

Reconciliation of GAAP and Non-GAAP Information
(unaudited)

Division operating profit growth is not a measure defined by generally accepted accounting principles (GAAP). However, we believe investors should consider this measure as it is more indicative of our ongoing performance and how management evaluates our operational results and trends.

Operating Profit Growth Reconciliation

	Quarter Ended <u>3/22/08</u>
Division Operating Profit Growth.....	10%
Impact of Corporate Unallocated	<u>—</u>
Total Operating Profit Growth	<u>9%*</u>

**Does not sum due to rounding.*
