This service allows you to elect or modify how you would like to receive future company publications. Please ensure you provide us with the correct email address and update when necessary.

Since a company will determine which holders of securities should receive certain types of publications (for instance a company often determines not to send an Annual Report to Options holders) adding an email address here should not be construed as an agreement by Computershare to supply this information.

It is important to note that if you elect to receive Shareholder Information via email only, you will not receive a paper version of the information. The relevant information will be emailed to you directly or as a link to the information on AMP's website.
