M520 by Samsung

Smooth Slider Packed with Entertainment and Essentials

As the first Power Vision™ phone offered in the slider form factor, the M520 by Samsung is simple to use and slips easily into a pocket or purse. Operating on the Sprint Mobile Broadband network, the M520 by Samsung provides easy access to Sprint exclusive multimedia content, including Sprint Music Store's quick over the air music downloads and Sprint TV with live and on demand TV. The M520 by Samsung features the ability to play music in background mode while text messaging, playing games or surfing the Internet. This attractive device also offers fully-integrated GPS, stereo Bluetooth® with audible caller ID and Wireless Backup to safeguard the address book.
