number and class of shares available for issuance under the Plan and to prevent dilution or enlargement of rights. Except as described below, shares subject to an award under the Plan or under the 1999 Plan that are terminated, expire unexercised, or are forfeited, or repurchased by the Company at their original purchase price shall be available for subsequent awards under the Plan. Any shares that again become available for issuance under the Plan will be added back on a one to one basis for shares subject to options or SARs (as defined below in “Types of Awards under the Plan”), or on a two to one basis for awards other than options or SARs.

Awards granted in assumption of, or in substitution for, awards previously granted by a company acquired by, or merged into, the Company or a Subsidiary (“Substitute Awards”) will not reduce the shares authorized for issuance under the Plan or authorized for grant to a participant in any calendar year. Further, shares available for grant under stock plans assumed by the Company in an acquisition may be added to the available share reserve under the Plan.

Payments of the exercise price or applicable taxes made by delivery of shares to, or withholding of shares by, the Company in satisfaction of a participant's obligations, or shares repurchased on the open market with the proceeds of an option exercise price, will not result in additional shares becoming available for subsequent awards under the Plan.

Eligibility and Participation

Eligibility to participate in the Plan is limited to employees (including officers), directors and consultants of Agilent, its affiliates or subsidiaries, as determined by the Administrator. Participation in the Plan is at the discretion of the Administrator. As of November 1, 2008, there were approximately 19,600 eligible employees.

Types of Awards under the Plan

The Plan authorizes the Administrator to grant awards, individually or collectively, to participants in any of the following forms, subject to such terms, conditions, and provisions as the Administrator may determine to be necessary or desirable:

- incentive stock options (“ISOs”);
- nonstatutory stock options (“NSOs”);
- stock appreciation rights;
- restricted stock;
- restricted stock units (“RSUs”);
- performance shares and performance units with performance-based conditions to vesting or exercisability; and
- cash awards.

Options and SARs

Stock options entitle the option holder to purchase shares at a price established by the Administrator. Options may be either ISOs or NSOs, provided that only employees may be granted ISOs. SARs entitle the SAR holder to receive cash equal to the positive difference (if any) between the fair market value of shares on the trading date and the exercise price. The Company currently awards only NSOs to its executives, employees and nonemployee directors. In fiscal year 2008, approximately 90 employees were classified as executives and there were eight nonemployee directors. The Company does not currently have a practice of awarding ISOs or SARs.

Exercise Price

The Administrator will determine the exercise price of an option and a SAR at the date of grant, which price, except in the case of Substitute Awards, may not be less than 100% of the fair market value of the underlying shares on the date of grant. The Plan prohibits any repricing, replacement, regrant or modification of stock options or SARs that would reduce the exercise price of the stock options or SARs without stockholder approval, other than in connection with a change in the Company's capitalization or Substitute Awards.

Vesting/Expiration of Options

The Administrator may determine the terms under which options and SARs will vest and become exercisable. The Company's current practice is to vest options at 25% per year over 4 years, with a 10-year option term, except where different vesting or option terms are required or are advisable under local law.

Special Limitations on ISOs

If options were to be granted as ISOs, these options would be subject to certain additional restrictions imposed on ISOs by the Code including, but not limited to, restrictions on the post-termination exercise period of such options, the status of the individual receiving the grant and the number of options that could become exercisable for the first time by a participant in a given calendar year. In addition, to receive the favorable tax treatment afforded ISOs described below, these options would be required to comply with certain post-termination exercise periods. Furthermore, if shares acquired upon exercise of an ISO are disposed of by a participant prior to the expiration of two years from the date of grant or one year from the date of exercise, or otherwise in a "disqualifying disposition" under the Code, the participant would have federal income tax consequences as described under "—U.S. Federal Income Tax Consequences".

Exercise of Options

An option holder may exercise his or her option by giving written notice to the Company or a duly authorized agent of the Company stating the number of shares for which the option is being exercised and tendering payment for such shares. The Administrator may, in its discretion, accept cash, check or wire transfer, previously acquired shares (valued at their fair market value on the date of exercise) and consideration under a cashless exercise program, or a combination thereof as payment.

Surrender or Exchange of SARs

Upon surrender of a SAR, a participant will be entitled to receive cash, shares or a combination thereof, as specified in the award agreement, having an aggregate fair market value equal to the excess of (i) the fair market value of one share as of the date on which the nontandem SAR is exercised over (ii) the base price of the shares covered by the nontandem SAR, multiplied by the number of shares covered by the SAR, or the portion thereof being exercised.

Termination of Options and SARs

In the event that a participant's service with the Company or its subsidiaries terminates prior to the expiration of an option or SAR, the Participant's right to exercise vested options or SARs shall be governed by the terms of the applicable award agreement approved by the Administrator at the time of grant.

Stock Awards and Performance Shares

Stock awards, including restricted stock, RSUs, performance shares and performance units, may be issued either alone, in addition to, or in tandem with other awards granted under the Plan. Stock awards may be denominated in shares or units payable in shares (*e.g.* RSUs), and may be settled in cash, shares, or a combination of cash and shares. Restricted stock granted to participants may not be sold, transferred, pledged or otherwise encumbered or disposed of during the restricted period established by the Administrator. The Administrator may also impose additional restrictions on a participant's right to dispose of or to encumber restricted stock, including the satisfaction of performance objectives.

The Company currently grants RSUs to certain employees who are not executives of the Company. Grants are typically made once a year and vest 25% per year over 4 years unless different vesting is required or advisable under local law. The Company currently grants performance-based RSUs annually to its executives pursuant to the Long Term Performance Program ("LTP" or the "LTP Program"). LTP awards are generally designed to meet the criteria of a performance award with the performance metrics and peer group comparison set at the beginning of the performance period and are not thereafter modified. LTP awards are paid out based upon a 3-year performance period and only if the established performance criteria have been met, as determined by the Administrator. The Company also makes New Executive Stock Awards to newly hired or promoted executives, which are RSUs that mirror the LTP performance criteria for a 3-year performance period that is already in progress when an executive is first hired or is first promoted to an executive position.

In addition, the Company grants RSUs to nonemployee directors (referred to in the Plan as "Deferred Shares") which are subject to payment and deferral rules intended to comply with Section 409A of the Code.

Termination of Stock Awards

In the event that a participant's service with the Company or its subsidiaries terminates prior to the vesting of a stock award, that award will be forfeited unless the terms of the award, as approved by the Administrator at the time of grant, provide for accelerated vesting.

Cash Incentive Awards

The Administrator may grant "cash incentive awards" under the Plan, which is the grant of a right to receive a payment of cash (or in the discretion of the Administrator, shares of common stock having value equivalent to the cash otherwise payable) that are contingent on achievement of performance objectives over a specified period established by the Administrator. The grant of cash incentive awards may also be subject to such other conditions, restrictions and contingencies, as determined by the Administrator, including provisions relating to deferred payment.

Qualifying Performance-Based Compensation

The Administrator may specify that the grant, retention, vesting, or issuance of any award, (whether in the form of a stock option, SAR, restricted stock, RSU or a performance award) or the amount to be paid out under any award, be subject to or based on performance objectives or other standards of financial performance and/or personal performance evaluations, whether or not established and administered in accordance with the requirements of Section 162(m) of the Code for awards intended to qualify as “performance-based compensation” thereunder. The number of shares issued or the amount paid under an award may, to the extent specified in the award agreement, be reduced by the Administrator on the basis of such further considerations as the Administrator in its sole discretion shall determine.

Establishment of Performance Goals

At the beginning of each performance period the Administrator will establish performance goals applicable to the performance awards. To the extent that performance conditions under the Plan are applied to awards intended to qualify as performance-based compensation under Code Section 162(m), such performance goals will be objectively measurable and will be based upon the achievement of a specified percentage or level in one or more criteria of the following criteria and any objectively verifiable adjustment(s) thereto permitted and preestablished by the Administrator in accordance with Code Section 162(m), as determined by the Administrator in its sole discretion: sales revenue; gross margin; operating margin; return on equity; operating income; pre-tax profit; earnings before interest, taxes and depreciation and amortization; net income; expenses; the market price of the shares; earnings per share; return on stockholder equity; return on capital; return on net assets; economic value added; market share; customer service; customer satisfaction; safety; total stockholder return; free cash flow; size-adjusted growth in earnings; individual performance; other criteria or any combination of the above criteria.

The performance goals may be based on one or more business criteria, one or more business units or divisions of the Company, its subsidiaries or affiliates, or the Company as a whole, and if so desired by the Administrator, by comparison with a peer group of companies. Performance awards granted under the Plan may contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Administrator may determine, provided that, if the performance awards are intended to qualify as performance-based compensation under Code Section 162(m), such additional terms and conditions are also not inconsistent with Section 162(m) of the Code.

Limited Transferability of Awards

The Administrator retains the authority and discretion to permit an award (other than an ISO) to be transferable as long as such transfers are made by a participant to the participant’s immediate family or trusts established solely for the benefit of one or more members of the participant’s immediate family. Awards may otherwise not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by the beneficiary designation, will or by the laws of descent or distribution and may be exercised, during the lifetime of the participant, only by the participant.

Tax Withholding

The Administrator may require payment, or withhold payments made by the Plan, to satisfy applicable withholding tax requirements.

Change in Control

Unless otherwise determined by the Administrator and set forth in the applicable award agreement, in the event of certain transactions described in the Plan constituting a change in control or the sale of substantially all of the assets of the Company for which a participant is performing services, all awards will fully vest immediately prior to the closing of the transaction. The foregoing shall not apply where such awards are assumed, converted or replaced in full by the successor corporation or a parent or subsidiary of the successor; provided, however, that in the event of a change of control in which one or more of the successor or a parent or subsidiary of the successor has issued publicly traded equity securities, the assumption, conversion, replacement or continuation shall be made by an entity with publicly traded securities and shall provide that the holders of such assumed, converted, replaced or continued stock options and SARs shall be able to acquire such publicly traded securities.

In the event of the dissolution or liquidation of the Company, the Administrator in its sole discretion may provide for an option or SAR to be fully vested and exercisable until ten days prior to such transaction, or such shorter reasonable period of time as the Administrator may establish in its discretion. In addition, the Administrator may provide that any restrictions on any award shall lapse prior to the transaction, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, an award will terminate immediately prior to the consummation of such proposed transaction.

Termination and Amendment of the Plan

The Board may amend, suspend or terminate the Plan or the Administrator's authority to grant awards under the Plan without the consent of stockholders or participants; provided, however, that any amendment to the Plan will be submitted to the Company's stockholders for approval if such stockholder approval is required by any federal or state law or regulation or the rules of any stock exchange or automated quotation system on which the shares may then be listed or quoted and the Board may otherwise, in its sole discretion, determine to submit other amendments to the Plan to stockholders for approval. Except in the event of certain changes in the capitalization of the Company, the total number of shares authorized and available for issuance under the Plan may not be increased by the Company without stockholder approval. Any such amendment, suspension, or termination may not materially and adversely affect the rights of a participant under any award previously granted without such participant's consent.

It is the intention of the Company that, to the extent that any provisions of the Plan or any awards granted under the Plan are subject to Section 409A of the Code (relating to nonqualified deferred compensation), the Plan and the awards comply with requirements of Section 409A of the Code. Further, it is the intention of the Company that the Plan and awards granted under it that are subject to Section 409A of the Code will be interpreted and administered in good faith in accordance with such requirements and that the Administrator will have the authority to amend any outstanding awards to conform to the requirements of Section 409A.

Term of Plan

Unless earlier terminated by the Board, the Plan will terminate ten years after its approval by the stockholders of the Company.

U.S. Federal Income Tax Consequences

Stock options. There will be no federal income tax consequences to a participant or the Company upon the grant of either an ISO or an NSO under the Plan. Upon exercise of an NSO,

the option holder generally will recognize ordinary income in an amount equal to: (i) the fair market value, on the date of exercise, of the acquired shares, less (ii) the exercise price of the NSO. Provided the Company satisfies applicable reporting requirements, it will be entitled to a tax deduction in the same amount.

Upon the exercise of an ISO, an option holder generally recognizes no immediate ordinary taxable income. Provided that certain holding periods are met, income recognition is deferred until the option holder sells the shares. If the ISO is exercised no later than three months after the termination of the option holder's employment, and the option holder does not dispose of the shares so acquired within two years from the date the ISO was granted and within one year after the exercise of the ISO, the gain on the sale will be treated as long-term capital gain. Certain of these employment requirements are liberalized in the event of an option holder's death or disability while employed by the Company.

Generally, the Company will not be entitled to any tax deduction for the grant or exercise of an ISO. If, however, the shares are not held for the full term of the holding period outlined above, the gain on the sale of such shares, being the lesser of: (i) the fair market value of the shares on the date of exercise minus the option price, or (ii) the amount realized on disposition minus the exercise price, will be taxed to the participant as ordinary income, and provided the Company satisfies applicable reporting requirements, the Company will be entitled to a deduction in the same amount. The excess of the fair market value of the shares acquired upon exercise of an ISO over the exercise price therefor constitutes a tax preference item for purposes of computing the "alternative minimum tax" under the Code.

SARs. There will be no federal income tax consequences to either a participant or the Company upon the grant of a SAR. However, the participant generally will recognize ordinary income upon the exercise of a SAR in an amount equal to the aggregate amount of cash and the fair market value of the shares received upon exercise. Provided the Company satisfies applicable reporting requirements, the Company will be entitled to a deduction equal to the amount included in the participant's income.

RSUs & Restricted Stock. Except as otherwise provided below, there will be no federal income tax consequences to either a participant or the Company upon the grant of restricted stock or an RSU. When an RSU is settled, the participant will recognize ordinary income in an amount equal to the fair market value of the shares received or, if the RSU is paid in cash, the amount payable. With respect to restricted stock, the participant will recognize ordinary income in an amount equal to the excess, if any that the participant paid for the shares over the fair market value of the shares on the earlier of (i) the date of vesting; and (ii) the date the shares become transferable. Subject to Section 162(m) of the Code, and the Company satisfies applicable reporting requirements, the Company will be entitled to a corresponding deduction. Notwithstanding the above, a recipient of a restricted stock grant may make an election under Section 83(b) of the Code, within thirty days after the date of the grant, to recognize ordinary income as of the date of grant and the Company will be entitled to a corresponding deduction at that time.

Performance Awards. There will be no federal income tax consequences to a participant or the Company upon the grant of qualifying performance-based compensation awards. Participants will generally recognize taxable income upon the payment of an award, and subject to Section 162(m) of the Code, the Company generally will be entitled to a deduction equal to the amount includible in the participant's income.

Golden Parachute Payments. Awards that are granted, accelerated or enhanced upon the occurrence of, or in anticipation of, a change in control may give rise, in whole or in part, to

“excess parachute payments” under Section 280G and Section 4999 of the Code. Under these provisions, the participant would be subject to a 20% excise tax on, and the Company would be denied a deduction with respect to, any “excess parachute payments.” As part of their new change of control agreements with us, we offer our officers gross ups related to this excise tax under Section 4999 of the Code. For more information, see “Compensation Discussion and Analysis” and “Termination and Change of Control Table” below.

Section 162(m) of the Code. Section 162(m) of the Code (“Section 162(m)”) generally provides that publicly held companies may not deduct compensation paid to certain of its top executive officers to the extent such compensation exceeds \$1 million per officer in any year. However, pursuant to regulations issued by the Treasury Department, certain limited exceptions to Section 162(m) apply with respect to “performance-based compensation,” that complies with conditions imposed by Section 162(m) rules and the material terms of such compensation are disclosed to and approved by stockholders (e.g., see “—Qualifying Performance-Based Compensation” above). Stock options, SARs and performance awards granted under the Plan and described above are intended to constitute qualified performance-based compensation eligible for such exceptions. The Administrator will, in general, seek to qualify compensation paid to the Company’s executive officers for deductibility under Section 162(m), although the Administrator believes it is appropriate to retain the flexibility to authorize payments of compensation that may not qualify for deductibility if, in the Administrator’s judgment, it is in the Company’s best interest to do so.

New Plan Benefits

As of the date of this proxy statement, no awards have been made under the Plan. The amount of awards to be made under the Plan is not presently determinable.

Equity Compensation Plan Information

The following table summarizes information about our equity compensation plans as of October 31, 2008. All outstanding awards relate to our common stock.

Plan Category	Number of Securities to be Issued upon Exercise of Outstanding Options, Warrants and Rights	Weighted-average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance under Equity Compensation Plans (Excluding Securities Reflected in Column (a))
	(a)	(b)	(c)
Equity compensation plans approved by security holders(1)(2)(3)	41,332,399	\$ 29	60,537,518
Equity compensation plans not approved by security holders	—	—	—
Total	41,332,399	\$ 29	60,537,518

(1) The number of securities remaining available for future issuance in column (c) includes 26,222,236 shares of common stock authorized and available for issuance under the Agilent Technologies, Inc. Employee Stock Purchase Plan (the “423(b) Plan”). The number of shares authorized for issuance under the 423(b) Plan is subject to an automatic annual increase of the lesser of one percent of the outstanding common stock of Agilent or an amount determined by the Compensation Committee of our Board of Directors. Under the terms of the 423(b) Plan, in no event shall the aggregate number of shares issued under the Plan exceed 75 million shares. The number of securities to be issued upon exercise of outstanding

options, warrants and rights in column (a) does not include shares of common stock issued to participants in consideration of the aggregate participant contributions under the 423(b) Plan totaling \$29.4 million as of October 31, 2008.

- (2) We issue securities under our equity compensation plans in forms other than options, warrants or rights. Under the 1999 Plan, we may issue Stock Awards, including but not limited to restricted stock, restricted stock units, and performance units, as defined in the 1999 Plan. Under the terms of the Stock Plan, no more than 10 percent of the total shares available for issuance under the Stock Plan will constitute restricted stock awards. Under the Director Plan we may issue Special Compensation, as that term is defined in Section 7 of the Director Plan.
- (3) We issue securities under our equity compensation plans in forms which do not require a payment by the recipient to us at the time of exercise or vesting, including restricted stock, restricted stock units and performance units. Accordingly, the weighted-average exercise price in column (b) does not take these awards into account.

COMMON STOCK OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information, as of December 19, 2008, concerning:

- each person or group known by Agilent, based on filings pursuant to Section 13(d) or (g) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), to own beneficially more than 5% of the outstanding shares of our common stock as of the Record Date;
- the beneficial ownership of Agilent’s common stock by each director and each of the executive officers named in the Summary Compensation Table herein; and
- the beneficial ownership of Agilent’s common stock by all directors and executive officers as a group.

The number of shares beneficially owned by each entity, person, director or executive officer is determined under the rules of the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares as to which the individual has the sole or shared voting power or investment power and also any shares that the individual has the right to acquire as of February 17, 2009, 60 days after December 19, 2008, through the exercise of any stock option or other right. Unless otherwise indicated, each person has sole investment and voting power, or shares such powers with his or her spouse, with respect to the shares set forth in the following table.

Capital World Investors, a division of Capital Research and Management Company ("CRMC"), reported sole voting power as to 4,275,900 shares and sole dispositive power as to 22,961,700 shares and that it is deemed to be the beneficial owner of 22,961,700 shares as a result of CRMC acting as investment advisor to various investment companies registered under Section 8 of the Investment Company Act of 1940.
- (17) Includes 923,859 direct and indirect shares, and 4,012,498 vested options for a total of 4,936,357 shares held by executive officers not separately listed in this table.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, requires Agilent's directors, executive officers and holders of more than 10% of Agilent common stock to file reports with the SEC regarding their ownership and changes in ownership of Agilent stock. Agilent believes that during the 2008 fiscal year, its executive officers, directors and holders of 10% or more of our common stock complied with all Section 16(a) filing requirements with the following exceptions. The Form 3 for Saleem Odeh timely filed with the SEC on November 21, 2007 inadvertently omitted 25 shares of Agilent common stock held in Mr. Odeh's 401(k) plan account. An amended Form 3 was filed on May 23, 2008 to correct this omission. The Form 3 for Nicolas Roelofs timely filed with the SEC on November 21, 2007 inadvertently omitted 15,846 shares of restricted stock and restricted stock units. Amended Forms 3 were filed on May 23, 2008 and September 19, 2008 to correct these omissions. In making these statements, Agilent has relied upon examination of copies of Forms 3, 4 and 5 provided to Agilent and the written representations of its directors and officers.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Compensation Committee is responsible for Agilent's compensation philosophy, as well as making determinations regarding all forms of compensation for our named executive officers. The "Executive Compensation" section of this Proxy Statement presents the detailed compensation arrangements for our named executive officers for fiscal year 2008. For the fiscal year ended October 31, 2008, our named executive officers and their titles were as follows:

- William P. Sullivan, President and Chief Executive Officer
- Adrian T. Dillon, Executive Vice President, Finance and Administration and Chief Financial Officer
- Ronald S. Nersesian, Vice President and General Manager of the Wireless Business Unit of the Electronic Measurement Group
- Jean Halloran, Senior Vice President, Human Resources
- D. Craig Nordlund, Senior Vice President, General Counsel and Secretary

Fiscal year 2008 was a successful year for Agilent as a company, with revenues of \$5.8 billion, up 7% compared to fiscal year 2007.

Compensation Philosophy

The objectives of our executive compensation program are to:

- align pay with performance;
- keep overall compensation competitive with our peer group and the larger business market where applicable, and
- ensure that we can recruit, motivate and retain executives in the larger marketplace.

Executive compensation at Agilent is comprised of four basic elements.

Base Salary. Base salaries have historically accounted for 50% or less of total compensation for our executives. This element is intended to establish the minimum or base-line competitive compensation level that sits beneath the incentive compensation components.

Discretionary Bonus. The Compensation Committee may award discretionary bonuses in order to recognize outstanding individual performance or assist in the retention of key talent. No such awards were made in fiscal 2008.

Short-Term Cash Incentives. We use short-term cash performance incentives using both revenue growth and Return On Invested Capital ("ROIC") metrics to determine the short-term bonus payout. ROIC is a non-GAAP measure and defined as:

(Income (loss) from operations—other (income) expense and taxes, annualized) / (Average of the 2 most recent quarter-end balances of assets—average of the 2 most recent quarter-end net current liabilities, revenue and operating profit at an enterprise-wide level for Agilent).

Long-Term Incentives. Long-term performance incentives are a combination of (1) regular stock options and (2) equity awards based on total shareholder return of Agilent vs. peer companies over a three-year period. This long-term incentive component has both a medium-term incentive with the three-year performance-based stock awards under our Long-term Performance

Program (the “LTP Program”) as well as a longer-term incentive in the form of time-based stock option awards, which vest annually over a 4-year period and have a 10-year exercise term. For a technology company such as Agilent, we feel that a compensation perspective spanning a range of short-term to very long-term helps in retaining key executives. Our executive compensation program provides this range while also adding the security of competitive base salary and a good benefits package.

Our target total rewards package for each named executive officer will vary based on (i) company performance measured against external metrics that correlate to long-term stockholder value, (ii) performance of the business organizations against specific targets, and (iii) individual performance measured against internal metrics. These performance measures form the basis of the Compensation Committee’s decisions regarding each of our four principal elements of pay: base salary, discretionary bonuses, short-term incentive compensation and long-term incentive compensation, each of which is discussed in detail below.

Setting Objectives and Measuring Performance: Internal Metrics

Each fiscal year, management engages in a planning process to establish internal performance measures, metrics and targets for the fiscal year consisting of (i) company performance, (ii) business unit level performance and (iii) individual performance. Company goals and metrics include revenue and profitability targets for the fiscal year. Business unit level performance goals and metrics are set by our CEO and include expense levels, ROIC and revenue growth and individual performance goals and metrics for Business Unit Vice Presidents include customer survey results as well as employee feedback on the company’s leadership surveys. The CEO uses these goals, metrics and targets to evaluate the performance of each of the named executive officers, other than himself. Once company targets have been reviewed and approved by our full Board, they become the basis for the Compensation Committee’s evaluation of executive performance and setting compensation levels for the then-current fiscal year based on that performance.

Agilent uses an internal relative ranking system to evaluate the performance of all employees, including our named executive officers. Executive officers are ranked by the CEO based on three main components: delivering results, setting strategic direction and building organizational capability.

Metrics used to assess individual performance are set at the enterprise level by the Compensation Committee for Mr. Sullivan, Mr. Dillon, Mr. Nordlund and Ms. Halloran. Each of the Business Unit and Sales Vice Presidents, including Mr. Nersesian, are measured against their respective business level metrics.

The measures used at both the enterprise level and business unit level include:

- Core measures: ROIC and revenue;
- Diagnostic measures: orders, operating expenses, gross margin, operating margin, working capital (including inventory days and collections), headcount and total stockholder return;
- Customer loyalty measures: Agilent customer loyalty index and customer satisfaction data;
- Growth measures: Growth of business year-over-year by quarter, revenue added by merger and acquisition activity, as well as new product revenue and market share; and
- Leadership measures: Scores on an employee survey index.

Setting Objectives and Measuring Performance: External Benchmarking

At the beginning of each year, our Senior Vice President, Human Resources meets with the Compensation Committee's independent compensation consultant, currently Fredrick W. Cook & Co., Inc. ("F.W. Cook"). After discussion with our Senior Vice President, Human Resources, F.W. Cook recommends to the Compensation Committee a peer group of publicly traded high technology and measurement companies to use for benchmarking Agilent executives' compensation. For fiscal 2008, the Compensation Committee has chosen companies from the Standard & Poor's Index that we compete against in the marketplace and for executive talent. In selected industries, we recruit from a wider industry pool than just our competitors, and adjust compensation accordingly when required. The decision to use an external index was made beginning in 2006 in order to ensure that the comparator group of companies was defined by an independent externally managed source. In fiscal year 2008, the peer group consisted of 60 companies, including all companies in the S&P Information Technology Sector (other than those in the Software and Services Groups), the S&P Healthcare Equipment Group, and the S&P 500 Health Care Sector—Life Sciences Tools and Services Group, listed below. The companies in the S&P 500 Health Care Index Life Sciences Tools and Services Sector were added for fiscal year 2008 due to the creation of this new category in the S&P 500 Health Care Index and also because it contains some of Agilent's direct competitors. The S&P 500 constituent list is maintained by the S&P Index Committee, a team of Standard & Poor's economists and index analysts, who meet on a regular basis to evaluate additions and/or deletions to the list of companies in our selected peer group, based on Standard & Poor's published guidelines which are available on the website www.indices.standardandpoors.com. The change in the number of companies in our peer group is due to the fact that some companies within the index failed to meet one or more of Standard & Poor's criteria for index inclusion and as a result, were excluded from the S&P 500 list. Agilent uses the compensation information reported in the public filings of these companies to make our comparisons and adjusts the data to reflect the age of the reported information.

We also use a compensation survey of executive total compensation prepared by the Radford Survey + Consulting, a unit of Aon Consulting, which provides compensation market intelligence to the technology and life sciences industries. The Radford survey is a total compensation survey that includes total direct compensation, including base salary, annual short-term incentive compensation and long-term incentive compensation and is widely used and known within the high technology industry. Over 60% of the companies in our peer group are included in the Radford survey. For the General Counsel and Senior Vice President, Human Resources positions, the Radford survey data is used by our independent compensation consultant for benchmarking those positions for which there is very little public comparator data available.

The Compensation Committee Process and the Role of Management

To determine total compensation for the upcoming fiscal year, the Compensation Committee uses the performance ranking for the individual executive, reviews the peer group data from the Compensation Committee's independent consultant, and analyzes these measures against our business and strategic goals for the coming fiscal year. F.W. Cook makes recommendations that provide insight to market practices for the Committee's actions, but it does not make any specific compensation recommendations. The Compensation Committee determines the form and amount of compensation for all executive officers. For fiscal year 2008, F.W. Cook advised the Committee on a spectrum of matters, including but not limited to:

- Criteria used to identify peer companies for executive compensation and performance metrics;
- Evaluation of Agilent's total rewards program for the named executive officers and 7 other senior officers against similar positions at companies within our peer group and our business objectives;
- Design changes to the short- and long-term incentive compensation plans for future years;
- Competitiveness of Agilent's non-employee director compensation; and
- Various other proposals presented to the Compensation Committee by management.

For fiscal year 2008, the process for determining compensation also included a comprehensive review of detailed tally sheets for the CEO and other named executive officers. Tally sheets used for 2008 included all elements of executive compensation listed in the section under "Compensation Paid for Fiscal Year 2008".

The CEO and the Senior Vice President, Human Resources consider the responsibilities, performance and capabilities of each of the named executive officers and what compensation package they believe will incent each to achieve the targeted results for Agilent. The analysis used is a combination of the market data based on our comparator group and the survey data mentioned above, performance against the targets, and overall performance assessment (resulting in a rank). The elements are used to determine if an increase is warranted and the amount and type of any increase for each of the total compensation components for the then-current fiscal year. After consulting with the Senior Vice President, Human Resources, the CEO makes compensation recommendations, other than for his own compensation, to the Compensation Committee at the first Compensation Committee meeting of the fiscal year. The Senior Vice President, Human Resources does not provide input on setting her own compensation.

The Compensation Committee's process is also aided by an independent compensation consultant, currently F.W. Cook & Co., Inc., selected and retained by the Compensation Committee. The role of the independent compensation consultant is to measure and benchmark

our executive officer compensation against certain peer group companies (described above) with respect to total compensation levels for positions comparable to our named executive officers and certain other positions. The independent compensation consultant recommends the appropriate range for base pay, discretionary bonuses, short-term incentive targets, and long-term incentive targets of the total compensation package. This information is reviewed and discussed at a Compensation Committee meeting. The consultant's information for compensation levels for the coming fiscal year is used by the Compensation Committee to establish salary, discretionary bonus, any short-term incentive, long-term incentive and stock awards for our CEO, CFO and each of the other named executive officers.

The Compensation Committee is responsible for determining the final compensation package for each named executive officer. However, in making its decision, the Compensation Committee considers the recommendations of management, its independent compensation consultant and our full Board (except the input of the CEO for his own compensation).

CEO Compensation

Agilent's Senior Vice President, Human Resources works directly with the Compensation Committee Chair to provide the data and framework and to answer questions related to the CEO's total compensation. The CEO is not involved in the process to set his compensation. The Compensation Committee establishes the CEO's compensation based on a thorough review of the CEO's performance that includes: (i) an objective assessment against agreed-to metrics set by the Compensation Committee; (ii) a self-evaluation by the CEO that the Compensation Committee discusses with the independent directors; and (iii) a qualitative evaluation of the CEO's performance that is developed by the independent directors, including each member of the Compensation Committee, in executive session. The CEO's total direct compensation package is reviewed annually by the Compensation Committee, which then presents its recommendation to the other independent directors. The Compensation Committee then makes the final determinations on compensation for the CEO.

Compensation Paid for Fiscal Year 2008

In addition to our four principal pay elements (base salary, discretionary bonuses, short-term incentive compensation and long-term incentive compensation), executive compensation at Agilent consists of the following components:

- Benefits
 - Health and welfare
 - Disability insurance
 - Life insurance
 - Financial counseling
 - Executive physical medical examination
- Non-qualified deferred compensation
- Pension plans
- Change of control agreements

For compensation paid to the named executive officers in fiscal year 2008, we targeted the 50th to the 75th percentile of peer group companies based on a recommendation from F.W. Cook

for total compensation, as well as for each of the elements of compensation. The Compensation Committee chose this range in order to attract, retain and motivate our executives. With this pay positioning, the Compensation Committee believes the company will achieve above 50th percentile business performance against the comparator group.

Our named executive officers' total compensation for fiscal year 2008 varied from 101% to 145% of target benchmark data for each position, measured from the 50th percentile, which means that the Compensation Committee looked at the benchmark data at the 50th percentile, measured each named executive officer's compensation against that data and set compensation levels for each named executive officer above or at the 50th percentile based on that named executive officer's overall performance ranking for fiscal year 2008.

Our CEO's total compensation is approximately two times the total compensation of our CFO. Our Compensation Committee believes that based on market data, the CEO merits a larger total compensation package as a result of his significant additional responsibilities. The CEO's base salary in fiscal year 2008 was within our target of the 50th to the 75th percentile of the benchmark data of other CEOs in our comparator group of companies.

For the CFO, the Compensation Committee considered peer group data for both the CFO and the COO positions when setting the total compensation for Mr. Dillon, in recognition of his additional job responsibilities that are more operational in nature and broader in scope than those of the average CFO. For fiscal year 2008, the CFO's total compensation was above the CFO benchmark data at both the 50th and 75th percentiles but below the 75th percentile of the COO benchmark data.

Our executives' total compensation packages reflect Agilent's philosophy of aligning pay with performance and rewarding top talent. Accordingly, approximately 89% of our CEO's total direct compensation and 78% of our named executive officers' total direct compensation (non-equity incentive plan payouts, stock awards and option awards) is "at-risk"—which means that our executives' compensation varies year on year depending on Agilent's revenue, return on invested capital, and stock price performance against our peers. Long-term incentive awards, which for fiscal year 2008 consisted primarily of stock options and performance-based stock awards, represent the largest element of pay for senior executives in order to encourage creation of lasting value for our stockholders by directly tying executive compensation to our success and our stockholders' interests.

Base Salary

Our salaries reflect the responsibilities of each named executive officer, the competitive market for comparable professionals in our industry, and are set to create an incentive for executives to remain with Agilent. Salaries as well as our benefits packages are the components of

our named executive officers' compensation packages that are fixed and do not vary with company performance. Base salaries of our named executive officers are set by considering the benchmark market data described above as well as the performance of the named executive officers.

Short-Term Cash Incentives

The Agilent Technologies, Inc. Performance-Based Compensation Plan for Covered Employees ("Performance-Based Compensation Plan") applies to our named executive officers and provides the opportunity for cash awards every six months linked to specific business financial targets. Agilent has two major lines of business, the Electronic Measurement Group ("EMG") and the Life Sciences and Chemical Analysis Group ("LSCA"). The business and financial targets for each fiscal year half are set by the Compensation Committee at the beginning of each fiscal half, based on recommendations from management. After the Compensation Committee approves the calculations of performance against metrics for the fiscal year half, payouts, if any, are made in cash. Metrics and goals cannot be changed after they have been approved by the Compensation Committee. The Performance-Based Compensation Plan reflects our pay-for-performance philosophy and directly ties short-term incentives to short-term business performance.

For fiscal year 2008, the Performance-Based Compensation Plan targets were based on ROIC goals and revenue goals. ROIC was chosen as a metric because the Compensation Committee believes it measures how efficiently and effectively management deploys capital. We believe that sustained ROIC levels greater than our cost of capital create wealth for our stockholders. Revenue was chosen because it places focus on our continued growth. To determine the payout, we use payout matrices for eligible individuals at the Agilent, or business unit level. The payout matrices link the two metrics (ROIC and Revenue) and contain all payout possibilities from threshold to the maximum of both the metrics. Bonuses were not paid unless the ROIC threshold was achieved. The Compensation Committee determined the goals and metrics based upon recommendations from the CEO and Senior Vice President, Human Resources. The target metrics set for our short-term incentives and their corresponding results were as follows:

	ROIC (%)						Revenue (\$)					
	First Half FY08			Second Half FY08			First Half FY08			Second Half FY08		
	Target	Results	Achievement	Target	Results	Achievement	Target	Results	Achievement	Target	Results	Achievement
Agilent	25%	26%	Above Target	30%	30%	On Target	\$2,823M	\$2,849M	Above Target	\$3,080M	\$2,925M	Below Target
EMG	24%	24%	On Target	32%	30%	Below Target	\$1,730M	\$1,736M	Above Target	\$1,854M	\$1,740M	Below Target
LSCA	28%	28%	On Target	30%	29%	Below Target	\$1,093M	\$1,099M	Above Target	\$1,226M	\$1,179M	Below Target

Our Compensation Committee set the monetary value of the fiscal year 2008 short-term incentive targets as a percent of base salary for each named executive officer. The Compensation Committee also considered the relative responsibility of each named executive officer. These levels of short-term incentives are designed to motivate the officers to achieve the business goals, to offer competitive compensation and to retain these individuals. Each named executive officer's

short-term incentive target for fiscal year 2008 was set between 70% and 125% of base salary (depending on his or her position), as follows:

Fiscal Year 2008 Short-Term Incentive Payout Table*

<u>Name</u>	<u>First Half FY08</u>		<u>Second Half FY08</u>	
	<u>Target Award</u>	<u>Actual Award</u>	<u>Target Award</u>	<u>Actual Award</u>
William P. Sullivan	125%	138.75%	125%	125%
Adrian T. Dillon	85%	94.35%	85%	85%
Ronald S. Nersesian	70%	75.78%	70%	44%
Jean Halloran	70%	77.70%	70%	70%
D. Craig Nordlund	70%	77.70%	70%	70%

* The percentages set forth in this chart for each fiscal year half should be divided by two to reflect the target and actual awards for such fiscal year half.

These targets were established with reference to the 50th to 75th percentile of comparable positions at companies in our peer group, as discussed above. Considering both short-term incentive and base salary together, the Compensation Committee confirmed that the total cash awards (the sum of both base salary and short-term incentive) were also targeted with reference to the same competitive positioning.

Because Agilent as a whole met the ROIC targets in both halves of fiscal year 2008 and the revenue target in the first half of fiscal year 2008, the aggregate short-term incentive payouts for fiscal year 2008 were above 100% of the annual targets for Mr. Sullivan, Mr. Dillon, Ms. Halloran and Mr. Nordlund. Mr. Nersesian did not receive more than the annual short-term incentive target for the second half of 2008 as the EMG group failed to meet both the ROIC and revenue targets. The detailed payouts are provided in the “Non-Equity Incentive Plan Compensation” column in the “Summary Compensation Table”.

Long-Term Incentives

The Agilent long-term incentive program is designed to encourage creation of lasting value for our stockholders, retain qualified key employees, and build equity ownership among executives. By paying the awards in a combination of Agilent stock and stock options, the long-term rewards for executives are directly tied to our success in the creation and preservation of our stockholders’ interests and long-term shareholder value.

Setting Targets for Long-Term Incentives

We set a single long-term incentive target for each named executive officer each fiscal year, which is then delivered in two components: (i) a non-qualified stock option, and (ii) a potential stock award under our LTP Program. Shares for both awards are issued under the 1999 Stock Plan. The purpose of the option grants is to motivate executives to achieve business results, which in turn increase stockholder value. The LTP Program stock awards and stock options are intended to drive our key executives to envision and pursue longer-term strategies that will enhance our competitive position against our peer group over time. The target value of the long-term incentive award is determined at the beginning of the then-current fiscal year for each named executive officer position and is partially derived from the peer group data provided by the Compensation Committee’s independent compensation consultant and data from the Radford survey. The target value also reflects the Compensation Committee’s judgment on the relative role of each named

executive officer's position within Agilent, as well as the performance of each named executive officer.

For fiscal year 2008, the Compensation Committee approved long-term incentive value targets for each named executive officer, expressed as a monetary amount that approximated the estimate of the 50th to 75th percentile of long-term incentive awards for comparable executives at companies in our peer group. That monetary target was then converted into long-term incentive vehicles as follows:

- Approximately half the value of the long-term award was in the form of a non-qualified stock option, which was valued based upon the Black-Scholes value using a 20-day average closing price of our common stock. The exercise price of the option was the fair market value (defined under our Stock Plan as the closing price of our common stock) on the date of grant, with annual vesting over 4 years and other provisions that have the same terms as stock options granted to non-executive employees.
- The remaining value of the long-term award is a target stock award, delivered under the LTP Program, and determined by dividing the number of shares received under the non-qualified stock option (referenced above) by three. This methodology was adopted by our Compensation Committee in fiscal 2004 based on advice from our then compensation consultant, Mercer HR Consulting, and was ratified by our Compensation Committee, after consultation with F.W. Cook, as still valid when the target stock awards were set. The target stock award may be earned at the end of a three-year performance cycle if the established performance metrics are achieved, as further described below. The resulting final stock payout award may range from 0 to 200% of the originally set target and, if earned, is awarded in the form of unrestricted shares.
- Targeting approximately half of the long-term incentive value in stock options and half of the value in performance shares keeps focus on stockholder value creation and Agilent's performance relative to its peers. In addition, the market data of our peer group supports this approach of delivering about half of the long-term incentive value in a stock option and half in a performance-based stock award.

<u>Date of Award: Nov 19, 2007</u>	<u>Number & Type of Award</u>		<u>Total Target Value of Long Term-Incentive Awards (\$)</u>
<u>Name</u>	<u>Stock Options (#)</u>	<u>Performance Stock (#)</u>	
William P. Sullivan	231,092	77,031	\$5,500,000
Adrian T. Dillon	96,639	32,213	\$2,300,000
Ronald S. Nersesian	42,017	14,006	\$1,000,000
Jean Halloran	39,076	13,025	\$ 960,000
D. Craig Nordlund	33,613	11,204	\$ 900,000

The Compensation Committee has established rolling three-year performance periods for determining the stock awards under our LTP Program to focus executives on Agilent's relative stock performance as compared to our peers over each three-year cycle, using Agilent's Total Shareholder Return ("TSR") as our metric. As performance share grants are made each year and are subject to a three-year performance period, multiple performance share awards are outstanding simultaneously and payouts made in any particular fiscal year may not correspond with Agilent stock performance during the most recent fiscal year. The Compensation Committee also sets performance measures and objective business criteria metrics for achieving the target awards. The actual results are calculated at the end of the three-year performance period by the Compensation Committee's independent compensation consultant and are presented to the

Compensation Committee for review and certification of achievement of results. The Compensation Committee determines the final awards, if any.

Actual Long-Term Incentives Payout for Fiscal 2008

After considering market practice and consulting with its independent compensation consultant, the Compensation Committee determined the following relationship of TSR performance and the final stock payout for the performance period of fiscal year 2006 to 2008:

<u>Performance</u>	<u>Payout as a % of Target</u>
Below 25 th Percentile Rank (threshold)	0%
25 th Percentile Rank	25%
50 th Percentile Rank (target)	100%
75 th Percentile Rank and Above	200%

The threshold for receipt of any performance stock awards is based on market data from those peer companies with TSR as a performance metric. These performance stock awards are completely “at-risk” compensation because Agilent’s performance must be at or above the 25th percentile in order for the individuals to receive a payout. The performance stock will then pay out linearly between each set of data points between:

- The 25th percentile and the 50th percentile; and
- The 50th percentile and below the 75th percentile.

For purposes of these determinations, relative “TSR” reflects (i) the aggregate change in the 20-day average closing price of Agilent’s stock versus each of the companies in Agilent’s peer group, and (ii) the value (if any) returned to shareholders in the form of dividends or similar distributions, assumed to be reinvested on a pre-tax basis, each at the beginning and the end of the three-year performance period.

The individual long-term incentive award targets set at the beginning of fiscal year 2006 for the fiscal year 2006 through fiscal year 2008 performance period (“FY06-FY08”) were between 100% and 154% of the target benchmark data. The specific targets are listed in the “Fiscal Year 2006-2008 LTP Program Payout Table” below.

This Proxy Statement also reports the shares awarded for the FY06-FY08 performance period in the table “Option Exercises and Stock Vested at Fiscal Year-End” in the Performance Awards columns. The payout of these awards was made in November 2008 for the performance period concluded October 31, 2008 and represented a payout of 138% of the target awards.

The table below sets forth the targeted number of shares for the performance period FY06-FY08 and the share payout that resulted from achieving the 59.6th percentile for TSR as compared to companies in our peer group during the performance period:

Equity Grant Practices

The Compensation Committee generally makes grants of stock awards to our named executive officers at the first Compensation Committee meeting at the beginning of our fiscal year. Awards are neither timed to relate to the price of Agilent’s stock nor timed to coordinate with the release of material non-public information although awards are generally given when Agilent’s trading window is open. Awards to current employees are generally granted effective the date of the Compensation Committee meeting. Awards to new employees, including potential named executive officers, are typically made at the next regularly scheduled Compensation Committee meeting following the employee’s start date.

Benefits

The Agilent global benefits philosophy is to provide named executive officers with protection and security through health and welfare, retirement, disability insurance and life insurance programs. During fiscal year 2008, the CEO and other named executive officers were eligible to receive the same benefits that are generally available to other Agilent employees.

In addition to the company-wide benefits, Agilent’s named executive officers have company-paid financial counseling through a third party service to assist with their personal finances. This service is provided to help our named executive officers manage processes that can be sensitive and time consuming. Named executive officers are also provided an executive physical examination, for which we cover the costs that are not otherwise covered under the executive’s chosen health plan. We believe that the executive physical is a prudent measure to help ensure the health of our executives. Both the financial counseling and the executive physicals are benefits provided by our comparator companies and are available at a low, group cost to Agilent.

Other than the financial counseling and the executive physicals (which are available for all of our executives, not only our named executive officers) mentioned above, there are no special perquisites for our named executive officers except for the occasional use by executive officers of company drivers to transport them and their family members to the airport for personal travel.

Deferred Compensation

Our named executive officers are eligible to voluntarily defer base salary, short-term incentives in the form of awards under the Performance-Based Compensation Plan and long-term incentives in the form of stock awards under the LTP Program. The deferrals are made through our 2005 Deferred Compensation Plan which allows executives and other eligible employees to defer taxation on their voluntary deferrals, in excess of Internal Revenue Code limits. This is a common benefit arrangement offered by our peer companies.

Deferral elections may be made annually and are part of overall tax planning for many executives. There are several investment options available under the Plan, which mirror the investment choices under our tax-qualified 401(k) Plan, with the exception of Agilent's common stock which is not available under the Plan. All investment choices are made by the participant. Based on market performance, dividends and interest are credited to participants' accounts from the funds that the participant has elected.

At the time participation is elected, employees must also elect payout in either of two forms, both of which can be delayed by an additional one, two or three years following termination):

1. a single lump sum payment; or
2. five to fifteen year annual installments.

Payouts are distributed to eligible participants in January of the year following termination, if termination occurs during the first six months of the calendar year. Otherwise, payouts are distributed to eligible participants in July of the year following termination where termination occurs during the second half of the calendar year. No early distributions or withdrawals are allowed. When and if received, a participant in the LTP Program may elect to defer his or her shares through our 2005 Deferred Compensation Plan. If that election is made, the LTP Program shares are deferred in the form of Agilent common stock only and do not earn additional returns. At the end of the deferral period, the LTP Program shares are simply released to the executive. Agilent has allowed its named executive officers to make a one-time change to deferral elections made after January 1, 2005 in fiscal year 2008 pursuant to the phase-in provisions of Section 409A of the Internal Revenue Code.

These benefits are set forth in the section entitled "Non-Qualified Deferred Compensation in Last Fiscal Year" below and the narrative descriptions accompanying this section.

Pension Plans

We provide a pension plan, the Agilent Technologies, Inc. Retirement Plan ("Retirement Plan"), to our named executive officers, as well as other Agilent employees, as a means for long-term retention and retirement benefits. The Retirement Plan is an important benefit provided by Agilent that is not generally available within the high-technology sector and differentiates Agilent from many of our peer companies. In addition, we provide the Agilent Technologies, Inc. Supplemental Benefit Retirement Plan (the "Supplemental Benefit Retirement Plan") to our named executive officers and other Agilent employees. The Supplemental Benefit Retirement Plan is an unfunded, non-qualified pension plan which pays amounts that would otherwise be due under the Retirement Plan, but which are limited under the tax-qualified Retirement Plan by Internal Revenue Code regulations.

Additionally, Agilent provides the Agilent Technologies, Inc. Deferred Profit-Sharing Plan (the "Deferred Profit-Sharing Plan") that provides certain amounts to our named executive officers

who provided services to our predecessor company, Hewlett-Packard Company (“Hewlett-Packard”), prior to November 1, 1993.

These benefits are set forth in the table entitled “Pension Benefits” below and the narrative descriptions accompanying this table.

Policy Regarding Compensation in Excess of \$1 Million a Year

Section 162(m) of the Code generally disallows a tax deduction for compensation in excess of \$1 million paid to our CEO and the three other most highly compensated named executive officers employed at the end of the year (other than our CFO). Certain compensation is specifically exempt from the deduction limit to the extent that it does not exceed \$1 million during any fiscal year or is “performance based” as defined in Section 162(m) of the Code. Our Compensation Committee considers the impact of Section 162(m) in setting and determining executive compensation because it is concerned with the net cost of executive compensation to Agilent (i.e., taking into account the tax treatment of the compensation), and its ability to effectively administer executive compensation in the long-term interests of stockholders. As a result, most of Agilent’s compensation programs are designed to qualify for deductibility under Section 162(m), including but not limited to, the Performance-Based Compensation Plan and LTP Program. The short-term cash incentive awards for fiscal year 2008 and the long-term incentive awards described above are determined under the Performance-Based Compensation Plan and the LTP Program, respectively, and are intended to comply with the exception for performance-based compensation under Section 162(m). These short-term cash performance awards are based on Agilent’s achievement of ROIC and revenue goals and long-term incentive performance awards are based on Agilent’s achievement of TSR goals, in each case established by the Compensation Committee at the beginning of the applicable performance period and the Compensation Committee cannot adjust the awards after they are granted. Of course, in order to maintain flexibility in rewarding individual performance and contributions, the Compensation Committee will not limit all the amounts paid under all of Agilent’s compensation programs to just those that qualify for tax deductibility.

Stock Ownership Guidelines

Our stock ownership guidelines are designed to encourage our named executive officers and other executive officers to achieve and maintain a significant equity stake in Agilent and more closely align his or her interests with those of our stockholders. The guidelines provide that the CEO, CFO and other executive officers should accumulate and hold, within five years from election to their executive officer positions, an investment level in Agilent’s stock equal to a specified multiple of their annual base salary. In addition, each named executive officer must directly own a certain level of shares of Agilent stock. The investment level as a multiple of annual base salary and direct ownership guidelines are set forth below:

<u>Level</u>	<u>Investment Level = Multiple of Annual Base Salary</u>	<u>Direct Ownership of Agilent Stock (# of Shares)</u>
CEO	5X	20,000
CFO	3X	15,000
All other executive officers	3X	10,000

An annual review is conducted to assess compliance with the guidelines. By the end of fiscal year 2008, all of our named executive officers had either met or were on track to reach their stock ownership guideline requirements within the applicable timeframe.

Termination and Change of Control

The Compensation Committee adopted change of control agreements in order to keep executive officers focused on the best interests of stockholders at a time that would otherwise cause lack of focus due to personal economic exposure and extreme turmoil for Agilent. They are designed to provide some measure of protection to the named executive officers so that they are not distracted by their personal, professional and financial situations at a time when Agilent needs them to remain focused on their responsibilities, Agilent's best interests and those of all its stockholders. Consistent with the practice of a substantial number of companies in our peer group, these agreements provide for a "double trigger" payout only in the event there is a change in control and the executive officer is either terminated from his or her position or moved into a position that represents a substantial change in responsibilities within a limited period of time after the transaction (i.e. these agreements do not become operative unless both events occur).

In 2008, the Committee entered into new Change of Control Agreements based on new Section 16 appointments and other individual changes in job levels and certain changes to the tax code required by Section 409A of the Code. Prior to entering into additional Change of Control Agreements, the Company conducted reviews of the agreements from a market standard perspective as well as a legal perspective. Based upon this review, the Company entered into revised Change of Control Agreements which:

- Eliminated the non-compete provision in all the Change of Control Agreements,
- Changed the salary continuation payout from 6-month installments to one lump-sum payout after a "double trigger" Termination Event; and
- Changed the benefits continuation to be in line with the salary continuation payout as a one-time lump-sum payout.

Potential payments to our named executive officers in the event of a change of control under our revised Change of Control Agreements are reported in the "Termination and Change of Control Table".

In addition, we have a Workforce Management Program in place that is applicable to all Agilent's employees, including the named executive officers. Although employment security is tied to competitive realities as well as individual results and performance, from time to time business circumstances will dictate the need for Agilent to reduce its workforce. The Workforce Management Program is intended to assist employees affected by restructuring by providing transition income in the form of severance benefits.

COMPENSATION COMMITTEE REPORT

Agilent's executive compensation program is administered by the Compensation Committee of the Board (the "Compensation Committee"). The Compensation Committee, which is composed entirely of independent, non-employee directors, is responsible for approving and reporting to the Board on all elements of compensation for the executive officers. In this regard, the Compensation Committee has reviewed and discussed the "Compensation Discussion and Analysis" section of this Proxy Statement with management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the "Compensation Discussion and Analysis" section be included in Agilent's 2008 Annual Report on Form 10-K and in this Proxy Statement.

EXECUTIVE COMPENSATION

Summary Compensation Table

The following table sets forth information regarding compensation and benefits earned by (i) our President and Chief Executive Officer, (ii) our Executive Vice President, Finance and Administration, and Chief Financial Officer, (iii) the three other mostly highly compensated executive officers of Agilent during fiscal year 2007 and 2008. However, fiscal year 2007 information for Mr. Nersesian is not provided because he was not a named executive officer of Agilent during fiscal year 2007.

- (1) None of the executive officers received any service awards or bonuses for fiscal year 2008.
- (2) Reflects the expense recognized for financial statement reporting purposes for fiscal year 2008 in accordance with Statement of Financial Accounting Standards No. 123 (revised 2004), "Share-Based Payment" (SFAS No. 123(R)) ("FAS 123(R)"). The assumptions used in calculating the expense include the following: fair value, volatility, risk free rate of return, expected term and dividend, which are provided in additional detail in the table below.
- (3) Amounts consist of expenses relating to multiple performance share awards that are outstanding simultaneously for each named executive officer under the LTP Program as described in "Compensation Discussion and Analysis—Long-Term Incentives."
- (4) Amounts consist of expenses relating to option awards granted under the 1999 Stock Plan granted at an exercise price equal to the closing price of Agilent common stock on the date of grant.
- (5) The expenses listed in these columns include expenses for stock awards and options awarded in accordance with the LTP Program, as shown in the table below.
- (6) Amounts consist of bonuses earned by the named executive officers during fiscal year 2008 under the Performance-Based Compensation Plan for Covered Employees.

- (7) Amounts represent the change in pension value for the following Agilent sponsored pension plans: Agilent Technologies, Inc. Deferred Profit-Sharing Plan, Agilent Technologies, Inc. Retirement Plan and Agilent Technologies, Inc. Supplemental Benefit Retirement Plan.
- (8) Amounts reflect (i) the maximum \$9,200 contributions allocated by Agilent to each of the named executive officers pursuant to the Agilent Technologies, Inc. 401(k) Plan, (ii) \$16,885 for Mr. Sullivan, \$12,930 for Mr. Dillon, \$13,945 for Mr. Nersesian, \$12,930 for Ms. Halloran, and \$12,930 for Mr. Nordlund for services incurred from The Ayco Company, LP, the provider designated by Agilent to provide financial counseling services to our named executive officers, (iii) travel expenses fees of \$1,702 for Mr. Sullivan, \$984 for Mr. Dillon, \$378 for Mr. Nersesian, \$605 for Ms. Halloran and \$492 for Mr. Nordlund for use of Agilent drivers and vehicles for personal travel to the airport, and (iv) reimbursement of \$750 for Mr. Sullivan, \$1,000 for Mr. Dillon, \$500 for Ms Halloran and \$1,000 for Mr. Nersesian for contribution to a health savings account.

The following table itemizes the fiscal year 2008 expense recorded for the “Stock Awards” and “Option Awards” columns of the “Summary Compensation” table.

Expenses for Messrs. Sullivan and Nordlund for option awards were accrued during the initial year that the options were granted since each is eligible for retirement under Agilent’s retirement policy and such retirement would result in the acceleration of the unvested portions of these grants in such year in accordance with FAS 123(R). As a result, the above table does not show option award expenses for FY04-FY06, FY05-FY07, FY06-FY08 and FY07-FY09, because they were expensed in prior years. We did not make any performance stock awards to any named executive officers until fiscal 2006.

FAS 123(R) and FAS 123 Assumptions

The following table sets forth the FAS 123(R) assumptions used in 2008 and 2007 and the FAS 123 assumptions used in 2006, 2005 and 2004 in the calculation of the stock awards and option awards presented in our “Summary Compensation Table.” For all periods presented, the fair value of share-based awards for employee stock options awards and employee stock purchases made under our ESPP was estimated using the Black-Scholes option pricing model. In 2008, 2007 and 2006, shares granted under the LTP were valued using a Monte Carlo simulation. In 2005 and 2004, shares granted under the LTP were valued using the variable accounting

method under APB No. 25. In 2008 and 2007, the estimated fair value of restricted stock united awards was determined based on the market price of our common stock on the date of grant.

- (1) Reflects the value of the potential payout targets for fiscal year 2008 pursuant to the annual award program under Agilent’s Performance-Based Compensation Plan. Actual payout amounts under this plan are disclosed in the “Summary Compensation Table.”
- (2) Reflects the value of potential payout of the target number of performance shares granted in fiscal year 2008 for the FY08 through FY10 performance period under Agilent’s LTP Program. Actual payout of these awards, if any, will be determined by the Compensation Committee after the end of the performance period depending on whether the performance criteria set forth in Agilent’s LTP Program were met. Payout, if any, will be in the form of Agilent common stock. Please see section entitled “Long-Term Incentives” for disclosure regarding material terms of the LTP Program.
- (3) Reflects options granted in fiscal year 2008 under the 1999 Stock Plan in accordance with Agilent’s long-term incentive goals as described in the “Compensation Discussion and Analysis—Long-Term Incentives.” Such options vest at 25% per year over four years.
- (4) Reflects the closing price of our common stock as of October 31, 2008.

- (1) Pursuant to the anti-dilution provisions in Agilent's 1999 Stock Plan, the number of shares and exercise prices related to the listed stock options with grant dates prior to November 1, 2006 were adjusted to maintain their aggregate economic value in connection with the spin-off of Verigy on October 31, 2006.
- (2) Each option is exercisable in four equal annual installments beginning on the first anniversary of the date of the grant. The date shown in this column reflects the first vesting date.
- (3) Amounts reflect multiple unvested performance share awards that are outstanding simultaneously as of the end of fiscal year 2008 for each named executive officer under the LTP Program. See the "Compensation Discussion and Analysis."

- (1) Amounts reflect the aggregate of (i) performance shares granted in our fiscal year 2005 pursuant to Agilent's LTP Program for fiscal year 2005 through fiscal year 2007 ("FY05-FY07") performance period and paid out in fiscal year 2008 as follows: Mr. Sullivan, 200,576 shares, Mr. Dillon, 107,114 shares, Mr. Nersesian, 0 shares, Ms. Halloran, 34,654 shares, and Mr. Nordlund, 38,854 shares, and (ii) performance shares granted in fiscal year 2006 pursuant to the LTP Program for the FY06-FY08 performance period and paid out in fiscal year 2008 as follows: Mr. Sullivan, 103,182 shares, Mr. Dillon, 45,649 shares, Mr. Nersesian, 9,660 shares, Ms. Halloran, 17,099 shares, and Mr. Nordlund, 15,940 shares.
- (2) The market value of these awards is based on a 20-day average closing price of Agilent's common stock on the release dates as follows: (i) FY05-FY07 performance period released on November 14, 2007 include the following: Mr. Sullivan, \$6,859,699, Mr. Dillon \$3,663,299, Mr. Nersesian \$0, Ms. Halloran \$1,185,167, and Mr. Nordlund \$1,328,807, and (ii) FY06-FY08 performance period released on November 18, 2008 include the following: Mr. Sullivan \$1,960,458, Mr. Dillon \$991,230, Mr. Nersesian \$183,540, Ms. Halloran \$324,881, and Mr. Nordlund \$302,860. This methodology was adopted by our Compensation Committee in fiscal 2004 based on advice from our then compensation consultant, Mercer HR Consulting.

Pension Benefits

The following table shows the estimated present value of accumulated benefits payable including years of credited service payable on retirement to our named executive officers under the Deferred Profit-Sharing Plan ("DPSP"), the Retirement Plan and the Supplemental Benefit Retirement Plan. To calculate the number of years of an eligible employee's service, the pension plans will bridge each eligible employee's service, if any, with Hewlett-Packard Company to that eligible employee's service with Agilent; the years of service will reflect employment service from both Hewlett-Packard and Agilent. The cost of all three plans is paid entirely by Agilent. The present value of accumulated benefit is calculated using the assumptions under Statement of Financial Accounting Standards No. 87, "Employers Accounting for Pensions" ("SFAS 87") for the fiscal year end measurement (as of October 31, 2008). The present value is based on a lump sum interest rate of 6.00%, DPSP rate of return of 7.5% and lump sum mortality that is determined from Revenue Ruling 2007-67 (PPA2008). See also Note 14 to Agilent's consolidated financial

statements in its Annual Report on Form 10-K for the fiscal year ended October 31, 2008, as filed with the SEC on December 19, 2008.

Retirement Plan

The Retirement Plan guarantees a minimum retirement benefit in the form of monthly payment beginning at the normal age (age 65) set forth in the Retirement Plan. This benefit is calculated using a formula that is based on the employees highest average pay rate (based on the highest average earnings in any 20 consecutive fiscal quarters), final average compensation (the lesser of (i) the final 12 consecutive fiscal quarters' earnings up to the social security wage base and (ii) covered compensation, which is the 35 year average of the social security wage bases ending in the year of social security retirement), and the total years of credited service at Agilent and Hewlett-Packard (up to a maximum of 30 years).

The monthly retirement benefit beginning at age 65 (or later if retired after age 65) is determined as follows:

$$[1.5\% \times \text{highest average pay rate} \times \text{years of credited service}] - [0.6\% \times \text{final average compensation} \times \text{years of credited service}]$$

The reduction based on 0.6% of the final average compensation recognizes Agilent's contribution through payroll taxes towards social security benefits; although it does not represent the actual amount of the social security benefit an employee will receive.

Benefits under the Retirement Plan are payable at the normal retirement age set forth in the plan (age 65) or upon termination or retirement, if later, and as either a) a single life annuity for single participants or as b) a 50% joint and survivor annuity for married participants. However, a participant may elect to receive payments at any time following termination or retirement and in the above forms or as an actuarially equivalent option form (75% or 100% joint and survivor annuities or as a one-time lump sum payment). Payments made prior to age 65 will be reduced in accordance with the plan provisions.

All regular full-time or regular part-time employees automatically become participants in the Retirement Plan on the May 1 or November 1 following completion of two years of service.

Deferred Profit-Sharing Plan

The Deferred Profit-Sharing Plan is a closed, defined contribution plan. The Deferred Profit-Sharing Plan was created by Hewlett-Packard and covers participants' service with Hewlett-Packard before November 1, 1993 and is used as a floor offset for the Retirement Plan for service prior to November 1, 1993. There have been no contributions into the plan since October 31, 1993.

For service prior to November 1, 1993 (if any), the benefit due is the greater of (i) the benefit defined by the Retirement Plan formula, and (ii) the annuity value of the Deferred Profit-Sharing Plan account balance. Therefore, for service prior to November 1, 1993, the Retirement Plan guarantees a minimum retirement benefit.

Benefits under the Deferred Profit-Sharing Plan are payable at the plan's normal retirement age (age 65) or upon termination or retirement, if later, and as either (i) a single life annuity for single participants, or (ii) a 50% joint and survivor annuity for married participants. However, a participant may elect to receive payments at any time following termination or retirement and in the above forms or as 75% or 100% joint and survivor annuities or as a one-time lump sum payment.

Supplemental Benefit Retirement Plan

The Supplemental Benefit Retirement Plan is unfunded and not qualified for tax purposes. Benefits payable under this plan are equal to the excess of the amount that would be payable in accordance with the terms of the Retirement Plan disregarding the benefit and compensation limitations imposed pursuant to sections 415 and 401(a)(17) of the Internal Revenue Code over the amount due under the Retirement Plan when taking into account sections 415 and 401(a)(17) limitations.

Benefits under the Supplemental Benefit Retirement Plan are payable upon termination or retirement, and in accordance with Internal Revenue Code Section 409A guidelines for deferred compensation.

Non-Qualified Deferred Compensation in Last Fiscal Year

For fiscal year 2008, the non-qualified deferred compensation plan is available to all active employees on the US payroll with a base salary greater than or equal to \$230,000.

There are three types of earnings that may be deferred under the program:

1. 100% of annual base pay earnings in excess of the IRS qualified plan limit of \$230,000 for 2008;
2. 95% of bonus earnings, discretionary and cash compensation paid under the Performance-Based Compensation Plan; and
3. 95% of performance based compensation paid out in accordance with the terms of Agilent's LTP Program. This program pays out in the form of Agilent common stock.

Deferral elections may be made annually and are part of overall tax planning for many executives. There are several investment options available under the Plan, which mirror the investment choices under our tax-qualified 401(k) plan, with the exception of Agilent's common stock which is not available under the non-qualified deferred compensation plan. All investment choices are made by the participant. Based on market performance, dividends and interest are credited to participants' accounts from the funds that the participant has elected.

At the time participation is elected, employees must also elect payout in either of two forms, both of which can be delayed by an additional one, two or three years following termination):

1. a single lump sum payment; or
2. annual installments over a five-to-fifteen year period.

Payouts are distributed to eligible participants in January of the year following termination, if termination occurs during the first six months of the calendar year. Otherwise, payouts are distributed to eligible participants in July of the year following termination where termination occurs during the second half of the calendar year. No early distributions or withdrawals are allowed. When and if received, a participant in the LTP Program may elect to defer his or her shares through our 2005 Deferred Compensation Plan. The LTP Program shares are deferred in the form of Agilent common stock only and do not earn additional returns. At the end of the deferral period, the LTP Program shares are simply released to the executive. Agilent has allowed its named executive officers to make a one-time change to deferral elections made after January 1, 2005 in fiscal year 2008 pursuant to the phase-in provisions of Section 409A of the Internal Revenue Code.

We have established a rabbi trust as a source of funds to make payments under the non-qualified deferred compensation plan. As of September 30, 2008, the rabbi trust with Mellon Trust was overfunded, so there is no need for additional funding.

The table below provides information on the non-qualified deferred compensation of the named executive officers for fiscal year 2008.

- (2) Amounts reflected are not included in the "Summary Compensation Table" because the earnings are not "above-market." These amounts include dividends, interest and change in market value.

Termination and Change of Control Arrangements

Set forth below is a description of the plans and agreements that could result in potential payments to the named executive officers in the case of their termination of employment and/or a change of control of Agilent.

Change of Control Agreements

Each named executive officer has signed a Change of Control Severance Agreement. Under these agreements, in the event that within 24 months after a change of control of Agilent, Agilent or its successor terminates the employment of such executive without cause or an event constituting good reason occurs and the executive resigns within three months after such an event, the executive will be entitled to: (i) two times, or solely with respect to the CEO, three times, the sum of such executive's base salary and target bonus, (ii) payment of \$80,000 for medical insurance premiums, (iii) full vesting of all outstanding options and stock awards, and (iv) a prorated portion of any bonus. To the extent that the payment of these benefits triggers the excise tax under Section 4999 of the Code or any comparable federal, state, local or foreign excise tax, Agilent will be responsible for payment of any additional tax liability arising from the application of such excise tax, subject to certain exceptions for all of the named executives officers except the CEO.

In exchange for such consideration, each executive has agreed to execute a release of all of the executive's rights and claims relating to his or her employment.

Under these agreements a "change of control" means occurrence of any of the following events: (i) the sale, exchange, lease or other disposition or transfer of all or substantially all of the assets of Agilent to a third party; (ii) a merger or consolidation involving Agilent in which the stockholders of Agilent immediately prior to such merger or consolidation are not the owners of more than 75% of the total voting power of the outstanding voting securities of Agilent after the transaction; or (iii) the acquisition of beneficial ownership of at least 25% of the total voting power of the outstanding voting securities of Agilent by a third person. "Good reason" means (i) the reduction of the officer's rate of pay, other than reductions that apply to employees generally and variable and performance reductions; (ii) reduction in benefits or failure to receive the same benefits as similarly situated employees; (iii) a change in the officer's duties, responsibilities, authority, job title, or reporting relationships resulting in a significant diminution of position, subject to certain exceptions; (iv) the relocation to a worksite that is more than 35 miles from his prior worksite; (v) the failure or refusal of a successor to Agilent to assume Agilent's obligations under the agreement, or (vi) a material breach by Agilent or any successor to Agilent of any of the material provisions of the agreement.

Under these agreements, "cause" means misconduct, including: (i) conviction of any felony or any crime involving moral turpitude or dishonesty which has a material adverse effect on Agilent's business or reputation; (ii) repeated unexplained or unjustified absences from Agilent; (iii) refusal or willful failure to act in accordance with any specific directions, orders or policies of Agilent that has a material adverse effect on Agilent's business or reputation; (iv) a material and willful violation of any state or federal law that would materially injure the business or reputation of Agilent as reasonably determined by the Board; (v) participation in a fraud or act of dishonesty against Agilent which has a material adverse effect on Agilent's business or reputation; (vi) conduct by the officer which the Board determines demonstrates gross unfitness to serve; or (vii) intentional, material violation by the officer of any contract between the officer and Agilent or any statutory duty of the officer to Agilent that is not corrected within thirty days after written notice to the officer.

In addition, in the event of a change of control, participants in the LTP Program would receive at the earlier of the end of the performance period or termination of the program an LTP Program payout equivalent to the greater of the target award or the accrued amount of the payout, prorated for the amount of time elapsed during the first twelve months of the performance period.

Termination and Change of Control Table

For each of the named executive officers, the table below estimates the amount of compensation that would be paid in the event that (i) a change of control of Agilent occurs and (a) such executive is terminated without cause or an event constituting good reason occurs (and executive leaves due to such event) either within 24 months following the change of control or within 3 months prior to such change of control, whether or not such termination is at the request of an acquiror of Agilent, or (b) such executive is terminated or an event constituting good reason occurs (and executive leaves due to such event) at any time prior to the change of control and the termination is at the request of the acquiror of Agilent, (ii) involuntary termination with or without cause, (iii) voluntary termination and (iv) death or disability. The amounts shown assume that each of the terminations was effective October 31, 2008.

- (1) To the extent that the payment of the listed benefits triggers the excise tax under Section 4999 of the Code or any comparable federal, state, local or foreign excise tax, Agilent will be responsible for payment of any additional tax liability arising from the application of such excise tax. However, in the case of all of the named executive officers, other than Mr. Sullivan, the executive shall not be entitled to receive a gross-up payment if (i) the payment of the listed benefits may be reduced to an amount (the "Reduced Amount") sufficient to result in no portion of such payment being subject to an excise tax, and (ii) after reducing such payment by the Reduced Amount, the executive would receive, on a pre-tax basis, an amount not less than 90% of the value of the unreduced payment on a pre-taxed basis.
- (2) Flat lump sum benefit for healthcare expenses, including additional health plan premium payments that may result from termination in the event of change of control.

- (3) Calculated using the in-the-money value of unvested options as of October 31, 2008, the last business day of Agilent's last completed fiscal year. The closing price of Agilent common stock as of October 31, 2008 was \$22.19.
- (4) For information regarding potential payments upon termination under the 2005 Deferred Compensation Plan and the Retirement Plan, the Supplemental Benefit Retirement Plan and the Deferred Profit-Sharing Plan, in which our named executive officers participate, see "Non-Qualified Deferred Compensation in Last Fiscal Year" and "Pension Benefits" above.
- (5) We determined the amount of the excise tax payment in accordance with the provisions of Section 280G of the Code. We utilized the following key assumptions to determine the tax gross-up payment: (i) the interest rate assumption was 120% of the applicable federal rate effective for the month of October 2008, compounded semiannually; (ii) a statutory federal income tax rate of 35%, Medical tax rate of 1.45%, California income tax rate 9.3%; (iii) Section 280G "base amount" was determined based on average W-2 compensation for the period from 2003-2007; and (iv) equity grants made within one year of transaction were in the ordinary course of business and were not in contemplation of a transaction.
- (6) Under the 1999 Stock Plan and the LTP Program, if a named executive officer dies or is fully disabled, his or her unvested stock options and stock awards shall fully vest.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the Compensation Committee are set forth in “Board Structure and Compensation.” During the most recent fiscal year, no Agilent executive officer served on the compensation committee (or equivalent), or the board of directors, of another entity whose executive officer(s) served on Agilent’s Compensation Committee.

RELATED PERSON TRANSACTIONS POLICY AND PROCEDURES

The Company’s Standards of Business Conduct and Director Code of Ethics require that all employees and directors avoid conflicts of interests that interfere with the performance of their duties or the best interests of the Company. In addition, the Company has adopted a written Related Person Transactions Policy and Procedures (the “Related Person Transactions Policy”) that prohibits any of the Company’s executive officers, directors or any of their immediate family members from entering into a transaction with the Company, except in accordance with the policy. For purposes of the policy, a “related person transaction” includes any transaction (within the meaning of Item 404(a) of the Securities and Exchange Commission’s Regulation S-K) involving the Company and any Related Person that would be required to be disclosed pursuant to Item 404(a) of the Securities and Exchange Commission’s Regulation S-K.

Under our Related Person Transactions Policy, the General Counsel must advise the Nominating/Corporate Governance Committee of any related person transaction of which he becomes aware. The Nominating/Corporate Governance Committee must then either approve or reject the transaction in accordance with the terms of the policy. In the course of making this determination, the Nominating/Corporate Governance Committee shall consider all relevant information available to it and, as appropriate, must take into consideration the following:

- the size of the transaction and the amount payable to the related person;
- the nature of the interest of the related person in the transaction;
- whether the transaction may involve the conflict of interest; and
- whether the transaction involved the provision of goods or services to the Company that are available from unaffiliated third parties and, if so, whether the transaction is on terms and made under circumstances that are at least as favorable to the Company as would be available in comparable transactions with or involving unaffiliated third parties.

Under the Related Person Transactions Policy, Company management screens for any potential Related Person Transactions, primarily through the annual circulation of a Directors and Officers Questionnaire (“D&O Questionnaire”) to each member of the Board of Directors and each officer of the Company that is a reporting person under Section 16 of the Securities Exchange Act of 1934. The D&O Questionnaire contains questions intended to identify Related Persons and transactions between the Company and Related Persons. If a Related Person Transaction is identified, such transaction is brought to the attention of the Nominating/Corporate Governance Committee for its approval, ratification, revision, or rejection in consideration of all of the relevant facts and circumstances.

The Nominating/Corporate Governance Committee must approve or ratify each related person transaction in accordance with the policy. Absent this approval or ratification, no such transaction may be entered into by the Company with any related person.

In March 2008, the Nominating/Corporate Governance Committee amended the Related Person Transactions Policy to provide for standing pre-approval of limited transactions with related persons. Pre-approved transactions include:

- (a) Any transaction with another company at which a related person's only relationship is as an employee (other than an executive officer or an equivalent), director or beneficial owner of less than 10% of that company's shares, if the aggregate amount involved does not exceed the greater of (i) \$1,000,000, or (ii) 2 percent of that company's total annual revenues.
- (b) Any charitable contribution, grant or endowment by the Company to a charitable organization, foundation or university at which a Related Person's only relationship is as an employee (other than an executive officer or an equivalent), a director or a trustee, if the aggregate amount involved does not exceed the lesser of \$500,000, or 2 percent of the charitable organization's total annual receipts.

Agilent will disclose the terms of related person transactions in its filings with the SEC to the extent required.

Transactions with Related Persons

We purchase services, supplies, and equipment in the normal course of business from many suppliers and sell or lease products and services to many customers. In some instances, these transactions occur with companies with which members of our management or Board of Directors have relationships as directors or executive officers. For transactions entered into during fiscal year 2008, no related person had or will have a direct or indirect material interest and none exceeded or fell outside of the pre-approved thresholds set forth in our Related Party Transaction Policy.

AUDIT AND FINANCE COMMITTEE REPORT

During fiscal year 2008, the Audit and Finance Committee of the Board reviewed the quality and integrity of Agilent's consolidated financial statements, the effectiveness of its system of internal control over financial reporting, its compliance with legal and regulatory requirements, the qualifications and independence of its independent registered public accounting firm, the performance of its internal audit function and independent registered public accounting firm and other significant financial matters. Each of the Audit and Finance Committee members satisfies the definition of independent director and is financially literate as established in the New York Stock Exchange Listing Standards. In accordance with section 407 of the Sarbanes-Oxley Act of 2002, the Board of Directors has identified Heidi Kunz as the Audit and Finance Committee's "Financial Expert." Agilent operates with a November 1 to October 31 fiscal year. The Audit and Finance Committee met thirteen times, including telephone meetings, during the 2008 fiscal year.

The Audit and Finance Committee's work is guided by a written charter that the Board has approved. The Audit and Finance Committee regularly reviews its charter to ensure that it is meeting all relevant audit committee policy requirements of the U.S. Securities and Exchange Commission, the Public Company Accounting Oversight Board and the New York Stock Exchange. You can access the latest Audit and Finance Committee charter by clicking on "Governance Policies" in the "Corporate Governance" section of the Web page at www.investor.agilent.com or by writing to us at Agilent Technologies, Inc., 5301 Stevens Creek Blvd., Santa Clara, California 95051, Attention: Investor Relations.

The Audit and Finance Committee has reviewed and discussed with management and PricewaterhouseCoopers LLP, Agilent's independent registered public accounting firm, Agilent's audited consolidated financial statements and Agilent's internal control over financial reporting. The Audit and Finance Committee has discussed with PricewaterhouseCoopers LLP, during the 2008 fiscal year, the matters required to be discussed by Statement on Auditing Standards No. 114 (The Auditor's Communications With Those Charged with Governance).

The Audit and Finance Committee has received and reviewed the written disclosures and the letter from PricewaterhouseCoopers LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independence of accountant's communications with the audit committee of the concerning independence, and has discussed with PricewaterhouseCoopers LLP its independence from Agilent. Based on the review and discussions noted above, the Audit and Finance Committee recommended to the Board that Agilent's audited consolidated financial statements be included in Agilent's Annual Report on Form 10-K for the fiscal year ended October 31, 2008 and be filed with the U.S. Securities and Exchange Commission.

The Audit Committee Report does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that the Company specifically incorporates the Audit Committee Report by reference therein.

Fees Paid to PricewaterhouseCoopers LLP

The following table sets forth the aggregate fees charged to Agilent by PricewaterhouseCoopers LLP for audit services rendered in connection with the audited consolidated financial statements and reports for the 2008 fiscal year and for other services rendered during the 2008 fiscal year to Agilent and its subsidiaries, as well as all out-of-pocket costs incurred in connection with these services:

<u>Fee Category:</u>	<u>Fiscal 2008</u>	<u>% of Total</u>	<u>Fiscal 2007</u>	<u>% of Total</u>
Audit Fees	\$6,647,000	89.8	\$6,142,000	86.4
Audit-Related Fees	252,000	3.4	253,300	3.6
Tax Fees:				
Tax compliance/preparation	503,000	6.8	662,039	9.3
Other tax services	0	0.0	0	0.0
Total Tax Fees	503,000	6.8	662,039	9.3
All Other Fees	3,000	0.0	55,000	0.7
Total Fees	<u>\$7,405,000</u>	<u>100.0</u>	<u>\$7,112,339</u>	<u>100.0</u>

Audit Fees: Fiscal 2008 fees consist of fees billed for professional services rendered for the integrated audit of Agilent's consolidated financial statements and its internal control over

financial reporting and review of the interim condensed consolidated financial statements included in quarterly reports. Fiscal 2007 fees consist of fees billed for professional services rendered for the audit of Agilent's consolidated financial statements and review of the interim condensed consolidated financial statements included in quarterly reports. Fiscal 2008 and 2007 fees also consist of fees billed for services that are normally provided by PricewaterhouseCoopers LLP in connection with statutory and regulatory filings or engagements, and attest services, except those not required by statute or regulation.

Audit-Related Fees: Consists of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of Agilent's consolidated financial statements and are not reported under "Audit Fees." These services include employee benefit plan audits, accounting consultations in connection with acquisitions and divestitures, attest services that are not required by statute or regulation, and consultations concerning financial accounting and reporting standards.

Tax Fees: Consists of fees billed for professional services for tax compliance, tax advice and tax planning. These services include assistance regarding federal, state and international tax compliance, tax audits and appeals, customs and duties, mergers and acquisitions and international tax planning.

All Other Fees: Consists of fees for all other services other than those reported above. These services include a license for specialized accounting research software. Agilent's intent is to minimize services in this category.

In making its recommendation to ratify the appointment of PricewaterhouseCoopers LLP as Agilent's independent registered public accounting firm for the fiscal year ending October 31, 2009, the Audit and Finance Committee has considered whether services other than audit and audit-related provided by PricewaterhouseCoopers LLP are compatible with maintaining the independence of PricewaterhouseCoopers LLP.

Policy on Audit and Finance Committee Preapproval of Audit and Permissible Non-Audit Services of Independent Auditors

The Audit and Finance Committee's policy is to preapprove all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Preapproval is generally provided for up to one year and any preapproval is detailed as to the particular service or category of services and is subject to a specific budget. The Audit and Finance Committee has delegated its preapproval authority up to a specified maximum to the Chairperson of the Audit and Finance Committee, Heidi Kunz, who may preapprove all audit and permissible non-audit services so long as her preapproval decisions are reported to the Audit and Finance Committee at its next scheduled meeting.

**ADDITIONAL QUESTIONS AND INFORMATION REGARDING
THE ANNUAL MEETING AND STOCKHOLDER PROPOSALS**

Q: What happens if additional proposals are presented at the annual meeting?

A: Other than the three proposals described in this Proxy Statement, Agilent does not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders, William P. Sullivan, Agilent's President and Chief Executive Officer, and D. Craig Nordlund, Agilent's Senior Vice President, General Counsel and Secretary, will have the discretion to vote your shares on any additional matters properly presented for a vote at the annual meeting. If for any unforeseen reason, any one or more of Agilent's nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

Q: What class of shares is entitled to be voted?

A: Each share of Agilent's common stock outstanding as of the close of business on January 13, 2009, the Record Date, is entitled to one vote at the annual meeting. On the Record Date, Agilent had approximately 351,996,264 shares of common stock issued and outstanding.

Q: What is the quorum requirement for the annual meeting?

A: The quorum requirement for holding the annual meeting and transacting business is a majority of the outstanding shares entitled to be voted. The shares may be present in person or represented by proxy at the annual meeting. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Broker non-votes, however, are not counted as shares present and entitled to be voted

with respect to the matter on which the broker has expressly not voted. Thus, broker non-votes will not affect the outcome of any of the matters being voted on at the annual meeting. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the beneficial owner and (2) the broker lacks discretionary voting power to vote such shares.

Q: Who will count the vote?

A: A representative of Computershare Investor Services will tabulate the votes and act as the inspector of election.

Q: Is my vote confidential?

A: Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Agilent or to third parties except (1) as necessary to meet **applicable** legal requirements, (2) to allow for the tabulation of votes and certification of the vote and (3) to facilitate a successful proxy solicitation by the Board. Occasionally, stockholders provide written comments on their proxy card, which are then forwarded to Agilent's management.

Q: Who will bear the cost of soliciting votes for the annual meeting?

A: Agilent will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. Agilent has retained the services of Georgeson, Inc. ("Georgeson") to aid in the solicitation of proxies from banks, brokers, nominees and intermediaries. Agilent estimates that it will pay

Georgeson a fee of \$12,000 for its services. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by Agilent's directors, officers and employees, who will not receive any additional compensation for such solicitation activities. In addition, Agilent may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners.

Q: *May I propose actions for consideration at next year's annual meeting of stockholders or nominate individuals to serve as directors?*

A: You may submit proposals for consideration at future annual stockholder meetings, including director nominations.

Stockholder Proposals: In order for a stockholder proposal to be considered for inclusion in Agilent's proxy statement for next year's annual meeting, the written proposal must be received by Agilent no later than September 29, 2009 and should contain such information as is required under Agilent's Bylaws. Such proposals will need to comply with the SEC's regulations regarding the inclusion of stockholder proposals in Agilent-sponsored proxy materials. In order for a stockholder proposal to be raised from the floor during next year's annual meeting, written notice must be received by Agilent no later than September 29, 2009 and should contain such information as required under Agilent's Bylaws. If we do not receive notice of your proposal within this time frame, our management will use its discretionary authority to vote the shares it represents.

Nomination of Director

Candidates: Agilent's Bylaws permit stockholders to nominate directors at a stockholder meeting. In order to make a

director nomination at an annual stockholder meeting, it is necessary that you notify Agilent not less than 120 days before the first anniversary of the date that the proxy statement for the preceding year's annual meeting was first sent to stockholders. Agilent's 2009 Proxy Statement was first sent to stockholders on January 27, 2009. Thus, in order for any such nomination notice to be timely for next year's annual meeting, it must be received by Agilent not later than September 29, 2009. In addition, the notice must meet all other requirements contained in Agilent's Bylaws and include any other information required pursuant to Regulation 14A under the Exchange Act.

Copy of Bylaw Provisions: You may contact the Agilent Corporate Secretary at Agilent's corporate headquarters for a copy of the relevant Bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates. Additionally, a copy of Agilent's Bylaws can be accessed on the Agilent Investor Relations Web site at <http://www.investor.agilent.com>. Click "Corporate Governance" and then "Governance Policies" on the left hand side of the screen.

Q: *How do I obtain a separate set of proxy materials if I share an address with other stockholders?*

A: To reduce expenses, in some cases, we are delivering one set of the proxy materials or, where applicable, one Notice to certain stockholders who share an address, unless otherwise requested by one or more of the stockholders. For stockholders receiving hard copies of the proxy materials, a separate proxy card is included with the proxy materials for each of stockholder. For stockholders receiving a Notice, the Notice will instruct you as to how you may access and review all of the proxy materials on the Internet. The Notice also instructs you as to how

you may submit your proxy on the Internet. If you have only received one set of the proxy materials or one Notice, you may request separate copies at no additional cost to you by calling us at (408) 553-2424 or by writing to us at Agilent Technologies, Inc., 5301 Stevens Creek Blvd., Santa Clara, California 95051, Attn: Shareholder Records. If you received a Notice and you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

You may also request separate paper proxy materials or a separate Notice for future annual meetings by following the

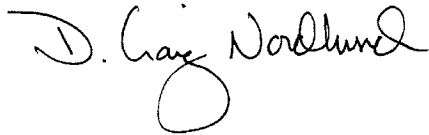

instructions for requesting such materials in the Notice, or by contacting us by calling or writing.

Q: *If I share an address with other stockholders of Agilent, how can we get only one set of voting materials for future meetings?*

A: You may request that we send you and the other stockholders who share an address with you only one Notice or one set of proxy materials by calling us at (408) 553-2424 or by writing to us at: Agilent Technologies, Inc., 5301 Stevens Creek Blvd., Santa Clara, California 95051, Attn: Shareholder Records.

You may receive a copy of Agilent's Annual Report on Form 10-K for the fiscal year ended October 31, 2008 without charge by sending a written request to Agilent Technologies, Inc., 5301 Stevens Creek Blvd., Santa Clara, California 95051, Attn: Investor Relations.
