### **Annual Report Correction**

New Zealand Oil & Gas Ltd has made a correction to the electronic version of the company's 2008 Annual Report.

On page 6 in the Statement of Financial Position, a figure of 372 (NZ\$372,000) for derivative financial instruments was transposed from the 2007 column to the 2008 column.

The on-line electronic version of the 2008 Annual Report, which is available from [www.nzog.com/companyreports](http://www.nzog.com/companyreports), has been corrected.

The hard copy version of the 2008 Annual Report is now being printed and will be distributed next week to shareholders who have requested it under Section 209 of the Commerce Act.
