

Investor Presentation

May 2007

Forward-looking statement disclaimer

Certain of the statements contained in this presentation about our current and future plans, expectations and intentions, results, levels of activity, performance, goals or achievements or any other future events or developments constitute forward looking statements. The words "may", "will", "would", "should", "could", "expects", "plans", "intends", "anticipates", "believes", "estimates", "predicts", "likely" or "potential" or the negative or other variations of these words or other comparable words or phrases, are intended to identify forward looking statements. Forward looking statements are based on estimates and assumptions made by us in light of our experience and perception of historical trends, current conditions and expected future developments, as well as other factors that we believe are appropriate in the circumstances. Many factors could cause our actual results, performance or achievements or future events or developments to differ materially from those expressed or implied by the forward looking statements, including, without limitation, the following factors: our ability to implement our strategy or operate our business as we currently expect; our ability to accurately assess the risks associated with the insurance policies that we write; adverse capital market developments or other factors which may affect our investments; the cyclical nature of the P&C insurance industry; our ability to accurately predict future claims frequency; government regulations; litigation and regulatory actions; periodic negative publicity regarding the insurance industry; intense competition; our reliance on brokers and third parties to sell our products; our ability to successfully pursue our acquisition strategy; the substantial influence of ING Groep; our participation in the Facility Association (a mandatory pooling arrangement among all industry participants); terrorist attacks and ensuing events; the occurrence of catastrophic events; our ability to maintain our financial strength ratings; our ability to alleviate risk through reinsurance; our ability to successfully manage credit risk; our reliance on information technology and telecommunications systems; our dependence on key employees; general economic, financial and political conditions; our dependency on the results of operations of our subsidiaries; the limited trading history of our common shares; the volatility of the stock market and other factors affecting our share price; and future sales of a substantial number of our common shares. These factors should be considered carefully, and readers should not place undue reliance on our forward looking statements. We have no intention and undertake no obligation to update or revise any forward looking statements, whether as a result of new information, future events or otherwise, except as required by law.

Agenda

1. Goals / Proven track record
2. Key strategies
3. Expanding the ROE gap
4. Superior organic growth
5. Value-creating acquisitions
6. Managing through the P&C cycle
7. Appendices

1. Goals / Proven track record

Goals: ING Canada

Leveraging our *sustainable competitive advantages* to consistently outperform the Canadian property and casualty (P&C) industry.

Return on Equity

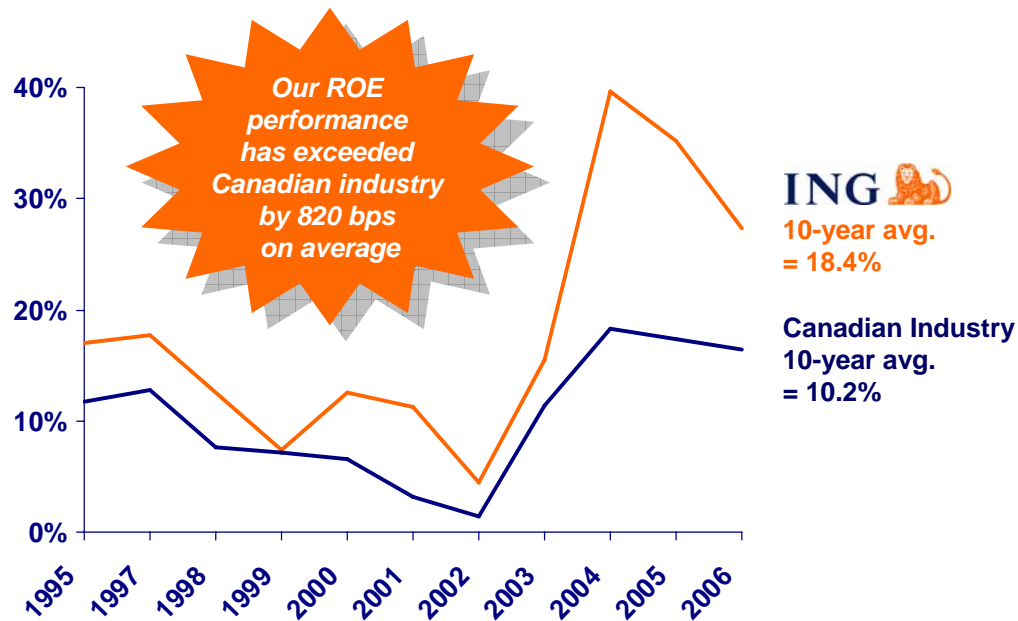

Exceed the Canadian P&C industry by at least **500 basis points** annually

Organic Growth

Exceed the annual growth rate of the Canadian P&C industry by at least **300 basis points** over time, as measured by direct premiums written

A track record of ROE outperformance

ROE Performance of our Insurance Subsidiaries Compared to Canadian P&C Insurance Industry

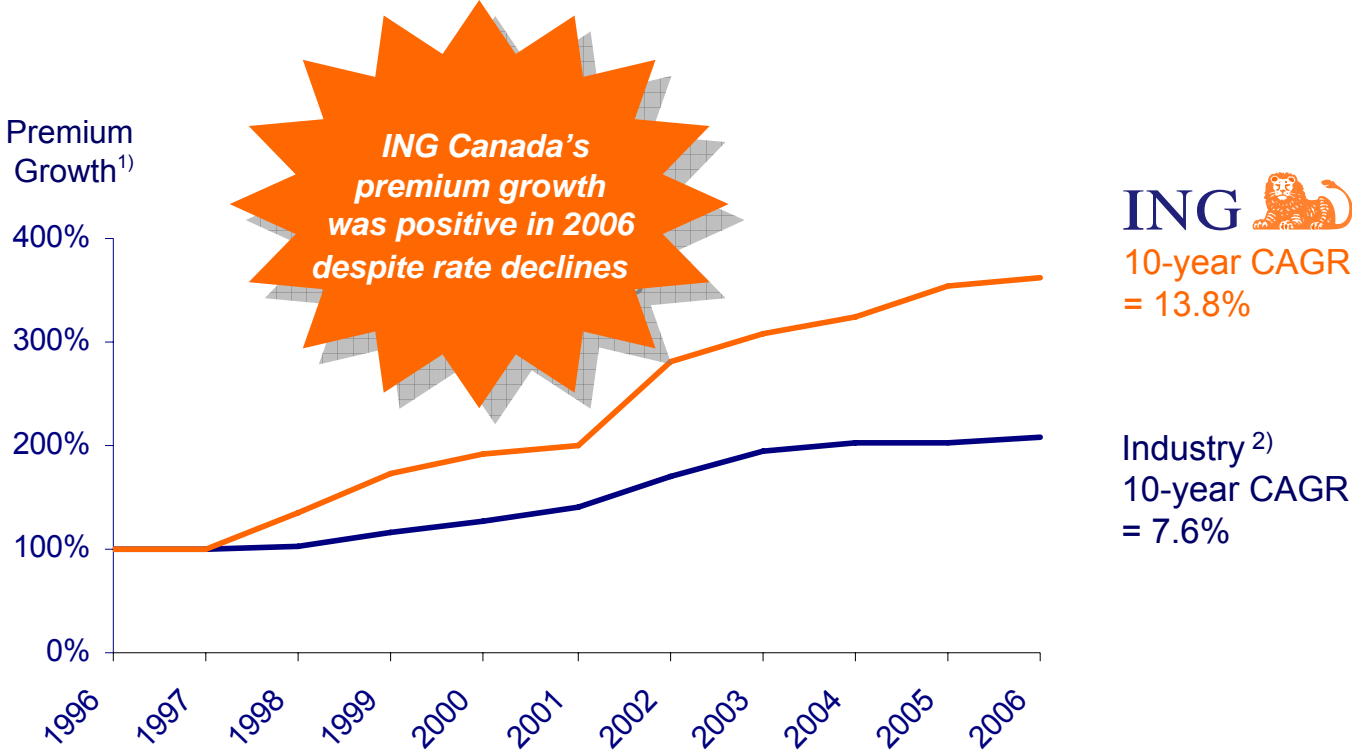

Key Drivers of ROE Outperformance

- Pricing
- Underwriting
- Claims
- Investments & Capital

2. Key strategies

Key strategies

- Leverage scale to expand ROE gap with competition
- Strengthen market position through superior organic growth
- Strengthen market position through value-creating acquisitions

3. Expand the ROE gap

Scale advantage in a fragmented market

Direct Premiums Written
(\$ billions)

Top five insurers represent 35.2% of the market

Aviva Canada

Co-operators General

The Economical Insurance Group

TD Meloche Monnex

Market share 11.0%

8.4%

5.7%

5.2%

4.9%

Leveraging our scale to generate higher returns

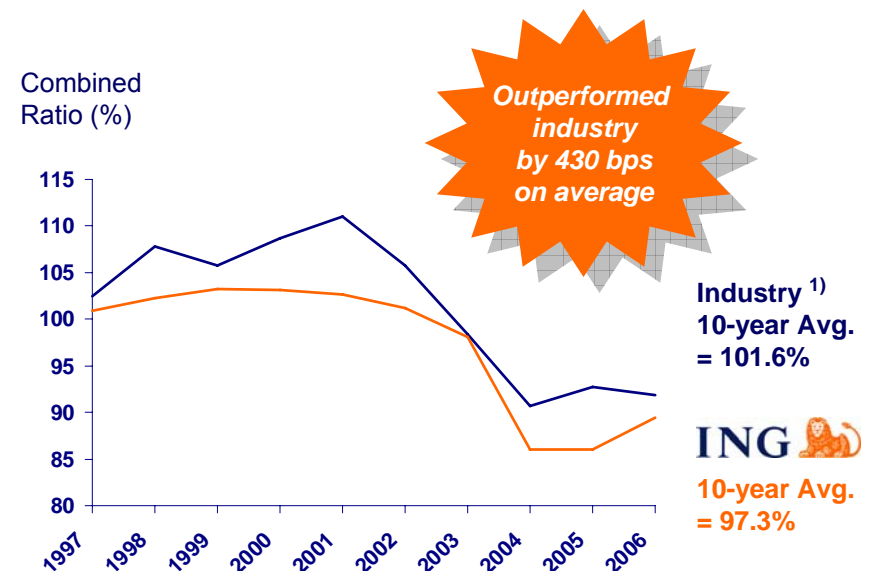

■ Pricing and underwriting

- Sophisticated pricing segmentation
- Large proprietary experience database
- Disciplined and automated risk selection process
- Focus on economic value drivers and proprietary tools to exploit market inefficiencies
- Strengthen underwriting knowledge through enhanced data access and training

■ Claims and expense management

- Strong in-house claims expertise delivers efficiency and cost savings
 - 94% of claims in 2006 handled by internal claims personnel
 - Preferred provider networks
- Supply chain management and increased use of technology in claims
- Improve efficiencies through common processes throughout operations

ING Canada Combined Ratio vs. Industry

¹ Source: MSA Research Software, P&C Industry Statistics includes Reinsurers and excludes Lloyd's and Insurance Corporation of British Columbia (ICBC)

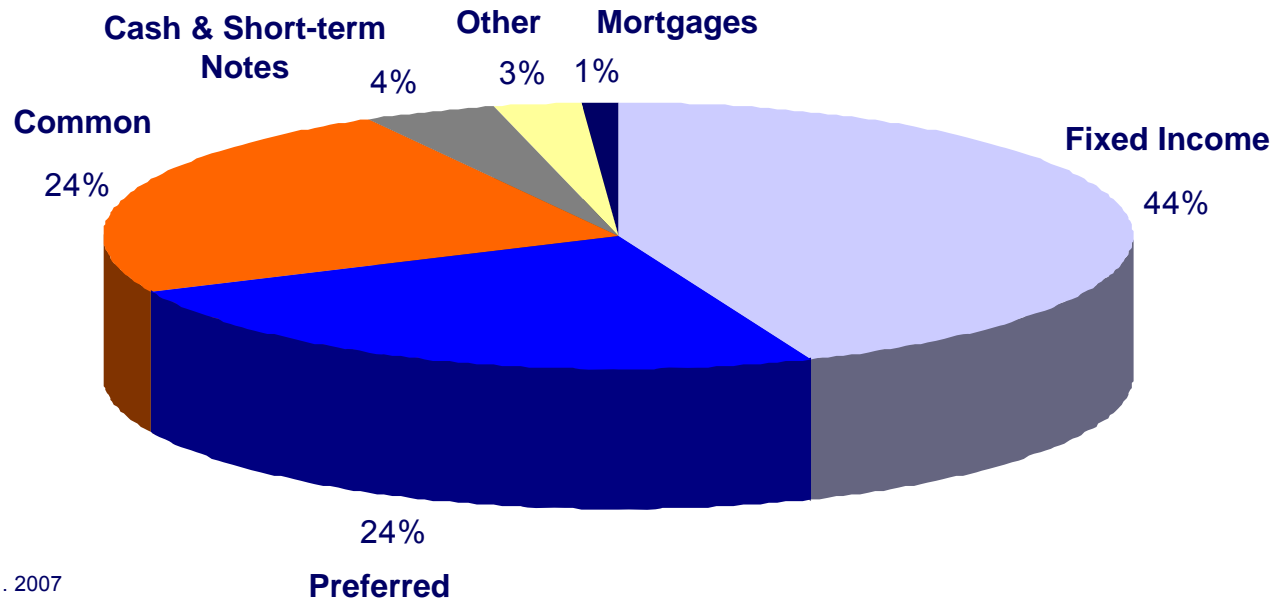

Superior after-tax investment returns

- **Investments are managed on an after-tax total return basis**
 - Investment returns have outperformed the industry
 - Realized gains can vary from quarter-to-quarter due to timing of asset sales
- **ING Canada has a strong capital position (as at March 31, 2007)**
 - Excess capital at insurance companies of \$283.8 million (at 170% MCT)
 - \$511 million in liquid investments at holding company
 - \$1 billion shelf filing remains untapped
- **We remain focused on utilizing or returning excess capital**
 - Successful acquisition track record
 - Completed a \$500 million share buyback in March 2007

Portfolio managed on an after-tax return basis

- Investment philosophy
 - Preservation of capital
 - Asset diversification
- Incremental returns through active portfolio management
- High quality fixed income investments - 94% rated 'A' or higher

ING Canada Invested Assets by Asset Class¹⁾

¹⁾ Book value, as at March 31, 2007

4. Superior organic growth

Strengthen market position: Organic growth

- Offer increased value to customers
 - Product innovation and differentiation (e.g. Responsible Driver Guarantee, Aeroplan, Zero Deductible)
 - Renewed customer-centric focus (Client Service Guarantee)
- Strengthen relationships with brokers
 - Ease of doing business for distributors
 - Services to help brokers grow their business (e.g. marketing programs, training programs)
 - Support broker partners in acquisition mode

The support you need.
30 MINUTES. GUARANTEED.

Even a **RESPONSIBLE DRIVER**
can have a **bad day.**

Expansion of multi-channel distribution

Affiliated Distribution Network

- Expansion of Grey Power – no dominant player in the 50+ segment
- Broker consolidation through acquisitions and joint ventures

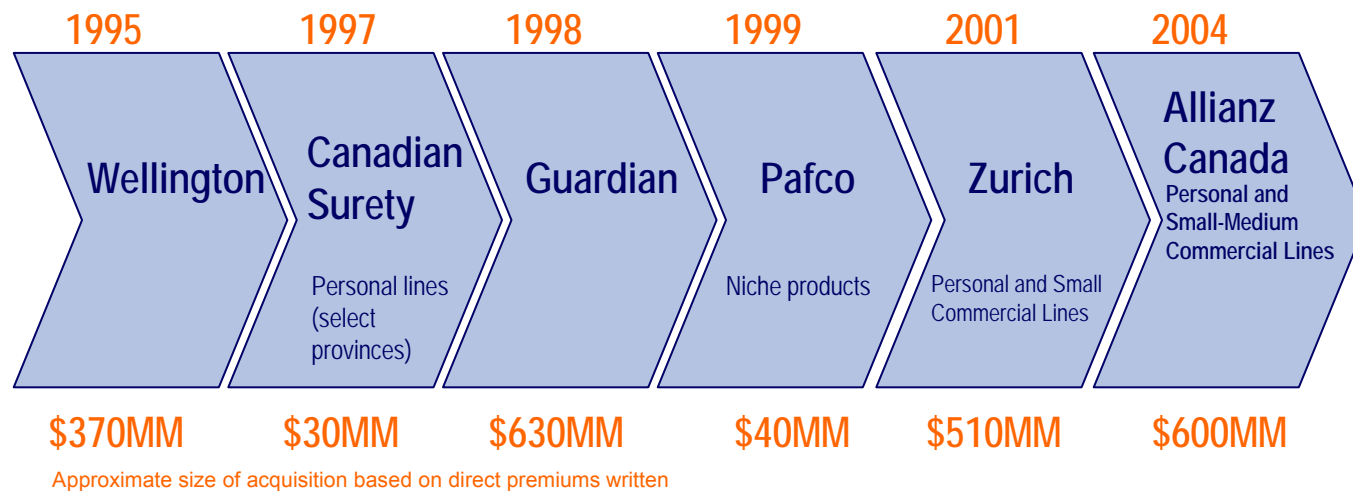

Direct channel

- Belairdirect – become the web insurer of choice
- Enhancing service delivery through improved online transactions, e-delivery of documents
- Providing information and advice to customers builds credibility in the market and develops “leadership brand”

5. Value-creating acquisitions

Strengthen market position: Acquisitions

- History of successful acquisitions
- Proven integration capabilities

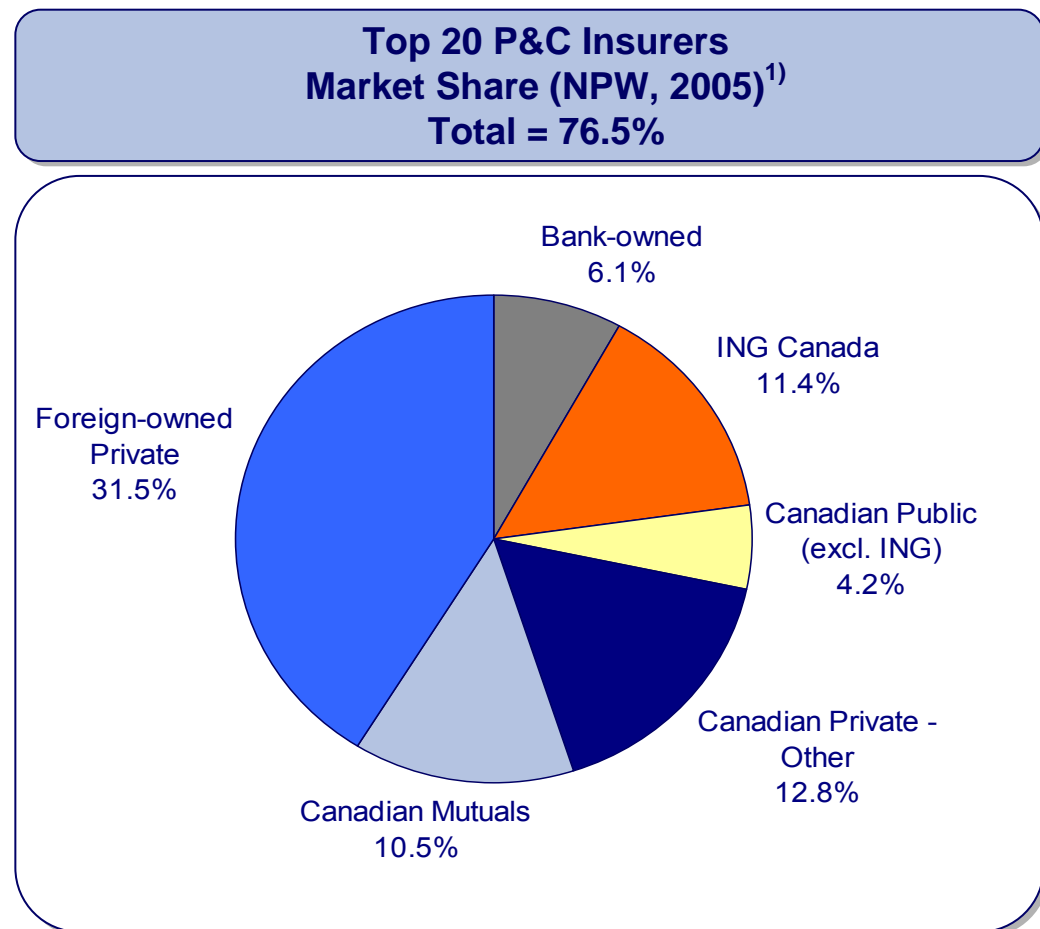

Acquisitions of broker networks

- 2000 – Equisure
- 2004 – Canada BrokerLink
- 2006 – Grey Power

- What are we looking for?
 - Strategic fit within existing business lines
 - Value creation for investors

Consolidator in a fragmented P&C industry

- Potential for future acquisitions given fragmented nature of industry
- Capital strength tempered by disciplined, patient approach to acquisitions
- Approx. \$1.5 billion in excess capital and debt capacity available for acquisitions

¹⁾ Source: Canadian Underwriter, June 2006.

6. Managing through the cycle

What drives P&C cyclicality?

Inefficient industry capital management

- Supply-driven industry
- Excess capital influences price competition

Time lag

- Time lag between pricing, historical data, final confirmation of costs
- Rate adjustments are made after trends develop
- Premiums recognized over the term of the policy

Regulatory / Political process

- Increases cycle amplitude
- Reduces pricing flexibility and delays price adjustments (in certain provinces)

Decentralized decision-making

- Price negotiations on large accounts

Delivering superior returns throughout the cycle

The ING Advantage

Scale

- Leverage scale to create effective pricing and underwriting models
- Use scale to create claims and expense cost advantage

Balance

- Strategically use ROE gap advantage to:
 - Improve returns at industry low points
 - Accelerate growth when markets correct
- Cycle-specific pricing and segmentation strategies

Discipline

- Pursue acquisition strategy
- Effective deployment of capital to create value

Sustainable competitive advantages

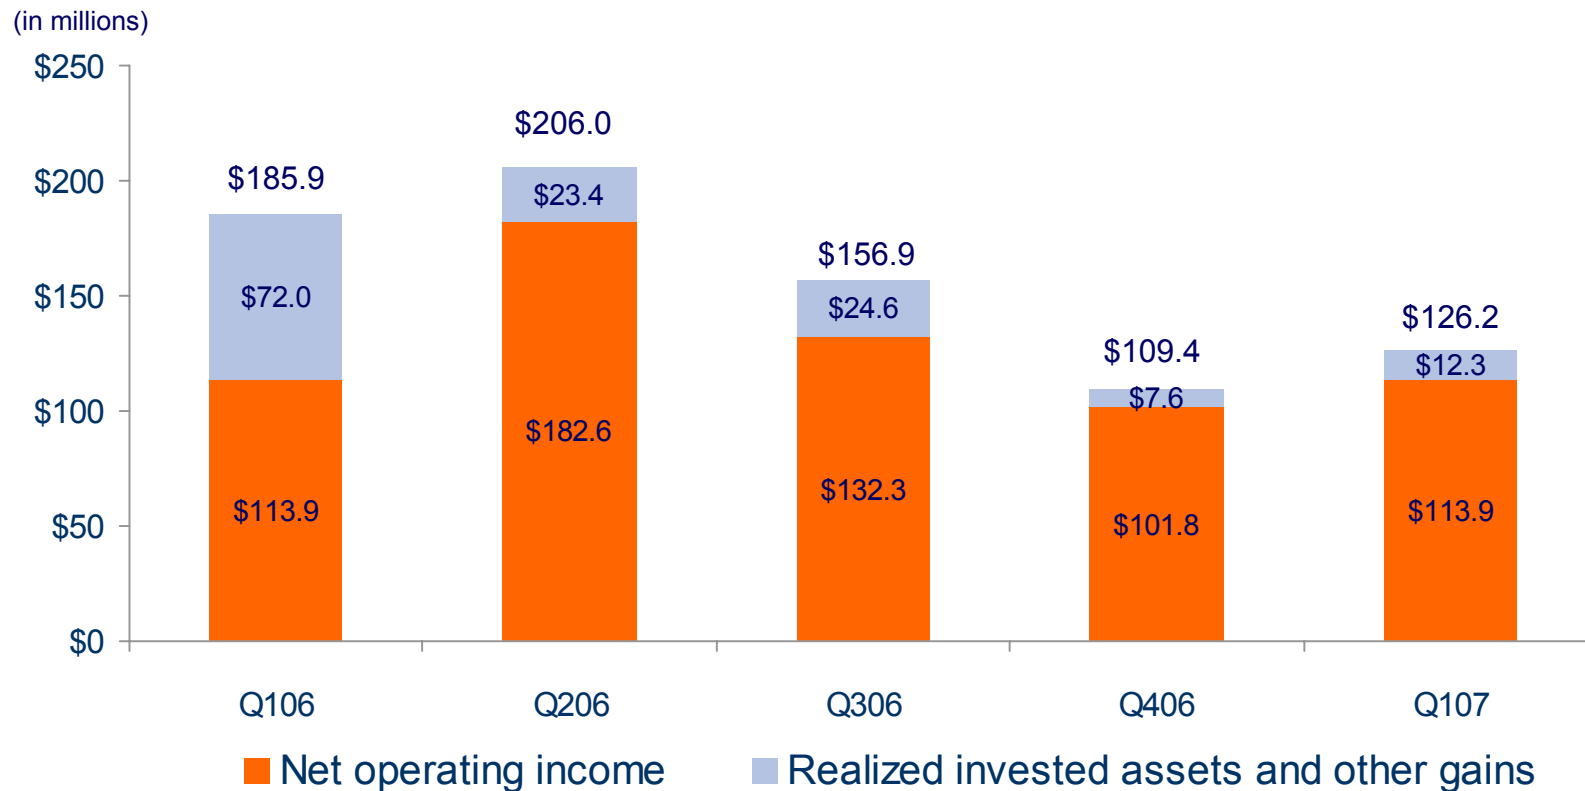

7. Appendices

Q1 2007 highlights

Financial Summary

	Q1 07	Q1 06	Change
Direct premiums written (in millions)	\$854.0	\$812.5	5.1%
Direct premiums written (excluding pools, in millions)	\$846.3	\$812.5	4.2%
Written insured risks (in thousands)	950.4	915.0	3.9%
