

## **First Media and Jakarta Garden City Cooperation Realize Real Broadband Residence Region**

**Jakarta, March 23rd 2017** – In order to extend the service to all customers and potential customers in Indonesia, First Media, as the industry leader and pioneer in Internet service providers and pay TV in cooperation with JGC area (Jakarta Garden City) in providing internet services and pay TV. This cooperation inaugurated by Edward Sanusi, Operation Director of PT Link Net Tbk. and Sami Miettinen, Managing Director of PT Mitra Sindo Sukses (Jakarta Garden City) at the signing ceremony, March 23, 2017 in Jakarta Garden City.

"The cooperation we had with Jakarta Garden City is a collaboration for internet and pay TV services. This cooperation is a consistent step we take to provide comprehensive solutions to the needs of technology, education, knowledge, information, and entertainment that is already very much needed by the community," said Edward Sanusi.

JGC area itself is a potential area to be the real Broadband Residence, which also support the concept of smart city. As the scale residential area of township developed by PT Mitra Sindo Sukses (a subsidiary of PT Modernland Realty Tbk.) In Cakung, East Jakarta, Jakarta Garden City is developed on an area of 370 hectares. Development Jakarta Garden City is divided into three parts, namely Garden City, River Garden and Lake Garden which makes it as a township area of the widest and largest in the city.

By doing this cooperation then later the occupants in Jakarta Garden City will have easy access to high-speed broadband Internet service unlimited via Fastnet products and digital cable TV HomeCable serving more than 150 channels (HD and SD). HomeCable itself is a pay TV channel that not only serves entertainment events but also presents educational programs that are beneficial for children because it can watch quality while studying at home.

"All the facilities were developed course to pamper occupants in Jakarta Garden City, thus will make residents more easily and comfortably. Therefore we will always give the best for the community and will always be committed as a developer," said Sami.

On the same occasion, Edward explains, if any cooperation undertaken expected to be a synergy in achieving a common goal. "Through this synergy we want to provide the broadest benefit to the community and serve more customers. As a provider of internet and pay TV leader in Indonesia, we believe we can work together to help realize the region JGC become a real neighborhood Broadband Residence", added Edward.
