NEW YORK, April 24, 2007 – AIG WorldSource®, a division of the property and casualty insurance subsidiaries of American International Group, Inc. (AIG), today announced it is offering Accel Elite — employers’ liability coverage for U.S. companies with operations in the United Kingdom.

Accel Elite provides for professional case management for employees injured or made ill at work, including oversight and coordination of medical treatment, no fault medical rehabilitation services and vocational consultancy.
