KODAK Picture Maker

WW Kiosk Business Overview

February, 2005

Kiosk Category Creation

Kodak first introduced a retail digital imaging workstation as an in-market test in the 4th quarter of '93:

- **Integrated System**
 - Computer
 - Monitor
 - Print scanner
 - Thermal printer
 - Easy-to-use software
- **Consumer Value Proposition**
 - Copy prints & enlargements from prints in minutes
- **Channel Participation**
 - Traditional Photo

Picture Maker User Satisfaction

High consumer satisfaction with the KPM is driving repeat usage and strong word of month recommendations...

- ❑ **91%** of consumers say they are likely to use the Kodak Picture Maker again (top 2 box)
 - Top 2 reasons cited are Convenient/Easy to Use & Better Quality
- ❑ **93%** of consumers say they are likely to recommend the Kodak Picture Maker to others (top 2 box)

Competitive Situation

 **FUJIFILM**

KODAK has sustained strong leadership in kiosk category

Direct kiosk competitive challengers:

- Fuji
- Pixel Magic
- Sony
- PMI/KIS
- Many other small competitors continue to come and go

Indirect competitive threats:

- Alternative means of printing (digital minilabs, online, in-home & etc.)
- Soft display and/or sharing

Satisfaction by Printing Methods

Consumers are extremely satisfied with Kodak Picture Makers

In fact, overall satisfaction exceeds home, on-line, and even traditional film printing

Consumer Satisfaction with KPM vs Other Printing Methods

Top 2 Box Satisfaction (7 point scale)	 KPM	 Home	 Online	 Film
