25% Growth in Managed Catastrophe Premium for the First Quarter

Individual Risk Premium Grows to \$63.8 Million in First Quarter of 2003 Compared to \$27.7 Million for the Same Period in 2002

Specialty Reinsurance Premium Grows to \$186.1 Million in First Quarter of 2003 Compared to \$101.0 Million for the Same Period in 2002

Achieves Annualized Operating ROE of 32.5% for the First Quarter of 2003

Pembroke, Bermuda, April 22, 2003 -- RenaissanceRe Holdings Ltd. (NYSE: RNR) today reported \$126.9 million in first quarter net operating income available to common shareholders, compared to \$86.6 million in the first quarter of 2002. Operating income excludes realized investment gains of \$24.4 million and \$0.7 million in the first quarters of 2003 and 2002, respectively and also excludes the cumulative effect of a change in our accounting for goodwill of \$9.2 million in the first quarter of 2002. Operating earnings per common share grew to \$1.80 in the first quarter, from \$1.24 per common share in the first quarter of the previous year. Net income available to common shareholders rose 94% to \$151.3 million, or \$2.14 per common share in the quarter, from \$78.1 million or \$1.12 per common share for the same quarter of 2002.

James N. Stanard, Chairman and CEO, commented: "We are very pleased with the performance of our business across all categories. In particular, the 25% increase in Managed Catastrophe Premium reflects the ongoing strength of our market presence in our traditional core business."

"We are confident in our ability to deliver another year of growth in all of our businesses in 2003. At the same time, we remain committed to careful underwriting in a market in which property catastrophe prices have roughly stabilized. Significant premium from large transactions produced growth in the first quarter beyond our original expectations, and may create some variability in premium growth rates going forward. For the 2003 first quarter, we also estimate that we experienced approximately \$25 million, or \$0.35 per common share, of benefit from the low level of catastrophe loss activity compared to results from a period of normalized activity."

Gross premiums written for the first quarter of 2003 increased by 49% to \$685.2 million, compared to \$460.8 million for the same quarter of 2002. Net premiums written for the first quarter of 2003 were \$590.4 million, versus \$379.1 million for the same quarter of 2002. Net premiums earned for the first quarter of 2003 were \$263.5 million, compared to \$150.3 million for the same quarter of 2002. Those premiums include \$126.5 million of gross written premiums, \$126.5 million of net written premiums and \$49.1 million of net premiums earned by the Company's consolidated joint venture, DaVinci Re during the first quarter of 2003, compared to \$95.3 million of gross written premiums, \$95.3 million of net written premiums and \$23.6 million of net premiums earned by DaVinci Re during the first quarter of 2002.

Total Managed Catastrophe Premiums Written, representing gross catastrophe premiums written by RenaissanceRe Holdings Ltd. and by related joint ventures, increased to \$464.7 million for the first quarter, compared to \$370.4 million for the same quarter of 2002. See attached supplemental financial data for a reconciliation of Managed Catastrophe Premiums.

Net investment income, excluding realized and unrealized investment gains and losses, for the first quarter of 2003 increased to \$28.2 million, compared to \$22.8 million for the same period in 2002. This increase was driven by the increase in invested assets resulting both from strong operating cash flows as well as the \$196 million of net proceeds from the Perpetual Preferred Stock and Senior Notes sold in the first quarter.

Claims and claim expenses incurred for the quarter ended March 31, 2003 were \$82.8 million, or 31.4% of net premiums earned. In comparison, claims and claim expenses incurred for the quarter ended March 31, 2002 were \$43.1 million, or 28.7% of net premiums earned.

During the quarter, the Company recorded pro-forma other income of \$36.1 million, compared to \$22.3 million during the first quarter of 2002. Of the total \$36.1 million of pro-forma other income during the quarter, \$20.2 million was generated from fees and profit commissions, compared to \$9.4 million in the first quarter of 2002, \$17.7 million was generated from the Company's equity pick up from joint ventures, versus \$9.7 million in the comparable quarter of 2002 and the remaining loss of \$1.8 million was primarily related to losses from contracts triggered by physical variables, compared to income of \$3.1 million in the first quarter of last year. Pro-forma "other income", which includes aggregate earnings from joint venture activities, fees related to catastrophe business, and miscellaneous other items, is presented in the supplemental disclosures. The principal differences between other income as reported and the pro-forma presentation are that the results of DaVinci Re are reflected as if it were reported under the equity accounting method, and the pro-forma presentation also includes fees earned on certain quota share cessions of catastrophe business by the Company which are reflected on the income statement as a reduction of acquisition and operational expenses.

Shareholders' equity attributable to common shareholders was \$1.63 billion at March 31, 2003, compared to \$1.49 billion at December 31, 2002. Book value per common share at March 31, 2003 was \$23.37, compared to \$21.39 per common share at December 31, 2002.
