FOR IMMEDIATE RELEASE

Investment Technology Group Releases August 2007 U.S. Trading Statistics

NEW YORK, NY, September 11, 2007 – Investment Technology Group, Inc. (NYSE: ITG), a leading provider of technology-based trading services and transaction research, today announced that August 2007 U.S. trading volume was 5.7 billion shares and average daily volume (ADV) was 247 million shares. This compares to 3.3 billion shares and ADV of 142 million shares in August 2006 and 3.8 billion shares and ADV of 181 million shares in July 2007.

There were 23 trading days in both August 2007 and August 2006 and 21 trading days in July 2007.

“The extremely volatile market contributed to ITG’s record August volumes, particularly benefiting our direct market access products,” said Howard Naphtali, Chief Financial Officer at ITG.

Monthly volume statistics reflect commission-generating U.S. volume. These statistics are preliminary and may be revised in subsequent updates and public filings. Volume statistics are posted on ITG’s website, www.itg.com, and are available via a downloadable spreadsheet file.

ITG U.S. Trading Activity

Total U.S. Shares	# of Trade Days	Total U.S. Volume	Average U.S. Daily Volume
August:	23	5,679,186,800	246,921,165
Year-to-Date:	168	33,204,751,522	197,647,330

About ITG

A pioneer in electronic trading, ITG has a unique approach to trading that combines pre-trade analysis, trade execution, and post-trade evaluation to provide continuous improvements in trading and cost efficiency. The firm is headquartered in New York and maintains offices in North America, Europe and the Asia Pacific regions. For additional information, visit www.itg.com.

In addition to historical information, this press release may contain "forward-looking" statements, as defined in the Private Securities Litigation Reform Act of 1995, that reflect management's expectations for the future. A variety of important factors could cause results to differ materially from such statements. These factors include the company's ability to achieve expected future levels of sales; the actions of both current and potential new competitors; rapid changes in technology; financial market volatility; general economic conditions in the United States and elsewhere; evolving industry regulation; cash flows into or redemption from equity funds; effects of inflation; customer trading patterns; and new products and services. These and other risks are described in greater detail in the company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006, and other documents filed with the Securities and Exchange Commission and available on the company's web site.
