PART I – FINANCIAL INFORMATION

Item 1. Financial Statements Required Under SRC Rule 68.1

- Please see attached financial statements for interim Balance Sheets, Statements of Income, Statements of Changes in Equity and Statements of Cash flows.

Notes to Financial Statements

Summary of significant accounting policies

The financial statements of the Company have been prepared in accordance with Philippine generally accepted accounting principles (GAAP) and are denominated in Philippine pesos. The preparation of financial statements in accordance with Philippine GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates. The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the significant accounting policies.

The same accounting policies and methods of computation are followed in the interim financial statements for the year 2017 as compared with the most recent annual financial statements.

Seasonality or Cyclicity of Interim Operations

All segments of the business are in its normal trading pattern.

Material Items

There are no material items affecting assets, liabilities, equity, net income or cash flows that are unusual because of their nature, size or incidents.

Estimates

There are no changes in estimates of amounts reported in prior interim periods of the current financial year or changes in estimates of amounts reported in prior financial years that have a material effect in the current interim period.

Issuances of Debts and Equity

There are no issuances, repurchases and repayments of debts and equity securities.

Dividends

There were no dividends declared in the current interim period.

Segment Revenue and Results

Statement of Financial Accounting Standard No. 31, “Segment Reporting”, which becomes effective for financial statements covering periods beginning on or after January 1, 2001, requires that a public business enterprise report financial and descriptive information about its reportable segments. Operating segments are components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision-maker in deciding how to allocate resources and in assessing performance.

The Company organized its business into 3 main segments:

- Room Division – Business derived from the sale of guestrooms.
- Food and Beverage Division – Business derived from the sale of food and beverage at various restaurants.
- Other Operated Departments and rental – Business derived from telephone department, business center, carparking, laundry and rental of space.

The segment revenues and results are as follows:

	YTD 3rd Quarter Revenue – Peso ‘000	YTD 3rd Quarter Department Profit – Peso ‘000
Room	166,838	125,097
Food and Beverage	88,074	26,835
Other Operated Departments and rental	10,062	7,798

Subsequent Events

None

Composition of Company

There are no changes in the composition of the Company during the interim period, including business combinations, acquisition or disposal of subsidiaries and long-term investments, restructurings and discontinuing operations.

Contingent assets or liabilities

There are no changes in contingent assets or liabilities since the last annual balance sheet date.

Contingencies

There are no material contingencies and any other events or transactions that are material to an understanding of the current interim period.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

The top 5 Key Performance Indicators of the Company are as follows:

	30 September 2017	30 September 2016
Current liquidity ratios	2.29	2.37
Solvency (Debt to equity)	0.18	0.17
Assets to equity ratios	1.18	1.17
Interest rate coverage ratio	NA	NA
Profitability ratios Profit/(Loss) before tax margin ratio	(15.41%)	(14.23%)
EBITDA (Earnings before interest, tax, depreciation and amortization) - Peso	(Php19.9 million)	(Php0.88) million.

Note: The Company has no loans due to third party or related parties.

Current liquidity ratio is derived by dividing the current assets with the current liabilities. This indicator measures the liquidity of the Company in the short-term. The current ratio has decreased by 0.08 during the period of review compared to the same period of last year due to lower current assets mainly from lesser cash and other current assets.

Debt to equity ratio measures a company financial leverage. It is derived by dividing total liabilities over equity. There is a marginal change in this ratio from 0.17 to 0.18.

Assets/Equity ratio measures the proportion of equity used to finance assets of the company and it is derived by dividing total assets to equity. There is a slight change from 1.17 to 1.18.

Profit before tax margin ratio is computed by dividing the profit before tax against the total revenue. This ratio measures whether the Company is able to contain its expenses in relation to the revenue. The Company reported a loss of the first 9 months of this year.

EBITDA represents earnings before interest, tax, depreciation and amortization. This indicator measures the operating cash flow of a company. For the quarter under review, the Company has a negative EBITDA.

Balance Sheets Analysis:

Total assets decreased by about PhP23.3 million (2%) as compared to the same period of last year and decreased by PhP32.1 million (2.8%) as compared to end of last fiscal year.

As compared to the end of last fiscal year, total assets decreased due to lower property and equipment balances by PhP12.3 million (2.1%) as a result of depreciation charges for the period. In addition, due to lower revenue, cash balance also decreased by PhP16 million (6.1%) versus last fiscal year.

Cash and short term notes:

This balance includes short-term fixed deposits with banks. This balance decreased by PhP16 million (6.1%) relative to end of last fiscal year. Relative to the same period of last year, there is a decrease of PhP13 million (5%). The main reason for the fall is due to lower revenue and higher capital expenditure. The higher capital expenditure is due to the cost of the high speed internet services for the hotel.

Accounts receivable – trade:

As compared to the same period of last year, there is an increase of PhP14.2 million (31.7%). This is mainly due to outstanding payments from few major clients like Department of Environment & Natural Resources, Hotelbeds and Pure Commerce.

Provision for bad debts:

This balance increased by PhP0.53 million (46.3%) and PhP0.5 million (48.2%) versus same period of last year and end of last fiscal year. The reason is because there is a potential client with outstanding balance of PhP0.6 million outstanding due to bounced checks and the Company has filed a case against this client.

Inventories:

Inventories has dropped by PhP3.3 million (27.2) versus same period of last year and fell by PhP3.4 million (27.7%) compared to end of last fiscal year. The fall is due to lower revenue and adjustments made during the year.

Other current assets:

There is a drop of PhP10 million (31.5%) versus same period last year. This is because in 2016, there were some major advances to suppliers for capital expenditure items which were absent this year.

Property and Equipment:

Property and equipment are carried at cost. Depreciation is provided under the straight-line method over the estimated useful lives of the assets ranging from 5 to 50 years. Major improvements are charged to property accounts while maintenance and repairs which do not improve the lives of the assets are expensed as incurred.

Compared to end of last year, there is fall in this balance by PhP12.3 million (2.1%) and the decrease in balance is due to depreciation charges for the year offset by new purchases for the year.

Accounts payable:

There is an increase of PhP9.8 million versus same period last year due to higher unreleased checks and slower payment to suppliers.

Accrued liabilities:

Accrued liabilities decreased by PhP9.9 million (12.5%) versus same period as last year as this is consistent with lower revenue.

Rental payable:

As the Company has not settled its rent due to a related company compared to the same period of last year, there is an outstanding balance of PhP4.7 million.

Due to associated/related companies

As compared to the same period of last year, there is an increase in this balance by PhP7.2 million (41.3%) due to the Company has not settled its outstanding payables to its related companies.

Income Tax Payable:

Income tax payable has changed to receivable of PhP20.3 million due to loss for the first 9 months of this year.

Reserves:

Reserves increased by PhP1.6 million (129%) compared to the same period of last year due to higher provision.

Income Statement Analysis For the 9 Months Ended 30 September 2017

Revenue:

Total revenue decreased by PhP5.6 million (2.1%) versus same period last year. The main reason for the fall is due to lower room revenue.

Rooms division recorded a slight increase in occupancy from 48.7% in last year to 49.1% in this year. However, Average Room Rate has fell from PhP2,879 to PhP2,765. The combined effect is a drop in Revenue Per Available Room (Revpar) by 3%. The newly opened hotels and are posing a threat to our hotel and in addition, residential condominium are also offering daily rates so this eat into hotel industry business. In addition, since there is no major renovation to the hotel rooms, in order to maintain the occupancy, the hotel has to lower its Average Room Rate.

Food and Beverage (F&B) business recorded a marginal improvement in revenue of PhP1 million (1.1%) as compared to the same period of last year. Total covers dropped

by 6,637 (5.0%). However, on the positive side, Average Check improved by PhP34 (6.4%). The net effect is marginal increase in F&B revenue by PhP1 million.

F&B revenue is down mainly in Riviera café and room service. Riviera revenue fell by PhP3 million (6.4%) while room service fell by PhP0.93 million (23.9%). Both these outlets are dependent on room occupancy. The decrease in these 2 outlets is offset by the higher Banquet revenue which increased by PhP6.2 million (23.9%).

Cost of Sales:

Cost of sales for F&B registered an increase of PhP1.5 million (4.8%) as compared to last year which is mainly due to higher food prices.

Gross Profit:

Gross profit is derived after deducting cost of sales from gross revenue. Gross profit as compared to last year is lower due to lower revenue.

Operating Expenses:

Operating expenses include among others, payroll and related expenses, utilities, depreciation charges, rental and other fixed expenses. Compared to last year same period, there is an increase in this expenses by PhP15 million (5.5%). Last year expenses were lower mainly due to reversal of over-accruals especially in payroll related costs. Energy cost has also increased due to higher tariffs.

Net Operating Income:

This is derived after deducting operating expenses from gross operating profit. The Company registered a net operating loss of PhP52 million versus last year same period of operating loss of PhP30 million.

Non-operating income:

This indicator showed an improvement of PhP0.5 million (4.7%) due to in 2016, there was a loss on disposal of fixed assets.

Profit/(Loss) after tax:

Loss after tax this year is PhP27.8 million versus same period last year of loss PhP13.4 million.

Income Statement Analysis For Third Quarter Ended 30 September 2017

Revenue:

Total revenue decreased by PhP2.4 million (2.9%) versus same period last year. The main reason for the fall is mainly from Rooms Division offset by higher F&B revenue.

Room division recorded a drop in revenue from PhP49.3 million to PhP46.5 million or 5.6% as a result of lower occupancy.

F&B division revenue increased marginally by PhP0.6 million (2.1%).

Cost of Sales:

Cost of sales for F&B registered an increase of PhP1.2 million (11.7%) as compared to last year.

Gross Profit:

Gross profit is derived after deducting cost of sales from gross revenue. Gross profit as compared to last year is lower due to lower revenue.

Operating Expenses:

Operating expenses include among others, payroll and related expenses, utilities, depreciation charges, rental and other fixed expenses. There is a slight decrease in operating expenses of Ph0.7 million (0.7%) as compared to the same period of last year.

Net Operating Income:

This is derived after deducting operating expenses from gross operating profit.

Non-operating income:

This indicator decreased by PhP3.8 million due to lower exchange gain this year.

Profit after tax:

As a result, loss after tax fell from PhP11.4 million in 2016 to PhP18 million in 2017.

There are no material event(s) and uncertainties known to management that would address the past and would have an impact on the future operations of the following:

- Any known trends, demands, commitments, events or uncertainties that will have a material impact on the Company's liquidity.
- Any material commitments for capital expenditures, the general purpose of such commitments and the expected sources of funds for such expenditures.
- Any known trends, events or uncertainties that have had or that are reasonably expected to have a material favorable or unfavorable impact on net sales/revenues/income from continuing operations.
- Any significant elements of income or loss that did not arise from the Company's continuing operations.
- The causes for any material change(s) (5% or more) from period to period in one or more line items (vertical and horizontal) of the Company's financial statements.
- Any seasonal aspects that had a material effect on the financial condition or results of operations.

Management is not aware of any event that may trigger direct or contingent financial obligations that is material to the Company, including any default or acceleration of an obligation. Management is not aware of any material off-balance sheet transaction, arrangement, obligation (including contingent obligations), and other relationships of the Company with unconsolidated entities or other persons that were created during the first 9 months of 2016.

PART II – OTHER INFORMATION

Tax matter:

(1) Grand Plaza Hotel Corporation versus Commissioner of Internal Revenue (“BIR”) – Court of Tax Appeal (“CTA”) Case No. 8992

This case is a Petition for Review with CTA to invalidate the tax deficiency assessment in relation to year 2008 ("Deficiency Tax Case").

On 20 February 2015, the Company filed a Petition for Review with the CTA to invalidate the collection proceedings of the BIR. The Petition is based on the Company's position, as advised by tax counsel, that the collection proceedings initiated by the Commissioner of Internal Revenue is void because the assessments did not comply with the requirements of law and lacked factual and legal basis.

The Deficiency Tax Case seeks to have the CTA review the Collection Letter that the Company received from the BIR on 12 December 2013. As far as the Company is aware, the Collection Letter was issued by the BIR in connection with a Formal Letter of Demand for alleged deficiency income tax, value added tax, expanded withholding tax, withholding tax on compensation and documentary stamp tax for the year 2008, in the aggregate amount of PhP508,101,387.12 consisting of PhP262,576,825.03 for basic tax, and interest of PhP245,524,562.09 from 20 January 2009 to 30 September 2013.

On 24 July 2015, the Company received a Warrant of Distraint and/or Levy dated 24 July 2015 from the BIR (“Warrant”). The Warrant relates to the tax case for year 2008. Considering that a Petition for Review has been earlier filed with the CTA on 20 February 2015 to question the validity of the collection proceedings initiated by the Commissioner of Internal Revenue and that the matter is currently being litigated at the CTA, the Company has taken appropriate legal measures to ensure that such Warrant is not implemented during the course of the trial proceedings.

During the CTA hearing on 21 September 2015, the Company presented 2 witnesses and they were able to furnish their testimonies on the same day. The BIR, on the other hand, did not present any witnesses and opted to submit the case for the resolution of the CTA.

On 18 March 2016, the Company received a Notice of Resolution from the CTA with regard to the Company’s Motion for Partial Reconsideration with Amended Formal Offer of Evidence. The CTA granted the Company’s Motion and the Company has 30 days from receipt of the Notice to file our Memorandum.

However, on 6 April 2016, the Company received a Manifestation and Motion filed by the BIR. The BIR moved for a setting of a hearing for the comparison and marking of its documentary evidence on 13 April 2016. Within 5 days after the hearing, the BIR will be filing its Formal Offer of Documentary Evidence. In view of this Motion, the BIR has asked for the deferment of the parties' respective Memorandum until after the CTA has resolved its offer of evidence.

On 8 June 2016, management of the Company was informed by Metropolitan Bank & Trust Company ("Metrobank") via email, that the BIR has issued a Warrant of Garnishment with Warrant No. 125-2015-011 dated 2 June 2016 against the Corporation in connection with the Deficiency Tax Case. Pursuant to the Warrant, the BIR seeks to garnish the Company's deposits with Metrobank, which are currently in the amount of PhP499,049.64, as may be necessary to satisfy the alleged tax deficiency of the Company.

In addition, on 10 June 2016, management of Company was also informed by the Lank Bank of the Philippines ("Land Bank"), that the BIR has issued a Warrant of Garnishment with Warrant No. 125-2015-011 against the Corporation in connection with the Deficiency Tax Case. To date, the Company has not received the original Warrant from the BIR. Pursuant to the Warrant, the BIR seeks to garnish the Company's deposits with the Land Bank, which are currently in the amount of PhP71,718.54 as may be necessary to satisfy the alleged tax deficiency of the Company.

On 6 September 2016, the Company's tax counsel received a Resolution from the CTA and decided not to file a Legal Memorandum and instead opted to adopt the arguments raised in its earlier Answer. As such, the case is now submitted to CTA for decision.

On 7 March 2017, the Company filed an Urgent Motion to Allow Payment of Taxes with the CTA. This is with respect to the Warrant of Garnishment with Land Bank. The Company uses this bank account for tax payment. On 17 March 2017, CTA has ordered BIR to comment within 5 days from receipt of the Notice on this Urgent Motion.

On 15 August 2017, the CTA acted on the petition of the Company "Urgent Motion to Allow Payment of Taxes" and set 31 August 2017 as the hearing date while setting aside the case for decision.

On 24 August 2017, the Company withdrew its "Urgent Motion to Allow Payment of Taxes" with CTA and instead sought CTA to set the case for decision. On 31 August 2017, CTA granted the withdrawal of Motion and set case for decision.

Other than the above tax case, to the best knowledge and/or information of the Company, neither itself nor any of its affiliates and subsidiaries have been involved during the past five (5) years in any material legal proceedings affecting/involving the Company, its affiliates or subsidiaries, or any material or substantial portion of their property before any court of law or administrative body in the Philippines or elsewhere.

Financial Risk Exposure:

In the context of the current global financial condition, the Securities and Exchange Commission sent us a memorandum to companies on 29 October 2008, which requires companies to make a self-assessment or evaluation to determine whether any of the items below are applicable. If applicable, these items must be disclosed in the interim financial report on SEC Form 17-Q (“Quarterly Report”):

1. The qualitative and quantitative impact of any changes in the financial risk exposures of GPHC, particularly on currency, interest, credit, market and liquidity risks, that would materially affect its financial condition and results of operation, and a description of any enhancement in the Company’s risk management policies to address the same.
2. A description of the financial instruments of the Company and the classification and measurements applied for each. If material in amount, provide detailed explanation or complex securities particularly on derivatives and their impact on the financial condition of the Company.
3. The amount and description of the Company’s investments in foreign securities.
4. The significant judgments made in classifying a particular financial instrument in the fair value hierarchy.
5. An explanation of how risk is incorporated and considered in the valuation of assets or liabilities.
6. A comparison of the fair values as of date of the recent interim financial report and as date of the preceding interim period, and the amount of gain or loss recognized for each of the said periods.
7. The criteria used to determine whether the market for a financial instrument is active or inactive, as defined under Philippine Accounting Standard 39 – Financial Instruments.

The Board of Directors (BOD) has overall responsibility for the establishment and oversight of the Company’s risk management framework. The BOD has

established the Executive Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee identifies all issues affecting the operations of the Company and reports regularly to the BOD on its activities.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. All risks faced by the Company are incorporated in the annual operating budget. Mitigating strategies and procedures are also devised to address the risks that inevitably occur so as not to affect the Company's operations and detriment forecasted results. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Audit Committee directly interfaces with the internal audit function, which undertakes reviews of risk management controls and procedures and ensures the integrity of internal control activities which affect the financial management system of the Company. The results of procedures performed by Internal Audit are reported to the Audit Committee.

Credit Risk

Credit risk represents the risk of loss the Company would incur if credit customers and counterparties fail to perform their contractual obligations. The Company's credit risk arises principally from the Company's trade receivables.

Exposure to credit risk is monitored on an ongoing basis, credit checks being performed on all clients requesting credit over certain amounts. Credit is not extended beyond authorized limits, established where appropriate through consultation with a professional credit vetting organization. Credit granted is subject to regular review, to ensure it remains consistent with the clients' current credit worthiness and appropriate to the anticipated volume of business.

The investment of the Company's cash resources is managed so as to minimize risk while seeking to enhance yield. The Company's holding of cash and money market placements expose the Company's to credit risk of the counterparty if the counterparty is unwilling or unable to fulfill its obligations and the Company consequently suffers financial loss. Credit risk management involves entering into financial transactions only with counterparties with acceptable credit rating. The treasury policy sets aggregate credit limits of any one counterparty and annually reviews the exposure limits and credit ratings of the counterparties.

Receivables balance is being monitored on a regular basis to ensure timely execution of necessary intervention efforts. As of balance sheet date, there were no significant concentrations of credit risk.

Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company manages liquidity risk by forecasting projected cash flows and maintaining a balance between continuity of funding and flexibility. Treasury controls and procedures are in place to ensure that sufficient cash is maintained to cover daily operational and working capital requirements. Management closely monitors the Company's future and contingent obligations and sets up required cash reserves as necessary in accordance with internal requirements.

Market Risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and other market prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

The Company is subject to various market risks, including risks from changes in room rates, interest rates and currency exchange rates.

Room Rates

The risk from room rate changes relates to the Company's ability to recover higher operating costs through price increases to customers, which may be limited due to the competitive pricing environment that exists in the Philippine hotel industry and the willingness of customers to avail of hotel rooms at higher prices.

The Company minimizes its exposure to risks in changes in room rates by signing contracts with short period of expiry so this gives the Company the flexibility to adjust its room rates in accordance to market conditions.

Interest Rate Risk

The Company has no interest-bearing debt obligations to third parties. As such, the Company has minimal interest rate risk.

Foreign Currency Risk

Foreign assets and financing facilities extended to the Company were mainly denominated in Philippine Peso. As such, the Company's foreign currency risk is minimal.

The Company functional currency is Philippines peso. As at 30 September 2017, it holds bulk of its cash and cash equivalent in Philippines peso. The United States dollars are used to settle foreign obligations. As such, the Company does not have currency risk exposure.

The Company does not have any third party loans so it has no interest rate risk. The Company in the ordinary course of business extends credit to its customers. Exposure to credit risk is monitored on an ongoing basis, credit review being performed for clients requesting for credit limit. The total exposure to trade receivables as at 30 September 2017 is Peso39.8 million.

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company manages liquidity risk by forecasting projected cash flows and maintaining a balance between continuity of funding and flexibility. As at 30 September 2017, the Company has Peso386 million current assets and Peso168 million current liabilities so the current assets are able to cover its liability.

The Company does not invest in any other financial instruments. Any surplus funds are placed in short-term fixed deposits with local bank like Metropolitan Bank and Trust Co. and foreign bank like Australian and New Zealand Bank (ANZ), DBS Bank Hong Kong and United Overseas Bank Singapore

The Company also does not invest in foreign securities.

The fair values together with the carrying amounts of the financial assets and liabilities shown in the balance sheet date are as follows:

	30 Sept 2016	30 Sept 2016	31 December 2016	31 December 2016
	Carrying amount	Fair value	Carrying amount	Fair value
Cash and cash equivalents	244,827,878	244,827,878	260,870,964	260,870,964
Receivables net	71,915,926	71,915,926	68,035,483	68,035,483
Due from/(to) related party net	(11,864,166)	(11,864,166)	(15,390,095)	(15,390,095)
Loan receivable	15,500,000	15,500,000	15,500,000	15,500,000
Lease deposit	78,000,000	78,000,000	78,000,000	78,000,000
Accounts payable & accrued expenses	110,464,902	110,464,902	103,292,070	103,292,070

The following summarizes the methods and assumptions used in estimating the fair values of financial instruments reflected in the above table:

Cash and cash equivalent – the carrying amount approximates the fair value due to its short maturity.

Receivables/ due from related party/ loan receivable/ lease deposit/ accounts payable and accrued expenses/ due to related party – current receivables are reported at their net realizable values, at total amount less allowances for uncollectible amounts. Current liabilities are stated at amounts reasonably expected to be paid within the next 12 months or operating cycle. Due from/to related party and loan receivable are payable on demand. In the case of lease deposit, the fair value approximates the carrying amount.
