

PRESS RELEASE

July 31, 2017

LINK NET REPORTS RECORD HIGH REVENUE, OPERATING PROFIT & NET PROFIT NUMBERS IN 1H 2017. 1H 2017 YEAR ON YEAR (YoY) REVENUE UP (+18.5% YoY), OPERATING PROFIT UP (+23% YoY) AND NET PROFIT UP (+23% YoY).

1H 2017 Results Highlights

- **+18.5% growth in revenues to Rp1.65 trillion**
- **+23% growth in Operating Profit to Rp662 billion**
- **+23% growth in net profit to Rp490 billion**
- **1.9 million total homes passed**

PT Link Net Tbk ("Link Net" or the "Company"; stock code: "LINK") continued on a strong growth trajectory in the second quarter of 2017 ("2Q 2017"), announcing their highest first half ("1H 2017") Revenue, Operating Profit and Net Profit results in the company's history.

Revenue in the first half grew at +18.5% Year on Year to Rp1.65tn, as The Company increased its ARPU to Rp419k.

The Company experienced continued margin expansion in 1H 2017 as our high ARPU fueled strong revenue growth while costs were kept under control. The Company's Operating Profit grew 23% Year on Year in 1H 2017 to Rp662bn. Net Profit grew to Rp490bn in 1H 2017 while the first half net profit margin expanded to 29.7% from 28.5% in 1H 2016.

The Company continued to expand its network in 2Q 2017 adding an additional 47,000 homes, taking the total number of homes passed as at 1H 2017 to 1.9 million. ARPU edged higher to Rp419k as customers continue to enthusiastically embrace value added services and upgrade to higher value packages.

The Company's robust financial and operational results are a reflection of the sustained demand for high quality cable television and broadband internet services in Indonesia's high GDP zones. They're also a testament to the continued innovation, creativity and diligence of Link Net's technology, product, rollout and distribution teams. The Company will continue to drive innovation of their product suite to ensure customers are provided with the best cable television and internet user experience in Indonesia.

Irwan Djaja, President Director and CEO, commented on the results, said: *"A record set of results in 1H 2017, a testimony to the sound execution of The Company's strategy. We've been successful in driving growth through maintaining our best in class product suite and highly effective distribution through our marketing and sales teams. Our technology and rollout divisions continue to successfully grow our world class network so that we can provide Indonesian's with the highest quality internet and cable television experience. This is an exciting time for our business and we will continue to innovate and provide new products and services to our customers. We've had a strong first half and we're confident that we'll achieve our growth targets for 2017. I look forward to updating you on our continued success."*

About PT Link Net Tbk

PT Link Net Tbk ("Link Net"), established in 1996, is the largest provider of services via cable in Indonesia, providing subscription of high quality television services, high-speed next generation broadband internet, and data communications. Link Net operates in Greater Jakarta, Greater Surabaya (including Malang), Bandung, Bali, Medan and Batam.

Link Net owns and operates a network of Hybrid Fiber Coaxial cable ("HFC") and Fiber-to-the Home (FTTH) that provide high-speed internet access services to retail and business customers. Link Net also operates a subscription television channel in collaboration with PT First Media Television ("FMTV"), its subsidiary.

Forward-Looking Statements

Certain statements in this release are or may be forward- looking statements. These statements typically contain words such as "will", "expects" and "anticipates" and words of similar import. By their nature, forward looking statements involve a number of risks and uncertainties that could cause actual events or results to differ materially from those described in this release. Factors that could cause actual results to differ include, but are not limited to, economic, social and political conditions in Indonesia; the state of the property industry in Indonesia; prevailing market conditions; increases in regulatory burdens in Indonesia, including environmental regulations and compliance costs; fluctuations in foreign currency exchange rates; interest rate trends, cost of capital and capital availability; the anticipated demand and selling prices for our developments and related capital expenditures and investments; the cost of construction; availability of real estate property; competition from other companies and venues; shifts in customer demands; changes in operation expenses, including employee wages, benefits and training, governmental and public policy changes; our ability to be and remain competitive; our financial condition, business strategy as well as the plans and objectives of our management for future operations; generation of future receivables; and environmental compliance and remediation. Should one or more of these uncertainties or risks, among others, materialize; actual results may vary materially from those estimated, anticipated or projected. Specifically, but without limitation, capital costs could increase, projects could be delayed and anticipated improvements in production, capacity or performance might not be fully realized. Although we believe that the expectations of our management as reflected by such forward-looking statements are reasonable based on information currently available to us, no assurances can be given that such expectations will prove to have been correct. You should not unduly rely on such statements. In any event, these statements speak only as of the date hereof, and we undertake no obligation to update or revise any of them, whether as a result of new information, future events or otherwise.
