This Management Discussion and Analysis of the results of operations and financial condition (õMD&Aö) of GT Canada Medical Properties Real Estate Investment Trust (õGT Canada Medical Properties REITö or the õREITö) should be read in conjunction with the unaudited condensed consolidated interim financial statements and accompanying notes for the three and six months ended June 30, 2012. All amounts are in Canadian dollars, except where otherwise stated. This MD&A should also be read in conjunction with the REIT audited consolidated financial statements for the year ended December 31, 2011, prepared in accordance with International Financial Reporting Standards (õIFRSö) and the material change report of the REIT dated April 16, 2012. This MD&A is current as of at August 14, 2012 unless otherwise stated. Additional information relating to the REIT, including its continuous disclosure documents required by the securities regulators, is filed as required on the System for Electronic Document Analysis and Retrieval (õSEDARö) and can be accessed electronically at www.sedar.com.

FORWARD-LOOKING INFORMATION ADVISORY

This MD&A may contain forward-looking statements and information within the meaning of applicable securities laws. Forward-looking statements include, but are not limited to, statements concerning the REIT & objectives, strategies to achieve those objectives, as well as statements with respect to management beliefs, plans, estimates, and intentions, and similar statements concerning anticipated future events, results, circumstances, performance or expectations that are not historical facts. Forward-looking statements generally can, but not always, be identified by the use of forward-looking terminology such as õoutlookö, õobjectiveö, õmayö, õwillö, õexpectö, õintendö, õestimateö, õanticipateö, õbelieveö, õproposesö, õshouldö, õplansö or õcontinueö, or similar expressions suggesting future outcomes or events. Such forward-looking statements reflect management of current beliefs and are based on information currently available to management. Forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those contemplated by such statements. Examples of such statements include the intention to complete future financings, acquisitions or investments. Factors that could cause such differences include: the ability of the REIT to obtain necessary financing, satisfaction of the conditions under any definitive purchase agreement to acquire future properties. This list is not exhaustive of the factors that may impact the REIT of forwardlooking statements. These and other factors should be considered carefully and readers should not place undue reliance on the REIT of forward-looking statements. As a result of the foregoing and other factors, no assurance can be given as to any such future results, levels of activity or achievements and neither the REIT nor any other person assumes responsibility for the accuracy and completeness of these forward looking statements. The factors underlying current expectations are dynamic and subject to change. Although the forward-looking information contained in this MD&A is based upon what management believes are reasonable assumptions, there can be no assurance that actual results will be consistent with these forward-looking statements. Certain statements included in this MD&A may be considered ofinancial outlooko for purposes of applicable securities laws, and such financial outlook may not be appropriated for purposes other than this MD&A. All forward-looking statements in this MD&A are qualified by these cautionary statements. Except as required by applicable law, the REIT undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.

Some of the specific forwardólooking statements in this MD&A include, but are not limited to, statements with respect to the following:

- the intention of the REIT to pay stable and growing distributions;
- the ability of the REIT to execute its growth strategies;
- the expected tax treatment of the REIT & distributions to Unitholders;
- the ability of the REIT to qualify as a õSIFT trustö (as discussed below); and
- the expectations regarding real estate, the healthcare industry and demographic trends.

Forward-looking statements may include statements related to acquisitions; development and capital expenditure activities; future maintenance and leasing expenditures; financing; the availability of financing sources; and income taxes.

Factors that could cause actual results, performance, or achievements to differ materially from those set forth in the forward-looking statements and information include, but are not limited to: general economic conditions; local real estate conditions, timely leasing of newly developed properties and releasing of occupied square footage upon expiration; dependence on tenantsø financial condition; changes in operating costs, government regulations and taxation; the uncertainties of real estate development and acquisition activity; the ability to effectively integrate acquisitions; interest rates; availability of equity and debt financing; the ability of the REIT to maintain stable cash flow and distributions; the impact of newly adopted accounting principles on the REIT & accounting policies and on period-to-period comparisons of financial results, including changes in accounting policies to be adopted under IFRS as issued by the International Accounting Standards Board; and other risks and factors described from time to time in the documents filed by the REIT. The REIT undertakes no obligations to publicly update or revise any forward-looking statements or information, whether as a result of new information, future events or otherwise, except as required by law. Additional information about these risks and uncertainties and any corresponding plan to mitigate these risks, where possible, is contained in the REIT is filings with securities regulators, including the REIT is most recently filed audited consolidated financial statements for the year ended December 31, 2011, which are available on SEDAR.

PART I – OVERVIEW & FINANCIAL HIGHLIGHTS

OVERVIEW

The REIT is an unincorporated, openóended real estate investment trust established pursuant to a declaration of trust under the laws of the Province of Ontario and trades on the TSX Venture Exchange (õTSX-Vö) under the symbol õMOB.UNÖ.

The REIT was formed pursuant to a Declaration of Trust dated October 13, 2010. On December 24, 2010, GT Canada Medical Properties Inc. (the õCompanyö) completed its conversion to a trust structure under a Plan of Arrangement (the õArrangementö). After the Arrangement, the Company is a wholly owned subsidiary of the REIT.

The objectives of the REIT are to: (i) provide Unitholders with stable and growing cash distributions from investments focused on medical office buildings and related healthcare properties, on a tax efficient basis; (ii) enhance the value of the REIT as assets and maximize longóterm Unit value; and (iii) expand the asset base of the REIT.

The REIT employs an experienced real estate management team and benefits from a broad network of relationships and commercial property and financing expertise within the medical office building and healthcare focused real estate (collectively, õHealthcare Real Estateö) industry.

As at June 30, 2012, the REIT owns a diversified mix of Healthcare Real Estate with 12 properties across Ontario containing approximately 279,100 square feet of gross leasable area (õGLAö).

NWVP ACQUISITION

On April 16, 2012, the REIT announced it had entered into a support agreement (the õSupport Agreementö) with NorthWest Value Partners Inc. (õNWVPö) whereby NWVP would offer to acquire all of the Units for \$2.05 per Unit (the õNWVP Offerö) by way of a take-over bid. The NWVP Offer was subject to a number of conditions including acceptance of the NWVP Offer by the holders of at least 66 2/3% of the issued and outstanding Units. In addition, in connection with the NWVP Offer, all the REIT® existing properties are to be sold to NorthWest Healthcare Properties Real Estate Investment Trust (õNWHP REITÖ) for \$87.3 million. This sale is being completed on financial terms that are economically equivalent (to the REIT) to the terms offered (to the Unitholders) pursuant to the NWVP Offer. See õSale of Existing Portfolioö. The REIT® Trustees unanimously resolved to recommend that Unitholders tender their units to the NWVP Offer and support of the sale of the REIT® existing properties.

As a result of the issuance of all of the Units available under the Rights Offering (see Recent Developments on page 16), the NWVP Offer was adjusted from \$2.05 per unit to \$1.87 per Unit. NWVP¢ take-over bid circular and the REIT¢ Trustee circular were mailed to Unitholders on April 27, 2012 and April 20, 2012, respectively.

On June 11, 2012, after the extension of the initial expiry date of the NWVP Offer, 18,481,046 Units had been tendered to the NWVP Offer, representing approximately 91% of the total outstanding Units and approximately 68% of the fully diluted Units. As disclosed in the takeover bid circular mailed in connection with the NWVP Offer, and for purposes of ensuring that the REIT continued to meet the ongoing listing requirements of the TSX-V, NWVP sold 1,321,000 Units deposited under the NWVP Offer. After the take-up and payment by NWVP Acquisition L.P. (a wholly-owned subsidiary of NWVP) of the remaining tendered Units, as of the date of this MD&A, NWVP indirectly owned 16,641,046 Units, representing approximately 82% of the total outstanding Units (approximately 61% of the total outstanding Units on a fully-diluted basis) (the õNWVP Acquisitionö).

BUSINESS OF THE REIT

Target Markets

Canada

To date, the REIT has targeted select secondary markets in Ontario and has built a portfolio of 12 medical office buildings in Ontario as at June 30, 2012. The REIT has been successful in establishing a strong presence in its target markets, including one property in each of Lindsay, Midland, Orillia, Port Hope, St. Thomas, Sudbury, Welland, and Whitby, and two properties in each of Guelph and Hamilton.

The strategy of seeking to establish a strong presence in certain markets within which the REIT invests has also been successful, with certain markets containing now two properties of the REIT (see above). It is in these markets that the REIT typically finds the most acquisition opportunities. This is based on the fact that the majority of medical office building owners are local investors, often the doctors that operate in the buildings, and knowledge of the REIT through its ownership in the local market is an important first step in a potential transaction. In addition, word-of-mouth in these markets also leads to opportunities for the REIT. While the REIT completes acquisitions with the assistance of traditional real estate agents, to date many of its acquisitions have been sourced directly. This is primarily the result of management pro-active approach in targeting select properties and select markets.

International

In addition to Canada, management of the REIT believes that international markets will offer attractive healthcare real estate acquisition opportunities for the REIT in the future. To select international markets in which to expand, the REIT identifies key market characteristics that are consistent with those identified in Canada, specifically:

- Demographics: ageing population, increasing life expectancy, and need for healthcare;
- Economic: selected markets balance economic growth and stability, stabilized and/or increasing GDP/capita, and increasing healthcare spending as % of GDP; and,

• Real estate and healthcare trends: fragmented healthcare real estate markets, healthcare operators focusing on ocore businesso, demand for new infrastructure, and growing public and private healthcare services.

As at June 30, 2012, the REIT had no international properties. Management continues to explore international real estate acquisition opportunities for the REIT.

PROPERTY PORTFOLIO

Quality Medical Office Facilities

The REITøs existing portfolio of properties, with 12 properties containing an aggregate GLA of approximately 279,100 square feet (the õExisting Portfolioö), represents an established and full-service healthcare real estate platform. The properties are well-located and have an attractive tenant mix that enhances their appeal to patients and other users.

The Existing Portfolio has a diversified tenant profile with approximately 201 tenants (including those that have entered into pre-lease arrangements). The tenants are a mix of institutional and non-institutional tenants, primary care networks, FHTs, medical and diagnostic imaging clinics, medical practitioners, pharmacies and laboratories.

In connection with the NWVP Acquisition, the REIT has agreed to sell the Existing Portfolio to NWHP REIT in two separate transactions. Subject to regulatory requirements, the first transaction will result in the Port Hope Property being conveyed to the NWHP REIT, with the second transaction resulting in the conveyance of the balance of the Existing Portfolio to NWHP REIT. See õSale of Existing Portfolioö for a discussion of the transactions.

SALE OF EXISTING PORTFOLIO

In connection with the NWVP Acquisition, the REIT has agreed to sell the Existing Portfolio to NWHP REIT in two separate transactions. Subject to regulatory requirements, the first transaction will result in the Port Hope Property being conveyed to the NWHP REIT, with the second transaction resulting in the conveyance of the balance of the Existing Portfolio to NWHP REIT.

Sale of Port Hope Property

The sale of the Port Hope Property will be effected pursuant to an acquisition agreement dated June 19, 2012 (the õPort Hope Acquisition Agreementö) between GT Canada General Partner Inc., in its capacity as the general partner of GT Operating Partnership (I) LP (õGT LPÖ), and NHP Holdings Inc. (õNHP GPÖ), in its capacity as the general partner of NHP Holdings Limited Partnership (õNHP Partnershipö); both NHP GPand NHP Partnership being subsidiaries of NWHP REIT. Pursuant to the Port Hope Acquisition Agreement, GT LP will sell its interest in Port Hope Limited Partnership to NHP Partnership, which will effectively result in the transfer of the Port Hope Property to NHP Partnership.

Pursuant to the Port Hope Acquisition Agreement, the purchase price for the Port Hope Property is \$7,875,000 (subject to customary adjustments), and is to be satisfied by the assumption of mortgage debt on the Port Hope Property by NHP Partnership in the amount of approximately \$4,979,000, with the balance satisfied by, at the REIT option, the issuance of a promissory note, the issuance of NWHP REIT units to the REIT (subject to the approval of the Toronto Stock Exchange (õTSXÖ), and/or the issuance of NHP Partnership units to the REIT. The REIT is required to make an election on the form of the balance of the consideration to be paid five days prior to the closing date of the transaction. For purposes of the Port Hope Acquisition Agreement, the units of NWHP REIT or NHP Partnership, as applicable, will be valued at \$12.3125 per unit.

The Port Hope Acquisition Agreement contains customary representations and warranties provided by GT LP in favour of NHP Partnership, relating to, without limitation, the organization and status of the Port Hope Limited Partnership and its general partner, the authorization of GT LP with respect to the transaction and the tax residency of Port Hope Limited Partnership and its general partner. Similar representations and warranties were provided by NHP GP in favour of GT LP.

The representations and warranties made pursuant to the Port Hope Acquisition Agreement will continue in full force and effect for a period of 18 months after the closing date of the transaction, with the exception of the representations and warranties made with respect to organization, status and authorization, which shall survive indefinitely, and the representations and warranties made with respect to tax residency, which shall survive until the expiration of the period for which liability for tax extends. Any claims made for breach of any of the representations and warranties in the Port Hope Acquisition Agreement involving fraud or fraudulent misrepresentation may be made at any time subject to the applicable limitation periods imposed.

Pursuant to the Port Hope Acquisition Agreement, GT LP will indemnify NHP Partnership from all losses suffered as a result of any breach or non-performance by GT LP to fulfil any covenant under the agreement and any breach or inaccuracy of any representation or warranty provided by GT LP under the agreement. These indemnities will survive the closing of the transaction, subject to the survival of the representations and warranties discussed above. NHP Partnership and NHP GP will provide similar indemnification in favour of GT LP.

The Port Hope Acquisition Agreement is conditional on both parties performing and complying with all of their respective covenants as set out in the agreement.

Pursuant to the Port Hope Acquisition Agreement, the closing date of the transaction will be a date designated by GT LP, not later than July 31, 2012, provided that each of GT LP and NHP Partnership is permitted to extend such outside date by up to 90 days if any regulatory approvals remain outstanding. Both GT LP and NHP Partnership have agreed to extend such outside date by 90 days to October 31, 2012.

Sale of Balance of Existing Portfolio

The sale of the balance of the Existing Portfolio (all of the existing properties of the REIT other than the Port Hope Property) will be affected pursuant to an acquisition agreement dated May 31, 2012 (the õPortfolio Acquisition Agreementö) between the REIT, NWHP REIT and NHP GP, in its capacity as the general partner of NHP Partnership. Pursuant to the Portfolio Acquisition Agreement, the REIT will sell its interest in GT LP to NHP Partnership, which will effectively result in the transfer of the balance of the Existing Portfolio to NHP Partnership.

Pursuant to the Portfolio Acquisition Agreement, the purchase price for the balance of the Existing Portfolio is \$76,120,000 (subject to customary adjustments), and is to be satisfied by the assumption of mortgage debt on the balance of the Portfolio by NHP Partnership in the amount of approximately \$42,979,000, with the balance satisfied by, at the REIT & option, the issuance of a promissory note, the issuance of NWHP REIT units to the REIT (subject to the approval of the TSX), and/or the issuance of NHP Partnership units to the REIT. The REIT is required to make an election on the form of the balance of the consideration to be paid five days prior to the closing date of the transaction. For purposes of the Portfolio Acquisition Agreement, the units of NWHP REIT or NHP Partnership, as applicable, will be valued at \$12.3125 per unit.

In addition, the REIT will receive \$3,300,000 from NHP Partnership by way of a cash payment or an increase in the principal amount of the promissory note (at the REIT option) to reimburse the REIT for its transaction costs incurred in the sale of the Existing Portfolio.

The Portfolio Acquisition Agreement contains customary representations and warranties provided by the REIT in favour of NWHP REIT and NHP Partnership, relating to, without limitation, the organization and status of the REIT, the authorization of the REIT with respect to the transaction and the tax residency of the REIT. Similar representations and warranties were by provided by NWHP REIT and NHP GP in favour of the REIT. In addition, the REIT also provided a representation as to the accuracy of the representations and warranties made by it in the Support Agreement relating to the NWHP Offer.

The representations and warranties made pursuant to the Portfolio Acquisition Agreement will continue in full force and effect for a period of 18 months after the closing date of the transaction, with the exception of the representations and warranties made with respect to organization, status and authorization, which shall survive indefinitely, and the representations and warranties made with respect to tax residency, which shall survive until the expiration of the period for which liability for tax extends. Any claims made for breach of any the representations and warranties in the agreement involving fraud or fraudulent misrepresentation may be made at any time subject to the applicable limitation periods imposed.

Pursuant to the Portfolio Acquisition Agreement, the REIT will indemnify NHP Partnership and NWHP REIT from all losses suffered as a result of any breach or non-performance by the REIT to fulfil any covenant under the agreement and any breach or inaccuracy of any representation or warranty provided by the REIT under the agreement. These indemnities will survive the closing

of the transaction, subject to the survival of the representations and warranties discussed above. NHP Partnership and NHP GP will provide similar indemnification in favour of the REIT.

The Portfolio Acquisition Agreement is conditional on NHP Partnership and the REIT performing and complying with all of their respective covenants as set out in the agreement, along with obtaining any necessary approval from applicable stock exchanges, including satisfying any conditions to such approval. Both NHP Partnership and the REIT have agreed to use reasonable commercial efforts to satisfy this latter condition by the closing date.

Pursuant to the Portfolio Acquisition Agreement, the closing date of the transaction will be a date designated by the REIT not later than July 31, 2012, provided that each of the REIT and NHP Partnership is permitted to extend such outside date by up to 90 days if any regulatory approvals remain outstanding. Both GT LP and NHP Partnership have agreed to extend such outside date by 90 days to October 31, 2012.

REAL ESTATE PORTFOLIO

In connection with the NWVP Acquisition, the REIT has agreed to sell the Existing Portfolio to NWHP REIT in two separate transactions. Subject to regulatory requirements, the first transaction will result in the Port Hope Property being conveyed to the NWHP REIT, with the second transaction resulting in the conveyance of the balance of the Existing Portfolio to NWHP REIT. Accordingly the existing real estate portfolio is classified as assets held for sale.

As at June 30, 2012, the REIT owned twelve medical office buildings in Ontario, which are classified as assets held for sale, as follows:

Property	Date Acquired	Year Built / Expanded	Approximate Area (sf)	Number of Tenants	Occupancy

⁽¹⁾ Construction of the property was completed in the third quarter of 2011. The total rentable area is subject to a head lease with a related party. The building is currently 75% occupied with third party tenants.

⁽²⁾ Represents weighted average occupancy calculated by taking the occupancy by property and averaging this occupancy based on the area (square feet) weightings of each property.

Tenant Profile

The tenant mix, excluding head leases, for the properties as at June 30, 2012 is as follows:

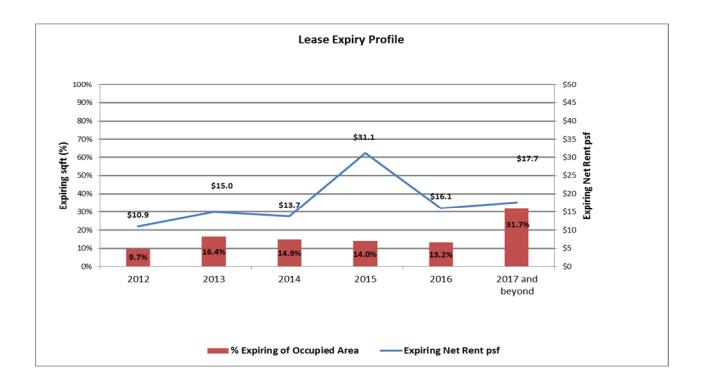

Leasing Profile

Current in-place net rents average \$16.45 per square foot.

The following table sets out the number of leases within the REIT property portfolio having maturities during the periods indicated (assuming tenants do not exercise renewal options or termination rights), the renewal area and the percentage of the total gross leasable area of the property portfolio represented by such maturities (excluding the property currently under construction).

Leasing Activity and Occupancy

There has been no significant leasing activity or changes to occupancy in the three and six months ending June 30, 2012.

PART II – PERFORMANCE MEASUREMENT

The key performance indicators by which management measures the REITøs performance are as follows:

Funds from operations (õ**FFO**ö); Adjusted funds from operations (õ**AFFO**ö); Net operating income (õ**NOI**ö); Weighted average interest rate; and Occupancy levels.

We have provided an analysis of NOI, FFO and AFFO under Part IV ó Results of Operations.

NON-IFRS MEASURES

FFO, AFFO and NOI are not measures recognized under IFRS and do not have standardized meanings prescribed by IFRS and therefore may not be comparable to similarly titled measures presented by other publicly traded companies. FFO, AFFO and NOI are supplemental measures of a Canadian real estate investment trustøs performance and the REIT believes that FFO, AFFO and NOI are relevant measures of its ability to earn and distribute cash returns to Unitholders. The IFRS measurement most directly comparable to FFO, AFFO and NOI is comprehensive income.

FFO is defined as comprehensive income (computed in accordance with IFRS) plus distributions on Class B LP units and adjusted for fair value adjustments on investment properties, Class B LP units, Deferred Unit Plan units, warrants and incentive unit options. The REIT® method of calculating FFO may differ from other issuersø methods and accordingly may not be directly comparable to FFO reported by other issuers.

AFFO is defined as comprehensive income (computed in accordance with IFRS), subject to certain adjustments, including: (i) adding back the following items: distributions on Class B LP units and any fair value losses on investment properties, Class B LP units, Deferred Unit Plan units, warrants and incentive unit options; (ii) deducting any fair value gains on investment properties, Class B LP units, Deferred Unit Plan units, warrants and incentive unit options; (iii) adjusting for differences, if any, resulting from recognizing rental revenues on a straight-line basis as opposed to contractual rental amounts; (iv) adjusting for differences, if any, resulting from non-cash compensation expenses; and (v) deducting reserves for tenant inducements, leasing commissions and sustaining capital expenditures, as determined by the REIT. Other adjustments may be made to AFFO as determined by the trustees in their discretion.

NOI is a non-IFRS measure of a REIT¢s operating performance, defined as property and property related revenue after operating expenses have been deducted, but before deducting interest expense, general and administrative expenses, income taxes, leasehold improvement and leasing costs, and unrecoverable capital costs.

FFO, AFFO and NOI should not be construed as alternatives to comprehensive income determined in accordance with IFRS as an indicator of the REITøs performance. The REITøs method of calculating FFO, AFFO and NOI may differ from other issuersø methods and accordingly may not be comparable to measures used by other issuers.

A reconciliation of FFO, AFFO and NOI to comprehensive income is set out below on page 31 under the heading õFunds From Operationsö.

Weighted Average Interest Rate

The REITøs weighted average interest rate includes secured debt with fixed interest rates and excludes secured debt with floating interest rates. This calculation is a useful measure because it allows management to compare movements in interest rates period over period and to compare the average rate to the current market rates at that point in time.

Occupancy Levels

Occupancy levels are presented in different manners depending on its context. It could be presented as a weighted average portfolio occupancy, based on the area weightings, when analyzing the overall operating performance, or as a point-in-time reference when analyzing future lease expiries, or as an assessment of the performance of each property period over period. Management considers this a useful measure in assessing the overall performance of its portfolio and is an essential tool to determine which properties require further investigation if performance lags.

KEY PERFORMANCE DRIVERS

In addition to monitoring and analyzing the performance of operations through such measures as NOI, FFO and AFFO, management considers the following to be key drivers of current and future financial performance:

- the ability to access equity capital at a competitive/reasonable cost;
- the ability to access debt with terms and conditions that are cost effective; and
- the ability to acquire new properties on a yield accretive basis that enhance the REIT¢s portfolio.

PART III – RECENT DEVELOPMENTS

The REIT paid an initial distribution to Unitholders in the amount of \$0.0061 per unit in February 2011. The REIT paid monthly distributions of \$0.0051 per unit in each of the remaining months of 2011 and the first six months of 2012. The REIT increased its monthly distribution rate to \$0.005334 per trust unit for the April 2012 and subsequent distributions.

On September 21, 2011, the REIT completed the purchase of a 24,000 square foot medical office building in Midland, Ontario for approximately \$5,200,000.

On December 6, 2011, the REIT acquired a 21,000 square foot medical office building in Orillia, Ontario for a total purchase cost of \$7,092,827, which includes \$142,827 of acquisition costs, from Thornley Holdings Limited, a related party (see related parties). The Orillia property is subject to a head lease with respect to approximately 4,000 sq. ft. of space and the parking lot, for a period of three years. The head lease is provided by the vendor, Thornley Holdings Limited. As a condition of providing the head lease, CMD, a related party to the REIT and Thornley Holdings Limited, shall remain the property manager of the Orillia property until the earlier of the expiry of the head lease or December 6, 2014.

On January 6, 2012, the REIT acquired a portfolio of three medical office buildings located in Lindsay, Hamilton and St. Thomas, Ontario (the õSunder Portfolio). The transaction has been treated as an asset acquisition. The Sunder Portfolio was acquired for approximately \$10.6 million. Approximately \$7.8 million of the purchase price was comprised of a combination of assumed mortgage debt on the Sunder Portfolio and coterminous vendor-take-back financing with a combined average interest rate of 4.09%. The balance of the purchase price was funded with existing resources.

On March 5, 2012, the REIT refinanced its Orillia property for a gross amount of \$4,300,000, which generated net proceeds of \$843,000. The refinancing shortened the maturity date to July 2016 while the interest rate was unchanged at 4.19%.

On March 12, 2012, the REIT announced an offering of rights to acquire up to 3,880,212 units of the REIT to unitholders of record on March 30, 2012 at a price of \$1.15 per unit (the õRights Offeringö). The rights expired on April 24, 2012 and investors subscribed for 3,880,212 units for gross proceeds of \$4,462,244.

On May 1, 2012, the REIT completed the acquisition of a 25,000 square foot medical office building located in Port Hope, Ontario, for approximately \$7.5 million, subject to customary closing adjustments. The building tenants are medical practitioners with a pharmacy, lab and x-ray facilities and it is 100% occupied.

NWVP Acquisition

On April 16, 2012, the REIT announced it had entered into a support agreement (the õSupport Agreementö) with NorthWest Value Partners Inc. (õNWVPö) whereby NWVP would offer to

acquire all of the Units for \$2.05 per Unit (the õNWVP Offerö) by way of a take-over bid. The NWVP Offer was subject to a number of conditions including acceptance of the NWVP Offer by the holders of at least 66 2/3% of the issued and outstanding Units. In addition, in connection with the NWVP Offer, all the REIT¢s existing properties are to be sold to NorthWest Healthcare Properties Real Estate Investment Trust (õNWHP REITÖ) for \$87.3 million. This sale is being completed on financial terms that are economically equivalent (to the REIT) to the terms offered (to the Unitholders) pursuant to the NWVP Offer. See õSale of Existing Portfolioö. The REIT¢s Trustees unanimously resolved to recommend that Unitholders tender their units to the NWVP Offer and support of the sale of the REIT¢s existing properties.

As a result of the issuance of all of Units available under the Rights Offering (described below), the NWVP Offer was adjusted from \$2.05 per unit to \$1.87 per Unit. NWVPøs take-over bid circular and the REITøs Trustee circular were mailed to unitholders on April 27, 2012 and April 20, 2012, respectively.

On June 11, 2012, after the extension of the initial expiry date of the NWVP Offer, 18,481,046 Units had been tendered to the NWVP Offer, representing approximately 91% of the total outstanding Units and approximately 68% of the fully diluted Units. As disclosed in the takeover bid circular mailed in connection with the NWVP Offer, and for purposes of ensuring that the REIT continued to meet the ongoing listing requirements of the TSX-V, NWVP sold 1,321,000 Units deposited under the NWVP Offer. After the take-up and payment by NWVP Acquisition L.P. (a wholly-owned subsidiary of NWVP) of the remaining tendered Units, as of the date of the MD&A NWVP indirectly owned 16,641,046 Units, representing approximately 82% of the total outstanding Units (approximately 61% of the total outstanding Units on a fully-diluted basis) (the õNWVP Acquisitionö).

Sale of Existing Portfolio

In connection with the NWVP Acquisition, the REIT has agreed to sell the Existing Portfolio to NWHP REIT in two separate transactions. Subject to regulatory requirements, the first transaction will result in the Port Hope Property being conveyed to the NWHP REIT, with the second transaction resulting in the conveyance of the balance of the Portfolio to NWHP REIT. Pursuant to the Acquisition Agreements, the closing date will not be later than July 31, 2012, provided that each of the REIT and NWHP REIT is permitted to extend such outside date by up to 90 days if any regulatory approvals remain outstanding. Both GT LP and NHP Partnership have agreed to extend such outside date by 90 days to October 31, 2012.

Subsequent Events

- (a) Subsequent to June 30, 2012, the REIT declared a distribution of \$0.005334 per trust unit for the month of July 2012 to unitholders of record on July 31, 2012, payable on August 15, 2012.
- (b) Subsequent to June 30, 2012, both GT LP and NHP Partnership have agreed to extend the closing date of both the sale of the Port Hope property and the sale of the balance of the Existing Portfolio by 90 days to October 31, 2012.

Outlook

In connection with the NWVP Acquisition, the REIT has agreed to sell the Existing Portfolio to NWHP REIT in two separate transactions. Subject to regulatory requirements, the first transaction will result in the Port Hope Property being conveyed to the NWHP REIT, with the second transaction resulting in the conveyance of the balance of the Existing Portfolio to NWHP REIT. See õSale of Existing Portfolioö for a discussion of the transactions.

In addition to Canada, management of the REIT believes that international markets will offer attractive healthcare real estate acquisition opportunities for the REIT in the future. To select international markets in which to expand, the REIT indentifies key market characteristics that are consistent with those identified in Canada, specifically:

- Demographics: ageing population, increasing life expectancy, and need for healthcare;
- Economic: selected markets balance economic growth and stability, stabilized and/or increasing GDP/capita, and increasing healthcare spending as % of GDP; and,
- Real estate and healthcare trends: fragmented healthcare real estate markets, healthcare operators focusing on ocore businesso, demand for new infrastructure, and growing public and private healthcare services.

As at June 30, 2012, the REIT had no international properties. Management continues to explore international real estate acquisition opportunities for the REIT.

PART IV – RESULTS OF OPERATIONS

The REIT entered into an agreement on June 19, 2012 to sell all of its existing investment properties in conjunction with the NWVP Acquisition described previously. As a result, the REIT has classified its existing investment properties and the related assets, liabilities and results from operations, as discontinued operations.

Interest and Other Income

Interest and other income represents primarily interest income earned on cash balances.

General and Administrative Expenses

General and administrative expenses decreased by \$183,551 for the three months ended June 30, 2012 to \$296,134 versus \$479,685 in the comparable period in 2011. For the six month period ended June 30, 2012, general and administrative expenses decreased by \$39,657 to \$775,364 from \$815,021 in the prior period. The decrease was primarily a result of management incentive compensation and professional fees in respect of the conversion to a real estate investment trust paid in the prior period.

Transaction Costs

The REIT incurred \$22,417 and \$71,213 of professional fees and other costs for the three and six months ended June 30, 2012 (\$Nil and \$Nil \u00e1 June 30, 2011) in connection with the REIT\u00e9s evaluation of potential acquisitions of investment properties which have been abandoned.

The REIT incurred \$3,487,991 of termination payments, professional fees and other costs in connection with the REIT¢s consideration of strategic alternatives and the evaluation and negotiation of the proposed strategic transaction with NorthWest (the õStrategic Transactionö, also see õSubsequent Eventsö). Pursuant to the Portfolio Acquisition Agreement with respect to the sale of the Existing Portfolio, the REIT will receive \$3,300,000 to reimburse the REIT for the transaction costs incurred. After recognizing the benefit of this reimbursement, the REIT recorded a recovery of transaction costs of \$185,009 for the three months ended June 30, 2012 (\$Nil ó June 2011) and non-reimbursable transaction costs of \$187,991 for the six months ended June 30, 2012 (\$Nil ó June 2011).

Finance Costs

Under IFRS, the Class B LP unit distributions are treated as a finance cost. Class B LP units receive distributions on an equivalent per unit basis to the distributions declared on the REIT units. During the three and six months ended June 30, 2012, the REIT made distributions of \$3,801 and \$13,937 respectively, on the Class B LP units and \$13,132 and \$23,297 respectively for the comparative periods ending June 30, 2011.

Included in Finance Costs is amortization of deferred financing costs incurred to arrange mortgage or equity financing. For the three and six months ended June 30, 2012, amortization of deferred financing costs totaled \$16,160 and \$29,410, respectively. For the three and six months ended June 30, 2011, amortization of deferred financing costs was \$Nil.

Also included in Finance Costs is interest incurred on Promissory Notes totaling \$3,696 for the three and six months ended June 30, 2012 (\$Nil \u00f3 June 2011).

Other Fair Value Gains (Losses)

Other fair value gains and losses are comprised of gains and losses in the fair value of the incentive unit options, warrants, Class B LP units and Deferred Unit Plan liability.

Total other fair value losses for the three and six months ended June 30, 2012 were \$1,119,294 and \$635,623 respectively. Total other fair value gains for the three and six months ended June 30, 2011 were \$1,979,904 and \$3,017,182 respectively.

Other fair value gains are significantly affected by the change in the price of the REIT units. The trading price of the REIT units increased from \$1.45 per unit at December 31, 2011 to \$1.46 per unit at March 31, 2012. The trading price of the REIT units subsequently increased to \$1.84 at June 30, 2012. The trading price of the REIT units decreased from \$2.00 per unit at December 31, 2010 to \$1.89 per unit at March 31, 2011 and \$1.60 per unit at June 30, 2011.

Incentive unit options

The incentive unit options, under IFRS, are carried at fair value, which is estimated using the Black Scholes Option Pricing Model. The value of the incentive unit options decreased for the three and six month periods ended June 30, 2012 by \$101,944 and \$108,099 respectively. This reflected the change in the trading price of the REIT units during the period. For the three and six month periods ended June 30, 2011, the value in the incentive unit options decreased by \$42,570 and \$63,118 respectively. This primarily was a result of the decline in the trading price of the REIT¢s listed units during the period.

On May 31, 2012, all of the outstanding incentive unit options were cancelled for \$Nil consideration pursuant to the terms of the Support Agreement in conjunction with the NWVP Acquisition. Accordingly, the value of the incentive options was reduced to \$Nil.

Warrant liability

The warrant liability, under IFRS, is carried at fair value, which is estimated using the Black Scholes Option Pricing Model. The value of the warrants increased by \$781,917 and \$286,126, respectively, for the three and six months ended June 30, 2012, resulting in a fair value loss. The value of the liability increased primarily as a result of the increase in the REIT¢s unit price in the second quarter of 2012. The value of the warrants decreased by \$1,766,321 and \$2,710,176, respectively, for the three and six months ended June 30, 2011, resulting in a fair value gain. The decline in value was primarily a result of the decline in the REIT¢s unit price during the period.

Class B LP units

The Class B LP units, under IFRS, are carried at fair value. The value of the Class B LP units mirrors the trading price of the REIT¢s listed units. During the three and six month periods ended June 30, 2012, the value of the Class B LP liability increased by \$271,625 and \$278,260, reflecting the increase in the trading price of the REIT¢s listed units during that period. During the three and six month periods ended June 30, 2011, the value of the Class B LP liability decreased by \$192,125 and \$265,000, respectively, reflecting the decline in the trading price of the REIT¢s listed units during the period.

As part of the NWVP Acquisition previously described, 662,500 Class B LP units were converted into REIT units, with a value of \$1,238,875, and tendered to the NWVP Offer, leaving Nil Class B LP units outstanding as at June 30, 2012.

Deferred Unit Plan units

The Deferred Unit Plan units, under IFRS, are carried at fair value. The value of the Deferred Unit Plan liability mirrors the trading price of the REIT¢s listed units.

The REIT issued 409,018 additional DUP units in the three months ended June 30, 2012 and

619,749 DUP units in the six months ended June 30, 2012. The REIT issued 149,755 DUP units in the three and six month periods ended June 30, 2011. On May 31, 2012, all of the outstanding DUP units were converted into REIT units and tendered to the NWVP Offer. As at June 30, 2012 there were Nil DUP units outstanding.

The fair value of the outstanding DUP units increased by \$167,696 and \$179,346, respectively, for the three and six month period ended June 30, 2012 reflecting the increase in the trading price of the REIT¢s listed units during the period. The fair value increased by \$21,112 and \$21,112, respectively, for the three and six month periods ended June 30, 2011. The increase in fair value reflected the change in the trading price of the REIT¢s listed units from the date of grant.

Income from Discontinued Operations

Income from discontinued operations totaled \$3,563,369 and \$5,550,162, respectively, for the three and six months ended June 30, 2012 and \$502,805 and \$4,569,289, respectively for the three and six months ended June 30, 2011. The REIT recognized fair value gains throughout the respective periods as cap rates continued to fall. Income before fair value gains increased in both periods in 2012 over 2011 as the REIT acquired an additional six properties from September 2011 through May 2012.

DISCONTINUED OPERATIONS – OPERATING RESULTS

The REIT owned six properties throughout the first six months of 2011. The REIT subsequently acquired an additional two properties in the third and fourth quarter of 2011, three properties in the first quarter of 2012 and one additional property in the second quarter of 2012. Accordingly, the results from discontinued operations for 2012 reflect the results of eleven properties for five months and twelve properties for one month, while the results for 2011 reflect six properties.

Net Operating Income

Net operating income was \$1,453,069 and \$2,745,042 for the three and six months ended June 30, 2012 respectively. The increase of \$618,692 and \$1,047,050, respectively, for the three and six months ended June 30, 2012 versus the comparable period in 2011 was primarily as a result of the six properties acquired from the third quarter of 2011 through the second quarter of 2012.

Mortgage and Loan Interest Expense

The majority (73%) of the REIT & debt has fixed interest rates. The REIT & fixed rate mortgages and loans had a weighted average interest rate of 5.04% as at June 30, 2012.

The REIT has three, interest only, floating rate mortgages with rates of prime plus 200 basis points and prime plus 300 basis points.

Mortgage and loan interest expense totaled \$563,098 and \$1,071,179 for the three and six months ended June 30, 2012, respectively. The increase of \$306,278 and \$574,968 from the three and six months ended June 30, 2011, respectively, is primarily as a result additional mortgage and loan financing in respect of the six properties acquired from the third quarter of 2011 through the second quarter of 2012.

Fair Value Gains (Losses) on Investment Properties Held for Sale

Under IFRS the REIT has elected to use the fair value model to account for its investment properties. Under the fair value model, investment properties are carried on the consolidated balance sheet at fair value. The properties are not depreciated and changes in the fair value of the properties are recognized in income in the period in which they occur. Rental revenues are recognized on a straight-line basis over the term of the lease. The fair value of investment properties is increased (reduced) by the amount of any straight-line rent amortization (receivable).

For the three month period ended June 30, 2012, the REIT recognized a fair value gain on the revaluation of the investment properties of \$2,673,398. The fair value was adjusted by \$12,901, reflecting the amortization of straight-line rent. The fair value reflects the purchase price in the Portfolio Acquisition Agreement.

During the three month period ended June 30, 2011, the fair value of the REIT¢s investment properties decreased by \$74,752. The loss was as a consequence of straight-line rent in the quarter.

During the six month period ended June 30, 2012, the REIT recognized a fair value gain on the revaluation of the investment properties of \$3,876,299. This gain was increased by \$24,697 as a consequence of straight-line rent in the quarter. The fair value reflects the purchase price in the Portfolio Acquisition Agreement.

During the six month period ended June 30, 2011, the fair value of the REIT¢s investment properties increased by \$3,367,508. This reflected a gain on the revaluation of the investment properties of \$3,442,260 as a consequence of a significant decline in capitalization rates from December 2010. This gain was reduced by \$74,752 as a consequence of straight-line rent in the period.

DISCONTINUED OPERATIONS – NET OPERATING INCOME

The REIT owned six properties throughout the first six months of 2011. The REIT subsequently acquired an additional two properties in the third and fourth quarter of 2011, three properties in the first quarter of 2012 and one additional property in the second quarter of 2012. Accordingly, the results from discontinued operations for 2012 reflect the results of eleven properties for five months and twelve properties for one month, while the results for 2011 reflect six properties.

Revenue from Investment Properties Held for Sale

Base rent

Base rent totaled \$1,147,667 and \$2,216,414 for the three and six months ended June 30, 2012. This compares to \$720,734 and \$1,471,419 for the three and six months ended June 30, 2011. The increase in base rents primarily reflects the six additional properties acquired from the third quarter of 2011 and through the second quarter of 2012.

Operating cost recoveries

Operating cost recoveries for the three and six months ended June 30, 2012 were \$894,783 and \$1,727,045, respectively, compared to \$519,930 and \$1,058,252, respectively, for the three and six months ended June 30, 2011. The increases reflect the six additional properties acquired from the third quarter of 2011 and through the second quarter of 2012. Virtually all of the REIT¢s leases are on a net basis, providing for a recovery of most operating costs. The REIT recovered a significant portion of its recoverable operating costs as a consequence of occupancy rates exceeding 95%.

Parking and other income

Parking and other income primarily represents revenue from parking operations. Parking revenues and other income rose to \$339,439 and \$669,188, respectively, in the three and six months ended June 30, 2012 versus \$177,949 and \$363,957 in the three and six months ended June 30, 2011. The increase in parking and other income in 2012 reflects the six additional properties acquired from the third quarter of 2011 and through the second quarter of 2012. As well, parking rates were adjusted effective January 1, 2012 on two of the REIT¢s properties. The REIT continues to seek growth in parking revenues of new and existing properties through adjusting parking rates to market.

Property Operating Costs

Recoverable operating costs

Recoverable operating costs totaled \$602,175 and \$1,266,503 for the three and six months ended June 30, 2012, respectively, versus \$352,842 and \$783,910 for the three and six months ended June 30, 2012. The increase in recoverable operating costs reflects the additional six properties acquired from the third quarter of 2011 and through the second quarter of 2012.

Realty taxes

Realty taxes for the three and six months ended June 30, 2012 were \$294,583 and \$538,292, respectively, versus \$147,203 and \$294,345, respectively, in the comparable periods in 2011. The increase reflects the additional properties acquired from the third quarter of 2011 and through the second quarter of 2012.

Non-recoverable operating costs

Non-recoverable operating costs primarily relate to the costs of operating parking lots. The decline reflected conversion from manual to gated parking lots and repairs to equipment in the prior periods.

DISCONTINUED OPERATIONS - NET OPERATING INCOME - "SAME STORE"

õSame Storeö properties are defined as all properties owned by the REIT continuously since December 31, 2010 and do not take into account the impact of the performance of acquisitions or dispositions completed subsequent to December 31, 2010. Accordingly, õSame Storeö net operating income reflects the six properties owned for equivalent periods in 2012 and 2011.

Net Operating Income	\$ 841,165	\$	834,377	\$ 1,742,495	\$	1,697,992	

Net operating income from investment properties held for sale increased by \$6,788 and \$44,503 for the three and six months ended June 30, 2012 from the comparable periods in 2011 on a õsame-storeö basis. Declines in base rent and operating cost recoveries from loss of a tenant and increases in operating costs were offset by increased parking revenues and a decrease in non-recoverable costs.

Base rent and operating cost recoveries fell in the three and six months ended June 30, 2012 compared with the three and six months ended June 30, 2011. This reflects the loss of the lab in the Welland property late in the fourth quarter of 2011. This decrease in revenue was partially offset by increased parking income, reflecting parking rate increases introduced in the first quarter of 2012.

Recoverable operating costs were lower in the three and six month periods ended June 30, 2012 versus the comparable period in 2011, primarily as a result of lower snow removal and repair costs.

Net income

Net income was significantly impacted by changes in fair values of investment properties held for sale, as part of discontinued operations, and other fair value adjustments. The fair values of investment properties increased as a consequence of declining capitalization rates throughout 2011 and into the second quarter of 2012. The fair value adjustment for the second quarter of 2012 reflects the purchase price for the Existing Portfolio in the Property Acquisition Agreement. The other fair value adjustments relate to various unit-based liabilities which declined due to a fall in the market price of the REIT¢s units during 2011.

Net income during the six months ended June 30, 2012 was negatively affected by \$187,991 of non-reimbursable costs incurred in respect of the Strategic Transaction.

Discontinued Operations - Net Operating Income

Net operating income from discontinued operations reflected seasonal variation from the first quarter through the fourth quarter of 2011. Fourth quarter net operating income increased from the previous quarters as a consequence of the addition of the two properties on September 26, 2011 and December 6, 2011. The first quarter 2012 benefited from the addition of a three building portfolio on January 6, 2012. The second quarter of 2012 saw the addition of an additional building on May 1, 2012.

Cash provided by (used in) operating activities

In 2011, cash from operations swung from a deficit in the first quarter to a surplus in the fourth quarter. This was a result of income before fair value adjustments increasing with the effect of the newly acquired properties in the third and fourth quarter of 2011 and a significant pay-down of net liabilities in the first quarter of 2011. Cash from operations continued to grow in the first quarter of 2012, reflecting acquisitions completed early in the first quarter of 2012. Cash from operations was negatively affected by the Strategic Transaction costs incurred in the first quarter of 2012. Net cash from operating activities (both continuing and discontinued operations) was negative in the second quarter of 2012. This was largely a consequence of strategic transaction costs incurred in the quarter which will be reimbursed on completion of the sale of the existing portfolio.

AFFO

AFFO and AFFO per unit increased throughout fiscal 2011. This reflected a decline in general and administration expense, after adjusting for non-cash unit-based compensation expense, and the impact of the step-up in rents imbedded in certain leases. The fourth quarter was positively effected by the properties acquired in the third quarter and late in the fourth quarter.

AFFO and AFFO per unit declined in the first quarter of 2012 to \$55,717 or \$0.004 per unit from \$317,313 or \$0.020 in the fourth quarter of 2011. After adjusting for the effect of the non-reimbursable Strategic Transaction costs of \$187,991, the revised AFFO would have been \$243,708 or \$0.016 per unit in the first quarter of 2012. The improvement in the revised AFFO in the first quarter of 2012 over the fourth quarter of 2011 was attributable to the addition of one property in December 2011 and three properties on January 6, 2012.

AFFO increased to \$649,873 or \$0.0349 per unit in the second quarter of 2012. This reflected a decline in general and administration expenses in the second quarter from the first quarter and the continuing growth in the portfolio with an additional building acquired late in the second quarter. Distributions as a percentage of AFFO improved to 49%.

Payout ratio

Distributions as a percentage of AFFO (the õpayout ratioö) improved in accordance with the improvement in AFFO. The payout ratio steadily declined in fiscal 2011 from 198% in the first quarter to 75% in the fourth quarter.

The payout ratio deteriorated in the first quarter of 2012 as a consequence of the Strategic Transaction costs. Excluding the effect of the Strategic Transaction costs, the payout ratio improved to 55%.

With the acquisition of an additional four properties in the first and second quarter of 2012, and a decline in general and administration expenses in the second quarter of 2012, AFFO continued to grow, resulting in the payout ratio improving to 49%.

Debt to Gross Book Value

Debt to gross book value increased from 37.7% in the first quarter of 2011 to 50.9% in the fourth quarter. This reflected the growth in the portfolio of investment properties, both through gains in fair value and the addition of new properties in the third and fourth quarter of fiscal 2011. The increase in the asset base was offset by the refinancing of mortgages in the second quarter, additional first mortgage financing assumed with the acquisitions and the draw down on the acquisition facility to fund the acquisitions.

The first quarter of 2012 saw the debt to gross book value increase to 56.4%. This was primarily a result of the vendor take-back financing on the three property portfolio on January 6, 2012 which had a higher leverage ratio than the REIT® previous acquisitions. The ratio fell slightly to 53.7% in the second quarter of 2012 after the completion of the Rights Offering.

Gross Leaseable Area

Gross leaseable area increased in fiscal 2011 with the completion of construction on 89 Dawson Rd., Guelph and the purchase of buildings in the third and fourth quarters. This continued with the acquisition of the three building portfolio in the first quarter of 2012 and one additional building in the second quarter of 2012.

Occupancy

Occupancy levels remained above 96% throughout fiscal 2011 and the first quarter of 2012, declining to 95% in the second quarter of 2012. This reflects a stable tenant base with minimal movement and the acquisition of buildings with high occupancy levels.

⁽¹⁾ Under IFRS, the distributions on the REIT's Class B LP units (Finance Cost), the fair value changes related to these units, the fair value of the warrant liability, the fair value of the incentive unit options, the fair value of the Deferred Unit Plan and the fair value changes related to the investment properties are included in the determination of net income. The impact of these amounts has been eliminated when determining FFO in order to enhance the usefulness and comparability of FFO as a supplemental measure of the operating performance of the REIT.

⁽²⁾ Under IFRS, the REIT's Class B LP units are treated as a financial liability rather than equity. As permitted under IFRS, the REIT has chosen to present an adjusted basic and diluted earnings per share unit measure that includes the Class B LP units in basic and diluted units outstanding/weighted average units outstanding. As a result, the adjusted basic and diluted units outstanding and the adjusted basic and diluted weighted average units outstanding Class B LP units.

⁽³⁾ Weighted average basic and fully diluted units outstanding, including the Class B LP units.

⁽⁶⁾ Costs incurred in connection with the Strategic Transaction for the three and six months ended July 31, 2012 totalled \$(185,009) and \$187,991 respectively and \$nil in the comparative periods in 2011.

Funds From Operations ("FFO")

Funds from operations (õFFOö) was \$759,959 and \$644,603, respectively, in the three and six months ended June 30, 2012 versus \$98,580 and \$388,684, respectively, in the comparable period in 2011. Excluding non-reimbursable costs associated with the Strategic Transaction of \$187,991, FFO was \$832,594 for the six months ended June 30, 2012.

Adjusted Funds From Operations ("AFFO")

Adjusted funds from operations (õAFFOö) for the three and six months ended June 30, 2012 was \$649,873 or \$0.035 per unit and \$728,840 or \$0.038 per unit, respectively, compared to \$(61,289) or (\$0.004) per unit and \$58,894 or \$0.004 per unit, respectively for the three and six months ended June 30, 2011.

Excluding non-reimbursable costs associated with the Strategic Transaction of \$187,991, AFFO was \$916,831 or \$0.047 per unit for the six months ended June 30, 2012. The increase in AFFO in the second quarter of 2012 reflects the acquisition of six additional properties since the first quarter of 2011.

LIQUIDITY AND CAPITAL RESOURCES

CASH RESOURCES AND LIQUIDITY

Cash Resources and Liquidity	 une 30, 2012	December 31, 2011
Cash Unused revolving credit facility	\$ 21,783	\$ 1,700,067 1,000,000
·	\$ 21,783	\$ 2,700,067

On the assumption that occupancy levels remain strong and that the REIT will be able to obtain financing on reasonable terms, the REIT anticipates meeting all current and future obligations as they come due. Management expects to finance future acquisitions from: (i) existing cash balances and (ii) a mix of mortgage debt secured by investment properties, bridge facilities, operating facilities, issuance of equity and convertible/unsecured debentures. Cash flow generated from operating activities and discontinued operations is the source of liquidity to service debt (except maturing debt), sustain capital expenditures, leasing costs and unit distributions.

Discontinued Operations

The REIT entered into an agreement to sell all of its existing investment properties in conjunction with the NWVP Acquisition, previously described. As a result, the REIT has classified its existing portfolio of investment properties and the related assets, liabilities and results from operations, as discontinued operations. Cash flow from discontinued operations will continue to support the on-going operations of the REIT until the completion of the sale.

As a consequence of the growth in the number of investment properties from six at December 31, 2010 to twelve properties at June 30, 2012, which have been accretive acquisitions, cash flow from discontinued operations has grown. Currently, cash flow from discontinued operations is sufficient to sustain capital expenditures and leasing costs associated with the investment properties held for sale as well as funding on-going operating activities of the REIT and its unit distributions. Distributions to unitholders, as a percentage of AFFO, has fallen to 49% in the second quarter of 2012 versus 124% at the end of the fourth quarter of 2011.

On completion of the sale of the Existing Portfolio, the REIT expects that the proceeds received will provide sufficient cash flow to fund its on-going operating activities.

Credit Facility

The REIT established a revolving credit facility agreement (the õCredit Facilityö) in April 2011 in the amount of \$5,655,000 to be drawn on by the REIT for property acquisitions and working capital. Of that Credit Facility, \$1.0 million may be used for working capital. As at June 30, 2012, the REIT had fully drawn on the Credit Facility.

As a consequence of the sale of the Existing Portfolio, the Credit Facility has been included in Discontinued Operations as it represents one of the liabilities associated with the assets held for sale.

Changes in cash

Liquidity risk arises from the REIT¢s financial obligations and in the management of its assets, liabilities and capital structure. This risk is managed by regularly evaluating the liquid financial resources to fund current and long-term obligations and to meet the REIT¢s capital commitments in a cost- effective manner. The REIT expects to be able to meet all of its obligations as they become due and have sufficient liquidity from the following sources: (i) cash flow from operating activities and discontinued operations; (ii) financing availability through conventional mortgage debt secured by income producing properties and its revolving credit facility; and (iii) to the extent possible, the issuance of new equity.

The REIT of contractual financial commitments consist of general and administrative (overhead) expenses, which the REIT expects to be able to finance through cash flows from discontinued operations.

The following table sets out the REIT¢s contractual cash flows, excluding those relating to discontinued operations:

The REIT currently intends to distribute a high percentage of its AFFO to Unitholders. As such, the REIT will not retain a material amount of operating cash flow to finance other capital requirements, such as acquisitions and significant capital expenditures. Instead, the REIT intends to finance such initiatives through the issuance of additional equity or debt securities. From time to time, the REIT may also consider other financing initiatives, such as the refinancing of mortgages on existing properties, the entering into of additional credit facilities and/or the adoption of a distribution reinvestment plan.

CONTINUING OPERATIONS

Operating activities

Cash used in operating activities totaled \$4,740,688 and \$4,937,939 for the three and six months ended June 30, 2012, respectively. Cash provided by operating activities totaled \$3,843,153 and \$2,963,616 for the three and six months ended June 30, 2011 respectively. Operating costs from continuing operations fell in 2012 from the comparable periods of 2011, reflecting lower staff levels and compensation. Changes in non-cash working capital balances, primarily accounts payable and accrued liabilities, was responsible for the majority of the decline in cash from operating activities in 2012.

Investing activities

The REIT redeemed a portion of an investment certificate in the three months ended June 30, 2011, providing an additional \$195,041 of cash.

Financing activities

The REIT raised \$4,193,704 of cash, after issuance costs, from a Rights Offering that was completed on April 24, 2012.

DISCONTINUED OPERATIONS

The REIT owned six properties throughout the first six months of 2011. The REIT subsequently acquired an additional two properties in the third and fourth quarter of 2011, three properties in the first quarter of 2012 and one additional property in the second quarter of 2012. Accordingly, the cash provided by (used in) discontinued operations for 2012 reflect the results of eleven properties for five months and twelve properties for one month, while the results for 2011 reflect six properties.

Operating activities

Net cash provided by operating activities from discontinued operations was \$2,021,833 and \$2,809,054 for the three and six months ended June 30, 2012, respectively. This compares to net cash used in operating activities of \$3,854,708 and \$3,438,678 in the three and six month periods ended June 30, 2011.

The increase in cash provided from operations reflected greater net operating income from investment properties from the addition of two additional properties in September and December 2011, three buildings in early January, 2012, and an additional building on May 1, 2012. The increase in net operating income was partially offset by the increase in interest paid to fund the acquisitions.

Investing activities

For the three and six months ended June 30, 2012 the REIT invested \$2,806,601 and \$6,062,430, respectively, to acquire investment properties and make additions thereto. The REIT acquired three properties in the first quarter of 2012 and one property in the second quarter of 2012. The REIT made no similar investments in properties in the corresponding periods in June 30, 2011.

Financing activities

The REIT generated additional cash from investing activities totaling \$666,608 and \$3,160,778 for the three and six months ended June 30, 2012, respectively. The REIT generated \$3,939,925 and \$3,714,326 of additional cash from investing activities for the three and six months ended June 30, 2011, respectively.

The REIT issued \$787,127 of promissory notes to fund strategic transactions costs in the second quarter of 2012. This source of funds was offset by \$120,519 in scheduled principal repayments on the REIT outstanding mortgages. In the first quarter of 2012, the REIT generated an additional \$843,000 of net funding on the refinancing of the Orillia property and drew down \$2,155,000 on its Credit Facility to fund the acquisition of the three property portfolio.

In March 2011, the REIT completed a refinancing and restructuring of its mortgages payable, generating an additional \$4,157,726 of funds and resetting interest rates and amortization periods.

CAPITAL STRUCTURE

The REIT, as is common in the real estate industry, considers its capitalization to consist of debt and equity capital. The REIT actively manages both its debt and equity capital with the objective of ensuring that the REIT can continue to grow and operate its business. Debt associated with discontinued operations has been excluded from the capital structure.

The REIT monitors its debt regularly for compliance with debt covenants contained in its loan agreements. At the date of this MD&A, the REIT is in compliance with all of its loan covenants.

The following table shows the REITøs total capital as at June 30, 2012 and December 31, 2011, excluding debt associated with discontinued operations.

	June 30,	December 31,
Capital Structure	2012	2011

Mortgages Assumed and Vendor-Take-Back Financing

In the first quarter of 2012, the REIT assumed additional mortgages of \$4,396,827 and received vendor-take-back financing of an additional \$3,357,000 to fund the acquisition of the three property portfolio. The balance of funding came from an additional draw on the Credit Facility.

On May 1, the REIT incurred mortgage debt of \$4,979,000 in connection with the acquisition of the Port Hope property.

Acquisition and Working Capital Facility

The REIT established a revolving credit facility agreement (the õCredit Facilityö) in April 2011 in the amount of \$5,655,000 to be drawn on by the REIT for property acquisitions and working capital. Amounts outstanding under the Credit Facility bear interest at a rate equal to the lender¢s prime rate plus 200 basis points. The Credit Facility has an initial two-year term and is secured by a first ranking mortgage on the property located at 89 Dawson Road, in Guelph, Ontario. In the first quarter of 2012, the REIT drew down \$2,155,000 on the Credit Facility to fund the acquisition of the three property portfolio.

Refinancing

As part of the Refinancing described above, the REIT entered into a new mortgage on the Whitby property. It established a floating rate, second mortgage which matures in August 2012, co-terminus with the maturity of the existing first mortgage on Whitby. The mortgage commitment provides for a new first mortgage to be created at that time to payout the existing first mortgage, consolidate the second mortgage and provide additional funds. The new first mortgage will total \$6,955,000, with a five year term and a fixed rate of interest.

On March 5, 2012, the REIT refinanced its Orillia property for a gross amount of \$4,300,000, which generated net proceeds of \$843,000. The refinancing shortened the maturity date to July 2016 while the interest rate was unchanged at 4.19%.

Off-Balance Sheet Arrangements

As at June 30, 2012, the Company had no off-balance sheet arrangements.

Financial Instruments

Estimated fair value amounts are designed to approximate amounts at which financial instruments could be exchanged in a current transaction between willing parties who are under no compulsion to act.

The REIT uses a fair value hierarchy to categorize the inputs used in valuation techniques to measure fair value of financial instruments. The classifications are as follows: the use of quoted market prices for identical assets or liabilities (Level 1), internal models using observable market information as inputs (Level 2) and internal models without observable market information as

inputs (Level 3). The Company had no Level 3 financial instruments at December 31, 2011 and there have been no transfers between levels.

RELATED PARTY TRANSACTIONS

- (a) On December 24, 2010, the REIT completed the acquisition of a portfolio of five medical office buildings (the õAcquired Propertiesö) from a related party, Thornley Holdings Limited (which is indirectly controlled by Edward Thornley, a director of the REIT and Darren Thornley, an officer of the REIT). The REIT has a contractual obligation to pay a post-closing adjustment in respect of the two Acquired Properties located in Guelph, Ontario on the second anniversary of closing (being December 24, 2012 the õRe-Adjustment Dateö) to the extent that the net operating income, based on annualized revenues and expenses for the following 12 month period and parking revenues for the trailing 12 month period, implies, with a capitalization rate of 8.25%, a value in excess of the purchase price paid.
- (b) A Head Lease was entered into between GT Canada Operating Partnership (I) L.P. (the õOperating Partnershipö), a subsidiary of the REIT, and Guelph Medical Place 2 Ltd. (a related party as its' shareholders include Ed Thornley and Douglas Friars, M.D. (trustees of the REIT) and Darren Thornley (an officer of the REIT)).

Pursuant to the Head Lease, Guelph Medical Place 2 Ltd. has leased the total rentable area of the building being constructed at 89 Dawson Road, Guelph, Ontario (the õBuilding Head Leaseö), and a portion of the property comprising and intended for use as parking facilities serving the building (The õLot Head Leaseö). The Building Head Lease will terminate on the date which is the earlier of (i) the second anniversary of the closing of the Acquisition (being December 24, 2012), and (ii) the date on which the aggregate of the fully net rents payable under end user leases in respect of a particular month are equal to or exceed the Building Head Lease rent in respect of such month. Under the Lot Head Lease, the right to operate the parking facilities, and to receive parking revenues, will be assigned back to the Operating Partnership; the Lot Head Lease provides the terms upon which the benefit of such rental revenues are allocated between the parties. The Lot Head Lease will terminate on the date that is the earlier of (i) the day immediately preceding the second anniversary of the closing of the Acquisition, and (ii) the first day of a month where the aggregate gross parking revenues received by the Operating Partnership from such operations at 89 Dawson Road, Guelph, Ontario (based on the allocation of parking revenues contemplated by the Lot Head Lease) for the preceding six (6) consecutive months is equal to or greater than \$397,500.

(c) The eight investment properties acquired prior to 2012 are managed by CMD Management Limited (õCMDö) which is indirectly owned by Edward Thornley and Darren Thornley.

The REIT entered into a property management agreement with CMD for a period of two years ending December 31, 2012. At the closing of the two year period, the agreement provides the offer to extend the agreement as well as the option for both the REIT and CMD to terminate the agreement under a no fault termination. Should the REIT decide to cancel the agreement at the end of the two year period or any extension thereof; it would be required to reimburse CMD for lease termination costs and penalties and any other penalties or costs relating to the termination

or satisfaction of any other contract or commitment that was entered into by CMD in order to fulfill its obligations as property manager. In addition, the REIT would be required to offer employment to all employees and independent contractors (excluding Darren Thornley and Ed Thornley) of CMD. Should the employees or independent contractors not accept the employment offer, the REIT would be required to reimburse CMD for any terminations or severance costs incurred by CMD as a result of the termination of the agreement, if any. The REIT has not accrued any amount with respect to costs of terminating the property management agreement.

During the three and six months ended June 30, 2012, the REIT was charged \$75,150 and \$150,401 respectively, (\$55,525 and \$112,525 for the comparable periods in 2011) by CMD for property management fees. Such costs are recoverable from tenants as property operating costs.

In addition, during the three and six months ended June 30, 2012, the REIT was charged \$4,800 (three and six months ended June 30, 2011 - \$nil) by CMD for leasing commissions.

- (d) For the three and six months ended June 30, 2012, the REIT received \$227,960 and \$453,420 respectively (three and six months ended June 30, 2011 \$87,659 and \$175,319 respectively) in respect of head leases from related parties.
- (e) Pursuant to the Support Agreement described in note 4, NWVP funded certain of the strategic transaction costs in the amount of \$693,128. As consideration, the REIT issued a Promissory Note for the amount to NWVP. Subsequently, NWVP received a Promissory Note in the amount of \$93,999 in lieu of its share of the cash distribution to unitholders for the month of May 2012. The Promissory Notes are unsecured, bear interest at a rate of 6% per annum and are redeemable on demand. As at June 30, 2012, Promissory Notes outstanding totalled \$787,127 (as at December 31, 2011 \$Nil). Interest expense on the Promissory Notes for the three and six months ended June 30, 2012 totalled \$3,696 (three and six months ended June 30, 2011 \$Nil) and was included in Finance Costs.
- (f) Transactions with related parties disclosed above, are in the normal course of business and are recorded at the transaction amount, being the price agreed between the parties.

PART V – RISKS AND UNCERTAINTIES

There are certain risks inherent in an investment in the Units and in the activities of the REIT which current and prospective Unitholders should carefully consider. Additional information about these and other risks and uncertainties and any corresponding plan to mitigate these risks, where possible, is contained in the REIT filings with securities regulators, including the REIT most recent audited consolidated financial statements, which are available on SEDAR.

PART VI – CRITICAL ACCOUNTING POLICIES AND ESTIMATES

All significant accounting policies have been applied on a basis consistent with those followed in the most recent audited annual consolidated interim financial statements. The policies applied in these condensed consolidated interim financial statements are based on IFRS issued and outstanding as at June 30, 2012.

Accounting Judgment and Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the condensed consolidated interim financial statements and the reported amounts of revenue and expenses during the reporting periods. Actual results could differ from estimates and such differences could be material. The significant estimates and judgments made by management are the same as those discussed in the audited annual consolidated financial statements for the year ended December 31, 2011.

Accounting Standards Issued But Not Yet Applied

Certain new standards, interpretations, amendments and improvements to existing standards were issued by the IASB or IFRS Interpretations Committee that are mandatory for fiscal periods beginning July 1, 2012 or later. The standards are described in the REIT annual consolidated financial statements for the year ended December 31, 2011 and there have not been any additional standards applicable to the REIT issued since.
