

## About the Integrity Line

---

The Integrity Line is a service established by the Board of Directors to enable confidential reports of possible violations of the company's Code of Conduct.

The Integrity Line is available 24 hours a day, seven days a week and is staffed by an outside organization that does not utilize Orbitz employees. Interpreters are available.

You may place calls to the Integrity Line to ask questions or obtain advice on compliance- or ethical-related issues or to report actual or potential violations of the Code, including concerns regarding accounting, auditing and financial reporting matters. A call specialist will listen to the report or inquiry, make a detailed summary of the call and forward the information to the appropriate individual(s) within Orbitz to look into the matter. Every effort will be made to keep the identity of anyone reporting an actual or potential violation confidential to the extent permitted by law, unless doing so will prevent Orbitz from fully and effectively investigating suspected misconduct. The Integrity Line will not record calls or use call identifiers.

### ***Calls to the Integrity Line are free.***
