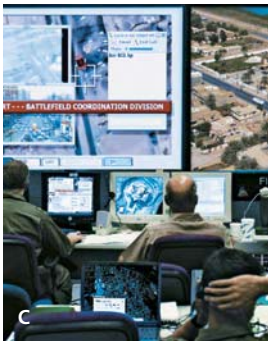
C3I

<< Raytheon information assurance and information security solutions leverage decades of experience to protect global infrastructures from complex threats. In addition to reducing vulnerability across the entire information spectrum, Raytheon offers an unmatched array of information operations capabilities for U.S. government and allied forces around the world.

Integrated information solutions

C3I (Command, Control, Communications and Intelligence) systems turn an extraordinary range of real-time data into a unified resource for decision-makers on and off the battlefield. Raytheon's leadership in C3I spans air, land, sea, space and cyberspace, combining pioneering technology with global insight to provide NoDoubt Mission Assurance across the full spectrum of offensive and defensive operations.



(A) High above the earth, Raytheon technology helps to guide satellites that monitor weather and climate patterns for more precise forecasting. **(B)** The Global Broadcast Service delivers everything from critical intelligence data to broadband video for today's warfighter and supporting forces. **(C)** The Distributed Common Ground System Integration Backbone provides a global, interoperable architecture for intelligence data sharing and collaboration.
