Improve Store Productivity

Stage Two – Improve Store Productivity
Expand offerings in nutritional supplements, household medical devices, personal care and household consumables to address broader needs of consumers

Address a Broader Needs of Customers

Nepstar, with established store footprint, proven central procurement, and developed logistics network, is well positioned to deliver the value of broader healthcare shopping.

Community Customers' Needs	Hospital pharmacy	Super markets	Traditional pharmacy	Beauty shops	Nepstar Drugstore
					
Quality assurance					
Wide range of pharmaceutical products					
Professional healthcare assistance					
Wide selection of healthcare related products and consumables					
Accessibility and convenience					

Initiatives Implemented

- Continue to optimize and broaden the product offerings
- Improve display of the stores
- Adopt active marketing campaigns to communicate with consumers
- Upgrade the logistics systems to match the offering changes

Meet the Challenges this Year

Challenging operational environment

- ▶ Increasing pressure on operation expenses driven by inflation and drastic minimum wage increase mandated;
- ▶ Increasing revenue and gross margin erosion for pharmaceutical products due to the disruption from the healthcare reform policies.

Grow single store productivity through optimization of product offerings and daily operation management

Closing underperforming stores with no sign of turnaround

Adopt stringent cost control measures to defend the inflation

Long-term Business Outlook

Adapt to the evolving operational environment, enhance store profitability, and further strengthen leading position in China

- Expand store network organically and through synergetic acquisition
- Leverage on procurement scale to maintain high gross margin
- Address broader needs of community customers to realize high store productivity
