**FOR IMMEDIATE RELEASE  
TUESDAY, DECEMBER 10, 2013**

**DUPONT FABROS TECHNOLOGY, INC.  
TO PRESENT AT GARTNER DATA CENTER CONFERENCE**

**WASHINGTON, DC** – December 10, 2013 – DuPont Fabros Technology, Inc. (NYSE: DFT) announced today that the Company's Executive Vice President of Operations, Scott A. Davis, is scheduled to present remarks at the Gartner Data Center Conference held in Las Vegas, Nevada. The presentation is scheduled for Wednesday, December 11, 2013 beginning at 4:30 p.m. PT.

The presentation, “Industry Trends Unraveled: The New Home of the Cloud”, will describe how DFT utilizes cost effective innovation to address the numerous industry trends facing data center end users today.

“I am very pleased to present at this year’s Gartner Data Center Conference”, stated Scott A. Davis of DFT. “Evolution is essential to stay ahead of the game. That is why DFT is continually enhancing our data centers to make them more efficient and less costly to build without sacrificing reliability. I look forward to discussing this and how we achieve other customer impacting benefits within our portfolio of data centers.”

**About DuPont Fabros Technology, Inc.**

DuPont Fabros Technology, Inc. (NYSE: DFT) is a leading owner, developer, operator and manager of enterprise-class, carrier-neutral, large multi-tenanted wholesale data centers. The Company’s facilities are designed to offer highly specialized, efficient and safe computing environments in a low-cost operating model. The Company’s customers outsource their mission critical applications and include national and international enterprises across numerous industries, such as technology, Internet content providers, media, communications, cloud-based, healthcare and financial services. The Company's ten data centers are located in four major U.S. markets, which total 2.5 million gross square feet and 218 megawatts of available critical load to power the servers and computing equipment of its customers. DuPont Fabros Technology, Inc., a real estate investment trust (REIT) is headquartered in Washington, DC. For more information, please visit [www.dft.com](http://www.dft.com).
