

## Zix Corporation Continues to Add Financial Organizations to Email Encryption Client List

### Company sees continued growth in financial services industry

**DALLAS — March 29, 2007** — Zix Corporation (ZixCorp®), (Nasdaq: ZIXI), the leader in hosted services for email encryption and e-prescribing, today announced the company continues to increase its strong presence in the financial services market with a broad range of new clients, including state and local banks and credit unions.

Recently signed clients of ZixCorp's Email Encryption Service include:

- **National Cooperative Bank**, Washington, DC
- **Columbia Community Bank**, Hillsboro, OR
- **Eagle Credit Union**, Stockton, CA
- **Republic Bank & Trust**, Norman, OK
- **Danversbank**, Danvers, MA
- **Gulf Coast Community Bank**, Pensacola, FL
- **Centra Bank**, Martinsburg, WV
- **Montgomery First National Bank**, Sikeston, MO

“ZixCorp’s presence in the financial sector continues to grow month after month. Driven by the unmatched value of the ZixDirectory, new customers get immediate access to over seven million protected email recipients, including the federal banking regulators and 13 state banking regulators,” said Rick Spurr, chief executive officer for ZixCorp. “With the potential risk to reputation so high in the financial services industry, our easy-to-use Email Encryption Service addresses a major issue in the market by helping our clients prevent data leaks and maintain a high level of customer trust. Our robust set of solutions can meet the needs of a wide variety of financial institutions. With over 18,000 banks and related financial institutions in the U.S., we believe this market offers a strong opportunity for sustained growth in this business.”

As the leading email encryption provider with seven million protected email recipients, ZixCorp’s vast network allows seamless encrypted email delivery to healthcare organizations, insurers, financial institutions and the federal banking regulatory agencies. ZixCorp now supports five encrypted email delivery mechanisms including S/MIME, TLS, OpenPGP, secure portal and “push” delivery.

**About Zix Corporation**

ZixCorp is the leading provider of easy-to-use-and-deploy email encryption and e-prescribing services that Connect entities with their customers and partners to Protect and Deliver sensitive information in the healthcare, finance, insurance and government industries. ZixCorp's hosted Email Encryption Service provides an easy and cost-effective way to ensure customer privacy and regulatory compliance for corporate email. Its PocketScript® e-prescribing service reduces costs and improves patient care by automating the prescription process between payors, doctors, and pharmacies.
