PROXY STATEMENT

General

The Board of Directors of American Greetings Corporation (the "Board") has ordered solicitation of the enclosed proxy in connection with the Annual Meeting of Shareholders (the "Annual Meeting") to be held on Friday, June 25, 2004, at 2:30 p.m., Cleveland time, at the Company's World Headquarters, One American Road, Cleveland, Ohio 44144, to consider and act upon matters specified in the accompanying Notice of Annual Meeting of Shareholders. Copies of this Proxy Statement and the accompanying notice and proxy, along with our Annual Report to Shareholders, is first being sent or given to shareholders on or about May 17, 2004.

The expense of soliciting proxies, including the costs of preparing, assembling and mailing the Notice, Proxy Statement and proxy, will be borne by the Company. Besides solicitation by mail, solicitations may be made by personal interview, telephone, electronic mail, and facsimile by officers and other regular employees of the Company. Brokerage houses, banks and other persons holding shares in nominee names have been requested to forward solicitation materials to the beneficial owners of shares held of record by such persons, and the Company will reimburse such persons for their reasonable expenses.

Shareholders have cumulative voting rights in the election of directors, provided that (i) any shareholder gives notice in writing to the Chairman, President, a Senior Vice President or the Secretary of the Company, not less than 48 hours before the time fixed for the holding of the Annual Meeting, that he or she desires that the voting at such Annual Meeting be cumulative, and (ii) an announcement of the giving of such notice is made upon the convening of the Annual Meeting by the Chairman or the Secretary or by or on behalf of the shareholder giving such notice. If cumulative voting is so invoked, a shareholder may cumulate votes for the election of a nominee by casting a number of votes equal to the number of directors to be elected multiplied by the number of votes to which the shareholder's shares are entitled. The shareholder also may distribute his or her votes between or among two or more nominees on the same basis. Unless otherwise indicated by the shareholder, where cumulative voting is invoked, the persons named in the enclosed proxy will vote, in their discretion, for one or more of the nominees for whom authority was not withheld and will cumulate votes so as to elect the maximum number of nominees proposed by the Board. If cumulative voting is not invoked at the Annual Meeting with respect to the election of directors, the proxies will vote the number of shares on the proxy card for only those Board nominees for whom authority has not been withheld.

The shares represented by your proxy will be voted in accordance with the instructions as indicated on the proxy. In the absence of any such instructions, they will be voted in accordance with the Board of Directors' recommendations. Your presence at the Annual Meeting, without more, will not revoke your proxy. However, you may revoke your proxy at any time before it has been exercised by signing and delivering a later-dated proxy or by giving notice to the Company in writing at the address indicated on the accompanying Notice of Annual Meeting of Shareholders, or in open meeting.

Except as described below regarding Proposal 2, the presence at the Annual Meeting, either in person or by proxy, of the holders of not less than twenty-five percent of the voting power of the Company on the record date will represent a quorum, permitting the conduct of business at the meeting. Proxies received by the Company but marked as abstentions or broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting for purposes of establishing a quorum. Abstentions and broker non-votes will not count for or against any nominee for election as director. If a quorum is present at the meeting, the nominees for election as directors who receive the greatest number of votes cast for the election of directors at the meeting by the shares present in person or by proxy and entitled to vote will be elected directors. Provided that the total vote cast on Proposal 2 represents over fifty percent in interest of the Common Shares, the affirmative vote of a majority of the votes cast at the Annual Meeting is required to approve Proposal 2, and abstentions and broker non-votes will, in effect, be votes against the Proposal.

Voting Securities and Record Date

As of April 26, 2004, there were outstanding, exclusive of treasury shares which cannot be voted, 63,435,579 Class A Common Shares ("Class A Common Shares") entitled to one vote per share and 4,727,943

Class B Common Shares (“Class B Common Shares”) entitled to ten votes per share upon all matters presented to the shareholders. Holders of record of such shares at the close of business on April 26, 2004, are the only shareholders entitled to notice of and to vote at the Annual Meeting and any adjournments thereof.

Board of Directors

The Board met four times during the fiscal year ended February 29, 2004 (“FY 2004”). In addition, the Board took action without a meeting two times pursuant to Section 1701.54 of the Ohio Revised Code and the Code of Regulations of the Company.

The Board has a standing Executive Committee, Audit Committee, Nominating and Governance Committee and Compensation and Management Development Committee.

Independent Directors

The new New York Stock Exchange (“NYSE”) rules require listed companies to have a Board of Directors with at least a majority of independent directors. Under the NYSE rules, a director qualifies as “independent” upon the affirmative determination that the director has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). The Board has determined that Dr. Thornton, Dr. Cowen, Mrs. Mouchly-Weiss and Messrs. Hardis, Kahl, and Ratner are independent. The Board of Directors has also determined that Mr. Joseph Hardin, a nominee for election as a director, qualifies as independent.

In making its independence determinations, the Board considered the relationships of the independent directors with the following organizations: Mr. Ratner’s position as Chief Executive Officer and President of Forest City Enterprises, a subsidiary of which rents retail store space in various shopping malls to the Company, (ii) that the Company has made a \$20,000 charitable contribution to the Cleveland Orchestra in FY 2004, and that Messrs. Ratner and Hardis are members of the board of trustees of The Musical Arts Association, the parent organization of the Cleveland Orchestra, (iii) that the Company made a \$190,000 charitable contribution to United Way Services of Cleveland in FY 2004, an organization of which Mr. Ratner and Dr. Thornton are members of the board of trustees, (iv) that the Company has made charitable contributions to the Cleveland Clinic Foundation, an organization in which Mr. Morry Weiss, Mr. Hardis and Mr. Kahl serve on the board of trustees, consisting of a \$200,000 pledge in fiscal year 1998 and a \$1,000,000 pledge in FY 2004, (v) that Mr. Kahl is a former chairman of Students In Free Enterprise, a non-profit organization to which the Company has made a \$95,000 donation in FY 2004, (vi) that the Company has made a \$1,000 charitable contribution to Playhouse Square in 2004, an organization in which Mr. Hardis is a member of the board of trustees, (vii) that Dr. Cowen is the President and Seymour S. Goodman Professor of Management and Professor of Economics at Tulane University, a college to which the Company has made a \$15,000 donation in FY 2004, (viii) that Dr. Cowen is a director of Forest City Enterprises, a subsidiary of which rents retail store space in various shopping malls to the Company, and (ix) that Dr. Thornton is the President of Cuyahoga Community College, and the Company made a \$1,000,000 pledge during fiscal year 2000 to the Tri-C Foundation. The Board has determined that the Company’s business dealings with or contributions to these organizations are not material, do not create a material relationship between the Company and any of Messrs. Hardis, Kahl, and Ratner, Dr. Cowen or Dr. Thornton and that the independent judgment of these directors has not been and will not be compromised by their relationships with these organizations.

Each member of the Audit, Nominating and Governance and Compensation and Management Development Committees is independent as defined under the current listing standards of the NYSE.

Executive Committee

Morry Weiss (Chairman)
Stephen R. Hardis
Jack Kahl
Charles A. Ratner

James C. Spira
Jeffrey M. Weiss
Zev Weiss

The Executive Committee has the same power and authority as the Board between meetings of the Board, except that it may not fill vacancies on the Board or on Committees of the Board. The Executive Committee met one time during FY 2004 and took action without a meeting five times pursuant to Section 1701.63(D) of the Ohio Revised Code and the Company's Code of Regulations.

Audit Committee

Stephen R. Hardis (Chairman)
Scott S. Cowen

Harriet Mouchly-Weiss
Jerry Sue Thornton

The Board of Directors has determined that all Audit Committee members are financially literate under the current listing standards of the NYSE. The Board also determined that Mr. Hardis qualifies as an "audit committee financial expert" as defined by the SEC rules adopted pursuant to the Sarbanes-Oxley Act of 2002. In addition, under the Sarbanes-Oxley Act of 2002 and the new NYSE rules mandated by the SEC, members of the Audit Committee must have no affiliation with the issuer, other than their Board seats, and receive no compensation in any capacity other than as a director or committee member. Each member of the Company's Audit Committee meets this additional independence standard applicable to audit committee members of NYSE listed companies. According to NYSE listing standards, if a listed company does not limit the number of audit committees on which its Audit Committee members serve and a member of the Audit Committee serves on the audit committees of more than three public companies, the Board must determine that such simultaneous service would not impair the ability of such member to effectively serve on the Company's Audit Committee. Dr. Cowen and Mr. Hardis each serve on the audit committees of more than three publicly traded companies; however, the Board has affirmatively determined that such simultaneous service will not impair the ability of Dr. Cowen and Mr. Hardis to effectively serve on the Company's Audit Committee.

The Board of Directors has adopted a written Audit Committee Charter, and a copy of the Audit Committee Charter is attached hereto as Appendix A. The charter will also be available on the Company's web-site at www.corporate.americangreetings.com under "Investor Relations" on or before the date of the Annual Meeting.

The Audit Committee is responsible for assisting the Board in fulfilling its oversight responsibilities by: (i) monitoring the integrity of the Company's financial statements; (ii) monitoring the integrity of the Company's auditing, accounting and financial reporting processes generally; (iii) monitoring the independence and performance of the Company's outside auditors and the Company's internal audit department; (iv) monitoring the Company's compliance with legal and regulatory requirements; (v) reviewing the adequacy of and compliance with the Company's financial policies and procedures and systems of internal control; (vi) preparing the Audit Committee Report to be included in the proxy statement; and (vii) making regular reports to the Board and keeping written minutes of its meetings. The Audit Committee has the sole authority to engage and replace the independent auditor. The Audit Committee met five times during FY 2004.

Nominating and Governance Committee

Charles A. Ratner (Chairman)
Scott S. Cowen

Jack Kahl
Jerry Sue Thornton

The purposes of the Nominating and Governance Committee are to (i) assist the Board by identifying individuals qualified to become Board members, and to recommend to the Board the director nominees for each annual meeting of shareholders; (ii) review and recommend to the Board qualifications for committee membership and committee structure and operations; (iii) recommend to the Board directors to serve on each committee and a Chairperson for such committee; (iv) develop and recommend to the Board a set of corporate governance policies and procedures applicable to the Company; and (v) lead the Board in its annual review of the Board's performance. The Committee met one time during FY 2004. A current copy of the Nominating and Governance Committee Charter will be available on the Company's web-site at www.corporate.americangreetings.com under "Investor Relations" on or before the date of the Annual Meeting.

It is the policy of the Nominating and Governance Committee to consider individuals recommended by shareholders for membership on the Board. If a shareholder desires to recommend an individual for membership

on the Board, then that shareholder must provide a written notice on or before January 17 to the Chairman, Chief Executive Officer or Secretary of the Company at American Greetings Corporation, One American Road, Cleveland, Ohio 44144, for consideration by the Committee for that year's election of directors at the Annual Meeting. It is the policy of the Committee not to evaluate candidates recommended by shareholders any differently from candidates recommended from other sources.

The Nominating and Governance Committee determines, and reviews with the Board on an annual basis, the desired skills and characteristics for directors as well as the composition of the Board as a whole. This assessment considers the nominee's qualification as independent under the NYSE's listing standards, as well as diversity, age, skill and experience in the context of the needs of the Board of Directors. The Committee shall select prospective Board members who have the highest personal and professional integrity, who have demonstrated exceptional ability and judgment and who the Committee believes will be effective, in conjunction with the other members of the Board, in collectively serving the long-term interests of the shareholders. When seeking candidates for the Board, the Committee may also solicit suggestions from incumbent directors, management and third-party search firms, although the Board has not engaged a third-party search firm at this time. With respect to Mr. Joseph Hardin, who is a nominee for director this year, Messrs. Morry Weiss (Chairman of the Board and a director of the Company), Zev Weiss (Chief Executive Officer and a director of the Company) and Kahl (director of the Company) recommended him as a nominee.

Compensation and Management Development Committee

Scott S. Cowen (Chairman)
Stephen R. Hardis
Jack Kahl

Harriet Mouchly-Weiss
Charles A. Ratner

The Compensation and Management Development Committee of the Board of Directors reviews and approves the compensation for the Company's executive officers generally and reviews and approves the Company's executive and employee compensation plans (including the plans for the Chief Executive Officer, the Named Executive Officers and the Company's other executive officers); reviews and approves grants and awards to executive officers and other participants under the Company's equity-based compensation plans and oversees the annual evaluation of management. The Committee met three times during FY 2004 and took action without a meeting 12 times during FY 2004 pursuant to Section 1701.63(D) of the Ohio Revised Code and the Company's Code of Regulations. A current copy of the Compensation and Management Development Committee Charter will be available on the Company's web-site at www.corporate.americangreetings.com under "Investor Relations" on or before the date of the Annual Meeting.

Attendance

During FY 2004 each director attended 75% or more of the aggregate number of meetings of the Board and the respective Committees on which he or she serves, except for Mr. Ratner. The Company has established a formal policy requiring director attendance at all Board meetings (and Committee meetings of which the director is a member), absent unusual circumstances. The Company expects its directors to attend the annual meetings of shareholders (which are usually held the same day as a meeting of the Board of Directors), and all of the Company's directors attended the 2003 annual meeting of shareholders.

Communications to the Board of Directors

Our Board of Directors believes that it is important for shareholders to have a process to send communications to the Board. Accordingly, shareholders who wish to communicate with the Board of Directors, an individual director, the presiding director of non-management executive sessions, or the non-management directors as a group can mail a letter to the Board of Directors, individual director, presiding director, or group of non-management directors (as applicable) c/o Secretary, American Greetings Corporation, One American Road, Cleveland, Ohio 44144. The mailing envelope must contain a clear notation indicating that the enclosed letter is a "Shareholder-Board Communication" or "Shareholder-Director Communication." All such letters must identify the author as a shareholder and clearly state the intended recipients. The Secretary will make copies of all such

letters and circulate them to the appropriate director or directors; however, the Secretary will not forward the communication if it is primarily commercial in nature or if it relates to an improper or irrelevant topic. The directors are not spokespeople for the Company and shareholders should not expect a response or reply to any communication.

Executive Sessions

Beginning this year, the NYSE rules require that non-management directors meet in regularly scheduled executive sessions. The NYSE rules further state that the independent directors should meet at least once a year in executive session. Mr. Ratner has been appointed as the presiding director by the non-management directors to preside at these sessions.

Section 16(a) Beneficial Ownership Reporting Compliance

The Company's directors, executive officers and holders of more than 10 percent of the Company's Common Shares file reports with the Securities and Exchange Commission indicating the number of shares of any class of the Company's equity securities they owned when they became a director, executive officer or a greater-than-10 percent holder and, after that, any changes in their ownership of the Company's equity securities. They must also provide the Company with copies of these reports. These reports are required by Section 16(a) of the Securities Exchange Act of 1934. To the Company's knowledge, based solely on the Company's review of the copies of such reports furnished to the Company and written representations that no other reports were required during FY 2004, all Section 16(a) filing requirements applicable to the Company's directors, executive officers and greater-than-10 percent holders were complied with.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Company's Board of Directors comprises three classes of directors, each class having a three-year term. Class III members are to be elected at the June 25, 2004 Annual Meeting.

It is proposed that the shareholders re-elect the following nominees for Class III directors: Scott S. Cowen, Harriet Mouchly-Weiss, Charles A. Ratner and Zev Weiss. The term of office to be served by each nominee in Class III, if elected, will be three years, until the 2007 Annual Meeting, or until his or her successor is duly elected and qualified. Each of these nominees for Class III director has agreed to stand for re-election.

Additionally in 2003 (as in the past), the Company nominated three Class II directors but fixed the number of Class II directors at four to accommodate an additional qualified director if one was brought to the Board's attention prior to the expiration of the Class II term in 2006. Therefore, it is further proposed that the shareholders elect Joseph Hardin as a Class II director. The term of office to be served by Mr. Hardin, if elected, will be two years, until the 2006 Annual Meeting, or until his successor is duly elected and qualified.

If for any reason any of the nominees is not a candidate when the election occurs (which is not expected), the Board of Directors expects that proxies will be voted for the election of a substitute nominee designated by the Nominating and Governance Committee.

The Board recommends that you vote “FOR” all of the following nominees.

1997 EQUITY AND PERFORMANCE INCENTIVE PLAN**

General.

The Company has granted stock options to senior management and key employees for many years, and since January 27, 1995, it has had in place a program for making option awards to non-employee directors. In today's competitive marketplace, incentive programs have become increasingly important to attract and retain outstanding individuals. The Company believes that it must continue to award stock-based incentive compensation in order to be competitive.

The Company's 1997 Equity and Performance Incentive Plan (the "1997 Plan") was adopted by the Company's Board of Directors and approved by its shareholders in 1997. In 2000, shareholders approved an increase of 500,000 Class A Common Shares available for grant under the 1997 Plan to bring the total authorized

Common Shares to 5,500,000. In 2001, shareholders approved an increase of 7,000,000 (6,500,000 Class A Common Shares and 500,000 Class B Common Shares) for a total of 12,500,000 Common Shares, and these additional 7,000,000 Common Shares were limited solely to stock option grants and are not to be used in connection with restricted or deferred stock, performance shares, performance units and other non-option equity awards otherwise available under the 1997 Plan.

The Company anticipates that an additional 4,500,000 Common Shares will be needed for issuance under the 1997 Plan because the Common Shares available for issuance under the 1997 Plan as of February 29, 2004 have been depleted to 1,332,083 shares (1,221,922 of Class A Common Shares, of which 385,000 can be used for restricted share awards and 110,161 of Class B Common Shares, of which 50,000 can be used for restricted share awards).

Shareholder approval is being sought so that the Company may increase the number of Common Shares available for issuance under the 1997 Plan by an additional 4,500,000 Common Shares (an additional 3,500,000 Class A Common Shares and an additional 1,000,000 Class B Common Shares) so that the total number of Common Shares authorized under the 1997 Plan would be increased from 12,500,000 Common Shares to 17,000,000 Common Shares (consisting of 14,000,000 Class A Common Shares and 2,500,000 Class B Common Shares). If this proposal is approved, the total number of Class A Common Shares authorized under the 1997 Plan would represent approximately 22.3 percent of the Company's outstanding Class A Common Shares (exclusive of treasury shares) as of February 29, 2004 and the total number of Class B Common Shares authorized under the 1997 Plan would represent approximately 54.5 percent of the Company's outstanding Class B Common Shares (exclusive of treasury shares) as of February 29, 2004.

The description herein is a summary of the 1997 Plan and is subject to and qualified by the complete text of the 1997 Plan.

The Board recommends that you vote "FOR" Proposal 2.

Shares Available Under the 1997 Plan. Subject to adjustment as provided in the 1997 Plan, the number of Common Shares that may be currently issued or transferred (i) upon the exercise of option rights ("Option Rights") or appreciation rights ("Appreciation Rights"), (ii) as restricted shares ("Restricted Shares") and released from substantial risk of forfeiture thereof, (iii) as deferred shares ("Deferred Shares"), (iv) in payment of performance shares ("Performance Shares") or performance units ("Performance Units") that have been earned, (v) as awards to directors who are not employees of the Company ("Non-Employee Directors"), and (vi) in payment of dividend equivalents paid with respect to awards made under the 1997 Plan shall not exceed in the aggregate 12,500,000 Common Shares (11,500,000 of which are Class A Common Shares and 1,000,000 of which are Class B Common Shares) plus any shares relating to awards that expire, are forfeited, or are transferred as payment of the purchase price payable on exercise of an Option Right ("Option Price") or in satisfaction of any withholding amount. Such shares may be shares of original issuance or treasury shares or a combination of the foregoing.

Of the 12,500,000 Common Shares currently authorized under the 1997 Plan, the aggregate number of Common Shares actually issued or transferred by the Company upon the exercise of Incentive Stock Options ("Incentive Stock Options" or "ISOs") shall not exceed 11,500,000 Class A Common Shares and 1,000,000 Class B Common Shares, respectively. The aggregate number of Common Shares issued or transferred as Restricted Shares shall not exceed 450,000 Class A Common Shares and 50,000 Class B Common Shares, respectively. Nor will any Participant be granted more than 500,000 Restricted Shares or 500,000 Deferred Shares during any five-year period. Further, no Participant shall be granted Option Rights for more than 500,000 Restricted Shares during any five-year period. In no event shall any Participant, during any five-year period, receive more than 500,000 Appreciation Rights or receive an award of Performance Shares or Performance Units in any calendar year having an aggregate maximum value as of their respective Dates of Grant in excess of \$3,000,000. The restrictions above are subject to adjustments as provided in the 1997 Plan.

Eligibility. Participants may be selected by the Company's Board of Directors (the "Board") to receive benefits under the 1997 Plan, and such persons are referred to as "Participants." "Participants" include officers

or other key employees of the Company (or any of its subsidiaries) or a person who has agreed to commence serving in such an officer or key employee capacity. Participants may also include Non-Employee Directors of the Company who receive Option Rights or Restricted Shares as described below under the heading “Awards to Non-Employee Directors.” Currently, there are approximately 1,000 officers or key employees of the Company (or any of its subsidiaries or persons who have agreed to serve as an officer or key employee of the Company or any of its subsidiaries) and six Non-Employee Directors of the Company who are eligible to participate in the Plan.

Option Rights. Option Rights may be granted which entitle the Participant to purchase Common Shares at a price not less than fair market value and fair market value means the fair market value of Class A Common Shares as listed on the NYSE as of the close of business on such date or the latest date for which there is a listing. The Board may grant Option Rights that consist of (i) options that are intended to qualify as Incentive Stock Options under Section 422A of the Internal Revenue Code (the “Code”); (ii) options that do not qualify (“Nonqualified Stock Options”); and (iii) combinations of options described in (i) and (ii).

The Option Price is payable (i) in cash or check at the time of exercise; (ii) by the transfer to the Company of nonforfeitable, unrestricted Common Shares owned by the Participant having a value at the time of exercise at least equal to the Option Price; (iii) by surrender of any other award under the 1997 Plan having a value at the time of exercise at least equal to the Option Price and any Common Shares received upon such exercise of Option Rights shall be subject to such risk of forfeiture or restrictions as the original award that served as consideration; or (iv) a combination of such payment methods. Any grant of Option Rights may provide for deferred payment of the Option Price from the proceeds of sale through a bank or broker of some or all of the Common Shares to which the exercise relates.

Any grant may provide for the automatic grant of additional Option Rights (“Reload Option Rights”) to a Participant upon the exercise of Option Rights using then-owned Common Shares or other awards under the Plan as payment. Any Reload Option Rights may cover up to the number of Common Shares, Deferred Shares, Option Rights or Performance Shares (or the number of Common Shares having a value equal to the value of any Performance Units) surrendered to the Company upon exercise in payment of the Option Price or to meet any withholding obligations. The Reload Option Rights may have an Option Price that is no less than the applicable fair market value per Class A Common Share at the time of exercise and shall be on such other terms as may be specified by the directors, which may be the same as or different from those of the original Option Rights. Depending on the limitations, if any, imposed by the Board at the time of grant, Reload Option Rights would permit a Participant, by delivery of then-owned Common Shares upon successive exercises of Reload Option Rights, to reduce or eliminate the amounts payable upon original exercise of the Option Rights.

The Board may, at or after the grant date (“Date of Grant”) of any Option Rights (other than the grant of an ISO), provide for the payment of dividend equivalents to the Participant on a current, deferred or contingent basis or may provide that such equivalents be credited against the Option Price.

No Option Right shall be exercisable more than ten years from the Date of Grant. Each grant must specify the period of continuous employment with the Company or any subsidiary that is necessary before the Option Rights will become exercisable and may provide for the earlier exercise of such Option Rights in the event of a change of control or similar event. Successive grants may be made to the same Participant whether or not Option Rights previously granted remain unexercised. Any grant of Option Rights may specify Management Objectives (as described below) that must be achieved as a condition to exercise such rights.

Any Option Rights granted pursuant to the 1997 Plan would consist of options to acquire Class A Common Shares or Class B Common Shares. The last reported sales price of the Company’s Class A Common Shares on April 30, 2004 was \$20.50 per share.

Appreciation Rights. An Appreciation Right is a right, exercisable by surrender of the related Option Right (if granted in tandem with Option Rights) or by itself (if granted as a Free-Standing Appreciation Right), to receive from the Company an amount equal to 100 percent, or such lesser percentage as the Board may determine, of the excess of the fair market value over the Option Price or exercise price, as applicable. Any grant may specify that the amount payable on exercise of an Appreciation Right may be paid by the Company in cash,

in Common Shares, or in any combination thereof, and may either grant to the Participant or retain in the Board the right to elect among those alternatives.

Any grant may specify that such Appreciation Right may be exercised only in the event of a change of control or similar event. Any grant of Appreciation Rights may specify Management Objectives that must be achieved as a condition to exercise such rights. Any grant may specify that the amount payable on exercise of an Appreciation Right may not exceed a maximum amount specified by the Board of Directors at the Date of Grant, and any grant may specify waiting periods before exercise and permissible exercise dates or periods and shall provide that no Appreciation Right may be exercised except at a time when the related Option Right (if applicable) is also exercisable and at a time when the fair market value exceeds the Option Price or exercise price.

Restricted Shares. A grant or sale of Restricted Shares involves the immediate transfer by the Company to a Participant of ownership of a specific number of Common Shares in consideration of the performance of services. The Participant is entitled immediately to voting, dividend and other ownership rights in such shares. The transfer may be made without additional consideration or in consideration of a payment by the Participant that is less than the current fair market value per Class A Common Share, as the Board may determine.

Restricted Shares must be subject to a “substantial risk of forfeiture” within the meaning of Section 83 of the Code for at least three years. An example would be a provision that the Restricted Shares would be forfeited if the Participant ceased to serve the Company as an officer or key employee during a specified period of years (which must be at least three years). In order to enforce these forfeiture provisions, the transferability of Restricted Shares will be prohibited or restricted in a manner and to the extent prescribed by the Board for the period during which the forfeiture provisions continue. The Board may provide for a shorter period during which the forfeiture provisions apply in the event of a change of control or similar event.

Any grant of Restricted Shares may specify Management Objectives which, if achieved, will result in termination or early termination of the restrictions applicable to such shares, and any such grant may also specify in respect of such specified Management Objectives, a minimum acceptable level of achievement and must set forth a formula for determining the number of Restricted Shares on which restrictions will terminate if performance is at or above a minimum level, but below full achievement of the specified Management Objectives.

Deferred Shares. A grant or sale of Deferred Shares constitutes an agreement by the Company to deliver Common Shares to the Participant in the future in consideration of the performance of services, but subject to the fulfillment of such conditions during the period of time such Deferred Shares are subject to deferral limitations (the “Deferral Period”) as the Board may specify. During the Deferral Period, the Participant has no right to transfer any rights under his or her award, no ownership rights and no right to vote such shares, but the Board may, at or after the Date of Grant, authorize the payment of dividend equivalents on such shares on a current, deferred or contingent basis, either in cash or in additional Common Shares. Awards of Deferred Shares may be made without additional consideration or in consideration of a payment by such Participant that is less than the fair market value per Class A Common Share at the date of award.

Deferred Shares must be subject to a Deferral Period of not less than one year, as determined by the Board at the date of the award, except that the Board may provide for a shorter Deferral Period in the case of a change of control or similar event.

Performance Shares and Performance Units. The Board may authorize the granting of Performance Shares and Performance Units that will become payable to a Participant upon achievement of specified Management Objectives. A Performance Share is a bookkeeping entry that records the equivalent of one Common Share and a Performance Unit is a bookkeeping entry that records the equivalent of \$1.00. The Participant will be given one or more Management Objectives to meet within a specified performance period (the “Performance Period”). The specified Performance Period shall be a period of time not less than three years, except in the case of a change of control or similar event, if the Board shall so determine. A minimum level of acceptable achievement will also be established by the Board. If by the end of the Performance Period, the Participant has achieved the specified Management Objectives, the Participant will be deemed to have fully earned the Performance Shares or Performance Units. If the Participant has not achieved the Management Objectives, but has attained or exceeded the predetermined minimum level of acceptable achievement, the

Participant will be deemed to have partly earned the Performance Shares or Performance Units in accordance with a predetermined formula. To the extent earned, the Performance Shares or Performance Units will be paid to the Participant at the time and in the manner determined by the Board in cash, Common Shares or any combination thereof. The grant may provide for the payment of dividend equivalents thereon in cash or in Common Shares on a current, defined or contingent basis. The Board may specify that any amount payable may not exceed the maximum set by the Board on the Date of Grant.

Management Objectives. The 1997 Plan requires that the Board establish “Management Objectives” when awarding Performance Shares and Performance Units. The Board may also establish Management Objectives when awarding Option Rights, Appreciation Rights and Restricted Shares. Management Objectives may be described in terms of either Company-wide objectives or objectives that are related to the performance of the individual participant or subsidiary, division, department, region or function within the Company or a subsidiary in which the Participant is employed. Management Objectives may be made relative to the performance of other corporations. Management Objectives applicable to any award to a Participant who is, or is determined by the Board likely to become, a “Covered Employee” as defined in the 1997 Plan, shall be limited to specified levels of or growth in one or more of the following categories: (i) cash flow/net assets ratio; (ii) debt/capital ratio; (iii) return on total capital; (iv) return on equity; (v) earnings per share growth; (vi) revenue growth; or (vii) total return to shareholders. Except where a modification would result in an award no longer qualifying as performance-based compensation within the meaning of Section 162(m) of the Code, the Board may modify such Management Objectives, in whole or in part, as the Board deems appropriate and equitable.

Awards to Non-Employee Directors. The Board may, in its discretion, authorize the granting of Option Rights to Non-Employee Directors and may also authorize the grant or sale of Restricted Shares to Non-Employee Directors. Non-Employee Directors are not eligible to receive any other awards under the 1997 Plan.

Each such Option Right will become exercisable upon terms similar to the Option Rights granted to other management Participants. However, in the event of a change of control or similar event, the Option Rights would become immediately exercisable in full. Each such Option Right granted under the 1997 Plan will expire ten years from the Date of Grant, unless subject to earlier termination pursuant to the 1997 Plan. Common Shares acquired upon the exercise of these Option Rights may not be transferred for one year, except in the case of the director’s death, disability or other termination of service as a director.

Each Option Right shall become exercisable at the rate of twenty-five percent per year on each of the first four anniversaries of the Date of Grant.

In the event of the termination of service on the Board by the holder of any such Option Rights, other than by reason of disability or death, the then-outstanding Option Rights of such holder may be exercised to the extent that they would be exercisable on the date that is six months and one day after the date of such termination and will expire on the earlier of (i) six months and one day following the termination of the holder’s service on the Board or (ii) the stated expiration date of such Option Rights. In the event of death or disability, each of the then-outstanding Option Rights of such holder may be exercised until the earlier of (i) one year after such death or disability or (ii) the stated expiration date of the Option Rights.

If a Non-Employee Director subsequently becomes an employee of the Company or a subsidiary while remaining a member of the Board, any Option Rights held at that time will not be affected.

Option Rights may be exercised by a Non-Employee Director only by payment in full of the Option Price. Such payment may be in cash, in Common Shares (if owned by the director for more than six months prior to the payment), or a combination of both.

Each grant or sale of Restricted Shares to Non-Employee Directors will be upon terms and conditions as described above for management Participants.

Administration and Amendments. The Compensation and Management Development Committee administers the 1997 Plan.

Transferability. Except as otherwise determined by the Board on a case-by-case basis, no Option Right or Appreciation Right or other derivative security is transferable by a Participant or recipient except by will or the

laws of descent and distribution. Except as otherwise determined by the Board on a case-by-case basis, Option Rights and Appreciation Rights are exercisable during the Participant's lifetime only by him or her or his/her guardian or legal representative.

The Board may specify at the Date of Grant that part or all of the Common Shares that are (i) to be issued or transferred by the Company upon exercise of Option Rights or Appreciation Rights, upon termination of the Deferral Period applicable to Deferred Shares, or upon payment under any grant of Performance Shares or Performance Units or (ii) no longer subject to the substantial risk of forfeiture and restrictions on transfer referred to in Section 6 of the 1997 Plan, shall be subject to further restrictions on sale or transfer.

Adjustments. The Board may provide for adjustments in the numbers of Common Shares covered by outstanding Option Rights, Appreciation Rights, Deferred Shares, and Performance Shares granted under the Plan, in the prices per share applicable to Option Rights and Appreciation Rights and in the kind of shares covered thereby, as the Board, in its sole discretion and in good faith, determines is equitably required to prevent dilution or enlargement of the rights of Participants that would result from stock dividends, stock splits, combinations of shares, recapitalization, mergers, consolidations, spin-offs, reorganizations, liquidations, issuances of rights or warrants and similar events. In the event of such an event, the Board, in its discretion, may provide in substitution for any or all outstanding awards under the 1997 Plan such alternative consideration as it, in good faith, may determine to be equitable under the circumstances and may require the surrender of all awards so replaced. The Board may also make or provide for such adjustments in the numbers of shares specified in Section 3 of the 1997 Plan as the Board may determine appropriate to reflect any transaction or event described in this paragraph.

Federal Income Tax Consequences. With respect to Incentive Stock Options, in general, for federal income tax purposes under the current law:

- (i) Neither the grant nor the exercise of an Incentive Stock Option, by itself, results in income to the Participant; however, the excess of the fair market value of the Common Shares received upon exercise of an Incentive Stock Option over the Option Price is generally a tax preference item includable in calculating alternative minimum taxable income and may, under certain circumstances, result in alternative minimum tax liability to the Participant.
- (ii) If the Common Shares acquired upon exercise of an Incentive Stock Option are disposed of in a taxable transaction after the later of two years from the Date of Grant or one year after the transfer of such Common Shares to the Participant, the Participant will recognize long-term capital gain or loss in an amount equal to the difference between the amount realized by the Participant and the Participant's basis which, except as provided in (v) below, is the Option Price.
- (iii) Except as provided in (v) below, if the Common Shares acquired upon the exercise of an Incentive Stock Option are disposed of within the two-year period from the Date of Grant or the one-year period after the transfer of the Common Shares to the Participant (a "disqualifying disposition"):
 - The Participant will recognize ordinary income at the time of such disposition in the amount of the excess, if any, of the fair market value of the Common Shares at the time of exercise (or, if less, the amount realized on the disposition if such disposition is a sale or exchange) over the Option Price.
 - The Participant will recognize short-term or long-term capital gain at the time of any such taxable disposition in an amount equal to the excess, if any, of the amount realized over the fair market value of the Common Shares at the time of exercise.
 - The Participant will recognize short-term or long-term capital loss at the time of any such taxable disposition in an amount equal to the excess, if any, of the Option Price over the amount realized.
- (iv) No deduction will be allowed to the Company with respect to Incentive Stock Options granted or Common Shares transferred upon exercise thereof, except that if the Participant makes a disqualifying disposition referred to above, the Company will be entitled to a deduction in the

taxable year in which the disposition occurred in an amount equal to the amount of ordinary income recognized by the Participant making the disposition.

- (v) With respect to the payment of the Option Price upon exercise of an Incentive Stock Option by the delivery of Common Shares, to the extent that the number of Common Shares received does not exceed the number of Common Shares surrendered, no taxable income will be recognized by the Participant at that time, the tax basis of the Common Shares received will be the same as the tax basis of the Common Shares surrendered, and the holding period (except for purposes of the one-year period referred to in (iii) above) of the Participant in Common Shares received will include the Participant's holding period in the Common Shares surrendered. To the extent that the number of Common Shares received exceeds the number of Common Shares surrendered, no taxable income will be realized by the Participant at that time; such excess Common Shares will be considered Incentive Stock Option stock with a zero basis; and the holding period of the Participant in such Common Shares will begin on the date such Common Shares are transferred to the Participant. If the Common Shares surrendered were acquired as the result of the exercise of an Incentive Stock Option and the surrender takes place within two years from the date the Incentive Stock Option relating to the surrendered Common Shares was granted or within one year from the date of such exercise, the surrender will result in a disqualifying disposition and the Participant will realize ordinary income at that time in the amount of the excess, if any, of the fair market value at the time of exercise of the Common Shares surrendered over the basis of such Common Shares. If any of the Common Shares received are disposed of in a disqualifying disposition, the Participant will be treated as first disposing of the Common Shares with a zero basis.

With respect to Nonqualified Stock Options, in general, for federal income tax purposes under current law:

- (i) The grant of a Nonqualified Stock Option, by itself, does not result in income to the Participant.
- (ii) Except as provided in (v) below, the exercise of a Nonqualified Stock Option results in ordinary income to the Participant in an amount equal to the excess (if any) of the fair market value of the Common Shares, if unrestricted, on the date of exercise over the Option Price.
- (iii) Except as provided in (v) below, the tax basis of the Common Shares acquired upon exercise of a Nonqualified Stock Option is the fair market value of the Common Shares on the date of exercise.
- (iv) No deduction is allowable to the Company upon the grant of a Nonqualified Stock Option. Upon the exercise of a Nonqualified Stock Option, a deduction is allowable to the Company in an amount equal to the ordinary income recognized by the Participant.
- (v) With respect to the payment of the Option Price upon exercise of a Nonqualified Stock Option by the delivery of Common Shares, to the extent that the number of Common Shares received does not exceed the number of Common Shares surrendered, no taxable income will be recognized by the Participant, the tax basis of the Common Shares received will be the same as the tax basis of the Common Shares surrendered, and the holding period of the Participant in the Common Shares received will include the Participant's holding period in the Common Shares surrendered. To the extent that the number of Common Shares received exceeds the number of Common Shares surrendered, ordinary income will be recognized by the Participant in the amount of the fair market value of such excess Common Shares; the tax basis of such excess Common Shares will be equal to the fair market value of such Common Shares at the time of exercise; and the holding period of the Participant in such Common Shares will begin on the date such Common Shares are transferred to the Participant.

The Company is not entitled to deduct annual remuneration in excess of \$1 million (the "Deduction Limitation") paid to certain of its employees unless such remuneration satisfies an exception to the Deduction Limitation, including an exception for performance-based compensation. If Proposal Two is approved by the shareholders and the Compensation and Management Development Committee, which is comprised solely of two or more "outside directors" within the meaning of Section 162(m) of the Code, makes the grants, the Company's deduction with respect to options granted under the Plan would not be subject to the Deduction Limitation.

The federal income tax information presented herein is only a general summary of the applicable provisions of the Code and regulations promulgated thereunder as in effect on the date of this proxy statement. The actual federal, state, local and foreign tax consequences to the Participant may vary depending upon his particular circumstance.

Employment and Severance Agreements

The Company has an agreement with each Named Executive Officer (other than Morry Weiss).

Zev Weiss's agreement, dated May 1, 1997, provides for an annual base salary of not less than \$70,716 plus additional compensation as the Board of Directors, Executive Committee or the Chairman of the Executive Committee may determine. Mr. Weiss's base salary for FY 2004 was \$600,000. Mr. Weiss agreed, after leaving the Company for any reason, that he will not work, directly or indirectly, for a competitor of the Company for a period of twelve months after leaving the Company. If Mr. Weiss is terminated for any reason other than a gross violation of his obligations to the Company, the Company agrees to pay Mr. Weiss a continuing salary at a rate of the highest base salary paid to Mr. Weiss during the preceding six-month period for a period of time equivalent to one-half month for each year of Mr. Weiss's employment with the Company (or a subsidiary of the Company), but in no event will such payment be for less than a three month period or greater than a twelve month period. The agreement contains a standard confidentiality provision.

Jeffrey M. Weiss's agreement, dated June 1, 1991, provides for an annual base salary of not less than \$70,000 plus additional compensation as the Board of Directors, Executive Committee or the Chairman of the Executive Committee may determine. Mr. Weiss's base salary for FY 2004 was \$500,000. Mr. Weiss agreed, after leaving the Company for any reason, that he will not work, directly or indirectly, for a competitor of the Company for a period of twelve months after leaving the Company. If Mr. Weiss is terminated for any reason other than a gross violation of his obligations to the Company, the Company agrees to pay Mr. Weiss a continuing salary at a rate of the highest base salary paid to Mr. Weiss during the preceding six-month period for a period of time equivalent to one-half month for each year of Mr. Weiss's employment with the Company (or a subsidiary of the Company), but in no event will such payment be for less than a three month period or greater than a twelve month period. The agreement contains a standard confidentiality provision.

Erwin Weiss's agreement, dated July 1, 1984, as amended April 1, 2002, provides for an annual base salary of \$350,000, with annual increases effective April 1, 2003 and April 1, 2004, provided that Mr. Weiss is employed by the Company on those dates. During his employment, Mr. Weiss will participate in any applicable fiscal year Annual Incentive Compensation Plan, with his individual performance component being calculated at a minimum of 100 percent of the applicable fiscal year target incentive amount for Senior Vice Presidents. If grants of stock options are made generally to Senior Vice Presidents during his employment, Mr. Weiss will receive such grants. If Mr. Weiss is voluntarily or involuntarily terminated, Mr. Weiss will receive \$250,000 in deferred compensation, as well as three years of base salary at the rate in effect at the time of separation; provided, however, that if Mr. Weiss is involuntarily terminated prior to March 2005, the amount of his salary continuation will equal his annual base salary in effect at the time of separation plus \$50,000.

Steven Willensky's agreement, dated September 9, 2002, provides for an annual base salary of at least \$335,000, and this salary may be increased based on Mr. Willensky's performance. During his employment, Mr. Willensky will participate in: the Key Management Annual Incentive Plan at the Senior Vice President level; the American Greetings Stock Option Plan at the Senior Vice President level with 10,000 options to be granted annually; the Company's flexible benefits program; and the Company's Retirement Profit Sharing and Savings Plan. Mr. Willensky is also entitled to receive other benefits normally provided to the Company's other Senior Vice Presidents including use of a company car. If Mr. Willensky is involuntarily terminated (for reasons other than a gross violation of his obligations to the Company as "gross violation" is defined in the agreement), his duties are reduced to that of a position below that of the Senior Vice President level or there is a change of control in the ownership of the Company, Mr. Willensky is entitled to: receive twelve months base salary at the salary in effect at the time of separation; continued participation in the Key Management Incentive Plan for the fiscal year of separation; continued vesting of any stock options that would otherwise vest during the twelve month severance period; participation in the Company's health care and life insurance programs for the twelve month severance period (at premiums and rates otherwise available to active employees); and continued use of the Company car for 90 days after his separation date.

William R. Mason's agreement, dated March 1, 2001, is for a rolling three year term. The agreement provides for an annual base salary of \$299,304 plus an annual payment of \$25,000, beginning on March 1, 2001 (the "Base Salary"). The Base Salary will be reviewed annually and may be changed in the discretion of the

Company's President. Mr. Mason is also entitled to receive regular benefits offered to other executive officers of the Company including benefits pursuant to any profit sharing, 401(k), stock option, health benefit and life insurance plans. Additionally, Mr. Mason is entitled to receive a cash bonus during any fiscal year that the Company pays its officers or key employees a cash bonus pursuant to the Executive Incentive Compensation Plan and a cash bonus, if and when paid, under a long-term executive incentive compensation plan. If Mr. Mason is terminated (unless Mr. Mason resigns voluntarily or is terminated for cause), he is entitled to receive the Base Salary annually for each of three years from his applicable termination date. Mr. Mason agreed, during the term of his employment with the Company, that he will not compete, directly or indirectly, with the Company, and this non-competition obligation will extend for a period of one year after his applicable termination date, unless the Company defaults in making any salary payments due Mr. Mason during such one-year period. The agreement contains a standard confidentiality provision.

No gain to optionees is possible without an actual increase in the price of the Company's shares, which would benefit all of the Company's shareholders. All calculations are based on a ten-year option period.

Supplemental Executive Retirement Plan

A description of the Company's Supplemental Executive Retirement Plan can be found in the Report of the Compensation and Management Development Committee of the Board of Directors on Executive Compensation under the heading "Supplemental Executive Retirement Plan." The total liability recorded by the Company under this plan at the end of FY 2004 was \$22,420,157. During FY 2004, retired officers received benefits under the plan aggregating \$1,183,094. Based upon estimates predicated upon present compensation, at age 65 Morry Weiss will receive \$185,580 annually, Zev Weiss will receive \$130,313 annually, Jeffrey M. Weiss will receive \$118,359 annually, Erwin Weiss will receive \$96,127 annually, Steven Willensky will receive \$77,826 annually and William Mason will receive \$88,063 annually.

Report of the Compensation and Management Development Committee of the Board of Directors on Executive Compensation

The Compensation and Management Development Committee of the Board of Directors ("Committee") reviews and approves the compensation programs and plans for the Company's officers generally (including the plans for the Chairman, Chief Executive Officer, Chief Operating Officer and the Company's other officers); reviews and approves the actual cash compensation (base salary and incentives) granted to the Chairman, CEO and COO; reviews and approves grants and awards to all officers and other participants under the Company's equity-based compensation plans; and oversees the annual evaluation of the executive officers.

Statement on Philosophy of Executive Compensation

The Company's compensation philosophy reflects its belief that the compensation of its executive and non-executive officers should (i) provide a compensation program that motivates officers to achieve their strategic goals by providing opportunities for officers to earn incentive-based compensation driven by the accomplishment of performance goals (including performance related to the Company and applicable business units, as well as individual performance); (ii) provide compensation reasonably comparable to that offered by other leading

companies so as to attract and retain talented executives; and (iii) align the interests of its officers with the long-term interests of the Company's shareholders through the award of stock options, restricted stock and other stock-based compensation.

Implementation of Philosophy

During FY 2004 the Company's executive compensation plans allowed for compensation to be provided through some or all of the following: base salary, annual incentive (payable in cash), supplemental executive retirement plan, stock options, restricted stock, deferred compensation, stock appreciation rights, performance shares, performance units and a retirement profit-sharing and savings plan. The annual incentive, if any, granted to the CEO and COO is payable partially in cash, and partially in stock.

Base Salary

Base salaries are established based upon: the responsibilities of the given position; a comparison of compensation levels of similar positions in comparable companies gathered from compensation surveys; and/or the recommendations of outside compensation consulting firms. Individual performance reviews are generally conducted annually and are used in determining if an increase in base salary is merited. Such increases in base salaries in FY 2004 were based on an individual's performance, an individual's role and responsibility, achievement of the Company's and applicable business unit's earnings goals, as well as recommendations from third party compensation studies.

Key Management Annual Incentive Plan

In FY 2004, the Key Management Annual Incentive Plan ("Annual Incentive Plan") was in effect for officers and certain key employees. Under the Annual Incentive Plan, incentives are awarded based on three components: business unit's earnings performance, corporate earnings per share performance, and individual performance. In FY 2004, no incentives were earned by the Named Executive Officers under the Annual Incentive Plan.

Supplemental Executive Retirement Plan

In prior fiscal years, the Supplemental Executive Retirement Plan (the "SERP") had a twenty-year cliff vesting period. Beginning March 1, 2004, the Supplemental Executive Retirement Plan was changed to provide a ten-year cliff vesting period, with the additional requirement that at least five years of that service must be as a SERP participant. Therefore, a participant in the Plan may retire at age 55 with at least 10 years of service with the Company, five of which must be as a SERP participant. A participant who retires at age 65 with 20 years of service (with at least five years as a SERP participant) will receive 20% of final average compensation annually for life. Final average compensation under the SERP is defined as the average of the two highest years of annual compensation during the participant's employment. Annual compensation is defined as annual base compensation plus the incentive that would have been paid under any annual incentive plan then in effect if the participant had achieved exactly 100% of his or her target earnings goal. A lesser amount will be payable in the event of early retirement. Benefits are not subject to any offset for Social Security or other payments. Benefits under the SERP will be payable to the participant's beneficiary in the event of the participant's death until a total of 180 monthly payments have been made under the Plan to or on behalf of such participant.

Long-Term Incentive Compensation

The Company's long-term incentive compensation programs currently consist of grants of restricted stock and stock options, which link compensation for officers and certain key employees directly to shareholder return. An officer holding stock options benefits if the price of the Company's shares increases. In addition, since the right to exercise options vests over time, the programs create an incentive for an executive to remain with the Company. Other incentive alternatives such as stock appreciation rights, deferred shares, performance shares and performance units are also available under the 1997 Plan. Please see the description of the 1997 Plan beginning on page 11.

Under the existing employee stock option plans, officers and key employees of the Company and its subsidiaries are awarded options by the Committee to purchase Class A or Class B Common Shares of the Company. The options are granted at 100% of fair market value at the close of business on either the last business day preceding the date of grant, or on the date of grant (depending on the actual plan under which the grant is made) and generally expire not later than ten years from the date of grant. The number of share options granted depends upon the level of the position and level of performance exhibited by a recipient. For FY 2004, the amount of stock options granted to senior vice presidents of the Company was established by the Committee based on a review of a market place study, the level of responsibility and the performance of the senior vice president.

Retirement Profit Sharing and Savings Plan

Under the American Greetings Retirement Profit Sharing and Savings Plan in FY 2004, the Company made a contribution of 2.47% of credited compensation for all profit-sharing eligible employees. It is impossible to estimate the annual benefits that any participant may be entitled to receive under the plan upon retirement since the amount of such benefits will depend upon a number of factors including, among other things, future net profits, the future credited compensation of the participants and the future net income of the participants' investment decisions in the trust fund. In addition, the plan allows eligible participants to make contributions through salary reduction as permitted under I.R.C. Section 401(k). The plan allows for the Company to match 40% of the first six percent of compensation deferred by each eligible participant (subject to IRS limitations), if the Company achieves at least 80% of its profit goal. In FY 2004, the Company met this threshold, and the Company made a matching contribution. For the investment of all contributions under the plan, a participant may choose a Company stock fund, which is invested in Common Shares of the Company and/or the following mutual funds: Vanguard/Wellington Fund, Vanguard Prime Money Market Fund, Vanguard/PRIMECAP Fund, Vanguard/Wellesley Income Fund, Vanguard/Windsor II Fund, Vanguard International Growth Fund, Vanguard Extended Market Index Fund, Vanguard 500 Index Fund and the One Group Bond Fund.

Chief Executive Officer Compensation

The compensation packages offered to the Chief Executive Officer are based in part on surveys and/or the recommendations of outside consulting firm(s), and in part on factors that are not easily measured, such as leadership and strategic foresight.

Morry Weiss has served as Chairman of the Company since March 1, 1992 and as Chief Executive Officer from March 1, 1992 until June 1, 2003. His compensation for FY 2004 included base salary, an opportunity to earn an annual incentive and a grant of stock options.

In establishing his FY 2004 base salary and incentive target, as well as in determining the number of stock options granted to Mr. Weiss, the Committee reviewed the performance of both the Company and Mr. Weiss, as well as a market study that included compensation data of chief executive officers at comparable companies. For FY 2004, Mr. Weiss's compensation included a base salary of \$400,000, a grant of 18,000 stock options with 9,000 options vesting on each of the first two anniversaries of the grant date, contributions by the Company to the Retirement Profit Sharing and Savings Plan and the Executive Deferred Compensation Plan, and participation in the Annual Incentive Plan pursuant to which Mr. Weiss was eligible to achieve a target bonus of 50% of his base salary earnings, if the Company achieved its earnings goal. The Company did not meet the threshold earnings goal for payout under the Annual Incentive Plan; consequently, Mr. Weiss earned no incentive under the plan. The bonus target in FY 2004 was established by the Board based on achievements of specified performance goals. During FY 2004, the Company also accrued funds for a split-dollar life insurance policy for Mr. Weiss and his wife, which is owned by Mr. and Mrs. Weiss's children.

Effective June 1, 2003, Morry Weiss retired from his position as Chief Executive Officer of the Company, and Zev Weiss assumed this position. Mr. Weiss retained his position as Chairman of the Board. In establishing Mr. Zev Weiss's FY 2004 compensation, the Committee retained a human resource compensation consulting firm to analyze compensation packages for chief executive officers at companies comparable to the Company and to review and recommend the terms of appropriate compensation packages for the Chief Executive Officer of the

Company based on the responsibilities of the position and the abilities and experience of Mr. Weiss. Additionally, the Committee reviewed third party market surveys regarding appropriate compensation packages for chief executive officers at comparable companies. Mr. Weiss's compensation for FY 2004 included the following:

- cash compensation through an annual base salary of \$600,000;
- a grant of 100,000 stock options, with 1/3 of the grant vesting on each of the first three anniversaries of the grant date;
- contributions to the Retirement Profit Sharing and Savings Plan and Executive Deferred Compensation Plan;
- target annual incentive of 100 percent of base salary pursuant to the Annual Incentive Plan if performance criteria are satisfied; however, if performance exceeds the goals, the actual annual incentive may exceed 100 percent of base salary; one-half of the incentive compensation is payable in cash and one-half is payable in shares of the Company's Class B stock; the number of performance shares granted is determined based on the March 3, 2003 share price discounted by 1/3. The Company did not meet the threshold earnings goal for payout under the plan; consequently, Mr. Weiss earned no incentive under this Plan.

Compensation Committee Interlocks and Insider Participation

Messrs. Hardis, Kahl and Ratner, Dr. Cowen and Mrs. Mouchly-Weiss were the members of the Compensation and Management Development Committee during FY 2004. Other than as set forth below in Certain Relationships and Related Transactions with respect to the Company's leases with Forest City Enterprises and Mr. Ratner's family, there are no compensation committee interlocks.

Certain Relationships and Related Transactions

Mr. Ratner, a director of the Company, is Chief Executive Officer and President of Forest City Enterprises, a subsidiary of which rents retail store space in various shopping malls to the Company pursuant to lease agreements with the Company. The total payments made by the Company to Forest City Enterprises (or its subsidiary) in FY 2004 totaled \$1,672,609, and these payments included payments for rent, water, common area expenses, dues, electricity, heating, ventilation and air conditioning, media, storage, real estate tax and waste removal. The Company will continue to make lease payments as required under the applicable lease agreements. The Company believes the terms of the lease agreements are no less favorable to it than would be the terms of a third-party lease.

Report of the Audit Committee of the Board of Directors

This report provides information concerning the Audit Committee of the Board of Directors.

The Audit Committee reviews the Company's financial reporting practices on behalf of the Board of Directors. Management is responsible for the financial statements and the reporting process, including the system of internal controls. The independent auditors are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States.

In discharging its oversight responsibility as to the audit process, the Audit Committee reviewed and discussed the audited financial statements of the Company for the year ended February 29, 2004, with the Company's management, including a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of significant judgments; and the clarity of disclosures in the financial statements. The Audit Committee reviewed with the independent auditors their judgments as to the quality, not just the

acceptability, of the Company's accounting principles and such other matters as are required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU Section 380, as amended by Statement on Auditing Standards No. 90, "Communication with Audit Committees"). The Audit Committee also obtained a formal written statement from the independent auditors that described all relationships between the independent auditors and the Company that might bear on the auditor's independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committee," as amended or supplemented. The Audit Committee discussed with the independent auditors any relationships that might impact their objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee also considered whether the provision of non-audit services by Ernst & Young is compatible with maintaining Ernst & Young's independence. Management has the responsibility for the preparation of the Company's financial statements, and the independent auditors have the responsibility for the auditing of those statements.

Based on the above-referenced review and discussions with management and the independent auditors, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended February 29, 2004, for filing with the Securities and Exchange Commission.

Important Notice Regarding Delivery of Shareholder Documents

The Securities and Exchange Commission permits a single set of annual reports and proxy statements to be sent to any household at which two or more shareholders reside if they appear to be members of the same family. Each shareholder continues to receive a separate proxy card. This procedure, referred to as householding, reduces the volume of duplicate information shareholders receive and reduces mailing and printing costs. A number of brokerage firms have instituted householding. In accordance with an earlier notice previously sent to certain beneficial shareholders who share a single address, only one copy of this proxy statement and the attached annual report will be sent to beneficial owners who share that address, unless any shareholder residing at that address gave contrary instructions to the Company.

If any beneficial shareholder residing at such an address desires to receive a separate copy of this proxy statement and the attached annual report, the shareholder should call National City Bank toll-free at **1-800-622-6757**, or write American Greetings Corporation, Investor Relations, at One American Road, Cleveland, Ohio 44144 with such request, and a copy of the proxy statement and attached annual report will be promptly delivered on behalf of the Company. In addition, if any such shareholder wishes to receive a separate proxy statement and annual report in the future, the shareholder should provide such instructions by calling National City Bank toll-free at **1-800-622-6757** or by writing to American Greetings Corporation, Investor Relations, at One American Road, Cleveland, Ohio 44144.

Also, shareholders that share an address and that receive multiple copies of annual reports or proxy statements can request that only a single copy of the annual report or proxy statement be sent to that address in the future by providing instructions by calling toll-free **1-800-622-6757** or by writing to American Greetings Corporation, Investor Relations, at One American Road, Cleveland, Ohio 44144.

Review and discuss generally with management and the independent auditor the types of information to be disclosed and the type of presentation to be made regarding the quarterly financial information to be included in the Company's Quarterly Reports on Form 10-Q and the Company's Annual Report on Form 10-K (or the annual report to stockholders if distributed prior to the filing of the Form 10-K) including the disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations." The Committee shall also discuss the results of the annual audit, reviews of quarterly financial information by the independent auditor, and any other matters required to be communicated to the Committee by the independent auditor under generally accepted auditing standards, applicable law or listing standards. Based on such review and discussion, the Committee shall make a determination whether to recommend to the Board that the audited financial statements be included in the Company's Form 10-K.

5. Review and discuss generally with management the types of information to be disclosed and the type of presentation to be made regarding the Company's earnings press releases.
6. Review the Company's required disclosure in the Proxy Statement for its Annual Meeting of Shareholders that describes that the Committee has satisfied its responsibilities under this Charter for the prior year. In addition, a copy of this Charter shall be included in the Proxy Statement at least tri-annually or the year after any significant amendment to the Charter.
7. Review with management, the internal auditor and independent auditor (a) major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles, and major issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies, (b) analyses prepared by management and/or the independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, (c) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the Company's financial statements and other public disclosures; and (d) generally the type and presentation of information to be included in earnings press releases, including the use of "pro forma" or "adjusted" non-GAAP information.

4. Receive periodic reports from the independent auditor as required by the Independence Standards Board (or any successor body) regarding the auditor's independence, which shall be not less frequently than annually. The Committee shall discuss such reports with the auditor, and if so determined by the Committee, take appropriate action to satisfy itself of the independence of the auditor.
5. Review the performance of the Company's independent auditor annually. This review should include the review and evaluation of the signing partner of the independent auditor. In conducting the review, the Committee shall consult with management and the head of internal audit and shall obtain and review a report by the independent auditor describing its internal quality-control procedures, material issues raised by its most recent internal quality-control review, or peer review (if applicable), or by any inquiry or investigation by governmental or professional authorities within the preceding five years, respecting one or more independent audits carried out by the independent auditor, and the response of the independent auditor. In addition to assuring the regular rotation of the audit partners as required by law, the

Committee should consider whether it is appropriate to adopt a policy of rotating independent auditors on a periodic basis.

6. Discuss with management, the internal auditor and the independent auditor the Company's major risk exposures and the steps management has taken to monitor and control such exposures, including the Company's risk assessment and risk management policies. The Committee shall review with management and the independent auditor management's annual internal control report.

8. Review with the independent auditor any problems or difficulties the auditor may have encountered in connection with the annual audit or otherwise, including any restrictions on the scope of independent auditor's activities or on access to required information, and any significant disagreements with management. The review should also include discussion of the responsibilities, budget and staffing of the Company's internal audit staff.
9. Establish guidelines for the Company's hiring of employees or former employees of the independent auditors who have participated in the audit of the Company, which shall meet the requirements of applicable law and listing standards.
