

New Jersey Hospital Association Renews Exclusive Agreement with Zix Corporation after Successful Five Year Alliance

NJHA Endorses ZixCorp's Email Encryption Service Being Offered to over 100 Hospitals and Health Care Systems in New Jersey for HIPAA Compliance

DALLAS — June 25, 2008 — Zix Corporation (ZixCorp®), (Nasdaq: ZIXI), the leader in hosted services for email encryption and e-prescribing, today announced that New Jersey Hospital Association (NJHA) has renewed its marketing agreement with ZixCorp as the exclusive, preferred provider of Email Encryption Service for its association. NJHA supports more than 100 hospitals and health systems in the state of New Jersey.

ZixCorp and NJHA originally signed an exclusive marketing agreement in 2003 and currently there are more than 57 hospitals in New Jersey that secure their email with ZixCorp. NJHA is also a ZixCorp customer and has been using the Company's Email Encryption Service for five years to communicate seamlessly with its association members and business partners. As a ZixCorp customer, NJHA instantly plugged into ZixDirectory™, the largest email encryption directory in the world with more than 11 million members, interconnecting a network of communities that use ZixCorp's Email Encryption Service to send and receive secure email. ZixDirectory connects all ZixCorp customers for seamless, transparent, and secure email. The ZixDirectory has now grown to include more than 1,000 hospitals, more than 30 Blues organizations, more than 600 financial institutions, the federal banking regulators, 19 state banking regulatory agencies and a growing number of federal, state and county governments.

"ZixCorp has proven itself as the dominant healthcare encryption service provider year after year and by all accounts is the standard for New Jersey," said Guy P. Evans, vice president of business development for NJHA. "We have an obligation to offer our members proven technology for regulatory compliance and we are pleased to continue to offer our members and partners such a highly reliable and secure email encryption solution. ZixCorp's ability to provide instant, secure communication with our partners, employees and association customers through ZixDirectory is what makes them our preferred choice for Email Encryption."

About New Jersey Hospital Association

Headquartered in Princeton, N.J., the New Jersey Hospital Association (www.njha.com) supports its 105 member hospitals through advocacy, education, data resources, and other services so they can continue their mission of providing affordable, accessible, and quality

healthcare. Dedicated to quality improvements, NJHA has collaborated with federal and state governments, physician groups, consultants and others to address healthcare quality concerns. Additional efforts in the quality arena include continuing education, ongoing efforts in data collection, and benchmarking and the formation of a Quality Institute to continue developing member resources in quality improvement. For more information, please visit www.njha.com.
