

**UNIVERSAL ELECTRONICS, INC. PRESS RELEASE SUMMARY
2005 THROUGH MAY 3, 2007**

**UNIVERSAL ELECTRONICS REPORTS RECORD FIRST QUARTER 2007
FINANCIAL RESULTS**

- Net Sales of \$66.0 Million Grew 22% Compared to First Quarter 2006 -
- Operating Income of \$6.2 Million Nearly Doubled Compared to First Quarter 2006 -

CYPRESS, CA – May 3, 2007 – Universal Electronics Inc. (UEI), (NASDAQ: UEIC) announced financial results for the first quarter ended March 31, 2007.

**UNIVERSAL ELECTRONICS EXPANDS PRODUCT LINE FOR MULTIPLE SYSTEM
OPERATORS WITH TWO NEW ACCESSORIES; CRICKET™ KIDS REMOTE AND
UEI REMOTE EXTENDER**

New parental control device leads the way for safe family television viewing; remote extender product seamlessly controls hidden audio-visual equipment using existing remotes

CYPRESS, CA – May 2, 2007 – Universal Electronics Inc. (UEI) (NASDAQ:UEIC) today announced two new product releases, one aimed at making home entertainment safer for children and the other at enhancing home entertainment control. The new Cricket™ Kids Remote features a means of simple parental content control and combines ease-of-use and a bright toy-like design to appeal to children of all ages. The UEI remote extender product converts any existing infrared (IR) remote to a radio frequency (RF) remote, allowing users to design their home entertainment around aesthetics rather than line-of-sight concerns with traditional infrared remotes.

**NEWWAVE COMMUNICATIONS SELECTS UNIVERSAL ELECTRONICS' ACTIVE
SUPPORT OUTSOURCED CALL CENTER SERVICE**

Expanding Call Center Support Helps Cable Service Providers Reduce Costs and Improve Technical Support

CYPRESS, CA – Apr. 23, 2007 – Universal Electronics Inc. (UEI) (NASDAQ:UEIC) today announced that NewWave Communications has selected UEI's Active Support technical call center to handle overflow inbound video repair calls for its customers. The signing illustrates Active Support's expansion as an outsourcer for inbound and outbound customer care calls for cable service providers.

Milestone Validates Consumer Choice to Simplify Home Entertainment Environments

CYPRESS, CA – June 27, 2005 –Universal Electronics Inc. (UEI) today announced over one million Kameleon(TM) universal remote controls have been sold, serving as a testament to the company's ongoing pledge to simplify and enhance consumers' complex home entertainment environments. With Kameleon technology, UEI has created a new product category and comprehensive product line whose appeal has spanned the globe. Featuring a revolutionary display technology that utilizes the power of Intelligent Illumination(TM), Kameleon products were created for the design-conscious user by blending unparalleled style with complete control over the home entertainment environment. By delivering touch-panel technology at a fraction of the cost of touchscreen products on the market, UEI has introduced graphical, user friendly remotes to a wider audience than ever before.

PANASONIC TO UTILIZE UNIVERSAL ELECTRONICS TECHNOLOGY TO SET NEW BAR IN CONSUMER ELECTRONICS INDUSTRY FOR REMOTE CONTROLS

CYPRESS, CA – June 15, 2005 –Universal Electronics Inc. (UEI) today announced that it has entered into a two year agreement with Panasonic Electronic Devices Co., Ltd. -- a leading international supplier of electronic components -- to provide UEI wireless control technology for remote control devices Panasonic manufactures for consumer electronics products. Panasonic Electronic Devices Co., Ltd. is a subsidiary of Matsushita Electric Industrial Co., Ltd., best known for its Panasonic brand. UEI was selected for its world-class infrared database and leading intellectual property portfolio specializing in wireless control technology.

ONE FOR ALL® ENHANCES ENTERTAINMENT CONTROL WITH NEW LINEUP OF KAMELEON UNIVERSAL REMOTES

New radio frequency (RF) and "no-look" features reinforce Kameleon commitment to adapt to consumer needs

CYPRESS, CA – June 14, 2005 –Universal Electronics Inc. (UEI) (Nasdaq: UEIC) today announced two new universal remote controls to its already popular One For All Kameleon® family: The One For All Kameleon 6-Hybrid and One For All Kameleon 8-RF. Building on UEI's expertise in developing innovative universal remote control products to meet the demands of today's consumer, both products enhance the control experience by providing more customized solutions to accommodate the needs of diversifying home environments. The Kameleon 6-Hybrid offers both hard and soft keys, integrating traditional remote familiarity with advanced control functionality in one easy to use package. The Kameleon 8 RF incorporates a radio frequency (RF) transmitter, allowing complete control of devices in any room of the home. Both products leverage UEI's industry-leading, universal infrared code database of connectivity software to ensure consumers can connect, control and interact with virtually any consumer electronics device in the home.
