

PRESS RELEASE

Amsterdam: 9 May 2008

New World Resources N.V. ("NWR" or the "Company"), a coal and coke holding company that is the sole shareholder of OKD, a.s., the Czech Republic's largest hard coal mining company, announced it has been informed that the Managers in the Offer have exercised the over-allotment option granted by the Selling Shareholder, RPG Industries S.E., to sell an additional 12,452,001 existing ordinary A Shares at the Offer Price of £13.25 per ordinary A Share.

Following the sale of the additional existing A Shares pursuant to the over-allotment option, the total size of the Offering will be 95,465,345 ordinary A Shares, consisting of 13,500,000 new ordinary A Shares and 81,965,345 existing A Shares.

After the exercise of the over-allotment option, the A Shares in the Offer will represent approximately 36.2% of the Company's issued ordinary A Shares.

The funding and settlement of the Offer, including the over-allotment shares, is expected to occur today.

This announcement is not an offer to sell or a solicitation of any offer to buy the securities of New World resources N.V. in the United States (the "US") or in any other jurisdiction. Securities may not be offered or sold in the US unless they are registered or are exempt from registration under the US Securities Act of 1933. The Company has not and does not intend to register its securities or any portion of this offering in the US. Any public offering of securities to be made in the US would be made by means of a prospectus that would contain detailed information about the Company and its management, as well as financial statements. Copies of this announcement may not be re-distributed into the US.

This press release contains forward-looking statements. The forward-looking statements are based on the Company's current expectations and beliefs concerning future developments and their potential effects on the Company. There can be no assurance that future developments affecting the Company will be those anticipated by the Company. These forward-looking statements involve a number of risks, uncertainties and other facts that may cause actual results to be materially different from those expressed or implied in the forward-looking statements.
