
Corporate Governance Statement

Mesoblast Limited (the **Company** or **Mesoblast**) and its Board of Directors (the **Board**) are committed to implementing and achieving an effective corporate governance framework to ensure that the Company is managed effectively and in an honest and ethical way.

A description of the Company and its controlled entities' (together, the **Group**) corporate governance practices are set out below. All of these practices, unless otherwise stated, were in practice for the entire year and are in compliance with the *ASX Corporate Governance Principles and Recommendations*, third edition (the **ASXCGPR**). The following report is structured to align with the principles set out in the ASXCGPR.

The information in this statement is current as at 21 September 2015 and has been approved by the Board. This statement includes cross references to the Company's charters, policies and codes, relevant copies or summaries of which are available in the Corporate Governance section of the Company's website, www.mesoblast.com. Further, this statement should be read in conjunction with the Directors' Report, the Remuneration Report and the Financial Report for the financial year ended 30 June 2015 as these reports also contain information required to be included by the ASXCGPR. The Directors' Report can be found at page 7 of the 2015 Annual Report, the Remuneration Report can be found at page 28 of the 2015 Annual Report, and the Financial Report can be found at page 47 of the 2015 Annual Report.

PRINCIPLE 1. LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

ROLE OF THE BOARD

The Board of Directors is primarily responsible for setting the strategic direction and corporate governance of the Group, and for overseeing the management and operations of the Group. In particular, the principal roles and responsibilities of the Board are to:

- facilitate accountability to the Group and its shareholders;
- ensure timely reporting to shareholders;
- provide strategic guidance to management including contributing to the development and review of the corporate strategy;

- oversee management of the Group and ensure there are effective management processes in place;
- appoint, if necessary remove, and monitor the performance of the Chief Executive;
- monitor:
 - organizational performance and the achievement of the Group's strategic goals and objectives;
 - financial performance including approval of the annual and half-year financial reports and liaison with the Company's auditors;
 - progress of major capital expenditures and other significant corporate projects including any acquisitions or divestments;
 - compliance with the Group's corporate governance policies and procedures;
 - progress in relation to the Group's diversity objectives and compliance with its diversity policy;
- review and approve business plans, the annual budget and financial plans including available resources and major capital raising or expenditure initiatives;
- approve major corporate initiatives;
- enhance and protect the reputation of the organization;
- oversee the operation of the Group's system for compliance and risk management reporting to shareholders; and
- ensure appropriate resources are available to senior management.

The Board operates in accordance with the broad principles set out in its charter, which provides a framework for the effective operation of the Board. The charter specifically addresses the following:

- role, authority and responsibilities of the Board;
- Board committees;
- composition of the Board and the election of the Chair;
- Directors' rights and duties;

- responsibilities of and delegations to management;
- performance of the Board; and
- role of the Company Secretary.

A summary of the charter is available at www.mesoblast.com.

BOARD SUB-COMMITTEES

The Board has delegated specific authority to three sub-committees. These committees are the Audit and Risk Committee, the Nomination and Remuneration Committee and the Science and Technology Committee.

The Board established the Science and Technology Committee to have oversight of matters pertaining to the Company's strategic direction and investment in research and development and technology. This committee's responsibilities are to:

- identify and consider emerging technologies and industry trends;
- review and evaluate the Company's progress in achieving its long-term strategic research and development objectives and the competitiveness of the Company's research and development program;
- review and evaluate the product development pipeline and priorities, clinical programs, manufacturing strategies and goals;
- review and recommend to the Board internal and external investments in science and technology;
- have oversight of the recruitment and retention of scientific talent and use of external scientific experts; and
- report to the Board on the above matters.

The Science and Technology Committee must comprise of at least two independent Directors and the Company's Chief Scientific Officer (or equivalent).

The following Directors are the members of the Science and Technology Committee:

Name	Position held during the year
Silviu Itescu	Executive member
Eric Rose	Independent member
Ben-Zion Weiner	Independent member
William Burns	Independent member

The charter of the Science and Technology Committee is available at www.mesoblast.com.

Further details on the Nomination and Remuneration Committee and Audit and Risk Committee are at Principle 2 and Principle 4 of this statement, respectively.

ROLE OF MANAGEMENT

Day to day management of the Group's operations and the implementation of the corporate strategy and policy initiatives are delegated by the Board to the Chief Executive and the executive team.

Specific limits of authority delegated to the Chief Executive and senior executive team are outlined in a formal delegation of authority policy, which has been approved by the Board.

DIRECTOR SELECTION AND APPOINTMENT

The Company conducts appropriate checks before it appoints a person or puts forward to shareholders a new candidate for election as a Director. These include checks as to the person's character, experience, education, criminal record, bankruptcy history, probity and any other relevant matters.

The Company also provides shareholders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a Director in the notice of meeting provided to shareholders. This includes information relevant for shareholders to be able to assess the Director's skills and competencies, industry experience, time commitments and other relevant information in their consideration of that election. Directors eligible for election are also invited to address the meeting and provide details of the relevant qualifications, experience and skills they will bring to the Board.

Formal letters of appointment are issued to all incoming new Directors setting out the Company's expectations, their responsibilities and rights and the terms and conditions of their engagement.

COMPANY SECRETARY

The Company Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board. The Company Secretary assists the Board in its effectiveness by ensuring that Board policy and procedures are followed and coordinating the timely completion and dispatch of the Board agenda and supporting papers. The Directors have direct access to the Company Secretary and regularly communicate through email, by telephone and in in-person meetings.

DIVERSITY

The Group values diversity and recognizes the benefits it can bring to the organization's ability to achieve its goals. Diversity can lead to a competitive advantage through broadening the talent pool for recruitment of high quality employees, by encouraging innovation and improving a corporation's image and reputation. Accordingly, the Group is committed to promoting diversity within the organisation and has adopted a formal policy outlining the Group's diversity objectives. It includes requirements for the Board to establish measurable objectives for achieving diversity and for the Board to annually assess the objectives, and the Group's progress in achieving these objectives. A copy of the diversity policy is available at www.mesoblast.com.

With respect to gender diversity, the Group has set the following objectives:

- 1) aim to increase the number of women on the Board of Directors as vacancies arise and circumstances permit;
- 2) aim to increase number of women who hold senior executive positions as vacancies arise and circumstances permit; and
- 3) ensure the opportunity exists for equal gender participation in all levels of professional development programs.

The following table reports the Group's progress towards achieving its gender diversity objectives for points one and two above. In regards to point three, the Group did ensure that an equal opportunity existed for gender participation in all levels of professional development programs during the year. For completeness, as at 30 June 2015 the Company had 115 employees, of which 59 (51%) were female.

Category	Number of women As at 30 June 2015	Number of women As at 30 June 2014	Increase/ (Decrease)
– on the Board of Directors*	–	–	–
– Senior executive positions**	5	5	–

* The Board's composition was not been altered in the 2015 financial year (or thereafter to the date of this report) but the Directors are mindful that there are no female directors on the Board and will give this due consideration at the time of any future appointments to the Board.

** A senior executive position is one held by an executive who reports directly to the Chief Executive.

The Board has delegated the responsibility for reviewing and reporting on diversity, specifically gender diversity, to the Nomination and Remuneration Committee.

BOARD PERFORMANCE EVALUATION

The performance of the Board is reviewed periodically. A copy of the Group's performance evaluation process for the Board, its committees, individual Directors and senior management is available at www.mesoblast.com. A Board evaluation process including an evaluation of individual non-executives was last undertaken during the 2014 financial year and will next occur later this year. The 2014 review encompassed feedback on the Chair and individual non-executive Directors as well as consideration of Board succession planning, diversity and breadth and sufficiency of skills represented on the Board. At that time, the results confirmed that the Board continues to function in an appropriate manner. The Board also carries out informal performance monitoring sessions at each in-person meeting of the Board.

The performance of each Board committee is reviewed periodically. The last formal review was undertaken in the 2014 financial year. At that time, the results confirmed that the committees continue to function in an appropriate manner. In addition, Directors are encouraged to raise any issues of concern regarding the performance of the Board, Board committees or individual Directors with the Chair, or if the concern relates to the Chair, with the Chair of the Audit and Risk Committee.

SENIOR EXECUTIVE PERFORMANCE EVALUATION

The process for assessing performance of the Chief Executive and the senior executive team is described in the Remuneration Report. A performance evaluation for senior executives, which accords with the process described in the Remuneration Report, has taken place in the 2015 financial year.

PRINCIPLE 2.

STRUCTURE THE BOARD TO ADD VALUE

NOMINATION AND REMUNERATION COMMITTEE

The Board has established a Nomination and Remuneration Committee to assist it in the discharge of its responsibilities. The main responsibilities of the committee are to:

- conduct an annual review of the membership of the Board having regard to present and future needs of the Company and to make recommendations on Board composition, appointments and reappointments;
- conduct an annual review of and determine the independence of each Director;
- propose candidates for Board vacancies;
- oversee the annual performance assessment program, including recommendations for long and short term incentive grants as well as pay reviews;
- oversee Board succession, including the succession of the Chair, and review whether succession plans are in place to maintain an appropriately balanced mix of skills, experience and diversity on the Board;
- manage the processes in relation to meeting Board diversity objectives;
- oversee senior management succession plans; and
- assess the effectiveness of the induction process.

The Nomination and Remuneration Committee operates in accordance with its charter which sets out its roles and responsibilities, composition, structure and membership requirements. A summary of the Nomination and Remuneration Committee is available at www.mesoblast.com.

The following three independent Directors are the members of the Nomination and Remuneration Committee:

Name	Position held during the year
Donal O'Dwyer	Independent Chair
Michael Spooner	Independent member
Brian Jamieson	Independent member

The details of the meetings attended by each member of the Nomination and Remuneration Committee during the 2015 financial year are set out in the Directors' Report.

BOARD SKILLS MATRIX

The Company has developed a skills matrix setting out the mix of skills and diversity that the Board currently has or is looking to achieve in its membership. The skills matrix helps to identify any gaps in the collective skills of the Board that can then be addressed through professional development initiatives for Directors and in Board succession planning.

A review of Board skills and experience was undertaken during the 2015 financial year, and the collective skills and experience of the current Board and skills the Board is looking to achieve in its membership are in the areas of, but not limited to:

- Industry experience: product development – substantial experience in the product development process and the path to regulatory and pricing approval;
- Industry experience: approved products – substantial experience in the global supply of approved products;
- Executive leadership experience in global companies – substantial experience in senior executive roles for businesses across multiple global locations;
- Strategy – substantial experience in the development and implementation of strategic plans to deliver investor returns over time;
- Capital management – substantial experience in capital management strategies, including partnerships and capital raisings;
- Financial and risk management – expertise and experience in financial accounting and reporting, internal controls and financial disclosure;
- Human resources – substantial experience in oversight of remuneration, incentives, equity programs, benefits and employment contracts; and
- Governance – substantial experience in public entity disclosure, management oversight and inquiry, listing rules and compliance.

Each of these skills is well represented on our Board.

INDEPENDENT DIRECTORS

With the exception of our Chief Executive, the Board comprises of independent Directors, namely Mr Brian Jamieson, Mr William Burns, Mr Donal O'Dwyer, Dr Eric Rose, Mr Michael Spooner and Dr Ben-Zion Weiner.

A Director is considered independent if he is a non-executive Director and he is free of any interest, position, association or relationship that might influence, or reasonably be perceived to influence, in a material respect his capacity to bring an independent judgement to bear on issues before the Board. The Board considers the factors set out in the ASXCGPR and outlined below when assessing the independence of each non-executive Director, being whether the Director:

- is, or has been, employed in an executive capacity by the Group and there has not been a period of at least three years between ceasing such employment and serving on the Board;
- is, or has within the last three years been, a partner, director or senior employee of a provider of material professional services or consultant to the Group;
- is, or has been within the last three years, in a material business relationship (eg, as a supplier or customer) with the Group, or an officer of, or otherwise associated with, someone in such a relationship;
- holds 5% or more of the votes attaching to Mesoblast shares (that is, a substantial shareholder) or has been a substantial shareholder of the Company or an officer of, or otherwise associated with, a substantial shareholder of the Company;
- has a material contractual relationship with the Group other than as a Director;
- has close family ties with any person who falls within any of the categories described above; or

- has been a Director of the Company for such a period that his or her independence may have been compromised; and
- has family ties and cross-directorships may be relevant in considering interests and relationships which may affect independence.

The Board at least annually assesses independence of its non-executive Directors. To enable this assessment of independence, the Company maintains a conflicts of interest register, and the Directors must provide all information that may be relevant to the assessment.

As part of its annual assessment of independence for 2015, the Board gave specific consideration to:

- the independence of Mr Spooner, who performed the role of Executive Chair from August 2005 to November 2007, at which time he resigned but remained a Director of the Board, and also due to Mr Spooner having a tenure of 10 years and 9 months as at 30 June 2015; and
- the independence of Mr O'Dwyer with a tenure on the Board of 10 years and 9 months as at 30 June 2015.

With respect to Mr Spooner's former role as Executive Chair and his continuation on the Board, the Board maintains the view that he remains an independent Director on the basis that the Group has significantly expanded its operations since he held an executive role more than seven years ago. With respect to Mr Spooner and Mr O'Dwyer's tenure on the Board, the Board considers each of these Directors to be independent Directors on the basis that each continues to bring valuable expertise, independent judgement and has not formed associations with management or others that might compromise their ability to fulfil their role as an independent Director.

CHAIR

The Chair is responsible for leading the Board and for the efficient organisation and conduct of the Board. The role of the Chair more specifically is to ensure Directors are properly briefed in all matters relevant to their role and responsibilities, to facilitate Board discussions and to manage the Board's relationship with the Chief Executive and executive team. In accepting the position, the Chair has acknowledged that it will require a significant time commitment and has confirmed that other positions held will not hinder his effective performance in the role of Chair. The Chair of the Board, Mr Brian Jamieson, is considered an independent Director.

TERM OF OFFICE

The Company's constitution specifies that no Director, except the Chief Executive, may hold office for a period in excess of three years, or beyond the third Annual General Meeting following the Director's election, whichever is the longer, without submitting himself or herself for re-election.

Additionally, at every Annual General Meeting one-third of the previously-elected Directors, and if their number is not a multiple of three, then the number nearest to, but not exceeding one third, must retire from office and are eligible for re-election.

The term in office held by each Director in office as at 30 June 2015 is as follows:

Director	Term as director	Position held at 30 June 2015
Brian Jamieson	7 years 7 months	Independent Chair
Silviu Itescu	11 years	Executive Director
Donal O'Dwyer	10 years 9 months	Independent Director
Michael Spooner	10 years 9 months	Independent Director
Ben-Zion Weiner	3 years 1 month	Independent Director
Eric Rose	2 years 2 months	Independent Director
William Burns	1 year 3 months	Independent Director

BOARD INDUCTION AND PROFESSIONAL DEVELOPMENT

All new Directors participate in an informal induction program which covers the operation of the Board and its committees, and an overview of the Group's core programs, key strategy, financial and relevant operational documents. The induction also includes meetings with existing Directors and senior executives to ensure all relevant and material information is explained thoroughly. The induction provided to new Directors enables them to actively participate in Board decision-making as soon as possible.

The Board encourages Directors to identify and participate in continuing education. The Board actively assesses relevant conferences and presentations that are appropriate for them to attend, particularly in the field of regenerative medicine, to heighten their understanding of the Group's core technologies and industry.

PRINCIPLE 3. ACT ETHICALLY AND RESPONSIBLY

CODE OF CONDUCT

As part of its commitment to recognizing the legitimate interests of stakeholders, the Group has established a code of conduct to guide all Directors and employees in respect of ethical and compliant behaviour expected by the Group. In summary, the code requires that at all times all Company personnel act with the utmost integrity, objectivity and in compliance with the law and Company policies. More specifically, the code of conduct covers the following:

- conflicts of interest;
- confidentiality;
- fair dealing;
- protection of assets;
- compliance with laws and regulations;
- reporting violations of the code;

- security trading; and
- commitments to stakeholders.

A copy of the code of conduct can be found at www.mesoblast.com.

PRINCIPLE 4. SAFEGUARD INTEGRITY IN FINANCIAL REPORTING

AUDIT AND RISK COMMITTEE

The Board has established an Audit and Risk Committee to which it has delegated the responsibility for ensuring that an effective internal control framework exists within the Group. The main responsibilities of the Audit and Risk Committee with respect to financial reporting are to:

- review, assess and approve the annual financial report, the half-year financial report and all other financial information published by the Company or released to the market;
- recommend to the Board the appointment, removal and remuneration of the external auditors, and review the terms of their engagement, the scope and quality of the audit and assess performance;
- consider the independence and competence of the external auditor on an ongoing basis;
- review and approve the level of non-audit services provided by the external auditors and ensure it does not adversely impact on auditor independence;
- review and monitor related party transactions;
- oversee the effective operation of the risk management framework;
- assist the Board in reviewing the effectiveness of the organization's internal control environment covering:
 - effectiveness and efficiency of operations and business processes;
 - safeguarding of assets
 - reliability of financial reporting and maintaining proper accounting records;
 - compliance with applicable laws and regulations; and
- report to the Board on matters relevant to the committee's role and responsibilities.

In fulfilling its responsibilities, the Audit and Risk Committee:

- receives regular reports from management and the external auditors;
- meets with the external auditors at least twice a year, or more frequently if necessary;
- reviews the processes the Chief Executive and Chief Financial Officer have in place to support their certifications to the Board;
- reviews any significant disagreements between the auditors and management, irrespective of whether they have been resolved; and
- provides the external auditors with a clear line of direct communication at any time to either the Chair of the Audit and Risk Committee or the Chair of the Board.

The Audit and Risk Committee has authority, within the scope of its responsibilities, to seek any information it requires from any employee or external party.

The Audit and Risk Committee operates under a formal charter approved by the Board which sets out the committee's role and responsibilities, composition, structure and membership requirements and the procedures for inviting non-committee members to attend meetings. A full copy of the Audit and Risk Committee charter, which was reviewed during the reporting year, can be found at www.mesoblast.com.

The following three independent Directors are the members of the Audit and Risk Committee:

Name	Position held during the year
Michael Spooner	Independent Chair
Brian Jamieson	Independent member
Donal O'Dwyer	Independent member

All of the Directors are financially literate and two of the members, Michael Spooner and Brian Jamieson, have accounting qualifications. Further, Michael Spooner and Donal O'Dwyer have valuable industry experience having served in the industry in senior positions for a number of years. The details of the meetings attended by each member of the Audit and Risk Committee during the 2015 financial year are set out in the Directors' Report.

CHIEF EXECUTIVE AND CHIEF FINANCIAL OFFICER DECLARATION

The integrity of the Company's financial reporting depends upon the existence of a sound system of risk oversight and management and internal control. Management accountability for this is enhanced by the assurances it is required to give to the Board.

The Chief Executive and the Chief Financial Officer provided assurance to the Board prior to release of the 31 December 2014 financial statements and 30 June 2015 financial statements that, in their opinion:

- the financial records of the Company for the financial year have been properly maintained in accordance with the *Corporations Act 2001*; and
- the financial statements and notes for the relevant financial period comply with the accounting standards and give a true and fair view of the financial position and performance of the Group.

The opinions of the Chief Executive and the Chief Financial Officer were formed on the basis of a sound system of risk management and internal control which is operating effectively.

EXTERNAL AUDITOR

The Audit and Risk Committee's policy is to appoint an external auditor who demonstrates quality and independence. The performance of the external auditor is reviewed annually and applications for tender of external audit services are requested as deemed appropriate, taking into consideration assessment of performance, existing value and tender costs. PwC was appointed as the external auditor in November 2007.

It is PwC's policy to rotate audit engagement partners on listed companies at least every five years. The current audit engagement partner was appointed on and from the year ended 30 June 2013.

An analysis of fees paid to the external auditors for the 2015 financial year is provided in note 19 to the Financial Report. There were no fees paid for non-audit services provided by the auditor. It is the policy of the external auditors to provide an annual declaration of their independence to the Audit and Risk Committee.

The external auditor will attend the Annual General Meeting and be available to answer shareholder questions about the conduct of the audit and the preparation and content of the audit report.

PRINCIPLE 5. MAKE TIMELY AND BALANCED DISCLOSURE

CONTINUOUS DISCLOSURE

While the Company does not have a written policy for complying with its continuous disclosure obligations as recommended by the ASXCGPR in Recommendation 5.1, the Company has procedures in place to ensure that it identifies and discloses any information concerning the Group that a reasonable person would expect to have a material effect on the price of the Company's securities (price sensitive information) in accordance with the continuous disclosure requirements under ASX Listing Rule 3.1.

The Company has established a Materials Review Committee which reviews all market announcements (other than routine administrative and financial announcements) to ensure they are factual, comply with legal obligations, do not omit material information, provide a balanced view, and are presented in a clear and concise way. The Materials Review Committee operates in accordance with its charter.

The Chief Executive, acting in conjunction with the Global Head of Corporate Communications, the General Counsel, the Company Secretary and the Materials Review Committee, is responsible for overseeing the disclosure of information to the ASX. The Company Secretary is responsible for coordinating the timely disclosure of information to the ASX.

All price sensitive information disclosed to the ASX is posted on the Mesoblast website as soon as possible after it is disclosed to the ASX. When analysts are briefed on aspects of the Group's operations, the material used in the presentation is released to the ASX and posted on the Mesoblast website.

The Company intends to formalize a policy in relation to market disclosure and shareholder communications. When this policy has been finalized and adopted, it will be made available at www.mesoblast.com.

PRINCIPLE 6.

RESPECT THE RIGHTS OF SECURITY HOLDERS

COMPANY WEBSITE

The Company provides information about itself and its governance on its website at www.mesoblast.com.

INVESTOR RELATIONS

Mesoblast's investor relations program involves scheduled and ad hoc interactions with institutional investors, private investors, sell-side and buy-side analysts and the financial media to facilitate understanding of the Group's business, corporate strategy, governance, financial and operational performance and prospects.

Further, shareholders can contact us at any time through the Group's Investor Relations team. The contact details are available on www.mesoblast.com. The Board receives regular reports from our Chief Executive, Chief Financial Officer and Head of Investor Relations regarding feedback from shareholders and analysts. This ensures Directors are aware of concerns being raised giving them a good understanding of current market and shareholder views.

Where possible, the Company arranges for advance notification of significant group briefings (including, but not limited to, results announcements) and makes them widely accessible. Webcasts of analysts' calls are generally available on our website (www.mesoblast.com).

SHAREHOLDER MEETINGS

The Board encourages full participation by shareholders at the Annual General Meeting to ensure a high level of Director accountability to shareholders and to enhance shareholders' identification with the Group's strategy and goals. The shareholders are requested to vote on matters such as the adoption of the Remuneration Report, the granting of securities to Directors and changes to the Constitution. Importantly, Mesoblast facilitates and encourages shareholder participation at the Annual General Meeting by providing a question forum at the meeting to address individual shareholder queries.

ELECTRONIC COMMUNICATIONS

Mesoblast gives shareholders the option to receive communications from, and send communications to, Mesoblast and its security registry electronically.

PRINCIPLE 7.

RECOGNIZE AND MANAGE RISK

AUDIT AND RISK COMMITTEE

The Board is responsible for satisfying itself annually, or more frequently as required, that management has developed and implemented a sound system of risk management and internal control. Detailed work on this task is delegated to the Audit and Risk Committee and reviewed by the full Board. The Audit

and Risk Committee is responsible for ensuring there are adequate policies in relation to risk management, compliance and internal control systems. They monitor the Group's risk management by overseeing management's actions in the evaluation, management, monitoring and reporting of material operational, financial, compliance and strategic risks. In providing this oversight of the Company's risk management systems and practices, the committee:

- reviews the framework and methodology for risk identification, the degree of risk the Company is willing to accept, the management of risk and the processes for auditing and evaluating the Group's risk management system;
- reviews Group-wide objectives in the context of the abovementioned categories of corporate risk;
- reviews and, where necessary, approves guidelines and policies governing the identification, assessment and management of the Group's exposure to risk;
- reviews and approves the delegations of financial authorities and addresses any need to update these authorities on an annual basis; and
- reviews compliance with agreed policies.

The committee recommends any actions it deems appropriate to the Board for its consideration. Details of the committee's composition, structure and membership can be found under Principle 4 of this statement.

RISK MANAGEMENT FRAMEWORK

The Group's internal risk management group, headed by the Chief Financial Officer, is responsible for designing, implementing, monitoring and reporting on the Group's management of material business risks, and the effectiveness of the Group's risk management and internal control system. The risk management group reports into the Audit and Risk Committee.

Risk and the risk management framework are reviewed at least annually by the Audit and Risk Committee. Following this review for the 2015 financial year, material business risks identified for the Group are product risk, manufacturing risk, commercialization risk, partnering risk, funding risk, key personnel risk, intellectual property risk and regulatory risk. Further detail on these risks can be found in the Directors' Report. In addition, the material financial risks for the Group are set out in note 10 of the Financial Report.

INTERNAL AUDIT FUNCTION

In light of the size and nature of the Company's operations and activities, the Company has not established a separate internal audit function. The Group does have, however, a large Quality Management Department with appropriate controls in place for monitoring and compliance of clinical and non-clinical studies as well as manufacturing operations.

ECONOMIC, ENVIRONMENTAL AND SOCIAL SUSTAINABILITY

The Group monitors its exposure to risks, including economic, environmental and social sustainability risks. Material risks identified for the Group, including economic risks, are set out in the Directors' Report and note 10 of the Financial Report. Other than as related to

the material risks disclosed in the Directors Report and Financial Report, the Board does not consider that the Group has any material exposure to any environmental or social sustainability risks.

The Company is in the process of preparing a sustainability report. When this report is finalized, it will be made available at www.mesoblast.com.

PRINCIPLE 8.

REMUNERATE FAIRLY AND RESPONSIBLY

NOMINATION AND REMUNERATION COMMITTEE

As mentioned above in Principle 2, the Board has established a combined Nomination and Remuneration Committee. The Nomination and Remuneration Committee advises the Board on remuneration and incentive policies and practices generally, and makes specific recommendations on remuneration packages and other terms of employment for executive Directors, other senior executives and non-executive Directors. Committee members receive regular briefings from an external remuneration expert on recent developments on remuneration and related matters. Details of the committee's role and responsibilities, composition, structure and membership can be found under Principle 2 of this statement.

NON-EXECUTIVE DIRECTOR REMUNERATION POLICY

Non-executive Director remuneration consists of Director fees. Certain non-executive Directors have previously been issued with options as part of their remuneration, including during the 2015 financial year following authorisation from shareholders at our 2014 Annual General Meeting. These options were not subject to any performance hurdles or performance rights. Further, non-executive Director remuneration does not include any performance-based remuneration or bonuses. The issue of options to the non-executive Directors is not an annual or regular event.

Further information on non-executive Directors' remuneration for the 2015 financial year, including principles used to determine remuneration, is set out in the Remuneration Report.

EXECUTIVE DIRECTOR AND SENIOR EXECUTIVES' REMUNERATION POLICY

Executive remuneration consists of fixed pay, performance-based remuneration and equity-based remuneration, and is closely aligned to the success of the Group. Further information on executive Director and senior executives' remuneration for the 2015 financial year, including principles used to determine remuneration, is set out in the Remuneration Report.

SHARE TRADING POLICY

The Company has developed a share trading policy which governs the trading of the Company's shares by Directors, employees and key consultants of the Company – who collectively are known as 'Designated Persons'. Designated Persons are not permitted to trade in the Company's securities during the following periods:

- the period from 1 July until the preliminary announcement of the Group's annual financial results plus 2 calendar days;
- the period from 1 January until the announcement of the Group's half year report plus 2 calendar days; and
- other periods as advised by the Board from time to time.

In addition, no person is able to trade in the Company's shares whilst in the possession of material inside information, and nor are they able to influence any other person with regard to trading in the Company's shares.

The share trading policy prohibits any of the Group's Directors, employees or contractors (including participants in the Group's Employee Share Option Plan and Loan Funded Share Scheme) from trading in the Company's derivatives. This prohibition is in place to prevent such personnel from limiting their economic exposure to risk arising out of an element of remuneration which has not vested, or which has vested but remains the subject of a disposal restriction.

A copy of the Company's share trading policy can be found at www.mesoblast.com.
