Gross margin in Q1 2014 expanded quarter-over-quarter and year-over-year to 18.2%

Total net revenues in Q1 2014 rose 30.1% year-over-year

Beijing, China, May 15, 2014 -- E-Commerce China Dangdang Inc. ("Dangdang" or the "Company") (NYSE: DANG), a leading business-to-consumer e-commerce company in China, today announced its unaudited financial results for the first quarter ended March 31, 2014.

## First Quarter 2014 Highlights

- Total net revenues for the first quarter of 2014 was RMB1,735.8 million (\$279.2 million), a 30.1% increase from the corresponding period in 2013. Media product revenue for the first quarter of 2014 was RMB1,151.7 million (\$185.3 million), representing a 33.3% increase from the corresponding period in 2013.
- **Gross margin** for the first quarter of 2014 was 18.2%, compared to 17.2% in the first quarter of 2013 and 17.6% in the fourth quarter of 2013.
- Operating income for the first quarter of 2014 was RMB10.1 million (\$1.6 million) representing 0.6% of total net revenues, as compared with an operating loss of RMB80.4 million in the first quarter in 2013, representing negative 6.0% of total net revenues.
- Net Income for the first quarter of 2014 was RMB2.0 million (\$0.3 million), representing 0.1% of total net revenues, as compared with a net loss of RMB72.7 million in the first quarter in 2013 representing negative 5.5% of total net revenues.
- Gross Merchants Value ("GMV") of the market place in the first quarter of 2014
  was RMB1,186.0 million (\$190.8 million), a 103% increase from the corresponding
  period in 2013.
- Dangdang had approximately 8.6 million active customers including approximately 2.8 million new customers in the first quarter of 2014, representing 16% and 17% increases, respectively, from the corresponding period in 2013. Total orders for the first quarter of 2014 were approximately 16.4 million, an 11% increase from the corresponding period in 2013.

"Dangdang continued its path to profitability in the first quarter of 2014. We began the year on a positive note, achieving strong top line year-over-year growth, the highest gross margin since the second quarter of 2011 and a second consecutive quarter of profitability," said Ms. Peggy Yu Yu, Executive Chairwoman of E-Commerce China Dangdang.

"We continue to make good progress in transforming Dangdang from an online bookstore into an integrated online shopping mall with prominent destination categories. Combined general merchandise sales of RMB1.7 billion from both principal business and marketplace surpassed books and media for the sixth consecutive quarter, growing at a

rate of 71% year-over-year. Books and media revenue grew 33% year-over-year. Fashion and apparel accounted for nearly half of marketplace GMV and continued to outpace the growth of the overall marketplace."

"Going forward, we remain committed to the healthy and sustainable growth of our business. We will continue to drive growth through both the marketplace and our principal business with a strong emphasis on our destination categories," Ms. Yu Yu concluded.

#### First Quarter 2014 Results

Dangdang's **total net revenues** in the first quarter of 2014 were RMB1,735.8 million (\$279.2 million), a 30.1% increase from the corresponding period in 2013.

Media product revenue for the first quarter of 2014 was RMB1,151.7 million (\$185.3 million), representing a 33.3% increase from the corresponding period in 2013. General merchandise revenue for the first quarter of 2014 was RMB516.7 million (\$83.1 million), representing a 25.5% increase from the corresponding period in 2013. Other revenue including revenue from third-party merchants for the first quarter of 2014 was RMB67.4 million (\$10.9 million), representing a 16.0% increase from the corresponding period in 2013.

Dangdang had about 8.6 million **active customers** including 2.8 million **new customers** in the first quarter of 2014, representing increases of 16% and 17%, respectively, from corresponding period in 2013. **Total orders** for the first quarter 2014 were approximately 16.4 million, an 11% increase from the corresponding period in 2013.

Cost of revenues was RMB1,419.1 million (\$228.3 million), representing 81.8% of total net revenues, as compared to 82.8% in the corresponding period in 2013. The slight decrease in cost of revenues as a percentage of total net revenues was primarily due to the execution of strategic category mapping, where certain categories were moved to the marketplace as well as economies-of-scale in some categories in Dangdang's principal business. Gross margin in the first quarter of 2014 was 18.2%, as compared to 17.2% in the first quarter of 2013 and 17.6% in the fourth quarter of 2013. The year-over-year and quarter-over-quarter increases resulted from strong gross margin contribution from books and media products and the increase in other revenue, representing the sustained scaling of the marketplace.

**Fulfillment expenses** which include warehousing and shipping expenses, were RMB170.8 million (\$27.5 million), representing 9.8% of total net revenues, compared to 13.8% in the corresponding period in 2013 and 9.4% in the fourth quarter of 2013. The year-over-year decrease in fulfilment expenses as a percentage of total net revenues was primarily due to more efficient warehouse operation and lower shipping costs. The quarter-over-quarter increase as a percentage of total net revenues was the result of a

seasonal decline in revenue in the first quarter, which is traditionally an off-peak season for e-commerce in China.

Marketing expenses were RMB66.9 million (\$10.8 million), representing 3.9% of total net revenues, compared to 3.2% in the corresponding period in 2013 and 4.2% in the fourth quarter of 2013. The year-over-year increase in marketing expenses as a percentage of total net revenues was due to increased investment in marketing programs to build awareness of Dangdang's fashion and apparel destination category. The quarter-over-quarter decrease as a percentage of total net revenues was the result of lower expenditures for marketing programs relative to the fourth quarter, which is typically the peak season for e-commerce in China.

**Technology and content expenses** were RMB43.6 million (\$7.0 million), representing 2.5% of total net revenues, compared to 3.7% in the corresponding period in 2013 and 2.0% in the fourth quarter of 2013. The year-over-year decrease in technology and content expenses as a percentage of total net revenues was primarily due to operating leverage and a reduction in IT headcount. The quarter-over-quarter increase as a percentage of total net revenues was primarily due to higher IT staff cost and a seasonal decline in revenue in the first quarter, which is traditionally an off-peak season for e-commerce in China.

General and administrative expenses were RMB37.6 million (\$6.1 million), representing 2.2% of total net revenues, compared to 2.4% in the corresponding period in 2013 and 2.3% in the fourth quarter of 2013. The year-over-year decrease in general and administrative expenses as a percentage of total net revenues was primarily due to larger scale and improved management efficiency. The quarter-over-quarter decrease in general and administrative expenses as a percentage of total net revenues was primarily due to year-end bonuses accrued in the fourth quarter of 2013.

**Share-based compensation expenses**, which were allocated to related expense line items, were RMB3.2 million (\$0.5 million) in the first quarter of 2014, compared to RMB2.6 million in the corresponding period in 2013, representing a 23.1% increase.

Dangdang recorded **operating income** of RMB10.1 million (\$1.6 million) in the first quarter of 2014, as compared with an operating loss of RMB80.4 million in the corresponding period in 2013, primarily due to strong execution on margin expansion and operating leverage.

Operating income excluding share-based compensation expenses (non-GAAP) was RMB13.3 million (\$2.1 million), as compared with an operating loss excluding share-based compensation expenses (non-GAAP) of RMB77.8 million in the corresponding period in 2013.

Foreign exchange loss and the loss of forward foreign currency contracts was RMB17.4 million (\$2.8 million), compared to a foreign exchange gain of RMB2.7 million in the corresponding period in 2013 and RMB17.4 million in the fourth quarter of 2013, which was largely attributable to the rapid depreciation of the Chinese RMB against the US dollar in the first quarter in 2014.

**Net income** was RMB2.0 million (\$0.3 million), as compared with a net loss of RMB72.7 million in the corresponding period in 2013, primarily due to the increase in gross profit and operating leverage.

**Net margin** was 0.1%, as compared with a net margin of negative 5.5% in the corresponding period in 2013.

**Net income excluding share-based compensation expenses (non-GAAP)** was RMB5.2 million (\$0.8 million), as compared with a net loss excluding share-based compensation expenses (non-GAAP) of RMB70.1 million in the corresponding period in 2013.

As of March 31, 2014, Dangdang had cash and cash equivalents, restricted cash, short-term time deposits, available for sale investments and held-to-maturity investments of RMB1,389.8 million (\$223.6 million), as compared to RMB1,213.5 million as of December 31, 2013. As of March 31, 2014, Dangdang had no short-term bank loans.

Capital expenditures for the first quarter of 2014 were RMB35.8 million (\$5.8 million).

#### **Outlook for Second Quarter 2014**

Dangdang expects total net revenues in the second quarter of 2014 to be around RMB1,942 million, representing year-over-year growth of around 30%. The Company also expects GMV from its marketplace to grow at a rate of 80% year-over-year in the second quarter of 2014. This forecast reflects Dangdang's current and preliminary view, which is subject to change.

## **Safe Harbor Statement**

This announcement contains forward-looking statements. These statements are made under the "safe harbor" provisions of the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as "will," "expects," "anticipates," "future," "intends," "plans," "believes," "estimates," "confident" and similar statements. Among other things, the outlook for the second quarter 2014 and quotations from management in this announcement, as well as Dangdang's strategic and operational plans, contain forward-looking statements. Dangdang may also make written or oral forward-looking statements in its periodic reports to the U.S. Securities and Exchange Commission, in its annual report to shareholders, in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Statements that are not historical facts, including statements about Dangdang's beliefs and expectations, are forward-looking statements. Forward-looking statements involve inherent risks and uncertainties. A number of factors could cause actual results to differ materially from those contained in any forward-looking statement, including but not limited to the following: Dangdang's growth strategies; its future business development, results of operations and financial condition; its ability to attract and retain new customers and to increase revenues generated from repeat customers; its expectations regarding demand for and market acceptance of our products and services;

trends and competition in China's business-to-consumer e-commerce market; changes in its revenues and certain cost or expense items; the expected growth of the Chinese business-to-consumer e-commerce market; Chinese governmental policies relating to Dangdang's industry and general economic conditions in China. Further information regarding these and other risks is included in Dangdang's annual report on Form 20-F and other documents filed with the Securities and Exchange Commission. Dangdang does not undertake any obligation to update any forward-looking statement, except as required under applicable law. All information provided in this press release and in the attachments is as of the date of this press release, and Dangdang undertakes no duty to update such information, except as required under applicable law.

## **About Non-GAAP Financial Measures**

To supplement Dangdang's consolidated financial results presented in accordance with United States Generally Accepted Accounting Principles ("GAAP"), we use the following measures as the non-GAAP financial measures: non-GAAP operating (loss) income, non-GAAP operating margin, non-GAAP net (loss) income and adjusted EBITDA (collectively referred to as the "Non-GAAP Financial Measures" thereafter). We define non-GAAP operating (loss) income, non-GAAP operating margin and non-GAAP net (loss) income as operating (loss) income, operating margin and net (loss) income excluding the impact of share-based compensation expenses respectively; we define adjusted EBITDA as (loss) income before interest, taxes, depreciation, amortization, other non-operating income, and share-based compensation expenses. We review the Non-GAAP Financial Measures together with net (loss) income to obtain a better understanding of our operating performance. We believe that these Non-GAAP Financial Measures provide meaningful supplemental information regarding the Company's performance and liquidity. However, a limitation of using the Non-GAAP Financial Measures as an analytical tool is that they do not include all items that impact our net (loss) income for the period. In addition, because they are not calculated in the same manner by all companies, they may not be comparable to other similar titled measures used by other companies. In light of the foregoing limitations, you should not consider the Non-GAAP Financial Measures in isolation from or as an alternative to net (loss) income prepared in accordance with U.S. GAAP.

For information on the reconciliation between the Non-GAAP Financial Measures and the GAAP financial measures presented in accordance with U.S. GAAP for the periods presented, please see the tables captioned "Non-GAAP operating (loss) income, operating margin and net (loss) income" and "Adjusted EBITDA" at the end of this release.
