/ Net sales for the three and twelve months ended December 31, 2008 include sales of Organon BioSciences (OBS) products of $\$ 1.3$ billion and $\$ 5.4$ billion, espectively. Net sales for the three and twelve months ended December 31,2007 include sales of OBS products of $\$ 626$ million subsequent to closing date of he acquisition on November 19, 2007
$2 /$ In completing the final analysis of results for 2008, Schering-Plough determined that the certain income tax effects relating to the accounting for purchase of OBS reflected an overstatement of full year 2008 income tax expense totaling $\$ 108$ million. This change results in a reduction of GAAP income tax expense, and a corresponding increase in net income and net income available to common shareholders, on a GAAP basis, along with associated per share amounts. The revision to 2008 tax expense, net income, and net income available to common shareholders in the table above was $\$ 34$ million for the fourth quarter of 2008. This change had no impact on Schering-Plough's 2008 "as reconciled" financial results or any individual line items in the Consolidated Statement of Operations Pre-tax.

* "As Reconciled" to exclude purchase accounting adjustments, special and acquisition-related items and other specified items. See Non-GAAP Reconciliation tables posted on the Schering-Plough website at www.Schering-Plough.com under "Investor Relations/Financial Highlights."

N/M - Not a meaningful percentage.
All figures rounded. Totals may not add due to rounding. Percentages based on unrounded figures.

$\mathrm{N} / \mathrm{M}$ - Not a meaningful percentage
Note: The Company incurs substantial costs, such as selling, general and administrative costs, that are not reflected in "Equity income" and are borne by the overall cost structure of Schering-Plough.
$1 /$ Net sales for the three and twelve months ended December 31, 2008 include sales of Organon BioSciences (OBS) products of $\$ 1.3$ billion and $\$ 5.4$ billion, respectively. Net sales for the three and twelve month ended December 31, 2007 include sales of OBS products of $\$ 626$ million subsequent to closing date of the acquisition on November 19, 2007
$2 /$ Cost of sales for the three and twelve months ended December 31,2008 include purchase accounting adjustments of $\$ 174$ million and $\$ 1.4$ billion, respectively, related to the acquisition of OBS. Cost of sales for the three and twelve months ended December 31, 2007 includes purchase accounting adjustments of $\$ 326$ million related to the acquisition of OBS.

3/ Research and development for the three and twelve months ended December 31, 2007 include $\$ 21$ million and $\$ 197$ million, respectively, related to upfront R\&D payments.
4/ Acquired in-process research and development for the twelve months ended December 31, 2007 represents a charge of $\$ 3.8$ billion in connection with the acquisition of OBS.
Special and acquisition-related charges relate to the Productivity Transformation Program (PTP) activities which also incorporates the ongoing integration of OBS. For the three and twelve months ended December 31,2008 these charges were $\$ 111$ million ( $\$ 97$ million for severance costs and $\$ 14$ million for integration-related costs) and $\$ 329$ million ( $\$ 275$ million for severance costs and $\$ 54$ million for integration-related costs), respectively. Special and acquisition-related charges for the three and twelve months ended December 31,2007 were $\$ 52$ million and $\$ 84$ million, respectively, and relate primarily to integration related costs.
/ Included in Equity Income for the three and twelve months ended December 31, 2008 is $\$ 22$ million and $\$ 105$ million, respectively, of income related to the termination of a respiratory joint venture with Merck.

II In completing the final analysis of results for 2008, Schering-Plough determined that certain income tax effects relating to the accounting for the purchase of OBS reflected an overstatement of full year 2008 income tax expense otaling $\$ 108$ million. This change results in a reduction of GAAP income tax expense, and a corresponding increase in net income and net income available to common shareholders, on a GAAP basis, along with associated per share amounts. The revisions to 2008 tax expense, net income, and net income available to common shareholders in the table above were $\$ 23$ million for the first quarter, $\$ 26$ million for the second quarter, $\$ 25$ million for the third quarter and $\$ 34$ million for the fourth quarter. This change had no impact on Schering-Plough's 2008 "as reconciled" financial results or any individual line items in the Consolidated Statement of Operations Pre-tax

| U.S. | 851 | 710 | 688 | 695 | 2,943 | 897 | 958 | 969 | 1,071 | 3,894 | (35\%) | (24\%) |
| International | 384 | 454 | 440 | 409 | 1,688 | 263 | 330 | 321 | 387 | 1,303 | 6\% | 30\% |

(1) Substantially all sales of cholesterol products are not included in Schering-Plough's Net sales. Global franchise sales include sales under the Merck/Schering-Plough joint venture, plus any sales that are not part of the joint venture, such as Schering-Plough sales of cholesterol products in Japan and Latin America. In Japan, Schering-Plough co-markets ZETIA with Bayer HealthCare. ZETIA was launched in Japan in June 2007. For the three and twelve months ended December 31, 2008 sales in non-joint venture territories of the cholesterol franchise totaled $\$ 42$ million ( $\$ 29$ million in Japan) and $\$ 132$ million ( $\$ 76$ million in Japan), respectively. For the three and twelve months ended December 31, 2007 sales in non-joint venture territories of the cholesterol franchise totaled $\$ 15$ million ( $\$ 1$ million in Japan) and $\$ 78$ million ( $\$ 30$ million in Japan), respectively.

The results of the operation of the joint venture are reflected in Equity income. As a result, Schering-Plough's Gross margin and ratios of Selling, general and administrative expenses and R\&D expenses as a percentage of sales do not reflect the benefit of the impact of the cholesterol joint venture's operating results.

Schering-Plough utilizes the equity method of accounting in recording its share of activity from the Merck/Schering-Plough cholesterol joint venture. Schering-Plough's Net sales do not include the sales of the joint venture. The cholesterol joint venture agreements provide for the sharing of operating income generated by the joint venture based upon percentages that vary by product, sales level and country. Equity income also includes milestone and other payments. Either company's share of the joint venture's income from operations is subject to a reduction if that company fails to perform a specified minimum number of physician details in a particular country. The companies agree annually to the minimum number of physician details by country.

In the U.S. market, Schering-Plough receives a greater share of profits on the first $\$ 300$ million of annual ZETIA sales. As such, Schering-Plough's share of operating income from the joint venture in the first fiscal quarter is generally higher than subsequent quarters.

All figures rounded. Totals may not add due to rounding. Percentages based on unrounded figures.

## SCHERING-PLOUGH CORPORATION

Reconciliation from Reported Net Income Available to Common Shareholders and Reported Diluted Earnings Per Share to As Reconciled Amounts for Net Income Available to Common Shareholders and Diluted Earnings per Common Share
(Amount in Millions, except per share figures)
To supplement its consolidated financial statements presented in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), Schering-Plough is providing the following supplemental financial information to reflect "As Reconciled" amounts related to Net income/(loss) available to common shareholders and Diluted earnings/(loss) per common share. "As Reconciled" amounts exclude the effects of purchase accounting adjustments, special and acquisition-related items and ther specified items.
"As Reconciled" amounts related to Net income/(loss) available to common shareholders and Diluted earnings/(loss) per common share are non-U.S. GAAP measures used by management in evaluating the performance of Schering-Plough's overall business. The effects of purchase accounting adjustments, special and acquisition-related items and other specified items have been excluded from Net income/(loss) available to common shareholders and Diluted earnings/(loss) per common share as management of
Schering-Plough does not consider these items to be indicative of continuing operating results. Schering-Plough believes that these "As Reconciled" performance measures contribute to a more complete understanding by investors of the overall results of the company and enhances investor understanding of items that impact the comparability of results between fiscal periods. Net income/(loss) available to common shareholders and Diluted earnings/(loss) per common share, as reported, are required to be presented under U.S. GAAP.

## Net sales

## Cost of sales

Selling, general and administrative
Research and development
Other expense/(income), net
Three months ended December 31, 2008
(unaudited)

(1) "As Reconciled" to exclude purchase accounting adjustments, special and acquisition-related items and other specified items.
(2) In completing the final analysis of results for 2008, Schering-Plough determined that the certain income tax effects relating to the accounting for purchase of OBS reflected an overstatement of full year 2008 income tax expense totaling $\$ 108$ million. This change results in a reduction of GAAP income tax expense, and a corresponding increase in net income and net income available to common shareholders, on a GAAP basis, along with associated per share amounts. The revision to 2008 tax expense, net income, and net income available to common shareholders in the table above was $\$ 34$ million for the fourth quarter of 2008. This change had no impact on Schering-Plough's 2008 "as reconciled" financial results or any individual line items in the Consolidated Statement of Operations Pre-tax.
