or such other address or individual as may be designed by notice by either party to the other. Any communication made or given by personal delivery shall be conclusively deemed to have been given on the day of the actual delivery thereof and, if made or given by registered mail, on the third business day following the deposit thereof in the mail. If the party giving any Communication knows or ought reasonably to know of any difficulties with the postal system which might affect the delivery of the mail, any such Communication shall not be mailed but shall be made or given by personal delivery.

**Benefit of Agreement**

5.11 This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, legal personal representatives, successors and assigns.

**Assignment**

5.12 The Executive may not assign his or its rights or obligations under this Agreement without the prior written consent of the Corporation which consent may be unreasonably withheld. The Corporation may unilaterally assign this agreement to an affiliate without consent but on notice to the Executive.

**Execution of Agreement**

5.13           The Executive acknowledges that he has executed this Agreement freely; that he has reviewed his Agreement thoroughly; that he agrees with its contents; that he has been given the opportunity to obtain the benefit of independent legal advice; and that the terms herein are reasonable for the fair protection of both the Executive and the Corporation.

**“SCHEDULE A”**  
**CONFIDENTIALITY AGREEMENT**

---

**BIOVAIL CORPORATION**  
**(and its Subsidiaries, Divisions, and Affiliates)**

**CONFIDENTIALITY AGREEMENT**

As an employee of Biovail Corporation (the "Corporation"), I acknowledge that I may acquire or have disclosed to me by the Corporation or by any affiliate, associate, or technology partner of the Corporation, either directly or indirectly, in writing, conversation, or through observation, various information about the business of the Corporation which is not in the public domain and which the Corporation does not wish to be divulged to other persons, companies, or third parties. I further understand that the Corporation's Confidential Information (as defined below) is essential to its competitive advantage and to its ability to be financially viable. I further understand that the unauthorized disclosure of such Confidential Information may cause the Corporation irreparable injury that may not be rectified in the future.

Therefore, as a condition and in consideration of my employment with the Corporation, I understand and agree that while employed with the Corporation and for a period of time thereafter (as more particularly described below), I am required to hold confidential and not to disclose to anyone without the written authority from the Corporation any knowledge, information, or facts concerning the Corporation's:

- research and development activities
- technological plans, advances, applications and inventions
- technical specifications, designs and plans
- materials and sources of supply
- discoveries, inventions, trade secrets, patents
- financial affairs, contracts, licensing agreements, customer lists, pricing practices, marketing strategies
- any other information regarding the Corporation, its products and their development which is not in the public domain

All of the foregoing shall hereinafter collectively be referred to as the "Confidential Information".

For a period commencing on the date I commenced my employment with the Corporation and ending ten (10) years from the date of the termination of my employment with the Corporation, I shall keep confidential any and all Confidential Information which has been disclosed to me in writing or through oral communications and shall not divulge in any manner whatsoever any such information to any person, firm, corporation, partnership or similar entities without the Corporation's written authority.

Should I breach or threaten to breach this Agreement, I shall be liable to the Corporation in equity and/or in law for damages that may be suffered by the Corporation as a result of the breach or threatened breach. I understand that a breach of this Agreement may result in irreparable harm to the Corporation such as to warrant the entitlement by the Corporation to an interlocutory and/or permanent injunction or other equitable relief against me, and an award of damages including punitive, exemplary and aggravated damages, together with legal costs and expense and I specifically agree that I will not argue the adequacy of damages or the Corporation's ability to seek equitable relief in any such proceeding.

All Confidential Information supplied by the Corporation to me during the course of my employment and any rights related thereto, including but not limited to rights of know how, patent, trademark and

---

copyright, with respect to existing products or those that are developed during or after my employment, are and remain the exclusive and absolute property of the Corporation.

I shall not, except as and to the extent required to enable me to carry out my duties with the Corporation, make any copies or reproduce the Confidential Information nor shall I remove or cause to have removed from the premises of the Corporation during my employment any Confidential Information unless required to do so in order to fulfill my duties with the Corporation. Such copies or reproductions shall be strictly subject to the terms and conditions of this Agreement. I shall take such steps as are necessary to restrict access to and protect the confidentiality of such copies or reproductions of the Confidential Information. Any such copies or reproductions made shall become the exclusive and absolute property of the Corporation.

Upon request of the Corporation, I agree to immediately surrender to the Corporation all documentation and information - notes, drawings, recordings, manuals, letters, correspondence, computer data and programs, records, books or any other materials relating to the Confidential Information which is in my possession without my retaining any copies or duplicates thereof.

I agree that this Agreement shall be construed in accordance with the laws of the Province of Ontario and I agree that the applicable courts of the Province of Ontario shall have exclusive jurisdiction with respect to any dispute or breach herein and I hereby attorn to the exclusive jurisdiction of the courts of the Province of Ontario.

This Agreement shall enure to the benefit of and shall be binding upon my successors, heirs and attorneys.

The disclosure or divulging of any Confidential Information contrary to this Agreement, or the violation of this Agreement in any way shall result in my immediate termination of employment, in addition to which I may be subject to criminal prosecution and civil liability.

I acknowledge and agree that I have executed this Agreement freely and with the benefit of independent legal advice and the terms herein are fair and reasonable.

I acknowledge and agree to the foregoing.

**“SCHEDULE B”**

**STANDARDS OF BUSINESS CONDUCT**

---

**BIOVAIL CORPORATION  
(and its Subsidiaries, Divisions, and Affiliates)**

**STANDARDS OF BUSINESS CONDUCT**

Biovail Corporation (“Biovail”), together with its subsidiaries, divisions and affiliates, places great importance on conducting its business activities in an ethical and appropriate manner. Each employee, officer and director is a reflection of Biovail, and as such, the activities and actions of every individual within Biovail must be undertaken in accordance with a high standard of ethics and integrity. As such, Biovail expects each employee, officer and director to comply with, and adhere to, these Standards of Business Conduct (the “Standards”).

**CONFLICTS OF INTEREST**

Employees, officers and directors of Biovail must avoid situations where their private interests could conflict with, or even appear to conflict with, the interests of Biovail and its stockholders.

Conflicts of interest arise when an individual’s position or responsibilities with Biovail present an opportunity for personal gain apart from the normal rewards of employment. They also arise when the private interests of an employee, officer or director are inconsistent with those of Biovail or create conflicting loyalties. Such conflicting loyalties can cause an employee, officer or director to give preference to private interests in situations where corporate responsibilities should come first. Employees, officers and directors must perform the responsibilities of their positions on the basis of what is in the best interests of Biovail and free from the influence of personal considerations and relationships.

In the event that any potential conflict of interest arises, the individual involved must immediately notify his or her immediate supervisor. If such individual is an officer or director of Biovail, the Executive Chairman (“Chairman”), Chief Executive Officer (“CEO”) and the General Counsel, or in the absence of a General Counsel the Vice President, Associate General Counsel (“SLO”) of Biovail must also be immediately notified and no further action may be taken unless authorized in writing by the Chairman and/or the CEO.

While it is not possible to detail every situation where conflicts of interest may arise, the following policies cover the areas that have the greatest potential for conflict:

**A. Trading in Biovail Securities and Use of Inside Information**

There are numerous laws in Canada and the United States (federal, provincial and state laws), to regulate transactions in corporate securities (stocks and bonds) and the securities industry. Violation of these laws may lead to civil and criminal actions against the individual and Biovail.

---

- i. Any employee, officer, director or other insider or anyone (family member, etc.) who knows of any material information (as defined below) about Biovail that has not been disclosed to the public (commonly known as “insider information”) may not engage in any transaction in Biovail’s securities until such information is disclosed to the public (whether or not there is a formal trading “black out” in place). This rule applies equally to transactions in securities of other companies. In addition, employees, officers and directors must not provide insider information to others (“tippees”) who may trade in either the securities of Biovail or the securities of other companies.

“Material information” is any information relating to the business and affairs of Biovail that would reasonably be expected to result in a change in the market price or value of Biovail’s securities. Generally speaking, material information is a matter to which an average prudent investor should be reasonably informed before a decision is made to buy or sell the security involved. Examples of such information would include annual or quarterly financial results; significant changes in management; significant shifts in operating or financial circumstances, such as major write-offs and changes in earnings projections; borrowing of a significant amount of funds; acquisitions of, or mergers with, other companies; significant new contracts or loss of business; and major new products, services or patents. This list provides examples only; many other matters may be considered material information.

Employees, officers, directors and other insiders who have questions that relate to the sale or purchase of a security under circumstances where these laws and regulations might apply should consult with the SLO, who may refer them to outside legal counsel.

- ii. In addition to the prohibition against the use of “insider” information which applies to all employees, officers and directors, the various securities laws that apply in the jurisdiction and countries in which Biovail does business place definite restrictions on the manners in which employees, officers and directors of Biovail, and their family members, their associates, etc., may engage in transactions involving the securities of Biovail. Employees, officers and directors shall comply with all laws, rules and regulations that prohibit or restrict insider trading.

Whenever there is any doubt as to whether any transactions involving Biovail’s securities would violate securities laws, employees, officers and directors should consult the SLO of Biovail. Within the framework of the foregoing policies and laws, the final decision of each employee, officer or director, with respect to securities transactions, must be his or her own.

- iii. Employees, officers, directors and other insiders shall maintain the confidentiality of information entrusted to them by Biovail or its customers (except where disclosure is authorized or legally mandated) and shall not, without proper authority, give or release to anyone not employed by Biovail, data or information of a confidential nature concerning Biovail. Disclosure of confidential information can be harmful to Biovail and could be the basis for legal action against Biovail and the individual disclosing the information. Confidential information includes all non-public information that might be of use to competitors, or harmful to Biovail or its customers, if disclosed.
-

- iv. Employees, officers, directors and other insiders shall not acquire any property, security or any business interest that they know Biovail has an interest in acquiring. Moreover, based on such advance information, employees, officers and directors shall not acquire any property, security or business interest for speculation or investment.
- v. Employees, officers, directors and other insiders must follow Biovail policies regarding “Blackout Periods” when Biovail’s stock may not be traded. Such policies will be communicated by the SLO from time to time and must be adhered to by all employees, officers and directors.

**B. Personal Financial Interest**

Employees, officers and directors should avoid any outside financial interests that might influence decisions or actions they have been empowered to make on behalf of Biovail. An employee, officer or director performing duties in conformity with this policy shall not have a financial interest in, indebtedness to, or a personal contract or understanding with any concern with which he or she does business on behalf of Biovail.

- i. Employees, officers or directors whose corporate duties bring them into business dealings with an organization in which they, or a member of their family, have a financial interest or to which they, or a member of their family, have any indebtedness, or a business employing a relative or close friend, must immediately notify their immediate supervisor. The employee, officer or director, in turn, cannot complete a transaction on behalf of Biovail with this organization unless properly authorized in writing from their supervisor after full disclosure of the relationship.
  - ii. An employee, officer or director may not perform work or services, outside the course of their normal employment by Biovail, for an organization doing or seeking to do business with Biovail without appropriate prior written approval of their supervisor or the Board of Directors. An employee, officer or director may not be a director, officer, partner or consultant of an organization doing or seeking to do business with Biovail, nor may any of them permit their names to be used in any way indicating a business connection with such an organization, without appropriate prior written approval of their supervisor or the Board.
  - iii. An employee, officer or director shall not accept for himself or herself, or for the benefit of any relative or friend, any payments, loans, services, favors involving more than ordinary social amenity, or gifts of more than nominal value from any organization doing or seeking to do business with Biovail.
  - iv. The requirement of freedom from conflict of interest applies with equal force to the spouse, children and other close relatives of each employee, officer and director. This policy applies to all employees, officers and directors of Biovail with respect to all of the affairs of Biovail.
-

- v. Employees, officers and directors shall not (a) take for themselves personally opportunities that are discovered through the use of corporate property, information or position; (b) use corporate property, information, or position for personal gain; (c) compete with Biovail. Employees, officers and directors owe a duty to Biovail to advance its legitimate interests when the opportunity to do so arises.
- vi. Biovail may not make loans to any employee, officer or director.

**C. Outside Activities**

Employees, officers and directors should avoid outside employment or activities which would impair the effective performances of their responsibilities to Biovail, either because of excessive demands on their time, or because the outside commitments can be contrary to their obligations to Biovail

**D. Protection and Proper Use of Biovail's Assets**

All employees, officers and directors should protect Biovail's assets and ensure their efficient use. Theft, carelessness and waste have a direct impact on Biovail's profitability. All of Biovail's assets should be used only for legitimate business purposes.

**E. Fair Dealing**

Each employee, officer and director shall endeavor to deal fairly with Biovail's customers, suppliers, competitors and employees. None should take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts, or any other unfair-dealing practice.

**2. COMPETITIVE PRACTICES**

The management of Biovail firmly believes that fair competition is fundamental to continuation of the free-enterprise system. Biovail complies with, and supports, laws of all countries that prohibit restraints of trade, unfair practices, or abuse of economic power.

Biovail will not enter into arrangements that unlawfully restrict its ability to compete with other businesses, or the ability of any other business organization to compete freely with Biovail. Biovail policy also prohibits employees, officers and directors from entering into, or even discussing, any unlawful arrangement or understanding which may affect its pricing policies, terms upon which its products and services are sold, or which might be construed as dividing customers or sales territories with a competitor.

These principles of fair competition are basic to all Biovail operations. They are integral parts of the following sections that cover Biovail's dealings with suppliers, customers and public officials.

---

**3. DEALING WITH SUPPLIERS**

Biovail is a valuable customer for many suppliers of goods, services and facilities. People who want to do business, or to continue to do business, with Biovail must understand that all purchases by Biovail will be made in accordance with its purchasing policy and exclusively on the basis of price, quality, service and suitability to Biovail’s needs.

**A. Reciprocity**

Biovail considers reciprocity a harmful practice and a hindrance to assuring purchase of the best available materials or services at the lowest possible prices. It will not be practiced or allowed.

Suppliers of goods and services to Biovail will not be asked to buy goods and services from Biovail in order to become or continue as a supplier.

Biovail will not attempt to influence its suppliers to purchase from customers of Biovail. When Biovail makes purchases it will not favor firms who are customers of Biovail or any of its affiliates.

**B. “Kickbacks” and Rebates**

Purchases or sales of goods and services by Biovail must not lead to employees, officers or directors, or their families, receiving any type of personal kickbacks or rebates. Employees, officers, directors, and their families, must not accept any form of “under-the-table” payment.

**C. Receipt of Gifts and Entertainment**

Even when gifts and entertainment are exchanged out of the purest motives of personal friendship, they can be misunderstood. They can appear to be attempts to bribe Biovail’s employees, officers or directors into directing business of Biovail to a particular supplier. To avoid both the reality and the appearance of improper relations with suppliers or potential suppliers, the following standards will apply to the receipt of gifts and entertainment by employees, officers and directors of Biovail:

**Gifts**

- i) Employees, officers and directors are prohibited from soliciting gifts, gratuities, or any other personal benefit or favor of any kind from suppliers or potential suppliers. Gifts include not only merchandise and products but also personal services, and tickets to theatrical and sports events. Employees, officers and directors should exercise good judgment when accepting unsolicited gifts. Employees, officers and directors are prohibited from accepting gifts of money.
  - ii) Employees, officers and directors may accept unsolicited non-money gifts provided:
    - (1) They are items of nominal intrinsic value; or
    - (2) They are advertising and promotional materials, clearly marked with Biovail or brand names of the giver.
-

- iii) Any gift of more than nominal intrinsic value must be reported to the SLO to determine whether it can be accepted. Some gifts may be perishable so as to make their return impractical. Supervisors can permit acceptance of such gifts, but should require employees, officers and directors to tactfully inform givers that such gifts are discouraged.
- iv) In the transaction of some international business, it is lawful and customary for business leaders in some countries to give unsolicited gifts to employees, officers or directors of Biovail. These gifts can be of more than nominal value. Moreover, under the circumstances, returning the gifts or payment for them may constitute an affront to the giver. In such cases, the gift must be reported to the SLO who may permit the retaining of the gifts.
- v) In all other instances where gifts cannot be returned or may adversely affect Biovail's continuing business relationships, the SLO must be notified. They can require employees, officers and directors to transfer ownership of such gifts to Biovail.

#### **Entertainment**

- i) Employees, officers and directors shall not encourage or solicit entertainment from any individual or company with whom Biovail does business. Entertainment includes, but is not limited to, activities such as dinner parties, theater parties, and sporting events.
  - ii) From time to time employees, officers and directors may accept unsolicited entertainment, but only under the following conditions:
    - (1) The entertainment occurs infrequently;
    - (2) It arises out of the ordinary course of business;
    - (3) It involves reasonable, not lavish expenditures (the amounts involved should be ones employees, officers and directors are accustomed to normally spending for their own business or personal entertainment); and
    - (4) The entertainment takes place in settings that also are reasonable, appropriate, and fitting to employees, officers and directors, their hosts, and their business at hand.
-

**4. DEALINGS WITH CUSTOMERS AND POTENTIAL CUSTOMERS**

Employees, officers and directors must keep all dealings with customers and potential customers fair and above board. Biovail gets business and keeps it because of the quality of its goods and services. Biovail does not give unethical or illegal rebates, kickbacks, under-the-table payments, or other similar improper favors to customers or their representatives.

The boundary line between ethical and unethical competition, or legal and illegal conduct, is not always well defined, particularly in international activities where differing local laws, customs, and practices come into play. Therefore, the following standards will serve as guides:

- a) All employees, officers and directors should make themselves aware of and fully comply with all laws, rules and regulations, whether federal, state, local or foreign, including laws governing relations with customers as well as competitors.
- b) All employees, officers and directors engaged in negotiations and contracts with foreign governments, the United States or any political subdivision thereof must also know and abide by the specific rules and regulations covering relations with such governments and their agencies.
- c) Employees, officers and directors may not give gifts to customers except items of nominal value, which fit the legal, normal, and customary pattern of Biovail’s sales efforts for a particular market. Exceptions to this policy can occur in international trades where it can be legal, customary, and appropriate business practice to exchange gifts with customers. Only the CEO can authorize the giving, receiving, or exchanging of such gifts. Any gifts received by employees, officers or directors in such an exchange must be reported to the CEO for determination as to the disposition of the gifts.
- d) Entertainment for any customer must fit regular business practices. The place and type of entertainment and the money spent must be reasonable and appropriate.

**5. DEALING WITH PUBLIC OFFICIALS**

Domestic and foreign laws and regulations require Biovail to be in contact with public officials on a wide variety of matters. Employees, officers and directors who regularly make these contacts have special responsibilities for upholding Biovail’s good name. The following standards relate to these special responsibilities:

- a) All employees, officers and directors who contact public officials must be familiar with lobbying laws and public disclosure requirements, particularly those that apply to registrations and filings.
  - b) No employee shall make any form of payment, direct or indirect, to any public official as an inducement to procuring or keeping business or having a law or regulation enacted, defeated, or violated. This is bribery, pure and simple. It will not be tolerated.
-

It should be acknowledged that inherent in the current health-care regulatory environment, the definition of “form of payment” may include seemingly trivial gifts and/or favors (e.g. buying lunches, coffee, etc.).

- c) When not prohibited by law, employees, officers and directors are allowed to give to public officials gifts where the presentation and acceptance of gifts is an established custom and a normal business practice. All such gifts shall be of reasonable value and the presentation approved in advance by the CEO. Moreover, such gifts must be presented in a manner that clearly identifies Biovail and the occasion that warrants the presentation.
- d) Employees, officers and directors are also allowed to give public officials gifts in the form of product models and pictures provided the models and pictures are part of Biovail’s general marketing and public relations programs (except as noted in clause (b) above).
- e) On special ceremonial occasions, officers of Biovail may publicly give gifts of more than nominal value to public institutions and public bodies. Such gifts can commemorate special events or milestones in Biovail’s history.

These may be transmitted through public officials but the gifts are given to the public institutions and public groups they represent, not to the officials personally.

- f) From time to time employees, officers and directors may entertain public officials, but only under the following conditions:
  - i. It is legal and permitted by the entity represented by the official;
  - ii. The entertainment is not solicited by the public official;
  - iii. The entertainment occurs infrequently;
  - iv. It arises out of the ordinary course of business;
  - v. It does not involve lavish expenditures, considering the circumstances;
  - vi. The settings and types of entertainment are reasonable, appropriate and fitting to our employees, officers or directors, their guests, and the business at hand.

## **6. POLITICAL ACTIVITIES AND CONTRIBUTIONS**

### **A. Canada and the United States**

Employees, officers and directors who participate in partisan political activities must make every effort to ensure that they do not leave the impression that they speak or act for Biovail.

Biovail encourages its employees, officers and directors to participate in political activities in their own time and at their sole expense. No corporate action, direct or indirect, will be allowed

---

that infringes on the right of any employee individually to decide whether, to whom, and in what amount, they will make personal political contributions. The same is true of volunteer political donations of personal service time, so long as it does not interfere with the working status of employees, officers or directors.

**B. Outside Canada and the United States**

No employees, officers and directors are permitted to use Biovail’s funds, facilities, or other assets, to support either directly or indirectly any political candidates or political parties, without advance authorization in writing from their immediate supervisor and the General Counsel. The policy of Biovail is that employees, officers and directors and employees should not participate in political activities in countries of which they are not nationals. However, such persons, of course, are free to participate in political activities in countries of which they are nationals in their own time and at their own expense.

**7. DISCLOSURE**

Biovail has formed a Disclosure Committee to promote consistent practices aimed at informative, timely and broadly disseminated disclosure of Material Information to the market, external stakeholder groups and employees in accordance with all applicable legal, regulatory and stock-exchange requirements.

It is essential that the Disclosure Committee be fully apprised of all material corporate developments to be able to determine whether there is information that should be publicly disclosed, and what the appropriate timing is for release of that information. In some cases, the Disclosure Committee may determine that the information should remain confidential. If that is the case, the Disclosure Committee will determine how that information will be controlled so that it is not inadvertently released. Therefore any employee who becomes aware of information that he/she believes might be material to Biovail and/or any of its affiliates and subsidiaries he/she should advise their manager or supervisor or a member of the Disclosure Committee. Current membership of the Disclosure Committee is posted on the Biovail.com website.

This applies throughout the year, but is particularly critical when annual or quarterly financial statements and Management Discussion and Analysis (MD&A) or regulatory filings are being prepared (e.g. regulatory filings, such as the U.S. Securities and Exchange Commission, Form 20-F).

**8. PUBLIC COMMUNICATIONS**

Given the importance placed on confidentiality and the appropriate disclosures of information regarding Biovail, it is important for employees, officers and directors to ensure that care be taken with any communication regarding Biovail or its activities outside of Biovail.

---

**A. Designated Spokespersons**

Biovail has designated official spokespersons who are authorized to speak on behalf of Biovail, and answer questions from the news media and the investment community, about Biovail and its activities. Employees, officers and directors who have not been designated as spokespersons for Biovail are not permitted to speak on behalf of the Company to the news media or to the investment community.

**B. Media or Analyst Inquiries**

Any employee who is approached by any person asking for comment on the activities of Biovail must direct any and all such inquiries to a member of the Disclosure Committee or to a member of the Company’s Stakeholder Relations team (Corporate Communications, Investor Relations) so that an appropriate spokesperson can respond to the inquiry on behalf of Biovail.

**C. Conferences**

The Disclosure Committee should be advised of any request to present at any conference or public meeting. Certain materials prepared for any such presentation may be required to be reviewed by the Company’s Stakeholder Relations group.

**D. Electronic Communications**

Care must be taken in all instances in the use of e-mail, and other devices (e.g., Blackberrys) in communications relating to Biovail’s business. While users tend to resort to shorthand communication using these kinds of tools, those communications do form a record of those communications that may be subject to later review and disclosure. A more fulsome policy regarding electronic communications is in place (found in the Human Resources Management System Policy Binder) and should be adhered to by all employees, officers and directors.

**E. The Internet**

Biovail has instituted policies regarding the use of, and access to the Internet by employees, officers and directors. These policies include a prohibition against anyone participating in any chat rooms dedicated to Biovail or its operations or the industry at large. If any employee, officer or director becomes aware that any such chat room exists, they are asked to report the address of such site to the SLO so that it may be monitored and appropriate action may be taken.

**9. EQUAL OPPORTUNITY**

Biovail supports the principle that every individual must be accorded an equal opportunity to participate in the free-enterprise system and to develop their ability to achieve their full potential within that system.

There shall be no discrimination against any employee or applicant because of race, religion, color, sex, age, sexual orientation, national or ethnic origin, or disability (as required by law) or any other consideration prohibited by local law. All employees, officers and directors will be treated with equality during their employment without regard to their race, religion, color, sex, age, national or ethnic origin, or physical handicap, in all matters, including employment, upgrading, promotion, transfer, layoff, termination, rates of pay, selection for training and

recruitment. Biovail will maintain a work environment free of discriminatory practice of any kind.

No employee shall have any authority to engage in any action or course of conduct or to condone any action or course of conduct by any other person which shall in any manner, directly or indirectly, discriminate or result in discrimination in the course of one’s employment, termination of employment, or any related matter where such discrimination is, directly or indirectly, based upon race, religion, color, sex, age, sexual orientation, national or ethnic origin, disability, or any other consideration prohibited by law.

**10. HEALTH, SAFETY, AND ENVIRONMENTAL PROTECTION**

It is Biovail’s policy to pay due regard to the health and safety of its employees, officers, directors and others, and to the state of the environment. There are federal, provincial, state and local workplace safety and environmental laws which through various governmental agencies regulate both physical safety of employees, officers and directors and their exposure to conditions in the workplace. Should you be faced with an environmental health issue or have a concern about workplace safety, you should contact your Health and Safety Committee representative or notify Biovail management immediately.

Many countries and their regional and local governments now have complex legislation to protect the health and safety of employees, or the general public, and to prevent pollution and protect the environment. In case of violation, these laws often provide penalties for both the company involved and its executive personnel. Biovail’s SLO should always be consulted when necessary to understand or comply with such laws.

**11. WORK ENVIRONMENT**

Employees, officers and directors must treat each other with professional courtesy and respect at all times. Employees, officers and directors shall not subject any other employee to unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct which might be construed as sexual in nature, or harass others on the basis of race, disability, gender, sexual orientation or any other consideration prohibited by law. Such conduct may constitute sexual harassment or harassment under federal, provincial and state law and may be the basis for legal action against the offending employee and/or Biovail.

Employees are encouraged to report all conduct that they believe in good faith to be violations of local anti-harassment policies. To the extent permissible under local law the identity of the employees, officers or directors involved will be kept strictly confidential, and will not be revealed by Biovail’s management without the employee’s permission. The alleged harassment will be thoroughly investigated by Biovail and appropriate action will be taken. Biovail has an appropriate policy to protect employees against discrimination or retaliation as a result of such a complaint.

---

**12. INTEGRITY OF RECORDS AND FINANCIAL REPORTS**

It is of critical importance that Biovail’s filings with the appropriate regulatory authorities (e.g. U.S. Securities and Exchange Commission) be accurate and timely. Depending on their position with Biovail, an employee, officer or director may be called upon to provide necessary information to ensure that Biovail’s public reports are complete, fair and understandable. Biovail expects employees, officers and directors to take this responsibility very seriously and to provide prompt accurate answers to inquiries related to Biovail’s public disclosure requirements.

The integrity of Biovail’s record keeping systems will be respected at all times. Employees, officers and directors are forbidden to use, authorize, or condone the use of “off-the-books” bookkeeping, secret accounts, unrecorded bank accounts, “slush” funds, falsified books, or any other devices that could be utilized to distort records or reports of Biovail’s true operating results and financial conditions or could otherwise result in the improper recordation of funds or transactions.

**13. USE OF AGENTS AND NON-EMPLOYEES, OFFICERS AND DIRECTORS**

Agents or other non-employees cannot be used to circumvent the law. Employees, officers and directors will not retain agents or other representatives to engage in practices that run contrary to the Standards of Business Conduct or applicable laws.

**14. INTERNATIONAL OPERATIONS**

Employees, officers and directors operating outside of Canada and the United States have a special responsibility to know and obey the laws and regulations of countries where they act for Biovail. Customs vary throughout the world, but all employees, officers and directors must uphold the integrity of Biovail in other nations diligently.

**15. STANDARDS OF BUSINESS CONDUCT**

**A. Initial Distribution**

- i. Employees, officers and directors designated to receive these Standards will receive their copies immediately after publication.
  - ii. Future employees, officers and directors designated to receive these Standards will receive their copies at the time they are hired.
-

**B. Initial Verification**

Upon receiving their copy of the Standards, employees, officers and directors current and future will:

- i. Become thoroughly familiar with the Standards.
- ii. Resolve any doubts or questions about the Standards with their supervisors.
- iii. Inform their supervisors of any existing holdings or activities that might be, or appear to be, inconsistent with, or in violation of, the Standards.
- iv. Prepare written disclosures of such information, if requested, by supervisors.
- v. Take steps to correct existing situations and bring holdings and activities into full compliance with the Standards. Such steps will be approved in writing by supervisors and will be based on the written disclosure submitted by employees, officers or directors.
- vi. Sign the verification and return it to their supervisors who will make it part of employee’s permanent corporate records.

**C. Maintaining Compliance**

- i. Employees, officers and directors have the responsibility to maintain their understanding of the Standards of Business Conduct and for following them.
  - ii. Supervisors have the responsibility to maintain an awareness on the part of their employees, officers and directors of the importance of their adhering to the Standards of Business Conduct and for reporting deviations to Management.
  - iii. As requested by the Board of Directors or senior management, employees, officers and directors will be asked to re-verify their understanding of the Standards of Business Conduct and their compliance with them every year as a part of Biovail’s annual reporting.
  - iv. Employees, officers and directors must inform their supervisors of any changes in their holdings or activities that might be, or appear to be in non-compliance with the Standards of Business Conduct.
  - v. Employees, officers and directors must prepare written disclosure of such information, if requested, by supervisors.
  - vi. Employees, officers and directors must take steps to correct any such changes, if necessary, to bring holdings and activities into full compliance. Such steps will be approved in writing by supervisors and Management and will be based on the written disclosures submitted by employees, officers and directors.
-

**D. Audits of Compliance**

Regular audits of Biovail will include procedures to test compliance with the Standards of Business Conduct.

**16. VIOLATIONS OF STANDARDS**

Employees, officers and directors must immediately report any violations of the Standards or any violation of any applicable law, rule or regulation. Failure to do so can have serious consequences for the employees, officers or directors and for Biovail.

Employees, officers and directors, should report violations to their supervisors and/or to the Human Resources department and to the SLO or to any secure reporting hotline the company may have contracted with. When in doubt, employees should talk to their supervisors or other appropriate personnel to determine the best course of action in a particular situation.

Supervisors and the Human Resources group have the responsibility to promptly and thoroughly investigate all reports, and to report violations to the SLO.

After a violation is investigated, appropriate action will be taken promptly. Management has the right to determine the appropriate disciplinary action for a violation up to and including termination of employment. All proposed disciplinary action is subject to review by senior Management, Human Resources and the SLO.

Employees, officers and directors should be aware that, in addition to any disciplinary action taken by Biovail, violations of certain Standards may require restitution and may lead to civil or criminal action against individual employees, officers and directors and any corporation involved.

Supervisors have the responsibility of taking remedial steps to correct any operating procedures that may contribute to violations of Standards.

Retaliation in any form against an individual who reports a violation of these Standards of Business Conduct or of any law, rule or regulation in good faith, or who assists in the investigation of a reported violation, is itself a serious violation of this policy. Acts of retaliation will be disciplined appropriately and should be reported immediately to your supervisor or Human Resources.

**17. CONTINUANCE OF EXISTING PERSONNEL POLICIES, RULES AND PERFORMANCE STANDARDS**

Biovail has codified numerous personnel policies, rules and standards of employee performance, which continue in force. These Standards of Business Conduct are intended to supplement and amplify those established personnel policies, rules and standards.

---

It continues to be the responsibility of all employees to comply with all such policies, rules and performance standards. Additionally, all members of management are to continue making certain that employees reporting to them are made aware of established policies, rules and performance standards and comply with them.

**18. AMENDMENT, MODIFICATION AND WAIVER**

Biovail will periodically review these Standards of Business Conduct. These Standards may be amended, modified or waived by the Board of Directors and waivers may also be granted by the Nominating & Governance Committee, subject to the disclosure and other provisions of the Securities Exchange Act of 1934, and the rules there under and the applicable rules of the Toronto Stock Exchange/New York Stock Exchange. Employees, officers and directors will be fully informed of any revisions to the Standards of Business Conduct.

Any waiver of these Standards for any employee other than a director or an executive officer, may only be made by the Executive Chairman or the CEO. Any waiver of these Standards for director or an executive officer may be made only the Board of Directors or the Compensation, Nominating and Corporate Governance Committee and will be promptly disclosed to Biovail’s stockholders.

---

**VERIFICATION AND RECEIPT OF UNDERSTANDING**

I have received a copy of Standards of Business Conduct for BIOVAIL CORPORATION and its subsidiaries, divisions and affiliates. I understand how the Standards apply to me. I acknowledge that my receiving the Standards obligates me to follow them and I agree to abide by their conditions.

**BIOVAIL CORPORATION  
EXECUTIVE EMPLOYMENT AGREEMENT**

THIS AGREEMENT is made by and between Biovail Corporation (hereinafter the “Corporation”) and Margaret Mulligan (hereinafter the “Executive”).

**ARTICLE ONE – GENERAL DUTIES AND TERM**

**Scope of Employment / Duties**

1.01 The Corporation will employ the Executive as **Senior Vice President & Chief Financial Officer**. The Executive will serve as an officer of the Corporation. During the Employment Term (as defined below), the Executive will devote substantially all of the Executive’s business efforts and time to the Corporation. The Executive agrees, during the Employment Term, not to actively engage in any other employment, occupation or consulting activity for any direct or indirect compensation without the prior approval of the Chief Executive Officer of the Corporation (the “CEO”); provided, however, that the Executive may (a) serve on the boards of directors of other companies (subject to reasonable approval of the CEO) and boards of trade associations or charitable organizations; (b) engage in charitable activities and community affairs; and (c) manage the Executive’s personal investments and affairs, as long as such activities do not violate Section 4.02 and do not materially interfere with the Executive’s duties and responsibilities for the Corporation.

1.02 The Corporation reserves the right to establish the employment relationship with the Executive directly with the Corporation or with any of its affiliates or subsidiaries, or to change such employment relationship over time, as it deems necessary or appropriate to comply with legal requirements or for ease of administration of employee benefits programs or other matters.

1.03 Notwithstanding 1.02, the Corporation acknowledges and agrees that the Executive’s principal residence is and shall remain Mississauga, Ontario, Canada.

**Term of Agreement**

1.04 The Corporation hereby agrees to employ the Executive and the Executive hereby accepts employment, in accordance with the terms and conditions of this Agreement, commencing on September 3, 2008 (the “Employment Commencement Date”). The period of the Executive’s employment under this Agreement will be referred to as the “Employment Term.” Subject to the Corporation’s obligation to provide severance benefits and the parties’ obligation to provide a Notice of Termination (as defined below), the Executive and the Corporation acknowledge that this employment relationship may be terminated at any time and for any or no cause or reason at the option of either the Executive or the Corporation.

---

## ARTICLE TWO – COMPENSATION

### Base Salary

2.01 As of the Employment Commencement Date, the Executive’s annualized base salary will be \$410,000 (USD), payable in accordance with the Corporation’s normal payroll practices for employees generally, and will be subject to annual review in accordance with the Corporation’s normal review process for other similarly situated senior executives. The Executive’s base salary shall be converted and paid in Canadian currency. The conversion into Canadian currently shall be made at the beginning of every quarter at a rate equal to the average exchange rate for the previous quarter (as furnished by the Controller of the Corporation).

### Incentive Compensation

2.02 The Executive will be eligible to participate in the Corporation’s short term annual incentive compensation plan as such plan may be amended from time to time (the “Short Term Incentive Plan”) in accordance with the terms of the Short Term Incentive Plan. For the Executive’s year of hire, the Executive’s target will be fifty percent (50%) of the Executive’s annual base salary.

### Equity Compensation

2.03 Eligibility and Terms.

The Executive will be eligible to participate in the Corporation’s equity compensation plan, as such plan may be amended from time to time (the “Equity Compensation Plan”), in accordance with the terms of the Equity Compensation Plan, except as may be otherwise indicated in this Agreement. The Executive’s annual target under the Equity Compensation Plan shall be 75,000 stock options and 6,250 Restricted Share Units (“RSUs”), or a substantially equivalent award. The ECP awards for the 2008 plan year will not be prorated.

### Employee Benefits

2.04 During the Employment Term, the Executive will be eligible to participate in employee benefit plans and programs that are offered to the Corporation’s other similarly-situated senior executives in accordance with the terms of such plans as they may change from time to time. Nothing in this Agreement shall preclude the Corporation or any affiliate of the Corporation from terminating or amending any employee benefit plan or program from time to time after the Employment Commencement Date.

**Expenses**

2.05 The Executive shall be reimbursed for reasonable out of pocket business expenses, including travel and entertainment expenses, actually and properly incurred by the Executive in the course of performing the Executive’s services hereunder, upon furnishing to the Corporation reasonable supporting statements and vouchers; provided, however, that in any financial year in which the Corporation has provided to the Executive an approved budget, such expenses must not exceed the amount so budgeted without the prior written approval from the CEO.

**Vacation**

2.06 The Executive will be eligible for five (5) weeks of vacation annually, to be taken in accordance with the terms of the Corporation’s Vacation Policy, without regard to any lesser amount of vacation time set forth therein. Notwithstanding the foregoing, the Executive’s eligibility for vacation in the year of hire will be pro-rated in the manner specified in the Corporation’s Vacation Policy.

**ARTICLE THREE – TERMINATION AND RESIGNATION**

**Involuntary Termination - Either By The Corporation Without Cause or By The Executive For Good Reason**

3.01 If the Executive incurs an involuntary termination from employment with the Corporation on account of a termination by the Corporation without Cause or by the Executive for Good Reason, then, in addition to any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the date that is designated by the Corporation or the Executive, as applicable, as the last day of the Executive’s employment or term of office with the Corporation (the “Termination Date”), the Executive will be eligible for the severance payments and benefits as described in this Section 3.01; provided that (i) the Executive continues to comply with the Restrictive Covenants (as defined below); and (ii) the Executive executes, and does not revoke, a written waiver and release of all claims, demands and causes of action against the Corporation and related parties in a form prescribed by the Corporation, as limited by Section 3.09 (“Release”):

- (a) The Executive will be paid a lump sum severance payment within 60 days of the Executive’s Termination Date, equal to one (1) times the Executive’s base salary (calculated using the Executive’s highest annual base salary in the three years prior to the Executive’s Termination Date) plus one (1) times the Executive’s target level of annual incentive compensation for the year prior to the year in which the Executive’s Termination Date occurs;
- (b) The Executive will be entitled to a pro-rated portion of the Executive’s target level of annual incentive compensation () for the year in which the Executive’s Termination Date occurs, based on the number of months (rounded to the next highest number for a partial month) of the calendar year elapsed prior to the Executive’s

Termination Date and calculated and paid in accordance with the terms of the Corporation’s Short Term Incentive Plan; and

(c) Until the earlier of (i) the end of the one (1) year period following the Executive’s Termination Date, or (ii) the date, or dates, the Executive is eligible to receive benefits under the same type of plan of a subsequent employer (the “Benefit Period”), the Corporation will pay to the Executive a monthly payment on the first payroll date of each month equal to the cost of continued medial and dental coverage for the Executive and the Executive’s covered dependents under the medical and dental plans of the Corporation less the amount that the Executive would be required to contribute for medical and dental coverage if the Executive were an active employee. These payments will commence on the Corporation’s first payroll date after the Executive’s Termination Date and will continue until the end of the Benefit Period (but not longer than the Benefit Period).

**Involuntary Termination By The Corporation For Cause Or Voluntary Resignation Without Good Reason**

3.02 If the Executive is involuntarily terminated by the Corporation for Cause or the Executive voluntarily resigns from employment without Good Reason, then the Executive will forfeit the Executive’s right to receive any salary, Short Term Incentive Plan compensation, Equity Compensation Plan compensation or other compensation that has not been fully accrued at the time the Executive’s employment terminates; provided, however, that the Executive will be entitled to receive any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Executive’s Termination Date.

**Death or Disability**

3.03 The Executive’s employment will terminate automatically upon the Executive’s death. The Corporation may terminate the Executive’s employment if illness, disease, or physical or mental incapacity render the Executive generally incapable of performing the Executive’s duties or unfit to advance or represent the Corporation on a daily basis for a period of twelve (12) consecutive months and within such twelve (12) months, the Executive fails to produce to the Corporation a medical opinion indicating a reasonable time for the return of the Executive to the full-time assumption of the Executive’s past duties and responsibilities. Nothing herein is intended to circumvent or abridge the Corporation’s short-term disability policy or long-term disability plan. In the event of termination pursuant to the terms of this Section 3.03, the Executive or the Executive’s estate, as applicable, will be entitled to receive any salary, benefits or other amounts accrued, earned and due to the Executive but not yet paid as of the Executive’s Termination Date.

**Cause**

3.04 For purposes of this Agreement, Cause includes:

- (a) conviction of the Executive, or entering of a guilty plea or a plea of no contest by the Executive, with respect to, a felony, any crime involving fraud, larceny or embezzlement or any other crime involving moral turpitude which subjects, or if generally known, would damage the business interests or reputation of the Corporation or any of its affiliates;
- (b) any act of fraud, misappropriation, material dishonesty, embezzlement or similar conduct involving the Corporation or any affiliates;
- (c) a material breach by the Executive of the Executive's duties hereunder (other than as a result of incapacity due to physical or mental impairment) which is demonstrably willful and deliberate on the part of the Executive or which is committed in bad faith or without reasonable belief that such breach is in the best interests of the Corporation;
- (d) a material breach by the Executive of the Executive's duties hereunder (other than as a result of incapacity due to physical or mental impairment), except as identified in Section 3.04(c) above, which breach is not remedied by the Executive within 30 days after receipt of written notice from the Corporation specifying such breach; or
- (e) the Executive's failure to comply in any material way with any of the provisions of this Agreement.

**Good Reason**

3.05 For purposes of this Agreement, a voluntary resignation by the Executive will be deemed to be a termination for Good Reason if:

- (a) The Corporation makes: (i) any assignment to the Executive of any duties which are materially inconsistent with the Executive's position; (ii) any material reduction in the Executive's authority, responsibilities or status; or (iii) a material reduction to the Executive's base salary;
- (b) The Executive notifies the Corporation in writing of the Executive's belief that the Corporation has taken an action identified in Section 3.05(a) within thirty (30) days of the event at issue;
- (c) The Corporation has not remedied the situation within thirty (30) days after receipt of written notice from the Executive; and
- (d) The Executive provides a Notice of Termination within thirty (30) days after the Corporation's opportunity to remedy the situation has expired.

**Change in Control**

3.06 (a) The Corporation shall provide the payments and benefits described in Section 3.06(b) below only if: (i) the Executive continues to comply with the Restrictive Covenants (as such term is defined below); and (b) the Executive executes, and does not revoke, a Release (as defined above).

(b) Upon a Change in Control (as defined below), and an involuntary termination of the Executive's employment either by the Corporation without Cause or by the Executive for Good Reason, which termination occurs within a period of twelve (12) months following the Change in Control, the Corporation shall provide to the Executive, in addition to any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Executive's Termination Date, but in lieu of any payments or benefits to which the Executive may be entitled under Section 3.01 above, (a) a lump sum severance payment of two (2) times the Executive's base salary (calculated using the Executive's highest annual base salary in the three years prior to the Executive's Termination Date) plus two (2) times the Executive's target level of annual incentive compensation under the Short Term Incentive Plan for the year prior to the year in which the Executive's Termination Date occurs, payable within thirty (30) days of the Executive's Termination Date and, (b) any unvested equity compensation awards held by the Executive shall automatically accelerate and become one hundred percent (100%) vested and, as applicable, exercisable, as of the Executive's Termination Date.

(c) For the purpose of this Section 3.06, "Change in Control" means the happening of any of the following events:

- (i) the completion of a transaction pursuant to which (A) the Corporation goes out of existence or (B) any person, or any Associate (as such terms defined in National Instrument 45-106 - *Prospectus and Registration Exemptions*, as amended from time to time, or such other successor rules, instruments or policies from time to time of Canadian provincial securities regulatory authorities which may govern trades of securities to employees, officers, directors or consultants ("NI45-106")) or Related Entity (as such term is defined in NI45-106) of such person (other than the Corporation, any trustee or other fiduciary holding securities under any employee benefit plan of the Corporation or a Related Entity, or any company owned, directly or indirectly, by the shareholders of the Corporation in substantially the same proportions as their ownership of common shares of the Corporation) hereafter acquires the direct or indirect "beneficial ownership" (as defined by the *Canada Business Corporations Act*) of securities of the Corporation representing 50% or more of the aggregate voting power of all of the Corporation's then issued and outstanding securities;

- (ii) the lease, exchange, license, sale or other similar disposition of all or substantially all of the Corporation's assets in one transaction or a series of related transactions to a person, or any Associate or Related Entity of such person (other than an Associate or Related Entity of the Corporation, any trustee or other fiduciary holding securities under any employee benefit plan of the Corporation or a Related Entity, or any company owned, directly or indirectly, by the shareholders of the Corporation in substantially the same proportions as their ownership of common shares of the Corporation);
- (iii) the dissolution or liquidation of the Corporation except in connection with the distribution of assets of the Corporation to one or more persons which were Related Entities prior to such event;
- (iv) during any period of 24 consecutive months beginning on or after the date of the Equity Compensation Plan, the persons who were members of the Board immediately before the beginning of such period (the "Incumbent Directors") cease (for any reason other than death) to constitute at least a majority of the Board or the board of directors of any successor to the Corporation, provided that any director who was not a director as of the date of the Equity Compensation Plan shall be deemed to be an Incumbent Director if such director is elected to the Board by, or on the recommendation of or with the approval of, at least two-thirds of the directors who then qualified as Incumbent Directors either actually or by prior operation of the foregoing unless such election, recommendation or approval occurs as a result of an actual or threatened election contest or other actual or threatened solicitation of proxies or contests by or on behalf of a person other than a member of the Board; or
- (v) a merger, amalgamation, arrangement or consolidation of the Corporation with any other corporation other than a merger, amalgamation, arrangement or consolidation that would result in the voting securities of the Corporation outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the Corporation or such surviving entity outstanding immediately after such merger, amalgamation, arrangement or consolidation; provided, however, that a merger, amalgamation, arrangement or consolidation effected to implement a recapitalization of the Corporation (or similar transaction) in which no person (other than those covered by the exceptions in (i) above) acquires more than 50% of the combined

voting power of the Corporation's then outstanding securities shall not constitute a Change in Control.

### **Notice of Termination**

3.07 Any termination of employment by the Corporation or by the Executive shall be communicated by notice of termination to the other party hereto given in accordance with Section 5.09 (a "Notice of Termination"). For purposes of this Agreement, Notice of Termination means a written notice which (a) identifies the specific termination provision in the Agreement relied upon, and (b) to the extent applicable, sets forth in reasonable detail the facts and circumstances claimed to provide a basis for termination of the Executive's employment under the provision identified, and (c)(i) in the case of a termination by the Corporation, specifies the Executive's Termination Date which shall not be less than fifteen (15) nor more than sixty (60) days after the giving of such notice; or (ii) in the case of a termination by the Executive without Good Reason, shall not be less than ninety (90) days after the giving of such notice.

### **Payments After Termination of Employment**

3.08 Payments made by the Corporation to the Executive pursuant to this Agreement after the Executive's Termination Date will be made by courier delivery service to the last address provided for notices to the Executive pursuant to Section 5.09 of this Agreement.

### **Release**

3.09 The Release identified in Sections 3.01 and 3.06 will not require the Executive to release any right the Executive may have to indemnification as an officer, director or employee of the Corporation (or any affiliate thereof) pursuant to the articles of incorporation or bylaws (or other governing instruments) of the Corporation (or any affiliate thereof) or any vested benefits to which the Executive may be entitled under any employee benefit plan.

## **ARTICLE FOUR – EXECUTIVE'S OBLIGATIONS**

### **Confidentiality**

4.01 The Executive agrees to be bound by the terms of the confidentiality agreement (the "Confidentiality Agreement") dated the date hereof, which Confidentiality Agreement has been read, understood and executed by the Executive and is attached hereto as Schedule A and which is incorporated by reference into this Agreement. In the event of a conflict between the terms of this Agreement and the terms of the Confidentiality Agreement, the terms of this Agreement shall govern.

**Non-Competition**

4.02 The Executive acknowledges that the Corporation currently conducts Business activities in, among other jurisdictions, Canada and the United States (the “Territory”). Accordingly, the Executive hereby agrees and covenants that the Executive shall not, during the term of this Agreement, and for a period of twelve (12) months following the Executive’s Termination Date for involuntary termination by the Corporation for Cause, voluntary termination by the Executive, or a termination following a Change in Control to which the provisions of Section 3.06 apply, directly or in any manner whatsoever, including without limitation, either individually, in partnership, jointly or in conjunction with any other individual, partnership, corporation, unincorporated organization, trust, joint venture, the Crown or any agency or instrumentality thereof of any juridical entity (a “Person”), in the Territory:

- (a) carry on, be engaged in, take part in or be a party to any undertaking, directly or indirectly; or
- (b) consult, advise, render services to lend money, guarantee the debts or obligations of or permit the use of the Executive’s name or any part thereof by any Person with respect to a business carried on by that Person,

which actively competes directly with the Corporation’s business objects or could be judged to be causing or potentially be causing through competitive acts, material harm to the Corporation.

For the purposes of this Section 4.02, as of the date of this Agreement, a Person shall include, but not be limited to, Abbott Laboratories, Andrx Group, Apotex Inc., Bayer Inc., Elan Corporation, Ethypharm S.A., Flamel Technologies, S.A., Forest Laboratories Inc., Johnson & Johnson, King Pharmaceuticals, Inc., Lundbeck Canada Inc., Pfizer Inc., Novopharm Limited, GlaxoSmithKline, Reliant Pharmaceuticals, Inc., Teva Pharmaceutical Industries Ltd., Wyeth Pharmaceuticals and any of their affiliates and subsidiaries which are in the same or a competitive business and, in addition, shall include any pharmaceutical entity with which the Corporation has a product(s) licensing agreement, any entity in which the Corporation has a minority equity interest and any entity with which the Corporation is at the time actively negotiating a commercial relationship.

During the continuance of the Executive’s employment, the Executive shall not (other than solely as a holder of not more than three per cent (3%) of the issued and outstanding voting shares of any public corporation or as a shareholder of the Corporation, without the written approval of the board of directors of the Corporation, directly or indirectly, either individually or in partnership or in conjunction with any Person or Persons, firm, association, syndicate, company or corporation as principal, agent, director, manager, servant, shareholder or in any other manner whatsoever,) carry on or be engaged in or be concerned with or interested in any business or vocation whatsoever which would be reasonably judged to be competitive to the

Business or would impede the Executive in performing the Executive’s duties as outlined herein.

**Non-Solicitation**

4.03 The Executive hereby covenants and agrees that the Executive shall not, during the term of this Agreement and for a period of twelve (12) months thereafter, solicit or contact, either directly or indirectly, any of the Customers, Prospective Customers or any suppliers of the pharmaceutical compounds used by the Corporation on the Executive’s own behalf, or on behalf of any entity, by which the Executive is hired or retained. “Customers” means customers of the Corporation with which the Executive had personal contact or had supervision over the efforts of those who had direct personal contact with such customers during the last two (2) years of the Employment Term. “Prospective Customer” means any organizations or entities which had been actively contacted and solicited for their business by representatives of the Corporation, and with whom the Executive had contact, both during the last two (2) years of the Employment Term.

**Non-Hiring**

4.04 The Executive hereby covenants and agrees that the Executive shall not, during the term of this Agreement and for a period of twelve (12) months thereafter, either directly or indirectly, solicit or endeavour to solicit from the Corporation any of its employees, and shall not for a period twelve (12) months from the end of the term of this Agreement hire any of the foregoing on the Executive’s own behalf or on behalf of any entity for which the Executive is hired or retained. Notwithstanding the foregoing, the Executive shall not be considered in breach of this section should the Executive solicit for hiring such Executive’s Administrative Assistant.

**Injunctive Relief**

4.05 The Executive acknowledges and agrees that the agreements and covenants in this Article Four are essential to protect the business and goodwill of the Corporation and that a breach by the Executive of the covenants in Sections 4.01, 4.02, 4.03 and 4.04 hereof could result in irreparable harm to the Corporation for which the Corporation could not be adequately compensated in damages and that, accordingly, the Corporation may have no adequate remedy at law if the Executive breaches such provisions. Consequently, if the Executive breaches any of such provisions, the Corporation shall have, in addition to and not in lieu of, any other rights and remedies available to it under any law or in equity, the right to obtain injunctive relief to restrain any breach or threatened breach thereof and to have such provisions specifically enforced by any court of competent jurisdiction.

**Severability of Covenants in Full or in Part**

4.06 The parties acknowledge that the provisions of Article Four hereof (the “Restrictive Covenants”) are reasonable and valid in geographic and temporal scope

and in all other respects. If any court of competent jurisdiction determines that any of the Restrictive Covenants or any part thereof, is or are invalid or unenforceable, the Executive and the Corporation agree that the remainder of the Restrictive Covenants shall not be affected by the deemed invalid portions.

**Assignment of IP**

4.07 The Executive shall disclose to the Corporation any and all Intellectual Property (as defined in the Confidentiality Agreement) which the Executive may make solely, jointly, or in common with other employees during the term of the Executive's employment within the Corporation and which relates to the business. Any Intellectual Property coming within the scope of the business made and/or developed by the Executive while in the employ of the Corporation, whether or not conceived or made during regular working hours, and whether or not the Executive is specifically instructed to make or develop same, shall be for the benefit of the Corporation and shall be regarded as work made in the course of employment for the purposes of the *Copyright Act* (Canada). The Executive shall assign, set over and transfer to the Corporation the Executive's entire right, title and interest in and to any and all of the Intellectual Property and to all letters patent and applications for letters patent which may be, or may have been filed and/or issued by or to the Executive or on the Executive's behalf and the Executive agrees to execute and deliver to the Corporation any and all instruments necessary or desirable to accomplish the foregoing and, in addition, to do all lawful acts which may be necessary or desirable to assist the Corporation to obtain and enforce protection of the Intellectual Property. To the extent of any rights Executive may have with respect to the Intellectual Property which are not assignable, including but not limited to moral rights, the Executive hereby waives same. The Executive will execute and deliver to the Corporation or its successors and assigns, such other and further assignments, instruments and documents as the Corporation from time to time reasonably may request for the purpose of establishing, evidencing, and enforcing or defending its complete, exclusive, perpetual, and world-wide ownership of all rights, titles, and copyrights, in and to the Intellectual Property, and Executive constitutes and appoints the Corporation as agent and attorney-in-fact, with full power of substitution, to execute and deliver such assignments, instruments, documents as Executive may fail to or refuse to execute and deliver, this power and agency being coupled with an interest and being irrevocable.

**Standards of Business Conduct**

4.08 The Executive acknowledges and agrees that the Executive has read and understood and agrees to be bound by the Corporation's Standards of Business Conduct, which is attached hereto as Schedule B.

**No Conflicting Obligations**

4.09 The Executive warrants to the Corporation that:

- (a) the performance of the Executive’s duties as an employee of the Corporation will not breach any agreement or other obligation to keep confidential the Confidential Information of any third party; and
- (b) the Executive is not bound by any agreement with or obligation to any third party that conflicts with the Executive’s obligations as an employee of the Corporation.

**ARTICLE FIVE - INTERPRETATION AND ENFORCEMENT**

**Section 409A**

5.01 This Agreement shall be interpreted to avoid any penalty sanctions under Internal Revenue Code section 409A. If any payment or benefit cannot be provided or made at the time specified herein without incurring sanctions under section 409A, then such benefit or payment shall be provided in full at the earliest time thereafter when such sanctions will not be imposed.

Notwithstanding any provision of this Agreement to the contrary, if the Executive is a key employee of a publicly traded corporation under section 409A at the time of the Executive’s separation from service and if payment of any amount under this Agreement is required to be delayed for a period of six (6) months after separation from service pursuant to section 409A, payment of such amount shall be delayed as required by section 409A, and the accumulated postponed amount shall be paid in a lump sum payment within ten (10) days after the end of the six-month period. If the Executive dies during the postponement period prior to the payment of postponed amount, the amounts withheld on account of section 409A shall be paid to the personal representative of the Executive’s estate within 60 days after the date of the Executive’s death. A “key employee” shall mean an employee who, at any time during the twelve (12) month period ending on the identification date, is a “specified employee” under section 409A of the Internal Revenue Code, as determined by the Board. The determination of key employees, including the number and identity of persons considered key employees and the identification date, shall be made by the Board in accordance with the provisions of sections 416(i) and 409A and the regulations issued thereunder.

For purposes of section 409A, the right to any series of installment payments under this Agreement shall be treated as a right to a series of separate payments. All reimbursements and in kind benefits provided under this Agreement shall be made or provided in accordance with the requirements of section 409A, including, where applicable, the requirement that (i) any reimbursement shall be for expenses incurred during the Executive’s lifetime (or during a shorter period of time specified in this Agreement), (ii) the amount of expenses eligible for reimbursement, or in kind benefits, provided during a calendar year may not affect the expenses eligible for reimbursement, or in kind benefits to be provided, in any other calendar year, (iii) the reimbursement of an eligible expense will be made on or before the last day of the calendar year following the year in which the expense is incurred, and (iv) the right to

reimbursement or in kind benefits is not subject to liquidation or exchange for another benefit.

**Independent Legal Advice**

5.02 The Executive agrees to the terms and conditions of this Agreement having had the opportunity to receive independent legal advice, for which the Executive has been reimbursed by the Corporation.

**Severability**

5.03 The parties further acknowledge that if any provision contained in this Agreement is determined to be invalid or unenforceable in whole or in part, such invalidity or unenforceability shall attach only to such provision or part thereof and the remaining part of such provision and all other provisions hereof shall continue in full force and effect.

**Sections and Headings**

5.04 The division of this Agreement into Articles and Sections and the insertion of headings are for the convenience of reference only and shall not affect the construction or interpretation of this Agreement.

**Number and Gender**

5.05 In this Agreement words importing the singular number only shall include the plural and vice versa and words importing the masculine gender shall include the feminine and neuter genders and vice versa.

**Entire Agreement**

5.06 This Agreement and all the Schedules hereto constitute the entire Agreement between the parties with respect to the subject matter hereof and cancels and supersedes any prior understandings and agreements between the parties with respect thereto. There are no representations, warranties, forms, conditions, undertakings or collateral Agreements, express, implied or statutory between the parties other than as expressly set forth in this Agreement.

**Amendments and Waivers**

5.07 No amendment to this Agreement shall be valid or binding unless set forth in writing and duly executed by both parties. No waiver of any breach of any term or provision of this Agreement shall be effective or binding unless made in writing and signed by the party purporting to give the same and, unless otherwise provided in written waiver, shall be limited to the specific breach waived.

**Governing Law**

5.08 This Agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the Province of Ontario and all legal proceedings contemplated in this Agreement shall be brought in, and be governed by, the laws of the Province of Ontario, without regard to principles of conflicts of law.

**Notices**

5.09 Any demand, notice or other communication (hereinafter in this Section 5.09 referred to as a “Communication”) to be made or given in connection with this Agreement shall be made or given in writing and may be made or given by personal delivery addressed respectively to the recipients:

To the Executive:

Margaret Mulligan  
\* \* \*

To the Corporation:

7150 Mississauga Road  
Mississauga, ON L5N 8M5  
Attn: Chief Executive Officer

or such other address or individual as may be designated by notice by either party to the other. Any communication made or given by personal delivery shall be conclusively deemed to have been given on the day of the actual delivery thereof.

**Benefit of Agreement**

5.10 This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, legal personal representatives, successors and assigns.

**Assignment**

5.11 The Executive may not assign the Executive’s rights or obligations under this Agreement without the prior written consent of the Corporation which consent may be unreasonably withheld. The Corporation may unilaterally assign this agreement to an affiliate without consent but on notice to the Executive.

**Execution of Agreement**

5.12 The Executive acknowledges that the Executive has executed this Agreement freely; that the Executive has reviewed this Agreement thoroughly; that the Executive

agrees with its contents; and that the terms herein are reasonable for the fair protection of both the Executive and the Corporation.

[SIGNATURE PAGE FOLLOWS]

**IN WITNESS WHEREOF**, the parties have executed this Agreement on the dates identified below at **Mississauga, Ontario**:

BIOVAIL CORPORATION

EXECUTIVE

By: /s/ Mark Durham  
Name: Mark Durham  
Title: Senior Vice President  
Corporate Human Resources

/s/ Margaret Mulligan  
Margaret Mulligan

Date: August 21, 2008

Date: August 21, 2008

“SCHEDULE A”

BIOVAIL CORPORATION  
(and its Subsidiaries, Divisions, and Affiliates)

CONFIDENTIALITY AGREEMENT

As an employee of Biovail Corporation (the “Corporation”), I acknowledge that I may acquire or have disclosed to me by the Corporation or by any affiliate, associate, or technology partner of the Corporation, either directly or indirectly, in writing, conversation, or through observation, various information about the business of the Corporation which is not in the public domain and which the Corporation does not wish to be divulged to other persons, companies, or third parties. I further understand that the Corporation’s Confidential Information (as defined below) is essential to its competitive advantage and to its ability to be financially viable. I further understand that the unauthorized disclosure of such Confidential Information may cause the Corporation irreparable injury that may not be rectified in the future.

Therefore, as a condition and in consideration of my employment with the Corporation, I understand and agree that while employed with the Corporation and for a period of time thereafter (as more particularly described below), I am required to hold confidential and not to disclose to anyone without the written authority from the Corporation any knowledge, information, or facts concerning the Corporation’s:

- research and development activities
- technological plans, advances, applications and inventions
- technical specifications, designs and plans
- materials and sources of supply
- discoveries, inventions, trade secrets, patents
- financial affairs, contracts, licensing agreements, customer lists, pricing practices, marketing strategies
- any other information regarding the Corporation, its products and their development which is not in the public domain

All of the foregoing shall hereinafter collectively be referred to as the “Confidential Information”.

For a period commencing on the date I commenced my employment with the Corporation and ending ten (10) years from the date of the termination of my employment with the Corporation, I shall keep confidential any and all Confidential Information which has been disclosed to me in writing or through oral communications and shall not divulge in any manner whatsoever any such information to any person, firm, corporation, partnership or similar entities without the Corporation’s written authority.

Should I breach or threaten to breach this Agreement, I shall be liable to the Corporation in equity and/or in law for damages that may be suffered by the Corporation as a result of the breach or threatened breach. I understand that a breach of this Agreement may result in irreparable harm to the Corporation such as to warrant the entitlement by the Corporation to an interlocutory and/or permanent injunction or other equitable relief against me, and an award of damages including punitive, exemplary and aggravated damages, together with legal costs and expense and I specifically agree that I will not argue the adequacy of damages or the Corporation’s ability to seek equitable relief in any such proceeding.

\_\_\_\_\_

All Confidential Information supplied by the Corporation to me during the course of my employment and any rights related thereto, including but not limited to rights of know how, patent, trademark and copyright, with respect to existing products or those that are developed during or after my employment, are and remain the exclusive and absolute property of the Corporation.

I shall not, except as and to the extent required to enable me to carry out my duties with the Corporation, make any copies or reproduce the Confidential Information nor shall I remove or cause to have removed from the premises of the Corporation during my employment any Confidential Information unless required to do so in order to fulfill my duties with the Corporation. Such copies or reproductions shall be strictly subject to the terms and conditions of this Agreement. I shall take such steps as are necessary to restrict access to and protect the confidentiality of such copies or reproductions of the Confidential Information. Any such copies or reproductions made shall become the exclusive and absolute property of the Corporation.

Upon request of the Corporation, I agree to immediately surrender to the Corporation all documentation and information - notes, drawings, recordings, manuals, letters, correspondence, computer data and programs, records, books or any other materials relating to the Confidential Information which is in my possession without my retaining any copies or duplicates thereof.

I agree that this Agreement shall be construed in accordance with the laws of the Province of Ontario and I agree that the applicable courts of the Province of Ontario shall have exclusive jurisdiction with respect to any dispute or breach herein and I hereby attorn to the exclusive jurisdiction of the courts of the Province of Ontario.

This Agreement shall enure to the benefit of and shall be binding upon my successors, heirs and attorneys.

The disclosure or divulging of any Confidential Information contrary to this Agreement, or the violation of this Agreement in any way shall result in my immediate termination of employment, in addition to which I may be subject to criminal prosecution and civil liability.

I acknowledge and agree that I have executed this Agreement freely and with the benefit of independent legal advice and the terms herein are fair and reasonable.

I acknowledge and agree to the foregoing, effective the 21<sup>st</sup> day of August, 2008.

## **“SCHEDULE B”**

### **BIOVAIL CORPORATION (and its Subsidiaries, Divisions, and Affiliates)**

#### **STANDARDS OF BUSINESS CONDUCT**

Biovail Corporation (“Biovail”), together with its subsidiaries, divisions and affiliates, places great importance on conducting its business activities in an ethical and appropriate manner. Each employee, officer and director is a reflection of Biovail, and as such, the activities and actions of every individual within Biovail must be undertaken in accordance with a high standard of ethics and integrity. As such, Biovail expects each employee, officer and director to comply with, and adhere to, these Standards of Business Conduct (the “Standards”).

#### **CONFLICTS OF INTEREST**

Employees, officers and directors of Biovail must avoid situations where their private interests could conflict with, or even appear to conflict with, the interests of Biovail and its stockholders.

Conflicts of interest arise when an individual’s position or responsibilities with Biovail present an opportunity for personal gain apart from the normal rewards of employment. They also arise when the private interests of an employee, officer or director are inconsistent with those of Biovail or create conflicting loyalties. Such conflicting loyalties can cause an employee, officer or director to give preference to private interests in situations where corporate responsibilities should come first. Employees, officers and directors must perform the responsibilities of their positions on the basis of what is in the best interests of Biovail and free from the influence of personal considerations and relationships.

In the event that any potential conflict of interest arises, the individual involved must immediately notify his or her immediate supervisor. If such individual is an officer or director of Biovail, the Executive Chairman (“Chairman”), Chief Executive Officer (“CEO”) and the General Counsel, or in the absence of a General Counsel the Vice President, Associate General Counsel (“SLO”) of Biovail must also be immediately notified and no further action may be taken unless authorized in writing by the Chairman and/or the CEO.

While it is not possible to detail every situation where conflicts of interest may arise, the following policies cover the areas that have the greatest potential for conflict:

##### **A. Trading in Biovail Securities and Use of Inside Information**

There are numerous laws in Canada and the United States (federal, provincial and state laws), to regulate transactions in corporate securities (stocks and bonds) and the securities industry. Violation of these laws may lead to civil and criminal actions against the individual and Biovail.

- i. Any employee, officer, director or other insider or anyone (family member, etc.) who knows of any material information (as defined below) about Biovail that has not been disclosed to the public (commonly known as “insider information”) may not engage in any transaction in Biovail’s securities until such information is disclosed to the public (whether or not there is a formal trading “black out” in place). This rule applies equally to transactions in securities of other companies. In addition, employees, officers and directors must not provide insider information to others (“tippees”) who may trade in either the securities of Biovail or the securities of other companies.

“Material information” is any information relating to the business and affairs of Biovail that would reasonably be expected to result in a change in the market price or value of Biovail’s securities. Generally speaking, material information is a matter to which an average prudent investor should be reasonably informed before a decision is made to buy or sell the security involved. Examples of such information would include annual or quarterly financial results; significant changes in management; significant shifts in operating or financial circumstances, such as major write-offs and changes in earnings projections; borrowing of a significant amount of funds; acquisitions of, or mergers with, other companies; significant new contracts or loss of business; and major new products, services or patents. This list provides examples only; many other matters may be considered material information.

Employees, officers, directors and other insiders who have questions that relate to the sale or purchase of a security under circumstances where these laws and regulations might apply should consult with the SLO, who may refer them to outside legal counsel.

- ii. In addition to the prohibition against the use of “insider” information which applies to all employees, officers and directors, the various securities laws that apply in the jurisdiction and countries in which Biovail does business place definite restrictions on the manners in which employees, officers and directors of Biovail, and their family members, their associates, etc., may engage in transactions involving the securities of Biovail. Employees, officers and directors shall comply with all laws, rules and regulations that prohibit or restrict insider trading.

Whenever there is any doubt as to whether any transactions involving Biovail’s securities would violate securities laws, employees, officers and directors should consult the SLO of Biovail. Within the framework of the foregoing policies and laws, the final decision of each employee, officer or director, with respect to securities transactions, must be his or her own.

- iii. Employees, officers, directors and other insiders shall maintain the confidentiality of information entrusted to them by Biovail or its customers (except where disclosure is authorized or legally mandated) and shall not, without proper authority, give or release to anyone not employed by Biovail, data or information of a confidential nature concerning Biovail. Disclosure of confidential information can be harmful to Biovail and could be the basis for legal action against Biovail and the individual disclosing the information. Confidential information includes all non-public information that might be of use to competitors, or harmful to Biovail or its customers, if disclosed.

- iv. Employees, officers, directors and other insiders shall not acquire any property, security or any business interest that they know Biovail has an interest in acquiring. Moreover, based on such advance information, employees, officers and directors shall not acquire any property, security or business interest for speculation or investment.
- v. Employees, officers, directors and other insiders must follow Biovail policies regarding “Blackout Periods” when Biovail’s stock may not be traded. Such policies will be communicated by the SLO from time to time and must be adhered to by all employees, officers and directors.

**B. Personal Financial Interest**

Employees, officers and directors should avoid any outside financial interests that might influence decisions or actions they have been empowered to make on behalf of Biovail. An employee, officer or director performing duties in conformity with this policy shall not have a financial interest in, indebtedness to, or a personal contract or understanding with any concern with which he or she does business on behalf of Biovail.

- i. Employees, officers or directors whose corporate duties bring them into business dealings with an organization in which they, or a member of their family, have a financial interest or to which they, or a member of their family, have any indebtedness, or a business employing a relative or close friend, must immediately notify their immediate supervisor. The employee, officer or director, in turn, cannot complete a transaction on behalf of Biovail with this organization unless properly authorized in writing from their supervisor after full disclosure of the relationship.
- ii. An employee, officer or director may not perform work or services, outside the course of their normal employment by Biovail, for an organization doing or seeking to do business with Biovail without appropriate prior written approval of their supervisor or the Board of Directors. An employee, officer or director may not be a director, officer, partner or consultant of an organization doing or seeking to do business with Biovail, nor may any of them permit their names to be used in any way indicating a business connection with such an organization, without appropriate prior written approval of their supervisor or the Board.
- iii. An employee, officer or director shall not accept for himself or herself, or for the benefit of any relative or friend, any payments, loans, services, favors involving more than ordinary social amenity, or gifts of more than nominal value from any organization doing or seeking to do business with Biovail.
- iv. The requirement of freedom from conflict of interest applies with equal force to the spouse, children and other close relatives of each employee, officer and director. This policy applies to all employees, officers and directors of Biovail with respect to all of the affairs of Biovail.
- v. Employees, officers and directors shall not (a) take for themselves personally opportunities that are discovered through the use of corporate property, information or position; (b) use corporate property, information, or position for personal gain; (c) compete with Biovail. Employees, officers and directors owe a

duty to Biovail to advance its legitimate interests when the opportunity to do so arises.

- vi. Biovail may not make loans to any employee, officer or director.

#### **C. Outside Activities**

Employees, officers and directors should avoid outside employment or activities which would impair the effective performances of their responsibilities to Biovail, either because of excessive demands on their time, or because the outside commitments can be contrary to their obligations to Biovail

#### **D. Protection and Proper Use of Biovail's Assets**

All employees, officers and directors should protect Biovail's assets and ensure their efficient use. Theft, carelessness and waste have a direct impact on Biovail's profitability. All of Biovail's assets should be used only for legitimate business purposes.

#### **E. Fair Dealing**

Each employee, officer and director shall endeavor to deal fairly with Biovail's customers, suppliers, competitors and employees. None should take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts, or any other unfair-dealing practice.

### **2. COMPETITIVE PRACTICES**

The management of Biovail firmly believes that fair competition is fundamental to continuation of the free-enterprise system. Biovail complies with, and supports, laws of all countries that prohibit restraints of trade, unfair practices, or abuse of economic power.

Biovail will not enter into arrangements that unlawfully restrict its ability to compete with other businesses, or the ability of any other business organization to compete freely with Biovail. Biovail policy also prohibits employees, officers and directors from entering into, or even discussing, any unlawful arrangement or understanding which may affect its pricing policies, terms upon which its products and services are sold, or which might be construed as dividing customers or sales territories with a competitor.

These principles of fair competition are basic to all Biovail operations. They are integral parts of the following sections that cover Biovail's dealings with suppliers, customers and public officials.

### **3. DEALING WITH SUPPLIERS**

Biovail is a valuable customer for many suppliers of goods, services and facilities. People who want to do business, or to continue to do business, with Biovail must understand that all purchases by Biovail will be made in accordance with its purchasing policy and exclusively on the basis of price, quality, service and suitability to Biovail's needs.

**A. Reciprocity**

Biovail considers reciprocity a harmful practice and a hindrance to assuring purchase of the best available materials or services at the lowest possible prices. It will not be practiced or allowed.

Suppliers of goods and services to Biovail will not be asked to buy goods and services from Biovail in order to become or continue as a supplier.

Biovail will not attempt to influence its suppliers to purchase from customers of Biovail. When Biovail makes purchases it will not favor firms who are customers of Biovail or any of its affiliates.

**B. “Kickbacks” and Rebates**

Purchases or sales of goods and services by Biovail must not lead to employees, officers or directors, or their families, receiving any type of personal kickbacks or rebates. Employees, officers, directors, and their families, must not accept any form of “under-the-table” payment.

**C. Receipt of Gifts and Entertainment**

Even when gifts and entertainment are exchanged out of the purest motives of personal friendship, they can be misunderstood. They can appear to be attempts to bribe Biovail’s employees, officers or directors into directing business of Biovail to a particular supplier. To avoid both the reality and the appearance of improper relations with suppliers or potential suppliers, the following standards will apply to the receipt of gifts and entertainment by employees, officers and directors of Biovail:

**Gifts**

- i) Employees, officers and directors are prohibited from soliciting gifts, gratuities, or any other personal benefit or favor of any kind from suppliers or potential suppliers. Gifts include not only merchandise and products but also personal services, and tickets to theatrical and sports events. Employees, officers and directors should exercise good judgment when accepting unsolicited gifts. Employees, officers and directors are prohibited from accepting gifts of money.
- ii) Employees, officers and directors may accept unsolicited non-money gifts provided:
  - (1) They are items of nominal intrinsic value; or
  - (2) They are advertising and promotional materials, clearly marked with Biovail or brand names of the giver.

- iii) Any gift of more than nominal intrinsic value must be reported to the SLO to determine whether it can be accepted. Some gifts may be perishable so as to make their return impractical. Supervisors can permit acceptance of such gifts, but should require employees, officers and directors to tactfully inform givers that such gifts are discouraged.
- iv) In the transaction of some international business, it is lawful and customary for business leaders in some countries to give unsolicited gifts to employees, officers or directors of Biovail. These gifts can be of more than nominal value. Moreover, under the circumstances, returning the gifts or payment for them may constitute an affront to the giver. In such cases, the gift must be reported to the SLO who may permit the retaining of the gifts.
- v) In all other instances where gifts cannot be returned or may adversely affect Biovail's continuing business relationships, the SLO must be notified. They can require employees, officers and directors to transfer ownership of such gifts to Biovail.

#### **Entertainment**

- i) Employees, officers and directors shall not encourage or solicit entertainment from any individual or company with whom Biovail does business. Entertainment includes, but is not limited to, activities such as dinner parties, theater parties, and sporting events.
- ii) From time to time employees, officers and directors may accept unsolicited entertainment, but only under the following conditions:
  - (1) The entertainment occurs infrequently;
  - (2) It arises out of the ordinary course of business;
  - (3) It involves reasonable, not lavish expenditures (the amounts involved should be ones employees, officers and directors are accustomed to normally spending for their own business or personal entertainment); and
  - (4) The entertainment takes place in settings that also are reasonable, appropriate, and fitting to employees, officers and directors, their hosts, and their business at hand.

#### **4. DEALINGS WITH CUSTOMERS AND POTENTIAL CUSTOMERS**

Employees, officers and directors must keep all dealings with customers and potential customers fair and above board. Biovail gets business and keeps it because of the quality of its goods and services. Biovail does not give unethical or illegal rebates, kickbacks, under-the-table payments, or other similar improper favors to customers or their representatives.

The boundary line between ethical and unethical competition, or legal and illegal conduct, is not always well defined, particularly in international activities where differing

local laws, customs, and practices come into play. Therefore, the following standards will serve as guides:

- a) All employees, officers and directors should make themselves aware of and fully comply with all laws, rules and regulations, whether federal, state, local or foreign, including laws governing relations with customers as well as competitors.
- b) All employees, officers and directors engaged in negotiations and contracts with foreign governments, the United States or any political subdivision thereof must also know and abide by the specific rules and regulations covering relations with such governments and their agencies.
- c) Employees, officers and directors may not give gifts to customers except items of nominal value, which fit the legal, normal, and customary pattern of Biovail's sales efforts for a particular market. Exceptions to this policy can occur in international trades where it can be legal, customary, and appropriate business practice to exchange gifts with customers. Only the CEO can authorize the giving, receiving, or exchanging of such gifts. Any gifts received by employees, officers or directors in such an exchange must be reported to the CEO for determination as to the disposition of the gifts.
- d) Entertainment for any customer must fit regular business practices. The place and type of entertainment and the money spent must be reasonable and appropriate.

**5. DEALING WITH PUBLIC OFFICIALS**

Domestic and foreign laws and regulations require Biovail to be in contact with public officials on a wide variety of matters. Employees, officers and directors who regularly make these contacts have special responsibilities for upholding Biovail's good name. The following standards relate to these special responsibilities:

- a) All employees, officers and directors who contact public officials must be familiar with lobbying laws and public disclosure requirements, particularly those that apply to registrations and filings.
- b) No employee shall make any form of payment, direct or indirect, to any public official as an inducement to procuring or keeping business or having a law or regulation enacted, defeated, or violated. This is bribery, pure and simple. It will not be tolerated.

It should be acknowledged that inherent in the current health-care regulatory environment, the definition of "form of payment" may include seemingly trivial gifts and/or favors (e.g. buying lunches, coffee, etc.).

- c) When not prohibited by law, employees, officers and directors are allowed to give to public officials gifts where the presentation and acceptance of gifts is an established custom and a normal business practice. All such gifts shall be of reasonable value and the presentation approved in advance by the CEO. Moreover, such gifts must be presented in a manner that clearly identifies Biovail and the occasion that warrants the presentation.

- d) Employees, officers and directors are also allowed to give public officials gifts in the form of product models and pictures provided the models and pictures are part of Biovail's general marketing and public relations programs (except as noted in clause (b) above).
- e) On special ceremonial occasions, officers of Biovail may publicly give gifts of more than nominal value to public institutions and public bodies. Such gifts can commemorate special events or milestones in Biovail's history.

These may be transmitted through public officials but the gifts are given to the public institutions and public groups they represent, not to the officials personally.

- f) From time to time employees, officers and directors may entertain public officials, but only under the following conditions:
  - i. It is legal and permitted by the entity represented by the official;
  - ii. The entertainment is not solicited by the public official;
  - iii. The entertainment occurs infrequently;
  - iv. It arises out of the ordinary course of business;
  - v. It does not involve lavish expenditures, considering the circumstances;
  - vi. The settings and types of entertainment are reasonable, appropriate and fitting to our employees, officers or directors, their guests, and the business at hand.

**6. POLITICAL ACTIVITIES AND CONTRIBUTIONS**

**A. Canada and the United States**

Employees, officers and directors who participate in partisan political activities must make every effort to ensure that they do not leave the impression that they speak or act for Biovail.

Biovail encourages its employees, officers and directors to participate in political activities in their own time and at their sole expense. No corporate action, direct or indirect, will be allowed that infringes on the right of any employee individually to decide whether, to whom, and in what amount, they will make personal political contributions. The same is true of volunteer political donations of personal service time, so long as it does not interfere with the working status of employees, officers or directors.

**B. Outside Canada and the United States**

No employees, officers and directors are permitted to use Biovail’s funds, facilities, or other assets, to support either directly or indirectly any political candidates or political parties, without advance authorization in writing from their immediate supervisor and the General Counsel. The policy of Biovail is that employees, officers and directors and employees should not participate in political activities in countries of which they are not nationals. However, such persons, of course, are free to participate in political activities in countries of which they are nationals in their own time and at their own expense.

**7. DISCLOSURE**

Biovail has formed a Disclosure Committee to promote consistent practices aimed at informative, timely and broadly disseminated disclosure of Material Information to the market, external stakeholder groups and employees in accordance with all applicable legal, regulatory and stock-exchange requirements.

It is essential that the Disclosure Committee be fully apprised of all material corporate developments to be able to determine whether there is information that should be publicly disclosed, and what the appropriate timing is for release of that information. In some cases, the Disclosure Committee may determine that the information should remain confidential. If that is the case, the Disclosure Committee will determine how that information will be controlled so that it is not inadvertently released. Therefore any employee who becomes aware of information that he/she believes might be material to Biovail and/or any of its affiliates and subsidiaries he/she should advise their manager or supervisor or a member of the Disclosure Committee. Current membership of the Disclosure Committee is posted on the Biovail.com website.

This applies throughout the year, but is particularly critical when annual or quarterly financial statements and Management Discussion and Analysis (MD&A) or regulatory filings are being prepared (e.g. regulatory filings, such as the U.S. Securities and Exchange Commission, Form 20-F).

**8. PUBLIC COMMUNICATIONS**

Given the importance placed on confidentiality and the appropriate disclosures of information regarding Biovail, it is important for employees, officers and directors to ensure that care be taken with any communication regarding Biovail or its activities outside of Biovail.

**A. Designated Spokespersons**

Biovail has designated official spokespersons who are authorized to speak on behalf of Biovail, and answer questions from the news media and the investment community, about Biovail and its activities. Employees, officers and directors who have not been designated as spokespersons for Biovail are not permitted to speak on behalf of the Company to the news media or to the investment community.

**B. Media or Analyst Inquiries**

Any employee who is approached by any person asking for comment on the activities of Biovail must direct any and all such inquiries to a member of the Disclosure Committee or to a member of the Company’s Stakeholder Relations team (Corporate Communications, Investor Relations) so that an appropriate spokesperson can respond to the inquiry on behalf of Biovail.

**C. Conferences**

The Disclosure Committee should be advised of any request to present at any conference or public meeting. Certain materials prepared for any such presentation may be required to be reviewed by the Company’s Stakeholder Relations group.

**D. Electronic Communications**

Care must be taken in all instances in the use of e-mail, and other devices (e.g., Blackberrys) in communications relating to Biovail’s business. While users tend to resort to shorthand communication using these kinds of tools, those communications do form a record of those communications that may be subject to later review and disclosure. A more fulsome policy regarding electronic communications is in place (found in the Human Resources Management System Policy Binder) and should be adhered to by all employees, officers and directors.

**E. The Internet**

Biovail has instituted policies regarding the use of, and access to the Internet by employees, officers and directors. These policies include a prohibition against anyone participating in any chat rooms dedicated to Biovail or its operations or the industry at large. If any employee, officer or director becomes aware that any such chat room exists, they are asked to report the address of such site to the SLO so that it may be monitored and appropriate action may be taken.

**9. EQUAL OPPORTUNITY**

Biovail supports the principle that every individual must be accorded an equal opportunity to participate in the free-enterprise system and to develop their ability to achieve their full potential within that system.

There shall be no discrimination against any employee or applicant because of race, religion, color, sex, age, sexual orientation, national or ethnic origin, or disability (as required by law) or any other consideration prohibited by local law. All employees, officers and directors will be treated with equality during their employment without regard to their race, religion, color, sex, age, national or ethnic origin, or physical handicap, in all matters, including employment, upgrading, promotion, transfer, layoff, termination, rates of pay, selection for training and recruitment. Biovail will maintain a work environment free of discriminatory practice of any kind.

No employee shall have any authority to engage in any action or course of conduct or to condone any action or course of conduct by any other person which shall in any manner, directly or indirectly, discriminate or result in discrimination in the course of one's employment, termination of employment, or any related matter where such discrimination is, directly or indirectly, based upon race, religion, color, sex, age, sexual orientation, national or ethnic origin, disability, or any other consideration prohibited by law.

**10. HEALTH, SAFETY, AND ENVIRONMENTAL PROTECTION**

It is Biovail's policy to pay due regard to the health and safety of its employees, officers, directors and others, and to the state of the environment. There are federal, provincial, state and local workplace safety and environmental laws which through various governmental agencies regulate both physical safety of employees, officers and directors and their exposure to conditions in the workplace. Should you be faced with an environmental health issue or have a concern about workplace safety, you should contact your Health and Safety Committee representative or notify Biovail management immediately.

Many countries and their regional and local governments now have complex legislation to protect the health and safety of employees, or the general public, and to prevent pollution and protect the environment. In case of violation, these laws often provide penalties for both the company involved and its executive personnel. Biovail's SLO should always be consulted when necessary to understand or comply with such laws.

**11. WORK ENVIRONMENT**

Employees, officers and directors must treat each other with professional courtesy and respect at all times. Employees, officers and directors shall not subject any other employee to unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct which might be construed as sexual in nature, or harass others on the basis of race, disability, gender, sexual orientation or any other consideration prohibited by law. Such conduct may constitute sexual harassment or harassment under federal, provincial and state law and may be the basis for legal action against the offending employee and/or Biovail.

Employees are encouraged to report all conduct that they believe in good faith to be violations of local anti-harassment policies. To the extent permissible under local law the identity of the employees, officers or directors involved will be kept strictly confidential, and will not be revealed by Biovail's management without the employee's permission. The alleged harassment will be thoroughly investigated by Biovail and appropriate action will be taken. Biovail has an appropriate policy to protect employees against discrimination or retaliation as a result of such a complaint.

**12. INTEGRITY OF RECORDS AND FINANCIAL REPORTS**

It is of critical importance that Biovail’s filings with the appropriate regulatory authorities (e.g. U.S. Securities and Exchange Commission) be accurate and timely. Depending on their position with Biovail, an employee, officer or director may be called upon to provide necessary information to ensure that Biovail’s public reports are complete, fair and understandable. Biovail expects employees, officers and directors to take this responsibility very seriously and to provide prompt accurate answers to inquiries related to Biovail’s public disclosure requirements.

The integrity of Biovail’s record keeping systems will be respected at all times. Employees, officers and directors are forbidden to use, authorize, or condone the use of “off-the-books” bookkeeping, secret accounts, unrecorded bank accounts, “slush” funds, falsified books, or any other devices that could be utilized to distort records or reports of Biovail’s true operating results and financial conditions or could otherwise result in the improper recordation of funds or transactions.

**13. USE OF AGENTS AND NON-EMPLOYEES, OFFICERS AND DIRECTORS**

Agents or other non-employees cannot be used to circumvent the law. Employees, officers and directors will not retain agents or other representatives to engage in practices that run contrary to the Standards of Business Conduct or applicable laws.

**14. INTERNATIONAL OPERATIONS**

Employees, officers and directors operating outside of Canada and the United States have a special responsibility to know and obey the laws and regulations of countries where they act for Biovail. Customs vary throughout the world, but all employees, officers and directors must uphold the integrity of Biovail in other nations diligently.

**15. STANDARDS OF BUSINESS CONDUCT**

**A. Initial Distribution**

- i. Employees, officers and directors designated to receive these Standards will receive their copies immediately after publication.
- ii. Future employees, officers and directors designated to receive these Standards will receive their copies at the time they are hired.

**B. Initial Verification**

Upon receiving their copy of the Standards, employees, officers and directors current and future will:

- i. Become thoroughly familiar with the Standards.
- ii. Resolve any doubts or questions about the Standards with their supervisors.
- iii. Inform their supervisors of any existing holdings or activities that might be, or appear to be, inconsistent with, or in violation of, the Standards.
- iv. Prepare written disclosures of such information, if requested, by supervisors.
- v. Take steps to correct existing situations and bring holdings and activities into full compliance with the Standards. Such steps will be approved in writing by supervisors and will be based on the written disclosure submitted by employees, officers or directors.
- vi. Sign the verification and return it to their supervisors who will make it part of employee's permanent corporate records.

**C. Maintaining Compliance**

- i. Employees, officers and directors have the responsibility to maintain their understanding of the Standards of Business Conduct and for following them.
- ii. Supervisors have the responsibility to maintain an awareness on the part of their employees, officers and directors of the importance of their adhering to the Standards of Business Conduct and for reporting deviations to Management.
- iii. As requested by the Board of Directors or senior management, employees, officers and directors will be asked to re-verify their understanding of the Standards of Business Conduct and their compliance with them every year as a part of Biovail's annual reporting.
- iv. Employees, officers and directors must inform their supervisors of any changes in their holdings or activities that might be, or appear to be in non-compliance with the Standards of Business Conduct.
- v. Employees, officers and directors must prepare written disclosure of such information, if requested, by supervisors.
- vi. Employees, officers and directors must take steps to correct any such changes, if necessary, to bring holdings and activities into full compliance. Such steps will be approved in writing by supervisors and Management and will be based on the written disclosures submitted by employees, officers and directors.

**D. Audits of Compliance**

Regular audits of Biovail will include procedures to test compliance with the Standards of Business Conduct.

**16. VIOLATIONS OF STANDARDS**

Employees, officers and directors must immediately report any violations of the Standards or any violation of any applicable law, rule or regulation. Failure to do so can have serious consequences for the employees, officers or directors and for Biovail.

Employees, officers and directors, should report violations to their supervisors and/or to the Human Resources department and to the SLO or to any secure reporting hotline the company may have contracted with. When in doubt, employees should talk to their supervisors or other appropriate personnel to determine the best course of action in a particular situation.

Supervisors and the Human Resources group have the responsibility to promptly and thoroughly investigate all reports, and to report violations to the SLO.

After a violation is investigated, appropriate action will be taken promptly. Management has the right to determine the appropriate disciplinary action for a violation up to and including termination of employment. All proposed disciplinary action is subject to review by senior Management, Human Resources and the SLO.

Employees, officers and directors should be aware that, in addition to any disciplinary action taken by Biovail, violations of certain Standards may require restitution and may lead to civil or criminal action against individual employees, officers and directors and any corporation involved.

Supervisors have the responsibility of taking remedial steps to correct any operating procedures that may contribute to violations of Standards.

Retaliation in any form against an individual who reports a violation of these Standards of Business Conduct or of any law, rule or regulation in good faith, or who assists in the investigation of a reported violation, is itself a serious violation of this policy. Acts of retaliation will be disciplined appropriately and should be reported immediately to your supervisor or Human Resources.

**17. CONTINUANCE OF EXISTING PERSONNEL POLICIES, RULES AND PERFORMANCE STANDARDS**

Biovail has codified numerous personnel policies, rules and standards of employee performance, which continue in force. These Standards of Business Conduct are intended to supplement and amplify those established personnel policies, rules and standards.

It continues to be the responsibility of all employees to comply with all such policies, rules and performance standards. Additionally, all members of management are to

continue making certain that employees reporting to them are made aware of established policies, rules and performance standards and comply with them.

**18. AMENDMENT, MODIFICATION AND WAIVER**

Biovail will periodically review these Standards of Business Conduct. These Standards may be amended, modified or waived by the Board of Directors and waivers may also be granted by the Nominating & Governance Committee, subject to the disclosure and other provisions of the Securities Exchange Act of 1934, and the rules there under and the applicable rules of the Toronto Stock Exchange/New York Stock Exchange. Employees, officers and directors will be fully informed of any revisions to the Standards of Business Conduct.

Any waiver of these Standards for any employee other than a director or an executive officer, may only be made by the Executive Chairman or the CEO. Any waiver of these Standards for director or an executive officer may be made only the Board of Directors or the Compensation, Nominating and Corporate Governance Committee and will be promptly disclosed to Biovail’s stockholders.

**VERIFICATION AND RECEIPT OF UNDERSTANDING**

I have received a copy of Standards of Business Conduct for BIOVAIL CORPORATION and its subsidiaries, divisions and affiliates. I understand how the Standards apply to me. I acknowledge that my receiving the Standards obligates me to follow them and I agree to abide by their conditions, effective the 21<sup>st</sup> day of August, 2008.

**BIOVAIL CORPORATION  
EXECUTIVE EMPLOYMENT AGREEMENT**

THIS AGREEMENT is made by and between Biovail Corporation (hereinafter the “Corporation”) and Gilbert Godin (hereinafter the “Executive”).

**ARTICLE ONE — GENERAL DUTIES AND TERM**

**Scope of Employment / Duties**

1.01 The Corporation will employ the Executive as Executive VP & Chief Operating Officer. The Executive will serve as an officer of the Corporation. During the Employment Term (as defined below), the Executive will devote substantially all of the Executive’s business efforts and time to the Corporation. The Executive agrees, during the Employment Term, not to actively engage in any other employment, occupation or consulting activity for any direct or indirect compensation without the prior approval of the Chief Executive Officer of the Corporation (the “CEO”); provided, however, that the Executive may (a) serve on the boards of directors of other companies (subject to reasonable approval of the CEO) and boards of trade associations or charitable organizations; (b) engage in charitable activities and community affairs; and (c) manage the Executive’s personal investments and affairs, as long as such activities do not violate Section 4.02 and do not materially interfere with the Executive’s duties and responsibilities for the Corporation.

1.02 The Corporation reserves the right to establish the employment relationship with the Executive directly with the Corporation or with any of its affiliates or subsidiaries, or to change such employment relationship over time, as it deems necessary or appropriate to comply with legal requirements or for ease of administration of employee benefits programs or other matters.

1.03 Notwithstanding 1.02, the Corporation acknowledges and agrees that the Executive’s principal residence is and shall remain in the United States of America.

**Term of Agreement**

1.04 The Executive has been employed by the Corporation since May 2, 2006 (the “Employment Commencement Date”). The Corporation hereby agrees to continue to employ the Executive and the Executive hereby accepts such continued employment, in accordance with the terms and conditions of this Agreement, commencing on July 3, 2009. The period of the Executive’s employment under this Agreement will be referred to as the “Employment Term.” Subject to the Corporation’s obligation to provide severance benefits and the parties’ obligation to provide a Notice of Termination (as defined below), the Executive and the Corporation acknowledge that this employment relationship may be terminated at any time and for any or no cause or reason at the option of either the Executive or the Corporation.

---

## ARTICLE TWO — COMPENSATION

### Base Salary

2.01 As of the Employment Commencement Date, the Executive's annualized base salary will be \$500,000.02 USD, payable in accordance with the Corporation's normal payroll practices for employees generally, and will be subject to annual review in accordance with the Corporation's normal review process for other similarly situated senior executives.

### Incentive Compensation

2.02 The Executive will be eligible to participate in the Corporation's short term annual incentive compensation plan as such plan may be amended from time to time (the "Short Term Incentive Plan") in accordance with the terms of the Short Term Incentive Plan. As of the date of this Agreement, the Executive's target will be 60% of the Executive's annual base salary.

### Equity Compensation

2.03 Eligibility and Terms.

The Executive will be eligible to participate in the Corporation's equity compensation plan, as such plan may be amended from time to time (the "Equity Compensation Plan"), in accordance with the terms of the Equity Compensation Plan, except as may be otherwise indicated in this Agreement. The Executive's annual target under the Equity Compensation Plan shall be 90,000 stock options and 7,500 Restricted Share Units ("RSUs"), or a substantially equivalent award. Subject to the approval of the Board of Directors, the Executive will be eligible in 2009 for a special one-time grant of 75,000 RSUs subject to performance goals.

### Employee Benefits

2.04 During the Employment Term, the Executive will be eligible to participate in employee benefit plans and programs that are offered to the Corporation's other similarly-situated senior executives in accordance with the terms of such plans as they may change from time to time. Nothing in this Agreement shall preclude the Corporation or any affiliate of the Corporation from terminating or amending any employee benefit plan or program from time to time after the Employment Commencement Date.

### Expenses

2.05 The Executive shall be reimbursed for reasonable out of pocket business expenses, including travel and entertainment expenses, actually and properly incurred by the Executive in the course of performing the Executive's services hereunder, upon furnishing to the Corporation reasonable supporting statements and vouchers; provided, however, that in any financial year in which the Corporation has provided to the Executive an approved budget, such expenses must not exceed the amount so budgeted without the prior written approval from the CEO.

### Vacation

2.06 The Executive will be eligible for 5 weeks of vacation annually, to be taken in accordance with the terms of the Corporation's Vacation Policy, without regard to any lesser

---

amount of vacation time set forth therein. Notwithstanding the foregoing, the Executive’s eligibility for vacation in the year of hire will be pro-rated in the manner specified in the Corporation’s Vacation Policy.

**ARTICLE THREE — TERMINATION AND RESIGNATION**

**Involuntary Termination - Either By The Corporation Without Cause or By The Executive For Good Reason**

3.01 If the Executive incurs an involuntary termination from employment with the Corporation on account of a termination by the Corporation without Cause or by the Executive for Good Reason, then, in addition to any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the date that is designated by the Corporation or the Executive, as applicable, as the last day of the Executive’s employment or term of office with the Corporation (the “Termination Date”), the Executive will be eligible for the severance payments and benefits as described in this Section 3.01; provided that (i) the Executive continues to comply with the Restrictive Covenants (as defined below); and (ii) the Executive executes, and does not revoke, a written waiver and release of all claims, demands and causes of action against the Corporation and related parties in a form prescribed by the Corporation, as limited by Section 3.09 (“Release”):

- (a) The Executive will be paid a lump sum severance payment within 60 days of the Executive’s Termination Date, equal to one (1) times the Executive’s base salary (calculated using the Executive’s highest annual base salary in the three years prior to the Executive’s Termination Date) plus one (1) times the Executive’s target level of annual incentive compensation for the year prior to the year in which the Executive’s Termination Date occurs;
  - (b) The Executive will be entitled to a pro-rated portion of the Executive’s target level of annual incentive compensation for the year in which the Executive’s Termination Date occurs, based on the number of months (rounded to the next highest number for a partial month) of the calendar year elapsed prior to the Executive’s Termination Date and calculated and paid in accordance with the terms of the Corporation’s Short Term Incentive Plan; and
  - (c) Until the earlier of (i) the end of the one (1) year period following the Executive’s Termination Date, or (ii) the date, or dates, the Executive is eligible to receive benefits under the same type of plan of a subsequent employer (the “Benefit Period”), the Corporation will pay to the Executive a monthly payment on the first payroll date of each month equal to the COBRA cost of continued medial and dental coverage for the Executive and the Executive’s covered dependents under the medical and dental plans of the Corporation pursuant to section 4980B of the Internal Revenue Code, less the amount that the Executive would be required to contribute for medical and dental coverage if the Executive were an active employee. These payments will commence on the Corporation’s first payroll date after the Executive’s Termination Date and will continue until the end of the Benefit Period (but not longer than the Benefit Period).
-

**Involuntary Termination By The Corporation For Cause Or Voluntary Resignation Without Good Reason**

3.02 If the Executive is involuntarily terminated by the Corporation for Cause or the Executive voluntarily resigns from employment without Good Reason, then the Executive will forfeit the Executive’s right to receive any salary, Short Term Incentive Plan compensation, Equity Compensation Plan compensation or other compensation that has not been fully accrued at the time the Executive’s employment terminates; provided, however, that the Executive will be entitled to receive any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Executive’s Termination Date.

**Death or Disability**

3.03 The Executive’s employment will terminate automatically upon the Executive’s death. The Corporation may terminate the Executive’s employment if illness, disease, or physical or mental incapacity render the Executive generally incapable of performing the Executive’s duties or unfit to advance or represent the Corporation on a daily basis for a period of twelve (12) consecutive months and within such twelve (12) months, the Executive fails to produce to the Corporation a medical opinion indicating a reasonable time for the return of the Executive to the full-time assumption of the Executive’s past duties and responsibilities. Nothing herein is intended to circumvent or abridge the Corporation’s short-term disability policy or long-term disability plan. In the event of termination pursuant to the terms of this Section 3.03, the Executive or the Executive’s estate, as applicable, will be entitled to receive any salary, benefits or other amounts accrued, earned and due to the Executive but not yet paid as of the Executive’s Termination Date.

---

**Cause**

3.04 For purposes of this Agreement, Cause includes:

- (a) conviction of the Executive, or entering of a guilty plea or a plea of no contest by the Executive, with respect to, a felony, any crime involving fraud, larceny or embezzlement or any other crime involving moral turpitude which subjects, or if generally known, would damage the business interests or reputation of the Corporation or any of its affiliates;
- (b) any act of fraud, misappropriation, material dishonesty, embezzlement or similar conduct involving the Corporation or any affiliates;
- (c) a material breach by the Executive of the Executive’s duties hereunder (other than as a result of incapacity due to physical or mental impairment) which is demonstrably willful and deliberate on the part of the Executive or which is committed in bad faith or without reasonable belief that such breach is in the best interests of the Corporation;
- (d) a material breach by the Executive of the Executive’s duties hereunder (other than as a result of incapacity due to physical or mental impairment), except as identified in Section 3.04(c) above, which breach is not remedied by the Executive within 30 days after receipt of written notice from the Corporation specifying such breach; or
- (e) the Executive’s failure to comply in any material way with any of the provisions of this Agreement.

**Good Reason**

3.05 For purposes of this Agreement, a voluntary resignation by the Executive will be deemed to be a termination for Good Reason if:

- (a) The Corporation makes: (i) any assignment to the Executive of any duties which are materially inconsistent with the Executive’s position; (ii) any material reduction in the Executive’s authority, responsibilities or status; or (iii) a material reduction to the Executive’s base salary;
  - (b) The Executive notifies the Corporation in writing of the Executive’s belief that the Corporation has taken an action identified in Section 3.05(a) within thirty (30) days of the event at issue;
  - (c) The Corporation has not remedied the situation within thirty (30) days after receipt of written notice from the Executive; and
  - (d) The Executive provides a Notice of Termination within thirty (30) days after the Corporation’s opportunity to remedy the situation has expired.
-

**Change in Control**

3.06 (a) The Corporation shall provide the payments and benefits described in Section 3.06(b) below only if: (i) the Executive continues to comply with the Restrictive Covenants (as such term is defined below); and (b) the Executive executes, and does not revoke, a Release (as defined above).

(b) Upon a Change in Control (as defined below), and an involuntary termination of the Executive's employment either by the Corporation without Cause or by the Executive for Good Reason, which termination occurs within a period of twelve (12) months following the Change in Control, the Corporation shall provide to the Executive, in addition to any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Executive's Termination Date, but in lieu of any payments or benefits to which the Executive may be entitled under Section 3.01 above, (a) a lump sum severance payment of two (2) times the Executive's base salary (calculated using the Executive's highest annual base salary in the three years prior to the Executive's Termination Date) plus two (2) times the Executive's target level of annual incentive compensation under the Short Term Incentive Plan for the year prior to the year in which the Executive's Termination Date occurs, payable within thirty (30) days of the Executive's Termination Date and, (b) any unvested equity compensation awards held by the Executive shall automatically accelerate and become one hundred percent (100%) vested and, as applicable, exercisable, as of the Executive's Termination Date.

(c) For the purpose of this Section 3.06, "Change in Control" means the happening of any of the following events:

- (i) the completion of a transaction pursuant to which (A) the Corporation goes out of existence or (B) any person, or any Associate (as such terms defined in National Instrument 45-106 - *Prospectus and Registration Exemptions*, as amended from time to time, or such other successor rules, instruments or policies from time to time of Canadian provincial securities regulatory authorities which may govern trades of securities to employees, officers, directors or consultants ("NI45-106")) or Related Entity (as such term is defined in NI45-106) of such person (other than the Corporation, any trustee or other fiduciary holding securities under any employee benefit plan of the Corporation or a Related Entity, or any company owned, directly or indirectly, by the shareholders of the Corporation in substantially the same proportions as their ownership of common shares of the Corporation) hereafter acquires the direct or indirect "beneficial ownership" (as defined by the *Canada Business Corporations Act*) of securities of the Corporation representing 50% or more of the aggregate voting power of all of the Corporation's then issued and outstanding securities;
  - (ii) the lease, exchange, license, sale or other similar disposition of all or substantially all of the Corporation's assets in one transaction or a series of related transactions to a person, or any Associate or Related Entity of such person (other than an Associate or Related Entity of the Corporation, any trustee or other fiduciary holding securities under any employee
-

benefit plan of the Corporation or a Related Entity, or any company owned, directly or indirectly, by the shareholders of the Corporation in substantially the same proportions as their ownership of common shares of the Corporation);

- (iii) the dissolution or liquidation of the Corporation except in connection with the distribution of assets of the Corporation to one or more persons which were Related Entities prior to such event;
- (iv) during any period of 24 consecutive months beginning on or after the date of the Equity Compensation Plan, the persons who were members of the Board immediately before the beginning of such period (the “Incumbent Directors”) cease (for any reason other than death) to constitute at least a majority of the Board or the board of directors of any successor to the Corporation, provided that any director who was not a director as of the date of the Equity Compensation Plan shall be deemed to be an Incumbent Director if such director is elected to the Board by, or on the recommendation of or with the approval of, at least two-thirds of the directors who then qualified as Incumbent Directors either actually or by prior operation of the foregoing unless such election, recommendation or approval occurs as a result of an actual or threatened election contest or other actual or threatened solicitation of proxies or contests by or on behalf of a person other than a member of the Board; or
- (v) a merger, amalgamation, arrangement or consolidation of the Corporation with any other corporation other than a merger, amalgamation, arrangement or consolidation that would result in the voting securities of the Corporation outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the Corporation or such surviving entity outstanding immediately after such merger, amalgamation, arrangement or consolidation; provided, however, that a merger, amalgamation, arrangement or consolidation effected to implement a recapitalization of the Corporation (or similar transaction) in which no person (other than those covered by the exceptions in (i) above) acquires more than 50% of the combined voting power of the Corporation’s then outstanding securities shall not constitute a Change in Control.

(d) In the event any payments or benefits made to the Executive upon a Change of Control are deemed “excess parachute payments” within the meaning of Section 280G of the U.S. Internal Revenue Code, and the Executive is subject to excise tax under Section 4999 of the U.S. Internal Revenue Code (the “Excise Tax”) with respect to such payments, the Executive shall receive, in addition to any other payments and benefits to which the Executive is entitled under the Agreement, an amount which, after imposition of any income, employment, excise or other taxes on such amount (including any income, employment, excise or other taxes

---

paid on any amount due under this Section), equals the difference between the amount the Executive actually receives after payment of all taxes including all Excise Tax and the after-tax amount the Executive would receive if no Excise Tax were imposed on him. Any additional payment received under this Section 2.06(d) shall be called the Gross-Up Payment. Notwithstanding any provisions of this Section 2.06(d) to the contrary, in accordance with the requirements of section 409A of the Code, any Gross-Up Payment payable hereunder shall be paid not later than the end of the Executive’s taxable year next following the Executive’s taxable year in which the Executive or the Company, as the case may be, remits the taxes for which the Gross-Up Payment is being paid.

**Notice of Termination**

3.07 Any termination of employment by the Corporation or by the Executive shall be communicated by notice of termination to the other party hereto given in accordance with Section 5.09 (a “Notice of Termination”). For purposes of this Agreement, Notice of Termination means a written notice which (a) identifies the specific termination provision in the Agreement relied upon, and (b) to the extent applicable, sets forth in reasonable detail the facts and circumstances claimed to provide a basis for termination of the Executive’s employment under the provision identified, and (c)(i) in the case of a termination by the Corporation, specifies the Executive’s Termination Date which shall not be less than fifteen (15) nor more than sixty (60) days after the giving of such notice; or (ii) in the case of a termination by the Executive without Good Reason, shall not be less than ninety (90) days after the giving of such notice.

**Payments After Termination of Employment**

3.08 Payments made by the Corporation to the Executive pursuant to this Agreement after the Executive’s Termination Date will be made by courier delivery service to the last address provided for notices to the Executive pursuant to Section 5.09 of this Agreement.

**Release**

3.09 The Release identified in Sections 3.01 and 3.06 will not require the Executive to release any right the Executive may have to indemnification as an officer, director or employee of the Corporation (or any affiliate thereof) pursuant to the articles of incorporation or bylaws (or other governing instruments) of the Corporation (or any affiliate thereof) or any vested benefits to which the Executive may be entitled under any employee benefit plan.

**ARTICLE FOUR — EXECUTIVE’S OBLIGATIONS**

**Confidentiality**

4.01 The Executive agrees to be bound by the terms of the confidentiality agreement (the “Confidentiality Agreement”) dated the date hereof, which Confidentiality Agreement has been read, understood and executed by the Executive and is attached hereto as Schedule A and which

---

is incorporated by reference into this Agreement. In the event of a conflict between the terms of this Agreement and the terms of the Confidentiality Agreement, the terms of this Agreement shall govern.

**Non-Competition**

4.02 The Executive acknowledges that the Corporation currently conducts business activities in North America and Barbados (the “Territory”). The Executive further acknowledges that, in the future, the business activities are expected to substantially expand territorially. Accordingly, the Executive hereby agrees and covenants that he shall not during the term of this Agreement and for a period of one (1) year following the Executive’s Termination Date for involuntary termination by the Corporation for Cause, voluntary termination by the Executive, or termination following a Change in Control, directly or in any manner whatsoever, including without limitation, either individually, in partnership, jointly or in conjunction with any other individual, partnership, corporation, unincorporated organization, trust, joint venture, the Crown or any agency or instrumentality thereof of any juridical entity, in the Territory (excluding, as applicable, any portions of the Territory in which the Corporation is no longer carrying on business at the relevant time) or in any other regions or countries where the Corporation may be carrying on business at the relevant time:

- (a) carry on, be engaged in, take part in or be a party to any Competitive Activity, directly or indirectly; or
- (b) consult, advise, render services to lend money, guarantee the debts or obligations of or permit the use of his name or any part thereof for any Competitive Activity.

For the purposes of this Section 4.02, a Competitive Activity shall be defined as any business: (i) that competes with or plans to actively compete with the business activities of the Corporation through, but not limited to, the formulation, clinical testing, registration, manufacturing or marketing of specialty pharmaceuticals and/or drug delivery technologies in the therapeutic categories on which the Corporation is focused, which include central nervous system disorders, pain management, cardiovascular disease, type II diabetes, and any other category in which the Corporation is focused in the future and excludes areas in which the Corporation is not actively engaged at the relevant time, (ii) with which the Corporation has a product(s) licensing agreement, (iii) in which the Corporation has a minority equity interest, and (iv) with which the Corporation is at the time actively negotiating a commercial relationship.

During the continuance of his employment, the Executive shall not (other than solely as a holder of not more than three per cent (3%) of the issued and outstanding voting shares of any public corporation or as a shareholder of the Corporation, without the written approval of the board of directors of the Corporation, directly or indirectly, either individually or in partnership or in conjunction with any person or persons, firm, association, syndicate, company or corporation as principal, agent, director, manager, servant, shareholder or in any other manner whatsoever) carry on or be engaged in or be concerned with or interested in any business or vocation whatsoever which would be reasonably judged to be a Competitive Activity or would impede the Executive in performing his duties as outlined herein.

---

The Executive may at any time, or from time to time, request the Corporation to advise the Executive in writing whether or not the Corporation considers a specified business to be Competitive Activity. Any such request shall be made by written notice to the Corporation that includes: (i) the name of the specific business unit which the Executive proposes to provide services; (ii) the name or names of any parent companies of such business unit; (iii) a description of the specific services which the Executive proposes to perform for such business unit; (iv) a statements as to why the Executive believes that the performance of such services will not adversely affect the Corporation’s legitimate interests.

**Non-Solicitation**

4.03 The Executive hereby covenants and agrees that the Executive shall not, during the term of this Agreement and for a period of twelve (12) months thereafter, solicit or contact, either directly or indirectly, any of the Customers, Prospective Customers or any suppliers of the pharmaceutical compounds used by the Corporation on the Executive’s own behalf, or on behalf of any entity, by which the Executive is hired or retained. “Customers” means customers of the Corporation with which the Executive had personal contact or had supervision over the efforts of those who had direct personal contact with such customers during the last two (2) years of the Executive’s employment with the Corporation. “Prospective Customer” means any organizations or entities which had been actively contacted and solicited for their business by representatives of the Corporation, and with whom the Executive had contact, both during the last two (2) years of the Executive’s employment with the Corporation.

**Non-Hiring**

4.04 The Executive hereby covenants and agrees that the Executive shall not, during the term of this Agreement and for a period of twelve (12) months thereafter, either directly or indirectly, solicit or endeavour to solicit from the Corporation any of its employees, and shall not for a period twelve (12) months from the end of the term of this Agreement hire any of the foregoing on the Executive’s own behalf or on behalf of any entity for which the Executive is hired or retained. Notwithstanding the foregoing, the Executive shall not be considered in breach of this section should the Executive solicit for hiring such Executive’s Administrative Assistant.

**Injunctive Relief**

4.05 The Executive acknowledges and agrees that the agreements and covenants in this Article Four are essential to protect the business and goodwill of the Corporation and that a breach by the Executive of the covenants in Sections 4.01, 4.02, 4.03 and 4.04 hereof could result in irreparable harm to the Corporation for which the Corporation could not be adequately compensated in damages and that, accordingly, the Corporation may have no adequate remedy at law if the Executive breaches such provisions. Consequently, if the Executive breaches any of such provisions, the Corporation shall have, in addition to and not in lieu of, any other rights and remedies available to it under any law or in equity, the right to obtain injunctive relief to restrain any breach or threatened breach thereof and to have such provisions specifically enforced by any court of competent jurisdiction.

---

**Severability of Covenants in Full or in Part**

4.06 The parties acknowledge that the provisions of Article Four hereof (the “Restrictive Covenants”) are reasonable and valid in geographic and temporal scope and in all other respects. If any court of competent jurisdiction determines that any of the Restrictive Covenants or any part thereof, is or are invalid or unenforceable, the Executive and the Corporation agree that the remainder of the Restrictive Covenants shall not be affected by the deemed invalid portions.

**Assignment of IP**

4.07 The Executive shall disclose to the Corporation any and all Intellectual Property (as defined in the Confidentiality Agreement) which the Executive may make solely, jointly, or in common with other employees during the term of the Executive’s employment within the Corporation and which relates to the business. Any Intellectual Property coming within the scope of the business made and/or developed by the Executive while in the employ of the Corporation, whether or not conceived or made during regular working hours, and whether or not the Executive is specifically instructed to make or develop same, shall be for the benefit of the Corporation and shall be regarded as work made in the course of employment for the purposes of the *Copyright Act* (Canada). The Executive shall assign, set over and transfer to the Corporation the Executive’s entire right, title and interest in and to any and all of the Intellectual Property and to all letters patent and applications for letters patent which may be, or may have been filed and/or issued by or to the Executive or on the Executive’s behalf and the Executive agrees to execute and deliver to the Corporation any and all instruments necessary or desirable to accomplish the foregoing and, in addition, to do all lawful acts which may be necessary or desirable to assist the Corporation to obtain and enforce protection of the Intellectual Property. To the extent of any rights the Executive may have with respect to the Intellectual Property which are not assignable, including but not limited to moral rights, the Executive hereby waives same. The Executive will execute and deliver to the Corporation or its successors and assigns, such other and further assignments, instruments and documents as the Corporation from time to time reasonably may request for the purpose of establishing, evidencing, and enforcing or defending its complete, exclusive, perpetual, and world-wide ownership of all rights, titles, and copyrights, in and to the Intellectual Property, and the Executive constitutes and appoints the Corporation as agent and attorney-in-fact, with full power of substitution, to execute and deliver such assignments, instruments, documents as the Executive may fail to or refuse to execute and deliver, this power and agency being coupled with an interest and being irrevocable.

**Standards of Business Conduct**

4.08 The Executive acknowledges and agrees that the Executive has read and understood and agrees to be bound by the Corporation’s Standards of Business Conduct, which is attached hereto as Schedule B.

**No Conflicting Obligations**

4.09 The Executive warrants to the Corporation that:

---

- (a) the performance of the Executive’s duties as an employee of the Corporation will not breach any agreement or other obligation to keep confidential the Confidential Information of any third party; and
- (b) the Executive is not bound by any agreement with or obligation to any third party that conflicts with the Executive’s obligations as an employee of the Corporation.

ARTICLE FIVE - INTERPRETATION AND ENFORCEMENT

Section 409A

5.01 This Agreement shall be interpreted to avoid any penalty sanctions under Internal Revenue Code section 409A. If any payment or benefit cannot be provided or made at the time specified herein without incurring sanctions under section 409A, then such benefit or payment shall be provided in full at the earliest time thereafter when such sanctions will not be imposed.

Notwithstanding any provision of this Agreement to the contrary, if the Executive is a key employee of a publicly traded corporation under section 409A at the time of the Executive’s separation from service and if payment of any amount under this Agreement is required to be delayed for a period of six (6) months after separation from service pursuant to section 409A, payment of such amount shall be delayed as required by section 409A, and the accumulated postponed amount shall be paid in a lump sum payment within ten (10) days after the end of the six-month period. If the Executive dies during the postponement period prior to the payment of postponed amount, the amounts withheld on account of section 409A shall be paid to the personal representative of the Executive’s estate within 60 days after the date of the Executive’s death. A “key employee” shall mean an employee who, at any time during the twelve (12) month period ending on the identification date, is a “specified employee” under section 409A of the Internal Revenue Code, as determined by the Board. The determination of key employees, including the number and identity of persons considered key employees and the identification date, shall be made by the Board in accordance with the provisions of sections 416(i) and 409A and the regulations issued thereunder.

For purposes of section 409A, the right to any series of installment payments under this Agreement shall be treated as a right to a series of separate payments. All reimbursements and in kind benefits provided under this Agreement shall be made or provided in accordance with the requirements of section 409A, including, where applicable, the requirement that (i) any reimbursement shall be for expenses incurred during the Executive’s lifetime (or during a shorter period of time specified in this Agreement), (ii) the amount of expenses eligible for reimbursement, or in kind benefits, provided during a calendar year may not affect the expenses eligible for reimbursement, or in kind benefits to be provided, in any other calendar year, (iii) the reimbursement of an eligible expense will be made on or before the last day of the calendar year following the year in which the expense is incurred, and (iv) the right to reimbursement or in kind benefits is not subject to liquidation or exchange for another benefit.

---

**Independent Legal Advice**

5.02 The Executive agrees to the terms and conditions of this Agreement having had the opportunity to receive independent legal advice, for which the Executive has been reimbursed by the Corporation.

**Severability**

5.03 The parties further acknowledge that if any provision contained in this Agreement is determined to be invalid or unenforceable in whole or in part, such invalidity or unenforceability shall attach only to such provision or part thereof and the remaining part of such provision and all other provisions hereof shall continue in full force and effect.

**Sections and Headings**

5.04 The division of this Agreement into Articles and Sections and the insertion of headings are for the convenience of reference only and shall not affect the construction or interpretation of this Agreement.

**Number and Gender**

5.05 In this Agreement words importing the singular number only shall include the plural and vice versa and words importing the masculine gender shall include the feminine and neuter genders and vice versa.

**Entire Agreement**

5.06 This Agreement and all the Schedules hereto constitute the entire Agreement between the parties with respect to the subject matter hereof and cancels and supersedes any prior understandings and agreements between the parties with respect thereto (including, but not limited to, the Executive’s employment agreement dated December 23, 2008). There are no representations, warranties, forms, conditions, undertakings or collateral Agreements, express, implied or statutory between the parties other than as expressly set forth in this Agreement.

**Amendments and Waivers**

5.07 No amendment to this Agreement shall be valid or binding unless set forth in writing and duly executed by both parties. No waiver of any breach of any term or provision of this Agreement shall be effective or binding unless made in writing and signed by the party purporting to give the same and, unless otherwise provided in written waiver, shall be limited to the specific breach waived.

**Governing Law**

5.08 This Agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the State of New Jersey and all legal proceedings contemplated in this Agreement shall be brought in, and be governed by, the laws of the State of New Jersey, without regard to principles of conflicts of law.

---

**Notices**

5.09 Any demand, notice or other communication (hereinafter in this Section 5.09 referred to as a “Communication”) to be made or given in connection with this Agreement shall be made or given in writing and may be made or given by personal delivery addressed respectively to the recipients:

---

To the Executive:

Gilbert Godin  
xxx

To the Corporation:

7150 Mississauga Road  
Mississauga, ON L5N 8M5  
Attn: Chief Executive Officer

or such other address or individual as may be designated by notice by either party to the other. Any communication made or given by personal delivery shall be conclusively deemed to have been given on the day of the actual delivery thereof.

**Benefit of Agreement**

5.10 This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, legal personal representatives, successors and assigns.

**Assignment**

5.11 The Executive may not assign the Executive’s rights or obligations under this Agreement without the prior written consent of the Corporation which consent may be unreasonably withheld. The Corporation may unilaterally assign this agreement to an affiliate without consent but on notice to the Executive.

**Execution of Agreement**

5.12 The Executive acknowledges that the Executive has executed this Agreement freely; that the Executive has reviewed this Agreement thoroughly; that the Executive agrees with its contents; and that the terms herein are reasonable for the fair protection of both the Executive and the Corporation.

---

**IN WITNESS WHEREOF**, the parties have executed this Agreement on the dates identified below at **Bridgewater, New Jersey**:

BIOVAIL CORPORATION

EXECUTIVE

By: /s/ W. WELLS  
Name: William Wells  
Title: Chief Executive Officer

/s/ GILBERT GODIN  
Gilbert Godin  
Executive VP & COO

Date: 8/04/09

Date: 8 . 04 . 09

**SCHEDULE A**  
**BIOVAIL CORPORATION**  
**(and its Subsidiaries, Divisions, and Affiliates)**  
**CONFIDENTIALITY AGREEMENT**

As an employee of Biovail Corporation (the “Corporation”), I acknowledge that I may acquire or have disclosed to me by the Corporation or by any affiliate, associate, or technology partner of the Corporation, either directly or indirectly, in writing, conversation, or through observation, various information about the business of the Corporation which is not in the public domain and which the Corporation does not wish to be divulged to other persons, companies, or third parties. I further understand that the Corporation’s Confidential Information (as defined below) is essential to its competitive advantage and to its ability to be financially viable. I further understand that the unauthorized disclosure of such Confidential information may cause the Corporation irreparable injury that may not be rectified in the future.

Therefore, as a condition and in consideration of my employment with the Corporation, I understand and agree that while employed with the Corporation and thereafter (as more particularly described below). I am required to hold confidential and not to disclose to anyone without the written authority from the Corporation any knowledge, information, or facts concerning the Corporation’s:

- research and development activities
- technological plans, advances, applications and inventions
- technical specifications, designs and plans
- materials and sources of supply
- discoveries, inventions, trade secrets, patents
- financial affairs, contracts, licensing agreements, customer lists, pricing practices, marketing strategies
- any other information regarding the Corporation, its products and their development which is not in the public domain

All of the foregoing shall hereinafter collectively be referred to as the “Confidential Information”.

I shall keep confidential any and all Confidential Information which has been disclosed to me in writing or through oral communications and shall not divulge in any manner whatsoever any such information to any person, firm, corporation, partnership or similar entities without the Corporation’s written authority.

Should I breach or threaten to breach this Agreement, I shall be liable to the Corporation in equity and/or in law for damages that may be suffered by the Corporation as a result of the breach or threatened breach. I understand that a breach of this Agreement may result in irreparable harm to the Corporation such as to warrant the entitlement by the

---

Corporation to an interlocutory and/or permanent injunction or other equitable relief against me, and an award of damages including punitive, exemplary and aggravated damages, together with legal costs and expense and I specifically agree that I will not argue the adequacy of damages or the Corporation's ability to seek equitable relief in any such proceeding.

All Confidential Information supplied by the Corporation to me during the course of my employment and any rights related thereto, including but not limited to rights of know how, patent, trademark and copyright, with respect to existing products or those that are developed during or after my employment, are and remain the exclusive and absolute property of the Corporation.

I shall not, except as and to the extent required to enable me to carry out my duties with the Corporation, make any copies or reproduce the Confidential Information nor shall I remove or cause to have removed from the premises of the Corporation during my employment any Confidential Information unless required to do so in order to fulfill my duties with the Corporation. Such copies or reproductions shall be strictly subject to the terms and conditions of this Agreement. I shall take such steps as are necessary to restrict access to and protect the confidentiality of such copies or reproductions of the Confidential Information. Any such copies or reproductions made shall become the exclusive and absolute property of the Corporation.

Upon request of the Corporation, I agree to immediately surrender to the Corporation all documentation and information - notes, drawings, recordings, manuals, letters, correspondence, computer data and programs, records, books or any other materials relating to the Confidential Information which is in my possession without my retaining any copies or duplicates thereof.

I agree that this Agreement shall be construed in accordance with the laws of the Province of Ontario and I agree that the applicable courts of the Province of Ontario shall have exclusive jurisdiction with respect to any dispute or breach herein and I hereby attorn to the exclusive jurisdiction of the courts of the Province of Ontario.

This Agreement shall enure to the benefit of and shall be binding upon my successors, heirs and attorneys.

The disclosure or divulging of any Confidential Information contrary to this Agreement, or the violation of this Agreement in any way shall result in my immediate termination of employment, in addition to which I may be subject to criminal prosecution and civil liability.

I acknowledge and agree that I have executed this Agreement freely and with the benefit of independent legal advice and the terms herein are fair and reasonable.

---

I acknowledge and agree to the foregoing.

## SCHEDULE B

### **BIOVAIL CORPORATION (and its Subsidiaries, Divisions, and Affiliates)**

#### **STANDARDS OF BUSINESS CONDUCT**

Biovail Corporation ("Biovail"), together with its subsidiaries, divisions and affiliates, places great importance on conducting its business activities in an ethical and appropriate manner. Each employee, officer and director is a reflection of Biovail, and as such, the activities and actions of every individual within Biovail must be undertaken in accordance with a high standard of ethics and integrity. As such, Biovail expects each employee, officer and director to comply with, and adhere to, these Standards of Business Conduct (the "Standards").

#### **1. CONFLICTS OF INTEREST**

Employees, officers and directors of Biovail must avoid situations where their private interests could conflict with, or even appear to conflict with, the interests of Biovail and its stockholders.

Conflicts of interest arise when an individual's position or responsibilities with Biovail present an opportunity for personal gain apart from the normal rewards of employment. They also arise when the private interests of an employee, officer or director are inconsistent with those of Biovail or create conflicting loyalties. Such conflicting loyalties can cause an employee, officer or director to give preference to private interests in situations where corporate responsibilities should come first. Employees, officers and directors must perform the responsibilities of their positions on the basis of what is in the best interests of Biovail and free from the influence of personal considerations and relationships.

In the event that any potential conflict of interest arises, the individual involved must immediately notify his or her immediate supervisor. If such individual is an officer or director of Biovail, the Executive Chairman ("Chairman"), Chief Executive Officer ("CEO") and the General Counsel, or in the absence of a General Counsel the Vice President, Associate General Counsel ("SLO") of Biovail must also be immediately notified and no further action may be taken unless authorized in writing by the Chairman and/or the CEO.

While it is not possible to detail every situation where conflicts of interest may arise, the following policies cover the areas that have the greatest potential for conflict:

---

**A. Trading in Biovail Securities and Use of Inside Information**

There are numerous laws in Canada and the United States (federal, provincial and state laws), to regulate transactions in corporate securities (stocks and bonds) and the securities industry. Violation of these laws may lead to civil and criminal actions against the individual and Biovail.

- i. Any employee, officer, director or other insider or anyone (family member, etc.) who knows of any material information (as defined below) about Biovail that has not been disclosed to the public (commonly known as “insider information”) may not engage in any transaction in Biovail’s securities until such information is disclosed to the public (whether or not there is a formal trading “black out” in place). This rule applies equally to transactions in securities of other companies. In addition, employees, officers and directors must not provide insider information to others (“tippees”) who may trade in either the securities of Biovail or the securities of other companies.  
  
“Material information” is any information relating to the business and affairs of Biovail that would reasonably be expected to result in a change in the market price or value of Biovail’s securities. Generally speaking, material information is a matter to which an average prudent investor should be reasonably informed before a decision is made to buy or sell the security involved. Examples of such information would include annual or quarterly financial results; significant changes in management; significant shifts in operating or financial circumstances, such as major write-offs and changes in earnings projections; borrowing of a significant amount of funds; acquisitions of, or mergers with, other companies; significant new contracts or loss of business; and major new products, services or patents. This list provides examples only; many other matters may be considered material information.  
  
Employees, officers, directors and other insiders who have questions that relate to the sale or purchase of a security under circumstances where these laws and regulations might apply should consult with the SLO, who may refer them to outside legal counsel.
- ii. In addition to the prohibition against the use of “insider” information which applies to all employees, officers and directors, the various securities laws that apply in the jurisdiction and countries in which Biovail does business place definite restrictions on the manners in which employees, officers and directors of Biovail, and their family members, their associates, etc., may

engage in transactions involving the securities of Biovail. Employees, officers and directors shall comply with all laws, rules and regulations that prohibit or restrict insider trading.

Whenever there is any doubt as to whether any transactions involving Biovail’s securities would violate securities laws, employees, officers and directors should consult the SLO of Biovail. Within the framework of the foregoing policies and laws, the final decision of each employee, officer or director, with respect to securities transactions, must be his or her own.

- iii. Employees, officers, directors and other insiders shall maintain the confidentiality of information entrusted to them by Biovail or its customers (except where disclosure is authorized or legally mandated) and shall not, without proper authority, give or release to anyone not employed by Biovail, data or information of a confidential nature concerning Biovail. Disclosure of confidential information can be harmful to Biovail and could be the basis for legal action against Biovail and the individual disclosing the information. Confidential information includes all non-public information that might be of use to competitors, or harmful to Biovail or its customers, if disclosed.
- iv. Employees, officers, directors and other insiders shall not acquire any property, security or any business interest that they know Biovail has an interest in acquiring. Moreover, based on such advance information, employees, officers and directors shall not acquire any property, security or business interest for speculation or investment.
- v. Employees, officers, directors and other insiders must follow Biovail policies regarding “Blackout Periods” when Biovail’s stock may not be traded. Such policies will be communicated by the SLO from time to time and must be adhered to by all employees, officers and directors.

**B. Personal Financial Interest**

Employees, officers and directors should avoid any outside financial interests that might influence decisions or actions they have been empowered to make on behalf of Biovail. An employee, officer or director performing duties in conformity with this policy shall not have a financial interest in, indebtedness to, or a personal contract or understanding with any concern with which he or she does business on behalf of Biovail.

- i. Employees, officers or directors whose corporate duties bring them into business dealings with an organization in which they, or a member of their family, have a financial interest or to which they, or a

member of their family, have any indebtedness, or a business employing a relative or close friend, must immediately notify their immediate supervisor. The employee, officer or director, in turn, cannot complete a transaction on behalf of Biovail with this organization unless properly authorized in writing from their supervisor after full disclosure of the relationship.

- ii. An employee, officer or director may not perform work or services, outside the course of their normal employment by Biovail, for an organization doing or seeking to do business with Biovail without appropriate prior written approval of their supervisor or the Board of Directors. An employee, officer or director may not be a director, officer, partner or consultant of an organization doing or seeking to do business with Biovail, nor may any of them permit their names to be used in any way indicating a business connection with such an organization, without appropriate prior written approval of their supervisor or the Board.
- iii. An employee, officer or director shall not accept for himself or herself, or for the benefit of any relative or friend, any payments, loans, services, favors involving more than ordinary social amenity, or gifts of more than nominal value from any organization doing or seeking to do business with Biovail.
- iv. The requirement of freedom from conflict of interest applies with equal force to the spouse, children and other close relatives of each employee, officer and director. This policy applies to all employees, officers and directors of Biovail with respect to all of the affairs of Biovail.
- v. Employees, officers and directors shall not (a) take for themselves personally opportunities that are discovered through the use of corporate property, information or position; (b) use corporate property information, or position for personal gain; (c) compete with Biovail. Employees, officers and directors owe a duty to Biovail to advance its legitimate interests when the opportunity to do so arises.
- vi. Biovail may not make loans to any employee, officer or director.

### **C. Outside Activities**

Employees, officers and directors should avoid outside employment or activities which would impair the effective performances of their responsibilities to Biovail, either

because of excessive demands on their time, or because the outside commitments can be contrary to their obligations to Biovail

**D. Protection and Proper Use of Biovail’s Assets**

All employees, officers and directors should protect Biovail’s assets and ensure their efficient use. Theft, carelessness and waste have a direct impact on Biovail’s profitability. All of Biovail’s assets should be used only for legitimate business purposes.

**E. Fair Dealing**

Each employee, officer and director shall endeavor to deal fairly with Biovail’s customers, suppliers, competitors and employers. None should take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts, or any other unfair-dealing practice,

**2. COMPETITIVE PRACTICES**

The management of Biovail firmly believes that fair competition is fundamental to continuation of the free-enterprise system. Biovail complies with, and supports, laws of all countries that prohibit restraints of trade, unfair practices, or abuse of economic power.

Biovail will not enter into arrangements that unlawfully restrict its ability to compete with other businesses, or the ability of any other business organization to compete freely with Biovail. Biovail policy also prohibits employees, officers and directors from entering into, or even discussing, any unlawful arrangement or understanding which may affect its pricing policies, terms upon which its products and services are sold, or which might be construed as dividing customers or sales territories with a competitor.

These principles of fair competition are basic to all Biovail operations. They are integral parts of the following sections that cover Biovail’s dealings with suppliers, customers and public officials.

**3. DEALING WITH SUPPLIERS**

Biovail is a valuable customer for many suppliers of goods, services and facilities. People who want to do business, or to continue to do business, with Biovail must understand that all purchases by Biovail will be made in accordance with its purchasing policy and exclusively on the basis of price, quality, service and suitability to Biovail’s needs.

**A. Reciprocity**

Biovail considers reciprocity a harmful practice and a hindrance to assuring purchase of the best available materials or services at the lowest possible prices. It will not be practiced or allowed.

Suppliers of goods and services to Biovail will not be asked to buy goods and services from Biovail in order to become or continue as a supplier.

Biovail will not attempt to influence its suppliers to purchase from customers of Biovail. When Biovail makes purchases it will not favor firms who are customers of Biovail or any of its affiliates.

**B. “Kickbacks” and Rebates**

Purchases or sales of goods and services by Biovail must not lead to employees, officers or directors, or their families, receiving any type of personal kickbacks or rebates. Employees, officers, directors, and their families, must not accept any form of “under-the-table” payment.

**C. Receipt of Gifts and Entertainment**

Even when gifts and entertainment are exchanged out of the purest motives of personal friendship, they can be misunderstood. They can appear to be attempts to bribe Biovail’s employees, officers or directors into directing business of Biovail to a particular supplier. To avoid both the reality and the appearance of improper relations with suppliers or potential suppliers, the following standards will apply to the receipt of gifts and entertainment by employees, officers and directors of Biovail:

**Gifts**

- i) Employees, officers and directors are prohibited from soliciting gifts, gratuities, or any other personal benefit or favor of any kind from suppliers or potential suppliers. Gifts include not only merchandise and products but also personal services, and tickets to theatrical and sports events. Employees, officers and directors should exercise good judgment when accepting unsolicited gifts. Employees, officers and directors are prohibited from accepting gifts of money.
- ii) Employees, officers and directors may accept unsolicited non-money gifts provided:
  - (1) They are items of nominal intrinsic value; or
  - (2) They are advertising and promotional materials, clearly marked with Biovail or brand names of the giver.
- iii) Any gift of more than nominal intrinsic value must be reported to the SLO to determine whether it can be accepted. Some gifts may be perishable so as to make their return impractical. Supervisors can permit acceptance of such gifts, but should require employees, officers and directors to tactfully inform givers that such gifts are discouraged.

- iv) In the transaction of some international business, it is lawful and customary for business leaders in some countries to give unsolicited gifts to employees, officers or directors of Biovail. These gifts can be of more than nominal value. Moreover, under the circumstances, returning the gifts or payment for them may constitute an affront to the giver. In such cases, the gift must be reported to the SLO who may permit the retaining of the gifts.
- v) In all other instances where gifts cannot be returned or may adversely affect Biovail's continuing business relationships, the SLO must be notified. They can require employees, officers and directors to transfer ownership of such gifts to Biovail.

#### **Entertainment**

- i) Employees, officers and directors shall not encourage or solicit entertainment from any individual or company with whom Biovail does business. Entertainment includes, but is not limited to, activities such as dinner parties, theater parties, and sporting events.
- ii) From time to time employees, officers and directors may accept unsolicited entertainment, but only under the following conditions:
  - (1) The entertainment occurs infrequently;
  - (2) It arises out of the ordinary course of business;
  - (3) It involves reasonable, not lavish expenditures (the amounts involved should be ones employees, officers and directors are accustomed to normally spending for their own business or personal entertainment); and
  - (4) The entertainment takes place in settings that also are reasonable, appropriate, and fitting to employees, officers and directors, their hosts, and their business at hand.

#### **4. DEALINGS WITH CUSTOMERS AND POTENTIAL CUSTOMERS**

Employees, officers and directors must keep all dealings with customers and potential customers fair and above board. Biovail gets business and keeps it because of the quality of its goods and services. Biovail does not give unethical or illegal rebates, kickbacks, under-the-table payments, or other similar improper favors to customers or their representatives.

The boundary line between ethical and unethical competition, or legal and illegal conduct, is not always well defined, particularly in international activities where differing

local laws, custom; and practices come into play. Therefore, the following standards will serve as guides:

- a) All employees, officers and directors should make themselves aware of and fully comply with all laws, rules and regulations, whether federal, state, local or foreign, including laws governing relations with customers as well as competitors.
- b) All employees, officers and directors engaged in negotiations and contracts with foreign governments, the United States or any political subdivision thereof must also know and abide by the specific rules and regulations covering relations with such governments and their agencies.
- c) Employees, officers and directors may not give gifts to customers except items of nominal value, which fit the legal, normal, and customary pattern of Biovail’s sales efforts for a particular market. Exceptions to this policy can occur in international trades where it can be legal, customary, and appropriate business practice to exchange gifts with customers. Only the CEO can authorize the giving, receiving, or exchanging of such gifts. Any gifts received by employees, officers or directors in such an exchange must be reported to the CEO for determination as to the disposition of the gifts.
- d) Entertainment for any customer must fit regular business practices. The place and type of entertainment and the money spent must be reasonable and appropriate.

**5. DEALING WITH PUBLIC OFFICIALS**

Domestic and foreign laws and regulations require Biovail to be in contact with public officials on a wide variety of matters. Employees, officers and directors who regularly make these contacts have special responsibilities for upholding Biovail’s good name. The following standards relate to these special responsibilities:

- a) All employees, officers and directors who contact public officials must be familiar with lobbying laws and public disclosure requirements, particularly those that apply to registrations and filings.
- b) No employee shall make any form of payment, direct or indirect, to any public official as an inducement to procuring or keeping business or having a law or regulation enacted, defeated, or violated. This is bribery, pure and simple. It will not be tolerated.

It should be acknowledged that inherent in the current health-care regulatory environment, the definition of “form of payment” may include seemingly trivial gifts and/or favors (e.g. buying lunches, coffee, etc.).

- c) When not prohibited by law, employees, officers and directors are allowed to give to public officials gifts where the presentation and acceptance of gifts is an established custom and a normal business practice. All such gifts shall be of reasonable value and the presentation approved in advance by the CEO. Moreover, such gifts must be presented in a manner that clearly identifies Biovail and the occasion that warrants the presentation.
- d) Employees, officers and directors are also allowed to give public officials gifts in the form of product models and pictures provided the models and pictures are part of Biovail's general marketing and public relations programs (except as noted in clause (b) above).
- e) On special ceremonial occasions, officers of Biovail may publicly give gifts of more than nominal value to public institutions and public bodies. Such gifts can commemorate special events or milestones in Biovail's history.

These may be transmitted through public officials but the gifts are given to the public institutions and public groups they represent, not to the officials personally.
- f) From time to time employees, officers and directors may entertain public officials, but only under the following conditions:
  - i. It is legal and permitted by the entity represented by the official;
  - ii. The entertainment is not solicited by the public official;
  - iii. The entertainment occurs infrequently;
  - iv. It arises out of the ordinary course of business;
  - v. It does not involve lavish expenditures, considering the circumstances;
  - vi. The settings and types of entertainment are reasonable, appropriate and fitting to our employees, officers or directors, their guests, and the business at hand.

## **6. POLITICAL ACTIVITIES AND CONTRIBUTIONS**

### **A. Canada and the United States**

Employees, officers and directors who participate in partisan political activities must make every effort to ensure that they do not leave the impression that they speak or act for Biovail.

Biovail encourages its employees, officers and directors to participate in political activities in their own time and at their sole expense. No corporate action, direct or indirect, will be allowed that infringes on the right of any employee individually to decide whether, to whom, and in what amount, they will make personal political contributions. The same is true of volunteer political donations of personal service time, so long as it does not interfere with the working status of employees, officers or directors.

**B. Outside Canada and the United States**

No employees, officers and directors are permitted to use Biovail’s funds, facilities, or other assets, to support either directly or indirectly any political candidates or political parties, without advance authorization in writing from their immediate supervisor and the General Counsel. The policy of Biovail is that employees, officers and directors and employees should not participate in political activities in countries of which they are not nationals. However, such persons, of course, are free to participate in political activities in countries of which they are nationals in their own time and at their own expense.

**7. DISCLOSURE**

Biovail has formed a Disclosure Committee to promote consistent practices aimed at informative, timely and broadly disseminated disclosure of Material Information to the market, external stakeholder groups and employees in accordance with all applicable legal, regulatory and stock-exchange requirements.

It is essential that the Disclosure Committee be fully apprised of all material corporate developments to be able to determine whether there is information that should be publicly disclosed, and what the appropriate timing is for release of that information. In some cases, the Disclosure Committee may determine that the information should remain confidential. If that is the case, the Disclosure Committee will determine how that information will be controlled so that it is not inadvertently released. Therefore any employee who becomes aware of information that he/she believes might be material to Biovail and/or any of its affiliates and subsidiaries he/she should advise their manager or supervisor or a member of the Disclosure Committee. Current membership of the Disclosure Committee is posted on the Biovail.com website.

This applies throughout the year, but is particularly critical when annual or quarterly financial statements and Management Discussion and Analysis (MD&A) or regulatory filings are being prepared (e.g. regulatory filings, such as the U.S. Securities and Exchange Commission, Form 20-F).

**8. PUBLIC COMMUNICATIONS**

Given the importance placed on confidentiality and the appropriate disclosures of information regarding Biovail, it is important for employees, officers and directors to ensure that care be taken with any communication regarding Biovail or its activities outside of Biovail.

**A. Designated Spokespersons**

Biovail has designated official spokespersons who are authorized to speak on behalf of Biovail, and answer questions from the news media and the investment community, about Biovail and its activities. Employees, officers and directors who have not been designated as spokespersons for Biovail are not permitted to speak on behalf of the Company to the news media or to the investment community.

**B. Media or Analyst Inquiries**

Any employee who is approached by any person asking for comment on the activities of Biovail must direct any and all such inquiries to a member of the Disclosure Committee or to a member of the Company’s Stakeholder Relations team (Corporate Communications, Investor Relations) so that an appropriate spokesperson can respond to the inquiry on behalf of Biovail.

**C. Conferences**

The Disclosure Committee should be advised of any request to present at any conference or public meeting. Certain materials prepared for any such presentation may be required to be reviewed by the Company’s Stakeholder Relations group.

**D. Electronic Communications**

Care must be taken in all instances in the use of e-mail, and other devices (e.g., Blackberry’s) in communications relating to Biovail’s business. While users tend to resort to shorthand communication using these kinds of tools, those communications do form a record of those communications that may be subject to later review and disclosure. A more fulsome policy regarding electronic communications is in place (found in the Human Resources Management System Policy Binder) and should be adhered to by all employees, officers and directors.

**E. The Internet**

Biovail has instituted policies regarding the use of, and access to the Internet by employees, officers and directors. These policies include a prohibition against anyone participating in any chat rooms dedicated to Biovail or its operations or the industry at large. If any employee, officer or director becomes aware that any such chat room exists, they are asked to report the address of such site to the SLO so that it may be monitored and appropriate action may be taken.

**9. EQUAL OPPORTUNITY**

Biovail supports the principle that every individual must be accorded an equal opportunity to participate in the free-enterprise system and to develop their ability to achieve their full potential within that system.

There shall be no discrimination against any employee or applicant because of race, religion, color, sex, age, sexual orientation, national or ethnic origin, or disability (as required by law) or any other consideration prohibited by local law. All employees, officers and directors will be treated with equality during their employment without regard to their race, religion, color, sex, age, national or ethnic origin, or physical handicap, in all matters, including employment, upgrading, promotion, transfer, layoff, termination, rates of pay, selection for training and recruitment. Biovail will maintain a work environment free of discriminatory practice of any kind.

No employee shall have any authority to engage in any action or course of conduct or to condone any action or course of conduct by any other person which shall in any manner, directly or indirectly, discriminate or result in discrimination in the course of one’s employment, termination of employment, or any related matter where such discrimination is, directly or indirectly, based upon race, religion, color, sex, age, sexual orientation, national or ethnic origin, disability, or any other consideration prohibited by law.

**10. HEALTH, SAFETY, AND ENVIRONMENTAL PROTECTION**

It is Biovail’s policy to pay due regard to the health and safety of its employees, officers, directors and others, and to the state of the environment. There are federal, provincial, state and local workplace safety and environmental laws which through various governmental agencies regulate both physical safety of employees, officers and directors and their exposure to conditions in the workplace. Should you be faced with an environmental health issue or have a concern about workplace safety, you should contact your Health and Safety Committee representative or notify Biovail management immediately.

Many countries and their regional and local governments now have complex legislation to protect the health and safety of employees, or the general public, and to prevent pollution and protect the environment. In case of violation, these laws often provide penalties for both the company involved and its executive personnel. Biovail’s SLO should always be consulted when necessary to understand or comply with such laws.

**11. WORK ENVIRONMENT**

Employees, officers and directors must treat each other with professional courtesy and respect at all times. Employees, officers and directors shall not subject any other employee to unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct which might be construed as sexual in nature, or harass others on the basis of race, disability, gender, sexual orientation or any other consideration prohibited by law. Such conduct may constitute sexual harassment or harassment under federal, provincial and state law and may be the basis for legal action against the offending employee and/or Biovail.

Employees are encouraged to report all conduct that they believe in good faith to be violations of local anti-harassment policies. To the extent permissible under local law the identity of the employees, officers or directors involved will be kept strictly confidential, and will not be revealed by Biovail’s management without the employee’s permission. The alleged harassment will be thoroughly investigated by Biovail and appropriate action will be taken. Biovail has an appropriate policy to protect employees against discrimination or retaliation as a result of such a complaint.

**12. INTEGRITY OF RECORDS AND FINANCIAL REPORTS**

It is of critical importance that Biovail’s filings with the appropriate regulatory authorities (e.g. U.S. Securities and Exchange Commission) be accurate and timely. Depending on their position with Biovail, an employee, officer or director may be called upon to provide necessary information to ensure that Biovail’s public reports are complete, fair and understandable. Biovail expects employees, officers and directors to take this responsibility very seriously and to provide prompt accurate answers to inquiries related to Biovail’s public disclosure requirements.

The integrity of Biovail’s record keeping systems will be respected at all times. Employees, officers and directors are forbidden to use, authorize, or condone the use of “off-the-books” bookkeeping, secret accounts, unrecorded bank accounts, “slush” funds, falsified books, or any other devices that could be utilized to distort records or reports of Biovail’s true operating results and financial conditions or could otherwise result in the improper recordation of funds or transactions.

**13. USE OLD AGENTS AND NON-EMPLOYEES, OFFICERS AND DIRECTORS**

Agents or other non-employees cannot be used to circumvent the law. Employees, officers and directors will not retain agents or other representatives to engage in practices that run contrary to the Standards of Business Conduct or applicable laws.

**14. INTERNATIONAL OPERATIONS**

Employees, officers and directors operating outside of Canada and the United States have a special responsibility to know and obey the laws and regulations of countries where they act for Biovail. Customs vary throughout the world, but all employees, officers and directors must uphold the integrity of Biovail in other nations diligently.

**15. STANDARDS OF BUSINESS CONDUCT**

**A. Initial Distribution**

- i. Employees, officers and directors designated to receive these Standards will receive their copies immediately after publication.

- ii. Future employees, officers and directors designated to receive these Standards will receive their copies at the time they are hired.

**B. Initial Verification**

Upon receiving their copy of the Standards, employees, officers and directors current and future will:

- i. Become thoroughly familiar with the Standards.
- ii. Resolve any doubts or questions about the Standards with their supervisors.
- iii. Inform their supervisors of any existing holdings or activities that might be, or appear to be, inconsistent with, or in violation of, the Standards.
- iv. Prepare written disclosures of such information, if requested, by supervisors.
- v. Take steps to correct existing situations and bring holdings and activities into full compliance with the Standards. Such steps will be approved in writing by supervisors and will be based on the written disclosure submitted by employees, officers or directors.
- vi. Sign the verification and return it to their supervisors who will make it part of employee's permanent corporate records.

**C. Maintaining Compliance**

- i. Employees, officers and directors have the responsibility to maintain their understanding of the Standards of Business Conduct and for following them.
- ii. Supervisors have the responsibility to maintain an awareness on the part of their employees, officers and directors of the importance of their adhering to the Standards of Business Conduct and for reporting deviations to Management.
- iii. As requested by the Board of Directors or senior management, employees, officers and directors will be asked to re-verify their understanding of the Standards of Business Conduct and their compliance with them every year as a part of Biovail's annual reporting.

- iv. Employees, officers and directors must inform their supervisors of any changes in their holdings or activities that might be, or appear to be in non-compliance with the Standards of Business Conduct.
- v. Employees, officers and directors must prepare written disclosure of such information, if requested, by supervisors.
- vi. Employees, officers and directors must take steps to correct any such changes, if necessary, to bring holdings and activities into full compliance. Such steps will be approved in writing by supervisors and Management and will be based on the written disclosures submitted by employees, officers and directors.

#### **D. Audits of Compliance**

Regular audits of Biovail will include procedures to test compliance with the Standards of Business Conduct.

#### **16. VIOLATIONS OF STANDARDS**

Employees, officers and directors must immediately report any violations of the Standards or any violation of any applicable law, rule or regulation. Failure to do so can have serious consequences for the employees, officers or directors and for Biovail.

Employees, officers and directors, should report violations to their supervisors and/or to the Human Resources department and to the SLO or to any secure reporting hotline the company may have contracted with. When in doubt, employees should talk to their supervisors or other appropriate personnel to determine the best course of action in a particular situation.

Supervisors and the Human Resources group have the responsibility to promptly and thoroughly investigate all reports, and to report violations to the SLO.

After a violation is investigated, appropriate action will be taken promptly. Management has the right to determine the appropriate disciplinary action for a violation up to and including termination of employment. All proposed disciplinary action is subject to review by senior Management, Human Resources and the SLO.

Employees, officers and directors should be aware that, in addition to any disciplinary action taken by Biovail, violations of certain Standards may require restitution and may lead to civil or criminal action against individual employees, officers and directors and any corporation involved.

Supervisors have the responsibility of taking remedial steps to correct any operating procedures that may contribute to violations of Standards.

Retaliation in any form against an individual who reports a violation of these Standards of Business Conduct or of any law, rule or regulation in good faith, or who assists in the investigation of a reported violation, is itself a serious violation of this policy. Acts of retaliation will be disciplined appropriately and should be reported immediately to your supervisor or Human Resources.

**17. CONTINUANCE OF EXISTING PERSONNEL POLICIES, RULES AND PERFORMANCE STANDARDS**

Biovail has codified numerous personnel policies, rules and standards of employee performance, which continue in force. These Standards of Business Conduct are intended to supplement and amplify those established personnel policies, rules and standards.

It continues to be the responsibility of all employees to comply with all such policies, rules and performance standards. Additionally, all members of management are to continue making certain that employees reporting to them are made aware of established policies, rules and performance standards and comply with them.

**18. AMENDMENT, MODIFICATION AND WAIVER**

Biovail will periodically review these Standards of Business Conduct. These Standards may be amended, modified or waived by the Board of Directors and waivers may also be granted by the Nominating & Governance Committee, subject to the disclosure and other provisions of the Securities Exchange Act of 1934, and the rules there under and the applicable rules of the Toronto Stock Exchange/New York Stock Exchange. Employees, officers and directors will be fully informed of any revisions to the Standards of Business Conduct.

Any waiver of these Standards for any employee other than a director or an executive officer, may only be made by the Executive Chairman or the CEO. Any waiver of these Standards for director or an executive officer may be made only by the Board of Directors or the Compensation, Nominating and Corporate Governance Committee and will be promptly disclosed to Biovail's stockholders.

**VERIFICATION AND RECEIPT OF UNDERSTANDING**

I have received a copy of Standards of Business Conduct for BIOVAIL CORPORATION and its subsidiaries, divisions and affiliates. I understand how the Standards apply to me. I acknowledge that my receiving the Standards obligates me to follow them and I agree to abide by their conditions.

**BIOVAIL CORPORATION  
EXECUTIVE EMPLOYMENT AGREEMENT**

THIS AGREEMENT is made by and between Biovail Corporation (hereinafter the “Corporation”) and Gregory Gubitzi (hereinafter the “Executive”).

**ARTICLE ONE — GENERAL DUTIES AND TERM**

**Scope of Employment / Duties**

1.01 The Corporation will employ the Executive as Sr. VP, Corporate Development. The Executive will serve as an officer of the Corporation. During the Employment Term (as defined below), the Executive will devote substantially all of the Executive’s business efforts and time to the Corporation. The Executive agrees, during the Employment Term, not to actively engage in any other employment, occupation or consulting activity for any direct or indirect compensation without the prior approval of the Chief Executive Officer of the Corporation (the “CEO”); provided, however, that the Executive may (a) serve on the boards of directors of other companies (subject to reasonable approval of the CEO) and boards of trade associations or charitable organizations; (b) engage in charitable activities and community affairs; and (c) manage the Executive’s personal investments and affairs, as long as such activities do not violate Section 4.02 and do not materially interfere with the Executive’s duties and responsibilities for the Corporation.

1.02 The Corporation reserves the right to establish the employment relationship with the Executive directly with the Corporation or with any of its affiliates or subsidiaries, or to change such employment relationship over time, as it deems necessary or appropriate to comply with legal requirements or for ease of administration of employee benefits programs or other matters.

1.03 Notwithstanding 1.02, the Corporation acknowledges and agrees that the Executive’s principal residence is and shall remain in Canada.

**Term of Agreement**

1.04 The Executive has been employed by the Corporation since March 15, 2006 (the “Employment Commencement Date”). The Corporation hereby agrees to continue to employ the Executive and the Executive hereby accepts such continued employment, in accordance with the terms and conditions of this Agreement, commencing on July 3, 2009. The period of the Executive’s employment under this Agreement will be referred to as the “Employment Term.” Subject to the Corporation’s obligation to provide severance benefits and the parties’ obligation to provide a Notice of Termination (as defined below), the Executive and the Corporation acknowledge that this employment relationship may be terminated at any time and for any or no cause or reason at the option of either the Executive or the Corporation.

---

## ARTICLE TWO — COMPENSATION

### Base Salary

2.01 As of the Employment Commencement Date, the Executive's annualized base salary will be \$416,000.00 USD, payable in accordance with the Corporation's normal payroll practices for employees generally, and will be subject to annual review in accordance with the Corporation's normal review process for other similarly situated senior executives. The Executive's base salary shall be converted and paid in Canadian currency. The conversion into Canadian currency shall be made at the beginning of every quarter at a rate equal to the average exchange rate for the previous quarter (as furnished by the Controller of the Corporation).

### Incentive Compensation

2.02 The Executive will be eligible to participate in the Corporation's short term annual incentive compensation plan as such plan may be amended from time to time (the "Short Term Incentive Plan") in accordance with the terms of the Short Term Incentive Plan. As of the date of this Agreement, the Executive's target will be 50% of the Executive's annual base salary.

### Equity Compensation

2.03 Eligibility and Terms.

The Executive will be eligible to participate in the Corporation's equity compensation plan, as such plan may be amended from time to time (the "Equity Compensation Plan"), in accordance with the terms of the Equity Compensation Plan, except as may be otherwise indicated in this Agreement. The Executive's annual target under the Equity Compensation Plan shall be 75,000 stock options and 6,250 Restricted Share Units ("RSUs"), or a substantially equivalent award. Subject to the approval of the Board of Directors, the Executive will be eligible in 2009 for a special one-time grant of 50,000 RSUs subject to performance goals.

### Employee Benefits

2.04 During the Employment Term, the Executive will be eligible to participate in employee benefit plans and programs that are offered to the Corporation's other similarly-situated senior executives in accordance with the terms of such plans as they may change from time to time. Nothing in this Agreement shall preclude the Corporation or any affiliate of the Corporation from terminating or amending any employee benefit plan or program from time to time after the Employment Commencement Date.

### Expenses

2.05 The Executive shall be reimbursed for reasonable out of pocket business expenses, including travel and entertainment expenses, actually and properly incurred by the Executive in the course of performing the Executive's services hereunder, upon furnishing to the Corporation

---

reasonable supporting statements and vouchers; provided, however, that in any financial year in which the Corporation has provided to the Executive an approved budget, such expenses must not exceed the amount so budgeted without the prior written approval from the CEO.

**Vacation**

2.06 The Executive will be eligible for 4 weeks of vacation annually, to be taken in accordance with the terms of the Corporation’s Vacation Policy, without regard to any lesser amount of vacation time set forth therein. Notwithstanding the foregoing, the Executive’s eligibility for vacation in the year of hire will be pro-rated in the manner specified in the Corporation’s Vacation Policy.

**ARTICLE THREE — TERMINATION AND RESIGNATION**

**Involuntary Termination - Either By The Corporation Without Cause or By The Executive For Good Reason**

3.01 If the Executive incurs an involuntary termination from employment with the Corporation on account of a termination by the Corporation without Cause or by the Executive for Good Reason, then, in addition to any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the date that is designated by the Corporation or the Executive, as applicable, as the last day of the Executive’s employment or term of office with the Corporation (the “Termination Date”), the Executive will be eligible for the severance payments and benefits as described in this Section 3.01; provided that (i) the Executive continues to comply with the Restrictive Covenants (as defined below); and (ii) the Executive executes, and does not revoke, a written waiver and release of all claims, demands and causes of action against the Corporation and related parties in a form prescribed by the Corporation, as limited by Section 3.09 (“Release”):

- (a) The Executive will be paid a lump sum severance payment within 60 days of the Executive’s Termination Date, equal to one (1) times the Executive’s base salary (calculated using the Executive’s highest annual base salary in the three years prior to the Executive’s Termination Date) plus one (1) times the Executive’s target level of annual incentive compensation for the year prior to the year in which the Executive’s Termination Date occurs;
  - (b) The Executive will be entitled to a pro-rated portion of the Executive’s target level of annual incentive compensation for the year in which the Executive’s Termination Date occurs, based on the number of months (rounded to the next highest number for a partial month) of the calendar year elapsed prior to the Executive’s Termination Date and calculated and paid in accordance with the terms of the Corporation’s Short Term Incentive Plan; and
  - (c) Until the earlier of (i) the end of the one (1) year period following the Executive’s Termination Date, or (ii) the date, or dates, the Executive is eligible to receive benefits under the same type of plan of a subsequent employer (the “Benefit Period”), the Corporation will pay to the Executive a monthly payment on the first payroll date of each month equal to the cost of continued medial and dental coverage for the Executive and the Executive’s covered
-

dependents under the medical and dental plans of the Corporation less the amount that the Executive would be required to contribute for medical and dental coverage if the Executive were an active employee. These payments will commence on the Corporation's first payroll date after the Executive's Termination Date and will continue until the end of the Benefit Period (but not longer than the Benefit Period).

**Involuntary Termination By The Corporation For Cause Or Voluntary Resignation Without Good Reason**

3.02 If the Executive is involuntarily terminated by the Corporation for Cause or the Executive voluntarily resigns from employment without Good Reason, then the Executive will forfeit the Executive's right to receive any salary, Short Term Incentive Plan compensation, Equity Compensation Plan compensation or other compensation that has not been fully accrued at the time the Executive's employment terminates; provided, however, that the Executive will be entitled to receive any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Executive's Termination Date.

**Death or Disability**

3.03 The Executive's employment will terminate automatically upon the Executive's death. The Corporation may terminate the Executive's employment if illness, disease, or physical or mental incapacity render the Executive generally incapable of performing the Executive's duties or unfit to advance or represent the Corporation on a daily basis for a period of twelve (12) consecutive months and within such twelve (12) months, the Executive fails to produce to the Corporation a medical opinion indicating a reasonable time for the return of the Executive to the full-time assumption of the Executive's past duties and responsibilities. Nothing herein is intended to circumvent or abridge the Corporation's short-term disability policy or long-term disability plan. In the event of termination pursuant to the terms of this Section 3.03, the Executive or the Executive's estate, as applicable, will be entitled to receive any salary, benefits or other amounts accrued, earned and due to the Executive but not yet paid as of the Executive's Termination Date.

**Cause**

3.04 For purposes of this Agreement, Cause includes:

- (a) conviction of the Executive, or entering of a guilty plea or a plea of no contest by the Executive, with respect to, a felony, any crime involving fraud, larceny or embezzlement or any other crime involving moral turpitude which subjects, or if generally known, would damage the business interests or reputation of the Corporation or any of its affiliates;
  - (b) any act of fraud, misappropriation, material dishonesty, embezzlement or similar conduct involving the Corporation or any affiliates;
-

- (c) a material breach by the Executive of the Executive's duties hereunder (other than as a result of incapacity due to physical or mental impairment) which is demonstrably willful and deliberate on the part of the Executive or which is committed in bad faith or without reasonable belief that such breach is in the best interests of the Corporation;
- (d) a material breach by the Executive of the Executive's duties hereunder (other than as a result of incapacity due to physical or mental impairment), except as identified in Section 3.04(c) above, which breach is not remedied by the Executive within 30 days after receipt of written notice from the Corporation specifying such breach; or
- (e) the Executive's failure to comply in any material way with any of the provisions of this Agreement.

**Good Reason**

3.05 For purposes of this Agreement, a voluntary resignation by the Executive will be deemed to be a termination for Good Reason if:

- (a) The Corporation makes: (i) any assignment to the Executive of any duties which are materially inconsistent with the Executive's position; (ii) any material reduction in the Executive's authority, responsibilities or status; or (iii) a material reduction to the Executive's base salary;
- (b) The Executive notifies the Corporation in writing of the Executive's belief that the Corporation has taken an action identified in Section 3.05(a) within thirty (30) days of the event at issue;
- (c) The Corporation has not remedied the situation within thirty (30) days after receipt of written notice from the Executive; and
- (d) The Executive provides a Notice of Termination within thirty (30) days after the Corporation's opportunity to remedy the situation has expired.

**Change in Control**

3.06 (a) The Corporation shall provide the payments and benefits described in Section 3.06(b) below only if: (i) the Executive continues to comply with the Restrictive Covenants (as such term is defined below); and (b) the Executive executes, and does not revoke, a Release (as defined above).

(b) Upon a Change in Control (as defined below), and an involuntary termination of the Executive's employment either by the Corporation without Cause or by the Executive for Good Reason, which termination occurs within a period of twelve (12) months following the Change in Control, the Corporation shall provide to the Executive, in addition to any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Executive's Termination Date, but in lieu of any payments or benefits to which the Executive may be entitled under Section 3.01 above, (a) a lump sum severance payment of two (2) times the

---

Executive's base salary (calculated using the Executive's highest annual base salary in the three years prior to the Executive's Termination Date) plus two (2) times the Executive's target level of annual incentive compensation under the Short Term Incentive Plan for the year prior to the year in which the Executive's Termination Date occurs, payable within thirty (30) days of the Executive's Termination Date and, (b) any unvested equity compensation awards held by the Executive shall automatically accelerate and become one hundred percent (100%) vested and, as applicable, exercisable, as of the Executive's Termination Date.

- (c) For the purpose of this Section 3.06, "Change in Control" means the happening of any of the following events:
- (i) the completion of a transaction pursuant to which (A) the Corporation goes out of existence or (B) any person, or any Associate (as such terms defined in National Instrument 45-106 - *Prospectus and Registration Exemptions*, as amended from time to time, or such other successor rules, instruments or policies from time to time of Canadian provincial securities regulatory authorities which may govern trades of securities to employees, officers, directors or consultants ("NI45-106")) or Related Entity (as such term is defined in NI45-106) of such person (other than the Corporation, any trustee or other fiduciary holding securities under any employee benefit plan of the Corporation or a Related Entity, or any company owned, directly or indirectly, by the shareholders of the Corporation in substantially the same proportions as their ownership of common shares of the Corporation) hereafter acquires the direct or indirect "beneficial ownership" (as defined by the *Canada Business Corporations Act*) of securities of the Corporation representing 50% or more of the aggregate voting power of all of the Corporation's then issued and outstanding securities;
  - (ii) the lease, exchange, license, sale or other similar disposition of all or substantially all of the Corporation's assets in one transaction or a series of related transactions to a person, or any Associate or Related Entity of such person (other than an Associate or Related Entity of the Corporation, any trustee or other fiduciary holding securities under any employee benefit plan of the Corporation or a Related Entity, or any company owned, directly or indirectly, by the shareholders of the Corporation in substantially the same proportions as their ownership of common shares of the Corporation);
  - (iii) the dissolution or liquidation of the Corporation except in connection with the distribution of assets of the Corporation to one or more persons which were Related Entities prior to such event;
  - (iv) during any period of 24 consecutive months beginning on or after the date of the Equity Compensation Plan, the persons who were members of the Board immediately before the beginning of such period (the "Incumbent Directors") cease (for any reason other than death) to
-

constitute at least a majority of the Board or the board of directors of any successor to the Corporation, provided that any director who was not a director as of the date of the Equity Compensation Plan shall be deemed to be an Incumbent Director if such director is elected to the Board by, or on the recommendation of or with the approval of, at least two-thirds of the directors who then qualified as Incumbent Directors either actually or by prior operation of the foregoing unless such election, recommendation or approval occurs as a result of an actual or threatened election contest or other actual or threatened solicitation of proxies or contests by or on behalf of a person other than a member of the Board; or

- (v) a merger, amalgamation, arrangement or consolidation of the Corporation with any other corporation other than a merger, amalgamation, arrangement or consolidation that would result in the voting securities of the Corporation outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the Corporation or such surviving entity outstanding immediately after such merger, amalgamation, arrangement or consolidation; provided, however, that a merger, amalgamation, arrangement or consolidation effected to implement a recapitalization of the Corporation (or similar transaction) in which no person (other than those covered by the exceptions in (i) above) acquires more than 50% of the combined voting power of the Corporation's then outstanding securities shall not constitute a Change in Control.

### **Notice of Termination**

3.07 Any termination of employment by the Corporation or by the Executive shall be communicated by notice of termination to the other party hereto given in accordance with Section 5.09 (a "Notice of Termination"). For purposes of this Agreement, Notice of Termination means a written notice which (a) identifies the specific termination provision in the Agreement relied upon, and (b) to the extent applicable, sets forth in reasonable detail the facts and circumstances claimed to provide a basis for termination of the Executive's employment under the provision identified, and (c)(i) in the case of a termination by the Corporation, specifies the Executive's Termination Date which shall not be less than fifteen (15) nor more than sixty (60) days after the giving of such notice; or (ii) in the case of a termination by the Executive without Good Reason, shall not be less than ninety (90) days after the giving of such notice.

### **Payments After Termination of Employment**

3.08 Payments made by the Corporation to the Executive pursuant to this Agreement after the Executive's Termination Date will be made by courier delivery service to the last address provided for notices to the Executive pursuant to Section 5.09 of this Agreement.

---

**Release**

3.09 The Release identified in Sections 3.01 and 3.06 will not require the Executive to release any right the Executive may have to indemnification as an officer, director or employee of the Corporation (or any affiliate thereof) pursuant to the articles of incorporation or bylaws (or other governing instruments) of the Corporation (or any affiliate thereof) or any vested benefits to which the Executive may be entitled under any employee benefit plan.

**ARTICLE FOUR — EXECUTIVE’S OBLIGATIONS**

**Confidentiality**

4.01 The Executive agrees to be bound by the terms of the confidentiality agreement (the “Confidentiality Agreement”) dated the date hereof, which Confidentiality Agreement has been read, understood and executed by the Executive and is attached hereto as Schedule A and which is incorporated by reference into this Agreement. In the event of a conflict between the terms of this Agreement and the terms of the Confidentiality Agreement, the terms of this Agreement shall govern.

**Non-Competition**

4.02 The Executive acknowledges that the Corporation currently conducts business activities in North America and Barbados (the “Territory”). The Executive further acknowledges that, in the future, the business activities are expected to substantially expand territorially. Accordingly, the Executive hereby agrees and covenants that he shall not during the term of this Agreement and for a period of one (1) year following the Executive’s Termination Date for involuntary termination by the Corporation for Cause, voluntary termination by the Executive, or termination following a Change in Control, directly or in any manner whatsoever, including without limitation, either individually, in partnership, jointly or in conjunction with any other individual, partnership, corporation, unincorporated organization, trust, joint venture, the Crown or any agency or instrumentality thereof of any juridical entity, in the Territory (excluding, as applicable, any portions of the Territory in which the Corporation is no longer carrying on business at the relevant time) or in any other regions or countries where the Corporation may be carrying on business at the relevant time.

- (a) carry on, be engaged in, take part in or be a party to any Competitive Activity, directly or indirectly; or
- (b) consult, advise, render services to lend money, guarantee the debts or obligations of or permit the use of his name or any part thereof for any Competitive Activity.

For the purposes of this Section 4.02, a Competitive Activity shall be defined as any business: (i) that competes with or plans to actively compete with the business activities of the Corporation through, but not limited to, the formulation, clinical testing, registration, manufacturing or marketing of specialty pharmaceuticals and/or drug delivery technologies in the therapeutic categories on which the Corporation is focused, which include central nervous system disorders, pain management, cardiovascular disease, type II diabetes, and any other

---

category in which the Corporation is focused in the future and excludes areas in which the Corporation is not actively engaged at the relevant time, (ii) with which the Corporation has a product(s) licensing agreement, (iii) in which the Corporation has minority equity interest, and (iv) with which the Corporation is at the time actively negotiating a commercial relationship.

During the continuance of his employment, the Executive shall not (other than solely as a holder of not more than three per cent (3%) of the issued and outstanding voting shares of any public corporation or as a shareholder of the Corporation, without the written approval of the board of directors of the Corporation, directly or indirectly, either individually or in partnership or in conjunction with any person or persons, firm, association, syndicate, company or corporation as principal, agent, director, manager, servant, shareholder or in any other manner whatsoever) carry on or be engaged in or be concerned with or interested in any business or vocation whatsoever which would be reasonably judged to be a Competitive Activity or would impede the Executive in performing his duties as outlined herein.

The Executive may at any time, or from time to time, request the Corporation to advise the Executive in writing whether or not the Corporation considers a specified business to be Competitive Activity. Any such request shall be made by written notice to the Corporation that includes: (i) the name of the specific business unit for which the Executive proposes to provide services; (ii) the name or names of any parent companies of such business unit; (iii) a description of the specific services which the Executive proposes to perform for such business unit; (iv) a statement as to why the Executive believes that the performance of such services will not adversely affect the Corporation's legitimate interests.

**Non-Solicitation**

4.03 The Executive hereby covenants and agrees that the Executive shall not, during the term of this Agreement and for a period of twelve (12) months thereafter, solicit or contact, either directly or indirectly, any of the Customers, Prospective Customers or any suppliers of the pharmaceutical compounds used by the Corporation on the Executive's own behalf, or on behalf of any entity, by which the Executive is hired or retained. "Customers" means customers of the Corporation with which the Executive had personal contact or had supervision over the efforts of those who had direct personal contact with such customers during the last two (2) years of the Executive's employment with the Corporation. "Prospective Customer" means any organizations or entities which had been actively contacted and solicited for their business by representatives of the Corporation, and with whom the Executive had contact, both during the last two (2) years of the Executive's employment with the Corporation.

**Non-Hiring**

4.04 The Executive hereby covenants and agrees that the Executive shall not, during the term of this Agreement and for a period of twelve (12) months thereafter, either directly or indirectly, solicit or endeavour to solicit from the Corporation any of its employees, and shall not for a period twelve (12) months from the end of the term of this Agreement hire any of the foregoing on the Executive's own behalf or on behalf of any entity for which the Executive is hired or retained. Notwithstanding the foregoing, the Executive shall not be considered in breach of this section should the Executive solicit for hiring such Executive's Administrative Assistant.

---

**Injunctive Relief**

4.05 The Executive acknowledges and agrees that the agreements and covenants in this Article Four are essential to protect the business and goodwill of the Corporation and that a breach by the Executive of the covenants in Sections 4.01, 4.02, 4.03 and 4.04 hereof could result in irreparable harm to the Corporation for which the Corporation could not be adequately compensated in damages and that, accordingly, the Corporation may have no adequate remedy at law if the Executive breaches such provisions. Consequently, if the Executive breaches any of such provisions, the Corporation shall have, in addition to and not in lieu of, any other rights and remedies available to it under any law or in equity, the right to obtain injunctive relief to restrain any breach or threatened breach thereof and to have such provisions specifically enforced by any court of competent jurisdiction.

**Severability of Covenants in Full or in Part**

4.06 The parties acknowledge that the provisions of Article Four hereof (the “Restrictive Covenants”) are reasonable and valid in geographic and temporal scope and in all other respects. If any court of competent jurisdiction determines that any of the Restrictive Covenants or any part thereof, is or are invalid or unenforceable, the Executive and the Corporation agree that the remainder of the Restrictive Covenants shall not be affected by the deemed invalid portions.

**Assignment of IP**

4.07 The Executive shall disclose to the Corporation any and all Intellectual Property (as defined in the Confidentiality Agreement) which the Executive may make solely, jointly, or in common with other employees during the term of the Executive’s employment within the Corporation and which relates to the business. Any Intellectual Property coming within the scope of the business made and/or developed by the Executive while in the employ of the Corporation, whether or not conceived or made during regular working hours, and whether or not the Executive is specifically instructed to make or develop same, shall be for the benefit of the Corporation and shall be regarded as work made in the course of employment for the purposes of the *Copyright Act* (Canada). The Executive shall assign, set over and transfer to the Corporation the Executive’s entire right, title and interest in and to any and all of the Intellectual Property and to all letters patent and applications for letters patent which may be, or may have been filed and/or issued by or to the Executive or on the Executive’s behalf and the Executive agrees to execute and deliver to the Corporation any and all instruments necessary or desirable to accomplish the foregoing and, in addition, to do all lawful acts which may be necessary or desirable to assist the Corporation to obtain and enforce protection of the Intellectual Property. To the extent of any rights the Executive may have with respect to the Intellectual Property which are not assignable, including but not limited to moral rights, the Executive hereby waives same. The Executive will execute and deliver to the Corporation or its successors and assigns, such other and further assignments, instruments and documents as the Corporation from time to time reasonably may request for the purpose of establishing, evidencing,

---

and enforcing or defending its complete, exclusive, perpetual, and world-wide ownership of all rights, titles, and copyrights, in and to the Intellectual Property, and the Executive constitutes and appoints the Corporation as agent and attorney-in-fact, with full power of substitution, to execute and deliver such assignments, instruments, documents as Executive may fail to or refuse to execute and deliver, this power and agency being coupled with an interest and being irrevocable.

**Standards of Business Conduct**

4.08 The Executive acknowledges and agrees that the Executive has read and understood and agrees to be bound by the Corporation’s Standards of Business Conduct, which is attached hereto as Schedule B.

**No Conflicting Obligations**

- 4.09 The Executive warrants to the Corporation that:
- (a) the performance of the Executive’s duties as an employee of the Corporation will not breach any agreement or other obligation to keep confidential the Confidential Information of any third party; and
  - (b) the Executive is not bound by any agreement with or obligation to any third party that conflicts with the Executive’s obligations as an employee of the Corporation.

**ARTICLE FIVE - INTERPRETATION AND ENFORCEMENT**

**Independent Legal Advice**

5.02 The Executive agrees to the terms and conditions of this Agreement having had the opportunity to receive independent legal advice, for which the Executive has been reimbursed by the Corporation.

**Severability**

5.03 The parties further acknowledge that if any provision contained in this Agreement is determined to be invalid or unenforceable in whole or in part, such invalidity or unenforceability shall attach only to such provision or part thereof and the remaining part of such provision and all other provisions hereof shall continue in full force and effect.

**Sections and Headings**

5.04 The division of this Agreement into Articles and Sections and the insertion of headings are for the convenience of reference only and shall not affect the construction or interpretation of this Agreement.

---

**Number and Gender**

5.05 In this Agreement words importing the singular number only shall include the plural and vice versa and words importing the masculine gender shall include the feminine and neuter genders and vice versa.

**Entire Agreement**

5.06 This Agreement and all the Schedules hereto constitute the entire Agreement between the parties with respect to the subject matter hereof and cancels and supersedes any prior understandings and agreements between the parties with respect thereto (including, but not limited to, the Executive’s employment agreement dated February 16, 2006 and the amendment thereto dated January 14, 2008). There are no representations, warranties, forms, conditions, undertakings or collateral Agreements, express, implied or statutory between the parties other than as expressly set forth in this Agreement.

**Amendments and Waivers**

5.07 No amendment to this Agreement shall be valid or binding unless set forth in writing and duly executed by both parties. No waiver of any breach of any term or provision of this Agreement shall be effective or binding unless made in writing and signed by the party purporting to give the same and, unless otherwise provided in written waiver, shall be limited to the specific breach waived.

**Governing Law**

5.08 This Agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the Province of Ontario and all legal proceedings contemplated in this Agreement shall be brought in, and be governed by, the laws of the Province of Ontario, without regard to principles of conflicts of law.

**Notices**

5.09 Any demand, notice or other communication (hereinafter in this Section 5.09 referred to as a “Communication”) to be made or given in connection with this Agreement shall be made or given in writing and may be made or given by personal delivery addressed respectively to the recipients:

To the Executive:

Gregory Gubit  
xxx

To the Corporation:

7150 Mississauga Road  
Mississauga, ON L5N 8M5  
Attn: Chief Executive Officer

or such other address or individual as may be designated by notice by either party to the other. Any communication made or given by personal delivery shall be conclusively deemed to have been given on the day of the actual delivery thereof.

**Benefit of Agreement**

5.10 This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, legal personal representatives, successors and assigns.

**Assignment**

5.11 The Executive may not assign the Executive’s rights or obligations under this Agreement without the prior written consent of the Corporation which consent may be unreasonably withheld. The Corporation may unilaterally assign this agreement to an affiliate without consent but on notice to the Executive.

**Execution of Agreement**

5.12 The Executive acknowledges that the Executive has executed this Agreement freely; that the Executive has reviewed this Agreement thoroughly; that the Executive agrees with its contents; and that the terms herein are reasonable for the fair protection of both the Executive and the Corporation.

**IN WITNESS WHEREOF**, the parties have executed this Agreement on the dates identified below at **Mississauga, Ontario**:

BIOVAIL CORPORATION

EXECUTIVE

By: /s/ W. WELLS  
Name: William Wells  
Title: Chief Executive Officer

/s/ GREGORY GUBITZ  
Gregory Gubitzi  
Sr. VP, Corporate Development

Date: \_\_\_\_\_

Date: Aug 4 / 09

**SCHEDULE A**  
**BIOVAIL CORPORATION**  
**(and its Subsidiaries, Divisions, and Affiliates)**  
**CONFIDENTIALITY AGREEMENT**

As an employee of Biovail Corporation (the “Corporation”), I acknowledge that I may acquire or have disclosed to me by the Corporation or by any affiliate, associate, or technology partner of the Corporation, either directly or indirectly, in writing, conversation, or through observation, various information about the business of the Corporation which is not in the public domain and which the Corporation does not wish to be divulged to other persons, companies, or third parties. I further understand that the Corporation’s Confidential Information (as defined below) is essential to its competitive advantage and to its ability to be financially viable. I further understand that the unauthorized disclosure of such Confidential information may cause the Corporation irreparable injury that may not be rectified in the future.

Therefore, as a condition and in consideration of my employment with the Corporation, I understand and agree that while employed with the Corporation and thereafter (as more particularly described below). I am required to hold confidential and not to disclose to anyone without the written authority from the Corporation any knowledge, information, or facts concerning the Corporation’s:

- research and development activities
- technological plans, advances, applications and inventions
- technical specifications, designs and plans
- materials and sources of supply
- discoveries, inventions, trade secrets, patents
- financial affairs, contracts, licensing agreements, customer lists, pricing practices, marketing strategies
- any other information regarding the Corporation, its products and their development which is not in the public domain

All of the foregoing shall hereinafter collectively be referred to as the “Confidential Information”.

I shall keep confidential any and all Confidential Information which has been disclosed to me in writing or through oral communications and shall not divulge in any manner whatsoever any such information to any person, firm, corporation, partnership or similar entities without the Corporation’s written authority.

Should I breach or threaten to breach this Agreement, I shall be liable to the Corporation in equity and/or in law for damages that may be suffered by the Corporation as a result of the breach or threatened breach. I understand that a breach of this Agreement may result in irreparable harm to the Corporation such as to warrant the entitlement by the

---

Corporation to an interlocutory and/or permanent injunction or other equitable relief against me, and an award of damages including punitive, exemplary and aggravated damages, together with legal costs and expense and I specifically agree that I will not argue the adequacy of damages or the Corporation's ability to seek equitable relief in any such proceeding.

All Confidential Information supplied by the Corporation to me during the course of my employment and any rights related thereto, including but not limited to rights of know how, patent, trademark and copyright, with respect to existing products or those that are developed during or after my employment, are and remain the exclusive and absolute property of the Corporation.

I shall not, except as and to the extent required to enable me to carry out my duties with the Corporation, make any copies or reproduce the Confidential Information nor shall I remove or cause to have removed from the premises of the Corporation during my employment any Confidential Information unless required to do so in order to fulfill my duties with the Corporation. Such copies or reproductions shall be strictly subject to the terms and conditions of this Agreement. I shall take such steps as are necessary to restrict access to and protect the confidentiality of such copies or reproductions of the Confidential Information. Any such copies or reproductions made shall become the exclusive and absolute property of the Corporation.

Upon request of the Corporation, I agree to immediately surrender to the Corporation all documentation and information - notes, drawings, recordings, manuals, letters, correspondence, computer data and programs, records, books or any other materials relating to the Confidential Information which is in my possession without my retaining any copies or duplicates thereof.

I agree that this Agreement shall be construed in accordance with the laws of the Province of Ontario and I agree that the applicable courts of the Province of Ontario shall have exclusive jurisdiction with respect to any dispute or breach herein and I hereby attorn to the exclusive jurisdiction of the courts of the Province of Ontario.

This Agreement shall enure to the benefit of and shall be binding upon my successors, heirs and attorneys.

The disclosure or divulging of any Confidential Information contrary to this Agreement, or the violation of this Agreement in any way shall result in my immediate termination of employment, in addition to which I may be subject to criminal prosecution and civil liability.

I acknowledge and agree that I have executed this Agreement freely and with the benefit of independent legal advice and the terms herein are fair and reasonable.

---

I acknowledge and agree to the foregoing.

## SCHEDULE B

### **BIOVAIL CORPORATION (and its Subsidiaries, Divisions, and Affiliates)**

#### **STANDARDS OF BUSINESS CONDUCT**

Biovail Corporation ("Biovail"), together with its subsidiaries, divisions and affiliates, places great importance on conducting its business activities in an ethical and appropriate manner. Each employee, officer and director is a reflection of Biovail, and as such, the activities and actions of every individual within Biovail must be undertaken in accordance with a high standard of ethics and integrity. As such, Biovail expects each employee, officer and director to comply with, and adhere to, these Standards of Business Conduct (the "Standards").

#### **1. CONFLICTS OF INTEREST**

Employees, officers and directors of Biovail must avoid situations where their private interests could conflict with, or even appear to conflict with, the interests of Biovail and its stockholders.

Conflicts of interest arise when an individual's position or responsibilities with Biovail present an opportunity for personal gain apart from the normal rewards of employment. They also arise when the private interests of an employee, officer or director are inconsistent with those of Biovail or create conflicting loyalties. Such conflicting loyalties can cause an employee, officer or director to give preference to private interests in situations where corporate responsibilities should come first. Employees, officers and directors must perform the responsibilities of their positions on the basis of what is in the best interests of Biovail and free from the influence of personal considerations and relationships.

In the event that any potential conflict of interest arises, the individual involved must immediately notify his or her immediate supervisor. If such individual is an officer or director of Biovail, the Executive Chairman ("Chairman"), Chief Executive Officer ("CEO") and the General Counsel, or in the absence of a General Counsel the Vice President, Associate General Counsel ("SLO") of Biovail must also be immediately notified and no further action may be taken unless authorized in writing by the Chairman and/or the CEO.

While it is not possible to detail every situation where conflicts of interest may arise, the following policies cover the areas that have the greatest potential for conflict:

---

**A. Trading in Biovail Securities and Use of Inside Information**

There are numerous laws in Canada and the United States (federal, provincial and state laws), to regulate transactions in corporate securities (stocks and bonds) and the securities industry. Violation of these laws may lead to civil and criminal actions against the individual and Biovail.

- i. Any employee, officer, director or other insider or anyone (family member, etc.) who knows of any material information (as defined below) about Biovail that has not been disclosed to the public (commonly known as “insider information”) may not engage in any transaction in Biovail’s securities until such information is disclosed to the public (whether or not there is a formal trading “black out” in place). This rule applies equally to transactions in securities of other companies. In addition, employees, officers and directors must not provide insider information to others (“tippees”) who may trade in either the securities of Biovail or the securities of other companies.

“Material information” is any information relating to the business and affairs of Biovail that would reasonably be expected to result in a change in the market price or value of Biovail’s securities. Generally speaking, material information is a matter to which an average prudent investor should be reasonably informed before a decision is made to buy or sell the security involved. Examples of such information would include annual or quarterly financial results; significant changes in management; significant shifts in operating or financial circumstances, such as major write-offs and changes in earnings projections; borrowing of a significant amount of funds; acquisitions of, or mergers with, other companies; significant new contracts or loss of business; and major new products, services or patents. This list provides examples only; many other matters may be considered material information.

Employees, officers, directors and other insiders who have questions that relate to the sale or purchase of a security under circumstances where these laws and regulations might apply should consult with the SLO, who may refer them to outside legal counsel.

- ii. In addition to the prohibition against the use of “insider” information which applies to all employees, officers and directors, the various securities laws that apply in the jurisdiction and countries in which Biovail does business place definite restrictions on the manners in which employees, officers and directors of Biovail, and their family members, their associates, etc., may engage in transactions involving the securities of Biovail. Employees, officers and directors shall comply with all laws, rules and regulations that prohibit or restrict insider trading.

Whenever there is any doubt as to whether any transactions involving Biovail's securities would violate securities laws, employees, officers and directors should consult the SLO of Biovail. Within the framework of the foregoing policies and laws, the final decision of each employee, officer or director, with respect to securities transactions, must be his or her own.

- iii. Employees, officers, directors and other insiders shall maintain the confidentiality of information entrusted to them by Biovail or its customers (except where disclosure is authorized or legally mandated) and shall not, without proper authority, give or release to anyone not employed by Biovail, data or information of a confidential nature concerning Biovail. Disclosure of confidential information can be harmful to Biovail and could be the basis for legal action against Biovail and the individual disclosing the information. Confidential information includes all non-public information that might be of use to competitors, or harmful to Biovail or its customers, if disclosed.
- iv. Employees, officers, directors and other insiders shall not acquire any property, security or any business interest that they know Biovail has an interest in acquiring. Moreover, based on such advance information, employees, officers and directors shall not acquire any property, security or business interest for speculation or investment.
- v. Employees, officers, directors and other insiders must follow Biovail policies regarding "Blackout Periods" when Biovail's stock may not be traded. Such policies will be communicated by the SLO from time to time and must be adhered to by all employees, officers and directors.

## **B. Personal Financial Interest**

Employees, officers and directors should avoid any outside financial interests that might influence decisions or actions they have been empowered to make on behalf of Biovail. An employee, officer or director performing duties in conformity with this policy shall not have a financial interest in, indebtedness to, or a personal contract or understanding with any concern with which he or she does business on behalf of Biovail.

- i. Employees, officers or directors whose corporate duties bring them into business dealings with an organization in which they, or a member of their family, have a financial interest or to which they, or a member of their family, have any indebtedness, or a business employing a relative or close friend, must immediately notify their immediate supervisor. The employee, officer or director, in turn, cannot complete a transaction on behalf of Biovail with this organization unless properly authorized in writing from their supervisor after full disclosure of the relationship.

- ii. An employee, officer or director may not perform work or services, outside the course of their normal employment by Biovail, for an organization doing or seeking to do business with Biovail without appropriate prior written approval of their supervisor or the Board of Directors. An employee, officer or director may not be a director, officer, partner or consultant of an organization doing or seeking to do business with Biovail, nor may any of them permit their names to be used in any way indicating a business connection with such an organization, without appropriate prior written approval of their supervisor or the Board.
- iii. An employee, officer or director shall not accept for himself or herself, or for the benefit of any relative or friend, any payments, loans, services, favors involving more than ordinary social amenity, or gifts of more than nominal value from any organization doing or seeking to do business with Biovail.
- iv. The requirement of freedom from conflict of interest applies with equal force to the spouse, children and other close relatives of each employee, officer and director. This policy applies to all employees, officers and directors of Biovail with respect to all of the affairs of Biovail.
- v. Employees, officers and directors shall not (a) take for themselves personally opportunities that are discovered through the use of corporate property, information or position; (b) use corporate property information, or position for personal gain; (c) compete with Biovail. Employees, officers and directors owe a duty to Biovail to advance its legitimate interests when the opportunity to do so arises.
- vi. Biovail may not make loans to any employee, officer or director.

#### **C. Outside Activities**

Employees, officers and directors should avoid outside employment or activities which would impair the effective performances of their responsibilities to Biovail, either because of excessive demands on their time, or because the outside commitments can be contrary to their obligations to Biovail

#### **D. Protection and Proper Use of Biovail's Assets**

All employees, officers and directors should protect Biovail's assets and ensure their efficient use. Theft, carelessness and waste have a direct impact on Biovail's profitability. All of Biovail's assets should be used only for legitimate business purposes.

**E. Fair Dealing**

Each employee, officer and director shall endeavor to deal fairly with Biovail’s customers, suppliers, competitors and employers. None should take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts, or any other unfair-dealing practice,

**2. COMPETITIVE PRACTICES**

The management of Biovail firmly believes that fair competition is fundamental to continuation of the free-enterprise system. Biovail complies with, and supports, laws of all countries that prohibit restraints of trade, unfair practices, or abuse of economic power.

Biovail will not enter into arrangements that unlawfully restrict its ability to compete with other businesses, or the ability of any other business organization to compete freely with Biovail. Biovail policy also prohibits employees, officers and directors from entering into, or even discussing, any unlawful arrangement or understanding which may affect its pricing policies, terms upon which its products and services are sold, or which might be construed as dividing customers or sales territories with a competitor.

These principles of fair competition are basic to all Biovail operations. They are integral parts of the following sections that cover Biovail’s dealings with suppliers, customers and public officials.

**3. DEALING WITH SUPPLIERS**

Biovail is a valuable customer for many suppliers of goods, services and facilities. People who want to do business, or to continue to do business, with Biovail must understand that all purchases by Biovail will be made in accordance with its purchasing policy and exclusively on the basis of price, quality, service and suitability to Biovail’s needs.

**A. Reciprocity**

Biovail considers reciprocity a harmful practice and a hindrance to assuring purchase of the best available materials or services at the lowest possible prices. It will not be practiced or allowed.

Suppliers of goods and services to Biovail will not be asked to buy goods and services from Biovail in order to become or continue as a supplier.

Biovail will not attempt to influence its suppliers to purchase from customers of Biovail. When Biovail makes purchases it will not favor firms who are customers of Biovail or any of its affiliates.

**B. “Kickbacks” and Rebates**

Purchases or sales of goods and services by Biovail must not lead to employees, officers or directors, or their families, receiving any type of personal kickbacks or rebates. Employees, officers, directors, and their families, must not accept any form of “under-the-table” payment.

**C. Receipt of Gifts and Entertainment**

Even when gifts and entertainment are exchanged out of the purest motives of personal friendship, they can be misunderstood. They can appear to be attempts to bribe Biovail’s employees, officers or directors into directing business of Biovail to a particular supplier. To avoid both the reality and the appearance of improper relations with suppliers or potential suppliers, the following standards will apply to the receipt of gifts and entertainment by employees, officers and directors of Biovail:

**Gifts**

- i) Employees, officers and directors are prohibited from soliciting gifts, gratuities, or any other personal benefit or favor of any kind from suppliers or potential suppliers. Gifts include not only merchandise and products but also personal services, and tickets to theatrical and sports events. Employees, officers and directors should exercise good judgment when accepting unsolicited gifts. Employees, officers and directors are prohibited from accepting gifts of money.
- ii) Employees, officers and directors may accept unsolicited non-money gifts provided:
  - (1) They are items of nominal intrinsic value; or
  - (2) They are advertising and promotional materials, clearly marked with Biovail or brand names of the giver.
- iii) Any gift of more than nominal intrinsic value must be reported to the SLO to determine whether it can be accepted. Some gifts may be perishable so as to make their return impractical. Supervisors can permit acceptance of such gifts, but should require employees, officers and directors to tactfully inform givers that such gifts are discouraged.
- iv) In the transaction of some international business, it is lawful and customary for business leaders in some countries to give unsolicited gifts to employees, officers or directors of Biovail. These gifts can be of more than nominal value. Moreover, under the circumstances, returning the gifts or payment for them may constitute an affront to the giver. In such cases, the gift must be reported to the SLO who may permit the retaining of the gifts.

- v) In all other instances where gifts cannot be returned or may adversely affect Biovail's continuing business relationships, the SLO must be notified. They can require employees, officers and directors to transfer ownership of such gifts to Biovail.

#### **Entertainment**

- i) Employees, officers and directors shall not encourage or solicit entertainment from any individual or company with whom Biovail does business. Entertainment includes, but is not limited to, activities such as dinner parties, theater parties, and sporting events.
- ii) From time to time employees, officers and directors may accept unsolicited entertainment, but only under the following conditions:
  - (1) The entertainment occurs infrequently;
  - (2) It arises out of the ordinary course of business;
  - (3) It involves reasonable, not lavish expenditures (the amounts involved should be ones employees, officers and directors are accustomed to normally spending for their own business or personal entertainment); and
  - (4) The entertainment takes place in settings that also are reasonable, appropriate, and fitting to employees, officers and directors, their hosts, and their business at hand.

#### **4. DEALINGS WITH CUSTOMERS AND POTENTIAL CUSTOMERS**

Employees, officers and directors must keep all dealings with customers and potential customers fair and above board. Biovail gets business and keeps it because of the quality of its goods and services. Biovail does not give unethical or illegal rebates, kickbacks, under-the-table payments, or other similar improper favors to customers or their representatives.

The boundary line between ethical and unethical competition, or legal and illegal conduct, is not always well defined, particularly in international activities where differing local laws, custom; and practices come into play. Therefore, the following standards will serve as guides:

- a) All employees, officers and directors should make themselves aware of and fully comply with all laws, rules and regulations, whether federal, state, local or foreign, including laws governing relations with customers as well as competitors.
- b) All employees, officers and directors engaged in negotiations and contracts with foreign governments, the United States or any political subdivision thereof must

also know and abide by the specific rules and regulations covering relations with such governments and their agencies.

- c) Employees, officers and directors may not give gifts to customers except items of nominal value, which fit the legal, normal, and customary pattern of Biovail's sales efforts for a particular market. Exceptions to this policy can occur in international trades where it can be legal, customary, and appropriate business practice to exchange gifts with customers. Only the CEO can authorize the giving, receiving, or exchanging of such gifts. Any gifts received by employees, officers or directors in such an exchange must be reported to the CEO for determination as to the disposition of the gifts.
- d) Entertainment for any customer must fit regular business practices. The place and type of entertainment and the money spent must be reasonable and appropriate.

## 5. DEALING WITH PUBLIC OFFICIALS

Domestic and foreign laws and regulations require Biovail to be in contact with public officials on a wide variety of matters. Employees, officers and directors who regularly make these contacts have special responsibilities for upholding Biovail's good name. The following standards relate to these special responsibilities:

- a) All employees, officers and directors who contact public officials must be familiar with lobbying laws and public disclosure requirements, particularly those that apply to registrations and filings.
- b) No employee shall make any form of payment, direct or indirect, to any public official as an inducement to procuring or keeping business or having a law or regulation enacted, defeated, or violated. This is bribery, pure and simple. It will not be tolerated.  
  
It should be acknowledged that inherent in the current health-care regulatory environment, the definition of "form of payment" may include seemingly trivial gifts and/or favors (e.g. buying lunches, coffee, etc.).
- c) When not prohibited by law, employees, officers and directors are allowed to give to public officials gifts where the presentation and acceptance of gifts is an established custom and a normal business practice. All such gifts shall be of reasonable value and the presentation approved in advance by the CEO. Moreover, such gifts must be presented in a manner that clearly identifies Biovail and the occasion that warrants the presentation.
- d) Employees, officers and directors are also allowed to give public officials gifts in the form of product models and pictures provided the models and pictures are

part of Biovail's general marketing and public relations programs (except as noted in clause (b) above).

- e) On special ceremonial occasions, officers of Biovail may publicly give gifts of more than nominal value to public institutions and public bodies. Such gifts can commemorate special events or milestones in Biovail's history.

These may be transmitted through public officials but the gifts are given to the public institutions and public groups they represent, not to the officials personally.

- f) From time to time employees, officers and directors may entertain public officials, but only under the following conditions:
  - i. It is legal and permitted by the entity represented by the official;
  - ii. The entertainment is not solicited by the public official;
  - iii. The entertainment occurs infrequently;
  - iv. It arises out of the ordinary course of business;
  - v. It does not involve lavish expenditures, considering the circumstances;
  - vi. The settings and types of entertainment are reasonable, appropriate and fitting to our employees, officers or directors, their guests, and the business at hand.

## **6. POLITICAL ACTIVITIES AND CONTRIBUTIONS**

### **A. Canada and the United States**

Employees, officers and directors who participate in partisan political activities must make every effort to ensure that they do not leave the impression that they speak or act for Biovail.

Biovail encourages its employees, officers and directors to participate in political activities in their own time and at their sole expense. No corporate action, direct or indirect, will be allowed that infringes on the right of any employee individually to decide whether, to whom, and in what amount, they will make personal political contributions. The same is true of volunteer political donations of personal service time, so long as it does not interfere with the working status of employees, officers or directors.

### **B. Outside Canada and the United States**

No employees, officers and directors are permitted to use Biovail's funds, facilities, or other assets, to support either directly or indirectly any political candidates or political parties,

without advance authorization in writing from their immediate supervisor and the General Counsel. The policy of Biovail is that employees, officers and directors and employees should not participate in political activities in countries of which they are not nationals. However, such persons, of course, are free to participate in political activities in countries of which they are nationals in their own time and at their own expense.

**7. DISCLOSURE**

Biovail has formed a Disclosure Committee to promote consistent practices aimed at informative, timely and broadly disseminated disclosure of Material Information to the market, external stakeholder groups and employees in accordance with all applicable legal, regulatory and stock-exchange requirements.

It is essential that the Disclosure Committee be fully apprised of all material corporate developments to be able to determine whether there is information that should be publicly disclosed, and what the appropriate timing is for release of that information. In some cases, the Disclosure Committee may determine that the information should remain confidential. If that is the case, the Disclosure Committee will determine how that information will be controlled so that it is not inadvertently released. Therefore any employee who becomes aware of information that he/she believes might be material to Biovail and/or any of its affiliates and subsidiaries he/she should advise their manager or supervisor or a member of the Disclosure Committee. Current membership of the Disclosure Committee is posted on the Biovail.com website.

This applies throughout the year, but is particularly critical when annual or quarterly financial statements and Management Discussion and Analysis (MD&A) or regulatory filings are being prepared (e.g. regulatory filings, such as the U.S. Securities and Exchange Commission, Form 20-F).

**8. PUBLIC COMMUNICATIONS**

Given the importance placed on confidentiality and the appropriate disclosures of information regarding Biovail, it is important for employees, officers and directors to ensure that care be taken with any communication regarding Biovail or its activities outside of Biovail.

**A. Designated Spokespersons**

Biovail has designated official spokespersons who are authorized to speak on behalf of Biovail, and answer questions from the news media and the investment community, about Biovail and its activities. Employees, officers and directors who have not been designated as spokespersons for Biovail are not permitted to speak on behalf of the Company to the news media or to the investment community.

**B. Media or Analyst Inquiries**

Any employee who is approached by any person asking for comment on the activities of Biovail must direct any and all such inquiries to a member of the Disclosure Committee or to a member of the Company’s Stakeholder Relations team (Corporate Communications, Investor Relations) so that an appropriate spokesperson can respond to the inquiry on behalf of Biovail.

**C. Conferences**

The Disclosure Committee should be advised of any request to present at any conference or public meeting. Certain materials prepared for any such presentation may be required to be reviewed by the Company’s Stakeholder Relations group.

**D. Electronic Communications**

Care must be taken in all instances in the use of e-mail, and other devices (e.g., Blackberry’s) in communications relating to Biovail’s business. While users tend to resort to shorthand communication using these kinds of tools, those communications do form a record of those communications that may be subject to later review and disclosure. A more fulsome policy regarding electronic communications is in place (found in the Human Resources Management System Policy Binder) and should be adhered to by all employees, officers and directors.

**E. The Internet**

Biovail has instituted policies regarding the use of, and access to the Internet by employees, officers and directors. These policies include a prohibition against anyone participating in any chat rooms dedicated to Biovail or its operations or the industry at large. If any employee, officer or director becomes aware that any such chat room exists, they are asked to report the address of such site to the SLO so that it may be monitored and appropriate action may be taken.

**9. EQUAL OPPORTUNITY**

Biovail supports the principle that every individual must be accorded an equal opportunity to participate in the free-enterprise system and to develop their ability to achieve their full potential within that system.

There shall be no discrimination against any employee or applicant because of race, religion, color, sex, age, sexual orientation, national or ethnic origin, or disability (as required by law) or any other consideration prohibited by local law. All employees, officers and directors will be treated with equality during their employment without regard to their race, religion, color, sex, age, national or ethnic origin, or physical handicap, in all matters, including employment, upgrading, promotion, transfer, layoff, termination, rates of pay, selection for training and recruitment. Biovail will maintain a work environment free of discriminatory practice of any kind.

No employee shall have any authority to engage in any action or course of conduct or to condone any action or course of conduct by any other person which shall in any manner, directly or indirectly, discriminate or result in discrimination in the course of one's employment, termination of employment, or any related matter where such discrimination is, directly or indirectly, based upon race, religion, color, sex, age, sexual orientation, national or ethnic origin, disability, or any other consideration prohibited by law.

**10. HEALTH, SAFETY, AND ENVIRONMENTAL PROTECTION**

It is Biovail's policy to pay due regard to the health and safety of its employees, officers, directors and others, and to the state of the environment. There are federal, provincial, state and local workplace safety and environmental laws which through various governmental agencies regulate both physical safety of employees, officers and directors and their exposure to conditions in the workplace. Should you be faced with an environmental health issue or have a concern about workplace safety, you should contact your Health and Safety Committee representative or notify Biovail management immediately.

Many countries and their regional and local governments now have complex legislation to protect the health and safety of employees, or the general public, and to prevent pollution and protect the environment. In case of violation, these laws often provide penalties for both the company involved and its executive personnel. Biovail's SLO should always be consulted when necessary to understand or comply with such laws.

**11. WORK ENVIRONMENT**

Employees, officers and directors must treat each other with professional courtesy and respect at all times. Employees, officers and directors shall not subject any other employee to unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct which might be construed as sexual in nature, or harass others on the basis of race, disability, gender, sexual orientation or any other consideration prohibited by law. Such conduct may constitute sexual harassment or harassment under federal, provincial and state law and may be the basis for legal action against the offending employee and/or Biovail.

Employees are encouraged to report all conduct that they believe in good faith to be violations of local anti-harassment policies. To the extent permissible under local law the identity of the employees, officers or directors involved will be kept strictly confidential, and will not be revealed by Biovail's management without the employee's permission. The alleged harassment will be thoroughly investigated by Biovail and appropriate action will be taken. Biovail has an appropriate policy to protect employees against discrimination or retaliation as a result of such a complaint.

**12. INTEGRITY OF RECORDS AND FINANCIAL REPORTS**

It is of critical importance that Biovail's filings with the appropriate regulatory authorities (e.g. U.S. Securities and Exchange Commission) be accurate and timely. Depending on their position

with Biovail, an employee, officer or director may be called upon to provide necessary information to ensure that Biovail’s public reports are complete, fair and understandable. Biovail expects employees, officers and directors to take this responsibility very seriously and to provide prompt accurate answers to inquiries related to Biovail’s public disclosure requirements.

The integrity of Biovail’s record keeping systems will be respected at all times. Employees, officers and directors are forbidden to use, authorize, or condone the use of “off-the-books” bookkeeping, secret accounts, unrecorded bank accounts, “slush” funds, falsified books, or any other devices that could be utilized to distort records or reports of Biovail’s true operating results and financial conditions or could otherwise result in the improper recordation of funds or transactions.

**13. USE OLD AGENTS AND NON-EMPLOYEES, OFFICERS AND DIRECTORS**

Agents or other non-employees cannot be used to circumvent the law. Employees, officers and directors will not retain agents or other representatives to engage in practices that run contrary to the Standards of Business Conduct or applicable laws.

**14. INTERNATIONAL OPERATIONS**

Employees, officers and directors operating outside of Canada and the United States have a special responsibility to know and obey the laws and regulations of countries where they act for Biovail. Customs vary throughout the world, but all employees, officers and directors must uphold the integrity of Biovail in other nations diligently.

**15. STANDARDS OF BUSINESS CONDUCT**

**A. Initial Distribution**

- i. Employees, officers and directors designated to receive these Standards will receive their copies immediately after publication.
- ii. Future employees, officers and directors designated to receive these Standards will receive their copies at the time they are hired.

**B. Initial Verification**

Upon receiving their copy of the Standards, employees, officers and directors current and future will:

- i. Become thoroughly familiar with the Standards.
- ii. Resolve any doubts or questions about the Standards with their supervisors.

- iii. Inform their supervisors of any existing holdings or activities that might be, or appear to be, inconsistent with, or in violation of, the Standards.
- iv. Prepare written disclosures of such information, if requested, by supervisors.
- v. Take steps to correct existing situations and bring holdings and activities into full compliance with the Standards. Such steps will be approved in writing by supervisors and will be based on the written disclosure submitted by employees, officers or directors.
- vi. Sign the verification and return it to their supervisors who will make it part of employee's permanent corporate records.

**C. Maintaining Compliance**

- i. Employees, officers and directors have the responsibility to maintain their understanding of the Standards of Business Conduct and for following them.
- ii. Supervisors have the responsibility to maintain an awareness on the part of their employees, officers and directors of the importance of their adhering to the Standards of Business Conduct and for reporting deviations to Management.
- iii. As requested by the Board of Directors or senior management, employees, officers and directors will be asked to re-verify their understanding of the Standards of Business Conduct and their compliance with them every year as a part of Biovail's annual reporting.
- iv. Employees, officers and directors must inform their supervisors of any changes in their holdings or activities that might be, or appear to be in non-compliance with the Standards of Business Conduct.
- v. Employees, officers and directors must prepare written disclosure of such information, if requested, by supervisors.
- vi. Employees, officers and directors must take steps to correct any such changes, if necessary, to bring holdings and activities into full compliance. Such steps will be approved in writing by supervisors and Management and will be based on the written disclosures submitted by employees, officers and directors.

**D. Audits of Compliance**

Regular audits of Biovail will include procedures to test compliance with the Standards of Business Conduct.

**16. VIOLATIONS OF STANDARDS**

Employees, officers and directors must immediately report any violations of the Standards or any violation of any applicable law, rule or regulation. Failure to do so can have serious consequences for the employees, officers or directors and for Biovail.

Employees, officers and directors, should report violations to their supervisors and/or to the Human Resources department and to the SLO or to any secure reporting hotline the company may have contracted with. When in doubt, employees should talk to their supervisors or other appropriate personnel to determine the best course of action in a particular situation.

Supervisors and the Human Resources group have the responsibility to promptly and thoroughly investigate all reports, and to report violations to the SLO.

After a violation is investigated, appropriate action will be taken promptly. Management has the right to determine the appropriate disciplinary action for a violation up to and including termination of employment. All proposed disciplinary action is subject to review by senior Management, Human Resources and the SLO.

Employees, officers and directors should be aware that, in addition to any disciplinary action taken by Biovail, violations of certain Standards may require restitution and may lead to civil or criminal action against individual employees, officers and directors and any corporation involved.

Supervisors have the responsibility of taking remedial steps to correct any operating procedures that may contribute to violations of Standards.

Retaliation in any form against an individual who reports a violation of these Standards of Business Conduct or of any law, rule or regulation in good faith, or who assists in the investigation of a reported violation, is itself a serious violation of this policy. Acts of retaliation will be disciplined appropriately and should be reported immediately to your supervisor or Human Resources.

**17. CONTINUANCE OF EXISTING PERSONNEL POLICIES, RULES AND PERFORMANCE STANDARDS**

Biovail has codified numerous personnel policies, rules and standards of employee performance, which continue in force. These Standards of Business Conduct are intended to supplement and amplify those established personnel policies, rules and standards.

It continues to be the responsibility of all employees to comply with all such policies, rules and performance standards. Additionally, all members of management are to continue making certain that employees reporting to them are made aware of established policies, rules and performance standards and comply with them.

**18. AMENDMENT, MODIFICATION AND WAIVER**

Biovail will periodically review these Standards of Business Conduct. These Standards may be amended, modified or waived by the Board of Directors and waivers may also be granted by the Nominating & Governance Committee, subject to the disclosure and other provisions of the Securities Exchange Act of 1934, and the rules there under and the applicable rules of the Toronto Stock Exchange/New York Stock Exchange. Employees, officers and directors will be fully informed of any revisions to the Standards of Business Conduct.

Any waiver of these Standards for any employee other than a director or an executive officer, may only be made by the Executive Chairman or the CEO. Any waiver of these Standards for director or an executive officer may be made only by the Board of Directors or the Compensation, Nominating and Corporate Governance Committee and will be promptly disclosed to Biovail's stockholders.

**VERIFICATION AND RECEIPT OF UNDERSTANDING**

I have received a copy of Standards of Business Conduct for BIOVAIL CORPORATION and its subsidiaries, divisions and affiliates. I understand how the Standards apply to me. I acknowledge that my receiving the Standards obligates me to follow them and I agree to abide by their conditions.

**BIOVAIL CORPORATION  
EXECUTIVE EMPLOYMENT AGREEMENT**

THIS AGREEMENT is made by and between Biovail Corporation (hereinafter the “Corporation”) and Mark Durham (hereinafter the “Executive”).

**ARTICLE ONE — GENERAL DUTIES AND TERM**

**Scope of Employment / Duties**

1.01 The Corporation will employ the Executive as Sr. VP, HR & Shared Services. The Executive will serve as an officer of the Corporation. During the Employment Term (as defined below), the Executive will devote substantially all of the Executive’s business efforts and time to the Corporation. The Executive agrees, during the Employment Term, not to actively engage in any other employment, occupation or consulting activity for any direct or indirect compensation without the prior approval of the Chief Executive Officer of the Corporation (the “CEO”); provided, however, that the Executive may (a) serve on the boards of directors of other companies (subject to reasonable approval of the CEO) and boards of trade associations or charitable organizations; (b) engage in charitable activities and community affairs; and (c) manage the Executive’s personal investments and affairs, as long as such activities do not violate Section 4.02 and do not materially interfere with the Executive’s duties and responsibilities for the Corporation.

1.02 The Corporation reserves the right to establish the employment relationship with the Executive directly with the Corporation or with any of its affiliates or subsidiaries, or to change such employment relationship over time, as it deems necessary or appropriate to comply with legal requirements or for ease of administration of employee benefits programs or other matters.

1.03 Notwithstanding 1.02, the Corporation acknowledges and agrees that the Executive’s principal residence is and shall remain in the United States of America.

**Term of Agreement**

1.04 The Executive has been employed by the Corporation since February 17, 2003 (the “Employment Commencement Date”). The Corporation hereby agrees to continue to employ the Executive and the Executive hereby accepts such continued employment, in accordance with the terms and conditions of this Agreement, commencing on July 3, 2009. The period of the Executive’s employment under this Agreement will be referred to as the “Employment Term.” Subject to the Corporation’s obligation to provide severance benefits and the parties’ obligation to provide a Notice of Termination (as defined below), the Executive and the Corporation acknowledge that this employment relationship may be terminated at any time and for any or no cause or reason at the option of either the Executive or the Corporation.

---

## ARTICLE TWO — COMPENSATION

### Base Salary

2.01 As of the Employment Commencement Date, the Executive's annualized base salary will be \$361,179.26 USD, payable in accordance with the Corporation's normal payroll practices for employees generally, and will be subject to annual review in accordance with the Corporation's normal review process for other similarly situated senior executives.

### Incentive Compensation

2.02 The Executive will be eligible to participate in the Corporation's short term annual incentive compensation plan as such plan may be amended from time to time (the "Short Term Incentive Plan") in accordance with the terms of the Short Term Incentive Plan. As of the date of this Agreement, the Executive's target will be 50% of the Executive's annual base salary.

### Equity Compensation

2.03 Eligibility and Terms.

The Executive will be eligible to participate in the Corporation's equity compensation plan, as such plan may be amended from time to time (the "Equity Compensation Plan"), in accordance with the terms of the Equity Compensation Plan, except as may be otherwise indicated in this Agreement. The Executive's annual target under the Equity Compensation Plan shall be 75,000 stock options and 6,250 Restricted Share Units ("RSUs"), or a substantially equivalent award. Subject to the approval of the Board of Directors, the Executive will be eligible in 2009 for a special one-time grant of 50,000 RSUs subject to performance goals.

### Employee Benefits

2.04 During the Employment Term, the Executive will be eligible to participate in employee benefit plans and programs that are offered to the Corporation's other similarly-situated senior executives in accordance with the terms of such plans as they may change from time to time. Nothing in this Agreement shall preclude the Corporation or any affiliate of the Corporation from terminating or amending any employee benefit plan or program from time to time after the Employment Commencement Date.

### Expenses

2.05 The Executive shall be reimbursed for reasonable out of pocket business expenses, including travel and entertainment expenses, actually and properly incurred by the Executive in the course of performing the Executive's services hereunder, upon furnishing to the Corporation reasonable supporting statements and vouchers; provided, however, that in any financial year in which the Corporation has provided to the Executive an approved budget, such expenses must not exceed the amount so budgeted without the prior written approval from the CEO.

---

**Vacation**

2.06 The Executive will be eligible for 5 weeks of vacation annually, to be taken in accordance with the terms of the Corporation’s Vacation Policy, without regard to any lesser amount of vacation time set forth therein. Notwithstanding the foregoing, the Executive’s eligibility for vacation in the year of hire will be pro-rated in the manner specified in the Corporation’s Vacation Policy.

**ARTICLE THREE — TERMINATION AND RESIGNATION**

**Involuntary Termination - Either By The Corporation Without Cause or By The Executive For Good Reason**

3.01 If the Executive incurs an involuntary termination from employment with the Corporation on account of a termination by the Corporation without Cause or by the Executive for Good Reason, then, in addition to any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the date that is designated by the Corporation or the Executive, as applicable, as the last day of the Executive’s employment or term of office with the Corporation (the “Termination Date”), the Executive will be eligible for the severance payments and benefits as described in this Section 3.01; provided that (i) the Executive continues to comply with the Restrictive Covenants (as defined below); and (ii) the Executive executes, and does not revoke, a written waiver and release of all claims, demands and causes of action against the Corporation and related parties in a form prescribed by the Corporation, as limited by Section 3.09 (“Release”);

(a) The Executive will be paid a lump sum severance payment within 60 days of the Executive’s Termination Date, equal to one (1) times the Executive’s base salary (calculated using the Executive’s highest annual base salary in the three years prior to the Executive’s Termination Date) plus one (1) times the Executive’s target level of annual incentive compensation for the year prior to the year in which the Executive’s Termination Date occurs;

(b) The Executive will be entitled to a pro-rated portion of the Executive’s target level of annual incentive compensation for the year in which the Executive’s Termination Date occurs, based on the number of months (rounded to the next highest number for a partial month) of the calendar year elapsed prior to the Executive’s Termination Date and calculated and paid in accordance with the terms of the Corporation’s Short Term Incentive Plan; and

(c) Until the earlier of (i) the end of the one (1) year period following the Executive’s Termination Date, or (ii) the date, or dates, the Executive is eligible to receive benefits under the same type of plan of a subsequent employer (the “Benefit Period”), the Corporation will pay to the Executive a monthly payment on the first payroll date of each month equal to the COBRA cost of continued medial and dental coverage for the Executive and the Executive’s covered dependents under the medical and dental plans of the Corporation pursuant to section 4980B of the Internal Revenue Code, less the amount that the Executive would be required to contribute for medical and dental coverage if the Executive were an active employee. These payments will commence on the Corporation’s first payroll date after the Executive’s

---

Termination Date and will continue until the end of the Benefit Period (but not longer than the Benefit Period).

**Involuntary Termination By The Corporation For Cause Or Voluntary Resignation Without Good Reason**

3.02 If the Executive is involuntarily terminated by the Corporation for Cause or the Executive voluntarily resigns from employment without Good Reason, then the Executive will forfeit the Executive's right to receive any salary, Short Term Incentive Plan compensation, Equity Compensation Plan compensation or other compensation that has not been fully accrued at the time the Executive's employment terminates; provided, however, that the Executive will be entitled to receive any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Executive's Termination Date.

**Death or Disability**

3.03 The Executive's employment will terminate automatically upon the Executive's death. The Corporation may terminate the Executive's employment if illness, disease, or physical or mental incapacity render the Executive generally incapable of performing the Executive's duties or unfit to advance or represent the Corporation on a daily basis for a period of twelve (12) consecutive months and within such twelve (12) months, the Executive fails to produce to the Corporation a medical opinion indicating a reasonable time for the return of the Executive to the full-time assumption of the Executive's past duties and responsibilities. Nothing herein is intended to circumvent or abridge the Corporation's short-term disability policy or long-term disability plan. In the event of termination pursuant to the terms of this Section 3.03, the Executive or the Executive's estate, as applicable, will be entitled to receive any salary, benefits or other amounts accrued, earned and due to the Executive but not yet paid as of the Executive's Termination Date.

**Cause**

3.04 For purposes of this Agreement, Cause includes:

- (a) conviction of the Executive, or entering of a guilty plea or a plea of no contest by the Executive, with respect to, a felony, any crime involving fraud, larceny or embezzlement or any other crime involving moral turpitude which subjects, or if generally known, would damage the business interests or reputation of the Corporation or any of its affiliates;
  - (b) any act of fraud, misappropriation, material dishonesty, embezzlement or similar conduct involving the Corporation or any affiliates;
  - (c) a material breach by the Executive of the Executive's duties hereunder (other than as a result of incapacity due to physical or mental impairment) which is demonstrably willful and deliberate on the part of the Executive or which is committed in bad faith or without reasonable belief that such breach is in the best interests of the Corporation;
-

- (d) a material breach by the Executive of the Executive's duties hereunder (other than as a result of incapacity due to physical or mental impairment), except as identified in Section 3.04(c) above, which breach is not remedied by the Executive within 30 days after receipt of written notice from the Corporation specifying such breach; or
- (e) the Executive's failure to comply in any material way with any of the provisions of this Agreement.

**Good Reason**

3.05 For purposes of this Agreement, a voluntary resignation by the Executive will be deemed to be a termination for Good Reason if:

- (a) The Corporation makes: (i) any assignment to the Executive of any duties which are materially inconsistent with the Executive's position; (ii) any material reduction in the Executive's authority, responsibilities or status; or (iii) a material reduction to the Executive's base salary;
- (b) The Executive notifies the Corporation in writing of the Executive's belief that the Corporation has taken an action identified in Section 3.05(a) within thirty (30) days of the event at issue;
- (c) The Corporation has not remedied the situation within thirty (30) days after receipt of written notice from the Executive; and
- (d) The Executive provides a Notice of Termination within thirty (30) days after the Corporation's opportunity to remedy the situation has expired.

**Change in Control**

3.06 (a) The Corporation shall provide the payments and benefits described in Section 3.06(b) below only if: (i) the Executive continues to comply with the Restrictive Covenants (as such term is defined below); and (b) the Executive executes, and does not revoke, a Release (as defined above).

(b) Upon a Change in Control (as defined below), and an involuntary termination of the Executive's employment either by the Corporation without Cause or by the Executive for Good Reason, which termination occurs within a period of twelve (12) months following the Change in Control, the Corporation shall provide to the Executive, in addition to any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Executive's Termination Date, but in lieu of any payments or benefits to which the Executive may be entitled under Section 3.01 above, (a) a lump sum severance payment of two (2) times the Executive's base salary (calculated using the Executive's highest annual base salary in the three years prior to the Executive's Termination Date) plus two (2) times the Executive's target level of annual incentive compensation under the Short Term Incentive Plan for the year prior to the year in which the Executive's Termination Date occurs, payable within thirty (30) days of the Executive's Termination Date and, (b) any unvested equity compensation awards held by the

---

Executive shall automatically accelerate and become one hundred percent (100%) vested and, as applicable, exercisable, as of the Executive's Termination Date.

- (c) For the purpose of this Section 3.06, "Change in Control" means the happening of any of the following events:
- (i) the completion of a transaction pursuant to which (A) the Corporation goes out of existence or (B) any person, or any Associate (as such terms defined in National Instrument 45-106 - *Prospectus and Registration Exemptions*, as amended from time to time, or such other successor rules, instruments or policies from time to time of Canadian provincial securities regulatory authorities which may govern trades of securities to employees, officers, directors or consultants ("NI45-106")) or Related Entity (as such term is defined in NI45-106) of such person (other than the Corporation, any trustee or other fiduciary holding securities under any employee benefit plan of the Corporation or a Related Entity, or any company owned, directly or indirectly, by the shareholders of the Corporation in substantially the same proportions as their ownership of common shares of the Corporation) hereafter acquires the direct or indirect "beneficial ownership" (as defined by the *Canada Business Corporations Act*) of securities of the Corporation representing 50% or more of the aggregate voting power of all of the Corporation's then issued and outstanding securities;
  - (ii) the lease, exchange, license, sale or other similar disposition of all or substantially all of the Corporation's assets in one transaction or a series of related transactions to a person, or any Associate or Related Entity of such person (other than an Associate or Related Entity of the Corporation, any trustee or other fiduciary holding securities under any employee benefit plan of the Corporation or a Related Entity, or any company owned, directly or indirectly, by the shareholders of the Corporation in substantially the same proportions as their ownership of common shares of the Corporation);
  - (iii) the dissolution or liquidation of the Corporation except in connection with the distribution of assets of the Corporation to one or more persons which were Related Entities prior to such event;
  - (iv) during any period of 24 consecutive months beginning on or after the date of the Equity Compensation Plan, the persons who were members of the Board immediately before the beginning of such period (the "Incumbent Directors") cease (for any reason other than death) to constitute at least a majority of the Board or the board of directors of any successor to the Corporation, provided that any director who was not a director as of the date of the Equity Compensation Plan shall be deemed to be an Incumbent Director if such director is elected to the Board by, or
-

on the recommendation of or with the approval of, at least two-thirds of the directors who then qualified as Incumbent Directors either actually or by prior operation of the foregoing unless such election, recommendation or approval occurs as a result of an actual or threatened election contest or other actual or threatened solicitation of proxies or contests by or on behalf of a person other than a member of the Board; or

- (v) a merger, amalgamation, arrangement or consolidation of the Corporation with any other corporation other than a merger, amalgamation, arrangement or consolidation that would result in the voting securities of the Corporation outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the Corporation or such surviving entity outstanding immediately after such merger, amalgamation, arrangement or consolidation; provided, however, that a merger, amalgamation, arrangement or consolidation effected to implement a recapitalization of the Corporation (or similar transaction) in which no person (other than those covered by the exceptions in (i) above) acquires more than 50% of the combined voting power of the Corporation's then outstanding securities shall not constitute a Change in Control.

(d) In the event any payments or benefits made to the Executive upon a Change of Control are deemed "excess parachute payments" within the meaning of Section 280G of the U.S. Internal Revenue Code, and the Executive is subject to excise tax under Section 4999 of the U.S. Internal Revenue Code (the "Excise Tax") with respect to such payments, the Executive shall receive, in addition to any other payments and benefits to which he is entitled under the Agreement, an amount which, after imposition of any income, employment, excise or other taxes on such amount (including any income, employment, excise or other taxes paid on any amount due under this Section), equals the difference between the amount he actually receives after payment of all taxes including all Excise Tax and the after-tax amount he would receive if no Excise Tax were imposed on him. Any additional payment received under this Section 3.06(d) shall be called the Gross-Up Payment. Notwithstanding any provisions of this Section 3.06(d) to the contrary, in accordance with the requirements of section 409A of the Code, any Gross-Up Payment payable hereunder shall be paid not later than the end of the Executive's taxable year next following the Executive's taxable year in which the Executive or the Company, as the case may be, remits the taxes for which the Gross-Up Payment is being paid.

#### **Notice of Termination**

3.07 Any termination of employment by the Corporation or by the Executive shall be communicated by notice of termination to the other party hereto given in accordance with Section 5.09 (a "Notice of Termination"). For purposes of this Agreement, Notice of Termination means a written notice which (a) identifies the specific termination provision in the Agreement relied upon, and (b) to the extent applicable, sets forth in reasonable detail the facts

---

and circumstances claimed to provide a basis for termination of the Executive’s employment under the provision identified, and (c)(i) in the case of a termination by the Corporation, specifies the Executive’s Termination Date which shall not be less than fifteen (15) nor more than sixty (60) days after the giving of such notice; or (ii) in the case of a termination by the Executive without Good Reason, shall not be less than ninety (90) days after the giving of such notice.

**Payments After Termination of Employment**

3.08 Payments made by the Corporation to the Executive pursuant to this Agreement after the Executive’s Termination Date will be made by courier delivery service to the last address provided for notices to the Executive pursuant to Section 5.09 of this Agreement.

**Release**

3.09 The Release identified in Sections 3.01 and 3.06 will not require the Executive to release any right the Executive may have to indemnification as an officer, director or employee of the Corporation (or any affiliate thereof) pursuant to the articles of incorporation or bylaws (or other governing instruments) of the Corporation (or any affiliate thereof) or any vested benefits to which the Executive may be entitled under any employee benefit plan.

**ARTICLE FOUR — EXECUTIVE’S OBLIGATIONS**

**Confidentiality**

4.01 The Executive agrees to be bound by the terms of the confidentiality agreement (the “Confidentiality Agreement”) dated the date hereof, which Confidentiality Agreement has been read, understood and executed by the Executive and is attached hereto as Schedule A and which is incorporated by reference into this Agreement. In the event of a conflict between the terms of this Agreement and the terms of the Confidentiality Agreement, the terms of this Agreement shall govern.

**Non-Competition**

4.02 The Executive acknowledges that the Corporation currently conducts business activities in, North America and Barbados (the “Territory”). The Executive further acknowledges that, in the future, the business activities are expected to substantially expand territorially. Accordingly, the Executive hereby agrees and covenants that he shall not during the term of this Agreement and for a period of one (1) year following the Executive’s Termination Date for involuntary termination by the Corporation for Cause, voluntary termination by the Executive, or a termination following a Change in Control, directly or in any manner whatsoever, including without limitation, either individually, in partnership, jointly or in conjunction with any other individual, partnership, corporation, unincorporated organization, trust, joint venture, the Crown or any agency or instrumentality thereof of any juridical entity, in the Territory (excluding, as applicable, any portions of the Territory in which the Corporation is no longer carrying on

---

business at the relevant time) or in any other regions or countries where the Corporation may be carrying on business at the relevant time:

- (a) carry on, be engaged in, take part in or be a party to any Competitive Activity, directly or indirectly; or
- (b) consult, advise, render services to lend money, guarantee the debts or obligations of or permit the use of his name or any part thereof for any Competitive Activity.

For the purposes of this Section 4.02, a Competitive Activity shall be defined as any business: (i) that competes with or plans to actively compete with the business activities of the Corporation through, but not limited to, the formulation, clinical testing, registration, manufacturing or marketing of specialty pharmaceuticals and/or drug delivery technologies in the therapeutic categories on which the Corporation is focused, which include central nervous system disorders, pain management, cardiovascular disease, type II diabetes, and any other category in which the Corporation is focused in the future and excludes areas in which the Corporation is not actively engaged at the relevant time, (ii) with which the Corporation has a product(s) licensing agreement, (iii) in which the Corporation has minority equity interest, and (iv) with which the Corporation is at the time actively negotiating a commercial relationship.

During the continuance of his employment, the Executive shall not (other than solely as a holder of not more than three per cent (3%) of the issued and outstanding voting shares of any public corporation or as a shareholder of the Corporation, without the written approval of the board of directors of the Corporation, directly or indirectly, either individually or in partnership or in conjunction with any person or persons, firm, association, syndicate, company or corporation as principal, agent, director, manager, servant, shareholder or in any other manner whatsoever) carry on or be engaged in or be concerned with or interested in any business or vocation whatsoever which would be reasonably judged to be a Competitive Activity or would impede the Executive in performing his duties as outlined herein.

The Executive may at any time, or from time to time, request the Corporation to advise the Executive in writing whether or not the Corporation considers a specified business to be Competitive Activity. Any such request shall be made by written notice to the Corporation that includes: (i) the name of the specific business unit for which the Executive proposes to provide services; (ii) the name or names of any parent companies of such business unit; (iii) a description of the specific services which the Executive proposes to perform for such business unit; (iv) a statement as to why the Executive believes that the performance of such services will not adversely affect the Corporation’s legitimate interests.

**Non-Solicitation**

4.03 The Executive hereby covenants and agrees that the Executive shall not, during the term of this Agreement and for a period of twelve (12) months thereafter, solicit or contact, either directly or indirectly, any of the Customers, Prospective Customers or any suppliers of the pharmaceutical compounds used by the Corporation on the Executive’s own behalf, or on behalf of any entity, by which the Executive is hired or retained. “Customers” means customers of the

---

Corporation with which the Executive had personal contact or had supervision over the efforts of those who had direct personal contact with such customers during the last two (2) years of the Executive's employment with the Corporation. "Prospective Customer" means any organizations or entities which had been actively contacted and solicited for their business by representatives of the Corporation, and with whom the Executive had contact, both during the last two (2) years of the Executive's employment with the Corporation.

**Non-Hiring**

4.04 The Executive hereby covenants and agrees that the Executive shall not, during the term of this Agreement and for a period of twelve (12) months thereafter, either directly or indirectly, solicit or endeavour to solicit from the Corporation any of its employees, and shall not for a period twelve (12) months from the end of the term of this Agreement hire any of the foregoing on the Executive's own behalf or on behalf of any entity for which the Executive is hired or retained. Notwithstanding the foregoing, the Executive shall not be considered in breach of this section should the Executive solicit for hiring such Executive's Administrative Assistant.

**Injunctive Relief**

4.05 The Executive acknowledges and agrees that the agreements and covenants in this Article Four are essential to protect the business and goodwill of the Corporation and that a breach by the Executive of the covenants in Sections 4.01, 4.02, 4.03 and 4.04 hereof could result in irreparable harm to the Corporation for which the Corporation could not be adequately compensated in damages and that, accordingly, the Corporation may have no adequate remedy at law if the Executive breaches such provisions. Consequently, if the Executive breaches any of such provisions, the Corporation shall have, in addition to and not in lieu of, any other rights and remedies available to it under any law or in equity, the right to obtain injunctive relief to restrain any breach or threatened breach thereof and to have such provisions specifically enforced by any court of competent jurisdiction.

**Severability of Covenants in Full or in Part**

4.06 The parties acknowledge that the provisions of Article Four hereof (the "Restrictive Covenants") are reasonable and valid in geographic and temporal scope and in all other respects. If any court of competent jurisdiction determines that any of the Restrictive Covenants or any part thereof, is or are invalid or unenforceable, the Executive and the Corporation agree that the remainder of the Restrictive Covenants shall not be affected by the deemed invalid portions.

**Assignment of IP**

4.07 The Executive shall disclose to the Corporation any and all Intellectual Property (as defined in the Confidentiality Agreement) which the Executive may make solely, jointly, or in common with other employees during the term of the Executive's employment within the Corporation and which relates to the business. Any Intellectual Property coming within the scope of the business made and/or developed by the Executive while in the employ of the

---

Corporation, whether or not conceived or made during regular working hours, and whether or not the Executive is specifically instructed to make or develop same, shall be for the benefit of the Corporation and shall be regarded as work made in the course of employment for the purposes of the *Copyright Act* (Canada). The Executive shall assign, set over and transfer to the Corporation the Executive’s entire right, title and interest in and to any and all of the Intellectual Property and to all letters patent and applications for letters patent which may be, or may have been filed and/or issued by or to the Executive or on the Executive’s behalf and the Executive agrees to execute and deliver to the Corporation any and all instruments necessary or desirable to accomplish the foregoing and, in addition, to do all lawful acts which may be necessary or desirable to assist the Corporation to obtain and enforce protection of the Intellectual Property. To the extent of any rights the Executive may have with respect to the Intellectual Property which are not assignable, including but not limited to moral rights, the Executive hereby waives same. The Executive will execute and deliver to the Corporation or its successors and assigns, such other and further assignments, instruments and documents as the Corporation from time to time reasonably may request for the purpose of establishing, evidencing, and enforcing or defending its complete, exclusive, perpetual, and world-wide ownership of all rights, titles, and copyrights, in and to the Intellectual Property, and the Executive constitutes and appoints the Corporation as agent and attorney-in-fact, with full power of substitution, to execute and deliver such assignments, instruments, documents as Executive may fail to or refuse to execute and deliver, this power and agency being coupled with an interest and being irrevocable.

**Standards of Business Conduct**

4.08 The Executive acknowledges and agrees that the Executive has read and understood and agrees to be bound by the Corporation’s Standards of Business Conduct, which is attached hereto as Schedule B.

**No Conflicting Obligations**

- 4.09 The Executive warrants to the Corporation that:
- (a) the performance of the Executive’s duties as an employee of the Corporation will not breach any agreement or other obligation to keep confidential the Confidential Information of any third party; and
  - (b) the Executive is not bound by any agreement with or obligation to any third party that conflicts with the Executive’s obligations as an employee of the Corporation.

**ARTICLE FIVE - INTERPRETATION AND ENFORCEMENT**

**Section 409A**

5.01 This Agreement shall be interpreted to avoid any penalty sanctions under Internal Revenue Code section 409A. If any payment or benefit cannot be provided or made at the time

---

specified herein without incurring sanctions under section 409A, then such benefit or payment shall be provided in full at the earliest time thereafter when such sanctions will not be imposed.

Notwithstanding any provision of this Agreement to the contrary, if the Executive is a key employee of a publicly traded corporation under section 409A at the time of the Executive’s separation from service and if payment of any amount under this Agreement is required to be delayed for a period of six (6) months after separation from service pursuant to section 409A, payment of such amount shall be delayed as required by section 409A, and the accumulated postponed amount shall be paid in a lump sum payment within ten (10) days after the end of the six-month period. If the Executive dies during the postponement period prior to the payment of postponed amount, the amounts withheld on account of section 409A shall be paid to the personal representative of the Executive’s estate within 60 days after the date of the Executive’s death. A “key employee” shall mean an employee who, at any time during the twelve (12) month period ending on the identification date, is a “specified employee” under section 409A of the Internal Revenue Code, as determined by the Board. The determination of key employees, including the number and identity of persons considered key employees and the identification date, shall be made by the Board in accordance with the provisions of sections 416(i) and 409A and the regulations issued thereunder.

For purposes of section 409A, the right to any series of installment payments under this Agreement shall be treated as a right to a series of separate payments. All reimbursements and in kind benefits provided under this Agreement shall be made or provided in accordance with the requirements of section 409A, including, where applicable, the requirement that (i) any reimbursement shall be for expenses incurred during the Executive’s lifetime (or during a shorter period of time specified in this Agreement), (ii) the amount of expenses eligible for reimbursement, or in kind benefits, provided during a calendar year may not affect the expenses eligible for reimbursement, or in kind benefits to be provided, in any other calendar year, (iii) the reimbursement of an eligible expense will be made on or before the last day of the calendar year following the year in which the expense is incurred, and (iv) the right to reimbursement or in kind benefits is not subject to liquidation or exchange for another benefit.

**Independent Legal Advice**

5.02 The Executive agrees to the terms and conditions of this Agreement having had the opportunity to receive independent legal advice, for which the Executive has been reimbursed by the Corporation.

**Severability**

5.03 The parties further acknowledge that if any provision contained in this Agreement is determined to be invalid or unenforceable in whole or in part, such invalidity or unenforceability shall attach only to such provision or part thereof and the remaining part of such provision and all other provisions hereof shall continue in full force and effect.

---

**Sections and Headings**

5.04 The division of this Agreement into Articles and Sections and the insertion of headings are for the convenience of reference only and shall not affect the construction or interpretation of this Agreement.

**Number and Gender**

5.05 In this Agreement words importing the singular number only shall include the plural and vice versa and words importing the masculine gender shall include the feminine and neuter genders and vice versa.

**Entire Agreement**

5.06 This Agreement and all the Schedules hereto constitute the entire Agreement between the parties with respect to the subject matter hereof and cancels and supersedes any prior understandings and agreements between the parties with respect thereto (including, but not limited to, the Executive’s employment agreement dated December 20, 2007 and the amendment thereto dated December 10, 2008). There are no representations, warranties, forms, conditions, undertakings or collateral Agreements, express, implied or statutory between the parties other than as expressly set forth in this Agreement.

**Amendments and Waivers**

5.07 No amendment to this Agreement shall be valid or binding unless set forth in writing and duly executed by both parties. No waiver of any breach of any term or provision of this Agreement shall be effective or binding unless made in writing and signed by the party purporting to give the same and, unless otherwise provided in written waiver, shall be limited to the specific breach waived.

**Governing Law**

5.08 This Agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the State of New Jersey and all legal proceedings contemplated in this Agreement shall be brought in, and be governed by, the laws of the State of New Jersey, without regard to principles of conflicts of law.

---

**Notices**

5.09 Any demand, notice or other communication (hereinafter in this Section 5.09 referred to as a “Communication”) to be made or given in connection with this Agreement shall be made or given in writing and may be made or given by personal delivery addressed respectively to the recipients:

To the Executive:

Mark Durham  
xxx

To the Corporation:

7150 Mississauga Road  
Mississauga, ON L5N 8M5  
Attn: Chief Executive Officer

or such other address or individual as may be designated by notice by either party to the other. Any communication made or given by personal delivery shall be conclusively deemed to have been given on the day of the actual delivery thereof.

**Benefit of Agreement**

5.10 This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, legal personal representatives, successors and assigns.

**Assignment**

5.11 The Executive may not assign the Executive’s rights or obligations under this Agreement without the prior written consent of the Corporation which consent may be unreasonably withheld. The Corporation may unilaterally assign this agreement to an affiliate without consent but on notice to the Executive.

**Execution of Agreement**

5.12 The Executive acknowledges that the Executive has executed this Agreement freely; that the Executive has reviewed this Agreement thoroughly; that the Executive agrees with its contents; and that the terms herein are reasonable for the fair protection of both the Executive and the Corporation.

---

**IN WITNESS WHEREOF**, the parties have executed this Agreement on the dates identified below at **Bridgewater, New Jersey**:

BIOVAIL CORPORATION

EXECUTIVE

By: /s/ W. WELLS  
Name: William Wells  
Title: Chief Executive Officer

/s/ MARK DURHAM  
Mark Durham  
Sr. VP, HR & Shared Services

Date: 8-4-09

Date: 8-4-09

**\_\_\_\_\_**

**SCHEDULE A**  
**BIOVAIL CORPORATION**  
**(and its Subsidiaries, Divisions, and Affiliates)**  
**CONFIDENTIALITY AGREEMENT**

As an employee of Biovail Corporation (the “Corporation”), I acknowledge that I may acquire or have disclosed to me by the Corporation or by any affiliate, associate, or technology partner of the Corporation, either directly or indirectly, in writing, conversation, or through observation, various information about the business of the Corporation which is not in the public domain and which the Corporation does not wish to be divulged to other persons, companies, or third parties. I further understand that the Corporation’s Confidential Information (as defined below) is essential to its competitive advantage and to its ability to be financially viable. I further understand that the unauthorized disclosure of such Confidential information may cause the Corporation irreparable injury that may not be rectified in the future.

Therefore, as a condition and in consideration of my employment with the Corporation, I understand and agree that while employed with the Corporation and thereafter (as more particularly described below). I am required to hold confidential and not to disclose to anyone without the written authority from the Corporation any knowledge, information, or facts concerning the Corporation’s:

- research and development activities
- technological plans, advances, applications and inventions
- technical specifications, designs and plans
- materials and sources of supply
- discoveries, inventions, trade secrets, patents
- financial affairs, contracts, licensing agreements, customer lists, pricing practices, marketing strategies
- any other information regarding the Corporation, its products and their development which is not in the public domain

All of the foregoing shall hereinafter collectively be referred to as the “Confidential Information”.

I shall keep confidential any and all Confidential Information which has been disclosed to me in writing or through oral communications and shall not divulge in any manner whatsoever any such information to any person, firm, corporation, partnership or similar entities without the Corporation’s written authority.

Should I breach or threaten to breach this Agreement, I shall be liable to the Corporation in equity and/or in law for damages that may be suffered by the Corporation as a result of the breach or threatened breach. I understand that a breach of this Agreement may result in irreparable harm to the Corporation such as to warrant the entitlement by the Corporation to an interlocutory and/or permanent injunction or other equitable relief

---

against me, and an award of damages including punitive, exemplary and aggravated damages, together with legal costs and expense and I specifically agree that I will not argue the adequacy of damages or the Corporation's ability to seek equitable relief in any such proceeding.

All Confidential Information supplied by the Corporation to me during the course of my employment and any rights related thereto, including but not limited to rights of know how, patent, trademark and copyright, with respect to existing products or those that are developed during or after my employment, are and remain the exclusive and absolute property of the Corporation.

I shall not, except as and to the extent required to enable me to carry out my duties with the Corporation, make any copies or reproduce the Confidential Information nor shall I remove or cause to have removed from the premises of the Corporation during my employment any Confidential Information unless required to do so in order to fulfill my duties with the Corporation. Such copies or reproductions shall be strictly subject to the terms and conditions of this Agreement. I shall take such steps as are necessary to restrict access to and protect the confidentiality of such copies or reproductions of the Confidential Information. Any such copies or reproductions made shall become the exclusive and absolute property of the Corporation.

Upon request of the Corporation, I agree to immediately surrender to the Corporation all documentation and information - notes, drawings, recordings, manuals, letters, correspondence, computer data and programs, records, books or any other materials relating to the Confidential Information which is in my possession without my retaining any copies or duplicates thereof.

1 agree that this Agreement shall be construed in accordance with the laws of the Province of Ontario and I agree that the applicable courts of the Province of Ontario shall have exclusive jurisdiction with respect to any dispute or breach herein and 1 hereby attorn to the exclusive jurisdiction of the courts of the Province of Ontario.

This Agreement shall enure to the benefit of and shall be binding upon my successors, heirs and attorneys.

The disclosure or divulging of any Confidential Information contrary to this Agreement, or the violation of this Agreement in any way shall result in my immediate termination of employment, in addition to which I may be subject to criminal prosecution and civil liability.

I acknowledge and agree that I have executed this Agreement freely and with the benefit of independent legal advice and the terms herein are fair and reasonable.

---

I acknowledge and agree to the foregoing.

## SCHEDULE B

### **BIOVAIL CORPORATION (and its Subsidiaries, Divisions, and Affiliates)**

#### **STANDARDS OF BUSINESS CONDUCT**

Biovail Corporation (“Biovail”), together with its subsidiaries, divisions and affiliates, places great importance on conducting its business activities in an ethical and appropriate manner. Each employee, officer and director is a reflection of Biovail, and as such, the activities and actions of every individual within Biovail must be undertaken in accordance with a high standard of ethics and integrity. As such, Biovail expects each employee, officer and director to comply with, and adhere to, these Standards of Business Conduct (the “Standards”).

#### **1. CONFLICTS OF INTEREST**

Employees, officers and directors of Biovail must avoid situations where their private interests could conflict with, or even appear to conflict with, the interests of Biovail and its stockholders.

Conflicts of interest arise when an individual’s position or responsibilities with Biovail present an opportunity for personal gain apart from the normal rewards of employment. They also arise when the private interests of an employee, officer or director are inconsistent with those of Biovail or create conflicting loyalties. Such conflicting loyalties can cause an employee, officer or director to give preference to private interests in situations where corporate responsibilities should come first. Employees, officers and directors must perform the responsibilities of their positions on the basis of what is in the best interests of Biovail and free from the influence of personal considerations and relationships.

In the event that any potential conflict of interest arises, the individual involved must immediately notify his or her immediate supervisor. If such individual is an officer or director of Biovail, the Executive Chairman (“Chairman”), Chief Executive Officer (“CEO”) and the General Counsel, or in the absence of a General Counsel the Vice President, Associate General Counsel (“SLO”) of Biovail must also be immediately notified and no further action may be taken unless authorized in writing by the Chairman and/or the CEO.

While it is not possible to detail every situation where conflicts of interest may arise, the following policies cover the areas that have the greatest potential for conflict:

---

**A. Trading in Biovail Securities and Use of Inside Information**

There are numerous laws in Canada and the United States (federal, provincial and state laws), to regulate transactions in corporate securities (stocks and bonds) and the securities industry. Violation of these laws may lead to civil and criminal actions against the individual and Biovail.

- i. Any employee, officer, director or other insider or anyone (family member, etc.) who knows of any material information (as defined below) about Biovail that has not been disclosed to the public (commonly known as “insider information”) may not engage in any transaction in Biovail’s securities until such information is disclosed to the public (whether or not there is a formal trading “black out” in place). This rule applies equally to transactions in securities of other companies. In addition, employees, officers and directors must not provide insider information to others (“tippees”) who may trade in either the securities of Biovail or the securities of other companies.  
  
“Material information” is any information relating to the business and affairs of Biovail that would reasonably be expected to result in a change in the market price or value of Biovail’s securities. Generally speaking, material information is a matter to which an average prudent investor should be reasonably informed before a decision is made to buy or sell the security involved. Examples of such information would include annual or quarterly financial results; significant changes in management; significant shifts in operating or financial circumstances, such as major write-offs and changes in earnings projections; borrowing of a significant amount of funds; acquisitions of, or mergers with, other companies; significant new contracts or loss of business; and major new products, services or patents. This list provides examples only; many other matters may be considered material information.  
  
Employees, officers, directors and other insiders who have questions that relate to the sale or purchase of a security under circumstances where these laws and regulations might apply should consult with the SLO, who may refer them to outside legal counsel.
- ii. In addition to the prohibition against the use of “insider” information which applies to all employees, officers and directors, the various securities laws that apply in the jurisdiction and countries in which Biovail does business place definite restrictions on the manners in which employees, officers and directors of Biovail, and their family members, their associates, etc., may engage in transactions involving the securities of Biovail.

Employees, officers and directors shall comply with all laws, rules and regulations that prohibit or restrict insider trading.

Whenever there is any doubt as to whether any transactions involving Biovail's securities would violate securities laws, employees, officers and directors should consult the SLO of Biovail. Within the framework of the foregoing policies and laws, the final decision of each employee, officer or director, with respect to securities transactions, must be his or her own.

- iii. Employees, officers, directors and other insiders shall maintain the confidentiality of information entrusted to them by Biovail or its customers (except where disclosure is authorized or legally mandated) and shall not, without proper authority, give or release to anyone not employed by Biovail, data or information of a confidential nature concerning Biovail. Disclosure of confidential information can be harmful to Biovail and could be the basis for legal action against Biovail and the individual disclosing the information. Confidential information includes all non-public information that might be of use to competitors, or harmful to Biovail or its customers, if disclosed.
- iv. Employees, officers, directors and other insiders shall not acquire any property, security or any business interest that they know Biovail has an interest in acquiring. Moreover, based on such advance information, employees, officers and directors shall not acquire any property, security or business interest for speculation or investment.
- v. Employees, officers, directors and other insiders must follow Biovail policies regarding "Blackout Periods" when Biovail's stock may not be traded. Such policies will be communicated by the SLO from time to time and must be adhered to by all employees, officers and directors.

## **B. Personal Financial Interest**

Employees, officers and directors should avoid any outside financial interests that might influence decisions or actions they have been empowered to make on behalf of Biovail. An employee, officer or director performing duties in conformity with this policy shall not have a financial interest in, indebtedness to, or a personal contract or understanding with any concern with which he or she does business on behalf of Biovail.

- i. Employees, officers or directors whose corporate duties bring them into business dealings with an organization in which they, or a member of their family, have a financial interest or to which they, or a member of their family, have any indebtedness, or a business

employing a relative or close friend, must immediately notify their immediate supervisor. The employee, officer or director, in turn, cannot complete a transaction on behalf of Biovail with this organization unless properly authorized in writing from their supervisor after full disclosure of the relationship.

- ii. An employee, officer or director may not perform work or services, outside the course of their normal employment by Biovail, for an organization doing or seeking to do business with Biovail without appropriate prior written approval of their supervisor or the Board of Directors. An employee, officer or director may not be a director, officer, partner or consultant of an organization doing or seeking to do business with Biovail, nor may any of them permit their names to be used in any way indicating a business connection with such an organization, without appropriate prior written approval of their supervisor or the Board.
- iii. An employee, officer or director shall not accept for himself or herself, or for the benefit of any relative or friend, any payments, loans, services, favors involving more than ordinary social amenity, or gifts of more than nominal value from any organization doing or seeking to do business with Biovail.
- iv. The requirement of freedom from conflict of interest applies with equal force to the spouse, children and other close relatives of each employee, officer and director. This policy applies to all employees, officers and directors of Biovail with respect to all of the affairs of Biovail.
- v. Employees, officers and directors shall not (a) take for themselves personally opportunities that are discovered through the use of corporate property, information or position; (b) use corporate property information, or position for personal gain; (c) compete with Biovail. Employees, officers and directors owe a duty to Biovail to advance its legitimate interests when the opportunity to do so arises.
- vi. Biovail may not make loans to any employee, officer or director.

### **C. Outside Activities**

Employees, officers and directors should avoid outside employment or activities which would impair the effective performances of their responsibilities to Biovail, either because of excessive demands on their time, or because the outside commitments can be contrary to their obligations to Biovail

**D. Protection and Proper Use of Biovail’s Assets**

All employees, officers and directors should protect Biovail’s assets and ensure their efficient use. Theft, carelessness and waste have a direct impact on Biovail’s profitability. All of Biovail’s assets should be used only for legitimate business purposes.

**E. Fair Dealing**

Each employee, officer and director shall endeavor to deal fairly with Biovail’s customers, suppliers, competitors and employers. None should take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts, or any other unfair-dealing practice,

**2. COMPETITIVE PRACTICES**

The management of Biovail firmly believes that fair competition is fundamental to continuation of the free-enterprise system. Biovail complies with, and supports, laws of all countries that prohibit restraints of trade, unfair practices, or abuse of economic power.

Biovail will not enter into arrangements that unlawfully restrict its ability to compete with other businesses, or the ability of any other business organization to compete freely with Biovail. Biovail policy also prohibits employees, officers and directors from entering into, or even discussing, any unlawful arrangement or understanding which may affect its pricing policies, terms upon which its products and services are sold, or which might be construed as dividing customers or sales territories with a competitor.

These principles of fair competition are basic to all Biovail operations. They are integral parts of the following sections that cover Biovail’s dealings with suppliers, customers and public officials.

**3. DEALING WITH SUPPLIERS**

Biovail is a valuable customer for many suppliers of goods, services and facilities. People who want to do business, or to continue to do business, with Biovail must understand that all purchases by Biovail will be made in accordance with its purchasing policy and exclusively on the basis of price, quality, service and suitability to Biovail’s needs.

**A. Reciprocity**

Biovail considers reciprocity a harmful practice and a hindrance to assuring purchase of the best available materials or services at the lowest possible prices. It will not be practiced or allowed.

Suppliers of goods and services to Biovail will not be asked to buy goods and services from Biovail in order to become or continue as a supplier.

Biovail will not attempt to influence its suppliers to purchase from customers of Biovail. When Biovail makes purchases it will not favor firms who are customers of Biovail or any of its affiliates.

**B. “Kickbacks” and Rebates**

Purchases or sales of goods and services by Biovail must not lead to employees, officers or directors, or their families, receiving any type of personal kickbacks or rebates. Employees, officers, directors, and their families, must not accept any form of “under-the-table” payment.

**C. Receipt of Gifts and Entertainment**

Even when gifts and entertainment are exchanged out of the purest motives of personal friendship, they can be misunderstood. They can appear to be attempts to bribe Biovail’s employees, officers or directors into directing business of Biovail to a particular supplier. To avoid both the reality and the appearance of improper relations with suppliers or potential suppliers, the following standards will apply to the receipt of gifts and entertainment by employees, officers and directors of Biovail:

**Gifts**

- i) Employees, officers and directors are prohibited from soliciting gifts, gratuities, or any other personal benefit or favor of any kind from suppliers or potential suppliers. Gifts include not only merchandise and products but also personal services, and tickets to theatrical and sports events. Employees, officers and directors should exercise good judgment when accepting unsolicited gifts. Employees, officers and directors are prohibited from accepting gifts of money.
- ii) Employees, officers and directors may accept unsolicited non-money gifts provided:
  - (1) They are items of nominal intrinsic value; or
  - (2) They are advertising and promotional materials, clearly marked with Biovail or brand names of the giver.
- iii) Any gift of more than nominal intrinsic value must be reported to the SLO to determine whether it can be accepted. Some gifts may be perishable so as to make their return impractical. Supervisors can permit acceptance of such gifts, but should require employees, officers and directors to tactfully inform givers that such gifts are discouraged.
- iv) In the transaction of some international business, it is lawful and customary for business leaders in some countries to give unsolicited gifts to employees, officers or directors of Biovail. These gifts can be of more

than nominal value. Moreover, under the circumstances, returning the gifts or payment for them may constitute an affront to the giver. In such cases, the gift must be reported to the SLO who may permit the retaining of the gifts.

- v) In all other instances where gifts cannot be returned or may adversely affect Biovail's continuing business relationships, the SLO must be notified. They can require employees, officers and directors to transfer ownership of such gifts to Biovail.

#### **Entertainment**

- i) Employees, officers and directors shall not encourage or solicit entertainment from any individual or company with whom Biovail does business. Entertainment includes, but is not limited to, activities such as dinner parties, theater parties, and sporting events.
- ii) From time to time employees, officers and directors may accept unsolicited entertainment, but only under the following conditions:
  - (1) The entertainment occurs infrequently;
  - (2) It arises out of the ordinary course of business;
  - (3) It involves reasonable, not lavish expenditures (the amounts involved should be ones employees, officers and directors are accustomed to normally spending for their own business or personal entertainment); and
  - (4) The entertainment takes place in settings that also are reasonable, appropriate, and fitting to employees, officers and directors, their hosts, and their business at hand.

#### **4. DEALINGS WITH CUSTOMERS AND POTENTIAL CUSTOMERS**

Employees, officers and directors must keep all dealings with customers and potential customers fair and above board. Biovail gets business and keeps it because of the quality of its goods and services. Biovail does not give unethical or illegal rebates, kickbacks, under-the-table payments, or other similar improper favors to customers or their representatives.

The boundary line between ethical and unethical competition, or legal and illegal conduct, is not always well defined, particularly in international activities where differing local laws, custom; and practices come into play. Therefore, the following standards will serve as guides:

- a) All employees, officers and directors should make themselves aware of and fully comply with all laws, rules and regulations, whether federal,

state, local or foreign, including laws governing relations with customers as well as competitors.

- b) All employees, officers and directors engaged in negotiations and contracts with foreign governments, the United States or any political subdivision thereof must also know and abide by the specific rules and regulations covering relations with such governments and their agencies.
- c) Employees, officers and directors may not give gifts to customers except items of nominal value, which fit the legal, normal, and customary pattern of Biovail's sales efforts for a particular market. Exceptions to this policy can occur in international trades where it can be legal, customary, and appropriate business practice to exchange gifts with customers. Only the CEO can authorize the giving, receiving, or exchanging of such gifts. Any gifts received by employees, officers or directors in such an exchange must be reported to the CEO for determination as to the disposition of the gifts.
- d) Entertainment for any customer must fit regular business practices. The place and type of entertainment and the money spent must be reasonable and appropriate.

## 5. DEALING WITH PUBLIC OFFICIALS

Domestic and foreign laws and regulations require Biovail to be in contact with public officials on a wide variety of matters. Employees, officers and directors who regularly make these contacts have special responsibilities for upholding Biovail's good name. The following standards relate to these special responsibilities:

- a) All employees, officers and directors who contact public officials must be familiar with lobbying laws and public disclosure requirements, particularly those that apply to registrations and filings.
- b) No employee shall make any form of payment, direct or indirect, to any public official as an inducement to procuring or keeping business or having a law or regulation enacted, defeated, or violated. This is bribery, pure and simple. It will not be tolerated.  
  
It should be acknowledged that inherent in the current health-care regulatory environment, the definition of "form of payment" may include seemingly trivial gifts and/or favors (e.g. buying lunches, coffee, etc.).
- c) When not prohibited by law, employees, officers and directors are allowed to give to public officials gifts where the presentation and acceptance of gifts is an established custom and a normal business practice. All such gifts shall be of reasonable value and the presentation approved in advance by the CEO. Moreover, such gifts must be presented in a manner

that clearly identifies Biovail and the occasion that warrants the presentation.

- d) Employees, officers and directors are also allowed to give public officials gifts in the form of product models and pictures provided the models and pictures are part of Biovail's general marketing and public relations programs (except as noted in clause (b) above).
- e) On special ceremonial occasions, officers of Biovail may publicly give gifts of more than nominal value to public institutions and public bodies. Such gifts can commemorate special events or milestones in Biovail's history.

These may be transmitted through public officials but the gifts are given to the public institutions and public groups they represent, not to the officials personally.

- f) From time to time employees, officers and directors may entertain public officials, but only under the following conditions:
  - i. It is legal and permitted by the entity represented by the official;
  - ii. The entertainment is not solicited by the public official;
  - iii. The entertainment occurs infrequently;
  - iv. It arises out of the ordinary course of business;
  - v. It does not involve lavish expenditures, considering the circumstances;
  - vi. The settings and types of entertainment are reasonable, appropriate and fitting to our employees, officers or directors, their guests, and the business at hand.

## **6. POLITICAL ACTIVITIES AND CONTRIBUTIONS**

### **A. Canada and the United States**

Employees, officers and directors who participate in partisan political activities must make every effort to ensure that they do not leave the impression that they speak or act for Biovail.

Biovail encourages its employees, officers and directors to participate in political activities in their own time and at their sole expense. No corporate action, direct or indirect, will be allowed that infringes on the right of any employee individually to decide whether, to whom, and in what amount, they will make personal political

contributions. The same is true of volunteer political donations of personal service time, so long as it does not interfere with the working status of employees, officers or directors.

**B. Outside Canada and the United States**

No employees, officers and directors are permitted to use Biovail’s funds, facilities, or other assets, to support either directly or indirectly any political candidates or political parties, without advance authorization in writing from their immediate supervisor and the General Counsel. The policy of Biovail is that employees, officers and directors and employees should not participate in political activities in countries of which they are not nationals. However, such persons, of course, are free to participate in political activities in countries of which they are nationals in their own time and at their own expense.

**7. DISCLOSURE**

Biovail has formed a Disclosure Committee to promote consistent practices aimed at informative, timely and broadly disseminated disclosure of Material Information to the market. external stakeholder groups and employees in accordance with all applicable legal, regulatory and stock-exchange requirements.

It is essential that the Disclosure Committee be fully apprised of all material corporate developments to be able to determine whether there is information that should be publicly disclosed, and what the appropriate timing is for release of that information. In some cases, the Disclosure Committee may determine that the information should remain confidential. If that is the case, the Disclosure Committee will determine how that information will be controlled so that it is not inadvertently released. Therefore any employee who becomes aware of information that he/she believes might be material to Biovail and/or any of its affiliates and subsidiaries he/she should advise their manager or supervisor or a member of the Disclosure Committee. Current membership of the Disclosure Committee is posted on the Biovail.com website.

This applies throughout the year, but is particularly critical when annual or quarterly financial statements and Management Discussion and Analysis (MD&A) or regulatory filings are being prepared (e.g. regulatory filings, such as the U.S. Securities and Exchange Commission, Form 20-F).

**8. PUBLIC COMMUNICATIONS**

Given the importance placed on confidentiality and the appropriate disclosures of information regarding Biovail, it is important for employees, officers and directors to ensure that care be taken with any communication regarding Biovail or its activities outside of Biovail.

**A. Designated Spokespersons**

Biovail has designated official spokespersons who are authorized to speak on behalf of Biovail, and answer questions from the news media and the investment community, about

Biovail and its activities. Employees, officers and directors who have not been designated as spokespersons for Biovail are not permitted to speak on behalf of the Company to the news media or to the investment community.

**B. Media or Analyst Inquiries**

Any employee who is approached by any person asking for comment on the activities of Biovail must direct any and all such inquiries to a member of the Disclosure Committee or to a member of the Company’s Stakeholder Relations team (Corporate Communications, Investor Relations) so that an appropriate spokesperson can respond to the inquiry on behalf of Biovail.

**C. Conferences**

The Disclosure Committee should be advised of any request to present at any conference or public meeting. Certain materials prepared for any such presentation may be required to be reviewed by the Company’s Stakeholder Relations group.

**D. Electronic Communications**

Care must be taken in all instances in the use of e-mail, and other devices (e.g., Blackberry’s) in communications relating to Biovail’s business. While users tend to resort to shorthand communication using these kinds of tools, those communications do form a record of those communications that may be subject to later review and disclosure. A more fulsome policy regarding electronic communications is in place (found in the Human Resources Management System Policy Binder) and should be adhered to by all employees, officers and directors.

**E. The Internet**

Biovail has instituted policies regarding the use of, and access to the Internet by employees, officers and directors. These policies include a prohibition against anyone participating in any chat rooms dedicated to Biovail or its operations or the industry at large. If any employee, officer or director becomes aware that any such chat room exists, they are asked to report the address of such site to the SLO so that it may be monitored and appropriate action may be taken.

**9. EQUAL OPPORTUNITY**

Biovail supports the principle that every individual must be accorded an equal opportunity to participate in the free-enterprise system and to develop their ability to achieve their full potential within that system.

There shall be no discrimination against any employee or applicant because of race, religion, color, sex, age, sexual orientation, national or ethnic origin, or disability (as required by law) or any other consideration prohibited by local law. All employees, officers and directors will be treated with equality during their employment without

regard to their race, religion, color, sex, age, national or ethnic origin, or physical handicap, in all matters, including employment, upgrading, promotion, transfer, layoff, termination, rates of pay, selection for training and recruitment. Biovail will maintain a work environment free of discriminatory practice of any kind.

No employee shall have any authority to engage in any action or course of conduct or to condone any action or course of conduct by any other person which shall in any manner, directly or indirectly, discriminate or result in discrimination in the course of one's employment, termination of employment, or any related matter where such discrimination is, directly or indirectly, based upon race, religion, color, sex, age, sexual orientation, national or ethnic origin, disability, or any other consideration prohibited by law.

**10. HEALTH, SAFETY, AND ENVIRONMENTAL PROTECTION**

It is Biovail's policy to pay due regard to the health and safety of its employees, officers, directors and others, and to the state of the environment. There are federal, provincial, state and local workplace safety and environmental laws which through various governmental agencies regulate both physical safety of employees, officers and directors and their exposure to conditions in the workplace. Should you be faced with an environmental health issue or have a concern about workplace safety, you should contact your Health and Safety Committee representative or notify Biovail management immediately.

Many countries and their regional and local governments now have complex legislation to protect the health and safety of employees, or the general public, and to prevent pollution and protect the environment. In case of violation, these laws often provide penalties for both the company involved and its executive personnel. Biovail's SLO should always be consulted when necessary to understand or comply with such laws.

**11. WORK ENVIRONMENT**

Employees, officers and directors must treat each other with professional courtesy and respect at all times. Employees, officers and directors shall not subject any other employee to unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct which might be construed as sexual in nature, or harass others on the basis of race, disability, gender, sexual orientation or any other consideration prohibited by law. Such conduct may constitute sexual harassment or harassment under federal, provincial and state law and may be the basis for legal action against the offending employee and/or Biovail.

Employees are encouraged to report all conduct that they believe in good faith to be violations of local anti-harassment policies. To the extent permissible under local law the identity of the employees, officers or directors involved will be kept strictly confidential, and will not be revealed by Biovail's management without the employee's permission. The alleged harassment will be thoroughly investigated by Biovail and appropriate action

will be taken. Biovail has an appropriate policy to protect employees against discrimination or retaliation as a result of such a complaint.

**12. INTEGRITY OF RECORDS AND FINANCIAL REPORTS**

It is of critical importance that Biovail’s filings with the appropriate regulatory authorities (e.g. U.S. Securities and Exchange Commission) be accurate and timely. Depending on their position with Biovail, an employee, officer or director may be called upon to provide necessary information to ensure that Biovail’s public reports are complete, fair and understandable. Biovail expects employees, officers and directors to take this responsibility very seriously and to provide prompt accurate answers to inquiries related to Biovail’s public disclosure requirements.

The integrity of Biovail’s record keeping systems will be respected at all times. Employees, officers and directors are forbidden to use, authorize, or condone the use of “off-the-books” bookkeeping, secret accounts, unrecorded bank accounts, “slush” funds, falsified books, or any other devices that could be utilized to distort records or reports of Biovail’s true operating results and financial conditions or could otherwise result in the improper recordation of funds or transactions.

**13. USE OLD AGENTS AND NON-EMPLOYEES, OFFICERS AND DIRECTORS**

Agents or other non-employees cannot be used to circumvent the law. Employees, officers and directors will not retain agents or other representatives to engage in practices that run contrary to the Standards of Business Conduct or applicable laws.

**14. INTERNATIONAL OPERATIONS**

Employees, officers and directors operating outside of Canada and the United States have a special responsibility to know and obey the laws and regulations of countries where they act for Biovail. Customs vary throughout the world, but all employees, officers and directors must uphold the integrity of Biovail in other nations diligently.

**15. STANDARDS OF BUSINESS CONDUCT**

**A. Initial Distribution**

- i. Employees, officers and directors designated to receive these Standards will receive their copies immediately after publication.
- ii. Future employees, officers and directors designated to receive these Standards will receive their copies at the time they are hired.

**B. Initial Verification**

Upon receiving their copy of the Standards, employees, officers and directors current and future will:

- i. Become thoroughly familiar with the Standards.
- ii. Resolve any doubts or questions about the Standards with their supervisors.
- iii. Inform their supervisors of any existing holdings or activities that might be, or appear to be, inconsistent with, or in violation of, the Standards.
- iv. Prepare written disclosures of such information, if requested, by supervisors.
- v. Take steps to correct existing situations and bring holdings and activities into full compliance with the Standards. Such steps will be approved in writing by supervisors and will be based on the written disclosure submitted by employees, officers or directors.
- vi. Sign the verification and return it to their supervisors who will make it part of employee's permanent corporate records.

**C. Maintaining Compliance**

- i. Employees, officers and directors have the responsibility to maintain their understanding of the Standards of Business Conduct and for following them.
- ii. Supervisors have the responsibility to maintain an awareness on the part of their employees, officers and directors of the importance of their adhering to the Standards of Business Conduct and for reporting deviations to Management.
- iii. As requested by the Board of Directors or senior management, employees, officers and directors will be asked to re-verify their understanding of the Standards of Business Conduct and their compliance with them every year as a part of Biovail's annual reporting.
- iv. Employees, officers and directors must inform their supervisors of any changes in their holdings or activities that might be, or appear to be in non-compliance with the Standards of Business Conduct.
- v. Employees, officers and directors must prepare written disclosure of such information, if requested, by supervisors.
- vi. Employees, officers and directors must take steps to correct any such changes, if necessary, to bring holdings and activities into full compliance. Such steps will be approved in writing by supervisors

and Management and will be based on the written disclosures submitted by employees, officers and directors.

**D. Audits of Compliance**

Regular audits of Biovail will include procedures to test compliance with the Standards of Business Conduct.

**16. VIOLATIONS OF STANDARDS**

Employees, officers and directors must immediately report any violations of the Standards or any violation of any applicable law, rule or regulation. Failure to do so can have serious consequences for the employees, officers or directors and for Biovail.

Employees, officers and directors, should report violations to their supervisors and/or to the Human Resources department and to the SLO or to any secure reporting hotline the company may have contracted with. When in doubt, employees should talk to their supervisors or other appropriate personnel to determine the best course of action in a particular situation.

Supervisors and the Human Resources group have the responsibility to promptly and thoroughly investigate all reports, and to report violations to the SLO.

After a violation is investigated, appropriate action will be taken promptly. Management has the right to determine the appropriate disciplinary action for a violation up to and including termination of employment. All proposed disciplinary action is subject to review by senior Management, Human Resources and the SLO.

Employees, officers and directors should be aware that, in addition to any disciplinary action taken by Biovail, violations of certain Standards may require restitution and may lead to civil or criminal action against individual employees, officers and directors and any corporation involved.

Supervisors have the responsibility of taking remedial steps to correct any operating procedures that may contribute to violations of Standards.

Retaliation in any form against an individual who reports a violation of these Standards of Business Conduct or of any law, rule or regulation in good faith, or who assists in the investigation of a reported violation, is itself a serious violation of this policy. Acts of retaliation will be disciplined appropriately and should be reported immediately to your supervisor or Human Resources.

**17. CONTINUANCE OF EXISTING PERSONNEL POLICIES, RULES AND PERFORMANCE STANDARDS**

Biovail has codified numerous personnel policies, rules and standards of employee performance, which continue in force. These Standards of Business Conduct are intended to supplement and amplify those established personnel policies, rules and standards.

It continues to be the responsibility of all employees to comply with all such policies, rules and performance standards. Additionally, all members of management are to continue making certain that employees reporting to them are made aware of established policies, rules and performance standards and comply with them.

**18. AMENDMENT, MODIFICATION AND WAIVER**

Biovail will periodically review these Standards of Business Conduct. These Standards may be amended, modified or waived by the Board of Directors and waivers may also be granted by the Nominating & Governance Committee, subject to the disclosure and other provisions of the Securities Exchange Act of 1934, and the rules there under and the applicable rules of the Toronto Stock Exchange/New York Stock Exchange. Employees, officers and directors will be fully informed of any revisions to the Standards of Business Conduct.

Any waiver of these Standards for any employee other than a director or an executive officer, may only be made by the Executive Chairman or the CEO. Any waiver of these Standards for director or an executive officer may be made only by the Board of Directors or the Compensation, Nominating and Corporate Governance Committee and will be promptly disclosed to Biovail's stockholders.

**VERIFICATION AND RECEIPT OF UNDERSTANDING**

I have received a copy of Standards of Business Conduct for BIOVAIL CORPORATION and its subsidiaries, divisions and affiliates. I understand how the Standards apply to me. I acknowledge that my receiving the Standards obligates me to follow them and I agree to abide by their conditions.

**BIOVAIL LABORATORIES INTERNATIONAL SRL  
EXECUTIVE EMPLOYMENT AGREEMENT**

THIS AGREEMENT is made by and between Biovail Laboratories International SRL (hereinafter referred to as “Biovail”) and **Dr. Christian Fibiger** (hereinafter the “Executive”).

**ARTICLE ONE — GENERAL DUTIES AND TERM**

**Scope of Employment / Duties**

1.01 Biovail Laboratories International SRL hereby employs the Executive as **Chief Scientific Officer**. The Executive will serve as an officer of Biovail. During the Employment Term (as defined below), the Executive will devote substantially all of the Executive’s business efforts and time to Biovail. The Executive agrees, during the Employment Term, not to actively engage in any other employment, occupation or consulting activity for any direct or indirect compensation without the prior approval of the Chief Executive Officer of Biovail (the “CEO”); provided, however, that the Executive may (a) serve on the boards of directors of other companies (subject to reasonable approval of the CEO) and boards of trade associations or charitable organizations; (b) engage in charitable activities and community affairs; and (c) manage the Executive’s personal investments and affairs, as long as such activities do not violate Section 4.02 and do not materially interfere with the Executive’s duties and responsibilities for Biovail.

1.02 Biovail reserves the right to establish the employment relationship with the Executive directly with Biovail or with any of its affiliates or subsidiaries, or to change such employment relationship over time, as it deems necessary or appropriate to comply with legal requirements or for ease of administration of employee benefits programs or other matters.

**Term of Agreement**

1.03 Biovail hereby agrees to employ the Executive and the Executive hereby accepts employment, in accordance with the terms and conditions of this Agreement, commencing on November 24, 2008 (the “Employment Commencement Date”). The period of the Executive’s employment under this Agreement will be for a period of four (4) years, ending November 23, 2012 and will be referred to as the “Employment Term.” This Agreement will expire automatically on November 23, 2012 without any requirement for notice, pay in lieu of notice or severance pay. Subject to Biovail’s obligation to provide severance benefits and the parties’ obligation to provide a Notice of Termination (as defined below), the Executive and Biovail acknowledge that this employment relationship may be terminated at any time and for any or no cause or reason at the option of either the Executive or Biovail prior to its expiry.

**Extension of Agreement**

1.04 Both parties may mutually agree in writing to extend the Employment Term for one or more successive periods of 12 months each. Either party may give written notice to the other of its wish to extend the Employment Term within 120 days of the end of the then current Employment Term. If no notice of a wish to extend is provided or if no mutual agreement is

---

reached, this Agreement will terminate at the conclusion of the then current Employment Term without any requirement for notice, pay in lieu of notice or severance pay except as may be required by applicable employment standards legislation. “Employment Term” includes the initial 4 - year term hereof and any 12 - month extensions which are agreed upon.

**ARTICLE TWO — COMPENSATION**

**Base Salary**

2.01 As of the Employment Commencement Date, the Executive’s annualized base salary will be \$450,000(USD), payable in accordance with Biovail’s normal payroll practices for employees generally, and will be subject to annual review in accordance with Biovail’s normal review process for other similarly situated senior executives.

**Incentive Compensation**

2.02 For 2008, the Executive shall not participate in Biovail’s short term annual incentive compensation plan. For 2009 and thereafter the Executive will be eligible to participate in Biovail’s short term annual incentive compensation plan as such plan may be amended from time to time (the “Short Term Incentive Plan”) in accordance with the terms of the Short Term Incentive Plan. The Executive’s target incentive level will be 60% of his base salary earnings in the performance period.

**Sign-on Bonus**

2.03 The Executive will be paid a one time lump sum sign-on bonus of \$100,000 (USD) after commencement of employment. In the event the Executive voluntarily resigns or is terminated with cause before the completion of 24 months of employment, this bonus is to be reimbursed to Biovail in full within 30 days of the last day of employment.

**Equity Compensation**

2.04 Eligibility and Terms.

The Executive will be eligible for a one time grant of 13,000 Restricted Share Units (RSUs) and 150,000 Stock Options subject to the terms and conditions outlined in the 2007 Equity Compensation Plan (ECP). In addition, the Executive will be eligible for participation in a performance option grant of 220,000 options which will vest in 2012, based on the attainment of performance criteria.

**Employee Benefits**

2.05 During the Employment Term, the Executive will be eligible to participate in employee benefit plans and programs that are offered to Biovail’s other similarly-situated senior executives in accordance with the terms of such plans as they may change from time to time. Nothing in this Agreement shall preclude Biovail or any affiliate of Biovail from terminating or amending

any employee benefit plan or program from time to time after the Employment Commencement Date.

**Housing Allowance**

2.06 For the duration of the assignment in Barbados, Biovail will provide for the lease of appropriate accommodation up to the amount of \$7,500 USD per month.

**Travel Allowance**

2.07 While on assignment in Barbados, the Executive and spouse or significant other will be provided with reimbursement of reasonable and customary expenses associated with four (4) home leave trips per year.

**Car**

2.08 During the Executive’s employment, Biovail will provide the Executive with a vehicle and reimbursement of associated expenses.

**Expenses**

2.09 The Executive shall be reimbursed for reasonable out of pocket business expenses, including travel and entertainment expenses, actually and properly incurred by the Executive in the course of performing the Executive’s services hereunder, upon furnishing to Biovail reasonable supporting statements and vouchers; provided, however, that in any financial year in which Biovail has provided to the Executive an approved budget, such expenses must not exceed the amount so budgeted without the prior written approval from the CEO.

**Vacation**

2.10 The Executive will be eligible for five (5) weeks of vacation annually, to be taken in accordance with the terms of Biovail’s Vacation Policy, without regard to any lesser amount of vacation time set forth therein. Notwithstanding the foregoing, the Executive’s eligibility for vacation in the year of hire will be pro-rated in the manner specified in Biovail’s Vacation Policy.

**Tax Preparation Services**

2.11 Biovail shall reimburse the Executive for costs incurred by the Executive in connection with tax preparation services furnished by such advisors as chosen by Biovail.

**Immigration Support**

2.12 Biovail shall reimburse the Executive for all legal expenses incurred by the Executive in connection with his immigration status and/or eligibility to work in Barbados, to be furnished by such advisors as chosen by Biovail.

**Relocation**

2.13 The Executive will be reimbursed for reasonable and customary expenses associated with his relocation to Barbados.

**ARTICLE THREE — TERMINATION AND RESIGNATION PRIOR TO EXPIRY OF EMPLOYMENT TERM**

**Involuntary Termination - Either By Biovail Without Cause or By The Executive For Good Reason**

3.01 If the Executive incurs an involuntary termination from employment with Biovail on account of a termination by Biovail without Cause or by the Executive for Good Reason, then, in addition to any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the date that is designated by Biovail or the Executive, as applicable, as the last day of the Executive’s employment or term of office with Biovail (the “Termination Date”), the Executive will be eligible for the severance payments and benefits as described in this Section 3.01; provided that (i) the Executive continues to comply with the Restrictive Covenants (as defined below); and (ii) the Executive executes, and does not revoke, a written waiver and release of all claims, demands and causes of action against Biovail and related parties in a form prescribed by Biovail, as limited by Section 3.09 (“Release”):

- (a) The Executive will be paid a lump sum severance payment within 60 days of the Executive’s Termination Date, equal to
  - (i) the remainder of the base salary that would be payable for the remainder of the Employment Term as if employment had not been terminated. The base salary rate that will be applied is that in place on the Termination Date;
  - (ii) the Executive’s target level of annual incentive compensation that would be payable for the remainder of the Employment Term as if employment had not been terminated. The incentive compensation that will be applied is that which was paid for the year prior to the year in which the Termination Date occurs. In the event that the Executive has not completed a prior year at the time of the Termination Date, incentive compensation will be paid at the same rate as the average rate paid out to Biovail’s Senior Vice Presidents in the prior year.
- (b) The Executive will be entitled to a pro-rated portion of the Executive’s target level of annual incentive compensation under the Short Term Incentive Plan for the year in which the Executive’s Termination Date occurs, based on the number of months (rounded to the next highest number for a partial month) of the calendar year elapsed prior to the Executive’s Termination Date and calculated and paid in accordance with the terms of Biovail’s Short Term Incentive Plan; and

(c) Until the earlier of (i) the end of the remainder of the Employment Term, or (ii) the date, or dates, the Executive is eligible to receive benefits under the same type of plan of a subsequent employer (the “Benefit Period”), Biovail will pay to the Executive a monthly payment on the first payroll date of each month equal to the COBRA cost of continued medial and dental coverage for the Executive and the Executive’s covered dependents under the medical and dental plans of Biovail pursuant to section 4980B of the Internal Revenue Code, less the amount that the Executive would be required to contribute for medical and dental coverage if the Executive were an active employee. These payments will commence on Biovail’s first payroll date after the Executive’s Termination Date and will continue until the end of the Benefit Period (but not longer than the Benefit Period).

**Involuntary Termination By Biovail For Cause Or Voluntary Resignation Without Good Reason**

3.02 If the Executive is involuntarily terminated by Biovail for Cause or the Executive voluntarily resigns from employment without Good Reason, then the Executive will forfeit the Executive’s right to receive any salary, Short Term Incentive Plan compensation, Equity Compensation Plan compensation or other compensation that has not been fully accrued at the time the Executive’s employment terminates; provided, however, that the Executive will be entitled to receive any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Executive’s Termination Date.

**Death or Disability**

3.03 The Executive’s employment will terminate automatically upon the Executive’s death. Biovail may terminate the Executive’s employment if illness, disease, or physical or mental incapacity render the Executive generally incapable of performing the Executive’s duties or unfit to advance or represent Biovail on a daily basis for a period of twelve (12) consecutive months and within such twelve (12) months, the Executive fails to produce to Biovail a medical opinion indicating a reasonable time for the return of the Executive to the full-time assumption of the Executive’s past duties and responsibilities. Nothing herein is intended to circumvent or abridge Biovail’s short-term disability policy or long-term disability plan. In the event of termination pursuant to the terms of this Section 3.03, the Executive or the Executive’s estate, as applicable, will be entitled to receive any salary, benefits or other amounts accrued, earned and due to the Executive but not yet paid as of the Executive’s Termination Date.

**Cause**

3.04 For purposes of this Agreement, Cause includes:

- (a) conviction of the Executive, or entering of a guilty plea or a plea of no contest by the Executive, with respect to, a felony, any crime involving fraud, larceny or embezzlement or any other crime involving moral turpitude which subjects, or if generally known, would damage the business interests or reputation of Biovail or any of its affiliates;
- (b) any act of fraud, misappropriation, material dishonesty, embezzlement or similar conduct involving Biovail or any affiliates;

- (c) a material breach by the Executive of the Executive’s duties hereunder (other than as a result of incapacity due to physical or mental impairment) which is demonstrably willful and deliberate on the part of the Executive or which is committed in bad faith or without reasonable belief that such breach is in the best interests of Biovail;
- (d) a material breach by the Executive of the Executive’s duties hereunder (other than as a result of incapacity due to physical or mental impairment), except as identified in Section 3.04(c) above, which breach is not remedied by the Executive within 30 days after receipt of written notice from Biovail specifying such breach; or
- (e) the Executive’s failure to comply in any material way with any of the provisions of this Agreement.

**Good Reason**

3.05 For purposes of this Agreement, a voluntary resignation by the Executive will be deemed to be a termination for Good Reason if:

- (a) Biovail makes: (i) any assignment to the Executive of any duties which are materially inconsistent with the Executive’s position; (ii) any material reduction in the Executive’s authority, responsibilities or status; or (iii) a material reduction to the Executive’s base salary;
- (b) The Executive notifies Biovail in writing of the Executive’s belief that Biovail has taken an action identified in Section 3.05(a) within thirty (30) days of the event at issue;
- (c) Biovail has not remedied the situation within thirty (30) days after receipt of written notice from the Executive; and
- (d) The Executive provides a Notice of Termination within thirty (30) days after Biovail’s opportunity to remedy the situation has expired.

**Change in Control**

3.06 (a) Biovail shall provide the payments and benefits described in Section 3.06(b) below only if: (i) the Executive continues to comply with the Restrictive Covenants (as such term is defined below); and (b) the Executive executes, and does not revoke, a Release (as defined above).

(b) Upon a Change in Control (as defined below), and an involuntary termination of the Executive’s employment either by Biovail without Cause or by the Executive for Good Reason, which termination occurs within a period of twelve (12) months following the Change in Control, Biovail shall provide to the Executive, in addition to any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Executive’s Termination Date, but in lieu of any payments or benefits to which the Executive may be entitled under Section 3.01 above, (a) a lump sum severance payment of two times the Executive’s base salary (calculated using the Executive’s highest annual base salary in the three years prior to the Executive’s Termination Date) plus two times the Executive’s target level of annual incentive compensation under the Short Term Incentive Plan for the year prior to the year in which the

Executive's Termination Date occurs, payable within thirty (30) days of the Executive's Termination Date and, (b) any unvested equity compensation awards held by the Executive shall automatically accelerate and become one hundred percent (100%) vested and, as applicable, exercisable, as of the Executive's Termination Date.

(c) For the purpose of this Section 3.06, "Change in Control" means the happening of any of the following events:

- (i) the completion of a transaction pursuant to which (A) Biovail Corporation goes out of existence or (B) any person, or any Associate (as such terms defined in National Instrument 45-106 - *Prospectus and Registration Exemptions*, as amended from time to time, or such other successor rules, instruments or policies from time to time of Canadian provincial securities regulatory authorities which may govern trades of securities to employees, officers, directors or consultants ("NI45-106")) or Related Entity (as such term is defined in NI45-106) of such person (other than Biovail Corporation, any trustee or other fiduciary holding securities under any employee benefit plan of Biovail Corporation or a Related Entity, or any company owned, directly or indirectly, by the shareholders of Biovail Corporation in substantially the same proportions as their ownership of common shares of Biovail Corporation) hereafter acquires the direct or indirect "beneficial ownership" (as defined by the *Canada Business Corporations Act*) of securities of Biovail Corporation representing 50% or more of the aggregate voting power of all of Biovail Corporation's then issued and outstanding securities;
- (ii) the lease, exchange, license, sale or other similar disposition of all or substantially all of Biovail Corporation's assets in one transaction or a series of related transactions to a person, or any Associate or Related Entity of such person (other than an Associate or Related Entity of Biovail Corporation, any trustee or other fiduciary holding securities under any employee benefit plan of Biovail Corporation or a Related Entity, or any company owned, directly or indirectly, by the shareholders of Biovail Corporation in substantially the same proportions as their ownership of common shares of Biovail Corporation);
- (iii) the dissolution or liquidation of Biovail Corporation except in connection with the distribution of assets of Biovail Corporation to one or more persons which were Related Entities prior to such event;
- (iv) during any period of 24 consecutive months beginning on or after the date of the Equity Compensation Plan, the persons who were members of the Board immediately before the beginning of such period (the "Incumbent Directors") cease (for any reason other than death) to constitute at least a majority of the Board or the board of directors of any successor to Biovail Corporation, provided that any director who was not a director as of the date of the Equity Compensation Plan shall be deemed to be an Incumbent

Director if such director is elected to the Board by, or on the recommendation of or with the approval of, at least two-thirds of the directors who then qualified as Incumbent Directors either actually or by prior operation of the foregoing unless such election, recommendation or approval occurs as a result of an actual or threatened election contest or other actual or threatened solicitation of proxies or contests by or on behalf of a person other than a member of the Board; or

- (v) a merger, amalgamation, arrangement or consolidation of Biovail Corporation with any other corporation other than a merger, amalgamation, arrangement or consolidation that would result in the voting securities of Biovail Corporation outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of Biovail Corporation or such surviving entity outstanding immediately after such merger, amalgamation, arrangement or consolidation; provided, however, that a merger, amalgamation, arrangement or consolidation effected to implement a recapitalization of Biovail Corporation (or similar transaction) in which no person (other than those covered by the exceptions in (i) above) acquires more than 50% of the combined voting power of Biovail Corporation's then outstanding securities shall not constitute a Change in Control.

#### **Notice of Termination**

3.07 Any termination of employment by Biovail or by the Executive shall be communicated by notice of termination to the other party hereto given in accordance with Section 5.09 (a "Notice of Termination"). For purposes of this Agreement, Notice of Termination means a written notice which (a) identifies the specific termination provision in the Agreement relied upon, and (b) to the extent applicable, sets forth in reasonable detail the facts and circumstances claimed to provide a basis for termination of the Executive's employment under the provision identified, and (c)(i) in the case of a termination by Biovail, specifies the Executive's Termination Date which shall not be less than fifteen (15) nor more than sixty (60) days after the giving of such notice; or (ii) in the case of a termination by the Executive without Good Reason, shall not be less than ninety (90) days after the giving of such notice.

#### **Payments After Termination of Employment**

3.08 Payments made by Biovail to the Executive pursuant to this Agreement after the Executive's Termination Date will be made by courier delivery service to the last address provided for notices to the Executive pursuant to Section 5.09 of this Agreement.

#### **Release**

3.09 The Release identified in Sections 3.01 and 3.06 will not require the Executive to release any right the Executive may have to indemnification as an officer, director or employee of

Biovail (or any affiliate thereof) pursuant to the articles of incorporation or bylaws (or other governing instruments) of Biovail (or any affiliate thereof) or any vested benefits to which the Executive may be entitled under any employee benefit plan.

**ARTICLE FOUR — EXECUTIVE’S OBLIGATIONS**

**Confidentiality**

4.01 The Executive agrees to be bound by the terms of the confidentiality agreement (the “Confidentiality Agreement”) dated the date hereof, which Confidentiality Agreement has been read, understood and executed by the Executive and is attached hereto as Schedule A and which is incorporated by reference into this Agreement. In the event of a conflict between the terms of this Agreement and the terms of the Confidentiality Agreement, the terms of this Agreement shall govern.

**Non-Competition**

4.02 The Executive acknowledges that Biovail currently conducts Business activities in North America, Ireland, Barbados and Puerto Rico (the “Territory”). The Executive further acknowledges that, in the future, the Business activities are expected to substantially expand territorially. Accordingly, the Executive hereby agrees and covenants that he shall not during the term of this Agreement and for a period of one (1) year following the Executive’s Termination Date for involuntary termination by Biovail for Cause, voluntary termination by the Executive, or termination following a Change in Control, directly or in any manner whatsoever, including without limitation, either individually, in partnership, jointly or in conjunction with any other individual, partnership, corporation, unincorporated organization, trust, joint venture, the Crown or any agency or instrumentality thereof of any juridical entity, in the Territory (excluding, as applicable, any portions of the Territory in which Biovail is no longer carrying on business at the relevant time) or in any other regions or countries where Biovail may be carrying on business at the relevant time:

carry on, be engaged in, take part in or be a party to any Competitive Activity, directly or indirectly; or

consult, advise, render services to lend money, guarantee the debts or obligations of or permit the use of his name or any part thereof for any Competitive Activity.

For the purposes of this Section 4.02, a Competitive Activity shall be defined as any business: (i) that competes with or plans to actively compete with the Business activities of Biovail through, but not limited to, the formulation, clinical testing, registration, manufacturing or marketing of specialty pharmaceuticals and/or drug delivery technologies in the therapeutic categories on which Biovail is focused, which include central nervous system disorders, pain management, cardiovascular disease, type II diabetes, and any other category in which Biovail is focused in the future and excludes areas in which Biovail is not actively engaged at the relevant time, (ii) with which Biovail has a product(s) licensing agreement, (iii) in which Biovail has a minority equity interest, and (iv) with which Biovail is at the time actively negotiating a commercial relationship.

During the continuance of his employment, the Executive shall not (other than solely as a holder of not more than three per cent (3%) of the issued and outstanding voting shares of any public corporation or as a shareholder of Biovail, without the written approval of the board of directors of Biovail, directly or indirectly, either individually or in partnership or in conjunction with any Person or Persons, firm, association, syndicate, company or corporation as principal, agent, director, manager, servant, shareholder or in any other manner whatsoever) carry on or be engaged in or be concerned with or interested in any business or vocation whatsoever which would be reasonably judged to be a Competitive Activity or would impede the Executive in performing his duties as outlined herein.

The Executive may at any time, or from time to time, request Biovail to advise the Executive in writing whether or not Biovail considers a specified business to be a Competitive Activity. Any such request shall be made by written notice to Biovail that includes: (i) the name of the specific business unit for which the Executive proposes to provide services; (ii) the name or names of any parent companies of such business unit; (iii) a description of the specific services which the Executive proposes to perform for such business unit; (iv) a statement as to why the Executive believes that the performance of such services will not adversely affect Biovail’s legitimate interests.

**Non-Solicitation**

4.03 The Executive hereby covenants and agrees that the Executive shall not, during the term of this Agreement and for a period of one (1) year thereafter, solicit or contact, either directly or indirectly, any of the Customers, Prospective Customers or any suppliers of the pharmaceutical compounds used by Biovail on the Executive’s own behalf, or on behalf of any entity, by which the Executive is hired or retained. “Customers” means customers of Biovail with which the Executive had personal contact or had supervision over the efforts of those who had direct personal contact with such customers during the last two (2) years of the Employment Term. “Prospective Customer” means any organizations or entities which had been actively contacted and solicited for their business by representatives of Biovail, and with whom the Executive had contact, both during the last two (2) years of the Employment Term.

**Non-Hiring**

4.04 The Executive hereby covenants and agrees that the Executive shall not, during the term of this Agreement and for a period of one (1) year thereafter, either directly or indirectly, solicit or endeavour to solicit from Biovail any of its employees, and shall not for a period one (1) year from the end of the term of this Agreement hire any of the foregoing on the Executive’s own behalf or on behalf of any entity for which the Executive is hired or retained. Notwithstanding the foregoing, the Executive shall not be considered in breach of this section should the Executive solicit for hiring such Executive’s administrative assistant.

**Injunctive Relief**

4.05 The Executive acknowledges and agrees that the agreements and covenants in this Article Four are essential to protect the business and goodwill of Biovail and that a breach by the

Executive of the covenants in Sections 4.01, 4.02, 4.03 and 4.04 hereof could result in irreparable harm to Biovail for which Biovail could not be adequately compensated in damages and that, accordingly, Biovail may have no adequate remedy at law if the Executive breaches such provisions. Consequently, if the Executive breaches any of such provisions, Biovail shall have, in addition to and not in lieu of, any other rights and remedies available to it under any law or in equity, the right to obtain injunctive relief to restrain any breach or threatened breach thereof and to have such provisions specifically enforced by any court of competent jurisdiction.

**Severability of Covenants in Full or in Part**

4.06 The parties acknowledge that the provisions of Article Four hereof (the “Restrictive Covenants”) are reasonable and valid in geographic and temporal scope and in all other respects. If any court of competent jurisdiction determines that any of the Restrictive Covenants or any part thereof, is or are invalid or unenforceable, the Executive and Biovail agree that the remainder of the Restrictive Covenants shall not be affected by the deemed invalid portions.

**Assignment of IP**

4.07 The Executive shall disclose to Biovail any and all Intellectual Property (as defined in the Confidentiality Agreement) which the Executive may make solely, jointly, or in common with other employees during the term of the Executive’s employment within Biovail and which relates to the business. Any Intellectual Property coming within the scope of the business made and/or developed by the Executive while in the employ of Biovail, whether or not conceived or made during regular working hours, and whether or not the Executive is specifically instructed to make or develop same, shall be for the benefit of Biovail and shall be regarded as work made in the course of employment for the purposes of the *Copyright Act* (Canada). The Executive shall assign, set over and transfer to Biovail the Executive’s entire right, title and interest in and to any and all of the Intellectual Property and to all letters patent and applications for letters patent which may be, or may have been filed and/or issued by or to the Executive or on the Executive’s behalf and the Executive agrees to execute and deliver to Biovail any and all instruments necessary or desirable to accomplish the foregoing and, in addition, to do all lawful acts which may be necessary or desirable to assist Biovail to obtain and enforce protection of the Intellectual Property. To the extent of any rights Executive may have with respect to the Intellectual Property which are not assignable, including but not limited to moral rights, the Executive hereby waives same. The Executive will execute and deliver to Biovail or its successors and assigns, such other and further assignments, instruments and documents as Biovail from time to time reasonably may request for the purpose of establishing, evidencing, and enforcing or defending its complete, exclusive, perpetual, and world-wide ownership of all rights, titles, and copyrights, in and to the Intellectual Property, and Executive constitutes and appoints Biovail as agent and attorney-in-fact, with full power of substitution, to execute and deliver such assignments, instruments, documents as Executive may fail to or refuse to execute and deliver, this power and agency being coupled with an interest and being irrevocable.

**Standards of Business Conduct**

4.08 The Executive acknowledges and agrees that the Executive has read and understood and agrees to be bound by Biovail’s Standards of Business Conduct, which is attached hereto as Schedule B.

**No Conflicting Obligations**

- 4.09 The Executive warrants to Biovail that:
- (a) the performance of the Executive’s duties as an employee of Biovail will not breach any agreement or other obligation to keep confidential the Confidential Information of any third party; and
  - (b) the Executive is not bound by any agreement with or obligation to any third party that conflicts with the Executive’s obligations as an employee of Biovail.

**ARTICLE FIVE - INTERPRETATION AND ENFORCEMENT**

**Section 409A**

5.01 This Agreement shall be interpreted to avoid any penalty sanctions under Internal Revenue Code section 409A. If any payment or benefit cannot be provided or made at the time specified herein without incurring sanctions under section 409A, then such benefit or payment shall be provided in full at the earliest time thereafter when such sanctions will not be imposed.

Notwithstanding any provision of this Agreement to the contrary, if the Executive is a key employee of a publicly traded corporation under section 409A at the time of the Executive’s separation from service and if payment of any amount under this Agreement is required to be delayed for a period of six (6) months after separation from service pursuant to section 409A, payment of such amount shall be delayed as required by section 409A, and the accumulated postponed amount shall be paid in a lump sum payment within ten (10) days after the end of the six-month period. If the Executive dies during the postponement period prior to the payment of postponed amount, the amounts withheld on account of section 409A shall be paid to the personal representative of the Executive’s estate within 60 days after the date of the Executive’s death. A “key employee” shall mean an employee who, at any time during the twelve (12) month period ending on the identification date, is a “specified employee” under section 409A of the Internal Revenue Code, as determined by the Board. The determination of key employees, including the number and identity of persons considered key employees and the identification date, shall be made by the Board in accordance with the provisions of sections 416(i) and 409A and the regulations issued thereunder.

For purposes of section 409A, the right to any series of installment payments under this Agreement shall be treated as a right to a series of separate payments. All reimbursements and in kind benefits provided under this Agreement shall be made or provided in accordance with the requirements of section 409A, including, where applicable, the requirement that (i) any reimbursement shall be for expenses incurred during the Executive’s lifetime (or during a shorter period of time specified in this Agreement), (ii) the amount of expenses eligible for

reimbursement, or in kind benefits, provided during a calendar year may not affect the expenses eligible for reimbursement, or in kind benefits to be provided, in any other calendar year, (iii) the reimbursement of an eligible expense will be made on or before the last day of the calendar year following the year in which the expense is incurred, and (iv) the right to reimbursement or in kind benefits is not subject to liquidation or exchange for another benefit.

**Independent Legal Advice**

5.02 The Executive agrees to the terms and conditions of this Agreement having had the opportunity to receive independent legal advice, for which the Executive has been reimbursed by Biovail.

**Severability**

5.03 The parties further acknowledge that if any provision contained in this Agreement is determined to be invalid or unenforceable in whole or in part, such invalidity or unenforceability shall attach only to such provision or part thereof and the remaining part of such provision and all other provisions hereof shall continue in full force and effect.

**Sections and Headings**

5.04 The division of this Agreement into Articles and Sections and the insertion of headings are for the convenience of reference only and shall not affect the construction or interpretation of this Agreement.

**Number and Gender**

5.05 In this Agreement words importing the singular number only shall include the plural and vice versa and words importing the masculine gender shall include the feminine and neuter genders and vice versa.

**Entire Agreement**

5.06 This Agreement and all the Schedules hereto constitute the entire Agreement between the parties with respect to the subject matter hereof and cancels and supersedes any prior understandings and agreements between the parties with respect thereto. There are no representations, warranties, forms, conditions, undertakings or collateral Agreements, express, implied or statutory between the parties other than as expressly set forth in this Agreement.

**Amendments and Waivers**

5.07 No amendment to this Agreement shall be valid or binding unless set forth in writing and duly executed by both parties. No waiver of any breach of any term or provision of this Agreement shall be effective or binding unless made in writing and signed by the party purporting to give the same and, unless otherwise provided in written waiver, shall be limited to the specific breach waived.

**Governing Law**

5.08 This Agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the Province of Ontario and all legal proceedings contemplated in this Agreement shall be brought in, and be governed by, the laws of the Province of Ontario, without regard to principles of conflicts of law.

**Notices**

5.09 Any demand, notice or other communication (hereinafter in this Section 5.09 referred to as a “Communication”) to be made or given in connection with this Agreement shall be made or given in writing and may be made or given by personal delivery addressed respectively to the recipients:

|                         |                                                                                   |
|-------------------------|-----------------------------------------------------------------------------------|
| To the Executive:       | Dr. Christian Fibiger,<br>xxx<br><br>and<br><br>Dr. Christian Fibiger,<br>xxx     |
| To Biovail:             | 7150 Mississauga Road<br>Mississauga, ON L5N 8M5<br>Attn: Chief Executive Officer |
| To Biovail Corporation: | 7150 Mississauga Road<br>Mississauga, ON L5N 8M5<br>Attn: Chief Executive Officer |

or such other address or individual as may be designated by notice by either party to the other. Any communication made or given by personal delivery shall be conclusively deemed to have been given on the day of the actual delivery thereof.

**Benefit of Agreement**

5.10 This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, legal personal representatives, successors and assigns.

**Assignment**

5.11 The Executive may not assign the Executive’s rights or obligations under this Agreement without the prior written consent of Biovail which consent may be unreasonably withheld. Biovail may unilaterally assign this agreement to an affiliate without consent but on notice to the Executive.

**Execution of Agreement**

5.12 The Executive acknowledges that the Executive has executed this Agreement freely; that the Executive has reviewed this Agreement thoroughly; that the Executive agrees with its contents; and that the terms herein are reasonable for the fair protection of both the Executive and Biovail.

IN WITNESS WHEREOF, the parties have executed this Agreement on the dates identified below at

**SCHEDULE A**

**BIOVAIL CORPORATION  
(and its Subsidiaries, Divisions, and Affiliates)**

**CONFIDENTIALITY AGREEMENT**

As an employee of Biovail Corporation (the “Corporation”), I acknowledge that I may acquire or have disclosed to me by the Corporation or by any affiliate, associate, or technology partner of the Corporation, either directly or indirectly, in writing, conversation, or through observation, various information about the business of the Corporation which is not in the public domain and which the Corporation does not wish to be divulged to other persons, companies, or third parties. I further understand that the Corporation’s Confidential Information (as defined below) is essential to its competitive advantage and to its ability to be financially viable. I further understand that the unauthorized disclosure of such Confidential information may cause the Corporation irreparable injury that may not be rectified in the future.

Therefore, as a condition and in consideration of my employment with the Corporation, I understand and agree that while employed with the Corporation and thereafter (as more particularly described below). I am required to hold confidential and not to disclose to anyone without the written authority from the Corporation any knowledge, information, or facts concerning the Corporation’s:

- research and development activities
- technological plans, advances, applications and inventions
- technical specifications, designs and plans
- materials and sources of supply
- discoveries, inventions, trade secrets, patents
- financial affairs, contracts, licensing agreements, customer lists, pricing practices, marketing strategies
- any other information regarding the Corporation, its products and their development which is not in the public domain

All of the foregoing shall hereinafter collectively be referred to as the “Confidential Information”.

I shall keep confidential any and all Confidential Information which has been disclosed to me in writing or through oral communications and shall not divulge in any manner whatsoever any such information to any person, firm, corporation, partnership or similar entities without the Corporation’s written authority.

Should I breach or threaten to breach this Agreement, I shall be liable to the Corporation in equity and/or in law for damages that may be suffered by the Corporation as a result of the breach or threatened breach. I understand that a breach of this Agreement may result in irreparable harm to the Corporation such as to warrant the entitlement by the

---

Corporation to an interlocutory and/or permanent injunction or other equitable relief against me, and an award of damages including punitive, exemplary and aggravated damages, together with legal costs and expense and I specifically agree that I will not argue the adequacy of damages or the Corporation's ability to seek equitable relief in any such proceeding.

All Confidential Information supplied by the Corporation to me during the course of my employment and any rights related thereto, including but not limited to rights of know how, patent, trademark and copyright, with respect to existing products or those that are developed during or after my employment, are and remain the exclusive and absolute property of the Corporation.

I shall not, except as and to the extent required to enable me to carry out my duties with the Corporation, make any copies or reproduce the Confidential Information nor shall I remove or cause to have removed from the premises of the Corporation during my employment any Confidential Information unless required to do so in order to fulfill my duties with the Corporation. Such copies or reproductions shall be strictly subject to the terms and conditions of this Agreement. I shall take such steps as are necessary to restrict access to and protect the confidentiality of such copies or reproductions of the Confidential Information. Any such copies or reproductions made shall become the exclusive and absolute property of the Corporation.

Upon request of the Corporation, I agree to immediately surrender to the Corporation all documentation and information - notes, drawings, recordings, manuals, letters, correspondence, computer data and programs, records, books or any other materials relating to the Confidential Information which is in my possession without my retaining any copies or duplicates thereof.

I agree that this Agreement shall be construed in accordance with the laws of the Province of Ontario and I agree that the applicable courts of the Province of Ontario shall have exclusive jurisdiction with respect to any dispute or breach herein and I hereby attorn to the exclusive jurisdiction of the courts of the Province of Ontario.

This Agreement shall enure to the benefit of and shall be binding upon my successors, heirs and attorneys.

The disclosure or divulging of any Confidential Information contrary to this Agreement, or the violation of this Agreement in any way shall result in my immediate termination of employment, in addition to which I may be subject to criminal prosecution and civil liability.

I acknowledge and agree that I have executed this Agreement freely and with the benefit of independent legal advice and the terms herein are fair and reasonable.

I acknowledge and agree to the foregoing.

## SCHEDULE B

### **BIOVAIL CORPORATION (and its Subsidiaries, Divisions, and Affiliates)**

#### **STANDARDS OF BUSINESS CONDUCT**

Biovail Corporation ("Biovail"), together with its subsidiaries, divisions and affiliates, places great importance on conducting its business activities in an ethical and appropriate manner. Each employee, officer and director is a reflection of Biovail, and as such, the activities and actions of every individual within Biovail must be undertaken in accordance with a high standard of ethics and integrity. As such, Biovail expects each employee, officer and director to comply with, and adhere to, these Standards of Business Conduct (the "Standards").

#### **1. CONFLICTS OF INTEREST**

Employees, officers and directors of Biovail must avoid situations where their private interests could conflict with, or even appear to conflict with, the interests of Biovail and its stockholders.

Conflicts of interest arise when an individual's position or responsibilities with Biovail present an opportunity for personal gain apart from the normal rewards of employment. They also arise when the private interests of an employee, officer or director are inconsistent with those of Biovail or create conflicting loyalties. Such conflicting loyalties can cause an employee, officer or director to give preference to private interests in situations where corporate responsibilities should come first. Employees, officers and directors must perform the responsibilities of their positions on the basis of what is in the best interests of Biovail and free from the influence of personal considerations and relationships.

In the event that any potential conflict of interest arises, the individual involved must immediately notify his or her immediate supervisor. If such individual is an officer or director of Biovail, the Executive Chairman ("Chairman"), Chief Executive Officer ("CEO") and the General Counsel, or in the absence of a General Counsel the Vice President, Associate General Counsel ("SLO") of Biovail must also be immediately notified and no further action may be taken unless authorized in writing by the Chairman and/or the CEO.

While it is not possible to detail every situation where conflicts of interest may arise, the following policies cover the areas that have the greatest potential for conflict:

---

**A. Trading in Biovail Securities and Use of Inside Information**

There are numerous laws in Canada and the United States (federal, provincial and state laws), to regulate transactions in corporate securities (stocks and bonds) and the securities industry. Violation of these laws may lead to civil and criminal actions against the individual and Biovail.

- i. Any employee, officer, director or other insider or anyone (family member, etc.) who knows of any material information (as defined below) about Biovail that has not been disclosed to the public (commonly known as “insider information”) may not engage in any transaction in Biovail’s securities until such information is disclosed to the public (whether or not there is a formal trading “black out” in place). This rule applies equally to transactions in securities of other companies. In addition, employees, officers and directors must not provide insider information to others (“tippees”) who may trade in either the securities of Biovail or the securities of other companies.  
  
“Material information” is any information relating to the business and affairs of Biovail that would reasonably be expected to result in a change in the market price or value of Biovail’s securities. Generally speaking, material information is a matter to which an average prudent investor should be reasonably informed before a decision is made to buy or sell the security involved. Examples of such information would include annual or quarterly financial results; significant changes in management; significant shifts in operating or financial circumstances, such as major write-offs and changes in earnings projections; borrowing of a significant amount of funds; acquisitions of, or mergers with, other companies; significant new contracts or loss of business; and major new products, services or patents. This list provides examples only; many other matters may be considered material information.  
  
Employees, officers, directors and other insiders who have questions that relate to the sale or purchase of a security under circumstances where these laws and regulations might apply should consult with the SLO, who may refer them to outside legal counsel.
- ii. In addition to the prohibition against the use of “insider” information which applies to all employees, officers and directors, the various securities laws that apply in the jurisdiction and countries in which Biovail does business place definite restrictions on the manners in which employees, officers and directors of Biovail, and their family members, their associates, etc., may

engage in transactions involving the securities of Biovail. Employees, officers and directors shall comply with all laws, rules and regulations that prohibit or restrict insider trading.

Whenever there is any doubt as to whether any transactions involving Biovail’s securities would violate securities laws, employees, officers and directors should consult the SLO of Biovail. Within the framework of the foregoing policies and laws, the final decision of each employee, officer or director, with respect to securities transactions, must be his or her own.

- iii. Employees, officers, directors and other insiders shall maintain the confidentiality of information entrusted to them by Biovail or its customers (except where disclosure is authorized or legally mandated) and shall not, without proper authority, give or release to anyone not employed by Biovail, data or information of a confidential nature concerning Biovail. Disclosure of confidential information can be harmful to Biovail and could be the basis for legal action against Biovail and the individual disclosing the information. Confidential information includes all non-public information that might be of use to competitors, or harmful to Biovail or its customers, if disclosed.
- iv. Employees, officers, directors and other insiders shall not acquire any property, security or any business interest that they know Biovail has an interest in acquiring. Moreover, based on such advance information, employees, officers and directors shall not acquire any property, security or business interest for speculation or investment.
- v. Employees, officers, directors and other insiders must follow Biovail policies regarding “Blackout Periods” when Biovail’s stock may not be traded. Such policies will be communicated by the SLO from time to time and must be adhered to by all employees, officers and directors.

**B. Personal Financial Interest**

Employees, officers and directors should avoid any outside financial interests that might influence decisions or actions they have been empowered to make on behalf of Biovail. An employee, officer or director performing duties in conformity with this policy shall not have a financial interest in, indebtedness to, or a personal contract or understanding with any concern with which he or she does business on behalf of Biovail.

- i. Employees, officers or directors whose corporate duties bring them into business dealings with an organization in which they, or a member of their family, have a financial interest or to which they,

or a member of their family, have any indebtedness, or a business employing a relative or close friend, must immediately notify their immediate supervisor. The employee, officer or director, in turn, cannot complete a transaction on behalf of Biovail with this organization unless properly authorized in writing from their supervisor after full disclosure of the relationship.

- ii. An employee, officer or director may not perform work or services, outside the course of their normal employment by Biovail, for an organization doing or seeking to do business with Biovail without appropriate prior written approval of their supervisor or the Board of Directors. An employee, officer or director may not be a director, officer, partner or consultant of an organization doing or seeking to do business with Biovail, nor may any of them permit their names to be used in any way indicating a business connection with such an organization, without appropriate prior written approval of their supervisor or the Board.
- iii. An employee, officer or director shall not accept for himself or herself, or for the benefit of any relative or friend, any payments, loans, services, favors involving more than ordinary social amenity, or gifts of more than nominal value from any organization doing or seeking to do business with Biovail.
- iv. The requirement of freedom from conflict of interest applies with equal force to the spouse, children and other close relatives of each employee, officer and director. This policy applies to all employees, officers and directors of Biovail with respect to all of the affairs of Biovail.
- v. Employees, officers and directors shall not (a) take for themselves personally opportunities that are discovered through the use of corporate property, information or position; (b) use corporate property information, or position for personal gain; (c) compete with Biovail. Employees, officers and directors owe a duty to Biovail to advance its legitimate interests when the opportunity to do so arises.
- vi. Biovail may not make loans to any employee, officer or director.

### **C. Outside Activities**

Employees, officers and directors should avoid outside employment or activities which would impair the effective performances of their responsibilities to Biovail, either because of excessive demands on their time, or because the outside commitments can be contrary to their obligations to Biovail

**D. Protection and Proper Use of Biovail’s Assets**

All employees, officers and directors should protect Biovail’s assets and ensure their efficient use. Theft, carelessness and waste have a direct impact on Biovail’s profitability. All of Biovail’s assets should be used only for legitimate business purposes.

**E. Fair Dealing**

Each employee, officer and director shall endeavor to deal fairly with Biovail’s customers, suppliers, competitors and employers. None should take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts, or any other unfair-dealing practice,

**2. COMPETITIVE PRACTICES**

The management of Biovail firmly believes that fair competition is fundamental to continuation of the free-enterprise system. Biovail complies with, and supports, laws of all countries that prohibit restraints of trade, unfair practices, or abuse of economic power.

Biovail will not enter into arrangements that unlawfully restrict its ability to compete with other businesses, or the ability of any other business organization to compete freely with Biovail. Biovail policy also prohibits employees, officers and directors from entering into, or even discussing, any unlawful arrangement or understanding which may affect its pricing policies, terms upon which its products and services are sold, or which might be construed as dividing customers or sales territories with a competitor.

These principles of fair competition are basic to all Biovail operations. They are integral parts of the following sections that cover Biovail’s dealings with suppliers, customers and public officials.

**3. DEALING WITH SUPPLIERS**

Biovail is a valuable customer for many suppliers of goods, services and facilities. People who want to do business, or to continue to do business, with Biovail must understand that all purchases by Biovail will be made in accordance with its purchasing policy and exclusively on the basis of price, quality, service and suitability to Biovail’s needs.

**A. Reciprocity**

Biovail considers reciprocity a harmful practice and a hindrance to assuring purchase of the best available materials or services at the lowest possible prices. It will not be practiced or allowed.

Suppliers of goods and services to Biovail will not be asked to buy goods and services from Biovail in order to become or continue as a supplier.

Biovail will not attempt to influence its suppliers to purchase from customers of Biovail. When Biovail makes purchases it will not favor firms who are customers of Biovail or any of its affiliates.

**B. “Kickbacks” and Rebates**

Purchases or sales of goods and services by Biovail must not lead to employees, officers or directors, or their families, receiving any type of personal kickbacks or rebates. Employees, officers, directors, and their families, must not accept any form of “under-the-table” payment.

**C. Receipt of Gifts and Entertainment**

Even when gifts and entertainment are exchanged out of the purest motives of personal friendship, they can be misunderstood. They can appear to be attempts to bribe Biovail’s employees, officers or directors into directing business of Biovail to a particular supplier. To avoid both the reality and the appearance of improper relations with suppliers or potential suppliers, the following standards will apply to the receipt of gifts and entertainment by employees, officers and directors of Biovail:

**Gifts**

- i) Employees, officers and directors are prohibited from soliciting gifts, gratuities, or any other personal benefit or favor of any kind from suppliers or potential suppliers. Gifts include not only merchandise and products but also personal services, and tickets to theatrical and sports events. Employees, officers and directors should exercise good judgment when accepting unsolicited gifts. Employees, officers and directors are prohibited from accepting gifts of money.
- ii) Employees, officers and directors may accept unsolicited non-money gifts provided:
  - (1) They are items of nominal intrinsic value; or
  - (2) They are advertising and promotional materials, clearly marked with Biovail or brand names of the giver.
- iii) Any gift of more than nominal intrinsic value must be reported to the SLO to determine whether it can be accepted. Some gifts may be perishable so as to make their return impractical. Supervisors can permit acceptance of such gifts, but should require employees, officers and directors to tactfully inform givers that such gifts are discouraged.
- iv) In the transaction of some international business, it is lawful and customary for business leaders in some countries to give unsolicited gifts to employees, officers or directors of Biovail. These gifts can be of more

than nominal value. Moreover, under the circumstances, returning the gifts or payment for them may constitute an affront to the giver. In such cases, the gift must be reported to the SLO who may permit the retaining of the gifts.

- v) In all other instances where gifts cannot be returned or may adversely affect Biovail's continuing business relationships, the SLO must be notified. They can require employees, officers and directors to transfer ownership of such gifts to Biovail.

#### **Entertainment**

- i) Employees, officers and directors shall not encourage or solicit entertainment from any individual or company with whom Biovail does business. Entertainment includes, but is not limited to, activities such as dinner parties, theater parties, and sporting events.
- ii) From time to time employees, officers and directors may accept unsolicited entertainment, but only under the following conditions:
  - (1) The entertainment occurs infrequently;
  - (2) It arises out of the ordinary course of business;
  - (3) It involves reasonable, not lavish expenditures (the amounts involved should be ones employees, officers and directors are accustomed to normally spending for their own business or personal entertainment); and
  - (4) The entertainment takes place in settings that also are reasonable, appropriate, and fitting to employees, officers and directors, their hosts, and their business at hand.

#### **4. DEALINGS WITH CUSTOMERS AND POTENTIAL CUSTOMERS**

Employees, officers and directors must keep all dealings with customers and potential customers fair and above board. Biovail gets business and keeps it because of the quality of its goods and services. Biovail does not give unethical or illegal rebates, kickbacks, under-the-table payments, or other similar improper favors to customers or their representatives.

The boundary line between ethical and unethical competition, or legal and illegal conduct, is not always well defined, particularly in international activities where differing local laws, custom; and practices come into play. Therefore, the following standards will serve as guides:

- a) All employees, officers and directors should make themselves aware of and fully comply with all laws, rules and regulations, whether federal, state, local or foreign, including laws governing relations with customers as well as competitors.
- b) All employees, officers and directors engaged in negotiations and contracts with foreign governments, the United States or any political subdivision thereof must also know and abide by the specific rules and regulations covering relations with such governments and their agencies.
- c) Employees, officers and directors may not give gifts to customers except items of nominal value, which fit the legal, normal, and customary pattern of Biovail's sales efforts for a particular market. Exceptions to this policy can occur in international trades where it can be legal, customary, and appropriate business practice to exchange gifts with customers. Only the CEO can authorize the giving, receiving, or exchanging of such gifts. Any gifts received by employees, officers or directors in such an exchange must be reported to the CEO for determination as to the disposition of the gifts.
- d) Entertainment for any customer must fit regular business practices. The place and type of entertainment and the money spent must be reasonable and appropriate.

## 5. DEALING WITH PUBLIC OFFICIALS

Domestic and foreign laws and regulations require Biovail to be in contact with public officials on a wide variety of matters. Employees, officers and directors who regularly make these contacts have special responsibilities for upholding Biovail's good name. The following standards relate to these special responsibilities:

- a) All employees, officers and directors who contact public officials must be familiar with lobbying laws and public disclosure requirements, particularly those that apply to registrations and filings.
- b) No employee shall make any form of payment, direct or indirect, to any public official as an inducement to procuring or keeping business or having a law or regulation enacted, defeated, or violated. This is bribery, pure and simple. It will not be tolerated.  
  
It should be acknowledged that inherent in the current health-care regulatory environment, the definition of "form of payment" may include seemingly trivial gifts and/or favors (e.g. buying lunches, coffee, etc.).
- c) When not prohibited by law, employees, officers and directors are allowed to give to public officials gifts where the presentation and acceptance of gifts is an established custom and a normal business practice. All such

gifts shall be of reasonable value and the presentation approved in advance by the CEO. Moreover, such gifts must be presented in a manner that clearly identifies Biovail and the occasion that warrants the presentation.

- d) Employees, officers and directors are also allowed to give public officials gifts in the form of product models and pictures provided the models and pictures are part of Biovail's general marketing and public relations programs (except as noted in clause (b) above).
- e) On special ceremonial occasions, officers of Biovail may publicly give gifts of more than nominal value to public institutions and public bodies. Such gifts can commemorate special events or milestones in Biovail's history.

These may be transmitted through public officials but the gifts are given to the public institutions and public groups they represent, not to the officials personally.

- f) From time to time employees, officers and directors may entertain public officials, but only under the following conditions:
  - i. It is legal and permitted by the entity represented by the official;
  - ii. The entertainment is not solicited by the public official;
  - iii. The entertainment occurs infrequently;
  - iv. It arises out of the ordinary course of business;
  - v. It does not involve lavish expenditures, considering the circumstances;
  - vi. The settings and types of entertainment are reasonable, appropriate and fitting to our employees, officers or directors, their guests, and the business at hand.

## **6. POLITICAL ACTIVITIES AND CONTRIBUTIONS**

### **A. Canada and the United States**

Employees, officers and directors who participate in partisan political activities must make every effort to ensure that they do not leave the impression that they speak or act for Biovail.

Biovail encourages its employees, officers and directors to participate in political activities in their own time and at their sole expense. No corporate action, direct or indirect, will be allowed that infringes on the right of any employee individually to

decide whether, to whom, and in what amount, they will make personal political contributions. The same is true of volunteer political donations of personal service time, so long as it does not interfere with the working status of employees, officers or directors.

**B. Outside Canada and the United States**

No employees, officers and directors are permitted to use Biovail’s funds, facilities, or other assets, to support either directly or indirectly any political candidates or political parties, without advance authorization in writing from their immediate supervisor and the General Counsel. The policy of Biovail is that employees, officers and directors and employees should not participate in political activities in countries of which they are not nationals. However, such persons, of course, are free to participate in political activities in countries of which they are nationals in their own time and at their own expense.

**7. DISCLOSURE**

Biovail has formed a Disclosure Committee to promote consistent practices aimed at informative, timely and broadly disseminated disclosure of Material Information to the market. external stakeholder groups and employees in accordance with all applicable legal, regulatory and stock-exchange requirements.

It is essential that the Disclosure Committee be fully apprised of all material corporate developments to be able to determine whether there is information that should be publicly disclosed, and what the appropriate timing is for release of that information. In some cases, the Disclosure Committee may determine that the information should remain confidential. If that is the case, the Disclosure Committee will determine how that information will be controlled so that it is not inadvertently released. Therefore any employee who becomes aware of information that he/she believes might be material to Biovail and/or any of its affiliates and subsidiaries he/she should advise their manager or supervisor or a member of the Disclosure Committee. Current membership of the Disclosure Committee is posted on the Biovail.com website.

This applies throughout the year, but is particularly critical when annual or quarterly financial statements and Management Discussion and Analysis (MD&A) or regulatory filings are being prepared (e.g. regulatory filings, such as the U.S. Securities and Exchange Commission, Form 20-F).

**8. PUBLIC COMMUNICATIONS**

Given the importance placed on confidentiality and the appropriate disclosures of information regarding Biovail, it is important for employees, officers and directors to ensure that care be taken with any communication regarding Biovail or its activities outside of Biovail.

**A. Designated Spokespersons**

Biovail has designated official spokespersons who are authorized to speak on behalf of Biovail, and answer questions from the news media and the investment community, about Biovail and its activities. Employees, officers and directors who have not been designated as spokespersons for Biovail are not permitted to speak on behalf of the Company to the news media or to the investment community.

**B. Media or Analyst Inquiries**

Any employee who is approached by any person asking for comment on the activities of Biovail must direct any and all such inquiries to a member of the Disclosure Committee or to a member of the Company’s Stakeholder Relations team (Corporate Communications, Investor Relations) so that an appropriate spokesperson can respond to the inquiry on behalf of Biovail.

**C. Conferences**

The Disclosure Committee should be advised of any request to present at any conference or public meeting. Certain materials prepared for any such presentation may be required to be reviewed by the Company’s Stakeholder Relations group.

**D. Electronic Communications**

Care must be taken in all instances in the use of e-mail, and other devices (e.g., Blackberry’s) in communications relating to Biovail’s business. While users tend to resort to shorthand communication using these kinds of tools, those communications do form a record of those communications that may be subject to later review and disclosure. A more fulsome policy regarding electronic communications is in place (found in the Human Resources Management System Policy Binder) and should be adhered to by all employees, officers and directors.

**E. The Internet**

Biovail has instituted policies regarding the use of, and access to the Internet by employees, officers and directors. These policies include a prohibition against anyone participating in any chat rooms dedicated to Biovail or its operations or the industry at large. If any employee, officer or director becomes aware that any such chat room exists, they are asked to report the address of such site to the SLO so that it may be monitored and appropriate action may be taken.

**9. EQUAL OPPORTUNITY**

Biovail supports the principle that every individual must be accorded an equal opportunity to participate in the free-enterprise system and to develop their ability to achieve their full potential within that system.

There shall be no discrimination against any employee or applicant because of race, religion, color, sex, age, sexual orientation, national or ethnic origin, or disability (as required by law) or any other consideration prohibited by local law. All employees, officers and directors will be treated with equality during their employment without regard to their race, religion, color, sex, age, national or ethnic origin, or physical handicap, in all matters, including employment, upgrading, promotion, transfer, layoff, termination, rates of pay, selection for training and recruitment. Biovail will maintain a work environment free of discriminatory practice of any kind.

No employee shall have any authority to engage in any action or course of conduct or to condone any action or course of conduct by any other person which shall in any manner, directly or indirectly, discriminate or result in discrimination in the course of one’s employment, termination of employment, or any related matter where such discrimination is, directly or indirectly, based upon race, religion, color, sex, age, sexual orientation, national or ethnic origin, disability, or any other consideration prohibited by law.

**10. HEALTH, SAFETY, AND ENVIRONMENTAL PROTECTION**

It is Biovail’s policy to pay due regard to the health and safety of its employees, officers, directors and others, and to the state of the environment. There are federal, provincial, state and local workplace safety and environmental laws which through various governmental agencies regulate both physical safety of employees, officers and directors and their exposure to conditions in the workplace. Should you be faced with an environmental health issue or have a concern about workplace safety, you should contact your Health and Safety Committee representative or notify Biovail management immediately.

Many countries and their regional and local governments now have complex legislation to protect the health and safety of employees, or the general public, and to prevent pollution and protect the environment. In case of violation, these laws often provide penalties for both the company involved and its executive personnel. Biovail’s SLO should always be consulted when necessary to understand or comply with such laws.

**11. WORK ENVIRONMENT**

Employees, officers and directors must treat each other with professional courtesy and respect at all times. Employees, officers and directors shall not subject any other employee to unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct which might be construed as sexual in nature, or harass others on the basis of race, disability, gender, sexual orientation or any other consideration prohibited by law. Such conduct may constitute sexual harassment or harassment under federal, provincial and state law and may be the basis for legal action against the offending employee and/or Biovail.

Employees are encouraged to report all conduct that they believe in good faith to be violations of local anti-harassment policies. To the extent permissible under local law the

identity of the employees, officers or directors involved will be kept strictly confidential, and will not be revealed by Biovail’s management without the employee’s permission. The alleged harassment will be thoroughly investigated by Biovail and appropriate action will be taken. Biovail has an appropriate policy to protect employees against discrimination or retaliation as a result of such a complaint.

**12. INTEGRITY OF RECORDS AND FINANCIAL REPORTS**

It is of critical importance that Biovail’s filings with the appropriate regulatory authorities (e.g. U.S. Securities and Exchange Commission) be accurate and timely. Depending on their position with Biovail, an employee, officer or director may be called upon to provide necessary information to ensure that Biovail’s public reports are complete, fair and understandable. Biovail expects employees, officers and directors to take this responsibility very seriously and to provide prompt accurate answers to inquiries related to Biovail’s public disclosure requirements.

The integrity of Biovail’s record keeping systems will be respected at all times. Employees, officers and directors are forbidden to use, authorize, or condone the use of “off-the-books” bookkeeping, secret accounts, unrecorded bank accounts, “slush” funds, falsified books, or any other devices that could be utilized to distort records or reports of Biovail’s true operating results and financial conditions or could otherwise result in the improper recordation of funds or transactions.

**13. USE OLD AGENTS AND NON-EMPLOYEES, OFFICERS AND DIRECTORS**

Agents or other non-employees cannot be used to circumvent the law. Employees, officers and directors will not retain agents or other representatives to engage in practices that run contrary to the Standards of Business Conduct or applicable laws.

**14. INTERNATIONAL OPERATIONS**

Employees, officers and directors operating outside of Canada and the United States have a special responsibility to know and obey the laws and regulations of countries where they act for Biovail. Customs vary throughout the world, but all employees, officers and directors must uphold the integrity of Biovail in other nations diligently.

**15. STANDARDS OF BUSINESS CONDUCT**

**A. Initial Distribution**

- i. Employees, officers and directors designated to receive these Standards will receive their copies immediately after publication.
- ii. Future employees, officers and directors designated to receive these Standards will receive their copies at the time they are hired.

**B. Initial Verification**

Upon receiving their copy of the Standards, employees, officers and directors current and future will:

- i. Become thoroughly familiar with the Standards.
- ii. Resolve any doubts or questions about the Standards with their supervisors.
- iii. Inform their supervisors of any existing holdings or activities that might be, or appear to be, inconsistent with, or in violation of, the Standards.
- iv. Prepare written disclosures of such information, if requested, by supervisors.
- v. Take steps to correct existing situations and bring holdings and activities into full compliance with the Standards. Such steps will be approved in writing by supervisors and will be based on the written disclosure submitted by employees, officers or directors.
- vi. Sign the verification and return it to their supervisors who will make it part of employee's permanent corporate records.

**C. Maintaining Compliance**

- i. Employees, officers and directors have the responsibility to maintain their understanding of the Standards of Business Conduct and for following them.
- ii. Supervisors have the responsibility to maintain an awareness on the part of their employees, officers and directors of the importance of their adhering to the Standards of Business Conduct and for reporting deviations to Management.
- iii. As requested by the Board of Directors or senior management, employees, officers and directors will be asked to re-verify their understanding of the Standards of Business Conduct and their compliance with them every year as a part of Biovail's annual reporting.
- iv. Employees, officers and directors must inform their supervisors of any changes in their holdings or activities that might be, or appear to be in non-compliance with the Standards of Business Conduct.

- v. Employees, officers and directors must prepare written disclosure of such information, if requested, by supervisors.
- vi. Employees, officers and directors must take steps to correct any such changes, if necessary, to bring holdings and activities into full compliance. Such steps will be approved in writing by supervisors and Management and will be based on the written disclosures submitted by employees, officers and directors.

#### **D. Audits of Compliance**

Regular audits of Biovail will include procedures to test compliance with the Standards of Business Conduct.

#### **16. VIOLATIONS OF STANDARDS**

Employees, officers and directors must immediately report any violations of the Standards or any violation of any applicable law, rule or regulation. Failure to do so can have serious consequences for the employees, officers or directors and for Biovail.

Employees, officers and directors, should report violations to their supervisors and/or to the Human Resources department and to the SLO or to any secure reporting hotline the company may have contracted with. When in doubt, employees should talk to their supervisors or other appropriate personnel to determine the best course of action in a particular situation.

Supervisors and the Human Resources group have the responsibility to promptly and thoroughly investigate all reports, and to report violations to the SLO.

After a violation is investigated, appropriate action will be taken promptly. Management has the right to determine the appropriate disciplinary action for a violation up to and including termination of employment. All proposed disciplinary action is subject to review by senior Management, Human Resources and the SLO.

Employees, officers and directors should be aware that, in addition to any disciplinary action taken by Biovail, violations of certain Standards may require restitution and may lead to civil or criminal action against individual employees, officers and directors and any corporation involved.

Supervisors have the responsibility of taking remedial steps to correct any operating procedures that may contribute to violations of Standards.

Retaliation in any form against an individual who reports a violation of these Standards of Business Conduct or of any law, rule or regulation in good faith, or who assists in the investigation of a reported violation, is itself a serious violation of this policy. Acts of retaliation will be disciplined appropriately and should be reported immediately to your supervisor or Human Resources.

**17. CONTINUANCE OF EXISTING PERSONNEL POLICIES, RULES AND PERFORMANCE STANDARDS**

Biovail has codified numerous personnel policies, rules and standards of employee performance, which continue in force. These Standards of Business Conduct are intended to supplement and amplify those established personnel policies, rules and standards.

It continues to be the responsibility of all employees to comply with all such policies, rules and performance standards. Additionally, all members of management are to continue making certain that employees reporting to them are made aware of established policies, rules and performance standards and comply with them.

**18. AMENDMENT, MODIFICATION AND WAIVER**

Biovail will periodically review these Standards of Business Conduct. These Standards may be amended, modified or waived by the Board of Directors and waivers may also be granted by the Nominating & Governance Committee, subject to the disclosure and other provisions of the Securities Exchange Act of 1934, and the rules there under and the applicable rules of the Toronto Stock Exchange/New York Stock Exchange. Employees, officers and directors will be fully informed of any revisions to the Standards of Business Conduct.

Any waiver of these Standards for any employee other than a director or an executive officer, may only be made by the Executive Chairman or the CEO. Any waiver of these Standards for director or an executive officer may be made only by the Board of Directors or the Compensation, Nominating and Corporate Governance Committee and will be promptly disclosed to Biovail's stockholders.

**VERIFICATION AND RECEIPT OF UNDERSTANDING**

I have received a copy of Standards of Business Conduct for BIOVAIL CORPORATION and its subsidiaries, divisions and affiliates. I understand how the Standards apply to me. I acknowledge that my receiving the Standards obligates me to follow them and I agree to abide by their conditions.

## Letter of Guarantee

January 29, 2009

Dr. Christian Fibiger  
xxx

xxx

Dear Christian:

**Re: Executive Employment Agreement between Biovail Laboratories International SRL and Dr. Christian Fibiger**

We are writing in respect of your Executive Employment Agreement with Biovail Laboratories International SRL dated November 24, 2008 (as amended, revised or extended from time to time, the "**Executive Employment Agreement**").

In the event that Biovail Laboratories International SRL fails to make a payment to you due under the Executive Employment Agreement, Biovail Corporation ("**Guarantor**") hereby irrevocably and unconditionally guarantees payment, forthwith on demand, of all present and future indebtedness, liabilities and obligations owing at any time and from time to time hereafter by Biovail Laboratories International SRL to you pursuant to the Executive Employment Agreement (collectively, the "**Obligations**"). This guarantee shall be a continuing guarantee and shall guarantee the Obligations, notwithstanding that Biovail Laboratories International SRL will from time to time satisfy the Obligations in whole or in part and thereafter incur further Obligations.

This guarantee is an absolute, unconditional, and continuing guarantee of payment and performance which shall remain in full force and effect without respect to future changes in conditions, including any change of law. The obligations of Guarantor hereunder are independent of the obligations of Biovail Laboratories International SRL, and that a separate action may be brought against Guarantor whether such action is brought against Biovail Laboratories International SRL or whether Biovail Laboratories International SRL is joined in such action. Guarantor agrees that its liability hereunder shall be immediate and shall not be contingent upon the exercise or enforcement by Dr. Fibiger of whatever remedies he may have

---

against Biovail Laboratories International SRI., or the enforcement of any lien or realization upon any security Dr. Fibiger may at any time possess.

If any withholding for or on account of any present or future tax imposed by or within the jurisdiction which governs the Executive Employment Agreement is required by law on any payments made hereunder, Biovail Corporation shall make the withholding and pay the amount withheld to the appropriate governmental authority.

Yours very truly,

**BIOVAIL CORPORATION**

Per: /s/ MARK DURHAM  
Name: Mark Durham  
Title:

**BIOVAIL CORPORATION EXECUTIVE  
EMPLOYMENT AGREEMENT**

THIS AGREEMENT is made by and between Biovail Pharmaceuticals, Inc. (hereinafter “BPI”) and CHRISTINE MAYER (hereinafter the “Executive”).

**ARTICLE ONE - GENERAL DUTIES AND TERM**

**Scope of Employment I Duties**

1.01 BPI will employ the Executive as **Senior Vice President, Business Development Services**. The Executive will serve as an officer of BPI. During the Employment Term, the Executive will devote substantially all of the Executive’s business efforts and time to BPI. The Executive agrees, during the Employment Term, not to actively engage in any other employment, occupation or consulting activity for any direct or indirect compensation without the prior approval of the Chief Executive Officer (the “CEO”) of BPI’s parent company, Biovail Corporation (the “Corporation”); provided, however, that the Executive may (a) serve on the boards of directors of other companies (subject to reasonable approval of the CEO) and boards of trade associations or charitable organizations; (b) engage in charitable activities and community affairs; or (c) manage the Executive’s personal investments and affairs, as long as such activities do not violate Section 4.02 and do not materially interfere with the Executive’s duties and responsibilities for BPI.

1.02 BPI reserves the right to establish the employment relationship with the Executive directly with BPI or with any of its affiliates or subsidiaries, or to change such employment relationship over time, as it deems necessary or appropriate to comply with legal requirements or for ease of administration of employee benefits programs or other matters.

1.03 While Executive has reported to the CEO of the Corporation, effective June 18, 2007 Executive shall report to the Executive Vice President, Chief Operating Officer of the Corporation.

**Term of Agreement**

1.04 BPI hereby agrees to employ the Executive and the Executive hereby accepts employment, in accordance with the terms and conditions of this Agreement, commencing on January 1, 2007 (the “Employment Commencement Date”). The period of the Executive’s employment under this Agreement will be referred to as the “Employment Term.” Subject to BPI’s obligation to provide severance benefits and the parties’ obligation to provide a Notice of Termination (as defined below), the Executive

---

and BPI acknowledge that this employment relationship may be terminated at any time and for any or no cause or reason at the option of either the Executive or BPI.

**ARTICLE TWO - COMPENSATION**

**Base Salary**

2.01 As of the Employment Commencement Date, the Executive’s annualized base salary will be \$350,000(USD), payable in accordance with BPI’s normal payroll practices for employees generally, and will be subject to annual review in accordance with BPI’s normal review process for other similarly situated senior executives.

**Incentive Compensation**

2.02 The Executive will be eligible to participate in the Corporation’s annual incentive compensation plan in accordance with the terms of such plan; provided, however, that the Executive’s annual incentive compensation, if any, will be paid between January 1 and March 15 of the calendar year following the calendar year for which the annual incentive compensation is earned. For 2007, the Executive’s target level of annual incentive compensation will be fifty percent (50%) of the Executive’s annual base salary.

**Equity Compensation**

2.03 The Executive will be eligible to participate in the Corporation’s equity compensation plan, as may be amended from time to time (the “Equity Compensation Plan”), in accordance with the terms of the Equity Compensation Plan, except as may be otherwise indicated in this Agreement.

**Employee Benefits**

2.05 During the Employment Term, the Executive will be eligible to participate in employee benefit plans and programs that are offered to the Corporation’s other similarly-situated senior executives in accordance with the terms of such plans as they may change from time to time. Nothing in this Agreement shall preclude the Corporation or any affiliate of the Corporation from terminating or amending any employee benefit plan or program from time to time after the Employment Commencement Date.

**Expenses**

2.06 The Executive shall be reimbursed for reasonable out of pocket business expenses, including travel and entertainment expenses, actually and properly incurred by the Executive in the course of performing the Executive’s services hereunder, upon

furnishing to BPI reasonable supporting statements and vouchers; provided, however, that in any financial year in which the Corporation has provided to the Executive an approved budget, such expenses must not exceed the amount so budgeted without the prior written approval from the Corporation.

**Vacation**

2.07 The Executive will be eligible for four (4) weeks of vacation annually, to be taken in accordance with the terms of the Corporation’s Vacation Policy, without regard to any lesser amount of vacation time set forth therein. Notwithstanding the foregoing, the Executive’s eligibility for vacation in the year of hire will be pro-rated in the manner specified in the Corporation’s Vacation Policy.

**ARTICLE THREE - TERMINATION AND RESIGNATION**

**Involuntary Termination - Either By BPI Without Cause or By The Executive For Good Reason**

3.01 If the Executive incurs an involuntary termination from employment with BPI on account of a termination by BPI without Cause or by the Executive for Good Reason, then, in addition to any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the date that is designated by BPI or the Executive, as applicable, as the last day of the Executive’s employment or term of office with BPI (the “Termination Date”), the Executive will be eligible for the severance payments and benefits as described in this Section 3.01; provided that (i) the Executive continues to comply with the Restrictive Covenants (as defined below); and (ii) the Executive executes, and does not revoke, a written waiver and release of all claims, demands and causes of action against the Corporation and related parties in a form prescribed by the Corporation, as limited by Section 3.09 (“Release”):

(a) The Executive will be paid a lump sum severance payment within 60 days of the Executive’s Termination Date, equal to one (1) times the Executive’s base salary (calculated using the Executive’s highest annual base salary in the three years prior to the Executive’s Termination Date) plus one (1) times the Executive’s target level of annual incentive compensation for the year prior to the year in which the Executive’s Termination Date occurs;

(b) The Executive will be paid a pro-rated portion of the Executive’s annual target level of incentive compensation under the Short Term Incentive Plan for the year in which the Executive’s Termination Date occurs, between January 1 and March 15 after the calendar year to which the bonus relates, based on the number of months (rounded to the next highest number for a partial month) of the calendar year elapsed prior to the Executive’s Termination Date and calculated in accordance with the terms of the Corporation’s Short Term Incentive Plan; and

(c) Until the earlier of (i) the end of the one (1) year period following the Executive’s Termination Date, or (ii) the date, or dates, the Executive is eligible to receive benefits under the same type of plan of a subsequent employer (the “Benefit Period”), BPI will pay to the Executive a monthly payment on the first payroll date of each month equal to the COBRA cost of continued medial and dental coverage for the Executive and the Executive’s covered dependents under the medical and dental plans of the Corporation pursuant to section 4980B of the Internal Revenue Code, less the amount that the Executive would be required to contribute for medical and dental coverage if the Executive were an active employee. These payments will commence on BPI’s first payroll date after the Executive’s Termination Date and will continue until the end of the Benefit Period (but not longer than the Benefit Period).

**Involuntary Termination By BPI For Cause Or Voluntary Resignation Without Good Reason**

3.02 If the Executive is involuntarily terminated by BPI for Cause or the Executive voluntarily resigns from employment without Good Reason, then the Executive will forfeit the Executive’s right to receive any salary, Short Term Incentive Plan compensation, Equity Compensation Plan compensation or other compensation that has not been fully accrued at the time the Executive’s employment terminates; provided, however, that the Executive will be entitled to receive any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Executive’s Termination Date.

**Death or Disability**

The Executive’s employment will terminate automatically upon the Executive’s death. BPI may terminate the Executive’s employment if illness, disease, or physical or mental incapacity render the Executive generally incapable of performing the Executive’s duties or unfit to advance or represent BPI on a daily basis for a period of twelve (12) consecutive months and within such twelve (12) months, the Executive fails to produce to BPI a medical opinion indicating a reasonable time for the return of the Executive to the full-time assumption of the Executive’s past duties and responsibilities. Nothing herein is intended to circumvent or abridge the Corporation’s short-term disability policy or long-term disability plan. In the event of termination pursuant to the terms of this Section 3.03, the Executive or the Executive’s estate, as applicable, will be entitled to receive any salary, benefits or other amounts accrued, earned and due to the Executive but not yet paid as of the Executive’s Termination Date.

**Cause**

3.04 For purposes of this Agreement, Cause includes:

- (a) conviction of the Executive, or entering of a guilty plea or a plea of no contest by the Executive, with respect to, a felony, any crime involving fraud, larceny or embezzlement or any other crime involving moral turpitude which subjects, or if generally known, would damage the business interests or reputation of the Corporation or any of its affiliates;
- (b) any act of fraud, misappropriation, material dishonesty, embezzlement or similar conduct involving the Corporation or any affiliates;
- (c) a material breach by the Executive of the Executive’s duties hereunder (other than as a result of incapacity due to physical or mental impairment) which is demonstrably willful and deliberate on the part of the Executive or which is committed in bad faith or without reasonable belief that such breach is in the best interests of the Corporation;
- (d) a material breach by the Executive of the Executive’s duties hereunder (other than as a result of incapacity due to physical or mental impairment), except as identified in Section 3.04(c) above, which breach is not remedied by the Executive within 30 days after receipt of written notice from the Corporation specifying such breach; or
- (e) the Executive’s failure to comply in any material way with any of the provisions of this Agreement.

**Good Reason**

3.05 For purposes of this Agreement, a voluntary resignation by the Executive will be deemed to be a termination for Good Reason if:

- (a) BPI makes: (i) any assignment to the Executive of any duties which are materially inconsistent with the Executive’s position; (ii) any material reduction in the Executive’s authority, responsibilities or status; or (iii) a material reduction to the Executive’s base salary;
- (b) The Executive notifies BPI in writing of the Executive’s belief that BPI has taken an action identified in Section 3.05(a) within thirty (30) days of the event at issue;
- (c) BPI has not remedied the situation within thirty (30) days after receipt of written notice from the Executive; and
- (d) The Executive provides a Notice of Termination within thirty (30) days after BPI’s opportunity to remedy the situation has expired.

**Change in Control**

3.06 (a) BPI shall provide the payments and benefits described in Section 3.06(b) below only if: (i) the Executive continues to comply with the Restrictive Covenants (as such term is defined below); and (b) the Executive executes, and does not revoke, a Release (as defined above).

3.06 (b) Upon a Change in Control (as defined below), and an involuntary termination of the Executive’s employment either by BPI without Cause or by the Executive for Good Reason, which termination occurs within a period of twelve (12) months following the Change in Control, BPI shall provide to the Executive, in addition to any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Executive’s Termination Date, but in lieu of any payments or benefits to which the Executive may be entitled under Section 3.01 above, (a) a lump sum severance payment of two (2) times the Executive’s base salary (calculated using the Executive’s highest annual base salary in the three years prior to the Executive’s Termination Date) plus two (2) times the Executive’s target level of incentive compensation for the year prior to the year in which the Executive’s Termination Date occurs, within thirty (30) days of the Executive’s Termination Date and, (b) any unvested equity compensation awards held by the Executive shall automatically accelerate and become one hundred percent (100%) vested and, as applicable, exercisable, as of the Executive’s Termination Date.

3.06 (c) For the purpose of this Section 3.06, “Change in Control” means the happening of any of the following events:

- (i) the completion of a transaction pursuant to which (A) the Corporation goes out of existence or (B) any person, or any Associate (as such terms defined in National Instrument 45-106 *Prospectus and Registration Exemptions*, as amended from time to time, or such other successor rules, instruments or policies from time to time of Canadian provincial securities regulatory authorities which may govern trades of securities to employees, officers, directors or consultants (“NI45-106”)) or Related Entity (as such term is defined in NI45-106) of such person (other than the Corporation, any trustee or other fiduciary holding securities under any employee benefit plan of the Corporation or a Related Entity, or any company owned, directly or indirectly, by the shareholders of the Corporation in substantially the same proportions as their ownership of common shares of the Corporation) hereafter acquires the direct or indirect “beneficial ownership” (as defined by the *Canada Business Corporations Act*) of securities of the Corporation representing 50% or more of the aggregate voting power of all of the Corporation’s then issued and outstanding securities;

- (ii) the lease, exchange, license, sale or other similar disposition of all or substantially all of the Corporation's assets in one transaction or a series of related transactions to a person, or any Associate or Related Entity of such person (other than an Associate or Related Entity of the Corporation, any trustee or other fiduciary holding securities under any employee benefit plan of the Corporation or a Related Entity, or any company owned, directly or indirectly, by the shareholders of the Corporation in substantially the same proportions as their ownership of common shares of the Corporation);
- (iii) the dissolution or liquidation of the Corporation except in connection with the distribution of assets of the Corporation to one or more persons which were Related Entities prior to such event;
- (iv) during any period of 24 consecutive months beginning on or after the date of the Equity Compensation Plan, the persons who were members of the Board immediately before the beginning of such period (the "Incumbent Directors") cease (for any reason other than death) to constitute at least a majority of the Board or the board of directors of any successor to the Corporation, provided that any director who was not a director as of the date of the Equity Compensation Plan shall be deemed to be an Incumbent Director if such director is elected to the Board by, or on the recommendation of or with the approval of, at least two-thirds of the directors who then qualified as Incumbent Directors either actually or by prior operation of the foregoing unless such election, recommendation or approval occurs as a result of an actual or threatened election contest or other actual or threatened solicitation of proxies or contests by or on behalf of a person other than a member of the Board; or
- (v) a merger, amalgamation, arrangement or consolidation of the Corporation with any other corporation other than a merger, amalgamation, arrangement or consolidation that would result in the voting securities of the Corporation outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the Corporation or such surviving entity outstanding immediately after such merger, amalgamation, arrangement or consolidation; provided, however, that a merger, amalgamation, arrangement or consolidation effected to implement a recapitalization of the Corporation (or similar

transaction) in which no person (other than those covered by the exceptions in (i) above) acquires more than 50% of the combined voting power of the Corporation’s then outstanding securities shall not constitute a Change in Control.

**Notice of Termination**

3.07 Any termination of employment by BPI or by the Executive shall be communicated by notice of termination to the other party hereto given in accordance with Section 5.09 (a “Notice of Termination”). For purposes of this Agreement, Notice of Termination means a written notice which (a) identifies the specific termination provision in the Agreement relied upon, and (b) to the extent applicable, sets forth in reasonable detail the facts and circumstances claimed to provide a basis for termination of the Executive’s employment under the provision identified, and (c) (i) in the case of a termination by BPI specifies the Executive’s Termination Date which shall not be less than fifteen (15) nor more than sixty (60) days after the giving of such notice; or (ii) in the case of a termination by the Executive without Good Reason shall not be less than ninety (90) days after the giving of such notice.

**Payments After Termination of Employment**

3.08 Payments made by BPI to the Executive pursuant to this Agreement after the Executive’s Termination Date will be made by courier delivery service to the last address provided for notices to the Executive pursuant to Section 5.09 of this Agreement.

**Release**

3.09 The Release identified in Sections 3.01 and 3.06 will not require the Executive to release any right the Executive may have to indemnification as an officer, director or employee of BPI (or any affiliate thereof) pursuant to the articles of incorporation or bylaws (or other governing instruments) of the Corporation (or any affiliate thereof) or any vested benefits to which the Executive may be entitled under any employee benefit plan.

**ARTICLE FOUR - EXECUTIVE’S OBLIGATIONS**

**Confidentiality**

4.01 The Executive agrees to be bound by the terms of the confidentiality agreement (the “Confidentiality Agreement”) dated the date hereof, which Confidentiality

Agreement has been read, understood and executed by the Executive and is attached hereto as Schedule A and which is incorporated by reference into this Agreement. In the event of a conflict between the terms of this Agreement and the terms of the Confidentiality Agreement, the terms of this Agreement shall govern.

**Non-Competition**

4.02 The Executive acknowledges that BPI currently conducts Business activities in the United States (the “Territory”). Accordingly, the Executive hereby agrees and covenants that the Executive shall not, during the term of this Agreement, and for a period of twelve (12) months following the Executive’s Termination Date for involuntary termination by BPI for Cause, voluntary termination by the Executive, or a termination following a Change in Control to which the provisions of Section 3.06 apply, directly or in any manner whatsoever, including without limitation, either individually, in partnership, jointly or in conjunction with any other individual, partnership, corporation, unincorporated organization, trust, joint venture, the Crown or any agency or instrumentality thereof of any juridical entity (a “Person”), in the Territory:

- (a) carry on, be engaged in, take part in or be a party to any undertaking, directly or indirectly; or
  - (b) consult, advise, render services to lend money, guarantee the debts or obligations of or permit the use of the Executive’s name or any part thereof by any Person with respect to a business carried on by that Person,
- which actively competes directly with the Corporation’s business objects or, could be judged to be causing or potentially be causing through competitive acts, material harm to the Corporation.

For the purposes of this Section 4.02, as of the date of this Agreement, a Person shall include, but not be limited to, Abbott Laboratories, Andrx Group, Apotex Inc., Elan Corporation, Ethypharm S.A., Flamel Technologies, S.A., Forest Laboratories Inc., Johnson & Johnson, King Pharmaceuticals, Inc., Pfizer Inc., GlaxoSmithKline, Reliant Pharmaceuticals, Inc., Teva Pharmaceutical Industries Ltd., Wyeth Pharmaceuticals, and any of their affiliates and subsidiaries which are in the same or a competitive business and, in addition, shall include any pharmaceutical entity with which the Corporation has a product(s) licensing agreement, any entity in which the Corporation has a minority equity interest and any entity with which the Corporation is at the time actively negotiating a commercial relationship.

During the continuance of the Executive’s employment, the Executive shall not (other than solely as a holder of not more than three per cent (3%) of the issued and outstanding voting shares of any public corporation or as a shareholder of the Corporation, without the written approval of the board of directors of the Corporation, directly or indirectly, either individually or in partnership or in conjunction with any Person or Persons, firm, association, syndicate, company or corporation as principal,

agent, director, manager, servant, shareholder or in any other manner whatsoever,) carry on or be engaged in or be concerned with or interested in any business or vocation whatsoever which would be reasonably judged to be competitive to the Business or would impede the Executive in performing the Executive’s duties as outlined herein.

**Non-Solicitation**

4.03 The Executive hereby covenants and agrees that the Executive shall not, during the term of this Agreement and for a period of twelve (12) months thereafter, solicit or contact, either directly or indirectly, any of the Customers, Prospective Customers or any suppliers of the pharmaceutical compounds used by the Corporation on the Executive’s own behalf, or on behalf of any entity, by which the Executive is hired or retained. “Customers” means customers of the Corporation with which the Executive had personal contact or had supervision over the efforts of those who had direct personal contact with such customers during the last two (2) years of the Employment Term. “Prospective Customer” means any organizations or entities which had been actively contacted and solicited for their business by representatives of the Corporation, and with whom the Executive had contact, both during the last two (2) years of the Employment Term.

**Non-Hiring**

4.04 The Executive hereby covenants and agrees that the Executive shall not, during the term of this Agreement and for a period of twelve (12) months thereafter, either directly or indirectly, solicit or endeavour to solicit from the Corporation any of its employees, and shall not for a period of 12 months from the end of the term of this Agreement hire any of the foregoing on the Executive’s own behalf or on behalf of any entity for which the Executive is hired or retained. Notwithstanding the foregoing, the Executive shall not be considered in breach of this section should the Executive solicit for hiring such Executive’s administrative assistant.

**Injunctive Relief**

4.05 The Executive acknowledges and agrees that the agreements and covenants in this Article Four are essential to protect the business and goodwill of the Corporation and that a breach by the Executive of the covenants in Sections 4.01, 4.02, 4.03 and 4.04 hereof could result in irreparable harm to the Corporation for which the Corporation could not be adequately compensated in damages and that, accordingly, the Corporation may have no adequate remedy at law if the Executive breaches such provisions. Consequently, if the Executive breaches any of such provisions, the Corporation shall have, in addition to and not in lieu of, any other rights and remedies available to it under any law or in equity, the right to obtain injunctive relief to restrain any breach or threatened breach thereof and to have such provisions specifically enforced by any court of competent jurisdiction.

**Severability of Covenants in Full or in Part**

4.06 The parties acknowledge that the provisions of Article Four hereof (the “Restrictive Covenants”) are reasonable and valid in geographic and temporal scope and in all other respects. If any court of competent jurisdiction determines that any of the Restrictive Covenants or any part thereof, is or are invalid or unenforceable, the Executive and BPI agree that the remainder of the Restrictive Covenants shall not be affected by the deemed invalid portions.

**Assignment of IP**

4.07 The Executive shall disclose to BPI any and all Intellectual Property (as defined in the Confidentiality Agreement) which the Executive may make solely, jointly, or in common with other employees during the term of the Executive’s employment within BPI and which relates to the business. Any Intellectual Property coming within the scope of the business made and/or developed by the Executive while in the employ of BPI, whether or not conceived or made during regular working hours, and whether or not the Executive is specifically instructed to make or develop same, shall be for the benefit of the Corporation and shall be regarded as work made in the course of employment for the purposes of the *Copyright Act* (Canada). The Executive shall assign, set over and transfer to the Corporation the Executive’s entire right, title and interest in and to any and all of the Intellectual Property and to all letters patent and applications for letters patent which may be, or may have been filed and/or issued by or to the Executive or on the Executive’s behalf and the Executive agrees to execute and deliver to the Corporation any and all instruments necessary or desirable to accomplish the foregoing and, in addition, to do all lawful acts which may be necessary or desirable to assist the Corporation to obtain and enforce protection of the Intellectual Property. To the extent of any rights Executive may have with respect to the Intellectual Property which are not assignable, including but not limited to moral rights, the Executive hereby waives same. The Executive will execute and deliver to the Corporation or its successors and assigns, such other and further assignments, instruments and documents as the Corporation from time to time reasonably may request for the purpose of establishing, evidencing, and enforcing or defending its complete, exclusive, perpetual, and world-wide ownership of all rights, titles, and copyrights, in and to the Intellectual Property, and Executive constitutes and appoints the Corporation as agent and attorney-in-fact, with full power of substitution, to execute and deliver such assignments, instruments, documents as Executive may fail to refuse to execute and deliver, this power and agency being coupled with an interest and being irrevocable.

**Standards of Business Conduct**

4.08 The Executive acknowledges and agrees that the Executive has read and understood and agrees to be bound by the Corporation’s Standards of Business Conduct, which is attached hereto as Schedule B.

**No Conflicting Obligations**

4.09 The Executive warrants to BPI that:

- (a) the performance of the Executive’s duties as an employee of BPI will not breach any agreement or other obligation to keep confidential the Confidential Information of any third party; and
- (b) the Executive is not bound by any agreement with or obligation to any third party that conflicts with the Executive’s obligations as an employee of BPI.

**ARTICLE FIVE - INTERPRETATION AND ENFORCEMENT**

**Section 409A**

5.01 This Agreement shall be interpreted to avoid any penalty sanctions under Internal Revenue Code section 409A. If any payment or benefit cannot be provided or made at the time specified herein without incurring sanctions under section 409A, then such benefit or payment shall be provided in full at the earliest time thereafter when such sanctions will not be imposed.

Notwithstanding any provision of this Agreement to the contrary, if the Executive is a key employee of a publicly traded corporation under section 409A at the time of the Executive’s separation from service and if payment of any amount under this Agreement is required to be delayed for a period of six (6) months after separation from service pursuant to section 409A, payment of such amount shall be delayed as required by section 409A, and the accumulated postponed amount shall be paid in a lump sum payment within ten (10) days after the end of the six-month period. If the Executive dies during the postponement period prior to the payment of postponed amount, the amounts withheld on account of section 409A shall be paid to the personal representative of the Executive’s estate within 60 days after the date of the Executive’s death. A “key employee” shall mean an employee who, at any time during the twelve (12) month period ending on the identification date, is a “specified employee” under section 409A of the Internal Revenue Code, as determined by the Board. The determination of key employees, including the number and identity of persons considered key employees and the identification date, shall be made by the Board in accordance with the provisions of sections 416(i) and 409A and the regulations issued thereunder.

For purposes of section 409A, the right to a series of installment payments under this Agreement shall be treated as a right to a series of separate payments. All reimbursements and in kind benefits provided under this Agreement shall be made or provided in accordance with the requirements of section 409A, including, where applicable, the requirement that (i) any reimbursement shall be for expenses incurred during the Executive’s lifetime (or during a shorter period of time specified in this Agreement), (ii) the amount of expenses eligible for reimbursement, or in kind benefits, provided during a calendar year may not affect the expenses eligible for reimbursement, or in kind benefits to be provided, in any other calendar year, (iii) the reimbursement of an eligible expense will be made on or before the last day of the calendar year following the year in which the expense is incurred, and (iv) the right to reimbursement or in kind benefits is not subject to liquidation or exchange for another benefit.

**Independent Legal Advice**

5.02 The Executive agrees to the terms and conditions of this Agreement having had the opportunity to receive independent legal advice, for which the Executive has been reimbursed by BPI.

**Severability**

5.03 The parties further acknowledge that if any provision contained in this Agreement is determined to be invalid or unenforceable in whole or in part, such invalidity or unenforceability shall attach only to such provision or part thereof and the remaining part of such provision and all other provisions hereof shall continue in full force and effect.

**Sections and Headings**

5.04 The division of this Agreement into Articles and Sections and the insertion of headings are for the convenience of reference only and shall not affect the construction or interpretation of this Agreement.

**Number and Gender**

5.05 In this Agreement words importing the singular number only shall include the plural and vice versa and words importing the masculine gender shall include the feminine and neuter genders and vice versa.

**Entire Agreement**

5.06 This Agreement and all the Schedules hereto constitute the entire Agreement between the parties with respect to the subject matter hereof and cancels and

supersedes any prior understandings and agreements between the parties with respect thereto. There are no representations, warranties, forms, conditions, undertakings or collateral Agreements, express, implied or statutory between the parties other than as expressly set forth in this Agreement.

**Amendments and Waivers**

5.07 No amendment to this Agreement shall be valid or binding unless set forth in writing and duly executed by both parties. No waiver of any breach of any term or provision of this Agreement shall be effective or binding unless made in writing and signed by the party purporting to give the same and, unless otherwise provided in written waiver, shall be limited to the specific breach waived.

**Governing Law**

5.08 This Agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the State of New Jersey and all legal proceedings contemplated in this Agreement shall be brought in, and be governed by, the laws of the State of New Jersey, without regard to principles of conflicts of law.

**Notices**

5.09 Any demand, notice or other communication (hereinafter in this Section 5.09 referred to as a “Communication”) to be made or given in connection with this Agreement shall be made or given in writing and may be made or given by personal delivery addressed respectively to the recipients:

To the Executive:

Christine C. Mayer  
xxx

To BPI:

700 Route 202/206 North  
Bridgewater, NJ 08807 Attn:  
President

or such other address or individual as may be designated by notice by either party to the other. Any communication made or given by personal delivery shall be conclusively deemed to have been given on the day of the actual delivery thereof.

**Benefit of Agreement**

5.10 This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, legal personal representatives, successors and assigns.

**Assignment**

5.11 The Executive may not assign the Executive’s rights or obligations under this Agreement without the prior written consent of BPI which consent may be unreasonably withheld. BPI may unilaterally assign this agreement to an affiliate without consent but on notice to the Executive.

**Execution of Agreement**

5.12 The Executive acknowledges that the Executive has executed this Agreement freely; that the Executive has reviewed this Agreement thoroughly; that the Executive agrees with its contents; and that the terms herein are reasonable for the fair protection of both the Executive and BPI.

**IN WITNESS WHEREOF**, the parties have executed this Agreement on the dates identified below at Bridgewater, New Jersey.

BIOVAIL PHARMACEUTICALS, INC.

**“SCHEDULE A”**

**BIOVAIL CORPORATION  
(and its Subsidiaries, Divisions, and Affiliates)**

**CONFIDENTIALITY AGREEMENT**

As an employee of Biovail Corporation (the “Corporation”), I acknowledge that I may acquire or have disclosed to me by the Corporation or by any affiliate, associate, or technology partner of the Corporation, either directly or indirectly, in writing, conversation, or through observation, various information about the business of the Corporation which is not in the public domain and which the Corporation does not wish to be divulged to other persons, companies, or third parties. I further understand that the Corporation’s Confidential Information (as defined below) is essential to its competitive advantage and to its ability to be financially viable. I further understand that the unauthorized disclosure of such Confidential Information may cause the Corporation irreparable injury that may not be rectified in the future.

Therefore, as a condition and in consideration of my employment with the Corporation, I understand and agree that while employed with the Corporation and for a period of time thereafter (as more particularly described below), I am required to hold confidential and not to disclose to anyone without the written authority from the Corporation any knowledge, information, or facts concerning the Corporation’s:

- research and development activities
- technological plans, advances, applications and inventions
- technical specifications, designs and plans
- materials and sources of supply
- discoveries, inventions, trade secrets, patents
- financial affairs, contracts, licensing agreements, customer lists, pricing practices, marketing strategies
- any other information regarding the Corporation, its products and their development which is not in the public domain

All of the foregoing shall hereinafter collectively be referred to as the “Confidential Information”.

For a period commencing on the date I commenced my employment with the Corporation and ending ten (10) years from the date of the termination of my employment with the Corporation, I shall keep confidential any and all Confidential Information which has been disclosed to me in writing or through oral communications and shall not divulge in any manner whatsoever any such information to any person, firm, corporation, partnership or similar entities without the Corporation’s written authority.

Should I breach or threaten to breach this Agreement, I shall be liable to the Corporation in equity and/or in law for damages that may be suffered by the Corporation as a result of the breach or threatened breach. I understand that a breach of this Agreement may result in irreparable harm to the Corporation such as to warrant the entitlement by the Corporation to an interlocutory and/or permanent injunction or other equitable relief against me, and an award of damages including punitive, exemplary and aggravated damages, together with legal costs and expense and I specifically agree that I will not argue the adequacy of damages or the Corporation’s ability to seek equitable relief in any such proceeding.

---

All Confidential Information supplied by the Corporation to me during the course of my employment and any rights related thereto, including but not limited to rights of know how, patent, trademark and copyright, with respect to existing products or those that are developed during or after my employment, are and remain the exclusive and absolute property of the Corporation.

I shall not, except as and to the extent required to enable me to carry out my duties with the Corporation, make any copies or reproduce the Confidential Information nor shall I remove or cause to have removed from the premises of the Corporation during my employment any Confidential Information unless required to do so in order to fulfill my duties with the Corporation. Such copies or reproductions shall be strictly subject to the terms and conditions of this Agreement. I shall take such steps as are necessary to restrict access to and protect the confidentiality of such copies or reproductions of the Confidential Information. Any such copies or reproductions made shall become the exclusive and absolute property of the Corporation.

Upon request of the Corporation, I agree to immediately surrender to the Corporation all documentation and information - notes, drawings, recordings, manuals, letters, correspondence, computer data and programs, records, books or any other materials relating to the Confidential Information which is in my possession without my retaining any copies or duplicates thereof.

I agree that this Agreement shall be construed in accordance with the laws of the Province of Ontario and I agree that the applicable courts of the Province of Ontario shall have exclusive jurisdiction with respect to any dispute or breach herein and I hereby attorn to the exclusive jurisdiction of the courts of the Province of Ontario.

This Agreement shall enure to the benefit of and shall be binding upon my successors, heirs and attorneys.

The disclosure or divulging of any Confidential Information contrary to this Agreement, or the violation of this Agreement in any way shall result in my immediate termination of employment, in addition to which I may be subject to criminal prosecution and civil liability.

I acknowledge and agree that I have executed this Agreement freely and with the benefit of independent legal advice and the terms herein are fair and reasonable.

I acknowledge and agree to the foregoing.

## SCHEDULE B

**BIOVAIL CORPORATION**  
**(and its Subsidiaries, Divisions, and Affiliates)**  
**STANDARDS OF BUSINESS CONDUCT**

Biovail Corporation (“Biovail”), together with its subsidiaries, divisions and affiliates, places great importance on conducting its business activities in an ethical and appropriate manner. Each employee, officer and director is a reflection of Biovail, and as such, the activities and actions of every individual within Biovail must be undertaken in accordance with a high standard of ethics and integrity. As such, Biovail expects each employee, officer and director to comply with, and adhere to, these Standards of Business Conduct (the “Standards”).

### **1. CONFLICTS OF INTEREST**

Employees, officers and directors of Biovail must avoid situations where their private interests could conflict with, or even appear to conflict with, the interests of Biovail and its stockholders.

Conflicts of interest arise when an individual’s position or responsibilities with Biovail present an opportunity for personal gain apart from the normal rewards of employment. They also arise when the private interests of an employee, officer or director are inconsistent with those of Biovail or create conflicting loyalties. Such conflicting loyalties can cause an employee, officer or director to give preference to private interests in situations where corporate responsibilities should come first. Employees, officers and directors must perform the responsibilities of their positions on the basis of what is in the best interests of Biovail and free from the influence of personal considerations and relationships.

In the event that any potential conflict of interest arises, the individual involved must immediately notify his or her immediate supervisor. If such individual is an officer or director of Biovail, the Executive Chairman (“Chairman”), Chief Executive Officer (“CEO”) and the General Counsel, or in the absence of a General Counsel the Vice President, Associate General Counsel (“SLO”) of Biovail must also be immediately notified and no further action may be taken unless authorized in writing by the Chairman and/or the CEO.

While it is not possible to detail every situation where conflicts of interest may arise, the following policies cover the areas that have the greatest potential for conflict:

#### **A. Trading in Biovail Securities and Use of Inside Information**

There are numerous laws in Canada and the United States (federal, provincial and state laws), to regulate transactions in corporate securities (stocks and bonds) and the securities industry. Violation of these laws may lead to civil and criminal actions against the individual and Biovail.

- i. Any employee, officer, director or other insider or anyone (family member, etc.) who knows of any material information (as defined below) about Biovail that has not been disclosed to the public (commonly known as “insider information”) may not engage in

any transaction in Biovail's securities until such information is disclosed to the public (whether or not there is a formal trading "black out" in place). This rule applies equally to transactions in securities of other companies. In addition, employees, officers and directors must not provide insider information to others ("tippees") who may trade in either the securities of Biovail or the securities of other companies.

"Material information" is any information relating to the business and affairs of Biovail that would reasonably be expected to result in a change in the market price or value of Biovail's securities. Generally speaking, material information is a matter to which an average prudent investor should be reasonably informed before a decision is made to buy or sell the security involved. Examples of such information would include annual or quarterly financial results; significant changes in management; significant shifts in operating or financial circumstances, such as major write-offs and changes in earnings projections; borrowing of a significant amount of funds; acquisitions of, or mergers with, other companies; significant new contracts or loss of business; and major new products, services or patents. This list provides examples only; many other matters may be considered material information.

Employees, officers, directors and other insiders who have questions that relate to the sale or purchase of a security under circumstances where these laws and regulations might apply should consult with the SLO, who may refer them to outside legal counsel.

- ii. In addition to the prohibition against the use of "insider" information which applies to all employees, officers and directors, the various securities laws that apply in the jurisdiction and countries in which Biovail does business place definite restrictions on the manners in which employees, officers and directors of Biovail, and their family members, their associates, etc., may engage in transactions involving the securities of Biovail. Employees, officers and directors shall comply with all laws, rules and regulations that prohibit or restrict insider trading.

Whenever there is any doubt as to whether any transactions involving Biovail's securities would violate securities laws, employees, officers and directors should consult the SLO of Biovail. Within the framework of the foregoing policies and laws, the final decision of each employee, officer or director, with respect to securities transactions, must be his or her own.

- iii. Employees, officers, directors and other insiders shall maintain the confidentiality of information entrusted to them by Biovail or its customers (except where disclosure is authorized or legally mandated) and shall not, without proper authority, give or release to anyone not employed by Biovail, data or information of a confidential nature concerning Biovail. Disclosure of confidential information can be harmful to Biovail and could be the basis for legal action against Biovail and the individual disclosing the information. Confidential information includes all non-public information that might be of use to competitors, or harmful to Biovail or its customers, if disclosed.
- iv. Employees, officers, directors and other insiders shall not acquire any property, security or any business interest that they know Biovail has an interest in acquiring. Moreover, based on such advance information, employees, officers and directors shall not acquire any property, security or business interest for speculation or investment.
- v. Employees, officers, directors and other insiders must follow Biovail policies regarding “Blackout Periods” when Biovail’s stock may not be traded. Such policies will be communicated by the SLO from time to time and must be adhered to by all employees, officers and directors.

**B. Personal Financial Interest**

Employees, officers and directors should avoid any outside financial interests that might influence decisions or actions they have been empowered to make on behalf of Biovail. An employee, officer or director performing duties in conformity with this policy shall not have a financial interest in, indebtedness to, or a personal contract or understanding with any concern with which he or she does business on behalf of Biovail.

- i. Employees, officers or directors whose corporate duties bring them into business dealings with an organization in which they, or a member of their family, have a financial interest or to which they, or a member of their family, have any indebtedness, or a business employing a relative or close friend, must immediately notify their immediate supervisor. The employee, officer or director, in turn, cannot complete a transaction on behalf of Biovail with this organization unless properly authorized in writing from their supervisor after full disclosure of the relationship.
- ii. An employee, officer or director may not perform work or services, outside the course of their normal employment by Biovail, for an organization doing or seeking to do business with Biovail without appropriate prior written approval of their supervisor or the Board of Directors. An employee, officer or

director may not be a director, officer, partner or consultant of an organization doing or seeking to do business with Biovail, nor may any of them permit their names to be used in any way indicating a business connection with such an organization, without appropriate prior written approval of their supervisor or the Board.

- iii. An employee, officer or director shall not accept for himself or herself, or for the benefit of any relative or friend, any payments, loans, services, favors involving more than ordinary social amenity, or gifts of more than nominal value from any organization doing or seeking to do business with Biovail.
- iv. The requirement of freedom from conflict of interest applies with equal force to the spouse, children and other close relatives of each employee, officer and director. This policy applies to all employees, officers and directors of Biovail with respect to all of the affairs of Biovail.
- v. Employees, officers and directors shall not (a) take for themselves personally opportunities that are discovered through the use of corporate property, information or position; (b) use corporate property information, or position for personal gain; (c) compete with Biovail. Employees, officers and directors owe a duty to Biovail to advance its legitimate interests when the opportunity to do so arises.
- vi. Biovail may not make loans to any employee, officer or director.

#### **C. Outside Activities**

Employees, officers and directors should avoid outside employment or activities which would impair the effective performances of their responsibilities to Biovail, either because of excessive demands on their time, or because the outside commitments can be contrary to their obligations to Biovail

#### **D. Protection and Proper Use of Biovail's Assets**

All employees, officers and directors should protect Biovail's assets and ensure their efficient use. Theft, carelessness and waste have a direct impact on Biovail's profitability. All of Biovail's assets should be used only for legitimate business purposes.

#### **E. Fair Dealing**

Each employee, officer and director shall endeavor to deal fairly with Biovail's customers, suppliers, competitors and employers. None should take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts, or any other unfair-dealing practice,

**2. COMPETITIVE PRACTICES**

The management of Biovail firmly believes that fair competition is fundamental to continuation of the free-enterprise system. Biovail complies with, and supports, laws of all countries that prohibit restraints of trade, unfair practices, or abuse of economic power.

Biovail will not enter into arrangements that unlawfully restrict its ability to compete with other businesses, or the ability of any other business organization to compete freely with Biovail. Biovail policy also prohibits employees, officers and directors from entering into, or even discussing, any unlawful arrangement or understanding which may affect its pricing policies, terms upon which its products and services are sold, or which might be construed as dividing customers or sales territories with a competitor.

These principles of fair competition are basic to all Biovail operations. They are integral parts of the following sections that cover Biovail’s dealings with suppliers, customers and public officials.

**3. DEALING WITH SUPPLIERS**

Biovail is a valuable customer for many suppliers of goods, services and facilities. People who want to do business, or to continue to do business, with Biovail must understand that all purchases by Biovail will be made in accordance with its purchasing policy and exclusively on the basis of price, quality, service and suitability to Biovail’s needs.

**A. Reciprocity**

Biovail considers reciprocity a harmful practice and a hindrance to assuring purchase of the best available materials or services at the lowest possible prices. It will not be practiced or allowed.

Suppliers of goods and services to Biovail will not be asked to buy goods and services from Biovail in order to become or continue as a supplier.

Biovail will not attempt to influence its suppliers to purchase from customers of Biovail. When Biovail makes purchases it will not favor firms who are customers of Biovail or any of its affiliates.

**B. “Kickbacks” and Rebates**

Purchases or sales of goods and services by Biovail must not lead to employees, officers or directors, or their families, receiving any type of personal kickbacks or rebates. Employees, officers, directors, and their families, must not accept any form of “under-the-table” payment.

**C. Receipt of Gifts and Entertainment**

Even when gifts and entertainment are exchanged out of the purest motives of personal friendship, they can be misunderstood. They can appear to be attempts to bribe Biovail’s employees, officers or directors into directing business of Biovail to a particular supplier. To avoid both the reality and the appearance of improper relations with suppliers or potential suppliers, the following standards will apply to the receipt of gifts and entertainment by employees, officers and directors of Biovail:

## **Gifts**

- i) Employees, officers and directors are prohibited from soliciting gifts, gratuities, or any other personal benefit or favor of any kind from suppliers or potential suppliers. Gifts include not only merchandise and products but also personal services, and tickets to theatrical and sports events. Employees, officers and directors should exercise good judgment when accepting unsolicited gifts. Employees, officers and directors are prohibited from accepting gifts of money.
- ii) Employees, officers and directors may accept unsolicited non-money gifts provided:
  - (1) They are items of nominal intrinsic value; or
  - (2) They are advertising and promotional materials, clearly marked with Biovail or brand names of the giver.
- iii) Any gift of more than nominal intrinsic value must be reported to the SLO to determine whether it can be accepted. Some gifts may be perishable so as to make their return impractical. Supervisors can permit acceptance of such gifts, but should require employees, officers and directors to tactfully inform givers that such gifts are discouraged.
- iv) In the transaction of some international business, it is lawful and customary for business leaders in some countries to give unsolicited gifts to employees, officers or directors of Biovail. These gifts can be of more than nominal value. Moreover, under the circumstances, returning the gifts or payment for them may constitute an affront to the giver. In such cases, the gift must be reported to the SLO who may permit the retaining of the gifts.
- v) In all other instances where gifts cannot be returned or may adversely affect Biovail's continuing business relationships, the SLO must be notified. They can require employees, officers and directors to transfer ownership of such gifts to Biovail.

## **Entertainment**

- i) Employees, officers and directors shall not encourage or solicit entertainment from any individual or company with whom Biovail does business. Entertainment includes, but is not limited to, activities such as dinner parties, theater parties, and sporting events.
- ii) From time to time employees, officers and directors may accept unsolicited entertainment, but only under the following conditions:
  - (1) The entertainment occurs infrequently;

- (2) It arises out of the ordinary course of business;
- (3) It involves reasonable, not lavish expenditures (the amounts involved should be ones employees, officers and directors are accustomed to normally spending for their own business or personal entertainment); and
- (4) The entertainment takes place in settings that also are reasonable, appropriate, and fitting to employees, officers and directors, their hosts, and their business at hand.

#### **4. DEALINGS WITH CUSTOMERS AND POTENTIAL CUSTOMERS**

Employees, officers and directors must keep all dealings with customers and potential customers fair and above board. Biovail gets business and keeps it because of the quality of its goods and services. Biovail does not give unethical or illegal rebates, kickbacks, under-the-table payments, or other similar improper favors to customers or their representatives.

The boundary line between ethical and unethical competition, or legal and illegal conduct, is not always well defined, particularly in international activities where differing local laws, custom; and practices come into play. Therefore, the following standards will serve as guides:

- a) All employees, officers and directors should make themselves aware of and fully comply with all laws, rules and regulations, whether federal, state, local or foreign, including laws governing relations with customers as well as competitors.
- b) All employees, officers and directors engaged in negotiations and contracts with foreign governments, the United States or any political subdivision thereof must also know and abide by the specific rules and regulations covering relations with such governments and their agencies.
- c) Employees, officers and directors may not give gifts to customers except items of nominal value, which fit the legal, normal, and customary pattern of Biovail's sales efforts for a particular market. Exceptions to this policy can occur in international trades where it can be legal, customary, and appropriate business practice to exchange gifts with customers. Only the CEO can authorize the giving, receiving, or exchanging of such gifts. Any gifts received by employees, officers or directors in such an exchange must be reported to the CEO for determination as to the disposition of the gifts.
- d) Entertainment for any customer must fit regular business practices. The place and type of entertainment and the money spent must be reasonable and appropriate.

5. DEALING WITH PUBLIC OFFICIALS

Domestic and foreign laws and regulations require Biovail to be in contact with public officials on a wide variety of matters. Employees, officers and directors who regularly make these contacts have special responsibilities for upholding Biovail’s good name. The following standards relate to these special responsibilities:

- a) All employees, officers and directors who contact public officials must be familiar with lobbying laws and public disclosure requirements, particularly those that apply to registrations and filings.
- b) No employee shall make any form of payment, direct or indirect, to any public official as an inducement to procuring or keeping business or having a law or regulation enacted, defeated, or violated. This is bribery, pure and simple. It will not be tolerated.

It should be acknowledged that inherent in the current health-care regulatory environment, the definition of “form of payment” may include seemingly trivial gifts and/or favors (e.g. buying lunches, coffee, etc.).

- c) When not prohibited by law, employees, officers and directors are allowed to give to public officials gifts where the presentation and acceptance of gifts is an established custom and a normal business practice. All such gifts shall be of reasonable value and the presentation approved in advance by the CEO. Moreover, such gifts must be presented in a manner that clearly identifies Biovail and the occasion that warrants the presentation.
- d) Employees, officers and directors are also allowed to give public officials gifts in the form of product models and pictures provided the models and pictures are part of Biovail’s general marketing and public relations programs (except as noted in clause (b) above).
- e) On special ceremonial occasions, officers of Biovail may publicly give gifts of more than nominal value to public institutions and public bodies. Such gifts can commemorate special events or milestones in Biovail’s history.

These may be transmitted through public officials but the gifts are given to the public institutions and public groups they represent, not to the officials personally.

- f) From time to time employees, officers and directors may entertain public officials, but only under the following conditions:
  - i. It is legal and permitted by the entity represented by the official;
  - ii. The entertainment is not solicited by the public official;
  - iii. The entertainment occurs infrequently;

- iv. It arises out of the ordinary course of business;
- v. It does not involve lavish expenditures, considering the circumstances;
- vi. The settings and types of entertainment are reasonable, appropriate and fitting to our employees, officers or directors, their guests, and the business at hand.

## **6. POLITICAL ACTIVITIES AND CONTRIBUTIONS**

### **A. Canada and the United States**

Employees, officers and directors who participate in partisan political activities must make every effort to ensure that they do not leave the impression that they speak or act for Biovail.

Biovail encourages its employees, officers and directors to participate in political activities in their own time and at their sole expense. No corporate action, direct or indirect, will be allowed that infringes on the right of any employee individually to decide whether, to whom, and in what amount, they will make personal political contributions. The same is true of volunteer political donations of personal service time, so long as it does not interfere with the working status of employees, officers or directors.

### **B. Outside Canada and the United States**

No employees, officers and directors are permitted to use Biovail's funds, facilities, or other assets, to support either directly or indirectly any political candidates or political parties, without advance authorization in writing from their immediate supervisor and the General Counsel. The policy of Biovail is that employees, officers and directors and employees should not participate in political activities in countries of which they are not nationals. However, such persons, of course, are free to participate in political activities in countries of which they are nationals in their own time and at their own expense.

## **7. DISCLOSURE**

Biovail has formed a Disclosure Committee to promote consistent practices aimed at informative, timely and broadly disseminated disclosure of Material Information to the market, external stakeholder groups and employees in accordance with all applicable legal, regulatory and stock-exchange requirements.

It is essential that the Disclosure Committee be fully apprised of all material corporate developments to be able to determine whether there is information that should be publicly disclosed, and what the appropriate timing is for release of that information. In some cases, the Disclosure Committee may determine that the information should remain confidential. If that is the case, the Disclosure Committee will determine how that information will be controlled so that it is not inadvertently released. Therefore any employee who becomes aware of information that he/she believes might be material to Biovail and/or any of its affiliates and subsidiaries he/she should advise their manager or supervisor or a member of the Disclosure Committee. Current membership of the Disclosure Committee is posted on the Biovail.com website.

This applies throughout the year, but is particularly critical when annual or quarterly financial statements and Management Discussion and Analysis (MD&A) or regulatory filings are being prepared (e.g. regulatory filings, such as the U.S. Securities and Exchange Commission, Form 20-F).

**8. PUBLIC COMMUNICATIONS**

Given the importance placed on confidentiality and the appropriate disclosures of information regarding Biovail, it is important for employees, officers and directors to ensure that care be taken with any communication regarding Biovail or its activities outside of Biovail.

**A. Designated Spokespersons**

Biovail has designated official spokespersons who are authorized to speak on behalf of Biovail, and answer questions from the news media and the investment community, about Biovail and its activities. Employees, officers and directors who have not been designated as spokespersons for Biovail are not permitted to speak on behalf of the Company to the news media or to the investment community.

**B. Media or Analyst Inquiries**

Any employee who is approached by any person asking for comment on the activities of Biovail must direct any and all such inquiries to a member of the Disclosure Committee or to a member of the Company's Stakeholder Relations team (Corporate Communications, Investor Relations) so that an appropriate spokesperson can respond to the inquiry on behalf of Biovail.

**C. Conferences**

The Disclosure Committee should be advised of any request to present at any conference or public meeting. Certain materials prepared for any such presentation may be required to be reviewed by the Company's Stakeholder Relations group.

**D. Electronic Communications**

Care must be taken in all instances in the use of e-mail, and other devices (e.g., Blackberry's) in communications relating to Biovail's business. While users tend to resort to shorthand communication using these kinds of tools, those communications do form a record of those communications that may be subject to later review and disclosure. A more fulsome policy regarding electronic communications is in place (found in the Human Resources Management System Policy Binder) and should be adhered to by all employees, officers and directors.

**E. The Internet**

Biovail has instituted policies regarding the use of, and access to the Internet by employees, officers and directors. These policies include a prohibition against anyone participating in any chat rooms dedicated to Biovail or its operations or the industry at large. If any employee, officer or director becomes aware that any such chat room exists, they are asked to report the address of such site to the SLO so that it may be monitored and appropriate action may be taken.

**9. EQUAL OPPORTUNITY**

Biovail supports the principle that every individual must be accorded an equal opportunity to participate in the free-enterprise system and to develop their ability to achieve their full potential within that system.

There shall be no discrimination against any employee or applicant because of race, religion, color, sex, age, sexual orientation, national or ethnic origin, or disability (as required by law) or any other consideration prohibited by local law. All employees, officers and directors will be treated with equality during their employment without regard to their race, religion, color, sex, age, national or ethnic origin, or physical handicap, in all matters, including employment, upgrading, promotion, transfer, layoff, termination, rates of pay, selection for training and recruitment. Biovail will maintain a work environment free of discriminatory practice of any kind.

No employee shall have any authority to engage in any action or course of conduct or to condone any action or course of conduct by any other person which shall in any manner, directly or indirectly, discriminate or result in discrimination in the course of one's employment, termination of employment, or any related matter where such discrimination is, directly or indirectly, based upon race, religion, color, sex, age, sexual orientation, national or ethnic origin, disability, or any other consideration prohibited by law.

**10. HEALTH, SAFETY, AND ENVIRONMENTAL PROTECTION**

It is Biovail's policy to pay due regard to the health and safety of its employees, officers, directors and others, and to the state of the environment. There are federal, provincial, state and local workplace safety and environmental laws which through various governmental agencies regulate both physical safety of employees, officers and directors and their exposure to conditions in the workplace. Should you be faced with an environmental health issue or have a concern about workplace safety, you should contact your Health and Safety Committee representative or notify Biovail management immediately.

Many countries and their regional and local governments now have complex legislation to protect the health and safety of employees, or the general public, and to prevent pollution and protect the environment. In case of violation, these laws often provide penalties for both the company involved and its executive personnel. Biovail's SLO should always be consulted when necessary to understand or comply with such laws.

**11. WORK ENVIRONMENT**

Employees, officers and directors must treat each other with professional courtesy and respect at all times. Employees, officers and directors shall not subject any other employee to unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct which might be construed as sexual in nature, or harass others on the basis of race, disability, gender, sexual orientation or any other consideration prohibited by law. Such conduct may constitute sexual harassment or harassment under federal, provincial and state law and may be the basis for legal action against the offending employee and/or Biovail.

Employees are encouraged to report all conduct that they believe in good faith to be violations of local anti-harassment policies. To the extent permissible under local law the

identity of the employees, officers or directors involved will be kept strictly confidential, and will not be revealed by Biovail’s management without the employee’s permission. The alleged harassment will be thoroughly investigated by Biovail and appropriate action will be taken. Biovail has an appropriate policy to protect employees against discrimination or retaliation as a result of such a complaint.

**12. INTEGRITY OF RECORDS AND FINANCIAL REPORTS**

It is of critical importance that Biovail’s filings with the appropriate regulatory authorities (e.g. U.S. Securities and Exchange Commission) be accurate and timely. Depending on their position with Biovail, an employee, officer or director may be called upon to provide necessary information to ensure that Biovail’s public reports are complete, fair and understandable. Biovail expects employees, officers and directors to take this responsibility very seriously and to provide prompt accurate answers to inquiries related to Biovail’s public disclosure requirements.

The integrity of Biovail’s record keeping systems will be respected at all times. Employees, officers and directors are forbidden to use, authorize, or condone the use of “off-the-books” bookkeeping, secret accounts, unrecorded bank accounts, “slush” funds, falsified books, or any other devices that could be utilized to distort records or reports of Biovail’s true operating results and financial conditions or could otherwise result in the improper recordation of funds or transactions.

**13. USE OLD AGENTS AND NON-EMPLOYEES, OFFICERS AND DIRECTORS**

Agents or other non-employees cannot be used to circumvent the law. Employees, officers and directors will not retain agents or other representatives to engage in practices that run contrary to the Standards of Business Conduct or applicable laws.

**14. INTERNATIONAL OPERATIONS**

Employees, officers and directors operating outside of Canada and the United States have a special responsibility to know and obey the laws and regulations of countries where they act for Biovail. Customs vary throughout the world, but all employees, officers and directors must uphold the integrity of Biovail in other nations diligently.

**15. STANDARDS OF BUSINESS CONDUCT**

**A. Initial Distribution**

- i. Employees, officers and directors designated to receive these Standards will receive their copies immediately after publication.
- ii. Future employees, officers and directors designated to receive these Standards will receive their copies at the time they are hired.

**B. Initial Verification**

Upon receiving their copy of the Standards, employees, officers and directors current and future will:

- i. Become thoroughly familiar with the Standards.

- ii. Resolve any doubts or questions about the Standards with their supervisors.
- iii. Inform their supervisors of any existing holdings or activities that might be, or appear to be, inconsistent with, or in violation of, the Standards.
- iv. Prepare written disclosures of such information, if requested, by supervisors.
- v. Take steps to correct existing situations and bring holdings and activities into full compliance with the Standards. Such steps will be approved in writing by supervisors and will be based on the written disclosure submitted by employees, officers or directors.
- vi. Sign the verification and return it to their supervisors who will make it part of employee's permanent corporate records.

**C. Maintaining Compliance**

- i. Employees, officers and directors have the responsibility to maintain their understanding of the Standards of Business Conduct and for following them.
- ii. Supervisors have the responsibility to maintain an awareness on the part of their employees, officers and directors of the importance of their adhering to the Standards of Business Conduct and for reporting deviations to Management.
- iii. As requested by the Board of Directors or senior management, employees, officers and directors will be asked to re-verify their understanding of the Standards of Business Conduct and their compliance with them every year as a part of Biovail's annual reporting.
- iv. Employees, officers and directors must inform their supervisors of any changes in their holdings or activities that might be, or appear to be in non-compliance with the Standards of Business Conduct.
- v. Employees, officers and directors must prepare written disclosure of such information, if requested, by supervisors.
- vi. Employees, officers and directors must take steps to correct any such changes, if necessary, to bring holdings and activities into full compliance. Such steps will be approved in writing by supervisors and Management and will be based on the written disclosures submitted by employees, officers and directors.

**D. Audits of Compliance**

Regular audits of Biovail will include procedures to test compliance with the Standards of Business Conduct.

**16. VIOLATIONS OF STANDARDS**

Employees, officers and directors must immediately report any violations of the Standards or any violation of any applicable law, rule or regulation. Failure to do so can have serious consequences for the employees, officers or directors and for Biovail.

Employees, officers and directors, should report violations to their supervisors and/or to the Human Resources department and to the SLO or to any secure reporting hotline the company may have contracted with. When in doubt, employees should talk to their supervisors or other appropriate personnel to determine the best course of action in a particular situation.

Supervisors and the Human Resources group have the responsibility to promptly and thoroughly investigate all reports, and to report violations to the SLO.

After a violation is investigated, appropriate action will be taken promptly. Management has the right to determine the appropriate disciplinary action for a violation up to and including termination of employment. All proposed disciplinary action is subject to review by senior Management, Human Resources and the SLO.

Employees, officers and directors should be aware that, in addition to any disciplinary action taken by Biovail, violations of certain Standards may require restitution and may lead to civil or criminal action against individual employees, officers and directors and any corporation involved.

Supervisors have the responsibility of taking remedial steps to correct any operating procedures that may contribute to violations of Standards.

Retaliation in any form against an individual who reports a violation of these Standards of Business Conduct or of any law, rule or regulation in good faith, or who assists in the investigation of a reported violation, is itself a serious violation of this policy. Acts of retaliation will be disciplined appropriately and should be reported immediately to your supervisor or Human Resources.

**17. CONTINUANCE OF EXISTING PERSONNEL POLICIES, RULES AND PERFORMANCE STANDARDS**

Biovail has codified numerous personnel policies, rules and standards of employee performance, which continue in force. These Standards of Business Conduct are intended to supplement and amplify those established personnel policies, rules and standards.

It continues to be the responsibility of all employees to comply with all such policies, rules and performance standards. Additionally, all members of management are to continue making certain that employees reporting to them are made aware of established policies, rules and performance standards and comply with them.

**18. AMENDMENT, MODIFICATION AND WAIVER**

Biovail will periodically review these Standards of Business Conduct. These Standards may be amended, modified or waived by the Board of Directors and waivers may also be granted by the Nominating & Governance Committee, subject to the disclosure and other provisions of the Securities Exchange Act of 1934, and the rules there under and the

applicable rules of the Toronto Stock Exchange/New York Stock Exchange. Employees, officers and directors will be fully informed of any revisions to the Standards of Business Conduct.

Any waiver of these Standards for any employee other than a director or an executive officer, may only be made by the Executive Chairman or the CEO. Any waiver of these Standards for director or an executive officer may be made only by the Board of Directors or the Compensation, Nominating and Corporate Governance Committee and will be promptly disclosed to Biovail's stockholders.

**VERIFICATION AND RECEIPT OF UNDERSTANDING**

I have received a copy of Standards of Business Conduct for BIOVAIL CORPORATION and its subsidiaries, divisions and affiliates. I understand how the Standards apply to me. I acknowledge that my receiving the Standards obligates me to follow them and I agree to abide by their conditions.

**BIOVAIL LABORATORIES INTERNATIONAL SRL  
EXECUTIVE EMPLOYMENT AGREEMENT**

THIS AGREEMENT is made by and between Biovail Laboratories International SRL (hereinafter the “Corporation”) and Michel Chouinard (hereinafter the “Executive”).

**ARTICLE ONE — GENERAL DUTIES AND TERM**

**Scope of Employment / Duties**

1.01 The Corporation will employ the Executive as the Chief Operating Officer (“COO”) of the Corporation. The Executive will serve as an officer of the Corporation. During the Employment Term (as defined below in Section 1.04), the Executive will devote substantially all of the Executive’s business efforts and time to the Corporation. The Executive agrees, during the Employment Term, not to actively engage in any other employment, occupation or consulting activity for any direct or indirect compensation without the prior approval of the President of the Corporation (the “President”); provided, however, that the Executive may (a) serve on the boards of directors of other companies (subject to reasonable approval of the President) and boards of trade associations or charitable organizations; (b) engage in charitable activities and community affairs; and (c) manage the Executive’s personal investments and affairs, as long as such activities do not violate Section 4.02 and do not materially interfere with the Executive’s duties and responsibilities for the Corporation.

1.02 The Corporation reserves the right to change the employment relationship over time, as it deems necessary or appropriate to comply with legal requirements or for ease of administration of employee benefits programs or other matters. The parties agree that, at the discretion of the Corporation, the Executive’s employment may be transferred to the Corporation’s affiliates or subsidiaries, as they may exist from time to time.

1.03 Notwithstanding 1.02, the Corporation acknowledges and agrees that the Executive’s principal residence is and shall remain in Barbados.

**Term of Agreement**

1.04 The Corporation hereby agrees to employ the Executive and the Executive hereby accepts employment, in accordance with the terms and conditions of this Agreement, commencing on February 24, 2010 (the “Employment Commencement Date”). The period of the Executive’s employment under this Agreement will be referred to as the “Employment Term.” Subject to the Corporation’s obligation to provide severance benefits and the parties’ obligation to provide a Notice of Termination (as defined below), the Executive and the Corporation acknowledge that this employment relationship may be terminated at any time and for any or no cause or reason at the option of either the Executive or the Corporation.

---

ARTICLE TWO — COMPENSATION

Base Salary

2.01 As of the Employment Commencement Date, the Executive’s annualized base salary will be \$343,120 (USD), payable in accordance with the Corporation’s normal payroll practices for employees generally, and will be subject to annual review in accordance with the Corporation’s normal review process for other similarly situated senior executives.

Incentive Compensation

2.02 The Executive will be eligible to participate in Biovail Corporation’s (“Biovail’s”) short term annual incentive compensation plan as such plan may be amended from time to time (the “Short Term Incentive Plan”) in accordance with the terms of the Short Term Incentive Plan.

Equity Compensation

2.03 Eligibility and Terms.

The Executive will be eligible to participate in Biovail’s equity compensation plan, as such plan may be amended from time to time (the “Equity Compensation Plan”), in accordance with the terms of the Equity Compensation Plan, except as may be otherwise indicated in this Agreement.

Employee Benefits

2.04 During the Employment Term, the Executive will be eligible to participate in employee benefit plans and programs that are offered to the Corporation’s other similarly-situated senior executives in accordance with the terms of such plans as they may change from time to time. Nothing in this Agreement shall preclude the Corporation or any affiliate of the Corporation from terminating or amending any employee benefit plan or program from time to time before or after the Employment Commencement Date.

Expenses

2.05 The Executive shall be reimbursed for reasonable out of pocket business expenses, including travel and entertainment expenses, actually and properly incurred by the Executive in the course of performing the Executive’s services hereunder, upon furnishing to the Corporation reasonable supporting statements and vouchers; provided, however, that in any financial year in which the Corporation has provided to the Executive an approved budget, such expenses must not exceed the amount so budgeted without the prior written approval from the President.

**Housing Allowance**

2.06 While on assignment in Barbados, the Executive will receive a housing allowance in the amount of \$6,000 USD per month.

**Travel Allowance**

2.07 While on assignment in Barbados, the Executive will be provided with reimbursement for the cost of two return airline tickets for travel home twice per year.

**Company Vehicle**

2.08 A company car will be provided to the Executive and related expenses will be paid or reimbursed by the Corporation.

**Vacation**

2.09 The Executive will be eligible for four (4) weeks of vacation annually, to be taken in accordance with the terms of the Corporation’s Vacation Policy, without regard to any lesser amount of vacation time set forth therein. Notwithstanding the foregoing, the Executive’s eligibility for vacation in the year the Employment Term commences will be pro-rated in the manner specified in the Corporation’s Vacation Policy. Eligibility for increases to vacation entitlement will be in accordance with local regulations.

**ARTICLE THREE — TERMINATION AND RESIGNATION**

**Termination Date**

3.01 For the purposes of this Agreement, “Termination Date” shall mean the date designated as the last day of the Executive’s employment or term of office with the Corporation as specified in a notice of termination given by the party that issues a notice of termination to the other party.

**Termination of Employment By The Corporation Without Cause or By The Executive For Good Reason**

3.02 If the Executive’s employment with the Corporation is terminated involuntarily either by a termination by the Corporation without Cause or a termination by the Executive for Good Reason, then, in addition to any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Termination Date, the Executive will be eligible for the severance payments and benefits as described in this Section 3.02; provided that (i) the Executive continues to comply with the Restrictive Covenants (as defined below in Article Four); and (ii) the Executive executes, and does not revoke, a written waiver and release of all claims, demands and causes of action against the Corporation and related parties in a form prescribed by the Corporation, as limited by Section 3.10 (“Release”):

- (a) Within 60 days following the Executive’s Termination Date, the Executive will be paid a lump sum severance payment equal to (i) an amount that is one (1) times the Executive’s base salary (calculated using the Executive’s highest annual base salary in the three years prior to the Executive’s Termination Date) plus (ii) an amount that is one (1) times the Executive’s target level of annual incentive compensation for the year prior to the year in which the Executive’s Termination Date occurs;
- (b) The Executive will be entitled to a pro-rated portion of the Executive’s target level of annual incentive compensation under the Short Term Incentive Plan for the year in which the Executive’s Termination Date occurs. The pro-rated portion will be based on the number of months (rounded to the next highest number for a partial month) of the calendar year that elapsed prior to the Executive’s Termination Date and will be calculated and paid in accordance with the terms of the Corporation’s Short Term Incentive Plan; and
- (c) Until the earlier of (i) the date that ends a period of one (1) year following the Executive’s Termination Date, and (ii) the date, or dates, on which the Executive is eligible to receive benefits under the same type of plan of a subsequent employer (the “Benefit Period”), the Corporation will pay to the Executive a monthly payment on the first payroll date of each month equal to the cost of continued medical and dental coverage for the Executive and the Executive’s covered dependents under the medical and dental plans of the Corporation, less the amount that the Executive would be required to contribute for medical and dental coverage if the Executive were an active employee. These payments will commence on the Corporation’s first payroll date after the Executive’s Termination Date and will continue until the end of the Benefit Period (and not beyond the end of the Benefit Period).

**Termination of Employment By The Corporation For Cause Or The Executive’s Voluntary Resignation Without Good Reason**

3.03 If the employment of the Executive is terminated by the Corporation for Cause or if the Executive voluntarily resigns from employment without Good Reason, then the Executive will forfeit the Executive’s right to receive any salary, Short Term Incentive Plan compensation, Equity Compensation Plan compensation or other compensation that has not been fully accrued at the time the Executive’s employment terminates; provided, however, that the Executive will be entitled to receive any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Executive’s Termination Date.

**Death or Disability**

3.04 The Executive’s employment will terminate automatically upon the Executive’s death. The Corporation may terminate the Executive’s employment if illness, disease, or physical or mental incapacity render the Executive generally incapable of performing the Executive’s duties or unfit to advance or represent the Corporation on a daily basis for a period of twelve (12) consecutive months and within such twelve (12) months, the Executive fails to produce to the Corporation a medical opinion indicating a reasonable

time for the return of the Executive to the full-time assumption of the Executive’s past duties and responsibilities. Nothing herein is intended to circumvent or abridge the Corporation’s short-term disability policy or long-term disability plan. In the event of termination pursuant to the terms of this Section 3.03, the Executive or the Executive’s estate, as applicable, will be entitled to receive any salary, benefits or other amounts accrued, earned and due to the Executive but not yet paid as of the Executive’s Termination Date.

**Cause**

3.05 For purposes of this Agreement, Cause includes:

- (a) conviction of the Executive, or the entering of a guilty plea or a plea of no contest by the Executive, with respect to a felony, any crime involving fraud, larceny or embezzlement or any other crime involving moral turpitude which may subject the business to damage in any way, or if generally known, would damage the business interests or reputation of the Corporation or any of its affiliates;
- (b) any act of fraud, misappropriation, material dishonesty, embezzlement or similar conduct involving the Corporation or any affiliates;
- (c) a material breach by the Executive of the Executive’s duties hereunder (other than as a result of incapacity due to physical or mental impairment) which is demonstrably willful and deliberate on the part of the Executive or which is committed in bad faith or without reasonable belief that such breach is in the best interests of the Corporation;
- (d) a material breach by the Executive of the Executive’s duties hereunder (other than as a result of incapacity due to physical or mental impairment), except as identified in Section 3.05(c) above, which breach is not remedied by the Executive within 30 days after receipt of written notice from the Corporation specifying such breach; or
- (e) the Executive’s failure to comply in any material way with any of the provisions of this Agreement.

**Good Reason**

3.06 For purposes of this Agreement, a voluntary resignation by the Executive will be deemed to be a termination for Good Reason if:

- (a) The Corporation makes: (i) any assignment to the Executive of any duties which are materially inconsistent with the Executive’s position; (ii) any material reduction in the Executive’s authority, responsibilities or status; or (iii) a material reduction to the Executive’s base salary;

- (b) The Executive notifies the Corporation in writing of the Executive’s belief that the Corporation has taken an action identified in Section 3.06(a) within thirty (30) days of the event at issue;
- (c) The Corporation has not remedied the situation within thirty (30) days after receipt of written notice from the Executive;
- (d) The Executive provides a Notice of Termination within thirty (30) days after the Corporation’s opportunity to remedy the situation has expired; and
- (e) After a period of 5 years from the commencement of the assignment in Barbados (February 28, 2011), the Corporation is unable to provide the Executive with a position deemed comparable by the Corporation in another location other than Barbados.

**Change in Control**

- 3.07 (a) The Corporation shall provide the payments and benefits described in Section 3.07(b) below only if:
- (i) the Executive continues to comply with the Restrictive Covenants (as such term is defined below in Article Four); and
  - (b) the Executive executes, and does not revoke, a Release (as defined above in Section 3.02).
- (b) Upon a Change in Control (as defined below in Section 3.07(c)), and an involuntary termination of the Executive’s employment either by the Corporation without Cause or by the Executive for Good Reason, which termination occurs within a period of twelve (12) months following the Change in Control, the Corporation shall provide to the Executive, in addition to any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Executive’s Termination Date, but in lieu of any payments or benefits to which the Executive is or might be entitled under Section 3.02 above:
- (i) a lump sum severance payment of (a) an amount that is equal to two (2) times the Executive’s base salary (calculated using the Executive’s highest annual base salary in the three years prior to the Executive’s Termination Date) plus (b) an amount that is equal to two (2) times the Executive’s target level of annual incentive compensation under the Short Term Incentive Plan for the year prior to the year in which the Executive’s Termination Date occurs, payable within thirty (30) days of the Executive’s Termination Date; and
  - (ii) any unvested equity compensation awards held by the Executive shall automatically accelerate and become one hundred percent (100%) vested and, as applicable, exercisable, as of the Executive’s Termination Date.
- (c) For the purpose of this Section 3.07, “Change in Control” means the happening of any of the following events:

- (i) the completion of a transaction pursuant to which (A) the Corporation goes out of existence or (B) any person, or any Associate (as such terms defined in National Instrument 45-106 - *Prospectus and Registration Exemptions*, as amended from time to time, or such other successor rules, instruments or policies from time to time of Canadian provincial securities regulatory authorities which may govern trades of securities to employees, officers, directors or consultants ("NI45-106")) or Related Entity (as such term is defined in NI45-106) of such person (other than the Corporation, any trustee or other fiduciary holding securities under any employee benefit plan of the Corporation or a Related Entity, or any company owned, directly or indirectly, by the shareholders of the Corporation in substantially the same proportions as their ownership of common shares of the Corporation) hereafter acquires the direct or indirect "beneficial ownership" (as defined by the *Canada Business Corporations Act*) of securities of the Corporation representing 50% or more of the aggregate voting power of all of the Corporation's then issued and outstanding securities;
- (ii) the lease, exchange, license, sale or other similar disposition of all or substantially all of the Corporation's assets in one transaction or a series of related transactions to a person, or any Associate or Related Entity of such person (other than an Associate or Related Entity of the Corporation, any trustee or other fiduciary holding securities under any employee benefit plan of the Corporation or a Related Entity, or any company owned, directly or indirectly, by the shareholders of the Corporation in substantially the same proportions as their ownership of common shares of the Corporation);
- (iii) the dissolution or liquidation of the Corporation except in connection with the distribution of assets of the Corporation to one or more persons which were Related Entities prior to such event;
- (iv) during any period of 24 consecutive months beginning on or after the date of the Equity Compensation Plan, the persons who were members of the Board immediately before the beginning of such period (the "Incumbent Directors") cease (for any reason other than death) to constitute at least a majority of the Board or the board of directors of any successor to the Corporation, provided that any director who was not a director as of the date of the Equity Compensation Plan shall be deemed to be an Incumbent Director if such director is elected to the Board by, or on the recommendation of or with the approval of, at least two-thirds of the directors who then qualified as Incumbent Directors either actually or by prior operation of the foregoing unless such election,

recommendation or approval occurs as a result of an actual or threatened election contest or other actual or threatened solicitation of proxies or contests by or on behalf of a person other than a member of the Board; or

- (v) a merger, amalgamation, arrangement or consolidation of the Corporation with any other corporation other than a merger, amalgamation, arrangement or consolidation that would result in the voting securities of the Corporation outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the Corporation or such surviving entity outstanding immediately after such merger, amalgamation, arrangement or consolidation; provided, however, that a merger, amalgamation, arrangement or consolidation effected to implement a recapitalization of the Corporation (or similar transaction) in which no person (other than those covered by the exceptions in (i) above) acquires more than 50% of the combined voting power of the Corporation's then outstanding securities shall not constitute a Change in Control.

### **Notice of Termination**

3.08 Any termination of employment by the Corporation or by the Executive shall be communicated by notice of termination to the other party hereto given in accordance with Section 5.09 (a "Notice of Termination"). For purposes of this Agreement, Notice of Termination means a written notice that (a) identifies the specific termination provision in the Agreement relied upon, and (b), to the extent applicable, sets forth in reasonable detail the facts and circumstances claimed to provide a basis for termination of the Executive's employment under the provision identified, and (c)(i), in the case of a termination by the Corporation, specifies the Executive's Termination Date which shall not be less than fifteen (15) nor more than sixty (60) days after the giving of such notice; or (ii) in the case of a termination by the Executive without Good Reason, shall not be less than ninety (90) days after the giving of such notice.

### **Payments After Termination of Employment**

3.09 Payments made by the Corporation to the Executive pursuant to this Agreement after the Executive's Termination Date will be made by courier delivery service to the last address provided for notices to the Executive pursuant to Section 5.09 of this Agreement.

### **Release**

3.10 The Release identified in Sections 3.02 and 3.07 will not require the Executive to release any right the Executive may have to indemnification as an officer, director or

employee of the Corporation (or any affiliate thereof) pursuant to the articles of incorporation or bylaws (or other governing instruments) of the Corporation (or any affiliate thereof) or any vested benefits to which the Executive may be entitled under any employee benefit plan.

**ARTICLE FOUR — EXECUTIVE’S OBLIGATIONS**

**Confidentiality**

4.01 The Executive agrees to be bound by the terms of the confidentiality agreement (the “Confidentiality Agreement”) dated the date hereof, which Confidentiality Agreement has been read, understood and executed by the Executive, is attached hereto as Schedule A, and is incorporated by reference into this Agreement. In the event of a conflict between the terms of this Agreement and the terms of the Confidentiality Agreement, the terms of this Agreement shall govern.

**Non-Competition**

4.02 The Executive acknowledges that the Corporation currently conducts business activities in North America and Barbados (the “Territory”). The Executive further acknowledges that, in the future, the business activities are expected to substantially expand territorially. Accordingly, the Executive hereby agrees and covenants that he shall not during the Employment Term and for a period of one (1) year following the Executive’s Termination Date for involuntary termination by the Corporation for Cause, voluntary termination by the Executive, or termination following a Change in Control, directly or in any manner whatsoever, including without limitation, either individually, in partnership, jointly or in conjunction with any other individual, partnership, corporation, unincorporated organization, trust, joint venture, the Crown or any agency or instrumentality thereof of any juridical entity, in the Territory (excluding, as applicable, any portions of the Territory in which the Corporation is no longer carrying on business at the relevant time) or in any other regions or countries where the Corporation may be carrying on business at the relevant time:

- (a) carry on, be engaged in, take part in or be a party to any Competitive Activity, directly or indirectly; or
- (b) consult, advise, render services to, lend money to, guarantee the debts or obligations of or permit the use of his name or any part thereof for any Competitive Activity.

For the purposes of this Section 4.02, a Competitive Activity shall be defined as that part, division or unit of any business: (i) that competes with or plans to actively compete with the business activities of the Corporation through, but not limited to, the formulation, clinical testing, registration, manufacturing or marketing of specialty pharmaceuticals and/or drug delivery technologies in the therapeutic categories on which the Corporation is focused, which include central nervous system disorders, pain

management, cardiovascular disease, type II diabetes, and any other category in which the Corporation is focused in the future and excludes areas in which the Corporation is not actively engaged at the relevant time, (ii) with which the Corporation has a product(s) licensing agreement, (iii) in which the Corporation has a minority equity interest, or (iv) with which the Corporation is at the time actively negotiating a commercial relationship. For greater certainty, any specific and separate part, division or unit of any business that is not as described above in this paragraph shall not constitute a Competitive Activity for the purposes of this non-competition covenant.

During the continuance of his employment, the Executive shall not (other than solely as a holder of not more than three per cent (3%) of the issued and outstanding voting shares of any public corporation or as a shareholder of the Corporation) without the written approval of the board of directors of the Corporation, directly or indirectly, either individually or in partnership or in conjunction with any person, firm, association, syndicate, company or corporation as principal, agent, director, manager, servant, shareholder or in any other manner whatsoever) carry on or be engaged in or be concerned with or interested in any business or vocation whatsoever which would be reasonably judged to be a Competitive Activity or would impede the Executive in performing his duties as outlined herein.

The Executive may at any time, or from time to time, request the Corporation to advise the Executive in writing whether or not the Corporation considers a specified business to be a Competitive Activity. Any such request shall be made by written notice to the Corporation that includes: (i) the name of the specific business unit for which the Executive proposes to provide services; (ii) the name or names of any parent companies of such business unit; (iii) a description of the specific services which the Executive proposes to perform for such business unit; (iv) a statement as to why the Executive believes that the performance of such services will not adversely affect the Corporation's legitimate interests.

**Non-Solicitation**

4.03 The Executive hereby covenants and agrees that the Executive shall not, during the Employment Term and for a period of twelve (12) months thereafter, solicit or contact, either directly or indirectly, any of the Customers, Prospective Customers or any suppliers of the pharmaceutical compounds used by the Corporation on the Executive's own behalf, or on behalf of any entity, by which the Executive is hired or retained where such solicitation or contact has the purpose, intent or effect of inducing or attempting to induce any of the Customers, Prospective Customers or suppliers of the pharmaceutical compounds used by the Corporation to cease to deal or to decline to deal with the Corporation, to alter the products or quantities of products acquired from or supplied to the Corporation, or to alter the terms on which any of them deal with the Corporation. "Customers" means customers of the Corporation with which the Executive had personal contact or had supervision over the efforts of those who had direct personal contact with such customers during the last two (2) years of the

Employment Term. “Prospective Customer” means any organizations or entities with which the Executive had contact, and which had been actively contacted and solicited for their business by representatives of the Corporation, both during the last two (2) years of the Employment Term.

**Non-Hiring**

4.04 The Executive hereby covenants and agrees that the Executive shall not, during the Employment Term and for a period of twelve (12) months thereafter, either directly or indirectly, solicit or endeavour to solicit any of the Corporation’s employees with the purpose, intent or effect of having such employees cease their employment with the Corporation, and shall not for a period twelve (12) months from the end of the term of this Agreement hire or assist in the hiring of any of the Corporation’s employees on the Executive’s own behalf or on behalf of any entity by which the Executive is hired or retained or with which he is associated in any other manner. Notwithstanding the foregoing, the Executive shall not be considered in breach of this section should the Executive solicit for hiring such Executive’s administrative assistant.

**Injunctive Relief**

4.05 The Executive acknowledges and agrees that the agreements and covenants in this Article Four are essential to protect the business and goodwill of the Corporation and that a breach by the Executive of the covenants in Sections 4.01, 4.02, 4.03 and 4.04 hereof could result in irreparable harm to the Corporation for which the Corporation could not be adequately compensated in damages and that, accordingly, the Corporation may have no adequate remedy at law if the Executive breaches such provisions. Consequently, if the Executive breaches any of such provisions, the Corporation shall have, in addition to and not in lieu of, any other rights and remedies available to it under any law or in equity, the right to obtain injunctive relief to restrain any breach or threatened breach thereof and to have such provisions specifically enforced by any court of competent jurisdiction.

**Severability of Covenants in Full or in Part**

4.06 The parties acknowledge that the provisions of Article Four hereof (the “Restrictive Covenants”) are reasonable in geographic and temporal scope and in all other respects. If any court of competent jurisdiction determines that any of the Restrictive Covenants or any part thereof, is or are invalid or unenforceable, the Executive and the Corporation agree that the remainder of the Restrictive Covenants shall not be affected by the deemed invalid portions.

**Assignment of IP**

4.07 The Executive shall disclose to the Corporation any and all Intellectual Property (as defined in the Confidentiality Agreement) which the Executive may make solely, jointly, or in common with other employees during the term of the Executive’s employment within the Corporation and which relates to the business. Any Intellectual Property coming within the scope of the business made and/or developed by the

Executive while in the employ of the Corporation, whether or not conceived or made during regular working hours, and whether or not the Executive is specifically instructed to make or develop same, shall be for the benefit of the Corporation and shall be regarded as work made in the course of employment for the purposes of the *Copyright Act* (Canada). The Executive assigns, sets over and transfers to the Corporation the Executive's entire right, title and interest in and to any and all of the Intellectual Property and to all letters patent and applications for letters patent which may be, or may have been filed and/or issued by or to the Executive or on the Executive's behalf and the Executive agrees to execute and deliver to the Corporation any and all instruments necessary or desirable to accomplish the foregoing and, in addition, to do all lawful acts which may be necessary or desirable to assist the Corporation to obtain and enforce protection of the Intellectual Property, without the requirement for additional compensation. To the extent of any rights the Executive may have with respect to the Intellectual Property which are not assignable, including but not limited to moral rights, the Executive hereby waives same. The Executive will execute and deliver to the Corporation or its successors and assigns, including after the Employment Term, such other and further assignments, instruments and documents as the Corporation from time to time reasonably may request for the purpose of establishing, evidencing, and enforcing or defending its complete, exclusive, perpetual, and world-wide ownership of all rights, titles, and copyrights, in and to the Intellectual Property, without the requirement for additional compensation. The Executive constitutes and appoints the Corporation as agent and attorney-in-fact, with full power of substitution, to execute and deliver such assignments, instruments, documents as the Executive may fail to or refuse to execute and deliver, this power and agency being coupled with an interest and being irrevocable.

**Standards of Business Conduct**

4.08 The Executive acknowledges and agrees that the Executive has read and understood and agrees to be bound by Biovail's Standards of Business Conduct, which is attached hereto as Schedule B.

**No Conflicting Obligations**

- 4.09 The Executive warrants to the Corporation that:
- (a) the performance of the Executive's duties as an employee of the Corporation will not breach any agreement or other obligation to keep confidential the Confidential Information of any third party; and
  - (b) the Executive is not bound by any agreement with or obligation to any third party that conflicts or interferes with the Executive's obligations as an employee of the Corporation.

**ARTICLE FIVE - INTERPRETATION AND ENFORCEMENT**

**Independent Legal Advice**

5.01 The Executive has had the opportunity to receive independent legal advice regarding this Agreement (for which the Executive has been reimbursed by the Corporation), and the Executive agrees to the terms and conditions of this Agreement.

**Severability**

5.02 The parties further acknowledge that if any provision contained in this Agreement is determined to be invalid or unenforceable in whole or in part, such invalidity or unenforceability shall attach only to such provision or part thereof and the remaining part of such provision and all other provisions hereof shall continue in full force and effect.

**Sections and Headings**

5.03 The division of this Agreement into Articles and Sections and the insertion of headings are for the convenience of reference only and shall not affect the construction or interpretation of this Agreement.

**Number and Gender**

5.04 In this Agreement words importing the singular number only shall include the plural and vice versa and words importing the masculine gender shall include the feminine and neuter genders and vice versa.

**Entire Agreement**

5.05 This Agreement and all the Schedules hereto constitute the entire Agreement between the parties with respect to the subject matters hereof and cancel and supersede any prior understandings and agreements between the parties with respect thereto (including, but not limited to, the Executive’s employment agreement dated June 16, 2008 and any agreement involving an entity for whom the Executive provides or has provided consulting services). There are no representations, warranties, forms, conditions, undertakings or collateral agreements, express or implied, between the parties other than as expressly set forth in this Agreement.

**Amendments and Waivers**

5.06 No amendment to this Agreement shall be valid or binding unless set forth in writing and duly executed by both parties. No waiver of any breach of any term or provision of this Agreement shall be effective or binding unless made in writing and signed by the party purporting to give the same and, unless otherwise provided in written waiver, shall be limited to the specific breach waived.

**Governing Law**

5.07 This Agreement shall be deemed to have been made in and shall be construed in accordance with the laws of Barbados and all legal proceedings contemplated in this Agreement shall be brought in, and be governed by, the laws of Barbados, without regard to principles of conflicts of law.

**Notices**

5.08 Any demand, notice or other communication (hereinafter in this Section 5.09 referred to as a “Communication”) to be made or given in connection with this Agreement shall be made or given in writing and may be made or given by personal delivery addressed respectively to the recipients:

To the Executive:

Michel Chouinard

To the Corporation:

Biovail Laboratories International, SRL  
Welches Christ Church  
Barbados, WI 17154  
Attn: President

or such other address or individual as may be designated by notice by either party to the other. Any communication made or given by personal delivery shall be conclusively deemed to have been given on the day of the actual delivery thereof.

**Benefit of Agreement**

5.09 This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, legal personal representatives, successors and assigns.

**Assignment**

5.10 The Executive may not assign the Executive’s rights or obligations under this Agreement without the prior written consent of the Corporation which consent may be unreasonably withheld. The Corporation may unilaterally assign this agreement to an affiliate without consent but on notice to the Executive.

**Execution of Agreement**

5.11 The Executive acknowledges that the Executive has executed this Agreement freely; that the Executive has reviewed this Agreement thoroughly; that the Executive agrees with its contents; and that the terms herein are reasonable for the fair protection of both the Executive and the Corporation.

**[SIGNATURE PAGE FOLLOWS]**

**IN WITNESS WHEREOF**, the parties have executed this Agreement on the dates identified below at St. Michael, Barbados.

BIOVAIL LABORATORIES  
INTERNATIONAL SRL

EXECUTIVE

By: /s/ WILLIAM WELLS  
Name: WILLIAM WELLS  
Title: President

/s/ MICHEL CHOUINARD  
MICHEL CHOUINARD

Date: February 24, 2010

Date: February 24, 2010

**SCHEDULE A**  
**CONFIDENTIALITY AGREEMENT**  
**“SCHEDULE A”**

**BIOVAIL CORPORATION**  
**(and its Subsidiaries, Divisions, and Affiliates)**

**CONFIDENTIALITY AGREEMENT**

As an employee of Biovail Corporation (the “Corporation”), I acknowledge that I may acquire or have disclosed to me by the Corporation or by any affiliate, associate, or technology partner of the Corporation, either directly or indirectly, in writing, conversation, or through observation, various information about the business of the Corporation which is not in the public domain and which the Corporation does not wish to be divulged to other persons, companies, or third parties. I further understand that the Corporation’s Confidential Information (as defined below) is essential to its competitive advantage and to its ability to be financially viable. I further understand that the unauthorized disclosure of such Confidential Information may cause the Corporation irreparable injury that may not be rectified in the future.

Therefore, as a condition and in consideration of my employment with the Corporation, I understand and agree that while employed with the Corporation and for a period of time thereafter (as more particularly described below), I am required to hold confidential and not to disclose to anyone without the written authority from the Corporation any knowledge, information, or facts concerning the Corporation’s:

- research and development activities
- technological plans, advances, applications and inventions
- technical specifications, designs and plans
- materials and sources of supply
- discoveries, inventions, trade secrets, patents
- financial affairs, contracts, licensing agreements, customer lists, pricing practices, marketing strategies
  
- any other information regarding the Corporation, its products and their development which is not in the public domain

All of the foregoing shall hereinafter collectively be referred to as the “Confidential Information”.

For a period commencing on the date I commenced my employment with the Corporation and ending ten (10) years from the date of the termination of my employment with the Corporation, I shall keep confidential any and all Confidential Information which has been disclosed to me in writing or through oral communications and shall not divulge in any manner whatsoever any such information to any person, firm, corporation, partnership or similar entities without the Corporation’s written authority.

Should I breach or threaten to breach this Agreement, I shall be liable to the Corporation in equity and/or in law for damages that may be suffered by the Corporation as a result of the breach or threatened breach. I understand that a breach of this Agreement may result in irreparable harm to the Corporation such as to warrant the entitlement by the Corporation to an interlocutory and/or permanent injunction or other equitable relief against me, and an award of damages including punitive, exemplary and aggravated damages, together with legal costs and expense and I specifically agree that I will not argue the adequacy of damages or the Corporation’s ability to seek equitable relief in any such proceeding.

All Confidential Information supplied by the Corporation to me during the course of my employment and any rights related thereto, including but not limited to rights of know how, patent, trademark and copyright, with respect to existing products or those that are developed during or after my employment, are and remain the exclusive and absolute property of the Corporation.

I shall not, except as and to the extent required to enable me to carry out my duties with the Corporation, make any copies or reproduce the Confidential Information nor shall I remove or cause to have removed from the premises of the Corporation during my employment any Confidential Information unless required to do so in order to fulfill my duties with the Corporation. Such copies or reproductions shall be strictly subject to the terms and conditions of this Agreement. I shall take such steps as are necessary to restrict access to and protect the confidentiality of such copies or reproductions of the Confidential Information. Any such copies or reproductions made shall become the exclusive and absolute property of the Corporation.

Upon request of the Corporation, I agree to immediately surrender to the Corporation all documentation and information - notes, drawings, recordings, manuals, letters, correspondence,

computer data and programs, records, books or any other materials relating to the Confidential Information which is in my possession without my retaining any copies or duplicates thereof.

I agree that this Agreement shall be construed in accordance with the laws of the Province of Ontario and I agree that the applicable courts of the Province of Ontario shall have exclusive jurisdiction with respect to any dispute or breach herein and I hereby attorn to the exclusive jurisdiction of the courts of the Province of Ontario.

This Agreement shall enure to the benefit of and shall be binding upon my successors, heirs and attorneys.

The disclosure or divulging of any Confidential Information contrary to this Agreement, or the violation of this Agreement in any way shall result in my immediate termination of employment, in addition to which I may be subject to criminal prosecution and civil liability.

I acknowledge and agree that I have executed this Agreement freely and with the benefit of independent legal advice and the terms herein are fair and reasonable.

I acknowledge and agree to the foregoing.

**SCHEDULE B**

**STANDARDS OF BUSINESS CONDUCT**

**[See Standards of Business Conduct posted on <http://www.biovail.com>]**

**BIOVAIL CORPORATION  
EXECUTIVE EMPLOYMENT AGREEMENT**

THIS AGREEMENT is made by and between Biovail Corporation (hereinafter the “Corporation”) and **Michel Chouinard** (hereinafter the “Executive”).

**ARTICLE ONE — GENERAL DUTIES AND TERM**

**Scope of Employment / Duties**

1.01 The Corporation will cause Biovail Laboratories International SRL (“SRL”) to employ the Executive as the **Chief Operating Officer (“COO”) of SRL**. The Executive will also serve as an officer of the Corporation. During the Employment Term (as defined below), the Executive will devote substantially all of the Executive’s business efforts and time to his duties as COO of SRL and an officer of the Corporation. The Executive agrees, during the Employment Term, not to actively engage in any other employment, occupation or consulting activity for any direct or indirect compensation without the prior approval of the Chief Executive Officer of the Corporation (the “CEO”); provided, however, that the Executive may (a) serve on the boards of directors of other companies (subject to reasonable approval of the CEO) and boards of trade associations or charitable organizations; (b) engage in charitable activities and community affairs; and (c) manage the Executive’s personal investments and affairs, as long as such activities do not violate Section 4.02 and do not materially interfere with the Executive’s duties and responsibilities for SRL and the Corporation.

1.02 The Corporation reserves the right to establish the employment relationship with the Executive directly with the Corporation or with any of its affiliates or subsidiaries, or to change such employment relationship over time, as it deems necessary or appropriate to comply with legal requirements or for ease of administration of employee benefits programs or other matters. References in this Agreement to the Corporation shall include the Corporation and the affiliates or subsidiaries of the Corporation by which the Executive is employed from time to time under this Agreement.

**Term of Agreement**

1.03 The Corporation hereby agrees to cause SRL to employ the Executive and the Executive hereby accepts employment, in accordance with the terms and conditions of this Agreement, commencing on June 16, 2008 (the “Employment Commencement Date”). The period of the Executive’s employment under this Agreement will be referred to as the “Employment Term.” Subject to the obligation to provide severance benefits and the parties’ obligation to provide a Notice of Termination (as defined below), the Executive and the Corporation acknowledge that this employment relationship may be terminated at any time and for any or no cause or reason at the option of either the Executive or the Corporation.

---

## ARTICLE TWO — COMPENSATION

### Base Salary

2.01 As of the Employment Commencement Date, the Executive's annualized base salary will be \$123,585.00 (USD), payable in accordance with the Corporation's normal payroll practices for employees generally, and will be subject to annual review in accordance with the Corporation's normal review process for other similarly situated senior executives.

### Incentive Compensation

2.02 The Executive will be eligible to participate in the Corporation's short term annual incentive compensation plan as such plan may be amended from time to time (the "Short Term Incentive Plan") in accordance with the terms of the Short Term Incentive Plan.

### Equity Compensation

2.03 Eligibility and Terms.

The Executive will be eligible to participate in the Corporation's equity compensation plan, as such plan may be amended from time to time (the "Equity Compensation Plan"), in accordance with the terms of the Equity Compensation Plan, except as may be otherwise indicated in this Agreement.

### Employee Benefits

2.04 During the Employment Term, the Executive will be eligible to participate in employee benefit plans and programs that are offered to the Corporation's other similarly-situated senior executives in accordance with the terms of such plans as they may change from time to time. Nothing in this Agreement shall preclude the Corporation or any affiliate of the Corporation from terminating or amending any employee benefit plan or program from time to time after the Employment Commencement Date.

### Housing Allowance

2.05 While on assignment in Barbados, the Executive will receive a housing allowance in the amount of \$5,000 USD per month.

### Travel Allowance

2.06 While on assignment in Barbados, the Executive will be provided with reimbursement of the cost of two return airline tickets for travel home twice per year.

### Expenses

2.07 The Executive shall be reimbursed for reasonable out of pocket business expenses, including travel and entertainment expenses, actually and properly incurred by the Executive in the course of performing the Executive's services hereunder, upon furnishing to the Corporation reasonable supporting statements and vouchers; provided, however, that in any financial year in which the

Corporation has provided to the Executive an approved budget, such expenses must not exceed the amount so budgeted without the prior written approval from the CEO.

Company Vehicle

2.08 A company car will be provided to the Executive and related expenses will be paid or reimbursed by the Corporation.

Vacation

2.09 The Executive will be eligible for four (4) weeks of vacation annually, to be taken in accordance with the terms of the Corporation’s Vacation Policy, without regard to any lesser amount of vacation time set forth therein. Notwithstanding the foregoing, the Executive’s eligibility for vacation in the year of hire will be pro-rated in the manner specified in the Corporation’s Vacation Policy. Eligibility for increases to vacation entitlement will be in accordance with local regulations.

ARTICLE THREE — TERMINATION AND RESIGNATION

Involuntary Termination - Either By The Corporation Without Cause or By The Executive For Good Reason

3.01 If the Executive incurs an involuntary termination from employment with the Corporation on account of a termination by the Corporation without Cause or by the Executive for Good Reason, then, in addition to any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the date that is designated by the Corporation or the Executive, as applicable, as the last day of the Executive’s employment or term of office with the Corporation (the “Termination Date”), the Executive will be eligible for the severance payments and benefits as described in this Section 3.01; provided that (i) the Executive continues to comply with the Restrictive Covenants (as defined below); and (ii) the Executive executes, and does not revoke, a written waiver and release of all claims, demands and causes of action against the Corporation and related parties in a form prescribed by the Corporation, as limited by Section 3.09 (“Release”):

- (a) The Executive will be paid a lump sum severance payment within 60 days of the Executive’s Termination Date, equal to one (1) times the Executive’s base salary (calculated using the Executive’s highest annual base salary in the three years prior to the Executive’s Termination Date) plus one (1) times the Executive’s target level of annual incentive compensation for the year prior to the year in which the Executive’s Termination Date occurs;
- (b) The Executive will be entitled to a pro-rated portion of the Executive’s target level of annual incentive compensation under the Short Term Incentive Plan for the year in which the Executive’s Termination Date occurs, based on the number of months (rounded to the next highest number for a partial month) of the calendar year elapsed prior to the Executive’s Termination Date and calculated and paid in accordance with the terms of the Corporation’s Short Term Incentive Plan; and

(c) Until the earlier of (i) the end of the one (1) year period following the Executive’s Termination Date, or (ii) the date, or dates, the Executive is eligible to receive benefits under the same type of plan of a subsequent employer (the “Benefit Period”), the Corporation will pay to the Executive a monthly payment on the first payroll date of each month equal to the cost of continued medical and dental coverage for the Executive and the Executive’s covered dependents under the medical and dental plans of the Corporation, less the amount that the Executive would be required to contribute for medical and dental coverage if the Executive were an active employee. These payments will commence on the Corporation’s first payroll date after the Executive’s Termination Date and will continue until the end of the Benefit Period (but not longer than the Benefit Period).

**Involuntary Termination By The Corporation For Cause Or Voluntary Resignation Without Good Reason**

3.02 If the Executive is involuntarily terminated by the Corporation for Cause or the Executive voluntarily resigns from employment without Good Reason, then the Executive will forfeit the Executive’s right to receive any salary, Short Term Incentive Plan compensation, Equity Compensation Plan compensation or other compensation that has not been fully accrued at the time the Executive’s employment terminates; provided, however, that the Executive will be entitled to receive any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Executive’s Termination Date.

**Death or Disability**

3.03 The Executive’s employment will terminate automatically upon the Executive’s death. Subject to the requirements of applicable law, the Corporation may terminate the Executive’s employment if illness, disease, or physical or mental incapacity render the Executive generally incapable of performing the Executive’s duties or unfit to advance or represent the Corporation on a daily basis for a period of twelve (12) consecutive months and within such twelve (12) months, the Executive fails to produce to the Corporation a medical opinion indicating a reasonable time for the return of the Executive to the full-time assumption of the Executive’s past duties and responsibilities. Nothing herein is intended to circumvent or abridge the Corporation’s short-term disability policy or long-term disability plan. In the event of termination pursuant to the terms of this Section 3.03, the Executive or the Executive’s estate, as applicable, will be entitled to receive any salary, benefits or other amounts accrued, earned and due to the Executive but not yet paid as of the Executive’s Termination Date.

**Cause**

3.04 For purposes of this Agreement, Cause includes:

- (a) conviction of the Executive, or entering of a guilty plea or a plea of no contest by the Executive, with respect to, a felony, any crime involving fraud, larceny or embezzlement or any other crime involving moral turpitude which subjects, or if generally known, would damage the business interests or reputation of the Corporation or any of its affiliates;
- (b) any act of fraud, misappropriation, material dishonesty, embezzlement or similar conduct involving the Corporation or any affiliates;

- (c) a material breach by the Executive of the Executive’s duties hereunder (other than as a result of incapacity due to physical or mental impairment) which is demonstrably willful and deliberate on the part of the Executive or which is committed in bad faith or without reasonable belief that such breach is in the best interests of the Corporation and its affiliates;
- (d) a material breach by the Executive of the Executive’s duties hereunder (other than as a result of incapacity due to physical or mental impairment), except as identified in Section 3.04(c) above, which breach is not remedied by the Executive within 30 days after receipt of written notice from the Corporation specifying such breach; or
- (e) the Executive’s failure to comply in any material way with any of the provisions of this Agreement.

**Good Reason**

3.05 For purposes of this Agreement, a voluntary resignation by the Executive will be deemed to be a termination for Good Reason if:

- (a) The Corporation makes: (i) any assignment to the Executive of any duties which are materially inconsistent with the Executive’s position; (ii) any material reduction in the Executive’s authority, responsibilities or status; or (iii) a material reduction to the Executive’s base salary;
- (b) The Executive notifies the Corporation in writing of the Executive’s belief that the Corporation has taken an action identified in Section 3.05(a) within thirty (30) days of the event at issue;
- (c) The Corporation has not remedied the situation within thirty (30) days after receipt of written notice from the Executive; and
- (d) The Executive provides a Notice of Termination within thirty (30) days after the Corporation’s opportunity to remedy the situation has expired.
- (e) After a period of 5 years from the commencement of the assignment in Barbados, the Corporation is unable to provide the Executive with a position deemed comparable by the Corporation in another location other than the Barbados.

**Change in Control**

- 3.06 (a) The Corporation shall provide the payments and benefits described in Section 3.06(b) below only if: (i) the Executive continues to comply with the Restrictive Covenants (as such term is defined below); and (b) the Executive executes, and does not revoke, a Release (as defined above).
- (b) Upon a Change in Control (as defined below), and an involuntary termination of the Executive’s employment either by the Corporation without Cause or by the Executive for Good Reason, which termination occurs within a period of twelve (12) months following the Change in Control, the Corporation shall provide to the Executive, in addition to any benefits or compensation accrued, earned and due to the Executive but not yet paid as of the Executive’s Termination Date,

but in lieu of any payments or benefits to which the Executive may be entitled under Section 3.01 above, (a) a lump sum severance payment of two (2) times the Executive's base salary (calculated using the Executive's highest annual base salary in the three years prior to the Executive's Termination Date) plus two (2) times the Executive's target level of annual incentive compensation under the Short Term Incentive Plan for the year prior to the year in which the Executive's Termination Date occurs, payable within thirty (30) days of the Executive's Termination Date and, (b) any unvested equity compensation awards held by the Executive shall automatically accelerate and become one hundred percent (100%) vested and, as applicable, exercisable, as of the Executive's Termination Date.

(c) For the purpose of this Section 3.06, "Change in Control" means the happening of any of the following events:

- (i) the completion of a transaction pursuant to which (A) the Corporation goes out of existence or (B) any person, or any Associate (as such terms defined in National Instrument 45-106 - *Prospectus and Registration Exemptions*, as amended from time to time, or such other successor rules, instruments or policies from time to time of Canadian provincial securities regulatory authorities which may govern trades of securities to employees, officers, directors or consultants ("NI45-106")) or Related Entity (as such term is defined in NI45-106) of such person (other than the Corporation, any trustee or other fiduciary holding securities under any employee benefit plan of the Corporation or a Related Entity, or any company owned, directly or indirectly, by the shareholders of the Corporation in substantially the same proportions as their ownership of common shares of the Corporation) hereafter acquires the direct or indirect "beneficial ownership" (as defined by the *Canada Business Corporations Act*) of securities of the Corporation representing 50% or more of the aggregate voting power of all of the Corporation's then issued and outstanding securities;
- (ii) the lease, exchange, license, sale or other similar disposition of all or substantially all of the Corporation's assets in one transaction or a series of related transactions to a person, or any Associate or Related Entity of such person (other than an Associate or Related Entity of the Corporation, any trustee or other fiduciary holding securities under any employee benefit plan of the Corporation or a Related Entity, or any company owned, directly or indirectly, by the shareholders of the Corporation in substantially the same proportions as their ownership of common shares of the Corporation);
- (iii) the dissolution or liquidation of the Corporation except in connection with the distribution of assets of the Corporation to one or more persons which were Related Entities prior to such event;
- (iv) during any period of 24 consecutive months beginning on or after the date of the Equity Compensation Plan, the persons who were members of the Board of Directors of the Corporation (the "Board") immediately before the beginning of such period (the "Incumbent Directors") cease (for any reason

other than death) to constitute at least a majority of the Board or the board of directors of any successor to the Corporation, provided that any director who was not a director as of the date of the Equity Compensation Plan shall be deemed to be an Incumbent Director if such director is elected to the Board by, or on the recommendation of or with the approval of, at least two-thirds of the directors who then qualified as Incumbent Directors either actually or by prior operation of the foregoing unless such election, recommendation or approval occurs as a result of an actual or threatened election contest or other actual or threatened solicitation of proxies or contests by or on behalf of a person other than a member of the Board; or

- (v) a merger, amalgamation, arrangement or consolidation of the Corporation with any other corporation other than a merger, amalgamation, arrangement or consolidation that would result in the voting securities of the Corporation outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the Corporation or such surviving entity outstanding immediately after such merger, amalgamation, arrangement or consolidation; provided, however, that a merger, amalgamation, arrangement or consolidation effected to implement a recapitalization of the Corporation (or similar transaction) in which no person (other than those covered by the exceptions in (i) above) acquires more than 50% of the combined voting power of the Corporation's then outstanding securities shall not constitute a Change in Control.

### **Notice of Termination**

3.07 Any termination of employment by the Corporation or by the Executive shall be communicated by notice of termination to the other party hereto given in accordance with Section 5.09 (a "Notice of Termination"). For purposes of this Agreement, Notice of Termination means a written notice which (a) identifies the specific termination provision in the Agreement relied upon, and (b) to the extent applicable, sets forth in reasonable detail the facts and circumstances claimed to provide a basis for termination of the Executive's employment under the provision identified, and (c)(i) in the case of a termination by the Corporation, specifies the Executive's Termination Date which shall not be less than fifteen (15) nor more than sixty (60) days after the giving of such notice; or (ii) in the case of a termination by the Executive without Good Reason, shall not be less than ninety (90) days after the giving of such notice.

### **Payments After Termination of Employment**

3.08 Payments made by the Corporation to the Executive pursuant to this Agreement after the Executive's Termination Date will be made by courier delivery service to the last address provided for notices to the Executive pursuant to Section 5.09 of this Agreement.

**Release**

3.09 The Release identified in Sections 3.01 and 3.06 will not require the Executive to release any right the Executive may have to indemnification as an officer, director or employee of the Corporation (or any affiliate thereof) pursuant to the articles of incorporation or bylaws (or other governing instruments) of the Corporation (or any affiliate thereof) or any vested benefits to which the Executive may be entitled under any employee benefit plan.

**ARTICLE FOUR — EXECUTIVE’S OBLIGATIONS**

**Confidentiality**

4.01 The Executive agrees to be bound by the terms of the confidentiality agreement (the “Confidentiality Agreement”) dated the date hereof, which Confidentiality Agreement has been read, understood and executed by the Executive and is attached hereto as Schedule A and which is incorporated by reference into this Agreement. In the event of a conflict between the terms of this Agreement and the terms of the Confidentiality Agreement, the terms of this Agreement shall govern.

**Non-Competition**

4.02 The Executive acknowledges that the Corporation and its affiliates currently conducts Business activities in, among other jurisdictions, Canada and the United States (the “Territory”). Accordingly, the Executive hereby agrees and covenants that the Executive shall not, during the term of this Agreement, and for a period of twelve (12) months following the Executive’s Termination Date for involuntary termination by the Corporation for Cause, voluntary termination by the Executive, or a termination following a Change in Control to which the provisions of Section 3.06 apply, directly or in any manner whatsoever, including without limitation, either individually, in partnership, jointly or in conjunction with any other individual, partnership, corporation, unincorporated organization, trust, joint venture, the Crown or any agency or instrumentality thereof of any juridical entity (a “Person”), in the Territory:

- (a) carry on, be engaged in, take part in or be a party to any undertaking, directly or indirectly; or
- (b) consult, advise, render services to lend money, guarantee the debts or obligations of or permit the use of the Executive’s name or any part thereof by any Person with respect to a business carried on by that Person,

which actively competes directly with the business objects of the Corporation and its affiliates or could be judged to be causing or potentially be causing through competitive acts, material harm to the Corporation and its affiliates.

For the purposes of this Section 4.02, as of the date of this Agreement, a Person shall include, but not be limited to, Abbott Laboratories, Andrx Group, Apotex Inc., Bayer Inc., Elan Corporation, Ethypharm S.A., Flamel Technologies, S.A., Forest Laboratories Inc., Johnson & Johnson, King Pharmaceuticals, Inc., Lundbeck Canada Inc., Pfizer Inc., Novopharm Limited, GlaxoSmithKline, Reliant Pharmaceuticals, Inc., Teva Pharmaceutical Industries Ltd., Wyeth Pharmaceuticals and any of their affiliates and subsidiaries which are in the same or a competitive business and, in addition, shall include any pharmaceutical entity with which the Corporation (or any of its affiliates) has a product(s) licensing agreement, any entity in which the Corporation has a minority equity interest and any entity with which the Corporation (or any of its affiliates) is at the time actively negotiating a commercial relationship.

During the continuance of the Executive’s employment, the Executive shall not (other than solely as a holder of not more than three per cent (3%) of the issued and outstanding voting shares of any public corporation or as a shareholder of the Corporation, without the written approval of the Board of directors of the Corporation, directly or indirectly, either individually or in partnership or in conjunction with any Person or Persons, firm, association, syndicate, company or corporation as principal, agent, director, manager, servant, shareholder or in any other manner whatsoever,) carry on or be engaged in or be concerned with or interested in any business or vocation whatsoever which would be reasonably judged to be competitive to the Business or would impede the Executive in performing the Executive’s duties as outlined herein.

**Non-Solicitation**

4.03 The Executive hereby covenants and agrees that the Executive shall not, during the term of this Agreement and for a period of twelve (12), months thereafter, solicit or contact, either directly or indirectly, any of the Customers, Prospective Customers or any suppliers of the pharmaceutical compounds used by the Corporation and its affiliates on the Executive’s own behalf, or on behalf of any entity, by which the Executive is hired or retained. “Customers” means customers of the Corporation and its affiliates with which the Executive had personal contact or had supervision over the efforts of those who had direct personal contact with such customers during the last two (2) years of the Employment Term. “Prospective Customer” means any organizations or entities which had been actively contacted and solicited for their business by representatives of the Corporation and its affiliates, and with whom the Executive had contact, both during the last two (2) years of the Employment Term.

**Non-Hiring**

4.04 The Executive hereby covenants and agrees that the Executive shall not, during the term of this Agreement and for a period of twelve (12) months thereafter, either directly or indirectly, solicit or endeavour to solicit from the Corporation or any of its affiliates any of its employees, and shall not for a period twelve (12) months from the end of the term of this Agreement hire any of the foregoing on the Executive’s own behalf or on behalf of any entity for which the Executive is hired

or retained. Notwithstanding the foregoing, the Executive shall not be considered in breach of this section should the Executive solicit for hiring such Executive’s administrative assistant.

**Injunctive Relief**

4.05 The Executive acknowledges and agrees that the agreements and covenants in this Article Four are essential to protect the business and goodwill of the Corporation and that a breach by the Executive of the covenants in Sections 4.01, 4.02, 4.03 and 4.04 hereof could result in irreparable harm to the Corporation and its affiliates for which the Corporation and its affiliates could not be adequately compensated in damages and that, accordingly, the Corporation and its affiliates may have no adequate remedy at law if the Executive breaches such provisions. Consequently, if the Executive breaches any of such provisions, the Corporation and its affiliates shall have, in addition to and not in lieu of, any other rights and remedies available to it under any law or in equity, the right to obtain injunctive relief to restrain any breach or threatened breach thereof and to have such provisions specifically enforced by any court of competent jurisdiction.

**Severability of Covenants in Full or in Part**

4.06 The parties acknowledge that the provisions of Article Four hereof (the “Restrictive Covenants”) are reasonable and valid in geographic and temporal scope and in all other respects. If any court of competent jurisdiction determines that any of the Restrictive Covenants or any part thereof, is or are invalid or unenforceable, the Executive and the Corporation agree that the remainder of the Restrictive Covenants shall not be affected by the deemed invalid portions.

**Assignment of IP**

4.07 The Executive shall disclose to the Corporation any and all Intellectual Property (as defined in the Confidentiality Agreement) which the Executive may make solely, jointly, or in common with other employees during the term of the Executive’s employment within the Corporation and its affiliates and which relates to the business. Any Intellectual Property coming within the scope of the business made and/or developed by the Executive while in the employ of the Corporation and its affiliates, whether or not conceived or made during regular working hours, and whether or not the Executive is specifically instructed to make or develop same, shall be for the benefit of the Corporation and its affiliates and shall be regarded as work made in the course of employment for the purposes of the *Copyright Act* (Canada). The Executive shall assign, set over and transfer to the Corporation and its affiliates the Executive’s entire right, title and interest in and to any and all of the Intellectual Property and to all letters patent and applications for letters patent which may be, or may have been filed and/or issued by or to the Executive or on the Executive’s behalf and the Executive agrees to execute and deliver to the Corporation and its affiliates any and all instruments necessary or desirable to accomplish the foregoing and, in addition, to do all lawful acts which may be necessary or desirable to assist the Corporation and its affiliates to obtain and enforce protection of the Intellectual Property. To the extent of any rights Executive may have with respect to the Intellectual Property which are not assignable, including but not limited to moral rights, the Executive hereby waives same. The Executive will execute and deliver to the Corporation and its affiliates or their respective successors and assigns, such other and further assignments, instruments and documents as the Corporation and its affiliates from time to time reasonably may request for the purpose of establishing, evidencing, and enforcing or defending its complete, exclusive,

perpetual, and world-wide ownership of all rights, titles, and copyrights, in and to the Intellectual Property, and Executive constitutes and appoints the Corporation and its affiliates as agent and attorney-in-fact, with full power of substitution, to execute and deliver such assignments, instruments, documents as Executive may fail to or refuse to execute and deliver, this power and agency being coupled with an interest and being irrevocable.

**Standards of Business Conduct**

4.08 The Executive acknowledges and agrees that the Executive has read and understood and agrees to be bound by the Corporation’s Standards of Business Conduct, which is attached hereto as Schedule B.

**No Conflicting Obligations**

- 4.09 The Executive warrants to the Corporation that:
- (a) the performance of the Executive’s duties as an employee of the Corporation and its affiliates will not breach any agreement or other obligation to keep confidential the Confidential Information of any third party; and
  - (b) the Executive is not bound by any agreement with or obligation to any third party that conflicts with the Executive’s obligations as an employee of the Corporation and its affiliates.

**ARTICLE FIVE — INTERPRETATION AND ENFORCEMENT**

**Section 409A**

5.01 This Agreement shall be interpreted to avoid any penalty sanctions under Internal Revenue Code section 409A. If any payment or benefit cannot be provided or made at the time specified herein without incurring sanctions under section 409A, then such benefit or payment shall be provided in full at the earliest time thereafter when such sanctions will not be imposed. For purposes of section 409A of the Code, all payments to be made upon a termination of employment under this Agreement may only be made upon the Executive’s “separation from service” (within the meaning of such term under section 409A of the Code), each payment made under this Agreement shall be treated as a separate payment, and the right to a series of installment payments under this Agreement shall be treated as a right to a series of separate payments. In no event shall the Executive, directly or indirectly, designate the calendar year of payment, except as permitted under section 409A of the Code.

Notwithstanding anything herein to the contrary, if, at the time of the Executive’s termination of employment with the Corporation, the Corporation or its affiliates has securities which are publicly traded on an established securities market and the Executive is a “specified employee” (as such term is defined in section 409A of the Code) and it is necessary to postpone the commencement of any payments or benefits otherwise payable under this Agreement as a result of such termination of employment to prevent any accelerated or additional tax under section 409A of the Code, then the Corporation shall postpone the commencement of the payment of any such payments or benefits hereunder (without any reduction in such payments or benefits ultimately paid or provided to the

Executive) that are not otherwise paid within the ‘short-term deferral exception’ under Treas. Reg. section 1.409A-1(b)(4) and/or the ‘separation pay exception’ under Treas. Reg. section 1.409A-1(b)(9)(iii), until the first payroll date that occurs after the date that is six months following the Executive’s “separation of service” with the Corporation. If any payments are postponed due to such requirements, such postponed amounts shall be paid in a lump sum to the Executive on the first payroll date that occurs after the date that is six months following Executive’s “separation of service” with the Corporation. If the Executive dies during the postponement period prior to the payment of postponed amount, the amounts withheld on account of section 409A of the Code shall be paid to the personal representative of the Executive’s estate within 60 days after the date of the Executive’s death. The determination of key employees, including the number and identity of persons considered key employees and the identification date, shall be made by the Board of Directors of Biovail Corporation in accordance with the provisions of sections 416(i) and 409A and the regulations issued thereunder.

All reimbursements and in kind benefits provided under this Agreement shall be made or provided in accordance with the requirements of section 409A, including, where applicable, the requirement that (i) any reimbursement shall be for expenses incurred during the Executive’s lifetime (or during a shorter period of time specified in this Agreement), (ii) the amount of expenses eligible for reimbursement, or in kind benefits, provided during a calendar year may not affect the expenses eligible for reimbursement, or in kind benefits to be provided, in any other calendar year, (iii) the reimbursement of an eligible expense will be made on or before the last day of the calendar year following the year in which the expense is incurred, and (iv) the right to reimbursement or in kind benefits is not subject to liquidation or exchange for another benefit.

**Independent Legal Advice**

5.02 The Executive agrees to the terms and conditions of this Agreement having had the opportunity to receive independent legal advice, for which the Executive has been reimbursed by the Corporation.

**Severability**

5.03 The parties further acknowledge that if any provision contained in this Agreement is determined to be invalid or unenforceable in whole or in part, such invalidity or unenforceability shall attach only to such provision or part thereof and the remaining part of such provision and all other provisions hereof shall continue in full force and effect.

**Sections and Headings**

5.04 The division of this Agreement into Articles and Sections and the insertion of headings are for the convenience of reference only and shall not affect the construction or interpretation of this Agreement.

**Number and Gender**

5.05 In this Agreement words importing the singular number only shall include the plural and vice versa and words importing the masculine gender shall include the feminine and neuter genders and vice versa.

**Entire Agreement**

5.06 This Agreement and all the Schedules hereto constitute the entire Agreement between the parties with respect to the subject matter hereof and cancels and supersedes any prior understandings and agreements between the parties with respect thereto. There are no representations, warranties, forms, conditions, undertakings or collateral Agreements, express, implied or statutory between the parties other than as expressly set forth in this Agreement.

**Amendments and Waivers**

5.07 No amendment to this Agreement shall be valid or binding unless set forth in writing and duly executed by both parties. No waiver of any breach of any term or provision of this Agreement shall be effective or binding unless made in writing and signed by the party purporting to give the same and, unless otherwise provided in written waiver, shall be limited to the specific breach waived.

**Governing Law**

5.08 This Agreement shall be deemed to have been made in and shall be construed in accordance with the laws of Barbados and all legal proceedings contemplated in this Agreement shall be brought in, and be governed by, the laws of the Barbados, without regard to principles of conflicts of law.

**Notices**

5.09 Any demand, notice or other communication (hereinafter in this Section 5.09 referred to as a “Communication”) to be made or given in connection with this Agreement shall be made or given in writing and may be made or given by personal delivery addressed respectively to the recipients:

To the Executive:

Michel Chouinard  
xxx

To the Corporation:

7150 Mississauga Road  
Mississauga, ON L5N 8M5  
Attn: Chief Executive Officer

or such other address or individual as may be designated by notice by either party to the other. Any communication made or given by personal delivery shall be conclusively deemed to have been given on the day of the actual delivery thereof.

**Benefit of Agreement**

5.10 This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, executors, legal personal representatives, successors and assigns.

**Assignment**

5.11 The Executive may not assign the Executive’s rights or obligations under this Agreement without the prior written consent of the Corporation which consent may be unreasonably withheld. The Corporation may unilaterally assign this agreement to an affiliate without consent but on notice to the Executive.

**Execution of Agreement**

5.12 The Executive acknowledges that the Executive has executed this Agreement freely; that the Executive has reviewed this Agreement thoroughly; that the Executive agrees with its contents; and that the terms herein are reasonable for the fair protection of both the Executive and the Corporation.

[SIGNATURE PAGE FOLLOWS]

**IN WITNESS WHEREOF**, the parties have executed this Agreement on the dates identified below at St. Michael, Barbados.

BIOVAIL CORPORATION

EXECUTIVE

By: /s/ W. WELLS

/s/ MICHEL CHOUINARD

Name: William Wells  
Title: Chief Executive Officer

Michel Chouinard

Date: 10-22-08

Date: August 13, 2008

**SCHEDULE A**  
**BIOVAIL CORPORATION**  
**(and its Subsidiaries, Divisions, and Affiliates)**  
**CONFIDENTIALITY AGREEMENT**

As an employee of Biovail Corporation (the “Corporation”), I acknowledge that I may acquire or have disclosed to me by the Corporation or by any affiliate, associate, or technology partner of the Corporation, either directly or indirectly, in writing, conversation, or through observation, various information about the business of the Corporation which is not in the public domain and which the Corporation does not wish to be divulged to other persons, companies, or third parties. I further understand that the Corporation’s Confidential Information (as defined below) is essential to its competitive advantage and to its ability to be financially viable. I further understand that the unauthorized disclosure of such Confidential information may cause the Corporation irreparable injury that may not be rectified in the future.

Therefore, as a condition and in consideration of my employment with the Corporation, I understand and agree that while employed with the Corporation and thereafter (as more particularly described below). I am required to hold confidential and not to disclose to anyone without the written authority from the Corporation any knowledge, information, or facts concerning the Corporation’s:

- research and development activities
- technological plans, advances, applications and inventions
- technical specifications, designs and plans
- materials and sources of supply
- discoveries, inventions, trade secrets, patents
- financial affairs, contracts, licensing agreements, customer lists, pricing practices, marketing strategies
- any other information regarding the Corporation, its products and their development which is not in the public domain

All of the foregoing shall hereinafter collectively be referred to as the “Confidential Information”.

I shall keep confidential any and all Confidential Information which has been disclosed to me in writing or through oral communications and shall not divulge in any manner whatsoever any such information to any person, firm, corporation, partnership or similar entities without the Corporation’s written authority.

Should I breach or threaten to breach this Agreement, I shall be liable to the Corporation in equity and/or in law for damages that may be suffered by the Corporation as a result of the breach or threatened breach. I understand that a breach of this Agreement may result in irreparable harm to the Corporation such as to warrant the entitlement by the Corporation to an interlocutory and/or permanent injunction or other equitable relief against me, and an

---

award of damages including punitive, exemplary and aggravated damages, together with legal costs and expense and I specifically agree that I will not argue the adequacy of damages or the Corporation's ability to seek equitable relief in any such proceeding.

All Confidential Information supplied by the Corporation to me during the course of my employment and any rights related thereto, including but not limited to rights of know how, patent, trademark and copyright, with respect to existing products or those that are developed during or after my employment, are and remain the exclusive and absolute property of the Corporation.

I shall not, except as and to the extent required to enable me to carry out my duties with the Corporation, make any copies or reproduce the Confidential Information nor shall I remove or cause to have removed from the premises of the Corporation during my employment any Confidential Information unless required to do so in order to fulfill my duties with the Corporation. Such copies or reproductions shall be strictly subject to the terms and conditions of this Agreement. I shall take such steps as are necessary to restrict access to and protect the confidentiality of such copies or reproductions of the Confidential Information. Any such copies or reproductions made shall become the exclusive and absolute property of the Corporation.

Upon request of the Corporation, I agree to immediately surrender to the Corporation all documentation and information - notes, drawings, recordings, manuals, letters, correspondence, computer data and programs, records, books or any other materials relating to the Confidential Information which is in my possession without my retaining any copies or duplicates thereof.

I agree that this Agreement shall be construed in accordance with the laws of the Province of Ontario and I agree that the applicable courts of the Province of Ontario shall have exclusive jurisdiction with respect to any dispute or breach herein and I hereby attorn to the exclusive jurisdiction of the courts of the Province of Ontario.

This Agreement shall enure to the benefit of and shall be binding upon my successors, heirs and attorneys.

The disclosure or divulging of any Confidential Information contrary to this Agreement, or the violation of this Agreement in any way shall result in my immediate termination of employment, in addition to which I may be subject to criminal prosecution and civil liability.

I acknowledge and agree that I have executed this Agreement freely and with the benefit of independent legal advice and the terms herein are fair and reasonable.

I acknowledge and agree to the foregoing.

## SCHEDULE B

### **BIOVAIL CORPORATION (and its Subsidiaries, Divisions, and Affiliates)**

#### **STANDARDS OF BUSINESS CONDUCT**

Biovail Corporation ("Biovail"), together with its subsidiaries, divisions and affiliates, places great importance on conducting its business activities in an ethical and appropriate manner. Each employee, officer and director is a reflection of Biovail, and as such, the activities and actions of every individual within Biovail must be undertaken in accordance with a high standard of ethics and integrity. As such, Biovail expects each employee, officer and director to comply with, and adhere to, these Standards of Business Conduct (the "Standards").

#### **1. CONFLICTS OF INTEREST**

Employees, officers and directors of Biovail must avoid situations where their private interests could conflict with, or even appear to conflict with, the interests of Biovail and its stockholders.

Conflicts of interest arise when an individual's position or responsibilities with Biovail present an opportunity for personal gain apart from the normal rewards of employment. They also arise when the private interests of an employee, officer or director are inconsistent with those of Biovail or create conflicting loyalties. Such conflicting loyalties can cause an employee, officer or director to give preference to private interests in situations where corporate responsibilities should come first. Employees, officers and directors must perform the responsibilities of their positions on the basis of what is in the best interests of Biovail and free from the influence of personal considerations and relationships.

In the event that any potential conflict of interest arises, the individual involved must immediately notify his or her immediate supervisor. If such individual is an officer or director of Biovail, the Executive Chairman ("Chairman"), Chief Executive Officer ("CEO") and the General Counsel, or in the absence of a General Counsel the Vice President, Associate General Counsel ("SLO") of Biovail must also be immediately notified and no further action may be taken unless authorized in writing by the Chairman and/or the CEO.

While it is not possible to detail every situation where conflicts of interest may arise, the following policies cover the areas that have the greatest potential for conflict:

#### **A. Trading in Biovail Securities and Use of Inside Information**

There are numerous laws in Canada and the United States (federal, provincial and state laws), to regulate transactions in corporate securities (stocks and bonds) and the securities

industry. Violation of these laws may lead to civil and criminal actions against the individual and Biovail.

- i. Any employee, officer, director or other insider or anyone (family member, etc.) who knows of any material information (as defined below) about Biovail that has not been disclosed to the public (commonly known as “insider information”) may not engage in any transaction in Biovail’s securities until such information is disclosed to the public (whether or not there is a formal trading “black out” in place). This rule applies equally to transactions in securities of other companies. In addition, employees, officers and directors must not provide insider information to others (“tippees”) who may trade in either the securities of Biovail or the securities of other companies.

“Material information” is any information relating to the business and affairs of Biovail that would reasonably be expected to result in a change in the market price or value of Biovail’s securities. Generally speaking, material information is a matter to which an average prudent investor should be reasonably informed before a decision is made to buy or sell the security involved. Examples of such information would include annual or quarterly financial results; significant changes in management; significant shifts in operating or financial circumstances, such as major write-offs and changes in earnings projections; borrowing of a significant amount of funds; acquisitions of, or mergers with, other companies; significant new contracts or loss of business; and major new products, services or patents. This list provides examples only; many other matters may be considered material information.

Employees, officers, directors and other insiders who have questions that relate to the sale or purchase of a security under circumstances where these laws and regulations might apply should consult with the SLO, who may refer them to outside legal counsel.

- ii. In addition to the prohibition against the use of “insider” information which applies to all employees, officers and directors, the various securities laws that apply in the jurisdiction and countries in which Biovail does business place definite restrictions on the manners in which employees, officers and directors of Biovail, and their family members, their associates, etc., may engage in transactions involving the securities of Biovail. Employees, officers and directors shall comply with all laws, rules and regulations that prohibit or restrict insider trading.

Whenever there is any doubt as to whether any transactions involving Biovail’s securities would violate securities laws, employees, officers and directors should consult the SLO of Biovail. Within the

framework of the foregoing policies and laws, the final decision of each employee, officer or director, with respect to securities transactions, must be his or her own.

- iii. Employees, officers, directors and other insiders shall maintain the confidentiality of information entrusted to them by Biovail or its customers (except where disclosure is authorized or legally mandated) and shall not, without proper authority, give or release to anyone not employed by Biovail, data or information of a confidential nature concerning Biovail. Disclosure of confidential information can be harmful to Biovail and could be the basis for legal action against Biovail and the individual disclosing the information. Confidential information includes all non-public information that might be of use to competitors, or harmful to Biovail or its customers, if disclosed.
- iv. Employees, officers, directors and other insiders shall not acquire any property, security or any business interest that they know Biovail has an interest in acquiring. Moreover, based on such advance information, employees, officers and directors shall not acquire any property, security or business interest for speculation or investment.
- v. Employees, officers, directors and other insiders must follow Biovail policies regarding “Blackout Periods” when Biovail’s stock may not be traded. Such policies will be communicated by the SLO from time to time and must be adhered to by all employees, officers and directors.

## **B. Personal Financial Interest**

Employees, officers and directors should avoid any outside financial interests that might influence decisions or actions they have been empowered to make on behalf of Biovail. An employee, officer or director performing duties in conformity with this policy shall not have a financial interest in, indebtedness to, or a personal contract or understanding with any concern with which he or she does business on behalf of Biovail.

- i. Employees, officers or directors whose corporate duties bring them into business dealings with an organization in which they, or a member of their family, have a financial interest or to which they, or a member of their family, have any indebtedness, or a business employing a relative or close friend, must immediately notify their immediate supervisor. The employee, officer or director, in turn, cannot complete a transaction on behalf of Biovail with this organization unless properly authorized in writing from their supervisor after full disclosure of the relationship.
- ii. An employee, officer or director may not perform work or services, outside the course of their normal employment by Biovail, for an

organization doing or seeking to do business with Biovail without appropriate prior written approval of their supervisor or the Board of Directors. An employee, officer or director may not be a director, officer, partner or consultant of an organization doing or seeking to do business with Biovail, nor may any of them permit their names to be used in any way indicating a business connection with such an organization, without appropriate prior written approval of their supervisor or the Board.

- iii. An employee, officer or director shall not accept for himself or herself, or for the benefit of any relative or friend, any payments, loans, services, favors involving more than ordinary social amenity, or gifts of more than nominal value from any organization doing or seeking to do business with Biovail.
- iv. The requirement of freedom from conflict of interest applies with equal force to the spouse, children and other close relatives of each employee, officer and director. This policy applies to all employees, officers and directors of Biovail with respect to all of the affairs of Biovail.
- v. Employees, officers and directors shall not (a) take for themselves personally opportunities that are discovered through the use of corporate property, information or position; (b) use corporate property information, or position for personal gain; (c) compete with Biovail. Employees, officers and directors owe a duty to Biovail to advance its legitimate interests when the opportunity to do so arises.
- vi. Biovail may not make loans to any employee, officer or director.

#### **C. Outside Activities**

Employees, officers and directors should avoid outside employment or activities which would impair the effective performances of their responsibilities to Biovail, either because of excessive demands on their time, or because the outside commitments can be contrary to their obligations to Biovail

#### **D. Protection and Proper Use of Biovail's Assets**

All employees, officers and directors should protect Biovail's assets and ensure their efficient use. Theft, carelessness and waste have a direct impact on Biovail's profitability. All of Biovail's assets should be used only for legitimate business purposes.

#### **E. Fair Dealing**

Each employee, officer and director shall endeavor to deal fairly with Biovail's customers, suppliers, competitors and employers. None should take unfair advantage of anyone through

manipulation, concealment, abuse of privileged information, misrepresentation of material facts, or any other unfair-dealing practice,

**2. COMPETITIVE PRACTICES**

The management of Biovail firmly believes that fair competition is fundamental to continuation of the free-enterprise system. Biovail complies with, and supports, laws of all countries that prohibit restraints of trade, unfair practices, or abuse of economic power.

Biovail will not enter into arrangements that unlawfully restrict its ability to compete with other businesses, or the ability of any other business organization to compete freely with Biovail. Biovail policy also prohibits employees, officers and directors from entering into, or even discussing, any unlawful arrangement or understanding which may affect its pricing policies, terms upon which its products and services are sold, or which might be construed as dividing customers or sales territories with a competitor.

These principles of fair competition are basic to all Biovail operations. They are integral parts of the following sections that cover Biovail’s dealings with suppliers, customers and public officials.

**3. DEALING WITH SUPPLIERS**

Biovail is a valuable customer for many suppliers of goods, services and facilities. People who want to do business, or to continue to do business, with Biovail must understand that all purchases by Biovail will be made in accordance with its purchasing policy and exclusively on the basis of price, quality, service and suitability to Biovail’s needs.

**A. Reciprocity**

Biovail considers reciprocity a harmful practice and a hindrance to assuring purchase of the best available materials or services at the lowest possible prices. It will not be practiced or allowed.

Suppliers of goods and services to Biovail will not be asked to buy goods and services from Biovail in order to become or continue as a supplier.

Biovail will not attempt to influence its suppliers to purchase from customers of Biovail. When Biovail makes purchases it will not favor firms who are customers of Biovail or any of its affiliates.

**B. “Kickbacks” and Rebates**

Purchases or sales of goods and services by Biovail must not lead to employees, officers or directors, or their families, receiving any type of personal kickbacks or rebates. Employees, officers, directors, and their families, must not accept any form of “under-the-table” payment.

**C. Receipt of Gifts and Entertainment**

Even when gifts and entertainment are exchanged out of the purest motives of personal friendship, they can be misunderstood. They can appear to be attempts to bribe Biovail’s employees, officers or directors into directing business of Biovail to a particular supplier. To avoid both the reality and the appearance of improper relations with suppliers or potential suppliers, the following standards will apply to the receipt of gifts and entertainment by employees, officers and directors of Biovail:

**Gifts**

- i) Employees, officers and directors are prohibited from soliciting gifts, gratuities, or any other personal benefit or favor of any kind from suppliers or potential suppliers. Gifts include not only merchandise and products but also personal services, and tickets to theatrical and sports events. Employees, officers and directors should exercise good judgment when accepting unsolicited gifts. Employees, officers and directors are prohibited from accepting gifts of money.
- ii) Employees, officers and directors may accept unsolicited non-money gifts provided:
  - (1) They are items of nominal intrinsic value; or
  - (2) They are advertising and promotional materials, clearly marked with Biovail or brand names of the giver.
- iii) Any gift of more than nominal intrinsic value must be reported to the SLO to determine whether it can be accepted. Some gifts may be perishable so as to make their return impractical. Supervisors can permit acceptance of such gifts, but should require employees, officers and directors to tactfully inform givers that such gifts are discouraged.
- iv) In the transaction of some international business, it is lawful and customary for business leaders in some countries to give unsolicited gifts to employees, officers or directors of Biovail. These gifts can be of more than nominal value. Moreover, under the circumstances, returning the gifts or payment for them may constitute an affront to the giver. In such cases, the gift must be reported to the SLO who may permit the retaining of the gifts.
- v) In all other instances where gifts cannot be returned or may adversely affect Biovail’s continuing business relationships, the SLO must be notified. They can require employees, officers and directors to transfer ownership of such gifts to Biovail.

**Entertainment**

- i) Employees, officers and directors shall not encourage or solicit entertainment from any individual or company with whom Biovail does business. Entertainment includes, but is not limited to, activities such as dinner parties, theater parties, and sporting events.
- ii) From time to time employees, officers and directors may accept unsolicited entertainment, but only under the following conditions:
  - (1) The entertainment occurs infrequently;
  - (2) It arises out of the ordinary course of business;
  - (3) It involves reasonable, not lavish expenditures (the amounts involved should be ones employees, officers and directors are accustomed to normally spending for their own business or personal entertainment); and
  - (4) The entertainment takes place in settings that also are reasonable, appropriate, and fitting to employees, officers and directors, their hosts, and their business at hand.

**4. DEALINGS WITH CUSTOMERS AND POTENTIAL CUSTOMERS**

Employees, officers and directors must keep all dealings with customers and potential customers fair and above board. Biovail gets business and keeps it because of the quality of its goods and services. Biovail does not give unethical or illegal rebates, kickbacks, under-the-table payments, or other similar improper favors to customers or their representatives.

The boundary line between ethical and unethical competition, or legal and illegal conduct, is not always well defined, particularly in international activities where differing local laws, custom; and practices come into play. Therefore, the following standards will serve as guides:

- a) All employees, officers and directors should make themselves aware of and fully comply with all laws, rules and regulations, whether federal, state, local or foreign, including laws governing relations with customers as well as competitors.
- b) All employees, officers and directors engaged in negotiations and contracts with foreign governments, the United States or any political subdivision thereof must also know and abide by the specific rules and regulations covering relations with such governments and their agencies.
- c) Employees, officers and directors may not give gifts to customers except items of nominal value, which fit the legal, normal, and customary pattern of Biovail’s sales efforts for a particular market. Exceptions to this policy can

occur in international trades where it can be legal, customary, and appropriate business practice to exchange gifts with customers. Only the CEO can authorize the giving, receiving, or exchanging of such gifts. Any gifts received by employees, officers or directors in such an exchange must be reported to the CEO for determination as to the disposition of the gifts.

- d) Entertainment for any customer must fit regular business practices. The place and type of entertainment and the money spent must be reasonable and appropriate.

## 5. DEALING WITH PUBLIC OFFICIALS

Domestic and foreign laws and regulations require Biovail to be in contact with public officials on a wide variety of matters. Employees, officers and directors who regularly make these contacts have special responsibilities for upholding Biovail's good name. The following standards relate to these special responsibilities:

- a) All employees, officers and directors who contact public officials must be familiar with lobbying laws and public disclosure requirements, particularly those that apply to registrations and filings.
- b) No employee shall make any form of payment, direct or indirect, to any public official as an inducement to procuring or keeping business or having a law or regulation enacted, defeated, or violated. This is bribery, pure and simple. It will not be tolerated.

It should be acknowledged that inherent in the current health-care regulatory environment, the definition of "form of payment" may include seemingly trivial gifts and/or favors (e.g. buying lunches, coffee, etc.).

- c) When not prohibited by law, employees, officers and directors are allowed to give to public officials gifts where the presentation and acceptance of gifts is an established custom and a normal business practice. All such gifts shall be of reasonable value and the presentation approved in advance by the CEO. Moreover, such gifts must be presented in a manner that clearly identifies Biovail and the occasion that warrants the presentation.
- d) Employees, officers and directors are also allowed to give public officials gifts in the form of product models and pictures provided the models and pictures are part of Biovail's general marketing and public relations programs (except as noted in clause (b) above).
- e) On special ceremonial occasions, officers of Biovail may publicly give gifts of more than nominal value to public institutions and public bodies. Such gifts can commemorate special events or milestones in Biovail's history.

These may be transmitted through public officials but the gifts are given to the public institutions and public groups they represent, not to the officials personally.

- f) From time to time employees, officers and directors may entertain public officials, but only under the following conditions:
  - i. It is legal and permitted by the entity represented by the official;
  - ii. The entertainment is not solicited by the public official;
  - iii. The entertainment occurs infrequently;
  - iv. It arises out of the ordinary course of business;
  - v. It does not involve lavish expenditures, considering the circumstances;
  - vi. The settings and types of entertainment are reasonable, appropriate and fitting to our employees, officers or directors, their guests, and the business at hand.

## **6. POLITICAL ACTIVITIES AND CONTRIBUTIONS**

### **A. Canada and the United States**

Employees, officers and directors who participate in partisan political activities must make every effort to ensure that they do not leave the impression that they speak or act for Biovail.

Biovail encourages its employees, officers and directors to participate in political activities in their own time and at their sole expense. No corporate action, direct or indirect, will be allowed that infringes on the right of any employee individually to decide whether, to whom, and in what amount, they will make personal political contributions. The same is true of volunteer political donations of personal service time, so long as it does not interfere with the working status of employees, officers or directors.

### **B. Outside Canada and the United States**

No employees, officers and directors are permitted to use Biovail's funds, facilities, or other assets, to support either directly or indirectly any political candidates or political parties, without advance authorization in writing from their immediate supervisor and the General Counsel. The policy of Biovail is that employees, officers and directors and employees should not participate in political activities in countries of which they are not nationals. However, such persons, of course, are free to participate in political activities in countries of which they are nationals in their own time and at their own expense.

**7. DISCLOSURE**

Biovail has formed a Disclosure Committee to promote consistent practices aimed at informative, timely and broadly disseminated disclosure of Material Information to the market, external stakeholder groups and employees in accordance with all applicable legal, regulatory and stock-exchange requirements.

It is essential that the Disclosure Committee be fully apprised of all material corporate developments to be able to determine whether there is information that should be publicly disclosed, and what the appropriate timing is for release of that information. In some cases, the Disclosure Committee may determine that the information should remain confidential. If that is the case, the Disclosure Committee will determine how that information will be controlled so that it is not inadvertently released. Therefore any employee who becomes aware of information that he/she believes might be material to Biovail and/or any of its affiliates and subsidiaries he/she should advise their manager or supervisor or a member of the Disclosure Committee. Current membership of the Disclosure Committee is posted on the Biovail.com website.

This applies throughout the year, but is particularly critical when annual or quarterly financial statements and Management Discussion and Analysis (MD&A) or regulatory filings are being prepared (e.g. regulatory filings, such as the U.S. Securities and Exchange Commission, Form 20-F).

**8. PUBLIC COMMUNICATIONS**

Given the importance placed on confidentiality and the appropriate disclosures of information regarding Biovail, it is important for employees, officers and directors to ensure that care be taken with any communication regarding Biovail or its activities outside of Biovail.

**A. Designated Spokespersons**

Biovail has designated official spokespersons who are authorized to speak on behalf of Biovail, and answer questions from the news media and the investment community, about Biovail and its activities. Employees, officers and directors who have not been designated as spokespersons for Biovail are not permitted to speak on behalf of the Company to the news media or to the investment community.

**B. Media or Analyst Inquiries**

Any employee who is approached by any person asking for comment on the activities of Biovail must direct any and all such inquiries to a member of the Disclosure Committee or to a member of the Company’s Stakeholder Relations team (Corporate Communications, Investor Relations) so that an appropriate spokesperson can respond to the inquiry on behalf of Biovail.

**C. Conferences**

The Disclosure Committee should be advised of any request to present at any conference or public meeting. Certain materials prepared for any such presentation may be required to be reviewed by the Company’s Stakeholder Relations group.

**D. Electronic Communications**

Care must be taken in all instances in the use of e-mail, and other devices (e.g., Blackberry’s) in communications relating to Biovail’s business. While users tend to resort to shorthand communication using these kinds of tools, those communications do form a record of those communications that may be subject to later review and disclosure. A more fulsome policy regarding electronic communications is in place (found in the Human Resources Management System Policy Binder) and should be adhered to by all employees, officers and directors.

**E. The Internet**

Biovail has instituted policies regarding the use of, and access to the Internet by employees, officers and directors. These policies include a prohibition against anyone participating in any chat rooms dedicated to Biovail or its operations or the industry at large. If any employee, officer or director becomes aware that any such chat room exists, they are asked to report the address of such site to the SLO so that it may be monitored and appropriate action may be taken.

**9. EQUAL OPPORTUNITY**

Biovail supports the principle that every individual must be accorded an equal opportunity to participate in the free-enterprise system and to develop their ability to achieve their full potential within that system.

There shall be no discrimination against any employee or applicant because of race, religion, color, sex, age, sexual orientation, national or ethnic origin, or disability (as required by law) or any other consideration prohibited by local law. All employees, officers and directors will be treated with equality during their employment without regard to their race, religion, color, sex, age, national or ethnic origin, or physical handicap, in all matters, including employment, upgrading, promotion, transfer, layoff, termination, rates of pay, selection for training and recruitment. Biovail will maintain a work environment free of discriminatory practice of any kind.

No employee shall have any authority to engage in any action or course of conduct or to condone any action or course of conduct by any other person which shall in any manner, directly or indirectly, discriminate or result in discrimination in the course of one’s employment, termination of employment, or any related matter where such discrimination is, directly or indirectly, based upon race, religion, color, sex, age, sexual orientation, national or ethnic origin, disability, or any other consideration prohibited by law.

**10. HEALTH, SAFETY, AND ENVIRONMENTAL PROTECTION**

It is Biovail’s policy to pay due regard to the health and safety of its employees, officers, directors and others, and to the state of the environment. There are federal, provincial, state and local workplace safety and environmental laws which through various governmental agencies regulate both physical safety of employees, officers and directors and their exposure to conditions in the workplace. Should you be faced with an environmental health issue or have a concern about workplace safety, you should contact your Health and Safety Committee representative or notify Biovail management immediately.

Many countries and their regional and local governments now have complex legislation to protect the health and safety of employees, or the general public, and to prevent pollution and protect the environment. In case of violation, these laws often provide penalties for both the company involved and its executive personnel. Biovail’s SLO should always be consulted when necessary to understand or comply with such laws.

**11. WORK ENVIRONMENT**

Employees, officers and directors must treat each other with professional courtesy and respect at all times. Employees, officers and directors shall not subject any other employee to unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct which might be construed as sexual in nature, or harass others on the basis of race, disability, gender, sexual orientation or any other consideration prohibited by law. Such conduct may constitute sexual harassment or harassment under federal, provincial and state law and may be the basis for legal action against the offending employee and/or Biovail.

Employees are encouraged to report all conduct that they believe in good faith to be violations of local anti-harassment policies. To the extent permissible under local law the identity of the employees, officers or directors involved will be kept strictly confidential, and will not be revealed by Biovail’s management without the employee’s permission. The alleged harassment will be thoroughly investigated by Biovail and appropriate action will be taken. Biovail has an appropriate policy to protect employees against discrimination or retaliation as a result of such a complaint.

**12. INTEGRITY OF RECORDS AND FINANCIAL REPORTS**

It is of critical importance that Biovail’s filings with the appropriate regulatory authorities (e.g. U.S. Securities and Exchange Commission) be accurate and timely. Depending on their position with Biovail, an employee, officer or director may be called upon to provide necessary information to ensure that Biovail’s public reports are complete, fair and understandable. Biovail expects employees, officers and directors to take this responsibility very seriously and to provide prompt accurate answers to inquiries related to Biovail’s public disclosure requirements.

The integrity of Biovail’s record keeping systems will be respected at all times. Employees, officers and directors are forbidden to use, authorize, or condone the use of “off-the-books” bookkeeping, secret accounts, unrecorded bank accounts, “slush” funds, falsified books, or

any other devices that could be utilized to distort records or reports of Biovail’s true operating results and financial conditions or could otherwise result in the improper recordation of funds or transactions.

**13. USE OLD AGENTS AND NON-EMPLOYEES, OFFICERS AND DIRECTORS**

Agents or other non-employees cannot be used to circumvent the law. Employees, officers and directors will not retain agents or other representatives to engage in practices that run contrary to the Standards of Business Conduct or applicable laws.

**14. INTERNATIONAL OPERATIONS**

Employees, officers and directors operating outside of Canada and the United States have a special responsibility to know and obey the laws and regulations of countries where they act for Biovail. Customs vary throughout the world, but all employees, officers and directors must uphold the integrity of Biovail in other nations diligently.

**15. STANDARDS OF BUSINESS CONDUCT**

**A. Initial Distribution**

- i. Employees, officers and directors designated to receive these Standards will receive their copies immediately after publication.
- ii. Future employees, officers and directors designated to receive these Standards will receive their copies at the time they are hired.

**B. Initial Verification**

Upon receiving their copy of the Standards, employees, officers and directors current and future will:

- i. Become thoroughly familiar with the Standards.
- ii. Resolve any doubts or questions about the Standards with their supervisors.
- iii. Inform their supervisors of any existing holdings or activities that might be, or appear to be, inconsistent with, or in violation of, the Standards.
- iv. Prepare written disclosures of such information, if requested, by supervisors.
- v. Take steps to correct existing situations and bring holdings and activities into full compliance with the Standards. Such steps will be approved in writing by supervisors and will be based on the written disclosure submitted by employees, officers or directors.

- vi. Sign the verification and return it to their supervisors who will make it part of employee's permanent corporate records.

**C. Maintaining Compliance**

- i. Employees, officers and directors have the responsibility to maintain their understanding of the Standards of Business Conduct and for following them.
- ii. Supervisors have the responsibility to maintain an awareness on the part of their employees, officers and directors of the importance of their adhering to the Standards of Business Conduct and for reporting deviations to Management.
- iii. As requested by the Board of Directors or senior management, employees, officers and directors will be asked to re-verify their understanding of the Standards of Business Conduct and their compliance with them every year as a part of Biovail's annual reporting.
- iv. Employees, officers and directors must inform their supervisors of any changes in their holdings or activities that might be, or appear to be in non-compliance with the Standards of Business Conduct.
- v. Employees, officers and directors must prepare written disclosure of such information, if requested, by supervisors.
- vi. Employees, officers and directors must take steps to correct any such changes, if necessary, to bring holdings and activities into full compliance. Such steps will be approved in writing by supervisors and Management and will be based on the written disclosures submitted by employees, officers and directors.

**D. Audits of Compliance**

Regular audits of Biovail will include procedures to test compliance with the Standards of Business Conduct.

**16. VIOLATIONS OF STANDARDS**

Employees, officers and directors must immediately report any violations of the Standards or any violation of any applicable law, rule or regulation. Failure to do so can have serious consequences for the employees, officers or directors and for Biovail.

Employees, officers and directors, should report violations to their supervisors and/or to the Human Resources department and to the SLO or to any secure reporting hotline the company may have contracted with. When in doubt, employees should talk to their supervisors or other appropriate personnel to determine the best course of action in a particular situation.

Supervisors and the Human Resources group have the responsibility to promptly and thoroughly investigate all reports, and to report violations to the SLO.

After a violation is investigated, appropriate action will be taken promptly. Management has the right to determine the appropriate disciplinary action for a violation up to and including termination of employment. All proposed disciplinary action is subject to review by senior Management, Human Resources and the SLO.

Employees, officers and directors should be aware that, in addition to any disciplinary action taken by Biovail, violations of certain Standards may require restitution and may lead to civil or criminal action against individual employees, officers and directors and any corporation involved.

Supervisors have the responsibility of taking remedial steps to correct any operating procedures that may contribute to violations of Standards.

Retaliation in any form against an individual who reports a violation of these Standards of Business Conduct or of any law, rule or regulation in good faith, or who assists in the investigation of a reported violation, is itself a serious violation of this policy. Acts of retaliation will be disciplined appropriately and should be reported immediately to your supervisor or Human Resources.

**17. CONTINUANCE OF EXISTING PERSONNEL POLICIES, RULES AND PERFORMANCE STANDARDS**

Biovail has codified numerous personnel policies, rules and standards of employee performance, which continue in force. These Standards of Business Conduct are intended to supplement and amplify those established personnel policies, rules and standards.

It continues to be the responsibility of all employees to comply with all such policies, rules and performance standards. Additionally, all members of management are to continue making certain that employees reporting to them are made aware of established policies, rules and performance standards and comply with them.

**18. AMENDMENT, MODIFICATION AND WAIVER**

Biovail will periodically review these Standards of Business Conduct. These Standards may be amended, modified or waived by the Board of Directors and waivers may also be granted by the Nominating & Governance Committee, subject to the disclosure and other provisions of the Securities Exchange Act of 1934, and the rules there under and the applicable rules of the Toronto Stock Exchange/New York Stock Exchange. Employees, officers and directors will be fully informed of any revisions to the Standards of Business Conduct.

Any waiver of these Standards for any employee other than a director or an executive officer, may only be made by the Executive Chairman or the CEO. Any waiver of these Standards for director or an executive officer may be made only by the Board of Directors or the

**VERIFICATION AND RECEIPT OF UNDERSTANDING**

I have received a copy of Standards of Business Conduct for BIOVAIL CORPORATION and its subsidiaries, divisions and affiliates. I understand how the Standards apply to me. I acknowledge that my receiving the Standards obligates me to follow them and I agree to abide by their conditions.

CONSULTING AGREEMENT

THIS CONSULTING AGREEMENT (the “**Agreement**”) is dated as of the 27<sup>th</sup> day of February, 2006.

BY AND BETWEEN:

**Biovail Laboratories International SRL**  
having a business location at  
Barbados

(hereinafter referred to as “Biovail”)

and

**Bord de Lac Ltd**

(hereinafter referred to as the “**Consultant**”)

---

**WHEREAS** Biovail wishes to retain the Consultant to provide consulting services to Biovail relating to responsible for the direction, management and control of all aspects of BLS business, the whole as more fully described on Schedule A annexed hereto (hereinafter referred to as the “**Services**”);

**AND WHEREAS** Consultant agrees to be retained for that purpose in accordance with the terms and conditions hereinafter described,

**NOW THEREFORE** in consideration of the terms and conditions contained herein and other good and valuable consideration, the receipt and sufficiency of which are acknowledged, Biovail and Consultant agree as follows:

**1. SERVICES AND REMUNERATION**

- 1.01 The Consultant hereby agrees to provide and perform the Services for, and for the benefit of, Biovail, including such various assignments as may otherwise be requested from time to time by the President of BLS (the “**Supervisor**”) .
  - 1.02 The Consultant’s representative for the provision of the Services hereunder shall be Michel Chouinard. No change to the Consultant’s representative can be made without written agreement by the Supervisor of Biovail.
  - 1.03 In performing the Services, Consultant shall report to, and be subject to the direct supervision of the Supervisor and shall take instructions and directions only from the Supervisor, or such other person as indicated by the Supervisor.
  - 1.04 In consideration of the provision by Consultant of the Services to Biovail, Biovail agrees to pay Consultant a consulting fee (the “**Consulting Fee**”) in the sum of THIRTEEN THOUSAND SEVEN HUNDRED AND FIFTY U.S. DOLLARS (US\$13,750) per month of work of the performed by Consultant in executing the Services, as partial consideration for Consultant’s Services. These fees will be increased annually to reflect, at a minimum, cost of living increases in Barbados.
  - 1.05 The Consultant is also eligible to an annual performance based Bonus up to FIFTY (50%) percent of the sum of the Consulting Fee paid in each calendar year for the duration of the Term of this Agreement, payable within 90 days of the end of each calendar year.
  - 1.06 Consultant shall also be entitled to reimbursement for its reasonable expenses which are: (a) incurred directly in performing the Services; and (b) approved in advance by Biovail in accordance with its applicable expense reimbursement policies in effect from time to time (the “**Consultant Expenses**”).
  - 1.07 The Consulting Fee (and Consultant Expenses, if any) shall be payable by Biovail to Consultant for each month of Services performed under this Agreement, in arrears, within thirty (30) days of receipt by Biovail of a consulting report (the “**Report**”) to be provided by Consultant to Biovail once quarterly (on the last
-

Business Day of each calendar month of the Term of this Agreement). For the purposes hereof the term “**Business Day**” means any day other than a Saturday, Sunday or federal, or local statutory holiday, on which banks are normally open for business in Barbados. The Report must contain the following details: (a) an invoice including the number of hours that the Consultant has worked in the previous calendar quarter pursuant to Consultant’s obligations hereunder; (b) details and amounts of the Consulting Expenses, if any (including invoices evidencing any such Consulting Expenses so incurred); and (c) a brief list or explanation of all accomplishments of the Consultant for such calendar in the provision of the Services hereunder.

## **2. TERM**

- 2.01 Biovail and Consultant agree that the term of this Agreement shall be for the period from the date hereof until the termination of the Executive Employment Agreement between Michel Chouinard and Biovail Laboratories International SR.L, not to exceed a 5-year period ending on February 27<sup>th</sup>, 2011. (the “**Term**”). The Agreement may be renewed or extended by mutual Agreement.
- 2.02 Consultant acknowledges and agrees that the Term of this Agreement is temporary and that this Agreement is not intended to create a contract of indefinite duration.

## **3. TERMINATION**

- 3.01 In the event that Biovail, in its sole discretion, determines at any time during the currency of this Agreement that Consultant is in breach of the terms and conditions hereof or is otherwise not performing the functions requested of Consultant competently, then Biovail may terminate this Agreement by providing Consultant with nine (9) months’ prior written notice. The Consultant will be eligible at Biovail’s sole discretion for the Bonus for that period.
- 3.02 In the event of any termination of this Agreement, Biovail shall have no further financial or other obligations to Consultant, other than the payment of the Consultant Fee (and the reimbursement of Consultant Expenses, if any) incurred to the date of termination of the Notice period.

## **4. CONFIDENTIALITY COVENANT**

- 4.01 Consultant acknowledges that Consultant may acquire or have disclosed to Consultant by Biovail or by any affiliate, associate, or technology or financial partner of Biovail, either directly or indirectly, in writing, conversation, or through observation, various information about the business of Biovail which is not in the public domain and which Biovail does not wish to be divulged to other persons, companies, or third parties.
- 4.02 As a condition of and in consideration of Consultant’s provision of Services to Biovail, Consultant understands and agrees that during the Term and for a period of

time thereafter (as more particularly described below), Consultant is required to hold strictly confidential any knowledge, information, or facts concerning Biovail's:

- (a) research and development activities;
- (b) technological plans, advances, applications and inventions;
- (c) technical specifications, designs and plans;
- (d) materials and sources of supply;
- (e) discoveries, inventions, trade secrets, patents;
- (f) financial affairs, contracts, licensing agreements, customer lists, pricing practices, marketing and sales strategies and programs;
- (g) potential merger and acquisition transactions; and
- (h) any other information regarding Biovail, its business, finances, products and their development which is not in the public domain.

All of the foregoing shall hereinafter collectively be referred to as “**Confidential Information**”. For a period commencing on the date hereof and ending ten (10) years from the date of the termination of this Agreement, Consultant shall keep strictly confidential any and all Confidential Information which has been disclosed to Consultant and shall not divulge in any manner whatsoever any such information to any person, firm, corporation, partnership or other entity.

- 4.03 Should Consultant breach or threaten to breach this Agreement, Consultant shall be liable to Biovail in equity and/or in law for damages that may be suffered by Biovail as a result of the breach or threatened breach. Consultant understands that a breach of this Agreement may result in irreparable harm to Biovail such as to warrant the entitlement to a preliminary, interlocutory and/or permanent injunction and/or other equitable relief and Consultant specifically agrees that Consultant will not argue the adequacy of damages in any such proceeding.
- 4.04 All Confidential Information disclosed by Biovail to Consultant during the course of this Agreement (or prior to the execution hereof or following the termination of this Agreement) and any rights related thereto, including but not limited to intellectual property rights, rights of know how, patent, trademark copyright and any other rights related in any way to any such Confidential Information, are and shall remain the exclusive and absolute property of Biovail.
- 4.05 Consultant shall not, except as and to the extent required to enable Consultant to carry out Consultant's duties with Biovail, make any copies or reproduce the Confidential Information nor shall Consultant remove or cause to have removed

from the premises of Biovail any Confidential Information unless required to do so in order to fulfill Consultant's duties with Biovail. Such copies or reproductions shall be subject to the terms and conditions of this Agreement. Consultant shall take all steps so as to restrict access to and protect the strict confidentiality of such copies or reproductions of the Confidential Information. Any such copies or reproductions made shall become, upon their being made, the exclusive and absolute property of Biovail.

- 4.06 Upon request of Biovail, Consultant agrees to immediately surrender to Biovail all documentation and information, notes, drawings, recordings, manuals, letters, correspondence, computer data and programs, records, books or any other materials relating to the Confidential Information which is in Consultant's possession.
- 4.07 The disclosure or divulging of any Confidential Information contrary to this Agreement, or the violation of this Agreement in any way shall result in immediate termination of this Agreement.

## **5. NON-SOLICITATION**

- 5.01 During the Term of this Agreement and for a period of two years thereafter, Consultant will not directly or indirectly hire any employee of Biovail or its affiliated companies with respect to the businesses conducted by Biovail or its affiliated companies, or attempt to induce any such employee to leave his or her employment with Biovail or its affiliated companies.
- 5.02 The Consultant shall disclose to Biovail any and all intellectual property which Consultant may make solely, jointly, or in common with any other person consultants during the Term of Consultant's engagement with Biovail. Any intellectual property made and/or developed by the Consultant while engaged by Biovail, whether or not conceived or made during regular working hours, and whether or not the Consultant is specifically instructed to make or develop same, shall be for the benefit of Biovail and shall be the sole exclusive and absolute property of Biovail. The Consultant shall assign, set over and transfer to Biovail Consultant's entire right, title and interest in and to any and all of such intellectual property and all rights therein, and to all letters patent and applications for letters patent which may be, or may have been filed and/or issued by or to Consultant or on Consultant's behalf, and the Consultant agrees to execute and deliver to Biovail any and all instruments necessary or desirable to accomplish the foregoing and, in addition to the foregoing, to do all lawful acts which may be necessary or desirable to assist Biovail to obtain and enforce protection of such intellectual property. To the extent of any rights Consultant may have with respect to such intellectual property which are not assignable, including but not limited to moral rights, the Consultant hereby waives same. The Consultant will execute and deliver to Biovail or its successors and assigns, such other and further assignments, instruments and documents as Biovail from time to time reasonably may request for the purpose of establishing, evidencing, and

enforcing or defending its complete, exclusive, perpetual, and worldwide ownership of all rights, titles, and copyrights, in and to intellectual property, and Consultant constitutes and appoints Biovail as agent and attorney-in-fact, with full power of substitution, to execute and deliver such assignments, instruments, documents as Consultant may fail to refuse to execute and deliver, this power and agency being coupled with an interest and being irrevocable.

**6. GENERAL**

- 6.01 The Consultant hereby acknowledges that Biovail is a publicly traded company and the trading in securities of Biovail is subject to applicable securities legislation. The Consultant hereby further acknowledges that as a result of the disclosure that may be made to it of any Confidential Information of Biovail, it may possess material, non-public information of Biovail. Accordingly, the Consultant hereby acknowledges and agrees that any trading by it in the securities of Biovail may entail the violation by the Consultant of applicable securities and other legislation and regulations, and the Consultant hereby irrevocably agrees to fully indemnify and hold harmless Biovail and all of its affiliated entities and their respective directors, officers, representatives and employees from any damages that may be caused to any of such persons as a result of any such violations.
- 6.02 Michel Chouinard hereby irrevocably agrees to guarantee the obligations and duties of the Consultant hereunder, jointly and severally (solidarily), as if he was defined hereunder as the “Consultant”.
- 6.03 This Agreement constitutes the entire agreement between the parties and supersedes any other agreements, negotiations or discussions between the parties whether written or oral. This Agreement may not be altered or amended except in writing and signed by both parties. If any provision hereof is held to be invalid or unenforceable by a court of competent jurisdiction, such provision shall be severed from this Agreement and shall not serve to invalidate the remaining provisions hereof.
- 6.04 This Agreement shall be governed by the laws of **Barbados** and the parties attorn and submit to the exclusive jurisdiction of the courts in such jurisdiction, to resolve any dispute in any manner related to the matters contemplated by this Agreement.
- 6.05 Nothing herein contained will be deemed to constitute Consultant or any of its employees an agent, partner or joint venturer of Biovail or its affiliated companies. It is understood that Consultant shall render his consulting services to Biovail as an independent contractor and Consultant shall not have any right, title or authority to enter any contract, agreement or commitment on behalf of Biovail or its affiliated companies or to bind Biovail or its affiliated companies in any manner whatsoever.

- 6.06 This Agreement is not assignable by Consultant without the prior written consent of Biovail (which consent may be unreasonably withheld in the sole and absolute discretion of Biovail, which discretion may be exercised arbitrarily, with or without reasons) and any such assignment without Biovail’s consent shall be null and void.
- 6.07 If any notice is required or permitted to be given, such may be effectively given if delivered personally or sent by facsimile and addressed:
- 6.07.1 in the case of Biovail to:
- Biovail Laboratories International SRL  
At the Address first hereinabove set forth  
Fax: 246-228-7891  
Attention: President

- 6.07.2 In the case of Consultant to:
- Bord de Lac Ltd  
At the address first hereinabove set forth  
Fax: n/a  
Attention: Michel Chouinard

Any such notice shall be deemed to have been given and received when actually received unless the day of receipt is not a business day in which case it shall be deemed to have been given and received on the next following business day.

**[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]**

**2007 Equity Compensation Plan**

---

May 16, 2007  
(as amended May 28, 2009)

---

**BIOVAIL CORPORATION**  
**2007 EQUITY COMPENSATION PLAN**

**ARTICLE 1**  
**PURPOSE**

**1.1**            **Purpose**

The purpose of this Plan is to assist the Company in attracting, retaining and motivating key employees, officers and directors by granting to them, and to others providing services to the Company, its subsidiaries and affiliates, equity-based compensation of the Company.

**1.2**            **2006 Stock Option Plan**

This Plan includes the 2006 Stock Option Plan of the Company, as amended and restated herein, and any outstanding options granted under the 2006 Stock Option Plan prior to the Effective Date shall be governed by the provisions of this Plan as if such options had been granted hereunder.

**ARTICLE 2**  
**INTERPRETATION**

**2.1**            **Definitions**

When used herein, unless the context otherwise requires, the following terms have the following meanings, respectively:

“**Acquiror**” has the meaning set forth in Subsection 6.1(e) of this Plan;

“**Associate**” has the meaning given to it in NI 45-106;

“**Blackout Period**” means a period when the Participant is prohibited from trading in the Company’s securities pursuant to securities regulatory requirements or the Company’s written policies then applicable;

“**Board**” means the board of directors of the Company;

“**Business Day**” means any day, other than a Saturday, Sunday or statutory or civic holiday, on which banks in Toronto, Ontario are open for business;

“**Canadian Option**” means an Option for which the Exercise Price is stated and payable in Canadian dollars;

“**Canadian Unit**” means a Unit for which the cash payment payable under Section 5.3(c) (if elected by the Company) is stated and payable in Canadian dollars;

---

“**CBCA**” means the *Canada Business Corporations Act* and the regulations promulgated thereunder, both as amended from time to time;

“**Change in Control**” has the meaning set forth in Section 6.1 of this Plan;

“**Code**” means the U.S. Internal Revenue Code of 1986, as amended;

“**Committee**” has the meaning set forth in Section 3.2 of this Plan;

“**Common Shares**” means the common shares in the capital of the Company;

“**Company**” means Biovail Corporation, a corporation existing under the laws of Canada, and its successors;

“**Compensation Committee**” means the compensation, nominating and corporate governance committee of the Board;

“**Consultant Participant**” means an individual, other than an Employee Participant or an Executive Participant, who is a “consultant” (as defined in NI 45-106) and includes a Consultant Participant’s Permitted Assigns;

“**Date of Grant**” means, for any Option or Unit, the date specified by the Board at the time it grants the Option or the Unit, as the case may be (which cannot be earlier than the date of grant) or, if no such date is specified, the date upon which the Option or the Unit (as the case may be) was granted;

“**Detrimental Activity**” means: (a) the disclosure to anyone outside the Company or its Related Entities, or the use in any manner other than in the furtherance of the Company’s or a Related Entity’s business, without written authorization from the Company, of any confidential information or proprietary information relating to the business of the Company or its Related Entities that is acquired by a Participant prior to the Participant’s Termination Date; (b) activity by the Participant while employed or performing services that results, or if known could result, in the Participant’s termination of service that is classified by the Company as a termination for cause; (c) any attempt, directly or indirectly, to solicit, induce or hire (or the identification for solicitation, inducement or hiring of) any non-clerical employee of the Company or its Related Entities to be employed by, or to perform services for, the Participant or any Person with which the Participant is associated (including, but not limited to, due to the Participant’s employment by, consultancy for, equity interest in, or creditor relationship with such Person) or any Person from which the Participant receives direct or indirect compensation or fees as a result of such solicitation, inducement or hire (or the identification for solicitation, inducement or hire) without, in all cases, written authorization from the Company; (d) any attempt, directly or indirectly, to solicit in a competitive manner any current or prospective customer of the Company or its Related Entities without written authorization from the Company; (e) the Participant’s Disparagement, or inducement of others to engage in Disparagement, of the Company or its Related Entities or their past and present officers, directors, employees or products; (f) without written authorization from the Company, the direct or indirect engaging in any business or organization

competitive with the Company or its Related Entities or the rendering of services to any such organization or business if such organization or business is otherwise prejudicial to, or in conflict with, the interests of the Company or its Related Entities; provided, however, that competitive activities shall be only those competitive with any business unit or Related Entity of the Company with regard to which the Participant performed services at any time within the year prior to the Participant's Termination Date; or (g) material breach of any agreement between the Participant and the Company or a Related Entity (including, without limitation, any employment agreement or non-competition or non-solicitation agreement). For purposes of sub-sections (a), (c), (d) and (f) above, the Chairman of the Board or the Chief Executive Officer of the Company shall have authority to provide the Participant with written authorization to engage in the activities contemplated thereby and no other person shall have authority to provide the Participant with such authorization;

**"Director"** means a member of the board of directors of the Company or of a Related Entity;

**"Disabled"** or **"Disability"** means the permanent and total incapacity of an Optionholder or a Unitholder as determined in accordance with procedures established by the Board for purposes of this Plan;

**"Disparagement"** means making comments or statements to (x) the press, (y) the Company's or a Related Entity's employees or consultants, or (z) any individual or entity with whom the Company or its Related Entities has a business relationship, in each case that could reasonably be expected to adversely affect in any manner: (a) the conduct of the business of the Company or its Related Entities (including, without limitation, any products or business plans or prospects); or (b) the business prospects or reputation of the Company or its Related Entities, any of their products, or their past or present officers, directors or employees;

**"Effective Date"** has the meaning set forth in Section 8.10 of this Plan;

**"Employee Participant"** means a full-time or part-time employee or contract employee (other than an Executive Participant or Consultant Participant) of the Company or of a Related Entity and includes an Employee Participant's Permitted Assigns;

**"Executive Participant"** means an officer of the Company or of a Related Entity and includes any officer of the Company or of a Related Entity who is also a Director, and Executive Participant also refers to an Executive Participant's Permitted Assigns;

**"Exercise Notice"** means a notice in writing, in the form set out in Schedule B or such successor form as the Board may adopt from time to time, signed by an Optionholder and stating the Optionholder's intention to exercise a particular Option;

**"Exercise Period"** means the period of time during which an Option granted under this Plan may be exercised (provided however that the Exercise Period may not exceed 10 years from the relevant Date of Grant);

**“Exercise Price”** means the price at which a Common Share may be purchased pursuant to the exercise of an Option;

**“Individual Optionholder”** means an Optionholder who is an individual or the individual of which the Optionholder is a Permitted Assign, as the case may be;

**“Individual Unitholder”** means a Unitholder who is an individual or the individual of which the Unitholder is a Permitted Assign, as the case may be;

**“Insider”** has the meaning set forth in the TSX Company Manual;

**“Market Price”** of a Common Share means:

- (a) in the case of determining the exercise price of an Option, the VWAP on the TSX, or the NYSE or other stock exchange where the majority of the trading volume and value of the Common Shares occurs, for the five trading days immediately preceding the Date of Grant, except that with respect to Participants subject to U.S. taxation, to the extent required by Section 409A of the Code, “Market Price” of a Common Share means the greater of (i) the Market Price as calculated above or (ii) the VWAP on the TSX, or the NYSE or other stock exchange where the majority of the trading volume and value of the Common Shares occurs, for the single trading day immediately preceding the Date of Grant. The Market Price so determined may be in Canadian dollars or U.S. dollars. As a result, the Market Price of a Common Share covered by a Canadian Option shall be either (a) such Market Price as determined above, if in Canadian dollars, or (b) such Market Price as determined above converted into Canadian dollars at the closing rate of exchange of the Bank of Canada on the Date of Grant, if in U.S. dollars. Similarly, the Market Price of a U.S. Option shall be either (a) such Market Price as determined above, if in U.S. dollars, or (b) such Market Price as determined above converted into U.S. dollars at the closing rate of exchange of the Bank of Canada on the Date of Grant, if in Canadian dollars. If on the Date of Grant there is not a closing rate of exchange of the Bank of Canada, then the Market Price of a Common Share covered by a Canadian Option and the Market Price of a Common Share covered by a U.S. Option shall be determined as provided above on the first day immediately preceding the Date of Grant for which there was such a closing rate of exchange. The Market Price of a Common Share shall be rounded up to the nearest whole cent; or
- (b) in the case of determining the cash payment payable to a Unitholder, the average market price of the Common Shares on the Vesting Date on the TSX, the NYSE or other stock exchange where the majority of the trading volume and value of the Common Shares occurs. If the Vesting Date is not a trading day for the applicable stock exchange, the Market Price shall be the average market price of the Common Shares for the trading day immediately preceding the Vesting Date. The Market Price so determined may be in Canadian dollars or U.S. dollars. As a result, the Market Price of a Common Share covered by a Canadian Unit shall be either (a) such Market Price as determined above, if in Canadian dollars, or (b) such Market Price as determined above converted into Canadian dollars at the closing rate of exchange of the Bank of Canada on the Vesting Date, if in U.S. dollars. Similarly, the Market Price of a U.S. Unit shall be either (a) such Market Price as determined above, if in U.S. dollars, or (b)

such Market Price as determined above converted into U.S. dollars at the closing rate of exchange of the Bank of Canada on the Vesting Date, if in Canadian dollars. If on the Vesting Date there is not a closing rate of exchange of the Bank of Canada, then the Market Price of a Common Share covered by a Canadian Unit and the Market Price of a Common Share covered by a U.S. Unit shall be determined as provided above on the first day immediately preceding the Vesting Date for which there was such a closing rate of exchange. The Market Price of a Common Share shall be rounded up to the nearest whole cent.

“**NI 45-106**” means National Instrument 45-106 — Prospectus and Registration Exemptions, as amended from time to time, or such other successor rules, instruments or policies from time to time of Canadian provincial securities regulatory authorities which may govern trades of securities to employees, officers, directors or consultants;

“**NYSE**” means the New York Stock Exchange;

“**Offer**” has the meaning set forth in Section 6.1 of this Plan;

“**Option**” means a right to purchase Common Shares under this Plan; except that, to the extent required by Section 409A of the Code, Participants who are subject to U.S. taxation and who are employed by a Related Entity may receive an Option under this Plan provided that the Common Shares subject to the Option constitute “service recipient stock” for purposes of Section 409A of the Code in order to avoid application of Section 409A of the Code to the Option;

“**Option Agreement**” means a signed, written agreement between an Optionholder and the Company, in the form attached as Schedule A, subject to any amendments or additions thereto as may, in the discretion of the Board, be necessary or advisable, evidencing the terms and conditions on which an Option has been granted under this Plan;

“**Optionholder**” means an Employee Participant, Executive Participant or Consultant Participant who has been granted one or more Options;

“**Participant**” means an Employee Participant, Executive Participant or Consultant Participant;

“**Performance Criteria**” has the meaning set forth in Schedule D;

“**Performance Goal**” means the objective performance goals established by the Compensation Committee and, if desirable for purposes of Section 162(m) of the Code, based on one or more Performance Criteria;

**“Performance Period”** means three consecutive fiscal years of the Company, or such shorter period as determined by the Compensation Committee in its discretion;

**“Permitted Assigns”** has the meaning given to it in NI 45-106;

**“Person”** includes an individual, sole proprietorship, partnership, unincorporated association, unincorporated syndicate, unincorporated organization, trust, body corporate, and a natural person in his or her capacity as trustee, executor, administrator or other legal representative;

**“Plan”** means this 2007 Equity Compensation Plan, as the same may be amended, modified, revised, supplemented, restated or replaced from time to time;

**“Related Entity”** means a “related entity” (as defined in NI 45-106) of the Company;

**“Retirement”** means retirement from active employment with the Company or a Related Entity at or after age 65 or, with the consent for purposes of this Plan of such officer of the Company as may be designated by the Board, at or after such earlier age and upon the completion of such years of service as the Board may specify, provided that with respect to Participants subject to U.S. taxation, the exercise of such discretion by the Board shall not subject an Option to Section 409A of the Code;

**“Section 162(m) of the Code”** means the exception for performance-based compensation under Section 162(m) of the Code and any U.S. Treasury regulations thereunder;

**“Termination Date”** means:

- (i) in the case of an Employee Participant or Executive Participant whose employment or term of office with the Company or a Related Entity terminates in the circumstances set out in Subsections 4.7(b), 4.7(c), 5.8(a) or 5.8(b) the date that is designated by the Company or a Related Entity, as the case may be, as the last day of the Optionholder’s or the Unitholder’s (as the case may be) employment or term of office with the Company or the Related Entity, as the case may be; provided that “Termination Date” specifically does not mean the date on which any period in respect of which any pay in lieu of notice, that the Company or the Related Entity (as the case may be) may be required by law or may voluntarily elect to provide to the Optionholder or the Unitholder (as the case may be), expires; and
- (ii) in the case of a Consultant Participant whose consulting agreement or arrangement with the Company or a Related Entity, as the case may be, terminates in the circumstances set out in Subsection 4.7(d), 4.7(e), 5.8(a) or 5.8(b) the date that is designated by the Company or the Related Entity, as the case may be, as the date on which the Optionholder’s or the Unitholder’s (as the case may be) consulting agreement or arrangement is terminated; provided that “Termination Date” specifically does not mean the date on which any period of notice of termination that the Company or

the Related Entity (as the case may be) may be required to provide to the Optionholder or the Unitholder (as the case may be) under the terms of the consulting agreement for which the Company has elected to provide compensation in lieu of notice;

“**TSX**” means the Toronto Stock Exchange;

“**TSX Company Manual**” means the Company Manual of the TSX, as amended from time to time, including such Staff Notices of the TSX from time to time which may supplement the same;

“**Unit**” means a restricted share unit granted to a Unitholder pursuant to Section 5.1 and in accordance with the terms and provisions of the Plan;

“**Unit Account**” has the meaning given to it under Section 5.4;

“**Unit Agreement**” means a signed, written agreement between a Unitholder and the Company, in the form attached as Schedule C, subject to any amendments or additions thereto as may, in the discretion of the Board, be necessary or advisable, evidencing the terms and conditions on which a Unit has been granted under this Plan;

“**Unitholder**” means an Employee Participant, Executive Participant or Consultant Participant who has been granted one or more Units;

“**U.S. Option**” means an Option for which the Exercise Price is stated and payable in U.S. dollars;

“**U.S. Unit**” means a Unit for which the cash payment payable under Section 5.3(c) (if elected by the Company) is stated and payable in U.S. dollars;

“**Vesting Date**” means the date on which Units granted to a Unitholder under the Plan vest pursuant to the provisions of the Plan; and

“**VWAP**” means the volume weighted average trading price of the Common Shares, calculated by dividing the total value by the total volume of Common Shares traded for the relevant period.

2.2                    **Interpretation**

- (a)            Whenever the Board or, where applicable, the Committee is to exercise discretion in the administration of the terms and conditions of this Plan, the term “discretion” means the sole and absolute discretion of the Board or the Committee, as the case may be.
- (b)            As used herein, the terms “Article”, “Section”, “Subsection” and “clause” mean and refer to the specified Article, Section, Subsection and clause of this Plan, respectively.
- (c)            Words importing the singular include the plural and vice versa and words importing any gender include any other gender.

(d) Unless otherwise specified, all references to money amounts are to U.S. currency.

(e) Wherever in this Plan reference is made to generally accepted accounting principles (“GAAP”), such reference shall be deemed to be to accounting principles generally accepted for financial reporting in the United States of America, as recognized in the opinions, statements or other pronouncements of the American Institute of Certified Public Accountants and/or the Financial Accounting Standards Board, applied on a basis consistent with preceding periods.

### **ARTICLE 3** **ADMINISTRATION**

#### **3.1           Administration**

Subject to Sections 3.2 and 5.2(a), this Plan will be administered by the Board and the Board has sole and complete authority, in its discretion, to:

- (a) determine the individuals (from among the Participants) to whom Options or Units may be granted;
- (b) grant Options or Units in such amounts and, subject to the provisions of this Plan, on such terms and conditions as it determines including:
  - (i) the time or times at which Options or Units may be granted;
  - (ii) the Exercise Price, in the case of Options, subject to Section 4.2;
  - (iii) the time or times when each Option becomes exercisable and, subject to Section 4.3, the duration of the Exercise Period;
  - (iv) the time or times when each Unit will vest and whether a grant or vest of Unit is subject to the attainment of Performance Goals;
  - (v) the form of payment to a Unitholder in satisfaction of a vested Unit as contemplated in Section 5.3(a);
  - (vi) whether restrictions or limitations are to be imposed on the Common Shares and the nature of such restrictions or limitations, if any; and
  - (vii) any acceleration of exercisability or vesting (as the case may be) or waiver of termination regarding any Option or Unit, based on such factors as the Board may determine;
- (c) interpret this Plan and adopt, amend and rescind administrative guidelines and other rules and regulations relating to this Plan; and
- (d) make all other determinations and take all other actions necessary or advisable for the implementation and administration of this Plan.

The Board’s determinations and actions within its authority under this Plan are conclusive and binding on the Company and all other persons. The day-to-day administration of this Plan may be delegated to such officers and employees of the Company or of a Related Entity as the Board determines.

**3.2                    Delegation to Committee**

To the extent permitted by applicable law, the Board may, from time to time, delegate to a committee (the “Committee”) of the Board all or any of the powers conferred on the Board under this Plan. In such event, the Committee will exercise the powers delegated to it by the Board in the manner and on the terms authorized by the Board. Any decision made or action taken by the Committee arising out of or in connection with the administration or interpretation of this Plan in this context is final and conclusive. Notwithstanding anything to the contrary contained herein, each Option or Unit intended to comply with Section 162(m) of the Code shall be granted by the Compensation Committee comprised solely of two or more “outside directors” (within the meaning of Section 162(m) of the Code) and such committee shall have all of the powers of the Board hereunder with respect to grants of Options or Units intended to comply with Section 162(m) of the Code; *provided, however*, that failure of an Option or Unit to be approved in a manner that satisfies the requirements of Section 162(m) of the Code shall not cause the Option or the Unit to be void.

**3.3                    Eligibility**

All Employee Participants, Executive Participants and Consultant Participants are eligible to participate in this Plan, subject to Subsections 4.6(b) and 4.7(f), 5.7(d) and 5.8(c). Eligibility to participate does not confer upon any Participant any right to be granted Options or Units pursuant to this Plan. Subject to Sections 3.2 and 5.2(a), the extent to which any Participant is entitled to be granted Options or Units pursuant to this Plan will be determined in the discretion of the Board, provided however that the following restrictions shall also apply to this Plan:

- (a)      the number of Common Shares reserved for Insiders issuable from treasury, at any time, under this Plan and under any other security based compensation arrangements, will not exceed 10% of issued and outstanding Common Shares of the Company;
- (b)      the number of Common Shares issued from treasury to Insiders, within any one year period, under this Plan and under any other security based compensation arrangements, will not exceed 10% of issued and outstanding Common Shares of the Company;
- (c)      the total number of Options and Units in aggregate granted pursuant to this Plan to any one Participant during any calendar year must not exceed 20% of the total number of Options and Units in aggregate granted pursuant to this Plan during such calendar year;
- (d)      the number of Common Shares to be issued from treasury under this Plan to any one Participant during each calendar year during the term of the Plan shall not

exceed the lesser of (i) 5% of the issued and outstanding Common Shares or (ii) 7,987,450 Common Shares of the Company;

- (e) the number of Common Shares reserved for issuance and issued from treasury pursuant to this Plan to any one Participant at any time must not exceed 25% of the total number of Common Shares that may be issued from treasury under this Plan; and
- (f) the maximum number of Common Shares issuable from treasury in respect of Units that are subject to Performance Goals, during any calendar year, to any one Participant, shall be 90,000 Common Shares (subject to any decrease pursuant to Sections 7.2 and 7.3); provided, however, that if the Performance Period is less than three consecutive fiscal years, the maximum number of Common Shares above shall be determined by multiplying 90,000 by a fraction, the numerator of which is the number of days in the Performance Period and the denominator of which is 1095.

For purposes of this Section, the term “security based compensation arrangements” has the meaning set forth in the TSX Company Manual.

### **3.4 Total Common Shares Subject to Options and Units**

(a) The aggregate number of Common Shares that may be issued from treasury pursuant to the exercise of Options and vesting of Units must not exceed 12,000,000 Common Shares. No Option or Unit may be granted if such grant would have the effect of causing the total number of Common Shares subject to Options and Units that may be issued from treasury to exceed the above-noted total number of Common Shares reserved for issuance pursuant to the exercise of Options and vesting of Units.

(b) Notwithstanding Section 3.4(a), the aggregate number of Common Shares that may be issued from treasury pursuant to the vesting of Units must not exceed 40% of Common Shares reserved for issuance under the Plan as set out in Section 3.4(a). No Unit may be granted if such grant would have the effect of causing the total number of Common Shares subject to Units that may be issued from treasury to exceed such limit.

(c) To the extent Options or Units terminate for any reason prior to exercise or vesting in full (as the case may be) or are surrendered for cancellation or otherwise, and to the extent Units are settled in Common Shares provided by the Company through market purchases or in a cash amount paid to the Unitholder (as contemplated in Section 5.3), the Common Shares subject to such Options or Units that may be issued from treasury shall, to the extent such Common Shares have been deducted, be added back to the number of Common Shares reserved for issuance under this Plan as set out in Sections 3.4(a) and 3.4(b) and such Common Shares will again become available for issuance from treasury under this Plan.

### **3.5 Option Agreements and Unit Agreements**

All grants of Options and Units under Section 4.1 and Section 5.1 of this Plan, respectively, will be evidenced by Option Agreements or Unit Agreements (as the case may be).

Such Option Agreements and Unit Agreements will be subject to the applicable provisions of this Plan and will contain such provisions as are required by this Plan and any other provisions that the Board may direct. Any one officer of the Company is authorized and empowered to execute and deliver, for and on behalf of the Company, an Option Agreement to each Optionholder and a Unit Agreement to each Unitholder.

**3.6                    Transferability**

(a)            Subject to Sections 3.6(b), 3.6(c), 4.6 and 5.7 and, in the case of Options, the rules and policies of any stock exchange on which the Common Shares are listed, Options or Units granted under this Plan may only be exercised or may only vest (as the case may be) during the lifetime of the Individual Optionholder or the Individual Unitholder (as the case may be) by such Individual Optionholder or Individual Unitholder personally. Except to the extent permitted herein and, in the case of Options, by such rules and applicable law, no assignment or transfer of Options or Units, whether voluntary, involuntary, by operation of law or otherwise, vests any interest or right in such Options or Units whatsoever in any assignee or transferee and immediately upon any assignment or transfer, or any attempt to make the same, such Options or Units will terminate and be of no further force or effect. If any Individual Optionholder (the “Original Optionholder”) has transferred Options to a corporation pursuant to this Section 3.6 when such transfer is permitted herein and by applicable rules or law, such Options will terminate and be of no further force or effect if at any time the Original Optionholder should cease to own all of the issued shares of such corporation.

(b)            Notwithstanding Section 3.6(a) and subject to Section 3.6(c), the Board will consider in good faith any request by an Optionholder for consent to assign or transfer any Options of the Optionholder and, in making a determination as to whether to consent to such assignment or transfer, the Board will consider whether such assignment or transfer is consistent with the purposes of this Plan, including without limitation to assist the Company in attracting, retaining and motivating key employees, officers and directors, and may attach such terms and conditions to such consent as the Board determines in good faith.

(c)            Notwithstanding Sections 3.6(a) and 3.6(b), no assignment or transfer as would otherwise be permitted pursuant to such sections may occur where such assignment or transfer is to be made for consideration.

**ARTICLE 4**  
**GRANT OF OPTIONS**

**4.1                    Grant of Options**

The Board may, from time to time, subject to the provisions of this Plan and such other terms and conditions as the Board may determine, grant Options to any Participant. In determining whether to make such a grant the Board or its Committee, will consider the Participant’s achievement of performance objectives under the Company’s long term incentive program, the achievement by the Company of its strategic goals and objectives and the contribution that Participant has made, or in the case of a new Participant, the contribution that Participant is expected to make in furtherance of the Company’s overall goals.

#### **4.2                    Exercise Price**

(a)        The purchase price of Common Shares purchasable under any Option will be as determined by the Board but in any event will be no less than the Market Price of the Common Shares.

(b)        Except pursuant to Sections 7.2 or 7.3, no Option may be amended to reduce the Exercise Price of the Option below the Exercise Price as of the Date of Grant, nor will any options be cancelled and replaced with new options with a lower Exercise Price, without shareholder approval.

#### **4.3                    Term of Options**

(a)        Subject to any accelerated termination as set forth in this Plan, each Option expires on the fifth anniversary of the Date of Grant.

(b)        If the term of an Option held by an Optionholder expires during a Blackout Period, then the term of such Option or unexercised portion thereof shall be extended and shall expire on the tenth Business Day following the end of the Blackout Period.

#### **4.4                    Exercise Period**

(a)        Options will vest and be exercisable in the manner determined by the Board and specified in the applicable Option Agreement.

Once an Option becomes exercisable, it remains exercisable until expiration or termination of the Option, unless otherwise specified by the Board in connection with the grant of such Option or pursuant to Section 6.1. Each Option or instalment may be exercised at any time or from time to time, in whole or in part, for up to the total number of Common Shares with respect to which it is then exercisable. The Board has the right to accelerate the date upon which any instalment of any Option becomes exercisable.

(b)        Provided that an Optionholder has been employed by the Company or a Related Entity for at least ten (10) consecutive years, provided that the sum of the Optionholder's age and the Optionholder's years of service with the Company or a Related Entity equals or exceeds "70", upon the Retirement, death, Disability or termination (other than in the case of termination for cause, in which case, for greater certainty, the provisions of this Section 4.4(b) shall not apply), all of the unvested Options held by such Optionholder shall immediately vest and become exercisable pursuant to the terms of this Plan. Notwithstanding Sections 4.6 and 4.7, all such vested Options shall expire on the earlier of (a) the expiration of the term of such options, and (b) one year following the date of Retirement, death or Disability or the Termination Date, as applicable. For the purposes of this section, an Optionholder's employment with the Company or a Related Entity ends on the Termination Date.

(c)        Unless otherwise determined by the Board at grant, the Option Agreement shall provide that (i) in the event the Participant engages in a Detrimental Activity prior to any exercise of the Option, all Options held by the Participant shall thereupon terminate and expire, (ii) as a condition of the exercise of a Option, the Participant shall be deemed to have certified at

the time of exercise that the Participant is in compliance with the terms and conditions of the Plan and that the Participant has not engaged in, and does not intend to engage in, any Detrimental Activity, and (iii) in the event the Participant engages in a Detrimental Activity during the one-year period commencing on the date the Option is exercised, the Company shall be entitled to recover from the Participant at any time within one year after such exercise, and the Participant shall pay over to the Company, an amount equal to any gain realized as a result of the exercise of the Option (whether at the time of exercise or thereafter). The Company's rights in subsection (iii) shall also apply if it is determined that the Participant's deemed certification pursuant to subsection (ii) was untrue. This Section 4.4(c) shall cease to apply upon a Change in Control.

**4.5                    Payment of Exercise Price**

The Exercise Notice must be accompanied by payment in full of the purchase price for the Common Shares to be purchased. The Exercise Price must be fully paid in cash, or by certified cheque, bank draft or money order payable to the Company or by such other means as might be specified from time to time by the Board. No Common Shares will be issued or transferred until full payment therefor has been received by the Company. As soon as practicable after receipt of any Exercise Notice and full payment, the Company will deliver to the Optionholder a certificate or certificates representing the acquired Common Shares.

**4.6                    Retirement, Death or Disability of Optionholder**

If an Individual Optionholder dies or becomes Disabled while an employee, director or officer of the Company or a Related Entity or if the employment or term of office of the Individual Optionholder with the Company or a Related Entity terminates due to Retirement:

- (a) the executor or administrator of the Individual Optionholder's estate or the Individual Optionholder, as the case may be, may exercise any Options of the Optionholder to the extent that the Options were exercisable at the date of such death, Disability or Retirement and the right to exercise such Options terminates on the earlier of: (i) the date that is 180 days from the date of the Individual Optionholder's death, Disability or Retirement; and (ii) the date on which the Exercise Period of the particular Option expires. Any Options held by the Optionholder that were not exercisable at the date of death, Disability or Retirement immediately expire and are cancelled on such date; and
- (b) such Optionholder's eligibility to receive further grants of Options under the Plan ceases as of the date of the Individual Optionholder's death, Disability or Retirement, as the case may be.

**4.7                    Termination of Employment or Services**

(a) Where, in the case of an Employee Participant or Executive Participant, an Individual Optionholder's employment or term of office with the Company or a Related Entity ceases by reason of the Individual Optionholder's death, Disability or Retirement, then the provisions of Section 4.6 will apply.

(b) Where, in the case of an Employee Participant or Executive Participant, an Individual Optionholder's employment or term of office terminates by reason of: (i) termination by the Company or a Related Entity without cause; or (ii) voluntarily resignation by the Optionholder, then any Options held by the Optionholder that are exercisable at the Termination Date continue to be exercisable by the Optionholder until the earlier of: (A) the date that is 60 days after the Termination Date; and (B) the date on which the Exercise Period of the particular Option expires. Any Options held by the Optionholder that are not exercisable at the Termination Date immediately expire and are cancelled on the Termination Date.

(c) Where, in the case of an Employee Participant or Executive Participant, an Individual Optionholder's employment or term of office is terminated by the Company or a Related Entity for cause, then any Options held by the Optionholder, whether or not exercisable at the Termination Date, immediately expire and are cancelled on such date at a time determined by the Board, in its sole discretion.

(d) Where, in the case of a Consultant Participant, an Optionholder's consulting agreement or arrangement terminates by reason of: (i) termination by the Company or a Related Entity for any reason whatsoever other than for breach of the consulting agreement or arrangement (whether or not such termination is effected in compliance with any termination provisions contained in the Optionholder's consulting agreement or arrangement); or (ii) voluntarily termination by the Individual Optionholder; or (iii) the death or Disability of the Individual Optionholder, then any Options held by the Optionholder that are exercisable at the Termination Date, or at the date of the death or Disability of the Individual Optionholder, as the case may be, continue to be exercisable by the Optionholder until the earlier of: (A) the date that is 60 days from the Termination Date, or from the date of the death or Disability of the Individual Optionholder, as the case may be; and (B) the date on which the Exercise Period of the particular Option expires. Any Options held by the Optionholder that are not exercisable at the Termination Date, or at the date of the death or Disability of the Individual Optionholder, as the case may be, immediately expire and are cancelled on such date.

(e) Where, in the case of a Consultant Participant, an Optionholder's consulting agreement or arrangement is terminated by the Company or a Related Entity for breach of the consulting agreement or arrangement (whether or not such termination is effected in compliance with any termination provisions contained in Optionholder's consulting agreement or arrangement), then any Options held by the Optionholder, whether or not such Options are exercisable at the Termination Date, immediately expire and are cancelled on the Termination Date at a time determined by the Board, in its discretion.

(f) An Optionholder's eligibility to receive further grants of Options under the Plan ceases as of the date that the Company or a Related Entity, as the case may be, provides the Optionholder with written notification that the Individual Optionholder's employment, term of office, consulting agreement or arrangement, as the case may be, is terminated, notwithstanding that such date may be prior to the Termination Date.

(g) Notwithstanding Subsections 4.7(b) and 4.7(d), unless the Board, in its discretion, otherwise determines, at any time and from time to time, Options are not affected by a change of employment or consulting arrangement within or among the Company or one or more Related

Entities for so long as the Participant continues to be any of an Employee Participant, a Consultant Participant or an Executive Participant.

**4.8                      Discretion to Permit Exercise**

Notwithstanding the provisions of Sections 4.6 and 4.7, the Board may, in its discretion, at any time prior to or following the events contemplated in such sections, permit the exercise of any or all Options held by the Optionholder in the manner and on the terms authorized by the Board, provided that the Board will not, in any case, authorize the exercise of an Option pursuant to this section beyond the expiration of the Exercise Period of the particular Option.

**ARTICLE 5**  
**GRANT OF UNITS**

**5.1                      Grant and Vest of Units**

(a)            Subject to Sections 3.2 and 5.2(a), the Board may, from time to time, subject to the provisions of this Plan and such other terms and conditions as the Board may determine, grant Units to any Participant. Units may be granted as Canadian Units or as U.S. Units. A Unitholder shall be notified in writing by the Company in respect of each grant and such grant shall be evidenced by a Unit Agreement between the Company and the Unitholder.

(b)            Subject to Sections 5.1(c), 5.1(d), 5.2(a), 6.1(c) and 7.4 and the applicable termination and any other acceleration provisions set forth in this Plan and unless provided otherwise in the applicable Unit Agreement, each Unit granted to a Unitholder shall vest on the third anniversary date of the Date of Grant.

(c)            If a Unit held by a Unitholder vests during a Blackout Period, then the Vesting Date of such Unit shall be extended to the first Business Day following the end of the Blackout Period.

(d)            Provided that a Unitholder has been employed by the Company or a Related Entity for at least ten (10) consecutive years, provided that the sum of the Unitholder's age and the Unitholder's years of service with the Company or a Related Entity equals or exceeds "70", upon the Retirement, death, Disability or termination (other than in the case of termination for cause, in which case, for greater certainty, the provisions of this Subsection 5.1(d) shall not apply), all of the unvested Units held by such Unitholder shall immediately vest. For the purposes of this section, a Unitholder's employment with the Company or a Related Entity ends on the Termination Date.

**5.2                      Performance Goals**

(a)            The Board may condition the granting or vesting of Units upon the attainment of specified performance goals including, without limitation, the Performance Goals, or such other factors as the Board may determine in its sole discretion. If the Unit is intended to comply with

Section 162(m) of the Code, the grant of Units and the Performance Goals shall be set by the Compensation Committee in its sole discretion.

(b) In connection with the granting of any Unit intended to comply with Section 162(m) of the Code, the Compensation Committee shall establish the Performance Goals in writing prior to the beginning of the applicable Performance Period. Such Performance Goals may incorporate provisions for disregarding (or adjusting for) changes in accounting methods, corporate transactions (including, without limitation, dispositions and acquisitions) and other similar type events or circumstances while the outcome of the Performance Goals is substantially uncertain. To the extent any Unit is intended to comply with the provisions of Section 162(m) of the Code, if any provision would create impermissible discretion under Section 162(m) of the Code or otherwise violate Section 162(m) of the Code, such provision shall be of no force or effect.

(c) As applicable, if a Unit is designed to vest upon the achievement of Performance Goals during a Performance Period, at the expiration of the Performance Period, the Compensation Committee shall determine and certify in writing the extent to which the Performance Goals have been achieved.

(d) Upon a determination by the Board or the Compensation Committee that a Unitholder has failed to attain specified performance goals, any unvested Units whose vesting is contingent upon the attainment of such goals including, without limitation, the Performance Goals, shall be forfeited immediately upon such determination and thereafter be of no further force and effect.

(e) To the extent any Unit is intended to comply with Section 162(m) of the Code and in the event that any objective Performance Goals are used, if any measurements require deviation from GAAP, such deviation shall be at the discretion of the Compensation Committee at the time the Performance Goals are set or at such later time to the extent permitted under Section 162(m) of the Code.

### **5.3 Unit Rights**

(a) The Board shall have the sole discretion to make the determination concerning the form of payment to a Unitholder as contemplated in paragraphs (b) and (c) below.

(b) Each vested Unit pursuant to the provisions of the Plan shall represent the right to receive one Common Share to be delivered on the Vesting Date or as soon as practicable thereafter (provided that the Vesting Date does not occur during the Blackout Period), to be issued from treasury or provided by the Company through market purchases. Such market purchases, if any, shall be effected in such manner as is determined by the Board in its sole discretion and the costs in connection therewith shall be borne by the Company.

(c) Unless otherwise specified in the Unit Agreement, the Company may, in lieu of all or a portion of the Common Shares which would otherwise be issued or provided to a Unitholder, elect to pay a cash amount to a Unitholder equivalent to the Market Price of one Common Share for each vested Unit, to be paid on the Vesting Date or as soon as practicable thereafter, provided that the Vesting Date does not occur during the Blackout Period.

(d) Unless otherwise determined by the Board at the Date of Grant, the Unit Agreement shall provide that (i) in the event the Participant engages in a Detrimental Activity prior to any vesting of a Unit, all Units held by the Participant shall thereupon terminate and be cancelled, (ii) as a condition of the vesting and payment of a Unit, the Participant shall be deemed to have certified at the time of vesting that the Participant is in compliance with the terms and conditions of the Plan and that the Participant has not engaged in, and does not intend to engage in, any Detrimental Activity, and (iii) in the event the Participant engages in a Detrimental Activity during the one-year period commencing on the date the Unit vests, the Company shall be entitled to recover from the Participant at any time within one year after such vesting, and the Participant shall pay over to the Company, an amount equal to the Market Price of the Common Shares and/or the cash amount paid to the Unitholder, together with any other gain realized as a result of the vesting of the Unit, issuance of the Common Shares and/or payment of the cash amount (whether at the time of vesting or thereafter). The Company's rights in subsection (iii) shall also apply if it is determined that the Participant's deemed certification pursuant to subsection (ii) was untrue. This Subsection 5.3(d) shall cease to apply upon a Change in Control.

**5.4                    Unit Account**

A separate account, to be known as a "Unit Account", shall be maintained on the books of the Company for each Unitholder, recording the number of Units standing to the credit of a Unitholder from time to time.

**5.5                    Dividends**

Except as otherwise determined by the Board on the Date of Grant, a Unitholder's Unit Account shall, until the Vesting Date or termination and cancellation or forfeiture of the Units pursuant to the terms of the Plan, be allocated additional Units on the payment date of dividends on the Company's Common Shares, the number of which shall be the quotient determined by dividing: (a) the total amount of the dividends (excluding stock dividends but including dividends which may be paid in cash or Common Shares at the option of the shareholder) declared and that would have been paid to the Unitholder if the Units in his or her Unit Account on the relevant record date for dividends on the Common Shares had been Common Shares by (b) the closing price of the Common Shares on the TSX, NYSE or other exchange where the majority of the trading volume and value of the Common Shares occurs on the payment date of such dividends. Fractional Units shall not be granted pursuant to this Section 5.5. Any such additional Units shall have the same Vesting Dates and vest in accordance with the same terms as the Units in respect of which such additional Units are credited.

**5.6                    Voting Rights**

Subject to Section 8.5, a Unitholder shall not have the right or be entitled to exercise any voting rights or be entitled to any other rights as a shareholder of the Company in respect of any Units.

- (a) In the case of an Employee Participant or Executive Participant, provided that the Individual Unitholder has been continuously employed by the Company or a Related Entity for a 12-month period following the Date of Grant of Units, if the employment or term of the office of the Individual Unitholder with the Company or a Related Entity terminates prior to the vesting of such Units due to Retirement, then such Units shall vest on the Vesting Date (subject to the attainment of performance goals and any other factors, if any, as determined by the Compensation Committee in its sole discretion), provided that the number of Units which shall vest on the Vesting Date shall be prorated by multiplying the number of unvested Units by the number of days from but excluding the Date of Grant to and including the Vesting Date during which the Individual Unitholder has been providing active service to the Company or a Related Entity, divided by the total number of days from but excluding the Date of Grant to and including the Vesting Date. Any remaining unvested Units shall be cancelled on the date of Retirement. If the Individual Unitholder has not been so continuously employed by the Company or a Related Entity for such 12-month period, then all unvested Units shall be cancelled on the date of Retirement.
- (b) In the case of an Employee Participant, Executive Participant or Consultant Participant, if an Individual Unitholder dies while an employee, director or officer of, or while a consultant to, the Company or a Related Entity, as applicable, and prior to the vesting of Units, then such Units shall vest on the date of death (subject to the attainment of performance goals and any other factors, if any, as determined by the Compensation Committee in its sole discretion), provided that the number of Units which shall vest on such date shall be prorated by multiplying the number of unvested Units by the number of days from but excluding the Date of Grant to and including the date of death during which the Individual Unitholder had provided active service to the Company or a Related Entity, divided by the total number of days from but excluding the Date of Grant to and including the Vesting Date. The payment in respect of the vested Units, whether in form of Common Shares, cash or both, shall be made by the Company to the Unitholder’s designated beneficiary specified in the Unit Agreement as soon as practicable after the date of death. Any remaining unvested Units shall be cancelled on the date of death.
- (c) In the case of an Employee Participant, Executive Participant or Consultant Participant, if an Individual Unitholder becomes Disabled while an employee, director or officer of, or while a consultant to, the Company or a Related Entity, as applicable, and prior to the vesting of Units, then such Units shall vest on the date of Disability (subject to the attainment of performance goals and any other factors, if any, as determined by the Compensation Committee in its sole discretion), provided that the number of Units which shall vest on such date shall be prorated by multiplying the number of unvested Units by the number of days from but excluding the Date of Grant to and including the date of Disability during which the Individual Unitholder had provided active service to the Company or a Related Entity, divided by the total number of days from but excluding the Date of Grant to and including the Vesting Date. Any remaining unvested Units shall be cancelled on the date of Disability.
- (d) A Unitholder’s eligibility to receive further grants of Units under the Plan ceases as of the date of the Individual Unitholder’s death, Disability or Retirement, as the case may be, except that a Unitholder whose eligibility ceases as a result of Disability shall be eligible to

participate in the Plan upon his or her resumption of active employment with, or as an active consultant to, the Company or a Related Entity, as applicable.

**5.8                    Termination of Employment or Services and Voluntary Resignations or Terminations**

(a)        Where (i) in the case of an Employee Participant or Executive Participant, an Individual Unitholder’s employment or term of office is terminated by the Company or a Related Entity without cause, or (ii) in the case of a Consultant Participant, a Unitholder’s consulting agreement or arrangement is terminated by the Company or a Related Entity for any reason whatsoever other than for breach of the consulting agreement or arrangement (whether or not such termination is effected in compliance with any termination provisions contained in the Unitholder’s consulting agreement or arrangement), and in the case of clauses (i) or (ii), such termination is prior to the vesting of Units, then such Units shall vest on the Termination Date (subject to the attainment of performance goals and any other factors, if any, as determined by the Compensation Committee in its sole discretion), provided that the number of Units which shall vest on such date shall be prorated by multiplying the number of unvested Units by the number of days from but excluding the Date of Grant to and including the Termination Date during which the Individual Unitholder had provided active service to the Company or a Related Entity, divided by the total number of days from but excluding the Date of Grant to and including the Vesting Date. Any remaining unvested Units shall be cancelled and forfeited on the Termination Date.

(b)        Where (i) in the case of an Employee Participant or Executive Participant, an Individual Unitholder’s employment or term of office is terminated (A) by reason of the Individual Unitholder’s voluntary resignation or (B) by the Company or a Related Entity for cause, or (ii) in the case of a Consultant Participant, a Unitholder’s consulting agreement or arrangement is terminated (A) by reason of the Individual Unitholder’s voluntary termination or (B) by the Company or a Related Entity for breach of the consulting agreement or arrangement (whether or not such termination is effected in compliance with any termination provisions contained in the Unitholder’s consulting agreement or arrangement), then any Units that are unvested on the date of such termination or resignation shall be forfeited and cancelled on the Termination Date.

(c)        An Individual Unitholder’s eligibility to receive further grants of Units under the Plan ceases as of the date that the Company or a Related Entity, as the case may be, provides the Individual Unitholder with written notification that the Individual Unitholder’s employment, term of office, consulting agreement or arrangement, as the case may be, is terminated, notwithstanding that such date may be prior to the Termination Date.

(d)        Notwithstanding Sections 5.8(a) and (b), unless the Board, in its discretion, otherwise determines, at any time and from time to time, Units are not affected by a change of employment or consulting arrangement within or among the Company or one or more Related Entities for so long as the Participant continues to be any of an Employee Participant, a Consultant Participant or an Executive Participant.

**5.9                    Leave of Absence**

- (a)        In the case of an Employee Participant or Executive Participant, where an Individual Unitholder’s employment or term of office is suspended by reason of a leave of absence required under applicable law (including employment law), any unvested Units on the date of such suspension shall vest on the Vesting Date (subject to the attainment of performance goals and any other factors, if any, as determined by the Compensation Committee in its sole discretion) as if such leave of absence had not occurred.
- (b)        In the case of an Employee Participant or Executive Participant, provided that the Individual Unitholder has been continuously employed by the Company or a Related Entity for a 12-month period following the Date of Grant of Units, where an Individual Unitholder’s employment or term of office is suspended by reason of a personal leave of absence approved by the Company, any unvested Units on the date of such suspension shall vest on the Vesting Date (subject to the attainment of performance goals and any other factors, if any, as determined by the Compensation Committee in its sole discretion) as if such leave of absence had not occurred. If the Individual Unitholder had not been so continuously employed by the Company or a Related Entity for such 12-month period, then all unvested Units as at the day prior to the commencement of the leave of absence shall be cancelled on that date. Such Individual Unitholder shall be eligible to participate in the Plan upon his or her resumption of active employment with the Company or a Related Entity.

**5.10                  Discretion to Permit Vesting**

Notwithstanding the provisions of Sections 5.7 to 5.9, the Board may, in its discretion, at any time prior to or following the events contemplated in such sections, provide for the vesting of any or all Units held by the Unitholder in the manner and on the terms authorized by the Board.

**ARTICLE 6  
CHANGE IN CONTROL**

**6.1                    Change in Control**

Subject to the terms of any employment or consulting agreement with any Participant entered into by the Company or a Related Entity:

- (a)        Notwithstanding anything else in this Plan or any Option Agreement or Unit Agreement, the Board may, without the consent of any Optionholder or Unitholder, take such steps as are necessary or desirable to cause the conversion or exchange of any outstanding Options or Units into or for cash or options, units, rights or other securities of substantially equivalent value (or greater value), as determined by the Board in its discretion, in any entity participating in or resulting from a “Change in Control” (as defined below).
- (b)        Upon the Company entering into an agreement relating to, or otherwise becoming aware of, a transaction which, if completed, would result in a Change in Control, the Company shall give written notice of the proposed transaction to the Optionholders and the Unitholders,

together with a description of the effect of such Change in Control on outstanding Options and Units, not less than ten (10) Business Days prior to the closing of the transaction resulting in the Change of Control.

(c) The Board may, in its sole discretion, accelerate the vesting of any or all outstanding Options or Units to provide that, notwithstanding Sections 4.4, 5.1, 5.2 or any Option Agreement or Unit Agreement, such outstanding Options or Units shall be fully vested and, in the case of Options, exercisable conditional upon (or prior to) the completion of the transaction resulting in the Change in Control provided that the Board shall not, in any case, authorize the exercise of Options pursuant to this section beyond the Expiry Date of the Options. If the Board elects to accelerate the vesting of the Options, then if any of the Options are not exercised on or prior to completion of the transaction resulting in the Change in Control, such unexercised Options shall terminate and expire upon the completion of the transaction resulting in the Change in Control. If, for any reason, the transaction which would result in the Change in Control is not completed, the acceleration of the vesting of the Options and Units shall be retracted and vesting shall instead revert to the manner provided in Sections 4.4, 5.1 and 5.2.

(d) To the extent that the transaction resulting in a Change in Control is a capital reorganization, arrangement, amalgamation or reclassification of the share capital of the Company and the Board does not accelerate the vesting of Options or Units pursuant to Subsection 6.1(c) or take action pursuant to 6.1(a), the Company shall make reasonable efforts to ensure that, upon completion of the proposed transaction resulting in the Change in Control, the number and kind of shares subject to outstanding Options and Units and/or the Exercise Price per share of Options shall be appropriately adjusted in such manner as the Board considers equitable to prevent substantial dilution or enlargement of the rights granted to Optionholders and Unitholders. The Board may make changes to the terms of the Options, the Units or this Plan to the extent necessary or desirable to comply with any rules, regulations or policies of any stock exchange on which the Common Shares are listed, provided that the value of previously granted Options and Units, as determined by the Board in its discretion, and the rights of Optionholders and Unitholders are not materially adversely affected by any such changes.

(e) If any individual, corporation or other entity (an “Acquiror”) makes an offer to purchase all of the Common Shares (an “Offer”) and the Offer is accepted by all of the holders of Common Shares (or by a sufficient number of holders such that the Acquiror may statutorily acquire the balance of the outstanding Common Shares), each Optionholder shall be required to either (i) exercise all vested Options held and sell the Common Shares which they acquire pursuant to such exercise of Options then owned by them to the Acquiror on the same terms and conditions as set out in the Offer; or (ii) have such vested Options cancelled. In the event that the Board does not elect to accelerate Options or Units pursuant to Subsection 6.1(c) any unvested Options or Units then held by any Optionholder or Unitholder (as the case may be) shall terminate and expire on the date that the Acquiror completes its acquisition of Common Shares.

(f) For purposes of this Section 6.1, a “Change in Control” means the happening of any of the following events:

- (i) the completion of a transaction pursuant to which (A) the Company goes out of existence or (B) any Person, or any Associate or Related Entity of such Person (other than the Company, any trustee or other fiduciary holding securities under any employee benefit plan of the Company or a Related Entity, or any company owned, directly or indirectly, by the shareholders of the Company in substantially the same proportions as their ownership of Common Shares of the Company) hereafter acquires the direct or indirect “beneficial ownership” (as defined by the CBCA) of securities of the Company representing 50% or more of the aggregate voting power of all of the Company’s then issued and outstanding securities following which the Chairman of the Board of the Company prior to the transaction taking place is not the Chairman of the board of directors of the resulting company;
- (ii) the lease, exchange, license, sale or other similar disposition of all or substantially all of the Company’s assets in one transaction or a series of related transactions to an entity following which the Chairman of the Board of the Company prior to the transaction taking place is not the Chairman of the board of directors of such entity, or if such entity is not a corporation, the Chairman of the Board of the Company prior to the transaction taking place does not hold a position with such entity entitling him to perform functions similar to those performed by the chairman of a board of directors of a corporation;
- (iii) the dissolution or liquidation of the Company except in connection with the distribution of assets of the Company to one or more Persons which were Related Entities prior to such event;
- (iv) during any period of 30 consecutive months beginning on or after the date of this Plan, the persons who were members of the Board immediately before the beginning of such period (the “Incumbent Directors”) cease (for any reason other than death) to constitute at least a majority of the Board or the board of directors of any successor to the Company, provided that any director who was not a director as of the date of this Plan shall be deemed to be an Incumbent Director if such director is elected to the Board by, or on the recommendation of or with the approval of, at least two-thirds of the directors who then qualified as Incumbent Directors either actually or by prior operation of the foregoing unless such election, recommendation or approval occurs as a result of an actual or threatened election contest or other actual or threatened solicitation of proxies or contests by or on behalf of a Person other than a member of the Board; or
- (v) a merger, amalgamation, arrangement or consolidation of the Company with any other corporation following which the Chairman of the Board of the Company prior to the transaction taking place is no longer chairman of the Board of the Company, other than a merger, amalgamation, arrangement or consolidation that would result in the voting securities of

the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger, amalgamation, arrangement or consolidation; provided, however, that a merger, amalgamation, arrangement or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no Person (other than those covered by the exceptions in (i) above) acquires more than 50% of the combined voting power of the Company's then outstanding securities shall not constitute a Change in Control.

(g) If the Board elects to accelerate the vesting of any or all outstanding Options and Units immediately prior to the completion of a transaction resulting in a Change in Control, it may also determine that all such outstanding Options or Units will be purchased by the Company or a Related Entity at the "Change in Control Price" (as defined below), and, in the case of Options, less the applicable Exercise Price for such Options, as of the date such Change in Control is determined to have occurred or as of such other date prior to the Change in Control as the Board may determine. However, outstanding Options may only be purchased by the Company or a Related Entity, as described above, if the Change in Control Price is higher than the Exercise Price for such outstanding Options.

For purposes of this Subsection 6.1(g), "Change in Control Price" means the highest price per Common Share paid in any transaction reported on a stock exchange or paid or offered in any bona fide transaction related to a potential or actual Change in Control at any time during the five trading days (or if the Common Shares are not listed on any stock exchange, during the three month period) preceding the Change in Control, as determined by the Board.

**ARTICLE 7**  
**SHARE CAPITAL ADJUSTMENTS**

**7.1            General**

The existence of any Options or Units does not affect in any way the right or power of the Company or its shareholders to make, authorize or determine any adjustment, recapitalization, reorganization or any other change in the Company's capital structure or its business, or any amalgamation, combination, merger or consolidation involving the Company, to create or issue any bonds, debentures, Common Shares or other securities of the Company or to determine the rights and conditions attaching thereto, to effect the dissolution or liquidation of the Company or any sale or transfer of all or any part of its assets or business, or to effect any other corporate act or proceeding, whether of a similar character or otherwise, whether or not any such action referred to in this section would have an adverse effect on this Plan or any Option or Unit granted hereunder.

**7.2                    Reorganization of Company’s Capital**

Should the Company effect a subdivision or consolidation of Common Shares or any similar capital reorganization or a payment of a stock dividend (other than a stock dividend that is in lieu of a cash dividend), or should any other change be made in the capitalization of the Company that, in the opinion of the Board, would warrant the replacement or amendment of any existing Options or Units in order to adjust: (a) the number of Common Shares that may be acquired on the exercise of any outstanding Options or vesting of any outstanding Units; and/or (b) the Exercise Price of any outstanding Options in order to preserve proportionately the rights and obligations of the Optionholders, the Board will authorize such steps to be taken as may be equitable and appropriate to that end.

**7.3                    Other Events Affecting the Company**

In the event of an amalgamation, combination, merger or other reorganization involving the Company by exchange of Common Shares, by sale or lease of assets or otherwise, that, in the opinion of the Board, warrants the replacement or amendment of any existing Options or Units in order to adjust: (a) the number of Common Shares that may be acquired on the exercise of any outstanding Options or the vesting of any outstanding Units; or (b) the Exercise Price of any outstanding Options in order to preserve proportionately the rights and obligations of the Optionholders, the Board will authorize such steps to be taken as may be equitable and appropriate to that end.

**7.4                    Immediate Exercise of Options or Vesting of Units**

Where the Board determines that the steps provided in Sections 7.2 and 7.3 would not preserve proportionately the rights and obligations of the Optionholders or the Unitholders in the circumstances or otherwise determines that it is appropriate, the Board may permit the immediate exercise of any outstanding Options or vesting of any outstanding Units that are not otherwise exercisable or vested (as the case may be).

**7.5                    Issue by Company of Additional Shares**

Except as expressly provided in this Article 7, neither the issue by the Company of shares of any class or securities convertible into or exchangeable for shares of any class, nor the conversion or exchange of such shares or securities, affects, and no adjustment by reason thereof is to be made with respect to: (a) the number of Common Shares that may be acquired on the exercise of any outstanding Options or the vesting of outstanding Units; or (b) the Exercise Price of any outstanding Options.

**7.6                    Fractions**

No fractional Common Shares will be issued on the exercise of an Option or the vesting of a Unit. Accordingly, if, as a result of any adjustment under Sections 7.2 to 7.4 inclusive, an Optionholder or Unitholder would become entitled to a fractional Common Share, the Optionholder or Unitholder has the right to acquire only the adjusted number of full Common Shares and no payment or other adjustment will be made with respect to the fractional Common Shares so disregarded.

**7.7                      Conditions of Exercise or Vesting**

This Plan and each Option and Unit are subject to the requirement that if at any time the Board determines that the listing, registration or qualification of the Common Shares subject to such Option or Unit upon any stock exchange or under any provincial, state or federal law, or the consent or approval of any governmental body, stock exchange or of the holders of the Common Shares generally, is necessary or desirable, as a condition of, or in connection with, the granting of such Option or Unit or the issue or purchase of Common Shares thereunder, no such Option or Unit may be granted, exercised or vested in whole or in part unless such listing, registration, qualification, consent or approval has been effected or obtained free of any conditions not acceptable to the Board. The Optionholders and the Unitholders shall, to the extent applicable, cooperate with the Company in relation to such listing, registration, qualification, consent or other approval and shall have no claim or cause of action against the Company or any of its officers or directors as a result of any failure by the Company to obtain or to take any steps to obtain any such registration, qualification or approval.

**ARTICLE 8**  
**MISCELLANEOUS PROVISIONS**

**8.1                      Legal Requirement**

The Company is not obligated to grant any Options or Units, issue any Common Shares or other securities, make any payments or take any other action if, in the opinion of the Board, in its sole discretion, such action would constitute a violation by an Optionholder, a Unitholder or the Company of any provision of any applicable statutory or regulatory enactment of any government or government agency.

**8.2                      Conditions of Exercise or Vest**

Each Optionholder and Unitholder will, when requested by the Company, sign and deliver all such documents relating to the granting or exercise of Options or vesting of Units which the Company deems necessary or desirable. Subject to the provisions of this Plan and any Option Agreement, Options shall be exercised by means of a fully completed Exercise Notice delivered to the Company.

**8.3                      Optionholder’s and Unitholder’s Entitlement**

Except as otherwise provided in this Plan, Options and Units previously granted under this Plan, whether or not then exercisable or capable of vesting, are not affected by any change in the relationship between, or ownership of, the Company and a Related Entity. For greater certainty, all Options and Units remain valid and exercisable or capable of vesting in accordance with the terms and conditions of this Plan and are not affected by reason only that, at any time, a Related Entity ceases to be a Related Entity.

#### **8.4                    Withholding Taxes**

(a)        The exercise of each Option granted under this Plan is subject to the condition that if at any time the Company determines, in its discretion, that the satisfaction of withholding tax or withholding liabilities is required under applicable law in respect of such exercise, such exercise is not effective unless such withholding has been effected to the satisfaction of the Company. In such circumstances, the Company may require that an Optionholder pay to the Company, in addition to and in the same manner as the Exercise Price for the Common Shares, such amount as the Company is obliged to remit to the relevant taxing authority in respect of the exercise of the Option.

(b)        Any and all payments to be made to the Unitholder, or to the Unitholder's designated beneficiary in accordance with Section 5.7, whether in the form of Common Shares, cash or both, shall be made subject to the deduction of any and all applicable taxes or withholdings.

#### **8.5                    Rights of Participant/Optionholder/Unitholder**

No Participant has any claim or right to be granted an Option or Unit (including, without limitation, an Option granted in substitution for any Option that has expired pursuant to the terms of this Plan), and the granting of any Option or Unit is not to be construed as giving an Optionholder or Unitholder (as the case may be) a right to remain in the employ of the Company or a Related Entity. No Optionholder or Unitholder has any rights as a shareholder of the Company in respect of Common Shares issuable on the exercise of rights or on the vesting of Units to acquire Common Shares under any Option or Unit until the allotment and issuance to the Optionholder or Unitholder (as the case may be) of certificates representing such Common Shares.

#### **8.6                    Termination; Amendment**

(a)        This Plan will terminate and, for greater certainty, all unexercised Options and unvested Units shall terminate and expire on the earliest of:

- (i)    the date upon which no further Common Shares remain available for issuance pursuant to Options and Units which may be granted under this Plan and no Options and Units remain outstanding; and
- (ii)   upon the occurrence of a Change in Control provided that the Board accelerates the vesting of Options and Units pursuant to Section 6.1,

unless this Plan is renewed for such further period and upon such terms and conditions as the Board may determine.

(b)        Subject to Section 8.6(c), the Board may, without notice, at any time or from time to time for any purpose whatsoever, and whether in whole or in part, amend, suspend, discontinue or terminate this Plan or any provisions hereof or amend an Option or Unit granted to a Participant or a related Option Agreement or Unit Agreement, as applicable, in such respects as it, in its sole discretion, determines appropriate. No such amendment, suspension,

discontinuance or termination may, without the consent of any Optionholder, Unitholder or the representatives of his or her estate, as applicable, alter or impair any rights or obligation arising from any Option or Unit previously granted to an Optionholder or Unitholder, as applicable, under this Plan unless the Board determines that the action would not materially and adversely affect the rights of such Participant. In addition, no such action shall be undertaken that would cause a previously granted Option or Unit intended to qualify for favourable treatment under Section 162(m) of the Code to cease to so qualify.

(c) Notwithstanding anything contained herein to the contrary, no such action as is contemplated by Section 8.6(b) is effective until shareholder approval is obtained where such shareholder approval is required under Section 162(m) of the Code or the rules of the TSX and/or NYSE or the rules of any other exchange or system on which the Company's securities are listed or traded at the request of the Company. In addition, in order to become effective, shareholder approval shall be required for:

- (i) any amendment to increase the number of Common Shares reserved for issuance from treasury under the Plan;
- (ii) any amendment that would reduce the Exercise Price of an outstanding Option (including a cancellation and reissue of an Option constituting a reduction of the Exercise Price);
- (iii) any amendment to extend the term of an outstanding Option beyond the originally scheduled expiry date for that Option;
- (iv) any amendment to the eligible participants under the Plan that would permit the introduction or reintroduction of non-employee directors to participate under the Plan on a discretionary basis;
- (v) any amendment that would alter the transferability or assignability of Options or Units under the Plan; and
- (vi) any amendment to the Plan to provide for other types of compensation through equity issuance,

unless the change results from the application of Article 7 of the Plan.

(d) The shareholders' approval of an action as contemplated by Section 8.6(c), if required pursuant to the terms thereof, shall be given by approval of the holders of a majority of the Common Shares present and voting in person or by proxy at a duly called meeting of the shareholders. If required by the rules of the TSX and/or NYSE or the rules of any other exchange or system on which the Company's securities are listed or traded at the request of the Company, the votes of Common Shares held directly or indirectly by Insiders benefiting from the action shall be excluded. Options and Units may be granted under the Plan prior to the approval of the action, provided that no Common Shares may be issued pursuant to the revised terms until the shareholders' approval of the action has been obtained.

**8.7                    Indemnification**

Every Director will at all times be indemnified and saved harmless by the Company from and against all costs, charges and expenses whatsoever including any income tax liability arising from any such indemnification, that such Director may sustain or incur by reason of any action, suit or proceeding, taken or threatened against the Director, otherwise than by the Company, for or in respect of any act done or omitted by the Director in respect of this Plan, such costs, charges and expenses to include any amount paid to settle such action, suit or proceeding or in satisfaction of any judgement rendered therein.

**8.8                    Quebec Stock Savings Plan**

If the Common Shares qualify in any period for purposes of a stock savings plan under the *Taxation Act* (Quebec) (the “Act”), the Company shall so notify all Quebec resident Employee Participants and Executive Participants who are officers of the Company or of a Related Entity, whereupon any such Participant who wishes to deposit pursuant to the Act some or all of the Common Shares to be issued to them under this Plan in such period shall so indicate in the Exercise Notice.

**8.9                    Participation in the Plan**

The participation of any Participant in this Plan is entirely voluntary and not obligatory and shall not be interpreted as conferring upon such Participant any rights or privileges other than those rights and privileges expressly provided in this Plan. In particular, participation in this Plan does not constitute a condition of employment or service nor a commitment on the part of the Company to ensure the continued employment or service of such Participant. This Plan does not provide any guarantee against any loss which may result from fluctuations in the market value of the Common Shares. The Company does not assume responsibility for the personal income or other tax consequences for the Participants and they are advised to consult with their own tax advisors.

**8.10                  Effective Date**

The Plan shall be effective May 16, 2007 (the “Effective Date”), subject, solely to the extent required by any applicable law (including, without limitation, approval required under Section 162(m) of the Code or Section 422 of the Code) or registration, stock exchange, quotation system, listing or similar rule or regulation, to approval by the shareholders of the Company in the manner set forth in such law, regulation or rule.

**8.11                  Governing Law**

This Plan is created under and is to be governed, construed and administered in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein.

**8.12                  Unfunded Status of Plan**

This Plan is an “unfunded” plan for incentive and deferred compensation. With respect to any payments as to which a Participant has a fixed and vested interest but that are not

yet made to a Participant by the Company, nothing contained herein shall give any such Participant any rights that are greater than those of a general unsecured creditor of the Company.

**8.13                    Other Benefits**

No Option or Unit granted or amount paid with respect to any Option or Unit under this Plan shall be deemed compensation for purposes of computing benefits under any retirement plan of the Company or its Related Entities nor affect any benefits under any other benefit plan now or subsequently in effect under which the availability or amount of benefits is related to the level of compensation, except as may be specifically provided for in any such retirement or benefit plan.

**8.14                    Section 409A of the Code**

Options granted under this Plan are intended to be exempt under, and not subject to, Section 409A of the Code and shall be limited, construed and interpreted in accordance with such intent. Notwithstanding anything herein to the contrary, any provision in the Plan that is inconsistent with Section 409A of the Code shall be deemed to be amended to comply with Section 409A of the Code and to the extent such provision cannot be amended to comply therewith, such provision shall be null and void. References to “Participants subject to U.S. taxation” throughout this Plan shall include only those Participants employed in the U.S. or Participants who have advised the company in writing that they are subject to U.S. income tax.

**8.15                    Amendments to Stock Options under the 1993 and 2004 Stock Option Plans**

- (a) Reference is made to the 1993 Stock Option Plan, as amended, and the 2004 Stock Option Plan of the Company (collectively, the “Prior Plans”), as such Prior Plans may be further amended, modified, supplemented, revised, restated or replaced from time to time. The terms of the outstanding options (“Prior Plan Options”) granted prior to the effective date of the 2006 Stock Option Plan to Optionholders under the Prior Plans (“Prior Plan Optionholders”) were amended to provide for the benefit of the following provisions of the 2006 Stock Option Plan (and accordingly this Plan), which provisions apply for the benefit of Optionholders under the 2006 Stock Option Plan and hereunder and which, absent such amendments, would not have applied for the benefit of Prior Plan Optionholders, and which provisions would not adversely affect the rights under Prior Plan Options of such Prior Plan Optionholders:
- (i) to provide for the benefit of the obligation on the part of the Board to consider any request for consent by a Prior Plan Optionholder to assign or transfer any Prior Plan Options of such Optionholder as provided for in Section 3.6(b) (subject to the limitations set out in Section 3.6(c));
  - (ii) except with respect to Participants subject to U.S. taxation, to the extent required by Section 409A of the Code, to provide for the benefit of the ten Business Day extension of the expiration of any such Prior Plan Option should such expiration occur during a Blackout Period as provided for in Section 4.3(b);

- (iii) to provide that where the maximum period for exercise of vested Prior Plan Options following termination of an option holder is 30 days, that such period will be extended to 60 days; and
- (iv) in the case of Prior Plan Options granted under the 1993 Stock Option Plan, to provide that unless the Board, in its discretion, otherwise determines, at any time and from time to time, such options are not affected by a change of employment or consulting arrangement within or among the Company or one or more Related Entities for so long as the Prior Plan Optionholder continues to be any of an eligible Employee Participant, a Consultant Participant or an Executive Participant under the Plan;

and the terms of each of the option agreements governing such Prior Plan Options were amended to provide that, notwithstanding any other provision contained in such option agreement or in the applicable Prior Plan, the relevant Prior Plan Optionholder will have the benefit of Sections 3.6(b), 4.3(b) and 4.7(g) of the 2006 Stock Option Plan (and accordingly this Plan) as contemplated above, such provisions to apply to the terms of such Prior Plan Options *mutatis mutandis*.

(b) It is the intention of the Company that the terms of the options granted under all of its stock option plans shall be consistent, to the extent permitted under applicable law and the terms of such plans. Accordingly, the Board will consider, in good faith, any request by a Prior Plan Optionholder to amend the terms of any Prior Plan Options of such Optionholder which would provide such Optionholder with the benefit of any provisions of this Plan which provisions apply for the benefit of Optionholders hereunder and which provisions do not apply for the benefit of such Prior Plan Optionholder under the applicable Prior Plan, provided, however, that any such amendment shall not extend any Prior Plan Options or modify any Prior Plan Options in a manner that subjects any Prior Plan Option to Section 409A of the Code.

(c) Any interpretation of this Section 8.15 will be decided by the Board or, if applicable in accordance with Section 3.2, the Committee, in either case, acting in good faith. The decision reached in respect of any such interpretation shall be final and conclusive.

**SCHEDULE A**  
**OPTION AGREEMENT**

Biovail Corporation (the “Company”) hereby grants to the Optionholder named below (the “Optionholder”), an option (the “Option”) to purchase, in accordance with and subject to the terms, conditions and restrictions of this Agreement, together with the provisions of the 2007 Equity Compensation Plan (the “Plan”) of the Company dated May 16, 2007, as such plan may be amended, modified, supplemented, revised, restated or replaced from time to time, the number of common shares in the capital of the Company (“Common Shares”) at the price per share set forth below:

Name of Optionholder:

Type of Participant: [Employee Participant, Executive Participant, or Consultant Participant]

Date of Grant:

Total Number of Common Shares Subject to Option:

Exercise Price:

Vesting:

1. The terms and conditions of the Plan are hereby incorporated by reference as terms and conditions of this Option Agreement and all capitalized terms used herein, unless expressly defined in a different manner, have the meanings ascribed thereto in the Plan.
  2. Subject to Sections 6.1 and 7.4 of the Plan, each Option is exercisable in the instalments and subject to the conditions set forth above.
  3. The provisions in the Plan regarding Detrimental Activity shall apply to this Option. In the event that the Optionholder engages in Detrimental Activity prior to the exercise of the Option, the Option shall terminate and expire as of the date the Optionholder engaged in such Detrimental Activity. As a condition of the exercise of the Option, the Optionholder shall be deemed to have certified at the time of exercise in the Exercise Notice that the Optionholder is in compliance with the terms and conditions of the Plan and that the Optionholder has not engaged in, and does not intend to engage in, any Detrimental Activity. In the event the Optionholder engages in Detrimental Activity, the Company shall be entitled to enforce its rights under the Plan and all other rights available to it at law or equity.
  4. In no event is the Option granted hereunder exercisable after the expiration of the relevant Exercise Period.
  5. No fractional Common Shares will be issued on the exercise of the Option granted hereunder. If, as a result of any adjustment to the number of Common Shares issuable on the exercise of the Option granted hereunder pursuant to the Plan, the Optionholder would be entitled to receive a fractional Common Share, the Optionholder has the right to
-

acquire only the adjusted number of full Common Shares and no payment or other adjustment will be made with respect to the fractional Common Shares so disregarded.

6. Nothing in the Plan or in this Option Agreement will affect the Company's right, or that of a Related Entity, to terminate the employment of, term of office of, or consulting agreement or arrangement with an Optionholder at any time for any reason whatsoever. Upon such termination, an Optionholder's rights to exercise Options will be subject to restrictions and time limits for the exercise of Options. Complete details of such restrictions are set out in the Plan, and in particular in Sections 4.6 and 4.7 thereof.
7. Each notice relating to the Option, including the exercise thereof, must be in writing. All notices to the Company must be delivered personally or by prepaid registered mail and must be addressed to the Manager, Benefits Administration. All notices to the Optionholder will be addressed to the principal address of the Optionholder on file with the Company. Either the Company or the Optionholder may designate a different address by written notice to the other. Such notices are deemed to be received, if delivered personally, on the date of delivery, and if sent by prepaid, registered mail, on the fifth business day following the date of mailing. Any notice given by either the Optionholder or the Company is not binding on the recipient thereof until received.
8. When the issuance of Common Shares on the exercise of the Option may, in the opinion of the Company, conflict or be inconsistent with any applicable law or regulation of any governmental agency having jurisdiction, the Company reserves the right to refuse to issue such Common Shares for so long as such conflict or inconsistency remains outstanding.
9. Subject to Section 4.6 of the Plan, the Option granted pursuant to this Option Agreement may only be exercised during the lifetime of the Optionholder by the Optionholder personally and, subject to Section 3.6 of the Plan, no assignment or transfer of the Option, whether voluntary, involuntary, by operation of law or otherwise, vests any interest or right in such Option whatsoever in any assignee or transferee, and immediately upon any assignment or transfer or any attempt to make such assignment or transfer, the Option granted hereunder terminates and is of no further force or effect. Complete details of this restriction are set out in the Plan.
10. The Optionholder hereby agrees that:
  - (a) any rule, regulation or determination, including the interpretation by the Board of the Plan, the Option granted hereunder and the exercise thereof, is final and conclusive for all purposes and binding on all persons including the Company and the Optionholder; and
  - (b) the grant of the Option does not affect in any way the right of the Company or any Related Entity to terminate the employment or service of the Optionholder.

11. This Option Agreement has been made in and is to be construed under and in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein.

**BIOVAIL CORPORATION**

by \_\_\_\_\_  
Authorized Signatory

I have read the foregoing Option Agreement and hereby accept the Option to purchase Common Shares in accordance with and subject to the terms and conditions of such Agreement and the Plan. I understand that I may review the complete text of the Plan by contacting the Manager, Benefits Administration of the Company. I agree to be bound by the terms and conditions of the Plan governing the Option.

**EXERCISE NOTICE FORM - OPTIONS**

1. The terms and conditions of the Plan are hereby incorporated by reference as terms and conditions of this Exercise Notice and all capitalized terms used herein, unless expressly defined in a different manner, have the meanings ascribed thereto in the Biovail Corporation 2007 Equity Compensation Plan (the “Plan”).
2. I, \_\_\_\_\_, hereby certify that:
- (PRINT NAME)
- (a) I am in compliance with the terms and conditions of the Plan and I have not engaged in, and do not intend to engage in, any Detrimental Activity; and
- (b) I, hereby exercise the option to purchase \_\_\_\_\_ Common Shares at a purchase price of **[Cdn]\$** \_\_\_\_\_ per Common Share. This Exercise Notice is delivered in respect of the option to purchase \_\_\_\_\_ Common Shares that was granted to me on \_\_\_\_\_ pursuant to the Option Agreement entered into between the Company and me. In connection with the foregoing, I enclose cash, a certified cheque, bank draft or money order payable to the Company in the amount of **[Cdn]\$** \_\_\_\_\_ as full payment for the Common Shares to be received upon exercise of the Option.

**SCHEDULE C**  
**RESTRICTED SHARE UNIT AGREEMENT**

Biovail Corporation (the “Company”) hereby grants to the Unitholder named below (the “Unitholder”), the number of restricted share units (the “Units”) of the Company set forth below, in accordance with and subject to the terms, conditions and restrictions of this Unit Agreement, together with the provisions of the 2007 Equity Compensation Plan (the “Plan”) of the Company dated May 16, 2007, as such plan may be amended, modified, supplemented, revised, restated or replaced from time to time.

Name of Unitholder:

Type of Participant: [Employee Participant, Executive Participant, or Consultant Participant]

Date of Grant:

Number of Units Granted:

Total Number of Common Shares Subject to Units

Vesting:

Name of Designated Beneficiary in the Event of Death of Unitholder:

1. The terms and conditions of the Plan are hereby incorporated by reference as terms and conditions of this Unit Agreement and all capitalized terms used herein, unless expressly defined in a different manner, have the meanings ascribed thereto in the Plan.
  2. The provisions in the Plan regarding Detrimental Activity shall apply to this Unit. In the event that the Unitholder engages in Detrimental Activity prior to the vesting of the Unit, the Unit shall terminate as of the date the Unitholder engaged in such Detrimental Activity. As a condition of the vesting of the Unit, the Unitholder shall be deemed to have certified at the time of vesting that the Unitholder is in compliance with the terms and conditions of the Plan and that the Unitholder has not engaged in, and does not intend to engage in, any Detrimental Activity. In the event the Unitholder engages in Detrimental Activity, the Company shall be entitled to enforce its rights under the Plan and all other rights available to it at law or equity.
  3. No fractional Common Shares will be issued or provided on the vesting of the Unit granted hereunder. If, as a result of any adjustment to the number of Common Shares issuable or to be provided on the vesting of the Unit granted hereunder pursuant to the Plan, the Unitholder would be entitled to receive a fractional Common Share, the Unitholder has the right to acquire only the adjusted number of full Common Shares and no payment or other adjustment will be made with respect to the fractional Common Shares so disregarded.
  4. Nothing in the Plan or in this Unit Agreement will affect the Company’s right, or that of a Related Entity, to terminate the employment of, term of office of, or consulting
-

agreement or arrangement with a Unitholder at any time for any reason whatsoever. Upon such termination, a Unitholder's rights to vesting of Units will be subject to restrictions for the vesting of Units. Complete details of such restrictions are set out in the Plan, and in particular in Sections 5.7 and 5.8 hereof.

5. Each notice relating to the Unit must be in writing. All notices to the Company must be delivered personally or by prepaid registered mail and must be addressed to the Manager, Benefits Administration. All notices to the Unitholder will be addressed to the principal address of the Unitholder on file with the Company. Either the Company or the Unitholder may designate a different address by written notice to the other. Such notices are deemed to be received, if delivered personally, on the date of delivery, and if sent by prepaid, registered mail, on the fifth business day following the date of mailing. Any notice given by either the Unitholder or the Company is not binding on the recipient thereof until received.
6. When the issuance or the providing of Common Shares or the payment of cash amount on the vesting of the Unit (if any) may, in the opinion of the Company, conflict or be inconsistent with any applicable law or regulation of any governmental agency having jurisdiction, the Company reserves the right to refuse to issue or provide such Common Shares or pay such cash amount for so long as such conflict or inconsistency remains outstanding.
7. The Unit granted pursuant to this Unit Agreement may only vest during the lifetime of the Unit by the Unitholder personally and no assignment or transfer of the Unit, whether voluntary, involuntary, by operation of law or otherwise, vests any interest or right in such Unit whatsoever in any assignee or transferee, and immediately upon any assignment or transfer or any attempt to make such assignment or transfer, the Unit granted hereunder terminates and is of no further force or effect. Complete details of this restriction are set out in the Plan.
8. The Unitholder hereby agrees that:
  - (a) any rule, regulation or determination, including the interpretation by the Board of the Plan, the Unit granted hereunder and the vesting thereof, is final and conclusive for all purposes and binding on all persons including the Company and the Unitholder; and
  - (b) the grant of the Unit does not affect in any way the right of the Company or any Related Entity to terminate the employment or service of the Unitholder.

9. This Unit Agreement has been made in and is to be construed under and in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein.

**SCHEDULE D**  
**PERFORMANCE CRITERIA**

1. Performance Goals established for purposes of a grant of Units intended to comply with Section 162(m) of the Code shall be based on one or more of the following performance criteria ("Performance Criteria"):
- (a) the attainment of certain target levels of, or a specified increase in, revenues, income before taxes and extraordinary items, net income, operating income, earnings before income tax, earnings before interest, taxes, depreciation and amortization or a combination of any or all of the foregoing;
  - (b) the attainment of certain target levels of, or a specified increase in, after-tax or pre-tax profits including, without limitation, that attributable to continuing and/or other operations;
  - (c) the attainment of certain target levels of, or a specified increase in, operational cash flow;
  - (d) the achievement of a certain level of, reduction of, or other specified objectives with regard to limiting the level of increase in, all or a portion of, the Company's bank debt or other long-term or short-term public or private debt or other similar financial obligations of the Company, which may be calculated net of such cash balances and/or other offsets and adjustments as may be established by the Committee;
  - (e) earnings per share or the attainment of a specified increase in earnings per share or earnings per share from continuing operations;
  - (f) the attainment of certain target levels of, or a specified increase in return on capital employed or return on invested capital;
  - (g) the attainment of certain target levels of, or a percentage increase in, after-tax or pre-tax return on stockholders' equity;
  - (h) the attainment of certain target levels of, or a specified increase in, economic value added targets based on a cash flow return on investment formula;
  - (i) the attainment of certain target levels, or a specified increase in, the fair market value of the Common Shares;
  - (j) the growth in the value of an investment in the Common Shares assuming the reinvestment of dividends;
  - (k) the filing of one or more new drug application(s) ("NDA") or one or more new drug submission(s) ("NDS") or the approval of one or more NDA(s) or one or
-

more NDS(s) by the U.S. Food and Drug Administration or the Canadian Therapeutic Products Directorate, as applicable;

- (l) the achievement of a launch of one or more new drug(s);
  - (m) the achievement of research and development milestones;
  - (n) the successful completion of clinical trial phases; or
  - (o) the attainment of a certain level of, reduction of, or other specified objectives with regard to limiting the level in or increase in, all or a portion of controllable expenses or costs or other expenses or costs.
2. For purposes of item (1) above, “extraordinary items” shall mean all items of gain, loss or expense for the fiscal year determined to be extraordinary or unusual in nature or infrequent in occurrence or related to a corporate transaction (including, without limitation, a disposition or acquisition) or related to a change in accounting principle, all as determined in accordance with standards established by Opinion No. 30 of the Accounting Principles Board.
3. In addition, such Performance Criteria may be based upon the attainment of specified levels of Company (or subsidiary, division or other operational unit of the Company) performance under one or more of the measures described above relative to the performance of other corporations. To the extent permitted under Section 162(m) of the Code, but only to the extent permitted under Section 162(m) of the Code (including, without limitation, compliance with any requirements for shareholder approval), the Committee may: (i) designate additional business criteria on which the Performance Criteria may be based or (ii) adjust, modify or amend the aforementioned business criteria.

**AMENDMENT NO. 1**  
**TO THE**  
**BIOVAIL CORPORATION 2007 EQUITY COMPENSATION PLAN**

This Amendment No. 1 (the "Amendment") to that certain 2007 Equity Compensation Plan (the "Plan") of Biovail Corporation (the "Company") is made as of December 18, 2008. Capitalized terms used herein and not otherwise defined shall have the meaning ascribed thereto in the Plan.

**WHEREAS**, the Board of Directors of the Company (the "Board") desires to amend the Plan to comply with the applicable requirements of section 409A of the Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder (the "Code"); and

**WHEREAS**, Section 8.6 of the Plan provides that the Board is authorized to amend the terms of the Plan.

**NOW, THEREFORE**, the Plan is amended in the following respects:

1. Article 1 of the Plan is amended by adding the following Section 1.3:

1.3 Special Rules for Participants subject to U.S. taxation.

There are special rules for Participants subject to U.S. taxation that are necessary to comply with the final regulations under section 409A of the Code issued by the Treasury Department on April 10, 2007 and effective January 1, 2009. These special rules are set forth in the Plan where noted and in the attached Addendum to the Biovail Corporation 2007 Equity Compensation Plan ("Addendum") on Exhibit A.

2. Section 6.1(f) is hereby amended so that the introduction shall read as follows:

(f) For purposes of this Section 6.1, a "Change in Control" means the happening of any of the following events, except as the Compensation Committee may modify the definition of Change in Control for a particular grant of Options or Units as the Committee deems appropriate to comply with section 409A of the Code or otherwise:

3. Section 8.14 is hereby amended and replaced with the following Section 8.14:

8.14 Section 409A of the Code.

Options granted under this Plan are intended to be exempt under, and not subject to, section 409A of the Code and shall be limited, construed and interpreted in accordance with such intent. Options or Units granted under the Plan shall be structured in a manner consistent with the requirements of section 409A of the Code and payment or distributions with respect thereto shall only be made in a manner and upon an event permitted under section 409A of the Code and, to the extent required under section 409A of the Code, payments or distributions to a Participant subject to U.S. taxation who is a "specified employee" (within the meaning of such term under Section 409A of the Code) upon his or her separation from service shall be postponed and subject to a 6 month delay and shall be paid within 15 days after the end of the 6 month period following separation from service, or if such Participant dies during the postponement period prior to the payment of postponed amount, the amounts withheld on account of section 409A of the Code shall be paid to the personal representative of such Participant's estate within 60 days after the date of such Participant's death. All payments to Participant's subject to U.S. taxation, made upon a termination of employment or service, shall only be made upon a "separation from service" under section 409A of the Code. In no event shall a Participant subject to U.S. taxation, directly or indirectly designate the calendar year in which payment or distribution is made. References to "Participants subject to U.S. taxation" throughout this Plan shall include only those Participants employed in the U.S. or Participants who have advised the company in writing that they are subject to U.S. income tax.

---

IN WITNESS WHEREOF, the Company has caused the execution of this Amendment on this 18th day of December, 2008.

BIOVAIL CORPORATION

**EXHIBIT A**

**ADDENDUM**

**ADDENDUM TO THE BIOVAIL CORPORATION  
2007 EQUITY COMPENSATION PLAN**

This Addendum to the Biovail Corporation 2007 Equity Compensation Plan ("Addendum") applies to all Participants subject to U.S. taxation. The Section references set forth below match the Section references in the Plan. This Addendum shall have no other effect on any other terms and provisions set forth in the Plan except as set forth below. Capitalized terms not otherwise defined herein shall have the same meaning ascribed to such terms under the Plan.

**5.1 Grant and Vest of Units**

(d) Provided that a Unitholder has been employed by the Company or a Related Entity for at least ten (10) consecutive years, provided that the sum of the Unitholder's age and the Unitholder's years of service with the Company or a Related Entity equals or exceeds "70", all of the unvested Units held by such Unitholder shall immediately vest on the date on which such Unitholder has been employed by the Company or a Related Entity for at least ten (10) consecutive years, provided that the sum of the Unitholder's age and the Unitholder's years of service with the Company or a Related Entity equals or exceeds "70". Payment with respect of such vested Units, whether in the form of Common Shares, cash or both, shall be made by the Company to the Unitholder (or the Unitholder's designated beneficiary if applicable) within 60 days following the earliest to occur of the following events: the third anniversary of the Date of Grant (or such date as provided in the Unit Agreement in accordance with Section 5.1(b)), death, Disability (within the meaning of such term under section 409A) or the Termination Date (other than in the case of termination for cause). For the purposes of this Section, a Unitholder's employment with the Company or a Related Entity ends on the Termination Date.

**5.3 Unit Rights**

(c) Unless otherwise specified in the Unit Agreement, the Company may, in lieu of all or a portion of the Common Shares which would otherwise be issued or provided to a Unitholder, elect to pay a cash amount to a Unitholder equivalent to the Market Price of one Common Share for each vested Unit, to be paid within 60 days following the Vesting Date, provided that the Vesting Date does not occur during the Blackout Period.

**5.5 Dividends**

Except as otherwise determined by the Board on the Date of Grant, a Unitholder's Unit Account shall, until the earlier of the Vesting Date or termination and cancellation or forfeiture of the Units pursuant to the terms of the Plan, be allocated additional Units on the payment date of dividends on the Company's Common Shares, the number of which shall be the quotient determined by dividing: (a) the total amount of the dividends (excluding stock dividends but including dividends which may be paid in cash or Common Shares at the option of the shareholder) declared and that would have been paid to the Unitholder if the Units in his or her Unit Account on the relevant record date for dividends on the Common Shares had been Common Shares by (b) the closing price of the Common Shares on the TSX, NYSE or other exchange where the majority of the trading volume and value of the Common Shares occurs on the payment date of such dividends. Fractional Units shall not be granted pursuant to this Section 5.5. Any such additional Units shall have the same Vesting Dates and vest in accordance with the same terms as the Units in respect of which such additional Units are credited.

**5.7 Retirement, Death and Disability of Unitholder**

(a) In the case of an Employee Participant or Executive Participant, provided that the Individual Unitholder has been continuously employed by the Company or a Related Entity for a 12-month period following the Date of Grant of Units, if the employment or term of the office of the Individual Unitholder with the Company or a Related Entity terminates prior to the vesting of such Units on or after the Individual Unitholder's attainment of Retirement Age,, then such Individual Unitholder shall vest in the right to receive a number of Units following the Unitholder's Termination Date (subject to the attainment of performance goals and any other factors, if any, as determined by the Compensation Committee in its sole discretion), provided that the number of Units in which the Individual Unitholder shall be vest in the right to receive as of the Termination Date shall be prorated by multiplying the number of unvested Units by the number of days from but

excluding the Date of Grant to and including the Termination Date during which the Individual Unitholder has been providing active service to the Company or a Related Entity, divided by the total number of days from but excluding the Date of Grant to and including the third anniversary of the Date of Grant (or such date as provided in the Unit Agreement in accordance with Section 5.1(b)). Any remaining unvested Units shall be cancelled on the Termination Date. Payment with respect of the vested Units, whether in form of Common Shares, cash or both, shall be made by the Company to the Unitholder within 60 days following the third anniversary date of the Date of Grant (or such date as provided in the Unit Agreement in accordance with Section 5.1(b)). If the Individual Unitholder has not been so continuously employed by the Company or a Related Entity for such 12-month period, then all unvested Units shall be cancelled on the Termination Date.

(b) In the case of an Employee Participant, Executive Participant or Consultant Participant, if an Individual Unitholder dies while an employee, director or officer of, or while a consultant to, the Company or a Related Entity, as applicable, and prior to the vesting of Units, then such Units shall vest on the date of death (subject to the attainment of performance goals and any other factors, if any, as determined by the Compensation Committee in its sole discretion), provided that the number of Units which shall vest on such date shall be prorated by multiplying the number of unvested Units by the number of days from but excluding the Date of Grant to and including the date of death during which the Individual Unitholder had provided active service to the Company or a Related Entity, divided by the total number of days from but excluding the Date of Grant to and including the third anniversary of the Date of Grant (or such date as provided in the Unit Agreement in accordance with Section 5.1(b)). The payment with respect of the vested Units, whether in form of Common Shares, cash or both, shall be made by the Company to the Unitholder's designated beneficiary specified in the Unit Agreement with 60 days after the date of death. Any remaining unvested Units shall be cancelled on the date of death.

(c) In the case of an Employee Participant, Executive Participant or Consultant Participant, if an Individual Unitholder becomes Disabled while an employee, director or officer of, or while a consultant to, the Company or a Related Entity, as applicable, and prior to the vesting of Units, then such Units shall vest on the date of Disability (subject to the attainment of performance goals and any other factors, if any, as determined by the Compensation Committee in its sole discretion), provided that the number of Units which shall vest on such date shall be prorated by multiplying the number of unvested Units by the number of days from but excluding the Date of Grant to and including the date of Disability during which the Individual Unitholder had provided active service to the Company or a Related Entity, divided by the total number of days from but excluding the Date of Grant to and including the third anniversary of the Date of Grant (or such date as provided in the Unit Agreement in accordance with Section 5.1(b)). The payment with respect of the vested Units, whether in form of Common Shares, cash or both, shall be made by the Company to the Unitholder within 60 days following the Unitholder's Disability. Any remaining unvested Units shall be cancelled on the date of Disability. Notwithstanding the foregoing, no payment shall be made to a Participant on account of Disability unless a Participant becomes disabled within the meaning of such term under section 409A(a)(2)(C) of the Code.

**6.1 Change in Control**

Notwithstanding any provision to the contrary in the Plan, in the event a Change in Control occurs as set forth in Section 6.1 of the Plan and Units accelerate as described in Section 6.1 of the Plan, payment shall be made to the Unitholder within 60 days after the consummation of the Change in Control; provided, however, that Units shall be paid in accordance with Section 6.1 only if the transaction constituting a Change in Control is also a "change in control event" for purposes of section 409A of the Code ("409A Change in Control Event"). If the Change in Control does not constitute a 409A Change in Control Event then Units shall be paid on the earliest to occur of the following events: death, Disability, the Termination Date or the third anniversary date of the Date of Grant (or such date as provided in the Unit Agreement in accordance with Section 5.1(b)).

**7.2 Reorganization of Company's Capital**

Should the Company effect a subdivision or consolidation of Common Shares or any similar capital reorganization or a payment of a stock dividend (other than a stock dividend that is in lieu of a cash dividend), or should any other change be made in the capitalization of the Company that, in the opinion of the Board, would warrant the replacement or amendment of any existing Options or Units in order to adjust: (a) the

number of Common Shares that may be acquired on the exercise of any outstanding Options or vesting of any outstanding Units; and/or (b) the Exercise Price of any outstanding Options in order to preserve proportionately the rights and obligations of the Optionholders, the Board will authorize such steps to be taken as may be equitable and appropriate to that end. Any adjustments to outstanding Options or Units shall be consistent with the applicable requirements of section 409A.

**7.3 Other Events Affecting the Company**

In the event of an amalgamation, combination, merger or other reorganization involving the Company by exchange of Common Shares, by sale or lease of assets or otherwise, that, in the opinion of the Board, warrants the replacement or amendment of any existing Options or Units in order to adjust: (a) the number of Common Shares that may be acquired on the exercise of any outstanding Options or the vesting of any outstanding Units; or (b) the Exercise Price of any outstanding Options in order to preserve proportionately the rights and obligations of the Optionholders, the Board will authorize such steps to be taken as may be equitable and appropriate to that end. Any adjustments to outstanding Options or Units shall be consistent with the applicable requirements of section 409A.

**7.4 Immediate Exercise of Options or Vesting of Units**

Where the Board determines that the steps provided in Sections 7.2 and 7.3 would not preserve proportionately the rights and obligations of the Optionholders or the Unitholders in the circumstances or otherwise determines that it is appropriate, the Board may permit the immediate exercise of any outstanding Options or vesting of any outstanding Units that are not otherwise exercisable or vested (as the case may be). Notwithstanding the foregoing, payment with respect to any outstanding vested Units in accordance with Section shall be made on the earliest to occur of the following events: death, Disability, the Termination Date or the third anniversary date of the Date of Grant (or such date as provided in the Unit Agreement in accordance with Section 5.1(b)).

**8.7 Indemnification**

Every Director will at all times be indemnified and saved harmless by the Company from and against all costs, charges and expenses whatsoever including any income tax liability arising from any such indemnification, that such Director may sustain or incur by reason of any action, suit or proceeding, taken or threatened against the Director, otherwise than by the Company, for or in respect of any act done or omitted by the Director in respect of this Plan, such costs, charges and expenses to include any amount paid to settle such action, suit or proceeding or in satisfaction of any judgment rendered therein. All reimbursements provided pursuant to this Section 8.7, shall be made or provided in accordance with the requirements of section 409A of the Code, including, where applicable, the requirement that (A) any reimbursement shall be for expenses incurred during the Director's lifetime, (B) the amount of expenses eligible for reimbursement, during a calendar year may not affect the expenses eligible for reimbursement in any other calendar year, (C) the reimbursement of an eligible expense will be made on or before the last day of the calendar year following the year in which the expense is incurred and (D) the right to reimbursement is not subject to liquidation or exchange for another benefit.

**The following defined terms shall apply to the provisions set forth above:**

**"Termination Date"** means:

- (i) in the case of an Employee Participant or Executive Participant whose employment or term of office with the Company or a Related Entity terminates in the circumstances set out in Subsections 4.7(b), 4.7(c), 5.8(a) or 5.8(b) the date that is designated by the Company or a Related Entity, as the case may be, as the last day of the Optionholder's or the Unitholder's (as the case may be) employment or term of office with the Company or the Related Entity, as the case may be; provided that "Termination Date" specifically does not mean the date on which any period in respect of which any pay in lieu of notice, that the Company or the Related Entity (as the case may be) may be required by law or may voluntarily elect to provide to the Optionholder or the Unitholder (as the case may be), expires; and

- (ii) in the case of a Consultant Participant whose consulting agreement or arrangement with the Company or a Related Entity, as the case may be, terminates in the circumstances set out in Subsection 4,7(b), 4.7(c), 5.8(a) or 5.8(b) the date that is designated by the Company or the Related Entity, as the case may be, as the date on which the Optionholder's or the Unitholder's (as the case may be) consulting agreement or arrangement is terminated; provided that "Termination Date" specifically does not mean the date on which any period of notice of termination that the Company or the Related Entity (as the case may be) may be required to provide to the Optionholder or the Unitholder (as the case may be) under the terms of the consulting agreement for which the Company has elected to provide compensation in lieu of notice;
- (iii) in the case of Participants subject to U.S. taxation, if any payment is to be made upon a "Termination Date", the "Termination Date" shall mean a "separation from service" (within the meaning of such term under section 409A of the Code).

**"Retirement Age"** means attainment of age 65.

---

June 25, 2004

---

**BIOVAIL CORPORATION**  
**AMENDED AND RESTATED**  
**2004 STOCK OPTION PLAN**

**ARTICLE 1**  
**PURPOSE**

**1.1 Purpose**

The purpose of this Plan is to assist the Company in attracting, retaining and motivating key employees, officers and directors by granting to them, and to others providing services to the Company, its subsidiaries and affiliates, options to purchase common shares in the capital of the Company.

**ARTICLE 2**  
**INTERPRETATION**

**2.1 Definitions**

When used herein, unless the context otherwise requires, the following terms have the following meanings, respectively:

- “Acquiror” has the meaning set forth in Subsection 4.9(e) of this Plan;
  - “Affiliated Entity” means an “affiliated entity” (as defined in MI 45-105) of the Company;
  - “Associate” has the meaning given to it in MI 45-105;
  - “Board” means the board of directors of the Company;
  - “Change in Control” has the meaning set forth in Section 4.9 of this Plan;
  - “Canadian Option” means an Option for which the Exercise Price is stated and payable in Canadian dollars;
  - “Code” means the U.S. Internal Revenue Code of 1986, as amended;
  - “Committee” has the meaning set forth in Section 3.2 of this Plan;
  - “Common Shares” means the common shares in the capital of the Company;
  - “Company” means Biovail Corporation, a corporation incorporated under the laws of Ontario, and its successors;
-

“Consultant Participant” means an individual, other than an Employee Participant or an Executive Participant, who is a “consultant” (as defined in MI 45-105) and includes a Consultant Participant’s Permitted Assigns;

“Date of Grant” means, for any Option, the date specified by the Board at the time it grants the Option (which cannot be earlier than the date of grant) or, if no such date is specified, the date upon which the Option was granted;

“Detrimental Activity” means: (a) the disclosure to anyone outside the Company or its Affiliated Entities, or the use in any manner other than in the furtherance of the Company’s or an Affiliated Entity’s business, without written authorization from the Company, of any confidential information or proprietary information relating to the business of the Company or its Affiliated Entities that is acquired by a Participant prior to the Participant’s Termination Date; (b) activity by the Participant while employed or performing services that results, or if known could result, in the Participant’s termination of service that is classified by the Company as a termination for cause; (c) any attempt, directly or indirectly, to solicit, induce or hire (or the identification for solicitation, inducement or hiring of) any non-clerical employee of the Company or its Affiliated Entities to be employed by, or to perform services for, the Participant or any Person with which the Participant is associated (including, but not limited to, due to the Participant’s employment by, consultancy for, equity interest in, or creditor relationship with such Person) or any Person from which the Participant receives direct or indirect compensation or fees as a result of such solicitation, inducement or hire (or the identification for solicitation, inducement or hire) without, in all cases, written authorization from the Company; (d) any attempt, directly or indirectly, to solicit in a competitive manner any current or prospective customer of the Company or its Affiliated Entities without written authorization from the Company; (e) the Participant’s Disparagement, or inducement of others to engage in Disparagement, of the Company or its Affiliated Entities or their past and present officers, directors, employees or products; (f) without written authorization from the Company, the direct or indirect engaging in any business or organization competitive with the Company or its Affiliated Entities or the rendering of services to any such organization or business if such organization or business is otherwise prejudicial to, or in conflict with, the interests of the Company or its Affiliated Entities; provided, however, that competitive activities shall be only those competitive with any business unit or Affiliated Entity of the Company with regard to which the Participant performed services at any time within the year prior to the Participant’s Termination Date; or (g) material breach of any agreement between the Participant and the Company or an Affiliated Entity (including, without limitation, any employment agreement or non-competition or non-solicitation agreement). For purposes of sub-sections (a), (c), (d) and (f) above, the Chairman of the Board or the Chief Executive Officer of the Company shall have authority to provide the Participant with written authorization to engage in the activities contemplated thereby and no other person shall have authority to provide the Participant with such authorization;

“Director” means a member of the board of directors of the Company or of an Affiliated Entity;

“Disabled” or “Disability” means the permanent and total incapacity of an Optionee as determined in accordance with procedures established by the Board for purposes of this Plan;

“Disparagement” means making comments or statements to (x) the press, (y) the Company’s or an Affiliated Entity’s employees or consultants, or (z) any individual or entity with whom the Company or its Affiliated Entities has a business relationship, in each case that could reasonably be expected to adversely affect in any manner: (a) the conduct of the business of the Company or its Affiliated Entities (including, without limitation, any products or business plans or prospects); or (b) the business prospects or reputation of the Company or its Affiliated Entities, any of their products, or their past or present officers, directors or employees;

“Employee Participant” means a full-time, part-time employee or contract employee (other than an Executive Participant or Consultant Participant) of the Company or of an Affiliated Entity and includes an Employee Participant’s Permitted Assigns;

“Executive Participant” means a Director or an officer of the Company or of an Affiliated Entity and includes an Executive Participant’s Permitted Assigns;

“Exercise Notice” means a notice in writing, in the form set out in Schedule B or such successor form as the Board may adopt from time to time, signed by an Optionee and stating the Optionee’s intention to exercise a particular Option;

“Exercise Price” means the price at which a Common Share may be purchased pursuant to the exercise of an Option;

“Exercise Period” means the period of time during which an Option granted under this Plan may be exercised (provided however that the Exercise Period may not exceed 10 years from the relevant Date of Grant);

“Fair Market Value” of a Common Share means the weighted average trading price of the Common Shares traded in Canadian dollars on the TSX during the relevant day or, if the volume of Common Shares traded on the New York Stock Exchange (“NYSE”) on that day exceeds the volume of Common Shares traded in Canadian dollars on the TSX on such relevant day, the weighted average trading price of the Common Shares on the NYSE. The Fair Market Value so determined may be in Canadian dollars or U.S. dollars. As a result, the Fair Market Value of a Common Share covered by a Canadian Option shall be either (a) such Fair Market Value as determined above, if in Canadian dollars, or (b) such Fair Market Value as determined above converted into Canadian dollars at the noon rate of exchange of the Bank of Canada on the relevant day, if in U.S. dollars. Similarly, the Fair Market Value of a U.S. Option shall be either (a) such Fair Market Value as determined above, if in U.S. dollars, or (b) such Fair Market Value as determined above converted into U.S. dollars at the noon rate of exchange of the Bank of Canada on the relevant day, if in Canadian dollars. If on the relevant day there is not a board lot trade in the Common Shares on each of the TSX and NYSE or there is not a noon rate of exchange of the Bank of Canada, then the Fair Market Value of a Common Share covered by a Canadian Option and the Fair Market Value of a Common Share covered by a U.S. Option shall be determined as provided above on the first day

immediately preceding the relevant day for which there were such board lot trades in the Common Shares and a noon rate of exchange. The Fair Market Value of a Common Share shall be rounded up to the nearest whole cent;

“Individual Optionee” means an Optionee who is an individual or the individual of which the Optionee is a permitted assign, as the case may be;

“Insider” has the meaning set forth in the Policy;

“MI 45-105” means Multilateral Instrument 45-105 of certain of the Canadian Securities Administrators, as amended from time to time;

“OBCA” means the *Business Corporations Act* (Ontario) and the regulations promulgated thereunder, both as amended from time to time;

“Offer” has the meaning set forth in Section 4.9 of this Plan;

“Option” means a non-assignable, non-transferable right to purchase Common Shares under this Plan;

“Optionee” means an Employee Participant, Executive Participant or Consultant Participant who has been granted one or more Options;

“Option Agreement” means a signed, written agreement between an Optionee and the Company, in the form attached as Schedule A, subject to any amendments or additions thereto as may, in the discretion of the Board, be necessary or advisable, evidencing the terms and conditions on which an Option has been granted under this Plan;

“Participant” means an Employee Participant, Executive Participant or Consultant Participant;

“Permitted Assigns” has the meaning given to it in MI 45-105;

“Person” includes an individual, sole proprietorship, partnership, unincorporated association, unincorporated syndicate, unincorporated organization, trust, body corporate, and a natural person in his or her capacity as trustee, executor, administrator or other legal representative;

“Plan” means this stock option plan;

“Policy” means the Revised Policy of the TSX on Listed Company Share Incentive Arrangements, as set forth in sections 626 to and through 637.3 of the Company Manual of the TSX;

“Retirement” means retirement from active employment with the Company or an Affiliated Entity at or after age 65 or, with the consent for purposes of this Plan of such officer of the Company as may be designated by the Board, at or after such earlier age and upon the completion of such years of service as the Board may specify;

“Section 162(m) of the Code” shall mean the exception for performance-based compensation under section 162(m) of the Code and any U.S. Treasury regulations thereunder;

“Termination Date” means:

- (i) in the case of an Employee Participant or Executive Participant whose employment or term of office with the Company or an Affiliated Entity terminates in the circumstances set out in Subsection 4.7(b) or 4.7(c), the date that is designated by the Company or an Affiliated Entity, as the case may be, as the last day of the Optionee’s employment or term of office with the Company or the Affiliated Entity, as the case may be, provided that in the case of termination of employment by voluntary resignation by the Optionee, such date shall not be earlier than the date notice of resignation was given, and “Termination Date” specifically does not mean the date on which any period of reasonable notice that the Company or the Affiliated Entity (as the case may be) may be required at law to provide to the Optionee expires; and
- (ii) in the case of a Consultant Participant whose consulting agreement or arrangement with the Company or an Affiliated Entity, as the case may be, terminates in the circumstances set out in Subsection 4.7(d) or 4.7(e), the date that is designated by the Company or the Affiliated Entity, as the case may be, as the date on which the Optionee’s consulting agreement or arrangement is terminated, provided that in the case of termination of employment by voluntary termination by the Optionee, such date shall not be earlier than the date notice of voluntary termination was given, and “Termination Date” specifically does not mean the date on which any period of notice of termination that the Company or the Affiliated Entity (as the case may be) may be required to provide to the Optionee under the terms of the consulting agreement or arrangement expires;

“TSX” means the Toronto Stock Exchange; and

“U.S. Option” means an Option for which the Exercise Price is stated and payable in U.S. dollars.

## **2.2 Interpretation**

- (a) Whenever the Board or, where applicable, the Committee is to exercise discretion in the administration of the terms and conditions of this Plan, the term “discretion” means the sole and absolute discretion of the Board or the Committee, as the case may be.
- (b) As used herein, the terms “Article”, “Section”, “Subsection” and “clause” mean and refer to the specified Article, Section, Subsection and clause of this Plan, respectively.

- (c) Words importing the singular include the plural and vice versa and words importing any gender include any other gender.
- (d) Unless otherwise specified, all references to money amounts are to U.S. currency.

### **ARTICLE 3 ADMINISTRATION**

#### **3.1 Administration**

Subject to 3.2, this Plan will be administered by the Board and the Board has sole and complete authority, in its discretion, to:

- (a) determine the individuals (from among the Participants) to whom Options may be granted;
- (b) grant Options in such amounts and, subject to the provisions of this Plan, on such terms and conditions as it determines including:
  - (i) the time or times at which Options may be granted;
  - (ii) the Exercise Price;
  - (iii) the time or times when each Option becomes exercisable and, subject to Section 4.3, the duration of the Exercise Period;
  - (iv) whether restrictions or limitations are to be imposed on the Common Shares and the nature of such restrictions or limitations, if any;
  - (v) any acceleration of exercisability or waiver of termination regarding any Option, based on such factors as the Board may determine;
- (c) interpret this Plan and adopt, amend and rescind administrative guidelines and other rules and regulations relating to this Plan; and
- (d) make all other determinations and take all other actions necessary or advisable for the implementation and administration of this Plan.

The Board's determinations and actions within its authority under this Plan are conclusive and binding on the Company and all other persons. The day-to-day administration of this Plan may be delegated to such officers and employees of the Company or of an Affiliated Entity as the Board determines.

#### **3.2 Delegation to Committee**

To the extent permitted by applicable law, the Board may, from time to time, delegate to a committee (the "Committee") of the Board all or any of the powers conferred on the Board under this Plan. In such event, the Committee will exercise the powers delegated to it by the Board in the manner and on the terms authorized by the Board. Any decision made or action taken by the Committee arising out of or in connection with the administration or interpretation of this Plan in

this context is final and conclusive. Notwithstanding anything to the contrary contained herein, each Option intended to comply with Section 162(m) of the Code shall be approved by a compensation committee of the Board comprised solely of two or more “outside directors” (within the meaning of Section 162(m) of the Code); *provided, however*, that failure of an Option to be approved in a manner that satisfies the requirements of Section 162(m) shall not cause the Option to be void.

**3.3 Eligibility**

All Employee Participants, Executive Participants and Consultant Participants are eligible to participate in this Plan, subject to Subsections 4.6(b) and 4.7(f). Eligibility to participate does not confer upon any Participant any right to be granted Options pursuant to this Plan. The extent to which any Participant is entitled to be granted Options pursuant to this Plan will be determined in the discretion of the Board, provided however that the following restrictions shall also apply to this Plan:

- (a) the number of Common Shares reserved for issuance to any one person pursuant to Options must not exceed 5% of the outstanding issue of the Company;
- (b) the number of Common Shares reserved for issuance pursuant to Options granted to Insiders under this Plan, together with Common Shares issuable to Insiders under the Company’s other share compensation arrangements, must not exceed 10% of the outstanding issue of the Company;
- (c) the number of Common Shares issued to Insiders within any one year period pursuant to this Plan, together with Common Shares issuable to Insiders during that one year period under the Company’s other share compensation arrangements, must not exceed 10% of the outstanding issue of the Company;
- (d) the number of Common Shares issued pursuant to this Plan to any one Insider and such Insider’s Associates within a one year period, together with Common Shares issuable to such persons within that one year period under the Company’s other share compensation arrangements, must not exceed 5% of the outstanding issue of the Company;
- (e) the number of Common Shares to be issued under this Plan to any one Optionee during each calendar year during the term of the Plan shall not exceed 5% of the outstanding issue of the Company; and
- (f) the aggregate number of Common Shares to be issued to non-employee Directors, as a group, under this Plan, together with any Common Shares to be issued under to non-employee Directors any predecessor stock option plan of the Company, to non-employee Directors, as a group, shall not exceed 350,000.

For purposes of this Section, the term “outstanding issue” and “share compensation arrangements” have the meanings set forth in the Policy. In addition, for purposes of Subsections (c) and (d) above, “outstanding issue” will be determined on the basis of the number of shares that are outstanding immediately prior to the share issuance in question, excluding shares issued pursuant to share compensation arrangements over the preceding one year period.

**3.4 Total Common Shares Subject to Options**

- (a) The aggregate number of Common Shares that may be issued pursuant to the exercise of Options must not exceed 5,000,000 Common Shares. No Option may be granted if such grant would have the effect of causing the total number of Common Shares subject to Options to exceed the above-noted total number of Common Shares reserved for issuance pursuant to the exercise of Options. Subject to applicable law and any shareholder or other approval which may be required, the Board may in its discretion amend this Plan to increase such number of Common Shares without notice to any Optionees.
- (b) To the extent Options terminate for any reason prior to exercise in full or are surrendered for cancellation or otherwise, the Common Shares subject to such Options shall be added back to the number of Common Shares reserved for issuance under this Plan and such Common Shares will again become available for grant under this Plan.

**3.5 Option Agreements**

All grants of Options under Section 4.1 of this Plan will be evidenced by Option Agreements. Such Option Agreements will be subject to the applicable provisions of this Plan and will contain such provisions as are required by this Plan and any other provisions that the Board may direct. Any one officer of the Company is authorized and empowered to execute and deliver, for and on behalf of the Company, an Option Agreement to each Optionee.

**3.6 Non-transferability**

Subject to Section 4.6 and the rules and policies of any stock exchange on which the Common Shares are listed, Options granted under this Plan may only be exercised during the lifetime of the Individual Optionee by such Individual Optionee personally. Except to the extent permitted by such rules and applicable law, no assignment or transfer of Options, whether voluntary, involuntary, by operation of law or otherwise, vests any interest or right in such Options whatsoever in any assignee or transferee and immediately upon any assignment or transfer, or any attempt to make the same, such Options will terminate and be of no further force or effect. If any Individual Optionee (the “Original Optionee”) has transferred Options to a corporation pursuant to this Section 3.6 when such transfer is permitted by applicable rules or law, such Options will terminate and be of no further force or effect if at any time the Original Optionee should cease to own all of the issued shares of such corporation.

**ARTICLE 4  
GRANT OF OPTIONS**

**4.1 Grant of Options**

The Board may, from time to time, subject to the provisions of this Plan and such other terms and conditions as the Board may determine, grant Options to any Participant.

**4.2      Exercise Price**

The purchase price of Common Shares purchasable under any Option will be as determined by the Board but in any event will be no less than the Fair Market Value of the Common Shares on the day prior to the Date of Grant.

**4.3      Term of Options**

Subject to any accelerated termination as set forth in this Plan, each Option, unless otherwise specified by the Board, expires on the fifth anniversary of the Date of Grant, provided that in no event will the Exercise Period of an Option exceed 10 years from its Date of Grant.

**4.4      Exercise Period**

- (a)      Options will vest and be exercisable in the manner determined by the Board and specified in the applicable Option Agreement.  
  
Once an Option becomes exercisable, it remains exercisable until expiration or termination of the Option, unless otherwise specified by the Board in connection with the grant of such Option or pursuant to Section 4.9. Each Option or instalment may be exercised at any time or from time to time, in whole or in part, for up to the total number of Common Shares with respect to which it is then exercisable. The Board has the right to accelerate the date upon which any instalment of any Option becomes exercisable.  
  
Subject to the provisions of this Plan and any Option Agreement, Options shall be exercised by means of a fully completed Exercise Notice delivered to the Company.
- (b)      Provided that an Optionee has been employed by the Company or an Affiliated Entity for at least ten (10) consecutive years, on the date that the sum of the Optionee’s age and the Optionee’s years of service with the Company or an Affiliated Entity equals “70”, all of the unvested Options held by such Optionee shall immediately vest and become exercisable pursuant to the terms of this Plan. Notwithstanding Sections 4.6 and 4.7, all such vested Options shall expire on the earlier of (a) the expiration of the term of such options, and (b) one year following the Termination Date. For the purposes of this section, an Optionee’s employment with the Company or an Affiliated Entity ends on the Termination Date.
- (c)      Unless otherwise determined by the Board at grant, the Option Agreement shall provide that (i) in the event the Participant engages in a Detrimental Activity prior to any exercise of the Option, all Options held by the Participant shall thereupon terminate and expire, (ii) as a condition of the exercise of a Option, the Participant shall be deemed to have certified at the time of exercise that the Participant is in compliance with the terms and conditions of the Plan and that the Participant has not engaged in, and does not intend to engage in, any Detrimental Activity, and (iii) in the event the Participant engages in a Detrimental Activity during the one-year period commencing on the date the Option is exercised or becomes vested, the Company shall be entitled to recover from the Participant at any time within

one year after such exercise or vesting, and the Participant shall pay over to the Company, an amount equal to any gain realized as a result of the exercise of the Option (whether at the time of exercise or thereafter). The Company's rights in subsection (iii) shall also apply if it is determined that the Participant's deemed certification pursuant to subsection (ii) was untrue. This Section 4.4(c) shall cease to apply upon a Change in Control.

#### **4.5 Payment of Exercise Price**

The Exercise Notice must be accompanied by payment in full of the purchase price for the Common Shares to be purchased. The Exercise Price must be fully paid in cash, or by certified cheque, bank draft or money order payable to the Company or by such other means as might be specified from time to time by the Board. No Common Shares will be issued or transferred until full payment therefor has been received by the Company. As soon as practicable after receipt of any Exercise Notice and full payment, the Company will deliver to the Optionee a certificate or certificates representing the acquired Common Shares.

#### **4.6 Retirement, Death or Disability of Optionee**

If an Individual Optionee dies or becomes Disabled while an employee, director or officer of the Company or an Affiliated Entity or if the employment or term of office of the Individual Optionee with the Company or an Affiliated Entity terminates due to Retirement:

- (a) the executor or administrator of the Individual Optionee's estate or the Individual Optionee, as the case may be, may exercise any Options of the Optionee to the extent that the Options were exercisable at the date of such death, Disability or Retirement and the right to exercise such Options terminates on the earlier of: (i) the date that is 180 days from the date of the Individual Optionee's death, Disability or Retirement; and (ii) the date on which the Exercise Period of the particular Option expires. Any Options held by the Optionee that were not exercisable at the date of death, Disability or Retirement immediately expire and are cancelled on such date; and
- (b) such Optionee's eligibility to receive further grants of Options under the Plan ceases as of the date of the Individual Optionee's death, Disability or Retirement, as the case may be.

#### **4.7 Termination of Employment or Services**

- (a) Where, in the case of an Employee Participant or Executive Participant, an Individual Optionee's employment or term of office with the Company or an Affiliated Entity ceases by reason of the Individual Optionee's death, Disability or Retirement, then the provisions of Section 4.6 will apply.
- (b) Where, in the case of an Employee Participant or Executive Participant, an Individual Optionee's employment or term of office terminates by reason of: (i) termination by the Company or an Affiliated Entity without cause (whether such termination occurs with or without any or adequate reasonable notice, or with or without any or adequate compensation in lieu of such reasonable notice); or (ii)

voluntarily resignation by the Optionee, then any Options held by the Optionee that are exercisable at the Termination Date continue to be exercisable by the Optionee until the earlier of: (A) the date that is 30 days after the Termination Date; and (B) the date on which the Exercise Period of the particular Option expires. Any Options held by the Optionee that are not exercisable at the Termination Date immediately expire and are cancelled on the Termination Date.

- (c) Where, in the case of an Employee Participant or Executive Participant, an Individual Optionee's employment or term of office is terminated by the Company or an Affiliated Entity for cause, then any Options held by the Optionee, whether or not exercisable at the Termination Date, immediately expire and are cancelled on such date at a time determined by the Board, in its sole discretion.
- (d) Where, in the case of a Consultant Participant, an Optionee's consulting agreement or arrangement terminates by reason of: (i) termination by the Company or an Affiliated Entity for any reason whatsoever other than for breach of the consulting agreement or arrangement (whether or not such termination is effected in compliance with any termination provisions contained in the Optionee's consulting agreement or arrangement); or (ii) voluntarily termination by the Individual Optionee; or (iii) the death or Disability of the Individual Optionee, then any Options held by the Optionee that are exercisable at the Termination Date, or at the date of the death or Disability of the Individual Optionee, as the case may be, continue to be exercisable by the Optionee until the earlier of: (A) the date that is 30 days from the Termination Date, or from the date of the death or Disability of the Individual Optionee, as the case may be; and (B) the date on which the Exercise Period of the particular Option expires. Any Options held by the Optionee that are not exercisable at the Termination Date, or at the date of the death or Disability of the Individual Optionee, as the case may be, immediately expire and are cancelled on such date.
- (e) Where, in the case of a Consultant Participant, an Optionee's consulting agreement or arrangement is terminated by the Company or an Affiliated Entity for breach of the consulting agreement or arrangement (whether or not such termination is effected in compliance with any termination provisions contained in Optionee's consulting agreement or arrangement), then any Options held by the Optionee, whether or not such Options are exercisable at the Termination Date, immediately expire and are cancelled on the Termination Date at a time determined by the Board, in its discretion.
- (f) An Optionee's eligibility to receive further grants of Options under the Plan ceases as of the date that the Company or an Affiliated Entity, as the case may be, provides the Optionee with written notification that the Individual Optionee's employment, term of office, consulting agreement or arrangement, as the case may be, is terminated, notwithstanding that such date may be prior to the Termination Date.
- (g) Notwithstanding Subsections 4.7(b) and (d), unless the Board, in its discretion, otherwise determines, at any time and from time to time, Options are not affected

by a change of employment or consulting arrangement within or among the Company or an Affiliated Entity for so long as the Participant continues to be any of an Employee Participant, a Consultant Participant or an Executive Participant.

#### **4.8 Discretion to Permit Exercise**

Notwithstanding the provisions of Sections 4.6 and 4.7, the Board may, in its discretion, at any time prior to or following the events contemplated in such sections, permit the exercise of any or all Options held by the Optionee in the manner and on the terms authorized by the Board, provided that the Board will not, in any case, authorize the exercise of an Option pursuant to this section beyond the expiration of the Exercise Period of the particular Option.

#### **4.9 Change in Control**

- (a) Notwithstanding anything else in this Plan or any Option Agreement, the Board may, without the consent of any Optionee, take such steps as are necessary or desirable to cause the conversion or exchange of any outstanding Options into or for cash or options, rights or other securities of substantially equivalent value (or greater value), as determined by the Board in its discretion, in any entity participating in or resulting from a "Change in Control" (as defined below).
- (b) Upon the Company entering into an agreement relating to, or otherwise becoming aware of, a transaction which, if completed, would result in a Change in Control, the Company shall give written notice of the proposed transaction to the Optionees, together with a description of the effect of such Change in Control on outstanding Options, not less than ten (10) Business Days prior to the closing of the transaction resulting in the Change of Control.
- (c) The Board may, in its sole discretion, accelerate the vesting of any or all outstanding Options to provide that, notwithstanding Section 4.4 or any Option Agreement, such outstanding Options shall be fully vested and conditionally exercisable upon (or prior to) the completion of the transaction resulting in the Change in Control provided that the Board shall not, in any case, authorize the exercise of Options pursuant to this section beyond the Expiry Date of the Options. If the Board elects to accelerate the vesting of the Options, then if any of such Options are not exercised on or prior to completion of the transaction resulting in the Change in Control, such unexercised Options shall terminate and expire upon the completion of the transaction resulting in the Change in Control. If, for any reason, the transaction which would result in the Change in Control is not completed, the acceleration of the vesting of the Options shall be retracted and vesting shall instead revert to the manner provided in Section 4.4.
- (d) To the extent that the transaction resulting in a Change in Control is a capital reorganization, arrangement, amalgamation or reclassification of the share capital of the Company and the Board does not accelerate the vesting of Options pursuant to Subsection 4.9(c) or take action pursuant to Section 4.9(a), the Company shall make adequate provisions to ensure that, upon completion of the proposed transaction resulting in the Change in Control, the number and kind of shares subject to outstanding Options and/or the Exercise Price per share of Options shall

be appropriately adjusted in such manner as the Board considers equitable to prevent substantial dilution or enlargement of the rights granted to Optionees. The Board may make changes to the terms of the Options or this Plan to the extent necessary or desirable to comply with any rules, regulations or policies of any stock exchange on which the Common Shares are listed, provided that the value of previously granted Options, as determined by the Board in its discretion, and the rights of Optionees are not materially adversely affected by any such changes.

- (e) If any individual, corporation or other entity (an “Acquiror”) makes an offer to purchase all of the Common Shares (an “Offer”) and the Offer is accepted by all of the holders of Common Shares (or by a sufficient number of holders such that the Acquiror may statutorily acquire the balance of the outstanding Common Shares), each Optionee shall be required to exercise all Options held and sell the Common Shares which they acquire pursuant to such exercise of Options then owned by them to the Acquiror on the same terms and conditions as set out in the Offer.
- (f) For purposes of this Section 4.9, a “Change in Control” means the happening of any of the following events:
  - (i) the completion of a transaction pursuant to which (A) the Company goes out of existence or (B) any Person, or any Associate or Affiliated Entity of such Person (other than the Company, any trustee or other fiduciary holding securities under any employee benefit plan of the Company or an Affiliated Entity, or any company owned, directly or indirectly, by the shareholders of the Company in substantially the same proportions as their ownership of Common Shares of the Company) hereafter acquires the direct or indirect “beneficial ownership” (as defined by the OBCA) of securities of the Company representing 50% or more of the aggregate voting power of all of the Company’s then issued and outstanding securities following which Eugene Melnyk is not the Chairman of the board of directors of the Company;
  - (ii) the lease, exchange, license, sale or other similar disposition of all or substantially all of the Company’s assets in one transaction or a series of related transactions to an entity following which Eugene Melnyk is not the Chairman of the board of directors of such entity, or if such entity is not a corporation, Eugene Melnyk does not hold a position with such entity entitling him to perform functions similar to those performed by the chairman of a board of directors of a corporation;
  - (iii) the dissolution or liquidation of the Company except in connection with the distribution of assets of the Company to one or more Persons which were Affiliated Entities prior to such event;
  - (iv) during any period of 30 consecutive months beginning on or after the date of this Plan, the persons who were members of the Board immediately before the beginning of such period (the “Incumbent Directors”) cease (for any reason other than death) to constitute at least a majority of the Board

or the board of directors of any successor to the Company, provided that any director who was not a director as of the date of this Plan shall be deemed to be an Incumbent Director if such director is elected to the Board by, or on the recommendation of or with the approval of, at least two-thirds of the directors who then qualified as Incumbent Directors either actually or by prior operation of the foregoing unless such election, recommendation or approval occurs as a result of an actual or threatened election contest or other actual or threatened solicitation of proxies or contests by or on behalf of a Person other than a member of the Board; or

- (v) a merger, amalgamation, arrangement or consolidation of the Company with any other corporation following which Eugene Melnyk is no longer chairman of the Company, other than a merger, amalgamation, arrangement or consolidation that would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger, amalgamation, arrangement or consolidation; provided, however, that a merger, amalgamation, arrangement or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no Person (other than those covered by the exceptions in (i) above) acquires more than 50% of the combined voting power of the Company's then outstanding securities shall not constitute a Change in Control.
- (g) If the Board elects to accelerate the vesting of any or all outstanding Options immediately prior to the completion of a transaction resulting in a Change in Control, it may also determine that all such outstanding Options will be purchased by the Company or an Affiliated Entity at the "Change in Control Price" (as defined below), less the applicable Exercise Price for such Options, as of the date such Change in Control is determined to have occurred or as of such other date prior to the Change in Control as the Board may determine. Outstanding Options may only be purchased by the Company or an Affiliated Entity, as described above, however, if the Change in Control Price is higher than the Exercise Price for such outstanding Options.

For purposes of this Subsection 4.9(g), "Change in Control Price" means the highest price per Common Share paid in any transaction reported on a stock exchange or paid or offered in any bona fide transaction related to a potential or actual Change in Control at any time during the five trading days (or if the Common Shares are not listed on any stock exchange, during the three month period) preceding the Change in Control, as determined by the Board.

#### **4.10 Conditions of Exercise**

Each Optionee will, when requested by the Company, sign and deliver all such documents relating to the granting or exercise of Options which the Company deems necessary or desirable.

**ARTICLE 5**  
**SHARE CAPITAL ADJUSTMENTS**

**5.1 General**

The existence of any Options does not affect in any way the right or power of the Company or its shareholders to make, authorize or determine any adjustment, recapitalization, reorganization or any other change in the Company's capital structure or its business, or any amalgamation, combination, merger or consolidation involving the Company, to create or issue any bonds, debentures, Common Shares or other securities of the Company or to determine the rights and conditions attaching thereto, to effect the dissolution or liquidation of the Company or any sale or transfer of all or any part of its assets or business, or to effect any other corporate act or proceeding, whether of a similar character or otherwise, whether or not any such action referred to in this section would have an adverse effect on this Plan or any Option granted hereunder.

**5.2 Reorganization of Company's Capital**

Should the Company effect a subdivision or consolidation of Common Shares or any similar capital reorganization or a payment of a stock dividend (other than a stock dividend that is in lieu of a cash dividend), or should any other change be made in the capitalization of the Company that, in the opinion of the Board, would warrant the replacement or amendment of any existing Options in order to adjust: (a) the number of Common Shares that may be acquired on the exercise of any outstanding Options; and/or (b) the Exercise Price of any outstanding Options in order to preserve proportionately the rights and obligations of the Optionees, the Board will authorize such steps to be taken as may be equitable and appropriate to that end.

**5.3 Other Events Affecting the Company**

In the event of an amalgamation, combination, merger or other reorganization involving the Company by exchange of Common Shares, by sale or lease of assets or otherwise, that, in the opinion of the Board, warrants the replacement or amendment of any existing Options in order to adjust: (a) the number of Common Shares that may be acquired on the exercise of any outstanding Options; or (b) the Exercise Price of any outstanding Options in order to preserve proportionately the rights and obligations of the Optionees, the Board will authorize such steps to be taken as may be equitable and appropriate to that end.

**5.4 Immediate Exercise of Options**

Where the Board determines that the steps provided in Sections 5.2 and 5.3 would not preserve proportionately the rights and obligations of the Optionees in the circumstances or otherwise determines that it is appropriate, the Board may permit the immediate exercise of any outstanding Options that are not otherwise exercisable.

**5.5 Issue by Company of Additional Shares**

Except as expressly provided in this Article 5, neither the issue by the Company of shares of any class or securities convertible into or exchangeable for shares of any class, nor the conversion or exchange of such shares or securities, affects, and no adjustment by reason thereof is to be made

with respect to: (a) the number of Common Shares that may be acquired on the exercise of any outstanding Options; or (b) the Exercise Price of any outstanding Options.

**5.6 Fractions**

No fractional Common Shares will be issued on the exercise of an Option. Accordingly, if, as a result of any adjustment under Sections 5.2 to 5.4 inclusive, an Optionee would become entitled to a fractional Common Share, the Optionee has the right to acquire only the adjusted number of full Common Shares and no payment or other adjustment will be made with respect to the fractional Common Shares so disregarded.

**5.7 Conditions of Exercise**

This Plan and each Option are subject to the requirement that if at any time the Board determines that the listing, registration or qualification of the Common Shares subject to such Option upon any stock exchange or under any provincial, state or federal law, or the consent or approval of any governmental body, stock exchange or of the holders of the Common Shares generally, is necessary or desirable, as a condition of, or in connection with, the granting of such Option or the issue or purchase of Common Shares thereunder, no such Option may be granted or exercised in whole or in part unless such listing, registration, qualification, consent or approval has been effected or obtained free of any conditions not acceptable to the Board. The Optionees shall, to the extent applicable, cooperate with the Company in relation to such listing, registration, qualification, consent or other approval and shall have no claim or cause of action against the Company or any of its officers or directors as a result of any failure by the Company to obtain or to take any steps to obtain any such registration, qualification or approval.

**ARTICLE 6  
MISCELLANEOUS PROVISIONS**

**6.1 Legal Requirement**

The Company is not obligated to grant any Options, issue any Common Shares or other securities, make any payments or take any other action if, in the opinion of the Board, in its sole discretion, such action would constitute a violation by an Optionee or the Company of any provision of any applicable statutory or regulatory enactment of any government or government agency.

**6.2 Optionee’s Entitlement**

Except as otherwise provided in this Plan, Options previously granted under this Plan, whether or not then exercisable, are not affected by any change in the relationship between, or ownership of, the Company and an Affiliated Entity. For greater certainty, all Options remain valid and exercisable in accordance with the terms and conditions of this Plan and are not affected by reason only that, at any time, an Affiliated Entity ceases to be an Affiliated Entity.

**6.3 Withholding Taxes**

The exercise of each Option granted under this Plan is subject to the condition that if at any time the Company determines, in its discretion, that the satisfaction of withholding tax or other

withholding liabilities is required under applicable law in respect of such exercise, such exercise is not effective unless such withholding has been effected to the satisfaction of the Company. In such circumstances, the Company may require that an Optionee pay to the Company, in addition to and in the same manner as the Exercise Price for the Common Shares, such amount as the Company is obliged to remit to the relevant taxing authority in respect of the exercise of the Option.

**6.4 Rights of Participant/Optionee**

No Participant has any claim or right to be granted an Option (including, without limitation, an Option granted in substitution for any Option that has expired pursuant to the terms of this Plan), and the granting of any Option is not to be construed as giving an Optionee a right to remain in the employ of the Company or an Affiliated Entity. No Optionee has any rights as a shareholder of the Company in respect of Common Shares issuable on the exercise of rights to acquire Common Shares under any Option until the allotment and issuance to the Optionee of certificates representing such Common Shares.

**6.5 Termination; Amendment**

- (a) This Plan will terminate and, for greater certainty, all unexercised Options shall terminate and expire on the earliest of:
  - (i) the date upon which no further Common Shares remain available for issuance pursuant to Options which may be granted under this Plan and no Options remain outstanding; and
  - (ii) upon the occurrence of a Change in Control provided that the Board accelerates the vesting of Options pursuant to Section 4.9,unless this Plan is renewed for such further period and upon such terms and conditions as the Board may determine.
- (b) The Board may, without notice, at any time or from time to time, amend, suspend or terminate this Plan or any provisions hereof in such respects as it, in its sole discretion, determines appropriate. No such amendment, suspension or termination of this Plan, without the consent of any Optionee or the representatives of his or her estate, as applicable, alters or impairs any rights or obligations arising from any Option previously granted to an Optionee under this Plan. In addition, no such modification shall be undertaken that would cause a previously granted Option intended to qualify for favourable treatment under Section 162(m) to cease to so qualify.

**6.6 Indemnification**

Every Director will at all times be indemnified and saved harmless by the Company from and against all costs, charges and expenses whatsoever including any income tax liability arising from any such indemnification, that such Director may sustain or incur by reason of any action, suit or proceeding, taken or threatened against the Director, otherwise than by the Company, for or in respect of any act done or omitted by the Director in respect of this Plan, such costs,

charges and expenses to include any amount paid to settle such action, suit or proceeding or in satisfaction of any judgement rendered therein.

**6.7 Quebec Stock Savings Plan**

If the Common Shares qualify in any period for purposes of a stock savings plan under the *Taxation Act* (Quebec) (the “Act”), the Company shall so notify all Quebec resident Employee Participants and Executive Participants who are officers of the Company or of an Affiliated Entity, whereupon any such Participant who wishes to deposit pursuant to the Act some or all of the Common Shares to be issued to them under this Plan in such period shall so indicate in the Exercise Notice.

**6.8 Participation in the Plan**

The participation of any Participant in this Plan is entirely voluntary and not obligatory and shall not be interpreted as conferring upon such Participant any rights or privileges other than those rights and privileges expressly provided in this Plan. In particular, participation in this Plan does not constitute a condition of employment or service nor a commitment on the part of the Company to ensure the continued employment or service of such Participant. This Plan does not provide any guarantee against any loss which may result from fluctuations in the market value of the Common Shares. The Company does not assume responsibility for the personal income or other tax consequences for the Participants and they are advised to consult with their own tax advisors.

**6.9 Effective Date**

The Plan shall be effective June 25, 2004, subject, solely to the extent required by any applicable law (including, without limitation, approval required under Section 162(m) of the Code or Section 422 of the Code) or registration, stock exchange, quotation system, listing or similar rule or regulation, to approval by the shareholders of the Company in the manner set forth in such law, regulation or rule.

**6.10 Governing Law**

This Plan is created under and is to be governed, construed and administered in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein.

## SCHEDULE A

### 2004 STOCK OPTION PLAN OPTION AGREEMENT

Biovail Corporation (the “Company”) hereby grants to the Optionee named below (the “Optionee”), an option (the “Option”) to purchase, in accordance with and subject to the terms, conditions and restrictions of this Agreement, together with the provisions of the 2004 Stock Option Plan (the “Plan”) of the Company dated •, 2004, the number of common shares in the capital of the Company (“Common Shares”) at the price per share set forth below:

Name of Optionee:

Type of Participant: [Employee Participant, Executive Participant, or Consultant Participant]

Date of Grant:

Total Number of Common Shares Subject to Option:

Exercise Price:

Vesting:

1. The terms and conditions of the Plan are hereby incorporated by reference as terms and conditions of this Option Agreement and all capitalized terms used herein, unless expressly defined in a different manner, have the meanings ascribed thereto in the Plan.
  2. Subject to Sections 4.9 and 5.4 of the Plan, each Option is exercisable in the instalments and subject to the conditions set forth above.
  3. The provisions in the Plan regarding Detrimental Activity shall apply to this Option. In the event that the Optionee engages in Detrimental Activity prior to the exercise of the Option, the Option shall terminate and expire as of the date the Optionee engaged in such Detrimental Activity. As a condition of the exercise of the Option, the Optionee shall be deemed to have certified at the time of exercise in the Exercise Notice that the Optionee is in compliance with the terms and conditions of the Plan and that the Optionee has not engaged in, and does not intend to engage in, any Detrimental Activity. In the event the Optionee engages in Detrimental Activity, the Company shall be entitled to enforce its rights under the Plan and all other rights available to it at law or equity.
  4. In no event is the Option granted hereunder exercisable after the expiration of the relevant Exercise Period.
  5. No fractional Common Shares will be issued on the exercise of the Option granted hereunder. If, as a result of any adjustment to the number of Common Shares issuable on the exercise of the Option granted hereunder pursuant to the Plan, the Optionee would be entitled to receive a fractional Common Share, the Optionee has the right to acquire only the adjusted number of full Common Shares and no payment or other adjustment will be made with respect to the fractional Common Shares so disregarded.
-

6. Nothing in the Plan or in this Option Agreement will affect the Company's right, or that of an Affiliated Entity, to terminate the employment of, term of office of, or consulting agreement or arrangement with an Optionee at any time for any reason whatsoever. Upon such termination, an Optionee's rights to exercise Options will be subject to restrictions and time limits for the exercise of Options. Complete details of such restrictions are set out in the Plan, and in particular in Sections 4.6 and 4.7 thereof.
7. Each notice relating to the Option, including the exercise thereof, must be in writing. All notices to the Company must be delivered personally or by prepaid registered mail and must be addressed to the Chief Legal Officer. All notices to the Optionee will be addressed to the principal address of the Optionee on file with the Company. Either the Company or the Optionee may designate a different address by written notice to the other. Such notices are deemed to be received, if delivered personally, on the date of delivery, and if sent by prepaid, registered mail, on the fifth business day following the date of mailing. Any notice given by either the Optionee or the Company is not binding on the recipient thereof until received.
8. When the issuance of Common Shares on the exercise of the Option may, in the opinion of the Company, conflict or be inconsistent with any applicable law or regulation of any governmental agency having jurisdiction, the Company reserves the right to refuse to issue such Common Shares for so long as such conflict or inconsistency remains outstanding.
9. Subject to Section 4.6 of the Plan, the Option granted pursuant to this Option Agreement may only be exercised during the lifetime of the Optionee by the Optionee personally and, subject to Section 3.6 of the Plan, no assignment or transfer of the Option, whether voluntary, involuntary, by operation of law or otherwise, vests any interest or right in such Option whatsoever in any assignee or transferee, and immediately upon any assignment or transfer or any attempt to make such assignment or transfer, the Option granted hereunder terminates and is of no further force or effect. Complete details of this restriction are set out in the Plan.
10. The Optionee hereby agrees that:
  - (a) any rule, regulation or determination, including the interpretation by the Board of the Plan, the Option granted hereunder and the exercise thereof, is final and conclusive for all purposes and binding on all persons including the Company and the Optionee; and
  - (b) the grant of the Option does not affect in any way the right of the Company or any Affiliated Entity to terminate the employment or service of the Optionee.

11. This Option Agreement has been made in and is to be construed under and in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein.

**BIOVAIL CORPORATION**

By: \_\_\_\_\_  
Authorized Signatory

I have read the foregoing Option Agreement and hereby accept the Option to purchase Common Shares in accordance with and subject to the terms and conditions of such Agreement and the Plan. I understand that I may review the complete text of the Plan by contacting the Chief Legal Officer of the Company. I agree to be bound by the terms and conditions of the Plan governing the Option.

SCHEDULE B

2004 STOCK OPTION PLAN EXERCISE NOTICE FORM - OPTIONS

1. The terms and conditions of the Plan are hereby incorporated by reference as terms and conditions of this Exercise Notice and all capitalized terms used herein, unless expressly defined in a different manner, have the meanings ascribed thereto in the Biovail Corporation 2004 Stock Option Plan (the “Plan”).
2. I, \_\_\_\_\_, hereby certify that:  
(PRINT NAME)

(a) I am in compliance with the terms and conditions of the Plan and I have not engaged in, and do not intend to engage in, any Detrimental Activity; and

(b) I, hereby exercise the option to purchase \_\_\_\_\_ Common Shares at a purchase price of [Cdn]\$\_\_\_\_\_ per Common Share. This Exercise Notice is delivered in respect of the option to purchase \_\_\_\_\_ Common Shares that was granted to me on \_\_\_\_\_ pursuant to the Option Agreement entered into between the Company and me. In connection with the foregoing, I enclose cash, a certified cheque, bank draft or money order payable to the Company in the amount of [Cdn]\$\_\_\_\_\_ as full payment for the Common Shares to be received upon exercise of the Option.

Date Accepted

Optionee’s Signature

**Amendment to the Amended and Restated 2004 Stock Option Plan of Biovail Corporation dated March 14, 2007**

THIS AMENDMENT, effective March 14, 2007, is made to the Amended and Restated 2004 Stock Option Plan of Biovail Corporation, as amended (the “2004 Stock Option Plan”).

WHEREAS, on March 14, 2007, the Board of Directors of Biovail Corporation approved certain amendments to the transferability provisions of the 2004 Stock Option Plan, which amendments did not require shareholder approval;

NOW THEREFORE the 2004 Stock Option Plan is hereby amended as follows:

1. The existing paragraph in Section 3.6 shall be renumbered as Section 3.6(a).
2. The phrase “Sections 3.6(b) and 4.6” shall replace the reference to “Section 4.6” in the first line of Section 3.6(a).
3. A new Section 3.6(b) shall be inserted immediately following Section 3.6(a) and shall state as follows:

“(b) Notwithstanding Section 3.6(a), no assignment or transfer as would otherwise be permitted pursuant to such section may occur where such assignment or transfer is to be made for consideration.”.

---

**Amendment to the Amended and Restated 2004 Stock Option Plan of Biovail Corporation dated May 16, 2007**

THIS AMENDMENT, effective May 16, 2007, is made to the Amended and Restated 2004 Stock Option Plan of Biovail Corporation, as amended (the “2004 Stock Option Plan”).

WHEREAS, on March 14, 2007, the Board of Directors of Biovail Corporation approved certain revisions to the amendment provisions of the 2004 Stock Option Plan, subject to approval of the shareholders of Biovail Corporation (the “Shareholders”);

AND WHEREAS, at the annual and special meeting of Shareholders, held on May 16, 2007, the Shareholders approved such revisions to the amendment provisions of the 2004 Stock Option Plan;

NOW THEREFORE the 2004 Stock Option Plan is hereby amended as follows:

1. Section 6.5(b) is hereby deleted in its entirety and replaced with the following:

“(b) Subject to Section 6.5(c), the Board may, without notice, at any time or from time to time for any purpose whatsoever, and whether in whole or in part, amend, suspend, discontinue or terminate this Plan or any provisions hereof or amend an Option granted to a Participant or a related Option Agreement, as applicable, in such respects as it, in its sole discretion, determines appropriate. No such amendment, suspension, discontinuance or termination may, without the consent of any Optionee or the representatives of his or her estate, as applicable, alter or impair any rights or obligation arising from any Option previously granted to an Optionee under this Plan unless the Board determines that the action would not materially and adversely affect the rights of such Participant. In addition, no such action shall be undertaken that would cause a previously granted Option intended to qualify for favourable treatment under Section 162(m) of the Code to cease to so qualify.”.

4. New sections 6.5(c) and 6.5(d) shall be inserted immediately following the Section 6.5(b) and shall state as follows:

“(c) Notwithstanding anything contained herein to the contrary, no such action as is contemplated by Section 6.5(b) is effective until shareholder approval is obtained where such shareholder approval is required under Section 162(m) of the Code or the rules of the TSX and/or NYSE or the rules of any other exchange or system on which the Company’s securities are listed or traded at the request of the Company. In addition, in order to become effective, shareholder approval shall be required for:

- (i) any amendment to increase the number of Common Shares reserved for issuance from treasury under the Plan;
- (ii) any amendment that would reduce the Exercise Price of an outstanding Option (including a cancellation and reissue of an Option constituting a reduction of the Exercise Price);
- (iii) any amendment to extend the term of an outstanding Option beyond the originally scheduled expiry date for that Option;
- (iv) any amendment to the eligible participants under the Plan that would permit the introduction or reintroduction of non-employee directors to participate under the Plan on a discretionary basis;
- (v) any amendment that would alter the transferability or assignability of Options under the Plan; and
- (vi) any amendment to the Plan to provide for other types of compensation through equity issuance,

unless the change results from the application of Article 5 of the Plan.

(d) The shareholders’ approval of an action as contemplated by Section 6.5(c), if required pursuant to the terms thereof, shall be given by approval of the holders of a majority of the Common Shares present and voting in person or by proxy at a duly called meeting of the shareholders. If required by the rules of the TSX and/or NYSE or the rules of any other exchange or system on which the Company’s securities are listed or traded at the request of the Company, the votes of Common Shares held directly or indirectly by Insiders benefiting from the action shall be excluded.”.

---

**BIOVAIL CORPORATION**

**1993 STOCK OPTION PLAN, AS AMENDED & RESTATED**

1. **PURPOSE:** The purpose of this Stock Option Plan (the "Plan") is to attract, retain the services of directors, employees, consultants and advisors of Biovail Corporation, its subsidiaries and affiliates (the "Corporation") who are primarily responsible for the management and profitable growth of its business and to advance the interests of the Corporation by enabling them to acquire common shares (the "Shares") of the Corporation as an additional incentive for superior performance by such persons.
  2. **ELIGIBILITY:** Options may be granted under the Plan to directors, senior officers, or to a personal holding corporation controlled by such persons, officers or employees and consultants of the Corporation, whether or not they are full or part time employees of the Corporation; provided, however, that options may be conditionally granted to persons who are prospective directors or employees of, or consultants or advisors to, the Corporation, but no such grant shall become, by its terms, effective earlier than the date as of which the board of directors approves the grant or the date as of which the Optionee becomes an officer, employee or director of, or consultant or advisor to (as the case may be), the Corporation.
  3. **ADMINISTRATION:** The Plan shall be administered by the Board of Directors who shall have full authority to interpret the Plan and to make such rules and regulations and establish such procedures as they deem appropriate for the administration of the Plan. A decision of the majority of persons comprising the Board in respect of any matter hereunder shall be binding and conclusive for all purposes and upon all persons.
  4. **SHARES SUBJECT TO THE PLAN:** The total number of shares which are reserved and set aside for issue under this Plan, and under all other management options outstanding and employee stock purchase plans, if any, shall not in the aggregate exceed 1,500,000 common shares. All shares issued pursuant to the exercise of options granted or deemed to be granted under the Plan will be so issued as fully paid common shares.
  5. **PARTICIPATION:** Options shall be granted under the Plan only to directors or senior officers or their personal holding corporation or to officers, employees, consultants and field personnel of the Corporation (the "Optionee") as shall be designated from time to time by the Board of Directors and shall be subject to the approval of such regulatory authorities as may have jurisdiction. Approval of the Plan also constitutes shareholders
-

approval of options that may be granted under the Plan to directors or senior officers of the Corporation or to their personal holding corporation.

6.        **OPTION AGREEMENTS:** Each option shall be evidenced by a written agreement (an “Option Agreement”), containing such terms and conditions, not inconsistent with the Plan, as the Board of Directors may, in its discretion, determine. Each Option Agreement shall be executed on behalf of the Corporation and the Optionee. Option Agreements may differ among Optionees.
7.        **TERMS AND CONDITIONS OF OPTIONS:** The terms and conditions of each option granted under the Plan shall include the following, as well as such other provisions, not inconsistent with the Plan, as may be deemed advisable by the Board of Directors:
- (a)        **Number of Shares:** The number of Shares subject to the option.
  - (b)        **Option Price:** The option price of any shares in respect of which an option may be granted under the Plan shall be fixed by the Board of Directors but shall not be less than the fair market value of the shares at the time the option is granted, less an amount up to the maximum discount allowed by regulatory authorities or stock exchanges having jurisdiction as may be determined by the Board of Directors. For the purpose of this paragraph, “fair market value” shall be deemed to be the closing market price at which the shares are traded on the Toronto Stock Exchange on the day prior to the date the option is granted, or if not so traded, the average between the closing bid and ask prices thereof as reported for that day.
  - (c)        **Payment:** The full purchase price payable under the option shall be paid in cash, certified funds upon the exercise hereof. A holder of an option shall have none of the rights of a shareholder until the shares are issued.
  - (d)        **Term of Option:** Options may be granted under this Plan over a period not exceeding ten (10) years. Each option shall be subject to earlier termination as provided in subparagraph (f) of this paragraph 7.
  - (e)        **Accelerated Vesting:** Provided that an Optionee has been employed by the Corporation or a subsidiary for at least ten (10) consecutive years, on the date that the sum of Optionee’s age and the Optionee’s years of service with the Corporation or a subsidiary equals “70”, all of the unvested stock options held by such Optionee shall immediately vest and become exercisable pursuant to the others terms of the Plan. Subject to paragraph 8, any stock options held by such Optionee shall not terminate on cessation of employment but shall expire on the earlier of the term of such options and one year following the cessation of the Optionee’s employment with the Corporation or its subsidiary.
  - (f)        **Exercise of Option:** Subject to the provisions of subparagraph (f) of this paragraph 7, no option may be exercised unless the Optionee is then a director,
-

senior officer, officer, employee, consultant and advisor of the Corporation. This Plan shall not confer upon the Optionee any right with respect to continuation of employment by the Corporation. Absence on leave approved by an officer of the Corporation authorized to give such approval shall not be considered an interruption of employment for any purpose of the Plan. Subject to the provisions of the Plan, an option may be exercised from time to time by delivery to the Corporation at Toronto of written notice of exercise specifying the number of shares with respect to which the option is being exercised and accompanied by payment in full of the purchase price of the shares then being purchased.

- (g) Termination of Options: Any option granted pursuant hereto, to the extent not validly exercised, will terminate on the date of expiration specified in the option agreement, being not more than ten (10) years after the date upon which the option was granted.
- (h) Nontransferability of Stock Option: No option shall be transferable, except to a personal holding corporation of the Optionee, by the Optionee other than by will or the laws of descent and distribution and such option shall be exercisable during the lifetime of the Optionee.
- (i) Applicable Laws or Regulations: The Corporation's obligation to sell and deliver shares under each option is subject to such compliance by the Corporation and any Optionee as the Corporation deems necessary or advisable with all laws, rules and regulations of Canada and any provinces and/or territories thereof applying to the authorization, issuance, listing or sale of securities and is also subject to the acceptance for listing of the shares which may be issued upon the exercise thereof by each stock exchange upon which shares of the Corporation are then listed for trading.

8. **TERMINATION OF EMPLOYMENT, DISABILITY AND DEATH:** The Board of Directors may determine the period or periods of time during which an Optionee may exercise an option following (i) the termination by the Corporation, with or without cause, of the Optionee's employment or other relationship with the Corporation, (ii) the termination by the Optionee of any such relationship with the Corporation, or (iii) the death or permanent and total disability of the Optionee. Such period or periods shall be set forth in the Option Agreement evidencing such option.

9. **ADJUSTMENTS IN SHARES SUBJECT TO THE PLAN:** The aggregate number and kind of shares available under the Plan and the exercise price thereof shall be appropriately adjusted in the event of a reorganization, recapitalization, stock split, stock dividend, combination of shares, merger, consolidation, rights offering or any other change in the corporate structure or shares of the Corporation. In any of such events, the Board of Directors may determine the adjustments to be made in the number and kind of shares covered by options theretofore granted or to be granted and in the option price.

---

10.        **AMENDMENT AND TERMINATION OF PLAN:** Subject to the approval of the Toronto Stock Exchange or other regulatory authorities having jurisdiction, the Board of Directors may from time to time amend or revise the terms of the Plan or may terminate the Plan at any time provided however that no such action shall, without the consent of the Optionee, in any manner adversely affect his rights under any option theretofore granted under the Plan.
11.        **CORPORATE TRANSACTIONS:** In the event the Shares are exchanged for securities, cash or other property of any other corporation or entity as the result of a reorganization, merger or consolidation in which the Corporation is not the surviving corporation, the dissolution or liquidation of the Corporation, or the sale of all or substantially all the assets of the Corporation, the Board of Directors or the board of directors of any successor corporation or entity may, in its discretion, as to outstanding options (a) accelerate the exercise date or dates of such options pursuant to section 7(e), (b) upon written notice to the holders thereof, provided the options have been accelerated pursuant to paragraph (a) above, terminate all such options prior to consummation of the transaction unless exercised within a prescribed period, (c) provide for payment of an amount equal to the excess of the fair market value, as determined by the Board of Directors or such board, over the Option Price of such shares as of the date of the transaction, in exchange for the surrender of the right to exercise such options, or (d) provide for the assumption of such options, or the substitution therefor of new options, by the successor corporation or entity.
12.        **EFFECTIVE DATE AND DURATION OF PLAN:** Subject to the approval of the shareholders of the Corporation, the Plan becomes effective on the date of its adoption by the Board of Directors and options may be granted immediately thereafter. The Plan shall remain in full force and effect until (i) the tenth anniversary of the date on which the Plan was adopted by the Board of Directors, (ii) the tenth anniversary of the date on which the Plan is approved by the shareholders of the Corporation, or (iii) the date as of which the Board of Directors, in its sole discretion, determines to terminate the Plan, whichever its the earlier.
-

**Amendment to the 1993 Stock Option Plan, as Amended & Restated, of Biovail Corporation dated March 14, 2007**

THIS AMENDMENT, effective March 14, 2007, is made to the 1993 Stock Option Plan, as Amended & Restated, of Biovail Corporation, as amended (the “1993 Stock Option Plan”).

WHEREAS, on March 14, 2007, the Board of Directors of Biovail Corporation approved certain amendments to the transferability provisions of the 1993 Stock Option Plan, which amendments did not require shareholder approval;

NOW THEREFORE the 1993 Stock Option Plan is hereby amended as follows:

1. Section 7(h) is hereby amended by inserting, at the end of that section, immediately following the word “Optionee”, the following:

“; provided that no such transfer may occur where such transfer is to be made for consideration.”.

---

**Amendment to the 1993 Stock Option Plan, as Amended & Restated, of Biovail Corporation dated May 16, 2007**

THIS AMENDMENT, effective May 16, 2007, is made to the 1993 Stock Option Plan, as Amended & Restated, of Biovail Corporation, as amended (the "1993 Stock Option Plan").

WHEREAS, on March 14, 2007, the Board of Directors of Biovail Corporation approved certain revisions to the amendment provisions of the 1993 Stock Option Plan, subject to approval of the shareholders of Biovail Corporation (the "Shareholders");

AND WHEREAS, at the annual and special meeting of Shareholders, held on May 16, 2007, the Shareholders approved such revisions to the amendment provisions of the 1993 Stock Option Plan;

NOW THEREFORE the 1993 Stock Option Plan is hereby amended as follows:

1. Section 10 is hereby deleted in its entirety and replaced with the following:

"(a) Subject to Section 10(b), the Board of Directors may, without notice, at any time or from time to time for any purpose whatsoever, and whether in whole or in part, amend, suspend, discontinue or terminate this Plan or any provisions hereof or amend an option granted to a Optionee or a related Option Agreement, as applicable, in such respects as it, in its sole discretion, determines appropriate. No such amendment, suspension, discontinuance or termination may, without the consent of any Optionee or the representatives of his or her estate, as applicable, alter or impair any rights or obligation arising from any option previously granted to an Optionee under this Plan unless the Board of Directors determines that the action would not materially and adversely affect the rights of such Optionee. In addition, no such action shall be undertaken that would cause a previously granted option intended to qualify for favourable treatment for performance-based compensation under Section 162(m) of the U.S. Internal Revenue Code of 1986 (as amended) and any U.S. Treasury regulations thereunder ("Section 162(m) of the Code") to cease to so qualify.

(b) Notwithstanding anything contained herein to the contrary, no such action as is contemplated by Section 10(a) is effective until shareholder approval is obtained where such shareholder approval is required under Section 162(m) of the Code or the rules of the Toronto Stock Exchange ("TSX") and/or New York Stock Exchange ("NYSE") or the rules of any other exchange or system on which the Corporation's securities are listed or traded at the request of the Corporation. In addition, in order to become effective, shareholder approval shall be required for:

- (i) any amendment to increase the number of Shares reserved for issuance from treasury under the Plan;
- (ii) any amendment that would reduce the option price of an outstanding option (including a cancellation and reissue of an option constituting a reduction of the option price);
- (iii) any amendment to extend the term of an outstanding option beyond the originally scheduled expiry date for that option;
- (iv) any amendment to the eligible participants under the Plan that would permit the introduction or reintroduction of non-employee directors to participate under the Plan on a discretionary basis;
- (v) any amendment that would alter the transferability or assignability of options under the Plan; and
- (vi) any amendment to the Plan to provide for other types of compensation through equity issuance,

unless the change results from the application of Section 9 of the Plan.

(c) The shareholders' approval of an action as contemplated by Section 10(b), if required pursuant to the terms thereof, shall be given by approval of the holders of a majority of the Shares present and voting in person or by proxy at a duly called meeting of the shareholders. If required by the rules of the TSX and/or NYSE or the rules of any other exchange or system on which the Corporation's securities are listed or traded at the request of the Corporation, the votes of Shares held directly or indirectly by Insiders (as defined under the TSX Company Manual, as amended from time to time) benefiting from the action shall be excluded."

**BIOVAIL CORPORATION**  
**DIRECTORS' DEFERRED SHARE UNIT PLAN**

**ARTICLE 1**  
**PREAMBLE AND DEFINITIONS**

**1.1            Title.**

The Plan herein described shall be called the “Directors’ Deferred Share Unit Plan”, and is referred to herein as the “Plan”.

**1.2            Purpose of the Plan.**

The purpose of the Plan is to promote a greater alignment of interests between the directors of the Corporation who participate in the Plan and the shareholders of the Corporation.

**1.3            Definitions.**

“**Annual Board Retainer**” means the annual cash retainer payable by the Corporation to a Director in a financial year for service on the Board and any committee of the Board, but excludes other retainers and fees (including, without limitation, any Chair Retainer and Meeting Fees).

“**Annual Chair Retainer**” means the annual retainer paid by the Corporation to a Director in a financial year for acting as the chair of the Board or of one or more committees of the Board, but excludes other retainers and fees (including, without limitation, the Annual Board Retainer and Meeting Fees).

“**Annual DSU Allocation**” means such amount as may from time to time be determined by resolution of the Directors of the Corporation.

“**Annual Payment Date**” has the meaning ascribed thereto in Section 4.1.

“**Board**” means the board of directors of the Corporation.

“**Corporation**” means Biovail Corporation and any successor corporation whether by amalgamation, merger or otherwise.

“**Deferred Share Unit**” means a bookkeeping entry, the value of which on any particular date shall be equal to the Market Price.

“**Deferred Share Unit Account**” has the meaning ascribed thereto in Section 4.7.

“**Director**” means a director of the Corporation other than a director who is a full-time employee of the Corporation.

---

“**Election Notice**” has the meaning ascribed thereto in Section 4.2.

“**Market Price**” means the market price of a Share and shall be the VWAP on the TSX, or the NYSE or other stock exchange where the majority of the trading volume and value of the Shares occurs, for the five trading days immediately preceding such date, except that with respect to Members subject to U.S. taxation, to the extent required by Section 409A of the Code, “Market Price” of a Share means the greater of (i) the Market Price as calculated above or (ii) the VWAP on the TSX, or the NYSE or other stock exchange where the majority of the trading volume and value of the Shares occurs, for the single trading day immediately preceding such date. The Market Price so determined may be in Canadian dollars or U.S. dollars. As a result, the Market Price of a Share in respect of a Deferred Share Unit that will be paid in Canadian dollars shall be either (a) such Market Price as determined above, if in Canadian dollars, or (b) such Market Price as determined above converted into Canadian dollars at the closing rate of exchange of the Bank of Canada on the Date of Grant, if in U.S. dollars. Similarly, the Market Price of a Share in respect of a Deferred Share Unit that will be paid in U.S. dollars shall be either (a) such Market Price as determined above, if in U.S. dollars, or (b) such Market Price as determined above converted into U.S. dollars at the closing rate of exchange of the Bank of Canada on the Date of Grant, if in Canadian dollars. If on the such date there is not a closing rate of exchange of the Bank of Canada, then the Market Price of a Share shall be determined as provided above on the first day immediately preceding such date for which there was such a closing rate of exchange. The Market Price of a Share shall be rounded up to the nearest whole cent.

“**Meeting Fees**” means the fees paid by the Corporation to a Director in a financial year for attendance at meetings of the Board and its committees.

“**Member**” means a Director who becomes a participant in the Plan in accordance with Article 4.

“**Member’s Termination Date**” has the meaning ascribed thereto in Section 5.1.

“**NYSE**” means the New York Stock Exchange.

“**Payment Date**” has the meaning ascribed thereto in Section 4.1.

“**Shares**” means the common shares of the Corporation and such other shares as may be substituted therefor as a result of amendments to the articles of the Corporation, a reorganization of the Corporation or otherwise.

“**Trading Day**” means any date on which the TSX is open for the trading of the Shares.

“**TSX**” means the Toronto Stock Exchange.

“**VWAP**” means the volume weighted average trading price of the Shares, calculated by dividing the total value by the total volume of Shares traded for the relevant period.

- Schedule A – Election Notice  
Schedule B – Redemption Notice

**ARTICLE 2**  
**INTERPRETATION**

2.1            **Governing Law.**

The Plan shall be governed and interpreted in accordance with the laws of the Province of Ontario and the federal laws in Canada applicable therein.

2.2            **Severability.**

If any provision of the Plan or part hereof is determined to be void or unenforceable in whole or in part, such determination shall not affect the validity or enforcement of any other provision or part thereof.

2.3            **References.**

Headings wherever used herein are for reference purposes only and do not limit or extend the meaning of the provisions herein. In the Plan, references to the singular shall include the plural and vice versa, as the context shall require.

**ARTICLE 3**  
**ELIGIBILITY**

3.1            **Establishment.**

Subject to obtaining Board approval, the Plan shall be effective as at May 4 , 2005.

3.2            **Automatic Participation for Directors.**

Each Director in office at the effective date of establishment of the Plan shall, without further formality, become a Member in the Plan. Each person who becomes a Director at any time subsequent to the effective date of establishment of the Plan shall thereupon, without further or other formality, become a Member of the Plan.

3.3            **No Additional Rights.**

Nothing herein contained shall be deemed to give any person the right to be retained as a Director of the Corporation or as an employee of the Corporation.

**ARTICLE 4**  
**DEFERRED SHARE UNIT GRANTS AND ACCOUNTS**

**4.1            Annual Grants.**

Each year, as soon as practicable following the election or appointment of any Director, (each of which is referred to as a “Payment Date”, annually, the “Annual Payment Date”), such Director shall be credited, without further or other formality, with the respective number of Deferred Share Units as may be determined by dividing the Annual DSU Allocation by the Market Price at the Annual Payment Date in question, subject, if such person is not elected by the shareholders at the annual general meeting, to proration according to the number of days such person was a Director of the Corporation during such twelve month period or as the Board may otherwise determine.

**4.2            Election to Participate.**

Each Director shall have, subject to the conditions stated herein, the right to elect at any time and from time to time in accordance with this Section 4.2, to be credited with Deferred Share Units in lieu of all or any part of the Annual Board Retainer and all or any part of any Annual Chair Retainer otherwise payable to such Director in cash (commencing with amounts payable after the effective date of the Plan). No such election shall be effective unless and until the Director in question shall have filed a notice of election in the form of Schedule A hereto (the “Election Notice”) with the Corporation’s Chief Financial Officer, which notice, subject as hereinafter provided, may be filed at any time.

**4.3            Effect of Notice.**

A duly filed Election Notice shall be binding upon the Director who filed it, and upon the Corporation, unless and until such Director has filed a subsequent Election Notice to terminate or change his or her election and such subsequent Election Notice has become effective in accordance with the Plan.

**4.4            Termination or Change to Election.**

(a) Each Member is entitled to terminate or change his or her election specified in any Election Notice filed with the Corporation by filing with the Chief Financial Officer of the Corporation a subsequent Election Notice, provided that no Member shall be entitled to file more than one Election Notice in any calendar year unless specifically authorized by resolution of the Directors.

(b) To be effective with respect to all or any part of any annual payment on account of the Annual Board Retainer or the Annual Chair Retainer, a Notice of Election must be filed at least 21 days prior to the annual payment date in question.

(c) For greater certainty, subject to the foregoing limitation, a Member who has filed a subsequent Election Notice to terminate an earlier election by the Member may thereafter again elect in accordance with Section 4.2.

**4.5                    Timing and Recording of Credits.**

(a) Each Member who has filed an Election Notice in accordance with Section 4.2 shall be credited with Deferred Share Units as hereinafter provided in respect of the Annual Board Retainer or Annual Chair Retainer, as applicable, annually in arrears immediately following the annual general meeting of shareholders, while such Election Notice remains in effect.

(b) Deferred Share Units credited to a Member in accordance with any provision of this agreement shall be recorded by the Corporation in the Member's Deferred Share Unit Account (as defined below) as soon as reasonably practicable thereafter.

**4.6                    Calculation of Number of Deferred Share Units.**

The number of Deferred Share Units credited at any particular time with respect to any amount in respect of which a Member shall have elected pursuant to Section 4.2 will be calculated by dividing such amount by the Market Price on the relevant annual payment date for such amount.

**4.7                    Deferred Share Unit Account.**

An account, to be known as a "Deferred Share Unit Account", shall be maintained by the Corporation for each Member, in which shall be recorded all Deferred Share Units credited to a Member from time to time.

**4.8                    Dividends.**

Whenever cash dividends are paid on the Shares, additional Deferred Share Units will be credited to the Member's Deferred Share Unit Account. The number of such additional Deferred Share Units will be calculated by dividing (i) the dividends that would have been paid to such Member if the Deferred Share Units in the Member's Deferred Share Unit Account on the relevant dividend record date had been Shares, by (ii) the closing price of the Shares on the TSX, the NYSE or other stock exchange where the majority of the trading volume and value of the Shares occurs on the date of payment of such dividend. If on such date of payment there is not a closing price of the Shares on any such exchange, then the opening price of the Shares on the TSX, the NYSE or other stock exchange where the majority of the trading volume and value of the Shares occurs on the first available date thereafter will be used for purposes of (ii) above.

**4.9                    Adjustments.**

In the event of any stock dividend, stock split, combination or exchange of Shares, merger, consolidation, spin-off or other distribution (other than normal cash dividends) of the Corporation's assets to shareholders, or any other changes affecting the Shares, such proportionate adjustments shall be made with respect to the number of Deferred Share Units outstanding under the Plan to reflect such change or changes.

**4.10                    No Price Adjustment.**

For greater certainty, no additional Deferred Share Units will be granted to such Member to compensate for a downward fluctuation in the price of the Shares, nor will any other form of benefit be conferred upon, or in respect of, a Member for such purpose.

**ARTICLE 5**  
**REDEMPTION ON RETIREMENT OR DEATH**

**5.1                    Redemption.**

Subject to Section 5.2, the value (determined in accordance with Section 5.2) of the Deferred Share Units credited to a Member’s Deferred Share Unit Account shall be redeemable by the Member (or, where the Member has died, his or her estate) at the Member’s option (or after the Member’s death, at the option of his legal representative) following the event, including death, causing the Member to no longer be a Director or an employee of the Corporation or a person related to the Corporation for the purposes of the *Income Tax Act* (Canada) (the “Member’s Termination Date”). The value of the Deferred Share Units shall be redeemed by filing a written notice of redemption in the form of Schedule B hereto with the Chief Financial Officer of the Corporation, specifying: (i) either one or two redemption dates; and (ii) the percentage of Deferred Share Units held by the Member to be redeemed on each such redemption date (which when added together shall equal 100%). Each redemption date specified in the notice of redemption shall occur during the period commencing at least five (5) business days following the date on which such notice is filed with the Chief Financial Officer of the Corporation and ending not later than December 15 of the first calendar year commencing after the Member’s Termination Date. If no notice of redemption has been filed by December 15 of the first calendar year after the Member’s Termination Date, December 15 of the first calendar year after the Member’s Termination Date will be deemed to be the redemption date for all of the Member’s Deferred Share Units.

**5.2                    Payment of Redeemed Amount.**

Subject to applicable income tax and other withholdings as required by law, the value of the Deferred Share Units redeemed by or in respect of a Member shall be paid to the Member (or if the Member has died, to his or her estate, as the case may be) in the form of one or two lump sum cash payments, as applicable in accordance with the Member’s notice of redemption, less the amounts required to be withheld by applicable law, as soon as practicable after the applicable redemption date, provided that in any event such payment date shall be no later than December 31 of the first calendar year commencing after the Member’s Termination Date. The amount of the cash payment (or payments, as the case may be) to be paid to the Member on the redemption date (or redemption dates, as the case may be), before such withholdings, shall be determined by multiplying the number of Deferred Share Units to be redeemed on a redemption date by the Market Price on such redemption date.

**ARTICLE 6**  
**SHAREHOLDER RIGHTS**

**6.1           No Shareholder Rights.**

Deferred Share Units are not Shares and will not entitle a Member to any shareholder rights, including, without limitation, voting rights, dividend entitlement or rights on liquidation.

**ARTICLE 7**  
**ADMINISTRATION**

**7.1           Unfunded Obligation.**

Unless otherwise determined by the Board, the Plan shall remain an unfunded obligation of the Corporation.

**7.2           Committee to Administer Plan.**

The Plan shall be administered by the Board with the advice of the Compensation Committee of the Board or such other committee of the Board as the Board may, from time to time, determine to be appropriate.

**7.3           Amendment and Termination.**

The Plan may be amended or terminated at any time by the Board, except as to rights already accrued hereunder by the Members. Notwithstanding the foregoing, any amendment or termination of the Plan shall be such that the Plan continuously meets the requirements of paragraph 6801(d) of the Regulations under the *Income Tax Act* (Canada) or any successor provision thereto.

**7.4           Costs of Administration.**

The Corporation will be responsible for all costs relating to the administration of the Plan.

**ARTICLE 8**  
**ASSIGNMENT**

**8.1           Assignment.**

A Deferred Share Unit is personal to the Member and is non-assignable. No Deferred Share Unit granted hereunder shall be pledged, hypothecated, charged, transferred, assigned or otherwise encumbered or disposed of by the Member, whether voluntarily or by operation of law, otherwise than by testate succession or the laws of descent and distribution, and any attempt to do so will cause such Deferred Share Unit to be null and void. During the lifetime of the Member, a Deferred Share Unit shall be redeemable only by the Member and, upon the

death of a Member, the person to whom the rights shall have passed by testate succession or by the laws of descent and distribution may redeem any Deferred Share Units in accordance with the provisions of Article 5.

**Schedule A to Deferred Share Unit Plan  
for Directors of Biovail Corporation (the “Plan”)**

**ELECTION NOTICE**

Please complete one of Section 1 (Election Notice), Section 2 (Election to Change Participation) or Section 3 (Election to Terminate an Earlier Election), and return a signed and dated copy of this Schedule A to the Chief Financial Officer of Biovail Corporation (the “Corporation”).

**1. ELECTION NOTICE**

I hereby elect to participate in the Plan on the following basis, commencing with the next annual payment date following the date hereof, unless and until the election is terminated or changed in accordance with a subsequently filed Election Notice, namely, to receive in Deferred Stock Units       % **(please insert applicable percentage)** of the amount otherwise payable to me in cash in respect of my Annual Board Retainer and       % **(please insert applicable percentage)** of the amount otherwise payable to me in cash in respect of my Annual Chair Retainer.

**2. ELECTION TO CHANGE PARTICIPATION**

I hereby elect, notwithstanding any previous election in the form of this Election Notice, to change my election with respect to my participation in the Plan, commencing with the next annual payment following the date hereof, unless and until the election is terminated or changed in accordance with a subsequently filed Election Notice, namely, so as to receive in Deferred Stock Units       % **(please insert applicable percentage)** of the amount otherwise payable to me in cash in respect of my Annual Board Retainer and       % **(please insert applicable percentage)** of the amount otherwise payable to me in cash in respect of my Annual Chair Retainer.

**3. ELECTION TO TERMINATE AN ELECTION**

I hereby elect, by marking the box below this paragraph with an “X”, to terminate my election under Section 4.2 of the Plan and to receive my Annual Board Retainer and my Annual Chair Retainer in cash commencing with the next annual payment following the date hereof.

YES, I WISH TO TERMINATE MY MOST RECENT ELECTION UNDER SECTION 4.2 OF THE PLAN.

I confirm that:

1. I have received and reviewed a copy of the terms of the Plan and agreed to be bound by such terms.
-

2. I understand that I will not be able to cause the Corporation to redeem Deferred Share Units granted under the Plan (“DSUs”) until I am no longer a Director or an employee of the Corporation.
3. I recognize that when DSUs credited pursuant to an election made under Section 1 or 2 of this Election Notice are redeemed in accordance with the terms of the Plan after I am no longer a Director or employee of the Corporation, income tax and other withholdings as required will arise at that time that will be my obligations (and not the Corporation’s, except as required by law). Upon redemption of the DSUs, the Corporation will make all appropriate withholdings as required by law at that time.
4. The value of DSUs are based on the value of the common shares of the Corporation and therefore are not guaranteed.
5. No funds will be set aside to guarantee the payment of DSUs. Future payment of DSUs will remain an unfunded liability recorded on the books of the Corporation.
6. I acknowledge and agree that, as described in greater detail in the Plan, I am not permitted to assign, pledge, charge or otherwise encumber the DSUs granted to me under the Plan.
7. An election filed pursuant to Section 2 or 3 of this Schedule A is required to be filed with the Chief Financial Officer of the Corporation not later than thirty (30) days prior to the end of a calendar year in order to be effective with respect to any amounts payable on and after the last day of such calendar year on account of my Annual Board Retainer or my Annual Chair Retainer.

The foregoing is only a brief outline of certain key provisions of the Plan. For more complete information, reference should be made to the Plan in its entirety.

---

DIRECTORS' DEFERRED SHARE UNIT PLAN

ARTICLE 1

PREAMBLE AND DEFINITIONS

**1.1 Title.**

The Plan herein described shall be called the "Directors' Deferred Share Unit Plan", and is referred to herein as the "Plan". This Plan is amended and restated effective January 1, 2009 to implement changes required pursuant to and consistent with section 409A of the Internal Revenue Code of 1986, as amended and the regulations promulgated thereunder (the "Code"). Until December 31, 2008 the Plan has been operated in accordance with transition relief established by the Treasury Department and Internal Revenue Service pursuant to section 409A of the Code.

**1.2 Purpose of the Plan.**

The purpose of the Plan is to promote a greater alignment of interests between the directors of the Corporation who participate in the Plan and the shareholders of the Corporation.

**1.3 Definitions.**

"**Annual Board Retainer**" means the annual cash retainer payable by the Corporation to a Director in a financial year for service on the Board and any committee of the Board, but excludes other retainers and fees (including, without limitation, any Chair Retainer and Meeting Fees).).

"**Annual Chair Retainer**" means the annual retainer paid by the Corporation to a Director in a financial year for acting as the chair of the Board or of one or more committees of the Board, but excludes other retainers and fees (including, without limitation, the Annual Board Retainer and Meeting Fees).

"**Annual DSU Allocation**" means such amount as may from time to time be determined by resolution of the Directors of the Corporation.

"**Annual Payment Date**" has the meaning ascribed thereto in Section 4.1.

"**Board**" means the board of directors of the Corporation.

"**Corporation**" means Biovail Corporation and any successor corporation whether by amalgamation, merger or otherwise.

"**Deferred Share Unit**" means a bookkeeping entry, the value of which on any particular date shall be equal to the Market Price.

"**Deferred Share Unit Account**" has the meaning ascribed thereto in Section 4.7.

"**Director**" means a director of the Corporation other than a director who is a full-time employee of the Corporation.

"**Election Notice**" has the meaning ascribed thereto in Section 4.2.

"**Market Price**" means the market price of a Share and shall be the VWAP on the TSX, or the NYSE or other stock exchange where the majority of the trading volume and value of the Shares occurs, for the five trading days immediately preceding such date, except that with respect to Members subject to U.S. taxation, to the extent required by section 409A of the Code, "Market Price" of a Share means the greater of (i) the Market Price as calculated above or (ii) the VWAP on the TSX, or the NYSE or other stock exchange where the majority of the trading volume and value of the Shares occurs, for the single trading day immediately preceding such date. The Market Price so determined may be in Canadian dollars or U.S. dollars. As a result, the Market Price of a Share in respect of a Deferred Share Unit that will be paid in Canadian dollars shall be either (a) such Market Price as determined above, if in Canadian dollars, or (b) such Market Price

as determined above converted into Canadian dollars at the closing rate of exchange of the Bank of Canada on the Date of Grant, if in U.S. dollars. Similarly, the Market Price of a of a Share in respect of a Deferred Share Unit that will be paid in U.S. dollars shall be either (a) such Market Price as determined above, if in U.S. dollars, or (b) such Market Price as determined above converted into U.S. dollars at the closing rate of exchange of the Bank of Canada on the Date of Grant, if in Canadian dollars. If on the such date there is not a closing rate of exchange of the Bank of Canada, then the Market Price of a Share shall be determined as provided above on the first day immediately preceding such date for which there was such a closing rate of exchange. The Market Price of a Share shall be rounded up to the nearest whole cent.

"**Meeting Fees**" means the fees paid by the Corporation to a Director in a financial year for attendance at meetings of the Board and its committees.

"**Member**" means a Director who becomes a participant in the Plan in accordance with Article 4.

"**Member's Termination Date**" has the meaning ascribed thereto in Section 5.1.

"**NYSE**" means the New York Stock Exchange.

"**Payment Date**" has the meaning ascribed thereto in Section 4.1.

"**Shares**" means the common shares of the Corporation and such other shares as may be substituted therefor as a result of amendments to the articles of the Corporation, a reorganization of the Corporation or otherwise.

"**Trading Day**" means any date on which the TSX is open for the trading of the Shares.

"**TSX**" means the Toronto Stock Exchange.

"**VWAP**" means the volume weighted average trading price of the Shares, calculated by dividing the total value by the total volume of Shares traded for the relevant period.

**1.4 Schedules.**

Schedule A — Election Notice

**ARTICLE 2**

**INTERPRETATION**

**2.1 Governing Law.**

The Plan shall be governed and interpreted in accordance with the laws of the Province of Ontario and the federal laws in Canada applicable therein.

**2.2 Severability.**

If any provision of the Plan or part hereof is determined to be void or unenforceable in whole or in part, such determination shall not affect the validity or enforcement of any other provision or part thereof.

**2.3 References.**

Headings wherever used herein are for reference purposes only and do not limit or extend the meaning of the provisions herein. In the Plan, references to the singular shall include the plural and vice versa, as the context shall require.

**ARTICLE 3**

**ELIGIBILITY**

**3.1 Establishment.**

The Plan was originally effective May 4, 2005. The Plan as amended and restated herein is effective January 1, 2009.

**3.2 Automatic Participation for Directors.**

Each Director in office at the effective date of establishment of the Plan shall, without further formality, become a Member in the Plan. Each person who becomes a Director at any time subsequent to the effective date of establishment of the Plan shall thereupon, without further or other formality, become a Member of the Plan.

**3.3 No Additional Rights.**

Nothing herein contained shall be deemed to give any person the right to be retained as a Director of the Corporation or as an employee of the Corporation.

**ARTICLE 4**

**DEFERRED SHARE UNIT GRANTS AND ACCOUNTS**

**4.1 Annual Grants.**

Each year, within three (3) business days following the election or appointment of any Director, (each of which is referred to as a "Payment Date", annually, the "Annual Payment Date"), such Director shall be credited, without further or other formality, with the respective number of Deferred Share Units as may be determined by dividing the Annual DSU Allocation by the Market Price at the Annual Payment Date in question, subject, if such person is not elected by the shareholders at the annual general meeting, to proration according to the number of days such person was a Director of the Corporation during the preceding twelve month period or as the Board may otherwise determine.

**4.2 Election to Participate.**

Each Director shall have, subject to the conditions stated herein, the right to elect in accordance with this Section 4.2, to be credited with Deferred Share Units in lieu of all or any part of the Annual Board Retainer and all or any part of any Annual Chair Retainer otherwise payable to such Director in cash (commencing with amounts payable after the effective date of the Plan). No such election shall be effective unless and until the Director in question shall have filed a notice of election in the form of Schedule A hereto (the "Election Notice") with the Corporation's Chief Financial Officer. An Election Notice must be filed on or before the last business day of the calendar year ending immediately before the calendar year to which the Annual Board Retainer and/or Annual Chair Retainer relate, except in the case of a newly elected or appointed Director, whose Election Notice is effective for the year in which such Director first becomes a Director if the Election Notice is filed on or before the earlier of (i) thirty days after the date the Director first became a Director, and (ii) the last business day of the calendar year in which the Director first became a Director.

**4.3 Effect of Notice.**

A duly filed Election Notice shall be binding upon the Director who filed it, and upon the Corporation, unless and until such Director has filed a subsequent Election Notice to terminate or change his or her election and such subsequent Election Notice has become effective in accordance with the rules set forth in Section 4.4 of the Plan.

**4.4 Termination or Change to Election.**

- (a) Each Member is entitled to terminate or change his or her election specified in any Election Notice filed with the Corporation by filing with the Chief Financial Officer of the Corporation a subsequent Election Notice, provided that no Member shall be entitled to file more than one Election Notice in any calendar year unless specifically authorized by resolution of the Directors. A subsequent Election Notice will become effective at the beginning of the calendar year following the calendar year in which the subsequent Election Notice is filed.
- (b) For greater certainty a Member who has filed a subsequent Election Notice to terminate an earlier election by the Member may thereafter again elect in accordance with Section 4.2.

**4.5 Timing and Recording of Credits.**

- (a) Each Member who has filed an Election Notice in accordance with Section 4.2 shall be credited with Deferred Share Units as hereinafter provided in respect of the Annual Board Retainer or Annual Chair Retainer, as applicable, annually in arrears immediately following the annual general meeting of shareholders, while such Election Notice remains in effect.
- (b) Deferred Share Units credited to a Member in accordance with any provision of the Plan shall be recorded by the Corporation in the Member's Deferred Share Unit Account (as defined below) as soon as reasonably practicable thereafter.

**4.6 Calculation of Number of Deferred Share Units.**

The number of Deferred Share Units credited at any particular time with respect to any amount in respect of which a Member shall have elected pursuant to Section 4.2 will be calculated by dividing such amount by the Market Price on the relevant Annual Payment Date for such amount.

**4.7 Deferred Share Unit Account.**

A bookkeeping account, to be known as a "Deferred Share Unit Account", shall be maintained by the Corporation for each Member, in which shall be recorded all Deferred Share Units credited to a Member from time to time.

**4.8 Dividends.**

Whenever cash dividends are paid on the Shares, additional Deferred Share Units will be credited to the Member's Deferred Share Unit Account and redeemed in accordance with the terms of Article 5. The number of such additional Deferred Share Units will be calculated by dividing (i) the dividends that would have been paid to such Member if the Deferred Share Units in the Member's Deferred Share Unit Account on the relevant dividend record date had been Shares, by (ii) the closing price of the Shares on the TSX, the NYSE or other stock exchange where the majority of the trading volume and value of the Shares occurs on the date of payment of such dividend. If on such date of payment there is not a closing price of the Shares on any such exchange, then the opening price of the Shares on the TSX, the NYSE or other stock exchange where the majority of the trading volume and value of the Shares occurs on the first available date thereafter will be used for purposes of (ii) above.

**4.9 Adjustments.**

In the event of any stock dividend, stock split, combination or exchange of Shares, merger, consolidation, spin-off or other distribution (other than normal cash dividends) of the Corporation's assets to shareholders, or any other changes affecting the Shares, such proportionate adjustments shall be made with respect to the number of Deferred Share Units outstanding under the Plan to reflect such change or changes. Any adjustments shall be made consistent with the applicable requirements of section 409A of the Code.

**4.10 No Price Adjustment.**

For greater certainty, no additional Deferred Share Units will be granted to such Member to compensate for a downward fluctuation in the price of the Shares, nor will any other form of benefit be conferred upon, or in respect of, a Member for such purpose.

**ARTICLE 5**

**REDEMPTION ON RETIREMENT OR DEATH**

**5.1 Redemption.**

Subject to Section 5.2, the value (determined in accordance with Section 5.2) of the Deferred Share Units credited to a Member's Deferred Share Unit Account shall be redeemed immediately following the earliest to occur of the following events: (i) the Member's "separation from service" (within the meaning of such term

under section 409A of the Code) with the Corporation; (ii) the Member's disability (within the meaning of such term under section 409A of the Code); or (iii) the Member's death. (collectively such events shall be referred to as the "Member's Termination Date").

**5.2 Payment of Redeemed Amount.**

Subject to applicable income tax, other withholdings as required by law and the 6 month delay set forth in Section 7.5 below, the value of the Deferred Share Units redeemed by or in respect of a Member shall be paid to the Member (or if the Member has died, to his or her estate, as the case may be) in the form of one lump sum cash payment, less the amounts required to be withheld by applicable law, within 30 days following the Member's Termination Date. The amount of the cash payment to be paid to the Member (or if the Member has died, to his or her estate, as the case may be) on redemption, before such withholdings, shall be determined by multiplying the number of Deferred Share Units held by the Member on the Member's Termination Date by the Market Price on such Member's Termination Date.

**ARTICLE 6**

**SHAREHOLDER RIGHTS**

**6.1 No Shareholder Rights.**

Deferred Share Units are not Shares and will not entitle a Member to any shareholder rights, including, without limitation, voting rights, dividend entitlement or rights on liquidation.

**ARTICLE 7**

**ADMINISTRATION**

**7.1 Unfunded Obligation.**

Unless otherwise determined by the Board, the Plan shall remain an unfunded obligation of the Corporation.

**7.2 Committee to Administer Plan.**

The Plan shall be administered by the Board with the advice of the Compensation Committee of the Board or such other committee of the Board as the Board may, from time to time, determine to be appropriate.

**7.3 Amendment and Termination.**

The Plan may be amended or terminated at any time by the Board, except as to rights already accrued hereunder by the Members. Notwithstanding the foregoing, any amendment or termination of the Plan shall be such that the Plan continuously meets the requirements of paragraph 6801(d) of the Regulations under the *Income Tax Act* (Canada) or any successor provision thereto.

**7.4 Costs of Administration.**

The Corporation will be responsible for all costs relating to the administration of the Plan.

**7.5 Section 409A of the Code**

This Plan is intended to comply with the applicable requirements of section 409A of the Code and shall be administered in accordance with section 409A of the Code. All payments to be made upon a termination of employment or service, shall only be made upon a "separation from service" under section 409A of the Code. In no event shall a Member, directly or indirectly designate the calendar year in which payments will be made. All payments under the Plan shall be structured in a manner consistent with the requirements of section 409A of the Code and payments with respect thereto shall only be made in a manner and upon an event permitted under section 409A of the Code and, to the extent required under section 409A of the Code, payments to a Member who is a "specified employee" (within the meaning of such term under section 409A of the Code) upon his or

her separation from service shall be postponed and subject to a 6 month delay and shall be paid within 15 days after the end of the 6 month period following separation from service, or if such Member dies during the postponement period prior to the payment of postponed amount, the amounts withheld on account of section 409A of the Code shall be paid to the personal representative of such Member's estate within 60 days after the date of such Member's death. To the extent that any provision of the Plan would cause a conflict with the requirements of section 409A of the Code, or would cause the administration of the Plan to fail to satisfy the requirements of section 409A of the Code, such provision shall be deemed null and void to the extent permitted by applicable law.

**ARTICLE 8**

**ASSIGNMENT**

**8.1 Assignment.**

A Deferred Share Unit is personal to the Member and is non-assignable. No Deferred Share Unit granted hereunder shall be pledged, hypothecated, charged, transferred, assigned or otherwise encumbered or disposed of by the Member, whether voluntarily or by operation of law, otherwise than by testate succession or the laws of descent and distribution, and any attempt to do so will cause such Deferred Share Unit to be null and void. During the lifetime of the Member, a Deferred Share Unit shall be redeemable only by the Member and, upon the death of a Member, the person to whom the rights shall have passed by testate succession or by the laws of descent and distribution may redeem any Deferred Share Units in accordance with the provisions of Article 5.

**Schedule A to Deferred Share Unit Plan  
for Directors of Biovail Corporation (the "Plan")**

**ELECTION NOTICE**

Please complete one of the following: Section 1 (Election Notice), Section 2 (Election to Change Participation) or Section 3 (Election to Terminate an Earlier Election), and return a signed and dated copy of this Schedule A to the Chief Financial Officer of Biovail Corporation (the "Corporation").

**1. ELECTION NOTICE**

I hereby elect to participate in the Plan on the following basis, commencing with the first annual payment of the first calendar year beginning after the date hereof,<sup>(1)</sup> unless and until the election is terminated or changed in accordance with a subsequently filed Election Notice, namely, to receive in Deferred Stock Units \_\_\_\_\_% **(please insert applicable percentage)** of the amount otherwise payable to me in cash in respect of my Annual Board Retainer and \_\_\_\_\_% **(please insert applicable percentage)** of the amount otherwise payable to me in cash in respect of my Annual Chair Retainer.

**2. ELECTION TO CHANGE PARTICIPATION**

I hereby elect, notwithstanding any previous election in the form of this Election Notice, to change my election with respect to my participation in the Plan, commencing with the first annual payment of the first calendar year beginning after the date hereof, unless and until the election is terminated or changed in accordance with a subsequently filed Election Notice, namely, so as to receive in Deferred Stock Units \_\_\_\_\_% **(please insert applicable percentage)** of the amount otherwise payable to me in cash in respect of my Annual Board Retainer and \_\_\_\_\_% **(please insert applicable percentage)** of the amount otherwise payable to me in cash in respect of my Annual Chair Retainer.

**3. ELECTION TO TERMINATE AN ELECTION**

I hereby elect, by marking the box below this paragraph with an "X", to terminate my election under Section 4.2 of the Plan and to receive my Annual Board Retainer and my Annual Chair Retainer in cash commencing with the first annual payment of the first calendar year beginning after the date hereof.

☐ YES, I WISH TO TERMINATE MY MOST RECENT ELECTION UNDER SECTION 4.2 OF THE PLAN.

I confirm that:

1. I have received and reviewed a copy of the terms of the Plan and agreed to be bound by such terms.
2. I understand that I will not be able to cause the Corporation to redeem Deferred Share Units granted under the Plan ("DSUs") until I am no longer a Director or an employee of the Corporation.
3. I recognize that when DSUs credited pursuant to an election made under Section 1 or 2 of this Election Notice are redeemed in accordance with the terms of the Plan after I am no longer a Director or employee of the Corporation, income tax and other withholdings as required will arise at that time that will be my obligations (and not the Corporation's, except as required by law). Upon redemption of the DSUs, the Corporation will make all appropriate withholdings as required by law at that time.
4. The value of DSUs are based on the value of the common shares of the Corporation and therefore are not guaranteed.
5. No funds will be set aside to guarantee the payment of DSUs. Future payment of DSUs will remain an unfunded liability recorded on the books of the Corporation.
6. I acknowledge and agree that, as described in greater detail in the Plan, I am not permitted to assign, pledge, charge or otherwise encumber the DSUs granted to me under the Plan.

---

(1) If this is the year in which I have first become Director, my participation commences with the next annual payment in the current year if this Election Notice is filed on or before the earlier of (i) thirty days after the date I first became Director, and (ii) the last business day of this calendar year.

---

7. An election filed pursuant to Section 1, 2 or 3 of this Schedule A is required to be filed with the Chief Financial Officer of the Corporation not later than the last business day of the calendar year ending before the particular calendar year in respect of which I am electing to receive any portion of my Annual Board Retainer and/or my Annual Chair Retainer in DSUs rather than cash (or in respect of which I am electing to change or terminate such election, as the case may be).

The foregoing is only a brief outline of certain key provisions of the Plan. For more complete information, reference should be made to the Plan in its entirety.

BIOVAIL LABORATORIES INTERNATIONAL SRL

DIRECTORS’ DEFERRED SHARE UNIT PLAN

ARTICLE 1  
PREAMBLE AND DEFINITIONS

1.1 Title.

The Plan herein described shall be called the “Deferred Share Unit Plan”, and is referred to herein as the “Plan”.

1.2 Purpose of the Plan.

The purpose of the Plan is to align the compensation incentives available to the employees, officers and directors of the Corporation and the interests of the Corporation’s parent company.

1.3 Definitions.

“**Board**” means the board of directors of the Corporation.

“**Corporation**” means Biovail Laboratories International SRL and any successor corporation whether by amalgamation, merger or otherwise.

“**Deferred Share Unit**” means a bookkeeping entry, the value of which on any particular date shall be equal to the Market Price.

“**Deferred Share Unit Account**” has the meaning ascribed thereto in Section 4.7.

**DSU Allocation**” means such amount as may from time to time be determined by resolution of the Board;

“**Election Notice**” has the meaning ascribed thereto in Section 4.2.

“**Market Price**” means the market price of a Share and shall be the VWAP on the TSX, or the NYSE or other stock exchange where the majority of the trading volume and value of the Shares occurs, for the five trading days immediately preceding such date, except that with respect to Members subject to U.S. taxation, to the extent required by Section 409A of the Code, “Market Price” of a Share means the greater of (i) the Market Price as calculated above or (ii) the VWAP on the TSX, or the NYSE or other stock exchange where the majority of the trading volume and value of the Shares occurs, for the single trading day immediately preceding such date. The Market Price so determined may be in Canadian dollars or U.S. dollars. As a result, the Market Price of a Share in respect of a Deferred Share Unit that will be paid in Canadian dollars shall be either (a) such Market

---

Price as determined above, if in Canadian dollars, or (b) such Market Price as determined above converted into Canadian dollars at the closing rate of exchange of the Bank of Canada on the Date of Grant, if in U.S. dollars. Similarly, the Market Price of a of a Share in respect of a Deferred Share Unit that will be paid in U.S. dollars shall be either (a) such Market Price as determined above, if in U.S. dollars, or (b) such Market Price as determined above converted into U.S. dollars at the closing rate of exchange of the Bank of Canada on the Date of Grant, if in Canadian dollars. If on the such date there is not a closing rate of exchange of the Bank of Canada, then the Market Price of a Share shall be determined as provided above on the first day immediately preceding such date for which there was such a closing rate of exchange. The Market Price of a Share shall be rounded up to the nearest whole cent.

“**Member**” means an employee, officer or director of the Corporation who becomes a participant in the Plan in accordance with Article 4.

“**Member’s Termination Date**” has the meaning ascribed thereto in Section 5.1.

“**NYSE**” means the New York Stock Exchange.

“**Payment Date**” has the meaning ascribed thereto in Section 4.1.

“**Shares**” means the common shares of Biovail Corporation and such other shares as may be substituted therefor as a result of amendments to the articles of Biovail Corporation, a reorganization of Biovail Corporation or otherwise.

“**Trading Day**” means any date on which the TSX is open for the trading of the Shares.

“**TSX**” means the Toronto Stock Exchange.

“**VWAP**” means the volume weighted average trading price of the Shares, calculated by dividing the total value by the total volume of Shares traded for the relevant period.

1.4                    **Schedules.**

- Schedule A — Election Notice
- Schedule B — Redemption Notice

**ARTICLE 2**  
**INTERPRETATION**

2.1                    **Governing Law.**

The Plan shall be governed and interpreted in accordance with the laws of Barbados.

**2.2                    Severability.**

If any provision of the Plan or part hereof is determined to be void or unenforceable in whole or in part, such determination shall not affect the validity or enforcement of any other provision or part thereof.

**2.3                    References.**

Headings wherever used herein are for reference purposes only and do not limit or extend the meaning of the provisions herein. In the Plan, references to the singular shall include the plural and vice versa, as the context shall require.

**ARTICLE 3**  
**ELIGIBILITY**

**3.1                    Establishment.**

Subject to obtaining Board approval, the Plan shall be effective as at May 4, 2005.

**3.2                    Participation.**

Each employee, officer or director of the Corporation shall become a Member in the Plan if so designated by resolution of the Board.

**3.3                    No Additional Rights.**

Nothing herein contained shall be deemed to give any person the right to be retained as an employee, director or officer of the Corporation.

**ARTICLE 4**  
**DEFERRED SHARE UNIT GRANTS AND ACCOUNTS**

**4.1                    Grants.**

From time to time, as the Board may consider appropriate, a Member may be credited, without further or other formality, with the respective number of Deferred Share Units as may be determined by dividing the DSU Allocation by the Market Price at the date of payment determined by the Board (a “Payment Date”).

**4.2                    Election to Participate.**

Each Member shall have, subject to the conditions stated herein, the right to elect at any time and from time to time in accordance with this Section 4.2, to be credited with Deferred Share Units in lieu of all or any part of any cash compensation payable to such Member. No such election shall be effective unless and until the Member in question shall have filed a notice of election in the form of Schedule A hereto (the “Election Notice”) with the Corporation’s Secretary, which notice, subject as hereinafter provided, may be filed at any time.

**4.3                    Effect of Notice.**

A duly filed Election Notice shall be binding upon the Member who filed it, and upon the Corporation, unless and until such Member has filed a subsequent Election Notice to terminate or change his or her election and such subsequent Election Notice has become effective in accordance with the Plan.

**4.4                    Termination or Change to Election.**

- (a) Each Member is entitled to terminate or change his or her election specified in any Election Notice filed with the Corporation by filing with the Secretary of the Corporation a subsequent Election Notice, provided that no Member shall be entitled to file more than one Election Notice in any calendar year unless specifically authorized by resolution of the Directors.
- (b) For greater certainty, subject to the foregoing limitation, a Member who has filed a subsequent Election Notice to terminate an earlier election by the Member may thereafter again elect in accordance with Section 4.2.

**4.5                    Timing and Recording of Credits.**

- (a) Each Member who has filed an Election Notice in accordance with Section 4.2 shall be credited with Deferred Share Units as hereinafter provided in respect of the cash payment in respect of which such election is made, immediately upon the later to occur of: (i) the filing of such Election Notice or (ii) the date on which the cash payment would otherwise be payable (such later date being the “Effective Date”), while such Election Notice remains in effect.
- (b) The number of Deferred Share Units to be received by the Member will be calculated by dividing (i) the cash payment to which the Member would otherwise be entitled, by (ii) the Market Price at the Effective Date.
- (c) Deferred Share Units credited to a Member in accordance with any provision of this agreement shall be recorded by the Corporation in the Member’s Deferred Share Unit Account (as defined below) as soon as reasonably practicable thereafter.

**4.6                    [Intentionally Left Blank]**

**4.7                    Deferred Share Unit Account.**

An account, to be known as a “Deferred Share Unit Account”, shall be maintained by the Corporation for each Member, in which shall be recorded all Deferred Share Units credited to a Member from time to time.

**4.8                    Dividends.**

Whenever cash dividends are paid on the Shares, additional Deferred Share Units will be credited to the Member’s Deferred Share Unit Account. The number of such additional Deferred Share Units will be calculated by dividing (i) the dividends that would have been paid

to such Member if the Deferred Share Units in the Member’s Deferred Share Unit Account on the relevant dividend record date had been Shares, by (ii) the closing price of the Shares on the TSX, the NYSE or other stock exchange where the majority of the trading volume and value of the Shares occurs on the date of payment of such dividend. If on such date of payment there is not a closing price of the Shares on any such exchange, then the opening price of the Shares on the TSX, the NYSE or other stock exchange where the majority of the trading volume and value of the Shares occurs on the first available date thereafter will be used for purposes of (ii) above.

**4.9                    Adjustments.**

In the event of any stock dividend, stock split, combination or exchange of Shares, merger, consolidation, spin-off or other distribution (other than normal cash dividends) of the Corporation’s assets to shareholders, or any other changes affecting the Shares, such proportionate adjustments shall be made with respect to the number of Deferred Share Units outstanding under the Plan to reflect such change or changes.

**4.10                  No Price Adjustment.**

For greater certainty, no additional Deferred Share Units will be granted to such Member to compensate for a downward fluctuation in the price of the Shares, nor will any other form of benefit be conferred upon, or in respect of, a Member for such purpose.

**ARTICLE 5**  
**REDEMPTION ON RETIREMENT OR DEATH**

**5.1                    Redemption.**

Subject to Section 5.2, the value (determined in accordance with Section 5.2) of the Deferred Share Units credited to a Member’s Deferred Share Unit Account shall be redeemable by the Member (or, where the Member has died, his or her estate) at the Member’s option (or after the Member’s death, at the option of his legal representative) following the event, including death, causing the Member to no longer be an employee, officer or director of the Corporation (the “Member’s Termination Date”). The value of the Deferred Share Units shall be redeemed by filing a written notice of redemption in the form of Schedule B hereto with the Secretary of the Corporation, specifying: (i) either one or two redemption dates; and (ii) the percentage of Deferred Share Units held by the Member to be redeemed on each such redemption date (which when added together shall equal 100%). Each redemption date specified in the notice of redemption shall occur during the period commencing at least five (5) business days following the date on which such notice is filed with the Secretary of the Corporation and ending not later than December 15 of the first calendar year commencing after the Member’s Termination Date. If no notice of redemption has been filed by December 15 of the first calendar year after the Member’s Termination Date, December 15 of the first calendar year after the Member’s Termination Date will be deemed to be the redemption date for all of the Member’s Deferred Share Units.

5.2 **Payment of Redeemed Amount.**

Subject to applicable income tax and other withholdings as required by law, the value of the Deferred Share Units redeemed by or in respect of a Member shall be paid to the Member (or if the Member has died, to his or her estate, as the case may be) in the form of one or two lump sum cash payments, as applicable in accordance with the Member’s notice of redemption, less the amounts required to be withheld by applicable law, as soon as practicable after the applicable redemption date, provided that in any event such payment date shall be no later than December 31 of the first calendar year commencing after the Member’s Termination Date. The amount of the cash payment (or payments, as the case may be) to be paid to the Member on the redemption date (or redemption dates, as the case may be), before such withholdings, shall be determined by multiplying the number of Deferred Share Units to be redeemed on a redemption date by the Market Price on such redemption date.

**ARTICLE 6**  
**SHAREHOLDER RIGHTS**

6.1 **No Shareholder Rights.**

Deferred Share Units are not Shares and will not entitle a Member to any shareholder rights, including, without limitation, voting rights, dividend entitlement or rights on liquidation.

**ARTICLE 7**  
**ADMINISTRATION**

7.1 **Unfunded Obligation.**

Unless otherwise determined by the Board, the Plan shall remain an unfunded obligation of the Corporation.

7.2 **[Intentionally left blank]**

7.3 **Amendment and Termination.**

The Plan may be amended or terminated at any time by the Board, except as to rights already accrued hereunder by the Members.

7.4 **Costs of Administration.**

The Corporation will be responsible for all costs relating to the administration of the Plan.

**Schedule A to Deferred Share Unit Plan  
(the “Plan”)**

**ELECTION NOTICE**

Please complete one of Section 1 (Election Notice), Section 2 (Election to Change Participation) or Section 3 (Election to Terminate an Earlier Election), and return a signed and dated copy of this Schedule A to the Secretary of Biovail Laboratories International SRL (the “Corporation”).

**1. ELECTION NOTICE**

I hereby elect to participate in the Plan on the following basis, commencing immediately, unless and until the election is terminated or changed in accordance with a subsequently filed Election Notice, namely, to receive in Deferred Stock Units, \$ \_\_\_\_\_ of the amount otherwise payable to me in cash by the Corporation.

**2. ELECTION TO CHANGE PARTICIPATION**

I hereby elect, notwithstanding any previous election in the form of this Election Notice, to change my election with respect to my participation in the Plan, commencing immediately, unless and until the election is terminated or changed in accordance with a subsequently filed Election Notice, namely, to receive in Deferred Stock Units, \$ \_\_\_\_\_ of the amount otherwise payable to me in cash by the Corporation.

**3. ELECTION TO TERMINATE AN ELECTION**

I hereby elect, by marking the box below this paragraph with an “X”, to terminate my election under Section 4.2 of the Plan to receive the cash referred to in that election as cash.

☐ YES, I WISH TO TERMINATE MY MOST RECENT ELECTION UNDER SECTION 4.2 OF THE PLAN.

I confirm that:

1. I have received and reviewed a copy of the terms of the Plan and agreed to be bound by such terms.
  2. I understand that I will not be able to cause the Corporation to redeem Deferred Share Units granted under the Plan (“DSUs”) until I am no longer a director, officer or employee of the Corporation.
  3. I recognize that when DSUs credited pursuant to an election made under Section 1 or 2 of this Election Notice are redeemed in accordance with the terms of the Plan after I am no longer a director, officer or employee of the Corporation, income tax and other withholdings as required will arise at that time that will be my obligations (and not the Corporation’s, except as required by law). Upon redemption of the DSUs, the Corporation will make all appropriate withholdings as required by law at that time.
-

4.               The value of DSUs are based on the value of the common shares of the Biovail Corporation and therefore are not guaranteed.
5.               No funds will be set aside to guarantee the payment of DSUs. Future payment of DSUs will remain an unfunded liability recorded on the books of the Corporation.
- The foregoing is only a brief outline of certain key provisions of the Plan. For more complete information, reference should be made to the Plan in its entirety.

Schedule B to Deferred Share Unit Plan  
(the “Plan”)

REDEMPTION NOTICE

I hereby advise Biovail Laboratories International SRL (the “Corporation”) that I wish to redeem all the Deferred Share Units credited to my account under the Plan on the following redemption date or dates, which in each case shall be at least five (5) business days following the date on which this notice is filed with the Corporation but no later than December 15 of the first calendar year commencing after the year in which I ceased to be a director, officer or an employee of the Corporation:

|    | Amount of Deferred Share Units<br>(expressed as a percentage<br>totalling 100%) | Redemption Date |
|----|---------------------------------------------------------------------------------|-----------------|
| 1. |                                                                                 |                 |
| 2. |                                                                                 |                 |

**Plan Document**  
**BIOVAIL AMERICAS CORP.**  
**Executive Deferred Compensation Plan**  
**As Amended and Restated Effective January 1, 2009**

BIOVAIL AMERICAS CORP., a Delaware corporation (the "Company"), has established and maintains the Biovail Americas Corp. Executive Deferred Compensation Plan (the "Plan"), originally effective January 1, 2003, to enable Participants covered under the Plan to enhance their retirement security by permitting them to enter into agreements with the Company to defer compensation and receive benefits at retirement, death, separation from service, and as otherwise provided under the Plan.

This Plan is amended and restated effective January 1, 2009 to implement changes required pursuant to and consistent with Section 409A of the Internal Revenue Code of 1986, as amended and the regulations promulgated thereunder (the "Code"), incorporate all prior amendments and make certain desired design changes. For the period January 1, 2005 through December 31, 2008 the Plan has been operated in accordance with transition relief established by the Treasury Department and Internal Revenue Service pursuant to Section 409A of the Code.

**ARTICLE 1 — Definitions**

- 1.1 **Annual Deferral:** shall mean the amount of Compensation, which the Participant elects to defer under the Deferral Commitment pursuant to Article 3 of the Plan.
  - 1.2 **Beneficiary:** shall mean the person or persons or entity designated as such in accordance with Article 10 of the Plan.
  - 1.3 **Board:** shall mean the Board of Directors of Biovail Americas Corp.
  - 1.4 **Code:** shall mean the Internal Revenue Code of 1986, as amended and the regulations promulgated thereunder.
  - 1.5 **Company:** shall mean Biovail Americas Corp., its subsidiaries and divisions, and any successor(s) in interest.
  - 1.6 **Compensation:** shall mean a Participant's salary and bonuses, before reductions for deferral.
  - 1.7 **Deferral Account:** shall mean the account or accounts established in the books of the Company in accordance with Section 4.1 to track all amounts deferred by a Participant under the Plan and any earnings (or losses) attributable thereto. Grandfathered Amounts and any earnings (or losses) attributable thereto and non-Grandfathered Amounts and any earnings (or losses) attributable thereto will be accounted for separately.
  - 1.8 **Deferral Commitment:** shall mean an election made by a Participant to defer Compensation pursuant to Articles 2 and 3 of the Plan for which a Deferral Election Form has been submitted by the Participant.
  - 1.9 **Deferral Contribution Period:** shall mean the period of one (1) Plan Year, or such other period as the Deferred Compensation Committee may permit in its discretion, over which the Participant has elected to defer Compensation pursuant to Article 3 of the Plan.
  - 1.10 **Deferral Election Form:** shall mean a written or electronic agreement between the Company and the Participant, entered into pursuant to Section 2.1 of the Plan, by which the Participant elects to participate in the Plan and make a Deferral Commitment.
  - 1.11 **Deferred Compensation Committee:** shall mean the committee appointed by the Board to administer the Plan pursuant to Article 9 of the Plan.
  - 1.12 **Early Retirement:** shall mean a Participant's Separation from Service with the Company for any reason whatsoever, whether voluntary or involuntary, other than as a result of the Participant's death, on or after the Participant's attainment of age fifty (55) and completion of a minimum of fifteen (15) years of continuous service, or such other date as the Deferred Compensation Committee may determine in its discretion.
-

- 1.13 **Eligible Employee:** shall mean (i) an officer or members of the senior management of Biovail Americas Corp. whose annual base salary is one hundred twenty-five thousand (\$125,000) or more, and (ii) any officer or senior member of management of a Participating Company who is specifically designated in writing by such Participating Company as eligible to participate in the Plan.
- 1.14 **Employer:** shall mean the Company or any of its subsidiaries or divisions.
- 1.15 **ERISA:** shall mean the Employee Retirement Income Security Act of 1974, as amended.
- 1.16 **Financial Hardship:** shall mean a Participant's unexpected need for cash arising from an unforeseeable emergency (for non-Grandfathered Amounts within the meaning of Section 409A of the Code), as determined by the Deferred Compensation Committee. Cash needs arising from foreseeable events such as, for example, the purchase of a residence or education expenses for children shall not, alone, be considered a Financial Hardship.
- 1.17 **Funds:** shall mean certain investment alternatives designated by the Deferred Compensation Committee from time to time for determining earnings (and losses) attributable to the Deferral Accounts of Participants.
- 1.18 **Grandfathered Amounts:** shall mean the portion of a Participant's Deferral Account attributable to amounts earned and vested for purposes of Section 409A of the Code as of December 31, 2004 and the earnings thereon (whenever credited).
- 1.19 **Participant:** shall mean an Eligible Employee who is participating in the Plan as provided in Article 2, or a former Eligible Employee for whom a Deferral Account is being maintained under the Plan.
- 1.20 **Participating Company:** shall mean each affiliate (within the meaning of Sections 414(b), (c) and (m) of the Code) of the Company that adopts this Plan by means of a written instrument with the consent of the Company. References herein to the 'Company' will be deemed to include each Participating Company, unless the context indicates otherwise.
- 1.21 **Plan:** shall mean this Executive Deferred Compensation Plan as set forth in this document and as the same may be amended, supplemented and restated from time to time and any successor plan.
- 1.22 **Plan Year:** shall mean the twelve (12)-month period from January 1 through December 31.
- 1.23 **Retirement:** shall mean a Participant's Separation from Service with the Company for any reason whatsoever, whether voluntary or involuntary, other than as a result of the Participant's death, after the Participant attains age sixty-five (65).
- 1.24 **Separation from Service:** shall mean for non-Grandfathered Amounts a Participant's separation from service with the Company within the meaning of Section 409A of the Code for any reason whatsoever, whether voluntary or involuntary. For Grandfathered Amounts it shall mean a termination of employment.
- 1.25 **Valuation Date:** shall mean the last day of each Plan Year calendar quarter, or such other dates as the Deferred Compensation Committee may determine in its discretion, which must be at least annually, for the valuation of a Participant's Deferral Account.
- 1.26 **Vesting Date:** shall mean the date that marks the end of the five (5) year period which begins on the effective date of the first Participation Agreement filed by the Participant under the Plan. For example: if a Participant's first Participation Agreement was effective January 1, 2003; the Vesting Date for this Participant would be January 1, 2008.

**ARTICLE 2 — Participation**

- 2.1 **Deferral Election Form.** Annually, all Eligible Employees will be offered the opportunity to defer Compensation to be earned in the following Plan Year. Any Eligible Employee may elect to participate in the Plan and to make a Deferral Commitment effective as of the first day of a Plan Year by submitting a Deferral Election Form specifying the amount of the Deferral Commitment and the time and form of payment under the Plan in accordance with Article 6. The Deferral Election Form must be submitted to

the Deferred Compensation Committee no later than December 31 of the Plan Year preceding the Plan Year for which Compensation is to be earned. Except as otherwise provided in the Plan, the Participant's Deferral Commitment shall be irrevocable.

An employee who first becomes an Eligible Employee after the beginning of a Plan Year is eligible to participate in the Plan as of the sixtieth (60th) day following the date he became an Eligible Employee and may elect to participate in the Plan and to make a Deferral Commitment for that Plan Year with respect to Compensation to be earned on and after such date by submitting a Deferral Election Form specifying the time and form of payment under the Plan to the Deferred Compensation Committee within thirty (30) days following the date the employee became an Eligible Employee.

Participation in the Plan shall be made conditional upon an Eligible Employee's acknowledgement, in writing or by making a deferral election under the Plan, that all decisions and determinations of the Deferred Compensation Committee shall be final and binding on the Participant, his or her Beneficiaries and any other person having or claiming an interest under the Plan.

- 2.2 **Continuation of Participation.** A Participant who has elected to participate in the Plan by making a Deferral Commitment shall continue as a Participant in the Plan for purposes of such Deferral Commitment even though in any Plan Year after such Deferral Commitment such Participant elects not to make a new Deferral Commitment or ceases to be an Eligible Employee. A Participant shall not be eligible to make a new Deferral Commitment unless the Participant is an Eligible Employee with respect to the Plan Year for which the election is made.

**ARTICLE 3 — Form of Deferral Commitments**

- 3.1 **Deferral Commitment.** Subject to Sections 3.2 and 3.3, a Participant may elect in the Deferral Election Form to defer an amount equal to a specified dollar amount or a percentage of Compensation so long as the amount of Compensation net of the amount deferred does not fall below any applicable thresholds determined by the Deferred Compensation Committee in its sole discretion. Once made, a Participant's Deferral Commitment is irrevocable. The Deferred Compensation Committee, in its sole discretion, will determine rules regarding the deferral of Compensation, as necessary or appropriate.

A Participant may change his Deferral Commitment annually for any Plan Year by filing a new Deferral Election Form prior to the beginning of such Plan Year.

- 3.2 **Minimum Deferral Commitment.** A Participant may not elect to defer less than three thousand dollars (\$3,000) of Compensation in any one Plan Year.
- 3.3 **Maximum Deferral Commitment.** The maximum amount a Participant may defer in any one Plan Year is fifty percent (50%) of salary and one hundred percent (100%) of bonus. The Deferred Compensation Committee, in its sole discretion, may establish alternative maximum Deferral Commitment limits for the purpose of controlling the Company's financial obligations under the Plan or for any other reason deemed necessary.
- 3.4 **Withholding.** The Deferred Compensation Committee, in its sole discretion, will make arrangements for satisfying any federal, state or local income tax withholding requirements and Social Security or other employee tax requirements applicable to the deferral of Compensation under the Plan.

**ARTICLE 4 — Deferral Accounts**

- 4.1 **Deferral Accounts.** A Deferral Account shall be established for each Participant. The Deferral Account shall be credited with the applicable portion of a Participant's Annual Deferral as of the approximate date such amounts would otherwise have been paid to the Participant. The portion of a Participant's Deferral Account attributable to Grandfathered Amounts and any earnings (or losses) attributable thereto will be accounted for separately from the portion of a Participant's Deferral Account attributable to non-Grandfathered Amounts and any earnings (or losses) attributable thereto.

- 4.2 **Statements of Account.** The Deferred Compensation Committee shall provide periodically (but no less frequently than annually) to each Participant a statement setting forth the balance of the Deferral Account maintained for such Participant.
- 4.3 **Vesting of Deferral Accounts.** A Participant shall be one hundred percent (100%) vested at all times in the amount of Annual Deferrals and any earnings attributable thereto credited to the Participant's Deferral Account. A Participant shall be zero percent (0%) vested in any Company contributions and any earnings attributable thereto credited to the Participant's Deferral Account until the Participant's Vesting Date. If the Participant is still providing service to the Company and is a Participant in the Plan on the Vesting Date, the Participant shall immediately become one hundred percent (100%) vested in all Company contributions and any earnings attributable thereto credited to his Deferral Account. In the event the Participant dies prior to reaching the Vesting Date, the Participant shall become one hundred percent (100%) vested in any unvested amounts credited to his Deferral Account as of the day prior to his date of death.
- 4.4 **Earnings (or Losses) on Deferral Accounts.** A Participant's Deferral Account shall be credited with all deemed earnings (or losses) generated by the Funds elected by the Participant from time to time. Participants may allocate their Deferral Account among the Funds available under the Plan only in whole percentages. The deemed rate of return, positive or negative, credited under each Fund is based upon the actual investment performance of the corresponding investment portfolios that the Deferred Compensation Committee may designate from time to time, and shall equal the total return of each such investment fund net of asset based charges, including, without limitation, money management fees and Fund expenses. The Deferred Compensation Committee may, on a prospective basis, add or delete any of the Funds.
- 4.5 **Funds.** Notwithstanding that the rates of return credited to Participants' Deferral Accounts are based upon the actual performance of the corresponding Funds as the Deferred Compensation Committee may designate, the Company shall not be obligated to actually invest any Compensation deferrals made by Participants under this Plan in such Funds or in any other investment funds.
- 4.6 **Changes in Funds.** A Participant may change the Funds to which his or her Deferral Account is deemed to be allocated with whatever frequency is determined by the Deferred Compensation Committee. Each such change may include a reallocation of the Participant's existing Deferral Account in whole percentages and/or a change in investment allocation of amounts to be credited to the Participant's Deferral Account in the future, as the Participant may elect.
- 4.7 **Valuation of Deferral Accounts.** The value of a Participant's Deferral Account as of any Valuation Date shall equal the amounts theretofore credited to such Account, including any earnings (positive or negative) deemed to be earned on each such Account in accordance with Section 4.4, through the day preceding such date, less the amounts theretofore deducted from such Account.

**ARTICLE 5 — Company Contributions**

- 5.1 The Company may from time to time, in its discretion, credit the Deferral Account of each Participant who is an Eligible Employee with a matching contribution. The amount and timing of the matching contribution, if any, shall be determined by the Deferred Compensation Committee, in its sole discretion.
- 5.2 Company contributions credited to a Participant's Deferral Account, if any, shall be distributed to a Participant only to the extent such amounts are vested. A Participant shall become vested in Company contributions made on his behalf, and all earnings attributable thereto, in accordance with the Vesting Date. The balance, if any, of such Company contributions shall be forfeited upon the Participant's Separation from Service to the extent not then vested.

6.1 **Payment with respect to Grandfathered Amounts.** Payment with respect to Grandfathered Amounts shall be made as follows:

- (a) Upon Separation from Service. Upon a Participant's Separation from Service other than on account of the Participant's Retirement or Early Retirement, the Company shall pay to the Participant the Participant's vested Deferral Account balance in a lump sum payment. The Participant's Deferral Account balance shall be determined as of the Valuation Date following the Participant's Separation from Service and payment shall be made within ninety (90) days of the Valuation Date.
- (b) Upon Retirement or Early Retirement. Upon a Participant's Separation from Service on account of Retirement or Early Retirement, the Company shall pay to the Participant the vested balance of the Participant's Deferral Account, in accordance with the Participant's direction as found on the Deferral Election Form submitted by the Participant at the time the Deferral Commitment was made. If no election was submitted, payment will be made in fifteen (15) installment payments. The Participant's Deferral Account balance shall be determined as of the Valuation Date following the Participant's Separation from Service and payment shall be made within ninety (90) days of the Valuation Date.

A Participant may elect the following alternative forms of payment:

- (i) Lump Sum. A lump sum payment equal to the balance of the applicable Deferral Account as of the Valuation Date following the Participant's Retirement or Early Retirement. Lump sum payment shall commence no earlier than the first day of the calendar year quarter following the Participant's Retirement or Early Retirement.
- (ii) Installment Payments. Annual installment payments in substantially equal amounts over a period of five (5), ten (10), or fifteen (15) years. Installment payments shall be made by the thirtieth (30th) day of the calendar year quarter of each year following the Participant's Retirement or Early Retirement.

A Participant may change his election with respect to Grandfathered Amounts to an allowable alternative form of payment by submitting a new Deferral Election Form to the Deferred Compensation Committee at least one (1) year prior to the Participant's Retirement or Early Retirement. Subject to the foregoing, the Deferral Election Form most recently accepted by the Deferred Compensation Committee shall govern the payout of the Participant's Deferral Account.

- (c) In-Service Distributions. If a Participant elected an in-service distribution with respect to Grandfathered Amounts, payment will be made in a lump sum by January 31 of the calendar year elected by the Participant. A Participant may not change his in-service distribution election with respect to Grandfathered Amounts.
- (d) Accelerated Distribution Prior to Retirement Date. A Participant may request a distribution of all of the Participant's Deferral Account with respect to Grandfathered Amounts only at any time in accordance with the following rules:
  - (i) The balance distributed to the Participant will be reduced by a penalty amount equal to ten percent (10%) of the balance of the Participant's Deferral Account. The Participant's Deferral Account balance shall be determined as of the Valuation Date next following the Participant's distribution request. Payment shall be made within ninety (90) days following the Valuation Date.
  - (ii) No Compensation Deferrals will be made on behalf of the Participant until the January following a twelve (12) month period from the date of the requested distribution.
- (e) Accelerated Distribution Following Retirement Date. A Participant may request a distribution of the Participant's Deferral Account with respect to Grandfathered Amounts only at any time

following Retirement. The balance distributed to the Participant will be reduced by a penalty amount equal to ten percent (10%) of the balance of the Participant's Deferral Account. The Participant's Deferral Account balance shall be determined as of the Valuation Date next following the Participant's distribution request. Payment shall be made within ninety (90) days following the Valuation Date.

## 6.2 **Payment with respect to Non-Grandfathered Amounts.**

- (a) Upon a Participant's Separation from Service, the Company shall pay to the Participant the vested balance of the Participant's Deferral Account, in accordance with the Participant's direction as found on the Deferral Election Form submitted by the Participant at the time the Deferral Commitment was made. If no election is submitted, payment will be made as a lump sum payment. A Participant may elect the following forms of payment:
  - (i) **Lump Sum.** A lump sum payment equal to the balance of the applicable Deferral Account as soon as practicable following the first day of the thirteenth (13th) month following the Participant's Separation from Service. The Participant's Deferral Account balance shall be determined as of the Valuation Date immediately preceding the date payment is to commence.
  - (ii) **Installment Payments.** Annual installment payments in substantially equal amounts over a period of five (5), ten (10), or fifteen (15) years. Installment payments shall commence as soon as practicable following the first day of the thirteenth (13th) month following the Participant's Separation from Service. The Participant's Deferral Account balance shall be determined as of the Valuation Date immediately preceding the date payment is to commence.
- (b) **In-Service Distributions.** At the time a Participant makes a Deferral Commitment, a Participant can elect to receive an in-service distribution of all or a portion of the Compensation deferred for a Deferral Contribution Period. If a Participant elects an in-service distribution, payment will be made in a lump sum by January 31 of the calendar year elected by the Participant; provided that such calendar year is at least five (5) years after the end of the Deferral Contribution Period for which the Deferral Commitment was made.
- (c) **Subsequent Elections with respect to Non-Grandfathered Amounts.** A Participant may change his election with respect to non-Grandfathered Amounts under Sections 6.2(a) and (b) to an allowable alternative form of payment or to postpone commencement of payment to a later Plan Year by submitting a new Deferral Election Form to the Deferred Compensation Committee; provided that any such election change shall be made in accordance with the requirements of Section 409A of the Code and that no subsequent election may result in an impermissible acceleration of payment as described in Section 409A of the Code. A Participant may make a subsequent election to postpone payment of the applicable Deferral Account to a later Plan Year or to change the form of payment; provided that:
  - (i) the subsequent election must be made at least twelve (12) months prior to the date on which the first scheduled payment was to occur;
  - (ii) the subsequent election may not take effect until at least twelve (12) months after the date on which the election is made; and
  - (iii) the first payment with respect to which such election is made must be deferred for a period of not less than five (5) years from the date such payment would otherwise have been made.

The Deferred Compensation Committee may prescribe limitations with respect to subsequent elections under this Section 6.2(c) as it deems necessary or appropriate, subject to the requirements of Section 409A of the Code.

- 6.3 **Pre-Retirement Survivor Benefit.** If a Participant dies prior to Separation from Service, the Company shall pay to the Participant's Beneficiary the balance of the Participant's Deferral Account, determined as of the Valuation Date following the death of the Participant. Payment shall be made to the Participant's Beneficiary in a lump sum within ninety (90) days following the applicable Valuation Date.

In addition, at the same time the Participant's Deferral Account is distributed following the Participant's death, as described above, the Company shall pay to the Pre-2008 Participant's (as defined below) Beneficiary an amount equal to one times the Pre-2008 Participant's salary at the rate in effect as of the beginning of the Plan Year in which the Pre-2008 Participant's death occurs. This benefit applies to all eligible Pre-2008 Participants, conditioned only upon the Pre-2008 Participant signing the "Consent to Insure" form made available to the Pre-2008 Participant upon enrollment. For purposes of this section a "Pre-2008 Participant" is a Participant other than a Participant hired or rehired by the Company on or after January 1, 2008.

- 6.4 **Post-Retirement Survivor Benefit.** If a Participant dies after installment payments have commenced, but prior to distribution of the Participant's vested Deferral Account in full, the Company shall pay to the Participant's Beneficiary the remaining schedule of installment payments.
- 6.5 **Small Benefit Exception.** Notwithstanding any provision of the Plan to the contrary, in the event the sum of all benefits payable to the Participant (or the Participant's Beneficiary) under the Plan is less than or equal to ten thousand dollars (\$10,000), the Company shall pay such benefits in a single lump sum payment on the date such benefits first become payable pursuant to this Article 6.

**ARTICLE 7 — Conditions Related to Benefits**

- 7.1 **Nonassignability.** The benefits provided under the Plan may not be alienated, assigned, transferred, pledged or hypothecated by or to any person or entity, at any time or in any manner whatsoever. These benefits shall be exempt from the claims of creditors or other claimants of any Participant and from all orders, decrees, levies, garnishment or executions against any Participant to the fullest extent allowed by law.
- 7.2 **Financial Hardship Distribution.** Upon finding that the Participant or the Beneficiary has suffered a Financial Hardship, the Deferred Compensation Committee may, in its sole discretion and upon written petition by the Participant or Beneficiary, accelerate distributions of benefits under the Plan in the amount reasonably necessary to alleviate such Financial Hardship. If a distribution is to be made to a Participant on account of Financial Hardship, the Participant may not make subsequent Deferral Commitments under the Plan until the second Plan Year following the Plan Year in which a distribution based on Financial Hardship was made. Any Deferral Commitment in effect at the time such distribution is made under this Section 8.2 shall be canceled. The Deferred Compensation Committee shall administer financial hardship distribution requests consistently for non-Grandfathered Amounts with Section 409A of the Code.
- 7.3 **No Right to Company Assets.** The benefits paid under the Plan shall be paid from the general funds of the Company, and the Participant and any Beneficiary shall be no more than unsecured general creditors of the Company with no special or prior right to any assets of the Company for payment of any obligations hereunder.
- 7.4 **Protective Provisions.** The Participant shall cooperate with the Company by furnishing any and all information requested by the Deferred Compensation Committee in order to facilitate the payment of benefits hereunder, taking such physical examinations as the Deferred Compensation Committee may deem necessary, and taking such other actions as may be requested by the Deferred Compensation Committee. If the Participant refuses to cooperate or makes any material misstatement or nondisclosure of information, then no benefits will be payable hereunder to such Participant or his Beneficiary.
- 7.5 **Withholding.** The Participant or the Beneficiary shall make appropriate arrangements with the Company for satisfaction of any federal, state or local income tax withholding requirements and Social Security or other employee tax requirements applicable to the payment of benefits under the Plan. If no such arrangements are made, the Company may provide, at its discretion, for such withholding and tax payments as may be required.
- 7.6 **Key Employees.** Notwithstanding any provision of the Plan to the contrary, any amount payable under the Plan attributable to non-Grandfathered Amounts to a Participant who is determined to be a "key employee," as defined below, shall be postponed to a date that is not less than six (6) months following

the Participant's Separation from Service. For purposes of the Plan, "key employee" means (a) officers of the Company having annual compensation greater than one hundred fifty thousand dollars (\$150,000) (adjusted for inflation pursuant to section 416(i) of the Code and limited to fifty (50) employees), (b) five percent owners, and (c) one percent owners having annual compensation from the Company greater than one hundred fifty thousand dollars (\$150,000), all as determined by the Committee in a manner consistent with Section 409A of the Code.

- 7.7 **Permissible Distribution Event.** Notwithstanding any provision of the Plan to the contrary, distributions from the Plan shall only be made upon an event and in a manner permitted by Section 409A of the Code. If a payment is not made by the designated payment date under the Plan, the payment shall be made by December 31 of the calendar year in which the designated date occurs. In no event shall a Participant, directly or indirectly, designate the calendar year of payment, except as permitted under Section 409A of the Code.

**ARTICLE 8 — Administration of the Plan**

The Deferred Compensation Committee shall administer the Plan and interpret, construe and apply its provisions in accordance with its terms. The Deferred Compensation Committee shall determine in its sole discretion those who are eligible to participate in the Plan and shall have the right to set guidelines for participation under the Plan including, but not limited to, the type, manner and level of Deferral Commitments. The Deferred Compensation Committee shall further establish, adopt or revise such other rules and regulations as it may deem necessary or advisable for the administration of the Plan. All decisions of the Deferred Compensation Committee shall be final and binding. The individuals serving on the Deferred Compensation Committee shall, except as prohibited by law, be indemnified and held harmless by the Company from any and all liabilities, costs, and expenses (including legal fees), to the extent not covered by liability insurance, arising out of any action taken by any member of the Deferred Compensation Committee with respect to the Plan, unless such liability arises from the individual's own gross negligence or willful misconduct.

**ARTICLE 9 — Beneficiary Designation**

- 9.1 **Beneficiary Designation.** The Participant shall have the right, at any time, to designate any person or persons as a Beneficiary (both primary and contingent) to whom payment under the Plan shall be made in the event of the Participant's death. The Beneficiary designation shall be effective when it is submitted in writing and delivered to the Deferred Compensation Committee during the Participant's lifetime on a form prescribed by the Deferred Compensation Committee. If, however, the Participant is married, his spouse shall be required to join any such designation, or change or revocation thereof, to name a Beneficiary other than the spouse.
- 9.2 **New Beneficiary Designation.** The Participant shall have the right to change or revoke any such designation from time to time by filing a new designation or notice of revocation with the Company, and no notice to any Beneficiary nor consent by any Beneficiary shall be required to effect any such change or revocation. If, however, the Participant is married, his spouse shall be required to join in any such designation, or change or revocation thereof, to name a Beneficiary other than the spouse.
- 9.3 **Failure to Designate Beneficiary.** If a Participant fails to designate a Beneficiary before his death, or if no designated Beneficiary survives the Participant, the Deferred Compensation Committee shall direct the Company to pay the balance of the Participant's Deferral Account in a lump sum to the executor or administrator for his estate within ninety (90) days of the date of death; provided, however, if no executor or administrator shall have been appointed, and actual notice of the death was given to the Deferred Compensation Committee within sixty (60) days after the Participant's death, and if his Deferral Account balance does not exceed ten thousand dollars (\$10,000), the Deferred Compensation Committee may direct the Company to pay the Deferral Account balance to such person or persons as the Deferred Compensation Committee determines may be entitled to it, and the Deferred Compensation Committee may require such proof of right and identity of such person or persons as the Deferred Compensation Committee may deem appropriate and necessary.

## ARTICLE 10 — Amendment and Termination of the Plan

- 10.1 **Amendment of the Plan.** The Plan may be amended at any time, in whole or in part, by the Board or the Deferred Compensation Committee; provided, however, that such amendment shall not decrease the vested balance of the Participant's Deferral Account at the time of such amendment.
- 10.2 **Termination of the Plan.** The Board or the Deferred Compensation Committee may at any time terminate the Plan as to all or any group of Participants. In the event the Plan is terminated, distributions will be made in accordance with Article 6.
- 10.3 **Constructive Receipt Termination.** In the event the Deferred Compensation Committee determines that amounts deferred under the Plan have been constructively received by Participants and must be recognized as income for federal income tax purposes, distributions shall be made to Participants as necessary to cover the income tax liability. The determination of the Deferred Compensation Committee under this Section 11.3 shall be binding and conclusive.

## ARTICLE 11 — Miscellaneous

- 11.1 **Successors of the Company.** The rights and obligations of the Company under the Plan shall inure to the benefit of, and shall be binding upon, the successors and assigns of the Company.
- 11.2 **ERISA Plan.** The Plan is intended to be an unfunded plan maintained primarily to provide deferred compensation benefits for "a select group of management or highly compensated employees" within the meaning of Sections 201, 301, and 401 of ERISA and therefore to be exempt from Parts 2, 3, and 4 of Title I of ERISA.
- 11.3 **Employment Not Guaranteed.** Nothing contained in the Plan nor any action taken hereunder shall be construed as a contract of employment or as giving any Participant any right to continued employment with the Company.
- 11.4 **Gender, Singular and Plural.** All pronouns and variations thereof shall be deemed to refer to the masculine or feminine, as the identity of the person or persons may require. As the context may require, the singular may be read as the plural and the plural as the singular.
- 11.5 **Captions.** The captions of the articles and paragraphs of the Plan are for convenience only and shall not control or affect the meaning or construction of any of its provisions.
- 11.6 **Validity.** In the event any provision of the Plan is held invalid, void or unenforceable, the same shall not affect, in any respect whatsoever, the validity of any other provisions of the Plan.
- 11.7 **Waiver of Breach.** The waiver by the Company of any breach of any provision of the Plan by the Participant shall not operate or be construed as a waiver of any subsequent breach by the Participant.
- 11.8 **Applicable Law.** The Plan shall be governed and construed in accordance with the laws of the State of New Jersey except where the laws of the State of New Jersey are preempted by ERISA.
- 11.9 **Notice.** Any notice or filing required or permitted to be given to the Company under the Plan shall be sufficient if in writing or hand-delivered, or sent by registered or certified mail, return receipt requested, to the principal office of the Company, directed to the attention of the Deferred Compensation Committee. Such notice shall be deemed given as of the date of delivery, or if delivery is made by mail, as of the date shown on the postmark on the receipt for registration or certification.
- 11.10 **Section 409A.** The Plan is intended to comply with the applicable requirements of Section 409A of the Code, and shall be administered in accordance with Section 409A of the Code to the extent Section 409A of the Code apply to the Plan. To the extent that any provision of the Plan would cause a conflict with the requirements of Section 409A of the Code, or would cause the administration of the Plan to fail to satisfy the requirements of Section 409A of the Code, such provision shall be deemed null and void to the extent permitted by applicable law.

## ARTICLE 12 — Claims Procedure

- 12.1 **Claim.** A Participant or, following the Participant's death, a Beneficiary (collectively referred to in this Section as "Claimant") may submit a claim for benefits under the Plan. Any claim for benefits under this Plan shall be made in writing to the Committee.
- 12.2 **Claim Decision.** If such claim for benefits is wholly or partially denied, the Committee shall, within ninety (90) days after receipt of the claim, notify the Claimant of the denial of the claim unless special circumstances require an extension of time for processing the claim, which extension shall not exceed one hundred eighty (180) days from receipt of the claim. If such extension is required, written notice of the extension shall be furnished to the Claimant prior to the termination of the initial ninety (90)-day period and shall indicate the special circumstances requiring an extension of time and the date by which the Committee expects to render a final decision. A notice of denial shall be in writing, shall be written in a manner calculated to be understood by the Claimant, and shall contain the specific reason or reasons for denial of the claim, a specific reference to the pertinent Plan provisions upon which the denial is based, a description of the additional material or information (if any) necessary to perfect the claim, together with an explanation of why such material or information is necessary, and an explanation of the claims review procedure set forth below, including a statement of the Claimant's right to bring a civil action under Section 502(a) ERISA following an adverse benefit determination on review.
- 12.3 **Request for Review.** Within sixty (60) days after the receipt by a Claimant of a written notice of denial of a claim, the Claimant may file a written request with the Committee that it conduct a full and fair review of the denial of the claim for benefits. The Claimant, or duly authorized representative, shall receive, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the Claimant's claim for benefits. The Claimant, or duly authorized representative may also submit written comments, documents, records and other information relating to the claim for benefits, and the review will take into account such items whether or not they were considered in the initial benefit determination. If the Claimant does not request a review of the initial determination within such sixty (60)-day period, the Claimant shall be barred and stopped from challenging the determination.
- 12.4 **Review of Decision.** After considering all of the materials presented by the Claimant, the Committee shall deliver to the Claimant, or authorized representative, a written decision on the claim within sixty (60) days after the receipt of the request for review, except that if there are special circumstances that require an extension of time, the sixty (60)-day period may be extended to one hundred twenty (120) days. If such extension is required, written notice shall be furnished to the Claimant, or authorized representative, prior to the termination of the initial sixty (60)-day period and shall indicate the special circumstances requiring an extension of time and the date by which the final decision will be rendered. The decision shall be written in a manner calculated to be understood by the Claimant, include the specific reason or reasons for the decision, include a statement that the Claimant is entitled to receive upon request and free of charge, access to and copies of all documents and other information relevant to the claim, contain a specific reference to the pertinent Plan provisions upon which the decision is based, and include a statement describing the Claimant's right to bring an action under Section 502(a) of ERISA.

## ARTICLE 13 — The Trust

- 13.1 **Establishment of Trust.** The Employer shall establish the Trust with the Trustee pursuant to such terms and conditions as are set forth in the Trust agreement to be entered into between the Employer and the Trustee or the Employer shall cause to be maintained one or more separate subaccounts in an existing Trust maintained with the Trustee with respect to one or more other plans of the Employer, which subaccount or subaccounts represent Participants' interests in the Plan. Any such Trust shall be intended to be treated as a "grantor trust" under the Code and the establishment of the Trust or the utilization of any existing Trust for Plan benefits, as applicable, shall not be intended to cause any Participant to realize current income on amounts contributed thereto, and the Trust shall be so interpreted.

IN WITNESS WHEREOF, the Company has caused this Plan to be executed and effective as of the 18<sup>th</sup> day of December, 2008.

BIOVAIL AMERICAS CORP.

Exhibit 10.60

Plan Document BIOVAIL AMERICAS CORP. Executive Deferred Compensation Plan As Amended and Restated Effective January 1, 2009

**BIOVAIL CORPORATION**

**SHORT TERM INCENTIVE PLAN (STIP)**

**Section 1. Purpose**

Biovail Corporation ("Biovail") previously established the Biovail Corporation Short Term Incentive Plan (the "Plan") effective January 1, 2007. The purpose of the Plan is to attract and retain the services of employees and officers of Biovail and its subsidiaries and affiliates, and to recognize and reward the achievement of specific company, division/function and individual performance objectives over the performance period. This Plan is amended and restated effective January 1, 2009 to implement changes required pursuant to and consistent with section 409A of the Internal Revenue Code of 1986, as amended and the regulations promulgated thereunder (the "Code"). Until December 31, 2008 the Plan has been operated in accordance with transition relief established by the Treasury Department and Internal Revenue Service pursuant to section 409A of the Code.

**Section 2. Definitions**

For purposes of the Plan, the following terms shall have the meanings as set forth below:

- (a) "Award" means the actual incentive award earned by a Participant under the Plan for any Performance Period.
  - (b) "Board of Directors" means the board of directors of the Company, as constituted from time to time.
  - (c) "Cause" means a Participant's engaging in a Detrimental Activity as defined in the Biovail Corporation 2007 Equity Compensation Plan.
  - (d) "Company" means Biovail Corporation, a corporation existing under the laws of Canada, and its successors.
  - (e) "Committee" means the Compensation, Nominating & Corporate Governance Committee of the Board of Directors or its designee, or other such committee of the Board of Directors as may be designated by the Board of Directors from time to time to administer the Plan.
  - (f) "Disability" means the permanent and total incapacity of a Participant as determined in accordance with procedures established by the Committee for purposes of this Plan.
  - (g) "Division/Function" means a division, subsidiary, strategic business unit, central function, regional group or other unit classification of the Employer, as specified by the Committee.
  - (h) "Effective Date" means January 1, 2009. The Plan was originally effective January 1, 2007. The Plan as amended and restated hereunder is effective January 1, 2009.
  - (i) "Eligible Earnings" means an individual's actual regular base salary earnings during the Plan Year, and shall not include overtime, shift premiums, disability, top up payments, employee referrals, worker's compensation, allowances, incentive payments and any termination payments including severance, termination pay or contractually obligated salary continuance arrangements.
  - (j) "Employee" means an individual employed by the Employer other than an individual (i) employed in a casual or temporary capacity (i.e., those hired for a specific job of limited duration), (ii) classified by the Employer as a "contractor" or "consultant," no matter how characterized by the any governmental agency or a court. Any change of characterization of an individual by any court or government agency shall have no effect upon the classification of an individual as an Employee for purposes of this Plan, unless the Committee determines otherwise.
  - (k) "Employer" means the Company and its subsidiaries and affiliates.
  - (l) "Participant" means, for any Performance Period, any Employee other than Employees covered by another incentive plan sponsored by the Employer.
  - (m) "Performance Goals," for any Performance Period, means the performance goals of the Company, a Division/Function, and/or a Participant, as specified by the Committee, based on such performance
-

measures of objectives, whether quantitative or qualitative, developed by the Committee for the Performance Period. The Performance Goals, may be weighted in such manner as the Committee may allocate, as determined prior to, or as soon as practicable after the beginning of each Performance Period, or such other date as may be determined by the Committee. To the extent applicable, the Committee, in determining whether and to what extent a Performance Goal has been achieved, shall use the information set forth in the Company's audited financial statements. The Performance Goals established by the Committee may (but need not be) different each Performance Period and different Performance Goals may be applicable to different Participants or different classes of Participants.

- (n) "Performance Multiplier" means the value applied to the overall award based on the individual performance rating awarded for the performance cycle.
- (o) "Performance Period" means the Plan Year or any other period designated by the Committee with respect to which an Award may be earned.
- (p) "Plan" means the Biovail Corporation Short Term Incentive Plan as set forth herein and as may be amended from time to time.
- (q) "Plan Year" means the calendar year.
- (r) "Target" means, for any Participant with respect to any Performance Period, the percentage of the Participant's Eligible Earnings based on their level within the organization as set by the Committee for that Participant for the Performance Period.
- (s) "Target Cash" means, for any Participant with respect to any Performance Period, the dollar amount based on the Participant's Target multiplied by the Participant's Eligible Earnings, that the Participant would earn as an award if the target performance were achieved for each of the Performance Goals set by the Committee for that Participant for the Performance Period.

**Section 3. Eligibility and Participation**

- (a) **Eligibility** — Subject to the limitations contained in this Section 3, all Employees of the Employer are eligible to participate in the Plan. The Committee shall designate which Employees shall participate in the Plan prior to, or as soon as practicable after the beginning of each Performance Period for each Performance Period. Employees shall be eligible to receive an Award for a Performance Period based on their Eligible Earnings for the Plan Year that the Employee is employed by the Employer.
- (b) **Participation in Other Incentive Plans** — Employees shall participate in only one incentive plan or sales incentive plan for any specific period of time. An Employee may participate in this Plan and another plan sequentially during any Performance Period because of promotion or reassignment; provided that participation in each such incentive plan is a prorated to reflect the period during which he or she participated in each plan.
- (c) **Conditions to Awards** — All Awards shall be made conditional upon the Participant's acknowledgment, in writing or by acceptance of the Award, that all decisions and determinations of the Committee shall be final and binding on the Participant, his or her beneficiaries, or any other person having or claiming an interest in such Award. Awards need not be uniform as among Participants.
- (d) **Termination of Participation** — During any Plan Year, an Employee will cease to be a Participant on the earliest to occur of (i) the Participant's death; (ii) the Participant's termination of employment (whether voluntary or involuntary); or (iii) termination of the Plan.

**Section 4. Performance Goals**

- (a) **Target**
  - (i) Prior to, or as soon as practicable after the beginning of each Performance Period, or such other date as may be determined by the Committee, the Committee shall determine the Employees who shall be Participants during that Performance Period and determine each Participant's Target. The Company shall notify each Participant of the Participant's Target and the applicable Performance

Goals that must be satisfied for an Award to be payable under the Plan for that Performance Period.

- (ii) A Participant's Target shall be stated as a percentage of his or her Eligible Earnings.
  
- (b) **Performance Goals** — The Performance Goals shall be weighted in such manner as the Committee may allocate, and will be based on the Participant's level within the organization, unless the Committee determines otherwise at the time Performance Goals are established.
  - (i) **Company Performance Goals** — a percentage of the Participant's Target Award shall be based on the achievement of Corporate objectives as determined by the Committee in accordance with the annual objective setting cycle of the Corporation.
  - (ii) **Division/Function Goals** — a percentage of the Participant's Target Award shall be based on the attainment of the goals of the division or function established in accordance with the annual objective setting cycle of the Corporation. Divisional supporting functions (Finance, Information Technology, Human Resources, Facilities, Technology Transfer, Quality Assurance, Quality Control and any other departments considered supporting functions by the Committee) will be awarded the divisional percentage determined.
  - (iii) **Individual Goals** — a percentage of the Participant's Target Award shall be based on the attainment of the goals of the individual established in accordance with the annual objective setting cycle of the Corporation.
  
- (c) **Earning an Award**
  - (i) Generally, a Participant earns an Award for a Performance Period based on the level of achievement of the Performance Goals established by the Committee for that Performance Period.
  - (ii) A Performance Multiplier is applied to the overall Award based on the Participant's overall performance rating awarded for the Performance Period.

| <u>Individual Performance Rating</u> | <u>Multiplier Range</u> |
|--------------------------------------|-------------------------|
| Outstanding (OR)                     | 1.2 to 1.5              |
| Exceeds Expectations (EE)            | 1.0 to 1.2              |
| Achieves Expectations (AE)           | .75 to 1.0              |
| Needs Improvement (NI)               | 0 to .50                |
| Unacceptable (UA)                    | 0                       |

- (iii) The Award, if any, to be received by a Participant whose performance is rated below standard, will be in the sole discretion of the Committee.

**Section 5. Payment of Awards**

- (a) **Form of Payment** — All Awards shall be paid in a single lump sum cash payment on or after January 1 but not later than March 15th of the Plan Year following the Plan Year for which such Award is earned.
  
- (b) **Termination of Employment** — Except as provided in (c) below, if the Participant terminates employment for any reason at any time during a Performance Period, the Participant shall not be entitled to an Award under the Plan. In addition, if a Participant engages in conduct that constitutes Cause, the Participant shall not be entitled to an Award under the Plan.
  
- (c) **Retirement, Death and Disability** — If a Participant retires (as determined by the Committee in its sole and absolute discretion), incurs a Disability or dies during the Plan Year, the Award, if any is earned based on actual achievement of the applicable Performance Goals, shall be pro-rated based upon the duration of the Participant's participation in the Plan during such Plan Year and shall be paid to the Participant or the Participant's designated beneficiary on or after January 1 but not later than March 15th of the Plan Year following the Plan Year for which such Award is earned.

- (d) **Designation of Beneficiary** — Except as otherwise required by applicable law, any payments under the Plan payable to a Participant following the Participant's death shall be paid to the beneficiary designated on the Participant's Employer-provided life insurance policy or, if no such policy is provided or the Participant has conflicting beneficiary designations, to the Participant's estate. Payment in accordance with this Section 5 shall fully and completely discharge the Employer from all further obligations under this Plan with respect to the deceased Participant, and any entitlements of the Participant under the Plan shall terminate upon such full payment.

**Section 6. Plan Administration**

- (a) **Committee** — The Plan shall be supervised by the Committee. The Committee shall supervise the Plan consistent with the purpose and the terms of the Plan. Subject to the terms of the Plan, the Committee shall have full authority to (i) designate Participants; (ii) establish, amend, suspend, or waive such rules and regulations and appoint such agents as it deems appropriate for the proper administration of the Plan; (iii) to determine each Participant's Target Award; (iv) to approve Awards; (v) to decide facts in any case arising under the Plan; and (vi) make all other determinations including factual determinations, and take all other actions that the Committee deems necessary or desirable for the proper administration of the Plan, including the delegation of such authority or power, where appropriate; provided that only the Committee shall have the authority to amend or terminate the Plan. All powers of the Committee shall be executed in its sole discretion, in the best interest of the Company not as a fiduciary, and in keeping with the objectives of the Plan and need not be uniform as to similarly situated individuals. The Committee's supervision of the Plan, including all such rules and regulations, interpretations, selections, determinations, approvals, decisions, delegations, amendments, terminations and all other actions, shall be final and binding on the Employer and all Employees of the Employer, including the Participants and their beneficiaries.
- (b) **Employment Contracts** — In addition to the foregoing, the Committee shall have the power to vary or waive any provision of the Plan in respect of a Participant in order to satisfy the terms of such Participant's employment contract with the Employer and to eliminate any conflict between such contract and the provisions of the Plan; provided that, to the extent applicable, the Committee shall vary or waive such provision in a manner that complies with section 409A of the Code.

**Section 7. Termination, Modifications, and Amendments**

The Company reserves the right to terminate the Plan or from time to time make modifications or amendments of the Plan as it may, in its sole discretion, deem advisable.

**Section 8. Miscellaneous**

- (a) **Withholding** — The Employer shall be authorized to withhold from any payment due under the Plan the amount of withholding taxes due in respect to the Plan and to take such other action as may be necessary in the opinion of the Employer or to satisfy all obligations for the payment of such taxes.
- (b) **No Right to Employment** — No person shall have any claim or right to be granted an Award, and the Plan shall not be construed as giving a Participant the right to be retained in the employ of, or in any other relationship with, the Employer. Further, the Employer, expressly reserves the right at any time to dismiss a Participant free from any liability or any claim under the Plan, except as provided herein.
- (c) **Offset** — Subject to the applicable requirements of section 409A of the Code, if a Participant becomes entitled to a payment under the Plan, and at the time of payment the Participant has any outstanding debt, obligation, or other liability representing an amount owing to the Employer (as determined by the Employer), including amounts owing on Employer credit cards, then in the sole and absolute discretion of the Employer, the payment otherwise distributable may be offset by such amount.
- (d) **Governing Law** — To the extent that federal laws do not otherwise control, the Plan is created under and is to be governed, construed and administered in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein.

- (e) **Severability** — The Plan is intended to comply in all respects with applicable laws and regulations. If any one or more of the provisions of the Plan shall be held invalid, illegal, or unenforceable in any respect under applicable law and regulation, the validity, legality and unenforceability of the remaining provision shall be deemed null and void; however, to the extent permissible by law, any provision which could be deemed null and void shall first be construed, interpreted or revised retroactively to permit the Plan to be construed in compliance with all applicable laws so as to foster the intent of the Plan.
- (f) **No Assignment** — A Participant's rights and interests under the Plan may not be assigned or transferred, and any attempted assignment or transfer of such rights and interests shall be null and void.
- (g) **Headings** — Headings are inserted in this Plan for convenience of reference only and are to be ignored in the construction of the provisions of the Plan.
- (h) **Notice** — Any notice or filing required or permitted to be given to the Committee under the Plan shall be sufficient if sent via first class mail, in writing and hand delivered, sent via electronic mail, or transmitted by facsimile, to the human resources department or to such other entity as the Committee may designate from time to time. Such notice shall be deemed given as to the date of delivery, or, if delivery is made by mail, as of the date shown on the postmark on the receipt for registration or certification.
- (i) **Section 409A** — This Plan is intended to be exempt from section 409A of the Code by making payments within the short-term deferral exception set forth in the regulations under section 409A of the Code. However, to the extent that any such payment under this Plan is deferred compensation subject to the requirements of section 409A of the Code, payment shall only be made under the Plan upon an event and in a manner permitted by section 409A of the Code, including the requirement that payments made to "specified employees" (as defined below) be postponed until the first payroll date after the expiration of the six month period following the date of the specified employee's "separation from service" (within the meaning of such term under section 409A of the Code). If the Participant dies during the postponement period prior to the payment of postponed amount, the amount postponed on account of section 409A of the Code will be paid to the personal representative of the Participant's estate within 60 days after the date of the Participant's death. If a payment is not made by the designated payment date under the Plan, the payment shall be made by December 31 of the calendar year in which the designated date occurs. To the extent that any provision of the Plan would cause a conflict with the requirements of section 409A of the Code, or would cause the administration of the Plan to fail to satisfy the requirements of section 409A of the Code, such provision shall be deemed null and void to the extent permitted by applicable law. In no event shall a Participant, directly or indirectly, designate the calendar year of payment. A "specified employee" means an employee who, at any time during the 12 month period ending on the identification date, is a "specified employee" under section 409A of the Code, as determined by the Committee. The determination of specified employees, including the number and identity of persons considered specified employees and the identification date, will be made by the Committee in accordance with a procedure established by the Company, which complies with the provisions of sections 416(i) and 409A and the regulations issued thereunder.

**BIOVAIL CORPORATION**  
**CODE OF PROFESSIONAL CONDUCT**  
**FOR THE SENIOR FINANCE EXECUTIVES**

The Board of Directors of Biovail Corporation (“Biovail”) has adopted this Code of Professional Conduct (the “**Professional Code**”) for Biovail’s Chief Executive Officer, Chief Financial Officer and the principal accounting officer or controller, or persons performing similar functions (collectively, the “**Senior Finance Executives**”) to deter wrongdoing and promote honest and ethical conduct in the practice of financial management, full, fair, accurate, timely and understandable disclosure and compliance with all applicable laws and regulations. The Senior Finance Executives are expected to abide by this Professional Code as well as all other applicable Biovail business policies, standards and guidelines.

As a Senior Finance Executive you will:

1. Act with honesty and integrity.
  2. Avoid actual, apparent or perceived conflicts of interest between your personal and professional relationships and never use or attempt to use your position to obtain any improper personal benefit for yourself, your family, or any other person. In the event that an actual, apparent or perceived conflict of interest does arise, it should be reported immediately by the Senior Finance Executives to the Chair of the Audit Committee of the Board of Directors.
  3. Observe both the form and spirit of technical and ethical accounting standards.
  4. Ensure that Biovail’s disclosure is full, fair, accurate, complete, objective, relevant, timely and understandable, including in Biovail’s disclosures and filings with, and other submissions to, the U.S. Securities and Exchange Commission, the Canadian securities regulatory authorities and any exchange on which Biovail’s securities are listed.
  5. Comply with all applicable laws, rules and regulations of federal, state, provincial and local governments, and other appropriate private and public regulatory agencies.
  6. Act in good faith, responsibly, with due care, competence and diligence, without misrepresenting facts or allowing your independent judgment to be subordinated.
  7. Respect the confidentiality of information concerning Biovail, its business, operations and customers acquired in the course of your work except when
-

authorized or otherwise legally obligated to disclose. Confidential information acquired in the course of your work will not be used for personal advantage. You will also comply with your obligations in this regard under Biovail's Insider Trading Policy and Biovail's Blackout Policy.

8. Not unduly or fraudulently influence, coerce, manipulate, or mislead any authorized audit or interfere with any auditor engaged in the performance of an internal or independent audit of Biovail's financial statements or accounting books and records.
9. Advance Biovail's legitimate interests when the opportunity to do so arises. In that regard you will not (a) take for yourself personal opportunities that are discovered through the use of corporate property, information or position; (b) use corporate property, information or position for personal gain; or (c) compete with Biovail.
10. Protect Biovail's assets and ensure their efficient use and acknowledge that Biovail assets should only be used for legitimate business purposes.

If you are aware of any suspected or known violations of this Professional Code, you have a duty to promptly report such concerns to the Chair of the Audit Committee.

You understand that you will be held accountable for your adherence to this Professional Code. Your failure to observe the terms of this Professional Code may result in disciplinary action, up to and including termination of employment. Violations of this Professional Code may also constitute violations of law and may result in civil and criminal penalties for you and/or Biovail.

The Board of Directors of Biovail shall be responsible for the administration of this Professional Code and shall have the sole authority to amend the Professional Code or grant waivers of its provisions. Waivers will be disclosed as required by the Securities Exchange Act of 1934, as amended, and the rules thereunder and the applicable rules of the New York Stock Exchange.

It is Biovail's intention that this Professional Code be its written code of ethics under Section 406 of the Sarbanes-Oxley Act of 2002 complying with the standards set forth in Item 10 of Form 10-K promulgated under the Securities and Exchange Act of 1934, as amended.

Acknowledgement

I acknowledge that I have received and read this Professional Code for Senior Finance Executives, revised as of December 17, 2009, and I understand my obligations as a Senior Finance Executive to comply with this Professional Code and all other Biovail policies, standards and guidelines.

**CERTIFICATION OF CHIEF EXECUTIVE OFFICER  
PURSUANT TO RULE 13a-14(a)  
AS ADOPTED PURSUANT TO  
SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, William M. Wells, certify that:

1. I have reviewed this annual report on Form 10-K of Biovail Corporation (the “Company”);
  2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
  3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the Company as of, and for, the periods presented in this report;
  4. The Company’s other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the Company and have:
    - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the Company, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
    - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
    - (c) Evaluated the effectiveness of the Company’s disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
    - (d) Disclosed in this report any change in the Company’s internal control over financial reporting that occurred during the period covered by the annual report that has materially affected, or is reasonably likely to materially affect, the Company’s internal control over financial reporting; and
-

5. The Company’s other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the Company’s auditors and the audit committee of the Company’s board of directors:
- (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the Company’s ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the Company’s internal control over financial reporting.
