

ISE Limited to Release Fourth Quarter and Year-End 2009 Financial Results on Tuesday, March 30th and Hold Conference Call on March 30th at 11:00 a.m. EDT

SAN DIEGO – (Marketwire – Mar. 25, 2010) – ISE Limited (TSX: ISE) announced that it will release its financial results for the fourth quarter and year ended December 31, 2009 on Tuesday, March 30, 2010, before market hours. ISE also announced that it will host a conference call at 11:00 a.m. EDT on Tuesday, March 30, 2010 to discuss the financial results.

To access the call in Canada (and the US) please dial 888-349-9617 and for international calls dial 719-325-2393 approximately 10 minutes prior to the start of the conference. The conference ID is 3633734. The conference call will also be broadcast live over the Internet and available for replay for 90 days at www.isecorp.com. In addition, a replay of the call will be available via telephone for two business days, beginning two hours after the call. To listen to the replay, in the U.S., please dial 888-203-1112 and internationally, 719-457-0820. Enter replay access code 3633734.

About ISE Limited

ISE Limited (www.isecorp.com) is a leading developer, manufacturer and distributor of heavy duty hybrid-electric drive systems based on our core proprietary technology, which is focused on three critical subsystems: energy storage, controls software and power electronics. ISE specializes in series hybrid-electric and all-electric/zero emission technologies, and offers industry-leading energy storage systems and hybrid system components. Over the past 10 years, ISE has sold over 300 hybrid-electric drive systems that have demonstrated reliability and performance in over 12 million miles of fleet operation.

Established in 1995, ISE is headquartered in San Diego, California, and employs a team of 138 employees, more than one-third of which are software, electrical, mechanical and systems engineers. ISE's history of innovation and technological leadership has resulted in the design and development of systems and components that deliver superior operating performance.
