

## At a Glance

**BD** derives more than half of its revenue from outside the United States. With operations around the globe, the Company possesses an in-depth understanding of the needs of local clinicians, researchers and patients. This enables BD to develop and adapt products to meet the unique requirements of the markets it serves.

## BD Medical

**BD Medical** is among the world's leading suppliers of medical devices and a leading innovator in injection- and infusion-based drug delivery since 1906, when the Company built the first-ever facility in the U.S. to manufacture needles and syringes. The BD Medical segment is focused on providing innovative solutions to reduce the spread of infection, enhance diabetes treatment, advance drug delivery and improve ophthalmic surgery outcomes.

Revenue  
billions of dollars

\$3.801

### Products and Services

- Needles and syringes
- Intravenous catheters
- Safety-engineered and auto-disable devices
- Prefillable drug delivery systems
- Prefilled IV flush syringes
- Syringes and pen needles for injection of insulin
- Regional anesthesia needles and trays
- Surgical blades and scalpels
- Ophthalmic surgical instruments
- Critical care monitoring devices
- Sharps disposal containers

### Customers Served

- Hospitals and clinics
- Physicians' office practices
- Consumers and retail pharmacies
- Public health agencies
- Pharmaceutical companies
- Healthcare workers

## BD Diagnostics

**BD Diagnostics** is a leading provider of products for the safe collection and transport of diagnostics specimens, as well as instruments and reagent systems to accurately detect a broad range of infectious diseases, healthcare-associated infections (HAIs) and cancers. The BD Diagnostics segment focuses on improving health outcomes for patients and providing laboratories with solutions that improve quality, enhance laboratory system productivity, reduce costs and inform medical decisions.

Revenue  
billions of dollars

\$2.160

### Products and Services

- Integrated systems for specimen collection
- Safety-engineered blood collection products and systems
- Automated blood culturing systems
- Molecular testing systems for sexually transmitted diseases and HAIs
- Microorganism identification and drug susceptibility systems
- Liquid-based cytology systems for cervical cancer screening
- Rapid diagnostic assays
- Plated media

### Customers Served

- Hospitals, laboratories and clinics
- Reference laboratories
- Blood banks
- Healthcare workers
- Public health agencies
- Physicians' office practices
- Industrial and food microbiology laboratories

## BD Biosciences

**BD Biosciences** is a world leader in bringing innovative diagnostic and research tools to life scientists, clinical researchers, laboratory professionals and clinicians who are involved in basic research, drug discovery and development, biopharmaceutical production and disease management. The BD Biosciences segment is focused on continually advancing the science and applications associated with cellular analysis and products that help grow living cells and tissue.

Revenue  
billions of dollars

\$1.195

### Products and Services

- Fluorescence-activated cell sorters and analyzers
- Monoclonal antibodies and kits for cell analysis
- Reagent systems for life science research
- Cell imaging systems
- Laboratory products for tissue culture and fluid handling
- Cell culture media supplements for biopharmaceutical manufacturing

### Customers Served

- Research and clinical laboratories
- Academic and government institutions
- Pharmaceutical and biotechnology companies
- Hospitals
- Blood banks
