

China's Xunlei Launches ThunderChain, a High-Performance Blockchain

Media Report

Posted on Apr 20, 2018 Source: TheStreet

Chinese cloud-based technology acceleration company Xunlei Ltd. rose 4.3% in premarket trading Friday, April 20, after it announced it was launching ThunderChain, a new and improved blockchain product that can conduct millions of transactions per second.

The company also announced that it is hosting a Blockchain Applications Global Challenge to foster the development of blockchain applications and "cultivate talents to help overcome complex challenges facing multiple industries, including logistics, healthcare, education and the public sectors."
