Katana® Eclipse X by SANYO

One Click Puts Favorites at your Fingertips

Katana Eclipse X by SANYO combines Sprint's award-winning One Click user interface with the graceful style of the Katana line of wireless devices. One Click gives users of Katana Eclipse X by SANYO the ability to easily access the features used most in just one step. One Click makes it easy to access a host of advanced features, including Sprint TV® with an extensive selection of live and on-demand programming, Sprint Music StoreSM with over-the-air downloads of full-length songs, Sprint Radio with more than 150 channels and a built-in MP3 player with a MicroSDHD card slot supporting up to 8 GB (256 MB card included). Katana Eclipse X by SANYO also features an innovative and fun illumination capability that allows the user to assign lighting effects to specific callers as well as alerts and messages. Katana Eclipse X by SANYO is offered in two color options — Nightlife Black and Hypnotic Pink.
