COMPANY PROFILE

Prometheus Laboratories Inc. is a specialty pharmaceutical company committed to developing new ways to help physicians individualize patient care. The Company focuses on the treatment, diagnosis and detection of gastrointestinal, autoimmune, and inflammatory diseases and disorders. Prometheus' strategy includes the marketing and delivery of pharmaceutical products complemented by its proprietary, high-value diagnostic testing services. By integrating therapeutic and diagnostic services, Prometheus addresses the continuum of patient care, thereby providing physicians with a comprehensive solution to treat chronic diseases. Prometheus' corporate offices and CLIA-certified laboratory are located in San Diego, California.

PRODUCT PROFILE

Pharmaceuticals	Diagnostics
<p>ENTOCORT[®] EC (budesonide) Capsules For Crohn's disease involving the ileum and/or ascending colon, ENTOCORT EC is indicated for the treatment of mild to moderate active disease and the maintenance of clinical remission of mild to moderate disease for up to an additional 3 months</p>	<p>PROMETHEUS[®] Thiopurine Management To analyze a patient's ability to metabolize, and to monitor the beneficial and toxicity metabolites of, certain drugs, including azathioprine and 6-mercaptopurine</p>
