# Company Presentation

## Q1 FY2019

(NASDAQ: HX)

This presentation of Hexindai Inc. (the "Company") contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements are made under the "safe harbor" provisions of the U.S. Private Securities Litigation Reform Act of 1995. These statements can be identified by terminology such as "will," "expects," "anticipates," "future," "intends," "plans," "believes," "estimates," "potential," "continue," "ongoing," "targets," "guidance" and similar statements. The Company may also make written or oral forward-looking statements in its periodic reports to the U.S. Securities and Exchange Commission (the "SEC"), in its annual report to shareholders, in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Any statements that are not historical facts, including statements about the Company's beliefs and expectations, are forward-looking statements that involve factors, risks and uncertainties that could cause actual results to differ materially from those in the forward-looking statements. Such factors and risks include, but not limited to the following: the Company's goals and strategies; its future business development, financial condition and results of operations; the expected growth of the credit industry, and marketplace lending in particular, in China; the demand for and market acceptance of its marketplace's products and services; its ability to attract and retain borrowers and investors on its marketplace; its relationships with its strategic cooperation partners; competition in its industry; and relevant government policies and regulations relating to the corporate structure, business and industry. Further information regarding these and other risks, uncertainties or factors is included in the Company's filings with the SEC. All information provided in this presentation is current as of the date of this presentation, and the Company does not undertake any obligation to update such information, except as required under applicable law.

Note:

(1) According to Oliver Wyman, marketplace lending is defined as any marketplace for lending and investing, where individuals or corporates borrow and lend money from other individuals or corporates without the use of a credit-intermediating financial institution such as banks. The chart shows the expected growth of the total marketplace lending outstanding balance by borrower types (including

both online and offline borrower acquisition models).

(2) According to Oliver Wyman, personal section in credit market refers to consumer lending market where personal loans such as home mortgages, auto loans, personal business operations loans and consumption loans are provided

\* For the quarter ended June 30, 2018.

Source: Company Information.

Note:

(1) Calculated based on RMB loan volume.

(2) We have developed our proprietary credit scoring and decision-making algorithms to efficiently process and consolidate all the data collected, and generate a credit score and grade for each borrower applicant. All borrowers on Hexindai's platform are graded with a credit score of A (High Creditworthiness) to D (High Risk). Grade B "Good" credit scores account for the largest percentage of Hexindai's loan transaction volumes and are given to borrowers with relatively high creditworthiness and stable income sources.

(3) "All inclusive APR" refers to the rate that is charged to borrowers, including a nominal interest rate, a loan facilitation or management service fee, channel fee and premium, expressed as a single percentage number that represents the actual annualized cost of borrowing over the term of a loan. These all inclusive APRs represent the average annual percentage rates for each credit grade of borrowers during the specified period.

(4) The average annual nominal interest rate paid to investors.

(5) The gross billing ratio is calculated as the total loan facilitation fees or loan management fees that we charge borrowers for the entire life of the loan, divided by the total amount of principal. The average transaction fee rate presented in the table above is the average of the transaction fee rates for loans falling under the same pricing grade, but with different tenures and repayment schedules. As the interest rate and APR are both annualized rates while the average gross billing ratio is calculated as described above, the sum of the annual interest rate and the average gross billing ratio is not equal to the APR.

(6) Fiscal year end is March 31.

# High Investor Loyalty is a Foundation of Our Business Expansion

## Referral Incentive Program

Cash rewards are given to existing investors who successfully refer a friend. Existing investors receive a cash reward of up to 0.8% of the annualized funds invested by the referred friend during the first year. Existing investors will receive a second cash reward of 0.5% of the annualized funds invested by any 2nd degree friends during that same year.

## VIP Investor Loyalty Program<sup>(1)</sup>

VIP Level	Post Origination Fee% as of interest
VIP 0	10%
VIP 1	9%
VIP 2	8%
VIP 3	7%
VIP 4	6%
VIP 5	5%
Super VIP	0%

Source: Company Information.

Note:

(1) Hexindai's loyalty program for investors consists of seven VIP tiers that are based on the annualized outstanding investment amount and length of the lock-up period. Investors can upgrade VIP tiers by investing larger amounts with longer lock-up periods.

(2) Repeat Investment rate refers to the number of new investors who invested for the first time on our marketplace during the relevant loan issued period and have invested more than once on our marketplace since the first time to June 30, 2018, divided by the number of new investors who invested for the first time on our marketplace during the relevant loan issued period. New investors are those who never invested on our platform before a certain loan issued period.

## M3+ Net Charge Off Rates For Credit Loan

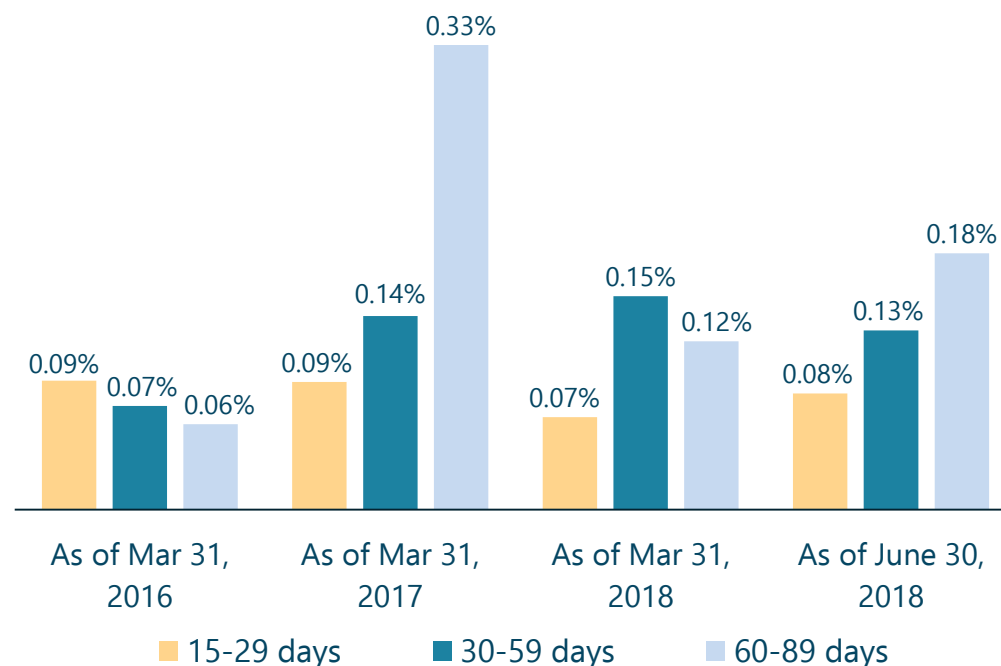

Loan issued period	Total M3+Net Charge-Off Rate		
	as of December 31, 2017	as of March 31, 2018	as of June 30, 2018
Since inception to March 31, 2016	3.09%	3.95%	<b>4.97%</b>
From April 1, 2016 to March 31, 2017	1.37%	2.58%	<b>3.38%</b>
From April 1, 2017 to March 31, 2018	0.03%	0.11%	<b>0.30%</b>

We define "M3+ Net Charge-off Rates", with respect to loans facilitated during a specified time period or the "vintage", as

- the total balance of outstanding principal of loans that become delinquent for over three months during a specified period and the remainder of the expected interest for the life of such loans, divided by
- the total initial principal of the loans facilitated in such vintage.

Source: Company Information

## Delinquency Rates

We define the delinquency rates as of the end of the period as the outstanding balance of principal and interest that were 15 to 29, 30 to 59, and 60 to 89 calendar days delinquent as a percentage of the total outstanding balance of principal and interest.

Insurance services fee prepaid to Changan Insurance equals to:

- Loan default risk premium: 2% of the loan principal and accrued interest; plus
- Service fee: 2% of the loan principal.

# Compliant with Regulatory Framework

## Key regulation shaping P2P industry

### **Interim Measures for the Administration of the Business Activities of Online Lending Information Intermediary Institutions (August 2016)**

- |   |   |

| • Act as information intermediary only  | ✓ |
| • No credit enhancement services and/or illegal fund raising                              | ✓ |
| • Custodian accounts for borrowers and investors  | ✓ |
| • Capped amount limited to 200,000 RMB for personal loans and 1 million RMB for Corporate | ✓ |
| • Full information disclosure to customers  | ✓ |
| • No bundle sales   | ✓ |
| • Protect customers' personal information   | ✓ |
| • Establish a customer identification program and report suspicious transactions          | ✓ |

### **Notice issued for a regulatory compliance inspection campaign which lays out 108 criteria for platform self-examination and correction (August 2018)**

- The P2P compliance inspection is expected to be completed by the end of 2018.
- The new inspection rules are only compliance related. P2P platforms will not be able to complete the subsequent record-filing process until they have passed the compliance inspection and have maintained full compliance for a certain period of time.
- We expect the record-filing phase to be complete sometime during the second half of 2019 at the earliest.
- We expect the specific standards and procedures for record-filing will be announced separately in the near future.
