GENERAL INFORMATION

Record Date; Voting Information

Smucker's board of directors has fixed the close of business on June 16, 2003, as the record date for the determination of shareholders entitled to notice of and to vote at the annual meeting of shareholders to be held on August 14, 2003. As of the record date, Smucker had outstanding and entitled to vote at the meeting 49,901,040 common shares.

Our amended articles of incorporation provide generally that each common share will entitle the holder to one vote on each matter to be considered at the meeting, except for certain matters listed in the amended articles of incorporation. On those listed matters, shareholders are entitled to exercise ten votes per share unless there has been a change in beneficial ownership of such common share since June 1, 2002. In that event, the new owner of that share will be entitled to only one vote with respect to that share on all matters until four years pass without a further change in beneficial ownership of the share. There are no items on this year's ballot to which the ten vote per share provisions apply.

For a more detailed explanation of the voting rights of the common shares, including a listing of the matters to which the ten votes per share provisions apply, see "Voting Rights of Common Shares" beginning on page 21.

At the annual meeting, the inspector of elections will tabulate the results of shareholder voting. The presence in person or by proxy at the annual meeting of the holders of shares entitled to exercise at least a majority of the outstanding voting power of the common shares constitutes a quorum for the annual meeting. Properly signed proxies that are marked "abstain" are known as "abstentions". Properly signed proxies that are held in "street name" by brokers and not voted on one or more of the items before the annual meeting but are otherwise voted on at least one item, are known as "broker non-votes". Abstentions and broker non-votes will be counted for the purposes of determining whether a quorum has been achieved at the annual meeting.

In the election of directors, the four candidates receiving the greatest number of votes, based upon one vote for each share owned as of the record date, will be elected. Votes withheld in respect of any candidate in the election of directors will have no impact on the election. Abstentions and broker non-votes will have no effect on the outcome of the vote.

The affirmative vote of the holders of at least a majority of the votes cast at the meeting, based upon one vote for each share owned as of the record date, is necessary to ratify the appointment of the independent auditors and only affirmative and negative votes will be counted. Abstentions and broker non-votes will have no effect on the outcome of the vote.

Voting by Proxy; Revocation of Proxies

If you sign and return the enclosed proxy card, your shares will be voted as indicated on the card. Without affecting any vote previously taken, if you are a record holder, you may revoke your proxy in any of the following ways:

- sending a written notice to the corporate secretary of Smucker that is received prior to the annual meeting stating that you are revoking your proxy;
- signing a new, later dated proxy card that is received by our proxy solicitor prior to the annual meeting; or
- obtaining an admission card, attending the annual meeting, and voting in person.

If your broker holds your shares, you must contact your broker in order to revoke your proxy. Your presence at the annual meeting will not, in and of itself, revoke your proxy. You must take affirmative action in order to revoke your proxy.

Cumulative Voting

Under Ohio law, all of the common shares may be voted cumulatively in the election of directors if a shareholder of record wishing to exercise cumulative voting rights provides written notice to our president or one of our vice presidents, or our secretary not less than 48 hours before the time of the meeting. The notice must state that the shareholder desires that the voting at the election be cumulative. Also, an announcement of the giving of the notice must be made when the meeting is convened by the chairman or the secretary or by or on behalf of the shareholder giving the notice. Under cumulative voting, the number of votes to which each shareholder otherwise is entitled is multiplied by the number of directors to be elected, and the shareholder then may cast that aggregate number of votes all for one candidate, or may divide them out among the candidates as the shareholder deems appropriate.

We intend to vote all proxies we solicit whether or not there is cumulative voting at the meeting. In the event that there is cumulative voting, unless a shareholder provides contrary instructions on his or her proxy, all votes represented by proxies will be divided evenly among the nominees named in this document, unless it appears that voting in that way would not be effective to elect all of those nominees. In that case, the votes represented by proxies will be cast at the discretion of the board of directors so as to maximize the number of nominees elected.

Proxy Solicitation Information

We are furnishing this document to you in connection with the solicitation by our board of directors of the enclosed form of proxy for our August 14, 2003, annual meeting. In addition to solicitation by mail, we may solicit proxies in person, by telephone, facsimile, or e-mail. Also, we may engage a professional proxy solicitation firm, Georgeson Shareholder Communications Inc., to assist us in soliciting proxies. If we choose to engage them, Smucker will pay to Georgeson a fee of \$6,500, plus expenses, for its services and will bear all costs of the proxy solicitation.

Costs

We pay for the preparation and mailing of the Notice of Annual Meeting and Proxy Statement. We have also made arrangements with brokerage firms and other custodians, nominees, and fiduciaries for the forwarding of this proxy statement and other meeting materials to the beneficial owners of Smucker common shares at our expense.

ELECTION OF DIRECTORS

(Item 1 on Proxy)

Unless instructed otherwise, the proxy holders intend to vote for the election of Fred A. Duncan, Charles S. Mechem Jr., Gary A. Oatey, and Timothy P. Smucker, as directors, each for a term of three years. These individuals comprise the class of directors whose terms of office expire this year and who are standing for reelection. At the April 2003 meeting of the Board of Directors, the Board voted to waive the normal retirement age of 72 for board members permitted to stand for reelection to allow Mr. Mechem to stand for reelection.

In the event of the death or inability to act of any of the candidates for directors, the proxy with respect to such candidate or candidates will be voted for such other person or persons as the board of directors may recommend. Smucker's management has no reason to believe that the persons listed as candidates for directors will be unable to serve.

His proposed term would expire in 2006.

WILLIAM H. STEINBRINK

Mr. Steinbrink, 60, has been a director since 1994. He has been a partner at the law firm of Jones Day since September 2001. He is the former president and chief executive officer of CSM Industries, Inc., a manufacturer of specialty metals, a position he held between November 1996 and November 2000. Mr. Steinbrink is a member of the nominating and corporate governance committee. His term will expire in 2004. Jones Day provided legal services on behalf of Smucker during its fiscal year 2003 on a variety of matters, and it is anticipated that Jones Day will continue to provide services in fiscal year 2004.

The board of directors recommends a vote FOR each of the nominees for election to the board of directors.

Director Compensation

Directors of Smucker who are not also employees are compensated for services as a director on the basis of \$30,000 per year, plus \$2,000 per year (\$4,000 per year for the chair) for each committee on which the director serves. Nonemployee directors may elect to receive all or 50% of their annual retainer and committee fees in the form of units under Smucker's Nonemployee Director Stock Plan. All units, together with dividends credited thereon, are paid out in the form of common shares upon termination of service as a director.

In 2001 the shareholders of Smucker approved the implementation of a Nonemployee Director Stock Option Plan. The plan is designed to provide additional compensation for nonemployee directors of Smucker and to attract and retain candidates of the highest quality to serve on the board. It provides for an annual grant of 1,500 stock options to each eligible nonemployee director, unless otherwise determined by the executive compensation committee. The options granted under this plan will fully vest six months after the date of grant and will have a term of ten years. Because the *Jif* and *Crisco* transaction was pending, the September 2001 grants were deferred and were reconsidered in conjunction with the 2002 awards. In September 2002, stock options for 5,000 common shares of Smucker were granted to each nonemployee director.

Director Independence

Smucker requires that a majority of its directors be "independent" as defined by the rules of the New York Stock Exchange, the Securities and Exchange Commission, and such other applicable rules or regulations as may be established. The board makes a determination as to the independence of each director on an annual basis. The board has determined that the following six directors are "independent" directors: R. Douglas Cowan, Kathryn W. Dindo, Elizabeth Valk Long, Charles S. Mechem, Jr., Gary A. Oatey, and William H. Steinbrink.

In general, “independent” means that a director has no material relationship with Smucker or any of its subsidiaries. The existence of a “material” relationship is determined upon a review of all relevant facts and circumstances, and generally is a relationship that might reasonably be expected to compromise the director’s ability to maintain his or her independence from management.

The board considers the issue of materiality from the standpoint of the entity with which the director has an affiliation as well as from the standpoint of the director.

The board uses the following criteria in reaching its conclusions regarding the independence of a board member:

- if Smucker obtains goods or services from an entity with which the director is an employee, partner, or otherwise has an affiliation, the relationship between Smucker and such provider will be considered material if the amount paid for such goods or services in the immediately preceding calendar year is more than 1% of the total revenues of the provider for that calendar year;
- no director who is, or in the past five years has been, affiliated or employed by a current or former auditing firm used by Smucker shall be considered independent for a period of five years after the end of the affiliation by the director with such firm or the end of such auditing relationship with Smucker;
- no director shall be independent if he or she is, or in the past five years has been, part of an interlocking directorate in which an executive officer of Smucker serves on the compensation committee of Smucker that concurrently employs the director; and
- the board will treat immediate family members the same as the director when determining independence and in determining whether a material relationship exists.

Corporate Governance Guidelines

At its April 2003 meeting the board of directors formally adopted revised corporate governance guidelines, a full copy of which is posted on Smucker’s website at www.smuckers.com, which guidelines provide in pertinent part that:

- a majority of directors shall be “independent, as set forth under the guidelines of the New York Stock Exchange, the Securities Act of 1934, and as further set forth in the corporate governance guidelines;
- all members of the nominating and corporate governance committee, the executive compensation committee, and the audit committee shall be independent and that there shall be at least three members on each such committee;
- the independent directors shall meet in executive session at least three times annually in conjunction with regularly scheduled board meetings and such meetings shall be chaired by the chair of the nominating and corporate governance committee;
- the board will conduct an annual self evaluation; and
- all new directors shall participate in Smucker’s new director orientation program.

Meetings and Committee Reports

During the 2003 fiscal year there were four meetings of the Smucker’s board of directors. All directors attended at least 75% of the total number of board and committee meetings for which they were eligible. The board of directors has a nominating and corporate governance committee, an audit committee, and an executive compensation committee.

Nominating and Corporate Governance Committee. The nominating and corporate governance committee met twice during the 2003 fiscal year. This committee is responsible for recommending to the board of directors nominees for election as directors, for considering suggestions forwarded by shareholders to the secretary of Smucker concerning qualified candidates for election as directors, and developing and implementing corporate governance principles applicable to the board of directors and to Smucker.

At its April 2003 meeting the nominating and corporate governance committee approved, and recommended that the Board approve, a revised charter for the committee. The board of directors approved the charter at its April 2003 meeting and the charter is posted on Smucker's website at www.smuckers.com. The nominating and corporate governance committee believes this charter is an accurate and adequate statement of the committee's responsibilities and the committee will review this charter on an annual basis to confirm that it continues to be an accurate and adequate statement of such responsibilities.

Audit Committee. The audit committee met six times during the 2003 fiscal year. The principal functions of this committee include: reviewing with the independent auditors of Smucker the scope and thoroughness of the auditors' examination and considering recommendations of the independent auditors; recommending to the board of directors the appointment of independent auditors for the year; and reviewing the sufficiency of Smucker's system of internal controls with the financial officers, the independent auditors, and, to the extent the committee deems necessary, legal counsel.

Executive Compensation Committee. The executive compensation committee met three times during the 2003 fiscal year. The principal functions of this committee include: fixing the compensation of executives of Smucker; administering Smucker's restricted stock bonus and stock option programs; and, considering employee benefit programs generally.

REPORT OF THE AUDIT COMMITTEE

The audit committee is composed of three independent, nonemployee directors and serves as the primary communication link between the board of directors as the representative of the shareholders, on the one hand, and Smucker's independent and internal auditors, on the other hand. Management has the primary responsibility for financial statements and the reporting process including the systems of internal control. The audit committee operates under a written charter, which was adopted by the board of directors in June 2001 and included in the 2001 Proxy Statement. The charter was revised in April 2003 to incorporate the requirements of the Sarbanes-Oxley Act of 2002. This revised charter was adopted by the audit committee and the board of directors at the April 2003 meeting and is posted on Smucker's website at www.smuckers.com, and is attached to this proxy statement as Annex A. The audit committee believes the charter is an accurate and adequate statement of the audit committee's responsibilities. The audit committee will review this charter on an annual basis to confirm that it continues to be an accurate and adequate statement of such responsibilities.

In fulfilling its responsibilities, the audit committee reviewed with management the financial statements and related disclosures included in Smucker's quarterly reports on Form 10-Q, and the audited financial statements and related financial statement disclosures to be included in Smucker's Annual Report on Form 10-K for its recently ended fiscal year. Also, the audit committee reviewed with the independent auditors their judgments as to both the quality and the acceptability of Smucker's accounting principles. The audit committee's review with the independent auditors also included a discussion of other matters required under generally accepted accounting standards, including those matters required by the Statement on Auditing Standards No. 61 and by the Sarbanes-Oxley Act of 2002.

The audit committee also reviewed the financial literacy of each of its members, as required by the listing standards of the New York Stock Exchange, and has determined that each of its members meets the criteria established by the stock exchange. Additionally, the audit committee reviewed the definition of "financial expert" promulgated under the Sarbanes-Oxley Act of 2002 and determined that two of its members, Kathryn W. Dindo and R. Douglas Cowan, satisfy the criteria of a financial expert under the Act. The board of directors adopted a resolution at its April 2003 meeting designating Ms. Dindo and Mr. Cowan as "financial experts", as required under the Sarbanes-Oxley Act of 2002.

The audit committee has received the written disclosures from the independent auditors required by the Independence Standards Board Statement No. 1 and has discussed those disclosures with the independent auditors. The audit committee also has considered the compatibility of non-audit services with the auditors' independence.

The audit committee has discussed with Smucker's internal and independent auditors the overall scope and plans for their respective audits and has reviewed Smucker's plans for compliance with the internal audit certification requirements of Section 404 of the Sarbanes-Oxley Act of 2002. The audit committee met with the internal and independent auditors to discuss the results of the auditors' examinations, their evaluation of Smucker's internal controls, and the overall quality of Smucker's financial reporting.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors that the audited financial statements be included in Smucker's Annual Report on Form 10-K for the year ended April 30, 2003. The audit committee recommended to the board of directors, subject to shareholder approval, the appointment of Ernst & Young LLP, as Smucker's independent auditors for the 2004 fiscal year.

AUDIT COMMITTEE

R. Douglas Cowan
Elizabeth Valk Long

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE

The executive compensation committee of the board of directors is composed of three independent, nonemployee directors and is responsible for establishing the levels of compensation and benefits for executive officers of Smucker. The executive compensation committee evaluates Smucker's performance and the compensation paid to its executive officers on an ongoing basis. The executive compensation committee operates under a written charter, which was adopted by the executive compensation committee and the board of directors in April 2003. This charter is posted on Smucker's website at www.smuckers.com. The executive compensation committee believes the charter is an accurate and adequate statement of the committee's responsibilities. The executive compensation committee will review this charter on an annual basis to confirm that it continues to be an accurate statement of such responsibilities.

Compensation Philosophy

The executive compensation committee believes that an effective executive compensation program must have two parts. First, it should have a cash component that is competitive enough to retain highly qualified executives, while providing performance-based incentives. The executive compensation committee believes that Smucker's base salary structure, Management Incentive Plan bonuses and Voluntary Deferred Compensation Plan combine to meet these requirements.

The second part of the program is equity-based in order to provide long-term incentives and ensure that management's long-term interests are aligned with those of other shareholders. The equity-based components of the compensation program are provided by the Restricted Stock Bonus Plan, the 1987 Stock Option Plan, and the 1998 Equity and Performance Incentive Plan.

Salaries

Base compensation for all salaried positions in Smucker, including executive officers, is determined by reference to individual performance and position within the salary range for the particular job classification. Smucker's human resources department develops the salary ranges and classifications with assistance from outside consultants who help to ensure that the overall salary structure is competitive. Smucker's goal with regard to salaries and compensation is to provide a structure that is competitive with other comparably sized manufacturing companies. Over 300 companies are used for comparison purposes, and many of them are included in the Standard & Poor's Food Group Index (see the total shareholder return graph presented elsewhere in this document). Included in the comparison group are such companies as Campbell Soup Company, General Mills, Inc., Kellogg Company, Mars, Inc., McCormick & Company, Inc., Nestlé USA, Inc., Ralston Purina Company, Sara Lee Corporation, and Wm. Wrigley Jr. Company.

Although the salary ranges for the executive officers are recommended by the human resources department based on its own research and the advice of outside consultants, those ranges are regularly reviewed by the executive compensation committee and are subject to its approval, as are any changes to an officer's salary grade level.

With the completion of the *Jif* and *Crisco* transaction and the significant increase in the size of Smucker, the executive compensation committee requested an outside compensation consultant conduct a review of appropriate salary ranges, as well as management incentive plan target ranges and stock option awards, to reflect the increased size of Smucker. The resulting study indicated that the current salary ranges, management incentive bonuses, and stock option awards were well below similarly sized company averages. Upon the recommendation of the human resources department the executive compensation committee approved revised salary ranges for officers of Smucker. The adjusted salary ranges were implemented on May 1, 2002 and reflected an average 20% increase in the salary range and an average 20.7% increase in actual salaries for officers of Smucker, after taking into account regular annual increases.

Smucker continues to target its salary ranges at approximately the median of comparably sized manufacturing companies, and the revised ranges approved by the executive compensation committee meet that standard.

Management's salary recommendations for executive officers usually are submitted to the executive compensation committee for consideration at its April meeting. These recommendations generally are based upon the salary increase guidelines that have been determined by management for all corporate salaries as part of the planning and budgeting process for the coming fiscal year. The average of the salary increases granted to members of the officer group for fiscal year 2003 was 20.7%. This reflects the salary increases resulting from the salary range review commissioned in connection with the *Jif* and *Crisco* transaction as further discussed above.

Tim Smucker, Smucker's chairman, and Richard Smucker, Smucker's president and chief financial officer operate jointly as co-chief executive officers. Management submitted no recommendation concerning a salary increase for Tim Smucker or Richard Smucker. The executive compensation committee determined that each of them should be given an increase of 21.2% for 2003, in line with the increases for the officer group as a whole, and in line with the level of increases suggested as appropriate pursuant to the salary range review.

Factors considered when assessing executive officers' performance for compensation purposes, including Tim Smucker and Richard Smucker, include, in no particular order, Smucker's sales and earnings results, market share gains, whether Smucker's business plan and strategic goals are being met, and individual performance evaluations. None of these factors, however, is necessarily weighed more heavily than any other.

Management Incentive Plan

Smucker maintains a management incentive program designed to recognize key management members based on their contribution to the achievement of Smucker objectives and their individual performance. A target award is set for each participant based on salary grade level and competitive award levels for similar positions at comparable manufacturing companies, which are generally the same companies used in establishing base salary ranges. The actual award given, if any, is based on Smucker's performance to its earnings goal for the year, personal performance, and, if the participant is part of a strategic business area, that area's performance to its profit goal. No awards are given if Smucker does not meet minimum performance standards, and the maximum award a participant may receive is limited to twice the target award.

After the end of each fiscal year, management presents the executive compensation committee with a summary and recommendation for management incentive bonuses. The presentation includes:

- information on Smucker's performance for the fiscal year just ended (earnings per share for the year with a comparison to the prior year and to Smucker's plan, and operating margins or specific margins for the strategic business areas);
- awards to each individual in the plan in the prior three years;
- current salary, salary range, and target award information; and
- a specific recommendation based on all of the foregoing.

The executive compensation committee then reviews the information and recommendations with management and makes a decision as to which recommendations to accept and whether any should be modified.

The management incentive awards for Tim Smucker and Richard Smucker each year are made based on the same factors as those used for other members of the Management Incentive Plan. No recommendation is made by management concerning the individual portion of the awards for the chairman or the president; that amount is determined by the executive compensation committee based on its appraisal of individual performance.

The amount of the incentive awards based on corporate performance is determined by a mathematical calculation, the elements of which are the same for all participants, including Tim and Richard Smucker. With respect to the 2003 fiscal year, Smucker exceeded its earnings per share goal for the year and the amount of the incentive award based on corporate performance was calculated accordingly for all participants, including the awards granted Tim and Richard Smucker by the executive compensation committee.

In addition to the portion of the award based on corporate performance, the total incentive plan award for each participant includes an amount related to individual performance. This individual performance award is based on an assessment of the participant's individual contributions in helping Smucker to achieve its earnings and other goals. It may be above or below the corporate award portion if the executive compensation committee feels that to be appropriate in an individual case.

Long-Term Incentive Compensation

Long-term incentive compensation is stock-based and is designed to help to align the interests of management with the interests of Smucker's shareholders. Both restricted stock awards and stock options are used in the long-term compensation program, and the executive compensation committee believes that the use of the two types of awards together helps to ensure that competitive long-term incentives are delivered to the senior managers of Smucker.

Target grant levels for long-term incentive compensation are determined for individual participants based on salary grade level and a determination by Smucker's human resources department of the prevailing competitive awards for similar positions at other comparable manufacturing companies. The companies considered are largely the same as those used in establishing base salary ranges.

Restricted Stock Bonus Plan

Smucker's restricted stock bonus plan was implemented in 1981 based on the board of directors determination that such a plan would help Smucker attract and retain key senior managers. Restricted stock awards are made currently under the 1998 Equity and Performance Incentive Plan. In years in which restricted stock awards are to be considered, management develops a recommendation for participants based on target grant levels and individual performance considerations. That recommendation is presented to the executive compensation committee along with information on prior awards.

Because the plan is intended to provide long term incentives to participants, the focus in deciding whether to make awards in particular years and in determining the amount of those awards is based on the progress that Smucker is making in implementing its strategy and achieving its longer term goals.

Restricted stock awards generally are considered every two years. The last awards made were with respect to the 2002 fiscal year. With regard to the 2004 fiscal year, the executive compensation committee, considered and made awards to key executive officers at its May meeting this year. Tim and Richard Smucker each received awards of 30,000 shares under the plan this year. That amount is consistent with their respective competitive formula amounts. Their awards were based on the same factors as all other participants, as discussed in the preceding paragraphs.

Stock Option Plans

Stock option awards are made under either the 1987 Stock Option Plan or the 1998 Equity and Performance Incentive Plan. Participants in the plans include both executive officers and other key managers.

Awards under the plans are normally considered annually and are made by the executive compensation committee following a review of the recommendations of management. Individual performance and the performance of Smucker are considered in establishing each proposed award, along with the individual's target grant level. Although all of these factors are considered in making an award, no specific weight is assigned to them, and the relative importance of each factor may vary from participant to participant. The executive compensation committee does not specifically consider the total number of options held by a

participant in determining the size of a new award, but information with regard to all previous awards is presented to and reviewed by the executive compensation committee when awards are made.

The executive compensation committee normally considers stock option awards at its autumn meeting. Because the *Jif* and *Crisco* transaction was pending at that time in the 2002 fiscal year, counsel advised the executive compensation committee that it would be advisable to defer awards until after the transaction was completed. Therefore, no stock option awards were made in fiscal 2002. With the consummation of the transaction, the executive compensation committee determined that it would be appropriate to make awards in fiscal 2003 that combined the deferred 2002 awards with the regular awards planned for 2003. The combined awards for these two fiscal years, which awards reflect the increased ranges recommended in the salary and compensation review conducted by an outside counsel consultant, were authorized at the executive compensation committee's May 2002 meeting with an effective date of July 1, 2002. Most of the awards made were in amounts consistent with the target grant level for the participant. The awards for Tim and Richard Smucker, at their recommendation, were in an amount approximately 25 percent below their target grant levels.

Voluntary Deferred Compensation Plan

After considering the merits of implementing a mandatory, as well as an elective deferred compensation plan, the executive compensation committee made a recommendation to the board in April 2003 that the board of directors' approve a Voluntary Deferred Compensation Plan. The board did approve the Plan, which will be made available to officers and business general managers starting in calendar year 2004. Elections to defer all or a portion of the participant's compensation or bonus must be made prior to January 1st of the year in which services relating to the compensation deferred are provided. The participants will have the option to designate such deferred compensation be tracked as if invested in Smucker shares or a Fidelity Investment managed account. A copy of the Voluntary Deferred Compensation Plan is filed with the Smucker annual report on Form 10-K.

Tax Deductibility of Executive Compensation

The executive compensation committee has considered the potential impact on Smucker's compensation plans of the \$1,000,000 cap on deductible compensation under Section 162(m) of the Internal Revenue Code, which was enacted as part of the Omnibus Budget Reconciliation Act of 1993. The executive compensation committee believes that stock option awards under Smucker's 1998 Equity and Performance Incentive Plan qualify under Section 162(m) as deductible compensation. Restricted stock awards and awards under the Management Incentive Plan do not at this time qualify for the exemption under Section 162(m) to the limitation on deductibility. To date, only Tim Smucker and Richard Smucker have been paid compensation in excess of \$1,000,000 that would be subject to the Section 162(m) limitation. The executive compensation committee is generally committed to establishing executive compensation programs that will maximize as much as possible the deductibility of compensation paid to executive officers. In April 2003 the board of directors approved a Deferred Compensation Plan, which will be available to electing officers and general managers as of January 1, 2004. A more detailed discussion of the Plan is provided in the preceding section under the heading "Voluntary Deferred Compensation Plan." To the extent, however, that the executive compensation committee from time to time believes it to be consistent with its compensation philosophy and in the best interests of Smucker and its shareholders to award compensation that is not fully deductible, it may choose to do so.

The executive compensation committee believes that Smucker's compensation plans and practices are sound and well considered. It also believes that the level of compensation provided to the executive officers is appropriately related to both the competitive market and the historic and current performance of Smucker. The executive compensation committee in the future will continue to focus on these factors and on maintaining a compensation system that will encourage maximization of long-term shareholder value.

Consulting and Non-Compete Arrangements

The board of directors believes that a significant portion of the value of Smucker and the success of its business is attributable to the public image of the *Smucker's* brand and the integral identification of the Smucker family and its values with that brand. Therefore, the board has authorized Smucker to enter into agreements with each of Tim Smucker and Richard Smucker securing their continuing public representation of Smucker when they are no longer active executives.

Under these agreements each of Tim Smucker and Richard Smucker have committed to maintain their public representation of Smucker for three years when either of them ends full-time employment with Smucker. The board also believed that it was crucial to the strength of the Smucker brand that neither Tim nor Richard Smucker should undertake activities after the end of their employment with Smucker that might be to the competitive disadvantage of Smucker. In particular, the board wished to ensure that neither Tim nor Richard Smucker would in any event provide the benefit of their experience in the food industry to competitors of Smucker.

Therefore, the agreements with Tim and Richard Smucker provide that for three years from the date of their respective termination of employment or for three years after the end of the public representation period, whichever is later, they will not enter into any relationships that might be to Smucker's competitive disadvantage. During the three-year public representation period the former executive will receive annual compensation in an amount equal to his base salary as of the time his active employment with Smucker ended, plus benefits. He will also receive each year during that period an amount equal to fifty percent of his target award applicable under the Management Incentive Plan at the date of termination.

The agreements further provide to Tim and Richard Smucker certain benefits while they remain employees of Smucker. Specifically, in the event of either death or disability, they (or their estates) will be entitled to receive for three years after the event annual compensation equal to the base salary they were receiving at the time the event occurred, plus benefits. They (or their estates) also will receive an amount equal to fifty percent of their target bonus awards in effect at the time of the event. Also, any unvested options and restricted shares will vest immediately. At the end of the three-year period following the death or disability, they (or their spouse) will be eligible for retirement benefits without application of early retirement reduction factors. Each of them also would be eligible for retirement benefits without application of early retirement reduction factors at the end of the three-year public representation period if, but only if, he has not prior to that time elected to begin receiving such benefits with reduction factors applied.

In the event that Tim or Richard Smucker is terminated by Smucker without cause or if he resigns for cause (as specifically defined in the agreements), he will receive the same benefits as in the case of death or disability. If Smucker terminates Tim or Richard Smucker for cause, however, he will receive only that compensation to which he is otherwise entitled as of the date of termination.

Pension Plan

Under The J. M. Smucker Company Employees' Retirement plan (the "Plan"), retirement benefits are payable to all eligible employees of Smucker and its subsidiaries, including officers. The present executive officers of Smucker, including those named in the Summary Compensation Table, are also eligible upon retirement to receive a benefit from a nonqualified supplemental retirement plan (the "Supplemental Plan"). The amounts set forth in the pension plan table below assume participation in the Supplemental Plan and set forth the estimated annual benefit, computed as a straight-life annuity, payable under the Plan, as amended, at normal retirement (age 65):

The Plan provides a pension based upon years of service with Smucker and upon final average pay (average base compensation [i.e., salary only] for the five highest consecutive years of employment). Benefits under the Plan are one percent of final average pay times the participant's years of service with Smucker. Benefits under the Supplemental Plan at retirement, based upon years of service (maximum 25 years), are 55 percent of the average total compensation (i.e., all compensation including salary and bonus) for the five highest consecutive years of employment, offset by the benefits derived from the Plan and by 100 percent of the Social Security benefit.

Messrs. Timothy P. Smucker, Richard K. Smucker, Vincent C. Byrd, Fred A. Duncan, Steven J. Ellcessor, and Richard G. Jirsa were credited under the Plan with 33, 30, 26, 25, 17, and 27 full years of benefit service, respectively, at April 30, 2003.

OWNERSHIP OF COMMON SHARES

Security Ownership of Directors and Executive Officers

Based upon information filed with the Securities and Exchange Commission as of the date of this proxy statement, Ariel Capital Management, Inc., 200 East Randolph Drive, Chicago, IL and Timothy P. Smucker, Strawberry Lane, Orrville, OH, are the only persons or entities known to Smucker to be a beneficial owner of more than five percent of Smucker's common shares outstanding as of June 16, 2003. The number and percent of outstanding common shares beneficially owned at that date by Ariel Capital Management, Inc. and Timothy P. Smucker, as well as those so owned by each director and nominee, each officer listed in the Summary Compensation Table, and all of Smucker's directors and executive officers as a group are shown in the following table. Except as otherwise indicated in the footnotes to this table, each person or entity has sole voting and investment power with respect to the common shares noted. Shares shown as beneficially owned include those that may be held either individually, jointly, or pursuant to a trust arrangement.

(1) Includes restricted stock and also includes shares covered by outstanding stock options exercisable within 60 days, as follows: Timothy P. Smucker, 207,287; Richard K. Smucker, 207,287; Vincent C. Byrd, 67,097; Fred A. Duncan, 67,097; Steven J. Ellcessor, 54,811; Richard G. Jirsa, 18,270; and all directors and executive officers as a group, 772,406.

(2) Beneficial ownership of the following shares included in the table is disclaimed by Timothy P. Smucker: 1,507,314 common shares held by trusts for the benefit of family members of which Timothy P. Smucker is a trustee with sole investment power or a co-trustee with shared investment power; 202,062 common shares owned by the Willard E. Smucker Foundation of which Timothy P. Smucker is a trustee with shared investment power; and 123,676 common shares with respect to which Timothy P. Smucker disclaims voting or investment power.

Beneficial ownership of the following shares included in the table is disclaimed by Richard K. Smucker: 1,409,971 common shares held by trusts for the benefit of family members (including Timothy P. Smucker) of which Richard K. Smucker is a trustee with sole investment power or a co-trustee with shared investment power; 202,062 common shares owned by the Willard E. Smucker Foundation of which Richard K. Smucker is a trustee with shared investment power; and 90,417 common shares with respect to which Richard K. Smucker disclaims voting or investment power.

Beneficial ownership of 594 shares included in the table is disclaimed by Steven J. Ellcessor.

Beneficial ownership of 1,969 shares included in the table is disclaimed by Richard G. Jirsa.

The number of shares beneficially owned by all directors and executive officers as a group has been computed to eliminate duplication of beneficial ownership.

- (3) Includes shares held for the benefit of the individual named under the terms of Smucker's Nonemployee Directors Stock Plan as follows: R. Douglas Cowan, 621; Kathryn W. Dindo, 10,765; Elizabeth Valk Long, 9,536; Charles S. Mechem, Jr., 12,299; Gary A. Oatey, 837; and William H. Steinbrink, 15,421;. The shares indicated are held in trust for the directors named and are voted pursuant to their direction.
- (4) According to a Schedule 13G/A of Ariel Capital Management, Inc., 200 E. Randolph Drive, Chicago, IL 60601, filed on February 4, 2003, Ariel is a U.S. corporation organized under the laws of the State of Illinois. As of December 31, 2002, Ariel had sole voting power of 3,070,712 common shares and sole dispositive power of 3,392,826 common shares.
- (5) Because under Smucker's amended articles of incorporation shareholders may be entitled on certain matters to cast ten votes per share with regard to certain common shares and only one vote per share with regard to others, there may not be a correlation between the percent of outstanding common shares owned and the voting power represented by those shares. The total voting power of all the common shares can be determined only at the time of a shareholder meeting due to the need to obtain certifications as to beneficial ownership on shares not held as of record in the name of individuals. There are no items on this year's ballot to which the ten vote per share provisions apply. It is management's expectation, however, that the common shares shown in the above table as owned by the directors and officers as a group will represent a percentage of Smucker's total voting power on a ten-vote basis that is slightly greater than the percentage of total voting power represented by those shares on a one-vote basis.

The voting power of Timothy P. Smucker and Richard K. Smucker includes some duplication with respect to entities for which they are co-trustees. See footnote 2, above.

The voting power of all directors and executive officers as a group has been computed to eliminate duplication of beneficial ownership.

Smucker has entered into agreements with Timothy P. Smucker and Richard K. Smucker and members of their immediate families, including Mrs. H. Ray Clark, Timothy P. Smucker's and Richard K. Smucker's aunt, and members of her immediate family, and with all executive officers of Smucker relating to the disposition of common shares held by them. These shareholders are the beneficial owners of an aggregate of 6,288,084 common shares, approximately 13% of the class, of which 4,966,975 common shares are included in the above table. Under the agreements, which have no expiration date, Smucker has a purchase option with respect to any proposed transfers of these common shares, except for gifts and bequests to or for the benefit of family members, and sales pursuant to any offer, merger, or similar transaction that is approved or recommended by Smucker's board of directors.

The agreements provide that Smucker may assign its purchase rights to Smucker's ESOP or any of its other employee benefit plans. The agreements reflect the practice followed by Smucker for a number of years of providing for the purchase of common shares at prices at or somewhat below market with the effect of establishing a method for the orderly disposition of blocks of shares that could not otherwise be readily absorbed by the public market. The shares so acquired by Smucker have generally been used for purposes of Smucker employee benefit plans, and shares have also been so acquired directly by the ESOP.

Section 16(a) Beneficial Ownership Reporting Compliance

Under the U.S. securities laws, Smucker's directors and executive officers are required to report their initial ownership of common shares and any subsequent changes in that ownership to the Securities and Exchange Commission and the New York Stock Exchange. Due dates for the reports are specified by those laws, and Smucker is required to disclose in this document any failure in the past year to file by the required dates. Based solely on written representations of our directors and executive officers and on copies of the reports that they have filed with the Securities and Exchange Commission, our belief is that all of our directors and executive officers complied with all filing requirements applicable to them with respect to transactions in our equity securities during fiscal 2003.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

(Item 2 on Proxy)

Ernst & Young LLP has been appointed as Smucker's independent auditors for the fiscal year ending April 30, 2004, subject to ratification by the shareholders. Ernst & Young LLP has served as Smucker's independent auditors since 1955.

A representative of Ernst & Young LLP is expected to be present at the meeting with an opportunity to make a statement if so desired and to respond to appropriate questions with respect to that firm's examination of Smucker's financial statements and records for the fiscal year ended April 30, 2003.

Audit Fees

The aggregate fees billed by Ernst & Young LLP for professional services rendered for the audit of Smucker's annual consolidated financial statements for fiscal 2003 and the review of the consolidated financial statements included in Smucker's Forms 10-Q for fiscal 2003, were \$358,000.

All Other Fees

The aggregate fees billed by Ernst & Young LLP for services rendered to Smucker, other than the services described under "Audit Fees", above, for fiscal year 2003 were \$2,160,700, including tax fees of \$1,795,700 and audit related fees of \$365,000. ANNUAL REPORT

The Annual Report of Smucker for the fiscal year ended April 30, 2003, was mailed to each shareholder on or about July 8, 2003.

2004 SHAREHOLDER PROPOSALS

The deadline for shareholders to submit proposals to be considered for inclusion in the proxy statement for next year's annual meeting of shareholders is expected to be March 10, 2004.

According to our regulations, the deadline for shareholders to notify us of business to be brought before next year's annual meeting of shareholders is expected to be May 9, 2004. After that date, the notice would be considered untimely. If, however, public announcement of the date of next year's annual meeting of shareholders is not made at least 75 days before the date of that annual meeting, the deadline for shareholders to notify us will then be the tenth day following the date on which public announcement of next year's annual meeting date is first made.

OTHER MATTERS

We do not know of any matters to be brought before the meeting except as indicated in the notice. However, if any other matters properly come before the meeting for action, it is intended that the person authorized under solicited proxies may vote or act thereon in accordance with his or her own judgment.

“HOUSEHOLDING” OF PROXY MATERIALS

In accordance with the notices we sent to shareholders of record (i.e., those individuals who hold Smucker shares in their own name with our transfer agent, Computershare Investor Services LLP,) we are sending only one copy of our annual report and proxy statement to shareholders who share the same last name and address, unless they notified us that they want to continue receiving multiple copies. We understand that the brokerage community has mailed similar notices to beneficial holders of Smucker shares. This practice, known as “householding”, is permitted by the Securities and Exchange Commission and is designed to reduce duplicate mailings and save printing and postage costs as well as natural resources.

Shareholders who currently receive multiple copies of the annual report and proxy statement at their address and would like to request “householding” of their communications should contact their broker if they are a beneficial holder or, if they are a shareholder of record, should contact Computershare by calling 1-800-456-1169, or inform them in writing at Computershare Investor Services, P.O. Box A3309, Chicago, IL 60602-3309. Shareholders who are “householding” their communications, but who wish to begin to receive separate copies of the annual report and proxy statement in the future may also notify their broker or Computershare Investor Services. Smucker will promptly deliver, upon written or oral request, a separate copy of the annual report and proxy statement at a shared address to which a single copy was delivered.

ELECTRONIC DELIVERY OF SMUCKER SHAREHOLDER COMMUNICATIONS

If you are a shareholder of record (your shares are held in your name with our transfer agent, Computershare Investor Services,) and received our annual report and proxy statement by mail, we encourage you to conserve natural resources, as well as reduce printing and mailing costs, by signing up to receive your Smucker shareholder communications via e-mail. With your consent, we will stop mailing paper copies of these documents and notify you by e-mail when the documents are available to you, where to find them, and how to quickly submit your vote on-line. Your electronic delivery will be effective until you cancel it.

To participate, you will need your Computershare account number which can be found on your Smucker dividend statement. Your account number begins with the letter C, followed by 10 digits. VOTING RIGHTS OF COMMON SHARES

Under our amended articles of incorporation, the holder of each outstanding Smucker common share is entitled to one vote on each matter submitted to a vote of the shareholders except for the following specific matters:

- any matter that relates to or would result in the dissolution or liquidation of Smucker, whether voluntary or involuntary, and whether pursuant to Section 1701.86 or 1701.91 of the Ohio Revised Code or otherwise;
- the adoption of any amendment of the articles of incorporation, or the regulations of Smucker, or the adoption of amended articles of incorporation, other than the adoption of any amendment or amended articles of incorporation that increase the number of votes to which holders of Smucker common shares are entitled or expand the matters to which this section applies;
- any proposal or other action to be taken by the shareholders of Smucker, whether or not proposed by the shareholders of Smucker, and whether proposed by authority of the board of directors of Smucker or otherwise, relating to Smucker’s rights agreement or any successor plan;

- any matter relating to any stock option plan, stock purchase plan, executive compensation plan, or other similar plan, arrangement, or agreement;
- adoption of any agreement or plan of or for the merger, consolidation, or majority share acquisition of Smucker or any of its subsidiaries with or into any other person, whether domestic or foreign, corporate or noncorporate, or the authorization of the lease, sale, exchange, transfer, or other disposition of all, or substantially all, of Smucker's assets;
- any matter submitted to Smucker's shareholders pursuant to Article Fifth or Article Seventh of the articles of incorporation, as they may be further amended, or any issuance of shares of Smucker for which shareholder approval is required by applicable stock exchange rules; and
- any matter relating to the issuance of Smucker shares, or the repurchase of Smucker shares that Smucker's board of directors determines is required or appropriate to be submitted to Smucker's shareholders under the Ohio Revised Code or applicable stock exchange rules.

With respect to the matters just listed, the holder of a common share is entitled to exercise ten votes on that matter when considered at any meeting of shareholders, except that no holder is entitled to exercise more than one vote on any matter (including those listed above) in respect of any common share with respect to which there has been a change in beneficial ownership subsequent to June 1, 2002. Where such a change of beneficial ownership of a common share has occurred, the new holder of that share will generally be entitled to only one vote on all matters, including the matters listed above, until that holder has held that share for four years without a further change in beneficial ownership.

The express terms of the common shares provide that a change in beneficial ownership occurs whenever any change occurs in the person or group of persons who has or shares voting power, investment power, the right to receive sale proceeds, or the right to receive dividends or other distributions in respect of those common shares. In the absence of proof to the contrary, a change in beneficial ownership will be deemed to have occurred whenever common shares are transferred of record into the name of any other person. Moreover, corporations, general partnerships, limited partnerships, voting trustees, banks, brokers, nominees, and clearing agencies will be entitled to only one vote per share on common shares held of record in their respective names unless proof is provided to establish that there has been no change in the person or persons who direct the exercise of any of the rights of beneficial ownership. Thus, shareholders who hold common shares in "street" name or through any of the other indirect methods mentioned above must submit proof of beneficial ownership to Smucker in order to be entitled to exercise ten votes per share.

The foregoing is merely a summary of the voting terms of the common shares and should be read in conjunction with, and is qualified in its entirety by reference to, the express terms of those common shares as set forth in Smucker's current amended articles of incorporation. A copy of the pertinent portions of those express terms is provided with this document to "street name" and other indirect holders and is available upon request to any other shareholder.

There are no items on this year's ballot to which the ten vote per share provisions apply.

THE J. M. SMUCKER COMPANY
AUDIT COMMITTEE CHARTER
(Adopted April 15, 2003)

The audit committee serves as the primary communication link between the Board of Directors as the representative of the shareholders, on the one hand, and the Company's independent and internal auditors, on the other hand. It is responsible for providing effective oversight of the financial reporting process and the Company's financial internal controls.

The committee shall have the following specific responsibilities:

1. appointment (subject to shareholder approval), termination, compensation, and oversight of the Company's independent auditors and review of the services performed by them;
2. prior approval of all audit and non-audit services provided by the independent auditors, as well as the scope of the annual audit plan and the associated fee schedule of the independent auditors (approval of specific services may thereafter be delegated to the chair of the committee once the committee has approved the annual proposal of outside auditors);
3. consult with the independent auditors as necessary each year concerning:
 - a) their report of audit, or proposed report of audit,
 - b) their accompanying management letter, if any,
 - c) their written disclosures regarding the independence of the auditors, and
 - d) their written report regarding the Company's internal quality control procedures and material issues raised by such review;
4. consult with the independent auditors periodically throughout the year, as needed, concerning:
 - a) the adequacy of the Company's internal controls,
 - b) the independent auditor's judgment about the quality of the Company's accounting principles as applied to its financial reporting, and
 - c) any reportable matters identified during the annual audit or interim reviews;
5. review and approve the mission statement of the Company's internal auditors, their annual internal audit plan, and summaries of their recommendations;
6. advise and concur with management on the organization of the internal audit function;
7. set clear hiring policies for employees or former employees of the independent auditors consistent with Securities and Exchange Commission ("SEC") regulations and New York Stock Exchange ("NYSE") listing standards;
8. have the opportunity on a quarterly basis to meet separately, as needed, with management, internal auditors, and independent auditors regarding audit or independent control issues and to meet with, at least annually, the Company's outside auditors to review any audit problems the independent auditor encountered in performing its audit work and management's response thereto which such meeting shall be outside the presence of Company management or other personnel;
9. review and discuss earnings press releases, as well as financial information and earnings guidance provided to analysts and ratings agency (the chair of the committee may represent the committee for purposes of this review);
10. review the interim financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations with management and the independent auditors

prior to filing of the quarterly reports on Form 10-Q (the chair of the committee may represent the committee for purposes of this review);

11. review with management and the independent auditors the financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations to be included in the Company's Annual Report on Form 10-K, including a review of the quality of the accounting principles, the reasonableness of significant adjustments, and the clarity of the disclosures in the financial statements;
12. establish procedures for addressing complaints received by the Company regarding accounting, internal controls, or other auditing matters, including adequate procedures to allow for the anonymous submission of such concerns by employees of the Company;
13. the committee shall regularly review legal and regulatory matters including compliance with the Company's corporate securities trading policies, with the Company's General Counsel;
14. prepare a Report of the Audit Committee to be included in the annual proxy statement, verifying that the annual financial statements have been reviewed by the committee with management and the independent auditors;
15. at least annually, the committee shall discuss with senior management the Company's major financial risk exposures and the steps Company management has taken to monitor and control such exposures;
16. the committee shall receive reports of any violations of the Company's Policy on Ethics and Conduct by members of the Board, senior management, or financial officers of the Company; and
17. conduct an annual evaluation of its performance and an annual review and update, if necessary, of the Audit Committee Charter.

The committee shall meet, in person or via telephonic meeting, at least three times each year, and shall report to the full Board with respect to its meetings. The committee will determine the date and primary purpose for each of the regular meetings of the committee from time to time.

The committee shall be comprised of no fewer than three directors. All members of the committee shall be independent of the Company's management, shall otherwise be "independent" under the rules of the NYSE and other applicable rules and regulations, and shall be free from any relationship that, in the opinion of the Company's Board of Directors, would interfere with the exercise of independent judgment as a committee member and members. All committee members shall be financially literate, and at least one member shall meet the SEC's definition of a "financial expert." At least annually, the Board shall review and confirm the qualifications of each committee member.

No committee member may simultaneously serve on the audit committee of more than three public companies (including the Company) unless the Board determines that such simultaneous service would not impair the ability of such committee member to serve on the committee and the Company discloses such determination in the Company's proxy statement.

The independent auditor is ultimately accountable to the Board and the committee. The committee shall have both the right and the obligation to consult with the Company's independent auditors and its internal auditors outside the presence of management at such times and in such circumstances as the members of the committee shall deem necessary.

The committee shall have appropriate resources and authority to discharge its responsibilities, including appropriate funding from the Company, in such amounts as the committee deems necessary, to compensate the independent auditors and any independent advisors retained by the committee. In performing its duties, the committee is authorized to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company as the committee may deem necessary or appropriate.

Consistent with NYSE listing requirements, director's fees shall be the sole compensation paid by the Company to committee members. For purposes of this charter, "director's fees" includes all forms of compensation paid to directors of the Company for services as a director or member of a Board committee. The total amount and form of compensation paid to committee members shall be determined from time to time by the Board in consultation with the executive compensation committee and otherwise in accordance with any applicable Company plans or policies.

At least annually, the committee shall (a) review this charter with the Board and recommend any changes to the Board and (b) evaluate its performance against the requirements of this charter and review this evaluation with the Board. The evaluation shall include the goals and objectives of the committee for the upcoming year. The committee shall conduct its review and evaluation in such manner as it deems appropriate.
