Wynn Macau Credit Facilities

The Company's credit facilities include a \$2.30 billion equivalent fully funded senior secured term loan facility (the "Wynn Macau Senior Term Loan Facility") and a \$750 million equivalent senior secured revolving credit facility (the "Wynn Macau Senior Revolving Credit Facility," collectively, the "Wynn Macau Credit Facilities"). The borrower is Wynn Resorts (Macau) S.A. ("Wynn Macau SA"). As of September 30, 2017, the Company had \$608.6 million of available borrowing capacity under the Wynn Macau Senior Revolving Credit Facility.

WML Finance Revolving Credit Facility

The Company's credit facilities include a HK\$3.87 billion (approximately \$495.5 million) cash-collateralized revolving credit facility ("WML Finance Credit Facility") under which WML Finance I, Limited, an indirect wholly owned subsidiary of WML, is the borrower. The WML Finance Credit Facility bears interest initially at 1.50% per annum, such rate calculated as the interest rate paid by the lender as the deposit bank for the cash collateral deposited and pledged with the lender plus a margin of 0.40%. As of September 30, 2017, the Company had no borrowings under the WML Finance Credit Facility.

5 ¼% Senior Notes due 2021

On September 11, 2017, WML commenced a cash offer for any and all of the outstanding aggregate principal amount of the 2021 Notes. The Company accepted for purchase valid tenders with respect to \$946.4 million and paid a tender premium of \$27.2 million. As of September 30, 2017, the \$403.6 million principal amount of the untendered 2021 Notes is classified as current portion of long-term debt on the Condensed Consolidated Balance Sheet.

On October 20, 2017, WML redeemed the remaining \$403.6 million principal amount of the untendered 2021 Notes and discharged the indenture under which the 2021 Notes were issued. The Company paid a premium of \$10.6 million related to this redemption and will record a loss on extinguishment of debt of approximately \$12 million during the three months ended December 31, 2017.

4 ⅞% Senior Notes due 2024 and 5 ½% Senior Notes due 2027

On September 20, 2017, WML completed the issuance of \$600 million aggregate principal amount of 4 ⅞% Senior Notes due 2024 (the "2024 WML Notes") and \$750 million aggregate principal amount of 5 ½% Senior Notes due 2027 (the "2027 WML Notes" and together with the 2024 WML Notes, the "WML Notes"). WML used the net proceeds from the WML Notes and cash on hand to fund the cost of extinguishing the 2021 Notes.

The 2024 WML Notes bear interest at the rate of 4 ⅞% per annum and mature on October 1, 2024. The 2027 WML Notes bear interest at the rate of 5 ½% per annum and mature on October 1, 2027. Interest on the WML Notes is payable semi-annually in arrears on April 1 and October 1 of each year, beginning on April 1, 2018.

At any time prior to October 1, 2020 and October 1, 2022, WML may redeem the 2024 WML Notes and 2027 WML Notes, respectively, in whole or in part, at a redemption price equal to the greater of (a) 100% of the principal amount of the WML Notes or (b) a "make-whole" amount as determined by an independent investment banker in accordance with the terms of the indentures for the WML Notes, dated as of September 20, 2017 (the "WML Indentures"). In either case, the redemption price would include accrued and unpaid interest. In addition, at any time prior to October 1, 2020, WML may use the net cash proceeds from certain equity offerings to redeem up to 35% of the aggregate principal amount of the 2024 WML Notes and the 2027 WML Notes, at a redemption price equal to 104.875% of the aggregate principal amount of the 2024 WML Notes and 105.5% of the aggregate principal amount of the 2027 WML Notes, as applicable.

On or after October 1, 2020 and October 1, 2022, WML may redeem the 2024 WML Notes and 2027 WML Notes, respectively, in whole or in part, at a premium decreasing annually from 102.438% and 102.75%, respectively, of the applicable principal amount to zero, plus accrued and unpaid interest. If WML undergoes a Change of Control (as defined in the WML Indentures), it must offer to repurchase the WML Notes at a price equal to 101% of the aggregate principal amount thereof, plus accrued and unpaid interest. In addition, WML may redeem the WML Notes, in whole but not in part, at a redemption price equal to 100% of the principal amount, plus accrued and unpaid interest, in response to any change in or amendment to certain tax laws or tax positions. Further if a holder or beneficial owner of the WML Notes fails to meet certain requirements imposed by any Gaming Authority (as defined in the WML Indentures), WML may require the holder or beneficial owner to dispose of or redeem its WML Notes.

Upon the occurrence of (1) any event after which none of WML or any of its subsidiaries have such licenses, concessions, subconcessions or other permits or authorizations as necessary to conduct gaming activities in substantially the same scope as it does on the date of the WML Notes issuance, for a period of ten consecutive days or more, and such event has a material adverse effect on the financial condition, business, properties, or results of operations of WML and its subsidiaries, taken as a whole, or (2) the termination, rescission, revocation or modification of any such licenses, concessions, subconcessions or other permits or authorizations which has had a material adverse effect on the financial condition, business, properties, or results of operations of WML and its subsidiaries, taken as a whole, each holder of the WML Notes will have the right to require WML to repurchase all or any part of such holders' WML Notes at a purchase price in cash equal to 100% of the principal amount thereof, plus accrued and unpaid interest.

The WML Notes are WML's general unsecured obligations and rank pari passu in right of payment with all of WML's existing and future senior unsecured indebtedness, will rank senior to all of WML's future subordinated indebtedness, if any; will be effectively subordinated to all of WML's future secured indebtedness to the extent of the value of the assets securing such debt; and will be structurally subordinated to all existing and future obligations of WML's subsidiaries, including the Wynn Macau Credit Facilities and the WML Finance Credit Facility. The WML Notes are not registered under the Securities Act of 1933, as amended (the "Securities Act") and the WML Notes are subject to restrictions on transferability and resale.

In connection with the WML Notes issuance and the 2021 Notes cash tender offer, the Company recorded a loss on extinguishment of debt of \$20.8 million.

Note 14 — Commitments and Contingencies

Litigation

In addition to the actions noted below, the Company and its affiliates are involved in litigation arising in the normal course of business. In the opinion of management, such litigation is not expected to have a material effect on the Company's financial condition, results of operations or cash flows.

Litigation Commenced by Kazuo Okada

Macau Action:

On July 3, 2015, WML announced that the Okada Parties filed a complaint in the Court of First Instance of Macau ("Macau Court") against Wynn Macau SA and certain individuals who are or were directors of Wynn Macau SA and or WML (collectively, the "Wynn Macau Parties"). The principal allegations in the lawsuit are that the redemption of the Okada Parties' shares in Wynn Resorts was improper and undervalued, that the previously disclosed payment by Wynn Macau SA to an unrelated third party in consideration of relinquishment by that party of certain rights in and to any future development on the land in Cotai where Wynn Palace is located was unlawful and that the previously disclosed donation by Wynn Resorts to the University of Macau Development Foundation was unlawful. The plaintiffs seek dissolution of Wynn Macau SA and compensatory damages. The Macau Court has served the complaint on the defendants and the Wynn Macau Parties filed their response on May 17, 2016. On July 11, 2017, the Macau Court dismissed all claims by the Okada Parties as unfounded, fined the Okada Parties as vexatious litigants, and ordered the Okada Parties to pay for court costs and the Wynn Macau Parties' attorney's fees. On September 14, 2017, the Macau Court informed Wynn Macau SA that the Okada Parties filed a notice of intention to appeal. As of the date of this filing, Wynn Macau has not received formal notice of the Okada Parties' appeal.

The Company believes the action commenced by the Okada Parties is without merit and will vigorously defend itself against the claims pleaded against it. Management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of this action or the range of reasonably possible loss, if any.

Note 15 — Segment Information

The Company reviews the results of operations for each of its operating segments. Wynn Macau and Encore, an expansion at Wynn Macau, are managed as a single integrated resort and have been aggregated as one reportable segment (“Wynn Macau”). Wynn Palace is presented as a separate reportable segment and is combined with Wynn Macau (collectively, “Macau Operations”) for geographical presentation.

Other Macau primarily represents the Company’s Macau holding company.

(1) “Adjusted Property EBITDA” is net income (loss) before interest, taxes, depreciation and amortization, pre-opening expenses, property charges and other, management and license fees, corporate expenses and other (including intercompany golf course and water rights leases), stock-based compensation, loss on extinguishment of debt, change in interest rate swap fair value, change in Redemption Note fair value and other non-operating income and expenses, and includes equity in income from unconsolidated affiliates. Adjusted Property EBITDA is presented exclusively as a supplemental disclosure because management believes that it is widely used to measure the performance, and as a basis for valuation, of gaming companies. Management uses Adjusted Property EBITDA as a measure of the operating performance of its segments and to compare the operating performance of its properties with those of its competitors, as well as a basis for determining certain incentive compensation. The Company also presents Adjusted Property EBITDA because it is used by some investors as a way to measure a company’s ability to incur and service debt, make capital expenditures and meet working capital requirements. Gaming companies have historically reported EBITDA as a supplement to financial measures in accordance with GAAP. In order to view the operations of their casinos on a more stand-alone basis, gaming companies, including Wynn Resorts, have historically excluded from their EBITDA calculations pre-opening expenses, property charges, corporate expenses and stock-based compensation that do not relate to the management of specific casino properties. However, Adjusted Property EBITDA should not be considered as an alternative to operating income as an indicator of the Company’s performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure determined in accordance with GAAP. Unlike measures of net income, Adjusted Property EBITDA does not include depreciation or interest expense and therefore does not reflect current or future capital expenditures or the cost of capital. The Company has significant uses of cash flows, including capital expenditures, interest payments, debt principal repayments, taxes and other non-recurring charges, which are not reflected in Adjusted Property EBITDA. Also, Wynn Resorts’ calculation of Adjusted Property EBITDA may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

In the Macau Special Administrative Region of the People’s Republic of China (“Macau”), we own approximately 72% of Wynn Macau, Limited (“WML”) and we operate the Wynn Macau and Wynn Palace resorts, which we refer to as our Macau Operations.

Macau Operations

We operate our Macau Operations under a 20-year casino concession agreement granted by the Macau government in June 2002. - *Public attractions including a performance lake, floral art displays and fine art displays.*

In response to our evaluation of our Macau Operations and our commitment to creating a unique customer experience, we have made and expect to continue to make enhancements and refinements to these resorts.

Key Operating Measures

Certain key operating measures specific to the gaming industry are included in our discussion of our operational performance for the periods for which a Condensed Consolidated Statement of Operations is presented. Below are definitions of these key operating measures discussed:

- *Table drop for our Macau Operations is the amount of cash that is deposited in a gaming table's drop box plus cash chips purchased at the casino cage.*
- *Table drop for our Las Vegas Operations is the amount of cash and net markers issued that are deposited in a gaming table's drop box.*
- *Rolling chips are non-negotiable identifiable chips that are used to track turnover for purposes of calculating incentives.*
- *Turnover is the sum of all losing rolling chip wagers within our Macau Operations' VIP program.*
- *Table games win is the amount of table drop or turnover that is retained and recorded as casino revenues.*
- *Slot machine win is the amount of handle (representing the total amount wagered) that is retained by us and is recorded as casino revenues.*

- *Average daily rate (“ADR”) is calculated by dividing total room revenues, including the retail value of promotional allowances (less service charges, if any), by total rooms occupied, including complimentary rooms.*
- *Revenue per available room (“REVPAR”) is calculated by dividing total room revenues, including the retail value of promotional allowances (less service charges, if any), by total rooms available.*
- *Occupancy is calculated by dividing total occupied rooms, including complimentary rooms, by the total rooms available.*

Below is a discussion of the methodologies used to calculate win percentages at our resorts.

In our VIP operations in Macau, customers primarily purchase rolling chips from the casino cage and can only use them to make wagers. Winning wagers are paid in cash chips. The loss of the rolling chips in the VIP operations is recorded as turnover and provides a base for calculating VIP win percentage. It is customary in Macau to measure VIP play using this rolling chip method. We expect our win as a percentage of turnover from these operations to be within the range of 2.7% to 3.0%. In our mass market operations in Macau, customers may purchase cash chips at either the gaming tables or at the casino cage.

The measurements from our VIP and mass market operations are not comparable as the measurement method used in our mass market operations tracks the initial purchase of chips at the table and at the casino cage, while the measurement method from our VIP operations tracks the sum of all losing wagers. Accordingly, the base measurement from the VIP operations is much larger than the base measurement from the mass market operations. As a result, the expected win percentage with the same amount of gaming win is smaller in the VIP operations when compared to the mass market operations.

Results of Operations

Summary third quarter 2017 results

During the three months ended September 30, 2017, our net income attributable to Wynn Resorts, Limited was \$79.8 million, or \$0.78 per diluted share, compared to a net loss attributable to Wynn Resorts, Limited of \$17.4 million, or \$0.17 per diluted share, for the same period of 2016. The increase in net income attributable to Wynn Resorts, Limited was primarily the result of a full quarter of income from Wynn Palace and increased operating income from Wynn Macau and our Las Vegas Operations, partially offset by a loss on extinguishment of debt, an increase in net income attributable to noncontrolling interests and an increase in property charges and other. Our results for the three months ended September 30, 2016 include 40 days of operations of Wynn Palace.

During the nine months ended September 30, 2017, our net income attributable to Wynn Resorts, Limited was \$255.5 million, an increase of \$127.3 million, or 99.3% over \$128.2 million for the same period of 2016, resulting in diluted earnings per share of \$2.49. The increase in net income attributable to Wynn Resorts, Limited was primarily due to increased operating income from Wynn Palace, Wynn Macau and our Las Vegas Operations, partially offset by increases in interest expense, net income attributable to noncontrolling interests and the Redemption Note fair value, and losses on extinguishment of debt. The increase in interest expense results from the Company no longer capitalizing interest on Wynn Palace and a \$25.6 million out-of-period adjustment recorded in the first quarter of 2016 related to capitalized interest that reduced interest expense.

Adjusted Property EBITDA increased 54.8%, or \$167.5 million, to \$473.0 million for the three months ended September 30, 2017, from \$305.4 million for the same period of 2016, primarily as a result of increases of \$112.7 million, \$32.2 million and \$22.6 million, from Wynn Palace, Wynn Macau and our Las Vegas Operations, respectively.

Adjusted Property EBITDA increased 44.9%, or \$412.1 million, to \$1.33 billion for the nine months ended September 30, 2017, from \$918.4 million for the same period of 2016, primarily as a result of increases of \$311.9 million, \$58.1 million and \$42.1 million, from Wynn Palace, our Las Vegas Operations and Wynn Macau, respectively.

Financial results for the three months ended September 30, 2017 compared to the three months ended September 30, 2016.

Our results for the three months ended September 30, 2017 reflect the operations of Wynn Palace for the full quarter versus 40 days of operations for the three months ended September 30, 2016.

Net revenues

The following table presents net revenues from our Macau and Las Vegas Operations (dollars in thousands):

	Three Months Ended September 30,		Percent Change
	2017	2016

<i>Macau Operations:</i>			
Wynn Macau	\$597,422	\$518,094	15.3
Wynn Palace ⁽¹⁾	555,322	164,625	237.3
Total Macau Operations	1,152,744	682,719	68.8

(1) Wynn Palace opened on August 22, 2016.

The increase was the result of increases of \$390.7 million, \$79.3 million and \$32.5 million from Wynn Palace, Wynn Macau and our Las Vegas Operations, respectively.

Casino revenues

Casino revenues increased 59.4%, or \$468.4 million, to \$1.26 billion for the three months ended September 30, 2017, from \$788.2 million for the same period of 2016. The increase was primarily due to increases of \$367.8 million and \$79.3 million from Wynn Palace and Wynn Macau, respectively. The increase in casino revenues from Wynn Macau was driven by a 22.2% increase in VIP turnover and an increase in mass market table games win percentage from 18.6% to 20.2%.

Prior to the opening of Wynn Palace, the Gaming Inspection and Coordination Bureau of Macau authorized 100 new table games for operation at Wynn Palace with 25 additional table games authorized for operation on January 1, 2017, and a further 25 new table games for operation on January 1, 2018, for a total of 150 new table games in the aggregate. As of October 14, 2017, we had a total of 301 table games at Wynn Macau and 307 at Wynn Palace.

(2) Wynn Palace opened on August 22, 2016.

Food and beverage revenues increased 14.7%, or \$68.7 million, to \$537.8 million for the nine months ended September 30, 2017, from \$469.1 million for the same period of 2016, primarily due to increases of \$53.9 million and \$22.3 million from Wynn Palace and our Las Vegas Operations, respectively, partially offset by a decrease of \$7.5 million from Wynn Macau.

Entertainment, retail and other revenues increased 20.7%, or \$53.4 million, to \$310.6 million for the nine months ended September 30, 2017, from \$257.3 million for the same period of 2016. The increase was primarily due to an increase of \$62.9 million from Wynn Palace, partially offset by decreases of \$7.0 million and \$2.6 million from our Las Vegas Operations and Wynn Macau, respectively.

Promotional allowances increased 32.0%, or \$81.7 million, to \$336.8 million for the nine months ended September 30, 2017, from \$255.1 million for the same period of 2016. The increase was primarily due to an increase of \$99.6 million from Wynn Palace, partially offset by decreases of \$14.8 million and \$3.1 million from Wynn Macau and our Las Vegas Operations, respectively. The decreases from Wynn Macau and our Las Vegas Operations were primarily a result of a greater percentage of cash paying guests in our rooms and food and beverage outlets.

Operating expenses

Operating expenses increased 38.8%, or \$1.08 billion, to \$3.86 billion for the nine months ended September 30, 2017, from \$2.78 billion for the same period of 2016, primarily due to increases in casino expenses of \$874.9 million, depreciation and amortization of \$151.3 million, and general and administrative expenses of \$121.5 million, partially offset by a decrease of \$131.1 million in pre-opening expenses, all mainly related to the opening of Wynn Palace.

Casino expenses increased 61.2%, or \$874.9 million, to \$2.30 billion for the nine months ended September 30, 2017, from \$1.43 billion for the same period of 2016, primarily due to increases of \$811.3 million and \$65.5 million from Wynn Palace and Wynn Macau, respectively. The increase at Wynn Macau was driven by gaming taxes, which increased commensurate with the 6.4% increase in casino revenues, partially offset by a decrease in the cost of providing complimentaries.

Room expenses increased 15.9%, or \$18.5 million, to \$134.4 million for the nine months ended September 30, 2017, from \$115.9 million for the same period of 2016. The increase was primarily due to increases of \$8.8 million and \$9.5 million from our Las Vegas Operations and Wynn Palace, respectively, mainly attributable to expenses associated with the increase in occupancy and an increase in labor costs.

Entertainment, retail and other expenses increased 11.9%, or \$13.9 million, to \$130.0 million for the nine months ended September 30, 2017, from \$116.1 million for the same period of 2016, primarily related to Wynn Palace.

General and administrative expenses increased 31.9%, or \$121.5 million, to \$502.6 million for the nine months ended September 30, 2017, from \$381.2 million for the same period of 2016, primarily related to Wynn Palace.

During the nine months ended September 30, 2016, we incurred pre-opening costs of \$131.1 million related to Wynn Palace, \$17.2 million related to Wynn Boston Harbor and \$2.2 million at our Las Vegas Operations.

Depreciation and amortization increased 57.3%, or \$151.3 million, to \$415.5 million for the nine months ended September 30, 2017, from \$264.2 million for the same period of 2016. The increase was primarily due to the opening of Wynn Palace with the associated building and furniture, fixtures and equipment being placed in service.

During the nine months ended September 30, 2017, property charges and other included \$19.1 million in estimated costs primarily related to property damage caused by a typhoon that impacted Macau during the third quarter of 2017 and charges incurred from our Las Vegas Operations related to miscellaneous renovations and abandonments. The majority of the remaining expenses for the nine months ended September 30, 2016 were due to losses from the sale of assets and asset abandonment charges at Wynn Macau and our Las Vegas Operations.

Interest expense, net of amounts capitalized

Capitalized interest decreased \$80.8 million for the nine months ended September 30, 2017, compared to the same period of 2016, primarily due to the completion of Wynn Palace construction activities in August 2016 and a \$25.6 million out-of-period adjustment recorded in the first quarter of 2016.

Other non-operating income and expenses

We also completed a cash tender offer for our 2021 Notes and issued our WML Notes. In connection with each of these transactions, we recorded a loss on extinguishment of debt of \$20.8 million for a total of \$41.6 million.

We incurred losses of \$19.8 million and \$1.0 million for the nine months ended September 30, 2017 and 2016, respectively, from foreign currency remeasurements. The losses were primarily due to the impact of the exchange rate fluctuation of the Macau pataca, in relation to the U.S. dollar, on the remeasurements of U.S. dollar denominated debt and other obligations from our Macau-related entities.

Net income attributable to noncontrolling interests

Net income attributable to noncontrolling interests was \$89.8 million for the nine months ended September 30, 2017, compared to \$47.7 million for the same period of 2016. These amounts were primarily related to the noncontrolling interests' share of net income from WML.

We use Adjusted Property EBITDA to manage the operating results of our segments.

The following table summarizes Adjusted Property EBITDA (in thousands) for our Macau and Las Vegas Operations as reviewed by management and summarized in Item 1 — "Notes to Condensed Consolidated Financial Statements," Note 15 "Segment Information." That footnote also presents a reconciliation of Adjusted Property EBITDA to net income attributable to Wynn Resorts, Limited.

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,

Liquidity and Capital Resources

Operating Activities

Our operating cash flows primarily consist of our operating income generated by our Macau and Las Vegas Operations (excluding depreciation and amortization and other non-cash charges), interest paid and earned, and changes in working capital accounts, such as receivables, inventories, prepaid expenses and payables. Our table games play both in Macau and Las Vegas is a mix of cash and credit play, while our slot machine play is conducted primarily on a cash basis. A significant portion of our table games revenue is attributable to the play of a limited number of premium international customers that gamble on credit. The ability to collect these gaming receivables may impact our operating cash flows for the period. Our rooms, food and beverage, and entertainment, retail and other revenue is conducted primarily on a cash basis or as a trade receivable. Accordingly, operating cash flows will be impacted by changes in operating income and accounts receivable.

Net cash provided by operations for the nine months ended September 30, 2017 was \$1.28 billion, compared to \$680.8 million for the same period of 2016. The increase was primarily due to the operations of Wynn Palace, which generated \$311.9 million of additional Adjusted Property EBITDA, and a \$196.0 million increase in customer deposits received.

Investing Activities

Net cash used in investing activities for the nine months ended September 30, 2017 was \$663.2 million, compared to \$1.02 billion for the same period of 2016 and was primarily attributable to capital expenditures, net of construction payables and retention. Capital expenditures, net of construction payables and retention, of \$650.3 million for the nine months ended September 30, 2017, were primarily for Wynn Boston Harbor and capital expenditures, net of construction payables and retention, of \$954.7 million for the nine months ended September 30, 2016, were primarily for Wynn Palace.

Financing Activities

Net cash used in financing activities for the nine months ended September 30, 2017 was \$128.0 million, compared to \$234.4 million for the same the period of 2016. During the nine months ended September 30, 2017, we used cash of \$2.42 billion for the repayment of long-term debt and \$270.1 million for the payment of dividends. Our repayments consisted of \$946.4 million to redeem our 2021 Notes and \$900.0 million to redeem our 2022 Notes, \$380.3 million for repayment of borrowings under our Wynn Macau credit facilities and \$189.6 million for repayment of borrowings under our WML Finance Credit Facility (defined below). These uses of cash were partially offset by proceeds of \$1.35 billion from the issuance of the WML Notes and \$900.0 million from the issuance of our 2027 WLV Notes, \$180.0 million in proceeds from borrowings under our Wynn Macau Credit Facilities and \$189.9 million of cash released from restriction as collateral associated with our WML Finance Credit Facility. During the nine months ended September 30, 2016, we used cash of \$263.7 million for the payment of dividends, \$240.4 million for the repayment of borrowings under our Wynn Macau credit facilities and \$200.8 million was restricted as collateral associated with our WML Finance revolving credit facility. These uses were partially offset by \$505.5 million of proceeds provided from borrowings under our credit facilities.

Capital Resources

As of September 30, 2017, we had \$2.94 billion of cash and cash equivalents and \$320.2 million of available-for-sale investments in domestic and foreign debt securities and commercial paper. Of these amounts, WML and its subsidiaries (of which we own approximately 72%) held \$755.2 million in cash.

The Wynn Macau credit facilities consist of a \$2.30 billion equivalent fully funded senior secured term loan facility and a \$750 million equivalent senior secured revolving credit facility (the “Wynn Macau Credit Facilities”). Borrowings under the Wynn Macau Credit Facilities consist of both United States dollar and Hong Kong dollar tranches and were used to refinance Wynn Resorts (Macau) S.A.’s (“Wynn Macau SA”) existing indebtedness and fund the construction and development of Wynn Palace and will be used for general corporate purposes. As of September 30, 2017, we had \$608.6 million of available borrowing capacity under the senior secured revolving credit facility.

The WML Finance I, Limited credit facility consists of a HK\$3.87 billion (approximately \$495.5 million) cash-collateralized revolving credit facility (“WML Finance Credit Facility”). Borrowings under the WML Finance Credit Facility are in Hong Kong dollars and are used for working capital requirements and general corporate purposes. As of September 30, 2017, we had no borrowings under the WML Finance Credit Facility.

In September 2017, WML completed a cash tender offer for a portion of the \$1.35 billion 2021 Notes. In October 2017, WML used \$403.6 million to redeem the remaining principal amount of the untendered 2021 Notes. In connection with this transaction, we issued \$1.35 billion in aggregate of senior notes, consisting of \$600 million principal amount of 2024 WML Notes and \$750 million principal amount of 2027 WML Notes, and used the net proceeds to fund the majority of the cost of extinguishing the 2021 Notes.

The issuance of the 2024 WML Notes, 2027 WML Notes and 2027 WLV Notes extended our scheduled maturities of long-term debt.

Off-Balance Sheet Arrangements

We have not entered into any transactions with special purpose entities nor do we engage in any derivatives, except for interest rate swaps and foreign currency forward contracts.

Other Factors Affecting Liquidity

Wynn Resorts, Limited is a holding company and, as a result, our ability to pay dividends is highly dependent on our ability to obtain funds and our subsidiaries’ ability to provide funds to us. Wynn America, LLC and Wynn Macau SA debt instruments contain customary negative covenants and financial covenants, including, but not limited to, covenants that restrict our ability to pay dividends or distributions to any direct or indirect subsidiaries.

Similarly, we expect that our Macau Operations will fund Wynn Macau SA and WML's debt service obligations with existing cash, operating cash flows and availability under the Wynn Macau Credit Facilities. However, we cannot assure you that operating cash flows will be sufficient to do so. We may refinance all or a portion of our indebtedness on or before maturity. We cannot assure you that we will be able to refinance any of the indebtedness on acceptable terms or at all.

Legal proceedings in which we are involved also may impact our liquidity. No assurance can be provided as to the outcome of such proceedings.

New business developments or other unforeseen events may occur, resulting in the need to raise additional funds. We continue to explore opportunities to develop additional gaming or related businesses in domestic and international markets. There can be no assurances regarding the business prospects with respect to any other opportunity. Any new development would require us to obtain additional financing. We may decide to conduct any such development through Wynn Resorts, Limited or through subsidiaries separate from the Las Vegas or Macau-related entities.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Interest Rate Risks

Interest Rate Swap Information

We had three interest rate swap agreements intended to hedge a portion of the underlying interest rate risk on borrowings under our Wynn Macau Credit Facilities. These interest rate swap agreements matured in July 2017.

Foreign Currency Risks

The currency delineated in Wynn Macau's concession agreement with the government of Macau is the Macau pataca. The Macau pataca, which is not a freely convertible currency, is linked to the Hong Kong dollar, and in many cases the two are used interchangeably in Macau. The Hong Kong dollar is linked to the U.S. dollar and the exchange rate between these two currencies has remained relatively stable over the past several years. However, the exchange linkages of the Hong Kong dollar and the Macau pataca, and the Hong Kong dollar and the U.S. dollar, are subject to potential changes due to, among other things, changes in Chinese governmental policies and international economic and political developments.

If the Hong Kong dollar and the Macau pataca are not linked to the U.S. dollar in the future, severe fluctuations in the exchange rate for these currencies may result. We also cannot assure you that the current rate of exchange fixed by the applicable monetary authorities for these currencies will remain at the same level.

We manage exposure to foreign currency risks associated with certain of our future scheduled interest payments through the use of foreign currency forward contracts. These contracts involve the exchange of one currency for a second currency at a future date and are with a counter-party, which is a major international financial institution.

We expect most of the revenues and expenses for any casino that we operate in Macau will be in Hong Kong dollars or Macau patacas. For any U.S. dollar-denominated debt or other obligations incurred by our Macau-related entities, fluctuations in the exchange rates of the Macau pataca or the Hong Kong dollar, in relation to the U.S. dollar, could have adverse effects on our results of operations, financial condition and ability to service debt. Based on our balances as of September 30, 2017, an assumed 1% change in the U.S. dollar/Hong Kong dollar exchange rate would cause a foreign currency transaction gain/loss of \$27.2 million.
