FOR IMMEDIATE RELEASE

Investment Technology Group Releases November 2006 U.S. Trading Statistics

NEW YORK, NY, December 8, 2006 – Investment Technology Group, Inc. (NYSE: ITG), a leading provider of technology-based trading services and transaction research, today announced that November 2006 U.S. trading volume was 3.7 billion shares and average daily volume (ADV) was 175 million shares. This compares to 2.5 billion shares and ADV of 119 million shares in November 2005 and 3.3 billion shares and ADV of 150 million shares in October 2006.

There were 21 trading days in November 2006 and November 2005, compared to 22 trading days in October 2006.

“ITG’s volumes benefited in part from the MSCI rebalance in November,” said Howard Naphtali, Chief Financial Officer at ITG. “We maintained strong POSIT volumes alongside an increasing percentage of volume from algorithms and direct market access.”

Monthly volume statistics reflect commission-generating U.S. volume. These statistics are preliminary and may be revised in subsequent updates and public filings. Volume statistics are posted on ITG’s website, www.itg.com, and are available via a downloadable spreadsheet file.

ITG U.S. Trading Activity

Total U.S. Shares	# of Trade Days	Total U.S. Volume	Average U.S. Daily Volume
November:	21	3,677,666,024	175,126,954
Year-to-Date:	231	34,952,831,066	151,310,957

The firm is headquartered in New York and maintains offices in North America, Europe and the Asia Pacific regions. For additional information, visit www.itg.com.

In addition to historical information, this press release may contain "forward-looking" statements, as defined in the Private Securities Litigation Reform Act of 1995, that reflect management's expectations for the future. A variety of important factors could cause results to differ materially from such statements. These factors include the company's ability to achieve expected future levels of sales; the actions of both current and potential new competitors; rapid changes in technology; financial market volatility; general economic conditions in the United States and elsewhere; evolving industry regulation; cash flows into or redemption from equity funds; effects of inflation; customer trading patterns; and new products and services. These and other risks are described in greater detail in the company's Annual Report on Form 10-K for the fiscal year ended December 31, 2005, and other documents filed with the Securities and Exchange Commission and available on the company's web site.
