The Committee may form and delegate authority to subcommittees when appropriate.

III. Director Candidates Recommended by Security Holders

In recommending nominees for election as members of the Board of Directors, the Committee will consider nominees recommended by bona fide holders of the Company's common stock so long as the recommendation is submitted within the timeframe required to request a proposal to be included in the proxy materials or otherwise in accordance with procedures established by the Committee from time to time. The Committee may, in its sole discretion, reject any such recommendation for any reason.

IV. Determination of Independence

In determining whether a director, in his or her capacity as such or as a member of a committee of the Board, is independent, the Committee shall consider, in addition to any tests of independence set forth in the Company's Articles of Incorporation (the "Articles") and Corporate Governance Guidelines, established by the Securities and Exchange Commission or the New York Stock Exchange, or otherwise required by law, whether the director, either individually or through his or her Affiliates (as defined in the Articles), has any significant business relationships with the Company that would interfere with the exercise of the director's independent judgment. If such a relationship exists, then the director would not be deemed to be independent, and thus would not count as one of the Company's independent directors. The director also would not be eligible for nomination for membership on a Board committee as an independent director, and would be removed from any such committee on which the director is already serving.
