## Impact of Hurricanes on Third Quarter Results

Net income for the three months ended September 30, 2005 includes a loss of \$263.3 million as a result of Hurricanes Katrina, Rita, Dennis and Ophelia which impacted the third quarter of 2005 results of Loews's CNA, Diamond Offshore and Boardwalk Pipelines subsidiaries. Diamond Offshore recorded a gain of \$8.9 million (after tax and minority interest) for the three months ended September 30, 2005 as a result of an insurance settlement for a rig destroyed by Hurricane Katrina offset by losses incurred for damage caused to other rigs located in the Gulf of Mexico during the third quarter hurricanes. Boardwalk Pipelines incurred losses of \$3.9 million (after taxes) as a result of various damage and disruption, primarily to its Gulf South pipeline, as a result of the hurricanes.

Net income attributable to Loews common stock includes net investment gains of \$38.7 million (after tax and minority interest) compared to net investment losses of \$230.5 million (after tax and minority interest) in the comparable period of the prior year due primarily to a 2004 loss of \$352.9 million (after tax and minority interest) for CNA's sale of its individual life insurance business.
