

FOR IMMEDIATE RELEASE

CABLEVISION SYSTEMS CORPORATION REPORTS THIRD QUARTER 2008 RESULTS

Bethpage, **N.Y.**, **November 6**, **2008** - Cablevision Systems Corporation (NYSE:CVC) today reported financial results for the third quarter ended September 30, 2008.

Third quarter consolidated net revenue grew 15.4% to \$1.745 billion compared to the prior year period, reflecting solid revenue growth in Telecommunications Services, Rainbow and Madison Square Garden as well as the addition of Newsday and Sundance in the 2008 results. Consolidated adjusted operating cash flow ("AOCF") ¹ increased 16.3% to \$575.0 million and consolidated operating income grew 39.2% to \$281.3 million, both compared to the prior year period.

Operating highlights for third quarter 2008 include:

- Cable Television net revenue growth of 9.8% and AOCF growth of 13.6% as compared to the third quarter of 2007
- Quarterly addition of nearly 96,000 Revenue Generating Units ("RGU")
- Average Monthly Revenue per Basic Video Customer ("RPS") of \$133.11 in the third quarter of 2008
- Optimum Lightpath net revenue growth of 13.4% and AOCF growth of 37.2% as compared to the third quarter of 2007

Cablevision President and CEO James L. Dolan commented: "For the third quarter, Cablevision reported double-digit increases in revenue and AOCF, despite the current economic conditions. This growth was fueled in part by the ongoing strength of our core businesses as the company's cable operations, Madison Square Garden and Rainbow all generated solid revenue growth for the quarter. Cablevision continued to grow its industry-leading penetration rates for high-speed data and voice, while our digital video service reached an unprecedented penetration rate of 90 percent. With our businesses performing well, we will continue to focus on the fundamentals of the company and on ensuring that our financial position remains strong," concluded Mr. Dolan.

- Newsday's financial information reflects its operating results subsequent to the date of acquisition on July 29, 2008.

Telecommunications Services – Cable Television and Lightpath

Telecommunications Services includes Cable Television – Cablevision's "Optimum" branded video, high-speed data, and voice residential and commercial services offered over its cable infrastructure -- and its "Optimum Lightpath" branded commercial data and voice services.

Telecommunications Services net revenues for third quarter 2008 rose 10.1% to \$1.299 billion, AOCF grew 14.4% to \$510.7 million and operating income increased 36.0% to \$282.9 million, all compared to the prior year period.

Cable Television

Cable Television third quarter 2008 net revenues increased 9.8% to \$1.247 billion, AOCF rose 13.6% to \$489.7 million and operating income increased 32.9% to \$281.2 million, each compared to the prior year period. The increases in net revenue, AOCF and operating income were principally driven by the growth in digital video, high-speed data, and voice customers as well as higher rates reflected in third guarter 2008 results.

The third quarter 2008 results reflect:

- Basic video customers down 19,100 or 0.6% from June 2008 and down 9,900 or 0.3% from September 2007
- Customer Relationships down 13,500 or 0.4% from June 2008 and up 18,500 or 0.6% from September 2007
- iO: Interactive Optimum digital video customers up 25,100 or 0.9% from June 2008 and 228,800 or 8.8% from September 2007
- Optimum Online high-speed data customers up 31,600 or 1.3% from June 2008 and 207,700 or 9.4% from September 2007
- Optimum Voice customers up 58,000 or 3.3% from June 2008 and 334,700 or 22.5% from September 2007
- Revenue Generating Units up 95,600 or 0.9% from June 2008 and 761,200 or 8.1% from September 2007
- Cable Television RPS of \$133.11, up \$0.82 or 0.6% from the second quarter of 2008 and up \$12.20 or 10.1% from the third quarter of 2007

Optimum Lightpath

For third quarter 2008, Lightpath net revenues rose 13.4% to \$62.7 million, AOCF increased 37.2% to \$21.0 million and operating income improved \$5.2 million, each as compared to the prior year period. The increase in net revenue was attributable primarily to the continued growth in Ethernet services, partially offset by the effect of the transition from traditional data service. The improvements in AOCF and operating income were due principally to the continued expansion of the more efficient, higher margin Ethernet business.

Rainbow

Rainbow consists of the Rainbow National Services ("RNS") – AMC, WE tv and IFC – as well as Other Programming which includes: News 12 Networks, VOOM HD, Sundance (effective June 16, 2008), Lifeskool, sportskool (sold in September 2008), IFC Entertainment, Rainbow Network Communications, Rainbow Advertising Sales Corp. and other Rainbow ventures.

Rainbow net revenues for the third quarter of 2008 increased 20.7% to \$251.4 million, AOCF rose 23.6% to \$62.5 million, and operating income grew 17.9% to \$29.3 million, all compared to the prior year period.

AMC/WE tv/IFC

Third quarter 2008 net revenues grew 12.6% to \$185.0 million, AOCF increased 5.1% to \$81.8 million and operating income grew 5.1% to \$64.3 million, each compared to the prior year period.

The third guarter 2008 AOCF results reflect:

- A 16.8% increase in advertising revenue, as compared to the prior year period, driven principally by higher CPMs and higher units sold at AMC and WE tv
- Viewing subscriber increases of 12.6% at IFC, 6.8% at WE tv and 2.0% at AMC, all compared to September 2007
- A 9.3% increase in affiliate revenue compared to the prior year period
- A 19.3% increase in operating costs compared to the prior year period, due primarily to increased marketing and programming costs.

Other Programming

Third quarter 2008 net revenues rose 47.4% to \$72.6 million, AOCF deficit improved 29.1% to a deficit of \$19.4 million and operating loss improved 3.7% to a loss of \$35.0 million, all as compared to the prior year period. The increase in net revenue was driven primarily by the addition of Sundance in the 2008 quarterly results. The increase in AOCF was primarily driven by the addition of Sundance in 2008 as well as cost savings at our VOD services (Lifeskool and sportskool), compared to the prior year period.

Madison Square Garden

Madison Square Garden's primary businesses include: regional and national programming networks (MSG, MSG Plus, and Fuse), professional sports franchises (the New York Knicks, the New York Rangers, and the New York Liberty), and MSG Entertainment. Its operations also include the MSG Arena, the WaMu Theater at Madison Square Garden, Radio City Music Hall, Beacon Theatre and The Chicago Theatre.

Madison Square Garden's third quarter 2008 net revenue grew 9.9% to \$158.2 million, AOCF decreased 54.5% to \$5.3 million and operating loss increased by \$9.7 million to \$15.7 million all compared to third quarter 2007.

MSG's third quarter 2008 results, as compared with third quarter 2007, were primarily impacted by:

- The networks, including a \$10.3 million increase in affiliate fee revenue which more than offset \$8.2 million of higher operating costs (which were primarily related to a higher level of programming costs at Fuse)
- The entertainment business, including a \$5.3 million increase in revenues from entertainment events, offset in part by a \$4.4 million increase in costs related to those events
- Lower legal and other professional fees and provisions for litigation of \$6.3 million
- Higher marketing costs of \$4.5 million (primarily related to the re-branding of Fuse) and higher other net general and administrative expenses of \$9.8 million primarily related to compensation costs.

Newspaper Publishing Group

Newspaper Publishing Group includes the assets of Newsday LLC (Newsday) which consist of: two daily newspapers -- Newsday, which primarily serves Long Island, and amNewYork, a free daily serving New York City; various Internet properties including Newsday.com; Star Community Publishing, the Northeast's largest group of weekly shopper publications; and Island Publications, which publishes a variety of targeted lifestyle magazines.

Newsday's third quarter 2008 net revenue was \$73.5 million, AOCF was \$8.5 million and operating income was \$4.2 million. Newsday's operating results included in the quarter ended September 30, 2008 are for the period subsequent to the date of acquisition on July 29, 2008.

Other Matters

On November 5, 2008, the Board of Directors of Cablevision declared a quarterly dividend of \$0.10 per share on each outstanding share of both its Cablevision NY Group Class A Stock and its Cablevision NY Group Class B Stock. This quarterly dividend is payable on December 9, 2008 to shareholders of record at the close of business on November 17, 2008.

Non-GAAP Financial Measures

We define adjusted operating cash flow ("AOCF"), which is a non-GAAP financial measure, as operating income (loss) before depreciation and amortization (including impairments), excluding share-based compensation expense or benefit and restructuring charges or credits. Because it is based upon operating income (loss), AOCF also excludes interest expense (including cash interest expense) and other non-operating income and expense items. We believe that the exclusion of share-based compensation expense or benefit allows investors to better track the performance of the various operating units of our business without regard to the distortive effects of fluctuating stock prices in the case of stock appreciation rights and, in the case of restricted shares and stock options, the settlement of an obligation that is not expected to be made in cash.

We present AOCF as a measure of our ability to service our debt and make continuing investments, including in our capital infrastructure. We believe AOCF is an appropriate measure for evaluating the operating performance of our business segments and the company on a consolidated basis. AOCF and similar measures with similar titles are common performance measures used by investors, analysts and peers to compare performance in our industry. Internally, we use net revenue and AOCF measures as the most important indicators of our business performance, and evaluate management's effectiveness with specific reference to these indicators. AOCF should be viewed as a supplement to and not a substitute for operating income (loss), net income (loss), cash flows from operating activities, and other measures of performance and/or liquidity presented in accordance with U.S. generally accepted accounting principles ("GAAP"). Since AOCF is not a measure of performance calculated in accordance with GAAP, this measure may not be comparable to similar measures with similar titles used by other companies. For a reconciliation of AOCF to operating income (loss), please see page 5 of this release.

We define Consolidated Free Cash Flow from Continuing Operations, ("Free Cash Flow"), which is a non-GAAP financial measure, as net cash from operating activities (continuing operations) less capital expenditures (continuing operations), both of which are reported in our Consolidated Statement of Cash Flows. Net cash from operating activities excludes net cash from operating activities of our discontinued operations. We believe the most comparable GAAP financial measure of our liquidity is net cash from operating activities. We believe that Free Cash Flow is useful as an indicator of our overall liquidity, as the amount of Free Cash Flow generated in any period is representative of cash that is available for debt repayment and other discretionary and non-discretionary cash uses. It is also one of several indicators of our ability to make investments and/or return capital to our shareholders. We also believe that Free Cash Flow is one of several benchmarks used by analysts and investors who follow our industry for comparison of our liquidity with other companies in our industry, although our measure of Free Cash Flow may not be directly comparable to similar measures reported by other companies.

COMPANY DESCRIPTION

Cablevision senior notes leverage ratio (d) (e)	5.3
Rainbow National Services notes leverage ratio ^(f)	3.6

- (a) Collateralized indebtedness is excluded from the leverage calculation because it is viewed as a forward sale of the stock of unaffiliated companies and the company's only obligation at maturity is to deliver, at its option, the stock or its cash equivalent.
- (b) AOCF is annualized based on the third quarter 2008 results, as reported, except with respect to Madison Square Garden, which is based on a trailing 12 months due to its seasonal nature.
- (c) Reflects the debt to cash flow ratios applicable under CSC Holdings' bank credit agreement and senior notes indentures (which exclude Cablevision's \$1.5 billion of senior notes and the debt and cash flows related to CSC Holdings' unrestricted subsidiaries which are comprised of Rainbow, MSG and Newsday). The annualized AOCF (as defined) used in the ratios is \$2.0 billion.
- (d) Includes CSC Holdings' guarantee on Newsday LLC's \$650 million senior secured credit facility.
- (e) Adjusts the debt to cash flow ratio as calculated under the CSC Holdings notes and debentures leverage ratio to include Cablevision's \$1.5 billion of senior notes plus the \$682 million of the newly issued 8% senior notes of Cablevision contributed to Newsday Holdings LLC.
- (f) Reflects the debt to cash flow ratio under the Rainbow National Services notes indentures. The annualized AOCF (as defined) used in the notes ratio is \$367.4 million.
