### **About Net1 ([www.net1.com](http://www.net1.com))**

Net1 is a leading provider of alternative payment systems that leverage its Universal Electronic Payment System (“UEPS”) or utilize its proprietary mobile technologies. The Company operates market-leading payment processors in South Africa and the Republic of Korea. Through Transact24, Net1 offers debit, credit and prepaid processing and issuing services for Visa, MasterCard, ChinaUnionPay, Alipay and WeChat in China and other territories across Asia-Pacific, Europe and Africa, and the United States. Through Masterpayment, Net1 provides payment processing and enables working capital financing in Europe.

UEPS permits the Company to facilitate biometrically secure, real-time electronic transaction processing to unbanked and under-banked populations of developing economies around the world in an online or offline environment. Net1’s UEPS/EMV solution is interoperable with global EMV standards that seamlessly enable access to all the UEPS functionality in a traditional EMV environment. In addition to payments, UEPS can be used for banking, healthcare management, payroll, remittances, voting and identification.

Net1’s mobile technologies include its proprietary mobile payments solution - MVC, which offers secure mobile-based payments, as well as mobile banking and prepaid value-added services in developed and emerging countries. The Company intends to deploy its varied mobile solutions through its ZAZOO business unit, which is an aggregation of innovative technology companies and is based in the United Kingdom.

Net1 has a primary listing on the NASDAQ and a secondary listing on the Johannesburg Stock Exchange.
