

Regency is produced in an area of exceptional natural beauty, heavily protected by environmental legislation. It is therefore important for the mill to monitor all its environmental processes to match that of the local environment as well as national legislation. Cartiere del Garda is ISO 14001 certified and only uses celluloses with an ECF bleaching process.

Our printers hold the Forest Stewardship Council (FSC) Chain of Custody accreditation, a certification demonstrating their ability to trace paper sourced from sustainable managed forests, through to the final product. This accreditation allows our printer to display the FSC logo on all work produced by them using FSC papers.

They are accredited with the internationally recognised ISO 14001 Environmental standard demonstrating their commitment to the continual monitoring and improvement to all Company related issues affecting the environment.
