Review of operations

A review of the operations of the Consolidated entity during the half-year and of the results of those operations is contained in the accompanying Incitec Pivot Limited Profit Report.

Events subsequent to balance date

Since the end of the half-year, the Directors have determined to pay an interim dividend of 2.1 cents per share. This dividend is fully franked at the 30% corporate tax rate and is payable on 7 July 2009.

Since the end of the half-year, due to low demand for Single Superphosphate, it has been determined to close the Geelong manufacturing plant, with effect from 30 June 2009. The immediate cost of the closure is approximately \$2 million (after tax), for redundancies and associated costs.

The directors have not become aware of any other significant matter or circumstance that has arisen since 31 March 2009 that has affected or may affect the operations of the Consolidated entity, the result of those operations, or the state of affairs of the Consolidated entity in subsequent years, which has not been covered in this report.

Directors' Report (continued)

Lead Auditor's Independence Declaration

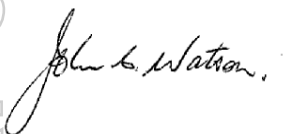

The lead auditor's independence declaration is set out on page 5 and forms part of the directors' report for the half-year ended 31 March 2009.

Rounding

The Consolidated entity is of a kind referred to in ASIC Class Order 98/100 dated 10 July 1998 and, in accordance with that Class Order, the amounts shown in this report and in the accompanying half-year financial report have been rounded off, except where otherwise stated, to the nearest one hundred thousand dollars.

This report is made in accordance with a resolution of directors.

Signed on behalf of the Board

Cash flow hedging reserve: The cash flow hedging reserve comprises the effective portion of the cumulative net change in the fair value of cash flow hedging instruments related to hedged transactions that have not yet occurred.

Share-based payments reserve: The share-based payments reserve represents the amount receivable from employees in relation to limited recourse loans for shares issued under long term incentive plans, as well as the fair value of shares treated as options recognised as an employee expense over the relevant vesting period.

Foreign currency translation reserve: Exchange differences arising on translation of foreign controlled operations are taken to the foreign currency translation reserve. The relevant position of the reserve is recognised in the income statement when the foreign operation is disposed of.

Fair value reserve: The fair value reserve represents the cumulative net change in the fair value of available-for-sale financial assets until the investment is derecognised as available-for-sale.

Notes to the Half-year Financial Report

For the half-year ended 31 March 2009

1. Basis of preparation

Incitec Pivot Limited is a Company domiciled in Australia. The half-year financial report of the Company as at and for the six months ended 31 March 2009 comprises the Company and its controlled entities (collectively the "Consolidated entity"). The Annual Financial Report of the Consolidated entity is available upon request from the Company's registered office at 70 Southbank Boulevard, Southbank Victoria 3006, Australia or at www.incitecpivot.com.au.

The half-year financial report is a general purpose financial report which has been prepared in accordance with the requirements of the Australian *Corporations Act 2001* and Accounting standards applicable in Australia, including AASB 134: *Interim Financial Reporting*.

This half-year financial report does not include all the notes of the type normally included in the Annual Financial Report. Accordingly, this report is to be read in conjunction with the Annual Financial Report for the year ended 30 September 2008 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

This half-year financial report was approved by the Board of directors on 8th May 2009.

The Consolidated entity is of a kind referred to in ASIC Class Order 98/100 dated 10 July 1998 and in accordance with the Class Order, amounts in the half-year financial report have been rounded off to the nearest one hundred thousand dollars, unless otherwise stated. The half-year financial report is presented in Australian dollars.

2. Summary of accounting policies

Except as described below, the accounting policies applied by the Consolidated entity in this half-year financial report are the same as those applied by the Consolidated entity in its Annual Financial Report as at and for the year ended 30 September 2008.

The principal Australian Accounting standards and interpretations that have been adopted since 30 September 2008 are:

- AASB 2008-8 *Amendments to Australian Accounting Standards – Eligible Hedged Items* (adopted early)
- Interpretation 4 *Determining whether an Arrangement contains a lease*

The early adoption of AASB 2008-8 changes the Consolidated entity's accounting policy in regards to treatment of options as an effective hedge instrument. This has resulted in the following changes to the Consolidated entity's financial statements:

- In the prior year, the movement in market value of option premiums was booked to the Cash Flow Hedging Reserve. AASB 2008-8 requires the decrease in the market value (time related portion) of the option premiums to be expensed, resulting in \$13.8m (\$9.7m net of tax) being transferred from the Cash Flow Hedging Reserve to Retained Earnings. In the Consolidated Entity's full year results, prior year earnings will be restated (reduced) by \$13.8m (\$9.7m net of tax) as this transaction occurred in the second half of the year ended 30 September 2008;
- In the current half-year, the movement in market value (time related portion) of option premiums totalling \$6.9m (\$4.8m net of tax) has been expensed; in the event that AASB 2008-8 had not been adopted early this amount would have been transferred to the Cash Flow Hedging Reserve.

The following standards were available for early adoption but have not been applied by the Consolidated entity in the half-year financial report:

- AASB 8 *Operating Segments* (February 2007) requires disclosure of profit or loss, income and expense, assets and liabilities reported to the entity's chief operating decision maker. AASB 8 is applicable for annual reporting periods beginning on or after 1 January 2009.
- AASB 3 *Business Combinations* (March 2008) requires an acquirer of a business to recognise the assets acquired and liabilities assumed at their acquisition-date fair values and discloses information that enables users to evaluate the nature and financial effects of the acquisition. AASB 3 is applicable for annual reporting periods beginning on or after 1 July 2009.

Notes to the Half-year Financial Report

For the half-year ended 31 March 2009

3. Segment report

(a) Description of segments

31 March 2008

During the half year ended 31 March 2008, the Consolidated entity operated in one business segment, in which the principal activities were the manufacture, trading and distribution of fertilisers and chemicals, in one geographic location, Australia.

31 March 2009

The acquisition of Dyno Nobel Limited resulted in the Consolidated entity operating with two distinct businesses with distinct reporting structures. As a result, the Consolidated entity adopted business segments as its primary segment reporting format.

Business segments

The Consolidated entity comprises the following main business segments:

- Fertilisers: the manufacture, trading and distribution of fertilisers and chemicals.
- Explosives: the manufacture and sale of industrial explosives and related products and services to mining, quarrying and construction industries.

(b) Primary reporting format – business segments

Impairment losses - inventories	65.8	5.4	-	71.2
Impairment losses - trade receivables	(0.9)	(4.9)	-	(5.8)

(c) Geographical segments – secondary reporting segments

The Fertiliser and Explosives segments are managed on a group-wide basis, but operate in two principal geographical areas, Australia/Asia and the Americas (including USA, Mexico and Canada).

In presenting information on the basis of geographical segments, segment revenue is based on geographical locations of customers. Segment assets are based on the geographical location of the assets.

	Australia/Asia \$mill	Americas \$mill	Consolidation adjustments \$mill	Consolidated \$mill
Revenue from external customers	947.8	760.2	-	1,708.0
Segment assets	3,491.6	6,016.9	(1,061.6)	8,446.9

Net gain on sale of property, plant and equipment	6.7	1.4
Total other income	27.4	13.5
Total revenue and other income	1,735.4	762.8

Seasonality of operations

Earnings are biased to the second half of the financial year and are significantly influenced in the Fertilisers segment by the Australian winter planting season which is dependent upon autumn and early winter rainfall and, in the Explosives segment which is significantly influenced by the North American winter.

The following table presents selected results for the Consolidated entity for the 12 months ended 31 March 2009 and 31 March 2008.

Fertilisers	2,295.3	1,578.9
Explosives (since acquisition date 16 June 2008)	1,581.8	-
Revenue from ordinary activities	3,877.1	1,578.9
Fertilisers	707.6	440.8
Explosives (since acquisition date 16 June 2008)	151.5	-
Profit from ordinary activities before interest and related income tax	859.1	440.8

- ⁽¹⁾ Prior year balance includes: (a) the unwinding of discount on Incitec Pivot's long term provisions; and
(b) the adjustment to long-term provisions and other payable balances after applying the most recently calculated discount rates. This resulted in a favourable profit and loss impact as the discount rates used increased over the period in line with market conditions.

⁽¹⁾ 2005 saw a significant rationalisation of the fertiliser industry, following which the Consolidated entity incurred significant expenditure in reacting to the changed industry dynamics including developing and implementing a new business model and embarking on a major restructuring of the business.

⁽²⁾ Expenditure in relation to the separation from Orica Limited and integration of Southern Cross Fertilisers Pty Limited including the development of a Standard Operating Environment (IT Platform).

⁽³⁾ Following the acquisition of Dyno Nobel Limited, restructuring and integration expenditure has been incurred including employee redundancy costs as well as IT expenditure in creating common networks and collaboration between sites.

⁽⁴⁾ During 2008 Cockle Creek ceased beneficial production and was subsequently closed in January 2009. Expenditure has been incurred in closing the site and losses have been made in selling excess inventory and plant and equipment.

⁽⁵⁾ During 2009 sales volumes and market prices for imported phosphate rock based products have declined significantly, The provision represents the write down of the phosphate rock component of finished goods and phosphate rock on hand to net realisable value.

⁽⁶⁾ Direct transaction costs in relation to the Bridge Facility negotiation in order to acquire the shares in Dyno Nobel Limited which it did not already own during the 2008 financial year. As the Bridge Facility is replaced with new borrowings, its transaction costs are required to be written off.

Long Term Incentive (LTI) Performance Plans – 2006/08, 2006/09, 2007/10 and Retention Award – Mr Segal

The terms and conditions of the LTI Performance Plans 2006/08, 2006/09, 2007/10 and Retention Award – Mr Segal, are disclosed in the Annual Financial Report as at and for the year ended 30 September 2008. Details regarding Mr Segal's entitlements following his cessation of employment effective 8 May 2009 were notified to the Australian Securities Exchange on 22 April 2009.

The 2006/08 LTI Plan vested on 30 September 2008 and, as the performance criteria were achieved, awards were granted, by way of partial loan forgiveness.

During the six months there has been an additional LTI Performance Rights Plan established (as detailed below).

LTI Performance Rights Plan – 2008/11

During the half-year, the Company established a LTI Performance Rights Plan under the Incitec Pivot Performance Rights Plan Rules. The performance period for the 2008/11 LTI Performance Rights Plan is based on a three year performance cycle from 1 October 2008 to 30 September 2011. The 2008/11 LTI Plan operates by way of the Company granting participants Performance Rights, which entitle the participant to receive a fully paid ordinary share in Incitec Pivot Ltd, at no cost, upon the exercise of the Performance Right, subject to the satisfaction of the performance conditions and the Plan Rules.

The number of Performance Rights that vest will be determined according to Incitec Pivot Ltd's performance. Absolute Total Shareholder Return (Absolute TSR) is the performance condition that will determine the number of Performance Rights which will vest. This will be tested at the end of the Performance Period, being 30 September 2011.

The Performance Rights allocated to participants under the 2008/11 LTI Plan are treated as options for the purpose of AASB 2 *Share-Based Payments* (AASB 2). Participants were invited into the 2008/11 LTI Plan on 1 December 2008. Accordingly, the terms and conditions of the Performance Rights allocated, granted during the six months ended 31 March 2009 are summarised as follows:

	Grant Date	Expiry Date	Exercise price	Number of rights, treated as options, granted
2008/11 LTI Performance Rights Plan	19 Dec 2008	30 Sep 2013	\$nil	3,040,430

Fair value of performance rights treated as options granted during the six months ended 31 March 2009

The basis of measuring fair value is consistent with that disclosed in the consolidated financial report as at and for the year ended 30 September 2008. The fair value at grant date is independently determined using an adjusted form of the Black-Scholes option pricing model that takes into account the exercise price, the life of the performance right treated as an option, the impact of dilution, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the performance right treated as an option:

The model inputs for these performance rights, treated as options, granted during the six months ended 31 March 2009 included:

Vesting period and conditions – 2008/11 LTI Plan

Performance Rights treated as options were granted at \$nil per right, have a three year life, and vest after certain Absolute TSR targets are met for the period 1 October 2008 to 30 September 2011 and are treated as exercisable at the earlier of 31 December 2011 or cessation of employment.

11. Events subsequent to reporting date

Since the end of the half-year, the Directors have determined to pay an interim dividend of 2.1 cents per share. This dividend is fully franked at the 30% corporate tax rate and is payable on 7 July 2009.

Since the end of the half-year, due to low demand for Single Superphosphate, it has been determined to close the Geelong manufacturing plant, with effect from 30 June 2009. The immediate cost of the closure is approximately \$2 million (after tax), for redundancies and associated costs.

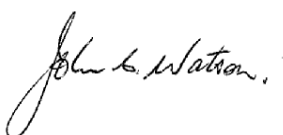

The directors have not become aware of any other significant matter or circumstance that has arisen since 31 March 2009 that has affected or may affect the operations of the Consolidated entity, the result of those operations, or the state of affairs of the Consolidated entity in subsequent years, which has not been covered in this report.

Directors' Declaration

I, John C Watson, being a director of Incitec Pivot Limited, do hereby state in accordance with a resolution of the directors that in the opinion of the directors,

- (a) the financial statements and notes set out on pages 6 to 22, are in accordance with the Corporations Act 2001, including:
 - (i) giving a true and fair view of the financial position of the Consolidated entity as at 31 March 2009 and of its performance, as represented by the results of its operations and cash flows for the half-year ended on that date; and
 - (ii) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the Corporations Regulations 2001; and
- (b) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

John C Watson, AM
Chairman

Dated at Melbourne this 8th day of May 2009.

Independent auditor's review report to the members of Incitec Pivot Limited

Report on the financial report

We have reviewed the accompanying half-year financial report of Incitec Pivot Limited, which comprises the consolidated interim statement of financial position as at 31 March 2009, income statement, statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, a summary of accounting policies and other explanatory notes 1 to 11 and the directors' declaration of the Consolidated entity comprising the company and the entities it controlled at the half-year's end or from time to time during the half-year.

Directors' responsibility for the half-year financial report

The directors of the company are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of Interim and Other Financial Reports Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Consolidated entity's financial position as at 31 March 2009 and its performance for the half-year ended on that date; and complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As auditor of Incitec Pivot Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Incitec Pivot Limited is not in accordance with the *Corporations Act 2001*, including:

(a) giving a true and fair view of the Consolidated entity's financial position as at 31 March 2009 and of its performance for the half-year ended on that date; and

(b) complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
