⁽a) Pro forma results reflect the sales of systems to Atlantic Broadband Finance, LLC in March and April 2004 and WaveDivision Holdings, LLC in October 2003, as if they both occurred as of January 1, 2003. Actual revenues exceeded pro forma revenues for the nine months ended September 30, 2004 and the three and nine months ended September 30, 2003 by \$29 million, s48 million and \$145 million, respectively. Actual adjusted EBITDA exceeded pro forma adjusted EBITDA by \$13 million, \$24 million and \$71 million for the nine months ended September 30, 2004 and the three and nine months ended September 30, 2003, respectively. Pro forma net loss exceeded actual net loss by \$94 million and \$8 million for the nine months ended September 30, 2004 and 2003, respectively. Actual net income exceeded pro forma net income by \$3 million for the three months ended September 30, 2003. The unaudited pro forma financial information required allocation of certain revenues and expenses and such information has been presented for comparative purposes and does not purport to be indicative of the consolidated results of operations had these transactions been completed as of the assumed date or which may be obtained in the future. Adjusted EBITDA is a non-GAAP term. See page 7 of this addendum for the reconciliation of adjusted EBITDA to net cash flows from operating activities as defined by GAAP.

Telephony customers (i)	40,200	_	31,200		24,900	-	24,100
Pro forma average monthly telephony revenue per telephony customer (m)	\$ 43.26	\$	44.85	\$	49.15	\$	49.89

Pro forma results reflect the sales of systems to Atlantic Broadband Finance, LLC in March and April 2004 and WaveDivision Holdings, LLC which closed in October 2003, as if they both occurred as of January 1, 2003.

See footnotes to unaudited summary of operating statistics on page 6 of this Addendum.

- (a) "Customers" include all persons our corporate billing records show as receiving service (regardless of their payment status), except for complimentary accounts (such as our employees). Further, "customers" include persons receiving service under promotional programs that offered up to two months of service for free, some of whom had not requested to be disconnected, but had not become paying customers as of September 30, 2004. If such persons do not become paying customers, we do not believe this would have a material impact on our consolidated financial condition or consolidated results of operations. In addition, at September 30, 2004, June 30, 2004, December 31, 2003 and September 30, 2003, "customers" include approximately 46,000, 58,700, 72,700 and 64,600 persons whose accounts were over 60 days past due in payment, approximately 5,500, 6,300, 6,500 and 7,100 persons whose accounts were over 90 days past due in payment, approximately 2,000, 2,000 and 2,300 of which were over 120 days past due in payment, respectively.
- (b) "Analog video customers" as of September 30, 2004 and June 30, 2004 include all customers who receive video services (including those who also purchase high-speed data and telephony services) but excludes approximately 216,200 and 176,900 customer relationships at September 30, 2004 and June 30, 2004, respectively, who receive high-speed data service only or telephony service only and who are only counted as high-speed data customers or telephony customers, and therefore are shown as "non-video" customers. As of December 31, 2003 and September 30, 2003, "analog video customers" include all customers who receive video services (including those who also purchase high-speed data and telephony services) but exclude approximately 105,700 and 73,700 customer relationships at December 31, 2003 and September 30, 2003, respectively, who received high-speed data service only and who are only counted as high-speed data customers, and therefore are shown as "non-video customers." Telephony customers represented approximately 10,700 and 8,500 of the 216,200 and 176,900 "non-video customers" as of Sentember 30, 2004 and June 30, 2004 respectively.
- (c) Included within "video customers" are those in commercial and multi-dwelling structures, which are calculated on an equivalent bulk unit ("EBU") basis. EBU is calculated for a system by dividing the bulk price charged to accounts in an area by the most prevalent price charged to non-bulk residential customers in that market for the comparable tier of service. The EBU method of estimating analog video customers is consistent with the methodology used in determining costs paid to programmers and has been consistently applied year over year. As we increase our effective analog video prices to residential customers without a corresponding increase in the prices charged to commercial service or multi-dwelling customers, our EBU count will decline even if there is no real loss in commercial service or multi-dwelling customers.
- (d) "Customer relationships" as of September 30, 2004 and June 30, 2004 include the number of customers that receive one or more levels of service, encompassing video, data and telephony services, without regard to which service(s) such customers receive. As of December 31, 2003 and September 30, 2003, "customer relationships" include the number of customers that receive one or more levels of video and data services, without regard to which service(s) such customers receive. Telephony customers represented approximately 10,700 and 8,500 of the 6,290,800 and 6,310,100 "customer relationships" as of September 30, 2004 and June 30, 2004, respectively. This statistic is computed in accordance with the guidelines of the National Cable & Telecommunications Association (NCTA) that have been adopted by eleven publicly traded cable operators, including Charter.
- (e) Pro forma average monthly revenue per analog customer is calculated as total pro forma quarterly revenue divided by three divided by average pro forma analog customers during the respective quarter. This calculation is pro forma giving affect to the reduction of monthly revenue and average analog customers for the disposition of systems sold to Atlantic Broadband Finance, LLC and WaveDivision Holdings, LLC (as discussed on page 5 of this addendum).
- (f) "Bundled customers" as of September 30, 2004 and June 30, 2004 include customers receiving a combination of at least two different types of service, including Charter's video service, high-speed data service or telephony. As of December 31, 2003 and September 30, 2003, "bundled customers" include customers subscribing to both Charter's video service and high-speed data service. "Bundled customers" do not include customers who only subscribe to video service. By including telephony customers, "bundled customers" include approximately 3,200 and 1,600 more customers as of September 30, 2004 and June 30, 2004, respectively.
- (g) "Digital video customers" include all households that have one or more digital set-top terminals. Included in "digital video customers" on September 30, 2004, June 30, 2004, December 31, 2003 and September 30, 2003 are approximately 10,700, 11,400, 12,000 and 12,400 customers, respectively, that receive digital video service directly through satellite transmission.
- (h) All of these customers also receive video service and are included in the video statistics above. However, the video statistics do not include approximately 205,500, 168,400, 105,700 and 73,700 of these customers at September 30, 2004, June 30, 2004, December 31, 2003 and September 30, 2003, respectively, who were high-speed data only customers.
- (i) "Telephony customers" include all households receiving telephone service.
- (j) "Revenue generating units" represent the sum total of all primary analog video, digital video, high-speed data and telephony customers, not counting additional outlets within one household. For example, a customer who receives two types of service (such as analog video and digital video) would be treated as two revenue generating units, and if that customer added on high-speed data service, the customer would be treated as three revenue generating units. This statistic is computed in accordance with the guidelines of the NCTA that have been adopted by eleven publicly traded cable operators, including Charter.
- (k) "Homes passed" represent our estimate of the number of living units, such as single family homes, apartment units and condominium units passed by our cable distribution network in the areas where we offer the service indicated. "Homes passed" exclude commercial units passed by our cable distribution network. These estimates are updated for all periods presented when estimates change.
- (l) Penetration represents customers as a percentage of homes passed.
- (m) "Pro forma average monthly revenue" represents pro forma quarterly revenue for the service indicated divided by three divided by the average number of pro forma customers for the service indicated during the respective quarter. This calculation is pro forma giving effect to the reduction of monthly revenue and average analog customers for the disposition of systems sold to Atlantic Broadband Finance, LLC and WaveDivision Holdings, LLC (as discussed on page 5 of this addendum).
- (n) "Quarterly net gain (loss)" represents the net gain or loss in the respective quarter for the service indicated.
- (o) Represents the number of digital video customers as a percentage of analog video customers.

CHARTER COMMUNICATIONS, INC. AND SUBSIDIARIES UNAUDITED RECONCILIATION OF NON-GAAP MEASURES TO GAAP MEASURES (DOLLARS IN MILLIONS)

Net cash flows from operating activities	\$	349	\$	380	\$	621				

⁽a) See pages 1 and 2 of this addendum for detail of the components included within adjusted EBITDA.

The above schedules are presented in order to reconcile adjusted EBITDA, un-levered free cash flows and free cash flows, all non-GAAP measures, to the most directly comparable GAAP measures in accordance with Section 401(b) of the Sarbanes-Oxley Act.

Pro forma results reflect the sales of systems to Atlantic Broadband Finance, LLC in March and April 2004 and WaveDivision Holdings, LLC in October 2003, as if they both occurred as of January 1, 2003.

⁽b) Interest on cash pay obligations excludes accretion of original issue discounts on certain debt securities and amortization of deferred financing costs that are reflected as interest expense in our consolidated statements of operations.

CHARTER COMMUNICATIONS, INC. AND SUBSIDIARIES CAPITAL EXPENDITURES (DOLLARS IN MILLIONS)

		Three Months Ended September 30,				Nine Months E	nded S	September 30,
	_	2004	_	2003	_	2004		2003
Customer premise equipment (a)	\$	119	\$	118	\$	345	\$	253

Support capital (e)	_	55	_	35	_	117		70
Total capital expenditures (f)	\$	249	\$	239	\$_	639	\$	503

- (a) Customer premise equipment includes costs incurred at the customer residence to secure new customers, revenue units and additional bandwidth revenues. It also includes customer installation costs in accordance with SFAS 51 and customer premise equipment (e.g., set-top terminals and cable modems, etc.).
- (b) Scalable infrastructure includes costs, not related to customer premise equipment or our network, to secure growth of new customers, revenue units and additional bandwidth revenues or provide service enhancements (e.g., headend equipment).
- (c) Line extensions include network costs associated with entering new service areas (e.g., fiber/coaxial cable, amplifiers, electronic equipment, make-ready and design engineering).
- (d) Upgrade/rebuild includes costs to modify or replace existing fiber/coaxial cable networks, including betterments.
- (e) Support capital includes costs associated with the replacement or enhancement of non-network assets due to technological and physical obsolescence (e.g., non-network equipment, land, buildings and vehicles).
- (f) Represents all capital expenditures made during the three and nine months ended September 30, 2004 and 2003, respectively.
