☐ **TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the transition period from

to

Commission file number **001-14956**

**BIOVAIL CORPORATION**

(Exact Name of Registrant as Specified in its Charter)

**CANADA**

State or other jurisdiction of  
incorporation or organization

(I.R.S. Employer Identification No.)

**7150 Mississauga Road**

**Mississauga, Ontario**

**CANADA, L5N 8M5**

(Address of principal executive offices)

Registrant's telephone number, including area code **(905) 286-3000**

Securities registered pursuant to Section 12(b) of the Act:

Title of each class

Name of each exchange on which registered

**Common Shares, No Par Value**

**New York Stock Exchange, Toronto Stock Exchange**

Securities registered pursuant to section 12(g) of the Act:

**None**

(Title of class)

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes ☒ No ☐

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes ☐ No ☒

**Note** — Checking the box above will not relieve any registrant required to file reports pursuant to Section 13 or 15(d) of the Exchange Act from their obligations under those Sections.

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or Section 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Website, if any, every Interactive Data File required to be submitted and posted to Rule 405 of Regulations S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☐ No ☐

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K (§229.405 of this chapter) is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K. ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer ☒

Accelerated filer ☐

Non-accelerated filer ☐ (Do not check a smaller reporting company)

Smaller reporting company ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes ☐ No ☒

The aggregate market value of the common shares held by non-affiliates of the registrant as of the last business day of the registrant's most recently completed second fiscal quarter was \$2,128,166,465 based on the last reported sale price on the New York Stock Exchange on June 30, 2009.

Number of shares outstanding of each of the registrant's classes of common stock, as of the latest practicable date:

158,372,110 common shares of Biovail Corporation issued and outstanding on February 24, 2010.

**DOCUMENTS INCORPORATED BY REFERENCE**

Part III incorporates certain information by reference from the registrant's proxy statement for the 2010 Annual Meeting of Shareholders expected to be held on May 18, 2010. Such proxy statement will be filed no later than 120 days after the close of the registrant's fiscal year ended December 31, 2009.

## Basis of Presentation

### General

Except where the context otherwise requires, all references in this Form 10-K to the “Company”, “Biovail”, “we”, “us”, “our” or similar words or phrases are to Biovail Corporation and its subsidiaries, taken together. In this Form 10-K, references to “\$” and “US\$” are to United States dollars and references to “C\$” are to Canadian dollars. Unless otherwise indicated, the statistical and financial data contained in this Form 10-K are presented as at December 31, 2009.

Unless otherwise noted, prescription and market data are derived from information provided by IMS Health Inc. (“IMS”) and are as of its December 31, 2009 report. IMS is a provider of information solutions to the pharmaceutical and healthcare industries, including market intelligence and performance statistics.

### Trademarks

The following words are trademarks of our Company and are the subject of either registration, or application for registration, in one or more of Canada, the United States of America (the “U.S.”) or certain other jurisdictions: ATTENADE™, A Tablet Design (Apex Down)®, A Tablet Design (Apex Up)®, APLENZIN®, ATIVAN®, ASOLZA™, BIOVAIL®, BIOVAIL CORPORATION INTERNATIONAL®, BIOVAIL & SWOOSH DESIGN®, BPI®, BVF®, CARDISENSE™, CARDIZEM®, CEFORM®, CRYSTAAL CORPORATION & DESIGN®, DITECH™, FLASHDOSE®, GLUMETZA®, INSTATAB™, ISORDIL®, JOVOLA™, JUBLIA™, MIVURA™, NITOMAN®, ONELZA™, ONEXTEN™, ORAMELT™, PALVATA™, RALIVIA®, SHEARFORM™, SMARTCOAT®, SOLBRI™, TESIVÉE™, TIAZAC®, TITRADOSE®, TOVALT™, UPZIMIA™, VASERETIC®, VASOTEC®, VEMRETA™, VOLZELO™, XENAZINE®, XENAZINA®, and ZILERAN™.

WELLBUTRIN®, WELLBUTRIN® SR, WELLBUTRIN® XL, WELLBUTRIN® XR, ZOVIRAX® and ZYBAN® are trademarks of The GlaxoSmithKline Group of Companies and are used by us under license. ULTRAM® is a trademark of Ortho-McNeil, Inc. (now known as PriCara, a division of Ortho-McNeil-Janssen Pharmaceuticals, Inc.) and is used by us under license. STACCATO® is a trademark of Alexza Pharmaceuticals, Inc. and is used by us under license.

In addition, we have filed trademark applications for many of our other trademarks in Barbados, the U.S., Canada, and in other jurisdictions and have implemented, on an ongoing basis, a trademark protection program for new trademarks.

### **Forward-Looking Statements**

Caution regarding forward-looking information and statements and “Safe Harbor” statement under the U.S. Private Securities Litigation Reform Act of 1995:

*To the extent any statements made in this Form 10-K contain information that is not historical, these statements are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and may be forward-looking information within the meaning defined under applicable Canadian securities legislation (collectively, “forward-looking statements”).*

*These forward-looking statements relate to, among other things, our objectives, goals, strategies, beliefs, intentions, plans, estimates and outlook, including, without limitation:*

- our intent and ability to implement and effectively execute plans and initiatives associated with our strategic focus on products targeting specialty central nervous system (“CNS”) disorders and the anticipated impact of such strategy including, but not limited to, the amount and timing of expected contribution(s), from our product development pipeline;*
- our intent to complete in-license agreements and acquisitions and to successfully integrate such in-license agreements and acquisitions into our business and operations and to achieve the anticipated benefits of such in-license agreements and acquisitions;*

- *our intent to deploy a specialty U.S. sales force to support our specialty CNS strategy, including our intent to develop a sales force to commercialize AZ-004 (Staccato® loxapine) in the U.S.;*
- *the competitive landscape in the markets in which we compete, including, but not limited to, the prescription trends, pricing and the formulary or Medicare/Medicaid utilization and positioning for our products, the opportunities present in the market for therapies for specialty CNS disorders, the anticipated level of demand for our products and the availability or introduction of generic formulations of our products;*
- *our intent, timing and ability to complete the planned disposals of certain non-core assets, including, but not limited to, our Carolina, Puerto Rico manufacturing facility and operations and the anticipated costs, impacts and proceeds of such disposition;*
- *our intent and related success or failure regarding the defence of our intellectual property against infringement;*
- *our views, beliefs and positions related to, results of, and costs associated with, certain litigation and regulatory proceedings and the timing, costs and expected impact of the resolution of certain litigation and regulatory proceedings;*
- *the timing, results, and progress of research and development and regulatory approval efforts, including, but not limited to, the estimated costs and expected timing to complete the development of BVF-018 (tetrabenazine), efforts related to the development of BVF-036, BVF-040 and BVF-048 (pimavanserin), BVF-025 (fipamezole), BVF-324 (tramadol) and BVF-014 (GDNF), and efforts related to the development and regulatory approval of AZ-004 (Staccato® loxapine), including the expected potential milestone payments in connection with Staccato® loxapine, pimavanserin, fipamezole, GDNF and other research and development arrangements;*
- *our ability to secure other development partners for, and to share development costs associated with, certain product development programs;*
- *our intent and ability to make future dividend payments or to repurchase our common shares under our share repurchase program;*
- *the sufficiency of cash resources, including those under the accordion feature of our credit facility, to support future spending and business development requirements;*
- *the expected future taxable income in determining any required deferred tax asset valuation allowance;*
- *the impact of market conditions on our ability to access additional funding at reasonable rates, and our ability to manage exposure to foreign currency exchange rate changes and interest rate changes;*
- *our intent and ability to use a net share settlement approach upon conversion of our 5.375% Senior Convertible Notes due 2014;*
- *additional expected charges and anticipated annual savings related to ongoing or planned efficiency initiatives;*
- *investment recovery, liquidity, valuation, impairment and other conclusions associated with our investment in auction rate securities;*
- *expected timing and amount of principal and interest payments related to long-term obligations;*
- *the impact of short-term fluctuations in our share price on the fair value of our Company's reporting unit for purposes of testing goodwill for impairment;*
- *the availability of benefits under tax treaties and the continued availability of low effective tax rates for our operations;*
- *our expected capital expenditures; and*
- *expected impact of the adoption of new accounting guidance.*

*Forward-looking statements can generally be identified by the use of words such as “believe”, “anticipate”, “expect”, “intend”, “plan”, “will”, “may”, “target”, “potential” and other similar expressions. In addition, any statements that refer to expectations, projections or other characterizations of future events or circumstances are forward-looking*

statements. Although we have indicated above certain of these statements set out herein, all of the statements in this Form 10-K that contain forward-looking statements are qualified by these cautionary statements. Although we believe that the expectations reflected in such forward-looking statements are reasonable, such statements involve risks and uncertainties, and undue reliance should not be placed on such statements. Certain material factors or assumptions are applied in making forward-looking statements, including, but not limited to, factors and assumptions regarding the items outlined above. Actual results may differ materially from those expressed or implied in such statements. Important factors that could cause actual results to differ materially from these expectations include, among other things:

- the successful execution of our specialty CNS strategy, including our ability to successfully identify, evaluate, acquire, obtain regulatory approval for, develop, manufacture and commercialize pipeline products;
- the success of preclinical and clinical trials for our drug development pipeline or delays in clinical trials which adversely impact the timely commercialization of our pipeline products;
- the results of continuing safety and efficacy studies by industry and government agencies;
- the uncertainties associated with the development, acquisition and launch of new products, including, but not limited to, the acceptance and demand for new pharmaceutical products, and the impact of competitive products and pricing;
- our reliance on key strategic alliances, our ability to secure and maintain third-party research, development, manufacturing, marketing or distribution arrangements and securing other development partners for, and to share development costs associated with, certain product development programs;
- the availability of capital and our ability to generate operating cash flows to support our growth strategy;
- the continuation of the recent market turmoil, which could result in fluctuations in currency exchange rates and interest rates;
- our eligibility for benefits under tax treaties and the continued availability of low effective tax rates for the business profits of our principal operating subsidiary;
- the difficulty of predicting the expense, timing and outcome within our legal and regulatory environment, including, but not limited to, U.S. Food and Drug Administration, Canadian Therapeutic Products Directorate and European regulatory approvals, legal and regulatory proceedings and settlements thereof, the protection afforded by our patents and other intellectual and proprietary property, successful challenges to our generic products, and infringement or alleged infringement of the intellectual property rights of others;
- our ability to establish or acquire a specialty U.S. sales force to support our specialty CNS strategy;
- our ability to attract and retain key personnel;
- the reduction in the level of reimbursement for, or acceptance of, pharmaceutical products by governmental authorities, health maintenance organizations or other third-party payors;
- our ability to satisfy the financial and non-financial covenants of our credit facility and note indenture;
- our ability to repay or refinance the principal amount under our note indenture at maturity;
- the disruption of delivery of our products and the routine flow of manufactured goods across the U.S. border; and
- other risks detailed from time to time in our filings with the U.S. Securities and Exchange Commission and the Canadian Securities Administrators, as well as our ability to anticipate and manage the risks associated with the foregoing.

Additional information about these factors and about the material factors or assumptions underlying such forward-looking statements may be found in the body of this Form 10-K, and in particular under Item 1A. “Risk Factors”. We caution that the foregoing list of important factors that may affect future results is not exhaustive. When relying on our forward-looking statements to make decisions with respect to our Company, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. We undertake no obligation to update or revise any forward-looking statement, except as may be required by law.

## PART I

### Item 1. Business.

#### A. History and Development of the Company

Biovail Corporation was formed under the *Business Corporations Act* (Ontario) on February 18, 2000, as a result of the amalgamation of TXM Corporation and Biovail Corporation International. Biovail Corporation was continued under the *Canada Business Corporations Act* (the “CBCA”) effective June 29, 2005. For additional information with respect to material developments in our Company’s business, including recent acquisitions and dispositions, see Item 1.B. “— Business Overview — Our Specialty CNS Strategy” and Item 2. “Properties”.

Our principal executive office is located at 7150 Mississauga Road, Mississauga, Ontario, Canada, L5N 8M5, telephone (905) 286-3000. Our agent for service in the United States (“U.S.”) is CT Corporation System, located at 111 Eighth Avenue, New York, New York, 10011, telephone number (212) 590-9331.

Descriptions of our principal capital expenditures and divestitures and descriptions of acquisitions of material assets are found in our Management’s Discussion and Analysis of Financial Condition and Results of Operation (“MD&A”) and in the notes to our consolidated financial statements included elsewhere in this annual report.

#### B. Business Overview

##### General Overview

We are a specialty pharmaceutical company with a strategic focus on developing and commercializing products that address unmet medical needs in specialty central nervous system (“CNS”) disorders.

The growth and development of our specialty CNS business is financially supported by our former base business model which focused on the development and large-scale manufacture of pharmaceutical products incorporating our oral drug-delivery technologies. While our strategy has transitioned to specialty CNS, this base business model continues to provide revenues and significant operating cash flow that can be used to support and fund licensing and acquisition opportunities in specialty CNS. Our drug delivery expertise also provides support for life cycle management of our specialty CNS products.

We also continue to identify and evaluate complementary acquisitions or business opportunities that support our specialty CNS strategy (such as our May 2009 acquisition of the full U.S. commercialization rights to Wellbutrin XL®).

Since adopting our specialty CNS strategy in May 2008, we have made significant progress in its implementation with the completion of two acquisitions and four in-licensing transactions for specialty CNS products. We believe that our continued ability to successfully implement our specialty CNS strategy will be driven by a number of factors, including (i) our strong balance sheet; (ii) ongoing cash flows generated by our former base business model; (iii) the in-licensing and acquisition opportunities currently available in the specialty CNS market; and (iv) our proven expertise in formulation, clinical development, regulatory affairs, manufacturing and marketing of prescription pharmaceutical products.

#### Transitioning Pharmaceutical Industry

##### Industry Overview

IMS Health Inc. (“IMS”), a provider of information solutions to the pharmaceutical and healthcare industries, including market intelligence and performance statistics, reported that the total U.S. prescription drug market was approximately \$291.5 billion in 2008 and is projecting 4% to 5% growth in the U.S. market for 2009. The Canadian pharmaceutical market was valued by IMS at C\$21.5 billion in 2009.

The pharmaceutical industry, and the companies that comprise it, have experienced significant changes over the past several years. For example, based on IMS data, during the 2009 to 2012 period, branded products with annual sales in excess of \$68.9 billion are expected to lose patent protection. To replace these revenues and

reduce their dependence on internal development programs, large pharmaceutical companies often enter into strategic licensing arrangements with specialty pharmaceutical companies or augment their product pipelines by acquiring smaller pharmaceutical companies with development-stage pipeline products and technologies. Large pharmaceutical companies also employ strategies to extend brand life cycles and exclusivity periods and to establish product differentiation. We believe that this need to augment product pipelines was a key driver of merger and acquisition activity among certain large pharmaceutical companies in 2009.

In addition, factors such as increased enrollment in health maintenance organizations (“HMOs”) in the U.S., growth in managed care, an aging and more health-aware population, introduction of several major new drugs that bring significant therapeutic benefits, and increased use of new marketing approaches such as direct-to-patient advertising, have forced many pharmaceutical companies to adjust their strategies. There has also been an industry-wide slowdown in the approval of new drugs in the U.S., particularly those providing only advances in convenience and patient compliance. Furthermore, the pharmaceutical industry is subject to ongoing political pressure to contain the growth in spending on drugs and to expedite and facilitate bioequivalent (generic) competition to branded products. In the U.S., health care reform remains a focal issue, and there are increasing financial pressures on the reimbursement policies of third-party payors, including incentives to pharmacies to substitute generics for branded products when available. A number of legislative and regulatory proposals aimed at changing the U.S. healthcare system, and changes in the levels at which pharmaceutical companies are reimbursed for sales of their products or pricing of drugs, have been proposed. In addition, as a result of the focus on healthcare reform in connection with the current presidential administration in the U.S., Congress may implement changes in laws and regulations governing healthcare service providers, including measures to control costs or reductions in reimbursement levels or price controls.

### ***Transitioning of the Company’s Business***

The changing environment in the pharmaceutical industry required us to reassess our base business model, which culminated in a comprehensive review in early 2008 of all aspects of our business in an effort to identify and evaluate alternatives to enhance shareholder value. The result of that review was the development of our specialty CNS strategy — one that targets the development and commercialization of products that address unmet medical needs in specialty CNS disorders.

According to the latest available IMS data, CNS disorders represent an approximately \$70 billion market globally (approximately \$45 billion in the U.S.), with growth expected to be in the low- to mid-double digits in many niche specialty CNS markets, such as those within the markets of Parkinson’s disease and multiple sclerosis.

By focusing our development and commercialization efforts on products that address unmet medical needs in specialty CNS disorders, we believe our products are likely to receive favourable formulary coverage, which will facilitate higher prescription volumes, favourable pricing and reimbursement acceptance and, consequently, higher revenues. By targeting unmet medical needs in niche markets, we believe we may also enhance the intellectual property protection or market exclusivity for our products; our strategy is to obtain market exclusivity of at least five years.

Our specialty CNS strategy also provides us with an opportunity to leverage our existing technologies and capabilities associated with our former base business model, including formulation, clinical development, regulatory affairs, manufacturing and marketing of prescription pharmaceutical products, both to assist with regulatory approvals and to effect life-cycle management.

### **Our Specialty CNS Strategy**

2009 was a year of decisive action for Biovail as we transformed our Company with the aggressive, rapid and successful execution of our specialty CNS strategy. During the year, we substantially advanced our specialty CNS strategy with the acquisition of the worldwide development and commercialization rights to tetrabenazine and we completed three strategic in-licensing agreements in specialty CNS. Further, we enhanced our CNS expertise with the appointment of an External Advisory Board to provide medical, scientific and commercial input into our specialty CNS product development pipeline efforts and plans.

Our long-term goal is to become the premier pharmaceutical company in specialty CNS disorders and the partner of choice for biotechnology and emerging pharmaceutical companies with active development programs in the specialty CNS therapeutic area.

### ***Product Development***

Specialty CNS spans several sub areas. Our primary focus has been on specialty neurology, which includes epilepsy, Parkinson's disease, Huntington's disease, amyotrophic lateral sclerosis (ALS, or Lou Gehrig's disease), Alzheimer's disease and multiple sclerosis. We are also pursuing opportunities for unmet medical needs in specialty psychiatry disorders, as an example, pimavanserin as adjunctive therapy for schizophrenia. Both of these areas are serviced by small and generally overlapping prescribing communities of specialists, either neurologists or psychiatrists, thereby providing efficiency in commercialisation efforts. Since unmet medical needs are high in these areas we believe financial pressures on pricing, reimbursement and reliance on third-party payers is less intense; in addition, greater periods of protection for intellectual property (generally in excess of 5 years) are available.

We also review opportunities in therapeutic areas adjacent to specialty CNS, particularly as supportive care indications (e.g. fatigue associated with multiple sclerosis). We will also continue to review and consider opportunities supportive of our specialty CNS strategy such as the acquisition in May 2009 of the full US rights to Wellbutrin® XL.

Our product development strategy targets the in-licensing or acquisition of specialty CNS products with peak annual sales of \$75 million to \$300 million. We believe this range will result in less competition from large pharmaceutical companies. We are also targeting products with at least five years of market exclusivity. While focused on the U.S. and Canadian markets, our business development efforts cover broad geographies and include public, private and academic sources.

To mitigate the risk of product development, our business development efforts are focused on: (a) late-stage (post-Phase 2) drugs; (b) drugs approved for indications in countries other than the U.S. or Canada; (c) medical compounds already approved by the U.S. Food and Drug Administration (the "FDA") that can be repurposed for a different indication; and (d) in-market drugs. We may selectively pursue earlier-stage opportunities. Our goal is to build a robust and sustainable pipeline of products at varying stages of development that will create sustainable revenue growth.

Whenever an opportunity is identified, we apply rigorous financial, commercial and scientific analysis prior to making an investment decision. The majority of the capital we have deployed to date under our specialty CNS strategy has been targeted at near-term revenue opportunities. Where clinical or regulatory risk exists, as is the case with all development-stage compounds, our preference will be to in-license those products — minimizing the upfront payment and structuring the agreement such that additional acquisition-related funds are only paid upon the attainment of development, regulatory or commercial milestones.

### ***Execution of our Strategy***

Since the adoption of our specialty CNS strategy in May 2008, we have completed six specialty CNS transactions, consisting of two acquisitions relating to tetrabenazine and four in-licensing agreements. Collectively, these transactions have significantly strengthened our product development pipeline, enhanced our reputation in the specialty CNS market and substantially accelerated the timeline for implementation of our five-year financial plan. Each of these transactions is described below:

#### **Acquisition of Prestwick Pharmaceuticals, Inc.**

On September 16, 2008, we acquired Prestwick Pharmaceuticals, Inc. ("Prestwick"), a privately held U.S.-based pharmaceutical company, for a total net cash purchase price of approximately \$101.9 million. Prestwick held the U.S. and Canadian licensing rights to tetrabenazine tablets (known as Xenazine® in the U.S. and Nitoman® in Canada). Prestwick had acquired those licensing rights from Cambridge Laboratories (Ireland) Ltd. ("Cambridge"), which, at the time, held the worldwide license for tetrabenazine (as described

below, we acquired the worldwide development and commercialization rights to the entire portfolio of tetrabenazine products from Cambridge in June 2009).

On August 15, 2008, a U.S. new drug application (“NDA”) for Xenazine® received FDA approval for the treatment of chorea associated with Huntington’s disease. Xenazine® has been granted orphan drug designation by the FDA, which provides this product with seven years of market exclusivity in the U.S. from the date of approval. Xenazine® is the first and only FDA-approved treatment for any Huntington’s disease-related symptom. Upon approval of Xenazine®, the FDA determined that a Risk Evaluation and Mitigation Strategy (“REMS”) was necessary to ensure that the benefits of the drug outweigh its associated risks, to promote the informed prescribing and proper titration and dosing of Xenazine®, and to minimize the risk of drug-drug interactions. As part of the program associated with the REMS, our marketing partner Ovation Pharmaceuticals, Inc. (“Ovation”) (now Lundbeck Inc. (“Lundbeck”)) has begun the process of educating physicians, pharmacists, patients and their caregivers about the safe and effective use of Xenazine®.

In November 2008, Xenazine® tablets became commercially available in 12.5 mg and 25 mg strengths throughout the U.S. under an exclusive marketing, distribution and supply agreement entered into between Prestwick and Ovation prior to our acquisition of Prestwick. Through the end of 2009, 2,738 patients had enrolled, or were in the process of enrolling, with the Xenazine® distribution center. Nitoman® had previously been approved for sale in Canada by the Canadian Therapeutic Products Directorate (“TPD”) in 1995. Nitoman® is marketed to Canadian physicians through the Biovail Pharmaceuticals Canada (“BPC”) sales force.

#### **Acquisition of Worldwide Development and Commercialization Rights to Tetrabenazine**

In June 2009, we acquired the worldwide development and commercialization rights to the entire portfolio of tetrabenazine products, including Xenazine® and Nitoman®, held by Cambridge. By means of this acquisition, we obtained Cambridge’s economic interest in the supply of tetrabenazine for the U.S. and Canadian markets, as well as for a number of other countries in Europe and around the world through existing distribution agreements. We also assumed Cambridge’s royalty obligations to third parties on the worldwide sales of tetrabenazine. The total purchase price comprised cash consideration of \$200.0 million paid on closing and additional payments of \$12.5 million and \$17.5 million due to Cambridge on the first and second anniversaries of the closing date, respectively. Pursuant to the acquisition, we also acquired the rights to a modified-release formulation of tetrabenazine under development initially for the treatment of Tourette’s Syndrome (BVF-018) and to the development of an isomer of tetrabenazine (RUS-350).

#### **License of Pimavanserin**

In May 2009, we entered into a collaboration and license agreement with ACADIA Pharmaceuticals Inc. (“ACADIA”) to acquire the U.S. and Canadian rights to develop, manufacture and commercialize pimavanserin in a number of neurological and psychiatric conditions, including Parkinson’s disease psychosis (“PDP”), and Alzheimer’s disease psychosis (“ADP”). Pursuant to the terms of the collaboration and license agreement, we paid an upfront fee of \$30.0 million to ACADIA, with contingent obligations to pay developmental milestone payments associated with the successful completion of clinical trials, regulatory submissions and approvals for pimavanserin in the PDP, ADP and schizophrenia indications. Subject to certain limited exceptions, the agreement provides that we will be responsible for funding all development expenses for pimavanserin for PDP, ADP and schizophrenia.

A Phase 3 PDP study conducted by ACADIA in 2009 did not meet its primary endpoint of antipsychotic efficacy, but did meet the secondary endpoint of motoric tolerability. As a result, ACADIA and Biovail agreed to conclude a second Phase 3 PDP study at its current enrollment level to allow for the analysis of the study data as soon as practicable, and to use the data from these two Phase 3 studies to arrive at an enhanced study design that may be used in new Phase 3 studies for PDP. In October 2009, Biovail and ACADIA amended the collaboration and license agreement to provide that we will fund this third Phase 3 clinical trial for PDP; provided, however, that if the trial does not meet the primary endpoint, then ACADIA will reimburse the Company for 50% of the cost of the trial. Similarly, if the trial is successful, the related milestone payment will be reduced by 50% of the cost of the trial.

The amendment also provides that ACADIA may elect to pursue an initial clinical trial in ADP at its own expense. If the ADP trial meets its clinical endpoint, we would reimburse ACADIA 100% of the cost of the trial.

#### **License of Fipamezole**

In August 2009, we entered into a collaboration and license agreement with Santhera Pharmaceuticals (Switzerland) Ltd. (“Santhera”), a subsidiary of Santhera Pharmaceuticals Holding AG, to acquire the U.S. and Canadian rights to develop, manufacture and commercialize fipamezole for the treatment of a number of neurological and psychiatric conditions, including levodopa-induced dyskinesia, also known as Parkinson’s disease dyskinesia (“PDD”).

Pursuant to the terms of the collaboration and license agreement, we made an upfront payment of \$8.0 million to Santhera upon execution of the agreement, and made a further payment of \$4.0 million to Santhera on October 5, 2009, upon the closing of Santhera’s acquisition of Oy Juvantia Pharma Ltd. We will have milestone payment obligations to Santhera for the initiation of a Phase 3 study, regulatory submissions and approvals of fipamezole in PDD and in the event we pursue a second indication for the compound.

We will be responsible for the development programs and associated costs in the U.S. and Canada for fipamezole for both PDD and a second indication should we pursue one.

#### **License of GDNF**

In December 2009, we entered into a license agreement with Amgen Inc. (“Amgen”) and MedGenesis Therapeutix Inc. (“MedGenesis”), pursuant to which we were granted a license to exploit glial cell line derived neurotrophic factor (“GDNF”) in certain CNS indications in certain countries (including in North America, Japan and a number of European countries). MedGenesis was also granted a license from Amgen to exploit GDNF in certain CNS indications in certain countries and for non-CNS indications. At the same time, we entered into a collaboration agreement with MedGenesis to develop and commercialize GDNF, initially for the treatment of Parkinson’s disease in the United States, Japan and certain European countries and, potentially, in other countries and other CNS indications. Pursuant to the collaboration agreement, we were granted a license to MedGenesis’ Convection Enhanced Delivery (“CED”) platform for use with GDNF in CNS indications.

In connection with the collaboration agreement, we made upfront payments to MedGenesis totalling \$6.0 million. We have certain funding obligations towards the development of GDNF in Parkinson’s disease in the U.S. and we could make development milestones payments related to regulatory approvals and sales to each of MedGenesis and Amgen. MedGenesis and Biovail intend to share development costs associated with Phase 3 clinical trials in the United States and with the development programs in other countries.

We will pay MedGenesis a royalty in respect of the sale of GDNF products in those countries in which we have license rights. We will be responsible for the supply of GDNF to MedGenesis in the countries in which it has license rights and MedGenesis will pay us a supply price. We and MedGenesis will pay royalties to Amgen based on net sales of GDNF products and could make milestone payments to Amgen related to sales of GDNF products.

#### **License of Staccato® loxapine**

On February 9, 2010, we entered into a collaboration and license agreement with Alexza Pharmaceuticals, Inc. (“Alexza”) to acquire the U.S. and Canadian development and commercialization rights to Staccato® loxapine (AZ-004) for the treatment of psychiatric and/or neurological indications and the symptoms associated with these indications, including the initial indication of treating agitation in schizophrenia and bipolar patients. Staccato® loxapine combines Alexza’s proprietary Staccato® single dose inhaler drug delivery system with the antipsychotic drug loxapine. In December 2009, Alexza submitted an NDA to the FDA for Staccato® loxapine. The FDA has accepted the NDA for filing and has indicated a Prescription Drug User Fee Act (“PDUFA”) goal date of October 11, 2010.

Under the terms of the agreement, we paid an upfront fee of \$40.0 million, and could pay up to \$90.0 million in potential milestones in connection with the initial indication contingent on the successful

approval of the first AZ-004 NDA, successful commercial manufacturing scale-up, and the first commercial sale on an inpatient and on an outpatient basis which may require the successful completion of additional clinical trials, regulatory submissions and/or the approval of a supplemental NDA. We will also make tiered royalty payments of 10% to 25% on net commercial sales of Staccato® loxapine. Alexza will supply the product to us for commercialization and will receive a per-unit transfer price based upon annual product volume. We intend to deploy a sales force to commercialize Staccato® loxapine in the U.S.

#### ***Acquisition of Full U.S. Commercialization Rights to Wellbutrin XL®***

In May 2009, we acquired the full U.S. commercialization rights to Wellbutrin XL® from The GlaxoSmithKline Group of Companies (“GSK”). We had supplied Wellbutrin XL® to GSK for marketing or distribution in the U.S. since September 2003. The Wellbutrin XL® product formulation was developed, and is manufactured, by us under our own patents and proprietary technology.

Pursuant to the terms of the asset purchase agreement, we paid \$510.0 million to GSK to acquire the NDA for Wellbutrin XL®. Pursuant to the terms of a trademark license agreement with GSK, we also obtained an exclusive, royalty-free license to the Wellbutrin XL® trademark for use in the U.S.

The acquisition of Wellbutrin XL® complements our specialty CNS strategy as we expect Wellbutrin XL® to generate significant cash flows in the near, mid and long-term that can be used to finance our specialty CNS product development pipeline.

#### ***Other Acquisition Opportunities***

We regularly review other in-market products as potential acquisition candidates. These products would provide immediate revenues and cash flows that we would leverage in pursuit of building long-term growth within specialty CNS markets. Our acquisition of the full U.S. commercialization rights to Wellbutrin XL® in May 2009 is an example of this type of transaction.

We believe that we are well-positioned to successfully capitalize on the unmet medical needs in specialty CNS. As we identify in-licensing or acquisition opportunities in the specialty CNS market, we believe we can successfully execute our growth strategy because of:

- our strong balance sheet and significant financial resources (including operating cash flows);
- our demonstrated track record with six specialty CNS transactions completed since September 2008; and
- our in-house specialty CNS expertise, with proven capabilities in drug regulatory approval, medical affairs and clinical research.

In the long term, we believe we must create growth and long-term value by building and developing our specialty CNS pipeline, and establishing efficient commercialization pathways through which to bring products to market, including through the development or acquisition of our own specialty U.S. sales force.

## Product Development Pipeline

The chart below lists the various products within our development pipeline.

|                                                                                                | Formulation /<br>Pre-Clinical | Phase I/Phase II | Phase III | NDA /ANDA |
|------------------------------------------------------------------------------------------------|-------------------------------|------------------|-----------|-----------|
| <b>Specialty CNS</b>                                                                           |                               |                  |           |           |
| <b>AZ-004</b><br>Staccato® loxapine<br>(Agitation in<br>Schizophrenic & Bi-<br>polar patients) |                               |                  |           |           |
| <b>BVF-036</b><br>Pimavanserin<br>(PDP)                                                        |                               |                  |           |           |
| <b>BVF-048</b><br>Pimavanserin<br>(Schizophrenia co-therapy)                                   |                               |                  |           |           |
| <b>BVF-025</b><br>Fipamezole<br>(PDD)                                                          |                               |                  |           |           |
| <b>BVF-040</b><br>Pimavanserin<br>(ADP)                                                        |                               |                  |           |           |
| <b>BVF-018</b><br>Tetrabenazine MR<br>(Tourette Syndrome)                                      |                               |                  |           |           |
| <b>BVF-014</b><br>GDNF<br>(CNS indications)                                                    |                               |                  |           |           |
| <b>Legacy Pipeline</b>                                                                         |                               |                  |           |           |
| <b>BVF-324</b><br>tramadol hydrochloride<br>(Sexual dysfunction)                               |                               |                  |           |           |
| <b>BVF-065</b><br>generic venlafaxine XR<br>(Depression)                                       |                               |                  |           |           |
| <b>BVF-203</b><br>generic fenofibrate<br>(High cholesterol)                                    |                               |                  |           |           |
| <b>BVF-058</b><br>generic quetiapine XL<br>(Schizophrenia & Bipolar)                           |                               |                  |           |           |

Since adopting our specialty CNS strategy in May 2008, we have made significant progress in building a specialty CNS product development pipeline. Today, as described in more detail below, we have five compounds in development: Staccato® loxapine, pimavanserin; BVF-018 (modified-release formulation of tetrabenazine); fipamezole; and GDNF. In addition to our specialty CNS development programs, we also continue to develop certain legacy products, as further described below.

**Staccato® loxapine.** In December 2009, Alexza submitted an NDA to the FDA for Staccato® loxapine. The FDA has accepted the NDA for filing and has indicated a PDUFA goal date of October 11, 2010. The NDA contains efficacy and safety data from more than 1,600 patients and subjects who have been studied in thirteen different clinical trials. Alexza has initiated and completed two pivotal Phase 3 clinical trials in connection with Staccato® loxapine and has indicated that both doses of Staccato® loxapine (5mg and 10mg) met the primary and key secondary endpoints of the studies with statistically significant reductions in agitation, as compared to placebo. In these studies, the administration of Staccato® loxapine was generally safe and well tolerated.

**Pimavanserin.** Pimavanserin is currently in Phase 3 development for PDP. Data from the first of two Phase 3 studies initiated by our partner, ACADIA, announced in September 2009, did not meet the study's primary endpoint. However, a signal of antipsychotic efficacy, most prominent in the U.S. centres involved in the study, was seen at the 40mg dose. We intend to use the findings from this study, in addition to those of a recent trial, to develop an enhanced study design for a new Phase 3 program.

We are also pursuing the development of pimavanserin as adjunctive therapy in schizophrenia. In 2007, ACADIA released data from a Phase 2 study that showed that a 20mg dose of pimavanserin in conjunction with a low dose (2mg) of risperidone was as efficacious as 6mg of risperidone, but with a better side effect profile, including a statistically significant reduction in weight gain. We intend to initiate a Phase 3 program for pimavanserin as adjunctive therapy in schizophrenia in the middle of 2010. Schizophrenia is estimated by the U.S. National Institute of Mental Health to occur in 1% of the population in North America. In 2009, according to IMS over 12 million prescriptions were written for risperidone in the U.S.

**BVF-018.** BVF-018 is a modified-release formulation of tetrabenazine in development for Tourette's Syndrome in 5-16 year old children. BVF-018 has been designated an orphan drug by the FDA, which provides seven years of U.S. market exclusivity following approval. Contingent on successful safety assessments, which are ongoing, we expect to initiate a Phase 2 study on pediatric patients with Tourette's Syndrome in the third quarter of 2010.

Following review and preclinical assessments, a formal decision was made to discontinue development efforts in connection with RUS-350, a tetrabenazine-derived new chemical entity ("NCE") (an isomer) the rights to which we had acquired in June 2009 in our transaction with Cambridge.

**Fipamezole.** Fipamezole is a first-in-class compound that, in a Phase 2b study, displayed the potential to reduce levodopa-induced dyskinesia (also known as PDD). Levodopa is among the most effective drugs for treating Parkinson's disease. However, long-term use of levodopa is often complicated by significantly disabling dyskinesia, which largely negates the drug's beneficial effects. There are no FDA-approved drugs currently available for the treatment of PDD. We currently anticipate the initiation of the Phase 3 program in the U.S. for fipamezole in 2011.

**GDNF.** The GDNF protein is a naturally-occurring growth factor capable of protecting and promoting the survival of dopamine producing nerve cells, to which we licensed the rights from Amgen in certain CNS indications in certain territories in December 2009. We have also entered into an agreement with MedGenesis to collaborate on the development of GDNF, initially in Parkinson's disease and potentially other CNS indications. We are currently undertaking non-clinical studies in support of our application for an investigational new drug ("IND") for GDNF from the FDA and anticipate scheduling an IND meeting with the FDA in the second quarter of 2010.

**Legacy Development Products.** We also have a number of legacy development programs based on our former base business model. These include BVF-324 — tramadol hydrochloride for the treatment of premature ejaculation, a sexual dysfunction believed to affect up to 30% of men of all ages. The Phase 3 program for BVF-324 in Europe, which is evaluating non-commercially available doses of tramadol, was initiated in the third quarter of 2009 and is expected to conclude in 2011. In due course, we intend to engage a development and commercialization partner for the European market.

With respect to generic pharmaceuticals, our historic research and development ("R&D") efforts have focused on difficult-to-manufacture products, where competition is more limited (relative to immediate-release products) and, consequently, commercial pricing and gross margins are potentially higher. In 2008 we submitted three abbreviated new drug applications (each, an "ANDA") to the FDA for approval. These include a generic formulation of 145 mg and 48 mg tablets of fenofibrate (marketed in the U.S. under the Tricor® brand name). We believe we are the first-to-file on the 48 mg strength, which generated revenues of approximately \$76.0 million in the twelve months ended December 31, 2009, according to IMS; and second on the 145 mg strength, which generated revenues of approximately \$1.5 billion over the same period. In addition, in December 2008 we announced the FDA's acceptance of our ANDA filing for 200 mg, 300 mg and 400 mg strengths of quetiapine fumarate extended-release tablets (sold under the brand name Seroquel® XR by AstraZeneca Pharmaceuticals LP). Seroquel® XR is an atypical antipsychotic agent indicated for the treatment of schizophrenia and bipolar disorder. The product is available in 150 mg, 200 mg, 300 mg and 400 mg strengths. According to IMS, Seroquel® XR generated U.S. revenues of approximately \$458.0 million in the twelve-month period ended December 31, 2009. In addition, in 2008 we filed an ANDA with the FDA seeking approval to market venlafaxine hydrochloride extended-release capsules equivalent to the 37.5 mg, 75 mg and 150 mg doses

of Effexor® XR. According to IMS, Effexor® XR generated U.S. revenues of approximately \$2.8 billion in the twelve-month period ended December 31, 2009.

We do not currently have any other ANDA programs in our product development pipeline.

Our product development efforts are subject to the process and regulatory requirements of the FDA in the U.S., the TPD in Canada and applicable European regulatory agencies.

### ***Research and Development***

We devote significant resources to research and development for our specialty CNS strategy. Our objective is to identify, develop and bring to market products that address unmet medical needs, and to develop new or repurposed uses for existing compounds and medicines. We primarily conduct research through contracts with external service providers, contract research organizations (“CROs”), and in collaboration with other pharmaceutical companies. The research and development process from the time that we in-license or acquire a product to the time that a product is brought to market takes many years and is costly and unpredictable. See Item 1A. “Risk Factors — Company Specific Risks — Ability to In-License, Acquire and Develop Products” and “— Preclinical and Clinical Trials”.

In 2009, our R&D expenses were \$106.9 million, a 53% increase as compared to 2008. This increase reflects upfront payments, including costs of acquisition, of \$30.4 million, \$12.1 million and \$8.8 million in respect of the pimavanserin, fipamezole and GDNF, in-licensing transactions, respectively. Also included in R&D expenses in 2009 is \$8.0 million representing the write-off of the purchase price allocated to RUS-350 in the Cambridge transaction. Given the anticipated and significant increase in clinical-trial activity within our drug development pipeline, we expect R&D expenses in respect of our internal research and development programs to increase significantly in 2010 and 2011, compared with 2009. In 2008, our R&D expenses were \$69.8 million, a 31% decrease as compared to 2007. In 2007, during which time we pursued a number of reformulation-type opportunities related to our former base business model, our internal research and development programs expenses were \$100.6 million.

### **Primary Markets**

Our primary markets, for both our specialty CNS products and those products related to our former base business model, are the U.S. and Canada. Our products which relate to our former base business model address CNS disorders, cardiovascular disease, pain management and antiviral conditions. In the U.S., such products are sold through marketing arrangements with third parties.

For our in-market specialty CNS products, in the U.S., until we develop a specialty sales force, we will continue to distribute our specialty CNS products through third party commercialization relationships. We intend to deploy a sales force to commercialize Staccato® loxapine in the U.S.

BPC markets our products in Canada.

While our business focus is primarily to develop products for the U.S. and Canadian markets, we have pursued opportunities to more fully exploit the commercial potential of our products by having them launched in new geographic markets through strategic marketing partners with expertise in their local markets. Our acquisition of the worldwide rights to tetrabenazine and our license to pursue GDNF indications in Japan and a number of European countries are evidence of this more global strategy.

## Current Product Portfolio and Product Revenues

The following table summarizes our product revenues by category for the fiscal years of 2009, 2008 and 2007:

| Product/Product Line                | Revenues (\$000)       |         |         | Change % for 2008/2009 | % of Product Revenues |                    |                    |
|-------------------------------------|------------------------|---------|---------|------------------------|-----------------------|--------------------|--------------------|
|                                     | 2009                   | 2008    | 2007    |                        | 2009                  | 2008               | 2007               |
| United States                       |                        |         |         |                        |                       |                    |                    |
| Wellbutrin XL <sup>(1)</sup>        | 173,288 <sup>(2)</sup> | 120,745 | 212,325 | 44                     | 22                    | 17                 | 27                 |
| Xenazine <sup>(3)</sup>             | 48,433                 | 3,736   | —       | NM                     | 6                     | 1                  | —                  |
| Aplenzin <sup>®</sup>               | 11,150                 | —       | —       | NM                     | 1                     | —                  | —                  |
| Zovirax <sup>®</sup>                | 146,267                | 150,613 | 147,120 | (3)                    | 19                    | 21                 | 18                 |
| Ultram <sup>®</sup> ER              | 53,986                 | 81,875  | 86,714  | (34)                   | 7                     | 11                 | 11                 |
| Cardizem <sup>®</sup> LA            | 42,002                 | 48,002  | 69,300  | (12)                   | 5                     | 7                  | 9                  |
| Legacy Products                     | 165,679                | 154,206 | 136,855 | 7                      | 21                    | 22                 | 17                 |
| Generic Products                    | 67,035                 | 83,246  | 86,843  | (19)                   | 8                     | 12                 | 11                 |
| Glumetza <sup>®</sup> (U.S. market) | 1,250                  | 1,545   | —       | (19)                   | —                     | —                  | —                  |
| Canada                              |                        |         |         |                        |                       |                    |                    |
| BPC <sup>(4)</sup>                  | 79,936                 | 70,580  | 61,889  | 13                     | 10                    | 10                 | 8                  |
| Total Product Revenues              | 789,026                | 714,548 | 801,046 | 10                     | 100 <sup>(5)</sup>    | 100 <sup>(5)</sup> | 100 <sup>(5)</sup> |

NM: not meaningful.

- (1) Includes Wellbutrin XL<sup>®</sup> sales to GSK for marketing and distribution in Europe and elsewhere.
- (2) Includes sales following the acquisition of full U.S. commercialization rights in May 2009.
- (3) Includes Xenazine<sup>®</sup> sales in Europe and elsewhere from June 2009 and Nitoman<sup>®</sup> sales made in Canada prior to December 1, 2008.
- (4) Effective December 1, 2008, BPC assumed the marketing and distribution of Nitoman<sup>®</sup>.
- (5) Percentages may not add up to 100% due to rounding.

Each of these categories, and the products or product lines they include, is described in more detail below:

### *Wellbutrin<sup>®</sup> XL (bupropion hydrochloride extended release tablets)*

Wellbutrin XL<sup>®</sup>, an extended-release formulation of bupropion indicated for the treatment of depression in adults, was launched in the U.S. in September 2003 by an affiliate of GSK. Pursuant to a manufacturing-and-supply agreement then in effect with GSK, we received a tiered supply price based on GSK's net sales of Wellbutrin XL<sup>®</sup>. In May 2009, we acquired the full U.S. commercialization rights to Wellbutrin XL<sup>®</sup> from GSK. With the 150 mg dosage strength genericized in late-2006 and the 300 mg dosage strength genericized in mid-2008, Wellbutrin XL<sup>®</sup> continues to hold a higher-than-anticipated share of the bupropion prescription market, despite no active sales force promotion since 2006. We believe this performance suggests the potential for continuation of the product's strong earnings and cash-flow contribution. In the fourth quarter of 2009, we announced two initiatives intended to support the brand: the supply of sample quantities to interested physicians and the introduction of coupons to reduce the out-of-pocket costs for patients. Shipment of coupons and samples will take place in the first quarter of 2010.

### *Xenazine<sup>®</sup> (tetraabenazine)*

Approved by the FDA in August 2008, Xenazine<sup>®</sup> is indicated for the treatment of chorea associated with Huntington's disease. Huntington's disease is a rare, inherited neurological disorder that is passed from parent to child through a gene mutation. The disease causes a degeneration of specific brain cells that most frequently

leads to problems associated with loss of motor control, psychiatric and behavioral symptoms, and cognitive impairment.

Tetrabenazine has also been approved for use in a number of countries in Europe and around the world. Through our acquisition of the worldwide development and commercialization rights to tetrabenazine in June 2009, we have distribution arrangements for tetrabenazine in a number of countries outside North America, including Australia, Denmark, France, Germany, Ireland, Israel, Italy, New Zealand, Portugal, Spain, Switzerland and the United Kingdom.

#### ***Aplenzin® (bupropion hydrobromide)***

Launched in the U.S. in April 2009 by sanofi-aventis U.S. LLC (“sanofi-aventis U.S.”), Aplenzin® is an extended-release formulation of bupropion hydrobromide for the treatment of major depressive disorder. Aplenzin® was approved by the FDA in April 2008 at dosage strengths of 174mg, 348mg and 522mg. The 522mg dosage strength of Aplenzin® represents the only FDA-approved single-tablet, once-daily treatment option equivalent to 450mg of bupropion hydrochloride (the active ingredient in Wellbutrin XL®) therapy.

In December 2008, we entered into a supply-and-distribution agreement with sanofi-aventis U.S., which is now marketing the product in the U.S. Under the terms of the agreement, we manufacture, supply and sell Aplenzin® to sanofi-aventis U.S. at contractually determined prices, which will be based on sanofi-aventis U.S.’ net selling price. Our supply price will range from 25% to 35% of net sales, depending on the level of net sales of Aplenzin®.

#### ***Zovirax® Ointment/Zovirax® Cream (acyclovir)***

Zovirax® Ointment is a topical formulation of a synthetic nucleoside analogue which is active against herpes viruses. Each gram of Zovirax® Ointment contains 50 mg of acyclovir in a polyethylene glycol base. This product is indicated for the management of initial genital herpes and in limited non-life threatening mucocutaneous herpes simplex infections in immuno-compromised patients. Zovirax® Ointment was originally launched in 1982 by Burroughs Wellcome and although it has not been promoted by Glaxo Wellcome, and subsequently GSK, since 1997, Zovirax® Ointment remains the market leader with approximately a 47% share of total prescriptions in the U.S. for topical anti-herpes products in 2009.

Zovirax® Cream was approved by the FDA in December 2002 and launched by us in July 2003. Zovirax® Cream is a topical antiviral medication used for the treatment of herpes labialis (cold sores). According to IMS, Zovirax® Cream held a 27% share of the total prescriptions in the U.S. for topical anti-herpes products at the end of 2009.

Pursuant to a distribution rights agreement, GSK provides us with Zovirax® products for the U.S. Since October 2002, we have been entitled to purchase a pre-determined quantity of Zovirax® inventory from GSK at reduced prices under a price allowance. The remaining inventory acquired at the reduced supply prices is expected to be sold in the first quarter of 2010, after which time the significantly higher supply price will have a material impact on the earnings contribution from Zovirax® product sales in 2010 and beyond.

#### ***Ultram® ER (tramadol hydrochloride extended-release tablets)***

Ultram® ER is an extended-release formulation of tramadol hydrochloride indicated for the management of moderate to moderately severe chronic pain in adults who require around-the-clock treatment of their pain for an extended period of time. Ultram® ER is available in 100mg, 200mg and 300mg tablet strengths. According to IMS, over 25 million prescriptions were dispensed for tramadol-based medicines in the U.S. in 2009. In November 2009, a generic formulation of the 100mg and 200mg strengths of Ultram® ER was launched in the U.S.

In November 2005, we entered into a 10-year supply agreement with Ortho-McNeil, Inc. (“OMI”) (now known as PriCara, a division of Ortho-McNeil-Janssen Pharmaceuticals, Inc. (“PriCara”)) for the distribution of our extended release formulation of tramadol in the U.S. and Puerto Rico. Pursuant to the agreement, we are entitled to a supply price based on OMI’s net selling price for Ultram® ER. In 2007 and 2008,

our supply price was 37.5% of OMI's net selling price for Ultram® ER. In 2009, prior to the introduction of generic competition in December, our supply price was 35% of Ultram® ER's net selling price. The introduction of generic competition resulted in a 50% reduction in our contractual supply price for branded Ultram® ER tablets in the 100mg and 200mg strengths. In April 2009, we entered into a five-year supply agreement with Patriot Pharmaceuticals LLC ("Patriot") (a wholly owned subsidiary of Ortho-McNeil-Janssen Pharmaceuticals, Inc.) for the distribution of our authorized generic formulation of Ultram® ER and, concurrently with the November 2009 generic launch of the 100mg and 200mg strengths of Ultram® ER in the U.S., Patriot launched our authorized generic formulation of these two strengths of Ultram® ER. Pursuant to the agreement, we are entitled to a supply price based on Patriot's net selling price of the authorized generic formulations of Ultram® ER.

#### *Cardizem® LA (diltiazem)*

Cardizem® branded products have been the leading calcium channel blockers ("CCBs") for more than 20 years. In 2009, the U.S. CCBs market was valued by IMS at approximately \$2.0 billion, of which once-daily diltiazem products represented approximately \$576.0 million. These once-daily products generated 16 million prescriptions in the U.S. in 2009, of which 11 million were written for all Cardizem® products.

In April 2003, we launched Cardizem® LA. Cardizem® LA is a graded, extended-release formulation of diltiazem hydrochloride that provides 24-hour blood pressure control with a single daily dose and offers physicians a flexible dosing range from 120 mg to 540 mg. Cardizem® LA is the only diltiazem product labeled to allow administration in either the morning or evening. With evening administration, clinical trials have shown Cardizem® LA improves reduction in blood pressure in the early morning hours, which is when patients are at the greatest risk of significant cardiovascular events, such as heart attack, stroke and death. We have arranged to have Kos Pharmaceuticals ("Kos") (a subsidiary of Abbott Laboratories ("Abbott")) promote Cardizem® LA in the U.S. and, pursuant to our arrangement with Kos, we manufacture, supply and sell Cardizem® LA to Kos for prices based on Kos' net selling price.

#### *Legacy Products*

This category includes branded products that we distribute in the U.S., but do not actively promote. In general, these are products that have been genericized and generate revenue streams that are relatively stable as a result of small and predictable declines in prescription volumes, generally offset by increases in pricing. The products in this reporting category are Cardizem® CD, Ativan®, Tiazac®, Vasotec®, Vaseretic® and Isordil®. Despite the availability of generic competition, these products continue to generate significant cash flow.

#### *Cardizem® CD (diltiazem)*

Cardizem® branded products have been leading medications in the CCB category of cardiovascular drugs for more than 20 years. sanofi-aventis Inc. ("sanofi-aventis") supplies Cardizem® CD to us.

#### *Ativan® (lorazepam)*

Ativan® is benzodiazepine lorazepam, indicated for the management of anxiety disorders or for the short-term relief of anxiety or anxiety associated with symptoms of depression. We acquired U.S. marketing rights to Ativan® from Wyeth Pharmaceuticals Inc. ("Wyeth") (now part of Pfizer Inc.) in June 2003. Wyeth provided us with Ativan® until 2007. Since August 2007, Meda Manufacturing GmbH ("Meda") has supplied us with Ativan® tablets for the U.S. market. Ativan® and its generics generated 26.4 million prescriptions in the U.S. during 2009.

#### *Tiazac® (diltiazem)*

Tiazac® belongs to the CCB class of drugs, used in the treatment of hypertension and angina. In 1995, Forest Laboratories Inc. ("Forest") acquired the right to market Tiazac® in the U.S. The formal product launch took place in February 1996. We act as the exclusive manufacturer of the product and receive a contractually determined supply price and a royalty payment from Forest on net sales of Tiazac®. Upon the onset of generic

competition for Tiazac® in the U.S. in April 2003, we launched a competing authorized generic version through Forest under a variable supply price arrangement, following which Forest ceased promotional support for branded Tiazac®. Forest now distributes a Tiazac® authorized generic manufactured by us.

*Vasotec® (enalapril maleate)/Vaseretic® (enalapril maleate/hydrochlorothiazide)*

Vasotec® and Vaseretic® have been highly recognized in the treatment of hypertension, symptomatic congestive heart failure, and asymptomatic left ventricular dysfunction for nearly 20 years. Enalapril is a pro-drug; following oral administration, it is bio-activated by hydrolysis of the ethyl ester to enalaprilat, which is the active angiotensin converting enzyme (“ACE”) inhibitor. Vasotec® is the maleate salt of enalapril. Vaseretic® combines Vasotec® and a diuretic, hydrochlorothiazide. The product is also indicated for the treatment of hypertension. Vasotec® (branded and generic) is one of the most widely prescribed ACE inhibitors. Vasotec® lost its market exclusivity in August 2000 and its prescription volumes have since been eroded by generic competition. Nevertheless, in 2009, there were 12.4 million prescriptions written for enalapril maleate in the U.S.

*Isordil® (isosorbide dinitrate)*

Isordil®, a coronary vasodilator, is indicated for the prophylaxis of ischemic heart pain associated with coronary insufficiency (angina pectoris). Isordil® dilates the blood vessels by relaxing the muscles in their walls. Oxygen flow improves as the vessels relax, and chest pain subsides. Isordil® helps to increase the amount of exercise that may occur prior to the onset of chest pain, and can help relieve chest pain that has already started, or prevent pain expected from a strenuous activity, such as walking up a hill or climbing stairs. We acquired U.S. marketing rights to Isordil® from Wyeth in June 2003. We purchase Isordil® tablets from Meda pursuant to a supply agreement.

In 2009, there were 1.7 million prescriptions written for isosorbide dinitrate in the U.S., according to IMS.

***Generic Products***

Our generic product portfolio currently consists of products that are distributed in the U.S. for us by Teva Pharmaceuticals Industries Ltd. (“Teva”) and an authorized generic formulation of Tiazac® which is distributed in the U.S. by Forest. In 2009, the products distributed by Teva included bioequivalent formulations of Cardizem® CD, Adalat® CC, Procardia® XL, Tiazac®, Voltaren® XR and Trental®. Generic Tiazac® and generic Cardizem® CD are distributed by Teva Canada Limited (formerly Novopharm Limited) (“Teva Canada”), a subsidiary of Teva, in Canada.

Our portfolio of generic formulations of branded controlled release products, such as Cardizem® CD, Adalat® CC and Procardia® XL, represents technically challenging products to formulate. These technological barriers may limit the number of generic versions of the products. This competitive landscape allows for some pricing flexibility, and may mitigate, to some extent, the price discounting that can often reach 90% in the generic pharmaceuticals industry. However, beginning in 2007, a number of new competitor products became available, which resulted in a significant decline in our revenues relating to these products. In 2009, as a result of the withdrawal of two competing diltiazem-based products, prescription volume for our portfolio of generic products increased 13% compared with 2008.

***Glumetza® (U.S. Market)***

Glumetza® is a once-daily formulation of metformin indicated as an adjunct to diet and exercise to improve glycemic control in adults with type 2 diabetes mellitus. Glumetza® 500 mg and 1,000 mg were approved by the FDA in June 2005. Pursuant to an agreement with Depomed Inc. (“Depomed”) we manufacture and supply the 1,000 mg tablet to Depomed. In the U.S., Santarus, Inc. promotes Glumetza® to U.S. physicians for Depomed. Glumetza® competes against several other metformin products, including a number of generic formulations, in the oral diabetes market.

For additional information with respect to these products, see Item 7. “Management’s Discussion and Analysis of Financial Condition and Results of Operation — Product Sales”.

### ***Biovail Pharmaceuticals Canada***

BPC is our Canadian marketing and sales division. The following products are promoted and/or distributed by BPC:

#### ***Tiazac®/Tiazac® XC (diltiazem)***

Tiazac® is a CCB used in the treatment of hypertension and angina. Tiazac® is a once-daily formulation of diltiazem that delivers smooth blood pressure control over a 24-hour period. As a non-dihydropyridine CCB, Tiazac® provides specific renal protective benefits as well as blood pressure reduction, which is particularly important for diabetic hypertensive patients. At December 2009, according to IMS Tiazac® and Tiazac® XC held a 31.0% share of the once-daily diltiazem market (measured as a percentage of total prescriptions for once-daily diltiazem products). In August 2004, we received TPD approval for Tiazac® XC for the treatment of hypertension and, in July 2007, we received TPD approval for Tiazac® XC for the treatment of angina. Tiazac® XC is a novel formulation of diltiazem taken at bedtime and specifically formulated to provide peak drug-plasma levels during the early morning hours when cardiac events are most likely to occur. In January 2005, the BPC sales force launched Tiazac® XC to Canadian physicians. Tiazac® XC is listed on all provincial formularies.

Our generic version of Tiazac® is distributed in Canada by Teva Canada.

#### ***Wellbutrin® XL (extended-release bupropion hydrochloride)***

In February 2005, we submitted a supplemental new drug submission (“sNDS”) to the TPD for Wellbutrin® XL, a once-daily formulation of bupropion developed by us. The submission received TPD approval in January 2006. Wellbutrin® XL was formally launched in April 2006 by the BPC sales force. In February 2008, Wellbutrin® XL received TPD approval for a new indication for the prevention of seasonal major depressive illness. By December 2009, according to IMS Wellbutrin® XL had captured 58.5% share of the Canadian bupropion market (measured as a percentage of total prescriptions for bupropion products).

#### ***Wellbutrin® SR (bupropion)/Zyban® (sustained-release bupropion hydrochloride)***

We acquired the Canadian rights to Wellbutrin® SR and Zyban® from GSK in December 2002. Wellbutrin® SR is indicated as a first-line therapy for the treatment of depression. Wellbutrin® SR’s anti-depressant activity appears to be mediated by noradrenergic and dopaminergic mechanisms that differentiate it from SSRIs and other known anti-depressant agents. In addition to anti-depressant efficacy, Wellbutrin® SR has a low propensity to cause sexual dysfunction, a common side effect of some other anti-depressant therapies. Zyban®, the same chemical entity as Wellbutrin® SR, is indicated as an aid to smoking cessation treatment. Generic competition for Wellbutrin® SR in Canada commenced in 2005. Zyban® is marketed through non-sales force mediated, direct marketing activities.

#### ***Glumetza® (extended-release metformin hydrochloride)***

Glumetza® is a once-daily formulation of metformin, indicated for the control of hyperglycemia in adult patients with type 2 (non-insulin dependent, mature onset) diabetes, as an adjunct to dietary management, exercise, and weight reduction, or when insulin therapy is not appropriate. Glumetza® (500 mg and 1,000 mg) received TPD approval in May 2005, and the 500 mg tablet was formally launched by the BPC sales force in Canada in November 2005. Glumetza® is the first and only once-daily metformin formulation available in Canada. A second application for a once-daily formulation of Glumetza® 1,000 mg tablets was filed with the TPD in February 2007 and received a Notice of Compliance (“NOC”) in October 2007. The BPC sales force formally launched Glumetza® 1,000 mg tablets to Canadian physicians in January 2008. See Item 3. “Legal Proceedings — Intellectual Property”.

*Ralivia® (extended-release tramadol hydrochloride)*

Ralivia®, which competes with two other once-daily tramadol formulations in Canada, is indicated for the management of pain of moderate severity in patients who require continuous treatment for several days or more. In July 2008 we received approval for the broader indication of treatment of moderate to moderately severe pain. Ralivia® is produced using our proprietary Smartcoat® technology, which provides 24-hour delivery for more constant plasma concentration and clinical effects with less peak-to-trough fluctuation. Ralivia® is identical to Ultram® ER.

*Nitoman® (tetrabenazine)*

Nitoman® was approved by the TPD in 1995. It is indicated for the treatment of hyperkinetic movement disorders such as Huntington's chorea, Hemiballismus, Senile Chorea, Tic and Gilles de la Tourette Syndrome and Tardive Dyskinesia. Through the September 2008 acquisition of Prestwick, we acquired commercial responsibility for Nitoman® in Canada. Nitoman® is marketed to Canadian physicians through the BPC sales force.

*Cardizem® CD (diltiazem)*

Cardizem® branded products have been leading medications in the CCB category of cardiovascular drugs for more than 20 years. sanofi-aventis supplies Cardizem® CD to us.

**Former Base Business Model**

Our former base business model comprised numerous proprietary drug-delivery technologies that we used to develop controlled-release, enhanced/modified absorption and rapid-dissolve products. These technologies enabled us to develop both branded and generic pharmaceutical products. With our focus now on specialty CNS disorders, the products and technologies associated with our former base business model remain assets of the Company and a source of revenue and cash flow that has and will be used to support the growth and development of our specialty CNS business.

Oral controlled release technologies permit the development of specialized oral delivery systems that improve the absorption and utilization of drugs by the human body. These systems offer a number of advantages, in particular allowing the patient to take only one or two doses of the drug per day. This makes controlled release drug products ideally suited for the treatment of chronic conditions.

The following describes some of our proprietary drug-delivery technologies associated with our former base business model:

| <u>Technology</u> | <u>Description</u>                                                                                                                                                     |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Dimatrix</b>   | Diffusion-controlled matrix technology for water soluble drugs.                                                                                                        |
| <b>Macrocap</b>   | Immediate release beads for first order or zero order release.                                                                                                         |
| <b>Consurf</b>    | Zero order drug-delivery system for hydrophilic and hydrophobic drugs.                                                                                                 |
| <b>Multipart</b>  | Tablet carrier for the delivery of controlled release beads that preserves the integrity and release properties of the beads.                                          |
| <b>FlashDose™</b> | Oral disintegrating tablet (“ODT”) technology for sustained release ODTs, rapid-onset ODTs, enhanced absorption ODTs, combination ODT s and taste-masking ODTs.        |
| <b>Shearform™</b> | Used to produce carrier materials used to produce rapid dissolve formulations.                                                                                         |
| <b>Smartcoat®</b> | Allows for the manufacturing of very high potency controlled release tablets, allowing for smaller- sized tablets while controlling the release over a 24-hour period. |

| <u>Technology</u>                           | <u>Description</u>                                                                                                                                                                                                                                                                                                  |
|---------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Smartcoat® AQ</b>                        | Aqueous-based, proprietary version of Smartcoat®.                                                                                                                                                                                                                                                                   |
| <b>Chronotabs</b>                           | Made of Multipart or Smartcoat® tablets particularly adapted to the science of treating diseases that follow the body's circadian rhythms.                                                                                                                                                                          |
| <b>Zero Order Release Systems ("ZORS™")</b> | Technology used to develop zero order kinetic systems, based on a proprietary controlled release matrix coating.                                                                                                                                                                                                    |
| <b>CEFORM™</b>                              | Technology used to produce uniformly sized and shaped microspheres of a wide range of pharmaceutical compounds. CEFORM™ can be used to formulate drugs that are generally thermally unstable and can be formulated for controlled release, enhanced absorption, delayed release, rapid absorption or taste masking. |

## **Manufacturing**

Our plant in Steinbach, Manitoba is our principal manufacturing facility. Certain of our Puerto Rico manufacturing activities were transferred to our Steinbach, Manitoba facility in 2009, with much of the remainder anticipated to be transferred in 2010. Our Carolina, Puerto Rico facility will now remain open indefinitely in order to meet higher than anticipated demand for generic Tiazac® and Cardizem® CD products. See Item 2. "Properties — Manufacturing Facilities".

Through our manufacturing facilities in Manitoba and Puerto Rico, we manufacture branded products (including Wellbutrin® XL, Ultram® ER and Cardizem® LA) that are commercialized by third parties, and several other branded products that are distributed by BTA Pharmaceuticals, Inc. ("BTA") and BPC. We also manufacture generic products that are distributed by Teva and Forest in the U.S. and by Teva Canada in Canada.

Our manufacturing facilities are audited periodically by various regulatory agencies and are compliant with current Good Manufacturing Practices ("cGMP"). All technical operations are executed in accordance with the requirements as mandated by the FDA, Health Canada Health Products & Food Branch Inspectorate and other regulatory agencies around the world.

Certain of our products may be manufactured by third parties.

## **Raw Materials**

We source raw materials for our manufacturing operations from various FDA-approved and TPD-approved companies worldwide. Whenever reasonably practicable, we have a minimum of two suppliers for all major active pharmaceutical ingredients ("APIs") for our manufactured products. This facilitates both the continuity of supply of raw materials and best pricing from suppliers based on volume and time period. However, the pricing of the raw materials needed for the development or manufacture of our products has fluctuated, from time to time, as a result of a number of factors, including the acts of governments outside the U.S. and Canada.

## **Marketing and Commercialization**

Given the vast differences between the two markets, we employ different marketing and commercialization strategies in Canada and the U.S. In Canada, we commercialize our products directly through BPC. In the U.S. and other global markets, since the elimination of our U.S. sales force in December 2006, our products are marketed through strategic alliances with commercial counterparties that have established sales and marketing infrastructures in those regions. As we progress with our specialty CNS strategy, we expect to build or acquire a specialty U.S. sales force, which will allow us to promote our products directly. In addition to maintaining a greater share of the economics of our product portfolio, an in-house sales force will provide strategic flexibility with respect to commercialization.

## ***United States***

Throughout our history, we have entered into a number of supply-and-distribution arrangements for the U.S. market with several respected pharmaceutical companies, including GSK, Johnson & Johnson, Forest, Teva, Abbott and, most recently, sanofi-aventis and Lundbeck (formerly Ovation). As described above under “Business Overview — Our Specialty CNS Strategy — Execution of Our Strategy”, on September 16, 2008 we acquired Prestwick, which held the Canadian and U.S. licensing rights to tetrabenazine tablets (known as Xenazine® in the U.S. and Nitoman® in Canada) and, in June 2009, we acquired the worldwide development and commercialization rights to the entire portfolio of tetrabenazine products from Cambridge. In November 2008, Xenazine® tablets became commercially available throughout the U.S. under an exclusive marketing, distribution and supply agreement entered into between Prestwick and Ovation (now known as Lundbeck) prior to our acquisition of Prestwick. In the U.S., Lundbeck also provides marketing and promotion for tetrabenazine.

In the first quarter of 2009, Publicis Selling Solutions, Inc. (“PSS”), a contract sales organization (“CSO”), assumed responsibility for detailing of Zovirax® to U.S. physicians under Biovail’s management of the brand. By switching to a CSO, we retain a greater share of Zovirax®’s revenue, as we have a fixed fee arrangement in our agreement with PSS. PSS has formed a dedicated contractual sales force for detailing of Zovirax® to U.S. physicians.

BTA distributes a number of branded products for which there is no longer market exclusivity. These Legacy Products include the well-known brands Cardizem® CD, Ativan®, Vaseretic®, Vasotec® and Isordil®. These products represent non-core assets that are not actively promoted by us, but remain well respected by the medical community. Due to the availability of several competing generic formulations, their prescription volumes are declining at fairly predictable rates.

## ***Canada***

In Canada, where the market dynamics are much different than in the U.S., we have maintained a direct-selling commercial presence through BPC that targets both specialist and high-prescribing primary-care physicians. BPC has established itself as a leading, independent pharmaceutical marketing and sales operation in the Canadian market. BPC’s therapeutic focus lies in the cardiovascular disease, pain management and depression markets valued at C\$2.4 billion, C\$948.0 million, and C\$868.0 million, respectively by IMS.

BPC currently promotes a portfolio of products to approximately 12,000 physicians across Canada. Products include Tiazac® XC, Wellbutrin® XL, Ralivia®, Glumetza® and, since December 2008, Nitoman®. During 2009, the Tiazac® and Wellbutrin® franchises were BPC’s leading product lines, representing approximately 38% and 36%, respectively, of our total Canadian product revenues. We believe BPC is an important asset and we intend to continue to leverage our Canadian commercialization infrastructure to support our physician-targeted focus. We are also pursuing a number of product-marketing opportunities and acquisitions that have a strategic fit to further grow BPC’s business.

## ***Other Countries***

While our business focus is primarily to develop products for the U.S. and Canadian markets, we have pursued opportunities to more fully exploit the commercial potential of our products by having them launched in new geographic markets by strategic marketing partners with expertise in their local markets. For example, in 2007 and 2008, GSK launched Wellbutrin® XR in several European countries for the treatment of adult patients with major depressive episodes. In addition, we have distribution arrangements for tetrabenazine in a number of countries outside North America, including Australia, Denmark, France, Germany, Ireland, Israel, Italy, New Zealand, Portugal, Spain, Switzerland and the United Kingdom.

## **Patents and Proprietary Rights**

We protect the proprietary nature of our technology through a combination of patents, trade secrets, know-how and other methods. We have not routinely sought patents on our controlled-release technologies themselves because the filing of certain patents may provide competitors and potential competitors with

information relating to proprietary technology, which may enable such competitors to exploit information related to such technology that is not within the confines of the protection of the patent. However, we usually do seek patent protection for novel products arising from our development efforts, in order to obtain intellectual property rights and associated market protection.

Historically, we have relied on trade secrets, know-how and other proprietary information. Our ability to compete effectively with other companies will depend, in part, upon our ability to maintain the proprietary nature of our technology. To protect our rights in these areas, we require our licensors, licensees and significant employees to enter into confidentiality agreements. These agreements may not, however, provide meaningful protection for our trade secrets, know-how or other proprietary information in the event of any unauthorized use or disclosure of such trade secrets, know-how or other proprietary information.

The exclusivity afforded by patent protection is very important to the sustainability of our specialty CNS focus. Accordingly, we will aggressively seek patent protection for these patents either by filing our own patents, acquiring patents or licensing-in patents from potential partners in the U.S., Canada and internationally. When reasonably possible, we will also file for additional patent protection to cover any improvements to the compounds or products we market or intend to market as well as, when applicable, to the underlying technology used for developing the compounds and products. We may at times also rely on trade-secrets, know-how, and agreements with third parties to develop, maintain and protect currently marketed and pipeline products.

We currently own or otherwise have rights (e.g. by license agreements) to a number of patents and patent applications in the U.S., Canada and internationally relating to our marketed and pipeline products. These patents and pending applications cover new chemical compounds and their methods of use, pharmaceutical compositions, process(es) for the manufacture of the new chemical compounds or intermediates used in the manufacture of the new chemical compounds.

The following table shows our products that have patent protection and the dates for the latest expiring patents listed on the FDA's Orange Book or the Canadian Patent Register, as applicable, for certain of our products marketed or distributed by us or on our behalf:

| Products             | U.S. Patent Expiration     | Canadian Patent Expiration |
|----------------------|----------------------------|----------------------------|
| Wellbutrin® XL       | 2018                       | 2023                       |
| Wellbutrin® SR       |                            | 2014                       |
| Cardizem® LA         | 2021                       |                            |
| Cardizem® CD (360mg) | 2012                       |                            |
| Tiazac® XC           |                            | 2020                       |
| Tiazac®              |                            | 2016                       |
| Ultram® ER           | 2014                       |                            |
| Ralivia®             |                            | 2023                       |
| Glumetza®            | 2021 (500mg)/2020 (1000mg) | 2021 (500mg)/2023 (1000mg) |
| Zyban®               |                            | 2014                       |
| Aplenzin®            | 2026                       |                            |

Development pipeline products are not listed on this chart.

Although the patents for the above listed products remain in-force, several of the products have now been genericized. For example, in the U.S., Wellbutrin® XL (150mg and 300mg), Ativan®, Isordil®, Vasotec®, Vaseretic®, and Glumetza® 500 mg have been genericized, and in Canada, Wellbutrin® SR, Cardizem®, Tiazac® and Zyban® have been genericized. While there are no patents listed for Xenazine® in the U.S., it has received an orphan drug designation by the FDA, which expires in 2015. Additional patents may be listed with expiry dates that extend beyond the dates provided above as relevant patents become available and are deemed

suitable for listing on the FDA's Orange Book within the bounds of the Hatch-Waxman Act provisions or the Canadian Patented Medicines Notice of Compliance Regulations ("PMNOC Regulations").

The patents covering Ultram® ER have recently been found to be invalid following a trial in the U.S. The invalidity decision has been appealed, with a further decision not expected until later in 2010. Nevertheless, Par Pharmaceuticals ("Par") has launched a 100 mg and 200 mg generic version of Ultram® ER. Concurrently, Patriot (a wholly owned subsidiary of Ortho-McNeil-Janssen Pharmaceuticals, Inc.) launched our authorized generic formulation of these two strengths of Ultram® ER.

On January 18, 2010, a Canadian Federal Court judge presiding over Biovail Corporation and Depomed, Inc. v. Apotex Inc. et al. issued a decision in a proceeding pursuant to the PMNOC Regulations in Canada to determine whether Apotex's allegations that a Depomed patent was invalid and/or not infringed was justified. This proceeding related to a Canadian application filed by Apotex Inc. ("Apotex") to market a generic version of the 500 mg formulation of Glumetza® (extended release metformin hydrochloride tablets) licensed in Canada by Depomed to BLS. Pursuant to the decision issued by the Court, Health Canada authorized Apotex to market in Canada its generic version of the 500 mg formulation of Glumetza® on February 4, 2010.

The decision, which was amended on January 20, 2010, found under Canadian law that Apotex's allegation was justified that the Depomed Canadian patent at issue in the matter (No. 2,290,624) (the "'624 Patent") is obvious. The judge found that the evidence presented by the parties was "evenly balanced" as to obviousness. The judge found in favour of Biovail and Depomed as to all other issues related to validity, enforceability and infringement of the '624 Patent under Canadian law. Apotex was authorized to market in Canada its generic version of 500 mg Glumetza® by Health Canada on February 4, 2010. This decision, however, did not find the patent invalid and does not preclude the filing of a subsequent patent infringement suit against Apotex. The Company and Depomed filed a Claim for infringement against Apotex in Canadian Federal Court on February 8, 2010.

Our legacy products include Cardizem® CD, Ativan®, Tiazac®, Vasotec®, Vaseretic® and Isordil®. With the exception of Cardizem® CD and Tiazac®, the other legacy products have no unexpired patent-related exclusivity for the purposes of the Hatch-Waxman Act provisions.

Since adopting our specialty CNS strategy in May 2008, we have made significant progress in building a specialty CNS product-development pipeline. To support this strategy, we have created, acquired or licensed-in intellectual property related to the various products currently under development. For example, we have obtained exclusive U.S. and Canadian intellectual property rights for pimavanserin from ACADIA for the prevention or treatment of any psychiatric and neurological indication, including but not limited to PDP and ADP. Patents to pimavanserin have been granted in the U.S. The expiry dates of the last patent or patent applications, if it issues to patent, is in 2028.

As a result of the acquisition of the worldwide development and commercialization rights to the entire portfolio of tetrabenazine products from Cambridge in June 2009, we acquired the U.S. and worldwide intellectual property rights to a controlled-release formulation of tetrabenazine (currently marketed in immediate-release form as Xenazine® in the U.S. and Nitoman® in Canada) in development for Tourette's Syndrome (BVF-018). A patent application relating to BVF-018 was filed as both an International PCT and U.S. utility application in August, 2009. The U.S. patent application, if issued, will expire in 2029.

We have also obtained from Santhera, in August 2009, exclusive U.S. and Canadian intellectual property rights to develop and commercialize fipamezole hydrochloride for the treatment and prevention of any psychiatric and neurological disease, including but not limited to PDD. In the U.S. and Canada, the last patent or patent application, if it issues to patent, will expire in 2024.

In December 2009, we entered into a license agreement with Amgen, pursuant to which we were granted rights to use GDNF protein in CNS indications in the U.S. and in certain other countries. The GDNF protein is a naturally-occurring growth factor capable of protecting and promoting the survival of dopamine producing nerve cells. We have obtained a co-exclusive license from Amgen to patents related to GDNF in the U.S. and in certain other countries. The expiry date of the last U.S. patent licensed from Amgen is in 2017. The expiry date of the last pending U.S. patent application licensed from Amgen, if issued, is in 2024. In addition, we entered into an agreement with MedGenesis to collaborate on the development of GDNF, initially in Parkinson's

disease, and potentially in other CNS indications. We have obtained an exclusive license from MedGenesis to patent applications related to their CED platform for use with GDNF for CNS indications in the US and in certain other countries. The expiry date of the last pending U.S. patent application licensed from MedGenesis, if it issues to patent, is in 2029.

We have also obtained from Alexza, in February 2010, exclusive U.S. and Canadian intellectual property rights to develop and commercialize Staccato® loxapine for the treatment and prevention of any psychiatric and/or neurological indication and the symptoms associated with these indications, including but not limited to the rapid treatment of agitation associated with schizophrenia or bipolar disorder. Alexza has several issued patents and pending patent applications relating to its Staccato® platform technology as well as to the Staccato® loxapine product. In the US, the last patent will expire in 2024 and the last patent application, if it issues to patent, will expire in 2023. In Canada, the last patent and patent application, if it issues to patent, will expire in 2023.

We also have a number of legacy development programs in place based on our former business focus, which include BVF-324. BVF-324 comprises tramadol hydrochloride as the active ingredient for the treatment of premature ejaculation, a sexual dysfunction. The Phase 3 program for BVF-324 in Europe, which is evaluating non-commercially available doses of tramadol, was initiated in the third quarter of 2009 and is expected to conclude in 2011. We have obtained worldwide exclusive rights to the intellectual property relating to BVF-324. At least one patent for BVF-324 has been granted in the U.S. and will expire in 2022.

Not all of the patents relating to our pipeline products may be listable in the FDA's Orange Book. Also, the expiry dates for any one or more patents may be extended due to delays during prosecution of the patent applications under 35 U.S.C. §154(b) or due to delays in the FDA approval process under 35 U.S.C. §156. On the other hand, the patent term for any one or more of the patents currently listed or to be listed in the FDA's Orange Book for our pipeline products may be limited due to an earlier decision of invalidity or unenforceability by a U.S. court from which no appeal can be taken.

### Significant Customers

The following table identifies external customers that accounted for 10% or more of our total revenue during the year ended December 31, 2009:

|                                         | Percentage of<br>Total Revenue |
|-----------------------------------------|--------------------------------|
|                                         | 2009<br>%                      |
| McKesson Corporation . . . . .          | 25                             |
| Cardinal Health, Inc. . . . .           | 21                             |
| AmerisourceBergen Corporation . . . . . | 10                             |

### Contract Research Division

Our Contract Research Division ("CRD") provides pharmaceutical companies with a broad range of early stage clinical-research services. This involves conducting first-in-man and pharmacokinetic first-in-human and early phase clinical studies, along with bioanalytical laboratory testing to establish a drug's safety and tolerance or a drug's bioavailability or its bioequivalence to another drug moiety. Clinical studies are reviewed by an independent ethics review board that assures that all studies are conducted in an ethical and safe manner, without compromising the safety or well-being of the human subjects participating in these studies. As well, all clinical studies are designed and conducted in accordance with strict guidelines regulated under the FDA in the U.S., the TPD in Canada and the European Medicines Agency ("EMA") in Europe, and executed under Good Laboratory Practices and Good Clinical Practices.

In prior years, we were CRD's primary customer. However, beginning in 2008, as we shifted our focus away from reformulation programs associated with our former base business model, our activity level dropped significantly at CRD. Although we contemplate continuing to use CRD's services for internal activities, the division continues to aggressively pursue new external customers.

## **Regulation**

The R&D, manufacture and marketing of pharmaceuticals are subject to regulation by U.S., Canadian and foreign health authorities. Such national agencies and other federal, state, provincial and local entities regulate the testing, manufacturing, safety, pricing and promotion of our products.

### ***U.S. Regulation***

#### ***New Drug Application***

We are required by the FDA to comply with regulations governing our products prior to commencement of marketing by us or by our commercial partners. New chemical entities and new formulations for existing drug compounds which cannot be filed as ANDAs are subject to NDA requirements. These requirements include: (a) preclinical laboratory and animal toxicology tests; (b) submission in certain cases of an IND, and its required acceptance by the FDA before human clinical trials can commence; (c) adequate and well-controlled replicate human clinical trials to establish the safety and efficacy of a drug for its intended indication; (d) the submission of an NDA to the FDA; and (e) FDA approval of an NDA prior to any commercial sale or shipment of the product, including pre-approval and post-approval inspections of its manufacturing and testing facilities.

Preclinical laboratory and animal toxicology tests must be performed to assess the safety and potential efficacy of a product. The results of these preclinical tests, together with information regarding the methods of manufacture of the products and quality control testing, are then submitted to the FDA as part of an IND requesting authorization to initiate human clinical trials. Additionally, an independent Institutional Review Board (“IRB”) at each medical site proposing to conduct the clinical trials must review and approve each study protocol and oversee conduct of the trial. An IND becomes effective 30 days after receipt by the FDA, unless the FDA, within the 30-day period, raises concerns or questions about the conduct of the trials as outlined in the IND and imposes a clinical hold. If the FDA imposes a clinical hold, the IND sponsor must resolve the FDA’s concerns before clinical trials can begin. Preclinical tests and studies can take several years to complete, and there is no guarantee that an IND we submit based on such tests and studies will become effective within any specific time period, or if at all.

Clinical trials involve the administration of a pharmaceutical product to individuals under the supervision of qualified medical investigators that are experienced in conducting studies under “Good Clinical Practice” guidelines. Clinical studies are conducted in accordance with protocols that detail the objectives of a study, the parameters to be used to monitor safety and the efficacy criteria to be evaluated. Each protocol is submitted to the FDA and to an IRB prior to the commencement of each clinical trial. Clinical studies are typically conducted in three sequential phases, which may overlap. In Phase 1, first-in-man, the initial introduction of the product into healthy human subjects, the compound is tested for absorption, safety, tolerability, metabolic interaction, distribution and excretion. Phase 2 involves studies in a limited patient population with the disease to be treated to (a) determine the preliminary or potential effectiveness of the product for specific targeted indications; (b) determine optimal dosage; and (c) identify possible adverse effects and safety risks. If Phase 2 evaluations demonstrate that a pharmaceutical product is potentially effective, has acceptable data to show an appropriate clinical dose and has an acceptable safety profile, Phase 3 clinical trials are undertaken to further evaluate clinical efficacy of the product and to further test its safety within an expanded patient population at geographically dispersed clinical study sites. Periodic reports to the FDA and IRBs on the clinical investigations are required. We, as a sponsor of the study, the IRB or the FDA may suspend clinical trials at any time if any such party believes the clinical subjects are being exposed to unacceptable health risks. The results of the product development, analytical laboratory studies, toxicology studies and clinical studies are submitted to the FDA as part of an NDA for approval of the marketing of a pharmaceutical product.

The above-described NDA requirements are predicated on the applicant being the owner of, or having obtained a right of reference to, all of the data required to prove safety and efficacy. However, for those NDAs containing some data which the applicant neither owns nor has a right-of-reference, the FDA’s ability to grant approval is limited when there are exclusivity periods or infringed patent rights that are accorded to others. These NDAs are governed by 21 U.S.C. § 355(b)(1), also known as Section 505(b)(2) of the U.S. *Food, Drug and Cosmetic Act* (the “FD&C Act”) (referred to as “505(b)(2) NDAs”).

### *Abbreviated New Drug Application*

In certain cases, where the objective is to develop a generic (bioequivalent formulation) of an approved product already on the market, an ANDA is required. Under the ANDA procedure, the FDA waives the requirement to submit complete reports of preclinical and clinical studies of safety and efficacy, and instead, requires the submission of bioequivalence data, which is a demonstration that the generic drug produces the statistically equivalent blood levels of active ingredient in the body as its brand-name counterpart. It is mandatory that the generic products have a comparable rate and extent of absorption as measured by plasma drug levels as a function of time. In certain cases, an ANDA applicant may submit a suitability petition to the FDA requesting permission to submit an ANDA for a drug product that differs from a previously approved reference drug product (the “Listed Drug”) when the change is one authorized by statute. Permitted variations from the Listed Drug may include changes in: (a) route of administration; (b) dosage form; (c) strength; and (d) one of the active ingredients of the Listed Drug when the Listed Drug is a combination product. The FDA must approve the petition before the ANDA may be submitted. An applicant is not permitted to petition for any changes from Listed Drugs which are not authorized by statute. The information in a suitability petition must demonstrate that the change may be adequately evaluated for approval without data from investigations to show the product’s safety or effectiveness. The advantages of an ANDA over an NDA include reduced R&D costs associated with bringing a product to market, potentially shorter review and approval periods and potentially quicker time to market. The disadvantages include the lack of market exclusivity unless the ANDA is the first substantially complete file to challenge innovator patents (see “— Patent Certification and Exclusivity Issues”).

### *505(b)(2) Application Process*

In certain cases, pharmaceutical companies may submit an application for marketing approval of a drug product under Section 505(b)(2) of the FD&C Act (referred to as “505(b)(2) NDAs”). This mechanism essentially relies upon the same FDA conclusions that would support the approval of an ANDA available to an applicant who develops a modification of a Listed Drug that is not supported by a suitability petition. Relative to more extensive regulatory requirements for full 505(b)(1) NDAs, the Section 505(b)(2) regulations permit applicants to forego costly and time-consuming drug development studies by relying on the FDA’s finding of safety and efficacy for a previously approved drug product. Under some circumstances, the extent of the reliance on the approved drug product approaches that which is permitted under the generic drug approval provisions. This approach is intended to encourage innovation in drug development without requiring duplicative studies to demonstrate what is already known about a drug while protecting the patent and exclusivity rights for the approved drug. If clinical efficacy trials are required for approval, the 505(b)(2) NDAs product is generally entitled to three years of market exclusivity following approval.

### *Patent Certification and Exclusivity Issues*

When submitting ANDAs and 505(b)(2) NDAs, a company must include certifications with respect to any patents that claim the Listed Drug or that claim a use for the Listed Drug for which the applicant is seeking approval. If applicable patents are in effect and the patent information has been submitted to the FDA and listed in the FDA’s Orange Book, the FDA may be required to delay approval of the ANDAs or 505(b)(2) NDAs until the patents expire. If the applicant believes it will not infringe the patents or that the patents are invalid, it can make a patent certification to the owners of the patents and the holder of the original NDA approval for the drug product for which a generic drug approval is being sought. This may result in patent infringement litigation which could delay the FDA approval of the ANDA or 505(b)(2) NDA for up to 30 months. If the drug product covered by an ANDA or 505(b)(2) NDA were to be found by a court to infringe another company’s patents, approval of the ANDA or 505(b)(2) NDAs could be delayed until the infringed patents expire.

Under the FD&C Act, the first filer of an ANDA with a certification of patent non-infringement or invalidity is generally entitled to receive 180 days of market exclusivity. Subsequent filers of generic products would be entitled to market their approved product after the 180-day exclusivity period expires. However, the first filer may be deemed to have forfeited its 180-day exclusivity period if, for example, it has not started marketing its generic product within certain time frames.

Patent expiration refers to expiry of U.S. patents (inclusive of any extensions) on drug compounds, formulations and uses. Patents outside the U.S. may differ from those in the U.S. Under U.S. law, the expiration of a patent on a drug compound does not create a right to make, use or sell that compound. There may be additional patents relating to a person's proposed manufacture, use or sale of a product that could potentially prohibit such person's proposed commercialization of a drug formulation.

The FD&C Act contains non-patent market exclusivity provisions that offer additional protection to pioneer drug products and are independent of any patent coverage that might also apply. In the case of pioneer drugs, exclusivity refers to the fact that the effective date of approval of a potential competitor's ANDA or 505(b)(2) NDAs may be delayed or, in certain cases, an ANDA or 505(b)(2) NDA may not be submitted until the exclusivity period expires. Five-year exclusivity periods are granted to the first approval of a new chemical entity. Three-year exclusivity periods may apply to products which are not new chemical entities, but for which new clinical investigations are essential to the approval. For example, a new indication for use, or a new dosage strength of a previously approved product, may be entitled to an exclusivity period, but only with respect to that indication or dosage strength. In the case of pioneer drugs, exclusivity periods only offer protection against a competitor entering the market via the ANDA and 505(b)(2) NDA routes, and do not operate against a competitor that generates all of its own data and submits a full NDA under Section 505(b)(1) of the FD&C Act.

#### *Other Issues That May Arise Prior to Approval*

Satisfaction of FDA requirements typically takes several years. The actual time required varies substantially, based upon the type, complexity, and novelty of the pharmaceutical product, among other things. Government regulation imposes costly and time-consuming requirements and restrictions throughout the product life cycle and may delay product marketing for a considerable period of time, limit product marketing, or prevent marketing altogether. Success in preclinical or early stage clinical trials does not assure success in later stage clinical trials. Data obtained from preclinical and clinical activities are not always conclusive and may be susceptible to varying interpretations that could delay, limit, or prevent marketing approval. Even if a product receives marketing approval, the approval is limited to specific clinical indications. Further, even after marketing approval is obtained, the discovery of previously unknown problems with a product may result in restrictions on the product or even complete withdrawal of the product from the market.

If applicable regulatory criteria are not satisfied, the FDA may deny approval of an 505(b)(2) NDA, full NDA or an ANDA or may require additional testing. Product approvals may be withdrawn if compliance with regulatory standards is not maintained or if problems occur after the product reaches the market. The FDA may require further testing and surveillance programs to monitor the pharmaceutical product that has been commercialized. Non-compliance with applicable requirements can result in additional penalties, including product seizures, injunction actions and criminal prosecutions.

#### *Issues Pertaining to Post-marketing Compliance*

After product approval, there are continuing significant regulatory requirements imposed by the FDA, including record-keeping requirements, obligations to report adverse experiences, and restrictions on advertising and promotional activities. Quality control and manufacturing procedures must continue to conform to cGMPs, and the FDA periodically inspects facilities to assess cGMP compliance. Additionally, post-approval changes in manufacturing processes or facilities, product labeling, or other areas require FDA review and approval. Failure to comply with FDA regulatory requirements may result in enforcement action by the FDA, including product recalls, suspension or revocation of product approval, seizure of product to prevent distribution, impositions of injunctions prohibiting product manufacture or distribution, and civil and criminal penalties. Maintaining compliance is costly and time-consuming. Nonetheless, we cannot be certain that we, or our present or future suppliers or third-party manufacturers, will be able to comply with all FDA regulatory requirements, and potential consequences of noncompliance could have a material adverse impact on our business.

The FDA's policies may change, and additional government regulations may be enacted that could delay, limit, or prevent marketing approval of our products or affect our ability to manufacture, market, or distribute our products after approval. Moreover, increased attention to the containment of healthcare costs in the U.S. and in foreign markets could result in new government regulations that could have a material adverse effect on

our business. Our failure to obtain coverage, an adequate level of reimbursement, or acceptable prices for our future products could diminish any revenues we may be able to generate. Our ability to commercialize future products will depend in part on the extent to which coverage and reimbursement for the products will be available from government and health administration authorities, private health insurers, and other third-party payors. U.S. government and other third-party payors increasingly are attempting to contain healthcare costs by consideration of new laws and regulations limiting both coverage and the level of reimbursement for new drugs. We cannot predict the likelihood, nature or extent of adverse governmental regulation that might arise from future legislative or administrative action, either in the U.S. or abroad.

Our activities also may be subject to state laws and regulations that affect our ability to develop and sell our products. We are also subject to numerous federal, state, and local laws relating to such matters as safe working conditions, clinical, laboratory, and manufacturing practices, environmental protection, fire hazard control, and disposal of hazardous or potentially hazardous substances. We may incur significant costs to comply with such laws and regulations now or in the future, and the failure to comply may have a material adverse impact on our business.

The labeling, advertising and distribution of a drug or biologic product also must be in compliance with FDA requirements, which include, among others, standards and regulations for direct-to-consumer advertising, off-label promotion, industry sponsored scientific and educational activities, and promotional activities involving the internet. The FDA has very broad enforcement authority, and failure to abide by these regulations can result in penalties, including the issuance of a Warning Letter directing a company to correct deviations from regulatory standards and enforcement actions that can include seizures, injunctions and criminal prosecutions. Each NDA must be accompanied by a user fee, pursuant to the requirements of the PDUFA, and its amendments. According to the FDA's fee schedule, effective on October 1, 2009 for the fiscal year 2010, the user fee for an application requiring clinical data, such as a NDA, is \$1,405,500, and \$702,250 for an application not requiring clinical data or a supplement requiring clinical data. The FDA adjusts the PDUFA user fees on an annual basis. PDUFA also imposes an annual product fee for prescription drugs and biologics (\$77,720), and an annual establishment fee (\$457,200) on facilities used to manufacture prescription drugs and biologics. We are not at the stage of development with our products where we are subject to these fees, but they are significant expenditures that we expect to incur in the future and will need to be paid at the time of application submission to FDA.

The marketing, promotional, and pricing practices of pharmaceutical manufacturers, as well as the manner in which manufacturers interact with purchasers and prescribers, are subject to various other federal and state laws, including the federal anti-kickback statute and the False Claims Act and state laws governing kickbacks, false claims, unfair trade practices, and consumer protection. Over the past several years, the FDA, the Department of Justice, and various other agencies have increased their enforcement activities with respect to pharmaceutical companies. Over this period, claims brought by these agencies against Biovail and various other companies under these and other laws have resulted in corporate criminal sanctions and substantial civil settlements. See Item 3. "Legal Proceedings," for information about the recently resolved marketing and promotional practices investigation involving Biovail, including information regarding a Corporate Integrity Agreement ("CIA") entered into by Biovail in connection with the resolution of the U.S. federal marketing practices investigation involving Cardizem® LA.

### ***Canadian Regulation***

The requirements to sell pharmaceutical drugs in Canada are substantially similar to those in the U.S., which are described above, with the exception of the 505(b)(2) NDAs and 180-day marketing exclusivity period for a first filer of an ANDA under the FD&C Act in the U.S. and as otherwise noted below.

### ***Clinical Trial Application***

Before conducting clinical trials of a new drug in Canada, a Clinical Trial Application must be submitted to the TPD. Applications for Phase 1 trials include information about the proposed trial and the new drug as well as information on any previously executed clinical trials with the new drug. Phase 2 and 3 applications also include information on the methods of manufacture of the drug and controls, and preclinical laboratory and animal toxicology tests on the safety and potential efficacy of the drug. If, within 30 days of receiving the application, the TPD does not notify the applicant that its application is unsatisfactory, the applicant may proceed with clinical trials of the drug (although the TPD targets to review applications to conduct Phase 1 trials within 7 days). The phases of clinical trials are the same as those described above under "U.S. Regulation — New Drug Application".

### *New Drug Submission (“NDS”)*

Before selling or advertising a new drug in Canada, the applicant must submit an NDS or sNDS to the TPD and receive a NOC from the TPD to sell the drug. The submission includes information describing the new drug, including its proper name, the proposed name under which the new drug will be sold, a quantitative list of ingredients in the new drug and the specifications for each of those ingredients, the plant and equipment to be used in manufacturing, preparation and packaging the new drug, the methods of manufacturing, preparation and packaging the new drug, the controls applicable to these operations, the tests to be applied to control the potency, purity, stability and safety of the new drug, pharmacology data and the results of non-clinical, biopharmaceutics, clinical trials, as appropriate, the intended indications for which the new drug may be prescribed, all representations to be made for the promotion of the new drug including route of administration, proposed dosage, claims, contra-indications and side effects, the effectiveness and safety of the new drug when used as intended and draft labels to be used. The TPD reviews the NDS or sNDS. If the submission meets the requirements of Canada’s *Food and Drugs Act* (the “F&D Act”) and regulations, the TPD will issue an NOC for the new drug.

The TPD may deny approval or may require additional information or testing of a proposed new drug if applicable regulatory criteria are not met. Product approvals may be suspended if compliance with regulatory standards is not maintained or if problems occur after the product reaches the market. Contravention of the F&D Act and regulations can result in fines and other sanctions, including product seizures and criminal prosecutions.

Where the TPD has already approved a drug for sale, the applicant may seek approval from the TPD to sell an equivalent generic drug through an Abbreviated New Drug Submission (“ANDS”). The TPD does not require additional clinical trials to be conducted by the manufacturer of a proposed drug that is claimed to be equivalent to a drug that has already been approved for sale and marketed. Instead, the manufacturer must satisfy the TPD that the drug is bioequivalent to the drug that has already been approved and marketed.

The Canadian government has regulations which can prohibit the issuance of an NOC for a patented medicine to a generic competitor, provided that the patentee, exclusive licensee or a person who has obtained the consent of the owner of the patent (the “First Person”) has filed a list of its Canadian patents covering that medicine with the Minister of Health. Generic competitors that are interested in marketing generic versions of medicines against which certain patents have been listed must either state that they will await expiry of such patents or, alternatively, serve a notice of allegation pursuant to the regulations (“Notice of Allegation”) in which they outline the reasons that their products will not infringe the listed patents or that the listed patents are invalid. At that point, the First Person can commence a legal proceeding to obtain an order of prohibition directed to the Minister of Health prohibiting him or her from issuing an NOC to the generic competitor that has served a Notice of Allegation. The Minister of Health may be prohibited from issuing an NOC permitting the importation or sale of a patented medicine to a generic competitor until patents on the medicine expire or the allegation of non-infringement and/or invalidity of the patent(s) in question is resolved by litigation in the manner set out in such regulations. In contrast to the 30-month stay employed in U.S. proceedings, the Canadian regulations provide that the Minister of Health cannot issue a NOC to the generic competitor until the earlier of the expiry of 24 months from the start of the prohibition proceedings or the hearing of the proceedings on their merits. There may be additional patents relating to a company’s proposed manufacture, use or sale of a product that could potentially prohibit a generic competitor’s proposed commercialization of a drug compound. Unlike the situation in the U.S., prohibition proceedings commenced under the Canadian regulations are not technically patent infringement proceedings and so any ruling made by a judge in a prohibition proceeding would not be binding on another judge in the event that either party to the prohibition proceeding separately commences patent infringement or invalidity proceedings.

The regulations under the F&D Act also contain non-patent exclusivity provisions that offer additional protection to innovative drug products. The current regulations prohibit the Minister of Health from issuing an NOC to a manufacturer that makes a direct or indirect comparison to an “innovative drug” until at least eight years have passed from issuance of the innovator’s NOC for the innovative drug. This eight-year Canadian period is extended by a further six months in the case of drugs that have been the subject of clinical trials designed and conducted for the purpose of increasing the knowledge of the behaviour of the drug in pediatric

populations. “Innovative drug” is defined as “a drug that contains a medicinal ingredient not previously approved in a drug by the Minister of Health and that is not a variation of a previously approved medicinal ingredient such as a salt, ester, enantiomer, solvate or polymorph”. Additionally, the regulations have introduced, with a limited exception for the export of certain drugs to least-developed countries, a six-year “no filing” period with respect to an NDS, sNDS, ANDS or sANDS within the eight-year term of data protection. The six-year and eight-year prohibitions do not apply where the innovator consents to the earlier filing by the second manufacturer of an application for an NOC or to the issuance of an NOC to the second manufacturer, as the case may be. This data protection will only apply where the innovative drug has received an NOC and is marketed in Canada. A register of innovative drugs has been created, listing for each such drug the dates on which the six-year, eight-year and, where applicable, the pediatric extension periods will expire.

Certain provincial regulatory authorities in Canada have the ability to determine whether and which consumers of a drug sold within such province will be reimbursed by a provincial government health plan. A determination that a drug is reimbursable in a particular province results in the listing of that drug on the relevant provincial formulary. The listing or non-listing of a drug on a provincial formulary may affect the price of the drug within that province and the volume of the drug sold within that province.

#### *Additional Regulatory Considerations*

Sales of our products by our commercial partners outside the U.S. and Canada are subject to local regulatory requirements governing the testing, registration, pricing and marketing of pharmaceutical products, which vary widely from country to country.

Our manufacturing facilities located in Steinbach, Manitoba and Carolina, Puerto Rico, operate according to FDA-mandated and TPD-mandated Good Manufacturing Practices (“GMP”). These manufacturing facilities are inspected on a regular basis by the FDA, the TPD and other regulatory authorities. Our internal quality auditing team monitors compliance on an ongoing basis with FDA-mandated and TPD-mandated GMP. From time to time, the FDA, the TPD or other regulatory agencies may adopt regulations that may significantly affect the manufacture and marketing of our products.

In addition to the regulatory approval process, pharmaceutical companies are subject to regulations under provincial, state and federal laws, including requirements regarding occupational safety, controlled substances, laboratory practices, environmental protection and hazardous substance control, and may be subject to other present and future local, provincial, state, federal and foreign regulations, including possible future regulations governing the pharmaceutical industry. We believe that we are in compliance in all material respects with such regulations as are currently in effect.

#### **Taxation**

We have operations in various countries that have differing tax laws and rates. A significant portion of our revenue and income is earned in Barbados, a country with low domestic tax rates. Dividends from such after-tax business income are received tax-free in Canada. Our tax structure is supported by current domestic tax laws in the countries in which we operate and the application of tax treaties between the various countries in which we operate. Our effective tax rate may change from year to year based on changes in the mix of activities and income allocated or earned among the different jurisdictions in which we operate; changes in tax laws in these jurisdictions; changes in the tax treaties between various countries in which we operate; changes in our eligibility for benefits under those tax treaties; and changes in the estimated values of deferred tax assets and liabilities. Such changes could result in an increase in the effective tax rate on all or a portion of our income to a rate possibly exceeding the statutory income tax rate of Canada or the U.S. We conduct transfer pricing studies to support the pricing of transactions between the various entities in our structure. Our income tax reporting is subject to audit by domestic and foreign tax authorities.

#### **Competition**

The pharmaceutical industry is highly competitive. We compete with large pharmaceutical and chemical companies, specialized CROs, research and development firms, universities and other research institutions.

In the specialty CNS market, we compete with specialty pharmaceutical companies, such as Lundbeck, UCB S.A., Teva and Valeant Pharmaceuticals International. Competing in the specialty CNS market requires us to (i) identify, evaluate and acquire high priority compounds, (ii) commercialize any CNS compounds that we develop, in-license or acquire and (iii) develop competitive in-house R&D expertise.

In the drug-delivery technology market associated with our former base business model, we compete with large pharmaceutical companies. This market is subject to rapid and significant technological change that could render certain of our products obsolete or uncompetitive. In addition, many of our competitors have (i) greater financial resources and sales and marketing capabilities, (ii) greater experience in clinical testing and human clinical trials of pharmaceutical products, and (iii) greater experience in obtaining FDA, TPD and other regulatory approvals.

BPC competes with sales and marketing organizations that commercialize pharmaceuticals in Canada, such as Paladin Labs Inc. Competing in this market requires us to identify innovative products and to leverage our sales and marketing capabilities.

### **Seasonality of Business**

Our results of operations have not been materially impacted by seasonality.

### **Employees**

As of December 31, 2009, we employed 1,291 employees and 20 temporary employees who are hired on a contract basis. None of these employees is represented by a collective bargaining agreement.

### **Geographic Areas**

See Note 26 to the Consolidated Financial Statements, “Segment Information”, in Item 15. “Exhibits, Financial Statement Schedules”.

A significant portion of our revenue and income is earned in Barbados, which has low domestic tax rates. See Item 1A. “Risk Factors — Income Tax — Our effective tax rates may increase”.

### **Availability of Information**

The Company’s Internet address is [www.biovail.com](http://www.biovail.com). Our annual report on Form 10-K is available, without charge, on our website, as soon as reasonably practicable after it is filed electronically with the U.S. Securities and Exchange Commission (“SEC”). We will make available, without charge, on our website, all of the quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports filed with or furnished to the SEC pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), as soon as reasonably practicable after they are electronically filed with the SEC. Copies are also available, without charge, and requests for such copies should be directed to us at the following address: Biovail Corporation, 7150 Mississauga Road, Mississauga, Ontario, Canada, L5N 8M5, Attention: Investor Relations; by telephone (905) 286-3000; by facsimile (905) 286-3050; or by email to [ir@biovail.com](mailto:ir@biovail.com). References to our website addressed in this report are provided as a convenience and do not constitute, nor should be viewed as, an incorporation by reference of the information contained on, or available through, the website. Therefore, such information should not be considered a part of this report.

## C. Organizational Structure

Set out below are the Company's principal operating subsidiaries as at December 31, 2009 (all of which are wholly-owned).

| <u>Company</u>                                              | <u>Jurisdiction of Incorporation</u> | <u>Nature of Business</u>                                                                                                        | <u>Address</u>          |
|-------------------------------------------------------------|--------------------------------------|----------------------------------------------------------------------------------------------------------------------------------|-------------------------|

| Biovail Laboratories International (Barbados) SRL . . . . . | Barbados                             | Strategic planning and management of intellectual property, manufacture, sale, development, licensing of pharmaceutical products | Christ Church, Barbados |
| Biovail Distribution Corporation . . . . .                  | Delaware                             | Distribution of pharmaceutical products                                                                                          | Bridgewater, New Jersey |
| BTA Pharmaceuticals, Inc. . . . .                           | Delaware                             | Distribution of pharmaceutical products                                                                                          | Bridgewater, New Jersey |
| Biovail Technologies Ltd. . . . .                           | Delaware                             | Contract development of pharmaceutical products                                                                                  | Chantilly, Virginia     |
| Biovail Technologies (Ireland) Ltd. . . . .                 | Ireland                              | Distribution of pharmaceutical products and supply chain services                                                                | Dublin, Ireland         |

### Item 1A. Risk Factors.

Investment in our common shares involves a degree of risk. These risks should be carefully considered before any investment is made. The following are some of the key risk factors generally associated with our business. However, the risks described below are not the only ones that we face. Additional risks not currently known to us or that we currently deem immaterial may also impair our business operations.

#### I. COMPANY-SPECIFIC RISKS

##### 1. Ability to In-License, Acquire and Develop Products

**Our future revenue growth and profitability are dependent upon our ability to in-license or otherwise acquire new specialty CNS compounds or other commercially viable products and to further develop or enhance such products. Our failure to do so successfully could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

Our future revenue growth, profitability and financial condition depend, to a significant extent, on our ability to successfully in-license or otherwise acquire new specialty CNS compounds or other commercially viable products and to further develop or enhance such products. Our success in implementing our specialty CNS strategy is subject to a number of risks, including our ability to identify, effectively evaluate, acquire and develop high priority compounds.

We rely on the acquisition, in-licensing or other access to products or technologies from third-party drug-development companies. Supplementing our product portfolio in this manner requires the commitment of substantial effort and expense in seeking out, evaluating and negotiating collaboration or acquisition agreements, which we may incur without achieving our desired results. In addition, product in-licensing involves inherent risks, including uncertainties due to matters that may affect the successful development or commercialization of the in-licensed product, as well as the possibility of contractual disagreements with regard to terms such as patent rights, license scope or termination rights. Competition for attractive product opportunities is intense and may require us to devote substantial resources, both human and financial, to an opportunity that may not result in a successfully developed, or commercialized, product.

In addition, our current structure, which is dependent in the U.S. on third-party marketing or distribution partners, may make us less attractive to third-party marketers, distributors and licensors of new products, and this may affect our ability to secure such partners.

Product development is subject to a great deal of uncertainty, risk and expense. Development of pharmaceutical candidates may fail or be terminated at various stages of the R&D process, often after substantial financial and other resources have been invested in their exploration and development.

## **2. Preclinical and Clinical Trials**

### **a. We will not be able to commercialize our pipeline products if preclinical studies do not produce successful results or if clinical trials do not demonstrate safety and efficacy in humans.**

The Company and its development partners, as applicable, conduct extensive preclinical studies and clinical trials to demonstrate the safety and efficacy in humans of our pipeline products in order to obtain regulatory approval for the sale of our pipeline products. Preclinical studies and clinical trials are expensive, can take many years and have uncertain outcomes.

In clinical trials for products for specialty CNS conditions, the number of patients that may have the relevant condition may be lower, making it more difficult to recruit the patients necessary to conduct a meaningful clinical trial. Although regulatory requirements may permit smaller-sized clinical trials for products for these types of conditions, demonstrating statistically significant efficacy with a smaller clinical trial population may be more difficult. Also, to the extent that the clinical endpoint for these types of conditions is more easily measured and well-defined, any negative clinical trial results are very apparent.

Our success will depend on the success of the preclinical and clinical trials conducted by us and our development partners. It can take several years to complete the preclinical and clinical trials of a product, and a failure of one or more of these preclinical or clinical trials can occur at any stage of testing. We believe that the development of each of our pipeline products involves significant risks at each stage of testing. If preclinical or clinical trial difficulties and failures arise, our pipeline products may never be approved for sale or become commercially viable.

The risk of preclinical or clinical trial failure is even greater where the pipeline product contains an NCE, or where the pipeline product uses a novel or not fully known mechanism of action. Likewise, the risk of discovering harmful side effects is greater where the pipeline product contains an NCE.

In addition, the possibility exists that:

- the results from early preclinical or clinical trials may not be statistically significant or predictive of results that will be obtained from expanded, advanced clinical trials;
- a pipeline product may not exhibit the expected therapeutic results in humans, may cause harmful side effects or have other unexpected characteristics that may delay or preclude regulatory approval or limit commercial use if approved;
- institutional review boards or regulators, including the FDA and TPD, may hold, suspend or terminate our preclinical or clinical research or the preclinical or clinical trials of our pipeline products for various reasons, including noncompliance with regulatory requirements or if, in their opinion, the participating subjects are being exposed to unacceptable health risks;
- subjects may drop out of our clinical trials;
- our preclinical or clinical trials may produce negative, inconsistent or inconclusive results, and we may decide, or regulators may require us, to conduct additional preclinical or clinical trials;
- the cost of our preclinical or clinical trials may be greater than we currently anticipate; and
- the difficulties and risks associated with preclinical and clinical trials may result in the failure to receive regulatory approval to continue to test or to sell our pipeline products or the inability to commercialize any of our pipeline products.

- b. If clinical trials for our pipeline products are delayed, we may be unable to commercialize our pipeline products on a timely basis, which could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

Planned clinical trials may not begin on time, may take longer to complete than anticipated, or may need to be restructured after they have begun. Clinical trials can be delayed for a variety of reasons, including delays related to:

- obtaining an effective investigational new drug application, or IND application, or regulatory approval to commence a clinical trial;
- identifying and engaging a sufficient number of clinical trial sites;
- negotiating acceptable clinical trial agreement terms with prospective trial sites;
- obtaining institutional review board approval to conduct a clinical trial at a prospective site;
- recruiting qualified subjects to participate in clinical trials in a timely manner;
- competition in recruiting clinical investigators;
- shortage or lack of availability of supplies of drugs for clinical trials;
- the need to repeat clinical trials as a result of inconclusive results or poorly executed testing;
- the placement of a clinical hold on a study;
- the failure of third parties conducting and overseeing the operations of our clinical trials to perform their contractual or regulatory obligations in a timely fashion; and
- exposure of clinical trial subjects to unexpected and unacceptable health risks or noncompliance with regulatory requirements, which may result in suspension of the trial.

Our pipeline products have significant milestones to reach, including the successful completion of clinical trials, before commercialization. If we experience significant delays in or termination of clinical trials, our financial results and the commercial prospects for our pipeline products or any other products that we may develop will be adversely impacted. In addition, our product development costs would increase and our ability to generate revenue could be impaired.

- c. We rely on third parties to conduct, supervise and monitor our clinical trials, and those service providers may perform in an unsatisfactory manner, such as by failing to meet established deadlines for the completion of such trials.**

We rely on third parties such as CROs, medical institutions and clinical investigators to enroll qualified patients and conduct, supervise and monitor our clinical trials. Our reliance on these service providers for clinical development activities reduces our control over these activities. Our reliance on these service providers, however, does not relieve us of our regulatory responsibilities, including ensuring that our clinical trials are conducted in accordance with good clinical practice regulations, and the investigational plan and protocols contained in the relevant regulatory application, such as the IND application. In addition, they may not complete activities on schedule, or may not conduct our preclinical studies or clinical trials in accordance with regulatory requirements or our trial design. If these service providers do not successfully carry out their contractual duties or meet expected deadlines, our efforts to obtain regulatory approvals for, and to commercialize, our product candidates may be delayed or prevented.

### **3. Regulatory Approvals and Compliance**

- a. If we fail to obtain regulatory approval to sell our pipeline products we would not be able to generate related revenues in future periods, which could have a material adverse effect on our business and results of operations and could cause the market value of our common shares to decline.**

FDA and TPD approval is required before any prescription drug product, including generic drug products, can be sold in the U.S. and Canada, respectively. Other countries may also have similar regulatory approval

requirements before products can be sold in those countries. The process of obtaining FDA, TPD and other regulatory approvals to manufacture and market new and generic pharmaceutical products is rigorous, time consuming, costly and largely unpredictable. The timing and cost of obtaining FDA, TPD and other regulatory approvals, or the failure to obtain such approvals, could adversely affect our product introduction plans, business, financial condition and results of operations and could cause the market value of our common shares to decline.

If we do not receive regulatory approval to sell our pipeline products, we will not be able to generate revenues in future periods for such products, which could have a material adverse effect on our business and results of operations and could cause the market value of our common shares to decline.

**b. Our marketing, promotional and pricing practices, as well as the manner in which an in-house or third-party sales force interact with purchasers, prescribers and patients, are subject to extensive regulation and any material failure to comply could result in significant sanctions against the Company.**

The marketing, promotional, and pricing practices of pharmaceutical companies, as well as the manner in which companies, in-house or third-party sales forces interact with purchasers, prescribers, and patients, are subject to extensive regulation. Regulatory enforcement by the applicable agency may result in the imposition of civil and/or criminal penalties, injunctions, and/or limitations on marketing practice for our products. Many companies, including Biovail, have been the subject of claims related to these practices asserted by federal authorities. These claims have resulted in fines and other consequences to the Company. We are now operating under a CIA that requires us to maintain a comprehensive compliance program governing our sales, marketing and government pricing and contracting functions. Material failures to comply with the CIA could result in significant sanctions to the Company. For example, enforcement actions could result in expansion of the existing restrictions on our sales and marketing activities under the CIA. See Item 3. “Legal Proceedings”. Even in jurisdictions like Canada where certain types of marketing practices are regulated more through guidelines and codes of conduct than legislation, engaging in certain types of marketing practices can result in significant scrutiny, negative publicity and harm to business relationships even if the company is not breaching any legislation.

**c. We may incur significant liability if it is determined that we are promoting the “off-label” use of drugs.**

Companies may not promote drugs for “off-label” uses — that is, uses that are not described in the product’s labelling and that differ from those approved by the FDA, TPD or other applicable regulatory agencies. Physicians may prescribe drug products for off-label uses, and such off-label uses are common across medical specialties. Although the FDA, TPD and other regulatory agencies do not regulate a physician’s choice of treatments, the FDA, TPD and other regulatory agencies do restrict communications by pharmaceutical companies or their sales representatives on the subject of off-label use. The FDA, TPD and other regulatory agencies actively enforce regulations prohibiting promotion of off-label uses and the promotion of products for which marketing clearance has not been obtained. A company that is found to have improperly promoted off-label uses may be subject to significant liability, including civil and administrative remedies as well as criminal sanctions. Notwithstanding the regulatory restrictions on off-label promotion, the FDA, TPD and other regulatory authorities allow companies to engage in truthful, non-misleading, and non-promotional speech concerning their products. Although we believe that all of our communications regarding all of our products are in compliance with the relevant regulatory requirements, the FDA, TPD or another regulatory authority may disagree, and we may be subject to significant liability, including civil and administrative remedies, as well as criminal sanctions. In addition, management’s attention could be diverted from our business operations and our reputation could be damaged. Our distribution partners may also be the subject of regulatory investigations involving, or remedies or sanctions for, off-label uses of products we have licensed to them, which may have an adverse impact on sales of such licensed products, which may, in turn, have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.

- d. All products manufactured by us or for us by third-party manufacturers must be made in a manner consistent with FDA-mandated, TPD-mandated and ICH-mandated GMP which require substantial expenditures of time, money and effort.**

All products manufactured by us or for us by third-party manufacturers must be made in a manner consistent with FDA-mandated, TPD-mandated and ICH-mandated GMP. Compliance with GMP regulations requires substantial expenditures of time, money and effort in such areas as production, quality control and quality assurance to ensure full technical, facility and system compliance. The FDA, TPD and other regulatory authorities inspect on a regular basis our and our third-party manufacturers' manufacturing facilities for compliance. Failure to comply with GMP regulations could occur for various reasons, including failure of a product to meet or maintain specifications, stability issues or unexpected trends in patient adverse drug reactions ("ADRs"). If the regulatory agencies were to require one of our or our third-party manufacturers' manufacturing facilities to cease or limit production, our business could be adversely affected, in part because regulatory approval to manufacture a drug is generally site-specific. As a result of ceasing manufacturing and packaging at the Dorado, Puerto Rico facility our in-house manufacturing will largely be concentrated at our Steinbach, Manitoba facility with the Carolina, Puerto Rico facility remaining open indefinitely in order to meet higher demand for generic Tiazac® and generic Cardizem® CD products. Delay and cost in obtaining regulatory approval to manufacture at a different facility also could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.

In addition, if we or our third-party manufacturers fail to comply with applicable continuing regulatory requirements, our business could be seriously harmed because a regulatory agency may:

- issue warning letters;
- suspend or withdraw our regulatory approval for approved or in-market products;
- seize or detain products or recommend a product recall;
- refuse to approve pending applications or supplements to approved applications filed by us;
- suspend any of our ongoing clinical trials;
- impose restrictions or obligations on our operations, including costly new manufacturing requirements;
- close our facilities or those of our contract manufacturers; or
- impose civil or criminal penalties.

Under certain circumstances, regulatory agencies also have the authority to revoke previously granted drug approvals. These policies may change and additional U.S. or Canadian federal, provincial, state or local governmental regulations or foreign governmental regulations may be enacted that could affect our ability to maintain compliance. We cannot predict the likelihood, nature or extent of adverse governmental regulation that may arise from future legislation or administrative action.

If we or our third-party manufacturers were deemed to be deficient regarding regulatory compliance in any significant way, it could have a material adverse effect on our business, financial condition and results of operations and it could cause the market value of our common shares to decline.

#### **4. Manufacturing, Supply and Delivery**

- a. Manufacturing difficulties or delays may adversely affect our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

Our manufacturing and other processes use complicated and sophisticated equipment, which sometimes requires a significant amount of time to obtain and install. In addition, the closure of our Dorado, Puerto Rico facility, which we intend to close in 2010, will concentrate the majority of our in-house manufacturing at our Steinbach, Manitoba facility and, as a result, we will face risks inherent in manufacturing our products largely at a single facility. Manufacturing complexity, testing requirements and safety and security processes combine to

increase the overall difficulty of manufacturing these products and resolving manufacturing problems that we may encounter. Although we endeavour to properly maintain our equipment, including through on-site quality control and experienced manufacturing supervision, and have key spare parts on hand, our business could suffer if certain manufacturing or other equipment, or all or a portion of our remaining facility, were to become inoperable for a period of time. This could occur for various reasons, including catastrophic events, such as hurricanes, earthquakes or other natural disasters, explosions, environmental accidents, pandemics, quarantine, equipment failures or delays in obtaining components or replacements, construction delays or defects and other events, both within and outside of our control. We will not have a secondary or back-up manufacturing facility in place to assist with these manufacturing and other processes should any of these events occur. As a result, we could experience substantial production delays in the event of any such occurrence until we build or locate replacement equipment or a replacement facility, as applicable, and seek to obtain necessary regulatory approvals for such replacement. Any interruption in our manufacture of products could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.

- b. If we are unable to optimize the use of or expand our manufacturing facilities or secure cost-effective third-party manufacturing arrangements in a timely manner, we may be unable to meet market demand for our products, which could affect our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

We have, in past years, operated some of our manufacturing facilities on a 24-hour-a-day, seven-day-a-week production cycle to meet the market demand for current in-market products and anticipated product launches. Successfully operating on that basis and meeting the anticipated market demand requires minimal equipment failures and product rejections. In addition, we manufacture products that employ a variety of technology platforms. Some of our manufacturing facilities may, at times, be scheduled in excess of rated capacity, while others may be under-utilized. Unless our manufacturing processes are optimized or our manufacturing facilities are expanded where appropriate, or we secure cost-effective third-party manufacturing arrangements in a timely manner, we may have difficulty fulfilling all demand for new large volume products, which could adversely affect our results of operations, financial condition and cash flows. In addition, if we are required to expand any of our facilities, it may require significant capital investment. If we are unable to complete any expansion projects in a timely and cost-efficient manner or adequately equip the expanded facilities in a timely and cost-effective manner or we experience delays in receiving FDA and TPD approvals for these expanded facilities, it could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.

- c. Disruptions of delivery of our products and the routine flow of manufactured goods across the U.S. border could adversely impact our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

The supply of our products to our customers is subject to and dependent upon the use of transportation services. Disruption of transportation services could adversely impact our financial results. In addition, our manufacturing facilities are located outside the continental U.S. and most of our sales are within the U.S. A significant portion of our revenue is derived from products that are imported into the U.S. in finished dosage form from Canada or other countries and must undergo review by the Department of Homeland Security — U.S. Customs and Border Protection (“DHS-CBP”). We also purchase products from third parties outside the U.S. Disruption to the routine flow of manufactured goods across the border could have a significant impact on when revenues are recognized and the willingness of customers to continue to purchase products that we import from outside of the U.S. As such, any change in policy or policy implementation relating to U.S. border controls may have an adverse impact on our access to the U.S. marketplace that, in turn, could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.

Over the past few years, pharmaceutical products manufactured outside of the U.S. have been associated with significant adverse health effects and/or as posing elevated risks even in the absence of adverse effects. As a result, there is increased interest in disclosure with regard to foreign sourcing of ingredients. Current practice

within the pharmaceutical industry with respect to country of origin marking (“COOM”) is in a period of transition toward more disclosure. Compliance determinations at U.S. border stations are complicated by the fact that the country of origin for tariff purposes may not be the same as for COOM purposes and may be different still from the FDA “manufactured by” statement. The result can be that DHS-CBP may issue a Notice to Mark and/or Notice to Redeliver — incurring relabeling costs and delay — that may or may not be well founded and/or penalties and fines for products deemed to be improperly presented for importation. Not all of our customers have adopted the same approach to COOM and instructions from border officials can vary. In addition, repeated presentation of goods with similar compliance deficiencies can result in fines. We may be exposed to such costs and disruption until we can establish and confirm agreement with our customers to accept a consistent set of labelling rules that are also acceptable to DHS-CBP.

- d. If we are unable to obtain components or raw materials, or products supplied by third parties, our ability to manufacture and deliver our products to the market may be impeded, which could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

Some components and raw materials used in our manufactured products, and some products sold by us, are currently available only from one or a limited number of domestic or foreign suppliers. Such suppliers must be qualified in accordance with applicable regulatory requirements and the process of qualifying a supplier can be costly and time consuming. In the event an existing supplier becomes unavailable through business interruption or financial insolvency or loses its regulatory status as an approved source and we do not have a second supplier, we will attempt to locate a qualified alternative; however, we may be unable to obtain the required components, raw materials or products on a timely basis or at commercially reasonable prices. A prolonged interruption in the supply of a single-sourced raw material, including the API, or finished product or the occurrence of quality deficiencies in the products which our suppliers provide, could have a material adverse effect on our business, financial condition and results of operations, and the market value of our common shares could decline.

Our arrangements with foreign suppliers are subject to certain additional risks, including the availability of government clearances, export duties, transport issues, political instability, currency fluctuations and restrictions on the transfer of funds. Arrangements with international raw material suppliers are subject to, among other things, FDA and TPD regulation, various import duties and required government clearances. Acts of governments outside the U.S. and Canada may affect the price or availability of raw materials needed for the development or manufacture of our products. The degree of impact such a situation could have would, in part, depend on the product affected.

In addition, we rely on third-party manufacturers to supply certain products that we market or distribute, including Cardizem® CD, Vasotec®, Vaseretic®, Zovirax®, Ativan®, Wellbutrin® SR, Zyban®, Glumetza® 500 mg, Isordil®, Xenazine® and Nitoman®. Our manufacturers may suffer an interruption, including due to manufacturing or shipping problems, financial insolvency, regulatory inspections or difficulty in sourcing components or raw materials. We are also vulnerable to a supply interruption should we be unable to renew or replace, or successfully transfer, such supply arrangements when our current agreements with our third-party manufacturers expire, in which case we may experience an interruption in our supply. Any such supply interruption could have an adverse impact on our operations.

- e. Delays or transition issues arising from the closure of our Dorado, Puerto Rico manufacturing facility may adversely affect our business and results of operations and could cause the market value of our common shares to decline.**

In support of the implementation of our specialty CNS strategy, we are consolidating our manufacturing resources through the closure of our Dorado, Puerto Rico manufacturing facility and the transfer of certain manufacturing processes to our Steinbach, Manitoba facility. We anticipate that the site in Dorado will be fully transitioned to Steinbach early in 2010. If we experience a delay in transitioning such manufacturing processes to Steinbach, or if we experience other disruptions or issues (including a delay in obtaining necessary regulatory approvals) in transitioning these manufacturing processes to Steinbach, we could fail to deliver our products in a timely manner, which could adversely affect our relationships with our customers and business partners, which,

in turn, could adversely affect our business and results of operations and could cause the market value of our common shares to decline. The Carolina, Puerto Rico site is expected to remain open indefinitely due to increased demand for products manufactured in this plant.

## **5. Commercialization and Marketing**

### **a. Our approved products may not achieve or maintain expected levels of market acceptance, which could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

Even if we are able to obtain regulatory approvals for our new pharmaceutical products, generic or branded, the success of those products is dependent upon achieving and maintaining market acceptance. New product candidates that appear promising in development may fail to reach the market or may have only limited or no commercial success. Levels of market acceptance for our new products could be impacted by several factors, many of which are not within our control, including but not limited to:

- safety, efficacy, convenience and cost-effectiveness of our products compared to products of our competitors;
- scope of approved uses and marketing approval;
- timing of market approvals and market entry;
- availability of alternative products from our competitors;
- acceptance of the price of our products; and
- ability to market our products effectively at the retail level or in the appropriate setting of care.

Further, the discovery of significant problems with a product similar to one of our products that implicate (or are perceived to implicate) an entire class of products could have an adverse effect on sales of the affected products. Accordingly, new data about our products, or products similar to our products, could negatively impact demand for our products due to real or perceived side effects or uncertainty regarding efficacy and, in some cases, could result in product withdrawal.

These situations, should they occur, could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.

### **b. We may not be able to establish or acquire a U.S. sales force to effectively support our specialty CNS strategy.**

We currently do not have an in-house sales force to market our products in the U.S. In the U.S., our products are marketed through strategic alliances with commercial parties with established sales and marketing infrastructures. In order to support our specialty CNS strategy, we plan to create or acquire a specialized U.S. sales force to effectively support the CNS products in our pipeline or CNS products we acquire or develop in the future. To meet our objectives, we must attract and retain highly qualified personnel with specialized skill sets. Competition for qualified personnel can be intense, and we might not be successful in attracting and retaining them. Our ability to build and maintain a specialized U.S. sales force will depend on our ability to recruit, train and retain top quality people with advanced skills who understand sales to, and the specific needs of, our target customers. Developing a direct sales force is expensive and time consuming and could delay or limit the success of any product launch. The cost of establishing and maintaining a direct sales force may exceed its cost effectiveness. Additionally, we will compete with many companies that currently have extensive and well-funded sales operations. Our sales efforts may be unable to compete successfully against these companies, and we may not be able to develop an effective specialized U.S. sales force on a timely basis or at all. If we are unable to establish an appropriate U.S. sales force to execute our specialty CNS strategy or secure third-party marketing or distribution partners in the U.S., we may not be able to commercialize new products successfully which could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.

**c. We may not be able to effectively establish third-party marketing or distribution arrangements.**

The success of any new product will depend on our ability to secure third-party marketing or distribution arrangements in the U.S. and elsewhere in the absence of a specialty in-house sales force appropriate to the relevant subscribing community. Seeking out, evaluating and negotiating marketing partnership agreements may involve the commitment of substantial time and effort and may not ultimately result in a viable marketing or distribution relationship. If we enter into a marketing agreement whereby we outsource marketing and promotional activities, including creation and implementation of a sales force, to a third-party, our control over specific materials and tactics used by that sales force may be diminished as compared with a specialty in-house sales force. If we are unable to establish an appropriate U.S. sales force to execute our specialty CNS strategy or secure third-party marketing or distribution arrangements in the U.S., we may not be able to commercialize new products successfully which could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.

**d. We may experience reductions in the levels of reimbursement for or acceptance of pharmaceutical products by governmental authorities, HMOs or other third-party payors. Any such reductions could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

A number of legislative and regulatory proposals aimed at changing the U.S. healthcare system, and changes in the levels at which pharmaceutical companies are reimbursed for sales of their products or pricing of drugs, have been proposed. In addition, as a result of the focus on healthcare reform in connection with the current presidential administration in the U.S., Congress may implement changes in laws and regulations governing healthcare service providers, including measures to control costs or reductions in reimbursement levels or price controls, which may have an adverse impact on our business. While we cannot predict when or whether any of these proposals will be adopted, or the effect these proposals may have on our business, the pending nature of these proposals, as well as the adoption of any proposal, may exacerbate industry-wide pricing pressures and could have a material adverse effect on our business, financial condition and results of operations.

Various governmental authorities and private health insurers and other organizations, such as HMOs, managed care organizations (“MCOs”) and provincial formularies provide reimbursement to consumers for the cost of certain pharmaceutical products. Our ability to successfully commercialize our products and product candidates — even if FDA or TPD approval is obtained — and the demand for our products depend, in part, on the extent to which reimbursement is available from such third-party payors.

Third-party payors are increasingly becoming less willing to reimburse for medications which offer primarily convenience to and greater compliance among patients (such as once-daily formulations) and are focusing more on products that offer clinically meaningful benefits. If we are not able to execute our specialty CNS strategy, which we believe is designed to address this shift, it could have a material adverse effect on our business, financial condition and results of operations. Even if we continue to successfully execute our specialty CNS strategy, the products that will be commercialized are likely to be costly. Insurers may be reluctant to list such drugs on their formulary, thus limiting reimbursement of those products and having a material adverse affect on volume of sales.

Third-party payors increasingly challenge the pricing of pharmaceutical products. In addition, the trend toward managed healthcare in the U.S., the growth of organizations such as HMOs and MCOs and legislative proposals and other initiatives in the U.S. and Canada to reform healthcare and government insurance programs, could significantly influence the purchase of pharmaceutical products (both brand and generic drugs), resulting in lower prices and/or a reduction in product demand. For example, some of the provinces in Canada have implemented or are considering implementing cost saving measures such as requiring brand name drug companies to enter into “risk-sharing or listing agreements” with the province whereby the drug company pays “rebates” or other incentives to the province to list the drug on the provincial formulary. In addition, although currently this practice has been limited, some provinces are instituting tenders to determine which interchangeable product will be listed on the provincial formulary. Further, some provinces reimburse generic drugs based on a formula equal to a percentage of the price of the corresponding brand name drug and one

recent trend has been to significantly lower the percentage at which generics will be reimbursed. Other provinces (the four western provinces and the territories) have announced that they will form a joint prescription drug buying plan to better leverage their buying power. These and other cost-containment measures and healthcare reforms could affect our ability to sell our products at viable prices, could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline. By way of further example, in the U.S., the Medicare Prescription Drug, Improvement and Modernization Act of 2003 established a voluntary outpatient prescription drug benefit under Part D of the Social Security Act. The program, which went into effect January 1, 2006, is administered by the Centers for Medicare & Medicaid Services within the Department of Health and Human Services and is implemented and operated by private sector Part D plan sponsors. Each participating drug plan is permitted by regulation to develop and establish its own unique drug formulary that may exclude certain drugs from coverage, impose prior authorization and other coverage restrictions, and negotiate payment levels for drugs which may be lower than reimbursement levels available through private health plans or other payors. Moreover, beneficiary co-insurance requirements could influence which products are recommended by physicians and selected by patients. To the extent that private insurers or managed care programs follow Medicare Part D coverage and payment developments, the adverse effects of lower Medicare payments may be magnified by private insurers adopting similar lower payments. New federal or state drug payment changes or healthcare reforms in the U.S. may be enacted or adopted in the future that could further lower payment for our products.

Uncertainty exists about the reimbursement status of newly approved pharmaceutical products. Reimbursement in the U.S., Canada or foreign countries may not be available for some of our products. Any reimbursement granted may not be maintained, or limits on reimbursement available from third parties may reduce the demand for, or negatively affect the price of, those products. We are also unable to predict if additional legislation or regulation or non-legislative initiatives impacting the healthcare industry or third-party coverage and reimbursement may be enacted in the future, or what effect such legislation or regulation or non-legislative initiatives would have on our business. Any reimbursement may be reduced in the future, perhaps to the point that market demand for our products declines. Such decline could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.

Changes to Medicare, Medicaid or similar governmental programs — or the amounts paid by those programs for our services — may adversely affect our business, financial condition and results of operations. These programs are highly regulated and subject to frequent and substantial changes and cost-containment measures. In recent years, changes in these programs have limited and reduced reimbursement to providers.

The prices of drugs sold or reimbursed in a particular jurisdiction can impact the prices at which such drug is sold or reimbursed in other jurisdictions. For example, the province of Quebec has a “most favoured nation” clause regarding the price at which it will reimburse drugs. The maximum price at which patented drugs can be sold in Canada is regulated by the Patented Medicine Prices Review Board and is dependent on the price at which the drug is sold in certain countries in the world. Therefore, decreases in prices in one jurisdiction can have repercussions in other jurisdictions.

- e. A relatively small group of products represents a significant portion of our revenues, gross profit and earnings. If, due to genericization or otherwise, the volume or pricing of any of these products declines or the costs of related manufacturing, distribution or marketing increase, it could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

Sales of a limited number of our products represent a significant portion of our revenues, gross profit and earnings. As the volume or pricing of our existing significant products declines in the future, our business, financial condition, and results of operations could be materially adversely affected and this could cause the market value of our common shares to decline.

The genericization of our existing products is one of the reasons for the current or continued decline in volume and pricing of our products. Following the initial pricing and volume impact of genericization, pricing

and volume may either decrease further or increase dependent upon market and competitive conditions. In addition, if this or any of our other key products were to become subject to any other issues, such as material adverse changes in prescription growth rates, unexpected side effects, regulatory proceedings, material product liability litigation, publicity affecting doctor or patient confidence or pressure from competitive products, the adverse impact on our business, financial condition and results of operations and market value of our common shares could be significant.

**f. The pharmaceutical industry is highly competitive and is subject to rapid and significant technological change, which could render our technologies and products obsolete or uncompetitive.**

The pharmaceutical industry is highly competitive and is subject to rapid and significant technological change that could render certain of our products obsolete or uncompetitive. Many of our competitors are conducting R&D activities in therapeutic areas targeted by our products and our product development candidates. The introduction of competitive therapies as alternatives to our existing products may negatively impact our revenues from those products, and the introduction of products that directly compete with products in development could dramatically reduce the value of those development projects or chances of successfully commercializing those products, which could have a material adverse effect on our long-term financial success. For example, our Legacy Products (as described in Item 1.B., “Business — Business Overview — Current Product Portfolio and Product Revenues”) face competition from conventional forms of drug delivery and from controlled release drug-delivery systems developed, or under development, by other companies.

We compete with companies in North America and internationally, including major pharmaceutical and chemical companies, specialized CROs, research-and-development firms, universities and other research institutions. Many of our competitors have greater financial resources and selling and marketing capabilities, greater experience in clinical testing and human clinical trials of pharmaceutical products and greater experience in obtaining FDA, TPD and other regulatory approvals than we do. In addition, some of our competitors may have lower development and manufacturing costs. Our competitors may succeed in developing technologies and products that are more effective or less expensive to produce or use than any that we may develop or license. These developments could render our technologies and products obsolete or uncompetitive, which could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.

**g. We have entered into distribution agreements with other companies to distribute certain of our generic products at supply prices based on net sales. Declines in the pricing and/or volume, over which we have no control, of such generic products, and therefore the amounts paid to us, may have a material adverse effect on our business and results of operations and could cause the market value of our common shares to decline.**

Our portfolio of generic products is the subject of various agreements, pursuant to which we manufacture and sell generic products to other companies, which distribute such products in the U.S. and Canada at a supply price typically based on net sales. These companies make all distribution and pricing decisions independently of Biovail. If the pricing and/or volume of such generic products declines, our revenues could be adversely impacted which could have a material adverse effect on our business and results of operations and could cause the market value of our common shares to decline.

## **6. Post-Approval and Post-Marketing Regulatory Impacts**

**a. Our marketed drugs will be subject to ongoing regulatory review. If we fail to comply with U.S. and Canadian regulatory requirements and those in other territories where our products are sold, we could lose our marketing approvals or be subject to fines or other sanctions, which could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

Following initial regulatory approval of any drugs we or our partners may develop, we will be subject to continuing regulatory review by the FDA, the TPD and other regulatory authorities in territories where our products are marketed or intended to be marketed, including the review of adverse drug events and clinical

results that are reported after product candidates become commercially available. This may include results from any post-marketing follow-up studies or other reporting required as a condition to approval. The manufacturing, labeling, packaging, storage, distribution, advertising, promotion, reporting and recordkeeping related to the product will also be subject to extensive ongoing regulatory requirements. In addition, incidents of ADRs, unintended side effects or misuse relating to our products could result in additional regulatory controls or restrictions, or even lead to withdrawal of a product from the market. Similarly, our CRD operations could suffer a loss of business or be subject to liability should a serious ADR occur during the course of their conduct of a study.

**b. Our approved products may be subject to additional clinical trials which could result in the loss of marketing approval, changes in product labeling or new or increased concerns about side effects or efficacy.**

As a condition to granting marketing approval of a product, the FDA and TPD may require a company to conduct additional clinical trials. The results generated in these trials could result in the subsequent loss of marketing approval, changes in product labeling or new or increased concerns about side effects or efficacy of a product. On September 27, 2007, the *Food and Drug Administration Amendments Act of 2007* (“FDAA”) was enacted, giving the FDA enhanced post-market authority, including the explicit authority to require post-market studies and clinical trials, labeling changes based on new safety information and compliance with FDA-approved risk evaluation and mitigation strategies. The FDA’s exercise of this authority could result in delays or increased costs during product development, clinical trials and regulatory review, increased costs to comply with post-approval regulatory requirements and potential restrictions on sales of approved products. Post-marketing studies, whether conducted by us or by others and whether mandated by regulatory agencies or undertaken voluntarily, and other emerging data about marketed products, such as adverse event reports, may also adversely affect sales of our products. Such studies, which increasingly employ sophisticated methods and techniques, may call into question the utilization, safety and efficacy of previously marketed products. In some cases, studies may result in the discontinuance of product marketing or the need for risk management programs. In addition, government agencies may determine that a product should be scheduled as a controlled substance under the *Controlled Drugs and Substances Act* (the “CDSA”), as has been proposed by Health Canada for our tramadol products. If one of our products is scheduled under the CDSA or a similar regulation, such regulation would reduce practitioner prescriptions for such product, which may lead to a reduction in revenues from such product. Such regulation may also increase the costs of manufacturing and distributing such product in order to meet the regulatory requirements applicable to controlled substances, such as process upgrades and renovations required at our facilities and changes to our manufacturing, storage and transportation practices.

## **7. Intellectual Property**

**a. We may be unable to effectively protect our intellectual and other proprietary property, which could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

The pharmaceutical industry historically has generated substantial litigation concerning the manufacture, use and sale of products and we expect this litigation activity to continue. Generic drug manufacturers seek to sell and, in a number of cases have sold generic versions of many of our most important products prior to the expiration of our patents, and have exhibited a readiness to do so for other products in the future. As a result, we expect that patents related to our products will be routinely challenged, and our patents may not be upheld. If we are not successful in defending an attack on our patents and maintaining exclusive rights to market one or more of our major products still under patent protection, we could lose a significant portion of sales in a very short period, which could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline. See Item 1.B. “Business — Business Overview — Patents and Proprietary Rights”, for more information on our intellectual property rights and Item 3. “Legal Proceedings — Intellectual Property”, for a discussion of intellectual property-related proceedings in which we are involved.

In addition, we rely on trade secrets, know-how and other proprietary information to provide additional legal protection to various aspects of our business, including information about our formulations, manufacturing methods and analytical procedures, as well as information contained in our Company documents and regulatory filings. Although we require our employees and other vendors and suppliers to sign confidentiality agreements, we may not have adequate remedies in the event of a breach of these confidentiality agreements. Furthermore, the trade secrets and proprietary technology upon which we rely may otherwise become known or be independently developed by our competitors without infringing upon any proprietary technology. Our success will depend, in part, on our ability in the future to protect those trade secrets and other proprietary information.

The cost of responding to challenges to our patents and the inherent costs to defend the validity of our patents, including the prosecution of infringements and the related litigation, and to protect our other intellectual property could be substantial and could preclude or delay commercialization of products. Such litigation could also require a substantial commitment of our management's time.

**b. We may be subject to intellectual property litigation and infringement claims, which could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

Our success will depend, in part, on our ability in the future to obtain patents and to operate without infringing on the proprietary rights of others. Our competitors may have filed patent applications, or hold issued patents, relating to products or processes competitive with those we are developing. The patents of our competitors may impair our ability to do business in a particular area.

In the event we discover that we may be infringing third-party patents or other intellectual property rights, we may not be able to obtain licenses from those third parties on commercially attractive terms or at all. We may have to defend against charges that we violated patents or the proprietary rights of third parties. Litigation is costly and time-consuming, and diverts the attention of our management and technical personnel. In addition, if we infringe the intellectual property rights of others, we could lose our right to develop, manufacture or sell products, including our generic products, or could be required to pay monetary damages or royalties to license proprietary rights from third parties. An adverse determination in a judicial or administrative proceeding or a failure to obtain necessary licenses could prevent us from manufacturing or selling our products, which could have a material adverse effect on our business, financial condition, and results of operations and could cause the market value of our common shares to decline. See Item 3. "Legal Proceedings — Intellectual Property", for a discussion of intellectual property-related proceedings in which we are involved.

## **8. Income Tax**

**a. Our effective tax rates may increase.**

We have operations in various countries that have differing tax laws and rates. A significant portion of our revenue and income is earned in Barbados, a country with a low domestic tax rate. Dividends from such after-tax business income are received tax-free in Canada. Our tax structure is supported by current domestic tax laws in the countries in which we operate and the application of tax treaties between the various countries in which we operate. Our income tax reporting is subject to audit by domestic and foreign authorities. Our effective tax rate may change from year to year based on changes in the mix of activities and income allocated or earned among the different jurisdictions in which we operate; changes in tax laws in these jurisdictions; changes in the tax treaties between various countries in which we operate; changes in our eligibility for benefits under those tax treaties; and changes in the estimated values of deferred tax assets and liabilities. Such changes could result in an increase in the effective tax rate on all or a portion of our income to a rate possibly exceeding the statutory income tax rate of Canada or the U.S. See Item 1.B. "Business — Business Overview — Taxation".

Our provision for income taxes is based on certain estimates and assumptions made by management. Our consolidated income tax rate is affected by the amount of net income earned in our various operating jurisdictions, the availability of benefits under tax treaties, and the rates of taxes payable in respect of that income. We enter into many transactions and arrangements in the ordinary course of business in respect of which the tax treatment is not entirely certain. We must therefore make estimates and judgments based on our knowledge and understanding of applicable tax laws and tax treaties, and the application of those tax laws and

tax treaties to our business, in determining our consolidated tax provision. For example, certain countries could seek to tax a greater share of income than has been provided for by us. The final outcome of any audits by taxation authorities may differ from the estimates and assumptions we have used in determining our consolidated tax provisions and accruals. This could result in a material adverse effect on our consolidated income tax provision, financial condition and the net income for the period in which such determinations are made.

We have recorded a valuation allowance on deferred tax assets relating to our Canadian operating losses, Scientific Research and Experimental Development pool, investment tax credit carryforward balances, provisions for legal settlements, and future tax depreciation. We have assumed that these deferred tax assets are more likely than not to remain unrealized.

Our deferred tax assets and related valuation allowances are affected by events and transactions arising in the ordinary course of business, acquisitions of assets and businesses, and non-recurring items. The assessment of the appropriate amount of the valuation allowance against the net deferred tax asset is dependent upon several factors, including estimates of the realization of deferred income tax assets, which realization is primarily based on forecasts of future taxable income. Significant judgment is applied to determine the appropriate amount of valuation allowance to record. Changes in the amount of the valuation allowance required could materially increase or decrease our provision for income taxes in a given period.

## **9. Litigation and Regulatory Investigations**

### **a. We are involved in various legal proceedings in the U.S. and Canada and may experience unfavourable outcomes of such proceedings, or of future proceedings, which could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

We are a defendant in antitrust class actions in the U.S. related to our generic Adalat products as well as our Wellbutrin® XL product.

We are also a party to several other actions or may become a party to actions that could similarly impact our business. The above actions are more fully described at Item 3. “Legal Proceedings”.

In all cases, the resolution of these actions could have a material adverse effect on our business, financial condition and results of operations or could cause the market price of our common shares to decline. In addition, we may continue to incur expenses associated with our defense of these actions, and the pending actions may divert the efforts and attention of our management team from normal business operations.

### **b. As a public company, we face risks related to class action lawsuits, including threatened litigation.**

As with any other public company, we may become involved in legal proceedings, including class action securities litigation and derivative lawsuits, which may be brought against us. Court decisions and legislative activity may increase our exposure to any of these types of claims. In some cases, substantial non-economic or punitive damages may be sought against us. We currently maintain insurance coverage for some of these potential liabilities. Other potential liabilities may not be covered by insurance, insurers may dispute coverage or the amount of insurance may not be enough to cover damages awarded. In addition, certain types of damages may not be covered by insurance, and insurance coverage for all or certain forms of liability may become unavailable or prohibitively expensive in the future. Additionally, the outcome of litigation and other legal matters is always uncertain, and outcomes that are not justified by the evidence can occur. It is possible that an unfavourable resolution of one or more legal matters could result in a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.

### **c. We are subject to exposure relating to product liability claims.**

We face an inherent business risk of exposure to significant product liability and other claims in the event that the use of our products results, or is alleged to have resulted, in adverse effects. Furthermore, our products may cause, or may appear to have caused, adverse side effects (including death) or potentially dangerous drug interactions that we may not learn about or understand fully until the drug has been administered to patients for

some time. As our products are used more widely and in patients with varying medical conditions, the likelihood of an adverse drug reaction, unintended side effect or incidence of misuse may increase. In addition, as part of our specialty CNS strategy, we have turned from a primarily reformulation focused business model to one where we are looking to in-license or acquire compounds, including NCEs. As a result, our product liability exposure is greater than when we focused primarily on reformulation of existing drugs. Product liability claims, regardless of their merits or their ultimate outcomes, are costly, divert management's attention and may adversely affect our reputation and demand for our products and may result in significant damages.

Our product liability insurance coverage may not be sufficient to cover our claims and we may not be able to obtain sufficient coverage at a reasonable cost in the future. An inability to obtain product liability insurance at an acceptable cost or to otherwise protect against potential product liability claims could prevent or inhibit the growth of our business or the number of products we can successfully market. The withdrawal of a product following complaints, or a product liability claim could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.

#### **10. Senior Convertible Notes**

On June 10, 2009, the Company issued \$350.0 million principal amount of senior convertible notes in a private placement (the "Notes"). See Item 5.G, "Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities — Sale of Unregistered Securities" for a description of the Notes.

**a. We may not be able to refinance the Notes if required or if we so desire.**

The Notes mature in 2014. We may need or desire to refinance all or a portion of the Notes or any other future indebtedness that we incur on or before the maturity of the Notes or such other indebtedness. We may not be able to refinance any of our indebtedness on commercially reasonable terms, if at all.

**b. We may incur substantially more debt or take other actions which may affect our ability to satisfy our obligations under the Notes on a net-share settlement basis.**

We may incur significant additional indebtedness in the future. We will not be restricted under the terms of the Notes or the indenture governing the Notes from incurring any such additional indebtedness, including any secured debt. In addition, the limited covenants applicable to the Notes do not require us to achieve or maintain any minimum financial results relating to our financial position or results of operations. The terms of the Notes do not limit our ability to recapitalize, incur additional debt or take a number of other actions, including repurchasing our common shares. Taking certain of these actions could diminish our ability to execute our stated intention to settle the Notes at maturity on a net-share settlement basis.

**c. The issuance of a significant number of our common shares upon conversion of the Notes, or the perception of such issuance, could depress the market price of our common shares.**

We have stated our intention to settle the Notes on a net share basis at their maturity. If we are not able to repay or refinance the principal amount of the Notes at maturity we would be required to settle in shares. The issuance of a substantial number of our common shares in connection with the conversion or settlement of the Notes could depress the market price of our common shares and impair our ability to raise capital through the sale of additional equity securities. We cannot predict the effect that future issuances of our common shares would have on the market price of our common shares. Any transaction involving the issuance of common shares, or securities convertible into common shares, would result in dilution, which could be substantial, to holders of our common shares.

## 11. Other Company Risks

- a. **If the companies in which we invest, or with which we partner or co-develop products, are not successful, it could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

Actions by third parties who control the promotion, pricing, trade rebate levels, product availability or other items for products we supply to them could have a material adverse impact on our financial results.

Economic, governmental, industry and other factors outside our control affect companies with which we may partner or co-develop products. Some of the material risks relating to such companies include:

- the ability of these companies to successfully develop, manufacture and obtain necessary governmental approvals for the products which serve as the basis for our investments in, or relationship with, such companies;
- the ability of competitors of these companies to develop similar or more effective products, making the products developed by these companies difficult or impossible to market;
- the ability of these companies to adequately secure patents for their products and protect their proprietary rights;
- the ability of these companies to enter the marketplace without infringing upon competitors' patents or other intellectual property;
- the ability of these companies to remain financially solvent;
- the ability of these companies to remain technologically competitive; and
- the dependence of these companies upon key scientific and managerial personnel.

We may have limited or no control over the resources that any such company may devote to develop the products for which we collaborate with them. Any such company may not perform as expected. These companies may breach or terminate their agreements with us or otherwise fail to conduct product discovery and development activities successfully, or in a timely manner. The occurrence of any of these events could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.

- b. **Our continued success is dependent on our continued ability to attract and retain key personnel. Any failure to attract and retain key personnel could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

Much of our success to date has resulted from the particular scientific and management skills of personnel available to us. If these individuals are not available, we might not be able to attract or retain employees with similar skills. The continued availability of such individuals is important to our ongoing success. In addition, our success in implementing our specialty CNS strategy is also subject to our ability to further develop and retain competitive in-house R&D expertise in specialty CNS. If we are unsuccessful in attracting and retaining key employees, it could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.

- c. **We may not have sufficient cash and may be limited in our ability to access financing for future expenditures, which may prevent us from executing on our CNS strategy and expanding our business and our portfolio of products.**

We may in the future need to incur additional debt or issue equity to fund acquisitions and other investments as contemplated by our specialty CNS strategy, to continue to pay dividends under our dividend policy, to fund working capital needs or to support our limited capital expenditure requirements. To the extent we are unable to renew our credit facility at its maturity in June 2012 or, in the interim, access new sources of capital at affordable rates, we may be unable to expand our business. If we raise funds through the issuance of new debt or equity, any debt securities or preferred shares issued may have rights and preferences and privileges

senior to those of holders of our Notes and common shares. The terms of any new debt securities may impose restrictions on our operations that may have a material adverse effect on our financial condition. If we raise funds through the issuance of equity or convertible debt, the proportional ownership interests of our shareholders would be diluted.

In addition, we may choose to raise additional funds or, upon its maturity in June 2012, renew our credit facility in order to capitalize on perceived opportunities in the marketplace that may accelerate our growth objectives. Our ability to secure such financing in the future will depend in part on the prevailing capital market conditions as well as our business performance. We may not be successful in our efforts to secure financing, if needed, on terms satisfactory to us.

**d. The general business and economic conditions in Canada, the U.S. and other countries in which we conduct business could have a material adverse impact on our liquidity and capital resources.**

The market environment, the lack of liquidity in certain markets, the level of activity and volatility in capital markets and the stability of various financial markets may continue to have an impact on the availability of credit and capital in the near term. If uncertainties in these markets continue, or these markets deteriorate, it could have a material adverse impact on our liquidity, our ability to raise capital and interest costs.

**e. The current business and economic conditions, coupled with the current regulatory environment, could have a negative impact on the pharmaceutical industry, which in turn could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

The current business and economic conditions in the national and global markets may negatively affect our operations in the future. Our revenues are contingent upon our ability to develop, license or otherwise acquire new commercially viable products and obtain associated regulatory approvals in multiple jurisdictions. Recently, companies globally have experienced volatility in the ability and cost to raise capital in the equity and debt markets or through traditional credit markets to fund business activities. In addition, the increased regulatory environment from the FDA has increased the costs of R&D for pharmaceutical companies. For example, on September 27, 2007, the FDAA was enacted, giving the FDA enhanced post-market authority, including the explicit authority to require post-market studies and clinical trials, labeling changes based on new safety information and compliance with FDA-approved risk evaluation and mitigation strategies. The FDA's exercise of this authority could result in delays or increased costs during product development, clinical trials and regulatory review, increased costs to comply with post-approval regulatory requirements and potential restrictions on sales of approved products. Accordingly, faced with the uncertainty of the availability and cost of raising capital and the potential for increased costs due to regulatory changes, many pharmaceutical companies have recently cut costs, including canceling current clinical trials and not pursuing additional clinical trials. These changes in both the economic and regulatory environments directly affect our business, and, in the event we are unable to conduct necessary R&D activities, our ability to generate revenues could be hindered, which could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.

**f. We are exposed to risks relating to currency exchanges.**

We operate internationally, but a majority of our revenue and expense activities and capital expenditures are denominated in U.S. dollars. Our only other significant transactions are denominated in Canadian dollars and our Canadian dollar expenses may not be entirely offset by our Canadian dollar revenues. We also face minor foreign currency exposure on the translation of our non-U.S. dollar functional operations from their local currencies to the U.S. dollar.

As of December 31, 2009, we do not have any outstanding forward foreign exchange contracts.

**g. We are exposed to risks related to interest rates.**

The primary objective of our policy for the investment of temporary cash surpluses is the protection of principal and, accordingly, we invest in investment grade securities with varying maturities, but typically less than

90 days. Our credit facility bears interest based on U.S. Dollar London Interbank Offering Rates, U.S. dollar base rate, Canadian dollar prime rate or Canadian dollar bankers' acceptance rates. While we currently do not have any outstanding borrowings under this facility, to the extent we borrow material amounts under this facility in the future, a change in interest rates could have a material adverse effect on our results of operations, financial condition or cash flows.

As of December 31, 2009, we do not have any outstanding interest rate swap contracts.

**h. Our securities are subject to price volatility.**

Stock market trading prices for the securities of pharmaceutical and biotechnology companies, including our own, have historically been highly volatile, and such securities have from time to time experienced significant price and volume fluctuations that are unrelated to the operating performance of particular companies. For example, during the 12-month period ended December 31, 2009, the price of our common shares ranged from a low of \$9.26 to a high of \$15.50 on the New York Stock Exchange ("NYSE").

**i. Our failure to comply with applicable environmental laws and regulations worldwide could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

We are subject to laws and regulations concerning the environment, safety matters, regulation of chemicals and product safety in the countries where we manufacture and sell our products or otherwise operate our business. These requirements include regulation of the handling, manufacture, transportation, use and disposal of materials, including the discharge of pollutants into the environment. In the normal course of our business, hazardous substances may be released into the environment, which could cause environmental or property damage or personal injuries, and which could subject us to remediation obligations regarding contaminated soil and groundwater or potential liability for damage claims. Under certain laws, we may be required to remediate contamination at certain of our properties regardless of whether the contamination was caused by us or by previous occupants of the property or by others.

In recent years, the operations of all companies have become subject to increasingly stringent legislation and regulation related to occupational safety and health, product registration and environmental protection. Such legislation and regulations are complex and constantly changing, and future changes in laws or regulations may require us to install additional controls for certain of our emission sources, to undertake changes in our manufacturing processes or to remediate soil or groundwater contamination at facilities where such cleanup is not currently required.

**j. Rising insurance costs or our inability to obtain insurance could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline.**

The cost of insurance, including insurance for directors and officers, workers' compensation, property, product liability and general liability insurance, may increase in future years. Such insurance may also become unavailable to us. For example, as a result of the recent settlements in a number of our legacy legal and regulatory proceedings, we will have exhausted our coverage under our Director and Officer liability insurance for claims reported in respect of our 2002-2004 policy period. Rising insurance costs or the inability to obtain insurance could have a material adverse effect on our business, financial condition and results of operations and could cause the market value of our common shares to decline. In response to increased costs, we may increase deductibles or decrease certain coverages to mitigate cost increases. These increases, and our increased risk due to increased deductibles and reduced coverages, could have a material adverse effect on our business, financial condition and results of operations.

- k. We are exposed to risks if we are unable to comply with laws and future changes to laws affecting public companies, including the *Sarbanes-Oxley Act of 2002* (“SOX”), and also to increased costs associated with complying with such laws.**

Any future changes to the laws and regulations affecting public companies, as well as compliance with existing provisions of SOX in the U.S. and Part XXIII.1 of the *Securities Act* (Ontario), R.S.O. 1990, c. S.5 (the “Ontario Securities Act”) and related rules and applicable stock exchange rules and regulations, may cause us to incur increased costs as we evaluate the implications of new rules and respond to new requirements. As we are no longer exempt from certain requirements under the U.S. securities laws and applicable U.S. stock exchange rules and regulations due to the cessation of our status as a foreign private issuer effective January 1, 2010, we are now subject to additional U.S. filing, disclosure and compliance requirements, which may also cause us to incur an increase in costs. Delays, or a failure to comply with any new laws, rules and regulations that apply to us, could result in enforcement actions, the assessment of other penalties and civil suits. New laws and regulations could make it more expensive for us under indemnities we provide to our officers and directors and could make it more difficult for us to obtain certain types of insurance, including liability insurance for directors and officers; as such, we may be forced to accept reduced policy limits and coverage or incur substantially higher costs to obtain the same or similar coverage. The impact of these events could also make it more difficult for us to attract and retain qualified persons to serve on the Board of Directors or as officers. We may be required to hire additional personnel and utilize additional outside legal, accounting and advisory services — all of which could cause our general and administrative costs to increase beyond what we currently have planned. We are continuing to evaluate and monitor developments with respect to these laws, rules and regulations, and we cannot predict or estimate the amount of the additional costs we may incur or the timing of such costs.

We are required annually to review and report on the effectiveness of our internal control over financial reporting in accordance with applicable securities laws. The results of this review are reported in this Annual Report on Form 10-K and in our MD&A. Our registered public accounting firm is also required to report on the effectiveness of our internal control over financial reporting.

If we fail to maintain effective internal controls over our financial reporting, there is the possibility of errors or omissions occurring or misrepresentations in our disclosures which could have a material adverse effect on our business and financial condition and the value of our common shares.

**Item 1B. Unresolved Staff Comments.**

Not applicable.

## Item 2. Properties.

We believe that we have sufficient facilities to conduct our operations during 2010. The following table lists the location, use, size and ownership interest of our principal properties:

| Location                               | Use                                                                                                                                                                                                 | Size            | Ownership             |
|----------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|-----------------------|
| Mississauga, Ontario, Canada . . . . . | Corporate office, sales, marketing and administration                                                                                                                                               | 79,400 Sq. Ft.  | Leased                |
| Christ Church, Barbados . . . . .      | Strategic planning; oversight and management of product sales, product development, supply chain and logistics, contract management, licensing, intellectual property management and administration | 23,275 Sq. Ft.  | Owned                 |

(1) To be closed in 2010, with certain manufacturing processes to be transferred to the Steinbach, Manitoba facility.

### Manufacturing Facilities

We own and lease space for manufacturing, warehousing, research, development, sales, marketing, and administrative purposes. We currently operate two modern, fully integrated pharmaceutical manufacturing facilities located in Steinbach, Manitoba and Carolina, Puerto Rico. These facilities meet FDA-mandated and TPD-mandated GMP. These facilities are inspected on a regular basis by regulatory authorities, and our own internal auditing team ensures compliance on an ongoing basis with such standards.

In May 2008, in connection with the introduction of our specialty CNS strategy, we announced our intention to close our Puerto Rico manufacturing facilities, and transfer certain manufacturing processes to our Steinbach, Manitoba facility, over a period of 18 to 24 months. The closure of the Puerto Rico facilities will reduce our cost infrastructure and improve the capacity utilization of our manufacturing operations. We completed the sale of the Dorado facility in January 2010, and have entered an agreement to lease back the premises until March 31, 2010. The Carolina site is expected to remain open indefinitely due to increased demand for products manufactured in this plant. We are continuing to actively market the Carolina facility. We do not anticipate any impact to our existing revenue base due to the consolidation of our manufacturing facilities.

We have owned our Steinbach, Manitoba facility since 1992. In 2006, we completed a \$31.0 million expansion at that facility which increased total size to 250,000 square feet, providing additional manufacturing capacity and capability. Among the products manufactured in Steinbach in 2008 were Wellbutrin® XL, Ultram® ER, Cardizem® LA, and Tiazac® XC.

The Carolina, Puerto Rico facility totals 35,000 square feet, including a 25,000 square-foot owned manufacturing facility and a 10,000 square-foot leased warehouse space. This plant is specially constructed for the high volume production of controlled release beads.

### **Other Facilities**

Our corporate headquarters is located in Mississauga, Ontario. In connection with our objective of monetizing our non-core assets, in November 2009, we completed a sale/leaseback transaction in respect of our corporate headquarters for net proceeds of \$17.8 million. Included in this transaction was a vacant parcel of land adjacent to this facility, which was sold but not leased back. We recognized a loss on disposal of \$11.0 million on the transaction date. We will continue to occupy the facility under a 20-year operating lease at market rental rates.

Our principal operating subsidiary, Biovail Laboratories International SRL (“BLS”) is based in Barbados, West Indies. In 2008, we relocated from our previous leased facility to a newly constructed facility in Christ Church. This facility is used for strategic planning, and the oversight and management of product sales and related operations, product development, supply chain and logistics, contract management, licensing, intellectual property management and administration.

The Bridgewater, New Jersey facility, which we began leasing in 2003, is used for our U.S. operations including certain clinical and R&D administration.

The Chantilly, Virginia facility continues to perform primarily R&D services and to be a technology transfer site.

In July 2009, we completed the sale of our Dublin, Ireland R&D facility for net cash proceeds of \$5.2 million.

The Dublin, Ireland office, which we began leasing in August 2009, is used as an office for the management of product sales and distribution and the provision of supply chain services.

We believe our facilities are in satisfactory condition and are suitable for their intended use, although some limited investments to improve our manufacturing and other related facilities are contemplated, based on the needs and requirements of our business.

### **Item 3. Legal Proceedings.**

From time to time, the Company becomes involved in various legal and administrative proceedings, which include product liability, intellectual property, antitrust, governmental and regulatory investigations, and related private litigation. There are also ordinary course employment-related issues and other types of claims in which the Company routinely becomes involved, but which individually and collectively are not material.

Unless otherwise indicated, the Company cannot reasonably predict the outcome of these legal proceedings, nor can it estimate the amount of loss, or range of loss, if any, that may result from these proceedings. An adverse outcome in certain of these proceedings could have a material adverse effect on the Company’s business, financial condition and results of operations, and could cause the market value of its common shares to decline.

From time to time, the Company also initiates actions or files counterclaims. The Company could be subject to counterclaims or other suits in response to actions it may initiate. The Company cannot reasonably predict the outcome of these proceedings, some of which may involve significant legal fees. The Company believes that the prosecution of these actions and counterclaims is important to preserve and protect the Company, its reputation and its assets.

### ***Governmental and Regulatory Inquiries***

In July 2003, the Company received a subpoena from the U.S. Attorney’s Office (“USAO”) for the District of Massachusetts requesting information related to the promotional and marketing activities surrounding the commercial launch of Cardizem® LA. In particular, the subpoena sought information relating to the

Cardizem® LA Clinical Experience Program, titled P.L.A.C.E. (Proving L.A. Through Clinical Experience). In October 2007, the Company received an additional related subpoena.

On May 16, 2008, Biovail Pharmaceuticals, Inc., the Company's former subsidiary, entered into a written plea agreement with the USAO whereby it agreed to plead guilty to violating the U.S. Anti-Kickback Statute and pay a fine of \$22.2 million.

In addition, on May 16, 2008, Biovail Corporation entered into a non-prosecution agreement with the USAO whereby the USAO agreed to decline prosecution of Biovail Corporation in exchange for Biovail Corporation's continuing cooperation and in exchange for its agreement to finalize a civil settlement agreement and pay a civil penalty of \$2.4 million. The civil settlement agreement has now been signed and the related fine has been paid. A hearing before the U.S. District Court in Boston took place on September 14, 2009 and the plea was approved.

In addition, as part of the overall settlement, the Company entered into a CIA with the Office of the Inspector General and the Department of Health and Human Services on September 11, 2009. The CIA requires us to have a compliance program in place and to undertake a set of defined corporate integrity obligations for a five-year term. The CIA also includes requirements for an independent review of these obligations. Failure to comply with the obligations under the CIA could result in financial penalties.

On November 20, 2003, the Company received notification from the SEC indicating that the SEC would be conducting an informal inquiry relating to the Company's accounting and disclosure practices for the fiscal year 2003. These issues included whether or not the Company had improperly recognized revenue and expenses for accounting purposes in relation to its financial statements in certain periods, disclosure related to those statements, and whether it provided misleading disclosure concerning the reasons for its forecast of a revenue shortfall in respect of the three-month period ended September 30, 2003, and certain transactions associated with a corporate entity that the Company acquired in 2002. On March 3, 2005, the Company received a subpoena from the SEC reflecting the fact that the SEC had entered a formal order of investigation. The subpoena sought information about the Company's financial reporting for the fiscal year 2003. Also, the scope of the investigation became broader than initially thought, and the period under review was extended to encompass the period January 1, 2001 to May 2004.

On March 24, 2008, the SEC filed a civil complaint against the Company, Eugene Melnyk, the Company's former Chairman and Chief Executive Officer ("CEO"), Brian Crombie, the Company's former Chief Financial Officer ("CFO"), and two former officers, Kenneth Howling and John Miszuk, related to the matters investigated by the SEC. The Company has entered into a Consent Decree with the SEC in which it has not admitted to the civil charges contained in the complaint but has paid \$10.0 million to the SEC to fully settle the matter. As part of the settlement, the Company has also agreed to an examination of its accounting and related functions by an independent consultant. The settlement does not include the four individuals although the Company understands Mr. Howling has also reached a settlement with the SEC. The matter is proceeding as against former officers Mr. Melnyk, Mr. Crombie and Mr. Miszuk in the ordinary course and no hearing date has been set. The Company is indemnifying these individuals for their legal costs.

In the Spring of 2007, the Company was contacted by the USAO for the Eastern District of New York ("EDNY"), which informed the Company that the office is conducting an investigation into the same matters that the SEC is investigating. The USAO for the EDNY conducted interviews of several of the Company's current or former employees and requested documents related to fiscal years 2002 and 2003. The Company cooperated with this request and has not been contacted further. The Company cannot predict the outcome or timing of when this matter may be resolved.

Over the last few years, the Company received a number of communications from the Ontario Securities Commission (the "OSC") relating to its disclosure, and/or seeking information pertaining to certain financial periods. Similar to the SEC, the OSC advised the Company that it had investigated whether the Company improperly recognized revenue for accounting purposes in relation to the interim financial statements filed by the Company for each of the four quarters in 2001, 2002 and 2003, and the first quarter of 2004, and related disclosure issues. The OSC also investigated whether the Company provided misleading disclosure concerning the reasons for its forecast of a revenue shortfall in respect of the three-month period ending September 30,

2003, and certain transactions associated with a corporate entity that the Company acquired in 2002, as well as issues relating to trading in its common shares. These issues included whether the Company's insiders complied with insider reporting requirements, whether persons in a special relationship with the Company may have traded in its common shares with knowledge of undisclosed material information, whether certain transactions may have resulted in, or contributed to, a misleading appearance of trading activity in the Company's securities during 2003 and 2004 and whether certain registrants (who are the Company's former directors) may have had conflicts of interest in relation to the trading of the Company's common shares.

Pursuant to a Notice of Hearing dated July 28, 2006, the staff of the OSC gave notice that an administrative hearing pursuant to sections 127 and 127.1 of the Ontario Securities Act would be held related to the issues surrounding the trading in the Company's common shares. The respondents in the hearing included former Chairman and CEO Eugene Melnyk and a former director of the Company, among others. The Company was not a party to this proceeding. The proceeding as against Eugene Melnyk has been settled. In a decision released June 20, 2008, a panel of the OSC found that the former director acted contrary to the public interest and breached section 107 of the Ontario Securities Act when he (a) failed to provide the Company with accurate information concerning common shares over which he shared control and direction, (b) failed to file insider reports in respect of certain trades in the Company's securities and (c) engaged in a high volume of discretionary trading in its securities during blackout periods imposed by the Company.

Pursuant to a Notice of Hearing dated March 24, 2008, the staff of the OSC gave notice that an administrative hearing would be held related to the other matters investigated. The notice named the Company, former Chairman and CEO Eugene Melnyk, former CFO Brian Crombie, and Kenneth Howling and John Miszuk, two former officers. On January 9, 2009, the OSC approved a settlement reached with the Company. Pursuant to the terms of this settlement, the Company paid approximately \$5.3 million in costs and sanctions and agreed to the appointment of an independent consultant to examine and report on the Company's training of its personnel concerning compliance with financial and other reporting requirements under applicable securities laws in Ontario. On January 27, 2009, the OSC approved a settlement with Messrs. Howling and Miszuk and on February 10, 2009, the OSC approved a settlement with Mr. Crombie. The Company understands that the matter is proceeding against Mr. Melnyk. The hearing has now concluded and a decision is under reserve.

### *Securities Class Action*

On October 8, 2008, a proposed securities class action lawsuit was filed in the U.S. District Court Southern District of New York against the Company, its current Chairman, one current officer and two former officers. The complaint was filed on behalf of all persons and entities that purchased the Company's securities from December 14, 2006 through July 19, 2007. The complaint related to public statements alleged to have been made in respect of Aplenzin® (bupropion hydrobromide tablets) during the product's U.S. regulatory approval process. The Company believed the claim was without merit and filed a motion to dismiss this action in its entirety. The motion was granted and the action was dismissed with prejudice on May 8, 2009. Sanctions were thereafter sought by the Company. The decision granting the motion to dismiss was appealed by the plaintiffs. Pursuant to an agreement reached between the parties, the plaintiffs agreed to dismiss the appeal in exchange for the Company withdrawing its request for sanctions. On June 26, 2009, the appeal was dismissed. This matter has concluded.

### *Antitrust*

Several class action and individual action complaints in multiple jurisdictions have been commenced jointly against the Company, Elan Corporation plc ("Elan") and Teva relating to two agreements: one between the Company and Elan for the licensing of Adalat CC products from Elan, and the other between the Company and Teva for the distribution of those products in the U.S. These actions were transferred to the U.S. District Court for the District of Columbia. The agreements in question have since been resolved as a result of a consent decree between Elan and Biovail and the U.S. Federal Trade Commission.

The Company believes these suits are without merit because, among other reasons, the Company believes that any delay in the marketing or out-licensing of the Company's Adalat CC product was due to manufacturing difficulties the Company encountered and not because of any improper activity on its part.

On March 21, 2006, the Company was advised that an additional claim in respect of this fact situation was filed by Maxi Drug Inc. d/b/a Brooks Pharmacy in the U.S. District Court for the District of Columbia. The Company has accepted service of this complaint, and the case is proceeding on the merits according to the schedule set by the Court in the related federal cases pending in the District of Columbia.

The Company and the other defendants filed motions to dismiss, and the Court denied the Company's motion to dismiss the damage claims brought on behalf of both a purported class of so-called "direct purchasers", generally consisting of distributors and large chain drug stores, and certain "direct purchasers" who have opted out of the class and sued the Company individually, but dismissed the claims of a class of consumers and so-called "indirect purchasers". The remainder of the federal action is proceeding on the merits through the normal legal process. The Court granted plaintiffs' motion for class certification on November 21, 2007 and certified a class of alleged "direct purchasers".

In December 2007, the Company and the other defendants moved for the Court to reconsider that decision and the Court denied that motion on November 3, 2008. On November 18, 2008, the Company and the other defendants filed a petition in the D.C. Circuit pursuant to Fed. R. Civ. P. 23(f), requesting leave to appeal from the District Court's grant of class certification. The D.C. Circuit denied the defendants leave to appeal on February 23, 2009. On March 25, 2009, the defendants filed a petition in the D.C. Circuit for rehearing of their petition requesting leave to appeal. This request was denied.

On December 23, 2008, the Company and the other defendants moved for summary judgment in the District Court to dismiss the entirety of the case. This motion was fully briefed in early June 2009 and a related hearing took place on October 7, 2009. A decision is pending. No trial date has been set.

The Company has now reached a settlement with the non-class or individual plaintiffs (the "Opt-outs"). Pursuant to the terms of the settlement the Company paid a settlement amount and made no admission of wrong doing. The Opt-out actions will be dismissed.

On April 4, 2008, a direct purchaser plaintiff filed a class action antitrust complaint in the U.S. District Court for the District of Massachusetts against the Company, GlaxoSmithKline plc, and SmithKline Beecham Inc. (the latter two of which are referred to here as "GSK") seeking damages and alleging that the Company and GSK took actions to improperly delay FDA approval for generic forms of Wellbutrin XL®. The direct purchaser plaintiff in the Massachusetts federal court lawsuit voluntarily dismissed its complaint on May 27, 2008, and shortly thereafter re-filed a virtually identical complaint in the U.S. District Court for the Eastern District of Pennsylvania. In late May and early June 2008, additional direct and indirect purchaser class actions were also filed against the Company and GSK in the Eastern District of Pennsylvania, all making similar allegations, and these complaints were subsequently consolidated into separate direct and indirect purchaser actions.

On September 10, 2008, the Company and GSK filed motions to dismiss both the direct and indirect purchaser actions. Those motions were heard on February 26, 2009. In the direct purchaser case, on March 13, 2009, the Court granted in part and denied in part the motions, dismissing the Sherman Act Section 2 monopolization claim that had been made by the direct purchasers against the Company. The Company and GSK answered the remaining claims in the direct purchaser case on April 16, 2009. On March 26, 2009, before an order issued on the motions to dismiss the indirect purchaser plaintiffs' claims, the indirect purchaser plaintiffs filed an amended complaint. The pending motions were therefore denied as moot, and new motions to dismiss the indirect purchaser plaintiffs' claims were filed on April 30, 2009. On July 30, 2009, the court dismissed all indirect purchaser claims except for the antitrust claims (limited as to Biovail's concerted actions) in California, Nevada, Tennessee and Wisconsin and the consumer protection claims of California and Florida.

Discovery has now commenced. Briefing on the issue of class certification is underway.

The Company believes that each of these complaints lacks merit and that the Company's challenged actions complied with all applicable laws and regulations, including federal and state antitrust laws, FDA regulations, U.S. patent law, and the Hatch-Waxman Act.

## *Intellectual Property*

On February 3, 2006, the Company and Laboratoires Des Produits Éthiques Ethypharm instituted an action against Sandoz Canada Inc. (“Sandoz”) and Andrx Group stating that certain patents applicable to Tiazac® have been infringed contrary to the Patent Act (Canada) by the defendants. In addition, the Company is seeking injunctive relief restraining the defendants from offering for sale and/or manufacturing in Canada any product covered by its patents and/or procuring the infringement of its patents.

The defendants served the Company with a Statement of Defence and Counterclaim on May 15, 2006. The Company delivered its reply on May 30, 2006, and pleadings closed in June 2006. Pursuant to an agreement by the parties, the claim and counterclaim have been dismissed.

In August 2006, Sandoz brought an action against the Company under section 8 of the PMNOC Regulations demanding damages for having been kept off the market with its generic version of Tiazac® due to prohibition proceedings taken against Sandoz’s predecessor RhoxalPharma Inc. by the Company under the PMNOC Regulations. The prohibition proceedings were subsequently dismissed in November of 2005. The Company defended against the action and discovery has been underway. The action was stayed pending a decision by the Supreme Court of Canada on whether to grant leave to appeal a decision on the measure of section 8 damages in another unrelated action. The Supreme Court of Canada has now denied leave. A trial will likely occur in the later half of 2010 or early 2011, depending on the court’s schedule.

On November 7, 2008, Novopharm Limited (now Teva Canada) brought an action against the Company under section 8 of the PMNOC Regulations demanding damages for having been kept off the market with its generic version of Wellbutrin® SR due to prohibition proceedings taken against them by the Company under the PMNOC Regulations. The prohibition proceedings were subsequently dismissed in January 2005. The parties reached an agreement to resolve this matter. The action has now been dismissed.

On January 18, 2010, a Canadian Federal Court judge presiding over Biovail Corporation and Depomed, Inc. v. Apotex Inc. et al. issued a decision in a proceeding pursuant to the PMNOC Regulations in Canada to determine whether Apotex’s allegations that a Depomed patent was invalid and/or not infringed was justified. This proceeding related to a Canadian application filed by Apotex to market a generic version of the 500mg formulation of Glumetza® (extended release metformin hydrochloride tablets) licensed in Canada by Depomed to BLS. Pursuant to the decision issued by the Court, Health Canada can authorize Apotex to market in Canada its generic version of the 500mg formulation of Glumetza®.

The decision, which was amended on January 20, 2010, found under Canadian law, that Apotex’s allegation was justified that the Depomed Canadian patent at issue in the matter (No. 2,290,624) (the “‘624 Patent”) is obvious. The judge found that the evidence presented by the parties was “evenly balanced” as to obviousness. The judge found in favour of Biovail and Depomed as to all other issues related to validity, enforceability and infringement of the ‘624 Patent under Canadian law. Apotex was authorized to market in Canada its generic version of 500 mg Glumetza® by Health Canada on February 4, 2010. This decision, however, did not find the patent invalid and does not preclude the filing of a subsequent patent infringement suit against Apotex. The Company and Depomed filed a Claim for infringement against Apotex in Canadian Federal Court on February 8, 2010.

Par filed an ANDA with the FDA seeking approval to market Tramadol Hydrochloride Extended Release Tablets, 200 mg. On May 9, 2007, BLS, along with Purdue Pharma Products L.P. (“Purdue”), Napp Pharmaceutical Group Ltd. (“Napp”) and OMI filed a complaint in the U.S. District Court for the District of Delaware alleging infringement of U.S. Patent No. 6,254,887 by the filing of that ANDA, thereby triggering a 30-month stay of FDA’s approval of that application. Par has answered the complaint and asserted counterclaims of non-infringement and patent invalidity. The plaintiffs have denied the counterclaims. On May 22, 2007, Par informed the Company that it had filed a supplemental ANDA seeking approval to market Tramadol Hydrochloride Extended Release Tablets, 100 mg. On June 28, 2007, the same plaintiffs filed another complaint in the U.S. District Court for the District of Delaware alleging infringement of U.S. Patent No. 6,254,887 by the filing of that ANDA, thereby triggering a 30-month stay of FDA’s approval of the 100 mg strength formulation.

On July 23, 2007, Par answered the second complaint and asserted counterclaims of non-infringement and patent invalidity. On September 24, 2007, Par informed the Company that it had filed another supplemental

ANDA seeking approval to market Tramadol Hydrochloride Extended Release Tablets, 300 mg. On October 24, 2007, the same plaintiffs filed another complaint in the U.S. District Court for the District of Delaware alleging infringement of U.S. Patent No. 6,254,887 by the filing of that ANDA, thereby triggering a 30-month stay of FDA's approval of the 300 mg strength formulation. A Markman hearing claims construction ruling was released on November 4, 2008.

BLS filed, and was granted, a motion for dismissal of BLS from the cases. Subsequently, OMI has also been dismissed from the case. The matter continues between the plaintiff and Par. BLS's and OMI's dismissals from the case are not expected to substantively impact the proceedings.

The hearing in this matter commenced and concluded in April 2009. Closing submissions were completed on June 15, 2009. On August 14, 2009, the District Court found in favour of Par, holding that, while Par infringed the patent claims, the patent claims at issue were invalid (there cannot be infringement of invalid claims). Purdue filed an appeal of the decision with the Court of Appeals for the Federal Circuit on September 3, 2009. OMI also appealed its dismissal at the same time, but the appeal has been withdrawn. On November 16, 2009 Par announced that it had received final approval for its 100 mg and 200 mg products and began marketing the drug. Concurrently, Patriot (a wholly owned subsidiary of Ortho-McNeil-Janssen Pharmaceuticals, Inc.), launched our authorized generic formulation of these two strengths of Ultram® ER.

On July 2, 2008, the Company received a Notice of Paragraph IV Certification for Tramadol Hydrochloride Extended release Tablets, 100 mg, a generic version of Ultram® ER, from Impax Laboratories, Inc ("Impax"). BLS filed suit along with Purdue, Napp and OMI in the U.S. District Court for the District of Delaware pursuant to the provisions of the Hatch-Waxman Act. As a result, FDA approval of Impax's generic product has been automatically stayed for 30 months until January 2, 2011. BLS filed, and was granted, a motion for dismissal from the case. OMI has also been dismissed from this case. This matter is continuing between Par and Purdue and is currently in discovery.

On September 23, 2008, the Company received a Notice of Paragraph IV Certification for Tramadol Hydrochloride Extended release Tablets, 200 mg and 300 mg, generic versions of Ultram® ER, from Impax. Purdue, Napp and OMI filed a complaint in the U.S. District Court for the District of Delaware alleging infringement of U.S. Patent No. 6,254,887 by the filing of that ANDA, thereby triggering a 30-month stay of the FDA's approval of that application. OMI has been dismissed from this case. The matter is proceeding in the ordinary course between Impax and Purdue.

On or about July 22, 2009 the Company received a Notice of Paragraph IV Certification from Paddock Laboratories Inc. ("Paddock") for tramadol hydrochloride extended release tablets in 100 mg, 200 mg and 300 mg dosage strengths, a generic version of Ultram® ER. Purdue filed substantially similar suits against Paddock on September 4, 2009 in the U.S. District Court for the District of Minnesota, and in the U.S. District Court for the District of Delaware thereby triggering a 30-month stay against the approval of Paddock's ANDA. Purdue has requested the Court to stay the litigation, pending resolution of its appeal in the Par case. The Company is not a party to this litigation.

The Company has also received a Notice of Paragraph IV Certification dated and mailed on September 15, 2009 from Cipher Pharmaceuticals, Inc. ("Cipher"), who have filed an NDA pursuant to Section 505(b)(2) of the Federal Food, Drug and Cosmetic Act for tramadol hydrochloride extended release tablets in 100, 200 and 300 mg dosage strengths, a generic version of Ultram® ER. Purdue filed suit against Cipher in the U.S. District Court for the Eastern District of Virginia on October 30, 2009, thereby triggering a 30-month stay. Purdue has indicated that it will seek a stay of its case against Cipher, pending resolution of its appeal in the Par case. The Company is not a party to this litigation.

Purdue has also requested a stay of the actions pending a decision from the Panel on Multidistrict Litigation ("MDL") to create an MDL for the various Ultram® ER cases that have been filed. Purdue is seeking to consolidate the cases.

The Company received a further Notice of Paragraph IV Certification dated and mailed on December 8, 2009 from Lupin Ltd. ("Lupin") for Tramadol Hydrochloride Extended Release tablets in 100, 200 and 300mg dosages. Purdue filed suit against Lupin in the U.S. District Court for the District of Delaware on January 21, 2010. The Company is not a party to this litigation.

BLS filed an ANDA with the FDA seeking approval to market venlafaxine hydrochloride extended release capsules equivalent to the 37.5, 75 and 150 mg doses of Effexor® XR. On June 26, 2008, Wyeth filed a complaint against the Company, Biovail Technologies Ltd. and BLS in the U.S. District Court for the District of Delaware alleging infringement of U.S. Patent Nos. 6,274,171 B1, 6,403,120 and 6,419,958 B2 by the filing of that ANDA, thereby triggering a 30-month stay of the FDA's approval of that application. On September 25, 2008 the Company filed its Answer and Affirmative Defenses along with counterclaims of non-infringement and invalidity. The Company and Wyeth executed a settlement agreement in November, 2009 and, subsequently, BLS and Wyeth have executed a license agreement as of January 28, 2010 whereby BLS can manufacture, import and sell venlafaxine hydrochloride extended release capsules with an effective date expected to be on or about June 1, 2011, subject to earlier launch in limited circumstances, but in no event earlier than January 1, 2011. BLS will pay Wyeth a royalty fee on the sale of its venlafaxine hydrochloride extended release capsules under the license, computed as a percentage of net sales, as defined in the license agreement. The license royalty fee term begins with the license effective date and ends on the expiration of the Wyeth patents covered by the license agreement. BLS is solely responsible for manufacturing and marketing its venlafaxine hydrochloride extended release capsules. Through December 31, 2009, BLS has not commenced sales of its venlafaxine hydrochloride extended release capsules.

On or about June 26, 2008, BLS received Notices of Paragraph IV Certification from Sun Pharmaceutical Industries, Ltd., India ("Sun India") for diltiazem hydrochloride extended release capsules, 120 mg, 180 mg, 240 mg, 300 mg, and 360 mg strengths, a generic version of Cardizem® CD. On August 8, 2008, BLS filed suit against Sun India in the U.S. District Court of New Jersey alleging patent infringement of U.S. Patent Nos. 5,470,584, 5,286,497 and 5,439,689 pursuant to the provisions of the Hatch-Waxman Act. BLS has also sought declaratory judgment of infringement for all three patents. These suits are expected to result in a 30-month stay of the FDA approval of the 120 mg, 180 mg, 240 mg and 300 mg strengths. The patents-in-suit were listed in the FDA's Orange Book against the 360 mg strength after the filing of the complaint in this action. On September 30, 2008, Sun India delivered its Answer and Counterclaim, which include declarations of non-infringement, invalidity and unenforceability as well as certain antitrust allegations. This case is currently stayed, pending settlement discussions.

BLS filed an ANDA with the FDA seeking approval to market Fenofibrate Tablets in 48 mg and 145 mg dosage sizes. On November 3, 2008, Abbott and Laboratoires Fournier S.A. filed a complaint against Biovail Corporation and BLS in the U.S. District Court for the Northern District of Illinois alleging infringement of U.S. Patent Nos. 6,277,405, 7,037,529, and 7,041,319 by the filing of the ANDA, thereby triggering a 30-month stay of FDA's approval of that application. This matter has now been transferred to the District of New Jersey. On November 3, 2008, Elan Pharma International Ltd. and Fournier Laboratories Ireland Ltd. also filed a complaint against Biovail Corporation and BLS in the U.S. District Court for the District of New Jersey alleging infringement of U.S. Patent Nos. 5,145,684, 7,276,249 and 7,320,802 by the filing of the ANDA. The Answers and Counterclaims of Biovail Corporation and BLS have been filed. These cases are proceeding in the ordinary course. No trial date has yet been set.

On or about December 1, 2008, the FDA accepted an ANDA filed by BLS seeking approval to market generic formulations of the 200 mg, 300 mg and 400 mg strengths of quetiapine fumarate extended release tablets (sold under the brand name Seroquel® XR by AstraZeneca Pharmaceuticals LP ("AstraZeneca")). On January 9, 2009, AstraZeneca and AstraZeneca UK Limited filed a complaint against Biovail Corporation, BLS, and BTA Pharmaceuticals, Inc. in the U.S. District Court for the District New Jersey alleging infringement of U.S. Patent Nos. 4,879,288 (the "'288 Patent") and 5,948,437 (the "'437 Patent") by the filing of that ANDA, thereby triggering a 30-month stay of the FDA's approval of that application. Answers and Counterclaims have been filed. Discovery relating to invalidity of the '288 Patent has been stayed pending a decision from the Court of Appeals for the Federal Circuit in a related case not involving the Company. That case has now been resolved and the Company is currently reviewing documents. The case, including discovery on the '437 Patent, is proceeding in the ordinary course. No Markman hearing to determine claim scope and meaning nor a trial date have yet been set.

On or about July 3, 2009, BLS received a Notice from Cary Pharmaceuticals Inc. ("Cary"), related to Cary's NDA pursuant to Section 505(B)(2) for bupropion hydrochloride 450 mg extended-release tablets. The Certification references U.S. Patent No. 6,096,341, which is listed in the FDA's Orange Book for the 150 mg and

300 mg dosage strength of Wellbutrin XL®, and No. 6,143,327, which is currently listed in the FDA's Orange Book for the 150 mg dosage strength of Wellbutrin XL®. On August 13, 2009, the Company filed suit in the U.S. District Court for the District of Delaware, thereby triggering a 30-month stay of the approval of Cary's NDA. The Complaint was served on Cary on August 24, 2009 and Cary served its Answer on September 24, 2009. Following a scheduling conference with the judge in mid-January 2010, a Markman hearing has been scheduled for late May 2010, with fact and expert discovery to follow. The case is proceeding in the ordinary course. No trial date has yet been set.

On or about January 5, 2010, BLS received a Notice of Paragraph IV Certification dated January 4, 2010 from Watson Laboratories, Inc. - Florida ("Watson"), related to Watson's ANDA filing for Bupropion Hydrobromide Extended-release Tablets, 174 mg and 348 mg, which correspond to the Company's Aplenzin® Extended-release Tablets 174 mg and 348 mg products. Watson asserted that U.S. Patent Nos. 7,241,805, 7,569,610, 7,572,935 and 7,585,897 which are listed in the FDA's Orange Book for Aplenzin® are invalid and/or not infringed. BLS subsequently received from Watson a second Notice of Paragraph IV Certification for U.S. Patent Nos. 7,645,802 and 7,649,019 which were listed in the FDA's Orange Book after Watson's initial certification. Watson has alleged these patents are not infringed and/or invalid. The Company filed suit pursuant to the Hatch-Waxman Act against Watson on February 18, 2010 in the U.S. District Court for the District of Delaware and on February 19, 2010 in the U.S. District Court for the Southern District of Florida thereby triggering a 30-month stay of the approval of Watson's ANDA.

On or about January 27, 2010, BLS received a Notice of Paragraph IV Certification from Paddock dated January 22, 2010, relating to Paddock's ANDA filing for Bupropion Hydrobromide Extended-release Tablets, 174 mg and 522 mg, which correspond to the Company's Aplenzin® Extended-release Tablets 174 mg and 522 mg products. Paddock has certified that the six patents currently listed in the FDA's Orange Book for Aplenzin® plus an additional unlisted BLS patent relating to bupropion hydrobromide are not infringed and/or invalid. The Company will be filing suit against Paddock no later than March 8, 2010.

#### ***Biovail Action Against S.A.C. and Others***

On February 22, 2006, the Company filed a lawsuit in Superior Court, Essex County, New Jersey, seeking \$4.6 billion in damages from 22 defendants (the "S.A.C. Complaint"). The S.A.C. Complaint alleges that the defendants participated in a stock market manipulation scheme that negatively affected the market price of the Company's common shares and alleges violations of various state laws, including the New Jersey Racketeer Influenced and Corrupt Organizations Act.

The original defendants included: S.A.C. Capital Management, LLC, S.A.C. Capital Advisors, LLC, S.A.C. Capital Associates, LLC, S.A.C. Healthco Funds, LLC, Sigma Capital Management, LLC, Steven A. Cohen, Arthur Cohen, Joseph Healey, Timothy McCarthy, David Maris, Gradient Analytics, Inc., Camelback Research Alliance, Inc., James Carr Bettis, Donn Vickrey, Pinnacle Investment Advisors, LLC, Helios Equity Fund, LLC, Hallmark Funds, Gerson Lehrman Group, Gerson Lehrman Group Brokerage Services, LLC, Thomas Lehrman, Patrick Duff, and James Lyle. The defendant Hallmark Funds was voluntarily dismissed from the action by the Company.

On January 26, 2007, the Company was found to have breached the terms of a protective order in a securities class action then proceeding against it and certain of its former officers in New York Federal Court (the "New York class action"). The New York class action was settled in December 2008. Specifically, the Company was found to have breached the terms of the protective order by using documents obtained from a non-party in the S.A.C. Complaint. The Court ordered that the Company and its counsel return copies of the documents and redact the S.A.C. Complaint accordingly. On February 22, 2007, the Company filed an Amended Complaint. On September 10, 2007, the Company resolved a motion for sanctions previously pending in the New York class action in connection with the breach of the protective order referred to above. As part of that resolution, the Company dismissed defendant Maris from this action and filed a First Amended Complaint on October 3, 2007.

The case was subsequently stayed by an order of the Trial Judge, dated March 16, 2007, pending disposition of certain issues in a factually similar shareholder class action that did not involve the Company (the "New Jersey shareholder class action").

The stay of this action imposed by the Court's March 16, 2007 Order was lifted on March 20, 2009. On April 17, 2009, the Company filed a motion for leave to file a Second Amended Complaint, amending the allegations to assert trade libel and conspiracy, and seeking damages in excess of \$100.0 million. The proposed Second Amended Complaint names as defendants only the S.A.C. related entities, Timothy McCarthy and Gradient Analytics, LLC (formerly Camelback Research Alliance Inc.). All other remaining defendants were dismissed from the lawsuit.

The named defendants opposed the filing of the Second Amended Complaint and moved to dismiss it. The motion was heard on July 10, 2009. A decision was subsequently rendered in the defendants' favour on August 20, 2009. As a result, the matter was dismissed.

On February 17, 2010 SAC Capital Advisors, LLC commenced an action against the Company in the United States District Court for the District of Connecticut. The complaint alleges malicious prosecution related to the Company's complaint against it. A factually similar complaint was filed the same day by Gradient Analytics, Inc., Donn Vickery and James Carleton Carr Bettis in the United States Court for the District of Arizona. The Company believes that these complaints are without merit and will defend once served.

### ***General Civil Actions***

Complaints have been filed by the City of New York, the State of Alabama, the State of Mississippi and a number of counties within the State of New York, claiming that the Company, and numerous other pharmaceutical companies, made fraudulent misstatements concerning the "average wholesale price" of their prescription drugs, resulting in alleged overpayments by the plaintiffs for pharmaceutical products sold by the companies.

The City of New York and plaintiffs for all the counties in New York (other than Erie, Oswego and Schenectady) have voluntarily dismissed the Company and certain others of the named defendants on a without prejudice basis. Similarly, the State of Mississippi has voluntarily dismissed its claim against the Company and a number of defendants on a without prejudice basis.

In the case brought by the State of Alabama, the Company has answered the State's Amended Complaint and discovery is ongoing. On October 16, 2009, the Supreme Court of Alabama issued an opinion reversing judgments in favour of the State in the first three cases that were tried against co-defendant companies. The Supreme Court also rendered judgment in favour of those defendants, finding that the State's fraud-based theories failed as a matter of law. The Company's case is presently scheduled to proceed to trial in January 2011.

The cases brought by the New York State counties of Oswego, Schenectady and Erie, each of which was originally brought in New York State court, were removed by defendants to Federal Court on October 11, 2006. The Company answered the complaint in each case after the removal to Federal Court. The cases were subsequently remanded and, following the remand, the New York State Litigation Coordinating Panel granted the defendants' application to coordinate the three actions for pretrial purposes in Erie County. Discovery is ongoing with trial presently scheduled to commence in February 2011.

On December 15, 2009, Biovail was served with a Seventh Amended Complaint under the False Claims Act in an action captioned United States of America, ex rel. Constance A. Conrad v. Actavis Mid-Atlantic, LLC, et al., United States District Court, District of Massachusetts. This case was originally filed in 2002 and maintained under seal until shortly before Biovail was served. Twenty other companies are named as defendants. In the Seventh Amended Complaint, Conrad alleges that various formulations of Rondec, a product formerly owned by Biovail, was not properly approved by the FDA and therefore not a "Covered Outpatient Drug" within the meaning of the Medicaid Rebate Statute. As such, Conrad alleges that Rondec was not eligible for reimbursement by federal healthcare programs, including Medicaid. Conrad seeks treble damages and civil penalties under the False Claims Act. According to the briefing schedule set by the court, motions to dismiss are due on or before April 19, 2010.

On May 6, 2008, BLS commenced an arbitration under Financial Industry Regulatory Authority rules against an investment institution at which it held a cash management account seeking \$26.8 million in compensatory damages and \$53.6 million in punitive damages. The Statement of Claim alleged that the investment institution, as non-discretionary manager of BLS's cash management account, fraudulently or

negligently, and in breach of the parties' customer agreement, invested BLS's assets in auction rate securities, which were not among BLS's approved investments. The investment institution subsequently delivered its Answer and Response. A hearing was scheduled to commence on July 8, 2009. The matter has now been settled as between the parties for payment to BLS in the amount of \$22.0 million. BLS continues to hold the auction rate securities.

#### **Item 4. Submission of Matters to a Vote of Security Holders.**

Not applicable.

#### **Executive Officers of the Registrant**

The name and age as of February 24, 2010 and position with us of each of the members of senior management are set forth below.

| <u>Name</u>                                   | <u>Age</u> | <u>Position</u>                                                  |

| Christine C. Mayer . . . . .                  | 51         | Senior Vice-President, Business Development Services             |

*Mr. Wells* was appointed the Chief Executive Officer of Biovail Corporation and the President of BLS effective May 1, 2008. Mr. Wells was originally elected to the Board of Directors in June 2005. Mr. Wells served as the Lead Director of the Board from June 30, 2007 to April 18, 2008. Mr. Wells is responsible for the operational and general management of our Company and has accountability for all aspects of our business, including marketing, sales, R&D, and manufacturing. As President of BLS, the Company's key operating subsidiary, Mr. Wells is responsible for all strategic and executive operating decisions relating to BLS' business, including its R&D strategies, budgets, priorities and programs. Mr. Wells' responsibilities as President of BLS also includes the review and the decision-making authority over all significant product and technology acquisitions and development and BLS' supply and distribution agreements. Mr. Wells is also responsible for developing and maintaining strategic alliances and important customer relationships. Prior to joining us on May 1, 2008, Mr. Wells was the Chief Financial Officer of Loblaw Companies Limited ("Loblaw"), Canada's largest food distributor and a leading provider of general merchandise products, drugstore products, and financial products and services, a position from which he resigned immediately prior to joining Biovail as our Chief Executive Officer and President of BLS. Mr. Wells also served as a director or officer of a number of subsidiaries of Loblaw. Prior to his position at Loblaw, Mr. Wells served as Chief Financial Officer of Bunge Limited ("Bunge"), a U.S.-headquartered company, whose shares are listed on the NYSE, in the global agribusiness, fertilizer and food product industries, and also served as a director or officer of a number of other subsidiaries and joint ventures of Bunge since January 2000. Mr. Wells is versed in corporate governance matters, having led Bunge's initial public offering on the NYSE, managed its SOX compliance process and overseen its investor relations program. Prior to joining Bunge, Mr. Wells spent 10 years in senior financial management at McDonald's Corporation in the U.S. and Brazil. Mr. Wells is currently a Trustee and a member of the audit committee of the Lakefield College School Foundation, a member of the investment committee of

the Uruguay International Venture Capital Fund and formerly a member of the Standard & Poor's Corporate Issuer Advisory Board. Mr. Wells holds a Masters degree in International Business from the University of South Carolina and a Bachelor's degree in Philosophy and English from the University of Western Ontario.

*Mrs. Mulligan* was appointed Senior Vice-President and Chief Financial Officer of Biovail Corporation effective September 3, 2008. Mrs. Mulligan has responsibility for finance, including consolidated financial planning and reporting, information technology, risk and financial operations. Her responsibilities also include the development of strategies and programs to proactively position our Company and business to disparate groups of external stakeholders, including the investment community, media, governments, the medical community and the general public. Mrs. Mulligan was most recently a Principal at Priiva Consulting Corporation, a leading game theory consulting practice. Prior to that, she served as Executive Vice-President, Chief Financial Officer and Treasurer of Linamar Corporation, a publicly traded auto components supplier, from 2005 to 2007. Prior to Linamar, Mrs. Mulligan spent more than 11 years with The Bank of Nova Scotia (Scotiabank), most recently as Executive Vice-President, Systems and Operations, where she was responsible for operational processes and technology across Canada and in more than 50 other countries. She directed a staff of over 3,000 and managed a broad range of critical information-technology functions. Earlier in her career at Scotiabank, Mrs. Mulligan served as Senior Vice-President, Audit & Chief Inspector. Before joining Scotiabank, Mrs. Mulligan was an Audit Partner with PricewaterhouseCoopers in Toronto. Mrs. Mulligan currently serves on the board of Ontario Power Generation Inc. and recently served on the board of Resolve Business Outsourcing Income Fund. Her extensive community involvement has included serving as a Trustee of the Ontario Science Centre, a Governor of Appleby College and a Governor of the University of Waterloo. Mrs. Mulligan holds a B. Math (Honours) from the University of Waterloo and was named a Fellow of the Institute of Chartered Accountants of Ontario in 2003.

*Mr. Godin* was appointed Executive Vice-President and Chief Operating Officer of Biovail Corporation in June 2007. Mr. Godin is responsible for our commercial, scientific and product-development capabilities, as well as our manufacturing, contract-development and business development services. Mr. Godin joined us in May 2006 from MDS Pharma Services, a contract research organization that provides drug-discovery and development services to pharmaceutical and biotechnology companies and a business unit of MDS Inc. ("MDS"). During his eight years' tenure at MDS, he held a series of progressively responsible executive positions in Canada and the U.S., including that of President of MDS Pharma Services, a business unit of MDS, from October 2004 to April 2006. Before joining MDS Pharma Services in 1999, Mr. Godin spent eight years with Schering-Plough Corporation, a publicly traded company listed on the NYSE, where he held the technical leadership position in Canada and a business-unit management role in France. He has also held several positions with business and operational accountabilities during his seven-year tenure at L'Oreal Canada Inc. Mr. Godin has an M.B.A. from the John Molson School of Business at Concordia University in Montreal. He also holds an engineering degree from Sherbrooke University in Quebec.

*Mr. Durham* is Senior Vice President, Human Resources and Shared Services of Biovail Corporation, and joined us as Vice-President, Corporate Human Resources in February 2003. Mr. Durham came to us from Pharmacia Corporation, where he served as Vice-President for Human Resources for Global Marketing and North American country operations from 2000 to 2003. Prior to that time he spent 15 years with Pharmacia & Upjohn Inc. and held senior human resource positions in the U.S., Asia and Canada. In addition to human resources, Mr. Durham has held positions in manufacturing and sales operations. Mr. Durham is a graduate of Carleton University in Ottawa, where he received his B.A. Hons. in political science and economics.

*Mr. Gubitz* was appointed Senior Vice-President, Corporate Development of Biovail Corporation, in June 2007, and General Counsel of Biovail Corporation effective September 1, 2009. As Senior Vice-President, Corporate Development, Mr. Gubitz is responsible for Biovail's corporate development programs, including mergers and acquisitions. He also assists our Company in our strategic planning process. As general counsel, Mr. Gubitz is responsible for our overall legal operations. Mr. Gubitz joined us in March 2006 from MDS Capital Corp. ("MDS Capital"), a North American venture-capital company focused exclusively on life sciences, where he was Chief Operating Officer. He spent 10 years with MDS Capital in various senior roles, with accountability for all operational matters, institutional fundraising, investor relations, finance and legal affairs. Mr. Gubitz also became Chairman of MDS Capital's Investment Committee in 2004. Before joining MDS Capital in 1996, Mr. Gubitz was a partner practicing corporate and securities law at a leading Canadian law firm.

He was called to the Bar in the Province of Ontario in 1984. Mr. Gubitz holds an LL.B. and a B.A. from McGill University in Montreal.

*Mr. Chouinard* is Chief Operating Officer of BLS in Barbados, and a member of its Board of Managers. He is responsible for the day to day management, of all aspects of BLS's business. Mr. Chouinard came to us in March 2000 from BioChem Pharma Inc., where he was Vice President of Global Commercialisation for vaccines for approximately three years. Prior to that he spent 18 years with American Cyanamid Company (Lederle), GlaxoSmithKline Inc. and Abbott, and held senior commercial and operations positions in the U.S. and Canada. Since joining our Company, Mr. Chouinard has held the positions of Vice President and General Manager of BPC and Vice President, Manufacturing Planning and Strategy of Biovail Corporation, before joining BLS in February 2006. Mr. Chouinard holds a B.A. (with a major in economics) from McGill University in Montreal.

*Dr. Fibiger* was appointed Senior Vice-President, Chief Scientific Officer of BLS effective November 24, 2008. Dr. Fibiger is actively involved in implementing BLS' drug development strategy, which includes the review of potential product developments and acquisitions and he is ultimately responsible for the strategic aspects of BLS' product development pipeline. Dr. Fibiger also serves as an advisor to BLS' President regarding the field of neuroscience from scientific, development and commercial perspectives. Dr. Fibiger, a Fellow of the American College of Neuropsychopharmacology, was most recently Chief Scientific Officer of MedGenesis Therapeutix Inc., a privately held biopharmaceutical company based in Victoria, British Columbia. From 2003 to 2007, Dr. Fibiger served as Vice-President and Global Therapeutic Area Head of Neuroscience for Amgen Inc. Prior to that, he served for five years at Eli Lilly & Co. as Vice-President of Neuroscience Discovery Research and Clinical Investigation. From 1972-1998, Dr. Fibiger was Professor and Head of the Division of Neurological Sciences and Chair of the University Graduate Program in Neuroscience at the University of British Columbia. Dr. Fibiger has received many honours for his research contributions. Dr. Fibiger received his Ph.D in Psychopharmacology from Princeton University.

*Ms. Mayer* is Senior Vice-President, Business Development Services at BTA. Ms. Mayer is responsible for leading the Business Development Services Team, which provides services in respect of identifying and analyzing new business and product licensing opportunities for us. Ms. Mayer joined us in May 2005 and was promoted to her current position effective January 1, 2007. Ms. Mayer has over 20 years of broad business experience in the pharmaceutical industry across many disciplines and therapeutic areas. Before joining us, she was Vice President of Global Business Development at sanofi-aventis (formerly Aventis), a publicly traded company listed on the NYSE, where she spent six years. Prior to that, she worked for 13 years at Johnson & Johnson, a publicly traded company listed on the NYSE, in the pharmaceutical sector, holding positions in various disciplines, including business development, marketing, sales and finance. Ms. Mayer also has four years of previous experience in large public accounting firms. Ms. Mayer holds an M.B.A. from Rutgers University in New Jersey and a B.A. from Glassboro College (now Rowan University) in New Jersey.

## PART II

### Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.

#### A. Market Information

Our common shares are traded on the NYSE and on the Toronto Stock Exchange ("TSX") under the symbol "BVF". The following table sets forth the high and low per share sales prices for our common shares on the NYSE and TSX for the periods indicated.

|                            | Common Shares |           |             |            |
|----------------------------|---------------|-----------|-------------|------------|
|                            | NYSE          |           | TSX         |            |
|                            | High<br>\$    | Low<br>\$ | High<br>C\$ | Low<br>C\$ |
| <b>2008</b>                |               |           |             |            |
| Quarter 1 . . . . .        | 14.90         | 10.00     | 14.53       | 10.30      |
| Quarter 2 . . . . .        | 12.96         | 9.53      | 12.91       | 9.64       |
| Quarter 3 . . . . .        | 11.27         | 9.27      | 11.71       | 9.70       |
| Quarter 4 . . . . .        | 9.88          | 6.65      | 11.69       | 7.84       |
| <b>2009</b>                |               |           |             |            |
| Quarter 1 . . . . .        | 12.15         | 9.41      | 14.53       | 10.30      |
| Quarter 2 . . . . .        | 13.75         | 9.26      | 15.90       | 10.90      |
| Quarter 3 . . . . .        | 15.50         | 12.14     | 16.59       | 13.45      |
| Quarter 4 . . . . .        | 15.49         | 12.91     | 16.55       | 13.78      |
| <b>2010</b>                |               |           |             |            |
| January . . . . .          | 16.14         | 14.02     | 16.57       | 14.60      |
| February 1 to 24 . . . . . | 15.10         | 13.64     | 15.95       | 14.62      |

#### Market Price Volatility of Common Shares

Market prices for the securities of pharmaceutical and biotechnology companies, including our securities, have historically been highly volatile, and the market has from time to time experienced significant price and volume fluctuations that are unrelated to the operating performance of particular companies. Factors such as fluctuations in our operating results, the aftermath of public announcements by us, concern as to safety of drugs and general market conditions can have an adverse effect on the market price of our common shares and other securities.

#### B. Holders

The approximate number of holders of record of our common shares as of February 24, 2010 is 1,245.

#### C. Dividends

In May 2009, the Board of Directors approved a modification to our dividend policy, which now contemplates a quarterly dividend of \$0.09 per common share. Each dividend declaration is always subject to the discretion of the Board of Directors and is generally based on our business performance, operational results, future capital requirements, business development requirements and other requirements and applicable laws. The policy is reviewed by the Board of Directors from time to time with regard to our capital requirements, strategic and business development considerations, operations and results and any changes thereto.

We continue to believe that current operations and our existing pipeline products should generate sufficient cash flows to sustain our current quarterly dividend. However, business development activities designed to

accelerate our specialty CNS strategy will have first priority over our cash flows and resources. Accordingly, the Board of Directors and management will continue to review the dividend policy on an ongoing basis to determine if a revision to the dividend policy, including the potential cancellation of the dividend, may be necessary.

Except for the contemplation of a quarterly dividend in accordance with our dividend policy, we have no specific procedure for the setting of the date of dividend entitlement but, in accordance with applicable laws, regulations and rules, will set a record date for share ownership to determine entitlement to any dividends declared. We have no specific procedures for holders not resident in Canada to claim dividends and will mail dividends to non-residents of Canada in the same manner as to holders resident in Canada. We have appointed CIBC Mellon to be the paying agent for dividends in the U.S. and elsewhere.

During 2008 and 2009, we declared dividends per common share as follows:

| <u>Date Declared</u>    | <u>Dividend per Share</u> | <u>Payment Date</u> |
|-------------------------|---------------------------|---------------------|
| March 12, 2008 .....    | \$0.375                   | April 3, 2008       |
| May 7, 2008 .....       | \$0.375                   | May 30, 2008        |
| August 12, 2008 .....   | \$0.375                   | September 3, 2008   |
| November 5, 2008 .....  | \$0.375                   | January 5, 2009     |
| February 26, 2009 ..... | \$0.375                   | April 6, 2009       |
| May 6, 2009 .....       | \$ 0.09                   | July 6, 2009        |
| August 6, 2009 .....    | \$ 0.09                   | October 5, 2009     |
| November 5, 2009 .....  | \$ 0.09                   | January 4, 2010     |
| Total .....             | <u>\$2.145</u>            |                     |

On February 24, 2010, we declared a cash dividend of \$0.09 per common share, payable on April 5, 2010.

See Item 7. “Management’s Discussion and Analysis of Financial Condition and Results of Operation — Selected Annual Information — Cash Dividends”, for additional details about our dividend payments.

#### **D. Restrictions on Share Ownership by Non-Canadians**

There are no limitations under the laws of Canada or in our organizational documents on the right of foreigners to hold or vote securities of our Company, except that the *Investment Canada Act (Canada)* (the “Investment Canada Act”) may require review and approval by the Minister of Industry (Canada) of certain acquisitions of “control” of our Company by a “non-Canadian”.

##### **Investment Canada Act**

The Investment Canada Act applies to every acquisition of control of a Canadian business by a non-Canadian. The acquisition of a majority of the voting interests of an entity or of a majority of the undivided ownership interests in the voting shares of an entity that is a corporation is deemed to be an acquisition of control of that entity. In the case of a corporation, the acquisition of less than a majority but one-third or more of the voting shares of a corporation or of an equivalent undivided ownership interest in the voting shares of the corporation is presumed to be an acquisition of control of that corporation unless it can be established that, on the acquisition, the corporation is not controlled in fact by the acquirer through the ownership of voting shares. The acquisition of all or substantially all of the assets used in carrying on a Canadian business also constitutes an acquisition of control. An acquisition of control of a Canadian business by a non-Canadian is either reviewable (a “Reviewable Transaction”), in which case it is subject to both a reporting obligation and an approval process, or notifiable (a “Notifiable Transaction”), in which case it is subject to only a post-closing reporting obligation. A transaction is a Reviewable Transaction or a Notifiable Transaction based on whether a prescribed monetary threshold is exceeded.

A direct acquisition of control of a Canadian business by a non-Canadian through the acquisition of the voting interests of a Canadian entity or all or substantially all of the assets used in carrying on a Canadian business is a Reviewable Transaction if, in the case of an acquisition of voting interests, the aggregate value of the assets acquired (including assets situated outside of Canada), or, in the case of an acquisition of assets, the aggregate value of the assets in Canada acquired, is equal to or greater than C\$5 million. A substantially higher threshold applies, however, where the purchaser qualifies as a “WTO investor” or the Canadian business being acquired is controlled by a non-Canadian that qualifies as a WTO investor. For these transactions, the WTO threshold, for transactions completed in 2010, is expected to be C\$299 million (this threshold will become official once published in the *Canada Gazette*). The WTO threshold will change to C\$600 million upon the enactment of new regulations under the Investment Canada Act. The determination of the threshold will be based on a new test of “enterprise value” rather than asset value (although asset value may continue to be the relevant threshold for asset transactions). The manner for determining “enterprise value” will be set out by regulation. An indirect acquisition of a Canadian business by a non-Canadian is a Reviewable Transaction if either the value of the Canadian business’ assets exceed C\$50 million and more than 50% of the value of the assets acquired are located outside of Canada, or exceeds C\$5 million and more than 50% of the value of the assets acquired are located in Canada. However, where the purchaser qualifies as a WTO investor or the Canadian business being acquired is controlled by a non-Canadian that qualifies as a WTO investor, the transaction qualifies as a Notifiable Transaction and not a Reviewable Transaction.

In the case of a Reviewable Transaction, the non-Canadian acquirer must submit an application for review with the prescribed information. The responsible Minister is then required to determine whether the Reviewable Transaction is likely to be of net benefit to Canada, taking into account the assessment factors specified in the Investment Canada Act and any written undertakings that may have been given by the non-Canadian acquirer. The Investment Canada Act contemplates an initial review period of up to 45 days after filing; however, if the responsible Minister has not completed the review by that date, the Minister may unilaterally extend the review period by up to 30 days (or such longer period as may be agreed to by the applicant and the Minister) to permit completion of the review. Subject to a few limited exceptions, a direct acquisition of a Canadian business that constitutes a Reviewable Transaction cannot be completed until the Minister responsible for administering the Investment Canada Act is satisfied, or is deemed to be satisfied, that the transaction “is likely to be of net benefit to Canada”.

In the case of a Notifiable Transaction, a non-Canadian acquirer must submit a notice with the prescribed information at any time before or within 30 days following completion of the transaction.

In March 2009, the Investment Canada Act was amended to provide that any investment by a non-Canadian in a Canadian business, even where control has not been acquired, can be reviewed on grounds of whether it may be injurious to national security. Where an investment is determined to be injurious to national security, Cabinet can prohibit closing or, if closed, can order the investor to divest control. Short of a prohibition or divestment order, Cabinet can impose terms or conditions on the investment or can require the investor to provide binding undertakings to remove the national security concern.

### **Competition Act**

Part IX of the *Competition Act* (Canada) (the “Competition Act”) requires that a pre-merger notification filing be submitted to the Commissioner of Competition (the “Commissioner”) in respect of certain classes of merger transactions that exceed certain prescribed thresholds. The thresholds applicable to the acquisition of the shares of a public corporation, or the acquisition of the assets of a corporation, are as follows:

- *Size of Parties:* the parties to the transaction, together with their affiliates (as defined under the Act), must have assets in Canada that exceed C\$400 million in aggregate value, or have gross annual revenues from sales in, from or into Canada, that exceed C\$400 million in aggregate value;
- *Size of Transaction:* generally, the aggregate value of the assets in Canada that are acquired through the transaction, or the gross revenues generated from sales in or from Canada from those assets, exceed C\$70 million (this threshold may increase annually by the Minister of Industry in accordance with an index formula set out in the Competition Act); and

- *Size of Equity* (in the case of a share transaction): the acquisition of more than 20% of the voting shares of a public corporation or, where this threshold has been exceeded but the acquirer owns less than a majority of the voting shares of a public corporation, the acquisition of more than 50% of the voting shares of a public corporation.

Note that in the case of an amalgamation, the Size of Transaction threshold is met only if the threshold set out above is exceeded by both the continuing corporation and at least two of the amalgamating corporations (except that in the case of the amalgamating corporations, the relevant revenues are sales in, from or into Canada). The Competition Act and the Notifiable Transactions Regulations thereto set out the basis upon which asset values and gross revenues are to be determined. Generally speaking, the relevant period for determining whether the thresholds are met is the period covered by the last audited financial statements, although complex rules apply under the Notifiable Transactions Regulations.

If a proposed transaction exceeds the above-described thresholds, subject to certain exceptions, a notification filing must be submitted to the Commissioner and the statutory waiting period must expire or be terminated early or waived by the Commissioner before the transaction can be completed. The waiting period is 30 calendar days after the day on which the parties to the proposed transaction submit the prescribed information, provided that, before the expiry of this period, the Commissioner has not notified the parties that she requires additional information that is relevant to the Commissioner's assessment of the proposed transaction (a "Supplementary Information Request"). In the event that the Commissioner provides the parties with a Supplementary Information Request, the parties cannot complete their proposed transaction until 30 calendar days after the day in which the parties complied with the Supplementary Information Request. At the end of the statutory waiting period, the parties can legally complete their transaction, unless the Commissioner has applied to the Competition Tribunal (a special purpose tribunal) for an interim order prohibiting closing. The Commissioner can apply to the Competition Tribunal for two such orders, each with a maximum period of 30 days (60 days in the aggregate). A transaction may be completed before the end of the applicable waiting period if the Commissioner notifies the parties that she does not, at such time, intend to challenge the transaction by making an application under Section 92 of the Competition Act. The Commissioner retains the right to challenge a transaction before the Competition Tribunal on substantive grounds (as described below) under Section 92 of the Competition Act at any time before, or within one year after, closing.

The parties to a transaction that is subject to pre-merger notification have an obligation to submit a pre-merger notification filing, and the waiting period will not begin until the parties have submitted a complete notification filing. The Competition Act prescribes special rules for hostile bids involving corporations whereby the bidder may unilaterally initiate the statutory waiting period by submitting its pre-merger notification filing.

The Commissioner may, upon request, issue an advance ruling certificate ("ARC") in respect of a proposed transaction where she is satisfied that she would not have sufficient grounds on which to apply to the Competition Tribunal for an order under Section 92 of the Competition Act. If the Commissioner issues an ARC, the parties are exempted from having to file a notification and the Commissioner is prohibited from challenging the transaction solely on the basis of information that is the same or substantially the same as the information on the basis of which the ARC was issued.

If the Commissioner is not prepared to issue an ARC, she may nevertheless issue a "no action" letter confirming that she is of the view that grounds do not then exist to initiate proceedings before the Competition Tribunal under the merger provisions of the Competition Act with respect to the proposed transaction, while preserving, for one year following the completion of the proposed transaction, her authority to initiate proceedings should circumstances change.

All mergers, regardless of whether they are subject to Part IX of the Competition Act, are subject to the substantive mergers provisions under Section 92 of the Competition Act. In particular, the Commissioner may challenge a transaction before the Competition Tribunal where the transaction prevents or lessens, or is likely to prevent or lessen, competition substantially in a market. The Competition Tribunal may issue an order that the parties not proceed with the transaction or part of it or, in the event that the transaction has already been completed, order its dissolution or the disposition of some or all of the assets or shares involved. In addition, the Competition Tribunal may, with the consent of the person against whom the order is directed and the

Commissioner, order that person to take any other action as is deemed necessary to remedy any substantial lessening or prevention of competition that the Competition Tribunal determines would or would likely result from the transaction. The Commissioner may not make an application to the Competition Tribunal under Section 92 of the Competition Act more than one year after the merger has been substantially completed.

## **E. Exchange Controls**

Canada has no system of exchange controls. There are no Canadian restrictions on the repatriation of capital or earnings of a Canadian public company to non-resident investors. There are no laws in Canada or exchange restrictions affecting the remittance of dividends, profits, interest, royalties and other payments to non-resident holders of our securities, except as discussed in Item 5.F. “— Taxation”.

## **F. Taxation**

### **Canadian Federal Income Taxation**

The following discussion is a summary of the principal Canadian federal income tax considerations generally applicable to a holder of our common shares who, at all relevant times, for purposes of the *Income Tax Act* (Canada) and the *Income Tax Regulations* (collectively, the “Canadian Tax Act”) deals at arm’s-length with, and is not affiliated with, us, holds its common shares as capital property and does not use or hold and is not deemed to use or hold such common shares in carrying on a business in Canada and who, at all relevant times, for purposes of the application of the Canadian Tax Act and the Canada-U.S. Income Tax Convention (1980, as amended) (the “U.S. Treaty”), is resident in the U.S., is not, and is not deemed to be, resident in Canada and is eligible for benefits under the U.S. Treaty (a “U.S. Holder”). Special rules, which are not discussed in the summary, may apply to a non-resident holder that is an insurer that carries on an insurance business in Canada and elsewhere or that is an “authorized foreign bank” as defined in the Canadian Tax Act.

Limited liability companies (“LLCs”) that are not taxed as corporations pursuant to the provisions of the U.S. Internal Revenue Code of 1986, as amended (the “Code”) do not qualify as resident in the U.S. for purposes of the U.S. Treaty. Under the U.S. Treaty, a resident of the U.S. who is a member of such an LLC and is otherwise eligible for benefits under the U.S. Treaty may generally be entitled to claim benefits under the U.S. Treaty in respect of income, profits or gains derived through the LLC. Generally, such entitlement commenced on February 1, 2009 for withholding taxes, and is in effect for other (non-withholding) taxes for taxable years beginning on or after January 1, 2009.

The U.S. Treaty includes limitation on benefits rules that restrict the ability of certain persons who are resident in the U.S. to claim any or all benefits under the U.S. Treaty. Residents of the U.S. should consult their own tax advisors with respect to their eligibility for benefits under the U.S. Treaty, having regard to these rules.

This summary is based upon the current provisions of the U.S. Treaty and the Canadian Tax Act and our understanding of the current administrative policies and assessing practices of the Canada Revenue Agency published in writing prior to the date hereof. This summary takes into account all specific proposals to amend the U.S. Treaty and the Canadian Tax Act publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof. This summary does not otherwise take into account or anticipate changes in law or administrative policies and assessing practices, whether by judicial, regulatory, administrative or legislative decision or action, nor does it take into account provincial, territorial or foreign tax legislation or considerations, which may differ from those discussed herein.

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice generally or to any particular holder. U.S. Holders should consult their own tax advisors with respect to their own particular circumstances.

### ***Gains on Disposition of Common Shares***

In general, a U.S. Holder will not be subject to tax under the Canadian Tax Act on capital gains arising on the disposition of such holder's common shares unless the common shares are "taxable Canadian property" to the U.S. Holder and are not "treaty-protected property".

Generally, a common share will not be taxable Canadian property to a U.S. Holder at a particular time; provided that, (a) such common share is listed on a designated stock exchange (which includes the NYSE and the TSX), (b) the U.S. Holder, persons with whom the U.S. holder does not deal at arm's-length, or the U.S. Holder together with all such persons, have not owned 25% or more of the issued shares of any class or series of the capital stock of our Company at any time during the 60-month period that ends at that time, and (c) common share is not otherwise deemed to be taxable Canadian property for purposes of the Canadian Tax Act.

Common shares will be treaty-protected property where the U.S. Holder is exempt from income tax under the Canadian Tax Act on the disposition of common shares because of the U.S. Treaty. Common shares owned by a U.S. Holder will generally be treaty-protected property where the value of the common shares is not derived principally from real property situated in Canada.

### ***Dividends on Common Shares***

Dividends paid or credited on the common shares or deemed to be paid or credited on the common shares to a U.S. Holder that is the beneficial owner of such dividends will generally be subject to non-resident withholding tax under the Canadian Tax Act and the U.S. Treaty at the rate of (a) 5% of the amounts paid or credited if the U.S. Holder is a company that owns (or is deemed to own) at least 10% of our voting stock, or (b) 15% of the amounts paid or credited in all other cases. The rate of withholding under the Canadian Tax Act in respect of dividends paid to non-residents of Canada is 25% where no tax treaty applies.

## **G. Sale of Unregistered Securities**

### **5.375% Senior Convertible Notes due 2014**

On June 10, 2009, the Company issued \$350.0 million aggregate principal amount of Notes in a private placement to qualified institutional buyers pursuant to Rule 144A under the Securities Act for net proceeds of approximately \$334.0 million, after deducting estimated fees and expenses of the offering. J.P. Morgan Securities Inc. acted as representative of the initial purchasers. The Notes were issued under an indenture dated June 10, 2009 entered into among us, as issuer, The Bank of New York Mellon, as trustee, and BNY Trust Company of Canada, as co-trustee. The Notes bear interest at a rate of 5.375% per year. Interest on the Notes accrues from June 10, 2009. Interest is payable semiannually in arrears on February 1 and August 1 of each year, beginning February 1, 2010. Holders may convert their Notes into common shares at the applicable conversion rate, prior to the close of business on the business day immediately preceding the maturity date, in multiples of \$1,000 principal amount, under the following circumstances:

- during any fiscal quarter (and only during that quarter) commencing after June 30, 2009, if the closing sale price of our common shares is greater than or equal to 130% of the applicable conversion price then in effect for at least 20 trading days in the period of 30 consecutive trading days ending on, and including, the last trading day of the preceding fiscal quarter; during the five business day period after any five consecutive trading day period, or the measurement period, in which the trading price per \$1,000 principal amount of notes for each day of such measurement period was less than 98% of the product of the closing price of our common shares and the applicable conversion rate for the Notes;
- if such Notes have been called for redemption;
- upon the occurrence of specified corporate transactions; or
- during the period beginning 25 trading days prior to maturity.

The initial conversion rate for the Notes is 67.0880 common shares per \$1,000 principal amount of Notes (equal to a conversion price of approximately \$14.91 per common share), subject to adjustment. Upon conversion of a Note, we will have the right to elect to deliver cash or a combination of cash and common shares for the notes surrendered instead of delivering only common shares (plus cash in lieu of fractional shares). In addition, following certain corporate transactions that occur prior to maturity, we will increase the conversion rate for a holder who elects to convert its Notes in connection with such corporate transactions by a number of additional common shares. Holders will not receive any additional cash payment or additional common shares representing accrued and unpaid interest upon conversion of a Note, except in limited circumstances. Instead, interest will be deemed paid by the common shares and cash, if any, issued to the holder upon conversion. Our current intent and policy is to settle the Notes using a net share settlement approach, such that the principal amount of any Notes tendered for conversion would be settled in cash, and any excess conversion value settled in common shares.

We may redeem for cash all or a portion of the Notes at any time on or after August 2, 2012, at a purchase price equal to 100% of the principal amount being redeemed, plus any accrued and unpaid interest if the closing price of our common shares reaches a specified threshold. We may not otherwise redeem any of the Notes at our option prior to maturity, except upon the occurrence of certain changes to the laws governing Canadian withholding taxes.

#### **H. Purchases of Equity Securities by the Company and Affiliated Purchases**

On August 6, 2009 we announced that the Board of Directors had renewed our share repurchase program providing for the purchase of up to 15,800,000 common shares, representing approximately 10% of our public float (as defined by applicable rules). The Company may initially make purchases under the share repurchase program of up to 7.9 million common shares through the facilities of the NYSE, in accordance with applicable rules and guidelines. This represents approximately 5% of the Company's public float as of August 6, 2009. Following additional filings and related approvals, we may also purchase common shares over the TSX. The program does not require Biovail to repurchase a minimum number of common shares, and the program may be modified, suspended or terminated at any time without prior notice. The share repurchase program will terminate on August 11, 2010 or at such earlier time as the Company completes its purchases. Under the terms of our credit facility, we are not permitted to repurchase common shares in excess of \$75.0 million in the aggregate in any given calendar year without obtaining the lenders' prior consent. Given that we do not intend to exceed this threshold, we have not requested nor obtained such consent. No repurchases of common shares were made during the Company's fourth quarter in 2009.

### **Item 6. Selected Financial Data.**

#### **A. Selected Financial Data**

The following table of selected consolidated financial data of our Company has been derived from financial statements prepared in accordance with U.S. generally accepted accounting principles ("U.S. GAAP"). The data is qualified by reference to, and should be read in conjunction with, the consolidated financial statements and

related notes thereto prepared in accordance with U.S. GAAP (see Item 15. “Exhibits, Financial Statement Schedules”). All dollar amounts are expressed in thousands of U.S. dollars, except per share data.

|                                             | Years Ended December 31 |                        |                        |                        |                         |

- (1) Includes charges of \$59,354 for acquired in-process research and development (“IPR&D”); \$19,065 for restructuring costs; \$10,968 for loss on sale and leaseback of assets; \$6,191 for legal settlements; \$5,596 for acquisition-related costs; \$2,887 for SEC/OSC independent consultant costs; and \$1,028 for proxy contest costs.
- (2) Includes charges of \$59,354 for IPR&D; \$19,065 for restructuring costs; \$10,968 for loss on sale and leaseback of assets; \$6,191 for legal settlements; \$5,596 for acquisition-related costs; \$2,887 for SEC/OSC independent consultant costs; \$1,028 for proxy contest costs; \$5,210 for impairment losses on debt and equity securities; and \$537 for write-down of deferred financing costs. Those charges were partially offset by a \$26,000 deferred income tax benefit; a \$22,000 gain on auction rate security settlement; and a gain of \$804 on disposal of investment.
- (3) Includes charges of \$70,202 for restructuring costs; \$32,565 for legal settlements; and \$13,606 for management succession and proxy contest costs.
- (4) Includes charges of \$70,202 for restructuring costs; \$32,565 for legal settlements; \$13,606 for management succession and proxy contest costs; \$9,869 for impairment losses on debt and equity securities; and an equity loss of \$1,195. Those charges were partially offset by a \$90,000 deferred income tax benefit; and a gain of \$6,534 on disposal of investments.
- (5) Includes charges of \$95,114 for legal settlements (net of insurance recoveries); \$9,910 for intangible asset impairments; and \$668 for restructuring costs. Those charges were partially offset by a \$1,735 contract recovery.
- (6) Includes charges of \$95,114 for legal settlements (net of insurance recoveries); \$9,910 for intangible asset impairments; \$668 for restructuring costs; \$12,463 for loss on early extinguishment of debt; \$8,949 for impairment losses on debt and equity securities; and an equity loss of \$2,528. Those charges were partially offset by a \$1,735 contract recovery; and a gain of \$24,356 on disposal of investments.
- (7) Includes charges of \$143,000 for intangible asset impairments (net of gain on disposal of \$4,000); \$54,800 for contract losses; \$15,126 for restructuring costs; and \$14,400 for legal settlements.
- (8) Includes charges of \$143,000 for intangible asset impairments (net of gain on disposal of \$4,000); \$54,800 for contract losses; \$15,126 for restructuring costs; \$14,400 for legal settlements; and an equity loss of \$529.
- (9) Includes charges of \$143,000 for intangible asset impairments (net of gain on disposal of \$4,000); \$54,800 for contract losses; \$15,126 for restructuring costs; \$14,400 for legal settlements; an equity loss of \$529; and \$1,084 for asset impairments of discontinued operation.

- (10) Includes charges of \$25,833 for intangible asset impairments; \$19,810 for restructuring costs; and \$4,862 for write-off of inventory.
- (11) Includes charges of \$25,833 for intangible asset impairments; \$19,810 for restructuring costs; \$4,862 for write-off of inventory; \$3,397 for loss on impairment of investments; and an equity loss of \$1,160.
- (12) Includes charges of \$25,833 for intangible asset impairments; \$19,810 for restructuring costs; \$4,862 for write-off of inventory; \$3,397 for loss on impairment of investments; an equity loss of \$1,160; and \$5,570 for asset impairments of discontinued operation.

**Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations.**

## MANAGEMENT'S DISCUSSION AND ANALYSIS

(All dollar amounts expressed in U.S. dollars)

The following Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") should be read in conjunction with our audited consolidated financial statements and related notes thereto prepared in accordance with United States ("U.S.") generally accepted accounting principles ("GAAP") for the fiscal year ended December 31, 2009 (our "2009 Financial Statements").

Additional information relating to Biovail Corporation, including our Annual Report on Form 10-K for the fiscal year ended December 31, 2009 (our "2009 Form 10-K"), is available on SEDAR at [www.sedar.com](http://www.sedar.com) and on the U.S. Securities and Exchange Commission ("SEC") website at [www.sec.gov](http://www.sec.gov).

The discussion and analysis contained in this MD&A is as of February 26, 2010.

### FORWARD-LOOKING STATEMENTS

Caution regarding forward-looking information and statements and "Safe-Harbor" statements under the U.S. Private Securities Litigation Reform Act of 1995:

To the extent any statements made in this MD&A contain information that is not historical, these statements are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and may be forward-looking information within the meaning defined under applicable Canadian securities legislation (collectively, "forward-looking statements"). These forward-looking statements relate to, among other things, our objectives, goals, strategies, beliefs, intentions, plans, estimates, and outlook, including, without limitation:

- our intent and ability to implement and effectively execute plans and initiatives associated with our strategic focus on products targeting specialty central nervous system ("CNS") disorders and the anticipated impact of such strategy, including, but not limited to, the amount and timing of expected contribution(s) from our product development pipeline;
- our intent to complete in-license agreements and acquisitions and to successfully integrate such in-license agreements and acquisitions into our business and operations and to achieve the anticipated benefits of such in-license agreements and acquisitions;
- our intent and ability to invest approximately \$600 million in research and development between 2008 and 2012;
- the competitive landscape in the markets in which we compete, including, but not limited to, the prescription trends, pricing and the formulary or Medicare/Medicaid utilization and positioning for our products, the opportunities present in the market for therapies for specialty CNS disorders, the anticipated level of demand for our products and the availability or introduction of generic formulations of our products;
- our intent, timing and ability to complete the planned disposals of certain non-core assets, including, but not limited to, our Carolina, Puerto Rico manufacturing facility and operations and the anticipated costs, impacts and proceeds of such disposition;
- anticipated level of demand for generic Tiazac® and generic Cardizem® CD products;
- our intent and related success or failure regarding the defence of our intellectual property against infringement;
- our views, beliefs and positions related to, results of, and costs associated with, certain litigation and regulatory proceedings and the timing, costs and expected impact of the resolution of certain litigation and regulatory proceedings;
- the timing, results, and progress of research and development efforts, including, but not limited to, the estimated costs and expected timing to complete the development of BVF-018 (tetrabenazine), and efforts related to the development of AZ-004 (Staccato® loxapine), BVF-014 (glial cell line-derived

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

neurotrophic factor ("GDNF")); BVF-025 (fipamezole), BVF-036, BVF-040 and BVF-048 (pimavanserin), and BVF-324 (tramadol), including the expected potential milestone and royalty payments in connection with pimavanserin, fipamezole, GDNF, Staccato® loxapine, and other research and development arrangements;

- our intent to deploy a specialty U.S. sales force to support our specialty CNS strategy, and the timing and amount of costs associated with establishing such sales force;
- our ability to secure other development partners for, and to share development costs associated with, certain product development programs;
- our intent and ability to make future dividend payments or to repurchase our common shares under our share repurchase program;
- the sufficiency of cash resources, including those available under the accordion feature of our credit facility, to support future spending and business development requirements;
- the expected future taxable income in determining any required deferred tax asset valuation allowance;
- the impact of market conditions on our ability to access additional funding at reasonable rates, and our ability to manage exposure to foreign currency exchange rate changes and interest rate changes;
- our intent and ability to use a net share settlement approach upon conversion of our 5.375% Senior Convertible Notes due 2014 ("Convertible Notes");
- additional expected charges and anticipated annual savings related to ongoing or planned efficiency initiatives;
- expected timing and impact on revenues and earnings of the introduction of generic versions of Ultram® ER (300mg dosage strength), Glumetza® (500mg dosage strength), Cardizem® LA and Cardizem® CD products;
- timing regarding the Zovirax® price allowance;
- investment recovery, liquidity, valuation, impairment and other conclusions associated with our investment in auction rate securities;
- expected timing and amount of principal and interest payments related to long-term obligations;
- the impact of short-term fluctuations in our share price on the fair value of our reporting unit for purposes of testing goodwill for impairment;
- availability of benefits under tax treaties and the continued availability of low effective tax rates for our operations;
- our expected capital expenditures; and
- expected impact of the adoption of new accounting guidance.

These forward-looking statements may not be appropriate for other purposes.

Forward-looking statements can generally be identified by the use of words such as "believe", "anticipate", "expect", "intend", "plan", "will", "may", "target", "potential", and other similar expressions. In addition, any statements that refer to expectations, projections or other characterizations of future events or circumstances are forward-looking statements. Although we have indicated certain of these statements set out herein, all of the statements in this MD&A that contain forward-looking statements are qualified by these cautionary statements. Although we believe that the expectations reflected in such forward-looking statements are reasonable, such statements involve risks and uncertainties, and undue reliance should not be placed on such statements. Certain material factors or assumptions are applied in making forward-looking statements, including, but not limited to,

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

factors and assumptions regarding the items outlined above. Actual results may differ materially from those expressed or implied in such statements. Important factors that could cause actual results to differ materially from these expectations include, among other things:

- the successful execution of our specialty CNS strategy, including our ability to successfully identify, evaluate, acquire, obtain regulatory approval for, develop, manufacture and commercialize pipeline products;
- the success of preclinical and clinical trials for our drug development pipeline or delays in clinical trials which adversely impact the timely commercialization of our pipeline products;
- the results of continuing safety and efficacy studies by industry and government agencies;
- the uncertainties associated with the development, acquisition and launch of new products, including, but not limited to, the acceptance and demand for new pharmaceutical products, and the impact of competitive products and pricing;
- our reliance on key strategic alliances, our ability to secure and maintain third-party research, development, manufacturing, marketing or distribution arrangements and securing other development partners for, and to share development costs associated with, certain product development programs;
- the availability of capital and our ability to generate operating cash flows to support our growth strategy;
- the continuation of the recent market turmoil, which could result in fluctuations in currency exchange rates and interest rates;
- our eligibility for benefits under tax treaties and the continued availability of low effective tax rates for the business profits of our principal operating subsidiary;
- the difficulty of predicting the expense, timing and outcome within our legal and regulatory environment, including, but not limited to, U.S. Food and Drug Administration ("FDA"), Canadian Therapeutic Products Directorate and European regulatory approvals, legal and regulatory proceedings and settlements thereof, the protection afforded by our patents and other intellectual and proprietary property, successful challenges to our generic products, and infringement or alleged infringement of the intellectual property rights of others;
- our ability to establish or acquire a specialty U.S. sales force to support our specialty CNS strategy;
- our ability to attract and retain key personnel;
- the reduction in the level of reimbursement for, or acceptance of, pharmaceutical products by governmental authorities, health maintenance organizations or other third-party payors;
- our ability to satisfy the financial and non-financial covenants of our credit facility and Convertible Notes' indenture;
- our ability to repay or refinance the principal amount under the Convertible Notes' indenture at maturity;
- the disruption of delivery of our products and the routine flow of manufactured goods across the U.S. border; and
- other risks detailed from time to time in our filings with the SEC and the Canadian Securities Administrators ("CSA"), as well as our ability to anticipate and manage the risks associated with the foregoing.

Additional information about these factors and about the material factors or assumptions underlying such forward-looking statements may be found in the body of this MD&A, as well as under Item 1A. "Risk Factors" of our 2009 Form 10-K. We caution that the foregoing list of important factors that may affect future results is not exhaustive. When relying on our forward-looking statements to make decisions with respect to our

## **MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**

**(All dollar amounts expressed in U.S. dollars)**

Company, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. We undertake no obligation to update or revise any forward-looking statement, except as may be required by law.

### **OVERVIEW**

#### **Company Profile**

We are a specialty pharmaceutical company with a strategic focus on developing and commercializing products that address unmet medical needs in specialty CNS disorders. We have various research and development, clinical research, manufacturing and commercial operations located in Barbados, Canada, the U.S., Ireland and Puerto Rico.

#### **Strategic Initiatives**

Prior to May 2008, our base business model was focused on the development and large-scale manufacture of pharmaceutical products incorporating oral drug-delivery technologies. Our main therapeutic areas of focus were non-specialty CNS disorders, pain management and cardiovascular disease. In May 2008, as a result of significant changes in the environment for oral controlled-release products over the previous several years, we adopted a new business model that concentrates our research and development and business development efforts on unmet medical needs in specialty CNS disorders.

Since adopting our specialty CNS strategy in May 2008, we have completed a number of in-license agreements and acquisitions that have enhanced our drug-development pipeline. Our business development activities have targeted a number of growth opportunities, including Huntington's disease, Parkinson's disease, and schizophrenia. Our specialty CNS pipeline currently includes seven projects in development, and we are seeking to leverage our growing credibility in the specialty CNS market to further expand our pipeline by entering into agreements with other companies to develop, license, or acquire promising compounds, technologies, or capabilities. Our target is to invest approximately \$600 million on research and development in the 2008 to 2012 timeframe, including upfront and milestone payments related to in-licensing activities.

The growth and development of our specialty CNS business is financially supported by our former base business model, which continues to provide revenues and significant operating cash flows that can be used to support and fund licensing and acquisition opportunities in specialty CNS. In addition, we are pursuing other complementary acquisitions or business opportunities (such as our May 2009 acquisition of the full U.S. commercialization rights to Wellbutrin XL®) that may be accretive to revenues and cash flows in the near-term. At December 31, 2009, we had available capital resources — including cash on hand and available credit under our credit facility — in excess of \$500 million with which to further pursue our specialty CNS strategy.

We also continue to promote efficiency in our operations, significantly reduce our cost structure to better align expenses with current projected revenues, and ensure capital is available to be deployed in support of our specialty CNS business model. Key initiatives in this regard include efforts to: (i) rationalize our manufacturing operations, pharmaceutical sciences operations, and general and administrative expenses; (ii) divest and monetize certain non-core assets; and (iii) resolve legacy litigation and regulatory matters.

We believe that our continued ability to successfully implement our specialty CNS strategy will be driven by a number of factors, including: (i) our strong balance sheet; (ii) ongoing cash flows generated by our former base business model; (iii) the in-licensing and acquisition opportunities currently available in the specialty CNS market; and (iv) our proven expertise in formulation, clinical development, regulatory affairs, manufacturing and marketing of prescription pharmaceutical products.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

### Business Development

#### *Staccato® Loxapine*

On February 9, 2010, we entered into a collaboration and license agreement with Alexza Pharmaceuticals, Inc. ("Alexza") to acquire the U.S. and Canadian development and commercialization rights to AZ-004 for the treatment of psychiatric and/or neurological indications and the symptoms associated with these indications, including the initial indication of treating agitation in schizophrenia and bipolar patients. AZ-004 combines Alexza's proprietary Staccato® drug-delivery system with the antipsychotic drug loxapine. Staccato® loxapine for the treatment of agitation in schizophrenia and bipolar patients is directly aligned with our specialty CNS strategy.

In December 2009, Alexza submitted a New Drug Application ("NDA") to the FDA for Staccato® loxapine. The FDA has accepted the NDA for filing and has indicated a Prescription Drug User Fee Act ("PDUFA") goal date of October 11, 2010.

Pursuant to the terms of the collaboration and license agreement, we paid an upfront fee of \$40.0 million, and could pay up to \$90.0 million in potential milestones in connection with the initial indication, contingent on the successful approval of the first AZ-004 NDA, successful commercial manufacturing scale-up, and the first commercial sale on an inpatient and on an outpatient basis, which may require the successful completion of additional clinical trials, regulatory submission, and/or approval of a supplemental NDA. We will also make tiered, royalty payments of 10% to 25% on net commercial sales of Staccato® loxapine. Alexza will supply the product to us for commercialization, and will receive a per-unit transfer price, based on annual product volume.

We intend to deploy a specialty sales force to commercialize Staccato® loxapine in the U.S. We estimate the costs associated with establishing this sales force will amount to between \$10 million and \$20 million in the second half of 2010, and between \$40 million and \$70 million in 2011, depending on the breadth of the label approved by the FDA.

This acquisition will be accounted for as a purchase of acquired in-process research and development ("IPR&D") intangible assets with no alternative future use. Accordingly, the \$40.0 million upfront payment, together with any acquisition costs, will be charged to research and development expenses in the first quarter of 2010.

#### *GDNF*

On December 21, 2009, we entered into a license agreement with Amgen Inc. ("Amgen") and MedGenesis Therapeutix Inc. ("MedGenesis"), pursuant to which we were granted a license to exploit GDNF in certain CNS indications in certain countries (including the U.S., Canada, Japan, and a number of European countries). At the same time, we entered into a collaboration agreement with MedGenesis to develop and commercialize GDNF, initially for the treatment of Parkinson's disease in the U.S., Japan and certain European countries and, potentially, in other countries and other CNS indications. Pursuant to the collaboration agreement, we were granted a license to MedGenesis's Convection Enhanced Delivery platform for use with GDNF in CNS indications. GDNF for the treatment of Parkinson's disease is directly aligned with our specialty CNS strategy.

In connection with the collaboration agreement, we made an upfront payment to MedGenesis of \$6.0 million, and we could pay up to an additional \$20.0 million in potential developmental milestones to MedGenesis. We also have certain funding obligations towards the development of GDNF in Parkinson's disease in the U.S., totaling up to \$14.0 million for the Pre-Investigational New Drug ("IND") development phase and Phase 2 clinical trials. We intend to share with MedGenesis the development costs associated with Phase 3 clinical studies in the U.S. (as well as any development costs associated with Phase 2 clinical trials that exceed our initial funding obligation), and with the development programs in other countries. Together with MedGenesis, we could, in the aggregate, pay Amgen up to \$25.0 million in regulatory milestones and up to \$75.0 million in sales-based milestones, and will pay royalties to Amgen based on net sales of GDNF products.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

We will be responsible for commercializing GDNF products in the countries in which we have the GDNF license rights, and will pay MedGenesis a royalty in respect of net sales of GDNF products in those countries.

This acquisition was accounted for as a purchase of IPR&D intangible assets with no alternative future use. Accordingly, the \$6.0 million upfront payment, together with acquisition costs of \$2.9 million, was charged to research and development expenses at the acquisition date.

### *Fipamezole*

On August 24, 2009, we entered into a collaboration and license agreement with Santhera Pharmaceuticals (Switzerland) Ltd. ("Santhera"), a subsidiary of Santhera Pharmaceuticals Holding AG, to acquire the U.S. and Canadian rights to develop, manufacture and commercialize fipamezole for the treatment of a number of neurological and psychiatric conditions, including levodopa-induced dyskinesia (BVF-025), also known as Parkinson's disease dyskinesia ("PDD"). Fipamezole for PDD is directly aligned with our specialty CNS strategy.

Pursuant to the terms of the collaboration and license agreement, we made an upfront payment of \$8.0 million to Santhera at the acquisition date, and made a further payment of \$4.0 million to Santhera on October 5, 2009, upon the closing of Santhera's acquisition of Oy Juvantia Pharma Ltd. We could pay up to \$35.0 million in potential developmental and regulatory milestones associated with the initiation of a Phase 3 study, regulatory submissions and approvals of fipamezole in PDD. Should we pursue a second indication, we could pay an additional \$20.0 million milestone upon regulatory approval. We will also make royalty payments of 8% to 15% on net commercial sales of fipamezole, as well as additional milestone payments of up to \$145.0 million as certain sales thresholds are met.

This acquisition was accounted for as a purchase of IPR&D intangible assets with no alternative future use. Accordingly, the \$8.0 million upfront payment, together with acquisition costs of \$0.1 million, was charged to research and development expenses at the acquisition date. The additional payment of \$4.0 million made to Santhera on October 5, 2009 was charged to research and development expenses in the fourth quarter of 2009.

We will be responsible for the development programs and associated costs in the U.S. and Canada for fipamezole for both PDD and the second indication if pursued.

### *Tetrabenazine*

On June 19, 2009, we acquired the worldwide development and commercialization rights to the entire portfolio of tetrabenazine products, including Xenazine® and Nitoman®, held by Cambridge Laboratories (Ireland) Limited and its affiliates ("Cambridge"). As described below under "— Prestwick", we had previously obtained certain licensing rights to tetrabenazine in the U.S. and Canada through the acquisition of Prestwick Pharmaceuticals, Inc. ("Prestwick") in September 2008. By means of this acquisition, we obtained Cambridge's economic interest in the supply of tetrabenazine for the U.S. and Canadian markets, as well as for a number of other countries in Europe and around the world through existing distribution arrangements. In addition, we assumed Cambridge's royalty obligations to third parties on the worldwide sales of tetrabenazine. The acquisition of tetrabenazine is directly aligned with our specialty CNS strategy.

This acquisition was accounted for as a business combination under the acquisition method of accounting. The total purchase price of \$226.8 million comprised cash consideration of \$200.0 million paid on closing, and additional payments of \$12.5 million and \$17.5 million due to Cambridge on the first and second anniversaries of the closing date, respectively. These additional payments were fair valued at \$26.8 million, using an imputed interest rate comparable to our available borrowing rate at the date of acquisition. We incurred \$5.6 million of costs related to this acquisition, which were expensed in the second quarter of 2009.

The purchase price was allocated to a product rights intangible asset (\$189.7 million), IPR&D intangible assets (\$36.0 million), and inventory (\$1.1 million). The product rights intangible asset represents the value of

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

the currently marketed immediate-release tetrabenazine products, with an estimated useful life of approximately nine years. The IPR&D intangible asset relates to a modified-release ("MR") formulation of tetrabenazine under development initially for the treatment of Tourette's Syndrome (BVF-018) and an isomer of tetrabenazine (RUS-350), both of which were in pre-clinical stages of development at the acquisition date. The values assigned to BVF-018 and RUS-350 were \$28.0 million and \$8.0 million, respectively.

BVF-018 has been granted orphan drug designation by the FDA for the treatment of Tourette's Syndrome in school-age children (aged 5-16 years), which provides the product with seven years of market exclusivity in the U.S. if successfully developed. We had a pre-IND application meeting with the FDA for this program in early July 2009, and contingent on successful safety assessments, our current plans are to initiate a Phase 2 clinical study in the third quarter of 2010. We expect to complete the development of BVF-018 in 2014. The total estimated costs to complete this project for its primary indication are approximately \$70 million to \$75 million, which will be shared with at least one development partner and possibly others. Through December 31, 2009, we incurred total direct expenditures related to this project of \$2.2 million (net of reimbursements from our development partner, which are reflected as a reduction of research and development expenses).

The efforts required to develop BVF-018 into a commercially viable product include completion of the pre-clinical development, clinical-trial testing, regulatory approval, and commercialization. The principal risks relating to this project include the outcomes of the formulation development, clinical studies, and regulatory filings. Since pharmaceutical products cannot be marketed without regulatory approvals, we will not receive any benefits unless regulatory approval is obtained. As a result, there is no certainty that any of our development efforts related to this project will result in a commercially viable product.

In respect of RUS-350, we have decided to terminate this development program, as we determined, based on the results of development efforts completed subsequent to the acquisition date, that the isomer was unlikely to provide meaningful benefits to patients beyond that provided by tetrabenazine. As a result, in the fourth quarter of 2009, we recorded a charge of \$8.0 million to write off the related IPR&D intangible asset, which is recorded in research and development expenses.

The amount of incremental revenue and earnings (excluding amortization of the acquired product rights intangible asset) recognized from the worldwide sales of tetrabenazine from the acquisition date to December 31, 2009, amounted to approximately \$3.8 million and \$4.5 million, respectively, in our consolidated statement of income.

### ***Wellbutrin XL®***

On May 14, 2009, we acquired the full U.S. commercialization rights to Wellbutrin XL® from The GlaxoSmithKline Group of Companies ("GSK"). We had supplied Wellbutrin XL® to GSK for marketing or distribution in the U.S. since September 2003. The Wellbutrin XL® product formulation was developed, and is manufactured, by us under our own patents and proprietary technology. This acquisition does not materially impact our existing agreement with GSK as that agreement relates to countries outside the U.S. We will continue to manufacture and supply Wellbutrin XL® to GSK for distribution in these countries. In Canada, Wellbutrin® XL will continue to be marketed by our internal sales organization, Biovail Pharmaceuticals Canada ("BPC").

Pursuant to the terms of the asset purchase agreement, we paid \$510.0 million to GSK to acquire the U.S. NDA for Wellbutrin XL®. Pursuant to the terms of a trademark and license agreement with GSK, we also obtained an exclusive, royalty-free license to the Wellbutrin XL® trademark for use in the U.S. This acquisition was accounted for as a purchase of identifiable intangible assets. Accordingly, the total purchase price (including costs of acquisition of \$0.5 million) was allocated to the trademark intangible asset with an estimated useful life of 10 years. In addition, we acquired the Wellbutrin XL® finished goods inventory owned by GSK valued at \$10.5 million.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

This acquisition proved accretive to revenue by an amount in excess of \$100 million in 2009. The significant cash flows that were generated have been used to further expand our pipeline of specialty CNS products.

### *Pimavanserin*

On May 1, 2009, we entered into a collaboration and license agreement with ACADIA Pharmaceuticals Inc. ("ACADIA") to acquire the U.S. and Canadian rights to develop, manufacture and commercialize pimavanserin in a number of neurological and psychiatric conditions, including Parkinson's disease psychosis ("PDP") (BVF-036), Alzheimer's disease psychosis ("ADP") (BVF-040), and, as an adjunctive therapy, to treat schizophrenia (BVF-048). Pimavanserin for PDP, ADP, and schizophrenia is directly aligned with our specialty CNS strategy.

Pursuant to the terms of the collaboration and license agreement, we paid an upfront fee of \$30.0 million to ACADIA, and could pay up to \$160.0 million in potential developmental milestones associated with the successful completion of clinical trials, regulatory submissions and approvals for pimavanserin in the PDP and ADP indications. In addition, we could pay up to \$45.0 million in success milestones for pimavanserin in a third indication. At this time, we intend to pursue pimavanserin as an adjunct therapy for schizophrenia as the third indication. We will also make tiered royalty payments of 15% to 20% on net sales of products containing pimavanserin, as well as additional milestone payments of up to \$160.0 million as certain net sales thresholds are met.

This acquisition was accounted for as a purchase of IPR&D intangible assets with no alternative future use. Accordingly, the \$30.0 million upfront payment, together with acquisition costs of \$0.4 million, was charged to research and development expenses at the acquisition date.

We will be responsible for funding all of the PDP, ADP and schizophrenia development expenses for pimavanserin, other than the cost of two Phase 3 clinical trials for PDP that ACADIA had in progress at the time of the agreement. The first of these Phase 3 PDP studies did not meet its primary endpoint of antipsychotic efficacy, but did meet the secondary endpoint of motoric tolerability. On October 5, 2009, we amended the collaboration and license agreement with ACADIA to provide that we will fund a third Phase 3 clinical trial for PDP; provided, however, that if the trial does not meet the primary endpoint, then ACADIA will reimburse us for 50% of the cost of the trial. If the third PDP trial or a subsequent pivotal trial in PDP meets its primary endpoint, we may credit 50% of the costs of the applicable trial against the potential milestone payment triggered by such trial. The amendment also provides that ACADIA may elect to pursue an initial clinical trial in ADP at its own expense. However, if the ADP trial meets its primary endpoint, then we would reimburse ACADIA 100% of the cost of the trial.

### *Prestwick*

On September 16, 2008, we acquired 100% of Prestwick for a total net purchase price of \$101.9 million. The acquisition of Prestwick was accounted for as a business combination under the former purchase method of accounting. The purchase price paid was primarily allocated to identifiable intangible assets of \$157.9 million and deferred revenue of \$50.0 million. The identifiable intangible assets relate to the acquired Xenazine® and Nitoman® product rights as described below, which are being amortized over an estimated useful life of 10 years. Prestwick had acquired the licensing rights to Xenazine® in the U.S. and Nitoman® in Canada from Cambridge, which, at the time, held the worldwide license for tetrabenazine.

In August 2008, an NDA for Xenazine® received FDA approval for the treatment of chorea associated with Huntington's disease. Xenazine® was granted orphan drug designation by the FDA, which provides this product with seven years of market exclusivity in the U.S. from the date of FDA approval. Nitoman® has been available in Canada since 1996, where it is approved for the treatment of hyperkinetic movement disorders, including Huntington's chorea.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

Xenazine® is being commercialized in the U.S. by Lundbeck Inc. (a subsidiary of H. Lundbeck A/S) (“Lundbeck”), formerly Ovation Pharmaceuticals, Inc. (“Ovation”), under an exclusive supply and distribution agreement entered into between Prestwick and Ovation prior to our acquisition of Prestwick. Ovation paid Prestwick \$50.0 million for the exclusive rights to market and distribute Xenazine® for an initial term of 15 years. We will supply Xenazine® product to Lundbeck for a variable percentage of Lundbeck’s annual net sales of the product. For annual net sales up to \$125 million, our supply price will be 72% of net sales. Beyond \$125 million, our supply price will be 65% of net sales. Prior to the acquisition of the worldwide development and commercialization rights to tetrabenazine in June 2009, we acquired Xenazine® product from Cambridge at a supply price of 50% of Lundbeck’s net sales.

### Product Development Pipeline

The following table displays selected information regarding our specialty CNS drug-development programs (as more fully described above under “— Business Development”):

| PROGRAM | COMPOUND           | INDICATION(S)                                   | DEVELOPMENT STATUS                          |
|---------|--------------------|-------------------------------------------------|---------------------------------------------|
| AZ-004  | Staccato® loxapine | Agitation in schizophrenia and bipolar patients | NDA filed; PDUFA goal date October 11, 2010 |
| BVF-036 | Pimavanserin       | PDP                                             | Phase 3                                     |
| BVF-048 | Pimavanserin       | Schizophrenia co-therapy                        | Phase 2                                     |
| BVF-025 | Fipamezole         | PDD                                             | Phase 2                                     |
| BVF-040 | Pimavanserin       | ADP                                             | Phase 1                                     |
| BVF-018 | Tetrabenazine MR   | Tourette’s Syndrome                             | Pre-clinical                                |
| BVF-014 | GDNF               | Parkinson’s disease                             | Pre-IND                                     |

In addition to the programs outlined above, we continue to work on the development of a number of legacy programs that originated from our former base business model. In particular, Phase 3 clinical trials are underway in Europe for BVF-324 (the use of non-commercially available doses of tramadol for the treatment of premature ejaculation). In addition, during 2008, we filed three Abbreviated New Drug Applications (“ANDA”) with the FDA for generic formulations of Effexor XR, Tricor and Seroquel XR. The following table displays selected information regarding these legacy programs:

| PROGRAM | COMPOUND                         | INDICATION(S)                      | DEVELOPMENT STATUS                           |
|---------|----------------------------------|------------------------------------|----------------------------------------------|
| BVF-324 | Tramadol                         | Sexual dysfunction                 | Phase 3                                      |
| BVF-065 | Venlafaxine (generic Effexor XR) | Depression                         | ANDA filed April 16, 2008 <sup>(1)</sup>     |
| BVF-203 | Fenofibrate (generic Tricor)     | High cholesterol                   | ANDA filed July 1, 2008 <sup>(2)</sup>       |
| BVF-058 | Quetiapine (generic Seroquel XR) | Schizophrenia and bipolar disorder | ANDA filed September 24, 2008 <sup>(2)</sup> |

- (1) We have settled an infringement claim related to this ANDA filing and have received a license to manufacture and sell the product with an effective date expected to be on or about June 1, 2011, subject to earlier launch in limited circumstances but in no event earlier than January 1, 2011.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

- (2) We are subject to infringement claims by the innovator companies related to both of these ANDA filings, thereby triggering a 30-month stay of the FDA's approval pursuant to the provisions of the *Hatch-Waxman Act*.

During 2009, we suspended further development of the legacy program BVF-045 (combination product consisting of Aplenzin™ and an undisclosed selective serotonin reuptake inhibitor), as a result of being unable to secure a development partner.

Any success in our product-development programs would be reflective of the investments in research and development we make over a number of years. On an ongoing basis, we review and optimize the projects in our development portfolio to reflect changes in the competitive environment and emerging opportunities. Our future level of research and development expenditures will depend on, among other things, the outcome of clinical testing of our products under development, delays or changes in government required testing and approval procedures, technological developments, and strategic marketing decisions.

### Financing Arrangements

#### *Convertible Notes*

On June 10, 2009, we issued \$350.0 million principal amount of Convertible Notes in a private placement. The Convertible Notes were issued at par and interest is payable semi-annually on February 1 and August 1 of each year, beginning February 1, 2010. The Convertible Notes will mature on August 1, 2014. Noteholders may convert their holdings based on a conversion rate of 67.0880 common shares per \$1,000 principal amount of Convertible Notes, equivalent to a conversion price of approximately \$14.91 per share, subject to adjustment, at their option at any time prior to the maturity date under the following circumstances: (i) if the closing price of our common shares reaches, or the trading price of the Convertible Notes falls below, specified thresholds; (ii) if the Convertible Notes have been called for redemption; (iii) upon the occurrence of specified corporate transactions; and (iv) during the 25 trading days prior to the maturity date. Upon conversion, we will have the option to deliver cash, common shares or a combination of cash and common shares. In addition, following certain corporate transactions, we will in certain circumstances increase the conversion rate for noteholders who elect to convert their holdings in connection with such corporate transactions. Our current intent and policy is to settle the Convertible Notes using a net share settlement approach, such that the principal amount of any Convertible Notes tendered for conversion would be settled in cash, and any excess conversion value settled in common shares.

We may redeem for cash all or a portion of the Convertible Notes at any time on or after August 2, 2012, at a purchase price equal to 100% of the principal amount being redeemed, plus any accrued and unpaid interest, if the closing price of our common shares reaches a specified threshold. We may not otherwise redeem any of the Convertible Notes at our option prior to maturity, except upon the occurrence of certain changes to the laws governing Canadian withholding taxes.

If we experience specified types of fundamental changes, noteholders may require us to repurchase for cash all or a portion of their holdings at a price equal to 100% of the principal amount of the Convertible Notes to be purchased plus any accrued and unpaid interest to, but excluding, the date of repurchase.

The liability (debt) and equity (conversion option) components of the Convertible Notes were separately accounted for in a manner that reflects our estimated borrowing rate for non-convertible debt with otherwise similar terms. The liability component was fair valued at \$293.3 million and the equity component was valued on a residual basis at \$56.7 million. The value assigned to the liability component was estimated based on a 9.5% market rate of interest for similar debt with no conversion rights. The value allocated to the liability component will be accreted to the face value of the Convertible Notes over the five-year period prior to maturity, using the effective interest method. The accretion of the liability component will be recognized as additional non-cash interest expense. The value assigned to the equity component was recorded in additional paid-in capital in shareholders' equity.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

We recognized a deferred tax liability of \$14.6 million for the original basis difference between the principal amount of the Convertible Notes and the value allocated to the liability component, which resulted in a corresponding reduction to the valuation allowance recorded against our deferred tax assets. The recognition of the deferred tax liability and the corresponding reduction in the valuation allowance were recorded as offsetting adjustments to additional paid-in capital. In subsequent periods, the deferred tax benefit resulting from the reversal of the deferred tax liability, will be offset by the deferred tax expense related to the corresponding realization of the deferred tax assets.

### *Credit Facility*

On June 9, 2009, we established a \$410.0 million senior secured revolving credit facility with a syndicate of banks. This facility matures on June 9, 2012 and replaces our former \$250.0 million credit facility. This facility contains an accordion feature that, subject to certain conditions, allows the facility to be increased to up to \$550.0 million. The facility is guaranteed by our material subsidiaries and is secured by charges over substantially all of our assets and the assets of our material subsidiaries, and is subject to certain financial and non-financial covenants. At December 31, 2009, we had no outstanding borrowings under this facility, and were in compliance with all covenants.

### *Restructuring*

In support of our specialty CNS strategy, we initiated restructuring measures in May 2008 that were intended to rationalize our manufacturing operations, pharmaceutical sciences operations, and general and administrative expenses. These measures included the closure of our research and development facility in Dublin, Ireland in August 2008, the sale of our Dorado, Puerto Rico manufacturing facility in January 2010, and the ultimate planned closure of our manufacturing facility in Carolina, Puerto Rico. In addition, in May 2009, we announced the closure of our research and development facility in Mississauga, Ontario and the consolidation of our research and development operations in Chantilly, Virginia. We have also reviewed our procurement levels and practices and the structure of our support functions to ensure they are appropriately aligned with our size and revenue base.

The following table summarizes the major components of the related restructuring costs recognized through December 31, 2009:

| (\$ in 000s)                          | Asset Impairments |                         | Employee Termination Benefits |                         | Contract Termination and Other Costs | Total            |
|---------------------------------------|-------------------|-------------------------|-------------------------------|-------------------------|--------------------------------------|------------------|
|                                       | Manufacturing     | Pharmaceutical Sciences | Manufacturing                 | Pharmaceutical Sciences |                                      |                  |
| Balance, January 1, 2008 . . . . .    | \$ —              | \$ —                    | \$ —                          | \$ —                    | \$ —                                 | \$ —             |
| Costs incurred and charged to expense | 42,602            | 16,702                  | 3,309                         | 2,724                   | 4,865                                | 70,202           |
| Cash payments . . . . .               | —                 | —                       | —                             | (2,724)                 | (333)                                | (3,057)          |
| Non-cash adjustments . . . . .        | (42,602)          | (16,702)                | —                             | —                       | (1,186)                              | (60,490)         |
| Balance, December 31, 2008 . . . . .  | —                 | —                       | 3,309                         | —                       | 3,346                                | 6,655            |
| Costs incurred and charged to expense | 7,591             | 2,784                   | 4,942                         | 1,441                   | 2,307                                | 19,065           |
| Cash payments . . . . .               | —                 | —                       | (2,041)                       | (1,278)                 | (1,321)                              | (4,640)          |
| Non-cash adjustments . . . . .        | (7,591)           | (2,784)                 | —                             | 71                      | —                                    | (10,304)         |
| Balance, December 31, 2009 . . . . .  | <u>\$ —</u>       | <u>\$ —</u>             | <u>\$ 6,210</u>               | <u>\$ 234</u>           | <u>\$ 4,332</u>                      | <u>\$ 10,776</u> |

### *Manufacturing Operations*

The closure of our manufacturing facilities located in Dorado and Carolina, Puerto Rico, and the related transfer of certain manufacturing and packaging processes to our Steinbach, Manitoba manufacturing facility, is expected to reduce our cost infrastructure and improve the capacity utilization of our manufacturing operations.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

We expect to incur employee termination costs of approximately \$9.4 million in total for severance and related benefits payable to the approximately 240 employees who have been, or will be, terminated as a result of the closure of our Puerto Rico facilities. As these employees are required to provide service during the shutdown period in order to be eligible for termination benefits, we are recognizing the cost of those termination benefits ratably over the required future service period, including \$4.9 million and \$3.3 million recognized in 2009 and 2008, respectively.

In 2009 and 2008, we recorded impairment charges of \$7.6 million and \$42.6 million, respectively, to write-down the carrying value of the property, plant and equipment located in Puerto Rico to its estimated fair value. As at December 31, 2009, we had entered into an agreement in principle to sell the Dorado facility for net cash proceeds of \$8.5 million. The sale closed on January 15, 2010. We will continue to occupy the Dorado facility until March 31, 2010, pursuant to a short-term lease, during which time any remaining manufacturing and packaging processes will be transferred to the Steinbach facility. While we are continuing to actively market the Carolina facility, this site is expected to now remain open indefinitely, in order to meet higher than anticipated demand for our generic Tiazac® and generic Cardizem® CD products, which is attributable to manufacturing issues involving competitors' products.

### *Pharmaceutical Sciences Operations*

The closures of our Dublin, Ireland and Mississauga, Ontario research and development facilities has reduced the overhead and ongoing infrastructure costs of our pharmaceutical sciences operations, and improved the efficiency of our internal research and development program management at our remaining site in Chantilly, Virginia.

In 2009, we incurred employee termination costs of \$1.4 million for severance and related benefits payable to the approximately 50 employees who have been, or will be, terminated as a result of the closure of the Mississauga facility, and the consolidation of the Chantilly operations. In addition, we recorded an impairment charge of \$0.5 million related to the write-down of the carrying value of the equipment and leasehold improvements located at the Mississauga facility to their estimated fair value. We also recognized \$1.6 million of accelerated depreciation arising from a reduced useful life of the leasehold improvements located at the Chantilly facility, and incurred lease termination costs of \$1.4 million as a result of vacating one of our premises in Chantilly in 2009.

In July 2009, we completed the sale of the Dublin facility for net cash proceeds of \$5.2 million, which resulted in an additional write-down of \$0.7 million to the carrying value of this facility in the second quarter of 2009. We had closed this facility in August 2008 and recorded an impairment charge of \$9.2 million to write down the carrying value of the building and equipment to their estimated fair value at that time. In addition, we recognized employee termination costs of \$2.7 million in 2008 for the approximately 50 employees affected by this closure.

Also in 2008, we recorded an impairment charge of \$7.5 million to write off the carrying value of certain technology intangible assets, which were related to proprietary drug-delivery technologies that were not expected to be utilized in the development of specialty CNS products.

### *Results of Efficiency Initiatives*

In 2009, our efficiency initiatives, including the rationalization of our manufacturing operations, pharmaceutical sciences operations, and general and administrative expenses, resulted in savings of approximately \$30 million. We expect that these initiatives, once fully implemented, may result in annual savings of \$40 million to \$60 million. Our ongoing and planned efficiency initiatives have resulted in cumulative charges to earnings of \$97.2 million recorded through December 31, 2009. These charges are expected to be in the range of \$100 million to \$120 million, of which the cash component is expected to be up to \$40 million, including \$20.1 million incurred through December 31, 2009.

### **Sale of Non-Core Assets**

We are targeting in excess of \$70 million in total proceeds from the divestiture and monetization of non-core assets. To date, we have realized \$63.1 million of this goal, through the following transactions:

- In January 2010, we completed the sale of our Dorado, Puerto Rico manufacturing facility for net cash proceeds of \$8.5 million.
- In November 2009, we completed the sale and leaseback of our corporate headquarters in Mississauga, Ontario for net cash proceeds of \$17.8 million. We recognized a loss on disposal of \$11.0 million in the fourth quarter of 2009, which is recorded in selling, general and administrative expenses. We will continue to occupy this facility under a 20-year operating lease at market rental rates.
- In July 2009, we completed the sale of our Dublin, Ireland research and development facility for net cash proceeds of \$5.2 million.
- In April 2009, we completed the sale of our corporate aircraft for cash proceeds of \$5.3 million and entered into a four-year operating lease for this aircraft. This transaction resulted in a gain on disposal of \$0.9 million, which was deferred and will reduce future lease rental expense over the lease term.
- During 2009 and 2008, we disposed of our investments in Depomed, Inc. ("Depomed"), Financière Verdi ("Verdi"), formerly Ethypharm S.A. ("Ethypharm"), and Hemispherx Biopharma, Inc. ("Hemispherx") for total cash proceeds of \$26.3 million, resulting in a disposal gain of \$7.3 million in the aggregate.

### **Resolution of Legacy Litigation and Regulatory Matters**

Since December 2007, we have resolved the following six legacy litigation and regulatory proceedings relating to matters which arose during the period from 2001 to March 2004:

- an investigation by the U.S. Attorney's Office ("USAO") for the District of Massachusetts regarding promotional and marketing activities surrounding the 2003 commercial launch of Cardizem® LA;
- an investigation and subsequent proceeding commenced by the Ontario Securities Commission ("OSC") related to specific accounting and financial disclosure practices that occurred between 2001 and March 2004;
- an SEC complaint in connection with similar accounting and financial disclosure practices as described in the OSC proceeding for the period of 2001 to March 2004;
- a securities class action lawsuit in the U.S. relating to statements made by our Company and certain former officers and directors between February 7, 2003 and March 2, 2004;
- a Canadian securities class action lawsuit in respect of similar issues alleged in the U.S. class action; and
- litigation involving former Banc of America Securities LLC analyst Jerry Treppel.

In connection with the settlement agreements entered into with the OSC and SEC, we agreed to the appointment of independent consultants to review and report on our accounting and related functions.

As described in note 24 to our 2009 Financial Statements, on February 27, 2010, S.A.C. Capital Advisors, LLC commenced an action against us alleging malicious prosecution related to our legacy complaint against it. A factually similar complaint was filed the same day by Gradient Analytics, Inc., and two individuals.

### General Economic Conditions

While pharmaceutical consumption has traditionally been relatively unaffected by economic downturns, the global recession has nevertheless had a negative impact on our business, largely in the U.S. market. In particular, we have observed a decline in prescription demand for a number of our brand name products that we consider related to the growth of the uninsured and underinsured patient population in the U.S., which we believe is increasingly switching from branded to generic drugs where available. In addition, we have noted an increase in

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

Medicaid utilization, as the recession has also increased the number of patients in these governmental programs, under which sales of pharmaceutical products are subject to substantial rebates and, in many U.S. states, to formulary restrictions limiting access to brand name drugs.

Although the challenging financial markets did not have any impact on our liquidity or our ability to raise capital, we were, however, subject to a higher cost of borrowing, as reflected in the pricing of the Convertible Notes and our credit facility in June 2009 at the then prevailing market rates. We have taken, and will continue to take, a conservative approach to the investment of our cash resources to ensure we maintain strong liquidity that provides us with the financial flexibility to achieve our strategic initiatives.

Beginning in late 2008 and continuing throughout 2009, foreign currency exchange rates between the U.S. dollar and the Canadian dollar have been experiencing significant volatility. Changes in foreign currency exchange rates decreased total revenue by approximately \$6.1 million, or 0.7%, in 2009, compared with 2008, due to a weakening of the Canadian dollar relative to the U.S. dollar on a year-over-year basis; however, changes in foreign currency exchange rates had a negligible overall effect on total revenue in 2008 relative to 2007. A weaker Canadian dollar, while unfavourable on revenue, has a positive impact on our operating expenses. Where possible, we manage our exposure to foreign currency exchange rate changes through operational means, mainly by matching our cash flow exposures in foreign currencies. As a result, the negative impact of a weaker Canadian dollar on revenue generated in Canadian dollars, but reported in U.S. dollars, is largely counteracted by an opposing effect on operating expenses incurred in Canadian dollars. As our Canadian dollar-denominated expenses moderately exceeded our Canadian dollar-denominated revenues, the depreciation of the Canadian dollar in 2009 had the overall effect of marginally increasing our net income as reported in U.S. dollars.

### *Financial Performance*

#### *Changes in Revenue*

Total revenue increased \$63.3 million, or 8%, to \$820.4 million in 2009, compared with \$757.2 million in 2008, primarily due to:

- incremental revenue from Wellbutrin XL®, following the acquisition of the full U.S. commercialization rights in May 2009;
- a full year's contribution from sales of Xenazine®/Nitoman® products in the U.S. and Canada, and the addition of rest-of-world sales of these products following the acquisition of the worldwide development and commercialization rights to tetrabenazine in June 2009;
- the addition of Aplenzin™ to our product portfolio in April 2009; and
- increased demand for our generic Tiazac® and generic Cardizem® CD products, attributable to competitors' manufacturing issues.

Those factors were partially offset by:

- a decline in Ultram® ER product sales, as a result of the introduction of generic competition to the 100mg and 200mg dosage strengths in the fourth quarter of 2009;
- a decline in Cardizem® LA product sales, due to lower inventory levels in the distribution channels and less product promotion by Abbott in anticipation of a potential loss of market exclusivity;
- a decline in revenue from our bioequivalent ("Generic") products, other than generic Cardizem® CD, due to overall reductions in the prices and volume for these products;
- a decline in the volume of third-party studies conducted by our contract research division;
- the impact of lower prescription volumes and increased Medicaid utilization due to existing economic conditions in the U.S.; and

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

- the unfavourable impact of foreign exchange rate changes on Canadian-dollar denominated revenue.

Total revenue declined \$85.6 million, or 10%, to \$757.2 million in 2008, compared with \$842.8 million in 2007, primarily due to:

- lower revenue from Wellbutrin XL® product sales as a result of the launch of a generic version of the 150mg product in May 2008, which followed the earlier genericization of the 300mg dosage strength in December 2006; and
- a reduction in Cardizem® LA product sales, due to lower prescription volumes in 2008, and higher shipments of 120mg and 180mg dosage strengths in the first quarter of 2007 to address a backorder that existed at the end of 2006.

Those factors were partially offset by:

- the positive impact of higher pricing of our off-patent branded pharmaceutical (“Legacy”) products, which more than offset declining prescription volumes for these products.

### *Changes in Net Income*

Net income declined \$23.4 million, or 12%, to \$176.5 million (basic and diluted earnings per share (“EPS”) of \$1.11) in 2009, compared with \$199.9 million (basic and diluted EPS of \$1.25) in 2008, primarily due to:

- a decline of \$64.0 million in recognized net deferred income tax benefits, related to reductions in the valuation allowance recorded against U.S. operating loss carryforwards of \$26.0 million and \$90.0 million in the fourth quarters of 2009 and 2008, respectively (as described below under “Results of Operations — Income Taxes”);
- a \$59.4 million IPR&D charge in 2009 in connection with the acquisitions of the various rights to pimavanserin, fipamezole and GDNF, as well as the write-off of the \$8.0 million IPR&D intangible asset related to RUS-350;
- a \$53.4 million increase in amortization expense in 2009, primarily related to the acquired Wellbutrin XL® and tetrabenazine intangible assets; and
- a \$24.4 million increase in interest expense in 2009, which included incremental cash interest of \$10.5 million, and non-cash amortization of debt discount of \$5.0 million, on the Convertible Notes.

Those factors were partially offset by:

- an increased contribution from product sales of \$67.3 million in 2009, mainly related to the incremental revenue from Wellbutrin XL®, following the May 2009 acquisition of the full U.S. commercialization rights, and reduced costs and improved capacity utilization of our manufacturing operations;
- a decline of \$51.1 million in restructuring costs in 2009, mainly due to lower asset impairment charges;
- a decline of \$26.4 million in legal settlement charges in 2009, primarily related to the resolution of the USAO and OSC investigations in 2008, partially offset by \$6.2 million accrued in 2009 in connection with the settlement of certain other litigation matters;
- a decline of \$22.3 million in internal research and development program expenses in 2009, reflecting reduced direct project spending as we transitioned from reformulation opportunities to the in-licensing, acquisition and development of specialty CNS products, and cost savings resulting from the closure of our Dublin, Ireland research and development facility; and
- a settlement gain of \$22.0 million in 2009, in respect of our investment in auction rate securities (as described below under “Results of Operations — Non-Operating Income (Expense) — Gain on Auction Rate Security Settlement”).

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

Net income increased \$4.4 million, or 2%, to \$199.9 million (basic and diluted EPS of \$1.25) in 2008, compared with \$195.5 million (basic and diluted EPS of \$1.22) in 2007, primarily due to:

- the \$90.0 million reduction in the valuation allowance recorded against U.S. operating loss carryforwards in 2008;
- a decline of \$62.5 million in legal settlement charges in 2008, primarily related to the resolution of the U.S. and Canadian securities class action lawsuits and the SEC investigation in 2007; and
- a decline of \$30.8 million in internal research and development program expenses in 2008, reflecting the closure of the Dublin facility and reduced direct project spending, as we sought to optimize the projects in our research and development portfolio.

Those factors were partially offset by:

- a lower contribution from product sales of \$60.0 million in 2008, mainly due to the genericization of Wellbutrin XL®;
- an increase in restructuring costs of \$69.5 million in 2008, mainly related to the impairment of the property, plant and equipment located in Puerto Rico and Ireland;
- a decline of \$17.8 million in gains on the disposal of investments in 2008, mainly related to the disposal of our equity interests in Reliant Pharmaceuticals, Inc. ("Reliant") and Ethypharm in 2007;
- a decline in interest income of \$15.2 million in 2008, reflecting lower cash resources and interest rates; and
- the inclusion of management succession costs of \$7.4 million and proxy contest costs of \$6.2 million in 2008.

### *Specific Items Impacting Net Income*

When assessing our financial performance, management utilizes an internal measure that excludes specific items from net income determined in accordance with U.S. GAAP. Management believes the identification of these items enhances an analysis of our financial performance when comparing our operating results between periods. These items consist of: acquisition-related costs (including IPR&D charges and transaction costs); restructuring costs; legal settlements; gains and losses on asset dispositions; investment gains and losses; and certain other unusual items that are evaluated on an individual basis based on their nature or size. The following are examples of how net income excluding specific items is utilized:

- executive management receives a monthly analysis of our operating results which includes a measure of net income and EPS excluding specific items;
- annual budgets are prepared on a specific item-adjusted basis; and
- executive management's annual compensation is determined, in part, by reference to net income excluding specific items.

We believe that investors' understanding of our financial performance is enhanced by disclosing the specific items identified by management. However, any measure of net income excluding any or all of these items is not, and should not be viewed as, a substitute for net income prepared under U.S. GAAP. These items are presented solely to allow investors to more fully understand how management assesses our financial performance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

The following table displays the specific items identified by management that impacted net income in the last three years, and the impact of these items (individually and in the aggregate) on basic and diluted EPS. EPS figures may not add due to rounding.

| (\$ in 000s, except per share data; Income (Expense))                  | 2009              |                 | 2008              |                 | 2007               |                 |

| Total                                                                  | <u>\$(62,032)</u> | <u>\$(0.39)</u> | <u>\$(30,903)</u> | <u>\$(0.19)</u> | <u>\$(103,541)</u> | <u>\$(0.64)</u> |

(1) Included in research and development expenses.

(2) Included in provision for (recovery of) income taxes.

(3) Included in selling, general and administrative expenses.

(4) Included in interest expenses.

With the exception of the reduction in the valuation allowance on deferred tax assets, the net impact of the preceding specific items on our provision for income taxes in each of the periods presented was not material.

### Cash Dividends

Cash dividends declared per share were \$0.645 in 2009, compared with \$1.50 per share in each of 2008 and 2007. In May 2009, our Board of Directors approved a modification of our dividend policy, which now contemplates the payment of a quarterly dividend of \$0.09 per share, compared with \$0.375 per share under the former policy. The declaration of future dividends pursuant to this new policy is always subject to the discretion of the Board of Directors, and is generally based on our business performance, operational results, future capital requirements, business development requirements and other requirements and applicable laws. On February 24, 2010, our Board of Directors declared a quarterly cash dividend of \$0.09 per share, payable on April 5, 2010.

### Changes in Financial Condition

At December 31, 2009, we had cash and cash equivalents of \$114.5 million (compared with \$317.5 million at December 31, 2008) and we had no borrowings outstanding under our \$410.0 million credit facility. At December 31, 2009, we had a long-term obligation to Cambridge of \$27.8 million in connection with the tetrabenazine acquisition in June 2009, and we had dividends payable of \$14.2 million in respect of our third quarter 2009 results, which dividend was paid on January 4, 2010.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

In 2009, we obtained financing of \$350.0 million from the issuance of the Convertible Notes and received total proceeds of \$23.1 million from the sale and leaseback of certain corporate assets. In addition, operating cash flows of \$360.9 million in 2009 were a significant source of liquidity. We paid total cash dividends of \$147.1 million in 2009, and incurred \$26.3 million of financing costs in connection with the issuance of the Convertible Notes and the establishment of our credit facility. We also utilized a substantial portion of our available cash resources to fund the following acquisition activities (exclusive of acquisition costs):

- \$510.0 million for the full U.S. commercialization rights to Wellbutrin XL®;
- \$200.0 million for the worldwide development and commercialization rights to tetrabenazine;
- \$30.0 million for the U.S. and Canadian rights to develop, manufacture and commercialize pimavanserin;
- \$12.0 million for the U.S. and Canadian rights to develop, manufacture and commercialize fipamezole; and
- \$6.0 million to collaborate on the development and commercialization of GDNF in CNS indications.

In February 2010, we paid \$40.0 million in connection with the acquisition of the U.S. and Canadian development and commercialization rights to Staccato® loxapine.

### RESULTS OF OPERATIONS

We operate our business on the basis of a single reportable segment — pharmaceutical products. This basis reflects how management reviews the business, makes investing and resource allocation decisions, and assesses operating performance.

#### Revenue

Our revenue is derived primarily from the following sources:

- sales of pharmaceutical products developed and manufactured by us, as well as sales of proprietary and in-licensed products;
- pharmaceutical clinical research and laboratory testing services; and
- royalties from the sale of products we developed or acquired.

The following table displays the dollar amount of each source of revenue for each of the last three years; the percentage of each source of revenue, compared with total revenue in the respective year; and the percentage changes in the dollar amount of each source of revenue. Percentages may not add due to rounding.

NM — Not meaningful

(1) Includes Nitoman® sales in Canada made prior to December 1, 2008.

(2) Includes sales of Xenazine®/Xenazina®/Nitoman® outside the U.S. and Canada from June 19, 2009.

(3) Effective December 1, 2008, BPC assumed the marketing and distribution of Nitoman®.

## Wholesaler Inventory Levels

Three drug wholesale customers account for the majority of our Zovirax®, Legacy, and, since May 2009, Wellbutrin XL® product sales in the U.S. Our distribution agreements with these wholesalers limit the amount of inventory they can own to between ½ and 1½ months of supply of our products. As indicated in the following table, at December 31, 2009 and 2008, these wholesalers owned overall 1.0 and 1.1 months of supply of our products, respectively, of which only \$0.2 million of inventory had less than 12 months remaining shelf life as at both December 31, 2009 and 2008.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

### *Wellbutrin XL®*

Wellbutrin XL® product sales increased \$52.5 million, or 44%, to \$173.3 million in 2009, compared with \$120.7 million in 2008, reflecting incremental revenue of approximately \$109.0 million earned following the acquisition of the full U.S. commercialization rights in May 2009, and the positive effect of subsequent price increases. Those factors were partially offset by declines in volumes due to generic competition to the 150mg dosage strength product since May 2008, as well as the continuing sales erosion of the 300mg dosage strength following its genericization in December 2006.

Wellbutrin XL® product sales declined \$91.6 million, or 43%, to \$120.7 million in 2008, compared with \$212.3 million in 2007, reflecting the impact on volumes resulting from the introduction of generic competition, which more than offset the positive effect on our supply prices of price increases implemented by GSK during 2008. In addition, our supply price for Wellbutrin XL® was based on an increasing tiered percentage of GSK's net selling price, which was reset to the lowest tier at the start of each calendar year. As a result of the introduction of generic competition to the 150mg product, GSK's sales of Wellbutrin XL® did not meet the sales-dollar threshold to increase our supply price above the first tier in 2008, which accounted for a portion of the year-over-year decline.

### *Aplenzin™*

Sanofi-aventis launched the 348mg and 522mg dosage strengths of Aplenzin™ in the U.S. in April 2009, and the 174mg dosage strength in July 2009. In 2009, we supplied sanofi-aventis with \$11.2 million of Aplenzin™, including sample supplies.

### *Ultram® ER*

On November 13, 2009, Par Pharmaceuticals Companies, Inc. ("Par") introduced its 100mg and 200mg generic versions of Ultram® ER, following a Court ruling in its favour on patent non-infringement. On the same date, PriCara's affiliate Patriot launched 100mg and 200mg authorized generic versions of Ultram® ER, which we manufacture and supply to Patriot. Upon generic entry, our contractual supply price to PriCara for branded Ultram® ER 100mg and 200mg product (which is determined based on a percentage of PriCara's net selling price) was reduced by 50%. As there is currently no generic equivalent to the Ultram® ER 300mg product, our supply price to PriCara for that dosage strength remains unchanged. Par is, however, seeking FDA approval for a 300mg generic version of Ultram® ER.

Ultram® ER product sales declined \$27.9 million, or 34%, to \$54.0 million in 2009, compared with \$81.9 million in 2008, as a result of lower prescription demand and supply pricing for the 100mg and 200mg dosage strengths, which was partially offset by revenue generated through our supply of the authorized generics. In addition, inventory levels in the distribution channels were reduced during 2009 in anticipation of the loss of market exclusivity, and PriCara increased its provision for expected returns of the branded product, which had a negative impact on our supply price. Also contributing to the decline in prescription volumes was the launch in early May 2009 of a competing once-daily formulation of tramadol in 100mg, 200mg and 300mg dosage strengths. All of those factors were partially offset by higher shipments of 100mg tablets in the first quarter of 2009 to replace certain lots that had been recalled in the fourth quarter of 2008, and a \$1.1 million reduction to the related recall provision in the first quarter of 2009, as a result of lower than expected returns from wholesalers and pharmacies in connection with this recall, as well as the positive effect on our supply price of a price increase implemented by PriCara in 2009.

Ultram® ER product sales declined \$4.8 million, or 6%, to \$81.9 million in 2008, compared with \$86.7 million in 2007, reflecting a provision of \$6.5 million (exclusive of \$0.6 million of inventory write-offs and \$1.0 million of administrative expenses) related to the voluntary recall of certain lots of 100mg tablets, which included affected product still at PriCara. Ultram® ER product sales were also impacted in 2008 by lower sales of sample supplies to PriCara. Those factors were partially offset by the positive effect on our supply price of

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

price increases implemented by PriCara during 2008 and a change in prescription mix from the 100mg product to the higher 200mg and 300mg dosage strengths.

### *Xenazine®*

Our revenue from sales of Xenazine® amounted to \$48.4 million in 2009 and \$3.7 million in 2008. Xenazine® revenue comprises sales of the product to Lundbeck for marketing and distribution in the U.S. since November 2008, and sales of the product to third-party distributors for distribution in other countries in Europe and around the world following the acquisition of the worldwide development and commercialization rights to tetrabenazine in June 2009. In addition, Xenazine® revenue included sales of Nitoman® in Canada made prior to December 1, 2008; Canadian sales after December 1, 2008 are included in BPC product sales described below.

### *Zovirax®*

Zovirax® product sales declined \$4.3 million, or 3%, to \$146.3 million in 2009, compared with \$150.6 million in 2008, due to lower prescription volumes and a reduction of inventory levels by our major wholesale customers, partially offset by price increases implemented for these products during 2009. The decline in prescription volumes was partially due to increasing competition from available oral therapies. In addition, Publicis is limiting its detailing efforts to certain specialist physicians.

Zovirax® product sales increased \$3.5 million, or 2%, to \$150.6 million in 2008, compared with \$147.1 million in 2007, reflecting price increases we implemented in 2008, which more than offset a modest decline in prescription volumes.

### *BPC*

Sales of BPC products increased \$9.4 million, or 13%, to \$79.9 million in 2009, compared with \$70.6 million in 2008, and increased \$8.7 million, or 14%, in 2008, compared with \$61.9 million in 2007. Excluding the negative effect on BPC Canadian dollar-denominated revenue of the weakening of the Canadian dollar relative to the U.S. dollar, BPC product sales increased 20% in 2009, compared with 2008; however, changes in exchange rates between the Canadian dollar and the U.S. dollar had a negligible overall effect on BPC revenue in 2008, compared with 2007.

The year-over-year increases in BPC revenue in each of 2009 and 2008 reflected higher sales of our promoted Wellbutrin® XL, Tiazac® XC, Ralivia® and Glumetza® products, which more than offset lower sales of our genericized Tiazac® and Wellbutrin® SR products. Also contributing to the increase in 2009, compared with 2008, was the inclusion of \$5.0 million of Nitoman® product sales in 2009, compared with \$0.4 million recognized in December 2008.

In January 2010, a Canadian Court ruled in favour of Apotex Inc. on patent infringement proceedings relating to our Glumetza® 500mg product. The introduction of generic competition to the 500mg dosage strength could result in a substantial reduction in our Glumetza® branded product sales in Canada. Glumetza® generated revenues of \$6.6 million in 2009.

### *Cardizem® LA*

A subsidiary of Watson Pharmaceuticals, Inc. ("Watson") is seeking FDA approval for a generic version of Cardizem® LA in all dosage strengths; however, to our knowledge, Watson has not yet received FDA approval. Although we will be entitled to a royalty from Watson based on any sales of its generic Cardizem® LA product, the introduction of generic competition could have a material adverse impact on our revenues and earnings.

Revenue from sales of Cardizem® LA declined \$6.0 million, or 12%, to \$42.0 million in 2009, compared with \$48.0 million in 2008, which reflected lower prescription volumes and a reduction in inventory levels in the

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

distribution channels, as promotional activities by Abbott have been curtailed in anticipation of the potential loss of market exclusivity.

Cardizem® LA product sales declined \$21.3 million, or 31%, to \$48.0 million in 2008, compared with \$69.3 million in 2007, reflecting lower prescription volumes in 2008, and higher shipments of 120mg and 180mg Cardizem® LA products to Abbott in the first quarter of 2007 made to address the backorder for those strengths that existed at the end of 2006. Those factors were partially offset by the positive effect on our supply price of price increases implemented by Abbott during 2008.

Cardizem® LA product sales include the amortization of deferred revenue associated with the cash consideration received from the sale to Kos of the distribution rights to Cardizem® LA in May 2005, which is being amortized over seven years on a straight-line basis. This amortization amounted to \$15.1 million in each of the last three years.

### *Legacy*

Our Legacy products include Ativan®, Cardizem® CD, Vasotec®, Vaseretic®, Tiazac® and Isordil®, which are sold primarily in the U.S. Although we do not actively promote these products as they have been genericized, our Legacy products continue to benefit from high brand awareness and physician and patient loyalty.

Sun Pharmaceutical Industries, Ltd., India ("Sun India") is seeking FDA approval for generic versions of Cardizem® CD, including the 360mg dosage strength which currently is not subject to generic competition. There are currently no unexpired patents listed against our 360mg Cardizem® CD product in the FDA's Orange Book database. FDA approval of Sun India's 360mg product could have a material adverse impact on the overall sales of our Cardizem® CD branded product and on the carrying value of the intangible asset associated with the Cardizem® trademark.

Sales of our Legacy products increased \$11.5 million, or 7%, to \$165.7 million in 2009, compared with \$154.2 million in 2008, which reflected higher sales of generic Tiazac®, attributable to competitors' manufacturing issues. In addition, declining prescription volumes for our other Legacy brands were largely offset by price increases implemented during 2009.

Sales of Legacy products increased \$17.4 million, or 13%, to \$154.2 million in 2008, compared with \$136.9 million in 2007, reflecting the price increases implemented for these products in 2008, which more than offset a decline in prescription volumes.

### *Generic*

Our Generic products consist of bioequivalent versions of Adalat CC, Cardizem® CD, Procardia XL, Trental, and Voltaren XR, which are sold to Teva for distribution in the U.S.

Sales of Generic products declined \$16.2 million, or 19%, to \$67.0 million in 2009, compared with \$83.2 million in 2008, reflecting the effects of lower pricing and prescription volumes for most products. Also contributing to the year-over-year decline was the recognition in 2008 of a \$4.5 million adjustment made in our favour by Teva to reduce its chargeback provision related to past sales of our products. Those factors were partially offset by higher sales of generic Cardizem® CD in the fourth quarter of 2009, attributable to competitors' manufacturing issues.

Sales of Generic products declined \$3.6 million, or 4%, to \$83.2 million in 2008, compared with \$86.8 million in 2007, primarily due to lower prescription volumes and pricing for these products, as well as shelf-stock adjustments granted by Teva to its customers. Those factors were partially offset by the favourable impact of the \$4.5 million chargeback adjustment made by Teva in 2008.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

### *Research and Development Revenue*

Research and development revenue declined \$10.2 million, or 42%, to \$14.1 million in 2009, compared with \$24.4 million in 2008, as a result of a lower level of clinical research and laboratory testing services provided to external customers by our contract research division, together with the negative impact of the weakening of the Canadian dollar relative to the U.S. dollar.

Research and development revenue increased \$0.5 million, or 2%, to \$24.4 million in 2008, compared with \$23.8 million in 2007, primarily reflecting the relative volume of clinical research and laboratory testing services conducted on behalf of external customers.

### *Royalty and Other Revenue*

Royalties from third parties on sales of products we developed or acquired and other revenue declined \$1.0 million, or 6%, to \$17.3 million in 2009, compared with \$18.3 million in 2008, mainly due to lower revenue based on sales of fenofibrate in the U.S., and increased \$0.3 million, or 2%, in 2008, compared with \$17.9 million in 2007.

### **Operating Expenses**

The following table displays the dollar amount of each operating expense category for each of the last three years; the percentage of each category compared with total revenue in the respective year; and the percentage changes in the dollar amount of each category. Percentages may not add due to rounding.

|                                                                                            | Years Ended December 31 |           |                |           |                |           | Change       |          |                 |            |

### *Cost of Goods Sold*

Cost of goods sold includes: manufacturing, packaging, shipping and handling costs for products we produce; the cost of products we purchase from third parties; royalty payments we make to third parties; depreciation of manufacturing facilities and equipment; and lower of cost or market adjustments to inventories. Cost of goods sold excludes the amortization of intangible assets described separately below under “— Amortization of Intangible Assets”.

Since October 1, 2002, we have been entitled to purchase a pre-determined quantity of Zovirax® inventory from GSK at reduced prices under a price allowance. We expect that any remaining inventory acquired at the reduced supply prices will be sold in the first quarter of 2010, after which time the cost of inventory purchased from GSK at full price will have a material impact on the contribution from Zovirax® product sales.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

Cost of goods sold increased \$7.1 million, or 4%, to \$204.3 million in 2009, compared with \$197.2 million in 2008. The percentage increase in cost of goods sold was less than the corresponding 10% increase in total product sales in 2009, primarily due to:

- lower labour and overhead costs at our Puerto Rico manufacturing facilities, and higher absorption at our Steinbach, Manitoba manufacturing facility, as a result of the transfer of certain manufacturing activities from the Puerto Rico facilities to the Steinbach facility;
- an increased contribution from higher margin Wellbutrin XL<sup>®</sup> product sales following the acquisition of the full U.S. commercialization rights in May 2009;
- the positive impact of price increases we implemented for Wellbutrin XL<sup>®</sup>, Zovirax<sup>®</sup> and certain Legacy products during 2009, and the positive effect on our supply prices for Wellbutrin XL<sup>®</sup> (prior to the acquisition of the full U.S. commercialization rights), Ultram<sup>®</sup> ER and Cardizem<sup>®</sup> LA of the price increases implemented in 2009 by GSK, PriCara and Abbott, respectively; and
- the positive impact on labour and overhead costs at the Steinbach facility as a result of the weakening of the Canadian dollar relative to the U.S. dollar.

Those factors were partially offset by:

- the inclusion of lower margin Xenazine<sup>®</sup> and Nitoman<sup>®</sup> product sales;
- a higher cost basis related to the \$10.5 million of Wellbutrin XL<sup>®</sup> inventory reacquired from GSK, in connection with the acquisition of the full U.S. commercialization rights, which was subsequently sold to our wholesale customers during 2009;
- the decline in volume of higher margin 150mg Wellbutrin XL<sup>®</sup> product sales, as a result of the introduction of generic competition in May 2008;
- the reduction in our contractual supply price for Ultram<sup>®</sup> ER, and the increase in PriCara's provision for expected returns of the product as a result of generic entry; and
- an increase of \$3.9 million in costs associated with the transfer of certain manufacturing and packaging processes from the Puerto Rico facilities to the Steinbach facility, partially offset by lower depreciation expense as a result of the write-down of the property, plant and equipment located in Puerto Rico.

Cost of goods sold declined \$26.5 million, or 12%, to \$197.2 million in 2008, compared with \$223.7 million in 2007. The percentage decline in cost of goods sold was greater than the corresponding 11% decline in total product sales in 2008, primarily due to:

- a lower absorption of overhead costs that was mainly due to excess manufacturing capacity associated with decreased production volumes for Wellbutrin XL<sup>®</sup>, Cardizem<sup>®</sup> LA and Generic products;
- the reduced contribution from higher margin 150mg Wellbutrin XL<sup>®</sup> product sales as a result of the introduction of generic competition, and the inclusion of lower margin Xenazine<sup>®</sup> and Nitoman<sup>®</sup> product sales;
- the \$6.5 million provision for returns of recalled Ultram<sup>®</sup> ER 100mg tablets in 2008, and the write-off to cost of goods sold of \$0.6 million of affected Ultram<sup>®</sup> ER product remaining in our inventory;
- an increase in amortization expense of \$6.4 million in 2008, compared with 2007, related to the \$40.7 million deferred charge for payments we made to GSK in consideration for the Zovirax<sup>®</sup> price allowance; and
- the inclusion of \$2.4 million of costs associated with the transfer of certain manufacturing and packaging processes from the Puerto Rico facilities to the Steinbach facility, partially reduced by lower depreciation expense.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

Those factors were partially offset by:

- the positive impact of price increases we implemented for Zovirax® and certain Legacy products during 2008, and the positive effect on our supply prices for Wellbutrin XL®, Ultram® ER and Cardizem® LA of the price increases implemented in 2008 by GSK, PriCara and Abbott, respectively;
- the inclusion of the \$4.5 million chargeback adjustment from Teva in 2008; and
- lower charges for obsolescence related to inventories of certain of our products that were in excess of anticipated demand, and a recovery from PriCara in 2008 of \$1.0 million related to the cost of Ultram® oral disintegrating tablet ("ODT") inventory that had been previously written-off.

### *Research and Development Expenses*

Expenses related to internal research and development programs include: employee compensation costs; overhead and occupancy costs; depreciation of research and development facilities and equipment; clinical trial costs; clinical manufacturing and scale-up costs; and other third-party development costs. Acquired IPR&D represents compounds, new indications, or line extensions under development that have not received regulatory approval for marketing at the time of acquisition. IPR&D acquired through an asset acquisition is written-off at the acquisition date if the assets have no alternative future use. IPR&D acquired in a business combination is capitalized as indefinite-lived intangible assets (irrespective of whether these assets have an alternative future use) until completion or abandonment of the related research and development activities. Costs associated with the development of IPR&D are expensed as incurred. The costs associated with providing contract research services to external customers are also included in research and development expenses.

The following table displays the dollar amount of research and development expenses by internal reporting category for each of the last three years; the percentage of each category compared with total revenue in the respective year; and the percentage changes in the dollar amount of each category. Percentages may not add due to rounding.

|                                                                     | Years Ended December 31 |           |               |           |                |           | Change        |           |                 |             |

NM — Not meaningful

As described above under "Overview — Business Development", we recorded a total IPR&D charge of \$59.4 million in 2009, related to the acquisitions of the various rights to pimavanserin, fipamezole and GDNF, as well as the write-off of the \$8.0 million IPR&D intangible asset related to RUS-350 upon the termination of that project.

Internal research and development program expenses declined \$22.2 million, or 32%, to \$47.6 million in 2009, compared with \$69.8 million in 2008, reflecting reduced direct project spending as we transitioned from reformulation opportunities to the in-licensing, acquisition and development of specialty CNS products, and cost savings as a result of the closures of our Dublin, Ireland and Mississauga, Ontario research and development facilities. Also contributing to the year-over-year decline in 2009 was the recognition in the first quarter of 2008 of \$7.9 million in costs related to the termination of the BVF-146 program to develop a combination of tramadol and a non-steroidal anti-inflammatory drug.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

Internal research and development program expenses declined \$30.8 million, or 31%, to \$69.8 million in 2008, compared with \$100.6 million in 2007, reflecting the closure of our facility in Ireland and reduced direct project spending as we sought to optimize the projects in our development portfolio. These declines also reflected the cost of clinical trial and scale-up activities conducted in 2007 related to Aplenzin™ and Phase 3 safety studies conducted in connection with the BVF-146 program.

Costs associated with providing contract research services to external customers declined \$9.2 million, or 40%, to \$13.8 million in 2009, compared with \$23.0 million in 2008, reflecting the decline in activity levels at our contract research division, and lower labour costs as a result of headcount reductions in the second quarter of 2009 and the fourth quarter of 2008, as well as a positive impact on labour and overhead costs as a result of the weakening of the Canadian dollar relative to the U.S. dollar.

Contract research services costs increased \$5.5 million, or 32%, to \$23.0 million in 2008, compared with \$17.5 million in 2007, reflecting higher unabsorbed overhead and employee termination costs at our contract research division due to a decline in activity related to internal product-development programs.

### *Selling, General and Administrative Expenses*

Selling, general and administrative expenses include: employee compensation costs associated with sales and marketing, finance, legal, information technology, human resources, and other administrative functions; outside legal fees and consultancy costs; product promotion expenses; overhead and occupancy costs; depreciation of corporate facilities and equipment; and other general and administrative costs.

Selling, general and administrative expenses declined \$10.3 million, or 5%, to \$178.6 million in 2009, compared with \$188.9 million in 2008, and increased \$29.7 million, or 19%, in 2008, compared with \$159.3 million in 2007.

The decline in selling, general and administrative expenses in 2009, compared with 2008, was primarily due to:

- a decrease of \$14.5 million in payments due to Sciele Pharma, Inc. ("Sciele"), as a result of the termination of our Zovirax® promotional services agreement with Sciele in October 2008;
- a decrease of \$10.1 million related to a reversal in the fourth quarter of 2009 of a potential voluntary compliance undertaking ("VCU") liability, as a result of the closure of an investigation into the introductory pricing of Glumetza® in Canada, which determined that our prices for the 500mg and 1000mg dosage strengths were appropriate;
- a decrease of \$7.4 million related to management succession costs, associated primarily with a change in our Chief Executive Officer in May 2008;
- a decrease in proxy contest costs of \$5.2 million, primarily reflecting expenses incurred in 2008 in connection with the contested election of our nominees to the Board of Directors at our 2008 annual meeting of shareholders;
- a decrease of \$4.1 million related to consulting costs incurred in 2008 related to the development and implementation of our specialty CNS strategy; and
- the positive effects of the weakening of the Canadian dollar relative to the U.S. dollar and overall cost containment initiatives.

Those factors were partially offset by:

- the inclusion of the \$11.0 million loss on the sale and leaseback of our Mississauga, Ontario corporate headquarters;

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

- the inclusion of \$8.8 million in fees owed to Publicis and an increase of \$6.4 million in other costs related to the promotion of Zovirax®;
- an increase in legal fees of \$3.8 million, primarily related to indemnification obligations to certain former officers and directors, primarily in connection with enforcement proceedings against these former officers and directors by the SEC and OSC;
- the inclusion of \$2.9 million in costs related to an examination of our accounting and related functions by independent consultants retained by us pursuant to the settlement agreements we entered into with the OSC and SEC; and
- an increase in compensation expense of \$1.4 million related to deferred share units ("DSUs") granted to directors, primarily due to the impact of a year-over-year increase in the underlying trading price of our common shares.

The increase in selling, general and administrative expenses in 2008, compared with 2007, was primarily due to:

- a decrease in insurance recoveries related to legal costs of \$20.5 million in 2008, as we had exhausted our director and officer liability insurance for claims related to the legacy litigation and regulatory matters in respect of our 2002 to 2004 policy period;
- the inclusion of management succession costs of \$7.4 million and proxy contest costs of \$6.2 million;
- the inclusion of consulting costs of \$4.1 million in connection with the development of our specialty CNS strategy;
- an increase in promotional spending related to the launch of Ralivia™ in Canada of \$3.6 million;
- an increase in DSU-related compensation expense of \$1.5 million, as the cost of the annual grant of DSUs in 2007 was more than offset by a decline in the fair value of outstanding DSUs, due to a decline in the underlying trading price of our common shares during 2007; and
- the inclusion of \$1.0 million of third-party administrative costs associated with the recall of Ultram® ER 100mg tablets in 2008.

Those factors were partially offset by:

- a decrease in legal fees of \$18.9 million in 2008, as a result of the settlement of certain legacy litigation and regulatory matters, partially offset by higher indemnification payments to former officers and directors.

Legal costs amounted to \$45.1 million, \$41.3 million and \$39.6 million in 2009, 2008 and 2007, respectively. Legal costs in 2007 were reported net of insurance recoveries of \$20.5 million. Legal costs included indemnification obligations to certain former officers and directors of \$19.6 million, \$16.4 million and \$10.1 million in 2009, 2008 and 2007, respectively. A portion of these costs may continue for an indefinite period, as we cannot predict the outcome or timing of when the outstanding enforcement proceedings by the SEC and OSC may be resolved.

### *Amortization of Intangible Assets*

Amortization expense increased \$53.4 million, or 104%, to \$104.7 million in 2009, compared with \$51.4 million in 2008, due to the inclusion of amortization of the Wellbutrin XL® trademark intangible asset acquired in May 2009, and the tetrabenazine product rights intangible assets arising from the acquisition of the worldwide development and commercialization rights in June 2009 and in connection with the Prestwick acquisition in September 2008.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

Amortization expense increased \$3.3 million, or 7%, to \$51.4 million in 2008, compared with \$48.0 million in 2007, due to the inclusion of amortization of the Prestwick identifiable intangible assets.

### *Restructuring Costs*

We recorded restructuring charges of \$19.1 million and \$70.2 million in 2009 and 2008, respectively, as described above under "Overview — Restructuring".

### *Legal Settlements, Net*

In 2009, we recorded a charge of \$6.2 million in connection with the settlement of certain litigation matters.

In 2008, we recorded a charge of \$32.6 million, of which \$24.6 million related to the USAO settlement in respect of the Cardizem® LA matter and \$5.3 million related to the settlement of the OSC investigation.

In 2007, we recorded a net charge of \$95.1 million, of which \$83.1 million (net of expected insurance recoveries) related to the settlement of the securities class actions in the U.S. and Canada, and \$10.0 million related to the settlement of the SEC investigation.

### *Acquisition-Related Costs*

In the second quarter of 2009, we incurred direct costs of \$5.6 million in connection with the acquisition of the worldwide development and commercialization rights to tetrabenazine.

### *Intangible Asset Impairments, Net*

We perform an evaluation of amortizable intangible assets for impairment at least annually, or whenever events or changes in circumstances indicate that the carrying value of these assets may not be recoverable. Impairment exists when the carrying amount of an asset is not recoverable based on related undiscounted future cash flows, and its carrying amount exceeds its estimated fair value based on related discounted future cash flows.

In 2007, we recorded an impairment charge of \$9.9 million to write down the carrying value of Zolpidem ODT and Ultram® ODT product rights, due to a lack of commercial potential for these products, as well as to write down certain other identified product rights and technology intangible assets.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

NM — Not meaningful

### Interest Income

Interest income declined \$8.3 million, or 88%, to \$1.1 million in 2009, compared with \$9.4 million in 2008, and declined \$15.2 million, or 62%, in 2008, compared with \$24.6 million in 2007, reflecting year-over-year declines in our cash resources as a result of business development activities and legal settlement payments, as well as the redemption of our 7<sup>7</sup>/<sub>8</sub>% Senior Subordinated Notes ("Subordinated Notes") effective April 1, 2007, together with lower prevailing interest rates.

### Interest Expense

Interest expense increased \$24.4 million to \$25.4 million in 2009, compared with \$1.0 million in 2008, and declined \$8.7 million, or 90%, in 2008, compared with \$9.7 million in 2007. Interest expense incurred in 2009 included non-cash amortization of debt discounts on the Convertible Notes and the Cambridge obligation of \$6.0 million and the non-cash amortization of deferred financing costs associated with the Convertible Notes and our current and former credit facilities of \$3.1 million. In addition, in the second quarter of 2009, we wrote off the remaining unamortized deferred financing costs of \$0.5 million related to our former credit facility.

Prior to 2009, interest expense comprised standby fees and the amortization of deferred financing costs related to our former credit facility, as well as interest on the Subordinated Notes prior to their redemption in April 2007.

### Gain on Auction Rate Security Settlement

In May 2008, we commenced an arbitration against the investment bank that invested our assets in auction rate securities. In May 2009, we resolved this matter with the investment bank for a payment to us in the amount of \$22.0 million, which represented a recovery of 82% of the original \$26.8 million principal invested in these securities. We retained ownership of these securities under the terms of this settlement. This settlement does not change our conclusion that we do not intend to sell these securities and it is not more likely than not that we will be required to sell these securities before a recovery of their amortized cost bases (as described below under "Financial Condition, Liquidity and Capital Resources — Net Financial Assets (Liabilities) — Auction Rate Securities").

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

### *Gain on Disposal of Investments*

In 2009, we recognized a gain of \$0.8 million on the sale of our equity interests in Depomed and Hemispherx for total cash proceeds of \$0.9 million.

In 2008, we recognized a gain of \$3.1 million on the sale of a portion of our investment in common shares of Depomed for cash proceeds of \$13.2 million, and we recognized a gain of \$3.5 million on the disposal of our investment in common shares and convertible debt of Verdi for cash proceeds of \$12.2 million.

In 2007, we received cash consideration of \$14.9 million on the liquidation of our investment in convertible preferred stock of Reliant, following its acquisition by GSK, resulting in a gain on disposal of \$8.6 million. We also recorded a gain of \$15.7 million on the sale to Verdi of a portion of our investment in common shares of Ethypharm. We received proceeds on disposal of \$39.4 million in cash and \$5.6 million in convertible debt of Verdi. We exchanged the remaining portion of our Ethypharm investment for common shares of Verdi.

### *Impairment Loss on Debt Securities*

We recorded losses related to other-than-temporary declines in the estimated fair value of a portion of our investment in auction rate securities of \$5.2 million, \$8.6 million and \$6.0 million in 2009, 2008 and 2007, respectively (as described below under "Financial Condition, Liquidity and Capital Resources — Net Financial Assets (Liabilities) — Auction Rate Securities").

### *Loss on Early Extinguishment of Debt*

In 2007, we recorded a charge of \$12.5 million on the early redemption of the Subordinated Notes, which comprised the premium paid to the noteholders of \$7.9 million, as well as the net write-off of unamortized deferred financing costs, discount, and fair value adjustment associated with these notes, which totaled \$4.6 million.

### **Income Taxes**

The following table displays the dollar amount of the current and deferred provisions for income taxes for each of the last three years; and the percentage changes in the dollar amount of each provision. Percentages may not add due to rounding.

|                                                    | Years Ended December 31 |               |                 | Change          |             |               |              |
|----------------------------------------------------|-------------------------|---------------|-----------------|-----------------|-------------|---------------|--------------|
|                                                    | 2009                    | 2008          | 2007            | 2008 to 2009    |             | 2007 to 2008  |              |
|                                                    | \$                      | \$            | \$              | \$              | %           | \$            | %            |
| <i>(\$ in 000s; Income (Expense))</i>              |                         |               |                 |                 |             |               |              |
| Current income tax expense . . . . .               | (14,500)                | (17,000)      | (13,200)        | 2,500           | (15)        | (3,800)       | 29           |
| Deferred income tax benefit . . . . .              | 16,000                  | 90,000        | —               | (74,000)        | (82)        | 90,000        | NM           |
| Total recovery of (provision for) income taxes . . | <u>1,500</u>            | <u>73,000</u> | <u>(13,200)</u> | <u>(71,500)</u> | <u>(98)</u> | <u>86,200</u> | <u>(653)</u> |

NM — Not meaningful

Our effective tax rate was approximately 14% in 2009, compared with approximately 13% and 6% in 2008 and 2007, respectively. The effective tax rate reflects the impact of certain items that are not deductible, including IPR&D charges, restructuring costs, and legal settlements, or do not effect the income tax provision because of unrecognized tax losses in the local jurisdictions. In addition, the low effective tax rate reflects the fact that most of our revenue and income was earned in Barbados, which has lower statutory tax rates than those that apply in Canada. Dividends from such after-tax business income are received tax-free in Canada.

In each of the fourth quarters of 2009 and 2008, we assessed the realizability of a portion of our deferred tax assets related to operating loss carryforwards in the U.S. Our U.S. operations have generated positive earnings

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

in each fiscal year commencing with 2006, reflecting a reduction in the overall cost structure, including the elimination of our U.S. sales force, through restructuring measures implemented in 2006 and 2005. As a result, we reduced the valuation allowance recorded against available U.S. operating loss carryforwards by \$26.0 million and \$90.0 million in the fourth quarters of 2009 and 2008, respectively, with corresponding increases to net income. In determining the amount of the valuation allowance that is necessary, we consider the amount of operating loss carryforwards that we will more likely than not be able to utilize based on the taxable income expected to be generated in the U.S. in future years. In 2009, we recorded a provision for deferred income taxes of \$10.0 million related to the utilization of a portion of these loss carryforwards to reduce taxable income in the U.S.

### SUMMARY OF QUARTERLY RESULTS (UNAUDITED)

The following table presents a summary of our unaudited quarterly results of operations and cash flows in 2009 and 2008:

| (\$ in 000s, except per share data)                           | 2009      |           |           |            | 2008      |           |             |            |
|---------------------------------------------------------------|-----------|-----------|-----------|------------|-----------|-----------|-------------|------------|
|                                                               | Q1        | Q2        | Q3        | Q4         | Q1        | Q2        | Q3          | Q4         |

### Fourth Quarter of 2009 Compared to Fourth Quarter of 2008

#### *Results of Operations*

##### *Revenue*

Total revenue increased \$59.6 million, or 33%, to \$241.1 million in the fourth quarter of 2009, compared with \$181.5 million in the fourth quarter of 2008, primarily due to:

- incremental revenue of approximately \$42.0 million from Wellbutrin XL<sup>®</sup> product sales, as a result of the acquisition of the full U.S. commercialization rights in May 2009;
- an increase of \$13.7 million in Xenazine<sup>®</sup> product sales, reflecting a growth in prescription volumes in the U.S. since the product's launch in November 2008, and incremental revenue from the inclusion of worldwide sales of the product;
- the recognition in the fourth quarter of 2009 of \$4.4 million of product intended for sale to Teva in the third quarter of 2009 but delayed due to customs clearance issues; and
- a strengthening of the Canadian dollar relative to the U.S. dollar in the fourth quarter of 2009, compared with the fourth quarter of 2008, which positively impacted BPC product sales by approximately \$3.3 million.

Those factors were partially offset by:

- a \$13.1 million decline in Ultram<sup>®</sup> ER product sales, mainly due to the introduction of generic competition in November 2009, which resulted in lower prescription volumes and the reduction in our contractual supply price for the 100mg and 200mg dosage strengths, as well as the increase in PriCara's provision for expected product returns.

##### *Net Income*

Net income declined \$47.4 million, or 39%, to \$73.0 million in the fourth quarter of 2009, compared with \$120.4 million in the fourth quarter of 2008, primarily due to:

- a decrease of \$64.0 million in deferred income tax benefits, related to the reductions in the valuation allowance recorded against U.S. operating loss carryforwards of \$26.0 million and \$90.0 million in the fourth quarters of 2009 and 2008, respectively;
- a decrease of \$20.8 million related to IPR&D charges in the fourth quarter of 2009, comprising \$4.0 million for the additional payment related to fipamezole and \$8.8 million for GDNF, as well as the write-off of the \$8.0 million IPR&D intangible asset related to RUS-350;
- incremental amortization expense of \$18.7 million related to the acquisition of the various rights to Wellbutrin XL<sup>®</sup> and tetrabenazine;
- the inclusion in selling, general and administrative expenses of the \$11.0 million loss on the sale and leaseback of our corporate headquarters; and
- an increase of \$9.7 million in interest expense, primarily related to the Convertible Notes.

Those factors were partially offset by:

- an increased contribution from product sales of \$53.5 million, primarily related to the incremental revenue from Wellbutrin XL<sup>®</sup> and Xenazine<sup>®</sup> (partially offset by lower Ultram<sup>®</sup> ER product sales), and reduced costs and improved capacity utilization of our manufacturing operations;

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

- an increase of \$10.1 million in selling, general and administrative expenses related to the release of the Glumetza® VCU liability; and
- a decrease of \$6.9 million in restructuring costs, mainly due to lower asset impairment charges.

### *Cash Flows from Operating Activities*

Net cash provided by operating activities increased \$20.7 million, or 19%, to \$127.6 million in the fourth quarter of 2009, compared with \$107.0 million in the fourth quarter of 2008, primarily due to:

- the increased contribution from product sales of \$53.5 million; and
- an increase of \$23.8 million related to the change in accounts payable, mainly due to an increased supply price for Zovirax® inventory purchased from GSK after the conclusion of the price allowance, the addition of clinical trial costs associated with BVF-324, and the inclusion of an amount of \$10.7 million owing to Teva in respect of Generic product sales provisions.

Those factors were partially offset by:

- a decrease of \$28.7 million related to the change in accounts receivable, mainly due to higher sales of Wellbutrin XL® in the fourth quarter of 2009, following the May 2009 acquisition of the full U.S. commercialization rights, and lower Wellbutrin XL® product sales in the fourth quarter of 2008, as a result of the genericization of the 150mg dosage strength; and
- a decrease of \$25.7 million related to the change in inventories, reflecting the higher cost base of Zovirax® inventory, and increased production of generic Tiazac® and generic Cardizem® CD to meet higher expected demand for these products in 2010, attributable to competitors' manufacturing issues.

## FINANCIAL CONDITION, LIQUIDITY AND CAPITAL RESOURCES

### Selected Measures of Financial Condition

The following table presents a summary of our financial condition at December 31, 2009 and 2008:

|                                                  | At December 31 |             | Change    |      |
|--------------------------------------------------|----------------|-------------|-----------|------|
|                                                  | 2009           | 2008        |           |      |
| (\$ in 000s; Asset (Liability))                  | \$             | \$          | \$        | %    |
| Working capital <sup>(1)</sup>                   | 93,734         | 223,198     | (129,464) | (58) |
| Long-lived assets <sup>(2)</sup>                 | 1,539,364      | 968,935     | 570,429   | 59   |
| Long-term obligations, including current portion | (326,085)      | —           | (326,085) | NM   |
| Shareholders' equity                             | (1,354,372)    | (1,201,599) | (152,773) | 13   |

(1) Total current assets less total current liabilities.

(2) Property, plant and equipment, intangible assets, and goodwill.

### *Working Capital*

Working capital declined \$129.5 million, or 58%, to \$93.7 million at December 31, 2009, compared with \$223.2 million at December 31, 2008, primarily due to:

- a net decline in cash and cash equivalents of \$203.1 million, which primarily reflected: \$761.8 million paid in the aggregate to acquire the various rights to Wellbutrin XL®, tetrabenazine, pimavanserin, fipamezole and GDNF, and \$147.1 million paid in dividends; partially offset by \$373.1 million received in the aggregate through the issuance of the Convertible Notes and the sale and leaseback of certain corporate assets, and \$360.9 million in operating cash flows;

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

- an increase in accrued liabilities of \$36.7 million, mainly due to the inclusion of interest payable on the Convertible Notes, the addition of product return, rebate and chargeback provisions related to Wellbutrin XL<sup>®</sup> sales occurring after the May 2009 acquisition of the full U.S. commercialization rights (including a balance owed to GSK for governmental rebate claims administered and paid by GSK on our behalf), and the assumption of the royalty obligations on worldwide sales of tetrabenazine, partially offset by the release of the Glumetza<sup>®</sup> VCU liability;
- an increase in accounts payable of \$31.0 million, mainly due to the increased supply price for Zovirax<sup>®</sup> inventory and purchases of tetrabenazine inventory, the addition of clinical trial costs associated with BVF-324, and the inclusion of the amount owing to Teva in respect of Generic product sales provisions (offset by a corresponding decrease in deferred revenue); and
- the inclusion of \$12.1 million in current portion of long-term obligations, related to the payment due to Cambridge in June 2010 in connection with the acquisition of the worldwide development and commercialization rights to tetrabenazine.

Those factors were partially offset by:

- a decrease in dividends payable of \$45.1 million, reflecting the reduction in our quarterly cash dividend policy to \$0.09 per share commencing in May 2009, compared with \$0.375 per share in 2008;
- a decrease in accrued legal settlements of \$24.6 million, related to payments of \$30.8 million made in 2009 primarily to settle the USAO and OSC investigations, partially offset by the \$6.2 million accrued in 2009 in connection with the settlement of certain other litigation matters;
- an increase in accounts receivable of \$29.9 million, corresponding to higher Wellbutrin XL<sup>®</sup> product sales following the May 2009 acquisition of the full U.S. commercialization rights; and
- an increase in inventories of \$23.2 million, reflecting the higher cost base of Zovirax<sup>®</sup> inventory and the build-up of generic Tiazac<sup>®</sup> and generic Cardizem<sup>®</sup> CD inventories to meet the higher expected demand for these products in 2010, attributable to competitors' manufacturing issues.

### *Long-Lived Assets*

Long-lived assets increased \$570.4 million, or 59%, to \$1,539.4 million at December 31, 2009, compared with \$968.9 million at December 31, 2008, primarily due to:

- the addition of the Wellbutrin XL<sup>®</sup> trademark intangible asset of \$510.5 million;
- the addition of the tetrabenazine identifiable intangible assets of \$225.7 million;
- an increase of \$15.7 million related to the impact of foreign exchange rate changes on the reported value in U.S. dollars of property, plant and equipment located in Canada, due to the impact of a stronger Canadian dollar relative to the U.S. dollar at December 31, 2009, compared with December 31, 2008; and
- additions to property, plant and equipment of \$7.4 million.

Those factors were partially offset by:

- the depreciation of plant and equipment of \$18.8 million and the amortization of intangible assets of \$113.9 million;
- the sale and leaseback of certain corporate assets with a total carrying value of \$33.2 million;
- an impairment charge of \$7.6 million related to the write-down of the property, plant and equipment located in Puerto Rico, and the reclassification of the remaining \$8.5 million carrying value of the Dorado facility to assets held for sale; and

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

- the \$8.0 million impairment charge in respect of the write-off of the IPR&D intangible asset related to RUS-350.

### *Long-term Obligations*

Long-term obligations (including the current portion thereof) of \$326.1 million at December 31, 2009, comprised the following:

- the \$298.3 million liability component of the Convertible Notes (net of debt discount of \$51.7 million); and
- the Cambridge obligation of \$27.8 million (net of debt discount of \$2.2 million).

### *Shareholders' Equity*

Shareholders' equity increased \$152.8 million, or 13%, to \$1,354.4 million at December 31, 2009, compared with \$1,201.6 million at December 31, 2008, primarily due to:

- net income of \$176.5 million (including \$5.6 million of stock-based compensation recorded in additional paid-in capital);
- the value assigned to the equity component of the Convertible Notes of \$56.7 million, which was recorded in additional paid-in capital; and
- a positive foreign currency translation adjustment of \$17.2 million to other comprehensive income, mainly due to the impact of the strengthening of Canadian dollar relative to the U.S. dollar at December 31, 2009, compared with December 31, 2008, which increased the reported value of our Canadian dollar-denominated net assets.

Those factors were partially offset by:

- cash dividends declared and dividend equivalents on restricted share units ("RSUs") of \$102.5 million in the aggregate.

### **Cash Flows**

Our primary sources of cash include: the collection of accounts receivable related to product sales; borrowings under our credit facility and the issuance of debt; and proceeds from the sale of non-core assets. Our primary uses of cash include: business development transactions; dividend payments; legal costs and litigation and regulatory settlements; salaries and benefits; inventory purchases; research and development spending; sales and marketing activities; capital expenditures; and interest and principal payments. The following table displays cash flow information for each of the last three years:

|                                                                        | Years Ended December 31 |           |           | Change       |       |              |       |
|------------------------------------------------------------------------|-------------------------|-----------|-----------|--------------|-------|--------------|-------|
|                                                                        | 2009                    | 2008      | 2007      | 2008 to 2009 |       | 2007 to 2008 |       |

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

### *Operating Activities*

Net cash provided by operating activities increased \$156.6 million, or 77%, to \$360.9 million in 2009, compared with \$204.3 million in 2008, attributable to the net effect of the following factors:

- an increase in income from operations before changes in operating assets and liabilities of \$201.7 million, or 125%, to \$362.4 million in 2009, compared with \$160.8 million in 2008, primarily due to:
  - an increase of \$93.0 million related to payments made in 2008 to fund the settlement of the U.S. and Canadian securities class actions (\$83.0 million) and to settle the SEC investigation (\$10.0 million);
  - an increased contribution from product sales of \$67.3 million, mainly related to the incremental revenue from Wellbutrin XL<sup>®</sup> and Xenazine<sup>®</sup> (partially offset by lower Ultram<sup>®</sup> ER product sales), together with the reduced costs and improved capacity utilization of our manufacturing operations;
  - an increase of \$45.1 million related to a contractual payment made to GSK in 2008 in connection with the introduction of generic competition to Wellbutrin XL<sup>®</sup>; and
  - an increase related to the \$22.0 million gain realized on the auction rate security settlement in the second quarter of 2009.

Those factors were partially offset by:

- a decrease of \$30.8 million primarily related to the payments made in 2009 to settle the USAO and OSC investigations.
- a decrease related to the change in operating assets and liabilities of \$45.1 million, or 104%, to cash used of \$1.5 million in 2009, compared with cash provided of \$43.6 million in 2008, primarily due to:
  - a decrease of \$50.6 million related to the change in accounts receivable, mainly due to higher revenue from Wellbutrin XL<sup>®</sup> product sales in 2009, following the May 2009 acquisition of the full U.S. commercialization rights, and lower sales of Wellbutrin XL<sup>®</sup> in 2008, as a result of the genericization of the 150mg dosage strength; and
  - a decrease of \$46.8 million related to the change in inventories, reflecting the higher cost base of Zovirax<sup>®</sup> inventory and increased inventories of generic Tiazac<sup>®</sup> and generic Cardizem<sup>®</sup> CD in 2009, and lower expected production requirements for Wellbutrin XL<sup>®</sup>, Cardizem<sup>®</sup> LA and Generic products in 2008.

Those factors were partially offset by:

- an increase of \$36.9 million related to the change in accounts payable, mainly due to the increased supply price for Zovirax<sup>®</sup> inventory, the addition of clinical trial costs associated with BVF-324, and the inclusion of the amount owed to Teva in respect of Generic product sales provisions; and
- an increase of \$32.8 million related to the change in accrued liabilities, which reflected the additions of the interest payable on the Convertible Notes, the additions of Wellbutrin XL<sup>®</sup> product sales provisions and the tetrabenazine royalty obligations, partially offset by the release of the Glumetza<sup>®</sup> VCU liability.

Net cash provided by operating activities declined \$136.5 million, or 40%, to \$204.3 million in 2008, compared with \$340.9 million in 2007, attributable to the net effect of the following factors:

- a decrease in income from operations before changes in operating assets and liabilities of \$209.0 million, or 57%, to \$160.8 million in 2008, compared with \$370.0 million in 2007, mainly due to:
  - a decrease of \$93.0 million related to the payments made in 2008 to settle the U.S. and Canadian securities class actions and the SEC investigation;

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

- a decrease of \$45.1 million related to the Wellbutrin XL<sup>®</sup> contract payment made to GSK in 2008; and
- a decrease in the contribution from product sales of \$60.0 million, reflecting lower sales of Wellbutrin XL<sup>®</sup> and Cardizem<sup>®</sup> LA, partially offset by higher Legacy product sales.
- an increase related to the change in operating assets and liabilities of \$72.5 million, or 251%, to cash provided of \$43.6 million in 2008, compared with cash used of \$28.9 million in 2008, primarily due to:
  - an increase of \$30.1 million related to the change in accrued liabilities, mainly due to the settlement of restructuring costs and the elimination of interest payable following the redemption of the Subordinated Notes in 2007;
  - an increase of \$17.6 million related to the change in inventories, mainly due to lower production requirements for Wellbutrin XL<sup>®</sup>, Cardizem<sup>®</sup> LA and Generic products;
  - an increase of \$16.2 million related to the change in income taxes payable, mainly due to the timing of payments; and
  - an increase of \$15.2 million related to the change in insurance recoveries receivable, reflecting the timing of reimbursement of certain legal costs by our insurance carriers.

### *Investing Activities*

Net cash used in investing activities increased \$634.9 million, or 589%, to \$742.8 million in 2009, compared with \$107.8 million in 2008, primarily due to:

- an increase related to the acquisition in 2009 of the various rights to Wellbutrin XL<sup>®</sup>, pimavanserin, fipamezole and GDNF for \$561.8 million in the aggregate;
- an increase related to the \$200.0 million paid in 2009 to acquire the worldwide development and commercialization rights to tetrabenazine; and
- lower proceeds on the sale of long-term investments, primarily related to the disposal of our investments in Depomed and Verdi in 2008 for cash proceeds of \$25.2 million.

Those factors were partially offset by:

- a decrease related to the \$101.9 million paid in 2008 to acquire Prestwick, net of cash acquired;
- a decrease related to the proceeds of \$23.1 million received on the sale and leaseback of certain corporate assets in 2009; and
- a decrease in capital expenditures of \$14.6 million, mainly due to the wind-down of operations at our Puerto Rico manufacturing facilities.

Net cash used in investing activities increased \$92.8 million, or 617%, to \$107.8 million in 2008, compared with \$15.0 million in 2007, primarily due to:

- an increase related to the \$101.9 million paid to acquire Prestwick in 2008; and
- lower proceeds on the sale of long-term investments, related to the disposal of our investments in Depomed and Verdi in 2008 for cash proceeds of \$25.2 million, compared with the disposal of our investments in Ethypharm and Reliant in 2007 for net proceeds of \$52.7 million.

Those factors were partially offset by:

- a decrease in additions to marketable securities, primarily related to \$27.0 million of auction rate securities purchased in 2007; and

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

- a decrease in capital expenditures of \$13.1 million, mainly as a result of the decision to close the Puerto Rico facilities.

### *Financing Activities*

Net cash provided by financing activities increased \$387.4 million, or 184%, to \$177.0 million in 2009, compared with cash used of \$210.3 million in 2008, primarily due to:

- an increase of \$350.0 million related to proceeds from the issuance of the Convertible Notes in 2009;
- an increase of \$33.1 million related to dividends paid, reflecting the reduction in our quarterly cash dividend policy to \$0.09 per share commencing in May 2009, compared with \$0.375 per share in 2008; and
- an increase of \$29.8 million related to the repurchase of common shares in 2008 (as described below under “— Share Repurchase Programs”).

Those factors were partially offset by:

- a decrease of \$26.3 million related to deferred financing costs incurred in 2009, in connection with the issuance of the Convertible Notes and the establishment of our credit facility.

Net cash used in financing activities declined \$518.3 million, or 71%, to \$210.3 million in 2008, compared with \$728.7 million in 2007, primarily due to:

- a decrease of \$406.8 million related to principal and premium payments to redeem the Subordinated Notes in 2007;
- a decrease of \$141.2 million in dividends paid related to an increase in declared but unpaid dividends in 2008, and the payment of a special dividend of \$0.50 per share in 2007; and
- a decrease of \$11.2 million related to the final payment made to GSK in 2007 related to the Zovirax® price allowance.

Those factors were partially offset by:

- an increase of \$29.8 million related to the repurchase of common shares in 2008; and
- an increase of \$11.2 million related to proceeds from the issuance of common shares on the exercise of stock options in 2007.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

### Net Financial Assets (Liabilities)

The following table displays our net financial asset (liability) position at December 31, 2009 and 2008:

|                                              | At December 31   |                |                  |              |
|----------------------------------------------|------------------|----------------|------------------|--------------|
|                                              | 2009             | 2008           | Change           |              |
|                                              | \$               | \$             | \$               | %            |
| (\$ in 000s)                                 |                  |                |                  |              |

NM — Not meaningful

We believe that cash expected to be generated by operations and from the potential sale of non-core assets, as well as funds available under our \$410.0 million credit facility, and its \$140.0 million accordion feature, will be sufficient to meet our operational and capital expenditure requirements, support our dividend policy and share repurchase program, cover the costs associated with our operating efficiency initiatives, and meet our working capital needs for at least the next 12 months, based on our current expectations. We anticipate total capital expenditures of approximately \$10 million in 2010, principally to maintain existing facilities and capacity.

We cannot, however, predict the amount or timing of our need for additional funds under various circumstances, such as: significant business development transactions; new product development projects or clinical studies; changes to our capital structure; or other factors that may require us to raise additional funds through borrowings, or the issuance of debt, equity or equity-linked securities. In addition, certain contingent events, such as the resolution of certain legal proceedings (as described in note 24 to our 2009 Financial Statements), if realized, could have a material adverse impact on our liquidity and capital resources. The continuing uncertainty in the credit and capital markets may limit our access to additional funding or affect the pricing thereof.

### Cash and Cash Equivalents

Our cash and cash equivalents are held in cash operating accounts, or are invested in securities such as treasury bills, certain money market funds, term deposits, or commercial paper with the highest investment-grade credit rating obtainable.

### Auction Rate Securities

Our marketable securities portfolio currently includes \$26.8 million of principal invested in nine individual auction rate securities. As described above under “Results of Operations — Non-Operating Income (Expense) — Gain on Auction Rate Security Settlement”, we entered into a settlement with an investment bank in respect of our investment in these securities. Under the terms of this settlement, we received a payment of \$22.0 million and retained ownership of the securities. The estimated fair values of these securities at December 31, 2009 and 2008 were \$6.0 million and \$10.3 million, respectively, which reflected write-downs of \$20.8 million and \$16.4 million, respectively, to the cost bases at those dates. We recorded an impairment charge of \$5.2 million in 2009 (including \$0.7 million reclassified from other comprehensive income), compared with

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

\$8.6 million in 2008 (including \$4.4 million reclassified from other comprehensive income) and \$6.0 million in 2007, reflecting the portion of the auction rate securities that we concluded has an other-than-temporary decline in estimated fair value due to a shortfall in the underlying collateral value for these securities. These charges did not have a material impact on our liquidity.

Effective April 1, 2009, we adopted the recently issued guidance on the recognition and presentation of other-than-temporary impairments (as described below under "Recent Accounting Guidance — Adoption of New Accounting Guidance"). This guidance requires an other-than-temporary impairment of a debt security to be separated into (i) the amount representing the decrease in cash flows expected to be collected, or the credit loss portion, which is recognized in earnings, and (ii) the amount related to all other factors, or the non-credit portion, which is recognized in other comprehensive income in circumstances in which management asserts that it does not have the intent to sell the security, and it is more likely than not that it will not be required to sell the security before recovery of its amortized cost basis. Prior to the adoption of this guidance, the entire other-than-temporary impairment loss was recognized in earnings. Upon the adoption of this guidance, the cumulative effect adjustment to reclassify the non-credit losses previously recognized through earnings from accumulated other comprehensive income to opening accumulated deficit was not material to our 2009 Financial Statements. In addition, the non-credit portion of the \$5.2 million other-than-temporary impairment charges recognized in 2009 was not material to our 2009 Financial Statements.

We recorded an unrealized gain in other comprehensive income of \$0.2 million in 2009, compared with unrealized losses of \$3.4 million in 2008 and \$2.8 million in 2007, reflecting adjustments to the portion of the auction rate securities that we have concluded have a temporary decline in estimated fair value. We do not consider the overall decline in the estimated fair value of these securities to be other-than-temporary based on the adequacy of the underlying collateral value for the securities. In addition, we concluded that we do not intend to sell these securities and it is not more likely than not that we will be required to sell these securities before a recovery of their amortized cost bases.

If uncertainties in the credit and capital markets continue through 2010 and beyond, or these markets deteriorate further, or we experience any additional declines in underlying collateral values on the auction rate securities, we may incur additional write-downs to these securities; however, any additional write-downs would not have a material impact on our results of operations and cash flows.

### *Debt Capacity*

We currently have \$350.0 million principal amount of Convertible Notes issued and outstanding. We have no outstanding borrowings under our \$410.0 million credit facility. This facility, plus its \$140.0 million accordion feature, may be used for general corporate purposes, including acquisitions and capital expenditures. At December 31, 2009, we were in compliance with all covenants associated with this facility.

### **Share Repurchase Programs**

On August 5, 2009, our Board of Directors approved the purchase of up to 15.8 million of our common shares on the open market under a share repurchase program or normal course issuer bid, subject to a maximum of \$75.0 million of common shares being repurchased during any fiscal year pursuant to a covenant in our credit facility (unless such condition is waived or varied by our lenders). We have not repurchased any of our common shares under this program.

During 2008, we repurchased 2.8 million common shares for total consideration of \$29.8 million under a prior share repurchase program.

### **OFF-BALANCE SHEET ARRANGEMENTS AND CONTRACTUAL OBLIGATIONS**

We have no off-balance sheet arrangements that have a material current effect or that are reasonably likely to have a material future effect on our results of operations, financial condition, capital expenditures, liquidity,

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

or capital resources. We acquire and collaborate on products still in development and enter into research and development arrangements with third parties that often require milestone and royalty payments to the third party contingent upon the occurrence of certain future events linked to the success of the products in development.

The following table summarizes our contractual obligations at December 31, 2009:

| (\$ in 000s)                                   | Payments Due by Period |          |                  |                  |            |
|------------------------------------------------|------------------------|----------|------------------|------------------|------------|
|                                                | Total                  | 2010     | 2011<br>and 2012 | 2013<br>and 2014 | Thereafter |
| Long-term obligations <sup>(1)</sup> . . . . . | \$487,125              | \$38,127 | \$61,374         | \$387,624        | \$ —       |
| Operating lease obligations . . . . .          | 59,975                 | 7,839    | 13,988           | 10,922           | 27,226     |
| Purchase obligations <sup>(2)</sup> . . . . .  | 61,159                 | 49,583   | 11,337           | 239              | —          |
| Total contractual obligations . . . . .        | \$608,259              | \$95,549 | \$86,699         | \$398,785        | \$27,226   |

(1) Expected interest payments assume repayment of the principal amount of the debt obligations at maturity.

(2) Purchase obligations consist of agreements to purchase goods and services that are enforceable and legally binding and include obligations for minimum inventory and capital expenditures, and outsourced information technology, product promotion and clinical research services.

The above table does not reflect any contingent milestone or royalty payments in connection with research and development arrangements with third parties. These arrangements generally permit us to unilaterally terminate development of the products, which would allow us to avoid making the contingent payments. From a business perspective, however, we view these payments favourably as they signify that the products are moving successfully through the development phase toward commercialization. As described above under “Overview — Business Development”, we may be required to make milestone payments of up to \$775.0 million in the aggregate pursuant to the terms of the collaboration and license agreements for pimavanserin, fipamezole, GDNF, and Staccato® loxapine. These payments are contingent on the achievement of specific developmental, regulatory, and commercial milestones. In addition, we may have to make royalty payments based on a percentage of future net sales of pimavanserin, fipamezole, GDNF, or Staccato® loxapine products in the event regulatory approval is obtained and such products are commercialized.

Also excluded from the above table is a liability for uncertain tax positions totaling \$66.2 million. This liability has been excluded because we cannot currently make a reliable estimate of the period in which the liability will be payable, if ever.

### OUTSTANDING SHARE DATA

Our common shares are listed on the Toronto Stock Exchange and New York Stock Exchange.

At February 24, 2010, we had 158,372,110 issued and outstanding common shares, as well as 3,925,605 stock options, 367,122 RSUs without performance goals and 679,405 RSUs with performance goals outstanding. Each stock option entitles the holder to purchase one of our common shares at the end of the vesting period at a pre-determined option price. Each RSU without performance goals represents the right of the holder to receive one of our common shares at the end of the vesting period. Each vested RSU with performance goals represents the right of a holder to receive a number of our common shares, up to 200% of the RSUs granted, depending on our performance relative to an industry comparator group. If our performance is below a specified performance level, no common shares will be paid. A maximum of 1,358,810 common shares could be issued upon vesting of the RSUs with performance goals outstanding at February 24, 2010.

Assuming full share settlement, 23,480,800 common shares are issuable upon the conversion of the Convertible Notes (based on a conversion rate of 67.0880 common shares per \$1,000 principal amount of

## **MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**

**(All dollar amounts expressed in U.S. dollars)**

Convertible Notes, subject to adjustment); however, our intent and policy is to settle the Convertible Notes using a net share settlement approach.

### **QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

We are exposed to financial market risks, including changes in foreign currency exchange rates, interest rates on investments and debt obligations, and equity market prices on long-term investments. We use derivative financial instruments from time to time as a risk management tool and not for trading or speculative purposes.

#### **Inflation; Seasonality**

Our results of operations have not been materially impacted by inflation or seasonality.

#### **Foreign Currency Risk**

We operate internationally, but a majority of our revenue and expense activities and capital expenditures are denominated in U.S. dollars. Our only other significant transactions are denominated in Canadian dollars. We also face foreign currency exposure on the translation of our operations in Canada from Canadian dollars to U.S. dollars. Where possible, we manage foreign currency risk by managing same currency assets in relation to same currency liabilities, and same currency revenue in relation to same currency expenses. As a result, both favourable and unfavourable foreign currency impacts to our Canadian dollar-denominated operating expenses are mitigated to a certain extent by the natural, opposite impact on our Canadian dollar-denominated revenue. At December 31, 2009, the effect of a hypothetical 10% immediate and adverse change in the Canadian dollar exchange rate (relative to the U.S. dollar) on our Canadian dollar-denominated cash, cash equivalent, accounts receivable, accounts payable, and intercompany balances would not have a material impact on our net income. In the first quarter of 2009, we entered into limited short-dated forward contracts to seek to mitigate foreign exchange risk. These contracts were settled prior to March 31, 2009, and did not have a material effect on our results of operations or cash flows.

The eventual payment of our U.S. dollar-denominated Convertible Notes will likely result in a foreign exchange gain or loss for Canadian income tax purposes. The amount of this gain or loss will depend on the exchange rate between the U.S. and Canadian dollar at the time the Convertible Notes are paid. At December 31, 2009, the unrealized foreign exchange gain on the translation of the face value of the Convertible Notes to Canadian dollars for Canadian income tax purposes was approximately \$20.0 million. If all of our outstanding Convertible Notes had been paid at December 31, 2009, one-half of this foreign exchange gain would be included in our Canadian taxable income, which would result in a corresponding reduction in our available Canadian operating losses and tax credit carryforward balances (with an offsetting reduction to the valuation allowance provided against those balances). However, the payment of our Convertible Notes will not result in a foreign exchange gain or loss being recognized in our consolidated financial statements, as those statements are prepared in U.S. dollars.

#### **Interest Rate Risk**

The primary objective of our policy for the investment of temporary cash surpluses is the protection of principal, and, accordingly, we generally invest in investment-grade debt securities with varying maturities, but typically less than three months. As it is our intent and policy to hold these investments until maturity, we do not have a material exposure to interest rate risk, and, as a result, a hypothetical 100 basis point immediate and adverse change in interest rates would not have a material impact on the realized value of these investments.

We are also exposed to interest rate risk on our investment in auction rate securities. Interest rates on these securities are typically reset every month; however, following the failure to complete successful auctions and the reset of interest rates due to market liquidity issues, interest on these securities is being calculated based on prescribed spreads to LIBOR. As we are entitled to a fixed spread to market interest rates, our interest rate risk

## **MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**

**(All dollar amounts expressed in U.S. dollars)**

exposure is minimal, and, as a result, a hypothetical 100 basis point immediate and adverse change in interest rates would not have a material impact on the fair value of these securities.

We are exposed to interest rate risk on borrowings under our credit facility. This variable-rate facility bears interest based on U.S. dollar LIBOR, U.S. dollar base rate, Canadian dollar prime rate, and/or Canadian dollar bankers' acceptance. As we currently have no outstanding borrowings under this facility, a hypothetical 100 basis point change in interest rates would not have any impact on our interest expense or cash flows.

The fair value of our fixed-rate Convertible Notes is affected by changes in interest rates. In addition, the imputed rate of interest used to discount the Cambridge obligation is fixed and, consequently, the fair value of this obligation is also affected by changes in interest rates. A hypothetical 100 basis point change in interest rates would increase or decrease the fair value of our outstanding fixed-rate obligations by approximately \$7.0 million.

### **Market Price Risk**

The fair value of our Convertible Notes is also affected by changes in the market price of our common shares. A hypothetical 10% change in our share price would increase or decrease the fair value of the Convertible Notes by approximately \$22.0 million.

### **Investment Risk**

We are exposed to investment risks on our investment in auction rate securities due to the current market liquidity issues, as described above under "Financial Condition, Liquidity and Capital Resources — Net Financial Assets (Liabilities) — Auction Rate Securities".

## **CRITICAL ACCOUNTING POLICIES AND ESTIMATES**

Critical accounting policies and estimates are those policies and estimates that are most important and material to the preparation of our consolidated financial statements, and which require management's most subjective and complex judgments due to the need to select policies from among alternatives available, and to make estimates about matters that are inherently uncertain. We base our estimates on historical experience and other factors that we believe to be reasonable under the circumstances. Under certain product manufacturing and supply agreements, we rely on estimates for future returns, rebates, and chargebacks made by our commercialization counterparties. On an ongoing basis, we review our estimates to ensure that these estimates appropriately reflect changes in our business and new information as it becomes available. If historical experience and other factors we use to make these estimates do not reasonably reflect future activity, our results of operations and financial condition could be materially impacted.

Our critical accounting policies and estimates relate to the following:

- revenue recognition;
- acquisitions;
- intangible assets;
- goodwill;
- contingencies;
- income taxes; and
- stock-based compensation.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

### Revenue Recognition

We recognize product sales revenue when title has transferred to the customer and the customer has assumed the risks and rewards of ownership. Revenue from product sales is recognized net of provisions for estimated cash discounts, allowances, returns, rebates, and chargebacks, as well as distribution fees paid to certain of our wholesale customers. We establish these provisions concurrently with the recognition of product sales revenue.

Our supply prices in the U.S. for Wellbutrin XL<sup>®</sup> (prior to the acquisition of the full U.S. commercialization rights in May 2009), Aplenzin<sup>™</sup>, Ultram<sup>®</sup> ER, Xenazine<sup>®</sup>, Cardizem<sup>®</sup> LA, Tiazac<sup>®</sup>, and Generic products are determined after taking into consideration estimates for future returns, rebates, and chargebacks provided to us by each of our commercialization counterparties. We make adjustments as needed to state these estimates on a basis consistent with our revenue recognition policy and our methodology for estimating returns, rebates, and chargebacks related to our own direct product sales. Revenue from sales of these products accounted for approximately 30% of our total gross product sales in 2009, compared with 45% and 55% in 2008 and 2007, respectively. The year-over-year declines in the percentage of gross product sales comprised of these products was primarily due to the acquisition of the Wellbutrin XL<sup>®</sup> commercialization rights in 2009, and the impact of the genericization of 150mg and 300mg dosage strengths of Wellbutrin XL<sup>®</sup> in May 2008 and December 2006, respectively.

We continually monitor our product sales provisions and evaluate the estimates used as additional information becomes available. We make adjustments to these provisions periodically to reflect new facts and circumstances that may indicate that historical experience may not be indicative of current and/or future results. We are required to make subjective judgments based primarily on our evaluation of current market conditions and trade inventory levels related to our products. This evaluation may result in an increase or decrease in the experience rate that is applied to current and future sales, or an adjustment related to past sales, or both.

### Continuity of Product Sales Provisions

The following table presents the activity and ending balances for our product sales provisions for each of the last three years.

| (\$ in 000s)                         | Cash<br>Discounts | Allowances | Returns   | Rebates and<br>Chargebacks | Distribution<br>Fees | Total     |
|--------------------------------------|-------------------|------------|-----------|----------------------------|----------------------|-----------|
| Balance, January 1, 2007 . . . . .   | \$ 309            | \$ 341     | \$ 25,121 | \$ 6,742                   | \$ 2,350             | \$ 34,863 |

The increase in the provision for product rebates and chargebacks as at December 31, 2009, compared with December 31, 2008, reflects the acquisition of the full U.S. commercialization rights to Wellbutrin XL<sup>®</sup> in May 2009. In particular, we assumed the financial responsibility for governmental rebate programs for product sold after the acquisition date. The provision for rebates and chargebacks at December 31, 2009 includes a balance owing to GSK for rebate claims administered and paid by GSK on our behalf.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

### *Use of Information from External Sources*

We use information from external sources to estimate our product sales provisions. We obtain prescription data for our products from IMS Health Inc., an independent provider of information solutions to the pharmaceutical and healthcare industries. We use this data to identify sales trends based on prescription demand and to estimate inventory requirements. We obtain inventory data directly from our three major U.S. wholesalers, McKesson Corporation ("McKesson"), Cardinal Health, Inc. ("Cardinal") and AmerisourceBergen Corporation ("ABC"), which together accounted for approximately 90% of our direct product sales in the U.S. over the past three years. The inventory data received from these wholesalers excludes inventory held by customers to whom they sell. Third-party data with respect to prescription demand and inventory levels are subject to the inherent limitations of estimates that rely on information from external sources, as this information may itself rely on certain estimates and reflect other limitations.

Our inventory levels in the wholesale distribution channel do not vary substantially, as our distribution agreements with McKesson, Cardinal and ABC limit the amount of inventory they can own to between ½ and 1½ months of supply of our products. The inventory data from these wholesalers is provided to us in the aggregate rather than by specific lot number, which is the level of detail that would be required to determine the original sale date and remaining shelf life of the inventory. However, the inventory reports we receive from these wholesalers include data with respect to inventories on hand with less than 12 months remaining shelf life (as described above under "Results of Operations — Revenue — Product Sales — Wholesaler Inventory Levels").

### *Cash Discounts and Allowances*

We offer cash discounts for prompt payment and allowances for volume purchases to customers. Provisions for cash discounts are estimated at the time of sale and recorded as direct reductions to accounts receivable and revenue. Provisions for allowances are recorded in accrued liabilities. We estimate provisions for cash discounts and allowances based on contractual sales terms with customers, an analysis of unpaid invoices, and historical payment experience. Estimated cash discounts and allowances have historically been predictable and less subjective, due to the limited number of assumptions involved, the consistency of historical experience, and the fact that we generally settle these amounts within one month of incurring the liability.

### *Returns*

Consistent with industry practice, we generally allow customers to return product within a specified period before and after its expiration date. Our product returns provision is estimated based on historical sales and return rates over the period during which customers have a right of return. We utilize the following information to estimate our provision for returns:

- historical return and exchange levels;
- external data with respect to inventory levels in the wholesale distribution channel;
- external data with respect to prescription demand for our products;
- remaining shelf lives of our products at the date of sale; and
- estimated returns liability to be processed by year of sale based on an analysis of lot information related to actual historical returns.

In determining our estimates for returns, we are required to make certain assumptions regarding the timing of the introduction of new products and the potential of these products to capture market share. In addition, we make certain assumptions with respect to the extent and pattern of decline associated with generic competition. To make these assessments we utilize market data for similar products as analogs for our estimates. We use our best judgment to formulate these assumptions based on past experience and information available to us at the

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

time. We continually reassess and make the appropriate changes to our estimates and assumptions as new information becomes available to us.

Our provision for returns was 2.7% of direct product sales in 2009, compared with 4.8% and 3.6% in 2008 and 2007, respectively. The decline in the returns provision as a percentage of direct product sales in 2009, compared with 2008, was mainly due to the inclusion of the \$6.5 million provision for the recall of Ultram® ER 100mg product in the fourth quarter of 2008, and the \$1.1 reduction to that provision in the first quarter of 2009. Excluding the impact of the Ultram® ER recall, our provision for returns would have been 2.8% and 3.2% of direct product sales in 2009 and 2008, respectively.

Our estimate for returns may be impacted by a number of factors, but the principal factor relates to the level of inventory in the distribution channel. When we are aware of an increase in the level of inventory of our products in the distribution channel, we consider the reasons for the increase to determine if the increase may be temporary or other-than-temporary. Increases in inventory levels assessed as temporary will not result in an adjustment to our provision for returns. Other-than-temporary increases in inventory levels, however, may be an indication that future product returns could be higher than originally anticipated, and, as a result, we may need to adjust our estimate for returns. Some of the factors that may suggest that an increase in inventory levels will be temporary include:

- recently implemented or announced price increases for our products;
- new product launches or expanded indications for our existing products; and
- timing of purchases by our wholesale customers.

Conversely, factors that may suggest that an increase in inventory levels will be other-than-temporary include:

- declining sales trends based on prescription demand;
- introduction of new products or generic competition;
- increasing price competition from generic competitors;
- recent regulatory approvals to extend the shelf life of our products, which could result in a period of higher returns related to older products with the shorter shelf life; and
- recent changes to the U.S. National Drug Codes ("NDC") of our products, which could result in a period of higher returns related to products with the old NDC, as our customers generally permit only one NDC per product for identification and tracking within their inventory systems.

We made an adjustment of \$3.8 million to increase the provision for returns in 2009, compared with adjustments to reduce the provision for returns by \$4.6 million and \$0.6 million in 2008 and 2007, respectively. These adjustments generally related to sales made in preceding years, as the shelf lives of our products are in excess of one year, and our customers are not permitted to return product with more than six months of shelf life remaining. The adjustment in 2009 was primarily related to higher than anticipated returns of Tiazac® that had been sold in Canada prior to the genericization of the product in January 2006 (Tiazac® has 48-month dating). The adjustment in 2008 reflected lower actual returns experience in the period since our entry into distribution agreements with our major U.S. wholesale customers in late 2004 and early 2005.

### ***Rebates and Chargebacks***

We are subject to rebates on sales made under governmental and managed-care pricing programs in the U.S. The largest of these rebates is associated with sales covered by Medicaid. We participate in state government-managed Medicaid programs, as well as certain other qualifying federal and state government programs whereby discounts and rebates are provided to participating government entities. Medicaid rebates are typically billed up to 180 days after the product is shipped, but can be as much as 270 days after the quarter in

## **MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**

**(All dollar amounts expressed in U.S. dollars)**

which the product is dispensed to the Medicaid participant. As a result, our Medicaid rebate provision includes an estimate of outstanding claims for end-customer sales that occurred but for which the related claim has not been billed, and an estimate for future claims that will be made when inventory in the distribution channel is sold through to plan participants. Our calculation also requires other estimates, such as estimates of sales mix, to determine which sales are subject to rebates and the amount of such rebates. Periodically, we adjust the Medicaid rebate provision based on actual claims paid. Due to the delay in billing, adjustments to actual claims paid may incorporate revisions of that provision for several periods.

Chargebacks relate to our contractual agreements to sell products to group purchasing organizations and other indirect customers at contractual prices that are lower than the list prices we charge wholesalers. When these group purchasing organizations or other indirect customers purchase our products through wholesalers at these reduced prices, the wholesaler charges us for the difference between the prices they paid us and the prices at which they sold the products to the indirect customers.

In estimating our provisions for rebates and chargebacks, we consider relevant statutes with respect to governmental pricing programs and contractual sales terms with managed-care providers and group purchasing organizations. We estimate the amount of our product sales subject to these programs based on historical utilization levels. Changes in the level of utilization of our products through private or public benefit plans and group purchasing organizations will affect the amount of rebates and chargebacks that we are obligated to pay. We continually update these factors based on new contractual or statutory requirements, and any significant changes in sales trends that may impact the percentage of our products subject to rebates or chargebacks.

Our provisions for rebates and chargebacks were 7.8%, 5.9% and 5.0% of direct product sales in 2009, 2008 and 2007, respectively. The amount of rebates and chargebacks has become more significant as a result of a combination of deeper discounts due to the price increases we implemented in each of the last three years and increased Medicaid utilization due to existing economic conditions in the U.S. Our estimate for rebates and chargebacks may be impacted by a number of factors, but the principal factor relates to the level of inventory in the distribution channel. If the level of inventory of our products in the distribution channel increased or decreased by a one-month supply, the provision for rebates and chargebacks would increase or decrease, as applicable, by approximately \$3.6 million.

We do not process or track actual rebate payments or credits by period in which the original sale was made, as the necessary lot information is not required to be provided to us by the private or public benefit providers. Accordingly, we generally assume that adjustments made to rebate provisions relate to sales made in the prior years due to the delay in billing. However, we assume that adjustments made to chargebacks are generally related to sales made in the current year, as we settle these amounts within a few months of original sale. We recorded an adjustment of \$6.9 million in 2009 to increase the provision for rebates as a result of higher than anticipated Medicaid utilization, due to the economic condition in the U.S. and the related increase in the number of patients in these governmental programs.

### **Acquisitions**

We account for acquired businesses using the acquisition method of accounting, which requires that assets acquired and liabilities assumed be recorded at fair value, with limited exceptions. Any excess of the purchase price over the fair value of the net assets acquired is recorded as goodwill. Amounts allocated to acquired IPR&D are recognized at fair value and initially characterized as indefinite-lived intangible assets, irrespective of whether the acquired IPR&D has an alternative future use. If the acquired net assets do not constitute a business, the transaction is accounted for as an asset acquisition and no goodwill is recognized. In an asset acquisition, acquired IPR&D with no alternative future use is charged to expense at the acquisition date.

The judgments made in determining the estimated fair value assigned to each class of asset acquired and liability assumed can materially impact our results of operations. As a result, we typically engage independent valuation specialists to perform valuations of the net assets acquired. There are several methods that can be used

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

to determine fair value. For intangible assets, including IPR&D, we typically use an income approach. This approach starts with a forecast of the net cash flows expected to be generated by the asset over its estimated useful life. These cash flows are then adjusted to present value by applying an appropriate discount rate that reflects the risk factors associated with the cash flow streams. Some of the more significant estimates and assumptions inherent in the income approach include:

- the amount and timing of projected future cash flows, adjusted for the probability of technical and marketing success;
- the amount and timing of projected costs to develop IPR&D into commercially viable products;
- the discount rate selected to measure the risks inherent in the future cash flows; and
- an assessment of the asset's life cycle and the competitive trends impacting the asset, including consideration of any technical, legal, regulatory, or economic barriers to entry.

Determining the useful life of an intangible asset also requires judgment, as different types of intangible assets will have different useful lives and certain assets may even be considered to have indefinite useful lives. Useful life is the period over which the intangible asset is expected to contribute directly or indirectly to our future cash flows. We determine the useful lives of intangible assets based on a number of factors, such as legal, regulatory, or contractual provisions that may limit the useful life, and the effects of obsolescence, anticipated demand, existence or absence of competition, and other economic factors on useful life.

### Intangible Assets

We evaluate amortizable intangible assets acquired through asset acquisitions or business combinations for impairment annually, and more frequently if events or changes in circumstances indicate that the carrying amounts of these assets may not be recoverable. Our evaluation is based on an assessment of potential indicators of impairment, such as:

- an adverse change in legal factors or in the business climate that could affect the value of an asset. For example, a successful challenge of our patent rights resulting in earlier than expected generic competition;
- an adverse change in the extent or manner in which an asset is used or is expected to be used. For example, a decision not to pursue a product line-extension strategy to enhance an existing product due to changes in market conditions and/or technological advances; or
- current or forecasted operating or cash flow losses that demonstrate continuing losses associated with the use of an asset. For example, the introduction of a competing product that results in a significant loss of market share.

Impairment exists when the carrying amount of an amortizable intangible asset is not recoverable and its carrying amount exceeds its estimated fair value. A discounted cash flow analysis is typically used to determine fair value using estimates and assumptions that market participants would apply. Some of the estimates and assumptions inherent in a discounted cash flow model include the amount and timing of the projected future cash flows, and the discount rate used to reflect the risks inherent in the future cash flows. A change in any of these estimates and assumptions could produce a different fair value, which could have a material impact on our results of operations. In addition, an intangible asset's expected useful life can increase estimation risk, as longer-lived assets necessarily require longer-term cash flow forecasts, which for some of our intangible assets can be up to 20 years. In connection with an impairment evaluation, we also reassess the remaining useful life of the intangible asset and modify it, as appropriate.

Indefinite-lived intangible assets, including IPR&D, are tested for impairment annually, or more frequently if events or changes in circumstances between annual tests indicate that the asset may be impaired. Impairment

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

losses on indefinite-lived intangible assets are recognized based solely on a comparison of their fair value to carrying value, without consideration of any recoverability test.

### Goodwill

Goodwill represents the excess of the purchase price of acquired businesses over the estimated fair value of the identifiable net assets acquired. Goodwill is not amortized but is tested for impairment at least annually at the reporting unit level. A reporting unit is the same as, or one level below, an operating segment. We currently have one operating segment and one reporting unit, which is our Company. The fair value of a reporting unit refers to the price that would be received to sell the unit as a whole in an orderly transaction between market participants. We believe our market capitalization based on the quoted market price of our underlying common shares is the best evidence of the estimated fair value of the reporting unit. Accordingly, we test goodwill for impairment by comparing our market capitalization to the carrying value of our consolidated net assets.

We monitor changes in our share price between annual impairment tests to ensure that our market capitalization continues to exceed the carrying value of the reporting unit. We consider a decline in our share price that corresponds to an overall deterioration in stock market conditions to be less of an indicator of goodwill impairment than a unilateral decline in our share price reflecting adverse changes in our underlying operating performance, cash flows, financial condition, and/or liquidity. In the event that our market capitalization does decline below its book value, we would consider the length and severity of the decline and the reason for the decline when assessing whether potential goodwill impairment exists. We believe that short-term fluctuations in share prices may not necessarily reflect underlying values. For example, a decline in share price due to the following reasons may not be indicative of an actual decline in the fair value of the reporting unit:

- the decline is linked to external events or conditions, such as broad market reaction to circumstances associated with one (or a few) pharmaceutical companies, which could cause temporary market declines for other companies in the same sector; or
- the decline is associated with unusual market activity, such as a spike in short selling activity, which may have a temporary impact on a company's market capitalization but not reflect its underlying fair value.

However, if a decline in our market capitalization below book value persists for an extended period of time, we would likely consider the decline to be indicative of a decline in the fair value of the reporting unit.

### Contingencies

In the normal course of business, we are subject to loss contingencies, such as claims and assessments arising from litigation and other legal proceedings; contractual indemnities; product and environmental liabilities; and tax matters. We are required to accrue for such loss contingencies if it is probable that the outcome will be unfavourable and if the amount of the loss can be reasonably estimated. We are often unable to develop a best estimate of loss, in which case the minimum amount of loss, which could be zero, is recorded. We evaluate our exposure to loss based on the progress of each contingency, experience in similar contingencies, and consultation with internal and external legal counsel. We re-evaluate all contingencies as additional information becomes available. Given the uncertainties inherent in complex litigation and other contingencies, these evaluations can involve significant judgment about future events. The ultimate outcome of any litigation or other contingency may be material to our results of operations, financial condition, and cash flows. For a discussion of our current legal proceedings, see note 24 to our 2009 Financial Statements.

Prior to July 1, 2009, we were self-insured for a portion of our product liability coverage. Reserves have been established for estimates of incurred but not reported claims. Significant judgment is applied to estimate these reserves, and we engage an independent actuary to conduct an actuarial assessment of our liability. If actual claims are in excess of these estimates, additional reserves may be required, which could have a material impact on our results of operations, financial condition and cash flows. Effective July 1, 2009, our entire product liability coverage is provided by third-party insurers.

## **MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**

**(All dollar amounts expressed in U.S. dollars)**

### **Income Taxes**

We have operations in various countries that have differing tax laws and rates. A significant portion of our revenue and income is earned in Barbados, which has low domestic tax rates. Our tax structure is supported by current domestic tax laws in the countries in which we operate and the application of tax treaties between the various countries in which we operate. Our income tax reporting is subject to audit by domestic and foreign tax authorities. Our effective tax rate may change from year to year based on changes in the mix of activities and income allocated or earned among the different jurisdictions in which we operate, changes in tax laws in these jurisdictions, changes in tax treaties between various countries in which we operate, changes in our eligibility for benefits under those tax treaties, and changes in the estimated values of deferred tax assets and liabilities. Such changes could result in an increase in the effective tax rate on all or a portion of our income and/or any of our subsidiaries to a rate possibly exceeding the applicable statutory tax rate in Canada or the U.S.

Our provision for income taxes is based on a number of estimates and assumptions made by management. Our consolidated income tax rate is affected by the amount of income earned in our various operating jurisdictions, the availability of benefits under tax treaties, and the rates of taxes payable in respect of that income. We enter into many transactions and arrangements in the ordinary course of business in which the tax treatment is not entirely certain. We must therefore make estimates and judgments based on our knowledge and understanding of applicable tax laws and tax treaties, and the application of those tax laws and tax treaties to our business, in determining our consolidated tax provision. For example, certain countries could seek to tax a greater share of income than has been provided for by us. The final outcome of any audits by taxation authorities may differ from the estimates and assumptions we have used in determining our consolidated income tax provisions and accruals. This could result in a material effect on our consolidated income tax provision, results of operations, and financial condition for the period in which such determinations are made.

We have recorded a valuation allowance on the net deferred tax assets primarily relating to our Canadian operating losses, Scientific Research and Experimental Development ("SR&ED") pool, investment tax credit ("ITC") carryforward balances, and future tax depreciation. We have assumed that the deferred tax assets in respect of our Canadian operating losses, SR&ED pool and ITCs are more likely than not to remain unrealized. Our deferred tax assets and related valuation allowances are affected by events and transactions arising in the ordinary course of business, acquisitions of assets and businesses, and non-recurring items. The assessment of the appropriate amount of the valuation allowance against the net deferred tax asset is dependent upon several factors, including estimates of the realization of deferred income tax assets, which realization is primarily based on forecasts of future taxable income. Significant judgment is applied to determine the appropriate amount of valuation allowance to record. Changes in the amount of the valuation allowance required could materially increase or decrease our provision for income taxes in a given period.

### **Stock-Based Compensation**

We recognize employee stock-based compensation, including grants of stock options and RSUs, at estimated fair value. As there is no market for trading our employee stock options, we use the Black-Scholes option-pricing model to calculate stock option fair values, which requires certain assumptions related to the expected life of the stock option, future stock price volatility, risk-free interest rate, and dividend yield. The expected life of the stock option is based on historical exercise and forfeiture patterns. Future stock price volatility is based on historical volatility of our common shares over the expected life of the stock option. The risk-free interest rate is based on the rate at the time of grant for Canadian government bonds with a remaining term equal to the expected life of the stock option. Dividend yield is based on the stock option's exercise price and expected annual dividend rate at the time of grant. Changes to any of these assumptions, or the use of a different option-pricing model, such as the lattice model, could produce a different fair value for stock-based compensation expense, which could have a material impact on our results of operations.

Commencing in 2008, we began to award RSUs, rather than stock options, to most employees under our equity compensation plan. We determine the fair value of each RSU granted based on the trading price of our

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

common shares on the date of grant, unless the vesting of the RSU is conditional on the attainment of any applicable performance goals, in which case we use a Monte Carlo simulation model. The Monte Carlo simulation model utilizes multiple input variables to estimate the probability that the performance condition will be achieved. Changes to any of these inputs could materially affect the measurement of the fair value of the RSUs with performance goals.

### RECENT ACCOUNTING GUIDANCE

#### Adoption of New Accounting Guidance

Effective October 1, 2009, we adopted the following accounting guidance:

- Authoritative guidance clarifying the measurement of liabilities at fair value. When a quoted price in an active market for the identical liability is not available, this guidance requires that the fair value of a liability be measured using one or more of the prescribed valuation techniques. In addition, the guidance clarifies how the quoted price of a debt security when traded as an asset should be considered in estimating the fair value of the issuer's liability. The adoption of this guidance did not have a material impact on our 2009 Financial Statements.

Effective July 1, 2009, we adopted the following accounting guidance:

- In June 2009, the Financial Accounting Standards Board ("FASB") established the FASB Accounting Standards Codification (the "Codification") as the source of authoritative accounting principles recognized by the FASB to be applied in the preparation of financial statements in conformity with U.S. GAAP. As the issuance of the Codification does not change U.S. GAAP, its adoption did not have any impact on our 2009 Financial Statements.

Effective April 1, 2009, we adopted the following accounting guidance:

- Authoritative guidance on subsequent events, which identifies the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements and the disclosures that should be made about events or transactions that occurred after the balance sheet date. As this guidance is largely consistent with previous auditing literature, its adoption did not have a material impact on our 2009 Financial Statements.
- Authoritative guidance on the recognition and presentation of other-than-temporary impairments, which requires entities to separate an other-than-temporary impairment of a debt security into (i) the amount representing the decrease in cash flows expected to be collected, or the credit loss portion, which is recognized in earnings, and (ii) the amount related to all other factors, or the non-credit portion, which is recognized in other comprehensive income in circumstances in which management asserts that it does not have the intent to sell the security, and it is more likely than not that it will not be required to sell the security before recovery of its amortized cost basis. Upon the adoption of this guidance, the cumulative effect adjustment to reclassify the non-credit losses previously recognized through earnings from accumulated other comprehensive income to opening accumulated deficit was not material to our 2009 Financial Statements.
- Authoritative guidance on determining fair value when the volume and level of activity for the asset or liability have significantly decreased and on identifying transactions that are not orderly, which provides additional guidance on estimating fair value when there has been a significant decrease in the volume and level of activity for the asset or liability in relation to the normal market activity for the asset or liability. The guidance also provides circumstances that may indicate that a transaction for the asset or liability is not orderly. The adoption of this guidance did not have a material impact on our 2009 Financial Statements.

## MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

(All dollar amounts expressed in U.S. dollars)

Effective January 1, 2009, we adopted the following accounting guidance:

- Authoritative guidance on convertible debt instruments that may be settled in cash upon conversion (including partial cash settlement), which requires that the liability (debt) and equity (conversion option) components of convertible debt instruments that may be settled in cash upon conversion be separately accounted for in a manner that reflects an issuer's non-convertible debt borrowing rate. This new method of accounting results in recognizing interest expense at rates reflective of what the issuer would have incurred had it issued non-convertible debt with otherwise similar terms. The adoption of this guidance impacted our accounting for the Convertible Notes (as described above under "Overview — Financing Arrangements — Convertible Notes"). This guidance will also have a material impact on interest expense recognized during the period that the Convertible Notes remain outstanding, but will have no impact on our future cash flows.
- Authoritative guidance on business combinations and non-controlling interests, which significantly changes the accounting for, and reporting of, business combination transactions and non-controlling (minority) interests in consolidated financial statements, including requirements to: recognize non-controlling interests at fair value; capitalize IPR&D assets acquired; and expense acquisition-related costs as incurred. The guidance also requires post-acquisition adjustments related to business combination deferred tax asset valuation allowances and liabilities for uncertain tax positions to be recorded in current period income tax expense. The adoption of this guidance impacted our accounting for the acquisition of the worldwide development and commercialization rights to tetrabenazine (as described above under "Overview — Business Development — Tetrabenazine").
- Authoritative guidance on fair value measurements, which establishes a framework for measuring fair value in U.S. GAAP, clarifies the definition of fair value within that framework, and expands disclosures about the use of fair value measurements. The guidance applies to all other authoritative guidance that requires (or permits) fair value measurements, but does not require any new fair value measurements in U.S. GAAP. The guidance was effective January 1, 2009 for non-financial assets and non-financial liabilities not recognized or disclosed at fair value on a recurring basis. We previously adopted this guidance for financial assets and financial liabilities effective January 1, 2008. The adoption of this guidance for non-financial assets and non-financial liabilities did not have a material impact on our 2009 Financial Statements.
- Authoritative guidance on the accounting for collaborative arrangements, which provides guidance for determining if a collaborative arrangement exists and establishes reporting requirements for revenues and costs generated from transactions between parties within a collaborative arrangement, as well as between the parties in a collaborative arrangement and third parties, and provides guidance for financial statement disclosures of collaborative arrangements. The adoption of this guidance did not have a material impact on our 2009 Financial Statements.

### Recently Issued Accounting Guidance, Not Adopted as of December 31, 2009

In October 2009, the FASB issued authoritative guidance on multiple-element revenue arrangements, which requires an entity to allocate arrangement consideration at the inception of the arrangement to all of its deliverables based on relative selling prices. This guidance eliminates the use of the residual method of allocation and expands the ongoing disclosure requirements. The guidance is effective for the first fiscal year beginning after June 15, 2010, and may be adopted through prospective or retrospective application. Accordingly, we are required to adopt this guidance beginning January 1, 2011. We are currently evaluating the effect that the adoption of this guidance will have on our consolidated financial statements.

In June 2009, the FASB issued authoritative guidance for determining whether an entity is a variable interest entity ("VIE") and requires an enterprise to perform an analysis to determine whether the enterprise's variable interest or interests give it a controlling financial interest in a VIE. Under this guidance, an enterprise

## **MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**

**(All dollar amounts expressed in U.S. dollars)**

has a controlling financial interest when it has (i) the power to direct the activities of a VIE that most significantly impact the entity's economic performance, and (ii) the obligation to absorb losses of the entity or the right to receive benefits from the entity that could potentially be significant to the VIE. We are required to adopt this guidance beginning January 1, 2010. We are currently evaluating the effect that the adoption of this guidance will have on our consolidated financial statements.

### **International Financial Reporting Standards**

International Financial Reporting Standards ("IFRS") will replace Canadian standards and interpretations as Canadian GAAP effective January 1, 2011. On June 27, 2008, the CSA issued Staff Notice 52-321, "Early Adoption of International Financial Reporting Standards, Use of U.S. GAAP and References to IFRS-IASB", which indicates that the CSA staff propose retaining the existing option for Canadian public companies that are also SEC issuers to use U.S. GAAP. Accordingly, we currently intend to continue our practice of following U.S. GAAP in financial statements filed with the CSA and the SEC. We believe that U.S. GAAP financial statements afford better comparability with our U.S.-based industry peers.

## **MANAGEMENT'S REPORT ON DISCLOSURE CONTROLS AND PROCEDURES AND INTERNAL CONTROL OVER FINANCIAL REPORTING**

### **Disclosure Controls and Procedures**

We performed an evaluation of the effectiveness of our disclosure controls and procedures that are designed to ensure that the material financial and non-financial information required to be disclosed on reports and filed or submitted with the SEC is recorded, processed, summarized, and reported in a timely manner. Based on our evaluation, our management, including the CEO and Chief Financial Officer ("CFO"), has concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934) as of December 31, 2009 are effective. Notwithstanding the foregoing, there can be no assurance that our disclosure controls and procedures will detect or uncover all failures of persons within our Company to disclose material information otherwise required to be set forth in our reports.

### **Internal Controls Over Financial Reporting**

Our management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934. Our internal accounting controls systems are designed to provide reasonable assurance that assets are safeguarded, that transactions are executed in accordance with management's authorization and are properly recorded, and that accounting records are adequate for preparation of financial statements in accordance with U.S. GAAP and other financial information.

Under the supervision and with the participation of management, including the CEO and CFO, our management conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on its evaluation under this framework, management concluded that our internal controls over financial reporting were effective as of December 31, 2009.

The effectiveness of our Company's internal controls over financial reporting as of December 31, 2009 has been audited by Ernst & Young LLP, as stated in their report on page F-4 of our 2009 Form 10-K.

### **Changes in Internal Control Over Financial Reporting**

There were no changes in our internal controls over financial reporting identified in connection with the evaluation thereof by our management, including the CEO and CFO, during the quarter ended December 31, 2009 that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

**Item 7A. Quantitative and Qualitative Disclosures About Market Risk.**

Information relating to quantitative and qualitative disclosures about market risk is detailed in Item 7. “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and is incorporated herein by reference.

**Item 8. Financial Statements and Supplementary Data.**

The information required by this Item is contained in the financial statements set forth in Item 15. “Exhibits, Financial Statement Schedules” under the caption “*Consolidated Financial Statements and Supplementary Data*” as part of this Annual Report on Form 10-K and is incorporated herein by reference.

**Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.**

There have been no changes in or disagreements with accountants on accounting or financial disclosure matters.

**Item 9A. Controls and Procedures.**

- (a) Disclosure Controls and Procedures. We performed an evaluation of the effectiveness of our disclosure controls and procedures that are designed to ensure that the material financial and non-financial information required to be disclosed on reports and filed or submitted with the SEC is recorded, processed, summarized and reported in a timely manner. Based on our evaluation, our management, including the CEO and CFO, have concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act) as of the end of the period covered by this report are effective.
- (b) Management’s Annual Report on Changes in Internal Controls Over Financial Reporting. Our management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. Our internal accounting controls systems are designed to provide reasonable assurance that assets are safeguarded, that transactions are executed in accordance with management’s authorization and are properly recorded, and that accounting records are adequate for preparation of financial statements in accordance with U.S. GAAP and other financial information.

Under the supervision and with the participation of management, including the CEO and CFO, our management conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on its evaluation under this framework, management concluded that our internal controls over financial reporting were effective as of December 31, 2009.

The effectiveness of our Company’s internal control over financial reporting as of December 31, 2009 has been audited by Ernst & Young LLP, as stated in its report on page F-4 herein and is incorporated herein by reference.

- (c) Changes in Internal Control Over Financial Reporting. There were no changes in our internal controls over financial reporting identified in connection with the evaluation thereof by our management, including the CEO and CFO, during the quarter ended December 31, 2009 that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

**Item 9B. Other Information.**

Not applicable.

### **PART III**

#### **Item 10. Directors, Executive Officers and Corporate Governance.**

Information required under this Item relating to our directors is incorporated herein by reference from information included in our definitive proxy statement for the 2010 Annual and Special meeting of Shareholders expected to be filed with the SEC no later than 120 days after the end of the fiscal year covered by this Form 10-K (the “2010 Proxy Statement”).

Information relating to our executive officers is furnished in Part I hereof under a separate unnumbered item captioned “Executive Officers of the Registrant.”

Information required under this Item relating to certain filing obligations of our directors and executive officers under the federal securities laws set forth in the 2010 Proxy Statement relating to compliance with section 16(a) of the Exchange Act is incorporated herein by reference.

The Board of Directors has adopted a Code of Professional Conduct that applies to our Chief Executive Officer, Chief Financial Officer and the principal accounting officer or controller, or persons performing similar functions. A copy of the Code of Professional Conduct can be found on our website at: [www.biovail.com](http://www.biovail.com) (under the tab “About Biovail” and subtab “Corporate Governance”). In addition, a copy of our Code of Professional Conduct can be provided, without charge, upon request to: Biovail Corporation, 7150 Mississauga Road, Mississauga, Ontario, Canada, L5N 8M5, Attention: Investor Relations; by telephone at (905) 263-3002; by facsimile at (905) 286-3050; or by email to [ir@biovail.com](mailto:ir@biovail.com).

Information required under this Item relating to our audit committee, including the members of the committee and designation of “audit committee financial experts” under applicable SEC and NYSE rules, is incorporated herein by reference from information included in the 2010 Proxy Statement.

#### **Item 11. Executive Compensation.**

Information required under this Item relating to executive compensation is incorporated herein by reference from information included in the 2010 Proxy Statement.

#### **Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.**

Information required under this Item relating to securities authorized for issuance under equity compensation plans and to security ownership of certain beneficial owners and management is incorporated herein by reference from information included in the 2010 Proxy Statement.

#### **Item 13. Certain Relationships and Related Transactions, and Director Independence.**

Information required under this Item relating to certain relationships and transactions with related parties and about director independence is incorporated herein by reference from information included in the 2010 Proxy Statement.

#### **Item 14. Principal Accounting Fees and Services.**

Information required under this Item relating to the fees for professional services rendered by our independent auditors in 2008 and 2009 is incorporated herein by reference from information included in the 2010 Proxy Statement.

## PART IV

### Item 15. Exhibits, Financial Statement Schedules.

Documents filed as a part of the report:

(1) The consolidated financial statements required to be filed in the Annual Report on Form 10-K are listed on page F-1 hereof.

(2) Schedule II — Valuation and Qualifying Accounts.

#### SCHEDULE II — VALUATION AND QUALIFYING ACCOUNTS (All dollar amounts expressed in thousands of U.S. dollars)

## **REPORT OF MANAGEMENT ON FINANCIAL STATEMENTS AND INTERNAL CONTROL OVER FINANCIAL REPORTING**

### **Financial Statements**

The Company's management is responsible for preparing the accompanying consolidated financial statements in conformity with United States generally accepted accounting principles ("U.S. GAAP"). In preparing these consolidated financial statements, management selects appropriate accounting policies and uses its judgment and best estimates to report events and transactions as they occur. Management has determined such amounts on a reasonable basis in order to ensure that the consolidated financial statements are presented fairly, in all material respects. Financial information included throughout this Annual Report is prepared on a basis consistent with that of the accompanying consolidated financial statements.

Ernst & Young LLP has been engaged by the Company's shareholders to audit the consolidated financial statements.

The Board of Directors is responsible for ensuring that management fulfills its responsibility for financial reporting and is ultimately responsible for reviewing and approving the consolidated financial statements. The Board of Directors carries out this responsibility principally through its Audit Committee. The members of the Audit Committee are outside Directors. The Audit Committee considers, for review by the Board of Directors and approval by the shareholders, the engagement or reappointment of the external auditors. Ernst & Young LLP has full and free access to the Audit Committee.

Management acknowledges its responsibility to provide financial information that is representative of the Company's operations, is consistent and reliable, and is relevant for the informed evaluation of the Company's activities.

### **Internal Control Over Financial Reporting**

The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934. The Company's internal accounting controls systems are designed to provide reasonable assurance that assets are safeguarded, that transactions are executed in accordance with management's authorization and are properly recorded, and that accounting records are adequate for preparation of financial statements in accordance with U.S. GAAP and other financial information.

Under the supervision and with the participation of management, including the Company's Chief Executive Officer and Chief Financial Officer, the Company conducted an evaluation of the effectiveness of its internal control over financial reporting based on the framework in Internal Control — Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on its evaluation under this framework, management concluded that the Company's internal controls over financial reporting were effective as of December 31, 2009.

The effectiveness of the Company's internal control over financial reporting as of December 31, 2009 has been audited by Ernst & Young LLP, as stated in their report on page F-4 herein.

## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of  
**Biovail Corporation**

We have audited the accompanying consolidated balance sheets of Biovail Corporation as of December 31, 2009 and 2008, and the related consolidated statements of income, shareholders' equity and cash flows for each of the three years in the period ended December 31, 2009. Our audits also included the financial statement schedule II included in Item 15. These financial statements and schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Biovail Corporation at December 31, 2009 and 2008, and the consolidated results of its operations and its cash flows for each of the three years in the period ended December 31, 2009, in conformity with United States generally accepted accounting principles. Also, in our opinion, the related financial statement schedule, when considered in relation to the basic financial statements taken as a whole, presents fairly in all material respects the information set forth therein.

As discussed in note 2 to the consolidated financial statements, effective January 1, 2009, Biovail Corporation changed its method of accounting for convertible debt instruments, business combinations, fair value measurements for non-financial assets and non-financial liabilities and collaborative arrangements, effective April 1, 2009 changed its method of accounting for other-than-temporary impairments and effective January 1, 2008 changed its method of accounting related to the optional use of fair value for certain financial assets and liabilities, in each case due to the issuance of new authoritative guidance.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the effectiveness of Biovail Corporation's internal control over financial reporting as of December 31, 2009, based on criteria established in the Internal Control — Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated February 26, 2010 expressed an unqualified opinion thereon.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM  
ON INTERNAL CONTROL OVER FINANCIAL REPORTING**

To the Board of Directors and Shareholders of  
**Biovail Corporation**

We have audited Biovail Corporation's internal control over financial reporting as of December 31, 2009, based on criteria established in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the "COSO" criteria). Biovail Corporation's management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the company's internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, Biovail Corporation maintained, in all material respects, effective internal control over financial reporting as of December 31, 2009, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the accompanying consolidated balance sheets of Biovail Corporation as of December 31, 2009 and 2008, and the related consolidated statements of income, shareholders' equity, and cash flows for each of the three years in the period ended December 31, 2009, and our report dated February 26, 2010, expressed an unqualified opinion thereon.

*The accompanying notes are an integral part of the consolidated financial statements.*

**BIOVAIL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**In accordance with United States Generally Accepted Accounting Principles**  
**(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

**1. DESCRIPTION OF BUSINESS**

Biovail Corporation (“Biovail” or the “Company”) was established on March 29, 1994, and was continued under the *Canada Business Corporations Act* on June 29, 2005. Biovail is a specialty pharmaceutical company with a strategic focus on developing and commercializing products that address unmet medical needs in specialty central nervous system (“CNS”) disorders.

**2. SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Presentation**

The consolidated financial statements have been prepared by the Company in United States (“U.S.”) dollars and in accordance with U.S. generally accepted accounting principles (“U.S. GAAP”), applied on a consistent basis.

Certain of the prior years’ figures have been reclassified to conform to the presentation adopted in 2009.

**Principles of Consolidation**

The consolidated financial statements include the accounts of the Company and those of its subsidiaries. All intercompany transactions and balances have been eliminated.

The Company has entered into collaboration and license arrangements with other entities for various products under development. These arrangements typically include upfront and contingent milestone and royalty payments. All such arrangements were determined not to be variable interests in the entities. Accordingly, the Company does not consolidate the financial results of any of these entities.

**Acquisitions**

Acquired businesses are accounted for using the acquisition method of accounting, which requires that assets acquired and liabilities assumed be recorded at fair value, with limited exceptions. Any excess of the purchase price over the fair value of the net assets acquired is recorded as goodwill. Acquired in-process research and development (“IPR&D”) is recognized at fair value and initially characterized as indefinite-lived intangible assets, irrespective of whether the acquired IPR&D has an alternative future use. If the acquired net assets do not constitute a business, the transaction is accounted for as an asset acquisition and no goodwill is recognized. In an asset acquisition, the amount allocated to acquired IPR&D with no alternative future use is charged to expense at the acquisition date.

**Use of Estimates**

In preparing the Company’s consolidated financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting periods. Significant estimates made by management include: provisions for product returns, rebates and chargebacks; useful lives of amortizable intangible assets; expected future cash flows used in evaluating intangible assets for impairment; reporting unit fair value in testing goodwill for impairment; provisions for loss contingencies; provisions for income taxes and realizability of deferred tax assets; and the allocation of the purchase price of acquired assets and businesses. Under certain product manufacturing and supply agreements, management relies on estimates for future returns, rebates and chargebacks made by the Company’s commercialization counterparties. On an ongoing basis, management reviews its estimates to ensure that these estimates appropriately reflect changes in the Company’s business and new information as it becomes available. If historical experience and other factors used by management to make these estimates do not reasonably reflect future activity, the Company’s consolidated financial statements could be materially impacted.

**Fair Value of Financial Instruments**

The estimated fair values of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities approximate their carrying values due to their short maturity periods. The fair values of marketable securities, short-term and long-term investments, and long-term obligations are based on quoted market prices, if available, or estimated discounted future cash flows.

**Cash and Cash Equivalents**

Cash and cash equivalents include certificates of deposit, treasury bills, and investment-grade commercial paper with maturities of three months or less when purchased.

**BIOVAIL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**  
**In accordance with United States Generally Accepted Accounting Principles**  
**(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

**2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Marketable Securities**

Marketable debt securities are classified as being available-for-sale. These securities are reported at fair value with all unrealized gains and temporary unrealized losses recognized in other comprehensive income. Other-than-temporary credit losses that represent a decrease in the cash flows expected to be collected on these securities are recognized in net income. Other-than-temporary non-credit losses related to all other factors are recognized in other comprehensive income, if the Company does not intend to sell the security and it is not more likely than not that the Company will be required to sell the security before recovery of its amortized cost basis. Realized gains and losses on the sale of these securities are recognized in net income. The cost of securities sold, and the amount reclassified out of accumulated other comprehensive income into earnings, is calculated using the specific identification method, if determinable, otherwise the average cost method is applied. The amortization of acquisition premiums or discounts is recorded as a deduction from or addition to interest income earned on these securities.

**Concentrations of Credit Risk**

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist primarily of cash and cash equivalents, marketable securities, and accounts receivable.

The Company invests its excess cash in high-quality, liquid money market instruments with varying maturities, but typically less than three months. The Company maintains its cash and cash equivalents with major financial institutions. The Company has not experienced any significant losses on its cash or cash equivalents.

The Company's marketable securities portfolio includes investment-grade corporate, government or government-sponsored enterprise fixed income debt securities with a maximum term to maturity of three years. No single issuer comprises more than 20% of the portfolio.

The Company's marketable securities portfolio also includes investments in nine individual auction rate securities. These securities represent interests in collateralized debt obligations supported by pools of residential and commercial mortgages or credit cards, insurance securitizations, and other structured credits, including corporate bonds. Some of the underlying collateral for these securities consists of sub-prime mortgages.

A significant portion of the Company's product sales is made to major drug wholesalers in the U.S. and Canada, as well as its commercialization counterparties. At December 31, 2009 and 2008, five individual customer balances accounted for 80% and 67% of trade receivables, respectively. The Company performs periodic credit evaluations of customers and generally does not require collateral. An allowance for doubtful accounts is maintained for potential credit losses based on the aging of accounts receivable, historical bad debts experience, and changes in customer payment patterns. Accounts receivable balances are written off against the allowance when it is probable that the receivable will not be collected. The Company has not experienced any significant losses from uncollectible accounts in the three-year period ended December 31, 2009.

**Inventories**

Inventories comprise raw materials, work in process, and finished goods, which are valued at the lower of cost or market, on a first-in, first-out basis. Cost for work in process and finished goods inventories includes materials, direct labour, and an allocation of overheads. Market for raw materials is replacement cost, and for work in process and finished goods is net realizable value. Allowances are maintained for slow-moving inventories based on the remaining shelf life of, and estimated time required to sell, such inventories. Obsolete inventory is written off against the allowance. Rejected product is written off directly to cost of goods sold.

**Property, Plant and Equipment**

Property, plant and equipment are reported at cost, less accumulated depreciation. Costs incurred on assets under construction are capitalized as construction in progress. Depreciation is calculated using the straight-line method, commencing when the assets become available for productive use, based on the following estimated useful lives:

|                                   |                                     |
|-----------------------------------|-------------------------------------|
| Buildings . . . . .               | 25 years                            |
| Machinery and equipment . . . . . | 5-10 years                          |
| Other equipment . . . . .         | 3-10 years                          |
| Leasehold improvements . . . . .  | Lesser of term of lease or 10 years |

**BIOVAIL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**  
**In accordance with United States Generally Accepted Accounting Principles**  
**(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

**2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Intangible Assets**

Intangible assets are reported at cost, less accumulated amortization. Intangible assets with finite lives are amortized over their estimated useful lives. Amortization is calculated using the straight-line method based on the following estimated useful lives:

|                          |             |
|--------------------------|-------------|
| Trademarks . . . . .     | 10-20 years |
| Product rights . . . . . | 7-20 years  |

**IPR&D**

The fair value of IPR&D acquired through a business combination is capitalized as an indefinite-lived intangible asset until the completion or abandonment of the related research and development activities. When the related research and development is completed, the asset will be assigned a useful life and amortized.

The fair value of an IPR&D intangible asset is determined using an income approach. This approach starts with a forecast of the net cash flows expected to be generated by the asset over its estimated useful life. The net cash flows reflect the asset's stage of completion, the probability of technical success, the projected costs to complete, expected market competition, and an assessment of the asset's life cycle. The net cash flows are then adjusted to present value by applying an appropriate discount rate that reflects the risk factors associated with the cash flow streams.

**Impairment of Long-Lived Assets**

The Company tests long-lived assets with finite lives for impairment at least annually, or whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. Indicators of potential impairment include: an adverse change in legal factors or in the business climate that could affect the value of the asset; an adverse change in the extent or manner in which the asset is used or is expected to be used, or in its physical condition; and current or forecasted operating or cash flow losses that demonstrate continuing losses associated with the use of the asset. If indicators of impairment are present, the asset is tested for recoverability by comparing the carrying value of the asset to the related estimated undiscounted future cash flows expected to be derived from the asset. If the expected cash flows are less than the carrying value of the asset, then the asset is considered to be impaired and its carrying value is written down to fair value, based on the related estimated discounted future cash flows.

Indefinite-lived intangible assets, including IPR&D, are tested for impairment annually, or more frequently if events or changes in circumstances between annual tests indicate that the asset may be impaired. Impairment losses on indefinite-lived intangible assets are recognized based solely on a comparison of the fair value of the asset to its carrying value, without consideration of any recoverability test.

**Goodwill**

Goodwill represents the excess of the purchase price of acquired businesses over the estimated fair value of the identifiable net assets acquired. Goodwill is not amortized but is tested for impairment at least annually at the reporting unit level. A reporting unit is the same as, or one level below, an operating segment. The Company currently has one operating segment and one reporting unit, which is the consolidated company. The Company uses its market capitalization as the measurement basis for the estimated fair value of its reporting unit. Accordingly, the Company tests goodwill for impairment by comparing its market capitalization to the carrying value of its consolidated net assets. On that basis, there was no indication of goodwill impairment at December 31, 2009 or 2008.

**Deferred Financing Costs**

Deferred financing costs are reported at cost, less accumulated amortization, and are recorded in other long-term assets. Amortization expense is included in interest expense.

**Derivative Financial Instruments**

From time to time, the Company utilizes derivative financial instruments to manage its exposure to market risks. The Company does not utilize derivative financial instruments for trading or speculative purposes. The Company accounts for derivative financial instruments as either assets or liabilities at fair value. The Company did not hold any derivative financial instruments at December 31, 2009 or 2008.

**BIOVAIL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**  
**In accordance with United States Generally Accepted Accounting Principles**  
**(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

**2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Foreign Currency Translation**

The financial statements of the Company's operations having a functional currency other than the U.S. dollar are translated into U.S. dollars at the rate of exchange prevailing at the balance sheet date for asset and liability accounts, and at the average rate of exchange for the reporting period for revenue and expense accounts. The cumulative foreign currency translation adjustment is recorded as a component of accumulated other comprehensive income in shareholders' equity.

Foreign currency exchange gains and losses on transactions occurring in a currency other than an operation's functional currency are recognized in net income.

**Revenue Recognition**

Effective January 1, 2000, the Company adopted the provisions of the U.S. Securities and Exchange Commission ("SEC") Staff Accounting Bulletin ("SAB") No. 101, "Revenue Recognition in Financial Statements" ("SAB 101"), as amended by SAB No. 104, "Revenue Recognition". The amortization of revenue deferred upon the adoption of SAB 101 amounted to \$2,100,000, \$2,200,000 and \$3,400,000 in 2009, 2008 and 2007, respectively. The SAB 101 deferred revenue balance was fully amortized as of December 31, 2009.

Revenue is realized or realizable and earned when persuasive evidence of an arrangement exists, delivery has occurred or services have been rendered, the price to the customer is fixed or determinable, and collectibility is reasonably assured.

**Product Sales**

Product sales revenue is recognized when title has transferred to the customer and the customer has assumed the risks and rewards of ownership. Amounts received from customers as prepayments for products to be shipped in the future are recorded in deferred revenue.

Revenue from product sales is recognized net of provisions for estimated discounts, allowances, returns, rebates, and chargebacks. The Company offers discounts for prompt payment and other incentive allowances to customers. Provisions for discounts and allowances are estimated based on contractual sales terms with customers and historical payment experience. The Company allows customers to return product within a specified period of time before and after its expiration date. Provisions for returns are estimated based on historical return and exchange levels, and third-party data with respect to prescription demand for the Company's products and inventory levels of the Company's products in the wholesale distribution channel. The Company is subject to rebates on sales made under governmental and managed-care pricing programs, and chargebacks on sales made to group purchasing organizations. Provisions for rebates and chargebacks are estimated based on historical experience, relevant statutes with respect to governmental pricing programs, and contractual sales terms with managed-care providers and group purchasing organizations.

The Company is party to manufacturing and supply agreements with a number of commercialization counterparties in the U.S. Under the terms of these agreements, the Company's supply prices for its products are determined after taking into consideration estimates for future returns, rebates, and chargebacks provided to the Company by each counterparty. The Company makes adjustments as needed to state these estimates on a basis consistent with this policy, and the Company's methodology for estimating returns, rebates, and chargebacks related to its own direct product sales.

**Research and Development**

Research and development revenue attributable to the performance of contract research services is recognized as the services are performed, under the proportionate performance convention of revenue recognition. Performance is measured based on units-of-work performed relative to total units-of-work contracted. For clinical research services, units-of-work is generally measured in terms of bed night stays, and for laboratory-testing services, units-of-work is generally measured in terms of numbers of samples analyzed. Costs and profit margin related to these services that are in excess of amounts billed are recorded in accounts receivable, and amounts billed related to these services that are in excess of costs and profit margin are recorded in deferred revenue.

Non-refundable, up-front fees for access to the Company's proprietary technology in connection with certain research and development arrangements are deferred and recognized as revenue on a straight-line basis over the term of the related arrangement. Contingent revenue in connection with those arrangements attributable to the achievement of regulatory or developmental milestones is recognized only on the achievement of the applicable milestone.

**BIOVAIL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**  
**In accordance with United States Generally Accepted Accounting Principles**  
**(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

**2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

***Royalty***

Royalty revenue is recognized based on the terms of the specific licensing contracts, and when the Company has no future obligations with respect to the royalty fee. Royalty revenue is recognized net of amounts payable to sublicensees where the Company is simply acting as an agent for the sublicensee.

***Other***

Licensing revenue is deferred and recognized on a straight-line basis over the licensing period.

**Shipping and Handling Costs**

The Company generally does not charge customers for shipping and handling costs. These costs are included in cost of goods sold.

**Research and Development Expenses**

Research and development expenses include the amount allocated to acquired IPR&D with no alternative future use in an asset acquisition. Costs related to internal research and development programs, including costs associated with the development of IPR&D, are expensed as goods are delivered or services are performed. Under certain research and development arrangements with third parties, the Company may be required to make payments that are contingent on the achievement of specific developmental, regulatory and/or commercial milestones. Before a product receives regulatory approval, milestone payments made to third parties are expensed when the milestone is achieved. Milestone payments made to third parties after regulatory approval is received are capitalized and amortized over the estimated useful life of the approved product.

Amounts due from third parties as reimbursement of development activities conducted under certain research and development arrangements are recognized as a reduction of research and development expenses.

Costs associated with providing contract research services to third parties are included in research and development expenses. These costs amounted to \$13,849,000, \$23,033,000 and \$17,507,000 in 2009, 2008 and 2007, respectively.

**Legal Costs**

Legal fees and other costs related to litigation and other legal proceedings are expensed as incurred and included in selling, general and administrative expenses. Legal costs expensed are reported net of expected insurance recoveries. A claim for insurance recovery is recognized when the claim becomes probable of realization.

**Advertising Costs**

Advertising costs comprise product samples, print media, and promotional materials. Advertising costs related to new product launches are expensed on the first use of the advertisement. The Company did not have any deferred advertising costs at December 31, 2009 or 2008.

Advertising costs expensed in 2009, 2008 and 2007 were \$10,013,000, \$7,757,000 and \$3,773,000, respectively. These costs are included in selling, general and administrative expenses.

**Stock-Based Compensation**

The Company recognizes all share-based payments to employees, including grants of employee stock options and restricted share units ("RSUs"), at estimated fair value. The Company amortizes the fair value of stock option or RSU grants on a straight-line basis over the requisite service period of the individual stock option or RSU grant, which generally equals the vesting period. Stock option and RSU forfeitures are estimated at the time of grant and revised, if necessary, in subsequent periods if actual forfeitures differ from those estimates.

The fair value of Deferred Share Units ("DSUs") granted to non-management directors is recognized as compensation expense at the grant date, and a DSU liability is recorded on the consolidated balance sheet. The fair value of the DSU liability is remeasured at each reporting date, with a corresponding adjustment to compensation expense in the reporting period.

**BIOVAIL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**  
**In accordance with United States Generally Accepted Accounting Principles**  
**(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

**2. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Stock-based compensation is recorded in cost of goods sold, research and development expenses, and selling, general and administrative expenses, as appropriate.

**Interest Expense**

Interest expense includes standby fees and the amortization of debt discounts and deferred financing costs. Interest costs are expensed as incurred, except to the extent such interest is related to construction in progress, in which case interest is capitalized. The Company did not capitalize any interest costs in 2009, 2008 or 2007. Interest paid in 2009, 2008 and 2007 amounted to \$4,182,000, \$459,000 and \$16,098,000, respectively.

**Income Taxes**

Income taxes are accounted for under the liability method. Deferred tax assets and liabilities are recognized for the differences between the financial statement and income tax bases of assets and liabilities, and for operating losses and tax credit carryforwards. A valuation allowance is provided for the portion of deferred tax assets that is more likely than not to remain unrealized. Deferred tax assets and liabilities are measured using enacted tax rates and laws.

The tax benefit from an uncertain tax position is recognized only if it is more likely than not that the tax position will be sustained upon examination by the appropriate taxing authority, based on the technical merits of the position. The tax benefits recognized from such a position are measured based on the amount that is greater than 50% likely of being realized upon settlement. Liabilities associated with uncertain tax positions are classified as long-term unless expected to be paid within one year. Interest and penalties related to uncertain tax positions, if any, are recorded in the provision for income taxes and classified with the related liability on the consolidated balance sheet.

**Earnings Per Share**

Basic earnings per share is calculated by dividing net income by the weighted-average number of common shares outstanding during the reporting period. Diluted earnings per share is calculated by dividing net income by the weighted-average number of common shares outstanding during the reporting period after giving effect to dilutive potential common shares for stock options, RSUs, and convertible debt, determined using the treasury stock method.

**Comprehensive Income**

Comprehensive income comprises net income and other comprehensive income. Other comprehensive income comprises foreign currency translation adjustments, unrealized temporary holding gains or losses on available-for-sale investments, and the non-credit component of other-than-temporary losses on marketable debt securities. Accumulated other comprehensive income is recorded as a component of shareholders' equity.

**Contingencies**

In the normal course of business, the Company is subject to loss contingencies, such as claims and assessments arising from litigation and other legal proceedings, contractual indemnities, product and environmental liabilities, and tax matters. Accruals for loss contingencies are recorded when the Company determines that it is both probable that a liability has been incurred and the amount of loss can be reasonably estimated. If the estimate of the amount of the loss is a range and some amount within the range appears to be a better estimate than any other amount within the range, that amount is accrued as a liability. If no amount within the range is a better estimate than any other amount, the minimum amount of the range is accrued as a liability.

**Adoption of New Accounting Standards**

Effective January 1, 2009, the Company adopted the following accounting guidance:

- Authoritative guidance on convertible debt instruments that may be settled in cash upon conversion (including partial cash settlement), which requires that the liability (debt) and equity (conversion option) components of convertible debt instruments that may be settled in cash upon conversion be separately accounted for in a manner that reflects an issuer's non-convertible debt borrowing rate. This new method of accounting results in recognizing interest expense at rates reflective of what the issuer would have incurred had it issued non-convertible debt with otherwise similar terms. The adoption of this guidance impacted the Company's

## BIOVAIL CORPORATION

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

**In accordance with United States Generally Accepted Accounting Principles  
(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

#### 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

accounting for the Convertible Notes (as described in note 17). This guidance will also have a material impact on interest expense recognized during the period that the Convertible Notes are outstanding, but will have no impact on the Company's future cash flows.

- Authoritative guidance on business combinations and non-controlling interests, which significantly changes the accounting for, and reporting of, business combination transactions and non-controlling (minority) interests in consolidated financial statements, including requirements to: recognize non-controlling interests at fair value; capitalize IPR&D; and expense acquisition-related costs as incurred. The guidance also requires post-acquisition adjustments related to business combination deferred tax asset valuation allowances and liabilities for uncertain tax positions to be recorded in current period income tax expense. The guidance is effective for business combinations occurring on or after January 1, 2009. The adoption of this guidance impacted the Company's accounting for the acquisition of the worldwide development and commercialization rights to tetrabenazine (as described in note 3).
- Authoritative guidance on fair value measurements, which establishes a framework for measuring fair value in U.S. GAAP, clarifies the definition of fair value within that framework, and expands disclosures about the use of fair value measurements. The guidance applies to all other authoritative guidance that requires (or permits) fair value measurements, but does not require any new fair value measurements in U.S. GAAP. The guidance was effective January 1, 2009 for non-financial assets and non-financial liabilities not recognized or disclosed at fair value on a recurring basis. The Company previously adopted this guidance for financial assets and financial liabilities effective January 1, 2008. The adoption of this guidance for non-financial assets and non-financial liabilities did not have a material impact on the Company's consolidated financial statements.
- Authoritative guidance on the accounting for collaborative arrangements, which provides guidance for determining if a collaborative arrangement exists and establishes reporting requirements for revenues and costs generated from transactions between parties within a collaborative arrangement, as well as between the parties in a collaborative arrangement and third parties, and provides guidance for financial statement disclosures of collaborative arrangements. The guidance is effective for collaborative arrangements existing on or after January 1, 2009. The adoption of this guidance did not have a material impact on the Company's consolidated financial statements.

Effective April 1, 2009, the Company adopted the following accounting guidance:

- Authoritative guidance on subsequent events, which identifies the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements and the disclosures that should be made about events or transactions that occurred after the balance sheet date. As this guidance is largely consistent with previous auditing literature, its adoption did not have a material impact on the Company's consolidated financial statements.
- Authoritative guidance on the recognition and presentation of other-than-temporary impairments, which requires entities to separate an other-than-temporary impairment of a debt security into (i) the amount representing the decrease in cash flows expected to be collected, or the credit loss portion, which is recognized in earnings, and (ii) the amount related to all other factors, or the non-credit portion, which is recognized in other comprehensive income in circumstances in which management asserts that it does not have the intent to sell the security, and it is more likely than not that it will not be required to sell the security before recovery of its amortized cost basis. Upon the adoption of this guidance, the cumulative effect adjustment to reclassify the non-credit losses previously recognized through earnings from accumulated other comprehensive income to opening accumulated deficit was not material to the Company's consolidated financial statements.
- Authoritative guidance on determining fair value when the volume and level of activity for the asset or liability have significantly decreased and on identifying transactions that are not orderly, which provides additional guidance on estimating fair value when there has been a significant decrease in the volume and level of activity for the asset or liability in relation to the normal market activity for the asset or liability. The guidance also provides circumstances that may indicate that a transaction for the asset or liability is not orderly. The adoption of this guidance did not have a material impact on the Company's consolidated financial statements.

Effective July 1, 2009, the Company adopted the following accounting guidance:

- In June 2009, the Financial Accounting Standards Board ("FASB") established the FASB Accounting Standards Codification (the "Codification") as the source of authoritative accounting principles recognized by the FASB to be applied in the preparation of financial statements in conformity with U.S. GAAP. As the issuance of the Codification does not change U.S. GAAP, its adoption did not have any impact on the Company's consolidated financial statements.

Effective October 1, 2009, the Company adopted the following accounting guidance:

- Authoritative guidance clarifying the measurement of liabilities at fair value. When a quoted price in an active market for the identical liability is not available, this guidance requires that the fair value of a liability be measured using one or more of the

## BIOVAIL CORPORATION

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

**In accordance with United States Generally Accepted Accounting Principles  
(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

#### 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

prescribed valuation techniques. In addition, the guidance clarifies that when estimating the fair value of a liability, an entity is not required to include a separate input or adjustment to other inputs relating to the existence of a restriction that prevents the transfer of the liability. The guidance also clarifies how the quoted price of a debt security when traded as an asset should be considered in estimating the fair value of the issuer's liability. The adoption of this guidance did not have a material impact on the Company's consolidated financial statements.

#### Recently Issued Accounting Guidance, Not Adopted as of December 31, 2009

- In June 2009, the FASB issued authoritative guidance for determining whether an entity is a variable interest entity ("VIE") and requires an enterprise to perform an analysis to determine whether the enterprise's variable interest or interests give it a controlling financial interest in a VIE. Under the guidance, an enterprise has a controlling financial interest when it has (i) the power to direct the activities of a VIE that most significantly impact the entity's economic performance, and (ii) the obligation to absorb losses of the entity or the right to receive benefits from the entity that could potentially be significant to the VIE. In addition, the guidance requires an enterprise to assess whether it has an implicit financial responsibility to ensure that a VIE operates as designed when determining whether it has power to direct the activities of the VIE that most significantly impact the entity's economic performance. The guidance also requires ongoing assessments of whether an enterprise is the primary beneficiary of a VIE, requires enhanced disclosures, and eliminates the scope exclusion for qualifying special purpose entities. The guidance is effective for interim and annual periods beginning after November 15, 2009. Accordingly, the Company is required to adopt this guidance beginning January 1, 2010. The Company is currently evaluating the effect that the adoption of this guidance will have on its consolidated financial statements.
- In October 2009, the FASB issued authoritative guidance on multiple-element revenue arrangements, which requires an entity to allocate arrangement consideration at the inception of the arrangement to all of its deliverables based on relative selling prices. The guidance eliminates the use of the residual method of allocation and expands the ongoing disclosure requirements. The guidance is effective for the first fiscal year beginning after June 15, 2010, and may be adopted through prospective or retrospective application. Accordingly, the Company is required to adopt this guidance beginning January 1, 2011. The Company is currently evaluating the effect that the adoption of this guidance will have on its consolidated financial statements.

#### 3. BUSINESS COMBINATIONS

##### Tetrabenazine

On June 19, 2009, the Company acquired the worldwide development and commercialization rights to the entire portfolio of tetrabenazine products, including Xenazine® and Nitoman®, held by Cambridge Laboratories (Ireland) Limited and its affiliates ("Cambridge"). As described below, the Company had previously obtained certain licensing rights to tetrabenazine in the U.S. and Canada through the acquisition of Prestwick Pharmaceuticals, Inc. ("Prestwick") in September 2008. By means of this acquisition, the Company has obtained Cambridge's economic interest in the supply of tetrabenazine for the U.S. and Canadian markets, as well as for a number of other countries in Europe and around the world through existing distribution arrangements. In addition, the Company assumed Cambridge's royalty obligations to third parties on the worldwide sales of tetrabenazine. The acquisition of tetrabenazine is aligned with the Company's specialty CNS strategy.

This acquisition was accounted for as a business combination under the acquisition method of accounting. The total purchase price comprised cash consideration of \$200,000,000 paid on closing, and additional payments of \$12,500,000 and \$17,500,000 due to Cambridge on the first and second anniversaries of the closing date, respectively. The second payment is subject to a right of set-off against amounts for which the Company has a claim against Cambridge. These additional payments were fair valued at \$26,768,000, using an imputed interest rate comparable to the Company's available borrowing rate at the date of acquisition, and are recorded in long-term obligations (as described in note 17). No gain or loss was recognized in conjunction with the effective settlement of the contractual relationship between Prestwick and Cambridge as a result of this acquisition, as the pre-existing contracts could have been terminated without financial penalty. The Company incurred \$5,596,000 of costs related to this acquisition, which were expensed as acquisition-related costs in the consolidated statement of income as of the acquisition date.

**BIOVAIL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**  
**In accordance with United States Generally Accepted Accounting Principles**  
**(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

**3. BUSINESS COMBINATIONS (Continued)**

The following table summarizes the estimated fair values of the assets acquired at the acquisition date.

|                           |                  |
|---------------------------|------------------|
| Inventory . . . . .       | \$ 1,068         |
| Intangible assets:        |                  |
| Product rights . . . . .  | 189,700          |
| IPR&D . . . . .           | 36,000           |
| Assets acquired . . . . . | <u>\$226,768</u> |

A multi-period excess earnings methodology (income approach) was used to determine the estimated fair values of the identifiable intangible assets acquired. These fair value measurements were primarily based on significant inputs that are not observable in the market, and, therefore, represent Level 3 inputs in the fair value hierarchy (as described in note 7). The income approach is used to determine fair value for an acquired asset based on the present value of the cash flows projected to be generated by the asset.

The value of the currently marketed immediate-release tetrabenazine products was allocated to the product rights intangible asset, with an estimated useful life of approximately nine years. The projected cash flows from the products were adjusted for the probabilities of genericization and competition from the IPR&D projects described below. A risk-adjusted discount rate of 17% was used to present value the projected cash flows.

The IPR&D intangible asset relates to a modified-release formulation of tetrabenazine under development initially for the treatment of Tourette's Syndrome (BVF-018) and an isomer of tetrabenazine (RUS-350). The values assigned to BVF-018 and RUS-350 were \$28,000,000 and \$8,000,000, respectively. The projected cash flows from the projects were adjusted for the probabilities of successful development and commercialization of each project. A risk-adjusted discount rate of 20% was used to present value the projected cash flows. Based on the results of development efforts completed subsequent to the acquisition date, the Company has decided to terminate the RUS-350 project, having determined that the isomer was unlikely to provide meaningful benefits to patients beyond that provided by tetrabenazine. As a result, in the three-month period ended December 31, 2009, the Company recorded a charge of \$8,000,000 to write off the related IPR&D intangible asset, which is recorded in research and development expenses.

The amount of incremental revenue and pre-tax earnings (excluding amortization of the acquired product rights intangible asset) recognized from the worldwide sales of tetrabenazine from the acquisition date to December 31, 2009, amounted to approximately \$3,800,000 and \$4,500,000, respectively, in the Company's consolidated statement of income.

The following table presents unaudited pro forma consolidated results of operations as if this acquisition had occurred as of January 1, 2008, and includes amortization of the acquired product rights intangible asset and excludes the acquisition-related costs. All transactions between the Company and Cambridge related to the supply of tetrabenazine for the U.S. and Canadian markets prior to the date of acquisition have been eliminated. This pro forma information is not necessarily indicative of the Company's consolidated results of operations had this acquisition occurred as of January 1, 2008, nor necessarily indicative of the future results of operations of the Company.

|                                                | <u>2009</u>    | <u>2008</u>    |
|------------------------------------------------|----------------|----------------|
| Revenue . . . . .                              | \$827,125      | \$774,253      |
| Net income . . . . .                           | 181,026        | 186,719        |
| Basic and diluted earnings per share . . . . . | <u>\$ 1.14</u> | <u>\$ 1.17</u> |

**Prestwick**

On September 16, 2008, the Company acquired 100% of Prestwick, which was accounted for as a business combination under the former purchase method of accounting. Accordingly, the results of Prestwick's operations have been included in the Company's consolidated financial statements since September 16, 2008. Prestwick had acquired the licensing rights to Xenazine® in the U.S. and Nitoman® in Canada from Cambridge, which, at the time, held the worldwide license for tetrabenazine. On August 15, 2008, a New Drug Application ("NDA") for Xenazine® received U.S. Food and Drug Administration ("FDA") approval for the treatment of chorea associated with Huntington's disease and was granted orphan drug designation by the FDA, which provides the product with seven years of market exclusivity in the U.S. from the date of FDA approval. Nitoman® has been available in Canada since 1996, where it is approved for the treatment of hyperkinetic movement disorders including Huntington's chorea.

## BIOVAIL CORPORATION

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

**In accordance with United States Generally Accepted Accounting Principles  
(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

#### 3. BUSINESS COMBINATIONS (Continued)

Prior to the Company's acquisition of Prestwick, Prestwick entered into an exclusive supply and distribution agreement with Lundbeck Inc. (a subsidiary of H. Lundbeck A/S) ("Lundbeck"), formerly known as Ovation Pharmaceuticals, Inc. ("Ovation"), for Xenazine® in the U.S. Ovation paid Prestwick \$50,000,000 for the exclusive rights to market and distribute Xenazine® for an initial term of 15 years. Following its acquisition of Prestwick, the Company supplies Xenazine® product to Lundbeck for a variable percentage of Lundbeck's annual net sales of the product. For annual net sales up to \$125,000,000, the Company's supply price will be 72% of net sales. Beyond \$125,000,000, the Company's supply price will be 65% of net sales. Prior to the acquisition of the worldwide development and commercialization rights to tetrabenazine (as described above), the Company acquired Xenazine® product from Cambridge at a supply price of 50% of Lundbeck's net sales.

The total purchase price, including acquisition costs of \$3,442,000, less cash acquired of \$1,067,000, was \$101,920,000. The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at the date of acquisition.

|                                                            |                  |
|------------------------------------------------------------|------------------|
| Current assets (excluding cash acquired) . . . . .         | \$ 2,166         |
| Intangible assets . . . . .                                | 157,862          |
| Current liabilities (excluding deferred revenue) . . . . . | (8,108)          |
| Deferred revenue:                                          |                  |
| Current . . . . .                                          | (3,000)          |
| Long-term . . . . .                                        | (47,000)         |
| Net assets acquired . . . . .                              | <u>\$101,920</u> |

The identifiable intangible assets are associated with the acquired Xenazine® and Nitoman® product rights, and have an estimated useful life of 10 years. The current liabilities assumed at the date of acquisition included \$3,477,000 related to severance benefits payable to 12 employees of Prestwick who were terminated as a result of the acquisition. The affected employees were notified and the related benefits paid out prior to the end of 2008. The deferred revenue liability recognized at the date of acquisition represents a performance obligation assumed by the Company to supply Xenazine® to Lundbeck over the 15-year term of the supply and distribution agreement.

At the date of acquisition, Prestwick had a number of other CNS products in early-stage development, including Lisuride Sub Q (advanced Parkinson's disease), Lisuride Patch (Parkinson's disease), and D-Serine (schizophrenia). The Company does not intend to pursue the development of those products based on its assessment of their technical feasibility and/or commercial viability. In addition, Prestwick obtained options from Cambridge to participate in the development of future tetrabenazine products. As of the date of acquisition, Prestwick had not undertaken any development efforts related to those tetrabenazine products. As a result, no amount was allocated to any of these products in the purchase price allocation.

#### 4. ASSET ACQUISITIONS

##### GDNF

On December 21, 2009, the Company entered into a license agreement with Amgen Inc. ("Amgen") and MedGenesis Therapeutix Inc. ("MedGenesis"), pursuant to which the Company was granted a license to exploit GDNF in certain CNS indications in certain countries (including the U.S., Canada, Japan, and a number of European countries). At the same time, the Company entered into a collaboration agreement with MedGenesis to develop and commercialize GDNF, initially for the treatment of Parkinson's disease in the U.S., Japan and certain European countries and, potentially, in other countries and other CNS indications. Pursuant to the collaboration agreement, the Company was granted a license to MedGenesis's Convection Enhanced Delivery platform for use with GDNF in CNS indications.

In connection with the collaboration agreement, the Company made an upfront payment to MedGenesis of \$5,950,000, and could pay up to an additional \$20,000,000 in potential developmental milestones to MedGenesis. The Company also has certain funding obligations towards the development of GDNF in Parkinson's disease in the U.S., totaling up to \$14,000,000 for the Pre-Investigational New Drug development phase and Phase 2 clinical trials. The Company intends to share with MedGenesis the development costs associated with Phase 3 clinical studies in the U.S., (as well as any development costs associated with Phase 2 clinical trials that exceed the Company's initial funding obligation) and with the development programs in other countries. The Company and MedGenesis could, in the aggregate, pay Amgen up to \$25,000,000 in regulatory milestones and up to \$75,000,000 in sales-based milestones, and will pay royalties to Amgen based on net sales of GDNF products. The Company will be responsible for commercializing GDNF products in the

**BIOVAIL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**  
**In accordance with United States Generally Accepted Accounting Principles**  
**(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

**4. ASSET ACQUISITIONS (Continued)**

countries in which it has the GDNF license rights, and will pay MedGenesis a royalty in respect of net sales of GDNF products in those countries.

This acquisition was accounted for as a purchase of IPR&D intangible assets with no alternative future use. Accordingly, the \$5,950,000 upfront payment, together with acquisition costs of \$2,864,000, was charged to research and development expenses at the acquisition date.

**Fipamezole**

On August 24, 2009, the Company entered into a collaboration and license agreement with Santhera Pharmaceuticals (Switzerland) Ltd. (“Santhera”), a subsidiary of Santhera Pharmaceuticals Holding AG, to acquire the U.S. and Canadian rights to develop, manufacture and commercialize fipamezole for the treatment of a number of neurological and psychiatric conditions, including levodopa-induced dyskinesia, also known as Parkinson’s disease dyskinesia (“PDD”).

Pursuant to the terms of the collaboration and license agreement, the Company made an upfront payment of \$8,000,000 to Santhera at the acquisition date, and made a further payment of \$4,000,000 to Santhera on October 5, 2009, upon the closing of Santhera’s acquisition of Oy Juvantia Pharma Ltd. The Company could pay up to \$35,000,000 in potential developmental and regulatory milestones associated with the initiation of a Phase 3 study, regulatory submissions and approvals of fipamezole in PDD. Should the Company pursue a second indication, it could pay an additional \$20,000,000 milestone upon regulatory approval. The Company will also make royalty payments of 8% to 15% on net commercial sales of fipamezole, as well as additional milestone payments of up to \$145,000,000 as certain sales thresholds are met.

This acquisition was accounted for as a purchase of IPR&D intangible assets with no alternative future use. Accordingly, the \$8,000,000 upfront payment, together with acquisition costs of \$126,000, was charged to research and development expenses at the acquisition date. The additional payment of \$4,000,000 made to Santhera on October 5, 2009 was charged to research and development expenses on the payment date.

The Company will be responsible for the development programs and associated costs in the U.S. and Canada for fipamezole for both PDD and the second indication if pursued.

**Wellbutrin XL®**

On May 14, 2009, the Company acquired the full U.S. commercialization rights to Wellbutrin XL® from The GlaxoSmithKline Group of Companies (“GSK”). The Company had supplied Wellbutrin XL® to GSK for marketing or distribution in the U.S. since September 2003. The Wellbutrin XL® product formulation was developed and is manufactured by the Company under its own patents and proprietary technology.

Pursuant to the terms of the asset purchase agreement, the Company paid \$510,000,000 to GSK to acquire the U.S. NDA for Wellbutrin XL®. Pursuant to the terms of a trademark and license agreement with GSK, the Company also obtained an exclusive, royalty-free license to the Wellbutrin XL® trademark for use in the U.S. This acquisition was accounted for as a purchase of identifiable intangible assets. Accordingly, the total purchase price (including costs of acquisition of \$475,000) was allocated to the trademark intangible asset, with an estimated useful life of 10 years. In addition, the Company acquired the Wellbutrin XL® finished goods inventory owned by GSK valued at \$10,490,000.

**Pimavanserin**

On May 1, 2009, the Company entered into a collaboration and license agreement with ACADIA Pharmaceuticals Inc. (“ACADIA”) to acquire the U.S. and Canadian rights to develop, manufacture and commercialize pimavanserin in a number of neurological and psychiatric conditions, including Parkinson’s disease psychosis (“PDP”), Alzheimer’s disease psychosis (“ADP”), and, as an adjunctive therapy, to treat schizophrenia.

Pursuant to the terms of the collaboration and license agreement, the Company paid an upfront fee of \$30,000,000 to ACADIA, and could pay up to \$160,000,000 in potential developmental milestones associated with the successful completion of clinical trials, regulatory submissions and approvals for pimavanserin in the PDP and ADP indications. In addition, the Company could pay up to \$45,000,000 in success milestones for pimavanserin in a third indication. At this time, the Company intends to pursue pimavanserin as an adjunct therapy for schizophrenia as the third indication. The Company will also make tiered royalty payments of 15% to 20% on net sales of products containing pimavanserin, as well as additional milestone payments of up to \$160,000,000 as certain net sales thresholds are met.

### 4. ASSET ACQUISITIONS (Continued)

This acquisition was accounted for as a purchase of IPR&D intangible assets with no alternative future use. Accordingly, the \$30,000,000 upfront payment, together with acquisition costs of \$414,000, was charged to research and development expenses at the acquisition date.

The Company will be responsible for funding all of the PDP, ADP and schizophrenia development expenses for pimavanserin, other than the cost of two Phase 3 clinical trials for pimavanserin for PDP that ACADIA had in progress at the time of the agreement. The first of these Phase 3 PDP studies did not meet its primary endpoint of antipsychotic efficacy, but did meet the secondary endpoint of motoric tolerability. As a result, on October 5, 2009, the Company and ACADIA amended the collaboration and license agreement to provide that the Company will fund a third Phase 3 clinical trial for PDP; provided, however, that if the trial does not meet the primary endpoint, then ACADIA will reimburse the Company for 50% of the cost of the trial. If the third PDP trial or a subsequent pivotal trial in PDP meets its primary endpoint, the Company may credit 50% of the costs of the applicable trial against the potential milestone payment triggered by such trial. The amendment also provides that ACADIA may elect to pursue an initial clinical trial in ADP at its own expense. However, if the ADP trial meets its primary endpoint, then the Company would reimburse ACADIA 100% of the cost of the trial.

### 5. LICENSING AGREEMENT

#### Aplenzin™

In December 2008, the Company entered into a distribution and supply agreement with sanofi-aventis U.S. LLC ("sanofi-aventis") for the commercialization of Aplenzin™ in the U.S. and Puerto Rico. Aplenzin™ is a once-daily formulation of bupropion hydrobromide and has been launched by sanofi-aventis in 174mg, 348mg, and 522mg dosage strengths. The Company manufactures and supplies Aplenzin™ to sanofi-aventis at contractually determined supply prices ranging from 25% to 35% of sanofi-aventis's net selling price, depending on the level of net sales of Aplenzin™ in each calendar year.

### 6. RESTRUCTURING

In May 2008, the Company initiated restructuring measures that were intended to rationalize its manufacturing operations, pharmaceutical sciences operations, and general and administrative expenses. These measures included the closure of the Company's research and development facility in Dublin, Ireland in August 2008, the sale of its Dorado, Puerto Rico manufacturing facility in January 2010, and the ultimate planned closure of its manufacturing facility in Carolina, Puerto Rico. In addition, in May 2009, the Company announced the closure of its research and development facility in Mississauga, Ontario and the consolidation of its research and development operations in Chantilly, Virginia.

The following table summarizes the major components of the restructuring costs recognized through December 31, 2009:

|                                                 | Asset Impairments |                         | Employee Termination Benefits |                         | Contract Termination and Other Costs | Total     |

**In accordance with United States Generally Accepted Accounting Principles  
(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

#### 6. RESTRUCTURING (Continued)

##### Manufacturing Operations

The Company expects to incur employee termination costs of approximately \$9,400,000 in total for severance and related benefits payable to the approximately 240 employees who have been, or will be, terminated as a result of the closure of its Dorado and Carolina, Puerto Rico manufacturing facilities. As these employees are required to provide service during the shutdown period in order to be eligible for termination benefits, the Company is recognizing the cost of those termination benefits ratably over the required future service period, including \$4,942,000 and \$3,309,000 recognized in 2009 and 2008, respectively.

In 2009 and 2008, the Company recorded impairment charges of \$7,591,000 and \$42,602,000, respectively, to write down the carrying value of the property, plant and equipment located in Puerto Rico to its estimated fair value. At December 31, 2009, the Company had entered into an agreement in principle to sell the Dorado facility for net cash proceeds of \$8,542,000. Accordingly, the related property, plant and equipment was reclassified as assets held for sale on the consolidated balance sheet at December 31, 2009. The sale closed on January 15, 2010. The Company will continue to occupy the Dorado facility until March 31, 2010, pursuant to a short-term lease agreement with the buyer. The Company is continuing to actively market the Carolina facility.

##### Pharmaceutical Sciences Operations

In 2009, the Company incurred employee termination costs of \$1,441,000 for severance and related benefits payable to the approximately 50 employees who have been, or will be, terminated as a result of the closure of the Company's Mississauga, Ontario research and development facility and the consolidation of its Chantilly, Virginia research and development operations. In addition, the Company recorded an impairment charge of \$463,000 related to the write-down of the carrying value of the equipment and leasehold improvements located at the Mississauga facility to their estimated fair value. The Company also recognized \$1,616,000 of accelerated depreciation arising from a reduced useful life of the leasehold improvements located at the Chantilly facility, and incurred lease termination costs of \$1,422,000 as a result of vacating one of its premises in Chantilly in 2009.

On July 21, 2009, the Company completed the sale of the Dublin, Ireland research and development facility for net cash proceeds of \$5,189,000, which resulted in an additional write-down of \$705,000 to the carrying value of this facility in 2009. The Company had closed this facility in August 2008 and recorded an impairment charge of \$9,242,000 to write down the carrying value of the property, plant and equipment to its estimated fair value of \$5,894,000 at that time, which was classified as assets held for sale on the consolidated balance sheet at December 31, 2008. In addition, the Company recognized employee termination costs of \$2,724,000 in 2008 for the approximately 50 employees affected by this closure.

In December 2008, the Company identified certain of its proprietary drug-delivery technologies that were not expected to be utilized in the development of specialty CNS products consistent with the Company's strategy. As a result, the Company recorded an impairment charge of \$7,460,000 in 2008 to write off the carrying value of the related technology intangible assets.

##### Contract Termination Costs

In connection with a restructuring of its U.S. commercial operations in May 2005, the Company vacated a portion of its Bridgewater, New Jersey facility. The Company recognized a restructuring charge at that time for a gross operating lease obligation related to the vacant space, offset by estimated sublease rentals that could be reasonably obtained. The Company's evaluation of general economic and commercial real estate market conditions indicated that an additional charge of \$4,215,000 was required in 2008 to reflect lower estimated future sublease rentals, based on the expected time required to locate and contract a suitable sublease and the expected market rates for such a sublease.

#### 7. FAIR VALUE MEASUREMENTS

##### Fair Value Hierarchy

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants at the measurement date. The fair value hierarchy prioritizes the inputs to valuation techniques used in measuring fair value. There are three levels to the fair value hierarchy based on the reliability of inputs, as follows:

- Level 1 — Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.

**BIOVAIL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**  
**In accordance with United States Generally Accepted Accounting Principles**  
**(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

**7. FAIR VALUE MEASUREMENTS (Continued)**

- Level 2 — Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets and liabilities in markets that are not active.
- Level 3 — Unobservable inputs for the asset or liability.

**Assets Measured at Fair Value on a Recurring Basis**

The following fair value hierarchy table presents the components and classification of the Company's financial assets measured at fair value:

| <b>2009</b>                                  |                           |                                                                                           |                                                                      |                                                              |

Available-for-sale debt securities using Level 1 inputs include U.S. treasury bills and money market funds that are actively traded or have quoted prices. Available-for-sale debt securities using Level 2 inputs include corporate and government bonds and government-sponsored enterprise securities that have quoted prices in markets that are not active. Available-for-sale equity securities included publicly traded securities for which quoted market prices are available.

At December 31, 2009 and 2008, the Company did not have any financial liabilities that were subject to fair value measurements.

(1) Included in impairment loss on debt securities in the consolidated statements of income.

**Assets Measured at Fair Value on a Non-Recurring Basis**

The following table presents the Company's non-financial assets measured at fair value on a non-recurring basis:

|                                | <u>2009</u>                                                                               |                       |
|--------------------------------|-------------------------------------------------------------------------------------------|-----------------------|
|                                | <b>Quoted Prices<br/>in Active<br/>Markets for<br/>Identical<br/>Assets<br/>(Level 1)</b> |                       |
|                                | <b>Carrying<br/>Value</b>                                                                 | <b>Total<br/>Loss</b> |
| Assets held for sale . . . . . | <u>\$8,542</u>                                                                            | <u>\$7,591</u>        |

As described in note 6, the property, plant and equipment located in Puerto Rico was written down to its fair value less costs to sell, resulting in an impairment charge of \$7,591,000 in 2009.

The Company did not have any non-financial liabilities that were measured at fair value on a recurring or non-recurring basis in 2009.

**8. MARKETABLE SECURITIES**

The following table summarizes the Company's marketable securities by major security type:

|                                                      | 2009            |                 |              |                   |
|------------------------------------------------------|-----------------|-----------------|--------------|-------------------|
|                                                      | Cost Basis      | Fair Value      | Gross Gains  | Unrealized Losses |
| Corporate and government bonds . . . . .             | \$10,626        | \$10,880        | \$254        | \$ —              |
| Government-sponsored enterprise securities . . . . . | 4,100           | 4,193           | 93           | —                 |
| Auction rate securities . . . . .                    | 26,775          | 6,009           | —            | (20,766)          |
|                                                      | <u>\$41,501</u> | <u>\$21,082</u> | <u>\$347</u> | <u>\$(20,766)</u> |

|                                                      | 2008            |                 |              |                   |
|------------------------------------------------------|-----------------|-----------------|--------------|-------------------|
|                                                      | Cost Basis      | Fair Value      | Gross Gains  | Unrealized Losses |
| Corporate and government bonds . . . . .             | \$ 6,869        | \$ 6,926        | \$ 70        | \$ (13)           |
| Government-sponsored enterprise securities . . . . . | 5,159           | 5,376           | 217          | —                 |
| Auction rate securities . . . . .                    | 26,775          | 10,333          | —            | (16,442)          |
|                                                      | <u>\$38,803</u> | <u>\$22,635</u> | <u>\$287</u> | <u>\$(16,455)</u> |

The contractual maturities of marketable securities held at December 31, 2009 were as follows:

|                              | Cost Basis      | Fair Value      |
|------------------------------|-----------------|-----------------|
| Within one year . . . . .    | \$ 9,391        | \$ 9,566        |
| One to three years . . . . . | 5,335           | 5,507           |
| After three years . . . . .  | 26,775          | 6,009           |
|                              | <u>\$41,501</u> | <u>\$21,082</u> |

Gross gains and losses realized on the sale of marketable securities were not material in 2009, 2008 or 2007.

**Auction Rate Securities**

The Company's marketable securities portfolio currently includes \$26,775,000 of principal invested in nine individual auction rate securities; eight with an original principal amount of \$3,000,000 each, and one with an original principal amount of \$2,775,000. The total estimated fair values of these securities at December 31, 2009 and 2008 were \$6,009,000 and \$10,333,000, respectively, which reflected write-downs of \$20,766,000 and \$16,442,000, respectively, to the cost bases at those dates.

As described in note 24, on May 6, 2008, the Company commenced an arbitration against the investment bank that invested the Company's assets in auction rate securities. On May 28, 2009, the Company resolved this matter with the investment bank for a payment in the amount of \$22,000,000, and the Company retained ownership of these securities under the terms of this settlement.

Of the nine individual auction rate securities, three of the securities have no underlying collateral value, and have defaulted on their interest payments. The Company considers the likelihood of collecting any portion of the outstanding principal or interest on these three securities to be remote, and has written down the carrying value of these securities to zero through an impairment charge to earnings. Two other securities have no underlying collateral value, but are continuing to accrue interest at the prescribed rates. The Company has assessed the likelihood of collecting any portion of the outstanding principal or accrued and unpaid interest on these two securities as remote, and has written down the carrying value of these securities to zero through an impairment charge to earnings.

Of the remaining four individual auction rate securities, two securities are continuing to pay cash interest at the prescribed rates, but have significant shortfalls in their underlying collateral value. In particular, one of these securities has available collateral coverage of 69% and the other has collateral coverage of 23%. As a result, the Company does not consider it probable that it will be able to recover

### 8. MARKETABLE SECURITIES (Continued)

the entire cost bases of these two securities, and, therefore, the Company considers these securities to be other-than-temporarily impaired. In accordance with the adoption of the recently issued guidance on the recognition and presentation of other-than-temporary impairments (as described in note 2), the Company assessed whether the other-than-temporary impairment was related to credit factors, or the credit loss portion, or was not related to credit factors, or the non-credit loss portion. The credit loss portion of the other-than-temporary impairment is determined based on the difference between the amortized cost base of each individual security and the estimated present value of the principal and interest cash flows expected to be collected from the security. The non-credit loss portion is the residual amount of the other-than-temporary impairment. In calculating the present value of the expected cash flows to determine the credit loss portion of the other-than-temporary impairment, the Company estimated the amount and timing of projected cash flows for each security based on the underlying collateral coverage, and applied a discount rate equal to the current yield on the securities. Based on this calculation, the Company determined that the portion of the other-than-temporary impairment loss not related to credit factors was not material to the Company's consolidated financial statements. The Company recognized other-than-temporary impairment losses, to write down the carrying value of these securities to their estimated fair value, of \$5,210,000, \$8,613,000 and \$6,000,000 in 2009, 2008 and 2007, respectively.

The remaining two individual auction rate securities currently have adequate underlying collateral value with which to repay the entire principal amount (in particular, one of these securities has available collateral coverage of 222% and the other has collateral coverage of 137%), and cash interest payments on these securities are not in arrears. As a result, the Company does not consider the decline in the fair value of these remaining securities to be other-than-temporary, based on the adequacy of the underlying collateral value, and the Company's conclusion that it does not intend to sell these securities and it is not more likely than not that it will be required to sell these securities before a recovery of their amortized cost bases. Therefore, the Company has recognized the unrealized gains or losses on these securities through other comprehensive income. In 2009, the Company recorded an unrealized gain of \$155,000 in other comprehensive income, compared with unrealized losses of \$3,356,000 and \$2,825,000 in 2008 and 2007, respectively. These securities have been in a continuous overall loss position for at least 12 months.

|                                                      | <u>\$103,848</u> |                                     | <u>\$148,269</u> |                                     |

Depreciation expense amounted to \$18,764,000, \$25,824,000 and \$27,644,000 in 2009, 2008 and 2007, respectively.

**Sale and Leaseback Transactions**

On November 4, 2009, the Company completed the sale and leaseback of its corporate headquarters in Mississauga, Ontario for net proceeds of \$17,813,000. Included in this transaction was a vacant parcel of land adjacent to this facility, which was sold but not leased back. The Company recognized a loss on disposal of \$10,968,000, which is recorded in selling, general and administrative expenses. The Company will continue to occupy the facility under a 20-year operating lease at market rental rates.

In April 2009, the Company completed the sale of its corporate aircraft for proceeds of \$5,300,000 and entered into a four-year operating lease for this aircraft. This transaction resulted in a gain on disposal of \$914,000, which was deferred and will reduce future lease rental expense over the lease term.

### Additions to Intangible Assets

As described in notes 3 and 4, additions to identifiable intangible assets by component in 2009 were as follows:

|                          | Trademarks       | Product Rights         | IPR&D                 | Total            |
|--------------------------|------------------|------------------------|-----------------------|------------------|
| Wellbutrin XL® . . . . . | \$510,475        | \$ —                   | \$ —                  | \$510,475        |
| Tetrabenazine . . . . .  | —                | 189,700 <sup>(1)</sup> | 36,000 <sup>(2)</sup> | 225,700          |
|                          | <u>\$510,475</u> | <u>\$189,700</u>       | <u>\$36,000</u>       | <u>\$736,175</u> |

(1) Included in Xenazine® and Nitoman® product rights.

(2) As described in note 3, subsequent to the acquisition date of the worldwide development and commercialization rights to tetrabenazine, the Company terminated the RUS-350 development program and recorded a charge of \$8,000,000 to write off the related IPR&D intangible asset.

### Weighted-Average Useful Lives

Trademarks and product rights have estimated weighted-average useful lives of approximately 14 years and 11 years, respectively. Total amortizable intangible assets have an estimated weighted-average useful life of approximately 12 years.

### Amortization Expense

Amortization expense related to intangible assets that contribute to multiple business activities, including research and development, manufacturing and supply, royalty and licensing, and/or sales, marketing and distribution, is included in amortization expense.

| Security in trust pursuant to reinsurance agreement . . . . .                                                                | 7,288           | 7,288           |
| Zovirax® price allowance, less accumulated amortization (2009 — \$40,656; 2008 — \$28,971) . . . . .                         | —               | 11,685          |
| Other . . . . .                                                                                                              | 4,701           | 5,823           |
|                                                                                                                              | <u>\$32,724</u> | <u>\$25,550</u> |

**Zovirax® Price Allowance**

Effective October 1, 2002, the Company amended several terms of the original Zovirax® distribution agreement with GSK, including reductions in the supply price for this product. The supply price reductions consisted of an initial price allowance and a supplemental price allowance. In consideration for the supplemental price allowance, the Company agreed to pay GSK \$11,250,000 per year in four annual instalments on March 31 of each year beginning in 2004. The present value of those payments was determined to be \$40,656,000, which was recorded as a deferred charge. The amortization of the deferred charge commenced once the initial price allowance had been used up in March 2007. Amortization is allocated to the cost of inventory on a proportionate basis relative to the total amount of Zovirax® that can be purchased at the reduced supply price under the supplemental price allowance. In 2009, the remaining supplemental price allowance was used up and the related deferred charge was fully amortized.

#### U.S. Attorney's Office (MA) Investigation

On May 16, 2008, Biovail Pharmaceuticals, Inc. (now Biovail Pharmaceuticals LLC), a subsidiary of the Company, and the Company entered into agreements in principle to settle the U.S. Attorney's Office ("USAO") for the District of Massachusetts investigation into activities surrounding the 2003 commercial launch of Cardizem® LA (as described in note 24). On September 14, 2009, the agreements received Court approval, and Biovail Pharmaceuticals LLC and the Company paid \$22,244,000 and \$2,404,000, respectively, to fully settle this matter.

#### Ontario Securities Commission Investigation

On January 9, 2009, the Ontario Securities Commission ("OSC") approved a settlement agreement in respect of its investigation of the Company related to specific accounting and financial disclosure practices from 2001 to March 2004 (as described in note 24). Pursuant to the terms of the settlement agreement, the Company paid \$5,337,000, including costs, to fully settle this matter.

#### Cardizem® LA

In May 2005, the Company received up-front cash consideration of \$105,477,000 from Kos Pharmaceuticals, Inc. (now known as Abbott Laboratories (“Abbott”)) in connection with the disposition of the distribution rights to Cardizem® LA and product rights to Teveten. Commencing in 2005, this consideration is being amortized to product sales on a straight-line basis over seven years.

#### Other

Other deferred revenue includes up-front licensing fees, research and development fees, customer prepayments, and adjustments made by the Company to product sales provisions estimated by its commercialization counterparties. At December 31, 2009, the Company reclassified from deferred revenue to accounts payable an amount of \$10,701,000 owed to Teva Pharmaceuticals Industries Ltd. (“Teva”) for the Company’s share of returns, rebates and chargebacks in respect of third-party sales of its bioequivalent products by Teva.

### 17. LONG-TERM OBLIGATIONS

|                                                                              | <u>\$313,975</u> | <u>\$—</u> |

#### Convertible Notes

On June 10, 2009, the Company issued \$350,000,000 principal amount of 5.375% Senior Convertible Notes due 2014 (“Convertible Notes”) in a private placement. The Convertible Notes were issued at par and pay interest at a rate of 5.375%. Interest is payable semi-annually on February 1 and August 1 of each year, beginning February 1, 2010. The Convertible Notes will mature on August 1, 2014. The Convertible Notes may be converted based on a conversion rate of 67.0880 common shares per \$1,000 principal amount of Convertible Notes (which represents a conversion price of approximately \$14.91 per share). The conversion rate will be adjusted if the Company makes specified types of distributions or enters into certain other transactions in respect of its common shares. In addition, following certain corporate transactions that occur prior to maturity, the conversion rate will be increased for Noteholders who elect to convert their holdings in connection with such corporate transactions.

The Convertible Notes are convertible at any time prior to the maturity date under the following circumstances:

- during any calendar quarter if the closing price of the Company’s common shares exceeds 130% of the conversion price then in effect during a defined period at the end of the previous quarter;
- during a defined period if the trading price of the Convertible Notes falls below specified thresholds for a defined trading period;
- if the Convertible Notes have been called for redemption;
- upon the occurrence of specified corporate transactions; or
- 25 trading days prior to the maturity date.

## BIOVAIL CORPORATION

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

**In accordance with United States Generally Accepted Accounting Principles  
(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

#### 17. LONG-TERM OBLIGATIONS (Continued)

Upon conversion, the Convertible Notes may be settled in cash, common shares, or a combination of cash and common shares, at the Company's option. The Company's current intent and policy is to settle the Convertible Notes using a net share settlement approach, such that the principal amount of any Convertible Notes tendered for conversion would be settled in cash, and any excess conversion value settled in common shares.

The Company may redeem for cash all or a portion of the Convertible Notes at any time on or after August 2, 2012, at a price equal to 100% of the principal amount of the Convertible Notes to be redeemed, plus any accrued and unpaid interest, if during a defined period the closing price of the Company's common shares exceeds 130% of the conversion price then in effect. The Company may not otherwise redeem any of the Convertible Notes at its option prior to maturity, except upon the occurrence of certain changes to the laws governing Canadian withholding taxes. Noteholders may require the Company to repurchase for cash all or a portion of their holdings at 100% of the principal amount of the Convertible Notes to be purchased, plus any accrued and unpaid interest, upon the occurrence of a specified fundamental change (such as a change of control).

Because the Convertible Notes' conversion option would be classified in shareholders' equity (as the Company has no requirement to cash settle the conversion option) and the conversion option is considered indexed to the Company's own common shares, the conversion option was not accounted for as an embedded derivative. Accordingly, the recently issued guidance on the accounting for convertible debt instruments (as described in note 2) applies to the Convertible Notes, such that the principal amount of the Convertible Notes was allocated into a liability component and an equity component. The liability component was fair valued at \$293,331,000, based on a 9.5% market rate of interest for similar debt with no conversion rights. The value allocated to the liability component will be accreted to the face value of the Convertible Notes over the five-year period prior to maturity, using the effective interest method. The accretion of the liability component will be recognized as additional non-cash interest expense. The difference between the principal amount of the Convertible Notes and the value allocated to the liability component of \$56,669,000 was recorded in additional paid-in capital in shareholders' equity, as the carrying amount of the equity component.

In connection with the issuance of the Convertible Notes, the Company incurred financing costs of \$16,515,000, which were allocated to the liability and equity components in proportion to the preceding allocation of the principal amount of the Convertible Notes. Accordingly, \$13,841,000 of the financing costs were accounted for as debt issuance costs to be amortized over five years using the effective interest method, and \$2,674,000 of the financing costs were accounted for as equity issuance costs and recorded as a reduction to additional paid-in capital.

As the Company's current intent and policy is to settle the Convertible Notes using a net share settlement approach, only the common shares potentially issuable with respect to the excess conversion value of the Convertible Notes over their principal amount, if any, will be considered as dilutive potential common shares for purposes of calculating diluted earnings per share. At December 31, 2009, the if-converted value of the Convertible Notes was less than the related principal amount.

Interest expense of \$15,458,000 was recognized on the Convertible Notes in the period ended December 31, 2009, which comprised accrued cash interest of \$10,504,000 and non-cash amortization of the discount on the liability component of \$4,954,000.

At December 31, 2009, the estimated fair value of the Convertible Notes was determined to be approximately \$406,718,000 in the secondary market, based on changes in the underlying trading price of the Company's common shares and market interest rates.

#### **Credit Facility**

On June 9, 2009, the Company established a \$410,000,000 senior secured revolving credit facility with a syndicate of banks. This facility matures on June 9, 2012 and replaces the Company's former \$250,000,000 credit facility. The new facility contains an accordion feature that, subject to certain conditions, allows it to be increased to up to \$550,000,000.

Borrowings under this facility are guaranteed by the Company's material subsidiaries and are secured by charges over substantially all of the assets of the Company and the assets of its material subsidiaries. This facility includes certain financial and non-financial covenants. The financial covenants require the Company to maintain a minimum adjusted equity (defined as shareholders' equity excluding IPR&D charges) of no less than \$1,000,000,000; an EBITDA (defined as earnings before interest, taxes, depreciation, amortization, and certain non-cash and non-recurring charges, including IPR&D charges) to cash interest expense ratio of no less than 3.0 to 1.0; and a total debt to EBITDA ratio of no greater than 2.5 to 1.0. Non-financial covenants include, but are not limited to, restrictions on investments, dispositions, and capital and debt restructurings.

Borrowings under this facility may be by way of U.S. dollar LIBOR and U.S. base rate advances, Canadian dollar prime rate and bankers' acceptance advances, and letters of credit. Borrowing margins, determined by reference to the total debt to EBITDA ratio, range from 3.5% to 5.0% in the case of LIBOR advances, bankers' acceptance advances and letters of credit, and 2.5% to 4.0% in the case of U.S. base rate and prime rate advances.

In connection with the establishment of this facility, the Company incurred financing costs of \$9,759,000, which will be amortized on a straight-line basis over the three-year term of the facility. In 2009, the Company wrote off \$537,000 of unamortized deferred financing costs related to its former credit facility.

**BIOVAIL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**  
**In accordance with United States Generally Accepted Accounting Principles**  
**(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

**17. LONG-TERM OBLIGATIONS (Continued)**

At December 31, 2009, the Company had no outstanding borrowings under this credit facility.

**Cambridge Obligation**

In connection with the acquisition of the worldwide development and commercialization rights to tetrabenazine (as described in note 3), the Company will make payments of \$12,500,000 and \$17,500,000 to Cambridge on June 21, 2010 and June 20, 2011, respectively. These payments were discounted based on imputed interest rates of 6.9% and 7.7%, respectively. At December 31, 2009, the fair value of these payments approximated their carrying value based on current borrowing rates available to the Company.

**Maturities**

Aggregate maturities of long-term obligations for the years ending December 31 are as follows:

|                                   | <u>Convertible<br/>Notes</u> | <u>Cambridge<br/>Obligation</u> | <u>Total</u>     |
|-----------------------------------|------------------------------|---------------------------------|------------------|
| 2010 .....                        | \$ —                         | \$12,500                        | \$ 12,500        |
| 2011 .....                        | —                            | 17,500                          | 17,500           |
| 2014 .....                        | 350,000                      | —                               | 350,000          |

| Unamortized discounts .....       | (51,715)                     | (2,200)                         | (53,915)         |
| Total long-term obligations ..... | <u>\$298,285</u>             | <u>\$27,800</u>                 | <u>\$326,085</u> |

**18. SHAREHOLDERS' EQUITY**

**Share Repurchase Programs**

In August 2009, the Company's Board of Directors approved the purchase of up to 15,800,000 common shares of the Company on the open market under a share repurchase program or normal course issuer bid, subject to a maximum of \$75,000,000 of common shares being repurchased during any fiscal year pursuant to a covenant in the Company's credit facility (unless such condition is waived or varied by the Company's lenders). The Company did not repurchase any of its common shares in 2009.

In May 2008, the Company's Board of Directors approved a share repurchase program of up to 14,000,000 common shares. During 2008, a total of 2,818,400 common shares were repurchased through open-market transactions on the New York Stock Exchange ("NYSE"), at a weighted-average price of \$10.46 per share, for total consideration of \$29,842,000. The excess of the cost of the common shares repurchased over their assigned value, totaling \$3,765,000, was charged to accumulated deficit. This share repurchase program terminated on June 1, 2009.

**Stock-Based Compensation Plans**

Under the Company's stock-based compensation plans, the Company may issue up to 12,000,000 common shares on the exercise of stock options and in connection with the vesting of RSUs. Stock options and/or RSUs may be granted to eligible employees, officers, and consultants. The Company's non-management directors are not eligible to receive stock options or RSUs. The Company will use reserved and unissued common shares to satisfy its obligations under its stock-based compensation plans.

**BIOVAIL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**  
**In accordance with United States Generally Accepted Accounting Principles**  
**(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

**18. SHAREHOLDERS' EQUITY (Continued)**

The following table summarizes the components and classification of stock-based compensation expense related to stock options and RSUs:

|                                                        | <u>2009</u>    | <u>2008</u>    | <u>2007</u>     |
|--------------------------------------------------------|----------------|----------------|-----------------|
| Stock options . . . . .                                | \$2,613        | \$5,243        | \$10,591        |
| RSUs . . . . .                                         | 3,000          | 2,663          | 42              |
| Stock-based compensation expense . . . . .             | <u>\$5,613</u> | <u>\$7,906</u> | <u>\$10,633</u> |
| Cost of goods sold . . . . .                           | \$ 525         | \$ 581         | \$ 882          |
| Research and development expenses . . . . .            | 726            | 871            | 1,608           |
| Selling, general and administrative expenses . . . . . | 4,362          | 6,454          | 8,143           |
| Stock-based compensation expense . . . . .             | <u>\$5,613</u> | <u>\$7,906</u> | <u>\$10,633</u> |

The Company did not recognize any tax benefits for stock-based compensation expense in 2009, 2008 or 2007.

**Stock Options**

All stock options granted expire on the fifth anniversary of the grant date. The exercise price of any stock option granted, which may be denominated in Canadian or U.S. dollars, will be determined by the Board of Directors, but in any event will not be less than the volume-weighted average trading price of the Company's common shares on the Toronto Stock Exchange ("TSX"), the NYSE, or other stock exchange where the majority of the trading volume and value of the Company's common shares occurs, for the five trading days immediately preceding the date of grant (or, for participants subject to U.S. taxation, on the single trading day immediately preceding the date of grant, whichever is greater). In March 2007, the Board of Directors adopted a policy whereby stock options will vest in equal proportions on the first, second, and third anniversaries of the stock option grant. Prior to this, stock options vested as to 25% on the first, second, third and fourth anniversaries of the stock option grant, or as to 25% on the date of grant and the first, second and third anniversaries of the stock option grant.

The fair values of all stock options granted were estimated as of the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions:

|                                                             | <u>2009</u>  | <u>2008</u>  | <u>2007</u> |
|-------------------------------------------------------------|--------------|--------------|-------------|
| Expected stock option life (years) <sup>(1)</sup> . . . . . | 4.0          | 4.0          | 4.0         |
| Expected volatility <sup>(2)</sup> . . . . .                | 45.2%        | 43.2%        | 48.9%       |
| Risk-free interest rate <sup>(3)</sup> . . . . .            | 1.6%         | 3.0%         | 4.0%        |
| Expected dividend yield <sup>(4)</sup> . . . . .            | <u>14.6%</u> | <u>14.1%</u> | <u>6.9%</u> |

(1) Determined based on historical exercise and forfeiture patterns.

(2) Determined based on historical volatility of the Company's common shares over the expected life of the stock option.

(3) Determined based on the rate at the time of grant for zero-coupon Canadian government bonds with maturity dates equal to the expected life of the stock option.

(4) Determined based on the stock option's exercise price and expected annual dividend rate at the time of grant.

The Black-Scholes option-pricing model used by the Company to calculate stock option values was developed to estimate the fair value of freely tradeable, fully transferable stock options without vesting restrictions, which significantly differ from the Company's stock option awards. This model also requires highly subjective assumptions, including future stock price volatility and expected time until exercise, which greatly affect the calculated values.

| Outstanding, January 1, 2009 . . . . .              | 4,201                               | \$19.06                                             |                                                                                 |                                          |
| Granted . . . . .                                   | 1,087                               | 10.86                                               |                                                                                 |                                          |
| Exercised . . . . .                                 | (80)                                | 10.86                                               |                                                                                 |                                          |
| Expired or forfeited . . . . .                      | (1,220)                             | 18.97                                               |                                                                                 |                                          |
| Outstanding, December 31, 2009 . . . . .            | <u>3,988</u>                        | <u>\$17.02</u>                                      | <u>2.5</u>                                                                      | <u>\$5,630</u>                           |
| Vested and exercisable, December 31, 2009 . . . . . | <u>2,340</u>                        | <u>\$20.25</u>                                      | <u>1.7</u>                                                                      | <u>\$1,130</u>                           |

The weighted-average fair values of all stock options granted in 2009, 2008 and 2007 were \$0.92, \$1.07 and \$5.41, respectively. The total intrinsic value of stock options exercised in 2009 and 2007 was \$239,000 and \$2,474,000, respectively. Proceeds received on the exercise of stock options in 2009 and 2007 were \$866,000 and \$11,217,000, respectively. No stock options were exercised in 2008.

The following table summarizes non-vested stock option activity during 2009:

|                                         | <b>Stock<br/>Options<br/>(000s)</b> | <b>Weighted-<br/>Average<br/>Grant-Date<br/>Fair Value</b> |
|-----------------------------------------|-------------------------------------|------------------------------------------------------------|
| Non-vested, January 1, 2009 . . . . .   | 1,357                               | \$3.79                                                     |
| Granted . . . . .                       | 1,087                               | 0.92                                                       |
| Vested . . . . .                        | (667)                               | 4.58                                                       |

| Non-vested, December 31, 2009 . . . . . | <u>1,648</u>                        | <u>\$1.81</u>                                              |

At December 31, 2009, the total remaining unrecognized compensation expense related to non-vested stock options amounted to \$1,405,000, which will be amortized over the weighted-average remaining requisite service period of approximately 16 months. The total fair value of stock options vested in 2009 was \$3,055,000 (2008 — \$8,412,000; 2007 — \$11,460,000).

The following table summarizes information about stock options outstanding and exercisable at December 31, 2009:

| <b>Range of Exercise Prices</b> | <b>Outstanding<br/>(000s)</b> | <b>Weighted-<br/>Average<br/>Remaining<br/>Contractual<br/>Life<br/>(Years)</b> | <b>Weighted-<br/>Average<br/>Exercise<br/>Price</b> | <b>Exercisable<br/>(000s)</b> | <b>Weighted-<br/>Average<br/>Exercise<br/>Price</b> |

(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

### 18. SHAREHOLDERS' EQUITY (Continued)

the attainment of performance goals, any RSUs that do not vest as a result of a determination that a holder of RSUs has failed to attain the prescribed performance goals will be forfeited immediately upon such determination. RSUs are credited with dividend equivalents, in the form of additional RSUs, when dividends are paid on the Company's common shares. Such additional RSUs will have the same vesting dates and will vest under the same terms as the RSUs in respect of which such additional RSUs are credited.

Unless provided otherwise in the applicable RSU agreement, the Company may, in lieu of all or a portion of the common shares which would otherwise be provided to a holder, elect to pay a cash amount equivalent to the market price of the Company's common shares on the vesting date for each vested RSU. The amount of cash payment will be determined based on the average market price of the Company's common shares on the vesting date on the TSX, the NYSE, or other stock exchange where the majority of the trading volume and value of the Company's common shares occurs. The Company's current intent and policy is to settle vested RSUs through the issuance of common shares.

#### *RSUs (Without Performance Goals)*

Each vested RSU without performance goals represents the right of a holder to receive one of the Company's common shares. The fair value of each RSU granted is estimated based on the trading price of the Company's common shares on the date of grant.

The following table summarizes non-vested RSU activity during 2009:

|                                           | RSUs<br>(Without<br>Performance<br>Goals)<br>(000s) | Weighted-<br>Average<br>Grant-Date<br>Fair Value |
|-------------------------------------------|-----------------------------------------------------|--------------------------------------------------|
| Non-vested, January 1, 2009 . . . . .     | 182                                                 | \$13.08                                          |
| Granted . . . . .                         | 227                                                 | 10.77                                            |
| Reinvested dividend equivalents . . . . . | 25                                                  | 11.05                                            |
| Vested . . . . .                          | (11)                                                | 12.62                                            |
| Forfeited . . . . .                       | (44)                                                | 11.95                                            |
| Non-vested, December 31, 2009 . . . . .   | <u>379</u>                                          | <u>\$11.71</u>                                   |

At December 31, 2009, the total remaining unrecognized compensation expense related to non-vested RSUs amounted to \$2,165,000, which will be amortized over the weighted-average remaining requisite service period of approximately 21 months. The total fair value of RSUs vested in 2009 was \$133,000 (2008 — \$198,000; 2007 — nil).

#### *RSUs (With Performance Goals)*

Each vested RSU with performance goals represents the right of a holder to receive a number of the Company's common shares, up to 200% of the RSUs granted, based on the performance of the Company's shareholder return relative to an industry comparator group. If the Company's performance is below a specified performance level, no common shares will be paid.

The fair value of each RSU granted was estimated using a Monte Carlo simulation model, which utilizes multiple input variables to estimate the probability that the performance condition will be achieved, with the following weighted-average assumptions:

|                                                                          | 2009        | 2008        | 2007        |
|--------------------------------------------------------------------------|-------------|-------------|-------------|
| Contractual term (years) . . . . .                                       | 5.0         | 4.6         | 5.0         |
| Expected Company share price volatility <sup>(1)</sup> . . . . .         | 44.0%       | 42.9%       | 45.3%       |
| Average comparator group share price volatility <sup>(1)</sup> . . . . . | 35.9%       | 34.0%       | 34.2%       |
| Risk-free interest rate <sup>(2)</sup> . . . . .                         | <u>3.1%</u> | <u>3.0%</u> | <u>3.3%</u> |

(1) Determined based on historical volatility over the contractual term of the RSU.

(2) Determined based on the rate at the time of grant for zero-coupon U.S. government bonds with maturity dates equal to the contractual term of the RSUs.

**18. SHAREHOLDERS' EQUITY (Continued)**

The following table summarizes non-vested RSU activity during 2009:

|                                           | RSUs<br>(With<br>Performance<br>Goals)<br>(000s) | Weighted-<br>Average<br>Grant-Date<br>Fair Value |
|-------------------------------------------|--------------------------------------------------|--------------------------------------------------|
| Non-vested, January 1, 2009 . . . . .     | 174                                              | \$17.61                                          |
| Granted . . . . .                         | 487                                              | 19.63                                            |
| Reinvested dividend equivalents . . . . . | 15                                               | 11.75                                            |
| Non-vested, December 31, 2009 . . . . .   | <u>676</u>                                       | <u>\$18.94</u>                                   |

At December 31, 2009, the total remaining unrecognized compensation expense related to the non-vested RSUs amounted to \$10,880,000, which will be amortized over the weighted-average remaining requisite service period of approximately 50 months. A maximum of 1,352,000 common shares could be issued upon vesting of the RSUs outstanding at December 31, 2009.

**DSUs**

Non-management directors receive an annual grant of DSUs, and may elect to receive all or part of their annual board and committee retainers in the form of DSUs. A DSU is a notional unit, equivalent in value to a common share. DSUs are credited with dividend equivalents, in the form of additional DSUs, when dividends are paid on the Company's common shares. Directors may not receive any payment in respect of their DSUs until they cease to be a director of the Company.

The amount of compensation deferred is converted into DSUs based on the volume-weighted average trading price of the Company's common shares on the TSX or the NYSE, generally based on where the majority of the trading volume and value occurs, for the five trading days immediately preceding the date of grant (for directors subject to U.S. taxation, the calculation is based on the greater of the five-day or one-day volume-weighted average trading price). The Company recognizes compensation expense throughout the deferral period to the extent that the trading price of its common shares increases, and reduces compensation expense throughout the deferral period to the extent that the trading price of its common shares decreases.

The following table summarizes the Company's DSU activity during 2009:

|                                           | DSUs<br>(000s) | Weighted-<br>Average<br>Grant-Date<br>Fair Value |
|-------------------------------------------|----------------|--------------------------------------------------|
| Outstanding, January 1, 2009 . . . . .    | 226            | \$13.86                                          |
| Granted . . . . .                         | 124            | 12.68                                            |
| Reinvested dividend equivalents . . . . . | 20             | 11.13                                            |
| Settled for cash . . . . .                | <u>(27)</u>    | 19.68                                            |
| Outstanding, December 31, 2009 . . . . .  | <u>343</u>     | <u>\$12.82</u>                                   |

During 2009, a cash payment of \$371,000 was made to settle 26,836 DSUs previously granted to a former director of the Company.

The Company recorded compensation expense related to DSUs of \$2,454,000 and \$1,103,000 in 2009 and 2008, respectively, and recorded a recovery of compensation expense of \$425,000 in 2007. At December 31, 2009 and 2008, the Company had a liability related to its DSU plans of \$4,796,000 and \$2,137,000, respectively, based on the trading price of the Company's common shares at those dates.

(1) The foreign currency translation adjustment reclassified to net income is included in foreign exchange gain (loss) in the consolidated statement of income and resulted from the substantially complete liquidation of the assets of the Company's Irish subsidiary group.

(2) Included in gain on disposal of investments in the consolidated statements of income.

(3) Included in impairment loss on debt securities in the consolidated statements of income.

Income taxes are not provided for foreign currency translation adjustments arising on the translation of the Company's operations having a functional currency other than the U.S. dollar. Income taxes allocated to other components of other comprehensive income, including reclassification adjustments, were not material.

**19. INTANGIBLE ASSET IMPAIRMENTS**

In December 2007, the Company discontinued plans to market Zolpidem oral disintegrating tablets ("ODT") for the treatment of insomnia following a negative assessment of its commercial potential due to the genericization of the brand name drug (Ambien) in April 2007. Also in December 2007, the Company's commercialization counterparty decided to terminate a supply agreement for Ultram® ODT based on market considerations. As a result, the Company recorded an impairment charge of \$4,000,000 to write down the aggregate carrying value of these product rights to zero.

Also in December 2007, during its annual evaluation of intangible assets for impairment, the Company identified certain other product rights and technology intangible assets that had been adversely affected due to changes in market conditions and/or technological advances. As a result, the Company recorded an impairment charge of \$5,910,000 to write down the aggregate carrying value of these assets to zero.

**20. GAIN ON DISPOSAL OF INVESTMENTS**

In 2009, the Company sold its investment in common shares of Hemispherx Biopharma, Inc. for cash consideration of \$566,000, resulting in a gain of \$466,000, and the Company realized a gain of \$338,000 on the sale of 168,376 common shares of Depomed, Inc. ("Depomed") for cash proceeds of \$357,000.

In 2008, the Company realized a gain of \$3,073,000 on the sale of 4,234,132 common shares of Depomed for cash proceeds of \$13,188,000, and the Company sold its entire investment in common shares and convertible debt of Financière Verdi ("Verdi"), formerly Ethypharm S.A. ("Ethypharm"), for cash consideration of \$12,187,000, resulting in a gain on disposal of \$3,461,000.

In 2007, the Company received cash consideration of \$14,900,000 on the liquidation of its investment in convertible preferred stock of Reliant Pharmaceuticals, Inc. ("Reliant") upon Reliant's acquisition by GSK, resulting in a gain on disposal of \$8,640,000. In addition, the Company sold a portion of its investment in common shares of Ethypharm to Verdi for consideration of \$39,406,000 in cash and \$5,637,000 in convertible bonds of Verdi, resulting in a gain on disposal of \$15,716,000 (net of costs). The Company exchanged the remaining portion of its Ethypharm investment for common shares of Verdi.

**21. LOSS ON EARLY EXTINGUISHMENT OF DEBT**

Effective April 1, 2007, the Company redeemed all of its outstanding 7½% Senior Subordinated Notes for \$406,756,000, which included an early redemption premium of \$7,854,000. The Company recorded a loss on early extinguishment of debt of \$12,463,000, which comprised the premium paid, as well as the net write-off of the unamortized deferred financing costs, discount, and fair value adjustment associated with these notes, which totaled \$4,609,000.

**22. INCOME TAXES**

The components of income before provision for (recovery of) income taxes were as follows:

|                    | <u>2009</u>      | <u>2008</u>      | <u>2007</u>       |
|--------------------|------------------|------------------|-------------------|

| Net deferred income taxes . . . . .                                               | <u>\$ 132,800</u> | <u>\$ 116,800</u> |

(1) In connection with the issuance of the Convertible Notes (as described in note 17), the Company recognized a deferred tax liability of \$14,621,000 for the original basis difference between the principal amount of the Convertible Notes and the value allocated to the liability component, which resulted in a corresponding reduction to the valuation allowance recorded against deferred tax assets. The recognition of the deferred tax liability and the corresponding reduction in the valuation allowance were recorded as offsetting adjustments to additional paid-in capital. In the period ended December 31, 2009, the deferred tax benefit resulting from the reversal of a portion of the deferred tax liability was offset by the deferred tax expense related to the corresponding realization of the deferred tax assets.

The eventual payment of the U.S. dollar-denominated Convertible Notes will likely result in a foreign exchange gain or loss for Canadian income tax purposes. The amount of this gain or loss will depend on the exchange rate between the U.S. and Canadian dollar at the time the Convertible Notes are paid. At December 31, 2009, the Company recognized a \$2,500,000 deferred tax liability (and corresponding reduction to the valuation allowance) related to the unrealized foreign exchange gain on the translation of the face value of the Convertible Notes to Canadian dollars for Canadian income tax purposes of approximately \$20,000,000. If all of the outstanding Convertible Notes had been paid at December 31, 2009, one-half of this foreign exchange gain would be included in the Company's Canadian taxable income, which would result in a corresponding reduction in the Company's available Canadian operating losses and tax credit carryforward balances (with an offsetting reduction to the valuation allowance provided against those balances). However, the payment of the Convertible Notes will not result in a foreign exchange gain or loss being recognized in the Company's consolidated financial statements, as these statements are prepared in U.S. dollars.

The realization of deferred tax assets is dependent on the Company generating sufficient domestic and foreign taxable income in the years that the temporary differences become deductible. A valuation allowance has been provided for the portion of the deferred tax assets that the Company determined is more likely than not to remain unrealized based on estimated future taxable income and tax planning strategies. In 2009, the valuation allowance decreased by \$3,182,000, due mainly to the recognition of additional future benefits of U.S. tax loss carryforwards and the impact of a decrease in enacted income tax rates on the reported value of net deferred income taxes, partially offset by the impact of foreign exchange rate changes on the reported value in U.S. dollars of Canadian tax loss carryforwards, investment tax credits ("ITCs"), and pooled Scientific Research and Experimental Development ("SR&ED") expenditures. In 2008, the valuation allowance decreased by \$161,146,000 due mainly to the recognition of the future benefit of U.S. tax

#### 22. INCOME TAXES (Continued)

loss carryforwards, the recording of a net deferred tax liability in respect of the Prestwick acquisition, and a reversal of temporary differences in respect of provisions for legal settlements.

At December 31, 2009, the Company had accumulated tax losses of approximately \$123,600,000 (2008 — \$87,900,000) available for federal and provincial purposes in Canada. At December 31, 2009, the Company had approximately \$42,700,000 (2008 — \$35,199,000) of unclaimed Canadian ITCs, which expire from 2020 to 2029. These losses and ITCs can be used to offset future years' taxable income and federal tax, respectively.

In addition, at December 31, 2009, the Company had pooled SR&ED expenditures amounting to approximately \$271,000,000 (2008 — \$224,000,000) available to offset against future years' taxable income from its Canadian operations, which may be carried forward indefinitely.

At December 31, 2009, the Company has accumulated tax losses of approximately \$335,000,000 (2008 — \$349,300,000) for federal purposes in the U.S., which expire from 2021 to 2028. These losses can be used to offset future years' taxable income. There may be limitations on the annual utilization of these losses as a result of certain changes in ownership that have occurred, or that may occur in the future.

At December 31, 2009, the total amount of unrecognized tax benefits (including interest and penalties) was \$66,200,000 (2008 — \$63,700,000), of which \$45,200,000 (2008 — \$36,900,000) would affect the effective tax rate. In the year ended December 31, 2009, the Company recognized a \$1,000,000 (2008 — \$1,000,000) increase and a \$1,500,000 (2008 — \$8,600,000) net increase in the amount of unrecognized tax benefits related to tax positions taken in the current and prior years, respectively, which have resulted in a corresponding decrease in the valuation allowance against the net deferred tax asset.

The Company recognizes interest accrued related to unrecognized tax benefits and penalties in the provision for income taxes. At December 31, 2009, approximately \$14,200,000 (2008 — \$12,200,000) was accrued for the payment of interest and penalties. In the year ended December 31, 2009, the Company recognized approximately \$2,000,000 (2008 — \$4,000,000) in interest and penalties.

The Company and one or more of its subsidiaries file federal income tax returns in Barbados, Canada, the U.S., and other foreign jurisdictions, as well as various provinces and states in Canada and the U.S. The Company and its subsidiaries have open tax years primarily from 1996 to 2008 with significant taxing jurisdictions including Barbados, Canada, and the U.S. These open years contain certain matters that could be subject to differing interpretations of applicable tax laws and regulations, and tax treaties, as they relate to the amount, timing, or inclusion of revenues and expenses, or the sustainability of income tax positions of the Company and its subsidiaries. Certain of these tax years are expected to remain open indefinitely.

In 2009, the Canada Revenue Agency ("CRA") continued its audit of the Company's 2003 and 2004 Canadian income tax returns and has recently made a revised proposal for audit adjustments to the Company. The Company is reviewing the revised proposal. While the matter has not been settled, the Company has recorded a \$1,200,000 decrease in the net deferred tax assets and a corresponding decrease in the valuation allowance against the net deferred tax assets. The CRA has commenced audits of the Company's 2005 and 2006 Canadian income tax returns, and claims for SR&ED expenditures and related ITCs for the 2006 and 2007 taxation years. During 2009, the Company settled certain tax audits. The settlement of these audits did not result in adjustments to the total amount of uncertain tax benefits. It is otherwise not possible for the Company to estimate a range of reasonably possible outcomes, or timing, of any adjustments to the total amount of uncertain tax benefits that may result from these audits.

The following table presents a reconciliation of the beginning and ending amounts of unrecognized tax benefits:

|                                                                        | <u>2009</u>     | <u>2008</u>     |
|------------------------------------------------------------------------|-----------------|-----------------|
| Balance, beginning of year . . . . .                                   | \$63,700        | \$54,100        |
| Additions based on tax positions related to the current year . . . . . | 1,000           | 1,000           |
| Additions for tax positions of prior years . . . . .                   | 3,400           | 13,300          |
| Reductions for tax positions of prior years . . . . .                  | (1,900)         | (4,700)         |
| Balance, end of year . . . . .                                         | <u>\$66,200</u> | <u>\$63,700</u> |

The Company does not expect any significant change to the above unrecognized tax benefits during the next 12 months.

**BIOVAIL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**  
**In accordance with United States Generally Accepted Accounting Principles**  
**(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

**23. EARNINGS PER SHARE**

Earnings per share were calculated as follows:

|                                                                               | <u>2009</u>    | <u>2008</u>    | <u>2007</u>    |
|-------------------------------------------------------------------------------|----------------|----------------|----------------|
| Net income . . . . .                                                          | \$176,455      | \$199,904      | \$195,539      |
| Basic weighted-average number of common shares outstanding (000s) . . . . .   | 158,236        | 159,730        | 160,839        |
| Dilutive effect of stock options and RSUs (000s) . . . . .                    | 274            | —              | 36             |
| Diluted weighted-average number of common shares outstanding (000s) . . . . . | 158,510        | 159,730        | 160,875        |
| Basic and diluted earnings per share . . . . .                                | <u>\$ 1.11</u> | <u>\$ 1.25</u> | <u>\$ 1.22</u> |

In the period ended December 31, 2009, the average conversion value of the Convertible Notes was less than the related principal amount, and, accordingly, no common shares were assumed to be issued for purposes of calculating diluted earnings per share.

Stock options to purchase approximately 2,950,000, 4,540,000 and 4,555,000 common shares of the Company during 2009, 2008 and 2007, respectively, had exercise prices greater than the average trading price of the Company's common shares. These stock options were not included in the computation of diluted earnings per share because the effect would have been anti-dilutive.

**24. LEGAL PROCEEDINGS**

From time to time, the Company becomes involved in various legal and administrative proceedings, which include product liability, intellectual property, antitrust, governmental and regulatory investigations, and related private litigation. There are also ordinary course employment-related issues and other types of claims in which the Company routinely becomes involved, but which individually and collectively are not material.

Unless otherwise indicated, the Company cannot reasonably predict the outcome of these legal proceedings, nor can it estimate the amount of loss, or range of loss, if any, that may result from these proceedings. An adverse outcome in certain of these proceedings could have a material adverse effect on the Company's business, financial condition and results of operations, and could cause the market value of its common shares to decline.

From time to time, the Company also initiates actions or files counterclaims. The Company could be subject to counterclaims or other suits in response to actions it may initiate. The Company cannot reasonably predict the outcome of these proceedings, some of which may involve significant legal fees. The Company believes that the prosecution of these actions and counterclaims is important to preserve and protect the Company, its reputation and its assets.

***Governmental and Regulatory Inquiries***

In July 2003, the Company received a subpoena from the USAO for the District of Massachusetts requesting information related to the promotional and marketing activities surrounding the commercial launch of Cardizem® LA. In particular, the subpoena sought information relating to the Cardizem® LA Clinical Experience Program, titled P.L.A.C.E. (Proving L.A. Through Clinical Experience). In October 2007, the Company received an additional related subpoena.

On May 16, 2008, Biovail Pharmaceuticals, Inc., the Company's former subsidiary, entered into a written plea agreement with the USAO whereby it agreed to plead guilty to violating the U.S. Anti-Kickback Statute and pay a fine of \$22.2 million.

In addition, on May 16, 2008, Biovail Corporation entered into a non-prosecution agreement with the USAO whereby the USAO agreed to decline prosecution of Biovail Corporation in exchange for Biovail Corporation's continuing cooperation and in exchange for its agreement to finalize a civil settlement agreement and pay a civil penalty of \$2.4 million. The civil settlement agreement has now been signed and the related fine has been paid. A hearing before the U.S. District Court in Boston took place on September 14, 2009 and the plea was approved.

In addition, as part of the overall settlement, the Company entered into a Corporate Integrity Agreement ("CIA") with the Office of the Inspector General and the Department of Health and Human Services on September 11, 2009. The CIA requires us to have a compliance program in place and to undertake a set of defined corporate integrity obligations for a five-year term. The CIA also includes requirements for an independent review of these obligations. Failure to comply with the obligations under the CIA could result in financial penalties.

(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

#### 24. LEGAL PROCEEDINGS (Continued)

On November 20, 2003, the Company received notification from the SEC indicating that the SEC would be conducting an informal inquiry relating to the Company's accounting and disclosure practices for the fiscal year 2003. These issues included whether or not the Company had improperly recognized revenue and expenses for accounting purposes in relation to its financial statements in certain periods, disclosure related to those statements, and whether it provided misleading disclosure concerning the reasons for its forecast of a revenue shortfall in respect of the three-month period ended September 30, 2003, and certain transactions associated with a corporate entity that the Company acquired in 2002. On March 3, 2005, the Company received a subpoena from the SEC reflecting the fact that the SEC had entered a formal order of investigation. The subpoena sought information about the Company's financial reporting for the fiscal year 2003. Also, the scope of the investigation became broader than initially thought, and the period under review was extended to encompass the period January 1, 2001 to May 2004.

On March 24, 2008, the SEC filed a civil complaint against the Company, Eugene Melnyk, the Company's former Chairman and Chief Executive Officer ("CEO"), Brian Crombie, the Company's former Chief Financial Officer ("CFO"), and two former officers, Kenneth Howling and John Miszuk, related to the matters investigated by the SEC. The Company has entered into a Consent Decree with the SEC in which it has not admitted to the civil charges contained in the complaint but has paid \$10.0 million to the SEC to fully settle the matter. As part of the settlement, the Company has also agreed to an examination of its accounting and related functions by an independent consultant. The settlement does not include the four individuals although the Company understands Mr. Howling has also reached a settlement with the SEC. The matter is proceeding as against former officers Mr. Melnyk, Mr. Crombie and Mr. Miszuk in the ordinary course and no hearing date has been set. The Company is indemnifying these individuals for their legal costs.

In the Spring of 2007, the Company was contacted by the USAO for the Eastern District of New York ("EDNY"), which informed the Company that the office is conducting an investigation into the same matters that the SEC is investigating. The USAO for the EDNY conducted interviews of several of the Company's current or former employees and requested documents related to fiscal years 2002 and 2003. The Company cooperated with this request and has not been contacted further. The Company cannot predict the outcome or timing of when this matter may be resolved.

Over the last few years, the Company received a number of communications from the OSC relating to its disclosure, and/or seeking information pertaining to certain financial periods. Similar to the SEC, the OSC advised the Company that it had investigated whether the Company improperly recognized revenue for accounting purposes in relation to the interim financial statements filed by the Company for each of the four quarters in 2001, 2002 and 2003, and the first quarter of 2004, and related disclosure issues. The OSC also investigated whether the Company provided misleading disclosure concerning the reasons for its forecast of a revenue shortfall in respect of the three-month period ending September 30, 2003, and certain transactions associated with a corporate entity that the Company acquired in 2002, as well as issues relating to trading in its common shares. These issues included whether the Company's insiders complied with insider reporting requirements, whether persons in a special relationship with the Company may have traded in its common shares with knowledge of undisclosed material information, whether certain transactions may have resulted in, or contributed to, a misleading appearance of trading activity in the Company's securities during 2003 and 2004 and whether certain registrants (who are the Company's former directors) may have had conflicts of interest in relation to the trading of the Company's common shares.

Pursuant to a Notice of Hearing dated July 28, 2006, the staff of the OSC gave notice that an administrative hearing pursuant to sections 127 and 127.1 of the Ontario Securities Act would be held related to the issues surrounding the trading in the Company's common shares. The respondents in the hearing included former Chairman and CEO Eugene Melnyk and a former director of the Company, among others. The Company was not a party to this proceeding. The proceeding as against Eugene Melnyk has been settled. In a decision released June 20, 2008, a panel of the OSC found that the former director acted contrary to the public interest and breached section 107 of the Ontario Securities Act when he (a) failed to provide the Company with accurate information concerning common shares over which he shared control and direction, (b) failed to file insider reports in respect of certain trades in the Company's securities and (c) engaged in a high volume of discretionary trading in its securities during blackout periods imposed by the Company.

Pursuant to a Notice of Hearing dated March 24, 2008, the staff of the OSC gave notice that an administrative hearing would be held related to the other matters investigated. The notice named the Company, former Chairman and CEO Eugene Melnyk, former CFO Brian Crombie, and Kenneth Howling and John Miszuk, two former officers. On January 9, 2009, the OSC approved a settlement reached with the Company. Pursuant to the terms of this settlement, the Company paid approximately \$5.3 million in costs and sanctions and agreed to the appointment of an independent consultant to examine and report on the Company's training of its personnel concerning compliance with financial and other reporting requirements under applicable securities laws in Ontario. On January 27, 2009, the OSC approved a settlement with Messrs. Howling and Miszuk and on February 10, 2009, the OSC approved a settlement with Mr. Crombie. The Company understands that the matter is proceeding against Mr. Melnyk. The hearing has now concluded and a decision is under reserve.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**  
**In accordance with United States Generally Accepted Accounting Principles**  
**(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

**24. LEGAL PROCEEDINGS (Continued)**

*Securities Class Action*

On October 8, 2008, a proposed securities class action lawsuit was filed in the U.S. District Court Southern District of New York against the Company, its current Chairman, one current officer and two former officers. The complaint was filed on behalf of all persons and entities that purchased the Company's securities from December 14, 2006 through July 19, 2007. The complaint related to public statements alleged to have been made in respect of Aplenzin® (bupropion hydrobromide tablets) during the product's U.S. regulatory approval process. The Company believed the claim was without merit and filed a motion to dismiss this action in its entirety. The motion was granted and the action was dismissed with prejudice on May 8, 2009. Sanctions were thereafter sought by the Company. The decision granting the motion to dismiss was appealed by the plaintiffs. Pursuant to an agreement reached between the parties, the plaintiffs agreed to dismiss the appeal in exchange for the Company withdrawing its request for sanctions. On June 26, 2009, the appeal was dismissed. This matter has concluded.

*Antitrust*

Several class action and individual action complaints in multiple jurisdictions have been commenced jointly against the Company, Elan Corporation plc ("Elan") and Teva relating to two agreements: one between the Company and Elan for the licensing of Adalat CC products from Elan, and the other between the Company and Teva for the distribution of those products in the U.S. These actions were transferred to the U.S. District Court for the District of Columbia. The agreements in question have since been resolved as a result of a consent decree between Elan and Biovail and the U.S. Federal Trade Commission.

The Company believes these suits are without merit because, among other reasons, the Company believes that any delay in the marketing or out-licensing of the Company's Adalat CC product was due to manufacturing difficulties the Company encountered and not because of any improper activity on its part.

On March 21, 2006, the Company was advised that an additional claim in respect of this fact situation was filed by Maxi Drug Inc. d/b/a Brooks Pharmacy in the U.S. District Court for the District of Columbia. The Company has accepted service of this complaint, and the case is proceeding on the merits according to the schedule set by the Court in the related federal cases pending in the District of Columbia.

The Company and the other defendants filed motions to dismiss, and the Court denied the Company's motion to dismiss the damage claims brought on behalf of both a purported class of so-called "direct purchasers", generally consisting of distributors and large chain drug stores, and certain "direct purchasers" who have opted out of the class and sued the Company individually, but dismissed the claims of a class of consumers and so-called "indirect purchasers". The remainder of the federal action is proceeding on the merits through the normal legal process. The Court granted plaintiffs' motion for class certification on November 21, 2007 and certified a class of alleged "direct purchasers".

In December 2007, the Company and the other defendants moved for the Court to reconsider that decision and the Court denied that motion on November 3, 2008. On November 18, 2008, the Company and the other defendants filed a petition in the D.C. Circuit pursuant to Fed. R. Civ. P. 23(f), requesting leave to appeal from the District Court's grant of class certification. The D.C. Circuit denied the defendants leave to appeal on February 23, 2009. On March 25, 2009, the defendants filed a petition in the D.C. Circuit for rehearing of their petition requesting leave to appeal. This request was denied.

On December 23, 2008, the Company and the other defendants moved for summary judgment in the District Court to dismiss the entirety of the case. This motion was fully briefed in early June 2009 and a related hearing took place on October 7, 2009. A decision is pending. No trial date has been set.

The Company has now reached a settlement with the non-class or individual plaintiffs (the "Opt-outs"). Pursuant to the terms of the settlement the Company paid a settlement amount and made no admission of wrong doing. The Opt-out actions will be dismissed.

On April 4, 2008, a direct purchaser plaintiff filed a class action antitrust complaint in the U.S. District Court for the District of Massachusetts against the Company, GlaxoSmithKline plc, and SmithKline Beecham Inc. (the latter two of which are referred to here as "GSK") seeking damages and alleging that the Company and GSK took actions to improperly delay FDA approval for generic forms of Wellbutrin XL®. The direct purchaser plaintiff in the Massachusetts federal court lawsuit voluntarily dismissed its complaint on May 27, 2008, and shortly thereafter re-filed a virtually identical complaint in the U.S. District Court for the Eastern District of Pennsylvania. In late May and early June 2008, additional direct and indirect purchaser class actions were also filed against the Company and GSK in the Eastern District of Pennsylvania, all making similar allegations, and these complaints were subsequently consolidated into separate direct and indirect purchaser actions.

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

**In accordance with United States Generally Accepted Accounting Principles  
(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

#### 24. LEGAL PROCEEDINGS (Continued)

On September 10, 2008, the Company and GSK filed motions to dismiss both the direct and indirect purchaser actions. Those motions were heard on February 26, 2009. In the direct purchaser case, on March 13, 2009, the Court granted in part and denied in part the motions, dismissing the Sherman Act Section 2 monopolization claim that had been made by the direct purchasers against the Company. The Company and GSK answered the remaining claims in the direct purchaser case on April 16, 2009. On March 26, 2009, before an order issued on the motions to dismiss the indirect purchaser plaintiffs' claims, the indirect purchaser plaintiffs filed an amended complaint. The pending motions were therefore denied as moot, and new motions to dismiss the indirect purchaser plaintiffs' claims were filed on April 30, 2009. On July 30, 2009, the court dismissed all indirect purchaser claims except for the antitrust claims (limited as to Biovail's concerted actions) in California, Nevada, Tennessee and Wisconsin and the consumer protection claims of California and Florida.

Discovery has now commenced. Briefing on the issue of class certification is underway.

The Company believes that each of these complaints lacks merit and that the Company's challenged actions complied with all applicable laws and regulations, including federal and state antitrust laws, FDA regulations, U.S. patent law, and the Hatch-Waxman Act.

#### *Intellectual Property*

On February 3, 2006, the Company and Laboratoires Des Produits Éthiques Ethypharm instituted an action against Sandoz Canada Inc. ("Sandoz") and Andrx Group stating that certain patents applicable to Tiazac® have been infringed contrary to the Patent Act (Canada) by the defendants. In addition, the Company is seeking injunctive relief restraining the defendants from offering for sale and/or manufacturing in Canada any product covered by its patents and/or procuring the infringement of its patents.

The defendants served the Company with a Statement of Defence and Counterclaim on May 15, 2006. The Company delivered its reply on May 30, 2006, and pleadings closed in June 2006. Pursuant to an agreement by the parties, the claim and counter claim have been dismissed.

In August 2006, Sandoz brought an action against the Company under section 8 of the Canadian Patented Medicines Notice of Compliance Regulations ("PMNOC Regulations") demanding damages for having been kept off the market with its generic version of Tiazac® due to prohibition proceedings taken against Sandoz's predecessor RhoxalPharma Inc. by the Company under the PMNOC Regulations. The prohibition proceedings were subsequently dismissed in November of 2005. The Company defended against the action and discovery has been underway. The action was stayed pending a decision by the Supreme Court of Canada on whether to grant leave to appeal a decision on the measure of section 8 damages in another unrelated action. The Supreme Court of Canada has now denied leave. A trial will likely occur in the later half of 2010 or early 2011, depending on the court's schedule.

On November 7, 2008, Novopharm Limited (now Teva Canada) brought an action against the Company under section 8 of the PMNOC Regulations demanding damages for having been kept off the market with its generic version of Wellbutrin® SR due to prohibition proceedings taken against them by the Company under the PMNOC Regulations. The prohibition proceedings were subsequently dismissed in January 2005. The parties reached an agreement to resolve this matter. The action has now been dismissed.

On January 18, 2010, a Canadian Federal Court judge presiding over Biovail Corporation and Depomed, Inc. ("Depomed") v. Apotex Inc. ("Apotex") et al. issued a decision in a proceeding pursuant to the PMNOC Regulations in Canada to determine whether Apotex's allegations that a Depomed patent was invalid and/or not infringed was justified. This proceeding related to a Canadian application filed by Apotex to market a generic version of the 500mg formulation of Glumetza® (extended release metformin hydrochloride tablets) licensed in Canada by Depomed to Biovail Laboratories International SRL ("BLS"). Pursuant to the decision issued by the Court, Health Canada can authorize Apotex to market in Canada its generic version of the 500mg formulation of Glumetza®.

The decision, which was amended on January 20, 2010, found under Canadian law, that Apotex's allegation was justified that the Depomed Canadian patent at issue in the matter (No. 2,290,624) (the "624 Patent") is obvious. The judge found that the evidence presented by the parties was "evenly balanced" as to obviousness. The judge found in favour of Biovail and Depomed as to all other issues related to validity, enforceability and infringement of the '624 Patent under Canadian law. Apotex was authorized to market in Canada its generic version of 500 mg Glumetza® by Health Canada on February 4, 2010. This decision, however, did not find the patent invalid and does not preclude the filing of a subsequent patent infringement suit against Apotex. The Company and Depomed filed a Claim for infringement against Apotex in Canadian Federal Court on February 8, 2010.

Par Pharmaceuticals Companies, Inc. ("Par") filed an Abbreviated New Drug Application ("ANDA") with the FDA seeking approval to market Tramadol Hydrochloride Extended Release Tablets, 200 mg. On May 9, 2007, BLS, along with Purdue Pharma Products L.P. ("Purdue"), Napp Pharmaceutical Group Ltd. ("Napp") and Ortho-McNeil, Inc. ("OMI") filed a complaint in the U.S. District Court

(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

#### 24. LEGAL PROCEEDINGS (Continued)

for the District of Delaware alleging infringement of U.S. Patent No. 6,254,887 by the filing of that ANDA, thereby triggering a 30-month stay of FDA's approval of that application. Par has answered the complaint and asserted counterclaims of non-infringement and patent invalidity. The plaintiffs have denied the counterclaims. On May 22, 2007, Par informed the Company that it had filed a supplemental ANDA seeking approval to market Tramadol Hydrochloride Extended Release Tablets, 100 mg. On June 28, 2007, the same plaintiffs filed another complaint in the U.S. District Court for the District of Delaware alleging infringement of U.S. Patent No. 6,254,887 by the filing of that ANDA, thereby triggering a 30-month stay of FDA's approval of the 100 mg strength formulation.

On July 23, 2007, Par answered the second complaint and asserted counterclaims of non-infringement and patent invalidity. On September 24, 2007, Par informed the Company that it had filed another supplemental ANDA seeking approval to market Tramadol Hydrochloride Extended Release Tablets, 300 mg. On October 24, 2007, the same plaintiffs filed another complaint in the U.S. District Court for the District of Delaware alleging infringement of U.S. Patent No. 6,254,887 by the filing of that ANDA, thereby triggering a 30-month stay of FDA's approval of the 300 mg strength formulation. A Markman hearing claims construction ruling was released on November 4, 2008.

BLS filed, and was granted, a motion for dismissal of BLS from the cases. Subsequently, OMI has also been dismissed from the case. The matter continues between the plaintiff and Par. BLS's and OMI's dismissals from the case are not expected to substantively impact the proceedings.

The hearing in this matter commenced and concluded in April 2009. Closing submissions were completed on June 15, 2009. On August 14, 2009, the District Court found in favour of Par, holding that, while Par infringed the patent claims, the patent claims at issue were invalid (there cannot be infringement of invalid claims). Purdue filed an appeal of the decision with the Court of Appeals for the Federal Circuit on September 3, 2009. OMI also appealed its dismissal at the same time, but the appeal has been withdrawn. On November 16, 2009 Par announced that it had received final approval for its 100 mg and 200 mg products and began marketing the drug. Concurrently, Patriot Pharmaceuticals LLC ("Patriot") (a wholly owned subsidiary of Ortho-McNeil-Janssen Pharmaceuticals, Inc.), launched the Company's authorized generic formulation of these two strengths of Ultram® ER.

On July 2, 2008, the Company received a Notice of Paragraph IV Certification for Tramadol Hydrochloride Extended release Tablets, 100 mg, a generic version of Ultram® ER, from Impax Laboratories, Inc ("Impax"). BLS filed suit along with Purdue, Napp and OMI in the U.S. District Court for the District of Delaware pursuant to the provisions of the Hatch-Waxman Act. As a result, FDA approval of Impax's generic product has been automatically stayed for 30 months until January 2, 2011. BLS filed, and was granted, a motion for dismissal from the case. OMI has also been dismissed from this case. This matter is continuing between Par and Purdue and is currently in discovery.

On September 23, 2008, the Company received a Notice of Paragraph IV Certification for Tramadol Hydrochloride Extended release Tablets, 200 mg and 300 mg, generic versions of Ultram® ER, from Impax. Purdue, Napp and OMI filed a complaint in the U.S. District Court for the District of Delaware alleging infringement of U.S. Patent No. 6,254,887 by the filing of that ANDA, thereby triggering a 30-month stay of the FDA's approval of that application. OMI has been dismissed from this case. The matter is proceeding in the ordinary course between Impax and Purdue.

On or about July 22, 2009 the Company received a Notice of Paragraph IV Certification from Paddock Laboratories Inc. ("Paddock") for tramadol hydrochloride extended release tablets in 100 mg, 200 mg and 300 mg dosage strengths, a generic version of Ultram® ER. Purdue filed substantially similar suits against Paddock on September 4, 2009 in the U.S. District Court for the District of Minnesota, and in the U.S. District Court for the District of Delaware thereby triggering a 30-month stay against the approval of Paddock's ANDA. Purdue has requested the Court to stay the litigation, pending resolution of its appeal in the Par case. The Company is not a party to this litigation.

The Company has also received a Notice of Paragraph IV Certification dated and mailed on September 15, 2009 from Cipher Pharmaceuticals, Inc. ("Cipher"), who have filed an NDA pursuant to Section 505(b)(2) of the Federal Food, Drug and Cosmetic Act for tramadol hydrochloride extended release tablets in 100, 200 and 300 mg dosage strengths, a generic version of Ultram® ER. Purdue filed suit against Cipher in the U.S. District Court for the Eastern District of Virginia on October 30, 2009, thereby triggering a 30-month stay. Purdue has indicated that it will seek a stay of its case against Cipher, pending resolution of its appeal in the Par case. The Company is not a party to this litigation.

Purdue has also requested a stay of the actions pending a decision from the Panel on Multidistrict Litigation ("MDL") to create an MDL for the various Ultram® ER cases that have been filed. Purdue is seeking to consolidate the cases.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**  
**In accordance with United States Generally Accepted Accounting Principles**  
**(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

**24. LEGAL PROCEEDINGS (Continued)**

The Company received a further Notice of Paragraph IV Certification dated and mailed on December 8, 2009 from Lupin Ltd. (“Lupin”) for Tramadol Hydrochloride Extended Release tablets in 100, 200 and 300mg dosages. Purdue filed suit against Lupin in the U.S. District Court for the District of Delaware on January 21, 2010. The Company is not a party to this litigation.

BLS filed an ANDA with the FDA seeking approval to market venlafaxine hydrochloride extended release capsules equivalent to the 37.5, 75 and 150 mg doses of Effexor® XR. On June 26, 2008, Wyeth Pharmaceuticals Inc. (“Wyeth”) filed a complaint against the Company, Biovail Technologies Ltd. and BLS in the U.S. District Court for the District of Delaware alleging infringement of U.S. Patent Nos. 6,274,171 B1, 6,403,120 and 6,419,958 B2 by the filing of that ANDA, thereby triggering a 30-month stay of the FDA’s approval of that application. On September 25, 2008 the Company filed its Answer and Affirmative Defenses along with counterclaims of non-infringement and invalidity. The Company and Wyeth executed a settlement agreement in November, 2009 and, subsequently, BLS and Wyeth have executed a license agreement as of January 28, 2010 whereby BLS can manufacture, import and sell venlafaxine hydrochloride extended release capsules with an effective date expected to be on or about June 1, 2011, subject to earlier launch in limited circumstances, but in no event earlier than January 1, 2011. BLS will pay Wyeth a royalty fee on the sale of its venlafaxine hydrochloride extended release capsules under the license, computed as a percentage of net sales, as defined in the license agreement. The license royalty fee term begins with the license effective date and ends on the expiration of the Wyeth patents covered by the license agreement. BLS is solely responsible for manufacturing and marketing its venlafaxine hydrochloride extended release capsules. Through December 31, 2009, BLS has not commenced sales of its venlafaxine hydrochloride extended release capsules.

On or about June 26, 2008, BLS received Notices of Paragraph IV Certification from Sun Pharmaceutical Industries, Ltd., India (“Sun India”) for diltiazem hydrochloride extended release capsules, 120 mg, 180 mg, 240 mg, 300 mg, and 360 mg strengths, a generic version of Cardizem® CD. On August 8, 2008, BLS filed suit against Sun India in the U.S. District Court of New Jersey alleging patent infringement of U.S. Patent Nos. 5,470,584, 5,286,497 and 5,439,689 pursuant to the provisions of the Hatch-Waxman Act. BLS has also sought declaratory judgment of infringement for all three patents. These suits are expected to result in a 30-month stay of the FDA approval of the 120 mg, 180 mg, 240 mg and 300 mg strengths. The patents-in-suit were listed in the FDA’s Orange Book against the 360 mg strength after the filing of the complaint in this action. On September 30, 2008, Sun India delivered its Answer and Counterclaim, which include declarations of non-infringement, invalidity and unenforceability as well as certain antitrust allegations. This case is currently stayed, pending settlement discussions.

BLS filed an ANDA with the FDA seeking approval to market Fenofibrate Tablets in 48 mg and 145 mg dosage sizes. On November 3, 2008, Abbott and Laboratoires Fournier S.A. filed a complaint against Biovail Corporation and BLS in the U.S. District Court for the Northern District of Illinois alleging infringement of U.S. Patent Nos. 6,277,405, 7,037,529, and 7,041,319 by the filing of the ANDA, thereby triggering a 30-month stay of FDA’s approval of that application. This matter has now been transferred to the District of New Jersey. On November 3, 2008, Elan Pharma International Ltd. and Fournier Laboratories Ireland Ltd. also filed a complaint against Biovail Corporation and BLS in the U.S. District Court for the District of New Jersey alleging infringement of U.S. Patent Nos. 5,145,684, 7,276,249 and 7,320,802 by the filing of the ANDA. The Answers and Counterclaims of Biovail Corporation and BLS have been filed. These cases are proceeding in the ordinary course. No trial date has yet been set.

On or about December 1, 2008, the FDA accepted an ANDA filed by BLS seeking approval to market generic formulations of the 200 mg, 300 mg and 400 mg strengths of quetiapine fumarate extended release tablets (sold under the brand name Seroquel® XR by AstraZeneca Pharmaceuticals LP (“AstraZeneca”). On January 9, 2009, AstraZeneca and AstraZeneca UK Limited filed a complaint against Biovail Corporation, BLS, and BTA Pharmaceuticals, Inc. in the U.S. District Court for the District New Jersey alleging infringement of U.S. Patent Nos. 4,879,288 (the “‘288 Patent”) and 5,948,437 (the “‘437 Patent”) by the filing of that ANDA, thereby triggering a 30-month stay of the FDA’s approval of that application. Answers and Counterclaims have been filed. Discovery relating to invalidity of the ‘288 Patent has been stayed pending a decision from the Court of Appeals for the Federal Circuit in a related case not involving the Company. That case has now been resolved and the Company is currently reviewing documents. The case, including discovery on the ‘437 Patent, is proceeding in the ordinary course. No Markman hearing to determine claim scope and meaning nor a trial date have yet been set.

On or about July 3, 2009, BLS received a Notice from Cary Pharmaceuticals Inc. (“Cary”), related to Cary’s NDA pursuant to Section 505(B)(2) for bupropion hydrochloride 450 mg extended-release tablets. The Certification references U.S. Patent No. 6,096,341, which is listed in the FDA’s Orange Book for the 150 mg and 300 mg dosage strength of Wellbutrin XL®, and No. 6,143,327, which is currently listed in the FDA’s Orange Book for the 150 mg dosage strength of Wellbutrin XL®. On August 13, 2009, the Company filed suit in the U.S. District Court for the District of Delaware, thereby triggering a 30-month stay of the approval of Cary’s NDA. The Complaint was served on Cary on August 24, 2009 and Cary served its Answer on September 24, 2009. Following a scheduling conference with the judge in mid-January 2010, a Markman hearing has been scheduled for late May 2010, with fact and expert discovery to follow. The case is proceeding in the ordinary course. No trial date has yet been set.

#### 24. LEGAL PROCEEDINGS (Continued)

On or about January 5, 2010, BLS received a Notice of Paragraph IV Certification dated January 4, 2010 from Watson Laboratories, Inc. - Florida ("Watson"), related to Watson's ANDA filing for Bupropion Hydrobromide Extended-release Tablets, 174 mg and 348 mg, which correspond to the Company's Aplenzin® Extended-release Tablets 174 mg and 348 mg products. Watson asserted that U.S. Patent Nos. 7,241,805, 7,569,610, 7,572,935 and 7,585,897 which are listed in the FDA's Orange Book for Aplenzin® are invalid and/or not infringed. BLS subsequently received from Watson a second Notice of Paragraph IV Certification for U.S. Patent Nos 7,645,802 and 7,649,019 which were listed in the FDA's Orange Book after Watson's initial certification. Watson has alleged these patents are not infringed and/or invalid. The Company filed suit pursuant to the Hatch-Waxman Act against Watson on February 18, 2010 in the U.S. District Court for the District of Delaware and on February 19, 2010 in the U.S. District Court for the Southern District of Florida thereby triggering a 30-month stay of the approval of Watson's ANDA.

On or about January 27, 2010, BLS received a Notice of Paragraph IV Certification from Paddock dated January 22, 2010, relating to Paddock's ANDA filing for Bupropion Hydrobromide Extended-release Tablets, 174 mg and 522 mg, which correspond to the Company's Aplenzin® Extended-release Tablets 174 mg and 522 mg products. Paddock has certified that the six patents currently listed in the FDA's Orange Book for Aplenzin® plus an additional unlisted BLS patent relating to bupropion hydrobromide are not infringed and/or invalid. The Company will be filing suit against Paddock no later than March 8, 2010.

#### *Biovail Action Against S.A.C. and Others*

On February 22, 2006, the Company filed a lawsuit in Superior Court, Essex County, New Jersey, seeking \$4.6 billion in damages from 22 defendants (the "S.A.C. Complaint"). The S.A.C. Complaint alleges that the defendants participated in a stock market manipulation scheme that negatively affected the market price of the Company's common shares and alleges violations of various state laws, including the New Jersey Racketeer Influenced and Corrupt Organizations Act.

The original defendants included: S.A.C. Capital Management, LLC, S.A.C. Capital Advisors, LLC, S.A.C. Capital Associates, LLC, S.A.C. Healthco Funds, LLC, Sigma Capital Management, LLC, Steven A. Cohen, Arthur Cohen, Joseph Healey, Timothy McCarthy, David Maris, Gradient Analytics, Inc., Camelback Research Alliance, Inc., James Carr Bettis, Donn Vickrey, Pinnacle Investment Advisors, LLC, Helios Equity Fund, LLC, Hallmark Funds, Gerson Lehrman Group, Gerson Lehrman Group Brokerage Services, LLC, Thomas Lehrman, Patrick Duff, and James Lyle. The defendant Hallmark Funds was voluntarily dismissed from the action by the Company.

On January 26, 2007, the Company was found to have breached the terms of a protective order in a securities class action then proceeding against it and certain of its former officers in New York Federal Court (the "New York class action"). The New York class action was settled in December 2008. Specifically, the Company was found to have breached the terms of the protective order by using documents obtained from a non-party in the S.A.C. Complaint. The Court ordered that the Company and its counsel return copies of the documents and redact the S.A.C. Complaint accordingly. On February 22, 2007, the Company filed an Amended Complaint. On September 10, 2007, the Company resolved a motion for sanctions previously pending in the New York class action in connection with the breach of the protective order referred to above. As part of that resolution, the Company dismissed defendant Maris from this action and filed a First Amended Complaint on October 3, 2007.

The case was subsequently stayed by an order of the Trial Judge, dated March 16, 2007, pending disposition of certain issues in a factually similar shareholder class action that did not involve the Company (the "New Jersey shareholder class action").

The stay of this action imposed by the Court's March 16, 2007 Order was lifted on March 20, 2009. On April 17, 2009, the Company filed a motion for leave to file a Second Amended Complaint, amending the allegations to assert trade libel and conspiracy, and seeking damages in excess of \$100.0 million. The proposed Second Amended Complaint names as defendants only the S.A.C. related entities, Timothy McCarthy and Gradient Analytics, LLC (formerly Camelback Research Alliance Inc.). All other remaining defendants were dismissed from the lawsuit.

The named defendants opposed the filing of the Second Amended Complaint and moved to dismiss it. The motion was heard on July 10, 2009. A decision was subsequently rendered in the defendants' favour on August 20, 2009. As a result, the matter was dismissed.

On February 17, 2010 SAC Capital Advisors, LLC commenced an action against the Company in the United States District Court for the District of Connecticut. The complaint alleges malicious prosecution related to the Company's complaint against it. A factually similar complaint was filed the same day by Gradient Analytics, Inc., Donn Vickery and James Carleton Carr Bettis in the United States Court for the District of Arizona. The Company believes that these complaints are without merit and will defend once served.

## BIOVAIL CORPORATION

### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

**In accordance with United States Generally Accepted Accounting Principles  
(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

#### 24. LEGAL PROCEEDINGS (Continued)

##### *General Civil Actions*

Complaints have been filed by the City of New York, the State of Alabama, the State of Mississippi and a number of counties within the State of New York, claiming that the Company, and numerous other pharmaceutical companies, made fraudulent misstatements concerning the “average wholesale price” of their prescription drugs, resulting in alleged overpayments by the plaintiffs for pharmaceutical products sold by the companies.

The City of New York and plaintiffs for all the counties in New York (other than Erie, Oswego and Schenectady) have voluntarily dismissed the Company and certain others of the named defendants on a without prejudice basis. Similarly, the State of Mississippi has voluntarily dismissed its claim against the Company and a number of defendants on a without prejudice basis.

In the case brought by the State of Alabama, the Company has answered the State’s Amended Complaint and discovery is ongoing. On October 16, 2009, the Supreme Court of Alabama issued an opinion reversing judgments in favour of the State in the first three cases that were tried against co-defendant companies. The Supreme Court also rendered judgment in favour of those defendants, finding that the State’s fraud-based theories failed as a matter of law. The Company’s case is presently scheduled to proceed to trial in January 2011.

The cases brought by the New York State counties of Oswego, Schenectady and Erie, each of which was originally brought in New York State court, were removed by defendants to Federal Court on October 11, 2006. The Company answered the complaint in each case after the removal to Federal Court. The cases were subsequently remanded and, following the remand, the New York State Litigation Coordinating Panel granted the defendants’ application to coordinate the three actions for pretrial purposes in Erie County. Discovery is ongoing with trial presently scheduled to commence in February 2011.

On December 15, 2009, Biovail was served with a Seventh Amended Complaint under the False Claims Act in an action captioned United States of America, ex rel. Constance A. Conrad v. Actavis Mid-Atlantic, LLC, et al., United States District Court, District of Massachusetts. This case was originally filed in 2002 and maintained under seal until shortly before Biovail was served. Twenty other companies are named as defendants. In the Seventh Amended Complaint, Conrad alleges that various formulations of Rondec, a product formerly owned by Biovail, was not properly approved by the FDA and therefore not a “Covered Outpatient Drug” within the meaning of the Medicaid Rebate Statute. As such, Conrad alleges that Rondec was not eligible for reimbursement by federal healthcare programs, including Medicaid. Conrad seeks treble damages and civil penalties under the False Claims Act. According to the briefing schedule set by the court, motions to dismiss are due on or before April 19, 2010.

On May 6, 2008, BLS commenced an arbitration under Financial Industry Regulatory Authority rules against an investment institution at which it held a cash management account seeking \$26.8 million in compensatory damages and \$53.6 million in punitive damages. The Statement of Claim alleged that the investment institution, as non-discretionary manager of BLS’s cash management account, fraudulently or negligently, and in breach of the parties’ customer agreement, invested BLS’s assets in auction rate securities, which were not among BLS’s approved investments. The investment institution subsequently delivered its Answer and Response. A hearing was scheduled to commence on July 8, 2009. The matter has now been settled as between the parties for payment to BLS in the amount of \$22.0 million. BLS continues to hold the auction rate securities.

#### 25. COMMITMENTS AND CONTINGENCIES

##### *Operating Lease Commitments*

The Company leases certain facilities, vehicles and equipment under operating leases. Rental expense amounted to \$4,832,000, \$4,928,000 and \$4,088,000 in 2009, 2008 and 2007, respectively.

Minimum future rental payments under non-cancelable operating leases (net of sublease rentals) for the years ending December 31 are as follows:

|                                      |                 |
|--------------------------------------|-----------------|
| 2010                                 | \$ 7,839        |
| 2011                                 | 6,974           |
| 2012                                 | 7,014           |
| 2013                                 | 5,562           |
| 2014                                 | 5,360           |
| Thereafter                           | 27,226          |
| Total minimum future rental payments | <u>\$59,975</u> |

**BIOVAIL CORPORATION**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**  
**In accordance with United States Generally Accepted Accounting Principles**  
**(All tabular dollar amounts expressed in thousands of U.S. dollars, except per share data)**

**25. COMMITMENTS AND CONTINGENCIES (Continued)**

**Other Commitments**

Commitments related to capital expenditures totaled approximately \$2,300,000 at December 31, 2009.

Net sales of certain products of the Company are subject to royalties payable to third parties. Royalty expense recorded in cost of goods sold amounted to \$24,230,000, \$11,829,000 and \$15,024,000 in 2009, 2008 and 2007, respectively.

Under certain research and development agreements, the Company may be required to make payments contingent upon the achievement of specific developmental, regulatory, or commercial milestones. As described in notes 4 and 27, the Company may be required to make milestone payments of up to \$775,000,000 in the aggregate pursuant to the terms of the collaboration and license agreements for pimavanserin, fipamezole, GDNF, and Staccato® loxapine. Because it is uncertain if and when these milestones will be achieved, the Company did not accrue for any of these payments at December 31, 2009 or 2008.

**Product Liability Insurance**

Prior to July 1, 2009, the Company was self-insured for up to the first \$20,000,000 of costs incurred relating to product liability claims arising during an annual policy period. The Company provided for unsettled reported losses and losses incurred but not reported based on an independent review of all claims made against the Company. Accruals for estimated losses related to the period of self-insurance were not material at December 31, 2009 or 2008. Effective July 1, 2009, the Company's entire product liability coverage is provided by third-party insurers.

**Indemnification Provisions**

In the normal course of business, the Company enters into agreements that include indemnification provisions for product liability and other matters. These provisions are generally subject to maximum amounts, specified claim periods, and other conditions and limits. At December 31, 2009 or 2008, no material amounts were accrued for the Company's obligations under these indemnification provisions. In addition, the Company is obligated to indemnify its officers and directors in respect of any legal claims or actions initiated against them in their capacity as officers and directors of the Company in accordance with applicable law. Pursuant to such indemnities, the Company is indemnifying certain former officers and directors in respect of certain litigation and regulatory matters (as described in note 24).

**26. SEGMENT INFORMATION**

The Company operates in one operating segment — pharmaceutical products. Management assesses performance and makes resource decisions based on the consolidated results of operations of this operating segment.

**Revenue by Therapeutic Area**

The following table displays revenue by therapeutic area:

|                                          | <u>2009</u>      | <u>2008</u>      | <u>2007</u>      |

**27. SUBSEQUENT EVENT**

The Company has evaluated subsequent events for disclosure in these consolidated financial statements through February 26, 2010, the date on which the financial statements were issued.

**Staccato® Loxapine**

On February 9, 2010, the Company entered into a collaboration and license agreement with Alexza Pharmaceuticals, Inc. ("Alexza") to acquire the U.S. and Canadian development and commercialization rights to AZ-004 for the treatment of psychiatric and/or neurological indications and the symptoms associated with these indications, including the initial indication of treating agitation in schizophrenia and bipolar patients. AZ-004 combines Alexza's proprietary Staccato® drug-delivery system with the antipsychotic drug loxapine. In December 2009, Alexza submitted an NDA to the FDA for Staccato® loxapine. The FDA has accepted the NDA for filing and has indicated a Prescription Drug User Fee Act goal date of October 11, 2010.

Under the terms of the agreement, the Company paid an upfront fee of \$40,000,000, and could pay up to \$90,000,000 in potential milestones in connection with the initial indication contingent on the successful approval of the first AZ-004 NDA, successful commercial manufacturing scale-up, and the first commercial sale on an inpatient and on an outpatient basis, which may require the successful completion of additional clinical trials, regulatory submission, and/or approval of a supplemental NDA. The Company will also make tiered, royalty payments of 10% to 25% on net commercial sales of Staccato® loxapine. Alexza will supply Staccato® loxapine to the Company for commercialization, and will receive a per-unit transfer price, based on annual product volume.

This acquisition will be accounted for as a purchase of IPR&D intangible assets with no alternative future use. Accordingly, the \$40,000,000 upfront payment, together with any acquisition costs, will be charged to research and development expenses at the acquisition date.

**CONFIDENTIAL TREATMENT REQUESTED:**

*Portions of this Exhibit have been redacted pursuant to a request for confidential treatment under Rule 24b-2 of the General Rules and Regulations under the Securities Exchange Act of 1934, as amended. Such redacted portions have been replaced with “{\*\*\*}” in this Exhibit. An unredacted version of this document has been filed separately with the Securities and Exchange Commission along with the request for confidential treatment.*

## **AGREEMENT AND PLAN OF MERGER**

**THIS AGREEMENT AND PLAN OF MERGER** (this “Agreement”), is dated as of September 16, 2008, by and among Biovail Americas Corp., a Delaware corporation (“Parent”), Prestwick Holdings, Inc., a Delaware corporation and a wholly-owned subsidiary of Parent (“Merger Sub”), Prestwick Pharmaceuticals, Inc., a Delaware corporation (the “Company”), and Sofinnova Management V 2005, LLC, a Delaware limited liability company, and Edgar G. Engleman, M.D., as Stockholder Representatives (the “Stockholder Representatives”).

### **RECITALS**

A. Upon the terms and subject to the conditions of this Agreement and in accordance with the Delaware General Corporation Law (the “DGCL”), Parent and the Company will enter into a business combination transaction pursuant to which Merger Sub will merge with and into the Company (the “Merger”).

B. The Boards of Directors of each of Parent and Merger Sub have (i) approved and declared advisable this Agreement, the Merger and the other Transactions (as defined below) and (ii) determined that the Merger is in the best interests of Parent.

C. The Board of Directors of the Company has (i) approved and declared advisable this Agreement, the Merger and the other Transactions, (ii) determined that the Merger is in the best interests of the Company and its Stockholders, and (iii) determined, upon the terms and subject to the conditions of this Agreement, to recommend that the holders of Company Capital Stock (as defined below) on the record date for the Transactions adopt this Agreement.

D. Immediately following execution of this Agreement by the parties hereto, this Agreement will be submitted to the holders of the Company Capital Stock on the record date for the Transaction for adoption by written consent in lieu of a meeting in accordance with the requirements of the DGCL and Amended and Restated Certificate of Incorporation and the Amended and Restated Bylaws and in a form approved by Parent and the Company (such written consent, the “Written Consent”).

E. On the date of this Agreement (and without giving effect to the Redemption), the authorized capital stock of the Company consists of 166,700,000 shares of common stock, par value \$0.001 per share, of the Company (the “Company Common Stock”), and 101,718,929 shares of preferred stock of the Company. Of the authorized preferred stock, (i) 10,065,999 shares are designated Series A-1 Preferred Stock, par value \$0.001 per share, of the Company (the “Company Series A-1 Preferred Stock”); (ii) 13,030,570 shares are designated A-2 Preferred Stock, par value \$0.001 per share, of the Company (the “Company Series A-2 Preferred Stock” and, together with the Company Series A-1 Preferred Stock, the “Company Series A Preferred Stock”); (iii) 27,482,730 shares are designated Series B Preferred Stock, par value \$0.001 per share, of the Company (the “Company Series B Preferred Stock”); (iv) 29,711,059 shares are designated Series C-1 Preferred Stock, par value \$0.001 per share, of the Company (the “Company Series C-1 Preferred Stock”); and (v) 21,428,571 shares are designated Series C-2 Preferred Stock, par value \$0.001 per share, of the Company (the “Company Series C-2 Preferred Stock” and, together with the Company Series C-1 Preferred Stock, the “Company

---

Series C Preferred Stock”; and the Company Series A Preferred Stock, the Company Series B Preferred Stock and the Company Series C Preferred Stock, the “Company Preferred Stock”; and the Company Common Stock together with the Company Preferred Stock, the “Company Capital Stock”).

F. Pursuant to the Merger, as of the Effective Time (as defined below) each outstanding share of Company Capital Stock and Warrant (as defined below) shall either (i) be converted into the right to receive the cash and other consideration at the rate determined in this Agreement or (ii) terminated as provided for in this Agreement.

H. On or prior to the date hereof, the Company has delivered to each Optionholder (a) an Option Notice, notifying such Optionholders that (i) any unexercised options shall terminate at Closing pursuant to the Option Plan and (ii) any Optionholder that elects to exercise Options prior to Closing must pay to the Company the full exercise price in cash upon such exercise and (b) and the Company has given each Optionholder any notice required under the Option Plan to exercise or terminate the Option pursuant to the Option Plan.

I. As part of the Transactions, the Company shall, on the date hereof, distribute Eighty-Five Million Dollars (\$85,000,000) pro rata to holders of Company Preferred Stock in pro rata redemption of certain shares of their Company Preferred Stock (the “Redemption”), which, together with the Merger shall terminate each such stockholder’s interest in the Company.

**AGREEMENTS**

In consideration of the mutual covenants of the Parties (as defined below) as hereinafter set forth and other good and valuable consideration, the receipt and sufficiency of which hereby are acknowledged, the Parties hereby agree as follows:

**ARTICLE 1  
DEFINITIONS**

In addition to the capitalized terms defined elsewhere in this Agreement, the following capitalized terms shall have the meanings specified in this Article 1.

“Adjusted Aggregate Preferred Liquidation Preference” means the sum of the Series Preferred Liquidation Preference (as defined in the Amended and Restated Certificate of Incorporation) for all shares of Company Preferred Stock outstanding as of immediately prior to the Effective Time minus the Excess Severance Obligations. For purposes of clarity, the parties acknowledge and agree that the Adjusted Aggregate Preferred Liquidation Preference is set forth in the Aggregate Consideration Allocation Schedule.

“Affiliate” means, with respect to any Person, any other Person that directly or indirectly controls, is controlled by or is under common control with such Person. As used herein, the term “control” means: (i) the power to vote at least ten percent (10%) of the voting power of a Person, or (ii) the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such a Person, whether through ownership of voting securities, by contract or otherwise. In addition, each Stockholder, each Person who is a director or officer of

the Company or any Subsidiary thereof, and each Affiliate of any of the foregoing, shall be deemed an “Affiliate” of the Company.

“Affiliated Group” means an “affiliated group” as defined in Section 1504 of the Code (or analogous combined, consolidated or unitary group defined under state, local or foreign Income Tax Law).

“Aggregate Common Escrow Consideration” means the greater of (x) zero and (y) the sum of the Escrow Amount and exercise price of all Eligible Warrants and Eligible Options (solely to the extent such exercise price was not taken into account in calculating the portion of the Aggregate Initial Consideration Amount payable to each holder of an Eligible Warrant or n Eligible Option) minus the Aggregate Preferred Escrow Consideration.

“Aggregate Initial Consideration Amount” means an amount equal to (i) a cash payment of Thirty Nine Million Seven Hundred Thousand Dollars (\$39,700,000), minus (ii) the sum of (A) the aggregate amount of Nonpermitted Indebtedness outstanding as of the Closing, and (B) the aggregate amount of the Company Expenses, plus or minus, as the case may be, (iii) the Estimated Net Working Capital Adjustment, if any. For purposes of clarity, the parties acknowledge and agree that the Aggregate Initial Consideration Amount is set forth in the Aggregate Consideration Allocation Schedule.

“Aggregate Preferred Initial Cash Consideration” means the sum of (i) the product of (A) the Per Share Series A Initial Cash Consideration and (B) the number of shares of Company Series A Preferred Stock that are outstanding as of immediately prior to the Effective Time, plus (ii) the product of (A) the Per Share Series B Initial Cash Consideration, and (B) the number of shares of Company Series B Preferred Stock that are outstanding as of immediately prior to the Effective Time, plus (iii) the product of (A) the Per Share Series C Initial Cash Consideration, and (B) the number of shares of Company Series C Preferred Stock that are outstanding as of immediately prior to the Effective Time.

“Aggregate Preferred Escrow Consideration” means the greater of (x) zero and (y) the lesser of (1) the Escrow Amount and (2) the difference between the Aggregate Preferred Liquidation Preference minus the Aggregate Preferred Initial Cash Consideration.

“Amended and Restated Bylaws” means the bylaws of the Company as in effect immediately prior to the Closing.

“Amended and Restated Certificate of Incorporation” means the certificate of incorporation of the Company as in effect immediately prior to the Closing.

“Books and Records” means all books and records of the Company and the Subsidiaries thereof as of the Effective Time, including, but not limited to, all records, files, papers, sales and purchase correspondence, books of account and financial and employment records, whether in tangible or digital form.

“Business” shall mean the business that the Company and its Subsidiaries are currently engaged in.

“Business Day” means a day other than Saturday, Sunday or a public holiday on which banks are closed under the laws of the State of New York.

“Cambridge” means Cambridge Laboratories (Ireland) Limited, a company incorporated under the laws of Ireland.

“Cambridge Agreement” means that certain Second Amended and Restated Agreement, dated as of November 18, 2005, by and between Cambridge and the Company, as amended from time to time and that certain First Amended and Restated Agreement for Canadian Rights to Nitoman, dated November 18, 2005, by and between Cambridge and the Company, as amended from time to time.

“Cambridge Amendment” means that certain agreement with Cambridge, amending certain terms of the Cambridge Agreement attached hereto as Exhibit A-1.

“Cambridge Waiver” means that certain waiver with Cambridge, with respect to the Cambridge Agreement attached hereto as Exhibit A-2.

“Code” means the Internal Revenue Code of 1986, as amended.

“Common Escrow Distribution” means any distribution to the Stockholders, Warrantholders and Eligible Optionholders of the Aggregate Common Escrow Consideration pursuant to this Agreement and the Escrow Agreement.

“Company Expenses” means the liabilities, costs, fees and expenses incurred by the Company and its Subsidiaries in connection with the Transactions at or prior to the Closing, including, but not limited to, (i) the fees and expenses of the Company and its Subsidiaries to: (A) O’Melveny & Myers LLP and other legal counsel for legal services rendered to the Company and its Subsidiaries (but not Morgan Lewis and Bockius LLP or other counsel to Parent), (B) Ernst & Young LLP for all tax, accounting, valuation and other services rendered to the Company and its Subsidiaries, (C) Morgan Stanley & Co. Incorporated for services rendered to the Company and its Subsidiaries, and (D) the Exchange Agent for exchange agent services rendered to the Company (including with respect to fees to be paid after Closing under the Exchange Agent Agreement); (ii) {\*\*\*}† of any fees and expenses to the Escrow Agent which are due at or prior to the Closing; (iii) Excess Severance Obligations; (iv) all Transfer Taxes incurred in connection with entering into or executing this Agreement or the consummation of the Merger; (v) any costs, fees and expenses incurred in connection with obtaining any consent or waiver required in connection with the Transactions; and (vi) the cost of the D&O Tail. For the avoidance of doubt, Company Expenses shall not include up to {\*\*\*}† in the aggregate of (i) costs (including without limitation, costs of legal counsel of the Company) relating to the Redemption and (ii) costs for which Parent has separately agreed in writing to reimburse the Company.

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

“Company Material Adverse Effect” means any material adverse effect upon the business, assets, condition (financial or otherwise), operations or operating results of the Company and its Subsidiaries taken as a whole; *provided, however*, that no Company Material Adverse Effect shall be attributable to (i) any failure by the Company and its Subsidiaries to meet internal projections or forecasts or revenue or earnings predictions for any period (provided that any material adverse effect that may have caused or contributed to such failure to meet such projections, forecasts or predictions shall not be excluded); (ii) any conditions affecting the industry in which the Company and its Subsidiaries participate as a whole, the United States economy as a whole or the capital markets in general or the markets in which the Company and its Subsidiaries operate; (iii) any change in accounting requirements or principles or any change in applicable Laws, rules or regulations or the implementation or interpretation thereof; (iv) the execution and delivery of this Agreement; or (v) any action taken by the Company at Parent’s or Merger Sub’s request or required to be taken by the Company pursuant to this Agreement or any Transaction Documents or (vi) any matters disclosed in the Company Disclosure Schedule but only to the extent the applicability of such disclosure to this definition would be reasonably apparent to a reasonable Person under the circumstances, *provided* that with respect to clauses (ii) and (iii), such conditions or change do not disproportionately affect in any material respect the Company and its Subsidiaries, taken as a whole, as compared to the majority of persons engaged in the same businesses as the Company.

“Company Plan Affiliate” means the Company, any Subsidiary thereof and/or a predecessor of any of them and any other Person who constitutes or has constituted all or part of a controlled group or has been or is under common control with, or whose employees were or are treated as employed by, the Company, any Subsidiary thereof and/or a predecessor of any of them, under Section 414 of the Code or Section 4001 of ERISA.

“Contracts” means, with respect to any Person, any contracts, commitments, purchase orders, sales orders, licenses, leases and other agreements, whether written or oral, to which such Person is a party or by which such Person is bound.

“Current Assets” means the Company’s current assets on a consolidated basis determined in accordance with GAAP applied on a basis consistent with the methodologies, practices, estimation techniques, assumptions and principles used in the preparation of the Latest Balance Sheet, but specifically excluding any deferred Income Tax assets, and any receivables relating to the Lisuride Settlement Agreement.

“Current Liabilities” means the Company’s current liabilities on a consolidated basis determined in accordance with GAAP applied on a basis consistent with the methodologies, practices, estimation techniques, assumptions and principles used in the preparation of the Latest Balance Sheet, but (a) specifically *excluding*: (i) any Permitted Indebtedness, (ii) any severance obligations set forth on Schedule 2, (iii) any Nonpermitted Indebtedness taken into account in determining the Aggregate Initial Consideration Amount, (iv) any Company Expenses taken into account in determining the Aggregate Initial Consideration Amount, (v) any Excess Severance Obligations taken into account in determining the Aggregate Initial Consideration Amount, but (b) specifically *including*: (w) the employer’s portion of payroll taxes relating to any severance obligations set forth on Schedule 2, (x) the employer’s portion of all payroll taxes resulting from the exercise of any Option or Warrant prior to Closing and (y) any Nonpermitted Indebtedness,

Company Expenses, and Excess Severance Obligations (and the employer's portion of the payroll taxes relating thereto), in each case, to the extent not included in the calculation of the Aggregate Initial Consideration Amount.

"Distribution" means any and all activities related to the distribution, marketing, promoting, offering for sale and selling of any Product, including advertising, detailing, educating, planning, promoting, conducting reporting, storing, handling, shipping and communicating with Governmental Authorities and third parties in connection therewith.

"D&O Tail" means the "tail" directors' and officers' liability insurance policy to be purchased by the Company before Closing covering acts or omissions occurring at or prior to the Closing by those Persons who were the directors and officers of the Company prior to the Closing for a period of six (6) years after the Closing, but shall not include any other directors' and officers' liability insurance policy purchased by the Company in the ordinary course of its business.

"Eligible Warrants" means any Warrant for which the exercise price per share is less than the sum of (A) the Per Share Common Initial Cash Consideration and (B) the Per Share Common Escrow Consideration (it being understood that the sum of all Common Escrow Distributions after the Effective Time are to be taken into account in determining whether the exercise price of a Warrant outstanding immediately prior to the Effective Time is less than the sum of (A) and (B)).

"Eligible Optionholder" means an Optionholder with Eligible Options.

"Eligible Options" means any Option for which the exercise price per share is less than the sum of (A) the Per Share Common Initial Cash Consideration and (B) the Per Share Common Escrow Consideration (it being understood that the sum of all Common Escrow Distributions after the Effective Time are to be taken into account in determining whether the exercise price of an Option outstanding immediately prior to the Effective Time is less than the sum of (A) and (B)).

"Employee Benefit Plan" means any of the following (whether written, unwritten or terminated) which the Company or any Subsidiary of the Company sponsors, maintains or contributes to, or with respect to which the Company or any Subsidiary of the Company is obligated to make contributions, or has, or could reasonably be expected to have, any Liability: (i) any employee welfare benefit plan, as defined in Section 3(1) of ERISA, including, but not limited to, any medical plan, life insurance plan, short-term or long-term disability plan, dental plan, or sick leave plan; (ii) any "employee pension benefit plan," as defined in Section 3(2) of ERISA, including, but not limited to, any excess benefit, top hat or deferred compensation plan or any nonqualified deferred compensation or retirement plan or arrangement or any qualified defined contribution or defined benefit plan; or (iii) any other material plan, policy, program, arrangement or agreement which provides employee benefits or benefits to any current or former employee, dependent, beneficiary, director or independent contractor, including, but not limited to, any severance agreement or plan, personnel policy, vacation time, holiday pay, tuition reimbursement program, service award, moving expense reimbursement programs, tool allowance, safety equipment allowance, material fringe benefit plan or program, bonus or

incentive plan, equity appreciation, stock option, restricted stock, stock bonus or deferred bonus or compensation plan, salary reduction, change-of-control or employment agreement or consulting agreement.

“Environmental and Safety Requirements” means any Law or requirement of any applicable Contract that is related to (i) pollution, contamination, cleanup, preservation, protection, reclamation or remediation of the environment, (ii) health or safety, (iii) the Release or threatened Release of or exposure to any Hazardous Material, including investigation, study, assessment, testing, monitoring, containment, removal, remediation, response, cleanup, abatement, prevention, control or regulation of such Release or threatened Release or (iv) the management of any Hazardous Material, including the manufacture, generation, formulation, processing, labeling, use, treatment, handling, storage, disposal, transportation, distribution, re-use, recycling or reclamation of any Hazardous Material; and includes the Comprehensive Environmental Response, Compensation, and Liability Act (42 U.S.C. § 9601 et seq.), the Hazardous Materials Transportation Act (49 U.S.C. § 1801 et seq.), the Resource Conservation and Recovery Act (42 U.S.C. § 6091 et seq.), the Clean Air Act (42 U.S.C. § 7401 et seq.), the Clean Water Act (33 U.S.C. § 7401 et seq.), the Occupational Safety and Health Act (29 U.S.C. § 651 et seq.), the Toxic Substance Control Act (15 U.S.C. § 2601 et seq.) and the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. § 136 et seq.).

“ERISA” means the Employee Retirement Income Security Act of 1974, as amended.

“Escrow Agent” shall have the meaning ascribed to such term in the Escrow Agreement.

“Escrow Agreement” means an escrow agreement, dated as of the date hereof, by and among the Stockholder Representatives, Parent and the Escrow Agent.

“Escrow Amount” means fifteen million three hundred thousand dollars (\$15,300,000).

“Excess Severance Obligations” means (i) any severance, termination or notice obligations or transaction bonus payments or carveout payments to any directors, employees, board observers or independent contractor of the Company or its Subsidiaries listed on Schedule 2 in excess of the amount set forth with respect to such directors, employees, board observers or independent contractors on Schedule 2 and (ii) any severance, termination or notice obligations or transaction bonus payments or carveout payments to any other director, employees, board observers or independent contractor of the Company or its Subsidiary that is not set forth on Schedule 2, including in the case of (i) and (ii) the employer’s portion of the payroll taxes relating to such severance, termination or notice obligations or transaction bonus payments or carveout payments.

“Exchange Agent Agreement” means an exchange agent agreement, dated as of the date hereof, by and among the Stockholder Representatives, the Company and the Exchange Agent.

“FDA” means the United States Food and Drug Administration, and any successor agency thereto.

“Financial Statements” shall have the meaning ascribed to such term in Section 6.6 hereof.

“GAAP” means United States generally accepted accounting principles, consistently applied.

“Governmental Authority” means any court, tribunal, arbitrator, authority, agency, commission, official or other instrumentality of the United States, any foreign country, or any domestic or foreign state, province, county, city or other political subdivision.

“Hazardous Material” means (i) hazardous substances, as defined by the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. §9601 *et seq.*; (ii) hazardous wastes, as defined by the Resource Conservation and Recovery Act, 42 U.S.C. §6901 *et seq.*; (iii) petroleum, including without limitation, crude oil or any fraction thereof which is liquid at standard conditions of temperature and pressure (60 degrees Fahrenheit and 14.7 pounds per square inch absolute); (iv) radioactive material, including, without limitation, any source, special nuclear, or by-product material as defined in 42 U.S.C. §2011 *et seq.*; (v) asbestos that is friable or reasonably likely to become friable; (vi) polychlorinated biphenyls; (vii) microbial matter, biological toxins, mycotoxins, mold or mold spores; and (viii) other material, substance or waste to which liability or standards of conduct may be imposed under any applicable Environmental and Safety Requirements.

“HSR Act” means the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, and the regulations promulgated by the Federal Trade Commission thereunder.

“Income Taxes” means any federal, state, local or foreign tax which is imposed or determined with reference to (i) gross or net income or profits (including, but not limited to, capital gains, franchise, gross receipts or minimum tax but in no event including any sales or use tax, property tax, withholding tax, social security tax, or payroll tax), or (ii) multiple bases, including corporate franchise, gross receipts, net worth, privilege, doing business or occupation taxes, if one of the bases is listed in clause (i), together with any interest and penalties, fines, additions to tax or additional amounts imposed by any tax authority.

“Indebtedness” means, with respect to any Person, (i) all obligations of such Person for borrowed money, whether current or funded, secured or unsecured, but only to the extent that money has been borrowed and is outstanding, (ii) the deferred purchase price of any property or services (other than trade accounts payable arising in the ordinary course of the business of such Person and taken into account in determining the final Net Working Capital Adjustment), (iii) all obligations of such Person created or arising under any conditional sale or other title retention agreement with respect to property acquired by such Person (even though the rights and remedies of the seller or lender under such agreement in the event of a default may be limited to repossession or sale of such property), (iv) all obligations of such Person secured by a purchase money mortgage or other Lien to secure all or part of the purchase price of property subject to such mortgage or Lien, (v) all obligations under leases which GAAP requires to be recorded as capital leases in respect of which such Person is liable as lessee, (vi) any obligation of such Person in respect of bankers’ acceptances or letters of credit, (vii) any obligations secured by Liens (other than Permitted Liens) on property acquired by such Person, whether or not such obligations were assumed by such Person at the time of acquisition of such property, (viii) all obligations of a type referred to in clause (i), (ii), (iii), (iv), (v), (vi) or (vii) above which is directly or indirectly guaranteed by such Person or which it has agreed (contingently or

otherwise) to purchase or otherwise acquire or in respect of which it has otherwise assured a credit against loss, and (ix) any refinancings of any of the foregoing obligations; *provided, however*, that, except with respect to Section 6.3, Section 6.7 and Section 6.9, Indebtedness shall not include any Current Liabilities taken into account in determining the final Net Working Capital Adjustment.

“Law” means the common law of any state, or any provision of any foreign, federal, state or local law, statute, rule, regulation, order, Permit, judgment, injunction, decree or other decision of any Governmental Authority legally binding on the relevant party or its properties.

“Liabilities” means any indebtedness (including, but not limited to, any Indebtedness), liabilities or obligations of any nature (whether accrued, absolute, contingent, direct, indirect, known, unknown, perfected, inchoate, unliquidated or otherwise, whether due or to become due).

“Liens” means any claims, liens, charges, rights, restrictions, options, preemptive rights, mortgages, deeds of trust, hypothecations, assessments, pledges, encumbrances, claims of equitable interest or security interests of any kind or nature whatsoever.

“Lisuride” means any pharmaceutical preparation for administration of human use containing lisuridehydrogenmaleate and lisuride base as an active pharmaceutical ingredient.

“Lisuride Settlement Agreement” means that certain settlement agreement for an in connection with the Development and Commercialization License and Clinical Supply Agreement by and between Axxonis Pharma AG, Berlin and the Company, dated May 7, 2008.

“Manufacturing Requirements” means (i) all applicable formulae, production and packaging specifications with respect to the Products, (ii) all applicable quality control specifications with respect to the Products and (iii) the quality systems and current good manufacturing practices set forth in 21 C.F.R. (Parts 210 and 211 and Parts 600 and 610 (as applicable)), and all applicable directives, regulatory requirements and FDA rules, regulations, guides and guidance promulgated thereunder and their foreign equivalents in the Territory.

“Merrill Lynch Facility” means that certain Credit and Security Agreement, dated July 27, 2007, between Merrill Lynch Capital and the Company.

“NDA” means United States New Drug Application as defined in the FDA Act (and the regulations promulgated thereunder) pursuant to Section 505 of the FDA Act (21 U.S.C. Section 355) and the regulations promulgated thereunder for approval to market a pharmaceutical drug or product in the United States (including, where applicable, applications for pricing and reimbursement approval).

“NDA Approval” means FDA approval for Tetrabenazine for the treatment of chorea associated with Huntington’s Disease as received by the Company in letter NDA #21-894 dated August 15, 2008 from the FDA describing the terms of the approval and the ongoing obligations of the Company (including the Phase IV conditions set forth thereon) and the FDA approval packaging, labeling and package insert.

“Net Working Capital Adjustment” shall have the meaning ascribed to such term in Section 3.6(b) of this Agreement.

“Net Working Capital Amount” means the amount, if any, by which the Current Assets of the Company and its Subsidiaries on a consolidated basis as of the close of the Business Day immediately preceding the Closing Date exceeds or is less than the Current Liabilities of the Company and its Subsidiaries on a consolidated basis as of the close of the Business Day on the Business Day immediately preceding the Closing Date, as determined in accordance with GAAP and Section 3.6 hereof.

“Nonpermitted Indebtedness” means all Indebtedness of the Company or any of its Subsidiaries other than the Permitted Indebtedness, including but not limited to (i) the aggregate amount of principal and interest outstanding under the Merrill Lynch Facility in excess of the Permitted Indebtedness, and (ii) any prepayment penalty that would be due upon payment of the Merrill Lynch Facility in full as of the Closing.

“Number of Fully-Diluted Common Shares Outstanding” means the sum of (1) the aggregate number of shares of Company Common Stock outstanding as of the Effective Time plus (2) the aggregate number of shares of Company Common Stock issuable as of the Effective Time (i) upon conversion of all shares of Company Preferred Stock outstanding as of the Effective Time, (ii) upon exercise of all Eligible Warrants outstanding as of the Effective Time and (iii) upon exercise of all Eligible Options outstanding as of the Effective Time. For purposes of clarity, the parties acknowledge and agree that the Number of Fully-Diluted Common Shares Outstanding is set forth on the Aggregate Consideration Allocation Schedule.

“Option Notice” means that certain Option notice delivered in connection with the Transactions prior to the execution of this Agreement to the holders of all Options pursuant to Section 11(c) of the Option Plan, in substantially the form approved by Parent.

“Option Plan” means the Company’s 2003 Equity Incentive Plan, as amended through the date hereof.

“Optionholder” means a holder of Options.

“Options” means the options to purchase Company Capital Stock pursuant to the Option Plan.

“Party” means any party to this Agreement.

“Per Share Common Initial Cash Consideration” means an amount equal to the greater of (x) zero and (y) the quotient of (I) the Aggregate Initial Consideration Amount minus the Adjusted Aggregate Preferred Liquidation Preference, divided by (II) the Number of Fully-Diluted Common Shares Outstanding. For purposes of clarity, the parties acknowledge and agree that the Per Share Common Initial Cash Consideration is set forth on the Aggregate Consideration Allocation Schedule.

“Per Share Common Escrow Consideration” means an amount equal to the greater of (x) zero and (y) the quotient of (I) the Aggregate Common Escrow Consideration, divided by (II) the

Number of Fully-Diluted Common Shares Outstanding. For purposes of clarity, the parties acknowledge and agree that the Per Share Common Escrow Consideration is set forth on the Aggregate Consideration Allocation Schedule.

“Per Share Series A Initial Cash Consideration” means, for each share of Company Series A Preferred Stock that is outstanding immediately prior to the Effective Time, an amount equal to the Series Preferred Liquidation Preference (as defined in the Amended and Restated Certificate of Incorporation after pro rata deduction for the Excess Severance Obligations) of such share, unless the Aggregate Initial Consideration Amount is less than the Adjusted Aggregate Preferred Liquidation Preference, in which case the Per Share Series A Initial Cash Consideration shall be the product of the Aggregate Initial Consideration Amount multiplied by a fraction, the numerator of which is the Series Preferred Liquidation Preference (as defined in the Amended and Restated Certificate of Incorporation after pro rata deduction for the Excess Severance Obligations) of such share and the denominator of which is the Aggregate Preferred Liquidation Preference. For purposes of clarity, the parties acknowledge and agree that the Per Share Series A Initial Cash Consideration is set forth on the Aggregate Consideration Allocation Schedule.

“Per Share Series A Escrow Consideration” means an amount equal to the greater of (x) zero and (y) the Series Preferred Liquidation Preference (as defined in the Amended and Restated Certificate of Incorporation after pro rata deduction for the Excess Severance Obligations) for a share of Company Series A Preferred Stock minus the Per Share Series A Initial Cash Consideration. For purposes of clarity, the parties acknowledge and agree that the Per Share Series A Escrow Consideration is set forth on the Aggregate Consideration Allocation Schedule.

“Per Share Series B Initial Cash Consideration” means, for each share of Company Series B Preferred Stock that is outstanding immediately prior to the Effective Time, an amount equal to the Series Preferred Liquidation Preference (as defined in the Amended and Restated Certificate of Incorporation after pro rata deduction for the Excess Severance Obligations) of such share, unless the Aggregate Initial Consideration Amount is less than the Adjusted Aggregate Preferred Liquidation Preference, in which case the Per Share Series B Initial Cash Consideration shall be the product of the Aggregate Initial Consideration Amount multiplied by a fraction, the numerator of which is the Series Preferred Liquidation Preference (as defined in the Amended and Restated Certificate of Incorporation) and the denominator of which is the Adjusted Aggregate Preferred Liquidation Preference. For purposes of clarity, the parties acknowledge and agree that the Per Share Series B Initial Cash Consideration is set forth on the Aggregate Consideration Allocation Schedule.

“Per Share Series B Escrow Consideration” means an amount equal to the greater of (x) zero and (y) the Series Preferred Liquidation Preference (as defined in the Amended and Restated Certificate of Incorporation after pro rata deduction for the Excess Severance Obligations) for a share of Company Series B Preferred Stock minus the Per Share Series B Initial Cash Consideration. For purposes of clarity, the parties acknowledge and agree that the Per Share Series B Escrow Consideration is set forth on the Aggregate Consideration Allocation Schedule.

“Per Share Series C Initial Cash Consideration” means, for each share of Company Series C Preferred Stock that is outstanding immediately prior to the Effective Time, an amount equal to the Series Preferred Liquidation Preference (as defined in the Amended and Restated Certificate of Incorporation of the Company after pro rata deduction for the Excess Severance Obligations) of such share, unless the Aggregate Initial Consideration Amount is less than the Adjusted Aggregate Preferred Liquidation Preference, in which case the Per Share Series C Initial Cash Consideration shall be the product of the Aggregate Initial Consideration Amount multiplied by a fraction, the numerator of which is the Series Preferred Liquidation Preference (as defined in the Amended and Restated Certificate of Incorporation) for such share and the denominator of which is the Adjusted Aggregate Preferred Liquidation Preference. For purposes of clarity, the parties acknowledge and agree that the Per Share Series C Initial Cash Consideration is set forth on the Aggregate Consideration Allocation Schedule.

“Per Share Series C Escrow Consideration” means an amount equal to the greater of (x) zero and (y) the Series Preferred Liquidation Preference (as defined in the Amended and Restated Certificate of Incorporation after pro rata deduction for the Excess Severance Obligations) for a share of Company Series C Preferred Stock minus the Per Share Series C Initial Cash Consideration. For purposes of clarity, the parties acknowledge and agree that the Per Share Series C Escrow Consideration is set forth on the Aggregate Consideration Allocation Schedule.

“Permit” or “Permits” means all permits, licenses, certifications, approvals, consents and authorizations by or of, or registrations or filings with, any Governmental Authority, other than a Regulatory Health Authority.

“Permitted Indebtedness” means the aggregate amount of principal and interest outstanding under the Merrill Lynch Facility as of the Closing and any prepayment penalty that would be due upon payment of the Merrill Lynch Facility in full as of the Closing; provided that in no event shall the Permitted Indebtedness exceed \$9,300,000.

“Permitted Liens” means any (i) inchoate mechanics’, carriers’, workers’, contractor’s repairman’s, and other similar Liens arising in the ordinary course of business that are not delinquent and that in the aggregate are not material in amount and do not interfere with the present use of the assets to which they apply; (ii) inchoate Liens for current Taxes and assessments not yet due and payable; or (iii) Liens set forth on Schedule 6.3 of the Company Disclosure Schedule attached hereto; *provided, however*, that if any inchoate Lien described in clause (i) or (ii) above becomes a choate Lien (and, with respect to (ii), such Taxes exceed the amount specifically accrued or reserved therefor on the Closing Balance Sheet as finally determined pursuant to Section 3.5, other than accrual or reserve for deferred Taxes established to reflect timing differences between book and Tax income), the cost of removing such Lien shall be deemed a Current Liability.

“Person” means any individual, sole proprietorship, general partnership, limited partnership, limited liability company, joint venture, trust, unincorporated association, corporation, entity or Governmental Authority.

“Preferred Escrow Distribution” means any distribution to the Stockholders and Warrantholders from the Escrow Account pursuant to the Escrow Agreement that are not Common Escrow Distributions.

“Products” means all dosage forms, formulations, strengths, package sizes and types of Tetrabenazine and Lisuride pharmaceutical products (whether branded or generic) for administration of human use of the Company and its Subsidiaries.

“Proprietary Rights” means (i) all inventions (whether patentable or unpatentable and whether or not reduced to practice), all improvements thereto, and all patents, patent applications, and patent disclosures, together with all reissuances, continuations, continuations in part, revisions, extensions, and reexaminations thereof, (ii) all trademarks, service marks, trade dress, logos, domain names, trade names, and corporate names, together with all translations, adaptations, derivations, and combinations thereof and including all goodwill associated therewith, and all applications, registrations, and renewals in connection therewith, (iii) all copyrightable works, all copyrights (both statutory and common law), and all applications, registrations, and renewals in connection therewith, (iv) all regulatory exclusivity rights, (v) all trade secrets and confidential business information (including ideas, research and development, know-how, templates, formulas, algorithms, compositions, production and business processes and techniques, technical data, designs, drawings, specifications, customer and supplier lists, pricing and cost information, and business and marketing plans and proposals), (vi) the percentages and specifications of ingredients, the manufacturing processes, specifications, technology, quality control and testing procedures used or held for use in connection with the manufacture, the formulation, testing and packaging of the Product (or the active pharmaceutical ingredients used therein) for sale, marketing, distribution, or use in the Territory, (vii) product specifications, processes, product designs, plans, trade secrets, ideas, concepts, inventions, patents, patent applications, manufacturing, engineering and other manuals and drawings, SOPs, PLCs, flow diagrams, chemical, pharmacological, toxicological, pharmaceutical, physical and analytical, safety, quality assurance, quality control and clinical data, technical information, data, research records, all promotional literature, supplier lists and similar data and information, and all other confidential or proprietary technical and business information relating to, used or held for use exclusively in connection with the Products (including, but not limited to, any license or other rights, whether as a licensor, a licensee, or otherwise relating thereto) or the active pharmaceutical ingredients used therein, (viii) all other proprietary rights, and (ix) all copies and tangible embodiments thereof (in whatever form or medium).

“Registrations” means the regulatory approvals, authorizations, licenses, applications, agreements, Permits, Investigational New Drug Applications, MAAs, NDAs, Marketing Applications, Orphan Drug Applications and other permissions held by the Company or a Subsidiary of the Company relating primarily or exclusively to any Product issued or to be issued by Governmental Authorities in the Territory, as set forth on Schedule 6.22.

“Regulatory Health Authority” means any Governmental Authority in the Territory that is concerned with the safety, efficacy, reliability, manufacture, investigation, sale or marketing of pharmaceuticals, medical products, biologics or biopharmaceuticals, including the FDA.

“Release” means any releasing, spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, disposing or dumping into the indoor or outdoor environment.

“Securities Act” means the Securities Act of 1933, as amended.

“Stockholders” means the holders of Company Capital Stock as of the Effective Time.

“Subsidiary” means, with respect to any Person, any corporation, partnership, limited liability company, association or other entity of which securities or other equity interests representing more than fifty percent (50%) of the ordinary voting power are, at the time as of which any determination is being made, owned or controlled by such Person or one or more Subsidiaries of such Person or by such Person and one or more Subsidiaries of such Person.

“Tax” means any federal, state, local or foreign income, gross receipts, franchise, estimated, alternative minimum, add-on minimum, sales, use, transfer, registration, value added, excise, natural resources, severance, stamp, occupation, premium, windfall profit, environmental, customs, duties, real property, personal property, escheat, abandoned property, capital stock, social security, unemployment, disability, payroll, license, employee or other withholding, or other tax, of any kind whatsoever, including any interest, penalties or additions to tax or additional amounts in respect of the foregoing; the foregoing shall include any transferee or secondary liability for a Tax and any liability for a Tax assumed by agreement or arising as a result of being (or ceasing to be) a member of any Affiliated Group (or being included or required to be included) in any Tax Returns relating thereto.

“Tax Returns” means returns, declarations, reports, claims for refund, information returns or other documents (including any related or supporting schedules, statements or information) filed or required to be filed with a Tax authority in connection with the determination, assessment or collection of any Taxes of any party or the administration of any Laws or administrative requirements relating to any Taxes.

“Territory” means the United States of America and Canada.

“Tetrabenazine” means all dosage forms, formulations, strengths and package sizes (whether branded or generic) of the pharmaceutical product for administration for human use containing tetrabenazine as an active pharmaceutical ingredient to be commercialized in the United States under the brand name Xenazine® (NDA # 21,894) and commercialized in Canada under the brand name Nitoman®.

“Transaction Documents” means this Agreement, the Escrow Agreement and the other agreements, documents, certificates and instruments being delivered pursuant to or specifically contemplated by this Agreement.

“Transactions” means the Merger and all of the transactions contemplated by the Transaction Documents, including the Redemption.

“Transfer Tax” means any stamp or other sales, transfer, use, value added, registration, documentary, excise or similar transaction Tax or fee imposed under the Laws of the United

States or any state, country or municipality or other subdivision thereof or of any foreign jurisdiction, arising as a result of the consummation of the Merger, including any penalties and interest thereon.

“Warrantholder” means a holder of a Warrant.

“Warrants” means the warrants to purchase Company Capital Stock outstanding as of the Effective Time.

**ARTICLE 2**  
**THE MERGER**

**2.1      The Merger.** Upon the terms of this Agreement and subject to the conditions set forth in this Agreement, and in accordance with the DGCL, at the Effective Time (as defined in Section 2.2), Merger Sub shall be merged with and into the Company. As a result of the Merger, the separate corporate existence of Merger Sub shall cease, and the Company shall continue as the surviving corporation of the Merger (the “Surviving Corporation”).

**2.2      Effective Time; Closing.** On the Closing Date, subject to the satisfaction or, if permissible, waiver of the conditions set forth in Article 8, the Parties shall cause the Merger to be consummated by (i) filing a certificate of merger (the “Certificate of Merger”) with the Secretary of State of the State of Delaware in such form as is required by, and executed in accordance with, the relevant provisions of the DGCL and (ii) making all other filings and recordings required under the DGCL. The term “Effective Time” means the date and time of the filing of the Certificate of Merger.

**2.3      Effect of the Merger.** At and after the Effective Time, the Merger shall have the effects as set forth in this Agreement and the applicable provisions of the DGCL. Without limiting the generality of the foregoing, and subject thereto, at the Effective Time, all the property, rights, privileges, powers and franchises of each of the Company and Merger Sub shall vest in the Surviving Corporation, and all debts, liabilities, obligations, restrictions, disabilities and duties of each of the Company and Merger Sub shall become the debts, liabilities, obligations, restrictions, disabilities and duties of the Surviving Corporation.

**2.4      Certificate of Incorporation; Bylaws.**

(a) At the Effective Time, by virtue of the Merger and without any action on the part of Merger Sub or the Company, the Certificate of Incorporation of the Company as in effect immediately prior to the Effective Time shall be amended to read in its entirety as set forth in Exhibit D, and as so amended shall be the Certificate of Incorporation of the Surviving Corporation, until thereafter amended, restated, repealed or otherwise modified in accordance with the DGCL and the Certificate of Incorporation of the Surviving Corporation.

(b) At the Effective Time, by virtue of the Merger and without any action on the part of Merger Sub or the Company, the Bylaws of Merger Sub, as in effect immediately prior to the Effective Time, shall be the Bylaws of the Surviving Corporation, until thereafter amended, restated, repealed or otherwise modified in accordance with DGCL, the Certificate of Incorporation of the Surviving Corporation and such Bylaws, except that all references to Merger

Sub in the Bylaws of the Surviving Corporation shall be changed to refer to Prestwick Pharmaceuticals, Inc.

2.5 Directors and Officers. The directors of Merger Sub immediately prior to the Effective Time shall be the initial directors of the Surviving Corporation, in each case until their respective successors are duly elected or appointed and qualified or their earlier death, resignation or removal, and the officers of Merger Sub immediately prior to the Effective Time shall be the initial officers of the Surviving Corporation, in each case until their respective successors are duly elected or appointed and qualified or their earlier death, resignation or removal.

**ARTICLE 3**  
**MERGER CONSIDERATION, EXCHANGE OF CERTIFICATES**

3.1 Conversion of Shares. At the Effective Time, by virtue of the Merger and without any action on the part of Parent, Merger Sub, the Company or the holders of any of the following securities:

(a) each share of Company Common Stock issued and outstanding immediately prior to the Effective Time (other than any shares of Company Common Stock to be canceled pursuant to Section 3.1(e) and any Dissenting Shares (as defined in Section 3.5)) shall be converted into the right to receive an amount of cash equal to the sum of (i) the Per Share Common Initial Cash Consideration, if any, and (ii) a pro rata portion of any Common Escrow Distribution, if any, determined by multiplying the amount of such Common Escrow Distribution by a fraction, the numerator of which is the Per Share Common Escrow Consideration and the denominator of which is the Aggregate Common Escrow Consideration;

(b) each share of Company Series A Preferred Stock issued and outstanding immediately prior to the Effective Time (other than any shares of Company Series A Preferred Stock to be canceled pursuant to Section 3.1(e) and any Dissenting Shares) shall be converted into the right to receive an amount of cash equal to the sum of (i) the Per Share Series A Initial Cash Consideration, (ii) the product of the Per Share Common Initial Cash Consideration, if any, multiplied by the number of shares of Company Common Stock into which such share of Company Series A Preferred Stock was convertible as of immediately prior to the Effective Time, (iii) a pro rata portion of any Preferred Escrow Distribution, if any, determined by multiplying the amount of such Preferred Escrow Distribution by a fraction, the numerator of which is the Per Share Series A Escrow Consideration and the denominator of which is the Aggregate Preferred Escrow Consideration, and (iv) a pro rata portion of any Common Escrow Distribution, if any, determined by multiplying the amount of such Common Escrow Distribution by a fraction, the numerator of which is the product of the Per Share Common Escrow Consideration, multiplied by the number of shares of Company Common Stock into which such share of Company Series A Preferred Stock was convertible as of immediately prior to the Effective Time, and the denominator of which is the Aggregate Common Escrow Consideration;

(c) each share of Company Series B Preferred Stock issued and outstanding immediately prior to the Effective Time (other than any shares of Company Series B Preferred Stock to be canceled pursuant to Section 3.1(e) and any Dissenting Shares) shall be converted

into the right to receive an amount of cash equal to the sum of (i) the Per Share Series B Initial Cash Consideration, (ii) the product of the Per Share Common Initial Cash Consideration, if any, multiplied by the number of shares of Company Common Stock into which such shares of Company Series B Preferred Stock was convertible as of immediately prior to the Effective Time, (iii) a pro rata portion of any Preferred Escrow Distribution, if any, determined by multiplying the amount of such Preferred Escrow Distribution by a fraction, the numerator of which is the Per Share Series B Escrow Consideration and the denominator of which is the Aggregate Preferred Escrow Consideration, and (iv) a pro rata portion of any Common Escrow Distribution, if any, determined by multiplying the amount of such Common Escrow Distribution by a fraction, the numerator of which is the product of the Per Share Common Escrow Consideration, multiplied by the number of shares of Company Common Stock into which such share of Company Series B Preferred Stock was convertible as of immediately prior to the Effective Time, and the denominator of which is the Aggregate Common Escrow Consideration;

(d) each share of Company Series C Preferred Stock issued and outstanding immediately prior to the Effective Time (other than any shares of Company Series C Preferred Stock to be canceled pursuant to Section 3.1(e) and any Dissenting Shares) shall be converted into the right to receive an amount of cash equal to the sum of (i) the Per Share Series C initial Cash Consideration, (ii) the product of the Per Share Common Initial Cash Consideration, if any, multiplied by the number of shares of Company Common Stock into which such share of Company Series C Preferred Stock was convertible as of immediately prior to the Effective Time, (iii) a pro rata portion of any Preferred Escrow Distribution, if any, determined by multiplying the amount of such Preferred Escrow Distribution by a fraction, the numerator of which is the Per Share Series C Escrow Consideration and the denominator of which is the Aggregate Preferred Escrow Consideration, and (iv) a pro rata portion of any Common Escrow Distribution, if any, determined by multiplying the amount of such common Escrow Distribution by a fraction, the numerator of which is the product of the Per Share Common Escrow Consideration, multiplied by the number of shares of Company Common Stock into which such share of Company Series C Preferred Stock was convertible as of immediately prior to the Effective Time, and the denominator of which is the Aggregate Common Escrow Consideration

(e) each share of Company Capital Stock held in the treasury of the Company immediately prior to the Effective Time shall be canceled and extinguished without any conversion thereof and no payment or distribution shall be made with respect thereto;

(f) each share of common stock, par value \$0.001 per share, of Merger Sub issued and outstanding immediately prior to the Effective Time shall be converted into one validly issued, fully paid and nonassessable share of common stock, par value \$0.001 per share, of the Surviving Corporation. The stock certificate evidencing shares of common stock of Merger Sub shall then evidence ownership of the outstanding shares of common stock of the Surviving Corporation;

(g) each Warrant outstanding immediately prior to the Effective Time shall, pursuant to the terms of such Warrant, be canceled in exchange for the right to receive (i) an amount of cash equal to the product of (A) the number of shares of Company Common Stock issuable upon exercise of such Warrant and (B) the difference between the Per Share Common Initial Cash Consideration, if any, minus the per share exercise price of such Warrant and (ii) a

pro rata portion of any Common Escrow Distribution, if any, determined by multiplying the amount of such Common Escrow Distribution by a fraction, the numerator of which is the product of the difference between the Per Share Common Escrow Consideration and the per share exercise price of such Warrant (solely to the extent such exercise price was not taken into account in calculating the amount payable pursuant to clause (i) above), multiplied by the number of shares of Company Common Stock into which such Warrant is then convertible as of immediately prior to the Effective Time, and the denominator of which is the Aggregate Common Escrow Consideration (provided that if such calculation results in a negative number, the lump sum cash payment shall be deemed to be \$0); and

(h) each Eligible Option outstanding immediately prior to the Effective Time shall, pursuant to the terms of such Eligible Options, be converted into the right to receive an amount of cash equal to (i) the product of (A) the number of shares of Company Common Stock issuable upon exercise of such Eligible Option and (B) the difference between the Per Share Common Initial Cash Consideration, if any, minus the per share exercise price of such Eligible Option and (ii) the right to receive a pro rata portion of any Common Escrow Distribution, if any, determined by multiplying the amount of such Common Escrow Distribution by a fraction, the numerator of which is the product of the difference between the Per Share Common Escrow Consideration and the per share exercise price of such Eligible Option (solely to the extent such exercise price was not taken into account in calculating the amount payable pursuant to clause (i) above), multiplied by the number of shares of Company Common Stock into which such Eligible Option is then convertible as of immediately prior to the Effective Time, and the denominator of which is the Aggregate Common Escrow Consideration (provided that if such calculation results in a negative number, the cash payment shall be deemed to be \$0). As of the Effective Time, all Options shall be cancelled pursuant to the terms of such Options without payment of any consideration thereon other than as provided in this Section 3.1(h).

(i) It is acknowledged that pursuant to Section 1(b)(iv) of the Redemption Agreement, at the time of any Preferred Escrow Distribution, holders of Company Preferred Stock that were redeemed in the Redemption shall have the right, pursuant to Section 1(b)(iv) of the Redemption Agreement, to receive out of the Escrow Account an amount of up to the amount listed, for each series of Company Preferred Stock so redeemed, as set forth on Schedule 2 to the Redemption Agreement, on a pro rata basis based on the number of shares of Company Preferred Stock outstanding as of immediately prior to the Redemption. The other provisions of this Agreement related to the relative amounts of Preferred Escrow Distributions payable to holders of Company Preferred Stock are hereby adjusted to give effect to this right.

For purposes of calculating the amount of cash payable to each Stockholder, Warrantholder and Eligible Optionholder pursuant to this Section 3.1, all shares of Company Capital Stock held by such Stockholder, all Eligible Warrants held by such Warrantholder and all Eligible Options held by such Eligible Optionholder pursuant to this Section 3.1 shall be aggregated, and the aggregate amount of cash payable to such Stockholder shall be rounded (up or down) to the nearest whole cent. Notwithstanding anything in this Agreement to the contrary, the aggregate amount paid to the Stockholders, Warrantholders and Optionholders with respect to all Company Capital Stock, Warrants and Options shall not exceed (A) the sum of (i) the Aggregate Initial Consideration Amount, (ii) the aggregate amount of all Preferred Escrow

Distributions and Common Escrow Distributions, minus (B) the aggregate amounts that would be payable with respect to all Dissenting Shares if such shares were not Dissenting Shares.

**3.2 Exchange Fund.** At Closing, Parent will pay in trust to the Exchange Agent (as defined below) for the benefit of each Stockholder, Warrantholder or Eligible Optionholder (the “Exchange Fund”), by wire transfer of immediately available funds, the Aggregate Initial Consideration Amount set forth on the Aggregate Consideration Allocation Schedule.

**3.3 Surrender of Certificates and Warrant Agreements**

(a) **Letter of Transmittal.** Parent has engaged JP Morgan Exchange Services, as exchange agent (the “Exchange Agent”), on terms and conditions as set forth in the Exchange Agent Agreement. On the Closing Date, Parent will instruct the Exchange Agent to deliver to each Stockholder, Warrantholder and Eligible Optionholder, as the case may be, a letter of transmittal (the “Letter of Transmittal”), in the form attached hereto as Exhibit B, with respect to the certificates representing Company Capital Stock (the “Certificates”) and the original Warrants issued to the Warrantholders (the “Warrant Agreements”), respectively. Parent shall instruct the Exchange Agent to deliver promptly upon receipt of an executed Letter of Transmittal and Certificates or Warrant Agreements from such Stockholder, Warrantholder or Eligible Optionholder, without interest, the consideration payable in respect of such shares of Company Capital Stock, Warrants or Options, as the case may be, and the Certificates or Warrant Agreements so surrendered, shall forthwith be canceled. Until so surrendered as contemplated by this Article 3, each outstanding Certificate or Warrant Agreement shall, subject to appraisal rights under the DGCL and Section 3.5, be deemed at any time after the Effective Time to represent only the right to receive the consideration payable in respect of such shares of Company Capital Stock, Warrant or Option, as the case may be, in accordance with this Agreement, and until such Certificate or Warrant Agreement is surrendered along with a properly executed Letter of Transmittal, no consideration shall be payable for such shares of Company Capital Stock, Warrant or Option.

(b) **Payments with respect to Unsurrendered Shares and Warrants; No Liability.** Any portion of the Exchange Fund which remains undistributed to the Stockholders, Warrantholders and Eligible Optionholders for one hundred eighty (180) calendar days after the Closing shall be delivered to Parent, upon demand, and any Stockholder, Warrantholder or Eligible Optionholder who has not thereto complied with this Section 3.3 shall thereafter look only to Parent and the Surviving Corporation for, and Parent and the Surviving Corporation shall remain jointly and severally liable for, payment of their claim for the consideration, provided, however, until the remaining Exchange Fund is delivered to Parent, any Stockholder, Warrantholder or Eligible Optionholder’s remedy for any claim for any portion of such undistributed funds shall be against the Exchange Agent and not against Parent or the Company and neither Parent nor the Company shall have any liability for such undistributed funds prior to delivery of such funds to Parent from the Exchange Agent. Notwithstanding the foregoing, neither Parent nor the Surviving Corporation shall be liable to any Stockholder, Warrantholder or Eligible Optionholder for any consideration delivered by Parent in respect of such share of Company Capital Stock, Warrant or Option to a public official in compliance with any abandoned property, escheat or other similar Law

(c) Transfers of Ownership. If the payment of the consideration payable in respect of shares of Company Capital Stock or Warrants in accordance with Section 3.1 is to be paid to a Person other than the Person in whose name the Certificates or Warrant Agreements surrendered in exchange therefor are registered, it will be a condition of payment that the Certificates or Warrant Agreements so surrendered be properly endorsed (or accompanied by an appropriate instrument of transfer) and otherwise in proper form for transfer (excluding any medallion guarantee), and that the Persons requesting such payment will have paid any transfer or other Taxes required by reason of the payment of such consideration to a Person other than the registered holder of the Certificates or Warrant Agreements surrendered, or established to the reasonable satisfaction of Parent or any agent designated by it that such Tax is not applicable.

(d) Withholding for Payment of Taxes. Parent and the Surviving Corporation shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement such amounts as it is required to deduct and withhold with respect to the making of such payment under the Code, or any provision of state, local or foreign Tax Law. To the extent that amounts are so withheld by the Exchange Agent, Parent or the Surviving Corporation, as the case may be, and paid over to the proper Governmental Authority, such withheld and paid amounts shall be treated for all purposes of this Agreement as having been paid to the Person in respect of which such deduction and withholding were made by Parent or the Surviving Corporation, as the case may be. The Exchange Agent, Parent or the Surviving Corporation, as the case may be, shall give written notice to each such holder of any such withholding, and shall further promptly provide any such Person any additional documentation required for such Person's Tax filings, as may be reasonably be requested by such Person.

(e) Lost, Stolen or Destroyed Certificates or Warrant Agreements. In the event that any Certificates or Warrant Agreements shall have been lost, stolen or destroyed, the Exchange Agent, Parent or the Surviving Corporation, as the case may be, shall pay in exchange for such lost, stolen or destroyed Certificates or Warrant Agreements, upon the making of an affidavit of that fact by the holder thereof, in addition to an indemnity and bond reasonably acceptable to the Company, the consideration payable in respect of such shares of Company Capital Stock or Warrants in accordance with Section 3.1.

(f) Investment of Exchange Fund. The Exchange Agent shall invest the cash in the Exchange Fund as reasonably directed by Parent and approved by the Stockholder Representatives. Any interest and other income resulting from such investments shall be paid to Parent.

### **3.4** Aggregate Consideration Allocation Schedule.

(a) Attached hereto as Schedule 3 is a schedule prepared by the Company and certified and signed on behalf of the Company by an executive officer of the Company (the "Aggregate Consideration Allocation Schedule") that (i) lists all of the Stockholders, Warrantholders and Eligible Optionholders of record immediately prior to the Effective Time, (ii) reflects, as determined pursuant to the Amended and Restated Certificate of Incorporation of the Company immediately prior to the Effective Time and this Agreement, the Aggregate Initial Consideration Amount (and all components in calculating thereof) payable to each such Stockholder, Warrantholder or Eligible Optionholder and the Per Share Common Escrow

Consideration, Per Share Series A Escrow Consideration, Per Share Series B Escrow Consideration and Per Share Series C Escrow Consideration with respect to each Stockholder, Warrantholder and Eligible Optionholder.

(b) The Company and its Subsidiaries hereby acknowledge and agree that (x) Parent, Merger Sub and the Surviving Corporation are entitled to rely solely on the accuracy of the Aggregate Consideration Allocation Schedule, (y) neither Parent, Merger Sub nor the Surviving Corporation shall have any responsibility for any mistakes or errors in the calculation or miscalculation of the amount of consideration paid to any Stockholder, Warrantholder or Eligible Optionholder in reliance on the Aggregate Consideration Allocation Schedule or as a result thereof and (z) that no Stockholder, Warrantholder or Eligible Optionholder shall have any recourse against Parent, Merger Sub or the Surviving Corporation for any such mistake or error in the Aggregate Consideration Allocation Schedule or any payments made in reliance thereon.

**3.5 Dissenting Shares.** Notwithstanding any provision of this Agreement to the contrary, each issued and outstanding share of Company Capital Stock that is held by a Person who has not voted in favor of the Merger or consented thereto in writing or executed an enforceable waiver of appraisal rights to the extent permitted by applicable Law and, in the case of any Person required to have exercised appraisal rights under Section 262 of the DGCL as of the Effective Time in order to preserve such rights, with respect to which appraisal rights under the DGCL have been properly exercised, shall not be converted into the right to receive any portion of the Aggregate Initial Consideration Amount or the Escrow Amount and shall be converted into the right to receive payment of the fair value of such Dissenting Shares from the Surviving Corporation with respect thereto as provided by the DGCL (and, at the Effective Time, such Dissenting Shares shall no longer be outstanding and shall automatically be canceled and shall cease to exist, and such holder of Dissenting Shares shall cease to have any rights with respect thereto, except the right to receive the fair value of such Dissenting Shares as provided by the DGCL), unless and until the holder of any such share shall have failed to perfect or shall have effectively withdrawn or lost his, her or its right to appraisal and payment under the DGCL, in which case such share shall thereupon be deemed, as of the Effective Time, to have been converted into and exchangeable for the right to receive, upon surrender of such Certificate (unless Section 3.3(e) has been complied with) and delivery of a Letter of Transmittal in accordance with this Article 3, without interest, in accordance with this Agreement, the amount into which shares are converted pursuant to Section 3.1. From and after the Effective Time, no Stockholder who has demanded appraisal rights shall be entitled to vote his, her or its shares of Company Capital Stock for any purpose or to receive payment of dividends or other distributions on his, her or its shares. Any shares of Company Capital Stock for which appraisal rights have been properly exercised, and not subsequently withdrawn, lost or failed to be perfected, are referred to herein as the “Dissenting Shares.” The defense of any claim related to the appraisal of Company Capital Stock with respect to the Merger and with respect to any holder of Dissenting Shares (a “Dissenters Rights Claim”) shall be controlled exclusively by the Parent, subject to regular written notice to the Stockholders or the Stockholders Representative, and subject to acting reasonably and in good faith. All legal fees, costs, valuations or any other expenses of any kind whatsoever incurred by or paid by the Company and its Subsidiaries in connection with the defense, settlement or other disposition of any Dissenters Rights Claim to the extent related to such Dissenters Rights Claim, and any and all amounts paid as a judgment or settlement or any other proceeding with respect to such Dissenters Rights Claim to the extent

amounts paid in such judgment or settlement exceed the consideration otherwise payable in respect of such shares under this Agreement shall be paid one-half by the Parent and one-half from the Escrow Amount. If the Parent reasonably and actually incurs any costs in connection with a Dissenters Rights Claim, it shall submit a detailed calculation and description of such amounts to the Stockholder Representatives and within ten (10) Business Days of the receipt of such notice, the Stockholder Representatives and Parent shall cause a Joint Direction (as defined in the Escrow Agreement) to be delivered pursuant to the Escrow Agreement, which Joint Direction shall direct the Escrow Agent to make a payment of fifty percent (50%) of the amount of such costs out of the Escrow Account, and Parent shall concurrently pay fifty percent (50%) of the amount of such costs. In the event Parent receives any reimbursement recovery or credit for any such costs which were actually paid, fifty percent (50%) of such amount shall be paid by Parent into the Escrow Account.

### **3.6      Escrow and Net Working Capital Adjustment.**

(a)      At Closing, Parent shall deliver to the Escrow Agent, by wire transfer of immediately available funds, an aggregate amount equal to the Escrow Amount to be held in an escrow account and disbursed in the manner set forth in the Escrow Agreement, which shall provide that fifty percent (50%) of the Escrow Amount, less (i) any payments paid out of the Escrow during the first twelve (12) months and (ii) Parent's reasonable estimate of the maximum aggregate amount of all pending claims against the Escrow Amount, subject to the procedural requirements of the Escrow Agreement, shall be paid to the Exchange Agent for payment to the Stockholders, Warrantholders and Eligible Optionholders in accordance with the Letters of Transmittal twelve (12) months after Closing and the balance of such funds shall be paid to Exchange Agent for payment to the Stockholders, Warrantholders and Eligible Optionholders in accordance with the Letters of Transmittal eighteen (18) months after the Closing less the total amount of any pending claims. The Parties hereto agree that Parent shall be treated as the owner of the Escrow Amount, all interest and other income earned on the Escrow Account shall be reported as taxable income of Parent, and no Stockholder, Warrantholder or Eligible Optionholder shall be treated for Tax purposes as having received any of the Escrow Amount, in each case, except to the extent and until such amount is actually disbursed to the Stockholders, Warrantholder or Eligible Optionholder in accordance with the Escrow Agreement. Except as otherwise required by law, the Parties hereto shall file applicable Tax forms consistent with such treatment. Any disputes relating to the distribution of the Escrow Amount shall be subject to the dispute resolution provisions set forth in the Escrow Agreement. Any distribution of the Escrow Amount to the Stockholders, Warrantholders and Eligible Optionholders shall be done in accordance with instructions (including allocation instructions) provided to the Escrow Agent by the Stockholder Representatives. None of Parent, Merger Sub or the Surviving Corporation shall have any Liability to any Stockholder, Warrantholder and Eligible Optionholder with respect to such allocation of the Escrow Amount.

(b)      Determination of Adjustment Amount. The Parties hereto have agreed that the “Net Working Capital Adjustment” shall be the amount of the difference between the Net Working Capital Amount and zero, which shall result in a change in the Aggregate Initial Consideration Amount such that if the difference is positive, there shall be an increase in the Aggregate Initial Consideration Amount and, if the difference is negative, there shall be a decrease in the Aggregate Initial Consideration Amount.

(c) Estimated Net Working Capital Adjustment. The Company has prepared, in good faith, an estimated consolidated balance sheet of the Company and its Subsidiaries as of a date no later than the close of business on the Business Day prior to the Closing Date, in form and substance reasonably acceptable to Parent and the Company (the “Estimated Closing Balance Sheet”), and a statement which shall set forth estimates of the Net Working Capital Amount (the “Estimated Net Working Capital Adjustment Statement”) and the resulting Net Working Capital Adjustment, if any (the “Estimated Net Working Capital Adjustment”). The Company has prepared such Estimated Closing Balance Sheet and Estimated Net Working Capital Adjustment Statement in accordance with GAAP using, to the extent consistent with GAAP, the same accounting methods, policies, principles, practices and procedures, with consistent classifications, judgments and estimation methodology, as were used in the preparation of the balance sheet of the Company for the period ended December 31, 2007 and did not include any changes in assets or liabilities as a result of purchase accounting adjustments or other changes arising from or resulting from the Merger or the other Transactions (the “Applicable Principles”). The Aggregate Initial Consideration Amount to be delivered by Parent at the Closing pursuant to Section 3.2 shall be changed by the amount of the Estimated Net Working Capital Adjustment, which change shall be an increase if the Estimated Net Working Capital Adjustment is a positive number and which change shall be a decrease if the Estimated Net Working Capital Adjustment is a negative number. The Estimated Closing Balance Sheet and Estimated Net Working Capital Adjustment shall be accepted for purposes of determining the amount of cash payable at the Closing, but shall not affect the rights of the Parties to dispute the Closing Balance Sheet as provided in Sections 3.6(e), (f) and (g).

(d) Preparation of Closing Balance Sheet. As promptly as practicable, but not later than sixty (60) calendar days after the Closing Date (the “Preparation Period”), Parent shall prepare in good faith, or cause to be prepared in good faith, and shall deliver to the Stockholder Representatives a consolidated balance sheet of the Company and its Subsidiaries as of the close of business on the Business Day immediately preceding the Closing Date (the “Closing Balance Sheet”), and a statement which shall set forth the Net Working Capital Amount (the “Net Working Capital Adjustment Statement”) and the resulting Net Working Capital Adjustment which shall be prepared in accordance with GAAP, using, to the extent consistent with GAAP, the Applicable Principles. The Stockholder Representatives and their accountants and representatives may meet with or make inquiries of Parent and its accountants and representatives at any time (whether prior to, during or subsequent to the preparation of the Closing Balance Sheet and Net Working Capital Adjustment Statement) regarding questions concerning, or disagreements with, the Closing Balance Sheet and the other statement arising in the course of their review thereof, and Parent shall use its, and shall cause the Company and its Subsidiaries to use their respective, commercially reasonable efforts to cause any such accountants to cooperate with and respond to such inquiries. Immediately after receipt of the Closing Balance Sheet or the other statement, the Stockholder Representatives shall be given reasonable access to (and reasonable numbers of copies of), the books and records of the Company and its Subsidiaries and all of Parent’s and its representatives’ work papers, worksheets, notes and schedules used in the preparation of the Closing Balance Sheet during reasonable business hours for the purpose of reviewing the Closing Balance Sheet and the Net Working Capital Adjustment Statement. Unless Parent provides the Stockholder Representatives the Closing Balance Sheet and the Net Working Capital Adjustment Statement in writing within such Preparation Period, the Estimated Closing Balance Sheet and the Estimated Net Working

Capital Adjustment Statement delivered to Parent by the Company prior to Closing and the resulting Estimated Net Working Capital Adjustment, if any, shall be binding on the Parties, and shall be the final Closing Balance Sheet and the final Net Working Capital Adjustment for purposes of this Agreement.

(e) Review of Closing Balance Sheet. Within twenty (20) days after the receipt of the Closing Balance Sheet and the Net Working Capital Adjustment Statement by the Stockholder Representatives (the “Review Period”), the Stockholder Representatives shall propose in good faith to Parent such adjustments (if any) therein as shall in the Stockholder Representatives’ good faith judgment be required to cause the Closing Balance Sheet and the Net Working Capital Adjustment Statement to reflect fairly those items required to be included therein. Unless the Stockholder Representatives notifies Parent in writing within such Review Period of an objection to any item or computation set forth on the Closing Balance Sheet and the Net Working Capital Adjustment Statement, specifying in reasonable detail the basis for such objection, the Closing Balance Sheet and the Net Working Capital Adjustment Statement delivered to the Stockholder Representatives by Parent, and the resulting Net Working Capital Adjustment, if any, shall be binding on the Parties hereto, and shall be the final Closing Balance Sheet and the final Net Working Capital Adjustment for purposes of this Agreement.

(f) Dispute Resolution. Any dispute concerning any portion or amount of the Net Working Capital Adjustment set forth on the Closing Balance Sheet and the Net Working Capital Adjustment Statement which cannot be resolved by the Parties despite good faith negotiations, all within ten (10) calendar days after Parent’s receipt of the Stockholder Representatives’ written objection, shall be submitted for determination to a nationally-recognized certified public accounting firm which is independent of Parent and the Company and reasonably approved by Parent and the Company (the “Arbiter”) for resolution of the disputed items and determination of the Closing Balance Sheet, the Net Working Capital Amount and the resulting Net Working Capital Adjustment. Prior to referring the matter to the Arbiter, the Parties shall agree on the procedures to be followed by the Arbiter, including procedures with regard to the presentation of evidence. If the Parties are unable to agree upon procedures within the time prescribed for referral of the dispute to the Arbiter, the Arbiter shall establish such procedures giving due regard to the intention of the Parties to resolve disputes as quickly, efficiently and inexpensively as possible, which procedures may, but need not, be those proposed by either Parent or the Stockholder Representatives. Parent, the Stockholder Representatives and their respective representatives will each furnish to the Arbiter and the other Parties such work papers, schedules and other documents relating to the unresolved disputed issues as the Arbiter may request. The Arbiter shall be directed to render a written report to the Parties on the unresolved disputed issues with respect to the Closing Balance Sheet and the resulting Net Working Capital Adjustment as promptly as practicable, and to resolve only those issues in dispute that were identified with reasonable specificity by the Stockholder Representatives in its objection. The determination by the Arbiter shall be based solely on presentations by Parent, on the one hand, and the Stockholder Representatives, on the other hand, and shall not involve independent review. Any determination of the Net Working Capital Adjustment by the Arbiter shall not be outside the range defined by the respective amounts in the Closing Balance Sheet proposed by Parent and the Stockholder Representatives proposed adjustments thereto, and such determination shall be final and binding upon the Parties. Any further submissions to the Arbiter must be written and delivered to each Party. The Arbiter’s determination shall be based solely

on the definitions of Net Working Capital Amount contained herein and the provisions of this Section 3.6. The Stockholder Representatives and Parent shall use their reasonable efforts to cause the Arbiter to resolve all disagreements as soon as practicable. The costs and expenses of the Arbiter shall be allocated between Parent, on the one hand, and the Stockholder Representatives (solely from and to the extent of the Escrow Amount), on the other hand, based upon the percentage which the portion of the contested amount not awarded to each Party hereto bears to the amount actually contested by such Party hereto. For example, if the Stockholder Representatives claims the appropriate adjustments are \$1,000 greater than the amount determined by Parent's accountants, and Parent contests only \$500 of the amount claimed by the Stockholder Representatives, and if the Arbiter ultimately resolves the dispute by awarding to Parent \$300 of the \$500 contested, then the costs and expenses of arbitration will be allocated 60% (i.e.,  $300 \div 500$ ) to the Stockholders, Warrantholders and Eligible Optionholders and 40% (i.e.,  $200 \div 500$ ) to Parent.

(g) Payment of Net Working Capital Adjustment. Within five (5) Business Days following (i) the termination of the Review Period, if no written objection to the Closing Balance Sheet and Net Working Capital Adjustment has been delivered by the Stockholder Representatives during the Review Period in accordance with Section 3.6, (ii) the acceptance by Parent of the Stockholder Representatives' proposed adjustments to the Closing Balance Sheet and the Net Working Capital Adjustment, (iii) the agreement by Parent and the Stockholder Representatives to a Closing Balance Sheet and Net Working Capital Adjustment in accordance with this Section 3.6 or (iv) resolution by the Arbiter of any Closing Balance Sheet and Net Working Capital Adjustment disputes pursuant to subsection (f) above, (A) in the event that the Estimated Net Working Capital Adjustment exceeds the final Net Working Capital Adjustment the Stockholder Representatives and Parent shall execute and cause a Joint Direction (as defined in the Escrow Agreement) to be delivered pursuant to the Escrow Agreement within five (5) Business Days after such resolution, which Joint Direction shall direct the Escrow Agent to make a payment out of the Escrow Account to Parent in an amount equal to such excess, and (B) in the event the final Net Working Capital Adjustment exceeds the Estimated Net Working Capital Adjustment, Parent shall pay the Exchange Agent (for the benefit of all of the Stockholders, Warrantholders and Eligible Optionholders in accordance with their Per Share Common Escrow Consideration, Per Share Series A Escrow Consideration, Per Share Series B Escrow Consideration or Per Share Series C Escrow Consideration, as the case may be) the amount of such excess by wire transfer of immediately available funds to an account designated in writing by the Stockholder Representatives.

(h) Severance Obligations. All obligations set forth in Schedule 2 required to be paid at the Closing shall be paid to Parent to the beneficiary named therein on behalf of the Company at Closing, and the remaining obligations under Schedule 2 shall be satisfied as soon as required thereafter.

(i) Permitted Indebtedness. Parent shall pay the Permitted Indebtedness on behalf of the Company at the Closing.

**ARTICLE 4**  
**OTHER AGREEMENTS AND COVENANTS**

**4.1**      Director and Officer Liability and Indemnification.

(a)          For a period of six (6) years after the Closing, Parent and Merger Sub shall not, and shall not permit any of their respective Subsidiaries (including the Company and the Surviving Corporation) to, amend, repeal or modify any provision in the organizational and governance documents of the Company or any Subsidiary of the Company or the Surviving Corporation relating to the exculpation or indemnification of any officers and directors thereof in any way adverse to such officers and directors (unless required by Law), it being the intent of the Parties that the officers and directors of the Company or any Subsidiary of the Company or the Surviving Corporation shall continue to be entitled to such exculpation and indemnification to the fullest extent of the Law.

(b)          For a period of six (6) years after the Closing, Parent and Merger Sub shall cause the Company and the Surviving Corporation to, maintain in effect the D&O Tail. Prior to the Closing, the Company shall pay for all premiums for the D&O Tail.

**4.2**      Tax Matters.

(a)          The Stockholder Representatives shall, at Parent's reasonable expense, timely prepare or cause to be prepared all Tax Returns of the Company and its Subsidiaries relating to Income Taxes for all periods ending on or prior to the Closing Date with respect to which a Tax Return was not due on or before the Closing Date ("Pre-Closing Returns"); provided, however, that Parent shall prepare any portion of the Tax Return that relates to transactions occurring on the Closing Date or Two Business Days immediately preceding the Closing Date. All such Pre-Closing Returns shall be prepared and filed in a manner consistent with the past practice of the Company and its Subsidiaries unless otherwise required by applicable Law. The Stockholder Representatives shall pay to Parent at least three (3) Business Days prior to the date on which Income Taxes are due with respect to any Pre-Closing Period (taking into account extensions) an amount equal to the portion of the Income Taxes for such Pre-Closing Period (as finally determined under this Section 4.2(a)) that are allocable to the portion of such Pre-Closing Period ending on September 5, 2008, determined using the principles set forth in Section 4.2(c). The Stockholder Representatives shall submit each of the Pre-Closing Returns to Parent for review at least thirty (30) calendar days prior to the due date for the filing of such Pre-Closing Return (taking into account properly obtained any extensions). Parent shall have the right to review and comment on each Pre-Closing Return prior to the filing of such Pre-Closing Return. The Stockholder Representatives and Parent agree to consult and resolve in good faith any issues and comments arising as a result of Parent's review of each Pre-Closing Return, and mutually to consent to filing as promptly as possible each Pre-Closing Return; *provided that* if the Stockholder Representatives and Parent are unable to resolve any such issue within fifteen (15) calendar days after any Pre-Closing Return is submitted to Parent, the dispute shall be submitted to the Arbiter for resolution in accordance with Section 3.6(f). Parent will have final authority over the treatment of all items in the portion of any Tax Return that it prepares pursuant to this Section 4.2(a) and disputes (if any) in respect of such items will not be submitted to the Arbiter; provided, however, that if the treatment of any such items could

reasonably be expected to adversely affect the Tax liability of the Stockholders, Optionholders or Warrantholders or to create an indemnification obligation with respect to Taxes under Section 10.1(a) (it being acknowledged for purposes of this Section 4.2(a) that solely the completion of the transactions occurring on the Closing Date or the Two Business Days immediately preceding the Closing Date, themselves, will not have such adverse effect or create an indemnification obligation), then such items shall be submitted to the Arbiter for resolution in accordance with Section 3.6(f).

(b) Parent shall timely prepare or cause to be prepared and file or cause to be filed any Tax Returns of the Company and its Subsidiaries with respect to any period beginning on or before the Closing Date and ending after the Closing Date (each, a “Straddle Period”) relating to Income Taxes (the “Parent’s Returns”). All such Parent’s Returns shall be prepared and filed in a manner consistent with the past practice of the Company and its Subsidiaries in filing Income Tax Returns relating to Taxes unless otherwise required by applicable Law. The Stockholder Representatives shall pay to Parent at least three (3) Business Days prior to the date on which Income Taxes are due with respect to any Straddle Period (taking into account extensions) an amount equal to the portion of the Income Taxes for such Straddle Period (as finally determined under this Section 4.2(b)) that are allocable to the portion of such Straddle Period ending on September 5, 2008, determined using principles set forth in Section 4.2(c). Parent shall deliver, at least thirty (30) calendar days prior to the due date for the filing of each Parent’s Return (taking into account extensions), to the Stockholder Representatives a statement setting forth the amount of Income Tax for which the Stockholder Representatives is responsible pursuant to this Section 4.2(b) with respect to such Tax Return and copies of such Tax Return. The Stockholder Representatives shall have the right to review and comment on such Tax Return and the statement prior to the filing of such Tax Return. The Stockholder Representatives and Parent agree to consult and resolve in good faith any issue arising as a result of the Stockholder Representatives’ review of such Tax Return and statement, and mutually to consent to the filing as promptly as possible of such Tax Return; *provided that* if the Stockholder Representatives and Parent are unable to resolve any such issue within fifteen (15) calendar days after such Tax Return is submitted to the Stockholder Representatives, the dispute shall be submitted to the Arbiter for resolution in a manner consistent with the dispute resolution provisions of Section 3.6(f).

(c) If the Company and its Subsidiaries are permitted under any applicable foreign, state or local income tax Law to treat the Closing Date as the last day of a taxable period, the Stockholder Representatives and Parent shall treat (and cause their respective Affiliates to treat) the Closing Date as the last day of a taxable period. For all purposes under this Agreement, in the case of Taxes that are payable with respect to any Straddle Period, the portion of any such Tax that is allocable to the portion of the period ending on the close of the Closing Date shall be (i) in the case of Taxes that are (x) based upon or related to income or receipts, (y) imposed in connection with the sale or other transfer or assignment of property (real or personal, tangible or intangible), (z) employment, social security or other similar Taxes, deemed equal to the amount which would be payable if the taxable year ended on the Closing Date; and (ii) in the case of Taxes imposed on a periodic basis with respect to any assets or otherwise measured by the level of any item, deemed to be the amount of such Taxes for the entire period (or, in the case of such Taxes determined on an arrears basis, the amount of such Taxes for the immediately preceding period) multiplied by a fraction the numerator of which is

the number of calendar days in the period ending at the end of the Closing Date and the denominator of which is the number of calendar days in the entire period; provided, however, that, in such case, any Taxes of the Company resulting from the Transactions other than the Merger shall be solely borne by Parent.

(d) The Stockholder Representatives and Parent shall, upon written request of the other, (i) provide the other, and Parent shall cause the Company and its Subsidiaries to provide the Stockholder Representatives, with such assistance as may be reasonably requested by any of them in connection with the preparation of any Tax Return, audit, or other examination by any taxing authority or judicial or administrative proceedings relating to Liability for Taxes involving the Company or its Subsidiaries, (ii) retain and provide the other, and Parent shall cause the Company and its Subsidiaries to retain and provide the Stockholder Representatives with, any records or other information that may be relevant to such Tax Return, audit or examination, proceeding, or determination, and (iii) provide the other with any final determination of any such audit or examination, proceeding, or determination that affects any amount required to be shown on any Tax Return of the other or the Company or its Subsidiary of the Company for any period. Without limiting the generality of the foregoing, Parent shall retain, and shall cause the Company and its Subsidiaries to retain, and Stockholder Representatives shall retain, until the applicable statutes of limitations (including any extensions) have expired, copies of all Tax Returns, supporting work schedules, and other records or information that may be relevant to such returns for all Tax periods or portions thereof ending before or including the Closing Date involving the Company or its Subsidiaries and shall not destroy or otherwise dispose of any such records without first providing the other Party with a reasonable opportunity to review and copy the same. Except as set forth in this Agreement, each Party shall bear its own expenses in complying with the foregoing provisions; *provided, however*, that the Stockholder Representatives shall have the right to reimbursement as set forth in Section 10.6(c) and be able to deduct its own expenses (including, without limitation, any Taxes) from such amount from the Escrow Amount.

(e) Parent shall promptly notify the Stockholder Representatives in writing upon receipt by Parent or any of its Affiliates of notice of any audits, examinations, adjustments or assessments relating to Taxes for which any of Parent or the Company or its Subsidiary of the Company may be entitled to receive indemnity under this Agreement (each, a "Tax Claim"). The Stockholder Representatives, in its sole discretion, may contest such Tax Claim in any permissible forum and shall otherwise have the sole right at its sole expense to direct, control and settle any administrative or judicial proceedings relating to such Tax Claim; *provided that* the Stockholder Representatives (i) notifies Parent in writing within five (5) Business Days of Parent's notification of the Stockholder Representatives of such Tax Claim of its intent to exercise its right to direct, control, and settle such Tax Claim, (ii) Parent shall be entitled to participate at its sole expense in such administrative or judicial proceedings and (iii) to the extent any settlement of any such proceeding is reasonably expected to increase any Tax or result in any Liability to Parent or any of its Affiliates, including, for the avoidance of doubt, the Company or its Subsidiaries in respect of any Tax or Liability not indemnified under this Agreement at the time of such settlement, the Stockholder Representatives may not settle any such proceeding without the prior written consent of Parent, which consent shall not be unreasonably conditioned, withheld or delayed.

(f) All Tax allocation and Tax sharing agreements, arrangements, policies and guidelines, formal or informal, express or implied, that may exist between any of the Company and its Subsidiaries, on one hand, and the Stockholders or any of their Affiliates (other than the Company and its Subsidiaries), on the other hand, and all obligations and rights thereunder, shall terminate as of the Closing Date, will have no further effect for any taxable year (whether the current year, a future year or a past year), and the Company and its Subsidiaries shall cease to have any liability to make or rights to receive any payment thereunder for any amounts due in respect of periods ending prior to or on or after the Closing Date.

(g) Except as otherwise required by a determination within the meaning of Section 1313(a), (i) no part of the consideration received by the Stockholders shall be reported other than as consideration for the sale or exchange of stock of the Company, including for U.S. or other withholding purposes, except with respect to any interest paid or deemed to be paid with respect to proceeds from the Escrow Amount, if any, and (ii) the parties shall treat the Transaction in a manner consistent with Revenue Ruling 77-226, 1977-2 C.B. 90 and the Company shall not issue Form 1099-DIVs or, unless required by Law, withhold on any other portion of the redemption distribution for any other Tax purposes. The Parties further agree, upon request by any other Party, to use their reasonable best efforts to obtain any certificate or other document from any Governmental Authority or any other Person as may be necessary to mitigate, reduce or eliminate any Tax that could be imposed with respect to the Transactions.

#### **4.3**      Closing Efforts.

(a) Each of the Parties shall use its commercially reasonable efforts to take all actions and to do all things necessary, proper or advisable to consummate the transactions contemplated by this Agreement, including using its commercially reasonable efforts to ensure that the conditions to the obligations of the other Parties to consummate the Merger and the other Transactions are promptly satisfied. None of the Parties shall take any action that would reasonably be expected to delay or prevent the timely consummation of the Merger and the other Transactions.

(b) Without limitation of Section 4.3(a), the Company shall use its commercially reasonable efforts to obtain, as promptly as practicable, the Requisite Stockholder Approval, including (i) by submitting this Agreement to the holders of the Company Capital Stock as of the record date for the Transactions for adoption by written consent in lieu of a meeting in accordance with the requirements of the DGCL and the Amended and Restated Certificate of Incorporation and the Amended and Restated Bylaws, and (ii) except to the extent that the Board of Directors of the Company has effected a Change in Recommendation in accordance with the terms of Section 4.4, recommending that the holders of the Company Capital Stock adopt this Agreement.

(c) If the Requisite Stockholder Approval is obtained by means of the Written Consent, the Company shall promptly send, pursuant to Sections 228 and 262(d) of the DGCL, a written notice to all Stockholders of the Company that did not execute such Written Consent informing them that this Agreement was adopted by the Requisite Stockholders and that appraisal rights are available for their shares of Company Capital Stock pursuant to Section 262 of the DGCL (which notice shall include a copy of such Section 262).

**4.4**      Change in Recommendation. During the period beginning on the date hereof and ending on the earlier of the receipt of the Requisite Stockholder Approval and the termination of this Agreement in accordance with its terms (the “Applicable Period”), without the prior written consent of Parent, the Company’s Board of Directors shall not withdraw or modify, or propose publicly to withdraw or modify, in a manner adverse to Parent, its recommendation that the holders of the Company Capital Stock as of the record date for the Transactions adopt this Agreement. Notwithstanding the foregoing, during the Applicable Period, if the Company’s Board of Directors determines in good faith (after consultation with its outside counsel and financial advisor) that it would be a breach of its fiduciary duties to the Stockholders under applicable Law not to take any action prohibited by the previous sentence (any such action, a “Change in Recommendation”), it may effect a Change in Recommendation; provided, however, that the Company’s Board of Directors may only effect a Change in Recommendation if: (1) the Company has provided prior written notice to Parent advising Parent that the Company’s Board is considering effecting a Change in Recommendation; (2) Parent has not made an offer that the Company’s Board of Directors has determined (after consultation with its outside counsel and financial advisor) in its good faith judgment to no longer require that the Company’s Board of Directors effect a Change in Recommendation in order to not breach its fiduciary duties to the Stockholders under applicable Law; and (3) the Company has not violated any of the provisions of this Agreement either intentionally or in a manner that is materially adverse to Parent.

**4.5**      Operation of the Business. Except as set forth on Schedule 4.5, during the period beginning on the execution of this Agreement and the earlier of the Effective Time and the termination of this Agreement, the Company will use its commercially reasonable efforts to conduct the Business only in the ordinary course of business consistent with past custom and practice in all material respects.

**4.6**      Cambridge Amendment and Cambridge Waiver. Concurrently with the execution of this Agreement, the Parties shall execute the Cambridge Waiver and the Cambridge Amendment; it being understood that the Company shall only execute the Cambridge Waiver and Cambridge Amendment following the execution thereof by Parent and at the instruction of Parent to so execute.

**ARTICLE 5**  
**INTENTIONALLY OMITTED**

**ARTICLE 6**  
**REPRESENTATIONS AND WARRANTIES OF THE COMPANY**

Except as set forth in the disclosure schedule delivered by the Company to Parent and Merger Sub concurrently with the execution of this Agreement (the “Company Disclosure Schedule”; the Company Disclosure Schedule has been arranged for purposes of convenience in separately titled sections corresponding to the sections of this Article 6; however, each section of the Company Disclosure Schedule shall be deemed to incorporate by reference all information disclosed in any other section of the Company Disclosure Schedule, but only to the extent the applicability of such disclosure to such other section would be reasonably apparent to a

reasonable Person under the circumstances), the Company hereby represents and warrants to Parent and Merger Sub as of the date hereof as follows:

**6.1**     Ownership of Company Capital Stock. Each of the shares of the outstanding Company Capital Stock was validly issued, and is a fully paid and non-assessable share of Company Capital Stock. The Company Capital Stock listed on Schedule 6.1 represents all of the issued and outstanding shares of capital stock of the Company immediately prior to the Redemption. Except for the Transactions and as set forth in Schedule 6.1, there are no agreements, arrangements, options, warrants, calls, rights or commitments of the Company relating to the issuance and sale or redemption or other transfer of any of the shares of Company Capital Stock. Schedule 6.1 sets forth a complete and accurate list, as of the date of this Agreement, of (i) all Stockholders showing the number shares of Company Capital Stock (including the class and series of such shares) Stockholder and (with respect to the shares of Company Preferred Stock) the number of shares of Company Common Stock into which such share of Company Preferred Stock is convertible, (ii) all Optionholders, indicating, with respect to each Option, the Option Plan under which it was granted, the number of shares of Common Stock subject to such Option, the exercise price, the date of grant, and the vesting schedule (including any acceleration provisions with respect thereto); and (iii) all Warrantholders, indicating with respect to each Warrant the number and type of shares of Company Capital Stock subject to such Warrant, the exercise price, the date of issuance and the expiration date thereof.

**6.2**     Authorization.

(a)       The Company has all necessary corporate power and authority to execute and deliver this Agreement and each of the Transaction Documents to be executed and delivered by the Company to perform its obligations hereunder and thereunder and to consummate the Merger and the Transactions. The Redemption will be effected in compliance with all applicable law (including the DGCL).

(b)       The execution, delivery and performance by the Company of this Agreement and each of the Transaction Documents to which the Company is or will be a party has been duly and properly authorized by the board of directors of the Company in accordance with applicable Law and with the Amended and Restated Certificate of Incorporation of the Company and the Amended and Restated Bylaws of the Company. The execution and delivery of the Written Consent by the Stockholders owning at least the percentages set forth in Schedule 1 of each class of the issued and outstanding Company Capital Stock (the “Requisite Stockholders”) is the only vote of the holders of any class or series of the Company Capital Stock legally required to approve the Merger, this Agreement and the other transactions contemplated by this Agreement (such approval, the “Requisite Stockholder Approval”). No other corporate proceedings on the part of the Company or its Stockholders are necessary to authorize the execution, delivery and performance of this Agreement or to consummate the Merger or the other Transactions.

(c)       This Agreement has been duly executed and delivered by the Company and, assuming the due authorization, execution and delivery by Parent and Merger Sub, constitutes the legal, valid and binding obligations of the Company, enforceable against the Company in accordance with its terms subject to (i) the effect of any applicable Law of general

application relating to bankruptcy, reorganization, insolvency, moratorium or similar Laws affecting creditors' rights and relief of debtors generally and (ii) the effect of rules of law and general principles of equity, including rules of law and general principles of equity governing specific performance, injunctive relief and other equitable remedies (regardless of whether such enforceability is considered in a proceeding in equity or at law). Each of the other Transaction Documents to be executed and delivered by or on behalf of the Company will be duly executed and delivered by the Company, and, when so executed and delivered and assuming due authorization, execution and delivery by Parent and Merger Sub thereto, will constitute the legal, valid and binding obligation of the Company, enforceable against the Company in accordance with its terms, subject to (i) the effect of any applicable Law of general application relating to bankruptcy, reorganization, insolvency, moratorium or similar Laws affecting creditors' rights and relief of debtors generally and (ii) the effect of rules of law and general principles of equity, including rules of law and general principles of equity governing specific performance, injunctive relief and other equitable remedies (regardless of whether such enforceability is considered in a proceeding in equity or at law).

**6.3** No Conflicts. Except as set forth on Schedule 6.3, neither the execution and delivery of this Agreement and the Transaction Documents by the Company nor the performance by the Company of the Transactions shall (with or without notice or lapse of time or both):

- (a) violate or conflict with or result in a breach of any of the terms, conditions or provisions of the organizational documents of the Company or any Subsidiary of the Company;
- (b) violate or conflict with or result in a breach of any Law or conflict with or result in the breach of any of the terms, conditions or provisions thereof;
- (c) constitute a default under or otherwise violate any Permit, Contract, mortgage, note, bond, license or other instrument to which the Company or any Subsidiary of the Company is a party or by which the properties or assets of any of the foregoing are bound;
- (d) constitute an event which would permit any party to terminate, or accelerate the maturity of any Indebtedness or other obligation under, any Contract, mortgage, note, bond, license or other instrument to which the Company or any Subsidiary of the Company is a party or by which the properties or assets of any of the foregoing are bound;
- (e) result in the creation or imposition of any Lien upon the assets of the Company or any Subsidiary of the Company;
- (f) require on the part of the Company or any Subsidiary any notice to or any Permit of, any Person;
- (g) except with respect to clauses (b), (c), (d), (e) and (f) for such violations, conflicts, breaches, defaults, rights of termination, acceleration or cancellation, payments or Liens as would not reasonably be expected, individually or in the aggregate, to be material.

**6.4 Organization.** The Company is a corporation duly organized, validly existing and in good standing under the Laws of the State of Delaware. Each Subsidiary of the Company is duly organized, validly existing and in good standing under the Laws of the state of its formation or incorporation, as the case may be. Each of the Company and the Subsidiaries thereof has all requisite corporate power and authority to carry on the Business as now conducted by it and to own or hold under lease the properties and assets it now owns or holds under lease. Each of the Company and the Subsidiaries thereof is duly qualified as a foreign corporation or company (as applicable) to do business and is in good standing as a foreign corporation or company (as applicable) in all jurisdictions where the nature of the property owned or leased by it, or the nature of its business, makes such qualification necessary, except where the absence of such qualification would not reasonably be expected to have, individually or in the aggregate, a Company Material Adverse Effect, which jurisdictions are listed opposite such company's name on Schedule 6.4. The Company does not have any Subsidiaries or any equity interests in a Person other than those set forth on Schedule 6.4. Other than as set forth on Schedule 6.4, the Company owns beneficially and of record one hundred percent (100%) of the outstanding capital stock of each Subsidiary of the Company thereof set forth thereon, free and clear of all Liens. Except as set forth in Schedule 6.4, there are no agreements, arrangements, options, warrants, calls, rights or commitments of the Company relating to the issuance and sale or redemption or other transfer of any capital stock of any Subsidiary of the Company. The name of each director and officer of the Company and each Subsidiary of the Company thereof as of the date here of is set forth opposite the position held by same, on Schedule 6.4. Correct and complete copies of the Company's and the Subsidiaries' organizational documents have been previously made available to Parent. Neither the Company nor any of its Subsidiaries are in material default under or in violation of any provision of its organizational documents.

**6.5 Capitalization.** The authorized capital stock of the Company consists of 166,700,000 shares of Company Common Stock and 101,718,919 shares of preferred stock of the Company. Of the authorized Company Preferred Stock, (i) 10,065,999 shares are designated Company Series A-1 Preferred Stock, (ii) 13,030,570 shares are designated Company Series A-2 Preferred Stock, (iii) 27,482,730 shares are designated Company Series B Preferred Stock, (iv) 29,711,059 shares are designated Company Series C-1 Preferred Stock, and (v) 21,428,571 shares are designated Company Series C-2 Preferred Stock. All of the outstanding shares of capital stock of any Subsidiary of the Company thereof have been validly issued and are fully paid and non-assessable. No shares of capital stock of the Company or any Subsidiary of the Company are subject to, nor have been issued in violation of, preemptive or similar rights which were not waived or have not been terminated. Except as set forth on Schedule 6.5, neither the Company nor any Subsidiary of the Company thereof has any outstanding stock (other than the Company Capital Stock), or other securities convertible into or exchangeable for shares of its capital stock or authorized stock appreciation, phantom stock, profit participation or similar rights, and neither the Company nor any Subsidiary of the Company thereof has any outstanding options, warrants or rights to subscribe for or to purchase its capital stock or any stock or securities convertible into or exchangeable for capital stock. Neither the Company nor any Subsidiary of the Company thereof is subject to any obligation (contingent or otherwise) to repurchase or otherwise acquire or retire any shares of its capital stock or any warrants, options or other rights to acquire its capital stock. All issuances and sales and repurchases by the Company and any Subsidiary of the Company thereof of its respective capital stock have been effected in compliance in all material respects with all applicable Laws, including, without

limitation, applicable federal and state securities Laws. As of the date hereof, each of the Options will have been either exercised or terminated pursuant to the Option Plan with no Liability to the Company. The Aggregate Consideration Allocation Schedule is true, accurate and complete.

**6.6** Financial Statements. Schedule 6.6(a) contains the following financial statements of the Company (collectively, the “Financial Statements”):

(a) The unaudited consolidated balance sheet of the Company as of December 31, 2006 and 2007, and the related unaudited consolidated statements of income, shareholders’ equity and cash flow for the years ended December 31, 2006 and 2007; and

(b) The unaudited consolidated balance sheet (the “Latest Balance Sheet”) of the Company as of June 30, 2008 (the “Latest Balance Sheet Date”), and the related unaudited consolidated statements of income, shareholders’ equity and cash flow for the six-month period then ended (collectively, the “Latest Financial Statements”).

Except as set forth on Schedule 6.6(b), the Financial Statements are true, accurate and complete in all material respects, are consistent with the Books and Records, and fairly present the financial condition of the Company and its Subsidiaries, taken as a whole, as of their respective dates and the results of operations and cash flows for the periods related thereto in accordance with GAAP, except that the Latest Financial Statements lack the footnote disclosure and are subject to normal year-end adjustments otherwise required by GAAP, which are not reasonably expected to be material individually or in the aggregate.

**6.7** Absence of Undisclosed Liabilities.

(a) Except as set forth on Schedule 6.7(a) and Liabilities arising under this Agreement, none of the Company nor any Subsidiary thereof has any material Liabilities (regardless of whether or not such Liability has been asserted), including without limitation, Liabilities on account of Taxes or Employee Benefit Plans, or in respect thereto, except as and to the extent accurately reflected and accrued for or reserved against in, the Latest Balance Sheet or incurred in the ordinary course of business consistent with past practice since the Latest Balance Sheet Date and are not material in amount.

(b) Except as set forth on Schedule 6.7(b), neither the Company nor any Subsidiary thereof has any material Liabilities to any Affiliate of the Company or any Stockholder of the Company.

**6.8** Tangible Personal Property. The Company or a Subsidiary thereof is in possession of and has good title to, or valid leasehold interests in or valid rights under Contract to use, all tangible personal property necessary to conduct the Business of the Company or any of its Subsidiaries as presently conducted in all material respects, including all tangible personal property reflected on the balance sheet included in the Latest Financial Statements and tangible personal property acquired since June 30, 2008, other than property disposed of since such date in the ordinary course of business consistent with past practice in all material respects or as set forth on Schedule 6.8. All such tangible personal property is free and clear of all Liens, other than Permitted Liens. Other than as set forth on Schedule 6.8, no Person other than the Company

and its Subsidiaries owns or has any right to the use or possession of such tangible personal property other than lessors and licensors of such tangible personal property constituting leasehold interests or licenses. To the knowledge of the Company, all of the Company's inventory as of the Closing Date was manufactured, produced, tested, validated and released in accordance with all applicable Laws and Manufacturing Requirements in all material respects.

**6.9** Contracts. Schedule 6.9(i) contains a list of each of the following contracts, agreements, instruments or commitments of any type to which the Company or any of its Subsidiaries is a party or by which any of them or any of their properties is bound (each, a "Material Contract" and, collectively, the "Material Contracts"):

- (a) any agreement which could require payments by or to the Company or any of its Subsidiaries in excess of \$50,000 or upon termination of such agreement could result in payments in excess of \$50,000;
- (b) any agreement under which the Company or any of its Subsidiaries has agreed to indemnify any third Person in any manner, excluding pursuant to commercial agreements with respect to the sale, licensing of tetrabenazine by the Company entered into in the ordinary course of business;
- (c) any agreement or commitment to make a capital expenditure or to purchase a capital asset in excess of \$50,000 by or on behalf of the Company or any of its Subsidiaries;
- (d) any bond, indenture, note, loan or credit agreement or other agreement relating to any Indebtedness or to the direct or indirect guarantee or assumption of the obligations of any other Person for Indebtedness;
- (e) any agreement limiting or restricting the freedom of the Company or any of its Subsidiaries or Affiliates (i) to engage in any line of business, (ii) to own, operate, sell, transfer, pledge or otherwise dispose of or encumber any asset, (iii) to compete with any Person or (iv) to engage in any business or activity in any geographic region.
- (f) any lease or similar agreement under which the Company or any of its Subsidiaries is the lessor of, or makes available for use by any third Person, any tangible personal property owned by the Company or any of its Subsidiaries, in each case for an annual rent in excess of \$50,000 individually;
- (g) any lease pursuant to which the Company or its Subsidiaries leases any real property;
- (h) any joint venture or partnership (or other ownership arrangement) agreements;
- (i) any agreement that contains restrictions with respect to the payment of dividends or any other distribution in respect of the shares of Company Capital Stock or the shares of any of its Subsidiaries' capital stock or the purchase, redemption or other acquisition of any such shares;

(j) any agreement relating to the acquisition or divestiture by the Company of shares of Company Capital Stock or shares of any of its Subsidiaries' capital stock, assets or business of any Person, which provides for consideration or payments not made in the ordinary course of business;

(k) any outstanding loan, advance or investment by the Company or any of its Subsidiaries to or in any Person, or any agreement or commitment relating to the making of any such loan, advance or investment (excluding trade receivables and advances to employees for normally incurred business expenses each arising in the ordinary course of business consistent with past practice, and excluding loans to employees not exceeding \$25,000);

(l) any agreement for the disposition of any material properties, assets or business of the Company or any Subsidiary (other than sales in the ordinary course of business) or any agreement for the acquisition of the assets or business of any other entity (other than purchases of inventory or components in the ordinary course of business);

(m) any employment or material consulting agreement; and

(n) any other agreement either involving more than \$50,000 or not entered into in the ordinary course of business.

Correct and complete copies of the Material Contracts of the Company or any Subsidiary of the Company listed on Schedule 6.9(i) have previously been made available to Parent. All material terms and provisions of each oral Material Contract of the Company or any Subsidiary are described on Schedule 6.9(i). Except as set forth on Schedule 6.9(ii), none of the Company nor any Subsidiary thereof is in default, nor has any event occurred which with the giving of notice or the passage of time or both would constitute a default by the Company or any Subsidiary thereof, under any Material Contract and no event has occurred which with the giving of notice or the passage of time or both would constitute a default by any other party to any such Material Contract, in each case except as would not reasonably be expected, individually or in the aggregate, to have a Company Material Adverse Effect. Except as set forth on Schedule 6.9(ii), assuming the due authorization, execution and delivery by the other parties to the Material Contracts, each of the Material Contracts of the Company and its Subsidiaries is in full force and effect, is valid and enforceable in accordance with its terms and is not subject to any claims, charges, set offs or defenses, except as would not reasonably be expected, individually or in the aggregate, to result in a Company Material Adverse Effect. Except as set forth on Schedule 6.9(ii), all of the Contracts of the Company or any Subsidiary of the Company will continue in full force and effect without any change or modification after the consummation of the transactions contemplated by this Agreement, without the necessity of obtaining any consent, approval, novation or waiver of any third party. The Company has delivered to Parent a true and complete copy of the Cambridge Agreement and the Cambridge Agreement is the only binding agreement between the Company and Cambridge.

**6.10** Real Property.

(a) Neither the Company nor any of its Subsidiaries owns any fee simple interest in any real property.

(b) Schedule 6.10 lists all real property used or held for use by the Company or any Subsidiary thereof which is leased by the Company or any Subsidiary thereof from third parties (the “Leased Real Property”). Either the Company or the Subsidiaries thereof is the sole tenant with respect to the tenant’s interest in the Leased Real Properties and such respective entity possesses a tenant’s interest thereto, free and clear of all Liens (other than Permitted Liens) placed on the tenant’s interest, and the right to quiet enjoyment of such Leased Real Property as a tenant. True, correct and complete copies of all existing lease agreements with respect to the Leased Real Property as of the Closing Date have heretofore been made available to Parent. Neither the Company nor any Subsidiary thereof has exercised any option to purchase any parcel of Leased Real Property. The Leased Real Property constitutes the only material real property used or occupied by the Company or any Subsidiary thereof in the conduct of the Business. There are no breaches of the leases of the Leased Real Property which, with notice or the passage of time or both, would result in a material default by either the landlord or the tenant thereunder that would trigger any termination or payment obligations or other Liability.

**6.11** Litigation. Except as set forth in Schedule 6.11, there is no suit, action, proceeding, investigation, arbitration, mediation, written and noticed claim or order pending or, to the knowledge of the Company, threatened against the Company or any Subsidiary thereof (or, to the knowledge of the Company, pending, threatened against any of the current or former officers, directors or employees of the Company or any Subsidiary thereof with respect to their service as an officer, director or employee of the Company or any Subsidiary thereof) before any court, or before any governmental department, commission, board, agency, or instrumentality that would reasonably be expected, individually or in the aggregate, to be material. Except as set forth in Schedule 6.11, neither the Company nor any Subsidiary thereof (a) is subject to any judgment, order or decree of any court or governmental agency; or (b) is engaged in any material legal action to recover monies due it or for damages sustained by it.

**6.12** Compliance with Applicable Laws. Except as set forth on Schedule 6.12, neither the Company nor any Subsidiary thereof is or has been in violation of any Law in connection with the conduct, ownership, use, occupancy or operation of the Business, its assets or the Leased Real Property, including, without limitation, any alleged failure to possess any license, Permit, authorization or other approval, and neither the Company nor any Subsidiary thereof has received written notice of any such violation, in each such case (A) and (B) except as would not reasonably be expected individually or in the aggregate, to have a Company Material Adverse Effect.

**6.13** Proprietary Rights.

(a) Except as set forth on Schedule 6.13(a)(i), to the Company’s knowledge, the Company and its Subsidiaries own, or are licensed, or otherwise possess legally enforceable rights, to use, sell or license, as applicable, all Proprietary Rights used, sold or licensed in connection with Products for use by the Company and its Subsidiaries. Schedule 6.13(a)(ii) contains a complete and correct list of all of the Company’s and its Subsidiaries’ patents and patent applications; trademark and service mark registrations and applications for registration thereof; domain names; copyright registrations and applications for registration thereof; and material computer software owned or used by the Company (excluding Commercial Software (as defined below)), including, where applicable, the name of the registered owner, date of

registration or application and name of registration body where the registration or application was made. The Company has made available to Parent correct and complete copies of all such patents, registrations and applications and has made available to Parent correct and complete copies of all written documentation evidencing ownership and prosecution (if applicable) of each such item. To the Company's knowledge, all renewal and maintenance fees in respect of the items listed in Schedule 6.13(a)(ii) (if applicable) have been duly paid. Except as disclosed on Schedule 6.13(a)(i), to the Company's knowledge, the Company and its Subsidiaries have licenses for all Commercial Software used in their business, use of such Commercial Software is in accordance with such licenses and the Company and its Subsidiaries do not have any obligation to pay fees, royalties and other amounts at any time pursuant to any such license, including by virtue of the Company's current usage thereof. "Commercial Software" means packaged commercially available software programs generally available to the public which (i) have been licensed to the Company or its Subsidiaries pursuant to end-user licenses, and (ii) with respect to each such end-user license agreement, have a cumulative cost or license fee for all software and rights to use thereunder of less than \$50,000.

(b) Schedule 6.13(b) sets forth a complete list of all (excluding Commercial Software) licenses, sublicenses and other agreements as to which the Company or any of its Subsidiaries is a party (as licensor, licensee or otherwise) and pursuant to which the Company, any of its Subsidiaries or any other Person is authorized to use, sell, distribute or license any Proprietary Rights. To the Company's knowledge, neither the Company nor its Subsidiaries is in violation, in any material respect, of any such license, sublicense or agreement, and each such license, sublicense and agreement will continue to be legal, valid, binding, enforceable and in full force and effect following the Closing.

(c) Except as disclosed on Schedule 6.13(c), to the Company's knowledge, neither the Company nor any of its Subsidiaries has infringed on any intellectual property rights of any third Persons.

(d) To the actual knowledge of the Company, the sale or use of the Products for the indication set forth in the NDA Approval does not infringe or conflict with the Proprietary Rights of any Person.

**6.14** Conduct of Business. Except as set forth on Schedule 6.14, since June 30, 2008, the Business has been conducted only in the ordinary course of business consistent with past custom and practice in all material respects, and none of the Company nor any Subsidiary thereof has incurred any Liabilities other than in the ordinary course of business consistent with past custom and practice in all material respects and there has been no event, occurrence or development that has had or would reasonably be expected to have a Company Material Adverse Effect. Without limiting the generality of the foregoing and except as set forth on Schedule 6.14, since June 30, 2008, none of the Company nor any of its Subsidiaries has:

(a) sold, assigned or transferred any material asset or mortgaged, pledged or subjected any material asset or the Leased Real Property to any Lien (other than Permitted Liens) or assigned or sublet the Leased Real Property;

(b) sold, assigned, transferred, abandoned or permitted to lapse any material licenses or Permits, any material Proprietary Rights or any other material intangible assets, or disclosed any material proprietary confidential information to any Person, granted any material license or sublicense of any rights under or with respect to any Proprietary Rights;

(c) conducted its cash management customs and practices (including, without limitation, the timing of collection of receivables and payment of payables and other current liabilities) and maintained the Books and Records other than in the usual and ordinary course of business consistent with past practice in all material respects;

(d) made any loans or advances to, or guarantees for the benefit of, or entered into any transaction with, any employee, officer, director, shareholder or agent of the Company, any Stockholder, Optionholder, Warrantholder or any Affiliate of the Company or any of the foregoing;

(e) suffered any material extraordinary loss, damage, destruction or casualty loss to the Business or waived any rights of material value, whether or not covered by insurance and whether or not in the ordinary course of business;

(f) changed any material pricing, investment, financial reporting, credit, allowance, Tax or accounting policy or practice, any method of calculating any bad debt, contingency or other reserve for accounting, financial reporting or tax purposes, or its fiscal year;

(g) declared, set aside or paid any dividend or distribution of cash, capital stock or other property to any Stockholder or purchased, redeemed or otherwise acquired any shares of its capital stock, made any other payments to any Stockholder or issued any capital stock or granted any other equity (or phantom equity or similar interest) interest or option or right to acquire any capital stock or other equity (or phantom equity or similar) interest;

(h) entered into any other material transaction, including but not limited to any merger, acquisition, joint venture, partnership or incurred any Nonpermitted Indebtedness (other than trade payables incurred in the ordinary course of business consistent with past practice), or formed any other new material arrangement for the operation of the Business, other than in the ordinary course of business consistent with past practice;

(i) amended its certificate or articles of incorporation or bylaws (or other comparable corporate charter documentation), or engaged in any merger, consolidation reorganization, reclassification, liquidation, dissolution or similar transaction; or

(j) committed to do any of the foregoing.

**6.15** Absence of Questionable Payments. None of the Company nor any Subsidiary thereof has, and none of their respective directors, officers, agents, employees, Affiliates or any other Persons acting on their respective behalf has: (i) used or committed to use any corporate or other funds for unlawful contributions, payments, gifts or entertainment, or made or committed to make any unlawful expenditures relating to political activity to government officials or others or established or maintained any unlawful or unrecorded funds in violation of any applicable provincial, foreign, federal or state law; (ii) accepted or received any

unlawful contributions, payments, expenditures or gifts; or (iii) established or maintained any fund or asset that has not been recorded in the Books and Records.

**6.16 Insurance.** Schedule 6.16 is a true and correct list, including policy numbers, carriers, risks insured, amounts of coverage, deductibles and expiration dates, of all material insurance policies (with respect to liability, property, workers' compensation, directors' and officers' liability or otherwise) of the Company or any Subsidiary thereof as in effect as of the date hereof, correct and complete copies of policies have previously been made available to Parent. The Company has in full force and effect insurance policies providing insurance in such amounts and against such risks as each of the Company and its subsidiaries reasonably has determined to be prudent in accordance with the conduct of their respective businesses and none of the Company nor any Subsidiary thereof is in default thereunder. None of the Company nor any Subsidiary thereof has received any notice of cancellation or intent to cancel, or materially increase or intent to materially increase premiums, with respect to such insurance policies. None of the Company nor any Subsidiary has received any notice that any insurer under any insurance policy listed on Schedule 6.16 is denying liability with respect to a claim thereunder or defending under a reservation of rights clause.

**6.17 Permits.** Except as would not reasonably be expected to have, individually or in the aggregate, a Company Material Adverse Effect, (i) each of the Company and its Subsidiaries hold all Permits and approvals of Governmental Authorities necessary for its current conduct, ownership, use, occupancy or operation of its assets or the Business; (ii) each such Permit is valid and in full force and effect; (iii) the Company or the applicable Subsidiary is in compliance with the terms of each such Permit; and (iv) no suspension or cancellation of such Permit is pending or, to the knowledge of the Company, threatened.

**6.18 Employee Benefit Plans.**

(a) Schedule 6.18(a) sets forth a complete list of Employee Benefit Plans.

(b) The Company has delivered complete copies to Parent of (i) each written Employee Benefit Plan, as amended to the Closing, together with audited financial statements and actuarial reports for the three (3) most recent plan years, if any; (ii) each funding vehicle with respect to each such plan; (iii) the most recent and any other determination letter, ruling or notice issued by or filed with any Governmental Authority with respect to each such plan; (iv) the Form 5500 Annual Report for the three (3) most recent plan years with respect to each such Plan; (v) the most recent summary plan description or summary of modifications with respect to each such Plan; and (vi) each other document, explanation or communication which describes any relevant aspect of any such plan that is not disclosed in previously delivered materials with respect to each such Plan. A description of any unwritten Employee Benefit Plans, including a description of any material terms of each such plan, is set forth in Schedule 6.18(b). Each Employee Benefit Plan that is intended to be a "qualified plan" under Section 401(a) of the Code has received a favorable determination letter from the IRS on which it can rely and the Company has no knowledge of any facts or circumstances that would jeopardize the qualification of any such Plan.

(c) Other than as set forth on Schedule 6.18(c), each Employee Benefit Plan has been in compliance and currently complies in all material respects in form and in operation with ERISA, the Code or any other applicable Law, and with its terms.

(d) None of the Company or any Company Plan Affiliate has at any time participated in or made contributions to or had any other liability with respect to, any “employee benefit plan” (as defined in Section 3(3) of ERISA) which is (i) a “multiemployer plan” (as defined in Section 3(37) or 4001 of ERISA), (ii) a “multiple employer plan” (within the meaning of Code Section 413(c)), (iii) a “multiple employer welfare arrangement” (within the meaning of Section 3(40) of ERISA), or (iv) subject to Section 302 or Title IV of ERISA or Section 412 of the Code.

(e) Except as set forth in Schedule 6.18(e), there are no actions, suits, investigations or claims pending or, to the knowledge of the Company, threatened with respect to any Employee Benefit Plan, or the assets thereof (other than routine claims for benefits), and there are no facts known to the Company which could reasonably give rise to any material liability, action, suit, investigation, or claim against any Employee Benefit Plan, any fiduciary or plan administrator or other Person dealing with any Employee Benefit Plan or the assets thereof.

(f) No Person has entered into any non-exempt “prohibited transaction,” as defined in ERISA and the Code, with respect to an Employee Benefit Plan.

(g) Except as disclosed on Schedule 6.18(g), no Employee Benefit Plan of the Company or any Subsidiary thereof provides medical, health, life insurance or other welfare-type benefits to retirees or former employees, owners or consultants or individuals who terminate (or have terminated) employment with the Company or any Subsidiary thereof, or the spouses or dependents of any of the foregoing (except for limited continued medical benefit coverage for former employees, their spouses and other dependents as required to be provided under Section 4980B of the Code or Part 6 of Subtitle B of Title I of ERISA (“COBRA”)), except in the nature of cash severance pay.

(h) With respect to all periods prior to the Closing, the requirements of COBRA (or similar applicable state law) and the Health Insurance Portability and Accountability Act of 1996, as amended (“HIPAA”) have been satisfied with respect to each Employee Benefit Plan of the Company or any Subsidiary thereof.

(i) No Employee Benefit Plan, or any other agreement program, policy or other arrangement by or to which the Company or any Subsidiary thereof is a party, is bound or is otherwise liable, by its terms or in effect could reasonably be expected to require any payment or transfer of money, property or other consideration on account of or in connection with the transactions contemplated by this Agreement or any subsequent termination of employment which payment could constitute an “excess parachute payment” within the meaning of Section 280G of the Code.

(j) No Employee Benefit Plan, or any other agreement, program, policy or other arrangement by or to which the Company or any Subsidiary thereof is a party, is bound or is otherwise liable, and which constitutes a nonqualified deferred compensation plan for

purposes of Section 409A of the Code, has been administered in a manner which could reasonably be expected to result in the imposition of the additional Tax described in Section 409(a)(1)(B) of the Code with respect to the benefits due or accruing thereunder.

(k) Each individual that renders services to the Company or any Subsidiary who is classified by the Company or by such Subsidiary, as applicable, as having the status of an independent contractor or other non-employee status for any purpose (including for purposes of taxation and tax reporting and under Employee Benefit Plans) is properly so classified.

(l) Except as otherwise specifically set forth herein, all Options may be terminated as of the Effective Time without the consent of the Optionholder and without the payment of any consideration.

**6.19** Health, Safety and Environment. The Company and its Subsidiaries are, and at all times have been, in material compliance with all and have no Liabilities under or related to, Environmental and Safety Requirements (including all Permits and licenses required thereunder), including any such Environmental and Safety Requirements or Liabilities that arise under any applicable Contract or other arrangements or agreements with third parties. Except as set forth on Schedule 6.19, neither the Company nor any of its Subsidiaries has received any written notice of any actual or alleged violation of, or any actual or alleged material liability under or relating to, any Environmental Law that remain outstanding. No facts or circumstances with respect to the operations or facilities of the Company or any of its Subsidiaries or otherwise (including any onsite or offsite disposal or Release of, or contamination by, Hazardous Materials, substances or wastes) will hinder or prevent continued compliance with, or give rise to any material Liabilities (including any corrective or remedial obligation) under or related to, any Environmental and Safety Requirements, including any such Environmental and Safety Requirements or Liabilities that arise under any applicable Contract or other arrangements or agreements with third parties.

**6.20** Employees; Salaries; Personnel Agreements, Plans and Arrangements.

(a) Schedule 6.20(a) contains a true, complete and correct list as of the date hereof setting forth (i) the names, hire dates, current compensation rates and job titles of all individuals presently employed by the Company or any Subsidiary thereof on a salaried basis, (ii) the names, hire dates, current compensation rates and job titles of all individuals presently employed by the Company or any Subsidiary thereof on an hourly or piecework basis, (iii) the names and total annual compensation for all independent contractors who are natural Persons who presently render services on a regular basis to the Company or any Subsidiary thereof whose current annual compensation is in excess of \$25,000, and (iv) all other Persons whose employment or independent contractor relationship with the Company or any Subsidiary thereof has been terminated since the Latest Balance Sheet Date.

(b) Except as listed in Schedule 6.20(b), neither the Company nor any Subsidiary thereof is a party to or obligated with respect to any (i) outstanding material Contracts of the Company or its Subsidiaries with current or former employees, agents, consultants, advisers, salesmen, sales representatives, distributors, sales agents, independent contractors, or dealers, or (ii) collective bargaining agreements or contracts with any labor union or other

representative of employees or any employee benefits provided for by any such agreement. Correct and complete copies of all documents listed on Schedule 6.20(b) have been previously furnished to Parent.

(c) The provisions of the Worker Adjustment and Retraining Notification Act of 1988, as amended (the “WARN Act”) are not applicable to the Company and its Subsidiaries. The consummation of the Merger and the Transactions will not give rise to any liability under the WARN Act respecting reductions in force or the impact on employees of plant closings or sales of businesses.

**6.21     Taxes.**

(a) The Company and its Subsidiaries have timely filed (taking into account any valid extensions) all Tax Returns required to be filed by the Company or its Subsidiaries on or prior to the Closing Date. All such Tax Returns were correct and complete in all material respects and have been prepared in compliance with all applicable Laws. All Taxes due and owing by the Company and any of its Subsidiaries (whether or not shown on any Tax Return) have been timely paid. The unpaid Taxes of the Company and its Subsidiaries did not, as of the Latest Balance Sheet Date, exceed the reserve for Tax Liability (other than any reserve for deferred Taxes established to reflect timing differences between Book and Tax income) set forth on the face of the Latest Financial Statements (other than in any notes thereto).

(b) The Company and its Subsidiaries have timely withheld and, if due, has remitted with respect to its employees, creditors, independent contractors or other third parties all federal and state Taxes, FICA, FUTA, and other Taxes required to be withheld and/or, if due, remitted.

(c) There is no Tax deficiency outstanding or threatened in writing by any Tax authority against the Company or any of its Subsidiaries. Neither the Company nor any of its Subsidiaries has executed or requested any waiver of any statute of limitations on or extending the period for the assessment or collection of any Tax.

(d) No audit or other examination of any Return of the Company or any of its Subsidiaries is presently in progress, pending or threatened.

(e) There are no Liens for Taxes (other than Permitted Liens) on the assets of the Company or any of its Subsidiaries other than Taxes not yet due and payable.

(f) No claim has ever been made by any Tax authority in a jurisdiction where the Company or any of its Subsidiaries does not file Tax Returns that it is or may be subject to taxation by that jurisdiction.

(g) None of the Company’s or any of its Subsidiaries’ assets are treated as “tax-exempt use property” within the meaning of Section 168(h) of the Code.

(h) There is no Contract, plan or arrangement, including, but not limited to, the provisions of this Agreement, covering any employee or former employee of the Company or

any of its Subsidiaries that, individually or collectively, could give rise to the payment of any amount that would not be deductible pursuant to Sections 280G, 404 or 162 of the Code.

(i) Neither the Company nor any of its Subsidiaries is, nor has been at any time, a “United States real property holding corporation” within the meaning of Section 897(c)(2) of the Code.

(j) Neither the Company nor any of its Subsidiaries is a party to or bound by any Tax indemnity, Tax sharing or Tax allocation agreements (other than any such agreement solely between the Company and its Subsidiaries).

(k) Neither the Company nor any of its Subsidiaries has ever been a member of an Affiliated Group (other than an Affiliated Group for which the Company was the common parent).

(l) None of the assets of the Company or any of its Subsidiaries is property that the Company or any of its Subsidiaries is required to treat as being owned by any other Person pursuant to the “safe harbor lease” provisions of former Section 168(f)(8) of the predecessor to the Code.

(m) Neither the Company nor any of its Subsidiaries has agreed to make nor is it required to make any adjustment under Section 481(a) of the Code by reason of a change in accounting method or otherwise.

(n) Other than Prestwick Pharmaceuticals Canada Inc., neither the Company nor any of its Subsidiaries has ever had a permanent establishment in any foreign country, as defined in any applicable Tax treaty or convention between the United States and such foreign country.

(o) Neither the Company nor any of its Subsidiaries has participated in an international boycott within the meaning of Section 999 of the Code.

(p) Neither the Company nor any of its Subsidiaries is a party to any joint venture, partnership, or other arrangement or Contract that could be treated as a partnership for federal income Tax purposes.

(q) Neither the Company nor any of its Subsidiaries has distributed stock of another Person, or has had its stock distributed by another Person, in a transaction that was purported or intended to be governed in whole or in part by Section 355 or 361 of the Code.

(r) Neither the Company nor any of its Subsidiaries will be required to include any item of income in, or exclude any item of deduction from, taxable income for any taxable period (or portion thereof) ending after the Closing Date as a result of any: (i) change in method of accounting made on or prior to the Closing Date; (ii) “closing agreement” as described in section 7121 of the Code (or any corresponding or similar provision of state, local or foreign law) executed on or prior to the Closing Date; (iii) deferred intercompany gain or any excess loss account described in Treasury Regulations under section 1502 of the Code (or any corresponding or similar provision of state, local or foreign law) in existence on the Closing

Date; (iv) installment sale or open transaction disposition made on or prior to the Closing Date or (v) prepaid amount received on or prior to the Closing Date or (vi) pursuant to Section 951 of the Code with respect to amounts earned on or before the Closing Date.

(s) On December 31, 2007, the “net operating losses” of the Company for federal and state income tax purposes for each state identified on Schedule 6.21 (“NOLs”) were no less than the amounts set forth on Schedule 6.21. Schedule 6.21 shows the year that each of the unutilized NOLs of the Company were generated, the original NOL for that year, the carryback and carryforward of such NOL and the remaining unutilized NOL for such year. There have not been any actual transfers of the Company Capital Stock from the period beginning on May 31, 2008 and ending on the day immediately preceding the Closing Date, including transfers of Company Capital Stock among holders of such stock, issuances of new shares of Company Capital Stock or redemptions or other repurchases of Company Capital Stock, except as set forth on Schedule 6.21. To the knowledge of the Company there has been not been any change in the equity ownership of the stockholders of the Company, from the period beginning on May 31, 2008 and ending on the day immediately preceding the Closing Date, including transfers of equity interests among owners, issuances of new equity interests by the stockholders, or redemptions or other repurchases of equity interests by such stockholders, except as set forth on Schedule 6.21. To the knowledge of the Company, the representations set forth in the Certificate of Representations provided by the Company to Ernst & Young (“EY”) in respect of EY’s “Section 382 Owner Shift Analysis” dated September 8, 2008 are true, accurate, and complete.

(t) The Company and each of its Subsidiaries has disclosed on its federal income and state income and franchise Tax returns all positions taken therein that could give rise to a substantial understatement of federal income tax within the meaning of Section 6662 of the Code or any corresponding or similar provision of state Tax law.

(u) Neither the Company nor any of its Subsidiaries has ever “participated” in a “reportable transaction” within the meaning of Treasury Regulation Section 1.6011-4.

(v) The Company has taken all necessary actions in compliance with Section 280G(b)(5) seek to obtain the requisite stockholder approval under Section 280G(b)(5) of the Code of any payments or benefits that could be considered “excess parachute payments” within the meaning of Section 280G of the Code and shall require all “disqualified individuals” within the meaning of Section 280G of the Code to subject their existing benefits and payments to the stockholder approval requirements of Section 280G(b)(5) of the Code to the extent necessary such that no such benefits or payments shall constitute parachute payments under Section 280G of the Code.

## **6.22 Regulatory Matters.**

(a) All existing material Registrations held by the Company and its Subsidiaries are set forth on Schedule 6.22(a). Except as otherwise set forth on Schedule 6.22(a), the Company has the exclusive right to use such Registrations in the Territory, including in connection with Tetrabenazine, pursuant to the Cambridge Agreement, and has not transferred any right to use any such Registrations.

(b) The Distribution of any Product by the Company and its Subsidiaries has been conducted in material compliance with the Registrations and all Laws.

(c) Neither the Company nor any Subsidiary of the Company has received any written or other notice of proceedings from a Governmental Authority alleging that any Product or the ownership, manufacturing, operation, storage, Distribution, warehousing, packaging, labeling, handling and/or testing thereof is in violation of any Law.

(d) The Company and its Subsidiaries have completed and filed all annual or other reports required by the FDA or other Regulatory Health Authority or other Governmental Authority in order to maintain the Registrations.

(e) There have been no adverse events involving any Product that have led the Company or its Subsidiaries to withdraw, or consider withdrawing, the Products or the Registrations from any market.

(f) No clinical trial for the Product has been suspended, put on hold or terminated prior to completion due to reasons pertaining to the safety and/or efficacy of the Products.

(g) Except as otherwise set forth on Schedule 6.22(g), neither the Company nor any of its Subsidiaries have received: (i) any FDA form 483's, (ii) any FDA Notices of Adverse Findings; or (iii) warning letters or other similar correspondence from any Regulatory Health Authority with respect to the Products or the Registrations.

(h) Seller has delivered to the Parent all correspondence from any Regulatory Health Authority with respect to the Products or the Registrations.

(i) None of the Company and its Subsidiaries is subject to any pending or, to the knowledge of the Company, threatened, investigation by any Regulatory Health Authority. None of the Company and its Subsidiaries, nor to the knowledge of the Company (i) any officer or employee of the Company and its Subsidiaries, (ii) any authorized agent of the Company and its Subsidiaries or (iii) any principal investigator or sub-investigator of any clinical investigation sponsored by the Company or its Subsidiaries has, in the case of each of (i) through (iii) on account of actions taken for or on behalf of the Company or any of its Subsidiaries, been debarred by FDA or convicted of any crime under 21 U.S.C. Section 335a(a) or any similar state or foreign Law or under 21 U.S.C. Section 335a(b) or any similar state or foreign Law.

(j) Attached hereto as Exhibit C is the true and complete copy of the NDA Approval.

(k) Except under the Cambridge Agreement as set forth in Schedule 6.22(k), the Company is not sponsoring, has committed to sponsor or is otherwise providing, or has committed to provide, any financial support to, any clinical trial. Schedule 6.22(k) sets forth a complete and accurate list of any on-going or scheduled pre-clinical activities, conducted by or otherwise financially supported by the Company or its Subsidiaries.

**6.23**     HSR Matters. The Company is its own “ultimate parent entity” as defined under the HSR Act. Based on the requirements and standards set forth in the HSR Act, after giving effect to the payments under the Redemption, the “total assets” of the Company and the “annual net sales” of the Company (each as calculated in accordance with 16 C.F.R. § 801.11) are less than \$12.6 million as of the date hereof.

**6.24**     Brokers’ or Finders’ Fees. The Company has delivered to Parent a true and complete copy of the Morgan Stanley & Co. Incorporated engagement letter regarding the Merger, which letter has not been amended or modified in any respect; and except for Morgan Stanley & Co. Incorporated, no agent, broker, investment banker, Person or firm acting under the authority of the Company, is or will be entitled to any brokers’ or finders’ fee or any other commission or similar fee directly from any of the Parties in connection with the Merger and the Transactions.

**6.25**     Optionholder Notice. The Option Notice, as of its respective date, did not and does not contain any material misstatements or omissions. Prior to the date hereof, the Company has delivered to each Optionholder (a) an Option Notice, notifying such Optionholders that (i) any unexercised options shall terminate at Closing pursuant to the Option Plan and (ii) any Optionholder that elects to exercise Options prior to Closing must pay to the Company the full exercise price upon such exercise (b) and the Company has given each Optionholder any notice required under the Option Plan to exercise or terminate the Option pursuant to the Option Plan.

**6.26**     Disclosure. Except for the representations and warranties contained in this Agreement (as qualified by the Company Disclosure Schedule) or in the Transaction Documents, neither the Company nor any of its Subsidiaries nor any of their respective directors, officers, employees, stockholders, agents, Affiliates or representatives (including Morgan Stanley & Co. Incorporated), has made or shall be deemed to have made any representation or warranty to Parent or Merger Sub, express or implied, at Law or in equity, with respect to the Company or its subsidiaries or the execution and delivery of this Agreement or the Merger and the other Transactions, including, without limitation, as to the accuracy or completeness of any information, documents or materials regarding the Company or its Subsidiaries furnished or made available to Parent and its representatives in any “data rooms,” “virtual data rooms,” management presentations or in any other form in expectation of, or in connection with, the Merger and the other transactions contemplated by this Agreement (“Evaluation Material”). The Company hereby disclaims any such representations or warranties and Parent and Merger Sub each hereby disclaim any reliance upon any Evaluation Material and each acknowledges and agrees that neither the Company nor any of its Subsidiaries nor any of their respective directors, officers, employees, stockholders, agents, Affiliates or representatives (including, without limitation, Morgan Stanley & Co. Incorporated), shall have or be subject to any liability to Parent, Merger Sub or any other Person resulting from the distribution to Parent of, or Parent’s use or reliance on, any such Evaluation Material. Notwithstanding anything in this Section 6.25 to the contrary, in no event shall any of the disclaimers and other statements set forth in this Section 6.25 limit or otherwise effect or be applicable to any claim based on fraud.

**ARTICLE 7**  
**REPRESENTATIONS AND WARRANTIES OF PARENT**

Parent hereby represents and warrants to the Company and its Subsidiaries as of the date hereof that:

**7.1**      Authorization.

(a)          Each of Parent and Merger Sub has all necessary corporate power and authority to execute and deliver this Agreement and each of the Transaction Documents to be executed and delivered by Parent and Merger Sub, to perform its obligations hereunder and thereunder and to consummate the Merger and the Transactions.

(b)          The execution, delivery and performance by Parent and Merger Sub of this Agreement and each of the Transaction Documents to which Parent or Merger Sub is or will be a party have been duly and properly authorized by the board of directors of Parent and Merger Sub in accordance with applicable Law and with the organizational documents of Parent.

(c)          This Agreement has been duly executed and delivered by Parent and Merger Sub (other than the adoption of this Agreement by Parent as the sole stockholder of Merger Sub which will occur immediately after the execution of this Agreement) and, assuming the due authorization, execution and delivery by the Company, constitutes the legal, valid and binding obligations of Parent and Merger Sub, enforceable against Parent and Merger Sub in accordance with its terms, subject to (i) the effect of any applicable Law of general application relating to bankruptcy, reorganization, insolvency, moratorium or similar Laws affecting creditors' rights and relief of debtors generally and (ii) the effect of rules of law and general principles of equity, including rules of law and general principles of equity governing specific performance, injunctive relief and other equitable remedies (regardless of whether such enforceability is considered in a proceeding in equity or at law). Each of the Transaction Documents to be executed and delivered by or on behalf of Parent or Merger Sub will be duly executed and delivered by Parent or Merger Sub, as the case may be, and, when so executed and delivered and, assuming due authorization, execution and delivery by the Company thereto, will be the legal, valid and binding obligation of Parent or Merger Sub, enforceable against Parent or Merger Sub in accordance with its terms, subject to (i) the effect of any applicable Law of general application relating to bankruptcy, reorganization, insolvency, moratorium or similar Laws affecting creditors' rights and relief of debtors generally and (ii) the effect of rules of law and general principles of equity, including rules of law and general principles of equity governing specific performance, injunctive relief and other equitable remedies (regardless of whether such enforceability is considered in a proceeding in equity or at law).

**7.2**      No Conflicts. Except as set forth on Schedule 7.2, neither the execution and delivery of this Agreement and the Transaction Documents by Parent or Merger Sub nor the performance by Parent or Merger Sub of the Transactions or thereby will:

(a)          violate or conflict with or result in a breach of any of the terms, conditions or provisions of the organizational documents of Parent or Merger Sub; or

(b) violate or conflict with or result in a breach of any Law or conflict with or result in the breach of any of the terms, conditions or provisions thereof.

### 7.3 Organization.

(a) Parent is a corporation duly organized, validly existing and in good standing under the Laws of the State of Delaware. Parent has full power and authority to carry on the business as conducted by it and to own or hold under lease the properties and assets it now owns or holds under lease. Parent is duly qualified to do business and is in good standing as a foreign corporation in all jurisdictions where the absence of such qualification would reasonably be expected to, individually or in the aggregate, have a material adverse effect on the validity or enforceability of this Agreement or the Transaction Documents.

(b) Merger Sub is a corporation duly incorporated, validly existing and in good standing under the Laws of the State of Delaware.

7.4 **Brokers' or Finders' Fees.** No agent, broker, investment banker, Person or firm acting on behalf of Parent or Merger Sub, or under the authority thereof, is or will be entitled to any brokers' or finders' fee or any other commission or similar fee directly or indirectly from any of the Parties hereto in connection with any of the transactions contemplated by this Agreement and the Transaction Documents.

7.5 **Parent's Due Diligence; Limitations on Representations and Warranties of Parent.** Parent and Merger Sub hereby acknowledge that, except for the representations and warranties of Parent expressly set forth in this Agreement or in any Transaction Document, Parent and Merger Sub are relying on their own investigation and analysis in entering into this Agreement and the Merger and the other Transactions. Parent is an informed and sophisticated participant in the Merger and the other Transactions and has undertaken such investigation (and has been provided with the Evaluation Material (it being understood that no representation and warranties have been made with respect to such materials except as expressly set forth in this Agreement), as it has deemed necessary in connection with the execution, delivery and performance of this Agreement and the consummation of the Merger and the other Transactions. Parent and Merger Sub acknowledge and agree that they are consummating the Merger and the other transactions contemplated by this Agreement without any representation or warranty, express or implied, by the Company or any of its Subsidiaries or any of their respective directors, officers, employees, Stockholders, Warrantholders, Eligible Optionholders, agents, Affiliates or representatives (including, without limitation, Morgan Stanley & Co. Incorporated), except as expressly set forth in this Agreement, in the other Transaction Documents and in the Letters of Transmittal. In furtherance of the foregoing, and not in limitation thereof, Parent and Merger Sub acknowledge and agree that no representation or warranty, express or implied, at Law or in equity, of the Company or any of its Subsidiaries or any of their respective directors, officers, employees, Stockholders, Warrantholders, Eligible Optionholders, agents, Affiliates or representatives (including Morgan Stanley & Co. Incorporated), including the Evaluation Material and any financial projection or forecast delivered to Parent with respect to the revenues or profitability which may arise from the operation of the Company either before or after the Closing Date, shall (except as otherwise expressly represented to in this Agreement) form the basis of any claim against the Company or any of its Subsidiaries or any of their respective

directors, officers, employees, Stockholders, Warrantholders, Eligible Optionholders, agents, Affiliates or representatives (including, without limitation, Morgan Stanley & Co. Incorporated) with respect thereto or with respect to any related matter. With respect to any projection or forecast delivered by or on behalf of the Company to Parent, Parent and Merger Sub acknowledge and agree that (i) there are uncertainties inherent in attempting to make such projections and forecasts, (ii) the accuracy and correctness of such projections and forecasts may be affected by information which may become available through discovery or otherwise after the date of such projections and forecasts, and (iii) it is familiar with each of the foregoing. Notwithstanding anything in this Section 7.6 to the contrary, in no event shall any of the disclaimers and other statements set forth in this Section 7.6 limit or otherwise effect or be applicable to any fraud.

**7.6** No Knowledge of Misrepresentations or Omissions. To the actual knowledge of Parent as of the date hereof, none of the representations and warranties of the Company set forth in this Agreement or the Schedule are untrue or incorrect in any material respect or has any material errors or material omissions (except to the extent that the Company has actual knowledge that such actual knowledge of Parent of an untrue or incorrect statement of material error or material omission has been conveyed to the Company in a writing in which the objections of Parent to such statement or omission would be reasonably apparent to a reasonable person under the circumstances). It being understood by the Parties hereto that for the purposes of this Agreement the availability of any information in a document in the data room shall not by itself impute actual knowledge to Parent of a breach of any representation or warranty or any error or omission unless such Person is actually aware that such information or document constitutes a breach of any representation or warranty or any error or omission.

**ARTICLE 8**  
**CONDITIONS PRECEDENT TO THE CLOSING; TERMINATION**

**8.1** Conditions Precedent to Obligations of Parties. The respective obligations of the Company, Parent and Merger Sub to consummate the Merger and the other Transactions contemplated by this Agreement are subject to the satisfaction or waiver (where permissible) at or prior to the Closing of the following conditions:

- (a) Company Stockholder Approval. The Requisite Stockholder Approval shall have been received.
- (b) No Order. No Governmental Authority or court of competent jurisdiction located or having jurisdiction in the United States shall have enacted, issued, promulgated, enforced or entered any statute, rule, regulation, decree, judgment, injunction or other order, whether temporary, preliminary or permanent (each an “Order”) which is then in effect and has the effect of making the Merger and the other Transactions illegal or otherwise prohibiting consummation of the Merger and the other Transactions.
- (c) No Restraints. There shall not be pending or threatened any suit, action, investigation or proceeding to which a Governmental Authority is a party seeking to restrain or prohibit the consummation of the Merger or the other Transactions.

(d) Redemption. The Redemption (and the conditions precedent to the Redemption) shall have occurred.

**8.2** Conditions Precedent to Obligations of Parent. The obligations of Parent under this Agreement to consummate the Merger hereby will be subject to the satisfaction, at or prior to the Closing, of all of the following conditions, any one or more of which may be waived in whole or in part in writing in the sole discretion of Parent:

(a) No Breach of Covenants; True and Correct Representations and Warranties. There shall have been no breach in any material respect by the Stockholder Representatives or the Company in the performance of any of the obligations herein to be performed thereby in whole or in part prior to the Closing under this Agreement, and the representations and warranties of the Company contained in this Agreement shall have been true and correct in all material respects as of the date hereof (except that any representation or warranty that is qualified by materiality or Material Adverse Effect shall be true and correct in all respects).

(b) Delivery of Documents. Parent shall have received all documents and other items to be delivered thereto under Section 9.2 of this Agreement.

(c) No Company Material Adverse Effect. Since the time of the execution of this Agreement, there shall have been no event, occurrence or development that has had or would reasonably be expected to have a Company Material Adverse Effect.

(d) Contracts and Permits. Parent shall have received evidence reasonably satisfactory to it that the Permits set forth on Schedule 8.2 attached hereto have been obtained.

(e) Payoff Letters and Lien Releases. Parent shall have received payoff letters issued by all Persons who, as of the Closing Date, have a Lien in the assets of the Company or any Subsidiary thereof, and evidence reasonably satisfactory to Parent of the release of all Liens (including without limitation Permitted Liens) on such assets.

(f) Stockholder Release. Each of (i) the holders of Company Preferred Stock owning at least the percentage of Company Preferred Stock set forth on Schedule 1, (ii) Martin Stogniew, (iii) Robert Radie, and (iv) George Horner (collectively, the "Preferred Releasors") shall have executed and delivered to the Company a release (the "Preferred Stockholder Release") in substantially the form approved by the Parent, which releases the Parent and the Company from any and all claims such Preferred Releasors had or may have against the Company.

(g) Director Release. Each of members of the Board of Directors (the "Directors") of the Company shall have executed and delivered to the Company a release (the "Director Release") in substantially the form approved by the Parent, which releases the Parent and the Company from any and all claims such directors had or may have against the Company.

(h) Stockholder Consent. The Stockholders owning at least the percentage of each class of the issued and outstanding Company Capital Stock set forth on Schedule 1 shall

have executed and delivered the Written Consent, and such Written Consent shall remain valid and no such Stockholder shall have made any attempt to withdraw the Written Consent.

(i) Board Resignations. The Company shall have received written letters of resignation from each of the current members of the Board of Directors of the Company and each Subsidiary of the Company, in each case effective at the Effective Time.

(j) FIRPTA Certificate. The Company shall have delivered to Parent a properly executed statement in form reasonably acceptable to the Parent for purposes of satisfying Parent’s obligations under Treasury Regulation section 1.1445-2(c)(3).

(k) Cambridge. Cambridge shall have executed and delivered the Cambridge Amendment and the Cambridge Waiver.

**8.3** Conditions Precedent to Obligations of the Company. The obligations of the Company under this Agreement to consummate the Merger will be subject to the satisfaction, at or prior to the Closing, of all the following conditions, any one or more of which may be waived in whole or in part in writing in the sole discretion of the Company:

(a) No Breach of Covenants; True and Correct Representations and Warranties. There shall have been no breach in any material respect by Parent in the performance of any of the obligations herein to be performed thereby in whole or in part prior to the Closing under this Agreement, and the representations and warranties of Parent contained in Section 7 shall have been true and correct in all material respects as of the date hereof.

(b) Delivery of Documents. Parent shall have delivered all documents and other items to be delivered thereby under Section 9.3 of this Agreement.

**8.4** Termination.

(a) Termination of Agreement. This Agreement may be terminated and the Merger and the other Transactions may be abandoned at any time prior to the Effective Time, notwithstanding any requisite approval and adoption of this Agreement, the Merger and the other Transactions, as follows:

(i) upon the written consent of Parent and the Company;

(ii) by the Parent or Company (i) upon the commencement of any claim, action, suit, proceeding or arbitration or any threat thereof with respect to tetrabenazine other than by Cambridge or (ii) if the Cambridge Waiver is not received by the date of this Agreement by Cambridge;

(iii) by Parent, if the conditions set forth in Sections 8.1 and 8.2 shall not be satisfied or waived by Parent and the Closing shall not have occurred on or before 5:00 pm (New York City time) on the date hereof (unless such failure to satisfy results primarily from Parent itself breaching any of its representations, warranties or covenants contained in this Agreement);

(iv) by the Company, if the conditions set forth in Sections 8.1 and 8.3 hereof shall not be satisfied or waived by the Company and the Closing shall not have occurred on or before 5:00 pm (New York City time) on the date hereof (unless such failure to satisfy results primarily from the Company breaching any of its representations, warranties or covenants contained in this Agreement);

(v) by either Parent or the Company upon the issuance of any Order which is final and nonappealable which would prevent the consummation of the Merger or make the consummation of the Merger illegal; *provided, however*, that the right to terminate this Agreement under this Section 8.4(v) shall not be available to any Party whose failure or whose Affiliate's failure to perform any material covenant, agreement or obligation hereunder has been the cause of, or resulted in, such action or event;

(vi) by the Parent, if there has been a material violation or breach by the Company or Stockholder Representatives of any covenant, representation or warranty contained in this Agreement which would prevent the satisfaction of any condition set forth in Section 8.2(a) to the obligations of Parent at the Closing and such violation or breach has not been waived by the Parent or, in the case of a breach, cured by the Company within thirty (30) calendar days after written notice thereof by the Parent; *provided, however*, that Parent is not then in material breach of any representation, warranty, covenant or other agreement contained in this Agreement;

(vii) by the Company, if there has been a material violation or breach by the Parent of any covenant, representation or warranty contained in this Agreement which would prevent the satisfaction of any condition set forth in Section 8.3(a) to the obligations of the Company at the Closing and such violation or breach has not been waived by the Company or, in the case of a breach, cured by the Parent within thirty (30) calendar days after written notice thereof by the Company; *provided, however*, that the Company is not then in material breach of any representation, warranty, covenant or other agreement contained in this Agreement; or

(viii) by Parent if the condition set forth in Section 8.2(h) has not been satisfied on or before 2:00 pm (New York City time) on the date hereof.

(b) Effect of Termination. In the event of termination of this Agreement pursuant to Section 8.4, this Agreement shall forthwith become void, there shall be no liability under this Agreement on the part of Parent, Merger Sub or the Company or any of their respective officers or directors, and all rights and obligations of each Party hereto shall cease; *provided, however*, that (i) Article 11 and the Non-Disclosure Agreement, shall remain in full force and effect and survive any termination of this Agreement, and (ii) nothing herein shall relieve any Party from liability for the willful breach of any of its representations, warranties, covenants or agreements set forth in this Agreement.

**ARTICLE 9**  
**CLOSING**

**9.1** Closing Time. Immediately prior to the filing of the Certificate of Merger, the closing of the transactions contemplated hereby (the "Closing") shall be consummated on the

date hereof (the “Closing Date”), at the offices of O’Melveny & Myers LLP, 7 Times Square Tower, New York, NY 10036 at such time as Parent and the Company shall mutually agree.

**9.2 Deliveries of the Company.** At the Closing, the Company will deliver or cause to be delivered to Parent:

(a) **Resolutions; Written Consent.** (i) A copy of the resolutions of the board of directors of the Company, certified by the secretary thereof as having been duly and validly adopted and in full force and effect, authorizing the execution and delivery of this Agreement and the Transaction Documents to which such entity is a Party and the performance of the Transactions; (ii) a copy of the Written Consent duly executed by the Requisite Stockholders and certified by an officer of the Company as having been duly and validly adopted by the Requisite Stockholders in accordance with the requirements of the DGCL and the Amended and Restated Certificate of Incorporation and the Amended and Restated Bylaws;

(b) **Corporate Documents.** Certificate of Incorporation (or comparable corporate charter documents), of each of the Company and any Subsidiary thereof as in effect at the Closing, certified by the Secretary of State of the state of its formation as of a date not more than five (5) Business Days prior to the Closing Date, and the bylaws of each of the Company and any Subsidiary thereof as in effect at the Closing, certified by the secretary of the Company or such Subsidiary of the Company, as applicable;

(c) **Certificates of Good Standing.** Certificates of Good Standing, dated not more than five (5) Business Days prior to the Closing Date, with respect to each of the Company and any Subsidiary thereof, issued by the Secretary of State of the state of its formation and by the Secretary of State of each jurisdiction in which the Company or such Subsidiary of the Company is qualified to do business as a foreign corporation;

(d) **Closing Certificate.** A certificate, dated as of the Closing Date, duly executed by the Company, certifying as to the fulfillment of the conditions set forth in Section 8.2(a) and (c);

(e) **Cambridge Waiver and Cambridge Amendment.** The Cambridge Waiver and the Cambridge Amendment duly executed by Cambridge, Parent and the Company;

(f) **Escrow Agreement.** The Escrow Agreement, duly executed by the Stockholder Representatives;

(g) **Certificate of Merger.** The Certificate of Merger duly filed with the Secretary of State of the State of Delaware in such form as is required by the relevant provisions of the DGCL;

(h) **Payoff Letters.** Payoff letters in a commercially reasonable form from each payee of any Indebtedness, including the Merrill Lynch Facility, which letters provide for full payment and satisfaction of all obligations of the Company and its Subsidiaries for Indebtedness and the release of all Liens (including without limitation Permitted Liens) upon receipt of such amounts provided for in such letters;

(i) Termination of Employees, Employee Benefit Plans and Company Liabilities. Evidence reasonably satisfactory to Parent that the Company and its Subsidiaries have (i) terminated each of the employees of the Company and its Subsidiaries and the Employee Benefit Plans, other than the employees and Employee Benefit Plans listed on Schedule 9.2(i) and the employment agreements and severance agreements listed on Schedule 4 and (ii) satisfied all liabilities and obligations with respect to such termination;

(j) Books and Records. All corporate minute books, stock ledgers and stock records of the Company and its Subsidiaries in the possession of the Company at the Effective Time;

(k) Redemption Agreement. Fully executed copies of the redemption agreement(s) entered into by the Company and the Stockholders party thereto in the form previously provided to Parent; and

(l) Other Documents. Such other documents and instruments as Parent reasonably shall deem necessary to consummate the Transactions.

All documents delivered pursuant to this Section 9.2 shall be in form and substance reasonably satisfactory to Morgan, Lewis & Bockius LLP, counsel for Parent.

**9.3** Deliveries of Parent. At the Closing, Parent will deliver to the Company and the Stockholder Representatives, as appropriate (for the benefit of all the Stockholders):

(a) Resolutions. A copy of the resolutions of the board of directors of Parent, certified by the secretary thereof as having been duly and validly adopted and in full force and effect, authorizing the execution and delivery of this Agreement and the Transaction Documents to which such entity is a Party and the performance of the Transactions;

(b) Corporate Documents. Certificate of Incorporation (or comparable corporate charter documents), of each of Parent and Merger Sub as in effect at the Closing, certified by the Secretary of State of the State of Delaware as of a date not more than five (5) Business Days prior to the Closing Date, and the bylaws of each of Parent and Merger Sub as in effect at the Closing, certified by the secretary or an assistant secretary of Parent;

(c) Certificates of Good Standing. Certificates of Good Standing, dated not more than five (5) Business Days prior to the Closing Date, with respect to each of the Company and Merger Sub, issued by the Secretary of State of the State of Delaware;

(d) Closing Certificate. A certificate, dated as of the Closing Date, duly executed by Parent, certifying as to the fulfillment of the conditions set forth in Section 8.3(a);

(e) Escrow Agreement. The Escrow Agreement, duly executed by Parent; and

(f) Other Documents. Such other documents and instruments as the Company reasonably shall deem necessary to consummate the Transactions.

**ARTICLE 10**  
**INDEMNIFICATION**

**10.1**     Indemnification of the Parent.

(a)        Subject to the provisions of this Article 10, after the Effective Time, each of the Parent and its Affiliates (collectively, the “Parent Indemnified Parties”) shall be indemnified and held harmless from and against and paid or reimbursed for out of the Escrow Amount, as and when incurred, for any and all liabilities, losses, demands, damages, diminution in value, actions, causes of action, assessments, claims, costs, expenses, fines, fees, deficiencies, interest, awards, judgments, amounts paid in settlement and penalties (including, without limitation, reasonable attorneys’, consultants’ and experts’ fees and expenses and other costs of defending, investigating or settling claims) suffered, incurred, accrued or paid by them (including, without limitation, in connection with any action brought or otherwise initiated by any of them) (collectively, “Losses”), arising out of or resulting from:

(i)        any misrepresentation or breach of, or omission from, any representation or warranty under Article 6 of this Agreement, or any misrepresentation or breach of, or omission from, any of the representations, warranties, statements, Schedules and Exhibits, certificates or other instruments or documents furnished to any Parent Indemnified Party by the Company made in or pursuant to this Agreement (without regard and without giving effect to any “materiality” or “material adverse effect” standard or qualification contained in such representation or warranty for the purposes of determining the amount of any Losses);

(ii)       any nonfulfillment or breach of any covenant or agreement on the part of the Company or Stockholder Representatives under this Agreement or other instruments or documents, including, without limitation, any Transaction Document, furnished to any Parent Indemnified Party by the Company;

(iii)      any Company Expenses to the extent not taken specifically into account in determining the Aggregate Initial Consideration Amount or included as a Current Liability on the Closing Balance Sheet and reflected in the determination of the Net Working Capital Amount;

(iv)       any (A) unpaid Taxes attributable to the Company or any Subsidiary thereof for any taxable period (or portion of any taxable period) ending on or prior to September 5, 2008, but, with respect to Taxes other than Income Taxes that are not due as of the Closing Date, only to the extent that the amount of such unpaid Taxes exceeds the amount of such Taxes specifically accrued for or reserved against on the Closing Balance Sheet and reflected in the Net Working Capital Amount as finally determined pursuant to Section 3.6, and (B) any Transfer Taxes;

(v)        any Nonpermitted Indebtedness to the extent not specifically taken into account in determining the Aggregate Initial Consideration Amount included as a Current Liability on the Closing Balance Sheet and reflected in the Net Working Capital Amount;

(vi) any breach of the representations and warranties in any Letter of Transmittal;

(vii) any Excess Severance Obligations to the extent not specifically taken into account in determining the Aggregate Initial Consideration Amount or included as a Current Liability on the Closing Balance Sheet and reflected in the Net Working Capital Amount;

(viii) any Losses described on Schedule 10.1(a)(viii);

(ix) fifty percent (50%) of any and all amounts paid, including but not limited to all costs and expenses, including attorneys' fees, incurred, in respect of a Dissenters Rights Claim which are required to be paid out of the Escrow Amount pursuant to Section 3.5.

For purposes of this Agreement, the term "Losses" shall include the reduction in net operating loss carryforwards of Parent's affiliated group (within the meaning of section 1504(a) of the Code and as determined immediately prior to the Closing) multiplied by forty percent (40%).

(b) Except to the extent that Parent has actual knowledge as of the date hereof that any representation or warranty of the Company set forth in this Agreement or the Schedule is untrue or incorrect in any material respect or has any material errors or material omissions, (except to the extent that the Company has actual knowledge that such actual knowledge of Parent of an untrue or incorrect statement of material error or material omission has been conveyed to the Company in a writing in which the objections of Parent to a statement or omission would be reasonably apparent to a reasonable person under the circumstances), the rights of Parent Indemnified Parties to indemnification under this Section 10.1 shall apply notwithstanding the availability of any information in the data room or any examination made by, for, or on behalf of, or otherwise disclosed to, Parent, or the knowledge of any of Parent's officers, directors, stockholders, employees or agents (not included in the definition of knowledge set forth in Section 11.19), or the acceptance of any certificate in connection with this Agreement that did not result in Parent having actual knowledge.

(c) Notwithstanding anything in this Agreement to the contrary, the rights of the Parent Indemnified Parties to indemnification under this Section 10.1 shall not apply with respect to, and in no event shall the Parent Indemnified Parties have (i) any right to indemnification for any matters arising out of, the last sentence of Section 6.21(s), or (ii) any cause of action with respect thereto.

(d) The rights of Parent Indemnified Parties to indemnification under Sections 10.1(a)(ii), (a)(iii), (a)(iv), (a)(v), (a)(vi), (a)(vii), (a)(viii) and (a)(ix) shall apply notwithstanding that the matter in question may be disclosed in a Schedule to this Agreement or in any Transaction Document or may be otherwise known by Parent or any of its Affiliates, or may be the subject of, excluded from or beyond the scope of any representation or warranty of the Company in this Agreement.

## **10.2     Indemnification by Parent.**

(a) Parent, Merger Sub and the Surviving Corporation, on behalf of themselves and their respective successors and assigns, hereby agree to jointly and severally indemnify the Stockholders, Warrantholders, Eligible Optionholders and their respective Affiliates, shareholders, directors, officers, partners employees, agents, representatives, successors and permitted assigns (the “Stockholder Indemnified Parties”) and save and hold each of them harmless from and against and pay on behalf of or reimburse the Stockholder Indemnified Parties as and when incurred for any and all Losses arising out of or resulting from:

(i) any misrepresentation or breach of, or omission from, any representation or warranty under Article 7 of this Agreement, or any misrepresentation or breach of, or omission from, any of the representations, warranties, statements, Schedules and Exhibits, certificates or other instruments or documents furnished to any Stockholder Indemnified Party by Parent made in or pursuant to this Agreement; or

(ii) any nonfulfillment or breach of any covenant or agreement on the part of Parent under this Agreement or other instruments or documents, including, without limitation, the Transaction Documents, furnished to the Stockholders by Parent.

## **10.3     Indemnification Procedure for Third Party Claims.**

(a) In the event that, subsequent to the Closing, any Person entitled to indemnification under this Agreement (an “Indemnified Party”) receives notice of the assertion of any claim or of the commencement of any action or proceeding by any Person who is not a Party or an Affiliate of a Party (including, but not limited to any Governmental Authority) (a “Third Party Claim”) against such Indemnified Party, against which a Party is required to provide indemnification under this Agreement (an “Indemnifying Party”), the Indemnified Party shall give written notice regarding such claim to the Indemnifying Party within thirty (30) Business Days after learning of such claim. Subject to Section 10.3(d) below, the Indemnifying Party shall have the right, upon written notice to the Indemnified Party (the “Defense Notice”) within thirty (30) calendar days after receipt from the Indemnified Party of notice of such claim, which notice by the Indemnifying Party shall specify the counsel it will appoint to defend such claim (“Defense Counsel”), to conduct, at its expense, the defense against such claim in its own name, or if necessary in the name of the Indemnified Party; *provided, however*, that the Indemnified Party shall have the right to approve the Defense Counsel, which approval shall not be unreasonably withheld or delayed.

(b) In the event that the Indemnifying Parties shall fail to give the Defense Notice within said thirty (30)-calendar day period, it shall be deemed to have elected not to conduct the defense of the subject claim, and in such event the Indemnified Party shall have the right to conduct the defense in good faith and to compromise and settle the claim in good faith without prior consent of the Indemnifying Parties and the Indemnifying Parties will be liable for all reasonable costs, expenses, settlement amounts or other Losses paid or incurred in connection therewith.

(c) Notwithstanding anything to the contrary herein, this Section 10.3 shall not apply to Dissenters Rights Claims, which claims shall be exclusively governed by Section 3.5 herein.

(d) Subject to Section 10.3(f) below, in the event that the Indemnifying Parties deliver a Defense Notice and thereby elects to conduct the defense of the subject claim, the Indemnifying Parties shall be entitled to have the exclusive control over said defense settlement of the subject claim and the Indemnified Parties will cooperate with and make available to the Indemnifying Parties such assistance and materials as it may reasonably request, all at the expense of the Indemnifying Parties, and the Indemnified Parties shall have the right at its expense to participate in the defense assisted by counsel of its own choosing. Notwithstanding the generality of the foregoing, the Indemnifying Parties delivery of a Defense Notice shall constitute an acceptance of its obligation to indemnify the Indemnified Party with respect to all Losses, if any, resulting from the subject claim.

(e) Without the prior written consent of the Indemnified Party which may be withheld for any reason or no reason, the Indemnifying Parties will not enter into any settlement of any Third Party Claim or cease to defend against such claim, if pursuant to or as a result of such settlement or cessation, (i) injunctive relief or specific performance would be imposed against the Indemnified Party, or (ii) such settlement or cessation would lead to liability or create any financial or other obligation on the part of the Indemnified Party for which the Indemnified Party are not entitled to full indemnification hereunder.

(f) Notwithstanding Section 10.3(d), the Indemnifying Parties shall not be entitled to control, but may participate in, and the Indemnified Party shall be entitled to have sole control over (and the right to select counsel to defend), the defense or settlement of any claim (i) that seeks a temporary restraining order, a preliminary or permanent injunction or specific performance against the Indemnified Party, (ii) that involves criminal allegations against the Indemnified Party, (iii) that if unsuccessful, would set a precedent that would materially interfere with, or have a material adverse effect on, the business, assets, condition (financial or otherwise), operations, operating results, or prospects of the Indemnified Party, (iv) that imposes liability on the part of the Indemnified Party for which the Indemnified Party are not entitled to full indemnification hereunder or (v) involves Taxes, which shall be exclusively governed by Section 4.2(e). In such an event, the Indemnifying Parties will still have all of its obligations hereunder provided that the Indemnified Party will not settle the subject claim without the prior written consent of the Indemnifying Parties, which consent will not be unreasonably withheld.

(g) Any final judgment entered or settlement agreed upon in the manner provided herein shall be binding upon the Indemnifying Parties, and shall conclusively be deemed to be an obligation with respect to which the Indemnified Party are entitled to prompt indemnification hereunder.

(h) Each of the Parent Indemnified Parties and their respective successors and permitted assigns hereby absolutely, unconditionally and irrevocably covenants and agrees that it (or they) will not directly sue (at law, in equity, in any regulatory proceeding or otherwise) the Preferred Releasors or Directors on the basis of any claim or cause of action arising at any time in relation to, or in any way in connection with this Agreement other than a claim based on such Preferred Releasors' or Directors' Letter of Transmittal, provided, however, Parent Indemnified Parties shall have the right to subpoena such Preferred Releasors and Directors to testify in any proceeding related to or in connection with this Agreement or any litigation involving the Company or Surviving Corporation. For purposes of clarification, any claim against the Escrow

Amount pursuant to the Escrow Agreement in connection with the indemnification in this Article 10 shall not be deemed a direct suit against the Preferred Releasors or Directors under this Section 10.3(h).

(i) A failure by an Indemnified Party to give timely, complete or accurate notice as provided in this Section 10.3 will not affect the rights or obligations of any Party under this Article 10 except and only to the extent that, as a result of such failure, any Party entitled to receive such notice (A) lost any material defense warranted by existing law or based on a non-frivolous argument (or a non-frivolous reversal or extension of existing law) for which factual contentions supporting such arguments have actual support, (B) was deprived of any material right to recover any payment, without litigation, or otherwise, or (C) was otherwise directly and materially damaged as a result of such failure to give timely notice.

**10.4** Indemnification Procedures for Non-Third Party Claims. In the event an Indemnified Party should have a claim against an Indemnifying Party hereunder which does not involve a Third Party Claim (a “Direct Claim”), the Indemnified Party (acting through the Stockholder Representatives in the case of a Company Indemnified Party) shall transmit to the Indemnifying Party a written notice (the “Direct Indemnification Notice”) containing (i) an estimate of the amount of damages attributable to such Direct Claim, (ii) the basis of the Indemnified Party’s request for indemnification under this Agreement and (iii) the individual items of such Loss included in the estimate. If the Indemnifying Party does not notify (the “Direct Indemnification Defense Notice”) the Indemnified Party in writing within thirty (30) calendar days from its receipt of the Direct Indemnification Notice that the Indemnifying Party disputes such Direct Claim, the Direct Claim specified by the Indemnified Party in the Direct Indemnification Notice shall be deemed a liability of the Indemnifying Party hereunder. If the Indemnifying Party has timely disputed such Direct Claim, as provided above, such dispute shall be resolved by litigation.

**10.5** Certain Limitations on Remedies.

(a) All representations and warranties of the Parties contained in or arising out of this Agreement or otherwise in connection herewith shall survive the Closing hereunder and shall continue in full force and effect thereafter until the {\*\*\*}† anniversary of the Closing Date, except for the several but not joint representations and warranties of each of the Stockholders, Warrantholders and Eligible Optionholders in the Letters of Transmittal which will survive thereafter solely with respect to the Stockholder or Warrantholder making such representation without effect on the Escrow Amount or any other Stockholder, Warrantholder or Eligible Optionholder. All agreements and covenants contained in this Agreement and in any Transaction Documents will survive the Closing and remain in effect indefinitely. Notwithstanding anything herein to the contrary, indemnification for any claim for which written notice as provided in this Article 10 has been timely given prior to the expiration of the representation and warranty upon which such claim is based as provided herein shall not expire

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

with respect to such claim, and such claim for indemnification may be pursued, until the final resolution of such claim in accordance with the provisions of this Article 10.

(b) Notwithstanding anything to the contrary set forth in this Agreement (but subject to the terms of this Section 10.5(b)), the Parent Indemnified Parties shall not be entitled to indemnification under Section 10.1(a)(i), other than as a result of any misrepresentation or breach of, or omission from, any representation or warranty contained in Sections 6.1 or 6.5, unless and until the Losses incurred by all Parent Indemnified Parties, in the aggregate, as a result thereof exceed, in the aggregate, \$250,000 (the “Basket Amount”); *provided, however*, that in the event that such Losses exceed the Basket Amount, the Stockholders shall fully indemnify the applicable Parent Indemnified Party for all Losses incurred by such Parent Indemnified Party subject to indemnification obligations of the Stockholders pursuant to Section 10.1(a), including the amount applied to the Basket Amount. Notwithstanding the foregoing, the Basket Amount shall not apply to Losses in connection with the following items: (i) indemnification under Sections 10.1 (a)(ii), (a)(iii), (a)(iv), (a)(v), (a)(vi), (a)(vii), (a)(viii) and (a)(ix) or relating to the representations in Sections 6.1 or 6.5, (ii) any claims for breach of the representations or warranties in any Letters of Transmittal or (iii) any payment required to be made out of the Escrow Amount with respect to Dissenters Rights Claims.

(c) Notwithstanding anything to the contrary set forth in this Agreement (but subject to the terms of this Section 10.5(b)), the Stockholders, Warranholders and Eligible Optionholders shall not be entitled to indemnification under Section 10.2(a), other than as a result of any misrepresentation or breach of, or omission from, any representation or warranty contained in Sections 7.1, 7.2 and 7.3 unless and until the Losses incurred by all Stockholders, Warranholders and Eligible Optionholders, in the aggregate, as a result thereof exceed, in the aggregate, the Basket Amount, *provided, however*, that in the event that such Losses exceed the Basket Amount, the Parent shall fully indemnify the applicable Stockholders, Warranholders and Eligible Optionholders for all Losses incurred by such Stockholders, Warranholders and Eligible Optionholders, including the amount applied to the Basket Amount. Notwithstanding the foregoing, the Basket Amount shall not apply to losses in connection with indemnification under Section 10.2(a)(iii).

(d) The maximum aggregate amount of all indemnifiable Losses, arising out of or resulting from the causes enumerated in Section 10.1 of this Agreement (other than for Losses resulting from or in any way in connection with any breach of the representations or warranties set forth in any Letter of Transmittal) shall not exceed the Escrow Amount.

(e) With respect to any Losses arising out of or resulting from a breach of Section 6.1, only the Stockholder, Warranholder and Eligible Optionholder (and no other Person) that actually breached the “title” representation in the Letter of Transmittal shall be the Indemnifying Party and the maximum aggregate amount of indemnifiable Losses arising out of or resulting from such breach that may be recovered from the Stockholder, Warranholder and Eligible Optionholder shall not exceed the amount of the Aggregate Initial Consideration Amount and Escrow Amount actually received by such holder; provided that any such recovery shall first come from such holder’s portion of the amount of funds then available in the Escrow Account. For the avoidance of doubt, any Loss from such breach shall not be deducted from an

Escrow Amount allocated to Stockholders, Warrantholders and Eligible Optionholders not breaching such representation.

(f) Notwithstanding any provision of this Agreement to the contrary, the Parent Indemnified Parties shall not be entitled to indemnification for any Losses to the extent such Losses are directly caused by any transactions occurring on the Closing Date or the day immediately preceding the Closing Date (other than the Merger).

**10.6** Stockholder Representatives.

(a) Sofinnova Management V 2005, LLC and Edgar G. Engleman, M.D. (such Persons and any successor or successors to such Persons being the “Stockholder Representatives”) shall act as the representative of the holders of Company Stock, and is authorized to act on behalf of the Stockholders, Warrantholders and Eligible Optionholders and to take any and all actions required or permitted to be taken by the Stockholder Representatives under this Agreement and the other Transaction Documents with respect to any claims (including the settlement thereof) made by a Parent Indemnified Party or a Company Stockholder (as the case may be) for indemnification pursuant to this Article 10 and with respect to any actions to be taken by the Stockholder Representatives pursuant to the terms of this Agreement or the other Transaction Documents (including, without limitation, the exercise of the power to agree to, negotiate, enter into settlements and compromises of, and comply with orders of courts or arbiters with respect to any claims for indemnification). After the Closing, in all matters relating to this Agreement and the other Transaction Documents, the Stockholder Representatives shall be the only party entitled to assert the rights of the Stockholders, Warrantholders and Eligible Optionholders, and the Stockholder Representatives shall perform all of the obligations of the Stockholders, Warrantholders and Eligible Optionholders hereunder. A decision, act, consent, or statement of the Stockholder Representatives shall constitute a decision, act, consent or statement of the Stockholders, Warrantholders and Eligible Optionholders and shall be final, binding and conclusive upon each Company Stockholder, and the Parent Indemnified Parties shall be entitled to rely on all such decisions, acts, consents and statements of the Stockholder Representatives. Parent is hereby relieved from any liability to any Person for acts done by it in accordance with such decision, act, consent or statement of the Stockholder Representatives.

(b) The Stockholders, Warrantholders and Eligible Optionholders shall be bound by all actions taken by the Stockholder Representatives in their capacity thereof, except for any action that conflicts with the limitations set forth in subsection (d) below. The Stockholder Representatives shall promptly, and in any event within five Business Days, provide written notice to the Stockholders, Warrantholders and Eligible Optionholders of any action taken on behalf of them by the Stockholder Representatives pursuant to the authority delegated to the Stockholder Representatives under this Section 10.6. The Stockholder Representatives may rely upon and shall not be liable for acting or refraining from acting upon any written notice, document, instrument or request furnished to it hereunder and believed by it to be genuine and to have been signed or presented by the proper party or parties without inquiry and without requiring substantiating evidence of any kind. Neither of the Stockholder Representatives nor any of their respective directors, officers, agents or employees, if any, shall be liable to any Person for any error of judgment, or any action taken, suffered or omitted to be taken under this Agreement, except in the case of its gross negligence or willful misconduct.

The Stockholder Representatives may consult with legal counsel, independent public accountants and other experts selected by it. The Stockholder Representatives shall not have any duty to ascertain or to inquire as to the performance or observance of any of the terms, covenants or conditions of this Agreement. As to any matters not expressly provided for in this Agreement or the other Transaction Documents, the Stockholder Representatives shall not exercise any discretion or take any action.

(c) Each Stockholder, Warrantholder and Eligible Optionholder shall indemnify and hold harmless and reimburse the Stockholder Representatives from and against such Company Stockholder's ratable share of any and all liabilities, losses, damages, claims, costs or expenses (including, without limitation, the costs of legal or accounting advisors incurred in performance of the obligations of the Stockholder Representatives under Section 4.2 and otherwise under this Agreement) suffered or incurred by the Stockholder Representatives arising out of or resulting from any action taken or omitted to be taken by the Stockholder Representatives under this Agreement, other than such liabilities, losses, damages, claims, costs or expenses arising out of or resulting from the Stockholder Representatives' gross negligence or willful misconduct.

(d) Any actions taken by the Stockholder Representatives pursuant to this Agreement shall require the consent of both Stockholder Representatives.

**10.7     Insurance Tax Effect; Payments.**

(a) The amount of any Loss subject to indemnification hereunder or of any claim therefor shall be calculated net of any insurance proceeds received by the Parent Indemnified Parties (including the Company and the Surviving Corporation) on account of such Loss. Parent Indemnified Parties (including the Company and the Surviving Corporation) shall seek full recovery under all insurance policies covering any Loss to the same extent as they would if such Loss were not subject to indemnification hereunder. In the event that an insurance recovery is made by the Parent Indemnified Parties (including the Company and the Surviving Corporation) with respect to any Loss for which any such Person has been indemnified hereunder, then a refund equal to the aggregate amount of the recovery shall be made promptly to Seller.

(b) If a Parent Indemnified Party (including the Surviving Corporation) receives a Tax Benefit after an indemnification payment is made, such Parent Indemnified Party shall promptly pay the Stockholders, Warrantholders and Eligible Optionholders the amount of such Tax Benefit at such time or times as and to the extent that such Tax Benefit is realized. For purposes hereof, a "Tax Benefit" shall mean any actual cash refund of Taxes paid or cash reduction in the amount of Taxes that otherwise would have been paid, calculated on a last-dollar basis and after taking into account any offsetting Taxes or other costs or expenses.

(c) With respect to any claim of a Parent Indemnified Party made in good faith or portion thereof that is not being contested in good faith, the Stockholder Representatives, on behalf of the Stockholders, shall cause such claim or portion thereof to be paid from the Escrow Account within thirty (30) Business Days after receipt of written notice from such Parent Indemnified Party stating the amount of the claim. If any payment is due to a Parent Indemnified

Party upon the resolution of a claim or portion thereof contested by the Stockholders as provided in this Article 10, the Stockholder Representatives and Parent shall cause a Joint Direction (as defined in the Escrow Agreement) to be delivered pursuant to the Escrow Agreement within five (5) Business Days of such resolution, which Joint Direction shall direct the Escrow Agent to make such payment out of the Escrow Account. Any uncontested payment required under this Section 10.7 that is not made when due shall bear interest until paid in full at the interest rate accrued on the applicable funds held pursuant to the Escrow Agreement or, if less, the maximum rate permitted by applicable usury Laws.

**10.8**     Mitigation. Each Person entitled to indemnification hereunder shall take all reasonable steps to mitigate all Losses after becoming aware of any event that could reasonably be expected to give rise to any Losses that are indemnifiable or recoverable hereunder or in connection herewith.

**10.9**     Purchase Price Adjustment. Except as otherwise required by Law, any indemnification payment made pursuant to this Agreement shall be treated for all tax purposes by all Parties as an adjustment to the purchase price (as determined for U.S. federal income tax purposes).

**10.10**    Limitation of Recourse.

(a)        The indemnification provided by Section 10.1(a) shall be the sole and exclusive remedy for any Losses of the Parent Indemnified Parties with respect to any misrepresentation or inaccuracy in, or breach of, any representations or warranties or any breach or failure in performance of any covenants or agreements made by the Company in this Agreement or in any exhibit or schedules hereto or any certificate delivered hereunder, other than for breach of the representations and covenants contained in any Letter of Transmittal. Recovery from the Escrow Account, solely to the extent of the funds therein and pursuant to Section 10.1, constitutes Parent Indemnified Parties' sole and exclusive source of funds for payment of the indemnification provided in Section 10.1(a) and for any other Losses or other claims relating to or arising from this Agreement or in connection with the transactions contemplated hereby or any exhibit, schedule or certificate delivered hereunder and the Parent Indemnified Parties shall have no recourse to or remedy against any of its Stockholders, Warrantheolders Eligible Optionholders or any of their respective Affiliates for any such indemnification or any other Loss, other than for breach of the representations and covenants contained in any Letter of Transmittal.

(b)        Notwithstanding anything in this Agreement, no Parent Indemnified Party shall have any right to set off any amount or any monies otherwise to be paid or delivered to any of the Stockholders, Eligible Optionholders or Warrantheolders of the Company, against anything, including, without limitation, any monies owed by any of the Stockholders, Eligible Optionholders or Warrantheolders of the Company. The exercise of such set off will constitute a material breach of this or any other agreement between any of the Parties.

(c)        Notwithstanding anything in this Article 10 to the contrary, in no event shall any of the limitations on indemnification set forth in this Article 10 be applicable to any fraud or for breach of any representation or warranty in any of the Letters of Transmittal.

(d) The Parent Indemnified Parties shall only be indemnified and held harmless from the Escrow Account for Losses incurred with respect to a breach of the representation contained in Section 6.21(s) (i) after taking into account any limitations on, or reductions of, such net operating losses resulting from any of the Transactions, (ii) after taking into account the actual expiration dates applicable to such net operating losses and any increase to such net operating losses resulting from any “net unrealized built-in gain” that is utilized by the Company on or after the Closing Date to increase the Section 382 limitation, and (iii) only to the extent that (x) the actual Tax liability of the Company or Parent’s Affiliated Group or any successor would not have been increased but for a breach of such representation or if such representation had been accurate or (y) Parent’s Affiliated Group or any successor would not have utilized its own net operating losses but for a breach of such representation or if such representation had been accurate; *provided, however*, that no indemnification shall be available under (y) to the extent that the NOLs utilized by Parent’s Affiliated Group or any successor, as applicable, would have expired in the taxable year in which utilized.

**ARTICLE 11**  
**MISCELLANEOUS**

**11.1** Notices, Consents, etc. Any notices, consents or other communications required or permitted to be sent or given hereunder by any of the Parties shall in every case be in writing and shall be deemed properly served if (i) delivered personally, (ii) sent by registered or certified mail, in all such cases with first class postage prepaid, return receipt requested, (iii) delivered by a recognized overnight courier service, or (iv) sent by facsimile transmission to the Parties at the addresses as set forth below or at such other addresses as may be furnished in writing.

Princeton, NJ 08540-6289  
Facsimile No.: (609) 919-6701  
Attention: Denis Segota, Esq.

Date of service of such notice shall be (w) the date such notice is personally delivered, (x) three (3) Business Days after the date of mailing if sent by certified or registered mail, (y) one (1) Business Day after date of delivery to the overnight courier if sent by overnight courier or (z) the same Business Day after transmission by facsimile (provided a confirmation of delivery is emitted by such machine upon transmission).

**11.2** No Third Party Beneficiary. The terms and provisions of this Agreement are intended solely for the benefit of each Party hereto and their respective successors or permitted assigns, and it is not the intention of the Parties to confer third-party beneficiary rights upon any other Person, including but not limited to the employees, Stockholders, Warrantholders and Optionholders of the Company, other than any Person entitled to indemnification under Article 10.

**11.3** Invalid Provisions. If any provision of this Agreement is held to be illegal, invalid or unenforceable under any present or future Law, and if the rights or obligations of any Party hereto under this Agreement is held to be materially and adversely affected thereby, (i) such provision will be fully severable, (ii) this Agreement will be construed and enforced as if such illegal, invalid or unenforceable provision had never comprised a part hereof, (iii) the remaining provisions of this Agreement will remain in full force and effect and will not be affected by the illegal, invalid or unenforceable provision or by its severance herefrom and (iv) the Parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in a mutually acceptable manner in order that the transactions contemplated by this Agreement be consummated as originally contemplated to the fullest extent.

**11.4** Amendment and Waiver. This Agreement may be amended or modified only by a written instrument executed by the Company and Parent. The waiver by any Party hereto of a breach of any provision of this Agreement shall not operate or be construed as a continuing waiver or as a waiver of any other breach.

**11.5** Further Assurances. From time to time, as and when requested by any Party and at such Party's expense, the other Party will execute all documents and take such other

actions as such Party may reasonably request in order to consummate the transactions provided for herein and to accomplish the purposes of this Agreement.

**11.6 Counterparts.** This Agreement may be executed simultaneously in two or more counterparts, including counterparts bearing a PDF or facsimile signature copy, each of which shall be deemed an original but all of which together shall constitute one and the same agreement and shall become effective when one or more counterparts have been signed by each of the Parties and delivered to the other. The Parties intend that a PDF or facsimile signature copy on this Agreement shall have the same force and effect as an original signature.

**11.7 Governing Law; Forum.** This Agreement shall be construed and enforced in accordance with, and all questions concerning the construction, validity, interpretation and performance of this Agreement shall be governed by, the internal laws of the State of Delaware, without giving effect to provisions thereof regarding conflict of laws. In any action between the Parties arising out of or relating to this Agreement or any of the transactions contemplated by this Agreement: (i) each of the Parties irrevocably and unconditionally consents and submits to the exclusive jurisdiction and venue of either the state courts located in New Castle County, Delaware or the United States District Court for the District of Delaware and (ii) each of the Parties irrevocably consents to service of process by first class certified mail, return receipt requested, postage prepaid.

**11.8 Waiver of Jury Trial.** Each of the Parties hereto hereby irrevocably waives any and all right to trial by jury of any claim or cause of action in any legal proceeding arising out of or related to this Agreement or the transactions or events contemplated hereby or any course of conduct, course of dealing, statements (whether verbal or written) or actions of any Party hereto. The Parties hereto each agree that any and all such claims and causes of action shall be tried by the court without a jury. Each of the Parties hereto further waives any right to seek to consolidate any such legal proceeding in which a jury trial has been waived with any other legal proceeding in which a jury trial cannot or has not been waived.

**11.9 Specific Performance.** The Parties acknowledge that irreparable damage may result if this Agreement and the Transaction Documents were not specifically enforced, and they therefore agree that the non-breaching Party may seek a decree of specific performance from a court of competent jurisdiction to enforce this Agreement. Such remedy shall, however, not be exclusive and shall be in addition to any other remedies which any Party may have under this Agreement, the Transaction Documents or otherwise.

**11.10 Headings.** The subject headings of Articles and Sections of this Agreement are included for purposes of convenience only and shall not affect the construction or interpretation of any of its provisions.

**11.11 Assignment.** Neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned by any of the Parties (whether by operation of Law or otherwise) without the prior written consent of the other Parties. Subject to the preceding sentence, this Agreement shall be binding upon and shall inure to the benefit of the Parties and their respective successors and assigns, *provided, however*, that nothing in this Agreement shall or is intended to limit the ability of Parent to assign its rights or delegate its responsibilities,

liabilities and obligations under this Agreement, in whole or in part, without the consent of the Company to (i) any Affiliate of Parent provided that such Affiliate expressly assumes such assignment or delegation, (ii) any buyer of all or substantially all of the assets of Parent, the Company or any Subsidiary thereof provided that such Buyer expressly assumes such assignment or delegation, or (iii) subject to observance of Parent obligations under the Escrow Agreement, commercial bank lenders to any of Parent, the Company or any Subsidiary thereof as security for borrowings at any time whether prior to or following the Closing Date. Notwithstanding anything contained in this Agreement to the contrary, except as specifically provided in Article 10, nothing in this Agreement, expressed or implied, is intended to confer on any Person other than the Parties or their respective successors and assigns any rights, remedies, obligations or liabilities under or by reason of this Agreement.

**11.12** Entire Agreement. This Agreement and all the Schedules and Exhibits attached to this Agreement (all of which shall be deemed incorporated in the Agreement and made a part hereof), and the Transaction Documents set forth the entire understanding of the Parties with respect to the subject matter hereof and supersede all prior agreements, written or oral, of the Parties hereto, and shall not be modified or affected by any offer, proposal, statement or representation, oral or written, made by or for any Party in connection with the negotiation of the terms hereof, and may be modified only by instruments signed by all of the Parties required in accordance with Section 11.4.

**11.13** Interpretative Matters. Unless the context otherwise requires, (i) all references to Articles, Sections, Schedules or Exhibits are to Articles, Sections, Schedules or Exhibits contained in or attached to this Agreement, (ii) each accounting term not otherwise defined in this Agreement has the meaning assigned to it in accordance with GAAP, (iii) words in the singular or plural include the singular and plural and pronouns stated in either the masculine, the feminine or neuter gender shall include the masculine, feminine and neuter, (iv) the use of the word “including” in this Agreement shall be by way of example rather than limitation and (v) except as otherwise indicated, all references (A) to any agreement (including this Agreement), contract or Law are to the agreement, contract or Law as amended, modified, supplemented or replaced from time to time, and (B) to any Government Authority include any successor to that Government Authority.

**11.14** No Strict Construction. The language used in this Agreement will be deemed to be the language chosen by the Parties to express their mutual intent, and no rule of strict construction will be applied against any Party.

**11.15** Publicity. Prior to the Closing, the Parties agree that they shall not issue any announcement or press release relating, directly or indirectly, to the Transactions unless such announcement or release is mutually agreed to by each of the Parties. Notwithstanding the foregoing, each Party may release such information that is required of them pursuant to any Law; *provided that* such releasing Party (prior to such release) immediately inform the other Parties hereto regarding the requirement and content of such release.

**11.16** Time of the Essence. For purposes of this Agreement and the transactions contemplated by this Agreement, time is of the essence.

**11.17    Incorporation of Exhibits.** The Company Disclosure Schedule, the Parent Disclosure Schedule, the Schedules and all Exhibits attached hereto and referred to herein are hereby incorporated herein and made a part hereof for all purposes as if fully set forth herein.

**11.18    Disclosure Generally.** The Company Disclosure Schedule and the Parent Disclosure Schedule attached hereto are incorporated herein and expressly made a part of this Agreement as though completely set forth herein. The inclusion of any information in any Schedule (or updated Schedule) shall not be deemed to be an admission or acknowledgment by the Company, in and of itself, that such information is material to or outside the ordinary course of the businesses of the Company and its Subsidiaries. Capitalized terms used in the schedules and not otherwise defined therein have the meanings given to them in this Agreement. Any information or document posted in the online data room and available for inspection at least three (3) Business Days prior to the date hereof by all Persons Affiliated with or representing Parent with access to the online data room as of such time shall be deemed to have been provided to, and made available to, Parent. Any information or document not posted prior thereto shall be deemed not to have been provided to, and made available to, Parent.

**11.19    Knowledge.** Where any representation or warranty of the Company contained in this Agreement is expressly qualified by reference “to the knowledge of the Company,” “to the Company’s knowledge” or words of similar import, it refers to the knowledge of any of George F. Horner III, Robert S. Radie, J. Paul Hoppenjans with respect to financial matters, and Martin Stogniew with respect to scientific or regulatory matters, as to the existence or absence of facts or circumstances that are the subject of such representations and warranties. Where any statement in this Agreement is expressly qualified by reference “to the knowledge of Parent,” “to the Parent’s knowledge,” or words of similar import, it refers to the knowledge of Greg Gubitz, Alex Matheson and, with respect to tax matters, Chris Bovaird as to the existence or absence of facts or circumstances that are the subject of such representations and warranties.

**CONFIDENTIAL TREATMENT REQUESTED:**

*Portions of this Exhibit have been redacted pursuant to a request for confidential treatment under Rule 24b-2 of the General Rules and Regulations under the Securities Exchange Act of 1934, as amended. Such redacted portions have been replaced with “{\*\*\*}” in this Exhibit. An unredacted version of this document has been filed separately with the Securities and Exchange Commission along with the request for confidential treatment.*

**ASSET PURCHASE AGREEMENT**

THIS ASSET PURCHASE AGREEMENT (this “Agreement”), dated as of May 5, 2009 (the “Agreement Date”), is made by and between Biovail Laboratories International SRL, a Barbados society with restricted liability (“Buyer”), and SmithKline Beecham Corporation d/b/a GlaxoSmithKline, a corporation of the Commonwealth of Pennsylvania (“Seller”).

WHEREAS, Seller and Buyer are parties to that certain Amended and Restated Development, License and Copromotion Agreement, dated as of November 15, 2004, as amended (the “License Agreement”), by and among Seller, Buyer and Seller’s Affiliate (as defined below), Glaxo Group Limited (“GGL”);

WHEREAS, pursuant to the License Agreement, Buyer granted to Seller for the Territory (as defined below) and to GGL for certain other countries in the world, an exclusive license to make, have made, use, sell, offer for sale, and import any once daily formulation of bupropion hydrochloride, which formulation is currently marketed and sold by Seller in the Territory as Wellbutrin XL®;

WHEREAS, Seller desires to sell to Buyer, and Buyer desires to purchase from Seller certain Purchased Assets (as defined below) related to the Product (as defined below) in the Territory as well as the Product Inventory (as defined below), all upon the terms and subject to the conditions set forth in this Agreement;

WHEREAS, Seller desires to transfer to Buyer, and Buyer desires to obtain from Seller certain Transferred Assets (as defined below) related to the Product in the Territory, all upon the terms and subject to the conditions set forth in this Agreement; and

WHEREAS, in connection with the sale and purchase of the Purchased Assets, Buyer desires to secure certain rights to the Product Trademark (as defined below) and Product Trade Dress (as defined below) in the Territory and Seller desires to grant such rights to the Product Trademark and the Product Trade Dress in the Territory to Buyer.

NOW, THEREFORE, in consideration of the mutual covenants contained herein and for other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, Buyer and Seller agree as follows:

---

ARTICLE I  
DEFINITIONS

Section 1.1      Definitions. As used in this Agreement, the following terms shall have the meanings ascribed to them below:

“Actual Inventory Amount” has the meaning set forth in Section 3.3(e).

“Affiliate” means, with respect to any Person, any other Person that directly or indirectly Controls, is Controlled by or is under common Control with such first Person. A Person will be deemed to “Control” another Person if such first Person has (a) direct or indirect ownership of more than fifty percent (50%) of the equity (or such lesser percentage which is the maximum allowed to be owned by a foreign corporation in a particular jurisdiction) having the power to vote on or direct the affairs of such other Person, or (b) the power, directly or indirectly, to direct or cause the direction of the policies and management of the other Person, whether by the ownership of stock, by contract, or otherwise.

“Agreement” has the meaning set forth in the introductory paragraph.

“Agreement Date” has the meaning set forth in the introductory paragraph.

“AMP” has the meaning set forth in Section 9.1(f)(i).

“Assigned Contracts” means each of the Contracts listed on Schedule 5.11.

“Assumed Contractual Obligations” means the obligations of Seller under the Assigned Contracts and Buyer Accepted Customer Orders but only to the extent such obligations relate to the period of time from and after the Closing Date. For purposes of clarification, Assumed Contractual Obligations shall not include any Liabilities (including for any pre-Closing breaches) arising or relating to periods prior to the Closing Date.

“Assumed Liabilities” has the meaning set forth in Section 2.3.

“Assumption Agreement” means an assumption agreement to be delivered by Buyer and Seller at Closing, substantially in the form of Exhibit A.

“Bill of Sale” means a bill of sale and assignment to be delivered by Buyer and Seller at Closing, substantially in the form of Exhibit B.

“Books and Records” means those certain files, documents, instruments, papers, books and records of Seller as listed on Schedule 1.1.

“Business Day” means any day other than a Saturday, Sunday or other day on which banks in the City of New York are permitted or required to close by any Governmental Rule.

“Buyer” has the meaning set forth in the introductory paragraph.

“Buyer Accepted Customer Orders” means all unfilled customer orders for Product on the Closing Date.

“Buyer Indemnified Parties” has the meaning set forth in Section 14.2(a).

“Canadian Wellbutrin® and Zyban® Amendment” means the First Amendment to Rights Agreement to be delivered by Buyer and Seller at Closing, substantially in the form of Exhibit C.

“Chargeback Contracts” has the meaning set forth in Section 9.1(d).

“Chargeback Contract Termination Date” has the meaning set forth in Section 9.1(d).

“Clinical Study” has the meaning set forth in Section 9.7(c).

“Closing” has the meaning set forth in Section 4.1.

“Closing Date” has the meaning set forth in Section 4.1.

“CMS” has the meaning set forth in Section 9.1(f)(i).

“Competing Product” has the meaning set forth in Section 10.1.

“Content” means all content, information, graphics, text, photographs and other data contained on the websites associated with the Domain Names. Notwithstanding the foregoing, “Content” shall not include the Seller Trademarks.

“Contracts” means contracts, leases, indentures, agreements, purchase orders and all other legally binding arrangements, including all amendments thereto, in effect as of the Closing Date.

“Customer Lists” means a list of all Third Parties who have purchased the Product directly from Seller (and, for clarity purposes, not purchased from a wholesaler or other Third Party with rights to sell the Product) in the Territory from January 2008 through March 31, 2009.

“Direct Customer Contracts” has the meaning set forth Section 9.1(e).

“Disclosure Schedule” has the meaning set forth in the introductory paragraph to ARTICLE V.

“DOJ” has the meaning set forth in Section 10.2.

“Domain Names” means the Domain Names set forth on Schedule 1.2.

“Domain Names Assignment Agreement” means a Domain Names assignment agreement to be delivered by Buyer and Seller at Closing, substantially in the form of Exhibit D.

“Encumbrance” means any mortgage, charge, deed of trust, lien, security interest, easement, right of way, pledge, assessment, encumbrance or restriction of any nature whatsoever.

“Estimated Inventory Purchase Amount” has the meaning set forth in Section 3.3(b).

“Excluded Assets” has the meaning set forth in Section 2.2.

“Excluded Intellectual Property” means: (i) the Seller Trademarks; (ii) the Product Trademarks; (iii) the Product Trade Dress; and (iv) any computer programs and software.

“FDA” means the United States Food and Drug Administration, and any successor thereto.

“Finished Goods” means the Product in bottles, labeled, packaged and ready for distribution and sale to end-users.

“FSS” has the meaning set forth in Section 9.1(d).

“FSS Termination Date” has the meaning set forth in Section 9.1(d).

“FTC” has the meaning set forth in Section 10.2.

“GGL” has the meaning set forth in the recitals.

“Government Rebate Programs” has the meaning set forth in Section 9.1(b).

“Governmental Entity” means any court, administrative agency or commission, regulatory authority or other governmental authority or instrumentality of the applicable jurisdiction, whether domestic or foreign.

“Governmental Rule” means any applicable law, judgment, order, decree, statute, ordinance, rule or regulation issued or promulgated by any Governmental Entity.

“HSR Act” means the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended.

“HSR Approval” means the waiting period applicable to the consummation of the transactions under the HSR Act shall have expired or been terminated, and no Governmental Entity shall have applied or threatened to apply for an injunction or other order under the antitrust laws of the Territory or any state thereof.

“IFF” has the meaning set forth in Section 9.1(d).

“IND” means an Investigational New Drug Application as defined in the Federal Food, Drug and Cosmetic Act, 21 USC Section 301, et seq. and applicable regulations promulgated thereunder by the FDA.

“Indemnification Claim Notice” has the meaning set forth in Section 14.5(a).

“Indemnified Party” has the meaning set forth in Section 14.5(a).

“Indemnifying Party” has the meaning set forth in Section 14.5(a).

“Liabilities” means any and all debts, liabilities and obligations, whether accrued or fixed, known or unknown, absolute or contingent, matured or unmatured, due or become due, or determined or determinable, including any liability for Taxes and those arising under any Governmental Rule, Contract, or otherwise.

“License Agreement” has the meaning set forth in the recitals.

“License Agreement Amendment” means the Second Amended and Restated Development, License and Copromotion Agreement related to the Product to be delivered by Buyer’s Affiliate and Seller at Closing, substantially in the form of Exhibit E.

“Licensed Rights” means the rights licensed by Seller to Buyer pursuant to Section 2.4.

“Losses” means any and all damages, losses, Taxes, Liabilities, claims, judgments, penalties, costs and expenses (and any interest imposed thereon), including reasonable attorneys’ fees and litigation expenses.

“Market Withdrawal” means the partial or total withdrawal of the Product in the Territory either on a temporary or permanent basis due to the decision of Seller or a Governmental Entity.

“Material Adverse Effect” means a change, circumstance or effect that has had or could have a materially adverse effect on the Product or any of the Purchased Assets or Licensed Rights, taken as a whole, but shall exclude any events, change, circumstance or effect caused by or relating to: (A) the announcement of or consummation of the transaction contemplated by this Agreement or the other transaction documents; (B) events, circumstances, changes in conditions or effects that generally affect the (i) healthcare or pharmaceutical industry or (ii) the United States or world economy or securities markets; (C) changes caused by a material worsening of current conditions caused by acts of terrorism or war (whether or not declared) occurring after the Agreement Date, or (D) any changes in law.

“NDA” means a new drug application or supplemental new drug application and any amendments thereto submitted to the FDA.

“NDC Number” means the national drug code number associated with the Product in the Territory (including the labeler code, product code and package code, in connection with the drug listing requirements of Section 510(j) of the FDCA, and applicable FDA rules and regulations).

“Parent” has the meaning set forth in Section 6.9.

“Patents” means all patents and patent applications, provisionals or any substitute applications, any patent issued with respect to any such patent applications, including reissues, divisions, continuations, continuations-in-part, renewal and extensions (including any supplementary protection certificate) thereof and reexamination certificates therefor, and any confirmation patent or registration patent or patent of addition based on any such patent.

“Permitted Encumbrance” means any Encumbrance for Taxes, assessments and other governmental charges that are not yet due and payable or that may thereafter be paid without penalty, or that are being contested in good faith by appropriate proceedings.

“Person” means any individual, corporation, partnership, limited liability company, joint venture, trust, business association, organization, Governmental Entity or other entity.

“Pharmacovigilance Agreement” has the meaning set forth in Section 9.7(b)(i).

“Product” means and collectively refers to those certain dosage strengths of the once-daily pharmaceutical formulation of bupropion hydrochloride (i.e. the 150 mg and the 300 mg dosage strengths) that are marketed by Seller in the Territory under the Trademark “Wellbutrin XL®” as of the Closing Date.

“Product Approvals” means the Regulatory Approvals for the Product which are set forth on Schedule 5.9(b), together with all supporting documents, submissions, correspondence, reports and clinical studies referred therein.

“Product Inventory” has the meaning set forth Section 3.3(a).

“Product Marketing Materials” means the marketing, advertising and promotional materials attached as Schedule 1.3.

“Product Patents” means the Patent listed on Schedule 1.4.

“Product Regulatory Materials” means (a) all adverse event reports and other data, information and materials relating to adverse experiences with respect to the Product in the Territory; and (b) all written notices, communications or other correspondence between Seller, on the one hand, and any Governmental Entity, on the other hand, relating to the Product in the Territory, including any safety reports or updates, complaint files and product quality reviews, all clinical or pre-clinical data derived from clinical studies conducted or sponsored by Seller, which data relates to the Product in the Territory and is maintained by or otherwise in the possession of Seller as of the Closing Date.

“Product Trade Dress” means the current trade dress of the Product, including the shape, size, color and lettering of the Product packaging and the tablets of Product.

“Product Trademarks” means the Trademarks listed on Schedule 1.5.

“Purchase Price” has the meaning set forth in Section 3.1.

“Purchased Assets” means (i) the Product Approval, (ii) the Assigned Contracts, (iii) the Product Inventory, (iv) the Domain Names and (v) any and all goodwill relating to the foregoing.

“Rebate Contracts” has the meaning set forth in Section 9.1(b).

“Regulation S-X” has the meaning set forth in Section 6.9.

“Regulatory Approvals” means any approvals (including pricing and reimbursement approvals), licenses, registrations or authorizations of any national or international or local regulatory authority, department, bureau or other governmental entity, necessary for the marketing, distribution and sale of a product in a regulatory jurisdiction in the Territory, including NDAs and INDs.

“REMS Study” means that certain Risk Evaluation and Mitigation Strategy requirement set forth in the Supplemental Request.

“Responsible Party” has the meaning set forth in Section 9.7(c)(ii).

“Retained Liabilities” has the meaning set forth in Section 2.3.

“SEC” has the meaning set forth in Section 6.9.

“Seller” has the meaning set forth in the introductory paragraph.

“Seller Indemnified Parties” has the meaning set forth in Section 14.3(a).

“Seller Trademark” means the “GlaxoSmithKline” company name, any corporate logos of the Seller, and, in each case, any variations thereof.

“Seller’s Warehouse” means the Seller’s distribution centers located in Knoxville, TN and Richmond, VA.

“Shared Lot” means a lot of Product that was sold by Seller prior to Closing Date and sold by Buyer, or by Buyer’s distributor, from and after the Closing Date.

“Supplemental Request” means that certain notice titled “Supplemental Request” from the FDA to Seller dated February 19, 2009.

“Tax” means all taxes of any kind imposed by a federal, state, local or foreign Governmental Entity, including those on, or measured by or referred to as, income, gross receipts, financial operation, sales, use, ad valorem, value added, franchise, profits, license, excise, stamp, premium, property, transfer or windfall profits taxes, customs, duties or similar fees, assessments or charges of any kind whatsoever, together with any interest and any penalties, additions to tax or additional amounts imposed by such Governmental Entity with respect to such amounts.

“Territory” means the United States of America and its territories and possessions, such as but not limited to Puerto Rico.

“Third Party” means any Person other than Buyer, Seller or their respective Affiliates.

“Third Party Claim” has the meaning set forth in Section 14.5(b).

“Trademark License Agreement” means the Trademark License Agreement to be entered into by Buyer and Seller at Closing, substantially in the form of Exhibit E.

“Trademarks” means all trademarks, trade names, brand names, logotypes, symbols, service marks and the goodwill of the business symbolized thereby, including registrations and applications for registrations thereof and all renewals, modifications and extensions thereof.

“Transferred Assets” means (i) the Product Regulatory Materials, (ii) the Books and Records (including the Customer Lists), (iii) the Buyer Accepted Customer Orders, and (iv) any and all goodwill related to the foregoing.

“VANAC” has the meaning set forth in Section 9.1(d).

“Wellbutrin®” means Wellbutrin® immediate release tablets, a three times a day formulation of bupropion hydrochloride.

“Wellbutrin SR®” means Wellbutrin® sustained release tablets, a twice daily formulation of bupropion hydrochloride.

“Zovirax Distribution Rights Letter” means that certain letter with respect to Distribution Rights Agreement, dated as of the Closing Date, by and between Seller and Buyer’s Affiliate, in substantially the form of Exhibit G.

“Zyban®” means Zyban® sustained release tablets, a twice daily formulation of bupropion hydrochloride indicated as an aid for smoking cessation treatment.

Section 1.2      Interpretation.

(a)      When used in this Agreement, the words “include”, “includes” and “including” shall be deemed to be followed by the words “without limitation.”

(b)      Any terms defined in the singular shall have a comparable meaning when used in the plural, and vice-versa.

(c)      All references to any introductory paragraph, recitals, Articles, Sections, Exhibits and Schedules shall be deemed references to the introductory paragraph, recitals, Articles, Sections, Exhibits and Schedules to this Agreement.

(d)      This Agreement shall be deemed drafted jointly by Buyer and Seller and shall not be specifically construed against either party based on any claim that such party or its counsel drafted this Agreement.

Section 1.3      Currency. All currency amounts referred to in this Agreement are in United States Dollars unless otherwise specified.

ARTICLE II  
SALE AND PURCHASE OF PURCHASED ASSETS; LICENSES

Section 2.1      Purchase and Sale. Upon the terms and subject to the conditions of this Agreement, on the Closing Date, Seller shall sell, assign, transfer, convey and deliver to Buyer (or its designated Affiliates) and Buyer (or its designated Affiliates) shall purchase, acquire and

accept, all right, title and interest of Seller in, to and under the Purchased Assets and the Transferred Assets.

Section 2.2        Excluded Assets. Buyer and Seller expressly agree and acknowledge that none of the Purchased Assets, the Transferred Assets nor the Product Inventory shall include any of the following (collectively, the “Excluded Assets”):

- (i)        the Excluded Intellectual Property; and
- (ii)       any Seller employees.

Section 2.3        Assumption of Certain Liabilities and Obligations. As of the Closing Date, Buyer shall assume, be responsible for and pay, perform and discharge when due the following Liabilities of Seller (collectively, the “Assumed Liabilities”):

- (a)       any Liabilities (including attorneys’ fees and expert witness fees) arising from any product liability claims relating to any Product sold by Buyer or its distributor after the Closing Date (based on lot number);
- (b)       any Liabilities (including attorneys’ fees and expert witness fees) arising from any product liability claims relating to Shared Lots (based on lot number), regardless of the seller of the Product; and
- (c)       the Assumed Contractual Obligations.

It is expressly understood and agreed that other than the Assumed Liabilities and Buyer’s indemnification obligations under the License Agreement Amendment, Buyer shall not assume, nor shall it be liable for, any Liabilities of Seller or its Affiliates, including any Liabilities arising from any litigation, claim, action, suit, proceeding, investigation, hearing, arbitration, judgment, decree, injunction, rule or order related to the Product sold by or on behalf of Seller or its Affiliates (collectively, the “Retained Liabilities”). For purposes of clarity, the Retained Liabilities shall include any Liability for product liability claims related to Product sold by or on behalf of Seller or its Affiliates (based on lot number). Notwithstanding the foregoing provisions of this Section 2.3, the parties hereby agree and acknowledge that, to the extent any Liability for product liability claims relate to any Product that cannot be identified by lot or by the date such Product was sold, such Liability will be allocated between the parties as follows: (a) with respect to any such Liability that arises from any litigation, claim, action, suit, or proceeding wherein the prescription fill date of the Product was on or prior to the {\*\*\*}† day after the Closing Date, such Liability shall be a Retained Liability; and (b) with respect to such Liability that arises from any litigation, claim, action, suit, proceeding wherein the prescription fill date of the Product was on or after the {\*\*\*}† day after the Closing Date, such Liability shall be an Assumed Liability.

Section 2.4        Trademark and Trade Dress License. Seller shall grant to Buyer a license to the Product Trademarks and the Product Trade Dress pursuant to the terms and conditions of the Trademark License Agreement.

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

Section 2.5      Rights of Reference.

(a) Grant to Buyer. Effective from and after the Closing Date, Seller hereby grants Buyer and its designees the right to reference solely in connection with the Product in the Territory, at no cost, all regulatory approvals, owned or otherwise controlled by Seller or any of its Affiliates, associated with (i) the Product outside of the Territory and (ii) Zyban®, Wellbutrin SR® and Wellbutrin® worldwide. Regulatory approvals, as used in Section 2.5(a) and Section 2.5(b), shall include preclinical and clinical data and reports, regulatory submissions and filings, any adverse event reports and customer complaints, each of which have been filed with the applicable regulatory approval. In furtherance of the foregoing, Seller shall, promptly upon the written request of Buyer specifying the Governmental Entity, deliver a letter to the applicable Governmental Entity authorizing Buyer to reference, solely in connection with the Product in the Territory, the applicable regulatory approvals related to (1) the Product outside of the Territory and (2) Zyban®, Wellbutrin SR® and the Wellbutrin® worldwide.

(b) Grant to Seller. Effective from and after the Closing Date, Buyer hereby grants Seller and its designees the right to reference, at no cost, all regulatory approvals associated with the Product in the Territory and Canada (i) in connection with the Product outside of the Territory, and (ii) in connection with Zyban®, Wellbutrin SR® and Wellbutrin® worldwide. In furtherance of the foregoing, Buyer shall, promptly upon the written request of Seller specifying the Governmental Entity, deliver a letter to the applicable Governmental Entity authorizing Seller to reference, solely in connection with the Product outside of the Territory or in connection with Zyban®, Wellbutrin SR® and Wellbutrin® worldwide, as applicable, the applicable regulatory approvals related to the Product in the Territory and Canada.

ARTICLE III  
PURCHASE PRICE

Section 3.1      Purchase Price. In consideration of the sale, assignment, conveyance, and delivery of the Purchased Assets (other than the Product Inventory), the Transferred Assets and the Licensed Rights granted pursuant to the Trademark License Agreement, Buyer shall, on the Closing Date, assume the Assumed Liabilities and:

(a) pay to Seller an amount equal to Five Hundred Ten Million Dollars (\$510,000,000) (the “Purchase Price”), provided that, in the event that the Closing does not occur on or prior to May 14, 2009, the Purchase Price shall be reduced by an amount equal to {\*\*\*}† for each Business Day on which the Closing Date does not occur subsequent to {\*\*\*}†; provided that in the event the Closing Date occurs subsequent to {\*\*\*}†, then {\*\*\*}† shall be the first day for purposes of calculating the foregoing adjustment (e.g., if, the Closing Date occurs on {\*\*\*}†, the Purchase Price shall be reduced by {\*\*\*}†. The Purchase Price is non-refundable and not creditable against other payments of the Buyer under this Agreement or any other transaction document. The Purchase Price shall be due and payable at the Closing in accordance with Section 4.2(a); and

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

(b) pay to Seller the Estimated Inventory Purchase Amount for the Product Inventory, as such amount may be adjusted pursuant to Section 3.3(e).

Section 3.2      Transfer Taxes. All transfer, sales, value added, stamp duty and similar Taxes (including any penalties and interest) payable in connection with the transactions contemplated hereby, to the extent payable to any Governmental Entity, shall be borne by Buyer. Notwithstanding the foregoing, Buyer and Seller shall each be obligated for any Taxes that it is legally responsible for, if any, arising out of the sale by Seller of the Purchased Assets and Transferred Assets to Buyer pursuant to this Agreement, or assessed based upon the income or worth of such party.

Section 3.3      Product Inventory.

(a) Buyer shall purchase the lots of Finished Goods available at Seller’s Warehouse which are listed on Schedule 3.3(a) (which Schedule also sets forth the quantities of such lots and whether such lots are full), less any such Finished Goods that are sold by Seller during the period between the Agreement Date and the Closing Date (the “Product Inventory”). On the Agreement Date, Seller shall provide to Buyer a written report, as set forth on Schedule 3.3(a), with respect to the estimated quantities of Product Inventory, by lot, available at Seller’s Warehouse for delivery to Buyer or an Affiliate of Buyer (as directed by Buyer) on the Closing Date. All Product Inventory shall not have less than {\*\*\*}† shelf life remaining as of the Closing Date. Between the Agreement Date and the Closing Date, Seller shall not break into any full lot of Product Inventory set forth on Schedule 3.3(a) without providing two (2) Business Days prior written notice thereof to Buyer.

(b) Buyer shall purchase all of the Product Inventory at Closing at a purchase price equal to the quantity of each SKU of Product Inventory set forth in the report identified in Section 3.3(a), which report shall be updated by Seller as of the Business Day immediately prior to the Closing, multiplied by the prices set forth in Schedule 3.3(b) applicable to such SKU (the “Estimated Inventory Purchase Amount”).

(c) Seller shall deliver the Product Inventory EXW (Incoterm 2000) Seller’s Warehouse, on the Closing Date. Buyer shall pick-up the Product Inventory within two (2) Business Days of the Closing Date. For purposes of clarification, Buyer shall be solely responsible for all costs and expenses related to the delivery of the Product Inventory from Seller’s Warehouse to destination determined by Buyer, including without limitation, all shipping, insurance, and all import and export duties.

(d) At the time of pick-up of the Product Inventory, prior to leaving Seller’s Warehouse, Buyer shall cause a physical counting of the Product Inventory to be picked up pursuant to Section 3.3(c) to be conducted to determine the actual quantities of such Product Inventory. Buyer shall permit a representative of Seller to be present at such examination.

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

(e) In the event that the purchase price of the actual quantities of Product Inventory picked up at Closing, calculated pursuant to the formula set forth in Section 3.3(b) (the “Actual Inventory Amount”), is less than the Estimated Inventory Purchase Amount, then, within fifteen (15) days of the determination of the Actual Inventory Amount, Seller shall pay an amount equal to such difference to an account designated by Buyer by wire transfer in immediately available funds.

#### ARTICLE IV THE CLOSING

Section 4.1 Closing Date. The closing of the sale of the Purchased Assets, Product Inventory and the transfer of the Transferred Assets (the “Closing”) shall take place by facsimile or electronic transmission of signature pages on the first Business Day following HSR Approval or at such other date as may be mutually agreed by Buyer and Seller (the “Closing Date”). The Closing shall be deemed to occur at 12:01 a.m. ET on the Closing Date.

Section 4.2 Closing Activities.

(a) At the Closing, (i) payment of the Purchase Price shall be made by Buyer, in U.S. Dollars, by wire transfer of immediately available funds to Seller’s account listed in Schedule 4.2(a), and (ii) payment of the Estimated Inventory Purchase Amount for the Product Inventory shall be made by Buyer, in U.S. Dollars, by wire transfer of immediately available funds to Seller’s account listed in Schedule 4.2(a):

(b) At the Closing, Seller will sell, assign, convey and transfer to Buyer or, as directed by Buyer, to Buyer’s Affiliate, Seller’s right, title and interest in, to and under the Purchased Assets and Transferred Assets.

(c) At the Closing, Seller shall deliver to Buyer or to an Affiliate as directed by Buyer, in electronic form only, the Product Approval, the Product Marketing Materials, Books and Records and the Buyer Accepted Customer Orders. The delivery of the Product Inventory shall be performed in accordance with Section 3.3(c).

(d) Within thirty (30) days after the Closing Date, Seller shall deliver to Buyer or to an Affiliate of Buyer as directed by Buyer, in electronic form only, the Product Regulatory Materials.

(e) At the Closing, Seller will have executed and delivered to Buyer all instruments of conveyance and other documentation relating to the sale and purchase of the Purchased Assets and Transferred Assets, including: (i) the Assumption Agreement; (ii) the Bill of Sale; (iii) the License Agreement Amendment; (iv) the Domain Names Assignment Agreement; (v) the Canadian Wellbutrin® and Zyban® Amendment; (vi) the Zovirax Distribution Rights Letter; and (vii) the Trademark License Agreement.

(f) At the Closing, Buyer shall receive from Seller a certificate certifying to the satisfaction of the conditions set forth in Section 12.2(a) and Section 12.2(b) dated the Closing Date and executed by a duly authorized officer of Seller.

(g) At the Closing, Seller shall receive from Buyer a certificate certifying to the satisfaction of the conditions set forth in Section 12.3(a) and Section 12.3(b) dated the Closing Date and executed by a duly authorized officer of Buyer.

(h) At the Closing, Buyer will have executed and delivered to Seller: (i) the Assumption Agreement; (ii) the Bill of Sale; (iii) the License Agreement Amendment; (iv) the Domain Names Assignment Agreement; (v) the Canadian Wellbutrin® and Zyban® Amendment; (vi) the Zovirax Distribution Rights Letter; and (vii) the Trademark License Agreement.

(i) At Closing, Seller shall deliver or cause to be delivered to Buyer: (i) a letter from Seller to the FDA, duly executed by Seller, transferring the rights to the Product Approval to Buyer; and (ii) a letter from Seller to the FDA, Division of Drug Marketing, Advertising and Communication, notifying of the transfer of the Product Approval to Buyer.

(j) At Closing, Buyer shall deliver or cause to be delivered to Seller: (i) a letter from Buyer to the FDA, duly executed by Buyer, assuming responsibility for the Product Approval from Seller; and (ii) a letter from Buyer to the FDA, Division of Drug Marketing, Advertising and Communication, notifying of the transfer of the Product Approval from Seller to Buyer.

ARTICLE V.  
REPRESENTATIONS AND WARRANTIES OF SELLER

Seller hereby represents and warrants to Buyer as of the Agreement Date and as of the Closing Date (except to the extent a separate date is specified within the representation and warranty, in which case, the date set forth therein shall apply), except as set forth on the Disclosure Schedule attached hereto as Exhibit H (the “Disclosure Schedule”), which Disclosure Schedule shall be deemed to be representations and warranties of Seller as if made herein, as follows:

Section 5.1      Organization; Good Standing. Seller is a corporation, duly organized, validly existing and in good standing under the laws of the jurisdiction of its incorporation. Seller has the requisite power and authority to own the Purchased Assets, Transferred Assets and to license the Licensed Rights, as the case may be, and to carry on its business with respect to the Product in the Territory as currently conducted. Seller is duly qualified to conduct business as a foreign corporation and is in good standing in each jurisdiction where the nature of the business conducted by it makes such qualification necessary, except where the failure to so qualify or be in good standing would not have a Material Adverse Effect.

Section 5.2      Authority; Execution and Delivery. Seller has the requisite power and authority to enter into this Agreement and the other transaction documents (including the License Agreement Amendment) and to consummate the transactions contemplated hereby and thereby. The execution and delivery of this Agreement and the other transaction documents (including the License Agreement Amendment) by Seller and the consummation of the transactions contemplated hereby and thereby have been duly authorized and no additional corporate or shareholder authorization or consent is required in connection with the execution, delivery and performance by Seller of this Agreement and the other transaction documents (including the

License Agreement Amendment). This Agreement and the transaction documents (including the License Agreement Amendment) have been duly executed and delivered by Seller and, assuming the due authorization, execution and delivery of this Agreement and the transaction documents by Buyer, will constitute legal, valid and binding obligations of Seller, enforceable against it in accordance with their terms, subject to applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent transfer and other similar laws affecting creditors' rights generally from time to time in effect and to general principles of equity regardless of whether considered in a proceeding in equity or at law.

Section 5.3        No Violation; Consents. The execution and delivery of this Agreement and the other transaction documents do not, and the consummation of the transactions contemplated hereby and thereby and compliance with the terms hereof and thereof will not: (i) assuming HSR Approval has been obtained, violate any Governmental Rule applicable to Seller or the Purchased Assets or Transferred Assets; (ii) result in the creation or imposition of any Encumbrance upon, any Purchased Asset or Transferred Assets; (iii) require any approval, authorization, consent, license, exemption, filing or registration with any Person, except for such approvals, authorizations, consents, licenses, exemptions, filings or registrations which have been obtained or made prior to the Closing; (iv) conflict with or violate any provisions of the charter, bylaws or other organizational documents of Seller; (v) result in the breach of, or a default under any Contract to which such Seller is a party, or (vi) result in the breach of, or a default under any order, writ, injunction, judgment or decree to which such Seller is bound or subject, except in the case of clauses (v) and (vi) for such breaches or defaults, which would not have, individually or in the aggregate, a Material Adverse Effect.

Section 5.4        Financial Information. Seller has made available to Buyer all material, historical sales information related to the gross and net sales of the Product in the Territory for the twelve (12) months ended December 31, 2007 and December 31, 2008, and the three (3) months ended March 31, 2009. Such financial information was prepared by Seller in good faith, was derived from and is consistent with, the Books and Records of the Seller, and fairly presents, in all material respects, the gross and net sales of the Product in the Territory as of the dates and for the periods shown.

Section 5.5        Consents. There are no consents, approvals, waivers or authorizations of, filing with, notice to, or exemption by, any Person, including any Governmental Entity, required to be obtained by the Seller or on its behalf in connection with the execution, delivery, or performance of its obligations under this Agreement or the other transaction documents or to consummate the transactions contemplated hereby or thereby, including the transfer of the Purchased Assets and Transferred Assets to Buyer and the grant of the Licensed Rights to Buyer, except (a) in connection with the transfer of the Product Approvals, (b) as relate solely to Buyer, (c) pursuant to the HSR Act or (d) failure to make such filings or notifications, or obtain such consents, approvals, authorizations or waiver, would not, individually or in the aggregate, have a Material Adverse Effect.

Section 5.6        Title to Assets. Seller has good, marketable and valid title to each of the Purchased Assets and Transferred Assets, as the case may be, free and clear of all Encumbrances other than Permitted Encumbrances and is exclusively entitled to possess and dispose of same. To Seller's knowledge, there are no adverse claims of ownership to the Product in the Territory,

the Purchased Assets or Transferred Assets. Seller has not received any written notice that any Person has asserted a claim of ownership or right of possession or use in and to any of the Product in the Territory, the Purchased Assets or the Transferred Assets.

Section 5.7      Sufficiency of Assets. Except as set forth on Schedule 5.7, the Purchased Assets and the Licensed Rights constitute all of the assets and rights (i) controlled by Seller that are currently used, or have been used in the prior twelve (12) months, by Seller in connection with the distribution and sale of the Product in the Territory or (ii) that are otherwise necessary for the distribution and sale of the Product in the Territory. None of Seller's Affiliates owns or controls any of the Purchased Assets, Transferred Assets, Licensed Rights, or any other assets or rights currently used, or used in the prior twelve (12) months, by Seller for the distribution or sale of the Product in the Territory. To Seller's knowledge, none of Seller's Affiliates is a party to a Contract related to the Product in the Territory.

Section 5.8      Litigation. Except as disclosed on Schedule 5.8, there is no claim, action, suit, proceeding, investigation, hearing, arbitration, judgment, decree, injunction, rule or order before any Governmental Entity in progress or, to the knowledge of Seller, pending or threatened against or relating to Seller (a) in connection with the Purchased Assets, the Product in the Territory or the Licensed Rights, (b) to the knowledge of Seller, in connection with the Transferred Assets, (c) that would have a Material Adverse Effect, or (d) that would otherwise delay or impair the ability of Seller to consummate the transactions contemplated by this Agreement or the other transaction documents or to perform Seller's obligations hereunder or thereunder.

Section 5.9      Regulatory Issues.

(a)      With respect to the Product since January 1, 2007, except as set forth in Schedule 5.9(a) or as otherwise provided to Buyer in the Product Approval, (i) neither Seller nor any of Seller's Affiliates has received or been subject to any written notice from any Governmental Entity of adverse findings relating to the Product; and (ii) there has not been any occurrence of any product recall, Market Withdrawal or post sale warning conducted by or on behalf of Seller concerning the Product.

(b)      The Product Approvals are in full force and effect. There is no action or proceeding by any Governmental Entity pending or, to the knowledge of Seller, threatened seeking the recall of the Product or the revocation or suspension of any of the Product Approvals. As of the Agreement Date, Seller has made available to Buyer complete and correct copies of the Product Approval. The Product Approvals, as set forth on Schedule 5.9(b), are the only Regulatory Approvals required from the FDA to distribute and sell the Product in the Territory in the manner as currently conducted by Seller and as conducted by Seller during the twelve (12) months prior to the Agreement Date.

(c)      Seller has provided Buyer with (i) a true, complete and correct copy of the Supplemental Request and any amendments thereto and (ii) a true, complete and correct copy of the proposal with respect to the REMS Study delivered by Seller to the FDA and any amendments thereto, and (iii) all other written materials and correspondence to or from the FDA related to the Supplemental Request and the matters set forth therein.

Section 5.10 Compliance with Laws. Except to the extent non-compliance would not have a Material Adverse Effect, Seller is in compliance with all Governmental Rules applicable to it which relate to the Purchased Assets, the Product and the Licensed Rights. Seller has not received any written notice (a) of any asserted violation of any such Governmental Rules relating to the Purchased Assets, the Product and the Licensed Rights that remains outstanding or (b) except as set forth on Schedule 5.8, Schedule 5.10(b) or as otherwise provided to Buyer in the Product Approvals, that any investigation or review by any Governmental Entity with respect to the Domain Names, the Product or the Licensed Rights is currently pending or threatened.

Section 5.11 No Defaults Under Assigned Contracts. Each of the Assigned Contracts is in full force and effect and constitutes a legal, valid and binding agreement of Seller and the other parties thereto, enforceable in accordance with its terms, except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium and other laws of general application affecting enforcement of creditors' rights generally, and (b) as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies; and Seller has performed all of its required material obligations under any Assigned Contract. Seller has not received written notice that it is in default under, or in breach of, any Assigned Contract. Neither Seller nor, to the knowledge of Seller, the other party to each of the Assigned Contracts is in default under, or in breach of, such Assigned Contract. Seller has delivered true, complete and accurate copies of all Assigned Contracts except to the extent redacted to remove provisions which relate to products other than the Product, including any written amendments, written alterations or written correspondence that alter any of the terms set forth therein.

Section 5.12 Intellectual Property Rights.

(a) Schedule 5.12(a) contains a list of all the Patents, Trademarks and Domain Names used by Seller in the distribution and sale of the Product in the Territory as currently conducted by Seller and as conducted by Seller during the twelve (12) months prior to the Agreement Date.

(b) The Product Trademarks and Domain Names listed on Schedule 5.12(a), each as registered or filed, have been duly registered or filed with, and all necessary registration, maintenance and renewal fees with respect to such Product Trademarks and Domain Names have been paid to, the appropriate Governmental Entities. To the knowledge of Seller, Seller has complied with all other requirements to maintain in full force the Product Trademarks and the Domain Names in the Territory.

(c) Seller has not received any notice of a claim, and to the knowledge of Seller, there has not been any threatened claim, made by any Third Party of infringement or misappropriation, or contesting the validity, enforceability, use or ownership of the Product Trademarks, Domain Names or the Product Trade Dress.

(d) The Product Trademarks, Product Trade Dress and Domain Names are not subject to any contractual obligation (i) restricting Seller's use or rights thereof, (ii) entitling Third Parties to use the same in the Territory or (iii) in any way obligating Seller to make royalty or similar payments to others. The Product Patent is licensed to Seller by Andrx Pharmaceuticals, LLC. pursuant to a license agreement that is an Assigned Contract.

(e) As of the Agreement Date, (i) to the knowledge of Seller, the sale or distribution of the Product does not infringe or misappropriate any intellectual property of any other Person and (ii) there is no written notice of any claims asserted against Seller alleging that the import, use, marketing, distribution, commercialization or sale of the Product by Seller infringes or misappropriates any intellectual property of any other Person.

(f) Seller is the exclusive owner of the Product Trademarks and the Product Trade Dress and Seller owns or otherwise has the right to license the Product Trademarks and the Product Trade Dress to Buyer pursuant to the Trademark License Agreement. The Product Trademarks have not been abandoned by Seller.

Section 5.13 No Adverse Effect. Since January 1, 2009, (a) there has been no change in the Purchased Assets, the Licensed Rights or the Product in the Territory that would have a Material Adverse Effect; (b) there has been no damage or impairment to, or destruction or loss of, the Purchased Assets, or the Licensed Rights that would have a Material Adverse Effect; and (c) there has been no sale, assignment, transfer or Encumbrance (other than a Permitted Encumbrance) of any of the Purchased Assets or the Licensed Rights outside the ordinary course of business and consistent with past practice.

Section 5.14 Conduct of Business. Since January 1, 2009, Seller has conducted its business operation in connection with the Product in the Territory only in the ordinary course of business and consistent with past practice. The monthly gross sales of the Product by Seller in the Territory in each of the three (3) immediately preceding full calendar months prior to the Agreement Date do not materially exceed the average monthly gross sales of the Product by Seller in the Territory in the twelve (12) full calendar months ending February 28, 2009.

Section 5.15 No Brokers. Seller has not entered into any agreement, arrangement or understanding with any Person which will result in the obligation to pay any finder's fee, brokerage commission or similar payment in connection with the transactions contemplated hereby.

Section 5.16 Product Inventory. All Product Inventory (a) was stored and handled by or on behalf of Seller in compliance with the Specifications and cGMP (in each case, as defined in the License Agreement), (b) is unadulterated as a result of Seller's storage and handling, and (c) as of the Closing Date, will have not less than thirteen (13) months of shelf-life remaining.

Section 5.17 Customers. Schedule 5.17 sets forth a complete and accurate list of the direct customers accounting for five percent (5%) or more of its gross sales (stated in WAC) arising from sales of the Product in the Territory (a) during the fiscal year ended December 31, 2008 and (b) during the three-month period ending March 31, 2009. To the knowledge of Seller, no customer named on Schedule 5.17 has provided notice to Seller during the six (6) months immediately preceding the Agreement Date of such customer's intention to decrease or limit materially, or threatened to decrease or limit materially, its purchase of the Product in the Territory.

Section 5.18 No Other Contracts. Except for distribution agreements, warehousing agreements and customer contracts/purchase orders or as otherwise set forth on Schedule 5.18,

Seller is not a party to, bound by, or otherwise subject to, any material Contract other than the Assigned Contracts, relating to the Product in the Territory.

Section 5.19      Trade Allowances.

- (a)      Schedule 5.19(a) sets forth (i) all upfront discounts for current indirect customers that purchase Products from direct customers of Seller and (ii) all discounts and other price reductions that have been processed through April 28, 2009 and relate to claims for the fourth calendar quarter of 2008 for current indirect customers that purchase Products from direct customers of Seller.
- (b)      Schedule 5.19(b) sets forth the maximum rebates allowed for Products under current Medicare and managed care contracts.
- (c)      Schedule 5.19(c) sets forth all discounting and other price reductions provided through April 30, 2009 for claims related to Product dispensed in the fourth calendar quarter of 2008 under current Medicaid and State programs for Product in the Territory.

Section 5.20      Disclaimer. EXCEPT AS EXPRESSLY PROVIDED HEREIN, SELLER DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, WITH REGARD TO THE PRODUCT, THE PURCHASED ASSETS, THE TRANSFERRED ASSETS AND THE LICENSED RIGHTS, INCLUDING (A) THE WARRANTY OF MERCHANTABILITY AND THE WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, (B) THE USE, MARKETING, DISTRIBUTION, OFFER FOR USE, SALE OR COMMERCIALIZATION WITH RESPECT TO THE PRODUCT BY BUYER AFTER THE CLOSING IN ANY MANNER OTHER THAN AS PERFORMED BY SELLER AS OF THE CLOSING DATE, (C) THE PROBABLE SUCCESS OR PROFITABILITY OF THE PRODUCT AFTER THE CLOSING OR (D) AS TO THE CONDITION, VALUE, OR QUALITY OF THE PURCHASED ASSETS AND THE TRANSFERRED ASSETS.

ARTICLE VI  
CERTAIN COVENANTS AND AGREEMENTS OF SELLER

Section 6.1      Conduct of Business Until Closing. During the period from the Agreement Date and continuing until the Closing, except as otherwise provided in this Agreement or to the extent that Buyer otherwise consents in writing, Seller will conduct its business with respect to the Product in the Territory, the Purchased Assets, the Transferred Assets and the Licensed Rights in the ordinary course, consistent with past practices. In particular, during such period, Seller shall, and shall cause its Affiliates to: (a) not transfer any asset that would otherwise constitute a Purchased Asset, Transferred Asset or Licensed Right, except inventories of the Product and Product Marketing Materials in the ordinary course of business consistent with its past practice; (b) not enter into any material Trademark licenses, or any other material Contracts or other commitments, relating to the Purchased Assets, the Transferred Assets, the Licensed Rights or the Product except in the ordinary course of business consistent with its past practice; (c) not make or consent to any amendment to, or renewal of, any of the Assigned Contracts without the prior written consent of Buyer; (d) hold and store all Product Inventory in compliance in all material respects with the Specifications and cGMP (in

each case, as defined in the License Agreement) for the Product set forth in the applicable Product Approvals; (e) use commercially reasonable efforts to maintain relationships with its customers and suppliers in the ordinary course of business consistent with its past practice; (f) cooperate with Buyer and use commercially reasonable efforts to obtain and diligently assist Buyer in obtaining (i) all necessary consents, approvals and authorizations, under any applicable law, including HSR Approval and (ii) all necessary consents and approvals under the Assigned Contracts; (g) promptly advise Buyer orally and, if then requested, in writing: (i) of any fact or any change in the business, operations, affairs, assets, liabilities, financial condition or prospects of the Product in the Territory that could reasonably have a Material Adverse Effect and (ii) of any breach by Seller of any material covenant or agreement contained in this Agreement.

Section 6.2      Buyer Access. During the period from the Agreement Date and continuing until the Closing, Seller shall permit Buyer and its representatives to have reasonable access, during regular business hours and upon reasonable advance notice, to the Purchased Assets and the Transferred Assets, subject to reasonable rules and regulations of Seller and any applicable Governmental Rules. Seller shall furnish to Buyer copies of Books and Records as Buyer shall from time to time reasonably request.

Section 6.3      Commercially Reasonable Efforts. Seller shall use commercially reasonable efforts to take, or cause to be taken, all actions, or to do, or cause to be done, all things necessary, proper or advisable under applicable Governmental Rules to consummate and make effective the transactions contemplated by this Agreement and to cause the conditions to its obligations to consummate the transactions contemplated hereby to be satisfied, including obtaining all consents and approvals of all Persons and Governmental Entities and removing any injunctions or other impairments or delays that are necessary, proper or advisable to the consummation of the transactions contemplated by this Agreement.

Section 6.4      Further Assurances.

(a)      On and after the Closing, Seller shall, from time to time, at the request of Buyer, execute and deliver, or cause to be executed and delivered, such other instruments of conveyance and transfer and take such other actions as Buyer may reasonably request in order to more effectively consummate the transactions contemplated hereby, including to vest in Buyer good and marketable title to the Purchased Assets, the Transferred Assets (including assistance in the collection or reduction to possession of any of the Purchased Assets and Transferred Assets) and to grant the Licensed Rights to Buyer.

(b)      On and after the Closing, Buyer shall, from time to time, at the request of Seller, execute and deliver, or cause to be executed and delivered, such other instruments of conveyance and transfer and take such other actions as Seller may reasonably request in order to more effectively consummate the transactions contemplated hereby.

Section 6.5      Covenant Not to Sue. Notwithstanding anything to the contrary contained in this Agreement, Seller shall not, and shall cause its Affiliates not to, sue or bring an action or proceeding seeking to enforce any intellectual property rights to prevent or restrict Buyer or its Affiliates, sublicensees or subcontractors from importing, manufacturing, using, marketing, commercializing, distributing or selling the Product in the Territory as currently imported,

manufactured, used, marketed, commercialized, distributed or sold and as imported, manufactured, used, marketed, commercialized, distributed or sold during the twelve (12) months prior to the Agreement Date.

Section 6.6 No Other Transactions. Seller agrees to terminate any and all discussions, negotiations and other communications, whether directly or indirectly through any representative of Seller or any of its Affiliates, with any Third Party regarding (a) the sale or other disposition of all or a portion of the Purchased Assets (except for the Product Inventory, which Seller may continue to sell in the ordinary course of business as set forth herein), the Transferred Assets or the Product or (b) the grant of all or any portion of the Licensed Rights. Seller agrees that it will not (and will cause its Affiliates not to), directly or indirectly, solicit, encourage, entertain or support, or engage in any discussions with respect to, any inquiry, proposal or offer from any other party regarding (x) a sale or other disposition involving all or a portion of the Purchased Assets, the Transferred Assets or the Product or (y) the grant of all or any part of the Licensed Rights, in each case, unless and until the Agreement is terminated in accordance with ARTICLE XIII. As of the date hereof, the Seller does not have any other commitments or understandings regarding the sale of the Purchased Assets, Transferred Assets or the Product, or the grant of the Licensed Rights.

Section 6.7 Website Information. Within ten (10) days following the Closing Date, Seller shall remove all Product information from its websites, except as necessary for Seller to maintain, in accordance with internal policies and procedures, its clinical trial registry with respect to the Product in the Territory.

Section 6.8 Sales Information. Provided the Closing does not occur on or before May 31, 2009, commencing June 1, 2009 and for each calendar month thereafter until the Closing Date, within ten (10) days after the end of each calendar month, Seller shall provide to Buyer all material sales information and wholesaler inventory information relating to the Product in the Territory for the preceding calendar month.

Section 6.9 Delivery of Financial Statements. Seller shall prepare or cause to be prepared and deliver to Buyer (i) audited financial statements of the Product's business as shall be required by Regulation S-X ("Regulation S-X") promulgated by the U.S. Securities and Exchange Commission (the "SEC"); and (ii) such other financial statements and financial information with respect to such accounting periods of the Product's business as shall be required for financial statements of the Purchased Assets and Transferred Assets as prescribed by Regulation S-X in connection with any filings of Buyer's indirect parent, Biovail Corporation ("Parent"), with the SEC. The financial statements shall contain such information, and be in such form, and shall be delivered with such reports of certified public accountants thereon and such consents of such certified public accountants, if any, as shall be required by the SEC and Parent's auditors, provided however, that Buyer and/or Parent shall complete any and all forms and consents requested by Seller's auditors. Seller shall use commercially reasonable efforts to deliver the foregoing audited financial information to Parent within ninety (90) days after Parent provides Seller with written notice that such information is required and/or requested by the SEC to the extent such information is available to Seller, but in no event later than a date reasonably determined by Seller and Buyer to ensure that Parent is able to timely comply with the SEC filing obligations referred to above. Promptly following such notification, Seller shall engage its

independent auditors, in consultation with Buyer on terms reasonably consistent with its usual audit engagement to conduct the audit of the foregoing financial information. {\*\*\*}†. Furthermore, at the request of the Seller, its auditor or other third party vendor, Buyer shall make available to the Seller, its auditor and other third party vendor, as applicable, such representatives of Buyer, Parent, and Parent’s auditor as deemed reasonably appropriate by the Seller, its auditor or other third party vendor for the purpose of complying with this Section 6.9, and shall cause such persons to cooperate with Seller, its auditor and any third party vendors. {\*\*\*}†. Seller shall cooperate with Seller’s auditors and provide them with access to all financial and other information reasonably necessary to conduct such audit, including management representation letters to such auditors.

ARTICLE VII  
REPRESENTATIONS AND WARRANTIES OF BUYER

Buyer hereby represents and warrants to Seller as follows:

Section 7.1        Buyer’s Organization; Good Standing. Buyer is a society with restricted liability duly organized, validly existing and in good standing under the laws of the jurisdiction of its formation. Buyer has all requisite power and authority to carry on its business as it is currently being conducted. Buyer is duly qualified to conduct business as a foreign entity and is in good standing in every jurisdiction where the nature of the business conducted by it makes such qualification necessary, except where the failure to so qualify or be in good standing would not prevent or materially delay the consummation of the transactions contemplated hereby.

Section 7.2        Authority; Execution and Delivery. Buyer has the requisite power and authority to enter into this Agreement and to consummate the transactions contemplated hereby. The execution and delivery of this Agreement by Buyer and the consummation of the transactions contemplated hereby have been duly authorized. This Agreement has been duly executed and delivered by Buyer and, assuming the due authorization, execution and delivery of this Agreement by Seller, constitutes the legal, valid and binding obligation of Buyer, enforceable against Buyer in accordance with its terms, subject to applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent transfer and other similar laws affecting creditors’ rights generally from time to time in effect and to general principles of equity regardless of whether considered in a proceeding in equity or at law.

Section 7.3        No Violations; Consents. The execution and delivery of this Agreement do not, and the consummation of the transactions contemplated hereby and compliance with the terms hereof will not: (a) violate any Governmental Rule applicable to Buyer or conflict with any material Contract to which Buyer is a party or by which it is otherwise bound, except for such

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

violations or conflicts which would not materially interfere with Buyer’s performance of its obligations hereunder; or (b) require any approval, authorization, consent, license, exemption, filing or registration with any Person, except for such approvals, authorizations, consents, licenses, exemptions, filings or registrations which have been obtained or made prior to Closing or which, if not obtained or made, would not materially interfere with Buyer’s performance of its obligations hereunder.

Section 7.4        Litigation. There is no suit, claim, action, investigation or proceeding in progress or, to the knowledge of Buyer, pending or threatened against Buyer, (a) relating to and adversely affecting this Agreement or any transaction documents or (b) that would materially delay the ability of Buyer to perform its obligations hereunder.

Section 7.5        No Brokers. Buyer has not entered into any agreement, arrangement or understanding with any Person which will result in the obligation to pay any finder’s fee, brokerage commission or similar payment in connection with the transactions contemplated hereby.

Section 7.6        Consents. No notice to, filing with, authorization of, exemption by, or consent of, any Person, including any applicable Governmental Entity, is required for Buyer to consummate the transactions contemplated herein, except (a) where the failure to make such filings or notifications, or obtain such consents, approvals, authorizations or permits, would not, individually or in the aggregate, prevent or delay the consummation by Buyer of the transactions contemplated herein, (b) in connection with the Product Approvals, (c) as relate solely to Buyer and (d) pursuant to the HSR Act.

Section 7.7        Financing. Buyer will have sufficient immediately available funds to pay, in cash, the Purchase Price as contemplated in Section 3.1 and all other amounts payable pursuant to this Agreement and any other agreement referenced herein or otherwise necessary to consummate all the transactions contemplated herein at the time any such payments are due. Upon the consummation of the transactions contemplated herein, (a) Buyer will not be insolvent, (b) Buyer will not be left with unreasonably small capital, (c) Buyer will not have incurred debts beyond its ability to pay such debts as they mature and (d) the capital of Buyer will not be impaired in any manner that would prevent or prohibit the consummation by Buyer of the transactions contemplated herein.

ARTICLE VIII  
CERTAIN COVENANTS AND AGREEMENTS OF BUYER

Section 8.1        Records. Buyer shall, for a period of the greater of (a) seven (7) years from the Closing Date or (b) as required by applicable Governmental Rule, preserve all Books and Records (including financial information) included within the Transferred Assets prior to the Closing Date and make such Books and Records available for inspection, copying and use (subject to reasonable rules and regulations of Buyer and any applicable Governmental Rules) by Seller for Tax purposes or to comply with any applicable Governmental Rule, upon reasonable request and upon reasonable notice. In addition, upon reasonable written notice to Buyer, Seller shall have the right to use the data contained in the Books and Records purchased by Buyer hereunder solely in connection with (i) the prosecution or defense of any litigation, claim, action,

suit, proceeding, investigation, hearing, arbitration, judgment, decree, injunction, rule or order related to the Product in the Territory and (ii) with Third Party supply chain members, including distributors and wholesalers. Such written notice from Seller shall specifically detail the facts and circumstances pursuant to which Seller seeks to use such data contained in the Books and Records. In addition to the foregoing, Buyer hereby consents to Seller utilizing such data contained in the Books and Records in the clinical trial registry maintained by Seller and in existence immediately prior to the Agreement Date.

Section 8.2      Assumption of Regulatory Commitments. Subject to ARTICLE IX, from and after the Closing Date, Buyer shall assume control of, and responsibility for, all costs, obligations and Liabilities arising from or related to any commitments or obligations to any Governmental Entities first arising on or after the Closing Date solely in connection with the Product in the Territory.

Section 8.3      Bulk Transfer Laws. Buyer hereby waives compliance by Seller with the provisions of any so-called “bulk transfer law” of any jurisdiction in connection with the sale of the Purchased Assets to Buyer. Seller shall indemnify and hold harmless Buyer against any and all Liabilities that may be asserted by third parties against Buyer as a result of noncompliance with any such bulk transfer law.

Section 8.4      Commercially Reasonable Efforts. Buyer shall use commercially reasonable efforts to (a) take, or cause to be taken, all actions, or to do, or cause to be done, all things necessary, proper or advisable under applicable Governmental Rules to consummate and make effective the transactions contemplated by this Agreement and to cause the conditions to its obligations to consummate the transactions contemplated hereby to be satisfied, including obtaining all consents and approvals of all Persons and Governmental Entities and removing any injunctions or other impairments or delays that are necessary, proper or advisable to the consummation of the transactions contemplated by this Agreement.

ARTICLE IX  
TRANSITION

Section 9.1      Trade Returns; Rebates; Chargebacks.

(a)      Returns.

(i)      All returns labeled with Seller’s NDC Number shall continue to be sent to Seller until {\*\*\*}†. Beginning {\*\*\*}†, all returns labeled with Seller’s NDC Number shall be sent to Buyer. Returns will be processed in accordance with the receiving party’s then-current returned goods policy, regardless of which party made the corresponding original sale.

(ii)      From and after the Closing Date, Buyer shall, or shall cause its distributor to, process and be financially responsible for all return of a Product that is labeled

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

with Buyer’s NDC Numbers. Seller shall process and be financially responsible for all return of a Product that is labeled with Seller’s NDC Numbers until {\*\*\*}†; thereafter, Buyer shall, or shall cause its distributor to, process and be financially responsible for such returns.

(iii) For any Product that is returned to one party but is the processing responsibility of the other party, the party receiving the return will destroy, or cause to be destroyed, all such Product and by the tenth (10<sup>th</sup>) Business Day of each month, provide the other party a reporting of such Product returned, including documentation sufficient to determine any appropriate customer reimbursement or credit, which shall be processed according to the processing party’s then-current returned goods policy. Each of Buyer and Seller shall destroy, or cause to be destroyed, all such returned Product in a manner consistent with applicable law and the costs of such destruction shall not be reimbursed.

(iv) Neither Buyer nor Seller shall instruct, recommend or attempt to induce customers who have previously purchased Product from it to (A) return such Product when that would not otherwise have been the case but for such party’s instructions, recommendations or inducement or (B) delay the return of such Product. For the avoidance of doubt, Buyer’s shipment of units of Product to customers in the ordinary course will not be deemed to violate this Section 9.1(a)(iv).

(b) Government Rebates. Seller shall administer (including processing, reporting, payment and dispute resolution), in compliance with applicable laws, all federal, state (including state supplemental) and local government rebate programs (collectively, “Government Rebate Programs”) for Product sold bearing the Seller’s NDC Number, and Buyer shall administer the Government Rebate Programs for Product sold bearing any NDC Number other than Seller’s NDC Number. Seller shall be financially responsible for all payments related to rebate claims for Product sold bearing Seller’s NDC Number that are submitted by Government Rebate Programs for periods prior to and including the calendar quarter during which the Closing Date takes place. Buyer will be financially responsible for all payments related to Government Rebate Program claims for Product sold bearing Seller’s NDC Number that are for periods beginning with the calendar quarter immediately following the calendar quarter during which the Closing Date takes place. Buyer shall, or shall cause its distributor to, administer and be financially responsible for all payments related to Government Rebate Program claims for Product sold bearing any NDC Number other than Seller’s NDC Number. To the extent that either Buyer or Seller processes, issues credits or remits payment for rebate claims in respect of Product for which the other party is financially responsible under this subsection, such other party shall reimburse such processing or paying party within thirty (30) days of receipt of invoices that describe the requested reimbursements in reasonable detail, other than amounts that are the subject of bona fide disputes.

(c) Commercial Rebates and Patient Assistance Programs. Seller shall use commercially reasonable efforts to terminate (including providing all applicable written notices of termination) all Contracts providing for the payment of commercial rebates and patient assistance

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

program rebates with respect to the Product in the Territory (“Rebate Contracts”), effective thirty (30) days following the Closing. Seller shall not assign to Buyer, and Buyer shall not assume, any of the Rebate Contracts. Seller shall be solely responsible for the processing, handling and payment of all rebates owed under the Rebate Contracts with respect to the Product dispensed prior to the termination of such Rebate Contracts. As soon as practicable following the Closing, Seller shall notify all relevant Third Parties that any future Rebate Contracts will need to be entered into with Buyer or its distributors. For all rebate claims that are submitted to one party but are the processing responsibility of the other party, the party receiving the claim shall deny the claim.

(d) Chargeback Claims and Associated Fees. Seller shall use commercially reasonable efforts to terminate (including providing all applicable written notices of termination) all Contracts providing for the payment of chargebacks and associated contracted fees with respect to the Product in the Territory (“Chargeback Contracts”), effective thirty (30) days following the Closing. Seller shall not assign to Buyer, and Buyer shall not assume, any of the Chargeback Contracts. Seller shall process and be financially responsible for all chargeback claims and associated contracted fees related to Product sold by distributors with distributor invoice dates up to and including the termination date of each such Chargeback Contract (the “Chargeback Contract Termination Date”), and Buyer shall, or shall cause its distributor to, process and be financially responsible for all chargeback claims and associated contracted fees related to Product sold by distributors with distributor invoice dates from and after such Chargeback Contract Termination Date. As soon as practicable after Closing, the parties will notify the VA National Acquisition Center (the “VANAC”) that the Product should be added to the Buyer’s Federal Supply Schedule (“FSS”), effective thirty (30) days following the Closing (“FSS Termination Date”), and that the Buyer or its distributor at that time will be responsible for any federal price calculations, reporting, and other obligations relating to FSS submissions and the processing of FSS chargebacks and the associated Industrial Fund Fee (“IFF”). The parties acknowledge that the VANAC must approve the removal of the Product from Seller’s FSS before the responsibility of processing such chargebacks and fees is transferred from Seller to Buyer. Notwithstanding the third sentence of this section, until such approval is obtained, Seller shall continue (on Buyer’s or its distributor’s behalf) to be responsible for processing the FSS chargebacks and fees claimed for sales by distributors bearing the Seller’s NDC Numbers and with distributor invoice dates up to but not including the approved VANAC Product transfer date, and Buyer or its distributor shall reimburse Seller for such FSS chargeback claims and associated Third Party fees with distributor invoice dates from and after the FSS Termination Date. Buyer and Seller agree that Seller shall have no financial liability for such FSS chargeback claims and associated Third Party fees from and after the FSS Termination Date. Buyer shall, or shall cause its distributor to, be responsible for any reporting and other obligations relating to Public Health Service (PHS) pricing and chargeback processing for the Product relating to periods from the Chargeback Contract Termination Date and forward. Seller shall provide Buyer or its distributor with applicable PHS pricing for the Product for the calendar quarter during which the Closing Date takes place and the immediately following calendar quarter. As soon as practicable following the Closing, the parties will notify all relevant Third Parties that Buyer shall, or shall cause its distributor to, be responsible for chargebacks and associated fees in accordance with the terms of this subsection. For all chargeback claims that are submitted to one party but are the processing responsibility of the other party (or Buyer’s distributor, as applicable), the party receiving the claim shall deny the claim. To the extent that either Buyer or Seller processes,

issues credits or remits payment for chargeback claims in respect of Product for which the other party is financially responsible under this subsection, such other party shall reimburse such processing or paying party within thirty (30) days of receipt of invoices that describe the requested reimbursements in reasonable detail, other than amounts that are the subject of bona fide disputes.

(e) Other Direct Customer Discounts. Seller shall use commercially reasonable efforts to terminate (including providing all applicable written notices of termination) all Contracts with direct customers providing for the issuance of rebates and other discounts to such direct customers with respect to the Product in the Territory ("Direct Customer Contracts"), effective on the Closing Date. Seller shall not assign to Buyer, and Buyer shall not assume, any of the Direct Customer Contracts. Seller shall be solely responsible for the processing, handling and payment of all rebates and other discounts owed under the Direct Customer Contracts with respect to Product sold to direct customers up to the Closing date. On the Closing Date, Seller shall notify all relevant Third Parties that Buyer or Buyer's distributor, as applicable, will be responsible for any direct customer discount programs in accordance with the terms of this subsection. For all direct customer discount program claims that are submitted to one party but are the processing responsibility of the other party, the party receiving the claim shall deny the claim.

(f) Medicaid Information.

(i) With respect to Product sold by Buyer from and after the Closing Date that bears an NDC Number of Seller, Buyer will cause to be delivered to Seller, within fifteen (15) days after the end of each calendar quarter or reporting period as designated by the Center for Medicare and Medicaid Services ("CMS") to include the following information: (a) on a quarterly basis, the "Best Price" (as defined under the Social Security Act, 42 U.S.C. § 1396r-8(c)(1)(C)) for Product, identified by NDC Number; and (b) on a monthly and quarterly basis, the average manufacturer price ("AMP") (as defined under the Social Security Act, 42 U.S.C. § 1396r-8(k)(1)) and the relevant AMP eligible sales dollar amounts, as well as the number of AMP eligible units for such Product, each identified by NDC Number.

(ii) Buyer agrees to cause to be provided to Seller any additional data or other information required for the calculation and reporting of a government mandated price, as well as the calculation of the rebates contemplated in this Section 9.1(f)(ii). Buyer agrees that Seller may use all information described in this Section 9.1(f)(ii) in reporting to the CMS. Buyer further agrees that all Medicaid pricing data described in Section 9.1(f)(iii) that is included in any report to Seller will be calculated utilizing systems, processes, policies, practices and pricing methodologies that comply with the requirements of the Medicaid Rebate Law, the Medicaid Regulations, Buyer's or its distributor's (as applicable) Medicaid agreement, if any, with the Secretary of Health and Human Services and applicable CMS Medicaid rebate program releases.

(iii) Seller will provide Buyer with all applicable Medicaid pricing data for the Product required to support continued filings with CMS after the transition to Buyer's NDC Number, including Base Date Average Manufacturer's Price as defined under the Medicaid Rebate Law, and such other relevant information reasonably requested by Buyer.

(a) Transitional License. Effective for the period beginning on the Closing Date and ending on the {\*\*\*}† of (i) {\*\*\*}† days following the Closing Date or (ii) sale or destruction of all Product Inventory and component inventory bearing Seller Trademarks, Seller hereby grants to Buyer and Buyer's Affiliates and each of their respective distributors the limited, irrevocable royalty-free, non-exclusive, non-transferable, non-sublicensable license, to use the Seller Trademarks that have been used by Seller in connection with its respective marketing, sale and distribution of the Product in the Territory solely for marketing, sale and distribution of the Product in the Territory (including the right to use the Seller Trademarks on the Product Inventory and component inventory bearing Seller Trademark). Notwithstanding the foregoing, the license provide in the preceding sentence shall expire one (1) year from the Closing Date. For purposes of clarity, Buyer's right to use Seller's NDC Number is set forth in Section 9.3(b)(iii). All use of the Seller Trademarks by Buyer under this Section 9.2 shall conform to the standards followed by the Seller in operating the business with respect to the Product prior to the Closing Date, and upon reasonable notice to Buyer, Seller shall have the right to review the standards used by Buyer to operate the business with respect to the Product after the Closing Date to ensure Buyer's compliance with this requirement related to the Seller Trademarks. Following such time period, Buyer and Buyer's Affiliates will not use, in any manner or for any purpose, directly or indirectly, the Seller Trademarks. All use of the Seller Trademarks by Buyer or Buyer's Affiliates shall inure to the benefit of Seller, as the case may be. Buyer hereby acknowledges and agrees that no right, license or any transfer is granted by Seller to Buyer or its Affiliates by implication or otherwise with respect to the Seller Trademarks, except as provided in this Section 9.2. Seller retains and shall retain all right, title and interest in and to, and shall be responsible for maintaining, the Seller Trademarks. Nothing herein is intended to restrict Buyer's right at any time to (a) manufacture, market, commercialize, sell or distribute Product in the Territory having the same shape, size, configuration, packaging and labeling as that used by Seller prior to the Closing Date; or (b) operate website(s) having the same "look and feel" used by Seller on Product website(s) prior to the Closing Date. Specifically, Buyer may manufacture, market, commercialize, sell and distribute Product in the Territory in bottles identical to those used by Seller prior to the Closing Date and in internal and external packaging of the same shape, size and configuration as that used by Seller prior to the Closing Date.

(b) Marketing License. Seller hereby grants to Buyer an irrevocable, royalty-free, non-exclusive, transferable, and sublicensable license to the Content and Product Marketing Materials solely for marketing, sale and distribution of the Product in the Territory. The foregoing license is granted as an accommodation to Buyer and Seller makes no representation or warranty of any kind with respect to such license. Pursuant to this marketing license, with respect to the Content and/or Product Marketing Materials, Buyer, Buyer's Affiliates, and/or their sublicensees and transferees may (but have no obligation to) (i) use all or any portion of them for the purposes permitted under this Section 9.2(b), (ii) revise, delete, supplement, and/or translate any of them, (iii) except as otherwise prohibited by this Agreement, combine all or any portion of them with other materials, and (iv) cease using all or any portion of them at any time (retaining the right to resume such use in the future if desired).

(c) Limited License. For the purposes of providing proper Trademark attribution notice of Seller's ownership of the Product Trademark under the Trademark License Agreement, Seller hereby grants Buyer a limited license to use the corporate entity name "SmithKline Beecham Corporation" solely in connection with the attribution notice and such use

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

is expressly limited as follows: “WELLBUTRIN XL® is a federally registered trademark of SmithKline Beecham Corporation.” Buyer hereby acknowledges and agrees that no right, license or any transfer is granted by Seller to Buyer or its Affiliates by implication or otherwise with respect to Seller’s entity name or any associated trademark rights therein. Seller retains and shall retain all right, title and interest in and to its corporate entity name. Upon termination of the Trademark License Agreement for any reason whatsoever, the limited license set forth in this Section 9.2(c) shall immediately cease.

Section 9.3      Promotion and Marketing.

(a)      Product Selling Price. Effective as of the Closing Date, Buyer shall independently determine and set prices for the Product in the Territory, including the selling price, volume discounts, rebates and similar matters.

(b)      Advertising and Promotional Materials.

(i)      Buyer Promotion. From and after the Closing Date, Buyer shall be responsible, at its own cost and expense, for all marketing, advertising and promotional materials and shall obtain or develop, at its own expense, new product labeling, package inserts, imprinting and packaging data, as appropriate, in the Territory related to the Product.

(ii)      Governmental Contacts. From and after the Closing Date, Buyer shall be the contact for review and discussion of all promotional materials for the Product with the applicable Governmental Entity in the Territory.

(iii)      NDC Number. Buyer shall use commercially reasonable efforts to obtain a new NDC Number for the Product as soon as reasonably possible but not later than twelve (12) months after the Closing Date. For clarity, until such time as Buyer obtains a new NDC Number for the Product in the Territory, Buyer shall be entitled to use Seller’s NDC Number for the sales of the Product in the Territory.

(c)      Notification to Customers. On the Closing Date, the parties shall jointly issue a letter, in a form to be agreed to by the parties, to customers within the trade (wholesalers and distributors) notifying such customers that all future Product orders are to be placed with Buyer and that all returns of Products shall be made in accordance with the procedure described in Section 9.1(a), and providing the appropriate contact information for Seller’s or Buyer’s personnel. After the issuance of such letter, the parties will at all times reasonably cooperate in (i) notifying and continuing to notify customers that all future Product orders are to be placed with Buyer and the return procedure agreed to by the parties and (ii) taking such other actions as are reasonably necessary to effect the foregoing (including Seller forwarding all purchase orders to Buyer immediately following receipt thereof). In addition, one (1) month prior to December 31, 2010, upon Buyer’s written request Seller shall issue a second letter to such customers notifying such customers that, beginning on December 31, 2010, Buyer shall be responsible for processing all returns of Product.

(d)      Customer Services. Commencing on the Closing Date, Buyer or its Affiliates will be responsible for receiving and processing all orders, undertaking all invoicing,

collection and receivables, and providing all customer service related to the sale of the Product in the Territory.

Section 9.4      Medical and Other Inquiries.

(a)      Seller Obligations. For a period not to exceed {\*\*\*}† days after the Closing Date, Seller shall be responsible for, and shall respond to, all medical inquiries related to the Product in the Territory in the ordinary and usual course consistent with its practice existing during the twelve (12) months immediately prior to the Closing Date and shall promptly provide copies of all such documents to Buyer or to an Affiliate of Buyer as directed by Buyer. Furthermore, promptly following the Closing Date, Seller shall provide to Buyer all form response letters, if any, which contain information responding to the most frequent or routine questions received regarding the Product. Commencing on a date agreed by Buyer and Seller, but no later than {\*\*\*}† days after the Closing Date, except to the extent otherwise required in the case of medical emergency (in which case, Seller shall promptly inform Buyer of the question and response) Seller will refer all questions raised by health care professionals and customers relating to the Product to Buyer for response.

(b)      Buyer Obligations. Commencing as soon as reasonably practicable, but in no event more than {\*\*\*}† days after the Closing Date, Buyer shall assume responsibility for all correspondence and communication with health care professionals and customers in the Territory relating to the Product, provided that Seller has delivered to Buyer prior to the Closing Date all Purchased Assets and Transferred Assets hereunder that are necessary to assume and perform such responsibility for the Product in the Territory. Buyer shall also thereafter keep such records and make such reports relating to the Product in the Territory as shall be reasonably necessary to document such communications in compliance with all applicable regulatory requirements.

Section 9.5      Coordination of Litigation. From and after the Closing Date, in the defense by the other party (or any of its Affiliates) of any litigation, hearing, regulatory proceeding or investigation directly relating to the Product in the Territory, each party shall, at the request of the other party, and at no expense to the requesting party:

(a)      make available to the other party (or such Affiliate), during normal business hours but without unreasonably disrupting its business, all records as to the Product in the Territory held by it and reasonably necessary to permit the defense or investigation of such matters;

(b)      make available for interviews with counsel and/or experts for the other party, for deposition, and for testimony at any hearing or trial, current officers and employees of the party who possess information that would assist the other party to defend the litigation, hearing, regulatory proceeding or investigation, provided that the requesting party shall provide reasonable notice and shall take reasonable steps to minimize disruption to the business of the other party;

(c)      make commercially reasonable efforts to make available for the purposes enumerated in Section 9.5(b) above former officers and employees of the party who possess

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

information that would assist the other party to defend the litigation, hearing, regulatory proceeding or investigation, provided that the requesting party shall provide reasonable notice and shall take reasonable steps to minimize disruption to the business of the other party and the former officers and employees.

Each party shall give prompt written notice to the other party of any litigation or regulatory proceeding (including any government investigation) in which such party (or any of its Affiliates) is involved as a party that concerns, and might affect, the Product in the Territory or any rights relating to the Product of the other party (or any of its Affiliates), Wellbutrin®, Wellbutrin SR® and Zyban®.

For the avoidance of doubt, subject to Section 14.5, each party shall have absolute control over its own litigation and regulatory proceedings, and neither party shall have any control over the litigation strategy, choice of counsel or any other aspect relating to the other party in any litigation or regulatory proceeding.

Section 9.6      Customer Complaints. For a period not to exceed {\*\*\*}† days after the Closing Date, Seller shall handle customer complaints and inquiries (medical and non-medical) with respect to the Product in the Territory in the ordinary and usual course consistent with its practice existing during the twelve (12) months prior to the Agreement Date. Following the Closing Date, Buyer and Seller shall each cooperate to transition the handling of customer complaints and inquiries. In any event, within {\*\*\*}† after the Closing Date, Buyer shall assume responsibility for and handle all customer complaints and inquiries (medical and non-medical) with respect to the Product in the Territory.

Section 9.7      Regulatory Commitments.

(a)      Annual Reports and Periodic Safety Update Reports.

(i)      Seller Obligations. Within sixty (60) days after the Closing Date, Seller shall provide Buyer with all of Seller's Product information that is reasonably necessary or useful for Buyer to prepare and submit reports to the FDA or any other applicable Governmental Entity with respect to the Product in the Territory.

(ii)      Buyer Obligations. On the Closing Date, Buyer shall assume responsibility for the submission of all reports relating to the Product in the Territory to the FDA or any other applicable Governmental Entity, provided that Seller has delivered all of the necessary information in accordance with this Section 9.7.

(b)      Pharmacovigilance.

(i)      Seller Obligations. For a period not to exceed {\*\*\*}† days after the Closing Date, Seller shall be responsible for drug safety surveillance of the Product in the Territory, consistent with its practice over the twelve (12) months prior to the Closing Date and in compliance with all applicable Governmental Rules and regulatory requirements. Commencing on the Closing Date, Seller shall promptly provide Buyer with all expedited safety reports for Buyer to submit to the FDA or any other applicable Governmental

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

Entity in the Territory. As soon as reasonably practicable, but in no event more than ninety (90) days after the Closing Date, Seller shall transfer the safety database (including the line listing of the adverse events and serious adverse events) for the Product in the Territory to Buyer. Within sixty (60) days after the Closing Date, Seller shall enter into an agreement with Buyer (or an amendment to an applicable existing safety data exchange agreement) regarding the exchange of safety information for the Product based on reports from the Territory and any country outside of the Territory where the Product is marketed or sold (the “Pharmacovigilance Agreement”).

(ii) Buyer Obligations. As soon as reasonably practicable, but in no event more than {\*\*\*}† days after the Closing Date, Buyer shall be responsible for drug safety surveillance of the Product in the Territory, provided that Seller has transferred the safety database to Buyer and the Pharmacovigilance Agreement is in effect between the parties.

(c) Supplemental Request.

(i) Seller shall be responsible for conducting the REMS Study. Seller shall be responsible for conducting the smoking cessation study referenced in the Supplemental Request (the “Clinical Study”).

(ii) With respect to each of the REMS Study and the Clinical Study, the party conducting the applicable study (the “Responsible Party”) shall promptly notify the other party of any meetings, conferences and discussions scheduled with or requested by the FDA relating to such study prior to the event. The other party shall have the right to have two (2) representatives attend and participate in any meetings, conferences or discussions with the FDA with respect to each such study.

(iii) When conducting the REMS Study, the Responsible Party shall include any or all of the Product, Zyban®, Wellbutrin®, Wellbutrin SR® in such REMS Study, as required by the FDA.

(iv) To the extent the Clinical Study is required to be conducted, prior to the commencement of the Clinical Study, the parties shall discuss and agree in good faith upon the protocols, other study parameters and a budget with respect thereto.

(v) Buyer and Seller shall equally share the out-of-pocket costs incurred by the Responsible Party in conducting each applicable study. Any reimbursements hereunder shall be made by the other party within thirty (30) days after receipt of quarterly invoices from the Responsible Party with appropriate information documenting the expenses incurred.

(vi) The Responsible Party shall promptly provide to the other party copies of any documents or correspondence received from the FDA that pertains to the applicable study. In addition, the Responsible Party shall provide the other party with any documents or correspondence to be submitted to the FDA that relate to the applicable study in time sufficient to allow the other party to review and comment on such documents or correspondence, and the Responsible Party shall consider such comments in good faith.

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

(vii) The Responsible Party shall, on an on-going quarterly basis, provide to the other party, at no cost or expense to the other party, a written report summarizing all of the data, information and results of the applicable study as well as a budget for the estimated costs to be incurred during the following four (4) calendar quarters (set forth on a calendar quarter by calendar quarter basis).

Section 9.8 Performance by Affiliates. The parties hereby agree that all or some of the obligations of Buyer under this Agreement may be performed by an Affiliate of Buyer.

ARTICLE X

OTHER COVENANTS AND AGREEMENTS

Section 10.1 Non-Competition. For the period beginning on the Closing Date and ending {\*\*\*}† thereafter, Seller shall not, and shall cause its Affiliates not to, import, use, market, commercialize, distribute, offer for sale or sell in the Territory any once-daily extended or sustained release formulation of bupropion hydrochloride (either alone or in combination with other active ingredients) in any form or dosage strength, whether such formulation is available by prescription or over the counter, and including any product that is marketed as a generic product AB rated to the Product (“Competing Product”); provided, however, that the foregoing shall not apply to any Competing Product that is acquired by Seller or any of its Affiliates after the Agreement Date through a merger or acquisition of a Third Party that owns such Competing Product, if (a) in the event gross sales of such Competing Product equal or exceed {\*\*\*}† in the full calendar year immediately preceding such merger or acquisition, such Competing Product is divested within {\*\*\*}† of the consummation of such merger or acquisition and (b) such merger or acquisition is not consummated primarily to obtain such Competing Product; provided, further that, in the event the gross sales of a Competing Product are less than {\*\*\*}† in the full calendar year immediately preceding such merger or acquisition but exceed {\*\*\*}† in any subsequent full calendar year, Seller shall divest such Competing Product within {\*\*\*}† of the end of such subsequent full calendar year. For clarity, the parties agree and acknowledge that the restrictive covenant set forth in this Section 10.1 shall not limit Seller’s or its Affiliates’ rights to market, sell or distribute Wellbutrin®, Zyban® or Wellbutrin SR® in the Territory, as such products are marketed, sold and distributed immediately prior to the Closing Date. Notwithstanding anything in this Agreement to the contrary, this Section 10.1 shall terminate upon the {\*\*\*}†.

Section 10.2 HSR Filings. Each of the parties represents that it has made such filings required of such party under the HSR Act with respect to the transactions contemplated by this Agreement prior to the Agreement Date. Each of the parties covenants to (a) comply, at the earliest practicable date, with any request under the HSR Act for additional information, documents or other materials received by such party from the Federal Trade Commission (“FTC”) or the Department of Justice (“DOJ”) or any other Governmental Entity in respect of such filings or the transactions contemplated by this Agreement; (b) cooperate with the other

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

party in connection with any filings, conferences or other submissions related to resolving any investigation or other inquiry by any such Governmental Entity under the HSR Act with respect to the transactions contemplated by this Agreement, including furnishing to the other party any information that the other party may reasonably request; (c) keep the other party apprised of the status of any inquiries made by a Governmental Entity; and (d) use commercially reasonable efforts to cause the waiting periods under the HSR Act to terminate or expire at the earliest possible date after the date of the HSR filing; provided however, that nothing in this Section shall require Buyer to (i) incur any material Liability or obligation of any kind, (ii) agree to any sale, transfer, license, separate holding, divestiture or other disposition of, or to any prohibition of, or to any limitation on, the acquisition, ownership, operation, effective control or exercise of full right of ownership of any asset or assets of the businesses of Buyer or Seller, (iii) agree to any other structural or conduct remedy or (iv) agree to litigate. Buyer and its counsel shall be responsible for discussions with the FTC, DOJ and any other antitrust authorities, after reasonable consultation and coordination with Seller and its counsel. Any and all fees required in connection with the filing of the notices required under the HSR Act shall be borne solely by Buyer.

Section 10.3      Confidentiality.

(a) Seller undertakes with Buyer, and Buyer undertakes with Seller, to keep confidential (except as expressly provided in this Agreement) at all times after the Agreement Date, and not directly or indirectly reveal, disclose or use for its own or any other purposes unrelated to its performance hereunder, any confidential information received or obtained as a result of entering into or performing, or supplied by or on behalf of a party in the negotiations leading to, this Agreement and which relates to: (i) the negotiations relating to this Agreement; or (ii) the subject matter and/or provisions of this Agreement. The parties acknowledge that, for purposes of this Agreement but subject to Section 10.3(b), the Purchased Assets and the Transferred Assets, including the Books and Records, shall be deemed the confidential information of Buyer from and after the Closing Date and Buyer and its Affiliates shall be free to disclose and use such information for any and all purposes.

(b) The prohibition in Section 10.3(a) does not apply if: (i) the information was in the public domain before it was furnished to the relevant party or, after it was furnished to that party, entered the public domain otherwise than as a result of (x) a breach by that party of this Section 10.3 or any other confidentiality agreement which that party is bound or (y) a breach of a confidentiality obligation by the disclosure by a Third Party where the breach was previously known to that party; or (ii) disclosure is necessary in order to comply with applicable legislation, regulatory requirements, legal process, stock exchange rules or to obtain Tax or other clearances or consents from a taxation authority, provided that any such information disclosable pursuant to this Section 10.3(b) shall be disclosed only to the extent required by applicable Governmental Rule or regulatory requirements and (unless such consultation is prohibited by applicable Governmental Rule or regulatory requirements or is not reasonably practicable) only after consultation with Buyer or Seller (as the case may be).

## ARTICLE XI

### INTELLECTUAL PROPERTY

Section 11.1 Domain Names Rights. Buyer shall have the ownership of and the exclusive right to maintain websites and web addresses using the Content and the Domain Names. Buyer shall own the Content and have the exclusive right to determine all new content of any website developed for the Product in the Territory. All right, title and interest in and to, and ownership of any Content and new content posted on such website shall remain at all times exclusively in Buyer.

Section 11.2 Wellbutrin.com. Seller shall have the exclusive right to maintain websites and web addresses using the domain name “wellbutrin.com.” Within ninety (90) days after the Closing Date, any such websites and web addresses shall be maintained so that a user who arrives at the website shall first encounter a screen in which the user is given a choice among “Wellbutrin XL®”, “Wellbutrin IR®” and “Wellbutrin SR®”. Users choosing “Wellbutrin XL®” will be directed to the Domain Names and a website owned and maintained by Buyer (or Buyer’s distributor), as described in Section 11.1; provided, however, that this Section 11.2 shall only apply if such Domain Names and website owned and maintained by Buyer (or Buyer’s distributor), even if further sold or assigned, relate to the Product. Users choosing “Wellbutrin IR®” and “Wellbutrin SR®” shall be automatically directed to the website “www.gsk.com” or to such other website owned and maintained by Seller, even if further sold or assigned, and related to Wellbutrin or Wellbutrin SR, as Seller may determine in its sole discretion.

## ARTICLE XII

### CONDITIONS PRECEDENT

Section 12.1 Conditions to Each Party’s Obligations. The obligations of Buyer to purchase the Purchased Assets from Seller and to assume the Assumed Liabilities, and the obligations of Seller to sell, assign, convey and deliver all right, title and interest of Seller in, to and under the Purchased Assets and Transferred Assets to Buyer, are subject to the satisfaction of, or compliance with, each of the following conditions at or before the Closing:

(a) There will be no effective temporary restraining order, preliminary or permanent injunction or other legal restraint or prohibition preventing the consummation of the transactions contemplated by this Agreement.

(b) No action or proceeding that questions the validity or legality of the transactions contemplated hereby shall have been instituted or threatened and not settled or otherwise terminated.

(c) No Governmental Rule shall have been enacted, entered, promulgated or enforced by any Governmental Entity that is in effect and has the effect of making the purchase, sale and license of the Product, Purchased Assets, or Licensed Rights hereunder illegal or otherwise prohibiting the consummation of such purchase, sale and license.

(d) HSR Approval shall have been obtained.

Section 12.2 Conditions to Obligations of Buyer. The obligations of Buyer to purchase the Purchased Assets and Transferred Assets from Seller and to assume the Assumed Liabilities are subject to the satisfaction of, or compliance with, each of the following conditions at or

before the Closing (each of which is acknowledged to be inserted for the exclusive benefit of the Buyer and may be waived by it in whole or in part):

(a) The representations and warranties of Seller set forth in this Agreement will be true and correct in all material respects as of the Closing as though made on and as of the Closing, except to the extent such representations and warranties relate to an earlier date (in which case such representations and warranties will be true and correct as of such earlier date).

(b) Seller will have performed or complied in all material respects with all obligations, conditions and covenants required to be performed by it under this Agreement at or prior to the Closing.

(c) There shall have been no Material Adverse Effect since the Agreement Date.

Section 12.3 Conditions to the Obligations of Seller. The obligations of Seller to sell, assign, convey and deliver all right, title and interest of Seller in, to and under the Purchased Assets and Transferred Assets to Buyer are subject to the satisfaction of, or compliance with, each of the following conditions as of the Closing (each of which is acknowledged to be inserted for the exclusive benefit of the Seller and may be waived by it in whole or in part):

(a) The representations and warranties of Buyer set forth in this Agreement will be true and correct in all material respects as of the Closing as though made on and as of the Closing, except to the extent such representations and warranties expressly relate to an earlier date (in which case such representations and warranties will be true and correct as of such earlier date).

(b) Buyer will have performed or complied in all material respects with all obligations, conditions and covenants required to be performed by it under this Agreement at or prior to the Closing.

ARTICLE XIII  
TERMINATION, AMENDMENT AND WAIVER

Section 13.1 Termination.

(a) Notwithstanding anything to the contrary in this Agreement, this Agreement may be terminated and the transactions contemplated hereby abandoned:

(i) by mutual written consent of Buyer and Seller at any time prior to the Closing;

(ii) by Seller if any of the conditions set forth in Section 12.1 and Section 12.3 have not been fulfilled at or before Closing and have not been expressly waived by Seller;

(iii) by Buyer if any of the conditions set forth in Section 12.1 and Section 12.2 have not been fulfilled at or before Closing and have not been expressly waived by Buyer;

(iv) by Seller or Buyer if the Closing does not occur on or prior to the date that is ninety (90) days after the Agreement Date.

provided, however, that the party seeking termination pursuant to clause (ii), (iii), or (iv) is not in breach in any material respect of any of its representations, warranties, covenants or agreements contained in this Agreement.

(b) In the event of termination by either Seller or Buyer pursuant to this Section 13.1, written notice thereof shall be given to the other party and the transactions contemplated by this Agreement shall be terminated, without further action by any party.

(c) If this Agreement is terminated and the transactions contemplated hereby are abandoned, this Agreement shall become null and void and of no further force and effect, except as otherwise provided in Section 10.3. Nothing in this Section 13.1 shall be deemed to release any party from any liability for any breach by such party of the terms and provisions of this Agreement.

Section 13.2 Amendments and Waivers. This Agreement may not be amended except by an instrument in writing signed on behalf of each party hereto. By an instrument in writing, Buyer or Seller may waive compliance by the other party with any term or provision of this Agreement that such other party was or is obligated to comply with or perform.

ARTICLE XIV  
INDEMNIFICATION

Section 14.1 Survival. All representations and warranties of Buyer and Seller contained herein or made pursuant hereto shall survive the Closing Date for a period of {\*\*\*}† months after the Closing Date; provided that, notwithstanding the foregoing, the representations and warranties set forth in Section 5.6 shall survive the Closing Date for a period of {\*\*\*}† months after the Closing Date. The covenants and agreements of the parties hereto contained in this Agreement shall survive and remain in full force for the applicable periods described therein or, if no such period is specified, indefinitely. Any right of indemnification pursuant to this ARTICLE XIV with respect to a claimed breach of a representation, warranty or covenant shall expire at the date of termination of the representation, warranty or covenant claimed to be breached, unless on or prior to such expiration date the party from whom indemnification is sought has received notice of a good faith claim in accordance with the provisions of Section 14.5.

Section 14.2 Indemnification by Seller.

(a) Seller shall indemnify Buyer and its Affiliates and their respective officers, directors, employees, agents, successors and assigns (the “Buyer Indemnified Parties”) against, and shall hold them harmless from, any Loss to the extent such Loss arises from or in connection with the following:

(i) any misrepresentation or incorrectness in or breach by Seller of any representation or warranty made by it contained in this Agreement or in any certificate or other document furnished by or on behalf of Seller pursuant to this Agreement;

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

(ii) any non-fulfillment or breach by Seller of any of its covenants or agreements contained in this Agreement or in any certificate or other document furnished by or on behalf of Seller pursuant to this Agreement, whether required to be performed on, prior to, or after the Closing;

(iii) any Excluded Assets, including any Excluded Intellectual Property; or

(iv) any Retained Liabilities.

(b) Buyer acknowledges and agrees that the indemnification provided in this Section 14.2 shall be Buyer's sole and exclusive remedy for all Losses related to or arising, at law, under any statute or in equity, or otherwise, out of this Agreement (other than claims of, or causes of action arising from (x) fraud or willful misconduct, or (y) breach of Section 10.1 or Section 10.3) and, in furtherance thereof, Buyer waives, from and after the Closing, to the fullest extent permitted under applicable Governmental Rules, any and all rights, claims, actions or causes of action (other than claims of, or causes of action arising from (A) fraud or willful misconduct or (B) breach of Section 10.1 or Section 10.3) it may have against Seller or any of Seller's Affiliates relating to the subject matter of this Agreement, other than the remedies provided in this Section 14.2; provided, however, that Buyer shall be entitled to seek temporary or permanent injunctive relief in order to enforce its rights hereunder.

Section 14.3 Indemnification by Buyer.

(a) Buyer shall indemnify Seller and its Affiliates and their respective officers, directors, employees, agents, successors and assigns (the "Seller Indemnified Parties") against, and shall hold them harmless from, any Loss to the extent such Loss arises from or in connection with the following:

(i) any misrepresentation or any incorrectness in or breach by Buyer of any representation or warranty made by it contained in this Agreement or in any certificate or other document furnished by or on behalf of Buyer pursuant to this Agreement;

(ii) any non-fulfillment or breach by Buyer of any of its covenants contained in this Agreement or in any certificate or other document furnished by or on behalf of Buyer pursuant to this Agreement, whether required to be performed on, prior to, or after the Closing Date; or

(iii) any Assumed Liabilities.

(b) Seller acknowledges and agrees that the indemnification provided in this Section 14.3 shall be Seller's sole and exclusive remedy for all Losses related to or arising, at law, under any statute or in equity, or otherwise, out of this Agreement (other than claims of, or causes of action arising from (x) fraud or willful misconduct, or (y) breach of Section 10.3) and, in furtherance thereof, Seller waives, from and after the Closing, to the fullest extent permitted under applicable Governmental Rules, any and all rights, claims, actions or causes of action (other than claims of, or causes of action arising from (A) fraud or willful misconduct or (B) breach of Section 10.3) it may have against Buyer or any of Buyer's Affiliates relating to the subject matter

of this Agreement, other than the remedies provided in this Section 14.3; provided, however, that Seller shall be entitled to seek temporary or permanent injunctive relief in order to enforce its rights hereunder.

Section 14.4      Termination of Indemnification. The obligations to indemnify and hold harmless any party pursuant to Section 14.2(a)(i), Section 14.2(a)(ii), Section 14.3(a)(i) and Section 14.3(a)(ii) shall terminate when the applicable representation, warranty or covenant terminates, except as otherwise provided in Section 14.1. Buyer's obligation to indemnify and hold harmless the Seller Indemnified Parties pursuant to Section 14.3(a)(iii) shall not terminate. Seller's obligation to indemnify and hold harmless the Buyer Indemnified Parties pursuant to Section 14.2(a)(iii) and Section 14.2(a)(iv) shall not terminate.

Section 14.5      Procedure.

(a)      In order for an indemnified party under this ARTICLE XIV (an "Indemnified Party") to be entitled to any indemnification provided for under this Agreement, such Indemnified Party shall, promptly following the discovery of the matters giving rise to any Loss, notify the indemnifying party under this ARTICLE XIV (the "Indemnifying Party") in writing of its claim for indemnification for such Loss, specifying in reasonable detail the nature of such Loss and the amount of the liability estimated to accrue therefrom (the "Indemnification Claim Notice"); provided, however, that failure to give such prompt notification shall not affect the indemnification provided hereunder except to the extent the Indemnifying Party will have been actually prejudiced as a result of such failure. Thereafter, the Indemnified Party shall deliver to the Indemnifying Party, within five (5) Business Days after the Indemnified Party's receipt of such request, all information and documentation reasonably requested by the Indemnifying Party with respect to such Loss.

(b)      If the indemnification sought pursuant hereto involves a claim made by a Third Party against the Indemnified Party (a "Third Party Claim"), the Indemnifying Party shall be entitled to participate in the defense of such Third Party Claim and, if it so chooses within forty-five (45) days after its receipt of an Indemnification Claim Notice, to assume the defense of such Third Party Claim with counsel selected by the Indemnifying Party; provided, however that the Indemnifying Party shall not be entitled to assume the defense of any Third Party Claim to the extent such claims involve or seek injunctive or other relief that does not involve solely monetary obligations. Should the Indemnifying Party so elect to assume the defense of a Third Party Claim, the Indemnifying Party shall not be liable to the Indemnified Party for any legal expenses subsequently incurred by the Indemnified Party in connection with the defense thereof. If the Indemnifying Party assumes such defense, the Indemnified Party shall have the right to participate in the defense thereof and to employ counsel, at its own expense, separate from the counsel employed by the Indemnifying Party, it being understood that the Indemnifying Party shall control such defense. The Indemnifying Party shall be liable for the reasonable fees and expenses of counsel employed by the Indemnified Party for any period during which the Indemnifying Party has not assumed the defense thereof. If the Indemnifying Party chooses to defend or prosecute a Third Party Claim, all of the parties hereto shall cooperate in the defense or prosecution thereof. Such cooperation shall include (i) the retention and (upon the Indemnifying Party's request) the provision to the Indemnifying Party of records and information which are reasonably relevant to such Third Party Claim, and (ii) making relevant employees and agents available on a mutually

convenient basis to provide additional information and explanation of any material provided hereunder; provided, that the Indemnifying Party shall reimburse the Indemnified Party for all its reasonable out-of-pocket expenses in connection therewith.

(c) If the Indemnifying Party chooses to defend or prosecute any Third Party Claim, to the extent that it involves any agreement, performance or observance by the Indemnified Party, the Indemnifying Party shall not agree to such agreement, performance or observance without the Indemnified Party's prior written consent (which shall not be unreasonably withheld, conditioned or delayed). Further, with respect to all Losses in connection with Third Party Claims where the Indemnifying Party has assumed the defense or prosecution of the Third Party Claim in accordance with Section 14.5(b) above, the Indemnifying Party shall not be liable for any settlement or other disposition of such Losses by an Indemnified Party that is reached without the written consent of the Indemnifying Party. Whether or not the Indemnifying Party will have assumed the defense of a Third Party Claim, the Indemnified Party shall not admit any liability with respect to, or settle, compromise or discharge, such Third Party Claim without the Indemnifying Party's prior written consent (which shall not be unreasonably withheld, conditioned or delayed). If the Indemnifying Party chooses not to defend or prosecute any Third Party Claim, no Indemnified Party shall admit any liability with respect to, or settle, compromise or discharge, any Third Party Claim without the prior written consent of the Indemnifying Party (which consent shall not be unreasonably withheld or delayed).

(d) Without limiting Section 14.5(b), any Indemnified Party shall be entitled to participate in, but not control, the defense of such Third Party Claim and to employ counsel of its choice for such purpose; provided, however, that such employment shall be at the Indemnified Party's own expense unless (i) the employment thereof has been specifically authorized by the Indemnifying Party in writing, or (ii) the Indemnifying Party has failed to assume the defense and employ counsel in accordance with Section 14.5(b) (in which case the Indemnified Party shall control the defense). The reasonable and verifiable costs and expenses incurred pursuant to Section 14.5(d)(i) and Section 14.5(d)(ii), including fees and disbursements of counsel, incurred by the Indemnified Party in connection with any Third Party Claim shall be reimbursed on a quarterly basis by the Indemnifying Party, without prejudice to the Indemnifying Party's right to contest the Indemnified Party's right to indemnification and subject to refund in the event the Indemnifying Party is ultimately held not to be obligated to indemnify the Indemnified Party. Buyer and Seller shall cooperate in reasonable good faith to minimize their respective indemnification obligations with respect to any and all Losses.

ARTICLE XV  
GENERAL PROVISIONS

Section 15.1 Expenses. Except as otherwise specified in this Agreement, all costs and expenses (including fees and disbursements of counsel, financial advisors and accountants) incurred in connection with this Agreement and the transactions contemplated hereby will be paid by the party incurring such costs and expenses, whether or not the Closing will have occurred.

Section 15.2 Further Assurances and Actions. Buyer and Seller, whether before or after the Closing and without further consideration, shall each do, execute, acknowledge and deliver

or cause to be done, executed, acknowledged or delivered all such further acts, deeds, documents, assignments, transfers, conveyances, powers of attorney and assurances as may be reasonably necessary in order to consummate or implement expeditiously the transactions contemplated by this Agreement (including, as applicable, upon the request of the other party).

Section 15.3 Notices. All notices, requests and other communications hereunder shall be in writing and shall be sent, delivered or mailed, addressed as follows:

(a) if to Buyer:

Biovail Laboratories International SRL

Attn: Vice President and Associate General Counsel, Business Development Transactions Team

Each such notice, request or other communication shall be given by: (i) hand delivery; (ii) by certified mail; or (iii) nationally recognized courier service. Each such notice, request or communication shall be effective when delivered at the address specified in this Section 15.3 (or in accordance with the latest unrevoked direction from the receiving party).

Section 15.4      Headings. The headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement.

Section 15.5      Severability. If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced under any Governmental Rule or public policy, all other terms and provisions of this Agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any party. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties hereto as closely as possible in an acceptable manner in order that the transactions contemplated hereby are consummated as originally contemplated to the greatest extent possible.

Section 15.6      Counterparts. This Agreement may be executed by facsimile and in one or more counterparts, all of which shall be considered one and the same agreement and shall become effective when one or more counterparts have been signed by each party hereto and delivered by each party hereto to the other party hereto, it being understood that all parties hereto need not sign the same counterpart.

Section 15.7      Entire Agreement; Schedules, Exhibits and Other Documents. This Agreement (together with the Schedules and Exhibits attached hereto), together with the License Agreement Amendment, Trademark License Agreement, and the Domain Names Assignment Agreement, constitute the entire agreement and supersede all prior agreements and understandings, both written and oral, between or among the parties hereto with respect to the subject matter hereof. The Exhibits, Schedules, certificates and notices specifically referred to herein, and delivered pursuant hereto, are an integral part of this Agreement.

Section 15.8      Third Party Beneficiaries. Except as specifically provided herein, this Agreement is intended solely for the benefit of each party hereto and their respective successors or permitted assigns and it is not intended to confer upon any Person other than the parties hereto any rights or remedies hereunder.

Section 15.9 Governing Law. This Agreement will be deemed to have been made in the State of New York and its form, execution, validity, construction and effect will be determined in accordance with the laws of the State of New York, without giving effect to the principles of conflicts of law thereof, and the parties agree to the personal jurisdiction of and venue in any federal court located in the Southern District of New York or state court located in New York County, New York. The application of the United Nations Convention for Contracts for the International Sales of Goods is hereby expressly excluded.

Section 15.10 WAIVER OF JURY TRIAL. EACH PARTY HERETO IRREVOCABLY AND UNCONDITIONALLY WAIVES TRIAL BY JURY IN ANY LEGAL ACTION OR PROCEEDING RELATING TO THIS AGREEMENT, THE AGREEMENTS, INSTRUMENTS AND DOCUMENTS CONTEMPLATED HEREBY OR THE TRANSACTIONS CONTEMPLATED HEREBY AND FOR ANY COUNTERCLAIM THEREIN.

Section 15.11 Waiver. No waiver by either party of any term or condition of this Agreement, in any one or more instances, shall be deemed to be or construed as a waiver of the same or any other term or condition of this Agreement on any future occasion.

Section 15.12 Publicity. Neither party shall make any public announcement concerning, or otherwise publicly disclose, any information with respect to the transactions contemplated by this Agreement or any of the terms and conditions hereof without the prior written consent of the other party, which consent will not be unreasonably withheld, conditioned or delayed. Notwithstanding the foregoing, either party may make any public disclosure concerning the transactions contemplated hereby that in the opinion of such party's counsel may be required by law or the rules of any stock exchange or interdealer quotation service on or through which such party's or its Affiliates' securities trade; provided, however, the party making such disclosure shall provide the non-disclosing party with a copy of the intended disclosure reasonably, and to the extent practicable, prior to public dissemination, and the parties hereto shall coordinate with one another regarding the timing, form and content of such disclosure; and provided, further, Buyer and Seller agree that the form of press release attached hereto as Exhibit I may be issued by Buyer, Seller or either of their respective Affiliates at any time following the Closing.

Section 15.13 Assignment.

(a) Neither party may assign any or all of its rights or obligations under this Agreement without the other party's prior written consent; provided, however, that (i) either party may assign any or all of its rights or obligations under this Agreement to an Affiliate of such party, (ii) Buyer may license, assign, subcontract or delegate to any Affiliate all or part of the rights and obligations of Buyer under this Agreement and (iii) either party may assign all of its rights or obligations under this Agreement to a Third Party to which such party has sold all or substantially all of its assets relating to this Agreement.

(b) In the event that a party assigns any of its rights and obligations hereunder to an Affiliate or Third Party, the assigning party shall, at the request of the non-assigning party, enter into, or cause such Third Party to enter into, such supplemental agreements pursuant to which such Third Party will expressly assume all of the obligations of the assigning party

hereunder. Any assignment to an Affiliate of a party shall not release the assigning or transferring party of its obligations hereunder. In the event that a party assigns any of its rights and obligations hereunder to a person, firm or other entity that qualifies as an Affiliate hereunder and during the term of this Agreement such person, firm or other entity ceases to qualify as an Affiliate hereunder, such person, firm or other entity shall promptly, with written notice to the other party, assign back to such party any of its rights and obligations hereunder.

(c) This Agreement shall be binding upon and inure to the benefit of the parties, and their respective successors and permitted assigns.

Section 15.14 Advice of Counsel. The language in all parts of this Agreement shall be deemed to be the language mutually chosen by the parties hereto. The parties hereto and their counsel have cooperated in the drafting and preparation of this Agreement, and this Agreement therefore shall not be construed against any party hereto by virtue of its role as the drafter thereof. No drafts of this Agreement or any other similar or related document exchanged by the parties hereto prior to the Closing Date shall be offered by a party hereto, nor shall any draft be admissible in any proceeding, to explain or construe this Agreement or for any other purpose.

**[SIGNATURE PAGE FOLLOWS]**

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be signed by their respective representatives thereunto duly authorized, all as of the Agreement Date.

ASSET PURCHASE AGREEMENT (including the Exhibits and Schedules hereto, this “Agreement”), dated May 16, 2009, between CAMBRIDGE LABORATORIES (IRELAND) LIMITED, a company organized under the laws of the Republic of Ireland (“Seller”), and BIOVAIL LABORATORIES INTERNATIONAL (BARBADOS) SRL, a society with restricted liability under the laws of Barbados (“Purchaser”).

Seller desires to sell to Purchaser certain assets owned and used by Seller and its Affiliates in the development, manufacturing, registration, sale, distribution and packaging of the TBZ Products (as defined herein) (such activities, the “TBZ Business”), and to have Purchaser assume specified liabilities associated with the TBZ Business, and Purchaser desires to purchase such assets, and to assume such liabilities, with a view to carrying on the TBZ Business as a going concern in succession to Seller, upon the terms and subject to the conditions of this Agreement.

Accordingly, the parties hereby agree as follows:

## ARTICLE I

### Purchase and Sale of Acquired Assets

SECTION 1.01. Purchase and Sale. On the terms and subject to the conditions of this Agreement, at and with effect from Closing (as defined in Section 2.01), Seller shall, or shall procure its applicable Affiliate to, sell, assign, transfer, convey and deliver to Purchaser, and Purchaser shall purchase from Seller or its applicable Affiliate, the Acquired Assets (as defined in Section 1.02(a)), for (i) an aggregate amount in cash as set forth in and payable in accordance with Article II and (ii) the assumption of the Assumed Liabilities (as defined in Section 1.03(a)). The sale and purchase of the Acquired Assets and the assumption of the Assumed Liabilities is referred to in this Agreement as the “Acquisition”.

SECTION 1.02. Acquired Assets; Excluded Assets. (a) The term “Acquired Assets” means all Seller’s and its Affiliates’ legal and beneficial title and interest in and to the following tangible and intangible assets at Closing, other than the Excluded Assets (as defined in Section 1.02(b)):

(i) all rights owned by Seller and its Affiliates in and to all tetrabenazine products, in any jurisdiction, including all prodrugs, analogues, metabolites, salts, hydrates, solvates, polymorphs, crystalline, amorphous and nanonized forms thereof, including desmethyltetrabenazines (collectively, the “TBZ Products”), including rights owned by Seller and its Affiliates in and to (A) all immediate release formulations of tetrabenazine (“Xenazine IR”), (B) all controlled release formulations of tetrabenazine, whether currently in development or to be developed in the future (“Xenazine CR”), (C) all tetrabenazine products corresponding to Xenazine products marketed under a different name in any jurisdiction, including Nitoman, (D) the (2S, 3S, 11bR) isomer of cis-dihydrotetrabenazine referred to as RUS 350, including all prodrugs, salts, hydrates, solvates, polymorphs, crystalline, amorphous and nanonized forms of RUS 350, (E) the (2R, 3R, 11bS) isomer of cis-dihydrotetrabenazine referred to as RUS 351, including all

---

prodrugs, salts, hydrates, solvates, polymorphs, crystalline, amorphous and nanonized forms of RUS 351, (F) the (2R, 3S, 11bR) isomer of cis-dihydrotetrabenazine referred to as RUS 345, including all prodrugs, salts, hydrates, solvates, polymorphs, crystalline, amorphous and nanonized forms of RUS 345, (G) the (2S, 3R, 11bS) isomer of cis-dihydrotetrabenazine referred to as RUS 346, including all prodrugs, salts, hydrates, solvates, polymorphs, crystalline, amorphous and nanonized forms of RUS 346 and (H) trans dihydrotetrabenazine and all prodrugs, metabolites and analogs of cis and trans dihydrotetrabenazine and all salts, hydrates, solvates, polymorphs, crystalline, amorphous and nanonized forms thereof, including desmethyldihydrotetrabenazines;

(ii) all raw materials, active pharmaceutical ingredient (“API”), work-in-process, finished goods, components, packaging materials, samples, supplies and other inventories of or relating to TBZ Products (including in transit, on consignment or in the possession of any third party) owned by Seller and its Affiliates (collectively, the “Inventory”) that is unsold at Closing (such unsold Inventory, the “Assigned Inventory”);

(iii) all machinery and equipment (if any) that is owned by Seller and its Affiliates and used, held for use or intended to be used primarily in the development, manufacturing or packaging of the TBZ Products, regardless of whether Seller or a third party is in physical possession of such machinery or equipment on the Closing Date (the “CMO Equipment”);

(iv) all rights held by Seller and its Affiliates (subject to the obligations thereunder) in regulatory approvals in any jurisdiction with respect to any TBZ Product (the “Regulatory Approvals”) or pending applications therefor, including all new drug applications for any TBZ Product and the rights of Seller and its Affiliates thereunder (subject to the obligations thereunder) in any jurisdiction (each such application, a “Drug Approval Dossier”), filed by Seller or any of its Affiliates with any regulatory authority in any jurisdiction, and all rights of Seller and its Affiliates in all related information and research supporting such Regulatory Approvals, Drug Approval Dossiers and all subsequent amendments and supplements thereto (any such documentation regarding the Regulatory Approvals, the “Regulatory Files”);

(v) all patents (including all reissues, divisions, continuations, continuations-in-part and extensions thereof), patent applications, patent rights, trade marks, trade mark registrations, trade mark applications, service marks, trade names, trade dress, business names, brand names, copyrights, copyright registrations, designs and design registrations in any jurisdiction, and all rights to any of the foregoing (“Intellectual Property”), that are owned by Seller and its Affiliates and relate primarily to the TBZ Business and/or the TBZ Products (including, for the avoidance of doubt, Intellectual Property owned by Seller and its Affiliates related to the CAM 28 and CAM 31 draft patent applications) (such Intellectual Property, the “Assigned Intellectual Property”);

(vi) all trade secrets, confidential information, inventions, know-how, formulae, processes, procedures, research records, records of inventions, test information, manufacturing and packaging specifications, technical, clinical and other data and other technical information, market surveys and marketing know-how, that are owned by Seller

and its Affiliates, in each case, to the extent relating to the TBZ Business and/or the TBZ Products (the “Technology”);

(vii) the internet and domain names set forth on Schedule 1.02(a)(vii);

(viii) subject to Sections 1.03 and 1.04, the benefit (subject to the burden) of the Assigned Contracts;

(ix) copies of all books and records and other materials and documentation to the extent relating to the TBZ Business, any TBZ Product and/or any other Acquired Asset that are in the possession or control of Seller or any of its Affiliates, including books of account, ledgers, files, invoices, customer and supplier lists, other distribution lists, billing records, manuals, customer account data, customer and supplier correspondence, laboratory notebooks and other research records, product complaint information, clinical studies and data and all other regulatory files or documentation (including correspondence held by Seller and its Affiliates with, applications to and approvals from any regulatory authority in any jurisdiction), in all cases, in any form or medium (the “Records”);

(x) all credits, prepaid expenses, deferred charges, advance payments, security deposits and prepaid items arising in respect of the Assigned Contracts or that are otherwise used, held for use or intended to be used primarily in, or that arise primarily out of, the TBZ Business; and

(xi) all rights, claims and credits to the extent relating to any tangible Acquired Asset (including Assigned Inventory), including any such items arising under all warranties, indemnities and similar rights in favour of Seller and its Affiliates in respect of any such Acquired Asset.

(b) The term “Excluded Assets” means:

(i) all assets identified on Schedule 1.02(b), including all rights of Seller or any of its Affiliates under the Contracts and regulatory approvals identified on such Schedule;

(ii) all cash in hand and at bank of Seller or any of its Affiliates;

(iii) the Debts;

(iv) all Inventory of Seller or any of its Affiliates sold prior to Closing, and all Inventory purchased from Seller and owned by Cambridge Laboratories Limited in the ordinary course pursuant to the distribution agreement dated May 11, 2009 (the “UK/Ireland Distribution Agreement”);

(v) all computer hardware, software and related information technology infrastructure of Seller or any of its Affiliates;

(vi) all real property, leaseholds and other interests in real property of Seller or any of its Affiliates, in each case together with any right, title and interest in all buildings, improvements and fixtures thereon and all other appurtenances thereto;

(vii) all tangible personal property (except the CMO Equipment) of Seller or any of its Affiliates and interests therein, including all furniture, furnishings and vehicles;

(viii) all rights, claims and credits of Seller or any of its Affiliates to the extent relating primarily to any other Excluded Asset or any Excluded Liability (as defined in Section 1.03(b)), including any such items arising under insurance policies and all guarantees, warranties, indemnities and similar rights in favour of Seller or any of its Affiliates in respect of any other Excluded Asset or any Excluded Liability;

(ix) all rights, claims and credits of Seller or any of its Affiliates under the Assigned Contracts accrued in the period prior to Closing;

(x) all rights, claims and credits of Seller or any of its Affiliates under any contract of insurance and any foreign exchange hedging contract;

(xi) all rights of Seller or any of its Affiliates under this Agreement and the other agreements and instruments executed and delivered in connection with this Agreement;

(xii) all records prepared in connection with the Acquisition;

(xiii) the Excluded Marks; and

(xiv) all financial and Tax records relating to the TBZ Business that form part of the general ledgers of Seller or any of its Affiliates.

(c) With respect to each Contract set forth on Schedule 1.02(c) (each, a “Shared Contract”), Seller shall reasonably cooperate with Purchaser (at Purchaser’s request and expense) to agree upon a reasonable approach to allocating or sharing the benefit and burden under such Shared Contract after Closing, save that with respect to each Shared Contract identified in Part 2 of Schedule 1.02(c) the parties hereto shall allocate only to Seller (and shall not share) any benefit of such Shared Contract that assigns, delivers or confirms to Seller or its relevant Affiliate its right, title or interest in or to an Acquired Asset or provides Seller or its relevant Affiliate the right to perfect its right, title or interest in or to an Acquired Asset (which right, title and interest are agreed to be conveyed at Closing to Purchaser by Seller or its applicable Affiliate pursuant hereto). Without limitation of the foregoing, each of Purchaser and Seller shall use reasonable endeavours to ensure that the benefits and burdens of the Contract Manufacture Agreement between Seller and Pharmaserve Limited, dated May 6, 2005, as it relates to the TBZ Business, are available to Purchaser at Closing.

SECTION 1.03. Assumption of Certain Liabilities. (a) Subject to Section 1.04, Purchaser shall assume, effective as of Closing, and, from and after Closing, Purchaser shall pay, perform and discharge when due, all liabilities, obligations and commitments of Seller and its Affiliates (i) under any trade accounts payable in respect of any Assigned Inventory that are outstanding at Closing (“Assumed Accounts Payable”) and (ii) under the Assigned Contracts, the

Regulatory Approvals or otherwise in connection with the TBZ Business or any Acquired Asset solely to the extent related to the period from and after Closing, except for any such liabilities that are Excluded Liabilities (together with the Assumed Accounts Payable, the “Assumed Liabilities”), and Purchaser shall indemnify Seller and its Affiliates against all Costs (other than Taxes arising in connection with the assumption of such Assumed Liabilities) incurred or suffered by Seller or any of its Affiliates in respect of the Assumed Liabilities following Closing, including any failure on the part of Purchaser to carry out, perform or complete any obligations with respect to the Assumed Liabilities.

(b) Notwithstanding any other provision of this Agreement, and regardless of any disclosure to Purchaser, Purchaser shall not assume any of the following liabilities, obligations and commitments of Seller or any of its Affiliates (the “Excluded Liabilities”), all of which shall be retained and paid, performed and discharged by Seller or its Affiliates:

(i) any liability or obligation of Seller or any of its Affiliates, except as specifically set forth in Section 1.03(a), relating to or arising out of the TBZ Business or any Acquired Asset, whether express or implied, accrued or contingent, in each case to the extent based upon, arising out of or resulting from any fact, circumstance, occurrence, condition, act or omission existing, committed by Seller or any of its Affiliates or otherwise occurring prior to Closing;

(ii) any liability, obligation or commitment of Seller or any of its Affiliates, whether express or implied, accrued or contingent, to the extent that it relates to, or arises out of, any Excluded Asset or the operation or conduct by Seller or any of its Affiliates of any business other than the TBZ Business;

(iii) any liability or obligation of Seller or any of its Affiliates to the extent (A) arising out of any actual or alleged breach by Seller or any of its Affiliates of, or non-performance by Seller or any of its Affiliates under, any contract, licence, sublicense, agreement (including all manufacturing, confidentiality, licence, supply and distribution agreements), commitment or other legally binding arrangement (including purchase orders and sales orders), whether oral or written (“Contracts”) (including any Assigned Contract), prior to Closing, (B) accruing under any Assigned Contract with respect to any period prior to Closing (except as otherwise specifically set forth in Section 1.03(a)) or (C) arising under any Contract entered into in violation of this Agreement;

(iv) any liability, obligation or commitment of Seller or any of its Affiliates with respect to Taxes, other than withholding taxes payable in the ordinary course of the TBZ Business in respect of payments made under any Assigned Contract following Closing;

(v) any liability, obligation or commitment of Seller or any of its Affiliates arising out of (A) any suit, action or proceeding (“Proceeding”) to the extent such Proceeding relates to the activities of Seller or any of its Affiliates prior to Closing or (B) any actual or alleged violation by Seller or any of its Affiliates of any Applicable Law (as defined in Section 3.03) prior to Closing;

(vi) any liability, obligation or commitment of Seller or any of its Affiliates under or in relation to all Regulatory Approvals and Drug Approval Dossiers to the extent related to the period prior to Closing;

(vii) any liability, obligation or commitment of Seller or any of its Affiliates that relates to, or arises out of, products, including the TBZ Products, sold by or on behalf of Seller or any of its Affiliates prior to Closing (including claims of negligence, personal injury, product damage, product liability, product warranties, promotional obligations, strict liability, product recall or any other claims (including workers' compensation, employer's liability or otherwise)), whether such liability, obligation or commitment relates to or arises out of accidents, injuries or losses occurring prior to or after Closing; and

(viii) any liability, obligation or commitment of Seller or any of its Affiliates to Seller or any of its Affiliates.

(c) Seller shall indemnify Purchaser and its Affiliates against all Costs incurred or suffered by Purchaser or any of its Affiliates in respect of the Excluded Liabilities, including any failure on the part of Seller or any of its Affiliates to carry out, perform or complete any obligations with respect to the Excluded Liabilities.

(d) Purchaser shall acquire the Acquired Assets free and clear of all liabilities, obligations and commitments of Seller and its Affiliates, other than the Assumed Liabilities, and free and clear of all Liens (as defined in Section 3.05), other than for (i) customary retention or reservation of title provisions in favour of suppliers, common carriers or warehousemen in respect of Assigned Inventory and (ii) any obligations with respect to Regulatory Approvals imposed by Applicable Law or the terms thereof.

(e) For the avoidance of doubt, (i) royalty obligations payable pursuant to the 1998 LifeHealth Licence shall be allocated on the basis of net profits (as defined under, and calculated in accordance with, the 1998 LifeHealth Licence), determined on a daily basis, with the royalty obligations in respect of net profits prior to Closing to be for the account of Seller and for the period from and after Closing to be for the account of Purchaser, and (ii) payment obligations in respect of development projects properly accrued in the period prior to Closing shall be for the account of Seller and such obligations properly accrued in the period from and after Closing shall be for the account of Purchaser.

SECTION 1.04. Assigned Contracts. (a)(i) Subject to Section 1.04(a)(ii), Purchaser shall become entitled to the benefits of Seller or its Affiliates under the Assigned Contracts and this Agreement shall constitute an assignment of the benefit of all Assigned Contracts to Purchaser with effect from Closing.

(ii) This Agreement shall not constitute an assignment or attempted assignment of any Assigned Contract if the assignment or attempted assignment would constitute a breach of such Assigned Contract.

(iii) Where the consent of a third party is required to the assignment of the benefit of any of the Assigned Contracts (other than the Prestwick Agreements) to Purchaser,

Seller shall, and shall procure that its relevant Affiliates shall (both before and after Closing, but only until the one year anniversary of the Closing Date), use reasonable endeavours with the co-operation of Purchaser to obtain such consent in substantially the Agreed Form (other than in respect of the LifeHealth Agreements, which shall be in the Agreed Form), with such material changes as may be requested by such third party and agreed between Seller and Purchaser (such agreement, other than in respect of the LifeHealth Agreements, not to be unreasonably withheld or delayed) (each such consent to be obtained prior to Closing if practicable using reasonable endeavours). Purchaser shall use reasonable endeavours to assist Seller in obtaining the documents described in Sections 6.02(b), (e) and (f), and shall consult with Seller with respect to, and shall consider in good faith, any changes to the Agreed Forms thereof as may be proposed by the applicable counterparties (without prejudice to Purchaser's right to withhold its consent to any such changes). Upon whichever is the later of Closing and any such consent being obtained, this Agreement shall constitute an assignment of the benefit of the Assigned Contract to which that consent relates. Any Costs incurred in connection with obtaining any such consent shall be borne (A) prior to Closing, by the party incurring such Costs and (B) following Closing, by Purchaser.

(b) At Purchaser's request with respect to any Assigned Contract, Seller shall, and shall procure that its relevant Affiliates shall (both before and after Closing, but only until the one year anniversary of the Closing Date), use reasonable endeavours with the co-operation of Purchaser to procure that all counterparties to such Assigned Contract enter into a novation agreement among Seller, Purchaser and any such counterparties in respect of such Assigned Contract in substantially the Agreed Form (other than in respect of the LifeHealth Agreements, which shall be in the Agreed Form), with such material changes as may be requested by any such counterparties and agreed between Seller and Purchaser (such agreement, other than in respect of the LifeHealth Agreements, not to be unreasonably withheld or delayed), with the intent that, with effect from Closing, Purchaser shall perform such Assigned Contract and be bound by it as if Purchaser were a party to such Assigned Contract in lieu of Seller or its Affiliate. Any Costs incurred in connection with entering into any such novation agreement shall be borne (A) prior to Closing, by the party incurring such Costs and (B) following Closing, by Purchaser.

(c) After Closing and until any necessary consent to the assignment of an Assigned Contract is obtained:

(i) Seller shall be treated as holding the benefit of such Assigned Contract in trust for Purchaser (to the extent it is permissible and lawful under the Assigned Contract to so hold in trust), and any benefit will be promptly paid over to Purchaser;

(ii) Purchaser shall indemnify Seller and its Affiliates against all Costs (except Costs related to Excluded Liabilities) incurred or suffered by Seller or its Affiliates in respect of any such Assigned Contract;

(iii) to the extent it is permissible and lawful under such Assigned Contract, Purchaser shall perform on behalf of Seller the obligations of Seller or its Affiliates under such Assigned Contract arising after Closing and shall indemnify Seller against all Costs in respect of any failure on the part of Purchaser to perform those obligations;

(iv) in respect of any Assigned Contract containing a licence of Intellectual Property, until the relevant licence is assigned, Seller shall, to the extent it is permissible and lawful under the Assigned Contract, sub-licence to Purchaser so as to provide Purchaser (to the fullest extent possible) the benefit of that licence; provided that any such sub-licence shall be on and subject to the terms of any such licence; and

(v) Seller shall not, and shall procure its Affiliates not to, amend or terminate such Assigned Contract without the prior written consent of Purchaser.

(d) Nothing in the foregoing clauses of this Section 1.04 shall limit or otherwise modify Purchaser's rights pursuant to Section 6.02(b), (e) or (f) or Article VIII in respect of the failure of any consent to be obtained at or prior to Closing. Neither Seller's obligation under this Section 1.04 to use reasonable endeavours to procure the assignment or novation of any Assigned Contracts, nor Purchaser's obligation to use reasonable endeavours to assist Seller in obtaining applicable consents, shall require Seller or Purchaser to make or offer to make any payment to any Person, or to provide any guarantee or security or any benefit in kind or by way of amendment to the Contract to any Person or to deposit any cash or other asset with any Person.

SECTION 1.05. Assigned Inventory Indemnification. (a) Seller shall pay to Purchaser the amount (the "Inventory Deficit"), if any, by which the amount of Assumed Accounts Payable at Closing exceeds the book value of the Assigned Inventory at Closing (at the lower of cost and net realisable value) after provisions for old, obsolete, damaged or slow moving Inventory.

(b) Within 30 Business Days after the Closing Date, Purchaser shall notify Seller of any such Inventory Deficit and, within 10 Business Days of receipt of such notice, Seller shall either (i) pay Purchaser an amount equal to the Inventory Deficit or (ii) give written notice to Purchaser of any disagreement it has with respect to the amount of the Inventory Deficit. During the 10-Business Day period following the delivery of any such notice of disagreement, Seller and Purchaser shall use reasonable endeavours to agree upon the amount of the Inventory Deficit, including, if necessary, retaining the services of an independent accounting firm (acting as expert and not arbitrator) to finally determine the amount of such Inventory Deficit.

(c) At Purchaser's option, upon reasonable advance notice to Seller and at Purchaser's expense, a physical inventory shall be conducted by Seller on the Closing Date for the purpose of determining the amount of Assigned Inventory as of the Closing Date, and each of Seller and Purchaser and their respective independent auditors shall have the right to observe the taking of such physical inventory.

SECTION 1.06. Transfer of Intellectual Property. (a) Section 1.02 shall operate as an assignment of such of the Technology and Assigned Intellectual Property that is not subject to a registration or an application for registration with effect from the Closing Date. Any Assigned Intellectual Property that is either owned by an Affiliate of Seller (but not Seller) or is registered or subject to an application for registration shall be assigned to Purchaser pursuant to assignment agreements in the Agreed Form with respect to the Assigned Intellectual Property to be entered into at Closing.

(b) If Purchaser identifies to Seller any specific Intellectual Property which at Closing was licensed to Seller or any of its Affiliates by a third party and which was used in (but did not relate primarily to) the TBZ Business and/or the TBZ Products at Closing, to the extent that the terms of such licence agreement allow the grant of a sub-licence of such Intellectual Property to Purchaser, Seller shall, or shall procure that its relevant Affiliate shall, grant to Purchaser a sub-licence to use such Intellectual Property in relation to the TBZ Business on and subject to the terms of such licence agreement; provided that any such sub-licence shall terminate no later than the second anniversary of the Closing Date.

ARTICLE II

The Closing Date and Payment of the Purchase Price

SECTION 2.01. Closing Date. The closing of the Acquisition (“Closing”) shall take place at the offices of Seller’s Irish Solicitors in Dublin, Republic of Ireland, at 10:00 a.m. on June 15, 2009, or, if on such day any condition set forth in Article VI has not been satisfied (or, to the extent permitted, waived by the party entitled to the benefit thereof), on the fifth Business Day after the last of the conditions set forth in Article VI has been satisfied or so waived, or at such other place, time and date as shall be agreed between Seller and Purchaser. The date on which Closing occurs is referred to in this Agreement as the “Closing Date”. Neither Purchaser nor Seller shall be entitled in any circumstance to rescind or terminate this Agreement after Closing.

SECTION 2.02. Transactions to be Effected at Closing. At Closing:

- (a) Seller shall observe and perform the provisions of Part 1 of Schedule 2.02; and
- (b) Purchaser shall observe and perform the provisions of Part 2 of Schedule 2.02.

SECTION 2.03. Purchase Price. (a) The cash consideration for the Acquisition shall be \$230,000,000 (the “Purchase Price”).

(b) The Purchase Price set forth in clause (a) above shall be payable as follows:

- (i) an amount equal to \$200,000,000 shall, under Section 2.02, be paid by Purchaser to Seller on the Closing Date;
- (ii) \$12,500,000 shall be paid by Purchaser to Seller on the first Business Day following the date that is the first anniversary of the Closing Date; and
- (iii) \$17,500,000 shall be paid by Purchaser to Seller on the first Business Day following the date that is the second anniversary of the Closing Date (subject, solely in the case of this clause (iii), to Purchaser’s rights of set off, deduction and retention as described in Section 9.05).

SECTION 2.04. Transfer of a Going Concern. (a) Seller and Purchaser shall use reasonable endeavours to procure that the supply of those Acquired Assets under this Agreement which would otherwise be chargeable to VAT as a supply of goods or services (but for the sale

being treated, for the purposes of Articles 19 and 29 of Council Directive 2006/112/EC and/or any equivalent applicable VAT legislation or legislation enacting these articles, as a transfer of all or part of the assets of a business as a going concern as hereinafter mentioned) and which Seller and Purchaser consider should qualify as a transfer of all or part of the assets of a business as a going concern for the purposes of Articles 19 and 29 of Council Directive 2006/112/EC and/or any equivalent applicable VAT legislation or legislation enacting these articles is so treated by the relevant Taxing Authority, except that Seller and/or its Affiliates shall not be required by virtue of this Section 2.04(a) to make any appeal to any court against any determination of the relevant Taxing Authority that that sale does not fall to be so treated. However, if the completion of the sale of any of the Acquired Assets under this Agreement is treated as a supply of goods or services for the purposes of VAT, Purchaser shall be liable to pay to Seller an amount equal to the VAT owing in respect of that supply within five Business Days of the production by Seller to Purchaser of a valid VAT invoice in relation thereto.

(b) Seller warrants to Purchaser that it is, and will continue until at least the time of Closing to be, registered for the purposes of VAT in each of the Republic of Ireland and the United Kingdom.

(c) Purchaser warrants to Seller that it is, or will prior to or immediately at the time of Closing become, registered for the purposes of VAT in each of the Republic of Ireland and the United Kingdom.

(d) Each amount stated as payable by Purchaser under or pursuant to this Agreement is exclusive of any amount in respect of VAT. If any VAT is payable on any supply by Seller under this Agreement, Purchaser shall pay to Seller an amount equal to that VAT in addition to its other obligations hereunder; provided that Purchaser shall not be required to pay to Seller any amount in respect of any increases in VAT attributable to or arising as a result of any action by Seller or its Affiliates or any failure by Seller or its Affiliates to take reasonable steps to reduce or avoid such increases in VAT.

ARTICLE III

Warranties of Seller

Seller warrants to Purchaser, as of the date hereof and as of Closing, that, except as Disclosed to Purchaser, each of the statements (the "Warranted Statements") set out in Sections 3.01 to 3.19 is true and accurate; provided that:

(a) none of the Warranted Statements, other than those set out in Section 3.12, relates in any way to Taxes; and

(b) the following Warranted Statements shall not be given by Seller in respect of any Intellectual Property or Technology or in respect of any licence of Intellectual Property or Technology: Section 3.01, Section 3.08, Section 3.09 and Section 3.14; provided that (i) with respect to each such Warranted Statement, to the extent such Warranted Statement concerns any Acquired Asset or Assigned Contract that is not Intellectual Property, Technology or a licence of Intellectual Property or Technology, each such Warranted Statement shall not be excluded; and

(ii) save as expressly set out in the second and third sentence of Section 3.06(b), Seller gives no warranty that the operation of the TBZ Business or the development, marketing, manufacture, commercialisation, sale or offering for sale of any TBZ Product does not or will not infringe, or has not infringed, the Intellectual Property of any Person; and

(c) each of the Warranted Statements shall be construed as separate and independent and shall not be limited or restricted by reference to, or inference from, the terms of any other Warranted Statement.

SECTION 3.01. Organization, Standing and Power. Seller is duly organized, validly existing and in good standing under the laws of the jurisdiction in which it is organized and has full power and authority and possesses all governmental franchises, licences, permits, authorizations and approvals necessary to enable it to own, lease or otherwise hold its assets, including the Acquired Assets, and, together with its Affiliates, to conduct the TBZ Business as presently conducted, other than such franchises, licences, permits, foreign qualifications, authorizations and approvals the lack of which, individually and in the aggregate, have not had and would not reasonably be expected to have a material adverse effect (i) on the business, assets (including the Acquired Assets), condition (financial or otherwise), liabilities or results of operations of the TBZ Business, (ii) on the ability of Seller together with its Affiliates to perform its obligations under this Agreement or (iii) on the ability of Seller to consummate the Acquisition and the other transactions contemplated hereby (a “Seller Material Adverse Effect”).

SECTION 3.02. Authority; Execution and Delivery; Enforceability. Seller has full power and authority to execute this Agreement and to consummate (or, as applicable, to procure its Affiliates to consummate) the Acquisition and the other transactions contemplated hereby. The execution and delivery by Seller of this Agreement and the consummation by Seller together with its Affiliates of the Acquisition and the other transactions contemplated hereby have been duly authorized by all necessary action. Seller has duly executed and delivered this Agreement, and this Agreement constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms.

SECTION 3.03. No Conflicts; Consents. (a) The execution and delivery by Seller of this Agreement do not, and the consummation of the Acquisition and the other transactions contemplated hereby and compliance by Seller with the terms hereof will not, conflict with, or result in any violation of or default under, or give rise to a right of termination, cancellation or acceleration of any material obligation or to loss of a material benefit under, or result in the creation of any Lien upon any of the Acquired Assets under, any provision of (i) the memorandum and articles of association of Seller, (ii) any Assigned Contract to which Seller or any of its Affiliates is a party or by which any of the Acquired Assets is bound, (iii) any judgment, order or court decree (“Judgment”) or (iv) any statute, law (including common law), ordinance, rule or regulation applicable to Seller or any of its Affiliates or the Acquired Assets (“Applicable Law”), other than, in the case of clauses (ii), (iii) and (iv) above, any such items that, individually and in the aggregate, have not had and would not reasonably be expected to have a Seller Material Adverse Effect.

(b) No consent, approval, licence, permit, order or authorization (“Consent”) of, or registration, declaration or filing with, any national, state or local government or any court of

competent jurisdiction, administrative agency or commission, regulatory body or other governmental body, agency, authority or instrumentality in any jurisdiction (a “Governmental Entity”), is required to be obtained or made by or with respect to Seller or any of its Affiliates in connection with the execution, delivery and performance of this Agreement or the consummation of the Acquisition or the other transactions contemplated hereby, other than filings with the Portuguese Competition Authority, the Spanish National Competition Commission and the Brazilian Administrative Council for Economic Defence (together, the “Relevant Competition Authorities”), as applicable.

SECTION 3.04. Financial Information. Schedule 3.04 sets forth the unaudited consolidated balance sheet and the unaudited balance sheet of Cambridge Laboratories Group Limited and its subsidiaries and of Cambridge Laboratories Group Limited, respectively, as of December 31, 2008 (the “Financial Information Date”), and the related unaudited consolidated statement of total recognised gains and losses, the unaudited consolidated profit and loss account and the unaudited consolidated cash flow statement, in each case for Cambridge Laboratories Group Limited and its subsidiaries for the fiscal year ended on December 31, 2008 (such financial information, collectively, the “Financial Information”). The Financial Information has been properly prepared in accordance with the Companies Acts, 1963 to 2006, and generally accepted accounting practices in the Republic of Ireland and from the books and records of Cambridge Laboratories Group Limited and its subsidiaries, and gives a true and fair view of the state of Cambridge Laboratories Group Limited and its subsidiaries’ and Cambridge Laboratories Group Limited’s affairs, and of Cambridge Laboratories Group Limited and its subsidiaries’ profit, as of the date and for the period indicated.

SECTION 3.05. Title to Acquired Assets. (a) All of the Acquired Assets that are of a nature capable of being legally or beneficially owned are legally and beneficially owned by Seller and its Affiliates, and Seller and its Affiliates have the right to transfer or procure the transfer of legal and beneficial title with full title guarantee to such Acquired Assets or, in the case of Assigned Contracts, Regulatory Approvals, Drug Approval Dossiers and the rights and benefits referred to in Sections 1.02(a)(vii), (x) and (xi), the right to transfer or procure the transfer of the rights and benefits thereunder) to Purchaser, in each case free and clear of all mortgages, liens, security interests, charges, options, licences or encumbrances of any kind or other rights exercisable by, or claims by, third parties (collectively, “Liens”), subject to (i) in the case of Assigned Inventory, customary retention or reservation of title provisions in favour of suppliers, common carriers or warehousemen, and the terms of the Assigned Contracts, (ii) in the case of the Assigned Intellectual Property, the Technology and the Records, the terms of the Assigned Contracts, (iii) in the case of rights in Assigned Contracts, the terms of such Assigned Contracts, (iv) in the case of the rights and benefits referred to in Sections 1.02(a)(vii), (x) and (xi), the terms attaching to such rights and benefits, and (v) in the case of Regulatory Approvals and Drug Approval Dossiers, the obligations with respect to such Regulatory Approvals and Drug Approval Dossiers imposed by Applicable Law or by the terms thereof.

(b) Schedule 3.05(b) sets forth a true and complete list of all TBZ Products which are (i) sold by Seller and its Affiliates or (ii) in pre-clinical development (including any discovery phase development) or clinical development (including such TBZ Products that have received regulatory approvals for marketing) by Seller and its Affiliates (such clinical and pre-

clinical development programmes being conducted by Seller and its Affiliates being herein called the “Development Programmes”).

SECTION 3.06. Intellectual Property. (a) Schedule 3.06(a)(i) sets forth a true and complete list of (i) all registered Assigned Intellectual Property, all applications for registration of Assigned Intellectual Property, the names of all legal proprietors and all jurisdictions in which such Assigned Intellectual Property is registered, or in which such applications have been submitted and (ii) all draft (but not filed) patent applications prepared by or on behalf of Seller or any of its Affiliates related to the TBZ Business. Except for the Assigned Intellectual Property and the Intellectual Property licensed to Seller or its Affiliates under the Assigned Contracts, there is no registered Intellectual Property (including applications for registration) or material unregistered Intellectual Property owned by or licensed to Seller or any of its Affiliates that is, individually or in the aggregate, material to (i) the Development Programmes or (ii) the TBZ Business as conducted in the 12 months immediately preceding the date of this Agreement. Neither Seller nor any of its Affiliates has in the three years immediately preceding the date of this Agreement received any written communication from any Person asserting any ownership interest in any Assigned Intellectual Property (and any such communication delivered prior to such period either (x) has not been pursued by such Person or (y) has been fully resolved). So far as Seller is aware, no Person is infringing or making unauthorized use of any Assigned Intellectual Property. The registered Assigned Intellectual Property (including applications for registration) have not lapsed or been cancelled and all renewal, application and other official registry fees and administrative steps required for the maintenance of such registered Assigned Intellectual Property have been paid or taken.

(b) Except pursuant to the Assigned Contracts, neither Seller nor any of its Affiliates (i) has granted any licence of any kind relating to any Technology or Assigned Intellectual Property or (ii) is bound by or a party to any option, licence or similar Contract relating to any Technology or Assigned Intellectual Property. So far as Seller is aware, the conduct of the TBZ Business (A) does not violate, conflict with or infringe, and (B) has not in the three years immediately preceding the date of this Agreement violated, conflicted with or infringed in any material respect, the Intellectual Property of any other Person or constitute a misuse of the confidential information of any other Person. Neither Seller nor any of its Affiliates has in the 12 months immediately preceding the date of this Agreement received any written communication alleging that Seller or any of its Affiliates has in the conduct of the TBZ Business violated any rights relating to Intellectual Property of any Person or misused the confidential information of any Person and so far as Seller is aware, no claims are pending or threatened against Seller or any of its Affiliates by any Person with respect to (1) the ownership, validity or enforceability of the Assigned Intellectual Property or (2) the use in the TBZ Business of any Intellectual Property of any Person.

(c) All Technology the continued confidentiality of which is material to the Development Programs or the TBZ Business as conducted in the 12 months immediately preceding the date of this Agreement has been maintained by Seller and its Affiliates in confidence in accordance with reasonable confidentiality protection procedures and, so far as Seller is aware, no Person is using any such confidential material Technology without authorization in a way that has had or would reasonably be expected to have a Seller Material Adverse Effect. Neither Seller nor any of its Affiliates is a party to any agreement or subject to

any obligation that restricts the free use or disclosure of the Technology, except under the Assigned Contracts. Neither Seller nor any of its Affiliates has received notice of any claim for compensation from any former or current personnel in connection with the involvement of any such personnel in the conception and development of any Technology and so far as Seller is aware no such claim has been asserted or is threatened. Neither Seller nor any of its Affiliates has received written notice of any claim by any employee to pay compensation pursuant to section 40 of the Patents Act 1977, or any like provision in any other jurisdiction.

(d) Seller has furnished Purchaser with access to the material information contained in the European core dossier in CTD format, set out in folder 5.3 of the Data Room, that supports each of the Drug Approval Dossiers, including all amendments and supplements thereto, in each case to the extent such information is in Seller's or any of its Affiliates' control. Seller has complied in all material respects with all Applicable Laws and regulations in connection with the preparation and submission, to the applicable Governmental Entity in each jurisdiction with respect to which Seller or any of its Affiliates holds any marketing authorisation related to the TBZ Business, of each of the Drug Approval Dossiers prepared or submitted by Seller or any of its Affiliates. So far as Seller is aware, the Drug Approval Dossiers are in good standing with the applicable Governmental Entity in each jurisdiction where a corresponding regulatory submission has been made by Seller or any of its Affiliates. Seller has furnished to Purchaser copies of all warning letters received by Seller or its Affiliates from any Governmental Entity relating to the TBZ Products or arising out of the conduct of the TBZ Business.

SECTION 3.07. Contracts. (a) Schedule 3.07(a) sets forth a list of all written Assigned Contracts as of the date hereof. Except for the Assigned Contracts, there are no Contracts to which Seller or any of its Affiliates is a party that are material to Seller's ability to conduct the TBZ Business as currently conducted. Complete and accurate copies of all written Assigned Contracts, together with all modifications and amendments thereto that are currently in effect, have been made available to Purchaser in the Data Room.

(b) All Assigned Contracts are valid, binding and in full force and effect and Seller and its Affiliates have performed all material obligations required to be performed by them to date under the Assigned Contracts, and are not in breach or default in any material respect thereunder, and so far as Seller is aware, no other party to any Assigned Contract is in material breach or default thereunder. Seller and its Affiliates have not received any written notice of the intention of any party to terminate any Assigned Contract or any written notice of any material dispute under any Assigned Contract and, so far as Seller is aware, no party intends to terminate any such Assigned Contract.

SECTION 3.08. Assigned Inventory. Each item of Assigned Inventory is in good, usable and currently marketable condition in the ordinary course of the TBZ Business (subject, in the case of raw materials and work-in-process, to the completion of the production process).

SECTION 3.09. CMO Equipment. Schedule 3.09 sets forth a brief description of each item of CMO Equipment. Each item of CMO Equipment is in good working order (ordinary wear and tear excepted), is free from any material defect and has been maintained in all material respects in accordance with the past practice of the TBZ Business and generally

accepted pharmaceutical industry practice, and no repairs, replacements or regularly scheduled maintenance relating to any such item has been deferred. Any leased CMO Equipment is in all material respects in the condition required of such property by the terms of the lease applicable thereto.

SECTION 3.10. Ownership. Substantially all of the Acquired Assets are owned by Seller or, in the case of rights under Assigned Contracts or Regulatory Approvals, held by Seller (and not Affiliates of Seller).

SECTION 3.11. Regulatory Approvals. (a) The Regulatory Approvals set forth on Schedule 3.11 are the only Regulatory Approvals that are necessary for Seller and its Affiliates to operate or conduct the TBZ Business and the Development Programmes as operated and conducted by Seller and its Affiliates or as otherwise required by Seller and its Affiliates to use the Acquired Assets as such Acquired Assets are used by Seller and its Affiliates. All such Regulatory Approvals are held by Seller or its applicable Affiliate and neither Seller nor any of its Affiliates has in the 12 months immediately preceding the date of this Agreement received written notice that it is materially in default under any such Regulatory Approval. None of the Regulatory Approvals will be subject to suspension, modification, revocation or nonrenewal as a result of the execution and delivery of this Agreement or the consummation of the Acquisition or the other transactions contemplated hereby.

(b) Neither Seller nor any of its Affiliates has in the 12 months immediately preceding the date of this Agreement received notice of any Proceedings relating to the revocation or modification of any Regulatory Approval the loss of which, individually or in the aggregate, has had or would reasonably be expected to have a Seller Material Adverse Effect, and so far as Seller is aware, no such Proceedings are pending.

SECTION 3.12. Taxes. (a) For purposes of this Agreement, “Tax” means (i) any tax, governmental fee or other like assessment or charge of any kind whatsoever (including any net income, capital gains, alternative or add-on minimum tax, gross income, gross receipts, sales, use, ad valorem, value added, transfer, franchise, profits, licence, withholding tax on amounts paid, payroll, employment, excise, severance, stamp, capital stock, occupation, property, environmental or windfall profit tax, premium, custom, duty or other tax), together with any interest, penalty, addition to tax or additional amount due, imposed by any Governmental Entity (in any jurisdiction) responsible for the imposition of any such tax (a “Taxing Authority”) and (ii) any liability for the payment of any amount of the type described in clause (i) above as a result of a party to this Agreement being a member of an affiliated, consolidated or combined group with any other corporation, company, body corporate or partnership at any time on or prior to the Closing Date.

(b) No Liens on any Acquired Asset have been filed, and no claims with respect to any Acquired Asset are applicable with respect to any Taxes, and all documents relating to the Acquired Assets that are subject to stamp duty or a similar duty have been duly stamped. No Lien currently applies to any Acquired Asset for any Taxes.

SECTION 3.13. Proceedings. There are not any outstanding Judgments against Seller or any of its Affiliates in respect of the TBZ Business or any Acquired Asset that,

individually or in the aggregate, have had or would reasonably be expected to have a Seller Material Adverse Effect. Except as claimant in the collection of debts arising in the ordinary course of business, neither Seller nor any of its Affiliates is, in relation to the TBZ Business, a claimant or defendant in, or otherwise a party to, any Proceeding which is in progress that, individually or in the aggregate, has had or would reasonably be expected to have a Seller Material Adverse Effect.

SECTION 3.14. Absence of Changes or Events. Since the Financial Information Date, there has not been any change or event that has had or would be reasonably likely to have a Seller Material Adverse Effect, other than those relating to the economy or those generally affecting businesses similar to the TBZ Business in the pharmaceutical industry that do not disproportionately impact the TBZ Business or the Acquired Assets. Purchaser acknowledges that there may be disruption to the TBZ Business as a result of the announcement by Purchaser or any of its Affiliates of its intention to buy the TBZ Business (and there may be disruption to the TBZ Business as a result of the execution of this Agreement and the consummation of the transactions contemplated hereby), and Purchaser acknowledges that such disruptions do not and shall not constitute a breach of this Section 3.14. From the Financial Information Date to the date of this Agreement, Seller and its Affiliates have conducted the TBZ Business in the ordinary course consistent with past practices.

SECTION 3.15. Compliance with Applicable Laws. In relation to the TBZ Business, Seller and its Affiliates are in compliance in all material respects with all Applicable Laws. Seller and its Affiliates have not in the 12 months immediately preceding the date of this Agreement received any communication from any Governmental Entity that alleges that Seller or any of its Affiliates is not, in relation to the TBZ Business, in compliance with any Applicable Law where such non-compliance has had or would reasonably be expected to have a Seller Material Adverse Effect (and any such communication delivered prior to such period either (i) has not been pursued by such Governmental Entity or (ii) has been fully resolved).

SECTION 3.16. Transactions with Affiliates. Other than as a party to any Assigned Contract or in relation to the Regulatory Approvals, after Closing none of Seller's Affiliates will have any interest in any Acquired Asset.

SECTION 3.17. Effect of Transaction. No customer, supplier or other Person having a material business relationship with Seller or any of its Affiliates in relation to the TBZ Business has informed Seller or any of its Affiliates in writing that such Person intends to change such relationship because of the Acquisition or the consummation of any other transaction contemplated hereby or for any other reason.

SECTION 3.18. Relationships with Customers, Suppliers and Licensors. Since the Financial Information Date, there has not been (a) any material adverse change in the business relationship of Seller or any of its Affiliates in relation to the TBZ Business with any material customer, supplier or licensor under any Assigned Contract, (b) any material dispute relating to the TBZ Business with any material customer, supplier or licensor under any Assigned Contract or (c) so far as Seller is aware, any material disruption in the supply chain related to the TBZ Products.

SECTION 3.19. Regulatory Issues. (a)(i) The information contained in folder 4.2 of the Data Room contains all adverse event information held by Seller and its Affiliates relating to the TBZ Products and (ii) neither Seller nor any of its Affiliates has, in the 12 months immediately preceding the date of this Agreement, received or been subject to any communication from any Governmental Entity regarding adverse findings relating to any TBZ Product that has had or would reasonably be expected to have a Seller Material Adverse Effect (and any such communication delivered prior to such period either (i) has not been pursued by such Governmental Entity or (ii) has been fully resolved).

(b) (i) With respect to the TBZ Products, there has not been any product recall or market withdrawal conducted by or on behalf of Seller or any of its Affiliates or any other Person in respect of TBZ Products placed on the market by or on behalf of Seller or any of its Affiliates, and (ii) so far as Seller is aware, there is no action or Proceeding by any Governmental Entity seeking the recall of any TBZ Products placed on the market by or on behalf of Seller or any of its Affiliates currently pending or threatened.

SECTION 3.20. Warranty Claims. (a) Subject to clause (b) below, the Warranties and any Warranty Claim shall be subject to the limitations and other provisions set out in Article VIII. Without prejudice to the requirement that such matters be fairly disclosed, notwithstanding the reference to a particular Schedule to this Agreement in a particular Warranty, all matters Disclosed are Disclosed against all the Warranties.

(b) Nothing in Section 8.05(b) or (c) shall qualify or limit the liability of Seller in relation to the Warranted Statements set out in Sections 3.01, 3.02 and 3.05 (a) (the "Fundamental Warranted Statements"). Nothing in Section 8.05(a) shall qualify or limit the liability of Seller in relation to the Warranted Statements set out in Sections 3.01 and 3.02.

## ARTICLE IV

### Warranties of Purchaser

Purchaser warrants to Seller, as of the date hereof and as of Closing, that each of the statements set out in Sections 4.01 to 4.07 is true and accurate.

SECTION 4.01. Organization, Standing and Power. Purchaser is duly organized, validly existing and in good standing under the laws of the jurisdiction in which it is organized and has full power and authority and possesses all governmental franchises, licences, permits, authorizations and approvals necessary to enable it to own, lease or otherwise hold its assets and to carry on its business as currently conducted, other than such franchises, licences, permits, authorizations and approvals the lack of which, individually and in the aggregate, have not had and would not reasonably be expected to have a material adverse effect on the ability of Purchaser to perform its obligations under this Agreement or to consummate the Acquisition and the other transactions contemplated hereby (a "Purchaser Material Adverse Effect").

SECTION 4.02. Authority; Execution and Delivery; Enforceability. Purchaser has full power and authority to execute this Agreement and to consummate the Acquisition and the other transactions contemplated hereby. The execution and delivery by Purchaser of this

Agreement and the consummation by Purchaser of the Acquisition and the other transactions contemplated hereby have been duly authorized by all necessary action. Purchaser has duly executed and delivered this Agreement, and this Agreement constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms.

SECTION 4.03. No Conflicts; Consents. The execution and delivery by Purchaser of this Agreement do not, and the consummation of the Acquisition and the other transactions contemplated hereby and compliance by Purchaser with the terms hereof will not, conflict with, or result in any violation of or default under, or give rise to a right of termination, cancellation or acceleration of any material obligation or to loss of a material benefit under, or result in the creation of any Lien upon any of the properties or assets of Purchaser under, any provision of (i) the certificate of formation or by-laws of Purchaser, (ii) any Contract to which Purchaser is a party or by which any of its assets is bound or (iii) any Judgment or law applicable to Purchaser or its assets, other than, in the case of clauses (ii) and (iii) above, any such items that, individually and in the aggregate, have not had and would not reasonably be expected to have a Purchaser Material Adverse Effect. No Consent of, or registration, declaration or filing with, any Governmental Entity is required to be obtained or made by or with respect to Purchaser in connection with the execution, delivery and performance of this Agreement or the consummation of the Acquisition and the other transactions contemplated hereby, other than (A) compliance with and filings under the U.S. Securities Exchange Act of 1934 and applicable Canadian securities legislation and (B) filings with the Relevant Competition Authorities, as applicable.

SECTION 4.04. Litigation. There are not any outstanding Judgments against Purchaser that, individually or in the aggregate, have had or would reasonably be expected to have a Purchaser Material Adverse Effect. Except as claimant in the collection of debts arising in the ordinary course of business, Purchaser is not a claimant or defendant in, or otherwise a party to, any Proceeding which is in progress that, individually or in the aggregate, has had or would reasonably be expected to have a Purchaser Material Adverse Effect.

SECTION 4.05. Necessary Cash Resources. Purchaser will have immediately available on an unconditional basis (as of Closing) the necessary cash resources to meet its obligations under this Agreement.

SECTION 4.06. Required Consents. As of the date hereof, so far as Purchaser is aware, there is no reason specific to Purchaser that is reasonably likely to form the basis for any consent described in Section 6.02(b), (e) or (f) not being obtained.

SECTION 4.07. No Prohibitions. As of the date hereof, so far as Purchaser is aware, there is no Applicable Law or injunction enacted, entered, promulgated, enforced or issued by any Governmental Entity or other legal restraint or prohibition preventing the consummation of the Acquisition.

Covenants

SECTION 5.01. Covenants of Seller Relating to Operation of TBZ Business. (a) Except with the written consent of Purchaser (such consent not to be unreasonably withheld or delayed) and except for matters expressly permitted by the terms of this Agreement, from the date hereof to Closing, Seller shall, and shall cause its Affiliates to, conduct the TBZ Business in the normal and ordinary day-to-day course in substantially the same manner as conducted in the 12 months immediately preceding the date of this Agreement (including with respect to research and development efforts, collections of accounts receivable, payment of accounts payable and Inventory levels) and use reasonable endeavours to keep intact the TBZ Business and the Acquired Assets, keep available the services of the current employees and preserve the relationships with customers, suppliers, licensors, licensees, employees and distributors. In addition (and without limiting the generality of the foregoing), except as set forth on Schedule 5.01 or as otherwise expressly permitted or required by the terms of this Agreement, Seller shall not do, and Seller shall cause its Affiliates not to do, any of the following in connection with the TBZ Business or the Acquired Assets without the prior written consent of Purchaser (such consent not to be unreasonably withheld or delayed) or save as required by Applicable Law:

(i) permit, allow or suffer any Acquired Asset to become subjected to any Lien of any nature whatsoever other than (A) licences of Intellectual Property granted in the ordinary course of business and on terms substantially consistent with past practices and (B) customary retention and reservation of title provisions in favour of suppliers, common carriers or warehousemen in respect of Inventory;

(ii) except for intercompany transactions with Seller's Affiliates in the ordinary course of business, pay, loan or advance any amount to, or sell, transfer or lease any of the Acquired Assets to, or enter into any agreement or arrangement with, any Affiliate of Seller in relation to the TBZ Business;

(iii) acquire by merging or consolidating with, or by purchasing a substantial portion of the assets of, or by any other manner, any business or any corporation, company, body corporate, partnership, firm, joint venture, association or other business organization or division thereof (whether or not having a separate legal personality) or otherwise acquire any assets (other than Inventory and Regulatory Approvals (where appropriate)) that would constitute a part of, and that are material, individually or in the aggregate, to, the TBZ Business, other than licences of Intellectual Property in the ordinary course of business and on terms substantially consistent with past practices;

(iv) enter into any transaction or any Contract or commitment relating to the Acquired Assets or the TBZ Business, except in the ordinary course of business consistent with past practices, or amend in any material respect, terminate or enter into any material Assigned Contract, save that this clause shall not require Seller to renew any Assigned Contract which terminates in accordance with its terms;

(v) make any material changes in development, registration, manufacturing, selling, pricing or advertising practices inconsistent with the practices of Seller or any of its Affiliates in relation to the TBZ Business during the 12 months immediately preceding the date of this Agreement (other than as required to satisfy the obligations contained in the second amended and restated distribution agreement, dated November 18, 2005, between Seller and Prestwick Pharmaceuticals, Inc., as amended by the amendment letter dated September 12, 2008, among Seller, Prestwick Holdings, Inc. and Ovation Pharmaceuticals, Inc.);

(vi) transfer to any third party any rights under any licences, sublicences or other agreements with respect to any Assigned Intellectual Property other than licences or sublicences in the ordinary course of business and on terms substantially consistent with past practices;

(vii) sell, lease, licence or otherwise dispose of, or grant any rights or options in or to, any of the tangible Acquired Assets, except for Inventory and obsolete equipment in the ordinary course of business;

(viii) accelerate delivery of TBZ Products relative to past practices, or otherwise modify distribution or Inventory volume or revenue recognition practices in any material respect relative to past practices; or

(ix) authorize any of, or commit or agree to take, whether in writing or otherwise, any of the foregoing actions.

Without limitation of the foregoing, Seller shall not, and shall procure its Affiliates not to, consummate the sale of, or enter into any Contract to sell, Seller's and its Affiliates' TBZ Products distribution business in the United Kingdom and the Republic of Ireland, or assign to any third party the UK/Ireland Distribution Agreement, in each case without the prior written consent of Purchaser (not to be unreasonably withheld or delayed).

Nothing in this Section 5.01 shall prevent Seller from agreeing with Cambridge Laboratories Limited to terminate the UK/Ireland Distribution Agreement with effect from the Closing Date in accordance with its terms.

(b) Advise of Changes. Seller shall, promptly upon becoming aware of it, advise Purchaser in writing of the occurrence of any matter or event that is material to the business, assets, condition (financial or otherwise), liabilities or results of operations of the TBZ Business.

(c) Affirmative Covenants. Until Closing, Seller shall, and shall cause each of its Affiliates, as applicable, to:

(i) maintain the Acquired Assets in the ordinary course of business; and

(ii) upon any damage, destruction or loss to any material Acquired Asset, apply any and all insurance proceeds received with respect thereto to the prompt repair, replacement and restoration thereof to the condition of such Acquired Asset before such

event or, if required, to such other (better) condition as may be required by Applicable Law.

(d) Consultation. Between the date hereof and the Closing Date, and provided that such consultation does not unreasonably disrupt the operations of Seller or any of its Affiliates, Seller shall, to the extent permitted by Applicable Law, use reasonable endeavours to consult in good faith on a regular and frequent basis with the representatives for Purchaser to report material developments with respect to, and the general status of, the TBZ Business and each of the Acquired Assets pursuant to procedures reasonably requested by Purchaser or such representatives. Each party acknowledges that any such consultation shall not constitute a waiver by either party of any rights it may have under this Agreement. Purchaser shall not have any liability or responsibility for any actions of Seller or any of its officers or directors with respect to matters that are the subject of such consultations unless Purchaser expressly consents to such action in writing.

(e) Audited Financial Information. Seller shall provide to Purchaser, as promptly as reasonably practicable following the date hereof, the audited consolidated balance sheet and the audited balance sheet of Cambridge Laboratories Group Limited and its subsidiaries and of Cambridge Laboratories Group Limited, respectively, as of December 31, 2008, and the related audited consolidated statement of total recognised gains and losses, the audited consolidated profit and loss account and the audited consolidated cash flow statement, in each case for Cambridge Laboratories Group Limited and its subsidiaries for the fiscal year ended on December 31, 2008 (the "Audited Financial Information").

(f) Inventory. No less than 10 days prior to the Closing Date, Purchaser and Seller shall meet to review the status and condition of the Assigned Inventory and to determine what part of the Assigned Inventory should be destroyed, and Seller shall, following Closing, promptly arrange for the proper destruction of such Assigned Inventory.

SECTION 5.02. No Solicitation. From the date hereof until the earlier of (a) Closing and (b) the date this Agreement is terminated pursuant to Article VII, Seller shall not, and Seller shall cause its Affiliates and its and their officers, directors and employees and its and their investment bankers, attorneys, accountants and other representatives not to, directly or indirectly, (i) solicit, initiate or encourage any "other bid", (ii) enter into any agreement with respect to any other bid or (iii) participate in any discussions or negotiations regarding, or furnish to any Person any information with respect to, or take any other action to facilitate any inquiries or the making of any proposal that constitutes, or may reasonably be expected to lead to, any other bid. Without limiting the foregoing, it is understood that any violation of the restrictions set forth in the preceding sentence by any officer, director or employee of Seller or any of its Affiliates or any investment banker, attorney or other advisor or representative of Seller or any of its Affiliates, whether or not such Person is purporting to act on behalf of Seller or otherwise, shall be deemed to be a breach of this Section 5.02 by Seller. As used in this Section 5.02, "other bid" shall mean any proposal to acquire in any manner the TBZ Business or any part thereof, including any Acquired Asset, other than (A) the transactions contemplated by this Agreement and (B) the sale of Inventory in the ordinary course of business. Notwithstanding the foregoing, this Section 5.02 shall not restrict solicitations, agreements, discussions, negotiations or the furnishing to any Person of information solely with respect to the sale or proposed sale of

Seller's and its Affiliates' TBZ Products distribution business in the United Kingdom and the Republic of Ireland; provided that Seller shall keep Purchaser reasonably informed of the general status of any such activities. For the avoidance of doubt, this Section 5.02 does not restrict solicitations, agreements, discussions, negotiations or the furnishing to any Person of information with respect to the sale or proposed sale of any of Seller's and its Affiliates' businesses other than the TBZ Business or any portion thereof.

SECTION 5.03. Access to Information. Subject to Applicable Law, Seller shall procure that Purchaser and its accountants, counsel and other representatives are given reasonable access, upon reasonable notice during normal business hours during the period prior to Closing, to the TBZ Business, and during such period shall furnish promptly to Purchaser any information concerning the Acquired Assets and the TBZ Business as Purchaser may reasonably request; provided that such access does not unreasonably disrupt the normal operations of Seller or any of its Affiliates.

SECTION 5.04. Competition Filings. (a) If required in connection with the execution, delivery and performance of this Agreement or the consummation of the Acquisition or the other transactions contemplated hereby, Purchaser shall, as promptly as practicable following the date of this Agreement, use reasonable endeavours to procure the filing of any notifications, reports or other submissions necessary with the Relevant Competition Authorities and to submit any supplemental information requested in connection therewith. Seller shall furnish to Purchaser such necessary information and reasonable assistance as Purchaser may request in connection with Purchaser's preparation of any notification, report or other submission or additional information that is required by the Relevant Competition Authorities.

(b) Purchaser shall use reasonable endeavours (i) to obtain any clearance, on terms reasonably satisfactory to Purchaser, from any Relevant Competition Authority that is necessary for the consummation of the Acquisition or the other transactions contemplated hereby, or (ii) to allow any applicable waiting periods required by any such Relevant Competition Authority to expire, lapse or terminate, in each case prior to the Closing Date. Notwithstanding the foregoing, in the event that any such required clearance has not been obtained or any applicable waiting period has not expired, lapsed or been terminated prior to the Closing Date, Purchaser and Seller shall cooperate in good faith to agree and implement any commercially reasonable measures that are permitted under applicable law and that (A) will enable Closing to proceed and (B) will to the greatest extent practicable preserve the relative intended economic benefits and burdens of Purchaser and Seller under this Agreement; provided that unless otherwise agreed such measures will cease to be operated no later than 24 months after Closing.

SECTION 5.05. Confidentiality. (a) Purchaser acknowledges that the information being provided to it in connection with the Acquisition and the consummation of the other transactions contemplated hereby is subject to the terms of the confidentiality agreement between Purchaser and Cambridge Laboratories Group Limited, dated as of April 2, 2009 (the "Confidentiality Agreement"), the terms of which are incorporated herein by reference. Effective upon, and only upon, Closing, the Confidentiality Agreement shall terminate with respect to information relating solely to the Acquired Assets or the TBZ Business; provided, however, that Purchaser acknowledges that any and all other information provided to it by Seller

or its Affiliates or representatives concerning Seller shall remain subject to the terms and conditions of the Confidentiality Agreement after the Closing Date as provided therein.

(b) Subject to Section 5.05(e), Seller shall keep confidential, and cause its Affiliates and its and their officers, directors, employees and advisors to keep confidential, all information relating to the Acquisition and this Agreement and the terms hereof, except as required by Applicable Law, Judgment, the rules of any stock exchange or administrative process or pursuant to a request of a Taxing Authority, and except for information that is available to the public on the Closing Date or thereafter becomes available to the public other than as a result of a breach of this Section 5.05(b). The covenant set forth in this Section 5.05(b) shall terminate three years after the Closing Date.

(c) Purchaser shall keep confidential, and cause its Affiliates and its and their respective officers, directors, employees and advisors to keep confidential, all information relating to this Agreement and the terms hereof, except as required by applicable law, Judgment, regulation, the rules of any stock exchange or administrative process or pursuant to a request of a Taxing Authority, and except for information that is available to the public on the Closing Date or thereafter becomes available to the public other than as a result of a breach of this Section 5.05(c). The covenant set forth in this Section 5.05(c) shall terminate three years after the Closing Date.

(d) Subject to Section 5.05(e), Seller shall not, and shall cause its Affiliates not to, (i) use or disclose any Technology or any other information, in each case related exclusively to the TBZ Business or the Acquired Assets or (ii) disclose any other Technology or information relating to the TBZ Business or the Acquired Assets the disclosure of which (A) Seller knows or reasonably ought to know is reasonably likely to adversely affect Purchaser or the TBZ Business in a material respect or (B) is not made in the ordinary course of business, except, in each case, as required by any Applicable Law, the rules of any stock exchange or any administrative process, or as required to be disclosed pursuant to any Assigned Contract to which Seller or any of its Affiliates is still a party or pursuant to any Regulatory Approval which is still held by Seller or any of its Affiliates following Closing, and except for information that is available to the public on the Closing Date or thereafter becomes available to the public other than as a result of a breach of this Section 5.05(d).

(e) Nothing in Section 5.05(b) or 5.05(d) shall prohibit Seller or any of its Affiliates from using or disclosing any Technology or information to the extent reasonably required to perform Seller's obligations under this Agreement. Nothing in Section 5.05(b) or Section 5.05(d)(ii) above shall prohibit Seller or any of its Affiliates (or any successor of any of them to the non-TBZ Business of Seller or any of its Affiliates) from (1) using any Technology or any information which does not relate exclusively to the TBZ Business in the ordinary course of its business or (2) disclosing any Technology or information which does not relate exclusively to the TBZ Business to any Person (i) in the ordinary course of Seller's or any of its Affiliate's (or its or their successors to the non-TBZ Business) business or (ii) in connection with the sale or attempted sale of all or any part of Seller's or any of its Affiliate's business; provided in each case that any such disclosure is made subject to an express obligation of confidentiality and covenant not to use the same in relation to any Competitive Activities.

SECTION 5.06. Expenses. Whether or not the Closing takes place, and except as set forth in Section 1.03, Section 1.04, Section 2.04, Section 5.10(b), Section 5.14, Section 5.16, Article VIII and Schedule 5.09, all costs and expenses incurred in connection with this Agreement and the transactions contemplated hereby shall be paid by the party incurring such expense.

SECTION 5.07. Brokers or Finders. Purchaser warrants, as to itself and its Affiliates, that, except for Lazard Limited (the fees of which will be paid by Purchaser), no agent, broker, investment banker or other firm or Person is or will be entitled to any broker's or finder's fee or any other commission or similar fee in connection with any of the transactions contemplated by this Agreement, and Seller warrants, as to itself and its Affiliates, that no agent, broker, investment banker or other firm or Person is or will be entitled to any broker's or finder's fee or any other commission or similar fee in connection with any of the transactions contemplated by this Agreement.

SECTION 5.08. Debts. Seller shall collect the Debts for its own account and Purchaser shall give reasonable assistance (if necessary) to Seller to enable Seller to collect such Debts. Purchaser shall collect receivables constituting Acquired Assets for its own account and Seller shall give reasonable assistance (if necessary) to Purchaser to enable Purchaser to collect such receivables. Each party shall account to the other for any such items to which the other party is entitled and which are paid to it (including any part of such items as constitutes an amount in respect of the VAT liability of the other party) within 10 Business Days of receipt thereof.

SECTION 5.09. Transition Services. On and after Closing, each of Seller and Purchaser shall observe and perform those provisions of Schedule 5.09 as are expressed to be observed and performed by it.

SECTION 5.10. Post-Closing Cooperation. (a) After the Closing, upon reasonable notice, Purchaser and Seller shall provide, or cause to be provided, to each other and their respective employees, counsel, auditors and representatives access, during normal business hours, to such information and assistance relating to the TBZ Business (to the extent within the control of such party or its Affiliates) as is reasonably necessary for either party's financial reporting and accounting matters.

(b) Each party shall reimburse the other for reasonable out-of-pocket costs and expenses incurred in assisting the other pursuant to Section 5.10(a). Neither party shall be required by this Section 5.10 to take any action that would unreasonably interfere with the conduct of its business or unreasonably disrupt its normal operations (or, in the case of Purchaser, the TBZ Business). Any information relating to the Acquired Assets and the TBZ Business received by Seller pursuant to this Section 5.10 shall be subject to Section 5.05(b).

(c) Upon the request of Purchaser and at Purchaser's expense, if required by United States securities laws, Seller shall provide any financial information necessary for, and reasonable assistance with respect to, the preparation of complete carve-out audited financial statements of the TBZ Business for the three most recent fiscal years (and unaudited financial statements for any subsequent interim period) ending prior to the date of such request.

SECTION 5.11. Publicity. From the date hereof through the Closing Date, no public release or announcement concerning the transactions contemplated hereby shall be issued by any party without the prior consent of the other party (which consent shall not be unreasonably withheld), except as such release or announcement may be required by applicable law, any Judgment or the rules or regulations of any applicable securities exchange, in which case the party required to make the release or announcement shall, to the extent permitted by law or such rules or regulations, allow the other party reasonable time to comment on such release or announcement and use reasonable endeavours to obtain such other party's approval for such release or announcement in advance of such issuance.

SECTION 5.12. Records. Purchaser recognizes that certain Records may contain incidental information relating primarily to Seller or its Affiliates or businesses of Seller or its Affiliates unrelated to the Acquired Assets, the Assumed Liabilities or the TBZ Business, and that Seller may retain copies of the relevant portions thereof.

SECTION 5.13. Further Assurances. (a) Without limitation of any other provision of this Agreement, for a period of 12 months following Closing, as and when requested by any party (at the cost of such requesting party), each party shall execute and deliver, or cause to be executed and delivered, all such documents and instruments and shall take, or cause to be taken, all such reasonable further actions, as such other party may reasonably deem necessary or desirable to vest any of the Acquired Assets in Purchaser or its assignee or as otherwise necessary to give full effect to this Agreement. Without limiting the foregoing, Seller shall deliver to Purchaser, at Purchaser's cost, any Assigned Inventory delivered to Seller or any of its Affiliates as soon as reasonably practicable after Closing.

(b) For a period of 12 months following Closing, Seller shall, and shall cause its Affiliates to, at Purchaser's cost, until the registration, or the application for registration, of any Assigned Intellectual Property right has been recorded in the name of Purchaser at the appropriate registry, do such things as are specifically requested by Purchaser and are reasonably necessary to enable Purchaser (i) to prosecute the application to register such Assigned Intellectual Property right, (ii) to maintain such Assigned Intellectual Property right and (iii) to establish, confirm or defend title to such Assigned Intellectual Property right.

(c) Without prejudice to the rights of Purchaser to any trademarks, logos or devices constituting Assigned Intellectual Property, for a period ending on the date that is the later of (i) the third anniversary of the Closing Date and (ii) the date on which neither Purchaser nor any of its Affiliates retains an interest in any such trademarks, logos or devices, Seller shall not, and shall cause its Affiliates not to, use as a trade mark the trade marks, logos or devices listed in Schedule 3.06(a)(i) or any confusingly similar trade mark, logo or device used in any business that develops, imports, markets, commercializes, sells, offers for sale or otherwise distributes in any manner the TBZ Products; provided that this Section 5.13(c) shall not be deemed breached solely as a result of (i) the performance of Seller's obligations under this Agreement or (ii) sales of TBZ Products by Cambridge Laboratories Limited in the United Kingdom and Republic of Ireland pursuant to the UK/Ireland Distribution Agreement.

(d) With effect from Closing, Purchaser shall not (i) except to the extent contained in any labelling of Inventory manufactured and packaged prior to 90 days following

the Closing Date or as set out in Section 5.14(f) below, use or display (including on or in its business stationery, documents, signs, promotional materials or website) any Excluded Mark or (ii) represent that Seller or any of its Affiliates retains any connection with the TBZ Business, save as the former owner of the TBZ Business.

SECTION 5.14. Regulatory Approvals. (a) For a period of 24 months from Closing, the parties shall procure the transfer or re-registration to Purchaser, on the terms of and in accordance with this Section 5.14, of each Regulatory Approval held by Seller or any of its Affiliates and acquired by Purchaser pursuant to this Agreement. Neither party nor any of its Affiliates shall have any other obligations with respect to the transfer or re-registration of any Regulatory Approval to Purchaser or the maintenance of any Regulatory Approval after Closing, except as expressly set out in this Section 5.14. For the avoidance of doubt, this Section 5.14 does not apply to any marketing authorisation relating to any TBZ Product which is held by a third party and which will continue to be held by such third party on the terms of the relevant Assigned Contract.

(b) Purchaser shall, at Purchaser's cost and expense, as soon as reasonably practicable following Closing, prepare and submit all notices, applications, submissions, reports and other instruments, documents, correspondence and filings necessary to transfer or re-register to Purchaser each such Regulatory Approval and shall pay all fees payable in connection therewith.

(c) For a period of 24 months from Closing, Seller shall, or shall procure the Affiliate of Seller that holds the Regulatory Approval to:

(i) as soon as reasonably practicable following their presentation by Purchaser to Seller, sign any notices, applications, submissions, reports and other instruments, documents, correspondence or filings presented to it by Purchaser that are necessary for the transfer or re-registration to Purchaser of the relevant Regulatory Approval;

(ii) provide notice of its consent to the transfer of the relevant Regulatory Approval to Purchaser if requested by Purchaser and required by any applicable Governmental Entity; and

(iii) provide to Purchaser or to any relevant Governmental Entity such information as is in Seller's or its Affiliate's possession and is required by any applicable Governmental Entity to enable Purchaser to obtain the transfer or re-registration to Purchaser of the relevant Regulatory Approval (as applicable); provided that nothing in this Section 5.14 shall oblige Seller or any of its Affiliates to carry out any additional clinical trials, testing or manufacturing.

(d) For a period of 24 months from Closing, Seller shall, or shall procure the Affiliate of Seller that holds the Regulatory Approval to:

(i) hold the benefit of the relevant Regulatory Approval which has not yet been transferred or re-registered to Purchaser for the account, risk and benefit of Purchaser;

(ii) maintain in force and not voluntarily vary, amend, cancel or surrender the relevant Regulatory Approval, save (A) as requested to do so by Purchaser or (B) as required to do so by any applicable Governmental Entity (and Seller shall promptly notify Purchaser following receipt of any notice of any such requirement); and

(iii) fulfil all the legal and regulatory obligations of a holder of the relevant Regulatory Approval,

and in carrying out such activities Seller shall comply with any reasonable instructions given by Purchaser consistent with the relevant Regulatory Approval being held for the account, risk and benefit of Purchaser.

(e) For a period of 24 months from Closing, to the extent permitted by the terms of the relevant Regulatory Approval, Purchaser shall market, distribute and sell TBZ Products, which are the subject of any Regulatory Approvals that have not yet been transferred to Purchaser, in the name of Seller or the Affiliate of Seller that holds the relevant Regulatory Approval and, for the avoidance of doubt, the proceeds and the Costs of any such marketing, distribution and sales shall be for the benefit and account of Purchaser.

(f) Seller hereby grants, and shall procure that its Affiliates shall grant, to Purchaser from Closing a non-exclusive, royalty-free, non-assignable licence, with the right to sub-licence, to use for a period of 30 months from Closing the Intellectual Property (including the Excluded Marks) that is owned by Seller or any of its Affiliates and is required to be used by Purchaser following Closing as a result of a Regulatory Approval being held by Seller and its Affiliates pending its transfer or re-registration to Purchaser or its designee following Closing to market and sell TBZ Products; provided that such licence (i) shall be limited (1) in relation to each Regulatory Approval, to those TBZ Products that are sold by Seller and its Affiliates under such Regulatory Approval at Closing; (2) in respect of each such TBZ Product, to those countries in which the relevant Regulatory Approval has not been transferred to Purchaser; and (3) to using and depicting such Intellectual Property in the same manner as such Intellectual Property was used and depicted by Seller and its Affiliates in such country in relation to such TBZ Products at Closing and (ii) shall terminate automatically on the later of (x) the date on which the relevant Regulatory Approval is transferred to or re-registered in the name of Purchaser or its designee and (y) the date on which any inventory of TBZ Products packaged by or on behalf of Purchaser prior to the date of the transfer of such Regulatory Approval has been depleted and provided that such licence shall terminate no later than 30 months from the Closing Date.

(g) Purchaser shall use reasonable endeavours to complete the transfer or re-registration to Purchaser of each such Regulatory Approval as soon as possible and in any event within a 12 month period from Closing. If, at the end of this 12 month period, the relevant Regulatory Approval has not been transferred or re-registered in accordance with this Section 5.14, Seller and Purchaser shall negotiate in good faith to agree upon reasonable actions that should be taken to enable Purchaser to sell the TBZ Product to which the relevant Regulatory Approval relates in the countries covered by it (such agreement not to be unreasonably withheld or delayed by either party). Following agreement of any reasonable actions in accordance with this Section 5.14, the parties shall co-operate with each other with respect to the implementation of such actions.

(h) Purchaser shall reimburse Seller and its Affiliates for all out-of-pocket costs and liabilities incurred by any of them (including amounts paid to any subcontractors or consultants) in carrying out Seller's obligations under this Section 5.14, including all costs incurred in complying with clauses (c) and (d) above and in implementing any actions agreed pursuant to clause (g) above. Following termination of the transition services arrangement described in Section 5.09, Purchaser shall also pay Seller a reasonable management fee for carrying out Seller's obligations under this Section 5.14. In addition, Purchaser shall bear all of its own costs incurred in relation thereto.

(i) The parties shall regularly consult with each other from time to time so as to facilitate the transfer or re-registration of the Regulatory Approvals held by Seller or any of its Affiliates to Purchaser in as efficient and timely a manner as is reasonably possible.

(j) Nothing in this Section 5.14 shall oblige either party or to do or to procure any act or thing which violates any Applicable Law or Judgment.

**SECTION 5.15. Agreement Not To Compete.** (a) Seller understands that Purchaser shall be entitled to protect and preserve the going concern value of the TBZ Business to the extent permitted by law and that Purchaser would not have entered into this Agreement absent the provisions of this Section 5.15 and, therefore, for a period of {\*\*\*}† from the Closing Date, within the Territory, Seller shall not, and shall cause its Affiliates not to: (i) directly or indirectly engage or be interested in activities or businesses, or establish any new businesses, that develop, import, market, commercialize, sell, offer for sale or otherwise distribute in any manner TBZ Products or any derivatives thereof or any other products with applications for treating the symptoms of any organic or inorganic hyperkinetic movement disorder, including: (A) Chorea associated with Huntington's Disease, (B) Tourette Syndrome, (C) dystonia of any sort, (D) dyskinesia of any sort, (E) tics and (F) hemiballismus (such products, "Competing Products", and such activities, "Competitive Activities"), (ii) solicit any customer or prospective customer of the TBZ Business to purchase Competing Products from anyone other than Purchaser and its Affiliates or (iii) assist any Person in any way to do, or attempt to do, anything prohibited by clause (i) or (ii) above.

(b) Section 5.15(a) shall not be deemed breached solely as a result of (i) the ownership by Seller or any of its Affiliates of less than an aggregate of {\*\*\*}† of any class of stock of a Person engaged, directly or indirectly, in Competitive Activities; provided that such stock is held for investment purposes only; (ii) the performance of Seller's obligations under this Agreement; or (iii) sales of TBZ Products by Cambridge Laboratories Limited in the United Kingdom and Republic of Ireland pursuant to the UK/Ireland Distribution Agreement.

(c) Notwithstanding any other provision of this Agreement, it is understood and agreed that remedies under this Agreement and other remedies at law may be inadequate in the case of any breach of the covenants contained in Section 5.15(a). Purchaser shall be entitled to

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

seek equitable relief, including the remedy of specific performance, with respect to any breach or attempted breach of such covenants.

(d) Each undertaking contained in this Section 5.15 shall be considered a separate undertaking and if one or more of the undertakings is held to be against the public interest, unlawful or in any way an unreasonable restraint of trade, the remaining undertakings shall continue to bind Seller.

SECTION 5.16. Employees; Acquired Rights Directive. (a) The parties hereto acknowledge that the Council Directive 2001/23/EC of March 12, 2001 (the “Acquired Rights Directive”) and any Applicable Law implementing the Acquired Rights Directive may apply to the transfer of the Acquired Assets under this Agreement, so that the employment contracts of employees of Seller or any of its Affiliates (except, to the extent permitted by Applicable Law, in respect of terms relating to occupational pension arrangements) may have effect from the Closing Date as if originally made between Purchaser or any of its Affiliates and such employees as of the Closing Date.

(b) If, as a result of the transactions contemplated by this Agreement, an employment contract of any Person employed by Seller or any of its Affiliates is found or alleged to have effect after the date hereof as if originally made with Purchaser or any of its Affiliates, Seller shall, on behalf of itself and as agent and/or trustee for any of its Affiliates, indemnify Purchaser and its Affiliates for any Costs incurred or suffered by Purchaser or any of its Affiliates in connection with or arising out of (A) the employment prior to Closing of any such Person, (B) the termination of employment of any such Person, (C) the employment by Purchaser or any of its Affiliates of any such Person or any allegation that such Person should be so employed by Purchaser or any of its Affiliates and (D) any failure by Seller or any of its Affiliates to comply with any obligations to inform and/or consult with any of its employees and any representatives of its employees; provided however that Seller shall not be required to indemnify Purchaser or its Affiliates in accordance with clause (B) or (C) of this Section 5.16(b) for any Costs incurred or suffered by Purchaser or any of its Affiliates in respect of the period following the 90th day after Closing with respect to any Transferred Employee (as defined below) to whom Purchaser offers continuing employment, and who accepts such offer of continuing employment, pursuant to Section 5.16(c)(i) below (each, an “Accepting Employee”).

(c) For each of the Persons listed on Schedule 5.16(c) (each, a “Transferred Employee”), Purchaser shall, on or prior to the 90th day following the Closing Date, either (i) offer continuing employment to such Transferred Employee for the period following such 90th day (which offer shall be on terms and conditions which are in all material respects comparable to (or better than) such Transferred Employee’s terms and conditions of employment by Seller or its relevant Affiliate, but such that the Transferred Employee is not reasonably required to relocate to fulfill the terms of such offer) or (ii) if no such employment offer is made

to such Transferred Employee, pay Seller an amount equal to {\*\*\*}† for such Transferred Employee (up to an aggregate amount not to exceed {\*\*\*}† for all Transferred Employees).

(d) Purchaser shall, on behalf of itself and as agent and/or trustee for any of its Affiliates, indemnify Seller and its Affiliates for any Costs incurred or suffered by Seller or any of its Affiliates in connection with or arising out of (A) the employment of any Accepting Employee in respect of the period following the 90th day after Closing, including any liability, obligation or commitment in connection with the transfer or termination of such Person and (B) the termination of employment by Seller or any of its Affiliates or by Purchaser or any of its Affiliates of any Accepting Employee.

ARTICLE VI

Conditions Precedent

SECTION 6.01. Conditions to Each Party’s Obligation. The obligation of Purchaser to purchase and pay for the Acquired Assets and assume the Assumed Liabilities and the obligation of Seller to sell, or procure the sale of, the Acquired Assets to Purchaser is subject to the satisfaction or waiver on or prior to Closing of the following condition:

(a) No Applicable Law or injunction enacted, entered, promulgated, enforced or issued by any Governmental Entity or other legal restraint or prohibition preventing the consummation of the Acquisition shall be in effect.

SECTION 6.02. Conditions to Obligation of Purchaser. The obligation of Purchaser to purchase and pay for the Acquired Assets and assume the Assumed Liabilities is subject to the satisfaction (or waiver by Purchaser) on or prior to Closing of the following conditions:

(a) Save as Disclosed, (i) the Fundamental Warranted Statements of Seller shall be true and accurate in all material respects as of the date of this Agreement and as of Closing (except to the extent such statements expressly relate to an earlier date, in which case as of such earlier date), (ii) the Warranted Statement contained in the first sentence of Section 3.14 shall be true and accurate as of the date of this Agreement and as of the first date on which all documents described in Sections 6.02(b), (e) and (f) have been obtained (or the requirement therefor waived by Purchaser) as if made on such date, and (iii) all other Warranted Statements of Seller contained in this Agreement (excluding those described in clauses (i) and (ii)) shall be true and accurate (disregarding all qualifications or limitations as to “materiality” and “Seller Material Adverse Effect” set forth therein) as of (A) the date of this Agreement (except to the extent such statements expressly relate to an earlier date, in which case as of such earlier date), except, in the case of this clause (A), where the failure of such Warranted Statements to be so true and accurate, individually and in the aggregate, has not had and would not reasonably be expected to

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

have a Seller Material Adverse Effect, and (B) Closing (except to the extent such statements expressly relate to an earlier date, in which case as of such earlier date), except, in the case of this clause (B), where the failure of such Warranted Statements to be so true and accurate, individually and in the aggregate, would not reasonably be expected to give rise to Warranty Claims with an aggregate value exceeding {\*\*\*}† (without giving effect to the limitations described in Section 8.05(a) and Section 8.05(b)).

(b) All consents, substantially in the Agreed Form, with such material changes as may be requested by the applicable counterparty and agreed between Seller and Purchaser (such agreement not to be unreasonably withheld or delayed), from the counterparty to each Assigned Contract specified on Schedule 6.02(b) to the assignment to Purchaser of the rights of Seller and its Affiliates' under each such Assigned Contract shall have been obtained, and such consents shall not have been revoked by any counterparty prior to Closing.

(c) Seller shall have performed or complied in all material respects with all obligations and covenants required by this Agreement to be performed or complied with by Seller by the time of Closing.

(d) A non-compete agreement in the Agreed Form shall have been executed and delivered by each of the shareholders of Cambridge Laboratories Group Limited set forth on Schedule 6.02(d).

(e) The letter agreement referred to in Schedule 6.02(e), in the Agreed Form, shall have been executed and delivered by LifeHealth Limited.

(f) The consent, in the Agreed Form, from LifeHealth Limited to the novation to Purchaser of the LifeHealth Agreements shall have been obtained, and such consent shall not have been revoked by LifeHealth Limited prior to Closing.

(g) Seller shall have delivered to Purchaser the Audited Financial Information, which Audited Financial Information shall be substantively identical to the Financial Information.

SECTION 6.03. Conditions to Obligations of Seller. The obligation of Seller to sell, assign, convey and deliver the Acquired Assets is subject to the satisfaction (or waiver by Seller) on or prior to Closing of the following conditions:

(a) The warranted statements of Purchaser contained in this Agreement shall be true and accurate (disregarding all qualifications or limitations as to "materiality" and "Purchaser Material Adverse Effect" set forth therein) as of the date of this Agreement and as of Closing (except to the extent such statements expressly relate to an earlier date, in which case as of such earlier date), except where the failure of such statements to be so true and accurate, individually

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

and in the aggregate, has not had and would not reasonably be expected to have a Purchaser Material Adverse Effect.

(b) Purchaser shall have performed or complied in all material respects with all obligations and covenants required by this Agreement to be performed or complied with by Purchaser by the time of Closing.

(c) The guarantee in favour of Seller by Biovail Corporation of the monetary obligations of Purchaser hereunder, dated the Closing Date and in the Agreed Form, shall be in full force and effect.

(d) The consent, substantially in the Agreed Form, from Prestwick Pharmaceuticals, Inc. to the assignment to Purchaser of the rights of Seller and its Affiliates under the Prestwick Agreements shall have been obtained, and such consents shall not have been revoked by Prestwick Pharmaceuticals, Inc. prior to Closing.

SECTION 6.04. Frustration of Closing Conditions; Waivers of Closing Conditions. Neither Purchaser nor Seller may rely on the failure of any condition set forth in this Article VI to be satisfied if such failure was caused by such party's failure to act in good faith or to use its reasonable endeavours to cause Closing to occur, as required by Section 6.05. Purchaser may waive all or any of the conditions set out in Section 6.02 above (either in whole or in part) at any time by giving notice to Seller, and Seller may waive all or any of the conditions set out in Section 6.03 above (either in whole or in part) at any time by giving notice to Purchaser.

SECTION 6.05. Endeavours to Satisfy Conditions. Each party shall use reasonable endeavours to procure (so far as it is so able to procure) that each of the conditions set out in this Article VI is satisfied as soon as reasonably practicable and in any event on or before September 30, 2009 (the "Long Stop Date").

## ARTICLE VII

### Termination, Amendment and Waiver

SECTION 7.01. Termination. (a) Notwithstanding anything to the contrary in this Agreement, this Agreement may be terminated and the Acquisition and the other transactions contemplated by this Agreement abandoned at any time prior to Closing:

(i) by mutual written consent of Seller and Purchaser;

(ii) by Seller if any of the conditions set forth in Section 6.01 or 6.03 shall have become incapable of fulfillment, and shall not have been waived by Seller;

(iii) by Purchaser if any of the conditions set forth in Section 6.01 or 6.02 shall have become incapable of fulfillment, and shall not have been waived by Purchaser; or

(iv) by Seller or Purchaser if Closing does not occur on or prior to the Long Stop Date.

(b) In the event of termination by Seller or Purchaser pursuant to this Section 7.01, written notice thereof shall forthwith be given to the other party and the transactions contemplated by this Agreement shall be terminated, without further action by either party. If the transactions contemplated by this Agreement are terminated as provided herein:

(i) Purchaser shall return all documents and other material received from Seller relating to the transactions contemplated hereby, whether so obtained before or after the execution hereof, to Seller; and

(ii) all confidential information received by Purchaser with respect to the businesses of Seller shall be treated in accordance with the Confidentiality Agreement, which shall remain in full force and effect notwithstanding the termination of this Agreement.

SECTION 7.02. Effect of Termination. If this Agreement is terminated and the transactions contemplated hereby are abandoned, this Agreement shall become null and void and of no further force and effect, except for the provisions of (a) Sections 5.05(a), (b) and (c) relating to the obligations of Purchaser and Seller to keep confidential certain information and data, (b) Section 5.06 relating to certain expenses, (c) Section 5.07 relating to finder's fees and broker's fees, (d) Section 5.11 relating to publicity, (e) Section 7.01 and this Section 7.02 relating to termination, (f) Section 9.01 relating to assignment, (g) Section 9.02 relating to no third-party beneficiaries, (h) Section 9.03 relating to notices, (i) Section 9.04 relating to interpretation and certain definitions, (j) Section 9.06 relating to counterparts, (k) Section 9.07 relating to entire agreement, (l) Section 9.08 relating to severability, (m) Section 9.09 relating to governing law and jurisdiction, (n) Section 9.11 relating to language, (o) Section 9.12 relating to payments and (p) Section 9.13 relating to default interest. Nothing in this Section 7.02 shall be deemed to release any party from any liability for any breach by such party of the terms and provisions of this Agreement or to impair the right of any party to compel specific performance by any other party of its obligations under this Agreement.

SECTION 7.03. Amendments and Waivers. This Agreement may not be amended except by an instrument in writing signed on behalf of each of the parties hereto. By an instrument in writing Purchaser, on the one hand, or Seller, on the other hand, may waive compliance by the other party with any term or provision of this Agreement that such other party was or is obligated to comply with or perform. Delay in exercising or non-exercise of any such right is not a waiver of that right. The rights of each party under this Agreement may be exercised as often as necessary and, except as otherwise expressly provided by this Agreement, are cumulative and not exclusive of rights and remedies provided by law.

ARTICLE VIII

Warranty Claims

SECTION 8.01. No Additional Warranty. Purchaser acknowledges that (i) neither Seller nor any other Person has made any representation or warranty, expressed or implied, as to the Acquired Assets or the TBZ Business, or the accuracy or completeness of any information regarding the Acquired Assets or the TBZ Business furnished or made available to

Purchaser and its representatives, except as expressly set forth in this Agreement or the Schedules hereto and (ii) neither Seller nor any other Person shall have or be subject to any liability to Purchaser or any other Person resulting from the distribution to Purchaser, or Purchaser's use of, any such information, including any management presentations or in any other form in expectation of the transactions contemplated hereby. Purchaser acknowledges that, should Closing occur, Purchaser shall acquire the Acquired Assets without any representation or warranty as to merchantability or fitness for any particular purpose, in an "as is" condition and on a "where is" basis, except as otherwise expressly set forth in this Agreement.

SECTION 8.02. Notice. If Purchaser becomes aware of a matter or circumstance which is likely to give rise to a Warranty Claim, Purchaser shall give notice to Seller specifying that matter or circumstance in reasonable detail (including, if practicable, Purchaser's estimate, on a without prejudice basis, of the amount of such claim) as soon as reasonably practicable (and in any event within 30 days) after it becomes aware that Seller is or may become liable under the Warranted Statements. Any failure by Purchaser to give notice as contemplated by this Section 8.02 in relation to any matter or circumstance shall not, for the avoidance of doubt, prevent Purchaser from making any Warranty Claim arising from that matter or circumstance, but Seller shall not be liable for any Costs in respect of any such Warranty Claim to the extent such costs are increased, or are not mitigated, as a result of such failure.

SECTION 8.03. Breach of Warranted Statement at Closing. (a) If, following the date of this Agreement, Seller becomes aware of any matter that results or would result in any of the Warranted Statements being untrue or inaccurate as at the date of this Agreement or as remade at Closing, Seller shall promptly give notice of such matter to Purchaser together with such reasonable details as are reasonably available. Not less than two Business Days prior to Closing, Seller may deliver to Purchaser a second disclosure letter (the "Second Disclosure Letter") setting out any matter of which Seller is aware that would result in any of the Warranted Statements being untrue or inaccurate when remade at Closing. Neither Purchaser's receipt of notice of such matter nor the delivery of the Second Disclosure Letter shall (i) modify Purchaser's rights pursuant to Article VI hereof or be deemed Disclosed for purposes of Section 6.02(a) or (ii) except as set forth in Section 8.03(b), modify Purchaser's or Seller's rights or obligations pursuant to this Article VIII or be deemed Disclosed for purposes of this Article VIII. Seller shall provide to Purchaser such additional information as Seller may have with respect to the matters set forth in the Second Disclosure Letter as Purchaser may reasonably request.

(b) If (i) Seller delivers to Purchaser on or prior to the date immediately preceding the otherwise scheduled Closing Date a written acknowledgement (a "Condition Failure Notice") that the effect of any matter or matters set forth in the Second Disclosure Letter (identifying with reasonable specificity the matter or matters with respect to which such acknowledgement is given) is a failure of the condition to Purchaser's obligation to proceed with Closing in Section 6.02(a)(iii)(B) and (ii) Purchaser, following receipt and review of such Condition Failure Notice, waives such failure of the condition to Purchaser's obligation to proceed with Closing in Section 6.02(a)(iii)(B) and proceeds with Closing, then the matters fairly disclosed in the Second Disclosure Letter and acknowledged in the Condition Failure Notice shall be deemed to have been Disclosed for purposes of Section 8.04(a)(i).

SECTION 8.04. Exclusions. Seller shall not be liable in respect of a Warranty Claim to the extent that:

(a) the matter or circumstance giving rise to such Warranty Claim:

(i) is or arises from any matter or circumstance that has been Disclosed; or

(ii) is a matter or circumstance of which Purchaser has actual knowledge at the date of this Agreement; or

(iii) has been or is made good or is otherwise compensated for without cost or disruption to Purchaser or the TBZ Business.

(b) the relevant liability would not have arisen but for:

(i) a change in legislation or a change in the generally accepted interpretation of legislation on the basis of case law made after the date of this Agreement (whether relating to Tax, the rate of Tax or otherwise) or any amendment to or the withdrawal of any practice previously published by HM Revenue and Customs or any other Taxing Authority, in either case occurring after the date of this Agreement, whether or not that change, amendment or withdrawal purports to be effective retrospectively in whole or in part;

(ii) any change at or after Closing of the date to which the accounts relating to the TBZ Business are made up or in the basis, methods, principles or policies of account of the TBZ Business; or

(iii) any act or omission of Seller on or before Closing carried out at the written request of Purchaser.

SECTION 8.05. Financial Limits. The liability of Seller under or in respect of the Warranties shall be limited as follows:

(a) Seller shall not be liable in respect of any Warranty Claim unless the amount of the damages to which Purchaser would, but for this clause, be entitled as a result of that Warranty Claim exceeds {\*\*\*}†;

(b) Seller shall not be liable in respect of any Warranty Claim unless the amount of damages resulting from any and all Warranty Claims (including claims contemplated (but excluded) by clause (a) above) exceeds in aggregate {\*\*\*}†;

(c) the maximum aggregate liability of Seller in respect of any and all Warranty Claims other than the Fundamental Warranted Statements shall not exceed {\*\*\*}†; and

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

(d) the maximum aggregate liability of Seller in respect of any and all Warranty Claims shall not exceed the total consideration actually paid by Purchaser under this Agreement.

SECTION 8.06. Time Limits. The liability of Seller in respect of the Warranties shall terminate on the date falling {\*\*\*}† after the Closing Date, except in respect of any Warranty Claim of which notice is given to Seller as contemplated by Section 8.02 before the relevant date. The liability of Seller in respect of any Warranty Claim shall in any event terminate if Proceedings in respect of it have not been commenced at the earlier of (i) six months after the giving of notice of that Warranty Claim as contemplated by Section 8.02 and (ii) 23 months after the Closing Date (such earlier date, the “Claim Expiration Date”), unless that Warranty Claim arises as a result of, or in connection with, a Third Party Claim (as defined in Section 8.08) and Seller shall have assumed conduct of that Third Party Claim in accordance with Section 8.08. Notwithstanding the foregoing, Purchaser shall have up to an additional six months following the applicable Claim Expiration Date to commence such Proceedings if Purchaser reasonably determines (based on advice of independent counsel chosen by both parties (or failing such agreement, chosen by the Chairman of the Bar Council)) that such Proceedings would not result in any reasonable prospect of success in claiming sufficient damages due to none of or only part of the anticipated loss having been suffered prior to the Claim Expiration Date.

SECTION 8.07. Payment of Damages. Any payment made by Seller in respect of a Warranty Claim or made by Seller pursuant to the indemnity in Section 1.03(c) shall, to the maximum extent possible, be deemed to be a reduction in the Purchase Price.

SECTION 8.08. Third Party Claims. (a) If a Warranty Claim arises as a result of, or in connection with:

(i) a liability or alleged liability to a third party (a “Third Party Claim”), then Seller may, in respect of a Third Party Claim that is solely for monetary damages all or a majority of which Seller would be liable for in accordance with the terms hereof, within 90 days of becoming aware of such Third Party Claim, and before any final compromise, agreement, expert determination or non-appealable decision of a court or tribunal of competent jurisdiction is made in respect of such Third Party Claim or such Third Party Claim is otherwise disposed of, give notice to Purchaser that it elects to assume the conduct of any dispute, compromise, defence or appeal of the Third Party Claim and of any incidental negotiations on the following terms (provided that Seller shall not have the right to so elect to defend any Third Party Claim in respect of which Purchaser reasonably believes that to do so would reasonably be expected to result in a Material Commercial Matter (as defined below)):

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

(A) Seller shall indemnify Purchaser against all liabilities, charges, costs and expenses which it may incur in taking any such action as Seller may request pursuant to clauses (B) and (C) below;

(B) Purchaser shall make available to Seller such Persons and all such information as Seller may reasonably request for assessing, contesting, disputing, defending, appealing or compromising the Third Party Claim;

(C) Except in any case in which Purchaser reasonably believes to do so would reasonably be expected to result in a Material Commercial Matter, Purchaser shall take such action to assess, contest, dispute, defend, appeal or compromise (subject to clause (E) below) the Third Party Claim as Seller may reasonably request and shall not make any admission of liability, agreement, settlement or compromise in relation to the Third Party Claim without the prior written consent of Seller (which consent shall not be unreasonably withheld or delayed);

(D) Seller shall keep Purchaser informed of the progress of the Third Party Claim and provide Purchaser with copies of all relevant documents and such other information in its possession as may be reasonably requested by Purchaser;

(E) Seller shall not, without Purchaser's prior written consent (which consent shall not be unreasonably withheld or delayed), agree to any settlement or compromise of such Third Party Claim unless such settlement or compromise obliges Seller to pay the full amount of the liability (if any) in connection with such Third Party Claim, releases Purchaser completely in connection with such Third Party Claim and would not otherwise adversely affect Purchaser in any material respect; and

(F) Purchaser shall have the right to participate in the defence of the Third Party Claim and to employ counsel (not reasonably objected to by Seller), at its own expense, separate from the counsel employed by Seller.

(ii) a Third Party Claim, Purchaser shall, until the earlier of such time as Seller shall give any notice as contemplated by clause (i) above and such time as any final compromise, agreement, expert determination or non-appealable decision of a court or tribunal of competent jurisdiction is made in respect of the Third Party Claim or the Third Party Claim is otherwise finally disposed of:

(A) consult with Seller, and take account of the reasonable requirements of Seller, in relation to the conduct of any dispute, defence, compromise or appeal of the Third Party Claim; and

(B) keep Seller promptly informed of the progress of the Third Party Claim and provide Seller with copies of all relevant documents and such other information in Purchaser's possession as may be reasonably requested by Seller; and

(C) not cease to defend the Third Party Claim or make any admission of liability, agreement or compromise in relation to the Third Party Claim without the prior written consent of Seller (which consent shall not be unreasonably withheld or delayed).

(b) Nothing in this Section 8.08 shall require the provision by any Person of any information to the extent such provision would contravene any applicable law or regulation or Judgement or would breach any duty of confidentiality owed to any third party or would, in the reasonable opinion of the Person otherwise obliged to provide the information, be likely to compromise litigation privilege or privilege in respect of future litigation. If any information is provided by any Person (the “Provider”) to any other Person (the “Recipient”) pursuant to this Section 8.08:

(i) that information shall only be used by the Recipient in connection with the Third Party Claim and Section 5.05 of this Agreement shall in all other respects apply to that information; and

(ii) to the extent that information is privileged:

(A) no privilege shall be waived by reason of or as a result of its being provided to the Recipient; and

(B) if a third party requests disclosure by the Recipient in relation to that information, the Recipient shall promptly notify the Provider and, to the extent it can do so, itself assert privilege in opposition to that disclosure request.

(c) In this Section 8.08, the expression “Material Commercial Matter” shall mean (i) the loss by Purchaser or any of its Affiliates of any material sales (from the TBZ Business or otherwise) or of any relationship with any material customer, supplier, licensor, licensee or distributor or (ii) the material impairment of Purchaser’s business reputation.

(d) Any failure by Purchaser to comply with the provisions of this Section 8.08 shall not prevent any Warranty Claim by Purchaser or extinguish any liability of Seller under the Warranted Statement in question, but shall be taken into account in calculating any such liability of Seller to the extent that such liability is increased or not mitigated by reason of such failure.

SECTION 8.09. Mitigation. Nothing in this Agreement shall be deemed to relieve Purchaser from any common law duty to mitigate any loss or damage incurred by it as a result of any of the Warranted Statements being untrue or inaccurate.

SECTION 8.10. Recovery from Third Parties. If:

(a) Seller makes a payment to Purchaser or its designee in respect of a Warranty Claim (the “Damages Payment”);

(b) at any time after the making of such payment Purchaser or any of its Affiliates receives any sum other than from Seller which would not have been received but for the matter or circumstance giving rise to that Warranty Claim (the “Third Party Sum”);

(c) the receipt of the Third Party Sum was not taken into account in calculating the Damages Payment; and

(d) the aggregate of the Third Party Sum and the Damages Payment exceeds the amount required to compensate Purchaser in full for the loss or liability which gave rise to the Warranty Claim in question,

Purchaser shall, promptly following receipt of the Third Party Sum by it, repay to Seller such amount as leaves Purchaser, after taking into account such Damages Payment and all costs reasonably incurred by Purchaser in recovering the Third Party Sum, in the same after-Tax position as if the circumstances giving rise to the Warranty Claim had not arisen.

SECTION 8.11. Insurance. Without prejudice to Purchaser's duty to mitigate any loss in respect of any of the Warranted Statements being untrue or inaccurate, if, in respect of any matter which would otherwise give rise to a Warranty Claim, Purchaser or any of its Affiliates is entitled to claim under any policy of insurance, the amount of insurance monies to which Purchaser or any of its Affiliates is entitled, less all reasonable costs of recovery, any Tax thereon and any directly related increase in the future premiums payable for such insurance, shall reduce *pro tanto* or extinguish that Warranty Claim.

SECTION 8.12. Waiver of Set Off Rights. Purchaser waives any and all rights of set off, deduction or retention against or in respect of any of its payment obligations under this Agreement which it might otherwise have by virtue of any Warranty Claim.

SECTION 8.13. Remedy of Breaches. If the matter or circumstance giving rise to a Warranty Claim is capable of remedy or mitigation, Purchaser shall, if reasonable to do so, consult with Seller to provide Seller with a reasonable opportunity to remedy or mitigate the relevant matter or circumstance (without prejudice to Purchaser's rights hereunder).

## ARTICLE IX

### General Provisions

SECTION 9.01. Assignment. None of the rights and obligations under this Agreement shall be assigned or transferred (including by operation of law in connection with a merger or consolidation of Purchaser or Seller) without the prior written consent of the other party hereto. Notwithstanding the foregoing:

(a) Purchaser may (without cost to Seller) assign, sublicense (to the extent permitted by the terms of any head licence and subject to its terms), subcontract or delegate any or all of its rights and obligations under this Agreement to an Affiliate of Purchaser for the time being without the prior written consent of Seller and, if in the case of assignment, it assigns all (but not part) of its rights under this Agreement, the assignee may enforce the obligations on the part of Seller as if it had been named in this Agreement as Purchaser; provided that (i) no such assignment, sublicense, subcontract or delegation shall limit or affect Purchaser's obligations hereunder and Purchaser shall be liable for the acts and omissions of any such assignee, sublicensee, subcontractor or delegate as though they were Purchaser's own acts and omissions, (ii) prior to any such Affiliate of Purchaser (to which such assignment, sublicense,

subcontracting or delegation has been made), ceasing to be an Affiliate of Purchaser for the time being, Purchaser shall procure that any such sublicense, subcontract or delegation is automatically and immediately terminated and, in the case of assignment, that the entire benefit of this Agreement is reassigned or otherwise returned to Purchaser or assigned to another Affiliate of Purchaser for the time being and (iii) no such assignment, sublicense, subcontract or delegation shall result in an increase of Taxes payable by Seller unless, to the extent such assignment, sublicense, subcontract or delegation does result in Taxes or additional Costs payable by Seller on an after-Tax basis, Purchaser shall indemnify Seller for any such increase in Taxes.

(b) Seller may (without cost to Purchaser) assign its right to payment under this Agreement to an Affiliate of Seller for the time being without the prior written consent of Purchaser and, if it does so, the assignee may enforce the payment obligations on the part of Purchaser as if it had been named in this Agreement as Seller; provided that (i) no such assignment shall limit or affect Seller's obligations hereunder, (ii) prior to the assignee ceasing to be an Affiliate of Seller for the time being, Seller shall procure that the right to payment under this Agreement is re-assigned to Seller or assigned to another Affiliate of Seller for the time being and (iii) no such assignment shall result in an increase of Taxes payable by Purchaser unless, to the extent such assignment does result in Taxes or additional Costs payable by Purchaser on an after-Tax basis, Seller shall indemnify Purchaser for any such increase in Taxes. Seller may also subcontract performance of all or any of its obligations under this Agreement (other than its obligations under Schedule 5.09, except to the extent provided therein) to an Affiliate of Seller and to any third party subcontractor used by Seller or any of its Affiliates in the TBZ Business during the 12 months prior to the date of this Agreement or any other subcontractor approved by Purchaser, such approval not to be unreasonably withheld or delayed; provided that no such subcontracting shall limit or affect Seller's obligations hereunder and Seller shall be liable for the acts and omissions of any such subcontractor as though they were Seller's own acts and omissions.

(c) No assignment under this Section 9.01 shall in any way operate so as to increase the liability or reduce the rights of any parties under this Agreement. Any attempted assignment in violation of this Section 9.01 shall be void.

**SECTION 9.02. No Third-Party Beneficiaries.** (a) Except as expressly stated in this Agreement, a Person who is not a party to this Agreement may not enforce any of its terms under the Contracts (Rights of Third Parties) Act 1999.

(b) Notwithstanding Section 9.02(a), (i) this Agreement may be rescinded or varied in any way and at any time by the parties hereto without the consent of any Person who is not a party to this Agreement and (ii) no Person who is not a party to this Agreement may enforce, or take any step to enforce, the provisions of this Agreement without the prior written consent of the relevant party hereto.

**SECTION 9.03. Notices.** All notices or other communications required or permitted to be given hereunder shall be in writing and shall be delivered by hand or sent by facsimile or sent, postage prepaid, by registered, certified or express mail or overnight courier service as follows:

(i) if to Purchaser,

Biovail Laboratories International (Barbados) SRL  
Welches  
Christ Church, Barbados  
BB17154  
Fax: 246.420.1532  
Attention: Chief Operating Officer;

with copies to:

Biovail Corporation  
7150 Mississauga Road  
Mississauga, Ontario  
L5N 8M5  
Canada  
Fax: 905.286.3050  
Attention: General Counsel;

and

Cravath, Swaine & Moore LLP  
825 8th Avenue  
Worldwide Plaza

United States of America  
Fax: 212.474.3700  
Attention: Eric Schiele; and

(ii) if to Seller,

Cambridge Laboratories (Ireland) Limited  
Alexandra House  
The Sweepstakes  
Ballsbridge  
Dublin 4  
Republic of Ireland  
Fax: +353.1.631.9452  
Attention: Chief Executive Officer;

with a copy to:

Cambridge Laboratories Limited  
First Floor  
Deltic House  
Kingfisher Way  
Silverlink Business Park  
Wallsend

Tyne & Wear  
NE28 9NX  
United Kingdom  
Fax: +44.191.296.9371  
Attention: Chief Executive Officer,

or at any such other address or fax number of which it shall have given notice for this purpose to the other parties under this Section 9.03. Any notice or other communication shall be deemed to have been given:

(i) if delivered personally or sent by courier, on the date of delivery if such date is a Business Day, and otherwise on the next following Business Day; or

(ii) if sent by mail, on the fourth Business Day after it was put into the post; or

(iii) if sent by fax, on the date of transmission, if transmitted before 3.00 p.m. (local time in the country of destination) on any Business Day, and in any other case on the Business Day following the date of transmission.

In proving the giving of a notice or other communication, it shall be sufficient to prove that delivery was made or that the fax was properly addressed and transmitted or that the envelope containing the communication was properly addressed and sent, postage prepaid, by registered, certified or express mail or overnight courier service, as the case may be. This Section 9.03 shall not apply in relation to the service of any claim form, notice, order, judgment or other document relating to or in connection with any Proceedings arising out of or in connection with this Agreement.

SECTION 9.04. Interpretation; Exhibits and Schedules; Certain Definitions. (a) The headings contained in this Agreement, in any Exhibit or Schedule hereto and in the table of contents to this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. All Exhibits and Schedules annexed hereto or referred to herein are hereby incorporated in and made a part of this Agreement as if set forth in full herein. Any capitalized terms used in any Schedule or Exhibit but not otherwise defined therein shall have the meaning as defined in this Agreement. When a reference is made in this Agreement to a Section, Exhibit or Schedule, such reference shall be to a Section of, or an Exhibit or Schedule to, this Agreement unless otherwise indicated.

(b) For all purposes hereof:

“Affiliate” of any Person which is not an individual means another Person which is not an individual that directly or indirectly, through one or more intermediaries, Controls, is Controlled by, or is under common Control with, such first Person.

“Agreed Form” means, in relation to any document, the form of that document which has been initialled for the purpose of identification by or on behalf of Seller and Purchaser with such changes as Seller and Purchaser may agree in writing before Closing; provided that (other than with respect to the documents referred to in Sections 6.02(e) and 6.02(f)) non-material changes can be made by Seller or Purchaser without the other party’s consent.

“Assigned Contracts” means all Contracts to which Seller or any of its Affiliates is a party or by which Seller or any of its Affiliates is bound, that relate primarily to the TBZ Business and/or the TBZ Products (excluding any employment Contracts), and including, for the avoidance of doubt, the (A) licence agreement between LifeHealth Limited and Cambridge Laboratories Limited (previously known as Cambridge Selfcare Diagnostics Limited), dated December 10, 1998, as amended (the “1998 LifeHealth Licence”), (B) licence and consent agreement between Seller and LifeHealth Limited, dated as of September 22, 2006, as amended (such agreement, together with the 1998 LifeHealth Licence, the “LifeHealth Agreements”), (C) consultancy agreement between Cambridge Laboratories Limited and High Crane Limited, dated as of December 20, 1996, as amended by the supplemental agreement, dated as of March 30, 2000, (D) second amended and restated agreement dated November 18, 2005 between Seller and Prestwick Pharmaceuticals, Inc., as amended by the amendment letter dated September 12, 2008 among Seller, Prestwick Holdings, Inc. and Ovation Pharmaceuticals, Inc., and (E) first amended and restated agreement for Canadian rights to Nitoman dated November 18, 2005 between Seller and Prestwick Pharmaceuticals, Inc., as amended by the amendment letter dated September 15, 2008 among Seller, Prestwick Pharmaceuticals, Inc. and Biovail Americas Corp. (such agreement, together with the agreement described in clause (D), the “Prestwick Agreements”).

“Business Day” means a day (other than a Saturday or Sunday) on which banks are generally open in London and Barbados for normal business.

“Control” as applied to any Person means the possession, directly or indirectly, of the power to direct or cause the direction of the management of that Person, whether through ownership of voting securities or otherwise.

“Costs” means all liabilities, actions, proceedings, costs (including reasonable legal and other professional fees and costs), expenses, damages, claims and demands.

“Data Room” means the documents that are both (i) available to Purchaser in Seller’s electronic data room as of the date immediately prior to the date of this Agreement and (ii) referred to in the index of data room documents annexed to the Disclosure Letter.

“Debts” means:

(i) any debts or other sums due or payable to Seller or its Affiliates in connection with the TBZ Business and outstanding at Closing;

(ii) any debts or other sums which become due or payable to Seller after Closing to the extent in respect of goods sold (including TBZ Products) or services performed in connection with the TBZ Business prior to Closing;

(iii) any interest payable on the debts or other sums described in clauses (i) and (ii); and

(iv) the benefit of all securities, guarantees, indemnities and rights relating to the debts or other sums described in clauses (i), (ii) and (iii).

“Disclosed” means those matters fairly disclosed to Purchaser (a) as at the date of this Agreement, in the Disclosure Letter and (b) as at the date of Closing, in any of the Disclosure Letter and (solely to the extent set forth in Section 8.03(b)) the Second Disclosure Letter.

“Disclosure Letter” means the letter of the same date of this Agreement from Seller to Purchaser.

“\$” means United States dollars.

“Excluded Marks” means all rights in and to:

- (i) the word Cambridge;
- (ii) the word CambLabs;
- (iii) the logo used by Seller and its Affiliates depicted in Schedule 1.02(b)(xiii); and
- (iv) all variations of, and all words or marks confusingly similar to, (i), (ii) and (iii) above or any of them.

“extent”, in the phrase “to the extent”, means the degree to which a subject or other such thing extends, and such phrase shall not mean simply “if”.

“including” means including, without limitation.

“Person” means any individual, firm, corporation, company, body corporate, partnership, limited liability company, trust, joint venture, Governmental Entity, association or other entity (whether or not having separate legal personality).

“Purchase Price” means purchase price for the Acquired Assets set out in Section 2.03.

“Seller’s Irish Solicitors” means Arthur Cox of Earlsfort Centre, Earlsfort Terrace, Dublin 2, Republic of Ireland.

“Territory” means (i) with respect to any Competitive Activities relating to the development of any Competing Products, worldwide, and (ii) with respect to other Competitive Activities, any jurisdiction (A) into which Seller or any of its Affiliates distributes, directly or indirectly, TBZ Products or (B) with respect to which Seller or any of its Affiliates has made any investment of time or any other resource to advance any plan or intention to distribute, directly or indirectly, TBZ Products in the future, in the case of each of clauses (A) and (B), as of the Closing Date.

“VAT” means value added tax chargeable under or pursuant to VATA 1994 or the Value Added Tax Act 1972 of Ireland (as amended) or any equivalent legislation enacted

pursuant to Council Directive 2006/112/EC or any similar sales, purchase or turnover tax chargeable outside the European Union.

“VATA 1994” means the Value Added Tax Act 1994 of the United Kingdom.

“Warranted Statement” has the meaning given in Article III.

“Warranties” means the warranties on the part of Seller contained in Sections 3.01 to 3.19.

“Warranty Claim” means a claim by Purchaser the basis of which is that a Warranted Statement is, or is alleged to be, untrue or inaccurate.

(c) Where any statement in Article III or in the Disclosure Letter is qualified by the expression “so far as Seller is aware” or “to the best of Seller’s knowledge, information and belief” or any similar expression, that statement shall be deemed to refer to the actual knowledge of Seller after making reasonable enquiries of the following individuals: Mark Evans, David Wildy, Philip Nichols and Andrew Duffield.

SECTION 9.05. Limited Waiver of Set Off Rights. Each of Purchaser and Seller waives any and all rights of set off, deduction or retention against or in respect of any of its payment obligations under this Agreement which it might otherwise have by virtue of any claim under this Agreement, save that this waiver shall not apply to the amount payable by Purchaser pursuant to Section 2.03(b)(iii), against which Purchaser shall have the right to set off, deduct or retain amounts of the following claims (and only the following claims): any claim by Purchaser under (a) the indemnity set out in Section 1.03(c), (b) the indemnity set out in Section 5.16(b) and (c) Section 1.05 (in each case with the reasonable amount of any such claim that is unliquidated determined by independent counsel chosen by the Chairman of the Bar Council).

SECTION 9.06. Counterparts. This Agreement may be executed in one or more counterparts and by each party hereto on separate counterparts, all of which shall be considered one and the same agreement, but which shall not be effective until each party hereto has executed at least one counterpart.

SECTION 9.07. Entire Agreement. (a) This Agreement, along with the Schedules and Exhibits hereto, constitute the whole and only agreement between the parties hereto relating to the subject matter of this Agreement and supersede all previous agreements, whether oral or in writing, between the parties relating to the subject matter of this Agreement.

(b) Each party hereto acknowledges that, in entering into this Agreement, it is not relying upon any pre-contractual statement that is not set forth in this Agreement and that, except in the case of fraud, neither party hereto shall have any right of action against the other party hereto arising out of or in connection with any pre-contractual statement, except to the extent that such statement is repeated in this Agreement.

(c) For the purposes of this Section 9.07, “pre-contractual statement” means any express or implied agreement, undertaking, representation, warranty, promise, assurance or arrangement of any nature whatsoever, and any draft of any of the foregoing, whether or not in

writing, relating to the subject matter of this Agreement made or given by any Person at any time prior to the time at which this Agreement becomes legally binding.

SECTION 9.08. Severability. If any provision of this Agreement (or any portion thereof) or the application of any such provision (or any portion thereof) to any Person or circumstance is or becomes invalid, illegal or unenforceable in any respect under the law of any jurisdiction, such invalidity, illegality or unenforceability shall not affect or impair the legality, validity or enforceability in that jurisdiction of any other provision of this Agreement or the legality, validity or enforceability under the law of any other jurisdiction of that or any other provision of this Agreement.

SECTION 9.09. Governing Law. (a) This Agreement shall be governed by and construed in accordance with English law. Any matter, claim or dispute arising out of or in connection with this Agreement, whether contractual or non-contractual, is to be governed by and determined in accordance with English law.

(b) The English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with this Agreement (including a dispute relating to any non-contractual obligations arising out of or in connection with this Agreement) and the parties irrevocably submit to the exclusive jurisdiction of the English courts, the Judgments of which shall be conclusive and binding upon the parties and may be enforced in any other jurisdiction.

(c) Seller irrevocably appoints Cambridge Laboratories Limited of First Floor Deltic House, Kingfisher Way, Silverlink Business Park, Wallsend, Tyne & Wear NE28 9NX as its agent in England for service of process.

(d) Purchaser irrevocably appoints Cravath, Swaine & Moore LLP of CityPoint, One Ropemaker Street, London EC2Y 9HR, as its agent in England for service of process.

(e) The parties waive and agree not to raise any objection to the English courts on grounds that they are an inconvenient or inappropriate forum to settle any such dispute.

(f) Each party irrevocably and unconditionally waives, to the fullest extent permitted by applicable law, any right it may have to a trial by jury in any legal action or proceeding arising, directly or indirectly, out of or relating to this Agreement or the transactions contemplated by it and for any counterclaim therein (in each case whether based on contract, tort or any other theory and whether predicated on common law, statute or otherwise). Each party (i) certifies that no representative, agent or attorney of any other party has represented, expressly or otherwise, that such other party would not, in the event of litigation, seek to enforce the foregoing waiver and (ii) acknowledges that it and the other parties have been induced to enter into this Agreement by, amongst other things, the mutual waivers and certifications in this clause.

SECTION 9.10. Law of Property (Miscellaneous Provisions) Act 1994. For avoidance of doubt, Part I of the Law of Property (Miscellaneous Provisions) Act 1994 shall not apply to the Acquired Assets that are not of a nature capable of being legally or beneficially owned.

SECTION 9.11. Language. The language of this Agreement and the transactions envisaged by it is English and all notices to be given in connection with this Agreement must be in English. All demands, requests, statements, certificates or other documents or communications to be provided in connection with this Agreement and the transactions envisaged by it must be in English or accompanied by a certified English translation; in this case the English translation prevails unless the document or communication is a statutory or other official document or communication.

SECTION 9.12. Payments. Unless otherwise expressly stated (or as otherwise agreed in the case of a given payment), each payment to be made to Seller or Purchaser under this Agreement shall be made in United States dollars by transfer of the relevant amount into the relevant account on or before the date the payment is due for value on that date. The relevant account for a given payment is:

(a) if that payment is to Seller, the account of Seller at:

Ulster Bank  
College Green  
Branch  
PO Box 145  
33 College Green  
Dublin 2

account number: {\*\*\*}†  
sort code: {\*\*\*}†  
BIC: {\*\*\*}†  
IBAN: {\*\*\*}†

or such other account as Seller shall, not less than three Business Days before the date that payment is due, have specified by giving notice to Purchaser for the purpose of that payment; and

(b) if that payment is to Purchaser, such account of Purchaser as Purchaser shall, not less than three Business Days before the date that payment is due, have specified by giving notice to Seller for the purpose of that payment.

SECTION 9.13. Default Interest. If a party defaults in making any payment when due of any sum payable under this Agreement, it shall pay interest on that sum from (and including) the date on which payment is due until (but excluding) the date of actual payment (after as well as before judgment) at an annual rate of 3% above the base rate from time to time of Ulster Bank, which interest shall accrue from day to day and be compounded monthly.

AMENDMENT NO .1  
TO  
ASSET PURCHASE AGREEMENT

BETWEEN

CAMBRIDGE LABORATORIES (IRELAND) LIMITED

AND

BIOVAIL LABORATORIES INTERNATIONAL (BARBADOS) SRL

\_\_\_\_\_  
Dated June 19th, 2009  
\_\_\_\_\_

---

---

AMENDMENT NO. 1 (this “Amendment”) dated June 19th, 2009 to the ASSET PURCHASE AGREEMENT (the “Agreement”), dated May 16, 2009, between CAMBRIDGE LABORATORIES (IRELAND) LIMITED, a company organized under the laws of the Republic of Ireland (“Seller”), and BIOVAIL LABORATORIES INTERNATIONAL (BARBADOS) SRL, a society with restricted liability under the laws of Barbados (“Purchaser”).

Purchaser and Seller desire to amend the Agreement as provided herein in accordance with the provisions of Section 7.03 of the Agreement. Capitalised terms used but not defined in this Amendment shall have the meanings set forth in the Agreement.

Accordingly, and in consideration of the payment of £1 by Purchaser to Seller (the receipt of which is hereby acknowledged), the parties hereby agree as follows:

ARTICLE I

SECTION 1.01. Waiver of Part 2(b)(viii) of Schedule 2.02 to the Agreement. Seller hereby waives compliance with Purchaser’s obligations set forth in Part 2(b)(viii) of Schedule 2.02 to the Agreement.

SECTION 1.02. Amendment of Schedule 3.07(a) to the Agreement. The following contract is hereby added to the list of Assigned Contracts set forth on Schedule 3.07(a) to the Agreement:

“91. Agreement between Propharma Partners Limited and Cambridge Laboratories (Ireland) Limited dated 1 May 2008”

SECTION 1.03. Amendment of Schedule 5.09 to the Agreement. (a) Schedule 5.09 to the Agreement is hereby amended by adding the following as Section 1(n):

“Pharmaceutical distribution services under its existing wholesalers authorization from the Irish Medicines Board.”

(b) Section 1(m) of Schedule 5.09 to the Agreement is hereby amended by deleting the second sentence of such section and replacing it with the following:

“Purchaser acknowledges that any request pursuant to this subparagraph for additional services not set forth in subparagraphs (a)-(l) and (n) above may give rise to additional charges.”

ARTICLE II

General Provisions

SECTION 2.01. No Third-Party Beneficiaries. (a) Except as expressly stated in this Amendment, a Person who is not a party to this Amendment may not enforce any of its terms under the Contracts (Rights of Third Parties) Act 1999.

---

(b) Notwithstanding Section 2.01(a), (i) this Amendment may be rescinded or varied in any way and at any time by the parties hereto without the consent of any Person who is not a party to this Amendment and (ii) no Person who is not a party to this Amendment may enforce, or take any step to enforce, the provisions of this Amendment without the prior written consent of the relevant party hereto.

SECTION 2.02. Counterparts. This Amendment may be executed in one or more counterparts and by each party hereto on separate counterparts, all of which shall be considered one and the same agreement, but which shall not be effective until each party hereto has executed at least one counterpart.

SECTION 2.03. Agreement in Full Force and Effect. Except as expressly amended hereby, the Agreement will continue in full force and effect in accordance with the provisions thereof as in existence on the date hereof.

SECTION 2.04. Severability. If any provision of this Amendment (or any portion thereof) or the application of any such provision (or any portion thereof) to any Person or circumstance is or becomes invalid, illegal or unenforceable in any respect under the law of any jurisdiction, such invalidity, illegality or unenforceability shall not affect or impair the legality, validity or enforceability in that jurisdiction of any other provision of this Amendment or the legality, validity or enforceability under the law of any other jurisdiction of that or any other provision of this Amendment.

SECTION 2.05. Governing Law. (a) This Amendment shall be governed by and construed in accordance with English law. Any matter, claim or dispute arising out of or in connection with this Amendment, whether contractual or non-contractual, is to be governed by and determined in accordance with English law.

(b) The English courts have exclusive jurisdiction to settle any dispute arising out of or in connection with this Amendment (including a dispute relating to any non-contractual obligations arising out of or in connection with this Amendment) and the parties irrevocably submit to the exclusive jurisdiction of the English courts, the Judgments of which shall be conclusive and binding upon the parties and may be enforced in any other jurisdiction.

(c) Seller irrevocably appoints Cambridge Laboratories Limited of First Floor Deltic House, Kingfisher Way, Silverlink Business Park, Wallsend, Tyne & Wear NE28 9NX as its agent in England for service of process.

(d) Purchaser irrevocably appoints Cravath, Swaine & Moore LLP of CityPoint, One Ropemaker Street, London EC2Y 9HR, as its agent in England for service of process.

(e) The parties waive and agree not to raise any objection to the English courts on grounds that they are an inconvenient or inappropriate forum to settle any such dispute.

(f) Each party irrevocably and unconditionally waives, to the fullest extent permitted by applicable law, any right it may have to a trial by jury in any legal action or proceeding arising, directly or indirectly, out of or relating to this Amendment and for any

counterclaim therein (in each case whether based on contract, tort or any other theory and whether predicated on common law, statute or otherwise). Each party (i) certifies that no representative, agent or attorney of any other party has represented, expressly or otherwise, that such other party would not, in the event of litigation, seek to enforce the foregoing waiver and (ii) acknowledges that it and the other parties have been induced to enter into this Amendment by, amongst other things, the mutual waivers and certifications in this clause.

IN WITNESS WHEREOF, Seller and Purchaser have duly executed this Amendment on the date first written above.

JUN 30 2005

## CLASS A SPECIAL SHARES

The rights, privileges, restrictions and conditions attaching to the Class A Special Shares are as follows:

### 1. Issuable in Series

1.1 The Class A Special Shares may from time to time be issued in one or more series and subject to the following provisions, the directors may fix from time to time before such issue the number of shares that is to comprise each series and the designation, rights, privileges, restrictions and conditions attaching to each series of Class A Special Shares including, without limiting the generality of the foregoing, the rate or amount of dividends or the method of calculating dividends, the dates of payment, the redemption, purchase and/or conversion, and any sinking fund or other provisions, subject to regulatory approval, if applicable.

### 2. Dividends

2.1 The Class A Special Shares of each series shall, with respect to the payment of dividends and the distribution of assets or return of capital in the event of liquidation, dissolution or winding up of the Corporation, whether voluntary or involuntary, or any other return of capital or distribution of the assets of the Corporation among its shareholders for the purposes of winding up its affairs, rank on a parity with the Special shares of every other class or series and be entitled to preference over the common shares and over any other shares of the Corporation ranking junior to the Class A Special Shares. The Class A Special Shares of any series may also be given such other preferences, not inconsistent with these articles, over the common shares and any other shares of the Corporation ranking junior to such Class A Special Shares as may be fixed in accordance with clause (i).

2.2 If any amounts payable on the return of capital in respect of a series of Class A Special Shares are not paid in full, all series of Class A Special Shares shall participate rateably in respect of such dividends and return of capital.

### 3. Conversion Into Common

3.1 The Class A Special Shares of any series may be made convertible into common shares.

### 4. Voting Rights

4.1 Unless the directors otherwise determine, the holder of each share of a series of Class A Special Shares shall not be entitled to vote at a meeting of shareholders.

---

**COMMON SHARES**

The rights, privileges, restrictions and conditions attaching to the common shares are as follows:

**1.   Dividends**

1.1 Subject to the prior rights of the holders of the Class A Special Shares and any other shares ranking senior to the common shares with respect to priority in the payment of dividends, the holders of common shares shall be entitled to receive dividends and the Corporation shall pay dividends thereon, as and when declared by the board of directors of the Corporation out of moneys properly applicable to the payment of dividends, in such amount and in such form as the board of directors of the Corporation may from time to time determine, and all dividends which the board of directors of the Corporation may declare on the common shares shall be declared and paid in equal amounts per share on all common shares at the time outstanding.

**2.   Dissolution**

2.1 In the event of the dissolution, liquidation or winding-up of the Corporation, whether voluntary or involuntary, or any other distribution of assets of the Corporation among its shareholders for the purpose of winding up its affairs, subject to the prior rights of the holders of the Class A Special Shares and any other shares ranking senior to the common shares with respect to priority in the distribution of assets upon dissolution, liquidation, winding-up or distribution for the purpose of winding-up, the holders of the common shares shall be entitled to receive the remaining property and assets of the Corporation.

**3.   Voting Rights**

3.1 The holders of the common shares shall be entitled to receive notice of and to attend all meetings of the shareholders of the Corporation and shall have one vote for each common share held at all meetings of the shareholders of the Corporation, except meetings at which only holders of another specified class or series of shares of the Corporation are entitled to vote separately as a class or series.

---

**THIS IS SCHEDULE "B" REFERRED TO IN THE FOREGOING ARTICLES OF CONTINUANCE**

The board of directors of the Corporation may, at any time and from time to time, by resolution appoint one or more additional directors, who shall hold office for a term expiring not later than the close of the next following annual meeting of shareholders of the Corporation, provided that the total number of directors so appointed by the board of directors of the Corporation during the period between any two annual meetings of shareholders of the Corporation shall not exceed one-third of the number of directors elected at the earlier of such two annual meetings of shareholders of the Corporation.

---

**BIOVAIL CORPORATION**  
**AMENDED AND RESTATED**  
**BY-LAW 1**

A by-law relating generally to the conduct of the affairs of BIOVAIL CORPORATION (the “Corporation”).

BE IT ENACTED AND IT IS HEREBY ENACTED as a by-law of the Corporation as follows:

**INTERPRETATION**

1. Definitions

In this by-law and all other by-laws of the Corporation, unless the context otherwise specifies or requires:

- (a) “Act” means the *Canada Business Corporations Act*, R.S.C. 1985, c. C-44 and the regulations thereunder, as from time to time amended, and every statute or regulation that may be substituted therefor and, in the case of such amendment or substitution, any reference in the by-laws of the Corporation shall be read as referring to the amended or substituted provisions;
- (b) “by-law” means any by-law of the Corporation from time to time in force and effect;
- (c) all terms contained in the by-laws which are defined in the Act shall have the meanings given to such terms in the Act;
- (d) words importing the singular number only shall include the plural and vice versa; words importing any gender shall include all genders; words importing persons shall include partnerships, syndicates, trusts and any other legal or business entity; and
- (e) the headings used in the by-laws are inserted for reference purposes only and are not to be considered or taken into account in construing the terms or provisions thereof or to be deemed in any way to clarify, modify or explain the effect of any such terms or provisions.

**REGISTERED OFFICE**

2. The Corporation may from time to time (i) by resolution of the directors change the place and address of the registered office of the Corporation within the Province in Canada specified in its articles, and (ii) by an amendment to its articles, change the Province in Canada in which its registered office is situated.

**SEAL**

3. The Corporation may, but need not, have a corporate seal. An instrument or agreement executed on behalf of the Corporation by a director, an officer or an agent of the Corporation is not invalid merely because the corporate seal, if any, is not affixed thereto.

**DIRECTORS**

4. Number and Powers

The number of directors, or the minimum and maximum number of directors of the Corporation, is set out in the articles of the Corporation. If a minimum and maximum number of directors is set out in the articles of the Corporation, the number of directors of the Corporation shall be the number of directors elected by the shareholders of the Corporation at the most recent meeting of shareholders. At least twenty-five percent of the directors (or one director, if the Corporation has less than four directors) shall be resident Canadians. If the Corporation is a distributing corporation and any of its outstanding securities are held by

---

more than one person, it shall have at least three directors, at least two of whom are not officers or employees of the Corporation or its affiliates.

The directors shall manage, or supervise the management of, the business and affairs of the Corporation and may exercise all such powers and do all such acts and things as may be exercised or done by the Corporation and are not by the Act, the articles, the by-laws, any special resolution of the Corporation, a unanimous shareholder agreement or by statute expressly directed or required to be done in some other manner.

5. Duties

Every director and officer of the Corporation in exercising their powers and discharging their duties shall:

- (a) act honestly and in good faith with a view to the best interests of the Corporation; and
- (b) exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

Every director and officer of the Corporation shall comply with the Act, the regulations thereunder, the Corporation's articles and by-laws and any unanimous shareholder agreement.

6. Qualification

Every director shall be an individual 18 or more years of age and no one who is of unsound mind and has been so found by a court in Canada or elsewhere or who has the status of a bankrupt shall be a director.

7. Election of Directors

Directors shall be elected by the shareholders of the Corporation by ordinary resolution. Whenever at any election of directors of the Corporation the number or the minimum number of directors required by the articles is not elected by reason of the lack of consent, disqualification, incapacity or death of any candidates, the directors elected at that meeting may exercise all the powers of the directors if the number of directors so elected constitutes a quorum, but such quorum of directors may not fill the resulting vacancy or vacancies.

An individual who is elected or appointed to hold office as a director is not a director and is deemed not to have been elected or appointed to hold office as a director unless

- (a) he or she was present at the meeting when the election or appointment took place and he or she did not refuse to hold office as a director; or
- (b) he or she was not present at the meeting when the election or appointment took place and
  - (i) he or she consented to hold office as a director in writing before the election or appointment or within 10 days after it, or
  - (ii) he or she has acted as a director pursuant to the election or appointment.

8. Term of Office

A director's term of office (subject to the provisions (if any) of the Corporation's articles and paragraph 11 below), unless such director was elected for an expressly stated term, shall be from the date of the meeting at which such director is elected or appointed until the close of the annual meeting of shareholders next

following such director's election or appointment or until such director's successor is elected or appointed. If qualified, a director whose term of office has expired is eligible for re-election as a director.

9. Ceasing to Hold Office

A director ceases to hold office if such director:

- (a) dies or sends to the Corporation a written resignation and such resignation, if not effective upon receipt by the Corporation, becomes effective in accordance with its terms;
- (b) is removed from office in accordance with paragraph 11 below;
- (c) becomes bankrupt; or
- (d) is found by a court in Canada or elsewhere to be of unsound mind.

10. Vacancies

Notwithstanding any vacancy among the directors, the remaining directors may exercise all the powers of the directors so long as a quorum of the number of directors remains in office. Subject to subsections 111(1) and (3) of the Act and to the provisions (if any) of the Corporation's articles, where there is a quorum of directors in office and a vacancy occurs, such quorum of directors may appoint a qualified person to fill such vacancy for the unexpired term of such appointee's predecessor.

11. Removal of Directors

Subject to subsection 109(2) of the Act and unless the articles of the Corporation provide for cumulative voting, the shareholders of the Corporation may by ordinary resolution at a special meeting remove any director before the expiration of such director's term of office and may, by a majority of the votes cast at the meeting, elect any person in such director's stead for the remainder of such director's term.

If a meeting of shareholders was called for the purpose of removing a director from office as a director, the director so removed shall vacate office forthwith upon the passing of the resolution for such director's removal.

12. Validity of Acts

An act of a director or officer is valid notwithstanding an irregularity in their election or appointment or a defect in their qualification.

## **MEETINGS OF DIRECTORS**

13. Place of Meetings

Meetings of directors and of any committee of directors may be held at any place.

14. Calling Meetings

A meeting of directors may be convened by the Chair of the Board (if any), the President or any director at any time and the Secretary shall upon direction of any of the foregoing convene a meeting of directors.

15. Notice

Notice of the time and place for the holding of any such meeting shall be sent to each director not less than two days (exclusive of the day on which the notice is sent but inclusive of the day for which notice is given) before the date of the meeting; provided that meetings of the directors or of any committee of directors may be held at any time without formal notice if all the directors are present (except where a director attends a meeting for the express purpose of objecting to the transaction of any business on the grounds that the meeting is not lawfully called) or if all the absent directors have waived notice. The notice shall specify any matter referred to in subsection 115(3) of the Act that is to be dealt with at the meeting.

For the first meeting of directors to be held following the election of directors at an annual or special meeting of the shareholders or for a meeting of directors at which a director is appointed to fill a vacancy in the board, no notice of such meeting need be given to the newly elected or appointed director or directors in order for the meeting to be duly constituted, provided a quorum of the directors is present.

16. Waiver of Notice

Notice of any meeting of directors or of any committee of directors or any irregularity in any meeting or in the notice thereof may be waived in any manner by any director, and such waiver may be validly given either before or after the meeting to which such waiver relates. Attendance of a director at a meeting of directors is a waiver of notice of the meeting, except where a director attends a meeting for the express purpose of objecting to the transaction of any business on the grounds that the meeting is not lawfully called.

17. Electronic Participation

Where all the directors of the Corporation consent thereto (either before or after the meeting), a director may participate in a meeting of directors or of any committee of directors by means of a telephonic, electronic or other communication facility that permits all participants to communicate adequately with each other during the meeting, and a director participating in a meeting by such means shall be deemed for the purposes of the Act and the by-laws to be present at that meeting.

18. Quorum and Voting

At least 2/3 of the number of directors of the Corporation then in office shall constitute a quorum for the transaction of business, however, if there are fewer than 3 directors, all must be present to constitute a quorum. Subject to subsections 111(1), 114(4) and 117(1) of the Act, no business shall be transacted by the directors except at a meeting of directors at which a quorum is present and at which at least twenty-five per cent of the directors present are resident Canadians or, if the Corporation has less than four directors, at least one of the directors present is a resident Canadian. Questions arising at any meeting of directors shall be decided by a majority of votes. In the event of an equality of votes at any meeting of directors, the chair of the meeting shall not be entitled to a second or casting vote.

19. Adjournment

Any meeting of directors or of any committee of directors may be adjourned from time to time by the chair of the meeting, with the consent of the meeting, to a fixed time and place. No notice of the time and place for the holding of the adjourned meeting need be given to any director if the time and place of the adjourned meeting is announced at the original meeting. Any adjourned meeting shall be duly constituted if held in accordance with the terms of the adjournment and a quorum is present thereat. The directors who form the quorum at the adjourned meeting need not be the same directors who formed the quorum at the original meeting. If there is no quorum present at the adjourned meeting, the original meeting shall be deemed to have terminated forthwith after its adjournment.

20. Resolutions in Writing

A resolution in writing, signed by all the directors entitled to vote on that resolution at a meeting of directors or committee of directors, is as valid as if it had been passed at a meeting of directors or committee of directors.

**COMMITTEES OF DIRECTORS**

21. General

The directors may from time to time appoint from their number one or more committees of directors. The directors may delegate to each such committee any of the powers of the directors, except that no such committee shall have the authority to:

- (a) submit to the shareholders any question or matter requiring the approval of the shareholders;
- (b) fill a vacancy among the directors or in the office of auditor, or appoint additional directors;
- (c) subject to subsection 189(2) of the Act, issue securities except as authorized by the directors;
- (d) issue shares of a series under section 27 of the Act except as authorized by the directors;
- (e) declare dividends;
- (f) purchase, redeem or otherwise acquire shares issued by the Corporation;
- (g) pay any commission referred to in section 41 of the Act, except as authorized by the directors;
- (h) approve a management proxy circular;
- (i) approve a take-over bid circular or directors' circular;
- (j) approve any annual financial statements to be placed before the shareholders of the Corporation; or
- (k) adopt, amend or repeal by-laws of the Corporation.

22. Audit Committee

If the Corporation is a distributing corporation and any of its outstanding securities are held by more than one person, the board of directors shall elect annually from among their number an audit committee to be composed of not fewer than three directors, a majority of whom are not officers or employees of the Corporation or any of its affiliates.

Each member of the audit committee shall serve during the pleasure of the board of directors and, in any event, only so long as such member shall be a director. The directors may fill vacancies in the audit committee by election from among their number.

The audit committee shall have power to fix its quorum at not less than a majority of its members and to determine its own rules of procedure subject to any regulations imposed by the board of directors from time to time and to the following paragraph.

The auditor of the Corporation is entitled to receive notice of every meeting of the audit committee and, at the expense of the Corporation, to attend and be heard thereat; and, if so requested by a member of the audit committee, shall attend every meeting of the committee held during the term of office of the auditor. The auditor of the Corporation or any member of the audit committee may call a meeting of the committee.

The audit committee shall review the financial statements of the Corporation prior to approval thereof by the board of directors and shall have such other powers and duties as may from time to time by resolution be assigned to it by the board.

**REMUNERATION OF DIRECTORS, OFFICERS AND EMPLOYEES**

23. The remuneration to be paid to the directors of the Corporation shall be such as the directors shall from time to time by resolution determine and such remuneration shall be in addition to the salary paid to any officer or employee of the Corporation who is also a director. The directors may also by resolution award special remuneration to any director in undertaking any special services on the Corporation’s behalf other than the normal work ordinarily required of a director of a corporation. The confirmation of any such resolution or resolutions by the shareholders shall not be required. The directors may fix the remuneration of the officers and employees of the Corporation. The directors, officers and employees shall also be entitled to be paid their travelling and other expenses properly incurred by them in connection with the affairs of the Corporation.

**INDEMNITIES TO DIRECTORS AND OTHERS**

24. Subject to the provisions hereof and subsections 124(3) and (4) of the Act, the Corporation shall indemnify a director or officer of the Corporation, a former director or officer of the Corporation or another individual who acts or acted at the Corporation’s request as a director or officer, or an individual acting in a similar capacity, of another entity, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by the individual in respect of any civil, criminal, administrative, investigative or other proceeding in which the individual is involved because of that association with the Corporation or other entity.

The Corporation may not indemnify an individual pursuant hereto unless the individual:

- (a) acted honestly and in good faith with a view to the best interests of the Corporation or, as the case may be, to the best interests of the other entity for which the individual acted as director or officer or in a similar capacity at the Corporation’s request; and
- (b) in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, the individual had reasonable grounds for believing that the individual’s conduct was lawful.

The Corporation is hereby authorized to execute agreements evidencing its indemnity in favour of the foregoing persons to the full extent permitted by law.

**OFFICERS**

25. Appointment of Officers

The directors may annually or as often as may be required appoint such officers as they shall deem necessary, who shall have such authority and shall perform such functions and duties as may from time to time be prescribed by resolution of the directors, delegated by the directors or by other officers or properly incidental to their offices or other duties, provided that no officer shall be delegated the power to do anything referred to in paragraph 21 above. Such officers may include, without limitation, any of a President, a Chief Executive Officer, a Chairman of the Board, one or more Vice Presidents, a Chief

Financial Officer, a Controller, a Secretary, a Treasurer and one or more Assistant Secretaries and/or one or more Assistant Treasurers. None of such officers (except the Chair of the Board) need be a director of the Corporation. A director may be appointed to any office of the Corporation. Two or more of such offices may be held by the same person.

26. Removal of Officers

All officers shall be subject to removal by resolution of the directors at any time, with or without cause. The directors may appoint a person to an office to replace an officer who has been removed or who has ceased to be an officer for any other reason.

27. Duties of Officers may be Delegated

In case of the absence or inability or refusal to act of any officer of the Corporation or for any other reason that the directors may deem sufficient, the directors may delegate all or any of the powers of such officer to any other officer or to any director for the time being.

### **SHAREHOLDERS' MEETINGS**

28. Annual or Special Meetings

The directors of the Corporation

- (a) shall call an annual meeting of shareholders not later than 18 months after the Corporation comes into existence and subsequently not later than 15 months after holding the last preceding annual meeting but no later than 6 months after the end of the Corporation's preceding financial year; and
- (b) may at any time call a special meeting of shareholders.

29. Place of Meetings

Meetings of shareholders of the Corporation shall be held at such place within Canada as the directors may determine, or at a place outside Canada if the place is specified in the articles or all the shareholders entitled to vote at the meeting agree that the meeting is to be held at that place.

30. Electronic Participation and Voting

Subject to the Act, any person entitled to attend a meeting of shareholders may participate in the meeting by means of a telephonic, electronic or other communication facility that permits all participants to communicate adequately with each other during the meeting, if the Corporation makes available such a communication facility. A person participating in a meeting by such means is deemed for all purposes of the Act and the by-laws to be present at the meeting. Subject to the Act, if the directors or the shareholders of the Corporation call a meeting of shareholders pursuant to the Act, those directors or shareholders, as the case may be, may determine that the meeting shall be held entirely by means of a telephonic, electronic or other communication facility that permits all participants to communicate adequately with each other during the meeting. Subject to the Act, any vote at a meeting of shareholders may be held entirely by means of a telephonic, electronic or other communication facility, if the Corporation makes available such a communication facility, and any person participating in a meeting of shareholders by means of such facility and entitled to vote at that meeting may vote by means of such facility, provided that any such facility made available by the Corporation shall enable the votes to be gathered in a manner that permits their subsequent verification and permit the tallied votes to be presented to the Corporation without it being possible for the Corporation to identify how each shareholder or group of shareholders voted.

31. Record Dates for Shareholder Meetings

Subject to section 134 of the Act, the directors may fix in advance a date as the record date for the purpose of determining shareholders entitled to receive notice of a meeting of shareholders and/or entitled to vote at a meeting of shareholders, but such record date shall not precede by more than 60 days or by less than 21 days the date on which the meeting is to be held.

If no record date is fixed, the record date for the determination of the shareholders entitled to receive notice of a meeting of the shareholders and to vote shall be:

- (a) at the close of business on the day immediately preceding the day on which the notice is given; or
- (b) if no notice is given, the day on which the meeting is held.

32. Shareholder List

The Corporation shall prepare an alphabetical list of the shareholders entitled to receive notice of a meeting and vote at the meeting, showing the number of shares held by each shareholder,

- (a) if a record date for determining the shareholder entitled to receive notice of the meeting and/or entitled to vote at the meeting has been fixed, not later than 10 days after that date; or
- (b) if no record date has been fixed, on the record date established in accordance with paragraph 31 above.

A shareholder whose name appears on such list is entitled to vote the shares shown opposite such shareholder's name at the meeting to which the list relates.

33. Notice

A notice stating the day, hour and place of meeting and, if special business is to be transacted thereat, stating (i) the nature of that business in sufficient detail to permit the shareholder to form a reasoned judgment thereon, and (ii) the text of any special resolution to be submitted to the meeting, shall be sent to each shareholder entitled to vote at the meeting, to each director of the Corporation and to the auditor (if any) of the Corporation. Such notice shall be personally delivered or sent by prepaid mail, if the Corporation is a distributing corporation, not less than 21 days (or, if the Corporation is not a distributing corporation, not less than such number of days as may be fixed by the directors) and not more than 60 days (exclusive of the day of mailing and of the day for which notice is given) before the date of every meeting, and shall be addressed to the latest address of each such person as shown in the records of the Corporation or its transfer agent, or if no address is shown therein, then to the last address of each such person known to the Secretary. Notwithstanding the foregoing, a meeting of shareholders may be held for any purpose at any date and time and, subject to subsection 132(2) of the Act, at any place without notice if all the shareholders and other persons entitled to notice of such meeting are present in person or represented by proxy at the meeting (except where a shareholder or such other person attends the meeting for the express purpose of objecting to the transaction of any business on the grounds that the meeting is not lawfully called) or if all the shareholders and other persons entitled to notice of such meeting and not present in person nor represented by proxy thereat waive notice of the meeting. Notice of any meeting of shareholders or the time for the giving of any such notice or any irregularity in any such meeting or in the notice thereof may be waived in any manner by any shareholder, the duly appointed proxy of any shareholder, any director or the auditor of the Corporation and any other person entitled to attend a meeting of shareholders, and any such waiver may be validly given either before or after the meeting to which such waiver relates.

The auditor (if any) of the Corporation is entitled to receive notice of every meeting of shareholders of the Corporation and, at the expense of the Corporation, to attend and be heard thereat on matters relating to the auditor's duties.

34. Omission of Notice

The accidental omission to give notice of any meeting to or the non-receipt of any notice by any person shall not invalidate any resolution passed or any proceeding taken at any meeting of shareholders.

35. Chair

The Chair of the Board (if any) shall when present preside at all meetings of shareholders. In the absence of the Chair of the Board (if any), the President or, if the President is also absent, a Vice-President (if any) shall act as chair. If none of such officers is present at a meeting of shareholders, the shareholders present entitled to vote shall choose a director as chair of the meeting and if no director is present or if all the directors decline to take the chair then the shareholders present shall choose one of their number to be chair.

36. Votes

Votes at meetings of the shareholders may be cast either personally or by proxy. At every meeting at which a shareholder is entitled to vote, such shareholder (if present in person) or the proxyholder for such shareholder shall have one vote on a show of hands. Upon a ballot on which a shareholder is entitled to vote, every shareholder (if present in person or by proxy) shall (subject to the provisions, if any, of the Corporation's articles) have one vote for every share registered in such shareholder's name.

Every question submitted to any meeting of shareholders shall be decided in the first instance on a show of hands and in case of an equality of votes the chair of the meeting shall both on a show of hands and on a ballot have a second or casting vote in addition to the vote or votes to which the chair may be entitled as a shareholder or proxy nominee.

At any meeting, unless a ballot is demanded by a shareholder or proxyholder entitled to vote at the meeting, either before or after any vote by a show of hands, a declaration by the chair of the meeting that a resolution has been carried or carried unanimously or by a particular majority or lost or not carried by a particular majority shall be evidence of the fact without proof of the number or proportion of votes recorded in favour of or against the motion.

If at any meeting a ballot is demanded on the election of a chair or on the question of adjournment or termination, the ballot shall be taken forthwith without adjournment. If a ballot is demanded on any other question or as to the election of directors, the ballot shall be taken in such manner and either at once or later at the meeting or after adjournment as the chair of the meeting directs. The result of a ballot shall be deemed to be the resolution of the meeting at which the ballot was demanded. A demand for a ballot may be made either before or after any vote by show of hands and may be withdrawn.

If the chair of a meeting of shareholders declares to the meeting that, if a ballot is conducted, the total number of votes attached to shares represented at the meeting by proxy required to be voted against what to the knowledge of the chair will be the decision of the meeting in relation to any matter or group of matters is less than 5% of all of the votes that might be cast by shareholders personally or by proxy at the meeting on the ballot, unless a shareholder or proxyholder demands a ballot prior to the vote,

- (a) the chair may conduct the vote in respect of that matter or group of matters by a show of hands; and

- (b) a proxyholder or alternate proxyholder may vote in respect of that matter or group of matters by a show of hands, notwithstanding any directions to the contrary given to such proxyholder or alternate proxyholder from any shareholder who appointed such proxyholder or alternate proxyholder, or any conflicting instructions from more than one such shareholder.

Where a body corporate or association is a shareholder, any individual authorized by a resolution of the directors or governing body of the body corporate or association may represent it at any meeting of shareholders and exercise at such meeting on behalf of the body corporate or association all the powers it could exercise if it were an individual shareholder, provided that the Corporation or the chair of the meeting may require such shareholder or such individual authorized by it to furnish a certified copy of such resolution or other appropriate evidence of the authority of such individual.

Where two or more persons hold the same share or shares jointly, any one of such persons present at a meeting of shareholders has the right, in the absence of the other or others, to vote such share or shares, but if more than one of such persons are present or represented by proxy and vote, they shall vote together as one on the share or shares jointly held by them.

37. Proxies

A shareholder entitled to vote at a meeting of shareholders may by means of a proxy appoint a proxyholder or proxyholders or one or more alternate proxyholders, who are not required to be shareholders, to attend and act at the meeting in the manner and to the extent authorized by the proxy and with the authority conferred by the proxy.

A form of proxy shall be a written or printed form that complies with the regulations under the Act (to the extent applicable). A form of proxy becomes a proxy on completion by or on behalf of a shareholder and execution by the shareholder or such shareholder's attorney authorized in writing. Alternatively, a proxy may be an electronic document that satisfies the requirements of Part XX.1 of the Act. A proxy is valid only at the meeting in respect of which it is given or at any adjournment thereof.

The directors may specify in a notice calling a meeting of shareholders a time not exceeding 48 hours, excluding Saturdays and holidays, preceding the meeting or an adjournment thereof before which time proxies to be used at the meeting must be deposited with the Corporation or its agent (subject to the rights of shareholders to revoke proxies, as provided below).

A shareholder may revoke a proxy either (i) by depositing an instrument in writing executed by the shareholder or by the shareholder's attorney authorized in writing at the registered office of the Corporation at any time up to and including the last business day preceding the day of the meeting, or an adjournment thereof, at which the proxy is to be used, or with the chair of the meeting on the day of the meeting or an adjournment thereof, or (ii) in any other manner permitted by law.

38. Adjournment

The chair of the meeting may with the consent of the meeting adjourn any meeting of shareholders from time to time to a fixed time and place. If the meeting is adjourned for less than 30 days, no notice of the time and place for the holding of the adjourned meeting need be given to any shareholder, other than by announcement at the earliest meeting that is adjourned. If a meeting of shareholders is adjourned by one or more adjournments for an aggregate of 30 days or more, notice of the adjourned meeting shall be given as for an original meeting but, unless the meeting is adjourned by one or more adjournments for an aggregate of more than 90 days, subsection 149(1) of the Act does not apply. Any adjourned meeting shall be duly constituted if held in accordance with the terms of the adjournment and a quorum is present thereat. The persons who form the quorum at the adjourned meeting need not be the same persons who formed the quorum at the original meeting. If there is no quorum present at the adjourned meeting, the original meeting shall be deemed to have terminated forthwith after its adjournment. Any business may be brought before or

dealt with at any adjourned meeting which might have been brought before or dealt with at the original meeting in accordance with the notice calling the same.

39. Quorum

A quorum for the transaction of business at any meeting of shareholders of the Corporation shall be two persons present, each being a shareholder entitled to vote thereat or a duly appointed proxyholder or representative for a shareholder so entitled, and together holding or representing shares of the Corporation having not less than 25% of the outstanding votes entitled to be cast at the meeting.

40. Resolutions in Writing

Subject to subsection 142(1) of the Act,

- (a) a resolution in writing signed by all the shareholders entitled to vote on that resolution at a meeting of shareholders is as valid as if it had been passed at a meeting of the shareholders; and
- (b) a resolution in writing dealing with all matters required by the Act to be dealt with at a meeting of shareholders, and signed by all the shareholders entitled to vote at that meeting, satisfies all the requirements of the Act relating to meetings of shareholders.

**SHARES AND TRANSFERS**

41. Issuance

Subject to the articles of the Corporation, shares in the Corporation may be issued at such time and issued to such persons and for such consideration as the directors may determine.

42. Security Certificates

Security certificates (and the form of transfer power on the reverse side thereof) shall (subject to compliance with section 49 of the Act) be in such form as the directors may from time to time by resolution approve and such certificates shall be signed by a director or officer of the Corporation, or by a registrar, transfer agent or branch transfer agent of the Corporation, or an individual on their behalf, or by a trustee who certifies it in accordance with a trust indenture, or the signature shall be printed or otherwise mechanically reproduced on the certificate. If a security certificate contains a printed or mechanically reproduced signature of a person, the Corporation may issue the security certificate, notwithstanding that the person has ceased to be a director or an officer of the Corporation, and the security certificate is as valid as if the person were a director or an officer at the date of its issue.

43. Agent

The directors may from time to time by resolution appoint or remove an agent to maintain a central securities register and branch securities registers for the Corporation.

44. Surrender of Security Certificates

Subject to the Act, no transfer of a security issued by the Corporation shall be recorded or registered unless and until either (i) the security certificate representing the security to be transferred has been surrendered and cancelled, or (ii) if no security certificate has been issued by the Corporation in respect of such share, a duly executed security transfer power in respect thereof has been presented for registration.

45. Defaced, Destroyed, Stolen or Lost Security Certificates

In case of the defacement, destruction, theft or loss of a security certificate, the fact of such defacement, destruction, theft or loss shall be reported by the owner to the Corporation or to a trustee, registrar, transfer agent or other agent of the Corporation (if any) acting on behalf of the Corporation, with a statement verified by oath or statutory declaration as to the defacement, destruction, theft or loss and the circumstances concerning the same and with a request for the issuance of a new security certificate to replace the one so defaced, destroyed, stolen or lost. Upon the giving to the Corporation (or, if there is such an agent, then to the Corporation and to such agent) of an indemnity bond of a surety company in such form as is approved by any authorized officer of the Corporation, indemnifying the Corporation (and such agent, if any) against all loss, damage and expense, which the Corporation and/or such agent may suffer or be liable for by reason of the issuance of a new security certificate to such shareholder, and provided the Corporation or such agent does not have notice that the security has been acquired by a *bona fide* purchaser, a new security certificate may be issued in replacement of the one defaced, destroyed, stolen or lost, if such issuance is ordered and authorized by any authorized officer of the Corporation or by resolution of the directors.

**DIVIDENDS**

46. Declaration and Payment of Dividends

The directors may from time to time by resolution declare and the Corporation may pay dividends on its issued shares, subject to the provisions (if any) of the Corporation’s articles.

The directors shall not declare and the Corporation shall not pay a dividend if there are reasonable grounds for believing that:

- (a) the Corporation is, or would after the payment be, unable to pay its liabilities as they become due; or
- (b) the realizable value of the Corporation’s assets would thereby be less than the aggregate of its liabilities and stated capital of all classes.

The Corporation may pay a dividend by issuing fully paid shares of the Corporation and, subject to section 42 of the Act, the Corporation may pay a dividend in money or property.

47. Joint Securityholders

In case several persons are registered as the joint holders of any securities of the Corporation, any one of such persons may give effectual receipts for all dividends and payments on account of dividends, principal, interest and/or redemption payments on redemption of securities (if any) subject to redemption in respect of such securities.

**RECORD DATES**

48. Shareholders’ Meetings

Subject to section 134 of the Act, the directors may fix in advance a date as the record date for the purpose of determining shareholders entitled to receive notice of a meeting of shareholders and/or entitled to vote at a meeting of shareholders, but such record date shall not precede by more than 60 days or by less than 21 days the date on which the meeting is to be held.

If no record date is fixed, the record date for the determination of the shareholders entitled to receive notice of a meeting of the shareholders and to vote shall be:

- (a) at the close of business on the day immediately preceding the day on which the notice is given; or
- (b) if no notice is given, the day on which the meeting is held.

49. Dividends, Distributions or Other Purposes

Subject to section 134 of the Act, the directors may fix in advance a date as the record date for the determination of shareholders (i) entitled to receive payment of a dividend, (ii) entitled to participate in a liquidation or distribution, or (iii) for any other purpose (other than to establish a shareholder's right to receive notice of a meeting or to vote), but such record date shall not precede by more than 60 days the particular action to be taken.

If no record date is fixed, the record date for the determination of shareholders for any purpose other than to establish a shareholder's right to receive notice of a meeting or to vote shall be at the close of business on the day on which the directors pass the resolution relating thereto.

**VOTING SECURITIES IN OTHER ISSUERS**

50. All securities of any other body corporate or issuer of securities carrying voting rights held from time to time by the Corporation may be voted at all meetings of shareholders, bondholders, debenture holders or holders of such securities, as the case may be, of such other body corporate or issuer and in such manner and by such person or persons as the directors of the Corporation shall from time to time determine and authorize by resolution. The duly authorized signing officers of the Corporation may also from time to time execute and deliver for and on behalf of the Corporation proxies and/or arrange for the issuance of voting certificates and/or other evidence of the right to vote in such names as they may determine without the necessity of a resolution or other action by the directors.

**NOTICES, ETC.**

51. Service

Any notice or other document required to be given or sent by the Corporation to any shareholder or director or the auditor of the Corporation shall be delivered personally or sent by prepaid mail or by fax, electronic mail or other electronic means capable of producing a written copy addressed to:

- (a) such shareholder at such shareholder's latest address as shown on the records of the Corporation or its transfer agent;
- (b) such director at such director's latest address as shown in the records of the Corporation or in the last notice filed under section 106 or 113 of the Act; and
- (c) the auditor of the Corporation at the auditor's latest address known to the Corporation.

With respect to every notice or other document sent by prepaid mail, it shall be sufficient to prove that the envelope or wrapper containing the notice or other document was properly addressed and put into a post office or into a post office letter box.

52. Shareholders Who Cannot be Found

If the Corporation sends a notice or document to a shareholder and the notice or document is returned on two consecutive occasions because the shareholder cannot be found, the Corporation is not required to send any further notices or documents to the shareholder until the shareholder informs the Corporation in writing of the shareholder's new address.

53. Shares Registered in More than One Name

All notices or other documents shall, with respect to any shares in the capital of the Corporation registered in more than one name, be given to whichever of such persons is named first in the records of the Corporation and any notice or other document so given shall be sufficient notice or delivery of such document to all the holders of such shares.

54. Persons Becoming Entitled by Operation of Law

Every person who by operation of law, transfer or by any other means whatsoever shall become entitled to any shares in the capital of the Corporation shall be bound by every notice or other document in respect of such shares which prior to such person's name and address being entered on the records of the Corporation shall have been duly given to the person or persons from whom such person derives title to such shares.

55. Deceased Shareholder

Any notice or other document delivered or sent by post or left at the address of any shareholder as the same appears in the records of the Corporation shall, notwithstanding that such shareholder be then deceased and whether or not the Corporation has notice of such shareholder's death, be deemed to have been duly served in respect of the shares held by such shareholder (whether held solely or with other persons) until some other person be entered in such shareholder's stead in the records of the Corporation as the holder or one of the holders thereof and such service shall for all purposes be deemed a sufficient service of such notice or other document on such shareholder's heirs, executors or administrators and all persons (if any) interested with such shareholder in such shares.

56. Signatures to Notices

The signature of any director or officer of the Corporation to any notice may be written, printed or otherwise mechanically reproduced.

57. Computation of Time

Where a given number of days notice or notice extending over any period is required to be given under any provisions of the articles or by-laws of the Corporation, the day of service, posting or other communication of the notice shall, unless it is otherwise provided, be counted in such number of days or other period and such notice shall be deemed to have been given or sent on the day of service, posting or other communication.

58. Proof of Service

A certificate of any officer of the Corporation in office at the time of the making of the certificate or of an agent of the Corporation as to facts in relation to the mailing or delivery or service or other communication of any notice or other documents to any shareholder, director, officer or auditor or as to the publication of any notice or other document shall be conclusive evidence thereof and shall be binding on every shareholder, director, officer or auditor of the Corporation, as the case may be.

## **CHEQUES, DRAFTS, NOTES, ETC.**

59. All cheques, drafts or orders for the payment of money and all notes, acceptances and bills of exchange shall be signed by such officer or officers or other person or persons, whether or not officers of the Corporation, and in such manner as the directors, or such officer or officers as may be delegated authority by the directors to determine such matters, may from time to time designate.

## **CUSTODY OF SECURITIES**

60. All securities (including warrants) owned by the Corporation shall be lodged (in the name of the Corporation) with a chartered bank or a trust company or in a safety deposit box or, if so authorized by resolution of the directors, with such other depositaries or in such other manner as may be determined from time to time by the directors.

All securities (including warrants) belonging to the Corporation may be issued and held in the name of a nominee or nominees of the Corporation (and if issued or held in the names of more than one nominee shall be held in the names of the nominees jointly with right of survivorship) and shall be endorsed in blank with endorsement guaranteed in order to enable transfer thereof to be completed and registration thereof to be effected.

## **EXECUTION OF CONTRACTS, ETC.**

61. Contracts, documents or instruments in writing requiring the signature of the Corporation may be signed by any two of the Executive Chairman, the Chief Executive Officer or the Secretary of the Corporation together, provided that (i) any such contracts, documents or instruments in writing that involve a consideration of \$250,000 or more must be signed by the Executive Chairman and any one other officer of the Corporation and (ii) any such contracts, etc. that involve a consideration of less than \$100,000 may be signed by any two officers of the Corporation and all contracts, documents or instruments in writing so signed shall be binding upon the Corporation without any further authorization or formality. The directors are authorized from time to time by resolution to appoint any officer or officers or any other person or persons on behalf of the Corporation either to sign contracts, documents or instruments in writing generally or to sign specific contracts, documents or instruments in writing.

The corporate seal, if any, of the Corporation may, when required, be affixed to contracts, documents or instruments in writing signed as aforesaid or by an officer or officers, person or persons appointed as aforesaid by resolution of the board of directors.

The term “contracts, documents or instruments in writing” as used in this by-law shall include deeds, mortgages, hypothecs, charges, conveyances, transfers and assignments of property, real or personal, immovable or movable, powers of attorney, agreements, releases, receipts and discharges for the payment of money or other obligations, conveyances, transfers and assignments of securities and all paper writings.

The signature or signatures of any officer or director of the Corporation and/or of any other officer or officers, person or persons appointed as aforesaid by resolution of the directors may, if specifically authorized by resolution of the directors, be printed, engraved, lithographed or otherwise mechanically reproduced upon all contracts, documents or instruments in writing or bonds, debentures or other securities of the Corporation executed or issued by or on behalf of the Corporation and all contracts, documents or instruments in writing or securities of the Corporation on which the signature or signatures of any of the foregoing officers, directors or persons shall be so reproduced, by authorization by resolution of the directors, shall be deemed to have been manually signed by such officers, directors or persons whose signature or signatures is or are so reproduced and shall be as valid to all intents and purposes as if they had been signed manually and notwithstanding that the officers, directors or persons whose signature or signatures is or are so reproduced may have ceased to hold office at the date of delivery or issue of such contracts, documents or instruments in writing or securities of the Corporation.

**FINANCIAL YEAR**

62. The financial year of the Corporation shall end on such day in each year as the board of directors may from time to time by resolution determine.

**Biovail Corporation**

**BY-LAW 2**

BE IT ENACTED AND IT IS HEREBY ENACTED as a by-law of BIOVAIL CORPORATION (the "Corporation") as follows:

1. The directors may and they are hereby authorized from time to time to, without authorization of the shareholders,
    - (a) borrow money upon the credit of the Corporation;
    - (b) limit or increase the amount to be borrowed;
    - (c) issue, reissue, sell or pledge bonds, debentures, notes or other debt obligations of the Corporation for such sums and at such prices as may be deemed expedient;
    - (d) give a guarantee on behalf of the Corporation to secure payment or performance of an obligation of any person; and
    - (e) mortgage, hypothecate, charge, pledge or otherwise create a security interest in all or any currently owned or subsequently acquired real and personal, movable and immovable, property of the Corporation and the undertaking and rights of the Corporation, to secure any such bonds, debentures, notes or other debt obligations, or to secure any present or future borrowing, liability or obligation of the Corporation, including any guarantee given pursuant to subparagraph 1(d) of this by-law.
  2. The directors may from time to time by resolution delegate to any one or more directors or officers, or to any committee of directors, of the Corporation all or any of the powers conferred on the directors by paragraph 1 of this by-law to the full extent thereof or such lesser extent as the directors may in any such resolution provide.
  3. The powers hereby conferred shall be deemed to be in supplement of and not in substitution for any other powers to borrow money for the purposes of the Corporation or to do any other acts or things referred to in paragraph 1 of this by-law possessed by its directors or officers pursuant to the articles of the Corporation, any other by-law of the Corporation or applicable law.

| Section 13.04 | Conversion Rate Adjustments                                                                                            | 71 |
| Section 13.05 | Adjustments Upon Certain Fundamental Changes                                                                           | 80 |
| Section 13.06 | Effect of Reclassification, Consolidation, Merger or Sale                                                              | 82 |
| Section 13.07 | Taxes on Shares Issued                                                                                                 | 83 |
| Section 13.08 | Reservation of Shares; Shares to be Fully Paid; Compliance with Governmental Requirements;<br>Listing of Common Shares | 83 |
| Section 13.09 | Responsibility of Conversion Agent, Trustee and Co-Trustee                                                             | 84 |
| Section 13.10 | Notice to Holders Prior to Certain Actions                                                                             | 85 |
| Section 13.11 | Company Determination Final                                                                                            | 85 |
|               |                                                                                                                        |    |
| Exhibit A     | — Form of Security                                                                                                     |    |
| Exhibit B     | — Form of Certificate of Transfer                                                                                      |    |
| Exhibit C     | — Common Share Legends                                                                                                 |    |

INDENTURE, dated as of June 10, 2009, between BIOVAIL CORPORATION, a corporation duly organized and subsisting under the laws of Canada, as Issuer (herein called the “**Company**”), having its principal office at 7150 Mississauga Road, Mississauga, Ontario, Canada, L5N 8M5 (Facsimile No. (905) 286-3370), Attention: Senior Vice-President and Associate General Counsel, and THE BANK OF NEW YORK MELLON, a New York banking corporation, as Trustee (herein called the “**Trustee**”), and BNY TRUST COMPANY OF CANADA, a Canadian trust corporation, as Co-Trustee (herein called the “**Co-Trustee**”).

The Company has duly authorized the creation of an issue of 5.375% Senior Convertible Notes due 2014 (each a “**Security**” and collectively, the “**Securities**”) of substantially the tenor and amount hereinafter set forth, and to provide therefor the Company has duly authorized the execution and delivery of this Indenture.

All things necessary to make this Indenture a valid and binding agreement of the Company have been done and all things necessary to make the Securities, when executed by the Company and authenticated and delivered hereunder, the valid and binding obligations of the Company, have been done.

The Company, the Trustee and the Co-Trustee agree, for the benefit of each other and for the equal and ratable benefit of all Holders of the Securities, as follows:

ARTICLE I

DEFINITIONS AND OTHER PROVISIONS OF GENERAL APPLICATION

Section 1.01 Definitions. For all purposes of this Indenture, except as otherwise expressly provided or unless the context otherwise requires:

- (a) the terms defined in this Article I have the meanings assigned to them in this Article I and include the plural as well as the singular;
- (b) all other terms used herein that are defined in the Trust Indenture Act, either directly or by reference therein, have the meanings assigned to them therein;
- (c) all accounting terms not otherwise defined herein have the meanings assigned to them in accordance with GAAP;
- (d) unless otherwise noted, references to “**U.S. Dollars**” or “**\$**” shall mean the currency of the United States of America; and
- (e) the words “**herein**,” “**hereof**” and “**hereunder**” and other words of similar import refer to this Indenture as a whole and not to any particular Article, Section or other subdivision.

“**Act**,” when used with respect to any Holder, has the meaning specified in Section 1.04.

“**Additional Amounts**” has the meaning specified in Section 10.10.

---

**“Additional Interest Amount”** means a one-time payment of 50 basis points made by the Company to the Holders (or, with respect to any Securities that have been previously converted, to the Holders of such converted Securities at the time of such conversion) in the circumstances described in Section 10.11. The amount of the payment to any Holder (or previous Holder in the case of previously converted Securities) shall be determined by applying 50 basis points to the current principal amount of such Holder’s Securities then outstanding (or to the principal amount of such previous Holder’s converted Securities immediately prior to their conversion in the case of previously converted Securities).

**“Additional Interest Notice”** has the meaning specified in Section 10.11.

**“Additional Securities”** means additional Securities which may be issued after the Issue Date pursuant to this Indenture (other than in exchange for, or in replacement of, Outstanding Securities). All references herein to “Securities” shall be deemed to include Additional Securities to the extent any have been issued.

**“Additional Shares”** has the meaning specified in Section 13.05.

**“Affiliate”** of any specified Person means any other Person directly or indirectly controlling or controlled by or under direct or indirect common control with such specified Person. For the purposes of this definition, “control” when used with respect to any specified Person means the power to direct the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise; and the terms “controlling” and “controlled” have meanings correlative to the foregoing.

**“Agent Members”** has the meaning specified in Section 2.15.

**“Bid Solicitation Agent”** means J.P. Morgan Securities Inc. or such other Person as may be appointed, from time to time, by the Company to solicit market bid quotations for the Securities in accordance with Section 13.01(a)(ii).

**“Applicable Procedures”** has the meaning specified in Section 2.12.

**“Board of Directors”** means, with respect to any Person, either the board of directors of such Person or any duly authorized committee of that board.

**“Board Resolution”** means, with respect to any Person, a copy of a resolution certified by the Secretary or an Assistant Secretary of such Person to have been duly adopted by the Board of Directors and to be in full force and effect on the date of such certification, and delivered to the Trustee and the Co-Trustee.

**“Business Day”** means any day other than a Saturday, a Sunday or a day on which banking institutions in either the City of New York or in the City of Toronto are authorized or obligated by law, or executive order or governmental decree to be closed.

**“Canadian Private Placement Legend”** has the meaning specified in Section 2.05.

**“Canadian Securities Laws”** means the securities laws, rules, regulations and written policy statements of any province or territory of Canada, as the same may be amended from time to time.

**“Canadian Taxes”** has the meaning specified in Section 10.10.

**“Capital Stock”** means any and all shares, interests, participations, rights or other equivalents (however designated) of corporate stock, including, without limitation, with respect to partnerships, partnership interests (whether general or limited) and any other interest or participation that confers on a Person the right to receive a share of the profits and losses of, or distributions of assets of, such partnership.

**“Closing Sale Price”** of a Common Share on any date means the closing per share sale price (or if no closing sale price is reported, the average of the bid and ask prices or, if more than one in either case, the average of the average bid and the average ask prices) on such date as reported in composite transactions for the principal United States securities exchange on which the Common Shares are traded or, if the Common Shares are not listed on a United States national or regional securities exchange, as reported by the NASDAQ System or by the National Quotation Bureau Incorporated.

**“Commission”** means the United States Securities and Exchange Commission, as from time to time constituted, created under the Exchange Act, or, if at any time after the execution of this Indenture such Commission is not existing and performing the duties now assigned to it under the Trust Indenture Act, then the body performing such duties at such time.

**“Common Equity”** of any Person means capital stock of such Person that is generally entitled to (i) vote in the election of directors of such Person or (ii) if such Person is not a corporation, vote or otherwise participate in the selection of the governing body, partners, managers or others that will control the management or policies of such Person.

**“Common Shares”** means the common shares without par value of the Company as it exists on the date of this Indenture.

**“Company”** means the Person named as the “Company” in the first paragraph of this instrument until a successor Person shall have become such pursuant to the applicable provisions of this Indenture, and thereafter “Company” shall mean such successor Person.

**“Company Request”** or **“Company Order”** means a written request or order signed in the name of the Company (i) by its Chairman of the Board, its Vice Chairman of the Board, its Chief Executive Officer, its Chief Operating Officer, its Chief Financial Officer or any Vice President, and by its Treasurer, an Assistant Treasurer, its Secretary or an Assistant Secretary or (ii) by an authorized signatory (by virtue of a power of attorney, Board Resolution or other similar instrument), and delivered to the Trustee.

**“Continuing Director”** means, at any date, a member of the Company’s Board of Directors (i) who was a member of such board on June 10, 2009 or (ii) who was nominated or elected by at least a majority of the directors who were Continuing Directors at the time of such nomination or election or whose election to the Company’s Board of Directors was

recommended or endorsed by at least a majority of the directors who were Continuing Directors at the time of such nomination or election or such lesser number comprising a majority of a nominating committee comprised of independent directors if authority for such nominations or elections has been delegated to a nominating committee whose authority and composition have been approved by at least a majority of the directors who were Continuing Directors at the time such committee was formed. (Under this definition, if the Board of Directors of the Company as of the date of this Indenture were to approve a new director or directors and then resign, no Fundamental Change would occur even though the current Board of Directors would thereafter cease to be in office.)

“**Conversion Agent**” means the Trustee or such other office or agency designated by the Company where Securities may be presented for conversion.

“**Conversion Date**” has the meaning specified in Section 13.02.

“**Conversion Notice**” has the meaning specified in Section 13.02.

“**Conversion Price**” means, at any time, \$1,000 divided by the Conversion Rate in effect at such time, rounded to three decimal places (rounded up if the fourth decimal place thereof is 5 or more and otherwise rounded down).

“**Conversion Rate**” has the meaning specified in the Securities.

“**Corporate Trust Office**” means (i) with respect to the Trustee, the principal office of the Trustee at which at any particular time its corporate trust business shall be administered, which office at the date of the execution of this Indenture is located at 101 Barclay Street, New York, NY 10286, 4-East, Attention: Global Trust Services (Facsimile No.: (212) 815-5366) or at any other time at such other address as the Trustee may designate from time to time by notice to the Company, and (ii) with respect to the Co-Trustee, the principal office of the Co-Trustee at which at any particular time its corporate trust business shall be administered, which office at the date of the execution of this Indenture is located at Suite 1101, 4 King Street West, Toronto, Ontario, Canada M5H 1B6 or at any other time at such other address as the Co-Trustee may designate from time to time by notice to the Company.

“**corporation**” means a corporation, association, company, joint-stock company or business trust.

“**Co-Trustee**” means the Person named as the “**Co-Trustee**” in the first paragraph of this Indenture until a successor Co-Trustee shall have become such pursuant to the applicable provisions of this Indenture, and thereafter “**Co-Trustee**” shall mean such successor Co-Trustee.

“**Cure Period**” has the meaning specified in Section 10.11.

“**Current Market Price**” has the meaning specified in Section 13.04.

“**Daily VWAP**” means the per share volume-weighted average price as displayed under the heading “Bloomberg VWAP” on Bloomberg page “BVF <equity> VAP” in respect of the period from 9:30 a.m. to 4:00 p.m. (New York City time) on such Trading Day (or if such

volume-weighted average price is unavailable, the market value of one Common Share on such Trading Day on the Toronto Stock Exchange (such price to be converted into U.S. dollars based on the Bank of Canada noon exchange rate as reported for conversion into U.S. dollars on such date) or otherwise as the Company’s Board of Directors determines in good faith using a volume-weighted method); *provided* that after the consummation of a Fundamental Change in which the consideration is comprised entirely of cash, “Daily VWAP” means the cash price per Common Share received by holders of the Company’s Common Shares in such Fundamental Change.

“**Default**” means any event that is, or with the passage of time or the giving of notice or both would become, an Event of Default.

“**Defaulted Interest**” has the meaning specified in Section 2.17.

“**Depository**” means The Depository Trust Company until a successor Depository shall have become such pursuant to the applicable provisions of this Indenture, and thereafter “Depository” shall mean such successor Depository.

“**Effective Date**” has the meaning specified in Section 13.05.

“**Event of Default**” has the meaning specified in Section 5.01.

“**Exchange Act**” means the United States Securities Exchange Act of 1934, as amended, and the rules and regulations of the Commission promulgated thereunder.

“**Excluded Holder**” has the meaning specified in Section 10.10.

“**Excluded Taxes**” has the meaning specified in Section 10.10.

“**Ex-Dividend Date**” means, with respect to any dividend or distribution, the first date on which the Common Shares trade in the regular way without the right to receive such dividend or distribution on the New York Stock Exchange, the Toronto Stock Exchange or such other national or regional exchange or market on which the Common Shares are then listed or quoted.

“**fair market value**” has the meaning specified in Section 13.04.

“**Fundamental Change**” has the meaning specified in Section 12.01.

“**Fundamental Change Notice**” has the meaning specified in Section 12.01.

“**Fundamental Change Purchase Date**” has the meaning specified in Section 12.01.

“**Fundamental Change Purchase Notice**” has the meaning specified in Section 12.01.

“**Fundamental Change Purchase Offer**” has the meaning specified in Section 12.01.

**“Fundamental Change Purchase Price”** has the meaning specified in Section 12.01.

**“GAAP”** means generally accepted accounting principles in the United States, as in effect from time to time.

**“Global Security”** means a Security in global form registered in the Security Register in the name of a Depositary or a nominee thereof.

**“Global Security Legend”** has the meaning specified in Section 2.05.

**“Holder”** or **“Securityholder”** means a Person in whose name a Security is registered in the Security Register.

**“Indenture”** means this instrument as originally executed or as it may from time to time be supplemented or amended by one or more indentures supplemental hereto entered into pursuant to the applicable provisions hereof, including, for all purposes of this instrument and any such supplemental indenture, the provisions of the Trust Indenture Act that are deemed to be a part of and govern this instrument and any such supplemental indenture, respectively.

**“Ineligible Consideration”** has the meaning set forth in Section 13.06.

**“Initial Dividend Threshold”** has the meaning specified in Section 13.04.

**“Interest Payment Date”** means each February 1 and August 1 of each year.

**“Issue Date”** means the date the Securities are originally executed and authenticated as set forth in the applicable Security issued under this Indenture.

**“Judgment Currency”** has the meaning specified in Section 1.19.

**“Market Disruption Event”** means (i) a failure by the primary United States national securities exchange on which the Common Shares are listed (or the Toronto Stock Exchange if the Common Shares are not then listed on a United States national securities exchange) or admitted to trading to open during its regular trading session or (ii) the occurrence or existence prior to 1:00 p.m. on any Trading Day for the Common Shares for an aggregate one half hour period of any suspension or limitation imposed on trading (by reason of movements in price exceeding limits permitted by the stock exchange or otherwise) in the Common Shares or in any options, contracts or future contracts relating to the Common Shares.

**“Maturity”** means, when used with respect to any Security, the date on which the Principal Amount, Redemption Price or Fundamental Change Purchase Price of such Security becomes due and payable as therein or herein provided, whether at the Stated Maturity, Redemption Date or Fundamental Change Purchase Date, or by declaration of acceleration or otherwise.

**“Measurement Period”** has the meaning specified in Section 13.01.

**“Notice of Default”** has the meaning specified in Section 5.01.

**“Notice of Election”** has the meaning specified in Section 11.01.

**“Notice of Optional Redemption”** has the meaning specified in Section 3.03.

**“Notice of Redemption”** means a Notice of Optional Redemption or a Notice of Tax Redemption.

**“Notice of Tax Redemption”** has the meaning specified in Section 11.02.

**“Offering”** means the initial offering of the Securities by the Company.

**“Offering Memorandum”** means the confidential offering memorandum, dated June 3, 2009, pursuant to which the Securities were offered and sold in the Offering.

**“Officers’ Certificate”** means a certificate signed by the Chairman of the Board, the Chief Executive Officer, the President, the Chief Financial Officer or any Vice President, and by the Treasurer, an Assistant Treasurer, the Secretary or an Assistant Secretary, of the Company, and delivered to the Trustee and the Co-Trustee. One of the officers signing an Officers’ Certificate given pursuant to Section 10.04 shall be the principal executive, financial or accounting officer of the Company.

**“Opinion of Counsel”** means a written opinion of counsel, who may be external or in-house counsel for the Company.

**“Optional Redemption”** has the meaning set forth in Section 3.01.

**“Outstanding,”** when used with respect to Securities, means, as of the date of determination, all Securities theretofore authenticated and delivered under this Indenture, except:

(i) Securities theretofore cancelled by the Trustee or delivered to the Trustee or the Co-Trustee for cancellation;

(ii) Securities, or portions thereof, for which payment in the necessary amount has been theretofore deposited with the Trustee, the Co-Trustee or any Paying Agent (other than the Company) in trust or set aside and segregated in trust by the Company (if the Company shall act as its own Paying Agent) for the Holders of such Securities; and

(iii) Securities which have been paid, or Securities in exchange for or in lieu of which other Securities have been authenticated and delivered pursuant to this Indenture, other than any such Securities in respect of which there shall have been presented to the Trustee or the Co-Trustee proof satisfactory to it that such Securities are held by a protected purchaser in whose hands such Securities are valid obligations of the Company;

*provided, however*, that, in determining whether the Holders of the requisite Principal Amount of the Outstanding Securities have given any request, demand, authorization, direction, notice, consent or waiver hereunder, Securities owned by the Company or any other obligor upon the Securities or any Affiliate of the Company or of such other obligor shall be disregarded and deemed not to be Outstanding, except that, in determining whether the Trustee and the Co-Trustee shall be protected in relying upon any such request, demand, authorization, direction, notice, consent or waiver, only Securities which a Responsible Officer of the Trustee or the Co-Trustee actually knows to be so owned shall be so disregarded. Securities so owned which have been pledged in good faith may be regarded as Outstanding if the pledgee establishes to the satisfaction of the Trustee or the Co-Trustee the pledgee's right so to act with respect to such Securities and that the pledgee is not the Company or any other obligor upon the Securities or any Affiliate of the Company or of such other obligor.

**“Paying Agent”** means any Person authorized by the Company to pay the principal of, or interest (including Additional Interest Amounts or Additional Amounts, if any) on, or the Redemption Price or Fundamental Change Purchase Price of, any Securities on behalf of the Company. The Trustee shall initially be the Paying Agent.

**“Person”** means any individual, corporation, partnership, limited liability company, joint venture, trust, unincorporated organization or government or any agency or political subdivision thereof.

**“Physical Securities”** means permanent certificated Securities in registered form issued in denominations of \$1,000 Principal Amount and integral multiples thereof.

**“Principal Amount”** of a Security means the principal amount as set forth on the face of the Security.

**“Private Placement Legend”** has the meaning specified in Section 2.05.

**“Rate(s) of Exchange”** has the meaning specified in Section 1.19.

**“Record Date”** has the meaning specified in Section 13.04.

**“Redemption Date”** means, when used with respect to any Security to be redeemed, the date fixed for redemption pursuant to this Indenture.

**“Redemption Price”** means, when used with respect to any Security to be redeemed, the price at which it is to be redeemed pursuant to this Indenture.

**“Reference Property”** has the meaning set forth in Section 13.06.

**“Regular Record Date”** for the payment of interest on the Securities (including Additional Interest Amounts or Additional Amounts, if any), means January 15 (whether or not a Business Day) next preceding an Interest Payment Date on February 1 and July 15 (whether or not a Business Day) next preceding an Interest Payment Date on August 1.

**“Required Currency”** has the meaning set forth in Section 1.19.

“**Responsible Officer**” means any officer of the Trustee or the Co-Trustee within the Corporate Trust Office of the Trustee or the Co-Trustee, as applicable, with direct responsibility for the administration of this Indenture and also, with respect to a particular matter, any other officer of the Trustee or the Co-Trustee to whom such matter is referred because of such officer’s knowledge and familiarity with the particular subject.

“**Restricted Global Security**” means a Global Security that bears the Private Placement Legend.

“**Restricted Physical Security**” means a Physical Security that bears the Private Placement Legend.

“**Rule 144**” means Rule 144 under the Securities Act, as the same may be amended from time to time.

“**Securities Act**” means the United States Securities Act of 1933, as amended, and the rules and regulations of the Commission promulgated thereunder.

“**Security**” or “**Securities**” have the respective meanings specified in the first paragraph of this Indenture.

“**Security Register**” has the meaning specified in Section 2.10.

“**Security Registrar**” has the meaning specified in Section 2.10.

“**Share Price**” has the meaning specified in Section 13.05.

“**Significant Subsidiary**” has the meaning set forth in Rule 1-02(w) of Regulation S-X under the Exchange Act.

“**Special Interest Payment Date**” has the meaning specified in Section 2.17.

“**Special Record Date**” has the meaning specified in Section 2.17.

“**Spin-Off**” has the meaning specified in Section 13.04.

“**Stated Maturity**” when used with respect to any Security, means August 1, 2014.

“**Stock Transfer Agent**” means CIBC Mellon Trust Company at its offices in Toronto, Ontario, Canada and BNY Mellon Shareowner Services at its offices in New York, New York, or such other Person or Persons designated by the Company as a transfer agent for the Common Shares.

“**Subsidiary**” means a corporation more than 50% of the outstanding voting stock of which is owned, directly or indirectly, by the Company or by one or more other Subsidiaries, or by the Company and one or more other Subsidiaries. For the purposes of this definition, “**voting stock**” means stock which ordinarily has voting power for the election of directors,

whether at all times or only so long as no senior class of stock has such voting power by reason of any contingency.

“**Successor Company**” has the meaning specified in Section 8.01.

“**Trading Day**” means a day during which (i) trading in the Common Shares generally occurs, (ii) there is no Market Disruption Event and (iii) a Closing Sale Price for the Common Shares may be obtained for that day.

“**Tax Act**” means the *Income Tax Act* (Canada), as amended, and any reference thereto includes a reference to an equivalent provision of a Canadian, provincial or territorial income tax statute, as amended.

“**Tax Redemption**” has the meaning set forth in Section 11.01.

“**Trading Price**” means, as of any date of determination, the average of the secondary market bid quotations per \$1,000 Principal Amount of Securities obtained by the Bid Solicitation Agent for \$5,000,000 Principal Amount of Securities at approximately 3:30 p.m., New York City time, on such date of determination from three independent nationally-recognized securities dealers selected by the Company; *provided*, that if at least three such bids cannot reasonably be obtained by the Bid Solicitation Agent, but two such bids are obtained, then the Trading Price, as of such determination date, shall mean the average of such two bids, and if only one bid can reasonably be obtained by the Bid Solicitation Agent, then the Trading Price, as of such determination date, shall mean such one bid; *provided, however*, that if the Bid Solicitation Agent, through the exercise of reasonable efforts, is unable to obtain at least one bid for \$5,000,000 Principal Amount of Securities from an independent nationally-recognized securities dealer, then the Trading Price per \$1,000 Principal Amount of Securities for such date of determination shall be deemed to be less than 98% of the product of the Closing Sale Price of the Common Shares on such date of determination and the Conversion Rate in effect as of such date of determination.

“**Trigger Event**” has the meaning specified in Section 13.04.

“**Trust Indenture Act**” means the Trust Indenture Act of 1939 as in force at the date as of which this instrument was executed; *provided, however*, that in the event the Trust Indenture Act of 1939 is amended after such date, “**Trust Indenture Act**” means, to the extent required by any such amendment, the Trust Indenture Act of 1939 as so amended.

“**Trustee**” means the Person named as the “**Trustee**” in the first paragraph of this instrument until a successor Trustee shall have become such pursuant to the applicable provisions of this Indenture, and thereafter “**Trustee**” shall mean such successor Trustee.

“**Unrestricted Global Security**” means a Global Security that does not bear the Private Placement Legend.

“**Unrestricted Physical Security**” means a Physical Security that does not bear the Private Placement Legend.

“**Vice President**” when used with respect to the Company, means any vice president, whether or not designated by a number or a word or words added before or after the title “vice president”.

Section 1.02 Compliance Certificates and Opinions. Upon any application or request by the Company to the Trustee or the Co-Trustee to take any action under any provision of this Indenture, the Company shall furnish to the Trustee and the Co-Trustee, as applicable, such certificates and opinions as may be required under the Trust Indenture Act and as may otherwise be required hereunder. Each such certificate or opinion shall be given in the form of an Officers’ Certificate, if to be given by an officer of the Company, or an Opinion of Counsel, if to be given by counsel, and shall comply with the requirements of the Trust Indenture Act and any other requirement set forth in this Indenture.

Every certificate or opinion with respect to compliance with a condition or covenant provided for in this Indenture shall include:

- (a) a statement that each individual signing such certificate or opinion has read such covenant or condition and the definitions herein relating thereto;
- (b) a brief statement as to the nature and scope of the examination or investigation upon which the statements or opinions contained in such certificate or opinion are based;
- (c) a statement that, in the opinion of each such individual, such individual has made such examination or investigation as is necessary to enable such individual to express an informed opinion as to whether or not such covenant or condition has been complied with; and
- (d) a statement as to whether, in the opinion of each such individual, such condition or covenant has been complied with.

Section 1.03 Form of Documents Delivered to Trustee and Co-Trustee. In any case where several matters are required to be certified by, or covered by an opinion of, any specified Person, it is not necessary that all such matters be certified by, or covered by the opinion of, only one such Person, or that they be so certified or covered by only one document, but one such Person may certify or give an opinion with respect to some matters and one or more other such Persons as to other matters, and any such Person may certify or give an opinion as to such matters in one or several documents.

Any certificate or opinion of an officer of the Company may be based, insofar as it relates to legal matters, upon a certificate or opinion of, or representations by, counsel, unless such officer knows, or in the exercise of reasonable care should know, that the certificate or opinion or representations with respect to the matters upon which his certificate or opinion is based are erroneous. Any Opinion of Counsel may contain customary assumptions, limitations and qualifications and be based, insofar as it relates to factual matters, upon a certificate or opinion of, or representations by, an officer or officers of the Company, unless such counsel knows, or in the exercise of reasonable care should know, that the certificate or opinion or representations with respect to such matters are erroneous.

Where any Person is required to make, give or execute two or more applications, requests, consents, certificates, statements, opinions or other instruments under this Indenture, they may, but need not, be consolidated and form one instrument.

Section 1.04 Acts of Holders; Record Dates.

(a) Any request, demand, authorization, direction, notice, consent, waiver or other action provided by this Indenture to be given or taken by Holders may be embodied in, and evidenced by, one or more instruments of substantially similar tenor signed by such Holders in person or by agent duly appointed in writing and, except as herein otherwise expressly provided, such action shall become effective when such instrument or instruments are delivered to the Trustee and the Co-Trustee and, where it is hereby expressly required, to the Company. Such instrument or instruments (and the action embodied therein and evidenced thereby) are herein sometimes referred to as the “**Act**” of the Holders signing such instrument or instruments. Proof of execution of any such instrument or of a writing appointing any such agent shall be sufficient for any purpose of this Indenture and (subject to Section 6.01) conclusive in favor of the Trustee, the Co-Trustee and the Company, if made in the manner provided in this Section.

(b) The fact and date of the execution by any Person of any such instrument or writing may be proved by the affidavit of a witness of such execution or by a certificate of a notary public or other officer authorized by law to take acknowledgments of deeds, certifying that the individual signing such instrument or writing acknowledged to him the execution thereof. Where such execution is by a signer acting in a capacity other than his individual capacity, such certificate or affidavit shall also constitute sufficient proof of his authority. The fact and date of the execution of any such instrument or writing, or the authority of the Person executing the same, may also be proved in any other manner which the Trustee or the Co-Trustee reasonably deems sufficient.

(c) The Company may, in the circumstances permitted by the Trust Indenture Act, fix any day as the record date for the purpose of determining the Holders entitled to give or take any request, demand, authorization, direction, notice, consent, waiver or other action, or to vote on any action, authorized or permitted to be given or taken by Holders. If not set by the Company prior to the first solicitation of a Holder made by any Person in respect of any such action, or, in the case of any such vote, prior to such vote, the record date for any such action or vote shall be the 30th day (or, if later, the date of the most recent list of Holders required to be provided pursuant to Section 10.08) prior to such first solicitation or vote, as the case may be. With regard to any record date, only the Holders on such date (or their duly designated proxies) shall be entitled to give or take, or vote on, the relevant action.

(d) The ownership of Securities shall be proved by the Security Register.

(e) Any request, demand, authorization, direction, notice, consent, waiver or other Act of the Holder of any Security shall bind every future Holder of the same Security and the Holder of every Security issued upon the registration of transfer thereof or in exchange therefor or in lieu thereof in respect of anything done, omitted or suffered to be done by the Trustee, the Co-Trustee or the Company in reliance thereon, whether or not notation of such action is made upon such Security.

Section 1.05 Notices, Etc., to Trustee, Co-Trustee and Company. Any request, demand, authorization, direction, notice, consent, waiver or other Act of Holders or other document provided or permitted by this Indenture to be made upon, given or furnished to, or filed with:

(a) the Trustee by any Holder or by the Company shall be sufficient for every purpose hereunder if made, given, furnished or filed in writing (which may be via facsimile) and sent to the Trustee at its Corporate Trust Office, with a copy to the Co-Trustee at its Corporate Trust Office; or

(b) the Company by the Trustee, the Co-Trustee or by any Holder shall be sufficient for every purpose hereunder (unless otherwise herein expressly provided) if in writing and mailed, first-class postage prepaid, to the Company, addressed to it at the address of its principal office specified in the first paragraph of this Indenture or at any other address previously furnished in writing to the Trustee or the Co-Trustee by the Company, Attention: Senior Vice-President and Associate General Counsel. In case by reason of the suspension of regular mail service or by reason of any other cause it shall be impracticable to give such notice by mail, then such notification via facsimile shall constitute a sufficient notification for every purpose hereunder.

Section 1.06 Notice to Holders; Waiver. Where this Indenture provides for notice to Holders of any event, such notice shall be sufficiently given (unless otherwise herein expressly provided) if in writing and mailed, first-class postage prepaid, to each Holder affected by such event, at such Holder's address as it appears in the Security Register, not later than the latest date (if any), and not earlier than the earliest date (if any), prescribed for the giving of such notice. In any case where notice to Holders is given by mail, neither the failure to mail such notice, nor any defect in any notice so mailed, to any particular Holder shall affect the sufficiency of such notice with respect to other Holders. Where this Indenture provides for notice in any manner, such notice may be waived in writing by the Person entitled to receive such notice, either before or after the event, and such waiver shall be the equivalent of such notice. Waivers of notice by Holders shall be filed with the Trustee and the Co-Trustee, but such filing shall not be a condition precedent to the validity of any action taken in reliance upon such waiver. In case by reason of the suspension of regular mail service or by reason of any other cause it shall be impracticable to give such notice by mail, then such notification as shall be made with the approval of the Trustee and the Co-Trustee shall constitute a sufficient notification for every purpose hereunder.

Section 1.07 Conflict with Trust Indenture Act. If any provision hereof limits, qualifies or conflicts with a provision of the Trust Indenture Act that is required under such Act to be a part of and govern this Indenture, the latter provision shall control. If any provision of this Indenture modifies or excludes any provision of the Trust Indenture Act that may be so modified or excluded, the latter provision shall be deemed to apply to this Indenture as so modified or to be excluded, as the case may be.

Section 1.08 Effect of Headings and Table of Contents. The Article and Section headings herein and the Table of Contents are for convenience only and shall not affect the construction hereof.

Section 1.09 Successors and Assigns. All covenants and agreements in this Indenture

by the Company shall bind its successors and assigns, whether so expressed or not.

Section 1.10 Separability Clause. In case any provision in this Indenture or in the Securities shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Section 1.11 Benefits of Indenture. Except as provided in Section 1.14, nothing in this Indenture or in the Securities, express or implied, shall give to any Person, other than the parties hereto and their respective successors hereunder and the Holders, any benefit or any legal or equitable right, remedy or claim under this Indenture.

Section 1.12 Governing Law. This Indenture and the Securities shall be governed by and construed in accordance with the laws of the State of New York.

Section 1.13 Legal Holiday. If any Interest Payment Date (other than an Interest Payment Date coinciding with the Stated Maturity or earlier required Fundamental Change Purchase Date or Redemption Date) falls on a day that is not a Business Day, such Interest Payment Date will be postponed to the next succeeding Business Day, and no interest on such payment will accrue for the period from the Interest Payment Date to such next succeeding Business Day. If the Stated Maturity or earlier required Fundamental Change Purchase Date or Redemption Date would fall on a day that is not a Business Day, the required payment of interest, if any (including Additional Interest Amounts and Additional Amounts, if any), and principal will be made on the next succeeding Business Day, and no interest on such payment will accrue for the period from and after the Stated Maturity or earlier required Fundamental Change Purchase Date or Redemption Date to such next succeeding Business Day. If any other specified date (including a date for giving notice) falls on a day that is not a Business Day, the action required to be taken on such specified date shall be taken on the next succeeding Business Day.

Section 1.14 No Recourse Against Others. No director, officer, employee, shareholder or Affiliate, as such, of the Company from time to time shall have any liability for any obligations of the Company under the Securities or this Indenture. Each Holder by accepting a Security waives and releases all such liability. This waiver and release are part of the consideration for the Securities. Each of such directors, officers, employers, shareholders and Affiliates of the Company is a third party beneficiary of this Section 1.14.

Section 1.15 Force Majeure. In no event shall the Trustee or the Co-Trustee be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services; it being understood that the Trustee and the Co-Trustee shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

Section 1.16 Counterparts. This instrument may be executed in any number of counterparts, each of which shall be deemed to be an original, and all such counterparts shall together constitute one and the same instrument.

Section 1.17 Waiver of Jury Trial. EACH OF THE COMPANY, THE TRUSTEE AND THE CO-TRUSTEE HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS INDENTURE, THE SECURITIES OR THE TRANSACTIONS CONTEMPLATED THEREBY.

Section 1.18 Consent to Service of Process. The Company irrevocably submits to the nonexclusive jurisdiction of any New York State or Federal court sitting in The City of New York over any suit, action or proceeding arising out of or relating to this Indenture or any Security. The Company irrevocably waives, to the fullest extent permitted by law, any objection which it may have to the laying of the venue of any such suit, action or proceeding brought in such a court and any claim that any such suit, action or proceeding brought in such a court has been brought in any inconvenient forum. The Company agrees that final judgment in any such suit, action or proceeding brought in such a court shall be conclusive and binding upon the Company and may be enforced in the courts of Canada (or any other courts to the jurisdiction of which the Company is subject) by a suit upon such judgment, *provided* that service of process is effected upon the Company in the manner specified in the following paragraph or as otherwise permitted by law; *provided, however*, that the Company does not waive, and the foregoing provisions of this sentence shall not constitute or be deemed to constitute a waiver of, (i) any right to appeal any such judgment, to seek any stay or otherwise to seek reconsideration or review of any such judgment or (ii) any stay of execution or levy pending an appeal from, or a suit, action or proceeding for reconsideration or review of, any such judgment.

As long as any of the Securities remain outstanding, the Company will at all times have an authorized agent in The Borough of Manhattan, The City of New York upon whom process may be served in any legal action or proceeding arising out of or relating to the Indenture or any Security. Service of process upon such agent together with the mailing of a copy thereof by registered or certified mail, postage prepaid, return receipt requested, to the address of the Company set forth in the first paragraph of this Indenture or to any other address of which the Company shall have given written notice to the Trustee or the Co-Trustee shall to the extent permitted by law be deemed in every respect effective service of process upon the Company in any such legal action or proceeding. The Company hereby appoints CT Corporation System as its agent for such purpose, and covenants and agrees that service of process in any such legal action or proceeding may be made upon it at the office of such agent at 111 Eighth Avenue, New York, New York 10011 (or at such other address in The Borough of Manhattan, The City of New York, as the Company may designate by written notice to the Trustee). The Company irrevocably waives, to the fullest extent permitted by law, all claim of error by reason of any such service (but does not waive any right to assert lack of subject matter jurisdiction) and agrees that such service (i) shall be deemed in every respect effective service of process upon the Company in any such suit, action or proceeding and (ii) shall, to the fullest extent permitted by law, be taken and held to be valid personal service upon and personal delivery to the Company.

Nothing in this Section shall affect the right of the Trustee, the Co-Trustee or any Holder to serve process in any manner permitted by law or limit the right of the Trustee or the Co-Trustee to bring proceedings against the Company in the courts of any jurisdiction or jurisdictions.

Section 1.19 Conversion of Currency.

(a) The Company covenants and agrees that the following provisions shall apply to conversion of currency in the case of the Securities and this Indenture:

(i) If for the purposes of obtaining judgment in, or enforcing the judgment of, any court in any country, it becomes necessary to convert into any other currency (the “**Judgment Currency**”) an amount due or contingently due under the Securities and this Indenture (the “**Required Currency**”), then the conversion shall be made at the Rate of Exchange prevailing on the Business Day before the day on which a final judgment which is not appealable or is not appealed is given or the order of enforcement is made, as the case may be (unless a court shall otherwise determine).

(ii) If there is a change in the Rate of Exchange prevailing between the Business Day before the day on which the judgment referred to in (i) above is given or an order of enforcement is made, as the case may be (or such other date as a court shall determine), and the date of receipt of the amount due, the Company shall pay such additional (or, as the case may be, such lesser) amount, if any, as may be necessary so that the amount paid in the Judgment Currency, when converted at the Rate of Exchange prevailing on the date of receipt, will produce the amount in the Required Currency originally due.

(b) In the event of the winding-up of the Company at any time while any amount or damages owing under the Securities and this Indenture, or any judgment or order rendered in respect thereof, shall remain outstanding, the Company shall indemnify and hold the Holders, the Trustee and the Co-Trustee harmless against any deficiency arising or resulting from any variation in rates of exchange between (1) the date as of which the equivalent of the amount in the Required Currency (other than under this Section 1.19(b)) is calculated for the purposes of such winding-up and (2) the final date for the filing of proofs of claim in such winding-up. For the purpose of this Section 1.19(b) the final date for the filing of proofs of claim in the winding-up of the Company shall be the date fixed by the liquidator or otherwise in accordance with the relevant provisions of applicable law as being the latest practicable date as at which liabilities of the Company may be ascertained for such winding-up prior to payment by the liquidator or otherwise in respect thereto.

(c) The obligations contained in Sections 1.19(a)(ii) and 1.19(b) shall constitute separate and independent obligations of the Company from its other obligations under the Securities and this Indenture, shall give rise to separate and independent causes of action against the Company, shall apply irrespective of any waiver or extension granted by any Holder, the Trustee or the Co-Trustee from time to time and shall continue in full force and effect notwithstanding any judgment or order or the filing of any proof of claim in the winding-up of the Company for a liquidated sum in respect of amounts due hereunder (other than under Section 1.19(b) above) or under any such judgment or order. Any such deficiency as aforesaid shall be deemed to constitute a loss suffered by the Holders, the Trustee or the Co-Trustee, as the case may be, and no proof or evidence of any actual loss shall be required by the Company or the applicable liquidator. In the case of Section 1.19(b) above, the amount of such deficiency shall not be deemed to be reduced by any variation in rates of exchange occurring between the said final date and the date of any liquidating distribution.

(d) The term “**Rate(s) of Exchange**” shall mean the Bank of Canada noon rate for purchases on the relevant date of the Required Currency with the Judgment Currency, as reported by Telerate on screen 3194 (or such other means of reporting the Bank of Canada noon rate as may be agreed upon by each of the parties to this Indenture) and includes any premiums and costs of exchange payable.

Section 1.20 Calculations in Respect of the Securities. Except as otherwise expressly provided in this Indenture, the Company will be responsible for making all calculations called for in respect of the Securities. These calculations include, but are not limited to, determinations of the Closing Sale Price of the Common Shares, accrued interest payable on the Securities and the Conversion Rate of the Securities and any adjustments to the Conversion Rate, the Conversion Price or otherwise. The Company shall make all such calculations in good faith and, absent manifest error, the Company’s calculations shall be final and binding on the Holders. The Company shall provide a schedule of its calculations to each of the Trustee, the Co-Trustee and the Conversion Agent, and each of the Trustee, the Co-Trustee and the Conversion Agent is entitled to rely conclusively upon the accuracy of the Company’s calculations without independent verification. The Trustee and the Co-Trustee shall forward the Company’s calculations to any Holder upon the written request of such Holder.

## ARTICLE II

### THE SECURITIES

Section 2.01 Forms Generally. The Securities and the Trustee’s certificate of authentication shall be substantially in the respective forms set forth in Exhibit A hereto. The terms and provisions contained in the form of Security shall constitute, and are hereby expressly made, a part of this Indenture and to the extent applicable, the Company, the Trustee, the Co-Trustee and the Conversion Agent, by their execution and delivery of this Indenture, expressly agree to such terms and provisions and to be bound thereby. Any of the Securities, including any Global Securities, may have such appropriate insertions, omissions, substitutions and other variations as are required or permitted by this Indenture, and may have such letters, numbers or other marks of identification and such legends (including those set forth in Section 2.05) or endorsements placed thereon as may be required to comply with the rules of any securities exchange or Depositary therefor, the Internal Revenue Code of 1986, as amended, and the regulations thereunder, and the Tax Act, or as may, consistently herewith, be determined by the officers executing such Securities, as evidenced by their execution thereof.

The Securities shall be initially issued in the form of one or more permanent Global Securities in registered form in substantially the form set forth in Exhibit A hereto. The aggregate Principal Amount of the Global Securities may from time to time be increased or decreased by adjustments made on the records of the Trustee, as custodian for the Depositary, as hereinafter provided.

Section 2.02 [Reserved]

Section 2.03 [Reserved]

Section 2.04 [Reserved]

Section 2.05 Legends.

(a) Subject to Section 2.12, all Securities originally issued hereunder (and all Securities issued in exchange therefor or substitution thereof) shall bear the legend set forth below (the “**Private Placement Legend**”):

THIS SECURITY AND THE COMMON SHARES ISSUABLE UPON CONVERSION OF THIS SECURITY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”), OR ANY OTHER SECURITIES LAWS. BY ITS ACQUISITION HEREOF, THE HOLDER AGREES NOT TO OFFER, SELL OR OTHERWISE TRANSFER THIS SECURITY PRIOR TO THE DATE PERMITTED BY RULE 144 UNDER THE SECURITIES ACT OR ANY SUCCESSOR PROVISION THERETO (THE “RESALE RESTRICTION TERMINATION DATE”), EXCEPT (A) TO BIOVAIL CORPORATION OR ANY SUBSIDIARY THEREOF, (B) OUTSIDE THE UNITED STATES IN ACCORDANCE WITH RULE 904 OF REGULATION S UNDER THE SECURITIES ACT, (C) PURSUANT TO RULE 144A UNDER THE SECURITIES ACT TO A PERSON THE SELLER REASONABLY BELIEVES IS A QUALIFIED INSTITUTIONAL BUYER AS DEFINED IN RULE 144A THAT PURCHASES FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF A QUALIFIED INSTITUTIONAL BUYER TO WHOM NOTICE IS GIVEN THAT THE TRANSFER IS BEING MADE IN RELIANCE ON RULE 144A UNDER THE SECURITIES ACT, OR (D) PURSUANT TO ANY OTHER AVAILABLE EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT, SUBJECT TO THE COMPANY’S AND THE TRUSTEE’S RIGHT PRIOR TO ANY SUCH OFFER, SALE OR TRANSFER PURSUANT TO CLAUSE (B) OR (D) TO REQUIRE THE DELIVERY OF AN OPINION OF COUNSEL, CERTIFICATIONS AND/OR OTHER INFORMATION SATISFACTORY TO EACH OF THEM. THIS LEGEND WILL BE REMOVED UPON THE REQUEST OF THE HOLDER AFTER THE RESALE REGISTRATION TERMINATION DATE. THIS SECURITY AND ANY RELATED DOCUMENTATION MAY BE AMENDED OR SUPPLEMENTED FROM TIME TO TIME TO MODIFY THE RESTRICTIONS ON AND PROCEDURES FOR REALES AND OTHER TRANSFERS OF THIS SECURITY TO REFLECT ANY CHANGE IN APPLICABLE LAW OR REGULATION (OR THE INTERPRETATION THEREOF) OR IN PRACTICES RELATING TO THE RESALE OR TRANSFER OF RESTRICTED SECURITIES GENERALLY. THE HOLDER OF THIS SECURITY SHALL BE DEEMED BY THE ACCEPTANCE OF THIS SECURITY TO HAVE AGREED TO ANY SUCH AMENDMENT OR SUPPLEMENT.

(b) Until October 13, 2009, all Securities originally issued hereunder (and all Securities issued in exchange therefor or substitution thereof) shall bear the legend set forth below (the “**Canadian Private Placement Legend**”):

UNLESS PERMITTED BY APPLICABLE SECURITIES LEGISLATION IN CANADA, THE HOLDER OF THIS SECURITY MAY NOT TRADE THIS SECURITY IN CANADA BEFORE OCTOBER 13, 2009.

(c) Each Global Security shall bear a legend in substantially the following form (the “**Global Security Legend**”):

THIS SECURITY IS HELD BY THE DEPOSITARY (AS DEFINED IN THE INDENTURE GOVERNING THIS SECURITY) OR ITS NOMINEE IN CUSTODY FOR THE BENEFIT OF THE BENEFICIAL OWNERS HEREOF, AND IS NOT TRANSFERABLE TO ANY PERSON UNDER ANY CIRCUMSTANCES EXCEPT THAT (I) THE TRUSTEE MAY MAKE SUCH NOTATIONS HEREON AS MAY BE REQUIRED PURSUANT TO ARTICLE II OF THE INDENTURE, (II) THIS SECURITY MAY BE EXCHANGED IN WHOLE BUT NOT IN PART PURSUANT TO ARTICLE II OF THE INDENTURE, (III) THIS SECURITY MAY BE DELIVERED TO THE TRUSTEE FOR CANCELLATION PURSUANT TO ARTICLE II OF THE INDENTURE AND (IV) THIS SECURITY MAY BE TRANSFERRED TO A SUCCESSOR DEPOSITARY WITH THE PRIOR WRITTEN CONSENT OF THE COMPANY.

Section 2.06 Title; Amount and Issue of Securities; Principal and Interest. The Securities shall be known and designated as the “5.375% Senior Convertible Notes due 2014” of the Company. The aggregate Principal Amount of Securities that may be authenticated and delivered under this Indenture is initially limited to \$350,000,000, except for Securities authenticated and delivered upon registration of, transfer of, or in exchange for, or in lieu of other Securities pursuant to Section 2.08, Section 2.09, Section 2.11, Section 2.13, Section 11.05, Section 12.04 and Section 13.02, *provided* that Additional Securities with the same terms and with the same CUSIP numbers as the Securities issued on the date of this Indenture may be issued in an unlimited aggregate principal amount from time to time thereafter pursuant to Section 2.08; *provided* that such Additional Securities must be part of the same issue as the Securities issued on the date of this Indenture for U.S. federal income tax purposes. The Principal Amount shall be payable on August 1, 2014, unless earlier converted, redeemed or purchased. The Securities and the Additional Securities, if any, will be treated as a single class for purposes of this Indenture.

The Securities shall bear interest at a rate of 5.375% per year. Interest on the Securities shall accrue from the Issue Date. Interest shall be payable semiannually in arrears on February 1 and August 1, beginning February 1, 2010. Interest (including any Additional Interest Amounts) on the Securities shall be computed on the basis of a 360-day year of twelve 30-day months. Each rate of interest which is calculated with reference to a period that is less than the actual number of days in the calendar year of calculation is, for the purposes of the

*Interest Act* (Canada), equivalent to the yearly rate of interest payable on the Securities multiplied by the actual number of days in the year and divided by 360. The amount of interest payable for any period shorter than a full quarterly period for which interest is computed will be computed on the basis of the actual number of days elapsed in the period.

Payments in respect of Securities represented by a Global Security (including principal and interest (including Additional Interest Amounts and Additional Amounts, if any)) will be made by wire transfer of immediately available funds to the accounts specified by the Depositary. The Company will pay principal of Physical Securities at the office or agency designated by the Company in The Borough of Manhattan, The City of New York. Interest (including Additional Interest Amounts and Additional Amounts, if any) on Physical Securities will be payable (i) to Holders having an aggregate Principal Amount of \$5,000,000 or less, by check mailed to the Holders of these Securities and (ii) to Holders having an aggregate Principal Amount of more than \$5,000,000, either by check mailed to each Holder or, upon application by a Holder to the Security Registrar not later than two days prior to the relevant Regular Record Date, by wire transfer in immediately available funds to that Holder's account within the United States, which application shall remain in effect until the Holder notifies the Security Registrar, in writing, to the contrary.

A Holder of any Security at 5:00 p.m., New York City time, on a Regular Record Date shall be entitled to receive interest (including Additional Interest Amounts or Additional Amounts, if any), on such Security on the corresponding Interest Payment Date. Holders of Securities at 5:00 p.m., New York City time, on a Regular Record Date will receive payment of interest (including Additional Interest Amounts or Additional Amounts, if any) payable on the corresponding Interest Payment Date notwithstanding the conversion of such Securities at any time after the close of business on such Regular Record Date. Securities surrendered for conversion during the period after 5:00 p.m., New York City time, on any Regular Record Date to 9:00 a.m., New York City time, on the immediately following Interest Payment Date must be accompanied by payment of an amount equal to the interest (including Additional Interest Amounts and Additional Amounts, if any) payable on the Securities so converted on the corresponding Interest Payment Date, subject to exceptions as set forth in Section 13.03(b). Except where Securities are surrendered for conversion and must be accompanied by payment as described in the immediately preceding sentence, no interest, Additional Interest Amounts or Additional Amounts, if any, thereon will be payable by the Company on any Interest Payment Date subsequent to the date of conversion, and delivery of the cash and Common Shares, if applicable, pursuant to Article XIII hereunder, together with any cash payment for any fractional shares, upon conversion will be deemed to satisfy the Company's obligation to pay the principal amount of the Securities and accrued and unpaid interest and Additional Interest Amounts or Additional Amounts, if any, to, but not including, the related Conversion Date.

Section 2.07 Denominations. The Securities shall be issuable only in registered form without coupons and in denominations of \$1,000 and any integral multiple of \$1,000 above that amount.

Section 2.08 Execution, Authentication, Delivery and Dating. The Securities shall be executed on behalf of the Company by any of its Chairman of the Board, its Chief Executive Officer, its Chief Operating Officer, its Chief Financial Officer, one of its Vice Presidents, its Secretary or one

of its Assistant Secretaries. The signature of any of these officers on the Securities may be manual or facsimile.

Securities bearing the manual or facsimile signatures of individuals who were at any time the proper officers of the Company shall bind the Company, notwithstanding that such individuals or any of them have ceased to hold such offices prior to the authentication and delivery of such Securities or did not hold such offices at the date of such Securities.

At any time and from time to time after the execution and delivery of this Indenture, the Company may deliver Securities executed by the Company to the Trustee for authentication, together with a Company Order for the authentication and delivery of such Securities. The Company Order shall specify the amount of Securities to be authenticated, and shall further specify the amount of such Securities to be issued as a Global Security or as Physical Securities. The Trustee, in accordance with such Company Order, shall authenticate and deliver such Securities as is in this Indenture provided and not otherwise.

Each Security shall be dated the date of its authentication.

No Security shall be entitled to any benefit under this Indenture or be valid or obligatory for any purpose unless there appears on such Security a certificate of authentication substantially in the form provided for in Exhibit A hereto executed by the Trustee by manual signature, and such certificate upon any Security shall be conclusive evidence, and the only evidence, that such Security has been duly authenticated and delivered hereunder.

Section 2.09 Temporary Securities. Pending the preparation of Physical Securities, the Company may execute, and upon Company Order the Trustee shall authenticate and deliver, temporary Securities which are printed, lithographed, typewritten, mimeographed or otherwise produced, in any authorized denomination, substantially of the tenor of the Physical Securities in lieu of which they are issued and with such appropriate insertions, omissions, substitutions and other variations as the officers executing such Securities may determine, as evidenced by their execution of such Securities.

If temporary Securities are issued, the Company will cause Physical Securities to be prepared without unreasonable delay. After the preparation of Physical Securities, the temporary Securities shall be exchangeable for Physical Securities upon surrender of the temporary Securities at any office or agency of the Company designated pursuant to Section 10.02, without charge to the Holder. Upon surrender for cancellation of any one or more temporary Securities, the Company shall execute and the Trustee shall authenticate and deliver in exchange therefor a like Principal Amount of Physical Securities of authorized denominations. Until so exchanged the temporary Securities shall in all respects be entitled to the same benefits under this Indenture as Physical Securities.

Section 2.10 Paying Agent; Registrar. The Company shall maintain an office or agency where Securities may be presented for registration of transfer or for exchange (the “**Security Registrar**”) and an office or agency where Securities may be presented to the Paying Agent for payment. The Company shall cause each of the Registrar and the Paying Agent to maintain an office or agency in The Borough of Manhattan, The City of New York. The Security Registrar shall keep a

register of the Securities and of their transfer and exchange (the “**Security Register**”). The Company may have one or more co-registrars and one or more additional paying agents. The term “**Paying Agent**” includes any additional paying agent and the term “**Security Registrar**” includes any co-registrar.

The Company initially appoints the Trustee as the Paying Agent and the Security Registrar. The Company may, however, change the Paying Agent or Security Registrar without prior notice to the Holders, and the Company may act as the Paying Agent and Security Registrar.

Section 2.11 Transfer and Exchange of Securities Generally.

(a) Upon surrender for registration of transfer of any Security at an office or agency of the Company designated pursuant to Section 10.02 for such purpose, the Company shall execute, and the Trustee shall authenticate and deliver, in the name of the designated transferee or transferees, one or more new Securities of any authorized denominations and of a like aggregate Principal Amount and tenor, each such Security bearing such legends as may be required by Section 2.12 and Section 2.15 of this Indenture.

(b) All Securities issued upon any registration of transfer or exchange of Securities shall be the valid obligations of the Company, evidencing the same debt, and entitled to the same benefits under this Indenture as the Securities surrendered upon such registration of transfer or exchange.

(c) Subject to Section 2.12, every Security presented or surrendered for registration of transfer or for exchange shall (if so required by the Company, the Trustee or the Co-Trustee) be duly endorsed, or be accompanied by a written instrument of transfer in form satisfactory to the Company and the Security Registrar duly executed, by the Holder thereof or his attorney duly authorized in writing.

(d) No service charge shall be made for any registration of transfer or exchange of Securities, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any registration of transfer or exchange of Securities, other than exchanges pursuant to Section 2.09 and Section 9.06 not involving any transfer.

(e) The Company shall not be required to exchange or register a transfer of any Security (i) during the 15 day period immediately preceding the mailing of any Notice of Redemption of any Security, (ii) after any Notice of Redemption has been given to Holders, except where such Notice of Redemption provides that such Security is to be redeemed only in part, the Company shall be required to exchange or register a transfer of the portion thereof not to be redeemed, (iii) that has been surrendered for conversion or (iv) as to which a Fundamental Change Purchase Notice has been delivered and not withdrawn, except where such Fundamental Change Purchase Notice provides that such Security is to be purchased only in part, the Company shall be required to exchange or register a transfer of the portion thereof not to be purchased.

(f) Neither the Trustee, the Co-Trustee nor any of their respective agents shall (i)

have any duty to monitor compliance with or with respect to any federal or state or other securities or tax laws or (ii) have any duty to obtain documentation on any transfers or exchanges other than as specifically required hereunder.

Section 2.12 Special Transfer and Exchange Provisions.

(a) Transfer and Exchange of Beneficial Interests in the Global Securities. So long as the Global Securities remain outstanding and are held by or on behalf of the Depositary, transfers and exchanges of beneficial interests in the Global Securities shall be made in accordance with the provisions of this Section 2.12(a) and in accordance with the rules and procedures of the Depositary to the extent applicable (the “**Applicable Procedures**”).

(i) No restrictions shall apply with respect to the transfer or registration of transfer of (A) a beneficial interest in a Restricted Global Security to a transferee that takes delivery in the form of a beneficial interest in an Unrestricted Global Security or (B) a beneficial interest in an Unrestricted Global Security to a transferee that takes delivery in the form of a beneficial interest in an Unrestricted Global Security; *provided* that any transfer described in this clause (i) shall be made in accordance with the Applicable Procedures. Neither the Trustee nor the Co-Trustee shall be deemed to have knowledge of such transfers.

(ii) Any transfer or exchange of a beneficial interest in a Restricted Global Security to a transferee that will take delivery in the form of a beneficial interest in an Unrestricted Global Security shall be registered, subject to the Applicable Procedures, only in accordance with this clause (ii). Upon (A) receipt by the Security Registrar of (w) instructions given in accordance with the Applicable Procedures from the Depositary or its nominee on behalf of an owner of a beneficial interest in a Restricted Global Security to transfer such beneficial interest to a Person that will take delivery in the form of a beneficial interest in an Unrestricted Global Security or to exchange such beneficial interest for a beneficial interest in an Unrestricted Global Security, (x) a written order of the Depositary or its nominee given in accordance with the Applicable Procedures containing account and other information with respect to such transfer or exchange, (y) a certificate of the transferor of the beneficial interest in the Restricted Global Security substantially in the form of Exhibit B hereto, including the applicable certifications in item (2) thereof, and (z) if the Security Registrar so requests, an Opinion of Counsel in form reasonably acceptable to the Security Registrar to the effect that such transfer or exchange is in compliance with the Securities Act and, if such transfer or exchange is being effected prior to October 13, 2009, applicable Canadian Securities Laws, and (B) satisfaction of all other applicable conditions imposed by this Indenture and the Applicable Procedures, the Security Registrar shall (1) reflect in the Security Register a decrease in the principal amount of such Restricted Global Security and an increase in the principal amount of such Unrestricted Global Security, each such adjustment to be equal to the beneficial interest transferred pursuant to this clause (ii), and (2) instruct the Depositary to make the corresponding adjustment to its records and debit and credit the accounts of the appropriate Agent Members in accordance with the Applicable Procedures.

(iii) Any transfer or exchange of a beneficial interest in an Unrestricted Global Security to a transferee that will take delivery in the form of a beneficial interest in a Restricted Global Security shall be registered, subject to the Applicable Procedures, only in accordance with this clause (iii). Upon (A) receipt by the Security Registrar of (w) instructions given in accordance with the Applicable Procedures from the Depositary or its nominee on behalf of an owner of a beneficial interest in an Unrestricted Global Security to transfer such beneficial interest to a Person that will take delivery in the form of a beneficial interest in a Restricted Global Security or to exchange such beneficial interest for a beneficial interest in a Restricted Global Security, (x) a written order of the Depositary or its nominee given in accordance with the Applicable Procedures containing account and other information with respect to such transfer or exchange, and (y) a certificate of the transferor of the beneficial interest in the Unrestricted Global Security substantially in the form of Exhibit B hereto, including the applicable certifications in item (1) thereof, and (B) satisfaction of all other applicable conditions imposed by this Indenture and the Applicable Procedures, the Security Registrar shall (1) reflect in the Security Register a decrease in the principal amount of such Unrestricted Global Security and an increase in the principal amount of such Restricted Global Security, each such adjustment to be equal to the beneficial interest transferred pursuant to this clause (iii), and (2) instruct the Depositary to make the corresponding adjustment to its records and debit and credit the accounts of the appropriate Agent Members in accordance with the Applicable Procedures.

(b) Transfer and Exchange of Beneficial Interests in the Global Securities for Physical Securities. A holder of a beneficial interest in a Global Security may transfer such beneficial interest to a Person who takes delivery thereof in the form of a Physical Security and may exchange such beneficial interest for a Physical Security only upon the occurrence of any of the events set forth in clauses (A), (B) and (C) of Section 2.15(b) and satisfaction of the conditions set forth in this Section 2.12(b). Upon the occurrence of any such preceding event and receipt by the Security Registrar of the documentation referred to in the appropriate subparagraph of this Section 2.12(b), the Trustee shall cause the aggregate Principal Amount of the applicable Global Security to be reduced accordingly, and the Company shall execute and the Trustee shall authenticate and deliver to the Person designated in the instructions a Physical Security in the appropriate Principal Amount. Any Physical Security issued in exchange for a beneficial interest pursuant to this Section 2.12(b) shall be registered in such name or names and in such authorized denomination or denominations as the holder of such beneficial interest shall instruct the Security Registrar through instructions from the Depositary and the Agent Members. The foregoing requirements shall apply to all transfers and exchanges pursuant to this Section 2.12(b).

(i) A holder of a beneficial interest in a Restricted Global Security may transfer such beneficial interest to a Person who takes delivery thereof in the form of a Restricted Physical Security upon the receipt by the Security Registrar of a certificate from such holder substantially in the form of Exhibit B hereto, including the applicable certifications in item (1) thereof. Any Physical Security issued in exchange for a beneficial interest in a Restricted Global Security pursuant to this Section 2.12(b)(i) shall bear the Private Placement Legend and shall be subject to all restrictions on transfer contained therein.

(ii) A holder of a beneficial interest in a Restricted Global Security may transfer such beneficial interest to a Person who takes delivery thereof in the form of an Unrestricted Physical Security or may exchange such beneficial interest for Unrestricted Physical Securities upon the receipt by the Security Registrar of a certificate from such holder substantially in the form of Exhibit B hereto, including the applicable certifications in item (2) thereof, and, if the Security Registrar so requests, an Opinion of Counsel in form reasonably acceptable to the Security Registrar to the effect that such transfer or exchange is in compliance with the Securities Act and, if such transfer or exchange is being effected prior to October 13, 2009, applicable Canadian Securities Laws. Any Unrestricted Physical Securities issued in exchange for a beneficial interest in a Restricted Global Security pursuant to this Section 2.12(b)(ii) shall not bear the Private Placement Legend.

(iii) Other than the restrictions on transfer set forth in the Canadian Private Placement Legend, if applicable, no restrictions shall apply with respect to the transfer or exchange of a beneficial interest in an Unrestricted Global Security.

(c) Transfer and Exchange of Physical Securities for Physical Securities. Upon request by a Holder of Physical Securities and such Holder's compliance with the provisions of this Section 2.12(c), the Security Registrar shall register the transfer or exchange of Physical Securities. Prior to such registration of transfer or exchange, the requesting Holder shall present or surrender to the Security Registrar the Physical Securities duly endorsed or accompanied by a written instruction of transfer in form satisfactory to the Security Registrar duly executed by such Holder or by its attorney, duly authorized in writing. In addition, the requesting Holder shall provide any additional certifications, documents and information, as applicable, required pursuant to the following provisions of this Section 2.12(c).

(i) Any Restricted Physical Security may be transferred to a Person who takes delivery thereof in the form of a Restricted Physical Security if the Security Registrar receives a certificate substantially in the form of Exhibit B hereto, including the certifications in item (1) thereof.

(ii) Any Restricted Physical Security may be transferred to a Person who takes delivery thereof in the form of an Unrestricted Physical Security or exchanged for Unrestricted Physical Securities if the Security Registrar receives a certificate substantially in the form of Exhibit B hereto, including the applicable certifications in item (2) thereof, and, if the Security Registrar so requests, an Opinion of Counsel in form reasonably acceptable to the Security Registrar to the effect that such transfer or exchange is in compliance with the Securities Act and, if such transfer or exchange is being effected prior to October 13, 2009, applicable Canadian Securities Laws. Any Unrestricted Physical Security issued in exchange for a Restricted Physical Security pursuant to this Section 2.12(c)(ii) shall not bear the Private Placement Legend.

(iii) Other than the restrictions on transfer set forth in the Canadian Private Placement Legend, if applicable, no restrictions shall apply with respect to the transfer of an Unrestricted Physical Security.

(d) General. By its acceptance of any Security bearing the Private Placement Legend, the Canadian Private Placement Legend and/or the Global Security Legend, each Holder of such a Security acknowledges the restrictions on transfer of such Security set forth in this Indenture and in such legends and agrees that it will transfer such Security only as provided in this Indenture. The Security Registrar shall retain, in accordance with its customary procedures, copies of all letters, notices and other written communications received pursuant to this Section 2.12. The Company shall have the right to inspect and make copies of all such letters, notices or other written communications at any reasonable time upon the giving of reasonable written notice to the Security Registrar.

Section 2.13 Mutilated, Destroyed, Lost and Stolen Securities. If any mutilated Security is surrendered to the Trustee or the Co-Trustee, the Company shall execute and the Trustee shall authenticate and deliver in exchange therefor a new Security of like tenor and Principal Amount and bearing a number not contemporaneously outstanding.

If there shall be delivered to the Company and the Trustee (i) evidence to their satisfaction of the destruction, loss or theft of any Security and (ii) such security or indemnity as may be required by them to save each of them and any agent of either of them harmless, then, in the absence of notice to the Company or the Trustee that such Security has been acquired by a bona fide purchaser, the Company shall execute and the Trustee shall authenticate and deliver, in lieu of any such destroyed, lost or stolen Security, a new Security of like tenor and Principal Amount and bearing a number not contemporaneously outstanding.

In case any such mutilated, destroyed, lost or stolen Security has become or is about to become due and payable, the Company in its discretion may, instead of issuing a new Security, pay such Security.

Upon the issuance of any new Security under this Section 2.12, the Company may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) connected therewith.

Every new Security issued pursuant to this Section in lieu of any destroyed, lost or stolen Security shall constitute an original additional contractual obligation of the Company, whether or not the destroyed, lost or stolen Security shall be at any time enforceable by anyone, and shall be entitled to all the benefits of this Indenture equally and proportionately with any and all other Securities duly issued hereunder.

The provisions of this Section 2.12 are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, destroyed, lost or stolen Securities.

Section 2.14 Persons Deemed Owners. Prior to due presentment of a Security for registration of transfer, the Company, the Trustee, the Co-Trustee and any agent of the Company, the Trustee or the Co-Trustee may treat the Person in whose name such Security is registered as the owner of such Security for the purpose of receiving payment of principal on such Security and for all other purposes whatsoever, whether or not such Security be overdue, and neither the Company, the Trustee,

the Co-Trustee nor any agent of the Company, the Trustee or the Co-Trustee shall be affected by notice to the contrary.

Section 2.15 Book-Entry Provisions for Global Securities.

(a) Any Global Securities shall (i) be registered in the name of the Depositary or the nominee of such Depositary, (ii) be deposited with the Trustee as custodian for the Depositary, at its Corporate Trust Office, and (iii) bear the Global Note Legend. Members of, or participants in, the Depositary (“**Agent Members**”) shall have no rights under this Indenture with respect to any Global Security held on their behalf by the Depositary, or the Trustee as its custodian, and the Depositary may be treated by the Company, the Trustee, the Co-Trustee and any agent of the Company, the Trustee or the Co-Trustee as the absolute owner of any Global Security for all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall prevent the Company, the Trustee, the Co-Trustee or any agent of the Company, the Trustee or the Co-Trustee from giving effect to any written certification, proxy or other authorization furnished by the Depositary or impair, as between the Depositary and the Agent Members, the operation of customary practices governing the exercise of the rights of any Holder.

(b) Transfers of the Global Securities shall be limited to transfers in whole, but not in part, to the Depositary, its successors or their respective nominees. Physical Securities shall be transferred to beneficial owners in exchange for their beneficial interests in the Global Securities only if (A) the Depositary has notified the Company (or in the case of clause (ii) below the Company becomes aware) that the Depositary (i) is unwilling or unable to continue as Depositary for such Global Security or (ii) has ceased to be a clearing agency registered under the Exchange Act when the Depositary is required to be so registered and, in both such cases, no successor Depositary shall have been appointed within 90 days of such notification or of the Company becoming aware of such event, as applicable (B) there shall have occurred and be continuing an Event of Default with respect to such Global Security and the Outstanding Securities shall have become due and payable pursuant to Section 5.02 and any Holder requests that Physical Securities be issued or (C) the Company has determined in its sole discretion that the Securities shall no longer be represented by Global Securities. Any such transfer or exchange of interests of beneficial owners in a Global Security, in whole or in part, for Physical Securities shall be in accordance with the rules and procedures of the Depositary and the provisions of Section 2.12.

(c) The Holder of the Global Securities may grant proxies and otherwise authorize any Person, including Agent Members and Persons that may hold interests through Agent Members, to take any action which a Holder is entitled to take under this Indenture or the Securities.

Section 2.16 Cancellation. The Company at any time may deliver to the Trustee or the Co-Trustee for cancellation any Securities previously authenticated and delivered hereunder which the Company may have acquired in any manner whatsoever, and may deliver to the Trustee or the Co-Trustee for cancellation any Securities previously authenticated hereunder which the Company has not issued and sold. The Trustee or the Co-Trustee shall cancel and dispose of all Securities surrendered for registration of transfer, exchange, payment, purchase, redemption, conversion (pursuant to Article XIII hereof) or cancellation in accordance with their customary practices. If the Company shall

acquire any of the Securities, such acquisition shall not operate as a redemption or satisfaction of the indebtedness represented by such Securities unless and until the same are delivered to the Trustee or the Co-Trustee for cancellation. The Company may not issue new Securities to replace Securities it has paid in full or delivered to the Trustee or the Co-Trustee for cancellation.

**Section 2.17 Defaulted Interest.** Any interest (including Additional Interest Amounts and Additional Amounts, if any) on any Security which is payable, but is not paid when the same becomes due and payable and such nonpayment continues for a period of 30 days, shall forthwith cease to be payable to the Holder on the Regular Record Date, and such defaulted interest and (to the extent lawful) interest on such defaulted interest at the rate set forth in Section 10.01 (such defaulted interest and interest thereon herein collectively called “**Defaulted Interest**”) shall be paid by the Company, at its election in each case, as provided in clause (a) or (b) below:

(a) The Company may elect to make payment of any Defaulted Interest to the Persons in whose names the Securities (or their respective predecessor Securities) are registered at the close of business on a Special Record Date for the payment of such Defaulted Interest, which shall be fixed in the following manner. The Company shall notify the Trustee and the Co-Trustee in writing of the amount of Defaulted Interest proposed to be paid on each Security and the date (not less than 30 days after such notice) of the proposed payment (the “**Special Interest Payment Date**”), and at the same time the Company shall deposit with the Trustee an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment, such money when deposited to be held in trust for the benefit of the Persons entitled to such Defaulted Interest as in this Section 2.16(a) provided. Thereupon the Trustee shall fix a record date (the “**Special Record Date**”) for the payment of such Defaulted Interest which shall be not more than 15 days and not less than 10 days prior to the Special Interest Payment Date and not less than 10 days after the receipt by the Trustee of the notice of the proposed payment. The Trustee shall promptly notify the Company of such Special Record Date, and in the name and at the expense of the Company, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date and Special Interest Payment Date therefor to be given in the manner provided for in Section 12.02, not less than 10 days prior to such Special Record Date. Notice of the proposed payment of such Defaulted Interest and the Special Record Date and Special Interest Payment Date therefor having been so given, such Defaulted Interest shall be paid on the Special Interest Payment Date to the Persons in whose names the Securities (or their respective predecessor Securities) are registered at the close of business on such Special Record Date and shall no longer be payable pursuant to Section 2.16(b).

(b) The Company may make payment of any Defaulted Interest in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities may be listed, and upon such notice as may be required by such exchange, if, after notice given by the Company to the Trustee of the proposed payment pursuant to this clause, such manner of payment shall be deemed practicable by the Trustee.

Subject to the foregoing provisions of this Section 2.17, each Security delivered under this Indenture upon registration of, transfer of or in exchange for or in lieu of any other

Security shall carry the rights to interest (including Additional Interest Amounts and Additional Amounts, if any) accrued and unpaid, and to accrue, which were carried by such other Security.

Section 2.18 CUSIP Numbers. The Company, in issuing the Securities, may use “CUSIP” numbers (if then generally in use), and, if so, the Trustee and the Co-Trustee shall use “CUSIP” numbers in notices as a convenience to Holders; *provided* that any such notice may state that no representation is made as to the correctness of such numbers either as printed on the Securities or as contained in any notice and that reliance may be placed only on the other identification numbers printed on the Securities, and any such notice shall not be affected by any defect in or omission of such numbers. The Company will promptly notify the Trustee and the Co-Trustee of any change in the “CUSIP” numbers.

Section 2.19 Ranking. The indebtedness of the Company arising under or in connection with this Indenture and every outstanding Security issued under this Indenture from time to time constitutes and will constitute a senior unsecured general obligation of the Company, ranking equally with other existing and future unsecured senior and unsubordinated Indebtedness of the Company and ranking senior in right of payment to any future Indebtedness of the Company that is expressly made subordinate to the Securities by the terms of such Indebtedness. For purposes of this Section 2.19 only, “**Indebtedness**” means, without duplication, the principal or face amount of (a) all obligations for borrowed money, (b) all obligations evidenced by debentures, notes or other similar instruments, (c) all obligations in respect of letters of credit or bankers acceptances or similar instruments (or reimbursement obligations with respect thereto), (d) all obligations to pay the deferred purchase price of property or services, (e) all obligations as lessee which are capitalized in accordance with generally accepted accounting principles and (f) all Indebtedness of others guaranteed by the Company or any of its Subsidiaries or for which the Company or any of its Subsidiaries is legally responsible or liable (whether by agreement to purchase indebtedness of, or to supply funds or to invest in, others).

Section 2.20 Sinking Fund. The Securities shall not have the benefit of a sinking fund.

### ARTICLE III

#### OPTIONAL REDEMPTION

Section 3.01 Company’s Right to Redeem; Notices to Trustee and Co-Trustee.

(a) At any time on or after August 2, 2012, the Company may redeem the Securities, in whole or from time to time in part, for cash at a Redemption Price equal to 100% of the Principal Amount being redeemed plus accrued and unpaid interest to, but excluding, the Redemption Date, if the Closing Sale Price of the Common Shares is equal to or greater than 130% of the Conversion Price then in effect for at least 20 Trading Days in the period of 30 consecutive Trading Days ending on the Trading Day prior to the date of mailing of the Notice of Redemption (such redemption, an “**Optional Redemption**”).

(b) If the Company elects to redeem Securities pursuant to an Optional Redemption, it shall notify the Trustee and the Co-Trustee in writing of the Redemption Date, the Principal Amount of Securities to be redeemed, the Conversion Price and the Redemption

Price payable on the Redemption Date. The Company shall give such notice to the Trustee and the Co-Trustee at least 30 days but no more than 60 days before the Redemption Date (unless shorter notice shall be satisfactory to the Trustee or Co-Trustee, as applicable).

(c) In connection with any Optional Redemption, the Company shall furnish to the Trustee and the Co-Trustee an Officers' Certificate stating that, in the opinion of the signers, all conditions precedent, if any, to the Optional Redemption have been complied with.

Section 3.02 Selection of Securities to be Redeemed. If, in the case of an Optional Redemption, fewer than all of the Outstanding Securities are to be redeemed, the Trustee (on behalf of the Trustee and Co-Trustee) shall select the Securities to be redeemed in Principal Amounts of \$1,000 or integral multiples thereof. The Trustee may select the Securities by lot, pro rata or by any other method the Trustee considers fair and appropriate or in any manner required by the Depositary.

If a portion of a Holder's Securities is selected for partial redemption and the Holder thereafter surrenders a portion of such Securities for conversion before termination of the conversion right with respect to the portion of the Security so selected for redemption, the portion of such Security surrendered for conversion shall be deemed (so far as may be), solely for purposes of determining the aggregate Principal Amount of Securities to be redeemed by the Company, to be the portion selected for redemption.

Securities which have been converted during a selection of Securities to be redeemed may be treated by the Trustee and the Co-Trustee as outstanding for the purpose of such selection. Nothing in this Section 3.02 shall affect the right of any Holder to convert any Security pursuant to Article XIII before the termination of the conversion right with respect thereto.

Section 3.03 Notice of Optional Redemption.

(a) At least 30 days but not more than 60 days before a Redemption Date in connection with an Optional Redemption, the Company shall provide a notice of redemption (a "**Notice of Optional Redemption**") to each Holder of Securities to be redeemed at such Holder's address kept by the Security Registrar.

(b) The Notice of Optional Redemption shall identify the Securities to be redeemed and shall state:

(i) the Redemption Date;

(ii) the Redemption Price;

(iii) the applicable Conversion Rate as of the Trading Day prior to the date of the mailing of the Notice of Optional Redemption;

(iv) the name and address of the Paying Agent and the Conversion Agent;

(v) that Securities called for redemption must be surrendered to the Paying Agent for cancellation to collect the Redemption Price;

(vi) that the Securities called for redemption may be converted at any time before 5:00 p.m., New York City time, on the second Business Day prior to the Redemption Date;

(vii) that Holders who wish to convert their Securities must satisfy the requirements set forth in Article XIII;

(viii) that, unless the Company defaults in making payment of the Redemption Price for the Securities (or portions thereof) called for redemption, any interest (including Additional Interest Amounts or Additional Amounts, if any) on Securities (or portions thereof) called for redemption will cease to accrue on and after the Redemption Date, and the only remaining right of the Holder will be to receive payment of the Redemption Price upon presentation and surrender to the Paying Agent of the Securities;

(ix) if fewer than all the outstanding Securities are to be redeemed, the certificate number (if such Securities are held other than in global form) and Principal Amounts of the particular Securities to be redeemed; and

(x) the CUSIP number or numbers for the Securities called for redemption.

(c) at the Company's request, the Trustee shall give the Notice of Optional Redemption in the Company's name and at the Company's expense; *provided, however*, that the Company makes such request at least five Business Days (unless a shorter period shall be satisfactory to the Trustee or the Co-Trustee, as applicable) prior to the date by which such Notice of Optional Redemption must be given to the Holders in accordance with this Section 3.03; *provided, further*, that the text of the Notice of Optional Redemption shall be prepared by the Company in consultation with the Trustee.

**Section 3.04 Effect of Notice of Optional Redemption.** Once a Notice of Optional Redemption is given, Securities called for redemption become due and payable on the Redemption Date and at the Redemption Price stated in such notice, except for Securities that are converted in accordance with the provisions of Article XIII. Upon surrender to the Paying Agent, such redeemed Securities shall be paid at the Redemption Price stated in the Notice of Optional Redemption. Failure to give notice or any defect in the notice to any Holder shall not affect the validity of the notice to any other Holder.

If a Redemption Date is after a Regular Record Date for the payment of interest but on or prior to the corresponding Interest Payment Date, then the interest payable on such Interest Payment Date will be paid to the Holder of record of such Security on the relevant Regular Record Date, and the amount paid to the Holder who presents the Security for redemption shall be 100% of the Principal Amount of such Security.

**Section 3.05 Deposit of Redemption Price.** Prior to 10:00 a.m., New York City time, on the applicable Redemption Date, the Company shall deposit with the Paying Agent an amount of cash (in immediately available funds if deposited on such Redemption Date) sufficient to pay the aggregate Redemption Price of all Securities (or portions thereof) to be redeemed on such Redemption Date, other than Securities or portions of Securities called for redemption which on or prior thereto have been delivered by the Company to the Trustee or the Co-Trustee for cancellation or have been

converted.

If, on such Redemption Date, the Paying Agent holds, in accordance with the terms of this Indenture, cash sufficient to pay the Redemption Price of any Securities for which a Notice of Optional Redemption has been given, then on and after such Redemption Date, such Securities will cease to be outstanding, and interest (including Additional Interest Amounts or Additional Amounts, if any) on such Securities will cease to accrue (whether or not book-entry transfer of such Securities is made and whether or not such Securities are delivered to the Paying Agent), and the rights of the Holders in respect thereof shall terminate (other than the right to receive the Redemption Price upon delivery of such Securities). Nothing herein shall preclude the withholding of any taxes required by law to be withheld or deducted.

Section 3.06 No Redemption Upon Acceleration. Notwithstanding the foregoing, the Company may not redeem the Securities if the Principal Amount of Securities has been accelerated, and such acceleration has not been rescinded on or prior to such Redemption Date (except in the case of an acceleration resulting from a Default by the Company in the payment of the Redemption Price with respect to such Securities).

Section 3.07 Securities Redeemed in Part. Any Security which is to be redeemed only in part shall be surrendered at the office of the Paying Agent and the Company shall execute and the Trustee shall authenticate and deliver to the Holder of such Security, without charge, a new Security or Securities, of any authorized denomination as requested by such Holder in aggregate Principal Amount equal to the unredeemed portion of the Security surrendered.

Section 3.08 Repayment to the Company. To the extent that the aggregate amount of cash deposited by the Company pursuant to the foregoing exceeds the aggregate Redemption Price of the Securities or portions thereof which the Company is redeeming as of the Redemption Date, then, promptly after the Redemption Date, the Paying Agent shall return any such excess to the Company. If such money is then held by the Company or an Affiliate of the Company in trust and is not required for such purpose, it shall be discharged from such trust.

ARTICLE IV

SATISFACTION AND DISCHARGE

Section 4.01 Satisfaction and Discharge of Indenture. This Indenture shall cease to be of further effect (except as to any surviving rights of registration of transfer or exchange of Securities herein expressly provided for), and the Trustee and Co-Trustee, on demand of and at the expense of the Company, shall execute proper instruments acknowledging satisfaction and discharge of this Indenture, when

(a) either:

(i) all Securities theretofore authenticated and delivered (other than (A) Securities which have been destroyed, lost or stolen and which have been replaced or paid as provided in Section 2.13 and (B) Securities for whose payment money has theretofore been deposited with the Trustee or the Co-Trustee in trust or segregated and held in trust by the Company and thereafter repaid to the Company or discharged from

such trust as provided in Section 10.03) have been delivered to the Trustee or the Co-Trustee for cancellation; or

(ii) all such Securities not theretofore delivered to the Trustee or Co-Trustee for cancellation have become due and payable, and the Company has deposited or caused to be deposited with the Trustee or the Co-Trustee as trust funds in trust for this purpose an amount sufficient to pay and discharge the entire indebtedness evidenced by such Securities not theretofore delivered to the Trustee or the Co-Trustee for cancellation;

(b) the Company has paid or caused to be paid all other sums payable hereunder by the Company; and

(c) the Company has delivered to the Trustee and the Co-Trustee an Officers' Certificate and an Opinion of Counsel, each stating that all conditions precedent herein provided for relating to the satisfaction and discharge of this Indenture have been complied with.

Notwithstanding the satisfaction and discharge of this Indenture, the obligations of the Company to the Trustee and the Co-Trustee under Section 6.07 and, if money shall have been deposited with the Trustee and the Co-Trustee pursuant to Section 4.01(a)(ii), the obligations of the Trustee and the Co-Trustee under Section 4.02 and the last paragraph of Section 10.03 shall survive such satisfaction and discharge.

Section 4.02 Application of Trust Money. Subject to the provisions of the last paragraph of Section 10.03, all money deposited with the Trustee and the Co-Trustee pursuant to Section 4.01 shall be held in trust and applied by them, in accordance with the provisions of the Securities and this Indenture, to the payment, either directly or through any Paying Agent (including the Company acting as its own Paying Agent) as the Trustee and Co-Trustee may determine, to the Persons entitled thereto, of the principal and interest (including Additional Interest Amounts or Additional Amounts, if any), for whose payment such money has been deposited with the Trustee or the Co-Trustee.

## ARTICLE V

### REMEDIES

Section 5.01 Events of Default. "**Event of Default**," wherever used herein, means any one of the following events (whatever the reason for such Event of Default and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body):

(a) default in the payment of the Principal Amount, Redemption Price or Fundamental Change Purchase Price on any Security when it becomes due and payable;

(b) default in the payment of interest or Additional Interest Amounts or Additional Amounts, if any, upon any Security when such amounts become due and payable and continuance of such default for a period of 30 days;

(c) default in the performance of any covenant, agreement or condition of the Company in this Indenture or the Securities (other than a default specified in Sections 5.01(a) or 5.01 (b)), and continuance of such default for a period of 60 days after there has been given, by registered or certified mail, to the Company by the Trustee or the Co-Trustee, or to the Company, the Trustee and the Co-Trustee by the Holders of at least 25% in aggregate Principal Amount of the Outstanding Securities a written notice specifying such default and requiring it to be remedied and stating that such notice is a “**Notice of Default**” hereunder;

(d) failure by the Company to convert Securities into cash, Common Shares or a combination of cash and Common Shares, at the Company’s election, upon exercise of a Holder’s conversion right and such failure continues for five Business Days or more;

(e) default in the payment of any indebtedness (other than indebtedness that is non-recourse to the Company or its Subsidiaries) for borrowed money by the Company or any of its Subsidiaries (all or substantially all of the outstanding voting securities of which are owned, directly or indirectly, by the Company) in an outstanding principal amount in excess of \$25,000,000 (or the equivalent thereof in any other currency or currency unit) when such amounts become due at final maturity or upon acceleration, and such indebtedness is not discharged or such default in payment or acceleration is not cured, rescinded or annulled within 10 days after written notice, by registered or certified mail, to the Company by the Trustee or the Co-Trustee specifying such default and requiring it to be remedied and stating that such notice is a “Notice of Default” hereunder;

(f) the rendering of a final judgment or judgments (not subject to appeal and not covered by insurance) against the Company or any of its Subsidiaries in excess of \$25,000,000 (or the equivalent thereof in any other currency or currency unit) which remains unstayed, undischarged or unbonded for a period of 60 days;

(g) failure by the Company to give notice of a Fundamental Change as set forth in Section 12.01(b) or notice of certain transactions as set forth under Section 13.01(a)(iv);

(h) failure by the Company to comply with its obligations under Article VIII;

(i) the entry by a court having jurisdiction in the premises of (i) a decree or order for relief in respect of the Company or any of its Significant Subsidiaries of a voluntary case or proceeding under any applicable U.S. or Canadian federal, state or provincial bankruptcy, insolvency, reorganization or other similar law, (ii) a decree or order adjudging the Company or any of its Significant Subsidiaries as bankrupt or insolvent, or approving as properly filed a petition seeking reorganization, arrangement, adjustment or composition of or in respect of the Company or any of its Significant Subsidiaries under any applicable U.S. or Canadian federal, state or provincial law or (iii) a decree or order appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator or other similar official of the Company or any of its Significant Subsidiaries or of any substantial part of its or their property, or ordering the winding up or liquidation of its or their affairs, and

the continuance of any such decree or order for relief or any such other appointment, decree or order unstayed and in effect for a period of 60 consecutive days; or

(j) the commencement by the Company or any of its Significant Subsidiaries of a voluntary case or proceeding under any applicable U.S. or Canadian federal, state or provincial bankruptcy, insolvency, reorganization or other similar law or of any other case or proceeding to be adjudicated a bankrupt or insolvent, or the consent by any of them to the entry of a decree or order for relief in respect of the Company or any of its Significant Subsidiaries in an involuntary case or proceeding under any applicable U.S. or Canadian federal, state or provincial bankruptcy, insolvency, reorganization or other similar law or to the commencement of any bankruptcy or insolvency case or proceeding against it or any of them, or the filing by it or any of them of a petition or answer or consent seeking reorganization or relief under any applicable U.S. or Canadian federal, state or provincial law, or the consent by it or any of them to the filing of such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee, sequestrator or other similar official of the Company or any of its Significant Subsidiaries or of any substantial part of its or their property, or the making by it or any of them of an assignment for the benefit of creditors.

Section 5.02 Acceleration of Maturity; Rescission and Annulment.

(a) If an Event of Default (other than those specified in Section 5.01(i) and Section 5.01(j) with respect to the Company or any of its Significant Subsidiaries) occurs and is continuing, then and in every such case the Trustee and the Co-Trustee or the Holders of not less than 25% in aggregate Principal Amount of the Outstanding Securities may declare the Principal Amount plus accrued and unpaid interest, including Additional Interest Amounts or Additional Amounts, if any, on all the Outstanding Securities to be immediately due and payable, by a notice in writing to the Company (and to the Trustee and the Co-Trustee if given by Holders), and upon any such declaration such Principal Amount plus accrued but unpaid interest, including Additional Interest Amounts or Additional Amounts, if any, shall become immediately due and payable.

Notwithstanding the foregoing, in the case of an Event of Default specified in Section 5.01(i) and Section 5.01(j) with respect to the Company or any of its Significant Subsidiaries, the Principal Amount plus accrued but unpaid interest, including Additional Interest Amounts or Additional Amounts, if any, on all Outstanding Securities will *ipso facto* become due and payable without any declaration or other Act on the part of any Holder, the Trustee or the Co-Trustee.

(b) At any time after such a declaration of acceleration has been made and before a judgment or decree for payment of the money due has been obtained by the Trustee or the Co-Trustee as hereinafter in this Article V provided, the Holders of a majority in aggregate Principal Amount of the Outstanding Securities, by written notice to the Company and the Trustee and the Co-Trustee, may rescind and annul such declaration and its consequences if:

(i) the Company has paid or deposited with the Trustee or the Co-Trustee a sum sufficient to pay:

(A) the Principal Amount plus accrued but unpaid interest, including Additional Interest Amounts or Additional Amounts, if any, or Redemption Price or Fundamental Change Purchase Price, as applicable, on any Securities which have become due otherwise than by such declaration of acceleration, and interest on any such amounts that are overdue at the rate of 1.00% per annum from the required payment date, and

(B) all sums paid or advanced by the Trustee or Co-Trustee hereunder and the reasonable compensation, expenses, disbursements and advances of the Trustee and the Co-Trustee, their respective agents and counsel, and any other amounts due the Trustee and the Co-Trustee under Section 6.07; and

(ii) all Events of Default, other than the non-payment of the Principal Amount plus accrued but unpaid interest, including Additional Interest Amounts or Additional Amounts, if any, on Securities which have become due solely by such declaration of acceleration, have been cured or waived as provided in Section 5.13.

No such rescission shall affect any subsequent default or impair any right consequent thereon.

Section 5.03 Other Remedies. If an Event of Default occurs and is continuing, the Trustee may, but shall not be obligated to, pursue any available remedy to collect the payment of the Principal Amount plus accrued but unpaid interest, including Additional Interest Amounts or Additional Amounts, if any, on the Securities or to enforce the performance of any provision of the Securities or this Indenture. The Trustee or the Co-Trustee may maintain a proceeding even if the Trustee or the Co-Trustee, as applicable, does not possess any of the Securities or does not produce any of the Securities in the proceeding. A delay or omission by the Trustee, the Co-Trustee or any Holder in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of, or acquiescence in, the Event of Default. No remedy is exclusive of any other remedy. All available remedies are cumulative.

Section 5.04 Collection of Indebtedness and Suits for Enforcement by Trustee or Co-Trustee. The Company covenants that if:

(a) default is made in the payment of any interest, including Additional Interest Amounts, on any Security when such amounts become due and payable and such default continues for a period of 30 days, or

(b) default is made in the payment of the Principal Amount plus accrued but unpaid interest (including Additional Interest Amounts or Additional Amounts, if any) at the Stated Maturity thereof or in the payment of the Redemption Price or Fundamental Change Purchase Price in respect of any Security,

the Company will, upon demand of the Trustee or the Co-Trustee, pay to the Trustee or the Co-Trustee, for the benefit of the Holders of such Securities, the whole amount then due and payable on such Securities, and, in addition thereto, such further amount as shall be sufficient to cover the costs and expenses of collection, including the reasonable compensation, expenses, disbursements and advances of the Trustee, the Co-Trustee and their respective agents and

counsel.

Section 5.05 Trustee and Co-Trustee May File Proofs of Claim. In case of any judicial proceeding relative to the Company (or any other obligor upon the Securities), its property or its creditors, the Trustee and the Co-Trustee shall be entitled and empowered, by intervention in such proceeding or otherwise, to take any and all actions authorized under the Trust Indenture Act in order to have claims of the Holders, the Trustee and the Co-Trustee allowed in any such proceeding. In particular, the Trustee and the Co-Trustee shall be authorized to collect and receive any moneys or other property payable or deliverable on any such claims and to distribute the same; and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Holder to make such payments to the Trustee and the Co-Trustee and, in the event that the Trustee and the Co-Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee and the Co-Trustee any amount due to them for the reasonable compensation, expenses, disbursements and advances of the Trustee, the Co-Trustee, their respective agents and counsel and any other amounts due the Trustee and Co-Trustee under Section 6.07.

No provision of this Indenture shall be deemed to authorize the Trustee or the Co-Trustee to authorize or consent to or accept or adopt on behalf of any Holder any plan of reorganization, arrangement, adjustment or composition affecting the Securities or the rights of any Holder thereof or to authorize the Trustee or the Co-trustee to vote in respect of the claim of any Holder in any such proceeding.

Section 5.06 Application of Money Collected. Any money collected by the Trustee or the Co-Trustee pursuant to this Article V shall be applied in the following order, at the date or dates fixed by the Trustee and the Co-Trustee and, in case of the distribution of such money to Holders, upon presentation of the Securities and the notation thereon of the payment if only partially paid and upon surrender thereof if fully paid:

FIRST: To the payment of all amounts due the Trustee and the Co-Trustee under Section 6.07;

SECOND: To the payment of the amounts then due and unpaid on the Securities for the Principal Amount, Redemption Price, Fundamental Change Purchase Price or interest, including Additional Interest Amounts or Additional Amounts, if any, as the case may be, in respect of which or for the benefit of which such money has been collected, ratably, without preference or priority of any kind, according to the amounts due and payable on such Securities; and

THIRD: To the Company.

Section 5.07 Limitation on Suits. No Holder of any Security shall have any right to institute any proceeding, judicial or otherwise, with respect to this Indenture, or for the appointment of a receiver or trustee, or for any other remedy hereunder (other than in the case of an Event of Default specified in Section 5.01(a) or Section 5.01(b)), unless:

(a) such Holder has previously given written notice to the Trustee and the Co-Trustee of a continuing Event of Default;

(b) the Holders of not less than 25% in aggregate Principal Amount of the Outstanding Securities shall have made written request to the Trustee and the Co-Trustee to institute proceedings in respect of such Event of Default in their own names as Trustee and Co-Trustee, respectively, hereunder;

(c) such Holder or Holders have offered to the Trustee and the Co-Trustee indemnity reasonably satisfactory to them against the costs, expenses and liabilities to be incurred in compliance with such request;

(d) the Trustee and the Co-Trustee for 60 days after their receipt of such notice, request and offer of indemnity have failed to institute any such proceeding; and

(e) no direction inconsistent with such written request (in the opinion of the Trustee and the Co-Trustee) has been given to the Trustee or the Co-Trustee during such 60-day period by the Holders of a majority in aggregate Principal Amount of the Outstanding Securities;

it being understood and intended that no one or more Holders shall have any right in any manner whatever by virtue of, or by availing of, any provision of this Indenture to affect, disturb or prejudice the rights of any other Holders, or to obtain or to seek to obtain priority or preference over any other Holders or to enforce any right under this Indenture, except in the manner herein provided and for the equal and ratable benefit of all the Holders.

Section 5.08 Unconditional Right of Holders to Receive Payment. Notwithstanding any other provision of this Indenture, the right of any Holder to receive payment of the Principal Amount, Redemption Price, Fundamental Change Purchase Price or interest, including Additional Interest Amounts or Additional Amounts, if any, in respect of the Securities held by such Holder, on or after the respective due dates expressed in the Securities or on or after any Redemption Date or Fundamental Change Purchase Date, as applicable, and to convert the Securities in accordance with Article XIII hereof, or to bring suit for the enforcement of any such payment on or after such respective dates or the right to convert, shall not be impaired or affected adversely without the consent of such Holder. For purposes of clarification, prior to the occurrence of a Fundamental Change, the provisions relating to the right to receive payment upon a Fundamental Change Purchase Date may be modified in the manner set forth in Section 9.02.

Section 5.09 Restoration of Rights and Remedies. If the Trustee, the Co-Trustee or any Holder has instituted any proceeding to enforce any right or remedy under this Indenture and such proceeding has been discontinued or abandoned for any reason or has been determined adversely to the Trustee, the Co-Trustee or to such Holder, then and in every such case, subject to any determination in such proceeding, the Company, the Trustee, the Co-Trustee and the Holders shall be restored severally and respectively to their former positions hereunder and thereafter all rights and remedies of the Trustee, the Co-Trustee and the Holders shall continue as though no such proceeding had been instituted.

Section 5.10 Rights and Remedies Cumulative. Except as otherwise provided with respect to the replacement or payment of mutilated, destroyed, lost or stolen Securities in the last paragraph of Section 2.13, no right or remedy herein conferred upon or reserved to the Trustee, the Co-Trustee or to the Holders is intended to be exclusive of any other right or remedy, and every right

and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder or otherwise shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 5.11 Delay or Omission Not Waiver. No delay or omission of the Trustee, the Co-Trustee or of any Holder of any Security to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein. Every right and remedy given by this Article V or by law to the Trustee, the Co-Trustee or to the Holders may be exercised from time to time, and as often as may be deemed expedient, by the Trustee, the Co-Trustee or by the Holders, as the case may be.

Section 5.12 Control by Holders. The Holders of a majority in aggregate Principal Amount of the Outstanding Securities shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee and the Co-Trustee or exercising any trust or power conferred on the Trustee and the Co-Trustee, *provided that*:

(a) such direction shall not be in conflict with any rule of law or with this Indenture; and

(b) the Trustee or the Co-Trustee may take any other action deemed proper by the Trustee or the Co-Trustee, respectively, which is not inconsistent with such direction.

Section 5.13 Waiver of Past Defaults. The Holders of not less than a majority in aggregate Principal Amount of the Outstanding Securities may on behalf of the Holders of all the Securities waive any past Default hereunder and its consequences, except a Default:

(a) described in Section 5.01(a) or Section 5.01(b); or

(b) in respect of a covenant or provision hereof which under Article IX cannot be modified or amended without the consent of the Holder of each Outstanding Security affected.

Upon any such waiver, such Default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose of this Indenture; but no such waiver shall extend to any subsequent or other Default or impair any right consequent thereon.

Section 5.14 Undertaking for Costs. In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee or the Co-Trustee for any action taken or omitted by it as Trustee or Co-Trustee, respectively, in either case in respect of the Securities, a court may require any party litigant in such suit to file an undertaking to pay the costs of the suit, and the court may assess reasonable costs, including reasonable attorney's fees and expenses, against any party litigant in the suit having due regard to the merits and good faith of the claims or defenses made by the party litigant; but the provisions of this Section 5.14 shall not apply to any suit instituted by the Company, to any suit instituted by the Trustee or the Co-Trustee, to any suit instituted by any Holder or group of Holders holding in the aggregate more than 10% in Principal Amount of the Outstanding Securities or to any suit instituted by any Holder for the enforcement of the payment of the Principal Amount or accrued but unpaid interest, including Additional Interest Amounts or Additional Amounts,

if any, on any Security on or after the Stated Maturity of such Security or the Redemption Price or Fundamental Change Purchase Price.

Section 5.15 Waiver of Stay or Extension Laws. The Company covenants (to the extent that it may lawfully do so) that it will not at any time insist upon, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law wherever enacted, now or at any time hereafter in force, which may affect the covenants or the performance of this Indenture; and the Company (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law and covenants that it will not hinder, delay, or impede the execution of any power herein granted to the Trustee or the Co-Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted.

ARTICLE VI

THE TRUSTEE AND THE CO-TRUSTEE

Section 6.01 Certain Duties and Responsibilities. The duties and responsibilities of the Trustee shall be as provided by the Trust Indenture Act and as set forth herein. For purposes of this Article VI, unless expressly stated otherwise, provisions applicable to the Trustee shall be applicable to the Co-Trustee. In case an Event of Default with respect to the Securities has occurred (which has not been cured or waived), the Trustee shall exercise the rights and powers vested in it by this Indenture, and use the same degree of care and skill in their exercise as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs. Notwithstanding the foregoing, no provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder or in the exercise of any of its rights or powers. Except during the continuance of an Event of Default, the Trustee need perform only those duties as are specifically set forth in this Indenture, and no duties, covenants or obligations of the Trustee shall be implied in this Indenture. Whether or not herein expressly so provided, every provision of this Indenture relating to the conduct or affecting the liability of, or affording protection to, the Trustee shall be subject to the provisions of this Section 6.01.

Section 6.02 Notice of Defaults. The Trustee shall give the Holders notice of any Default hereunder within 90 days after the occurrence thereof or, if later, within 15 days after it is known to the Trustee, unless such Default shall have been cured or waived before the giving of such notice; *provided* that (except in the case of any Default in the payment of Principal Amount, interest, including Additional Interest Amounts or Additional Amounts, if any, on any of the Securities or the Redemption Price or Fundamental Change Purchase Price), the Trustee shall be protected in withholding such notice if and so long as a Responsible Officer of the Trustee in good faith determines that the withholding of such notice is in the interest of the Holders of Securities.

Section 6.03 Certain Rights of Trustee. Subject to the provisions of Section 6.01:

(a) the Trustee may conclusively rely and shall be fully protected in acting or refraining from acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document believed by it to be genuine and to have been signed or presented by

the proper party or parties;

(b) any written request or direction of the Company mentioned herein shall be sufficiently evidenced by a Company Request or Company Order and any resolution of the Board of Directors of the Company may be sufficiently evidenced by a Board Resolution;

(c) whenever in the administration of this Indenture the Trustee shall deem it desirable that a matter be proved or established prior to taking, suffering or omitting any action hereunder, the Trustee (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, rely upon an Officers' Certificate;

(d) the Trustee may consult with counsel of its selection and the advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon;

(e) the Trustee shall be under no obligation to exercise any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders pursuant to this Indenture, unless such Holders shall have offered to the Trustee security or indemnity reasonably satisfactory to it against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction;

(f) the Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document, but the Trustee, in its discretion, may make such further inquiry or investigation into such facts or matters as it may see fit; and if the Trustee shall determine to make such further inquiry or investigation, it shall be entitled to examine the books, records and premises of the Company, personally or by agent or attorney, at the sole cost of the Company and shall incur no liability or additional liability of any kind by reason of such inquiry or investigation;

(g) the Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys and the Trustee shall not be responsible for any willful misconduct or gross negligence on the part of any agent or attorney appointed with due care by it hereunder;

(h) the Trustee shall not be charged with knowledge of any Default or Event of Default (other than a payment Default under Section 5.01(a) or Section 5.01(b)) with respect to the Securities unless a Responsible Officer of the Trustee shall have received written notice of such Default or Event of Default from the Company or any other obligor on such Securities or by any Holder of such Securities;

(i) the Trustee shall not be liable for any action taken, suffered or omitted by it in good faith and reasonably believed by it to be authorized or within the discretion or rights or powers conferred upon it by this Indenture;

(j) the rights, disclaimers, privileges, protections, immunities and benefits given

to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee and The Bank of New York Mellon in each of its capacities hereunder (including as Conversion Agent), and each agent, custodian and other Person employed to act hereunder;

(k) the Trustee may request that the Company deliver an Officers' Certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Indenture, which Officers' Certificate may be signed by any person authorized to sign an Officers' Certificate, including any person specified as so authorized in any such certificate previously delivered and not superseded;

(l) in no event shall the Trustee be responsible or liable for special, indirect, or consequential loss or damage of any kind whatsoever (including, but not limited to, loss of profit) irrespective of whether the Trustee has been advised of the likelihood of such loss or damage and regardless of the form of action; and

(m) the Trustee, Co-Trustee and the Conversion Agent, respectively, shall not be liable and shall be held harmless with respect to information received from the Company, the Bid Solicitation Agent and any Holder and information received from other third parties that would be reasonable to rely upon.

Section 6.04 Not Responsible for Recitals. The recitals contained herein and in the Securities, except the Trustee's certificates of authentication, shall be taken as the statements of the Company, and the Trustee assumes no responsibility for their correctness. The Trustee makes no representations as to the validity or sufficiency of this Indenture or of the Securities. The Trustee shall not be accountable for the use or application by the Company of Securities or the proceeds thereof.

Section 6.05 May Hold Securities. The Trustee, any Paying Agent, any Security Registrar or any other agent of the Company, in its individual or any other capacity, may become the owner or pledgee of Securities and, subject to Section 6.08 and Section 6.13, may otherwise deal with the Company with the same rights it would have if it were not Trustee, Paying Agent, Security Registrar or such other agent.

Section 6.06 Money Held in Trust. Money held by the Trustee in trust hereunder need not be segregated from other funds except to the extent required by applicable law. The Trustee shall be under no liability for interest on any money received by it hereunder except as otherwise agreed in writing with the Company.

Section 6.07 Compensation and Reimbursement. The Company agrees.

(a) to pay to the Trustee (which for purposes of this Section 6.07(a) shall include its officers, directors, employees and agents as well as the officers, directors, employees and agents of the Co-Trustee) from time to time such compensation for all services rendered by it hereunder as the Company and the Trustee shall from time to time agree in writing (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust);

(b) except as otherwise expressly provided herein, to reimburse the Trustee upon

its request for all expenses, disbursements and advances incurred or made by the Trustee in accordance with any provision of this Indenture (including the reasonable compensation and the expenses and disbursements of its agents and in-house and outside counsel), except any such expense, disbursement or advance as may be attributable to its gross negligence or bad faith;

(c) to indemnify the Trustee, the Co-Trustee and The Bank of New York Mellon in any other role hereunder (including when acting as Conversion Agent) and any predecessor Trustee for, and to hold it harmless against, any loss, liability, claim, damage or expense including taxes (other than taxes based upon, measured by or determined by the income or capital of the Trustee) incurred without gross negligence, willful misconduct or bad faith on its part, arising out of or in connection with the acceptance or administration of this trust, including the reasonable costs and expenses of defending itself against any claim (whether assessed by the Company, by any Holder or any other Person) or liability in connection with the exercise or performance of any of its powers or duties hereunder; and

(d) the Trustee shall notify the Company promptly of any claim asserted against it. Failure by the Trustee to so notify the Company shall not relieve the Company of its obligations under this Section 6.07. The Company shall defend the claim, and the Trustee shall cooperate in the defense. The Trustee may at its option have separate counsel of its own choosing, and the Company shall pay the reasonable fees and expenses of such counsel. The Company need not pay for any settlement made without its written consent, which consent shall not be unreasonably withheld.

The obligations of the Company under this Section 6.07 shall survive the resignation or removal of the Trustee and the satisfaction and discharge of this Indenture. To secure the Company's payment obligations in this Section 6.07, the Trustee shall have a lien prior to the Securities on all money or property held or collected by the Trustee, except such money or property held in trust to pay principal and interest on the Securities. Such lien shall survive the resignation or removal of the Trustee and the satisfaction and discharge of this Indenture. When the Trustee incurs expenses or renders services after a Default or an Event of Default specified in Section 5.01(i) and Section 5.01(j) occurs, the expenses and the compensation for the services (including the fees and expenses of its agents and in-house and outside counsel) are intended to constitute expenses of administration under United States Code, Title 11 or any other similar foreign, federal or state law for the relief of debtors.

**Section 6.08 Disqualification; Conflicting Interests.** If the Trustee has or shall acquire a conflicting interest within the meaning of the Trust Indenture Act, the Trustee shall either eliminate such interest or resign, to the extent and in the manner provided by, and subject to the provisions of, the Trust Indenture Act and this Indenture.

**Section 6.09 Corporate Trustee Required; Eligibility.** There shall at all times be a Trustee hereunder which shall be a Person that is eligible pursuant to the Trust Indenture Act to act as such and has a combined capital and surplus of at least \$50,000,000 and a Co-Trustee authorized to conduct business in Ontario and Canada. If such Person publishes reports of condition at least annually, pursuant to law or to the requirements of any supervising or examining authority, then for the purposes of this Section 6.09, the combined capital and surplus of such Person shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. If

at any time the Trustee shall cease to be eligible in accordance with the provisions of this Section 6.09, it shall resign immediately in the manner and with the effect hereinafter specified in this Article VI.

Section 6.10 Resignation and Removal; Appointment of Successor.

(a) No resignation or removal of the Trustee and no appointment of a successor Trustee pursuant to this Article VI shall become effective until the acceptance of appointment by the successor Trustee under Section 6.11.

(b) The Trustee may resign at any time by giving written notice thereof to the Company. If an instrument of acceptance by a successor Trustee shall not have been delivered to the Trustee within 30 days after the giving of such notice of resignation, the resigning Trustee may petition any court of competent jurisdiction at the expense of the Trustee for the appointment of a successor Trustee.

(c) The Trustee may be removed at any time by Act of the Holders of a majority in aggregate Principal Amount of the Outstanding Securities, delivered to the Trustee and to the Company. If an instrument of acceptance by a successor Trustee shall not have been delivered to the Trustee within 30 days after the notice of removal, the Trustee being removed may petition, at the expense of the Company, any court of competent jurisdiction for the appointment of a successor Trustee with respect to the Securities.

(d) If at any time:

(i) the Trustee shall fail to comply with Section 6.08 after written request therefor by the Company or by any Holder who has been a bona fide Holder of a Security for at least six months, or

(ii) the Trustee shall cease to be eligible under Section 6.09 and shall fail to resign after written request therefor by the Company or by any such Holder, or

(iii) the Trustee shall become incapable of acting or shall be adjudged a bankrupt or insolvent, or

(iv) a receiver of the Trustee or of its property shall be appointed or any public officer shall take charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation,

then, in any such case, (A) the Company by a Company Order may remove the Trustee or (B) subject to Section 5.14, any Holder who has been a bona fide Holder of a Security for at least six months may, on behalf of such Holder and all others similarly situated, petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(e) If the Trustee shall resign, be removed or become incapable of acting, or if a vacancy shall occur in the office of the Trustee for any cause, the Company, by a Company Order, shall promptly appoint a successor Trustee. If no successor Trustee shall have been so appointed by the Company and accepted appointment in the manner hereinafter provided within 90 days following such resignation, removal, incapability or vacancy, any Holder who has been a

bona fide Holder of a Security for at least six months may, on behalf of himself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Trustee.

(f) The Company shall give notice of each resignation and each removal of the Trustee and each appointment of a successor Trustee to all Holders in the manner provided in Section 1.06. Each notice shall include the name of the successor Trustee and the address of its Corporate Trust Office.

(g) If a Trustee is removed with or without cause, all fees and expenses (including the fees and expenses of counsel) of the Trustee incurred in the administration of the trust or in the performance of the duties hereunder prior to such removal shall be paid to the Trustee.

Section 6.11 Acceptance of Appointment by Successor. Every successor Trustee appointed hereunder shall execute, acknowledge and deliver to the Company and to the retiring Trustee an instrument accepting such appointment, and thereupon the resignation or removal of the retiring Trustee shall become effective and such successor Trustee, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts and duties of the retiring Trustee; but, on request of the Company or the successor Trustee, such retiring Trustee shall, upon payment of its charges, execute and deliver an instrument transferring to such successor Trustee all the rights, powers and trusts of the retiring Trustee and shall duly assign, transfer and deliver to such successor Trustee all property and money held by such retiring Trustee hereunder. Upon request of any such successor Trustee, the Company shall execute any and all instruments for more fully and certainly vesting in and confirming to such successor Trustee all such rights, powers and trusts.

No successor Trustee shall accept its appointment unless at the time of such acceptance such successor Trustee shall be qualified and eligible under this Article VI.

Section 6.12 Merger, Conversion, Consolidation or Succession to Business. Any corporation into which the Trustee may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Trustee shall be a party, or any corporation succeeding to all or substantially all the corporate trust business of the Trustee, shall be the successor of the Trustee hereunder, *provided* such corporation shall be otherwise qualified and eligible under this Article VI, without the execution or filing of any paper or any further act on the part of any of the parties hereto. In case any Securities shall have been authenticated but not delivered by the Trustee then in office, any successor by merger, conversion or consolidation to such authenticating Trustee may adopt such authentication and deliver the Securities so authenticated with the same effect as if such successor Trustee had itself authenticated such Securities.

Section 6.13 Preferential Collection of Claims Against. If and when the Trustee shall be or become a creditor of the Company (or any other obligor upon the Securities), the Trustee shall be subject to the provisions of the Trust Indenture Act regarding the collection of claims against the Company (or any such other obligor).

## ARTICLE VII

### REPORTS BY TRUSTEE

#### Section 7.01 Preservation of Information; Communications to Holders.

(a) The Trustee and the Co-Trustee shall preserve, in as current a form as is reasonably practicable, the names and addresses of Holders contained in the most recent list furnished to the Trustee and the Co-Trustee as provided in Section 10.08 and the names and addresses of Holders received by the Trustee in its capacity as Security Registrar. The Trustee and the Co-Trustee may destroy any list furnished to them as provided in Section 10.08 upon receipt of a new list so furnished.

(b) The rights of Holders to communicate with other Holders with respect to their rights under this Indenture or under the Securities and the corresponding rights and duties of the Trustee and the Co-Trustee shall be as provided by the Trust Indenture Act.

(c) Every Holder of Securities, by receiving and holding the same, agrees with the Company, the Trustee and the Co-Trustee that neither the Company, the Trustee nor the Co-Trustee nor any agent of any of them shall be held accountable by reason of any disclosure of information as to names and addresses of Holders made pursuant to the Trust Indenture Act.

#### Section 7.02 Reports by Trustee and Co-Trustee.

(a) The Trustee and the Co-Trustee shall transmit to Holders such reports concerning the Trustee and the Co-Trustee and their actions under this Indenture as may be required pursuant to the Trust Indenture Act at the times and in the manner provided pursuant thereto. Reports so required to be transmitted at stated intervals of not more than 12 months shall be transmitted no later than September 15 in each calendar year, commencing on September 15, 2009. Each such report shall be dated as of a date not more than 60 days prior to the date of transmission.

(b) A copy of each such report shall, at the time of such transmission to Holders, be filed by the Trustee or the Co-Trustee with each stock exchange upon which the Securities are listed, if any, with the Commission, if applicable, and with the Company. The Company shall notify the Trustee and the Co-Trustee promptly (and in any event within 10 days) whenever the Securities become listed on any stock exchange or of any delisting thereof.

## ARTICLE VIII

### CONSOLIDATION, MERGER, CONVEYANCE, TRANSFER OR LEASE

Section 8.01 Company May Consolidate, etc., Only on Certain Terms. The Company shall not, without the consent of any Holder of Securities, amalgamate, consolidate or combine with or merge with or into any other Person or sell, transfer or lease all or substantially all of its properties and assets, substantially as an entirety to another Person, unless:

- (a) the resulting, surviving or transferee Person (the “**Successor Company**”)

shall be a corporation, partnership, limited liability company or trust organized and existing under the laws of the United States of America, any State thereof, the District of Columbia or the laws of Canada or any province or territory thereunder, and the Successor Company (if not the Company) shall expressly assume, by supplemental indenture, executed and delivered to the Trustee and the Co-Trustee, in form reasonably satisfactory to the Trustee and the Co-Trustee, all the obligations of the Company under the Securities and this Indenture;

- and (b) immediately after giving effect to such transaction, no Default shall have occurred and be continuing;
- (c) the Company or the Successor Company shall have delivered to the Trustee and the Co-Trustee an Officers' Certificate and an Opinion of Counsel, each stating that (i) such amalgamation, consolidation, merger or transfer, and if a supplemental indenture is required in connection with such transaction, such supplemental indenture, comply with the provisions of this Indenture, including this Article VIII and Article IX, and (ii) the transaction will not result in the Successor Company being required to pay any Additional Amounts in respect of any payments in respect of the Securities in accordance with Section 10.10.

Section 8.02 Successor Substituted. The Successor Company will succeed to, and be substituted for, and may exercise every right and power of, the Company under this Indenture, other than in the case of a lease of all or substantially all of the Company's consolidated assets.

ARTICLE IX

SUPPLEMENTAL INDENTURES

Section 9.01 Supplemental Indentures Without Consent Of Holders. Without the consent of any Holder, the Company, when authorized by a Board Resolution, and the Trustee and the Co-Trustee, at any time and from time to time, may amend, modify or supplement this Indenture or the Securities, in form satisfactory to the Trustee and the Co-Trustee, for any of the following purposes:

- (a) to evidence the succession of another Person to the Company and the assumption by any such successor of the covenants of the Company herein and in the Securities; or
- (b) to add to the covenants of the Company for the benefit of the Holders, or to surrender any right or power herein conferred upon the Company; or
- (c) to provide for a successor Trustee or successor Co-Trustee with respect to the Securities; or
- (d) to add any additional Events of Default with respect to the Securities; or
- (e) to cure any ambiguity or defect, to correct or supplement any provision herein which may be inconsistent with any other provision herein, or to make any other provisions with respect to matters or questions arising under this Indenture which shall not be inconsistent with the provisions of this Indenture; or

(f) to reduce the Conversion Price; *provided, however*, that such reduction in the Conversion Price is in accordance with the terms of this Indenture or shall not adversely affect the interests of the Holders of Securities (after taking into account tax and other consequences of such reduction) in any material respect; or

(g) to supplement any of the provisions of this Indenture to such extent as shall be necessary to permit or facilitate the discharge of the Securities; *provided, however*, that such change or modification does not adversely affect the interests of the Holders of the Securities in any material respect; or

(h) to add to the covenants of the Company for the benefit of the Holders or to surrender any right or power herein conferred upon the Company; or

(i) to make any change that does not materially adversely affect the rights of any Holder; or

(j) to add or modify any other provisions herein with respect to matters or questions arising hereunder which the Company, the Trustee and the Co-Trustee may deem necessary or desirable and which would not reasonably be expected to adversely affect the interests of the Holders of Securities in any material respect; or

(k) to conform this Indenture or the Securities to the description thereof under the caption "Description of notes" in the Offering Memorandum; or

(l) to comply with any requirements of the Commission in connection with the qualification of this Indenture under the Trust Indenture Act or any applicable requirements of the *Canada Business Corporations Act*.

Section 9.02 Supplemental Indentures with Consent of Holders.

(a) With the consent of the Holders of not less than a majority in aggregate Principal Amount of the Outstanding Securities, by Act of said Holders delivered to the Company, the Trustee and the Co-Trustee, the Company, when authorized by a Board Resolution, and the Trustee and Co-Trustee may enter into an indenture or indentures supplemental hereto for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of this Indenture or of modifying in any manner the rights of the Holders under this Indenture; *provided, however*, that no such supplemental indenture shall, without the consent of the Holder of each Outstanding Security affected thereby:

(i) extend the Stated Maturity of any Security; or

(ii) reduce the Principal Amount of, or reduce the interest rate on, or extend the stated time for payment of interest on, any Security, excluding in each case Additional Interest Amounts and Additional Amounts if any, or

(iii) reduce the Redemption Price or Fundamental Change Purchase Price of any Security; or

(iv) after the occurrence of a Fundamental Change, make any change that adversely affects the right of Holders of the Securities to require the Company to purchase such Securities in accordance with the terms thereof and this Indenture; or

(v) make any change that impairs the right of Holders of Securities to convert any Security; or

(vi) change the currency of any payment amount of any Security from U.S. Dollars or Common Shares as provided herein; or

(vii) make any change that impairs the right of Holders to institute suit for payment of the Securities; or

(viii) reduce the percentage in aggregate Principal Amount of the Outstanding Securities, the consent of whose Holders is required for any such supplemental indenture, or the consent of whose Holders is required for any waiver (of compliance with certain provisions of this Indenture or certain defaults hereunder and their consequences) provided for in this Indenture; or

(ix) modify the obligation of the Company to maintain an agency in The City of New York as required under this Indenture; or

(x) change the ranking of the Securities in any manner that adversely affects the rights of Holders under this Indenture; or

(xi) modify any of the provisions of this Section 9.02 or Section 5.13, except to increase the percentage in aggregate Principal Amount of the Outstanding Securities, the consent of whose Holders is required for any such supplemental indenture, or the consent of whose Holders is required for any waiver (of compliance with certain provisions of this Indenture or certain defaults hereunder and their consequences) provided for in this Indenture, or to provide that certain other provisions of this Indenture cannot be modified or waived without the consent of the Holder of each Outstanding Security affected thereby.

(b) The Holders of not less than a majority in aggregate Principal Amount of the Outstanding Securities may, on behalf of the Holders of all of the Securities, waive any past default and its consequences under this Indenture, except a default (i) in the payment of the Principal Amount of or any interest, including Additional Interest Amounts and Additional Amounts, if any, on or with respect to the Securities or (ii) in respect of a covenant or provision that cannot be modified without the consent of the Holder of each Security affected thereby as set forth in Section 9.02(a).

It shall not be necessary for any Act of Holders under this Section 9.02 to approve the particular form of any proposed supplemental indenture, but it shall be sufficient if such Act shall approve the substance thereof.

Section 9.03 Execution of Supplemental Indentures. In executing, or accepting the additional trusts created by, any supplemental indenture permitted by this Article IX or the

modifications thereby of the trusts created by this Indenture, the Trustee and the Co-Trustee shall be provided with, and (subject to Section 6.01) shall be fully protected in relying upon, in addition to the documents required by Section 1.02, an Opinion of Counsel stating that the execution of such supplemental indenture is authorized or permitted by this Indenture and such other conclusions as the Trustee and the Co-Trustee may require. Subject to the preceding sentence, the Trustee and the Co-Trustee shall sign such supplemental indenture if the same does not affect the Trustee's and the Co-Trustee's own rights, duties or immunities under this Indenture or otherwise or subject either of them to undue risk. The Trustee and the Co-Trustee may, but shall not be obligated to, enter into any such supplemental indenture which affects the Trustee's and the Co-Trustee's own rights, duties or immunities under this Indenture or otherwise.

Section 9.04 Effect of Supplemental Indentures. Upon the execution of any supplemental indenture under this Article IX, this Indenture shall be modified in accordance therewith, and such supplemental indenture shall form a part of this Indenture for all purposes; and every Holder of Securities theretofore or thereafter authenticated and delivered hereunder shall be bound thereby.

Section 9.05 Conformity with Trust Indenture Act. Every supplemental indenture executed pursuant to this Article IX shall conform to the requirements of the Trust Indenture Act and any applicable requirements of the *Canada Business Corporations Act*.

Section 9.06 Reference in Securities to Supplemental Indentures. Securities authenticated and delivered after the execution of any supplemental indenture pursuant to this Article IX shall bear a notation in a form approved by the Trustee and the Co-Trustee as to any matter provided for in such supplemental indenture. If the Company shall so determine, new Securities so modified as to conform, in the opinion of the Trustee, the Co-Trustee and the Company, to any such supplemental indenture may be prepared and executed by the Company and authenticated and delivered by the Trustee and the Co-Trustee in exchange for Outstanding Securities.

## ARTICLE X

### COVENANTS

Section 10.01 Payments. The Company shall duly and punctually make all payments in respect of the Securities and this Indenture in accordance with the terms of the Securities and this Indenture. The Company shall, to the fullest extent permitted by law, pay interest on overdue payments of Principal Amount, plus accrued but unpaid interest, including Additional Interest Amounts or Additional Amounts, if any, Redemption Price and Fundamental Change Purchase Price at the rate of 1% per annum from the required payment date of such overdue payment.

Any payments made or due pursuant to this Indenture shall be considered paid on the applicable date due if by 10:00 a.m., New York City time, on such date the Paying Agent holds, in accordance with this Indenture, cash sufficient to pay all such amounts then due. Payment of the principal of and interest, including Additional Interest Amounts or Additional Amounts, if any, on the Securities shall be in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

Section 10.02 Maintenance of Office or Agency. The Company shall maintain in The

Borough of Manhattan, The City of New York, an office or agency where Securities may be presented or surrendered for payment, where Securities may be surrendered for registration of transfer, exchange, repurchase or conversion and where notices and demands pursuant to this Section 10.02 to or upon the Company in respect of the Securities and this Indenture may be served, which shall initially be the Corporate Trust Office of the Trustee. The Company shall give prompt written notice to the Trustee and the Co-Trustee of the location, and any change in the location, of such office or agency. If at any time the Company shall fail to maintain any such required office or agency or shall fail to furnish the Trustee or the Co-Trustee with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office of the Trustee, and the Company hereby appoints the Trustee as its agent to receive all such presentations, surrenders, notices and demands.

The Company may also from time to time designate one or more other offices or agencies (in or outside The Borough of Manhattan, The City of New York) where the Securities may be presented or surrendered for any or all such purposes and may from time to time rescind such designations; *provided, however*, that no such designation or rescission shall in any manner relieve the Company of its obligation to maintain an office or agency in The Borough of Manhattan, The City of New York, for such purposes. The Company shall give prompt written notice to the Trustee and the Co-Trustee of any such designation or rescission and of any change in the location of any such other office or agency.

Section 10.03 Money for Security Payments to be Held in Trust. If the Company shall at any time act as its own Paying Agent, it shall, on or before each due date of any payment in respect of any of the Securities, segregate and hold in trust for the benefit of the Persons entitled thereto a sum sufficient to make the payment so becoming due until such sums shall be paid to such Persons or otherwise disposed of as herein provided and shall promptly notify the Trustee and the Co-Trustee of its action or failure so to act.

Whenever the Company shall have one or more Paying Agents, it will, on or prior to each due date of any payment in respect of any Securities, deposit with any one or more Paying Agents a sum sufficient to pay such amount, such sum to be held as provided by the Trust Indenture Act, and (unless such Paying Agent is the Trustee or the Co-Trustee) the Company will promptly notify the Trustee and the Co-Trustee of its action or failure so to act.

The Company shall cause each Paying Agent other than the Trustee or the Co-Trustee to execute and deliver to the Trustee and the Co-Trustee an instrument in which such Paying Agent shall agree with the Trustee and the Co-Trustee, subject to the provisions of this Section 10.03, that such Paying Agent will (a) comply with the provisions of the Trust Indenture Act applicable to it as a Paying Agent and (b) during the continuance of any Default by the Company (or any other obligor upon the Securities) in the making of any payment in respect of the Securities, upon the written request of the Trustee or the Co-Trustee, forthwith pay to the Trustee or the Co-Trustee all sums held in trust by such Paying Agent as such.

The Company may at any time, for the purpose of obtaining the satisfaction and discharge of this Indenture or for any other purpose, pay, or by Company Order direct any Paying Agent to pay, to the Trustee or the Co-Trustee all sums held in trust by the Company or such Paying Agent, such sums to be held by the Trustee or the Co-Trustee, as applicable, upon

the same trusts as those upon which such sums were held by the Company or such Paying Agent; and, upon such payment by any Paying Agent to the Trustee or the Co-Trustee, such Paying Agent shall be released from all further liability with respect to such money.

Any money deposited with the Trustee, the Co-Trustee or any Paying Agent, or then held by the Company, in trust for the making of payments in respect of any Security and remaining unclaimed for two years after such payment has become due shall be paid to the Company on Company Request, or (if then held by the Company) shall be discharged from such trust; and the Holder of such Security shall thereafter, as an unsecured general creditor, look only to the Company for payment thereof, and all liability of the Trustee, the Co-Trustee or such Paying Agent with respect to such trust money, and all liability of the Company as trustee thereof, shall thereupon cease; *provided, however*, that the Trustee, the Co-Trustee or such Paying Agent, before being required to make any such repayment, may at the expense of the Company cause to be published once, in a newspaper published in the English language, customarily published on each Business Day and of general circulation in The City of New York, notice that such money remains unclaimed and that, after a date specified therein, which shall not be less than 30 days from the date of such publication, any unclaimed balance of such money then remaining shall be repaid to the Company.

Section 10.04 Statement by Officers as to Default. The Company shall deliver to the Trustee and the Co-Trustee, within 90 days after the end of each fiscal year of the Company ending after the date hereof, an Officers' Certificate, stating whether or not to the knowledge of the signers thereof the Company is in Default in the performance and observance of any of the terms, provisions and conditions of this Indenture (without regard to any period of grace or requirement of notice provided hereunder) and, if the Company shall be in Default, specifying all such Defaults and the nature and status thereof of which they may have knowledge.

The Company shall deliver to the Trustee and the Co-Trustee, as soon as possible and in any event within five days after the Company becomes aware of the occurrence of any Event of Default or an event which, with notice or the lapse of time or both, would constitute an Event of Default, an Officers' Certificate setting forth the details of such Event of Default or default and the action which the Company proposes to take with respect thereto.

Section 10.05 Existence. Subject to Article VIII hereof, the Company shall do or cause to be done all things necessary to preserve and keep in full force and effect its existence, rights (charter and statutory) and franchises; *provided, however*, that the Company shall not be required to preserve any such right or franchise if the Board of Directors of the Company shall determine that the preservation thereof is no longer desirable in the conduct of the business of the Company and that the loss thereof is not disadvantageous in any material respect to the Holders.

Section 10.06 Resale of Certain Securities. During the period beginning on the Issue Date and ending on the date that is one year from the Issue Date, the Company shall not resell any Securities which constitute "restricted securities" under Rule 144 that have been reacquired by the Company. The Trustee and the Co-Trustee shall have no responsibility in respect of the Company's performance of its agreement in the preceding sentence.

Section 10.07 Book-Entry System. If the Securities cease to trade in the Depository's

book-entry settlement system, the Company covenants and agrees that it shall use reasonable efforts to make such other book entry arrangements that it determines are reasonable for the Securities.

Section 10.08 Company to Furnish Trustee and Co-Trustee Names and Addresses of Holders. The Company will furnish or cause to be furnished to the Trustee and the Co-Trustee:

(a) semi-annually, not later than 10 days after each Regular Record Date, a list, in such form as the Trustee and the Co-Trustee may reasonably require, of the names and addresses of the Holders as of such Regular Record Date; and

(b) at such other times as the Trustee or the Co-Trustee may request in writing, within 30 days after the receipt by the Company of any such request, a list of similar form and content as of a date not more than 15 days prior to the time such list is furnished;

*provided, however,* that no such list need be furnished so long as the Trustee or the Co-Trustee is acting as Security Registrar.

Section 10.09 Reports by Company and Delivery of Certain Information. The Company shall file with the Trustee and the Co-Trustee, (A) such information, documents and other reports, and such summaries thereof, as the Company may be required to file or furnish pursuant to the Trust Indenture Act (at the times and in the manner provided in the Trust Indenture Act) and (B) within 15 days after the Company files or furnishes the same with the Commission, such information, documents and other reports, and such summaries thereof, as the Company may be required to file or furnish with the Commission pursuant to Section 13 or 15(d) of the Exchange Act; *provided* that (a) delivery of materials to the Trustee and the Co-Trustee by electronic means shall be deemed to be “filed” with the Trustee and the Co-Trustee for purposes of this Section 10.09; (b) so long as such filings by the Company are available on the Commission’s Electronic Data Gathering, Analysis and Retrieval system (EDGAR), the Ontario Securities Commission’s System for Electronic Document Analysis and Retrieval (SEDAR) or any other website maintained by the securities regulatory authorities in the United States or Canada, such materials shall be deemed to be “filed” with the Trustee and the Co-Trustee for purposes of this Section 10.09; and (c) the Company need not furnish to the Trustee or the Co-Trustee confidential portions of any information, documents or reports filed or furnished with the Commission, the Ontario Securities Commission or any other securities regulatory authority on a confidential basis. Notwithstanding the foregoing, it shall not be the responsibility of the Trustee or Co-Trustee to monitor postings of the Company on EDGAR, SEDAR or any other website referred to in this Section 10.09, it being understood that, due to the public availability of the information contained on such websites, any Person, including without limitation any Holder, may obtain such information directly from such website.

In the event that, while Securities remain Outstanding, the Company is no longer subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, the Company will continue to file with the Trustee and the Co-Trustee, within 15 days after the time periods required for the filing or furnishing of such forms by the Commission, (a) annual reports on Form 40-F or Form 20-F, as applicable, or any successor form, and (b) current reports on Form 6-K, or any successor form, which, regardless of applicable requirements shall, at a minimum, contain such

information required to be provided in quarterly reports under the laws of Canada or any province thereof to securityholders of a corporation with securities listed on the Toronto Stock Exchange, whether or not the Company has securities listed on such exchange; and such reports will be prepared in accordance with Canadian disclosure requirements.

Delivery of reports, information and documents to the Trustee and the Co-Trustee under this Section 10.09 is for informational purposes only, and the receipt by the Trustee and Co-Trustee of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Company's compliance with any of its covenants hereunder (as to which the Trustee and the Co-Trustee are entitled to rely exclusively on Officers' Certificates).

If (a) the Securities and the Common Shares issuable upon conversion of the Securities are Outstanding and are "restricted securities" within the meaning of Rule 144(a)(3) under the Securities Act, as applicable, and (b) the Company is not subject to Section 13 or 15(d) of the Exchange Act or exempt from such reporting requirements pursuant to Rule 12g3-2(b) thereunder, then the Company shall make available to any Holder, beneficial owner of such Common Shares or prospective purchaser of the Securities or such Common Shares designated by such Holder or beneficial owner, upon the request of such Holder, owner or prospective purchaser, at or prior to the time of resale by such Holder, the information required by Rule 144A(d)(4) under the Securities Act, *provided* that such information is necessary to permit such Holders or beneficial owners of Common Shares issuable upon conversion of the Securities, as applicable, to effect resales under Rule 144A.

**Section 10.10 Payment of Additional Amounts.** All payments made by or on behalf of the Company under or with respect to the Securities (including, without limitation, any Additional Interest Amount) will be made free and clear of, and without withholding or deduction for, or on account of, any present or future tax, duty, levy, impost, assessment or other governmental charge (including, without limitation, penalties, interest and other liabilities related thereto) imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or by any authority or agency therein or thereof having power to tax, including without limitation any taxes imposed under Part XIII of the Tax Act ("**Canadian Taxes**"), unless the Company is required by law or the interpretation or administration thereof, to withhold or deduct any amounts for, or on account of, Canadian Taxes. If the Company is so required to withhold or deduct any amount for, or on account of, Canadian Taxes from any payment made under or with respect to the Securities, the Company will make such withholding or deduction and pay as additional interest such additional amounts ("**Additional Amounts**") as may be necessary so that the net amount received by each Holder (other than an Excluded Holder) after such withholding or deduction (including any withholding or deduction required to be made in respect of any Additional Amounts) will not be less than the amount the Holder (other than an Excluded Holder) would have received if such Canadian Taxes had not been withheld or deducted and similar payment (the term "Additional Amounts" shall also include any such similar payments) will also be made by the Company to Holders (other than Excluded Holders) of Securities that are exempt from withholding but are required to pay Canadian Taxes directly on amounts otherwise subject to withholding; *provided, however*, that no Additional Amounts will be payable with respect to:

(a) a payment made to a Holder or former Holder of Securities (an “**Excluded Holder**”) in respect of the beneficial owner thereof:

(i) with which the Company does not deal at arm’s length (within the meaning of the Tax Act) at the time of making such payment; or

(ii) that is subject to such Canadian Taxes by reason of its failure to comply with any certification, identification, information, documentation or other reporting requirement if compliance is required by law, regulation, administrative practice or an applicable treaty as a precondition to exemption from, or a reduction in the rate of deduction or withholding of, such Canadian Taxes (*provided* that in the case of any imposition or change in any such certification, identification, information, documentation or other reporting requirement which applies generally to Holders of Securities who are not residents of Canada, at least 60 days prior to the effective date of any such imposition or change, the Company shall give written notice, in the manner provided in this Indenture, to the Trustee, the Co-Trustee and the Holders of the Securities then outstanding of such imposition or change, as the case may be, and provide the Trustee, the Co-Trustee and such Holders with such forms or documentation, if any, as may be required to comply with such certification, identification, information, documentation, or other reporting requirement); or

(iii) that is subject to such Canadian Taxes by reason of its carrying on a trade or business in Canada or any province or territory thereof, having a permanent establishment in any such jurisdiction, being organized under the laws of any such jurisdiction, being or being deemed to be resident in any such jurisdiction or otherwise being connected with any such jurisdiction otherwise than by the mere holding of such Securities or the receipt of payments or exercise of any enforcement rights, thereunder; or

(b) any estate, inheritance, gift, sales, excise, transfer, personal property or similar tax, assessment or governmental charge (“**Excluded Taxes**”).

The Company will (A) make such withholding or deduction for Canadian Taxes (other than Excluded Taxes in respect of payments made to a Holder (other than an Excluded Holder) under or with respect to the Securities) and (B) remit the full amount deducted or withheld to the relevant authority in accordance with applicable law.

The Company will furnish to the Trustee and the Co-Trustee, within 30 days after the date the payment of any Canadian Taxes is due pursuant to applicable law in respect of such Securities, certified copies of tax receipts evidencing such payment by the Company.

The Company will indemnify and hold harmless each Holder of any Securities (other than an Excluded Holder) from any Canadian Taxes (other than Excluded Taxes) in respect of which any Additional Amounts are payable by but not paid by the Company, including any Canadian Taxes (other than Excluded Taxes) levied or imposed on the Holder with respect to any indemnity payment.

Additional Amounts will be paid in cash semi-annually on the applicable February 1 or August 1, at Maturity, on any Redemption Date, on a Conversion Date or on any Fundamental Change Purchase Date.

Whenever in this Indenture there is mentioned, in any context, the payment of principal and interest or any other amount payable under, or with respect to, any Security, such mention shall be deemed to include mention of the payment of Additional Amounts provided for in this Section to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

Anything in this Indenture to the contrary notwithstanding, the covenants and provisions of this Section 10.10 shall survive any termination or discharge of this Indenture, and the repayment of all or any of the Securities, and shall remain in full force and effect.

Section 10.11 Additional Interest Amount. The Additional Interest Amounts shall be payable to Holders of the Securities (or, with respect to any Securities that have been previously converted, to the Holders of such converted Securities at the time of such conversion) if at any time during the six months to one year following the Issue Date, the Company fails to timely file any document or report that the Company is required to file with the Commission pursuant to Section 13 or 15(d) of the Exchange Act, as applicable; *provided* that the Company will have 14 calendar days (the “**Cure Period**”), in the aggregate, to cure all such missed filings. In the event the Company has not so cured a missed filing within the Cure Period, the Additional Interest Amount will be payable on the Interest Payment Date following the expiration of the Cure Period. In the event that the Company is required to pay Additional Interest Amounts to Holders, the Company will provide written notice in the form of an Officers’ Certificate (the “**Additional Interest Notice**”) to the Trustee and the Co-Trustee of its obligation to pay Additional Interest Amounts no later than 10 calendar days prior to the proposed Interest Payment Date for Additional Interest Amounts (or, in the event the expiration of the Cure Period occurs within 10 days prior to the proposed Interest Payment Date for Additional Amounts, promptly following expiration of the Cure Period), and the Additional Interest Notice shall set forth the amount of Additional Interest Amounts to be paid by the Company on such Interest Payment Date. Neither the Trustee nor the Co-Trustee shall at any time be under any duty or responsibility to any Holder to determine the Additional Interest Amounts, or with respect to the nature, extent or calculation of the amount of Additional Interest Amounts when made, or with respect to the method employed in such calculation of the Additional Interest Amounts.

Section 10.12 Information for IRS Filings. The Company shall provide to the Trustee and the Co-Trustee on a timely basis such information and documentation as the Trustee, the Co-Trustee or the Holders may require with respect to the Internal Revenue Service and the Holders.

Section 10.13 Further Instruments and Acts. Upon reasonable request of the Trustee or the Co-Trustee, or as otherwise necessary, the Company will execute and deliver such further instruments and do such further acts as may be reasonably necessary or proper to carry out more effectively the purposes of this Indenture.

## ARTICLE XI

### REDEMPTION

#### Section 11.01 Redemption for Tax Reasons; Notices to Trustee and Co-Trustee; Notice of Election.

(a) The Company may, at its option, redeem the Securities, in whole but not in part, at a Redemption Price equal to 100% of the Principal Amount of the Securities, plus accrued and unpaid interest (including Additional Interest Amounts or Additional Amounts, if any), to, but excluding, the Redemption Date, if the Company has become or would become obligated to pay to the Holders Additional Amounts (which are more than a *de minimis* amount) as determined by the Company as a result of any amendment or change occurring after June 3, 2009 in the laws or any regulations of Canada or any Canadian political subdivision or taxing authority, or any change occurring after June 3, 2009 onwards in an interpretation or application of such laws or regulations by any legislative body, court, governmental agency, taxing authority or regulatory authority (including the enactment of any legislation and the publication of any judicial decision or regulatory or administrative determination) (such redemption, a “**Tax Redemption**”); *provided*, the Company cannot avoid these obligations by taking reasonable measures available to it and that it delivers to the Trustee and the Co-Trustee an opinion of Canadian legal counsel specializing in taxation and an Officers’ Certificate attesting to such change and obligation to pay Additional Amounts. In such event, the Company will give the Trustee, the Co-Trustee and the Holders of the Securities notice of this redemption pursuant to Section 11.02.

(b) If the Company elects to redeem Securities pursuant to a Tax Redemption, it shall notify the Trustee and the Co-Trustee in writing of the Redemption Date and the Redemption Price payable on such Redemption Date. The Company shall give such notice to the Trustee and Co-Trustee at least 45 days but no more than 60 days before the Redemption Date (unless shorter notice shall be satisfactory to the Trustee or Co-Trustee, as applicable); *provided* that (a) in no event will the Company be obligated to give notice of redemption earlier than 60 days prior to the earliest date on or from which it would be obligated to pay any such Additional Amounts and (b) at the time the Company gives the notice, the circumstances creating its obligation to pay such Additional Amounts remain in effect.

(c) Upon receiving a Notice of Tax Redemption, each Holder who does not wish to have the Company redeem its Securities pursuant to this Section 11.01 can elect to (A) convert its Securities pursuant to Article XIII or (B) not have its Securities redeemed, *provided* that after such Redemption Date, such Holders shall be deemed to be Excluded Holders in respect of any payment of interest or principal with respect to the Securities after such Redemption Date and no Additional Amounts will be payable by the Company in respect of any such payment after such Redemption Date. Securities and portions of Securities that are to be redeemed are convertible by the Holder until 5:00 p.m., New York City time, on the Business Day immediately preceding the Redemption Date. All future payments will be subject to the deduction or withholding of any Canadian Taxes required by law to be deducted or withheld.

Where no such election is made, the Holder will have its Securities redeemed without any further action. If a Holder does not elect to convert its Securities pursuant to Article XIII but wishes to elect to not have its Securities redeemed pursuant to clause (B) of the preceding paragraph, such Holder must deliver to the Company (if the Company is acting as its own Paying Agent), or to a Paying Agent designated by the Company for such purpose in the

notice of redemption, a written Notice of Election upon Tax Redemption (the “**Notice of Election**”) on the back of the Securities, or any other form of written notice substantially similar to the Notice of Election, in each case, duly completed and signed, so as to be received by the Paying Agent no later than the Close of Business on a Business Day at least five Business Days prior to the Redemption Date.

A Holder may withdraw any Notice of Election by delivering to the Company (if the Company is acting as its own Paying Agent), or to a Paying Agent designated by the Company in the notice of redemption, a written notice of withdrawal prior to the Close of Business on the Business Day prior to the Redemption Date.

Section 11.02 Notice of Tax Redemption.

At least 30 days but not more than 60 days before a Redemption Date in connection with a Tax Redemption, the Company shall provide a notice of redemption to each Holder of Securities to be redeemed at such Holder’s address kept by the Security Registrar (a “**Notice of Tax Redemption**”); *provided* that (a) in no event will the Company be obligated to give any Notice of Tax Redemption earlier than 60 days prior to the earliest date on or from which it would be obligated to pay any such Additional Amounts and (b) at the time the Company gives the Notice of Tax Redemption, the circumstances creating its obligation to pay such Additional Amounts remain in effect.

The notice of redemption shall identify the Securities to be redeemed and shall state:

- (i) the Redemption Date;
- (ii) the Redemption Price;
- (iii) the then current Conversion Rate;
- (iv) the name and address of the Paying Agent and Conversion Agent;
- (v) that Securities called for redemption may be converted at any time prior to 5:00 p.m., New York City time, on the Business Day preceding the Redemption Date;
- (vi) that Holders who want to convert their Securities must satisfy the requirements set forth in Article XIII;
- (vii) that Securities called for redemption must be surrendered to the Paying Agent for cancellation to collect the Redemption Price;
- (viii) that, unless the Company defaults in making payment of such Redemption Price, any interest (including Additional Interest Amounts or Additional Amounts, if any) on Securities called for redemption will cease to accrue on and after the Redemption Date and the only remaining right of the Holder will be to receive payment of the Redemption Price upon presentation and surrender to the Paying Agent of the Securities;

- (ix) the CUSIP number(s) of the Securities;
- (x) that Holders may elect not to have their Securities redeemed or converted and the procedures for delivering a Notice of Election; and
- (xi) any other information the Company wants to present.

At the Company's request, the Trustee or the Co-Trustee shall give the Notice of Tax Redemption in the Company's name and at the Company's expense; *provided, however*, that the Company makes such request at least five Business Days (unless a shorter period shall be satisfactory to the Trustee or the Co-Trustee, as applicable) prior to the date by which such Notice of Tax Redemption must be given to Holders in accordance with this Section 11.02; *provided, further*, that the text of the Notice of Tax Redemption shall be prepared by the Company.

Section 11.03 Effect of Notice of Tax Redemption. Once Notice of Tax Redemption is given, Securities called for redemption become due and payable on the Redemption Date and at the Redemption Price stated in the notice, except for Securities which are converted in accordance with the terms of this Indenture. Upon surrender to the Paying Agent, such redeemed Securities shall be paid at the Redemption Price stated in the notice. Failure to give notice or any defect in the notice to any Holder shall not affect the validity of the notice to any other Holder.

If a Redemption Date is after a Regular Record Date for the payment of interest but on or prior to the corresponding Interest Payment Date, then the interest payable on such Interest Payment Date will be paid to the Holder of record of such Security on the relevant Regular Record Date, and the amount paid to the Holder who presents the Security for redemption shall be 100% of the Principal Amount of such Security.

Section 11.04 Deposit of Redemption Price. Prior to 10:00 a.m., New York City time on the Redemption Date, the Company shall deposit with the Paying Agent an amount of cash (in immediately available funds if deposited on the Redemption Date) sufficient to pay the aggregate Redemption Price of all Securities (or portions thereof) to be redeemed on the Redemption Date, other than Securities or portions of Securities called for redemption which on or prior thereto have been delivered by the Company to the Trustee or the Co-Trustee for cancellation or have been converted.

If, on the Redemption Date, the Paying Agent holds, in accordance with the terms of this Indenture, cash sufficient to pay the Redemption Price of any Securities for which Notice of Tax Redemption has been given, then on and after the applicable Redemption Date, such Securities will cease to be outstanding and interest (including Additional Interest Amounts or Additional Amounts, if any) on such Securities will cease to accrue (whether or not book-entry transfer of such Securities is made or whether or not such Securities are delivered to the Paying Agent), and the rights of the Holders in respect thereof shall terminate (other than the right to receive the Redemption Price upon delivery of such Securities). Nothing herein shall preclude the withholding of any taxes required by law to be withheld or deducted.

Section 11.05 Securities Redeemed in Part. Any Security which is to be redeemed only in part shall be surrendered at the office of the Paying Agent and the Company shall execute and the Trustee shall authenticate and deliver to the Holder of such Security, without charge, a new

Security or Securities, of any authorized denomination as requested by such Holder in aggregate Principal Amount equal to the unredeemed portion of the Security surrendered.

Section 11.06 Repayment to the Company. To the extent that the aggregate amount of cash deposited by the Company pursuant to Section 11.04 exceeds the aggregate Redemption Price of the Securities or portions thereof which the Company is redeeming as of the Redemption Date, then, promptly after the Redemption Date, the Paying Agent shall return any such excess to the Company. If such money is then held by the Company or an Affiliate of the Company in trust and is not required for such purpose, it shall be discharged from such trust.

Section 11.07 Other Repurchases. The Company may, from time to time, at its option (and nothing contained in this Indenture shall limit the Company's right to), repurchase the Securities in open market purchases or negotiated transactions, without any prior notice to any Holders, *provided* that in exercising its right under this Section 11.07, the Company complies with all applicable federal and state securities laws.

ARTICLE XII

OFFER TO PURCHASE UPON A FUNDAMENTAL CHANGE

Section 12.01 Offer to Purchase Upon a Fundamental Change.

(a) General. In the event of a Fundamental Change with respect to the Company at any time prior to August 1, 2014, the Company will be required to make an offer to purchase for cash (a "**Fundamental Change Purchase Offer**") on the Fundamental Change Purchase Date all outstanding Securities in integral multiples of \$1,000 Principal Amount at a price equal to the Principal Amount of the Securities to be purchased plus accrued but unpaid interest, including Additional Interest Amounts and Additional Amounts, if any (the "**Fundamental Change Purchase Price**"), up to but excluding the Fundamental Change Purchase Date, subject to satisfaction by or on behalf of any Holder of the requirements set forth in Section 12.01(c). The "**Fundamental Change Purchase Date**" shall be a date specified by the Company that is no later than the 30<sup>th</sup> calendar day following the date of the Fundamental Change Notice.

If the Fundamental Change Purchase Date is after a Regular Record Date but on or prior to the corresponding Interest Payment Date, however, then the interest payable on such date will be paid to the Holder of record of the Securities on the relevant Regular Record Date and the Fundamental Change Purchase Price payable to the Holder who presents the Securities for repurchase shall be 100% of the Principal Amount of such Securities.

The Company shall mail to the Trustee, the Co-Trustee and each Holder of the Securities at their addresses shown in the Security Register (and to beneficial owners of the Securities as may be required by applicable law) a notice (the "**Fundamental Change Notice**") of the occurrence of such Fundamental Change and the Fundamental Change Purchase Offer arising as a result thereof in accordance with Section 12.01(b).

A "**Fundamental Change**" shall be deemed to have occurred at the time after the Securities are originally issued that any of the following occurs:

(i) a “person” or “group” within the meaning of Section 13(d) of the Exchange Act, other than the Company, any Subsidiary of the Company or any employee benefit plan of the Company or any such Subsidiary, files a Schedule 13D, Schedule TO or any other schedule, form or report under the Exchange Act or applicable Canadian Securities Laws disclosing that such person or group has become the direct or indirect ultimate “beneficial owner,” as defined in Rule 13d-3 under the Exchange Act or applicable Canadian Securities Laws, of Common Equity of the Company representing more than 50% of the voting power of the Company’s Common Equity entitled to vote generally in the election of directors, unless such beneficial ownership arises as a result of a revocable proxy delivered in response to a public proxy or consent solicitation made pursuant to the applicable rules and regulations under the Exchange Act or applicable Canadian Securities Laws; *provided* that no person or group shall be deemed to be the beneficial owner of any securities tendered pursuant to a tender or exchange offer made by or on behalf of such person or group until such tendered securities are accepted for purchase or exchange under such offer;

(ii) consummation of any share exchange, consolidation, amalgamation, merger, statutory arrangement or other similar combination involving the Company pursuant to which the Common Shares will be converted into cash, securities or other property or any sale, lease or other transfer in one transaction or a series of related transactions of all or substantially all of the consolidated assets of the Company and its Subsidiaries, taken as a whole, to any Person other than one of the Company’s wholly-owned Subsidiaries; *provided, however*, that a transaction where the holders of more than 50% of all classes of the Company’s Common Equity immediately prior to such transaction own, directly or indirectly, more than 50% of all classes of Common Equity of the continuing or surviving corporation or transferee or the parent thereof immediately after such event shall not be a Fundamental Change;

(iii) Continuing Directors cease to constitute at least a majority of the Company’s Board of Directors; or

(iv) the shareholders of the Company approve any plan or proposal for the liquidation or dissolution of the Company.

A Fundamental Change will not be deemed to have occurred, however, if at least 90% of the consideration, excluding cash payments for fractional shares, in the transaction or transactions otherwise constituting the Fundamental Change consists of common shares or American Depositary Shares that are traded or listed on, or immediately after the transaction or event will be traded or listed on a U.S. national securities exchange or the Toronto Stock Exchange.

(b) Notice of Fundamental Change. Within 30 calendar days after the occurrence of a Fundamental Change, the Company shall mail the Fundamental Change Notice by first-class mail to the Trustee, the Co-Trustee and each Holder of Securities at its address shown in the Security Register (and to beneficial owners as required by applicable law). The Fundamental Change Notice shall include a form of Fundamental Change purchase notice (the “**Fundamental Change Purchase Notice**”) to be completed by the Holder and shall state:

- (i) the events causing a Fundamental Change and the expected date of such Fundamental Change;
- (ii) that a Fundamental Change Purchase Offer is being made pursuant to Article XII and that all Securities validly tendered and not withdrawn will be purchased pursuant to the terms of such Article XII;
- (iii) the date by which the Fundamental Change Purchase Notice pursuant to this Section 12.01 must be delivered to the Paying Agent in order for a Holder to accept the Fundamental Change Purchase Offer;
- (iv) the Fundamental Change Purchase Date;
- (v) the Fundamental Change Purchase Price;
- (vi) the name and address of the Paying Agent and the Conversion Agent;
- (vii) the conversion rights, if any, of the Securities;
- (viii) the Conversion Rate for conversion of the Securities applicable on the Fundamental Change Purchase Date;
- (ix) (A) that Securities as to which a Fundamental Change Purchase Notice has been given may be converted pursuant to Article XIII hereof only if the Fundamental Change Purchase Notice has been withdrawn in accordance with the provisions of Section 12.02 and (B) the procedures for withdrawing a Fundamental Change Purchase Notice;
- (x) that Securities must be surrendered to the Paying Agent for cancellation to collect payment of the Fundamental Change Purchase Price;
- (xi) that the Fundamental Change Purchase Price for any Security as to which a Fundamental Change Purchase Notice has been duly given and not withdrawn will be paid promptly following the later of the Fundamental Change Purchase Date and the time of surrender of such Security as described in clause (x) of this Section 12.01;
- (xii) the procedures the Holder must follow to exercise rights under this Section 12.01;
- (xiii) the CUSIP number or numbers of the Securities; and
- (xiv) any other information the Company wants to present.

At the Company's request, the Trustee or the Co-Trustee shall give such Fundamental Change Company Notice in the Company's name and at the Company's expense; *provided, however*, that, in all cases, the text of such Fundamental Change Company Notice shall be prepared by the Company.

(c) Fundamental Change Purchase Notice. To accept the Fundamental Change Purchase Offer, a Holder of Securities must deliver to the Company (if the Company is acting as its own Paying Agent), or to a Paying Agent designated by the Company for such purpose in the Fundamental Change Notice and the Trustee and the Co-Trustee, at least two Business Days prior to the Fundamental Change Purchase Date, (i) written notice of acceptance of the Fundamental Change Purchase Offer in the form set forth in the Fundamental Change Purchase Notice or any other form of written notice substantially similar to the Fundamental Change Purchase Notice, in each case, duly completed and signed, with appropriate signature guarantee and (ii) such Securities that the Holder wishes to tender for purchase by the Company pursuant to the Fundamental Change Purchase Offer, together with the necessary endorsements for transfer to the Company on the back of the Securities.

Such notice shall state, among other things (A) that if certificated Securities have been issued, the certificate numbers (or, if the Securities are not certificated, the notice must comply with the Depositary's procedures), (B) the portion of the principal amount of Securities to be purchased, which must be in \$1,000 multiples, and (C) that the Securities are to be purchased by the Company pursuant to the applicable provisions of the Securities and the Indenture.

The delivery of such Security to the Paying Agent with, or at any time after delivery of, the Fundamental Change Purchase Notice (together with all necessary endorsements) at the offices of the Paying Agent shall be a condition to the receipt by the Holder of the Fundamental Change Purchase Price therefor; *provided, however*, that such purchase price shall be so paid pursuant to this Section 12.01 only if the Security so delivered to the Paying Agent shall conform in all respects to the description thereof set forth in the related Fundamental Change Purchase Notice.

The Company shall purchase from the Holder thereof, pursuant to this Section 12.01, a portion of a Security, so long as the Principal Amount of such portion is \$1,000 or an integral multiple thereof. Provisions of this Indenture that apply to the repurchase of all of a Security also apply to the repurchase of such portion of such Security.

Any purchase by the Company contemplated pursuant to the provisions of this Section 12.01 shall be consummated by the delivery of the Fundamental Change Purchase Price to be received by the Holder promptly following the later of the Fundamental Change Purchase Date and the time of delivery of the Security; *provided, however*, that if the Fundamental Change Purchase Notice is delivered after a date which is two Business Days prior to the Fundamental Change Purchase Date, such payment may be made as promptly after such Fundamental Change Purchase Date as is practicable.

Notwithstanding anything contained herein to the contrary, any Holder delivering to the Paying Agent the Fundamental Change Purchase Notice contemplated by this Section 12.01(c) shall have the right to withdraw such Fundamental Change Purchase Notice at any time prior to the close of business on the Fundamental Change Purchase Date by delivery of a written notice of withdrawal to the Paying Agent in accordance with Section 12.02.

The Paying Agent shall promptly notify the Company of the receipt by it of any Fundamental Change Purchase Notice or written notice of withdrawal thereof.

**Section 12.02 Effect of Fundamental Change Purchase Notice.** Upon receipt by the Paying Agent of the Fundamental Change Purchase Notice specified in Section 12.01(c), the Holder of the Security in respect of which such Fundamental Change Purchase Notice was given shall (unless such Fundamental Change Purchase Notice is withdrawn as specified in the following two paragraphs) thereafter be entitled to receive solely the Fundamental Change Purchase Price with respect to such Security. Such Fundamental Change Purchase Price shall be paid to such Holder, subject to receipt of funds and/or Securities by the Paying Agent, promptly following the later of (a) the Fundamental Change Purchase Date with respect to such Security (*provided*, the conditions in Section 12.01(c) have been satisfied) and (b) the time of book-entry transfer or delivery of such Security to the Paying Agent by the Holder thereof in the manner required by Section 12.01(c). Securities in respect of which a Fundamental Change Purchase Notice has been given by the Holder thereof may not be converted pursuant to Article XIII hereof on or after the date of the delivery of such Fundamental Change Purchase Notice unless such Fundamental Change Purchase Notice has first been validly withdrawn as specified in the following two paragraphs.

A Fundamental Change Purchase Notice may be withdrawn by means of a written notice of withdrawal delivered to the office of the Paying Agent in accordance with the procedures set forth in the Fundamental Change Company Notice at any time prior to the close of business on the Fundamental Change Purchase Date specifying:

(i) the Principal Amount of the Security with respect to which such notice of withdrawal is being submitted;

(ii) the certificate number, if any, of the Physical Security in respect of which such notice of withdrawal is being submitted (if the Security is a Global Security, the withdrawal notice must comply with the Applicable Procedures); and

(iii) the Principal Amount, if any, of such Security which remains subject to the original Fundamental Change Purchase Notice and which has been or will be delivered for repurchase by the Company.

There shall be no purchase of any Securities pursuant to Section 12.01 if there has occurred (prior to, on or after, as the case may be, the giving, by the Holders of such Securities, of the required Fundamental Change Purchase Notice) and is continuing an Event of Default (other than an Event of Default that is cured by the payment of the Fundamental Change Purchase Price with respect to such Securities). The Paying Agent will promptly return to the respective Holders any Securities (A) with respect to which a Fundamental Change Purchase Notice has been withdrawn in compliance with this Indenture, or (B) held by it during the continuance of an Event of Default (other than a default in the payment of the Fundamental Change Purchase Price with respect to such Securities) in which case, upon such return, the Fundamental Change Purchase Notice with respect thereto shall be deemed to have been withdrawn.

**Section 12.03 Deposit of Fundamental Change Purchase Price.** Prior to 10:00 a.m.,

New York City time, on the Business Day following the Fundamental Change Purchase Date, the Company shall deposit with the Paying Agent an amount of cash (in immediately available funds if deposited on such Business Day) sufficient to pay the aggregate Fundamental Change Purchase Price of all Securities (or portions thereof) to be redeemed on the Fundamental Change Purchase Date, other than Securities or portions of Securities called for redemption which on or prior thereto have been delivered by the Company to the Trustee or the Co-Trustee for cancellation or have been converted.

If, on the Business Day following the Fundamental Change Purchase Date, the Paying Agent holds, in accordance with the terms of this Indenture, cash sufficient to pay the Fundamental Change Purchase Price of any Securities for which a Fundamental Change Purchase Notice has been tendered and not withdrawn pursuant to Section 12.02, then, effective as of the Fundamental Change Purchase Date, such Securities will cease to be outstanding and interest (including Additional Interest Amounts or Additional Amounts, if any) on such Securities will cease to accrue (whether or not book-entry transfer of such Securities is made or whether or not such Securities are delivered to the Paying Agent), and the rights of the Holders in respect thereof shall terminate (other than the right to receive the Fundamental Change Purchase Price upon delivery of such Securities). Nothing herein shall preclude the withholding of any taxes required by law to be withheld or deducted.

Section 12.04 Security Purchased in Part. Any Security which is to be purchased only in part shall be surrendered at the office of the Paying Agent and the Company shall execute and the Trustee shall authenticate and deliver to the Holder of such Security, without charge, a new Security or Securities, of any authorized denomination as requested by such Holder in aggregate Principal Amount equal to, and in exchange for, the portion of the Principal Amount of the Security so surrendered which is not purchased.

Section 12.05 Covenant to Comply with Securities Laws upon Repurchase of Securities. In connection with any offer to repurchase Securities under Section 12.01 (*provided* that such offer or repurchase constitutes an “issuer tender offer” for purposes of Rule 13e-4 (which term, as used herein, includes any successor provision thereto) under the Exchange Act at the time of such offer or purchase), and subject to any exemptions under applicable law, the Company shall (a) comply with Rule 13e-4 and Rule 14e-1 (or any successor provision) under the Exchange Act, (b) file the related Schedule TO (or any successor schedule, form or report) under the Exchange Act, (c) otherwise comply with all U.S. federal and state securities laws so as to permit the rights and obligations under Section 12.02 to be exercised in the time and in the manner specified in Section 12.02 and (d) comply with any applicable Canadian Securities Laws which may then be applicable in the event of a fundamental change.

To the extent that the provisions of any securities laws or regulations conflict with the provisions of this Article XII, the Company’s compliance with such laws and regulations including the extension of the payment or notice periods contemplated by this Article XII, shall not in and of itself cause a breach of their obligations under this Article XII.

Section 12.06 Repayment to the Company. To the extent that the aggregate amount of cash deposited by the Company pursuant to Section 12.03 exceeds the aggregate Fundamental Change Purchase Price of the Securities or portions thereof which the Company is obligated to purchase as of the Fundamental Change Purchase Date, then, promptly after the Fundamental Change Purchase Date,

the Paying Agent shall return any such excess to the Company. If such money is then held by the Company or an Affiliate of the Company in trust and is not required for such purpose, it shall be discharged from such trust.

## ARTICLE XIII

### CONVERSION

#### Section 13.01 Right to Convert.

(a) Subject to, and upon compliance with, the provisions of this Indenture, each Holder shall have the right, at such Holder's option, at any time following the Issue Date of the Securities hereunder through prior to the close of business on the Business Day immediately preceding the Stated Maturity (or such earlier Fundamental Change Purchase Date or Redemption Date as may be applicable) to convert the Principal Amount of any such Securities, or any portion of such Principal Amount which is in a denomination of \$1,000 or an integral multiple thereof, at the Conversion Rate then in effect, subject to prior repurchase or redemption of the Securities, under any of the following circumstances:

(i) *Conversion Upon Satisfaction of Market Price Condition.* A Holder may surrender all or a portion of its Securities for conversion during any fiscal quarter (and only during such fiscal quarter) commencing after June 30, 2009, and prior to 5:00 p.m., New York City time, on the Business Day immediately preceding the Stated Maturity, if the Closing Sale Price of the Common Shares is greater than or equal to 130% of the applicable Conversion Price then in effect for at least 20 Trading Days during the period of the 30 consecutive Trading Days ending on, and including, the last Trading Day of the preceding fiscal quarter.

(ii) *Conversion Upon Satisfaction of Trading Price Condition.* A Holder may surrender all or a portion of its Securities during the five Business Day period immediately following a five consecutive Trading Day period (the "**Measurement Period**") in which the Trading Price, as determined following a request by a Holder in accordance with the procedures described herein, for each Trading Day of such Measurement Period was less than 98% of the product of the Closing Sale Price of the Common Shares on such Trading Day and the applicable Conversion Rate in effect on such Trading Day. In connection with any potential conversion pursuant to this Section 13.01(a)(ii), the Bid Solicitation Agent shall have no obligation to determine the Trading Price unless the Company has requested such determination, and the Company shall have no obligation to request such determination unless a Holder has provided the Company with reasonable evidence that the Trading Price would be less than 98% of the product of the Closing Sale Price of the Common Shares and the applicable Conversion Rate. At such time as the Company has determined that a Holder has provided such evidence to the Company, the Company shall instruct the Bid Solicitation Agent to determine the Trading Price beginning on the next Trading Day and on each successive Trading Day until the Trading Price is greater than or equal to 98% of the product of the Closing Sale Price of the Common Shares and the applicable Conversion Rate. After receiving from a Holder any materials that purport to constitute such "reasonable evidence," the Company

shall promptly determine whether such material does constitute “reasonable evidence” for purposes of this clause (ii); *provided* that absent manifest error, the Company’s determination shall be binding and final. The Company shall not be obligated to give any instructions to the Bid Solicitation Agent until the Company has completed its determination, which it shall do promptly.

(iii) *Conversion Upon Notice of Redemption.* A Holder of may convert all or a portion of its Securities at any time prior to 5:00 p.m., New York City time, on the Business Day immediately preceding the Redemption Date, if such Security has been called for redemption pursuant to Article III or Article XI hereof, after which time the Holder’s right to convert the Securities will expire unless the Company defaults on the payment of the Redemption Price.

(iv) *Conversion Upon Specified Corporate Transactions.* If the Company becomes a party to a transaction in clause (b) of the definition of Fundamental Change (without giving effect to the last paragraph in Section 12.01(a)), the Company shall notify Holders at least 30 calendar days prior to the anticipated effective date for such transaction (or shall otherwise provide a Fundamental Change Chance Notice as provided in Section 12.01(b), if applicable). Upon receipt of such notice, a Holder may surrender its Securities for conversion at any time until 45 calendar days after the actual effective date of such transaction (or if such transaction also constitutes a Fundamental Change, the related Fundamental Change Purchase Date). In addition, a Holder may surrender all or a portion of its Securities for conversion if a Fundamental Change of the type described in clauses (a), (c) or (d) of the definition of Fundamental Change occurs. In such event, a Holder may surrender Securities for conversion at any time beginning on the actual effective date of such Fundamental Change until and including the date which is 30 calendar days after the actual effective date of such Fundamental Change or, if later, the Fundamental Change Purchase Date corresponding to such Fundamental Change. If the transaction also constitutes a Fundamental Change, the Company shall be required, subject to certain conditions, to offer to purchase for cash all of a Holder’s Securities in accordance with Article XII. Notwithstanding the foregoing, a Security in respect of which a Holder has delivered a Fundamental Change Purchase Notice may be converted only if such Fundamental Change Repurchase Notice is withdrawn in accordance with Article XII prior to the close of business on the Fundamental Change Purchase Date.

(v) *Conversion at Stated Maturity.* A Holder may surrender all or a portion of its Securities at any time during the period beginning 25 Trading Days before the Stated Maturity and until 5:00 p.m., New York City time, on the Business Day immediately preceding the Stated Maturity.

(b) In the event of the occurrence of any of the events in clauses (i), (ii) and (iv) of Section 13.02(a), the Company shall provide prompt written notice in the form of an Officers’ Certificate of such event to the Trustee, the Co-Trustee and the Conversion Agent.

#### Section 13.02 Conversion Procedure.

(a) Each Security shall be convertible at the office of the Conversion Agent.

(b) In order to exercise the conversion privilege with respect to any Securities in certificated form, the Holder of any such Securities to be converted, in whole or in part, shall:

(i) complete and manually sign the conversion notice provided on the back of the Security (the **“Conversion Notice”**) or facsimile of the Conversion Notice and deliver such Conversion Notice, which shall be irrevocable, to the Conversion Agent;

(ii) surrender the Security to the Conversion Agent;

(iii) furnish appropriate endorsements and transfer documents, if required;

(iv) pay any transfer or similar tax, if required pursuant to Section 13.07 or otherwise; and

(v) pay funds equal to interest, including Additional Interest Amounts and Additional Amounts, if any, payable on the next Interest Payment Date to which such Holder is not entitled.

The date on which the Holder satisfies all of the requirements set forth in clauses (i) through (v) above is the **“Conversion Date.”** Such Conversion Notice shall also state the name or names (with address or addresses) in which any certificate or certificates for Common Shares which shall be issuable on such conversion shall be issued. All such Securities surrendered for conversion shall, unless the Common Shares issuable on conversion are to be issued in the same name as the registration of such Securities, be duly endorsed by, or be accompanied by instruments of transfer in form satisfactory to the Company duly executed by, the Holder or its duly authorized attorney.

In order to exercise the conversion privilege with respect to any interest in Securities in global form, the Holder must complete the appropriate instruction form for conversion pursuant to the Depositary’s book-entry conversion program, furnish appropriate endorsements and transfer documents if required by the Company, the Trustee, the Co-Trustee or Conversion Agent, and pay the funds, if any, required to be paid under Section 13.02(b)(v) and any transfer or similar taxes required pursuant to Section 13.07 or otherwise.

(c) As promptly as practicable after the later of (i) the Conversion Date (but in no event later than five Business Days after the Conversion Date) or (ii) the date all the calculations necessary to make such payment and delivery have been made (but in no event later than as specified in Section 13.03), subject to compliance with any restrictions on transfer if Common Shares issuable on conversion are to be issued in a name other than that of the Holder (as if such transfer were a transfer of the Securities (or portion thereof) so converted), the Company shall issue and shall deliver to such Holder at the office of the Conversion Agent, a check or cash and a certificate or certificates for the number of full Common Shares issuable in accordance with the provisions of this Article XIII, if applicable. In case any Securities of a denomination greater than \$1,000 shall be surrendered for partial conversion, the Company shall execute and the Trustee shall authenticate and deliver to the Holder of the Securities so surrendered, without charge to him, new Securities in authorized denominations in an aggregate Principal Amount equal to the unconverted portion of the surrendered Securities.

Each conversion shall be deemed to have been effected as to any such Securities (or portion thereof) on the date on which the requirements set forth above in this Section 13.02 have been satisfied as to such Securities (or portion thereof), and the person in whose name any certificate or certificates for Common Shares shall be issuable upon such conversion shall be deemed to have become on said date the Holder of record of the Common Shares represented thereby; *provided, however*, that in case of any such surrender on any date when the stock transfer books of the Company shall be closed, the person or persons in whose name the certificate or certificates for such Common Shares are to be issued shall be deemed to have become the record holder thereof for all purposes on the next day on which such stock transfer books are open, but such conversion shall be at the Conversion Price in effect on the date upon which such Securities shall be surrendered.

(d) Upon the conversion of an interest in Global Securities, the Trustee or the Co-Trustee (or any other Conversion Agent appointed by the Company) shall make a notation on such Global Securities as to the reduction in the Principal Amount represented thereby. The Company shall notify the Trustee and the Co-Trustee in writing of any conversions of Securities effected through any Conversion Agent other than the Trustee or the Co-Trustee.

(e) Unless the Company shall provide otherwise, each share certificate representing Common Shares issued upon conversion of the Securities that contain the Private Placement Legend or the Canadian Private Placement Legend shall bear the applicable legends in substantially the form of Exhibit C hereto.

Section 13.03 Company to Deliver Common Shares, Cash or Combination Thereof.

(a) Upon conversion of a Security, the Company will have the right to elect to deliver cash or a combination of cash and Common Shares for the Securities surrendered as set forth below in lieu of delivering only Common Shares. The Trustee will initially act as Conversion Agent. A Holder may convert fewer than all of such Holder's Securities so long as the Securities converted are an integral multiple of \$1,000 principal amount.

The Company will give notice of its election to deliver part or all of the conversion consideration in cash to the Holder converting the Securities within two Business Days following the Company's receipt of the Holder's notice of conversion. To the extent such election differs from the most recent election previously provided to the Trustee, the Co-Trustee or the Conversion Agent, the Company shall also notify the Trustee, the Co-Trustee or the Conversion Agent, as applicable, of such election. The amount of cash to be delivered per Security will be equal to the number of Common Shares in respect of which the cash payment is being made multiplied by the average of the Daily VWAP prices of the Common Shares for the 20 trading days commencing one day after (i) the date of the Company's notice of election to deliver all or part of the conversion consideration in cash if it has not given a Redemption Notice, (ii) the conversion date, in the case of conversion following a Notice of Redemption by the Company specifying the Company's intention to deliver cash upon conversion for conversions following the Redemption Notice or (iii) the 22nd scheduled Trading Day prior to the Stated Maturity, in the case of conversion during the period beginning 25 Trading Days before the Stated Maturity.

If the Company elects to deliver cash in lieu of some or all of the Common Shares issuable upon conversion, it will make the payment, including delivery of the Common Shares, through the Conversion Agent, to Holders surrendering Securities no later than the 14th Business Day following the Conversion Date. Otherwise, the Company will deliver the Common Shares, together with any cash payment for fractional shares, as described below, through the Conversion Agent no later than the fifth business day following the Conversion Date.

The Company may not deliver cash in lieu of any Common Shares issuable upon a Conversion Date (other than in lieu of fractional shares) if there has occurred and is continuing an Event of Default under the Indenture, other than an Event of Default that is cured by the payment of the conversion consideration.

If the Company calls Securities for redemption, a Holder may convert the Securities only until 5:00 p.m., New York City time, on the Business Day immediately preceding the Redemption Date unless the Company fails to pay the Redemption Price. Subject to Section 13.02, if a Holder has submitted Securities for purchase upon a Fundamental Change, such Holder may convert such Securities only if such Holder withdraws the purchase election made by such Holder prior to conversion.

Upon conversion, a Holder will not receive any separate cash payment for accrued and unpaid interest and Additional Interest Amounts or Additional Amounts, if any, unless such conversion occurs between a Regular Record Date and the Interest Payment Date to which it relates. The Company will not issue fractional Common Shares upon conversion of Securities. Instead, the Company will pay cash in lieu of fractional shares based on the Closing Sale Price of the Common Shares on the Trading Day immediately prior to the Conversion Date.

The Company's delivery to the Holder of Common Shares, cash, or a combination of cash and Common Shares, as applicable, together with any cash payment for any fractional share, into which a Security is convertible, will be deemed to satisfy the Company's obligation to pay:

- (i) the principal amount of the Security; and
- (ii) accrued and unpaid interest and Additional Interest Amounts or Additional Amounts, if any, to, but not including, the Conversion Date.

Accrued and unpaid interest and Additional Interest Amounts or Additional Amounts, if any, to, but not including, the Conversion Date will be deemed to be paid in full rather than cancelled, extinguished or forfeited.

(b) Notwithstanding anything to the contrary in this Article XIII, if Securities are converted after 5:00 p.m., New York City time, on a Regular Record Date, Holders of such Securities at 5:00 p.m., New York City time, on such Regular Record Date will receive the interest and Additional Interest Amounts or Additional Amounts, if any, payable on such Securities on the corresponding Interest Payment Date notwithstanding the conversion. Securities surrendered for conversion during the period after 5:00 p.m., New York City time, on any Regular Record Date to 9:00 a.m., New York City time, on the immediately following Interest Payment Date must be accompanied by payment of an amount equal to the interest

- (including Additional Interest Amounts or Additional Amounts, if any) payable on the Securities so converted on such corresponding Interest Payment Date; *provided* that no such payment need be made:
- (i) if the Company has specified a Redemption Date that is after a Regular Record Date and on or prior to the corresponding Interest Payment Date;
  - (ii) if the Company has specified a Fundamental Change Purchase Date that is after a Regular Record Date and on or prior to the corresponding Interest Payment Date; or
  - (iii) to the extent of any overdue interest, if any overdue interest exists at the time of Conversion with respect to such Security.

If a Holder converts Securities, the Company will pay any documentary, stamp or similar issue or transfer tax due on the issue of any of its Common Shares upon the conversion, unless the tax is due because the Holder requests any shares to be issued in a name other than the Holder’s name, in which case the Holder will pay such tax.

(c) [Reserved.]

(d) The Company will not issue fractional Common Shares upon conversion of Securities. If multiple Securities shall be surrendered for conversion at one time by the same Holder, the number of full shares which shall be issuable upon conversion shall be computed on the basis of the aggregate Principal Amount of the Securities (or specified portions thereof to the extent permitted hereby) so surrendered. If any fractional Common Share would be issuable upon the conversion of any Securities, the Company shall make payment therefor in cash equal to the fraction of a Common Share otherwise issuable multiplied by the Current Market Price to the Holder of such Securities.

Section 13.04 Conversion Rate Adjustments. The Conversion Rate shall be adjusted from time to time by the Company as follows, except that the Company shall not make any adjustment to the Conversion Rate if Holders may participate, as a result of holding the Securities, in the transaction described below without having to convert their Securities.

(a) If the Company, at any time or from time to time while any of the Securities are outstanding, pays a dividend or makes a distribution in Common Shares to all holders of its outstanding Common Shares, or if the Company subdivides or combines its Common Shares, then the Conversion Rate will be adjusted based on the following formula:

$$CR' = CR_0 \times \frac{AC + (SP' \times OS')}{OS_0 \times SP'}$$

where,

- CR<sub>0</sub> = the Conversion Rate in effect immediately prior to the Ex-Dividend Date of such dividend or distribution or the effective date of such subdivision or combination, as applicable
- CR' = the Conversion Rate in effect immediately after such Ex-Dividend Date or effective date, as applicable
- OS<sub>0</sub> = the number of Common Shares outstanding immediately prior to such Ex-Dividend Date or effective date, as applicable
- OS' = the number of Common Shares outstanding immediately prior to such Ex-Dividend Date or effective date, as applicable, after giving pro forma effect to such dividend, distribution, subdivision or combination

Such adjustment shall become effective immediately after 9:00 a.m., New York City time, on the Business Day following the Record Date for such dividend or distribution, or the date fixed for determination for such Common Share subdivision or combination. If any dividend or distribution of the type described in this Section 13.04(a) is declared but not so paid or made, the Conversion Rate shall again be adjusted to the Conversion Rate which would then be in effect if such dividend or distribution had not been declared.

(b) If the Company, at any time or from time to time while any of the Securities are outstanding, distributes to holders of all or substantially all of its outstanding Common Shares certain rights or warrants to purchase Common Shares at a price per Common Share less than the Closing Sale Price of the Common Shares on the Record Date for shareholders entitled to receive such rights and warrants, which rights or warrants are exercisable for not more than 60 days, the Conversion Rate shall be adjusted based on the following formula (*provided* that the Conversion Rate shall be readjusted to the extent that such rights or warrants are not exercised prior to their expiration):

$$CR' = CR_0 \times \frac{OS_0 + X}{OS_0 + Y}$$

where,

- CR<sub>0</sub> = the Conversion Rate in effect immediately prior to the Ex-Dividend Date of such distribution
- CR' = the Conversion Rate in effect immediately after such Ex-Dividend Date
- OS<sub>0</sub> = the number of Common Shares outstanding immediately after such Ex-Dividend Date

- X = the total number of Common Shares issuable pursuant to such rights or warrants
- Y = the number of Common Shares equal to the quotient of (a) the aggregate price payable to exercise all such rights or warrants and (b) the average of the Closing Sale Price of the Common Shares for the 10 consecutive Trading Days ending on the Trading Day immediately preceding the date of announcement for the issuance of such rights or warrants

Such adjustment shall become effective immediately after 9:00 a.m., New York City time, on the Business Day following the date of announcement of the issuance of such rights or warrants.

To the extent that Common Shares are not delivered pursuant to such rights or warrants, upon the expiration or termination of such rights or warrants, the Conversion Rate shall be readjusted to the Conversion Rate which would then be in effect had the adjustments made upon the issuance of such rights or warrants been made on the basis of the delivery of only the number of Common Shares actually delivered. In the event that such rights or warrants are not so issued, the Conversion Rate shall again be adjusted to be the Conversion Rate which would then be in effect if the date fixed for the determination of shareholders entitled to receive such rights or warrants had not been fixed. In determining whether any rights or warrants entitle the holders to subscribe for or purchase Common Shares at less than such Closing Sale Price, and in determining the aggregate offering price of such Common Shares, there shall be taken into account any consideration received for such rights or warrants and any amount payable on exercise or conversion thereof, the value of such consideration, if other than cash, to be determined in good faith by the Board of Directors of the Company.

For the purposes of this Section 13.04(c), rights or warrants distributed by the Company to all holders of the Common Shares entitling them to subscribe for or purchase shares of the Company's Capital Stock (either initially or under certain circumstances), which rights or warrants, until the occurrence of a specified event or events ("**Trigger Event**"): (i) are deemed to be transferred with such Common Shares; (ii) are not exercisable; and (iii) are also issued in respect of future issuances of Common Shares, shall be deemed not to have been distributed for purposes of this Section 13.04(c) (and no adjustment to the Conversion Price under this Section 13.04(c) will be required) until the occurrence of the earliest Trigger Event, whereupon such rights and warrants shall be deemed to have been distributed and an appropriate adjustment (if any is required) to the Conversion Rate shall be made under this Section 13.04(c). If any such right or warrant, including any such existing rights or warrants distributed prior to the date of this Indenture, are subject to events, upon the occurrence of which such rights or warrants become exercisable to purchase different securities, evidences of indebtedness or other assets, then the date of the occurrence of any and each such event shall be deemed to be the date of distribution and record date with respect to new rights or warrants with such rights (and a termination or expiration of the existing rights or warrants without exercise by any of the holders thereof). In addition, in the event of any distribution (or deemed distribution) of rights or warrants, or any Trigger Event or other event (of the type described in the preceding sentence) with respect thereto that was counted for purposes of calculating a distribution amount for which an adjustment to the Conversion Rate under this Section 13.04(c) was made, (A) in the case of any

such rights or warrants which shall all have been redeemed or purchased without exercise by any holders thereof, the Conversion Rate shall be readjusted upon such final redemption or repurchase to give effect to such distribution or Trigger Event, as the case may be, as though it were a cash distribution, equal to the per share redemption or purchase price received by a holder of Common Shares with respect to such rights or warrants (assuming such holder had retained such rights or warrants), made to all applicable holders of Common Shares as of the date of such redemption or repurchase, and (B) in the case of such rights or warrants which shall have expired or been terminated without exercise by any holders thereof, the Conversion Rate shall be readjusted as if such rights and warrants had not been issued.

(c) If the Company, at any time or from time to time while the Securities are outstanding, distributes to holders of all or substantially of the Common Shares, Common Shares, evidences of indebtedness or assets or property, including securities, but excluding:

- (i) dividends or distributions referred to in Section 13.04(a);
- (ii) rights or warrants referred to in Section 13.04(c); and
- (iii) dividends or distributions paid exclusively in cash;

then the Conversion Rate shall be adjusted based on the following formula:

$$CR' = CR_0 \times \frac{SP_0}{SP_0 - FMV}$$

where,

- CR<sub>0</sub> = the Conversion Rate in effect immediately prior to the Ex-Dividend Date for such distribution
- CR' = the Conversion Rate in effect immediately after such Ex-Dividend Date
- SP<sub>0</sub> = the Current Market Price of the Common Shares on the Trading Day immediately preceding such Ex-Dividend Date
- FMV = the fair market value (as determined by the Board of Directors of the Company) of the Common Shares, evidences of indebtedness, assets or property distributed with respect to each outstanding Common Share on the Record Date for such distribution

Such adjustment shall become effective immediately prior to 9:00 a.m., New York City time, on the Business Day following the Record Date for such distribution. If the Board of Directors of the Company determines the fair market value of any distribution for

purposes of this Section 13.04(c) by reference to the actual or when issued trading market for any securities, it must in doing so consider the prices in such market over the same period used in computing the Current Market Price of the Common Shares.

To the extent that the Company has a rights plan in effect upon conversion of the Securities into Common Shares, a Holder shall receive, in addition to the Common Shares, the rights under the rights plan unless such rights are in respect of Ineligible Consideration or such rights have separated from the Common Shares at the time of conversion, in which case the Conversion Rate will be adjusted as if the Company distributed to all holders of Common Shares, Common Shares, evidences of indebtedness or assets or property as described in this Section 13.04(c), subject to readjustment in the event of the expiration, termination or redemption of such rights.

With respect to an adjustment pursuant to this Section 13.04(c) where there has been a payment of a dividend or other distribution on the Common Shares or common shares of any class or series, or similar equity interest, of or relating to a Subsidiary or other business unit (a “**Spin-Off**”), the Conversion Rate in effect immediately before 5:00 p.m., New York City time, on the effective date of the Spin-Off shall be increased based on the following formula in lieu of the formula above:

$$CR' = CR_0 \times \frac{FMV_0 + MP_0}{MP_0}$$

where,

- CR<sub>0</sub> = the Conversion Rate in effect immediately prior to 5:00 p.m., New York City time, on the effective date of the Spin-Off
- CR' = the Conversion Rate in effect immediately after the effective date of the Spin-Off
- FMV<sub>0</sub> = the average of the Closing Sale Prices of the Common Shares or similar equity interest distributed to holders of Common Shares applicable to one Common Share over the 10 consecutive Trading-Day period commencing on, and including, the effective date of the Spin-Off
- MP<sub>0</sub> = the average of the Closing Sale Prices of the Common Shares over the 10 consecutive Trading-Day period commencing on, and including, the effective date of the Spin-Off

The adjustment to the Conversion Rate under the preceding paragraph will occur on the 10th Trading Day from, and including, the effective date of the Spin-Off and shall be applied on a retroactive basis from, and including, the effective date of the Spin-Off; *provided* that in respect of any conversion occurring prior to the effective date of the Spin-Off with respect to which the settlement date would occur during the 10 Trading Days from, and including, the

effective date of any Spin-Off, references with respect to the Spin-Off to the 10 consecutive Trading-Day period shall be deemed replaced with such lesser number of Trading Days as have elapsed between the effective date of such Spin-Off and the settlement date in determining the applicable Conversion Rate; *provided, further*, that in respect of any conversion occurring prior the effective date of the Spin-Off with respect to which the settlement date would occur during the three Trading Days from, and including, the effective date of such Spin-Off, references to the 10 consecutive Trading-Day period shall be deemed replaced with a three consecutive Trading-Day period with such adjustment to the Conversion Rate being applied on a retroactive basis from, and including, the effective date of the Spin-Off.

(d) (i) If any regular, quarterly cash dividend or distribution made to all or substantially all holders of Common Shares is in excess of \$0.09 per Common Share (the “**Initial Dividend Threshold**”), the Conversion Rate shall be adjusted based on the following formula:

$$CR' = CR_0 \times \frac{SP_0}{SP_0 - C}$$

where,

- CR<sub>0</sub> = the Conversion Rate in effect immediately prior to the Ex-Dividend Date for such dividend or distribution
- CR' = the Conversion Rate in effect immediately after such Ex-Dividend Date
- SP<sub>0</sub> = the Current Market Price of the Common Shares on the Trading Day immediately preceding such Ex-Dividend Date
- C = the amount in cash per share the Company distributes to holders of Common Shares in excess of the Initial Dividend Threshold

The Initial Dividend Threshold is subject to adjustment in a manner inversely proportional to adjustments to the Conversion Rate; *provided*, that no adjustment will be made to the dividend threshold amount for any adjustment made to the Conversion Rate under this Section 13.04(d)(i) or Section 13.04(d)(ii).

(ii) If any cash dividend or distribution that is not a regular, quarterly cash dividend or distribution is made to all or substantially all holders of Common Shares, the Conversion Rate shall be adjusted based on the following formula:

$$CR' = CR_0 \times \frac{SP_0}{SP_0 - C}$$

where,

- CR<sub>0</sub> = the Conversion Rate in effect immediately prior to the Ex-Dividend Date for such dividend or distribution
- CR' = the Conversion Rate in effect immediately after such Ex-Dividend Date
- SP<sub>0</sub> = the Current Market Price of the Common Shares on the Trading Day immediately preceding such Ex-Dividend Date
- C = the amount in cash per share the Company distributes to holders of Common Shares

(e) If the Company or any of its Subsidiaries makes a payment in respect of a tender or exchange offer for the Common Shares, to the extent that the cash and value of any other consideration included in the payment per Common Share exceeds the Closing Sale Price of the Common Shares on the Trading Day next succeeding the last date on which tenders or exchanges may be made pursuant to such tender or exchange offer, the Conversion Rate shall be increased based on the following formula:

$$CR' = CR_0 \times \frac{AC + (SP' \times OS')}{OS_0 \times SP'}$$

where,

- CR<sub>0</sub> = the Conversion Rate in effect immediately prior to the effective date of the adjustment
- CR' = the Conversion Rate in effect immediately after the effective date of the adjustment
- AC = the fair market value (as determined by the Board of Directors) of the aggregate consideration paid or payable for shares accepted for purchase or exchange in such tender or exchange offer
- OS<sub>0</sub> = the number of Common Shares outstanding on the Trading Day immediately preceding the date such tender or exchange offer expires
- OS' = the number of Common Shares outstanding less any Common Shares accepted for purchase or exchange in the tender or exchange offer at the time such tender or exchange offer expires

SP' = the Current Market Price of the Common Shares on the Trading Day next succeeding the date such tender or exchange offer expires

The adjustment to the Conversion Rate under this Section 13.04(e) shall occur on the 10th Trading Day from, and including, the Trading Day next succeeding the date such tender or exchange offer expires and shall be applied on a retroactive basis from, and including, the Trading Day next succeeding the date such tender or exchange offer expires; *provided* that in respect of any conversion occurring prior to the date such tender or exchange offer expires with respect to which the settlement date would occur during the 10 Trading Days from, and including, the Trading Day next succeeding the date such tender or exchange offer expires, references with respect to the tender or exchange offer to the 10 consecutive Trading-Day period shall be deemed replaced with such lesser number of Trading Days as have elapsed between the Trading Day next succeeding the date such tender or exchange offer expires and the settlement date in determining the applicable Conversion Rate.

If the Company is obligated to repurchase shares pursuant to any such tender or exchange offer, but the Company is permanently prevented by applicable law from effecting any such purchases or all such purchases are rescinded, the Conversion Rate shall again be adjusted to be the Conversion Rate that would then be in effect if such tender or exchange had not been made.

(f) For purposes of this Section 13.04, the following terms shall have the meaning indicated:

(i) “**Current Market Price**” on any date means the average of the Closing Sale Prices per Common Share for the 10 consecutive Trading Days ending on the date of determination.

(ii) “**fair market value**” shall mean the amount which a willing buyer would pay a willing seller in an arm’s length transaction.

(iii) “**Record Date**” shall mean, with respect to any dividend, distribution or other transaction or event in which the holders of Common Shares have the right to receive any cash, securities or other property or in which the Common Shares (or other applicable security) is exchanged for or converted into any combination of cash, securities or other property, the date fixed for determination of shareholders entitled to receive such cash, securities or other property (whether such date is fixed by the Board of Directors or by statute, contract or otherwise).

(g) Notwithstanding the foregoing provisions of this Section 13.04, the applicable Conversion Rate need not be adjusted:

(i) upon the issuance of any Common Shares pursuant to any present or future plan providing for the reinvestment of dividends or interest payable on the securities of the Company and the investment of additional optional amounts in Common Shares under any plan;

(ii) upon the issuance of any Common Shares or options or rights to purchase Common Shares pursuant to any present or future employee, director or consultant benefit plan or program of, or assumed by, the Company or any of its Subsidiaries;

(iii) upon the issuance of any Common Shares pursuant to any option, warrant, right or exercisable, exchangeable or convertible security not described in clause (ii) above and outstanding as of the Issue Date;

(iv) for a change in the par value of the Common Shares; or

(v) for accrued and unpaid interest (including Additional Interest Amounts and Additional Amounts, if any).

(h) Subject to subsection (i) below, the Company may make such increases in the Conversion Rate, in addition to any adjustments required by Section 13.04(a), Section 13.04(b), Section 13.04(c), Section 13.04(d) or Section 13.04(e) as the Company's Board of Directors considers to be advisable to avoid or diminish any income tax to holders of Common Shares or rights to purchase Common Shares resulting from any dividend or distribution of stock (or rights to acquire stock) or from any event treated as such for income tax purposes.

(i) To the extent permitted by applicable law and the continued listing requirements of the securities exchanges on which the Common Shares are then listed, the Company from time to time may increase the Conversion Rate by any amount for any period of time if the period is at least 20 days and the Company's Board of Directors shall have made a determination that such increase would be in the best interests of the Company, which determination shall be conclusive. Whenever the Conversion Rate is increased pursuant to the preceding sentence, the Company shall mail to Holders a notice of the increase at least 15 days prior to the date the increased Conversion Rate takes effect, and such notice shall state the increased Conversion Rate and the period during which it will be in effect.

(j) No adjustment in the Conversion Rate shall be required unless such adjustment would require an increase or decrease of at least 1% in such rate; *provided, however*, that any adjustments which by reason of this Section 13.04(j) are not required to be made shall be carried forward and taken into account in any subsequent adjustment. All calculations under this Article XIII shall be made by the Company and shall be made to the nearest cent or to the nearest 1/10,000th of a share, as the case may be. No adjustment need be made for rights to purchase Common Shares pursuant to a Company plan for reinvestment of dividends or interest. To the extent the Securities become convertible into cash, assets, property or securities (other than Common Shares) of the Company, no adjustment need be made thereafter as to the cash, assets, property or such securities. Interest will not accrue on the cash.

(k) Whenever the Conversion Rate is adjusted as herein provided, the Company shall promptly file with the Trustee, the Co-Trustee and any Conversion Agent an Officers' Certificate setting forth the Conversion Rate after such adjustment and setting forth a brief statement of the facts requiring such adjustment. Unless and until a Responsible Officer of each of the Trustee and the Co-Trustee shall have received such Officers' Certificate, neither the Trustee nor the Co-Trustee shall be deemed to have knowledge of any adjustment of the

Conversion Rate and may assume without inquiry that the last Conversion Rate of which each had knowledge is still in effect. Promptly after delivery of such certificate, the Company shall prepare a notice of such adjustment of the Conversion Rate setting forth the adjusted Conversion Rate and the date on which each adjustment becomes effective and shall mail such notice of such adjustment of the Conversion Rate to each Holder at such Holder's last address appearing on the Security Register, within 20 days after execution thereof. Failure to deliver such notice shall not affect the legality or validity of any such adjustment.

(l) In any case in which this Section 13.04 provides that an adjustment shall become effective immediately after a Record Date for an event, the Company may defer until the occurrence of such event (i) issuing to the Holder of any Securities converted after such Record Date and before the occurrence of such event the additional Common Shares issuable upon such conversion by reason of the adjustment required by such event over and above the Common Shares issuable upon such conversion before giving effect to such adjustment and (ii) paying to such Holder any amount in cash in lieu of any fraction pursuant to Section 13.03.

(m) For purposes of this Section 13.04, the number of Common Shares at any time outstanding shall not include Common Shares held in the treasury of the Company so long as the Company does not pay any dividend or make any distribution on Common Shares held in the treasury of the Company, but shall include Common Shares issuable in respect of scrip certificates issued in lieu of fractions of Common Shares.

(n) No adjustment to the Conversion Rate shall be made pursuant to this Section 13.04 if the Holders of the Securities may participate in the transaction that would otherwise give rise to an adjustment pursuant to this Section 13.04; subject to the prior written consent of the Toronto Stock Exchange.

(o) Whenever any provision of this Indenture requires a calculation of an average of Closing Sale Prices or Daily VWAP over a span of multiple days, the Company shall make appropriate adjustments (determined in good faith by the Board of Directors) to account for any adjustment to the Conversion Rate that becomes effective, or any event requiring an adjustment to the Conversion Rate where the Ex-Dividend Date of the event occurs at any time during the period from which the average is to be calculated.

#### Section 13.05 Adjustments Upon Certain Fundamental Changes.

(a) If a Holder elects to convert Securities pursuant to Section 13.01(a)(iv) in connection with a transaction described therein and the transaction also constitutes a Fundamental Change, the Conversion Rate for such Securities shall be increased by an additional number of Common Shares (the "**Additional Shares**") as described below. Any conversion occurring at a time when the Securities would be convertible in light of the expected or actual occurrence of a Fundamental Change will be deemed to have occurred in connection with such Fundamental Change notwithstanding the fact that a Security may then be convertible because another condition to conversion has been satisfied.

(b) The number of Additional Shares will be determined by reference to the table attached as Schedule A hereto, based on the date on which the Fundamental Change occurs or

becomes effective (the “**Effective Date**”) and the price (the “**Share Price**”) paid per Common Share in the Fundamental Change. If the Fundamental Change is a transaction described in clause (ii) of the definition of Fundamental Change, and holders of Common Shares receive only cash in that Fundamental Change, the Share Price shall be the cash amount paid per Common Share. Otherwise, the Share Price shall be the average of the Closing Sale Prices of Common Shares over the five Trading-Day period ending on the Trading Day preceding the Effective Date of the Fundamental Change.

(c) The Share Prices set forth in the first row of the table in Schedule A hereto shall be adjusted as of any date on which the Conversion Rate of the Securities is otherwise adjusted. The adjusted Share Prices shall equal the Share Prices applicable immediately prior to such adjustment, multiplied by a fraction, the numerator of which is the Conversion Rate immediately prior to the adjustment giving rise to the Share Price adjustment and the denominator of which is the Conversion Rate as so adjusted. The number of Additional Shares will be adjusted in the same manner as the Conversion Rate as set forth in Section 13.04.

(d) The table in Schedule A hereto sets forth the hypothetical Share Price and the number of Additional Shares to be received per \$1,000 Principal Amount of Securities. The exact Share Prices and Effective Dates may not be set forth in the table in Schedule A, in which case:

(i) If the Share Price is between two Share Price amounts in the table or the Effective Date is between two Effective Dates in the table, the number of Additional Shares will be determined by a straight-line interpolation between the number of Additional Shares set forth for the higher and lower Share Price amounts and the two dates, as applicable, based on a 365-day year.

(ii) If the Share Price is greater than \$62.00 per Common Share (subject to adjustment), no Additional Shares will be issued upon conversion.

(iii) If the Share Price is less than \$11.83 per Common Share (subject to adjustment), no Additional Shares will be issued upon conversion.

Notwithstanding the foregoing, in no event will the total number of Common Shares issuable upon conversion exceed 84.5309 Common Shares per \$1,000 Principal Amount of Securities, subject to adjustments in the same manner as the Conversion Rate as set forth in Section 13.04.

(e) If the Company is a party to any reclassification of the Common Shares (other than changes resulting from a subdivision or combination) or a consolidation, amalgamation, merger, binding share exchange, statutory arrangement, sale or conveyance of all or substantially all of the Company’s consolidated assets to another person or entity or other similar combination involving the Company, in each case pursuant to which the Common Shares are convertible into Reference Property, then, pursuant to Section 13.06, at the effective time of such transaction, the Securities will be convertible only into the Reference Property, if applicable (provided such Reference Property is not Ineligible Consideration). If the Company is required to increase the Conversion Rate for Securities converted in connection with such Fundamental Change by

Additional Shares as a result of such Fundamental Change, Securities so surrendered for conversion shall be settled as follows:

(i) if the date on which the Securities are surrendered for conversion is prior to the third Trading Day immediately preceding the Effective Date of the Fundamental Change, the Company shall (A) deliver the amount of Common Shares, based on the Conversion Rate then in effect without regard to the number of Additional Shares to be added to the Conversion Rate as described above in this Section 13.05, on the third Trading Day immediately following the applicable Conversion Date; and (B) as soon as practicable following the Effective Date of the Fundamental Change, deliver an amount of Reference Property equal to the amount of Reference Property that would have been issuable in respect of the Additional Shares pursuant to such Fundamental Change; *provided*, such Reference Property is not Ineligible Consideration; and

(ii) if the date on which the Securities are surrendered for conversion is on or after the third Trading Day immediately preceding the Effective Date of the Fundamental Change, the Company shall deliver an amount of Reference Property equal to the amount of Reference Property that would have been issuable upon conversion of the Securities immediately after giving effect to the Fundamental Change based on the Conversion Rate as increased by the Additional Shares; *provided*, such Reference Property is not Ineligible Consideration.

(f) If a Holder converts Securities prior to the effective date of any Fundamental Change that would result in an adjustment to the Conversion Rate and the Fundamental Change does not occur, the Holder will not be entitled to any Additional Shares.

Section 13.06 Effect of Reclassification, Consolidation, Merger or Sale. If the Company is a party to any reclassification of the Common Shares (other than changes resulting from a subdivision or combination) or a consolidation, amalgamation, merger, binding share exchange, statutory arrangement, sale or conveyance of all or substantially all of the Company's consolidated assets to another person or entity or other similar combination involving the Company, in each case pursuant to which the Common Shares are converted into cash, securities or other property, then at the effective time of such transaction the Company or the successor or purchasing person, as the case may be, shall execute with the Trustee and the Co-Trustee a supplemental indenture (which shall comply with the Trust Indenture Act as in force at the date of execution of such supplemental indenture) providing that the Securities shall be convertible into the kind and amount of cash, securities or other property receivable upon such transaction by a Holder had such Holder converted its Securities immediately prior to such transaction solely for Common Shares (the "**Reference Property**"). If such transaction causes the Common Shares to be converted into the right to receive more than a single type of consideration (determined based in part upon any form of shareholder election), the Reference Property into which the Securities will be convertible shall be deemed to be the weighted average of the types and amounts of consideration received by the holders of Common Shares that affirmatively make such an election. If Holders would otherwise be entitled to receive, upon conversion of the Securities, any property (including cash) or securities that would not constitute "prescribed securities" for the purposes of clause 212(1)(b)(vii)(E) of the *Income Tax Act* (Canada) as it applied on December 31, 2007 (referred to herein as "**Ineligible Consideration**"), such Holders shall not be entitled to receive such Ineligible Consideration but the Company or the successor or acquirer, as the case may

be, shall have the right (at the sole option of the Company or the successor or acquirer, as the case may be) to deliver either such Ineligible Consideration or “prescribed securities” for the purposes of clause 212(1)(b)(vii)(E) of the *Income Tax Act* (Canada) as it applied on December 31, 2007 with a market value (as conclusively determined by the Company’s Board of Directors) equal to the market value of such Ineligible Consideration. Such supplemental indenture shall provide for adjustments which shall be as nearly equivalent as may be practicable to the adjustments provided for in this Article XIII. If, in the case of any such reclassification, consolidation, amalgamation, merger, binding share exchange, statutory arrangement, sale or conveyance or other similar combination, the cash, securities or other property receivable thereupon by a holder of Common Shares includes cash, securities or other property of a corporation other than the successor or purchasing corporation, as the case may be, in such transaction, then such supplemental indenture shall also be executed by such other corporation and shall contain such additional provisions to protect the interests of the Holders as the Board of Directors of the Company shall reasonably consider necessary by reason of the foregoing.

The Company shall give notice to the Holders at least 30 days prior to the effective date of any transaction set forth in this Section 13.06 in writing and by release to a business newswire stating the consideration into which the Securities will be convertible after the effective date of such transaction. After such notice, the Company or the successor or acquirer, as the case may be, may not change the consideration to be delivered upon conversion of the Security except in accordance with any other provision of this Indenture.

The Company shall cause notice of the execution of such supplemental indenture to be mailed to each Holder, at the address of such Holder as it appears on the Security Register maintained by the Security Registrar, within 20 days after execution thereof. Failure to deliver such notice shall not affect the legality or validity of such supplemental indenture. The above provisions of this Section 13.06 shall similarly apply to successive reclassifications, consolidations, amalgamations, mergers, binding share exchanges, statutory arrangements, sales or conveyances or other similar combinations. If this Section 13.06 applies to any event or occurrence, Section 13.04 shall not apply.

Section 13.07 Taxes on Shares Issued. Any issue of share certificates on conversions of Securities shall be made without charge to the converting Holder for any documentary, transfer, stamp or any similar tax in respect of the issue thereof, and the Company shall pay any and all documentary, stamp or similar issue or transfer taxes that may be payable in respect of the issue or delivery of Common Shares on conversion of Securities pursuant hereto. The Company shall not, however, be required to pay any such tax which may be payable in respect of any transfer involved in the issue and delivery of Common Shares in any name other than that of the Holder of any Securities converted, and the Company shall not be required to issue or deliver any such share certificate unless and until the person or persons requesting the issue thereof shall have paid to the Company the amount of such tax or shall have established to the satisfaction of the Company that such tax has been paid.

Section 13.08 Reservation of Shares; Shares to be Fully Paid; Compliance with Governmental Requirements; Listing of Common Shares. The Company shall provide, free from preemptive rights, out of its authorized but unissued shares or shares held in treasury, sufficient Common Shares to provide for the conversion of the Securities from time to time as such Securities are presented for conversion (assuming that, at the time of the computation of such number of shares

or Securities, all such Securities would be held by a single Holder).

Before taking any action that would cause an adjustment increasing the Conversion Rate to an amount that would cause the Conversion Price to be reduced below the then par value, if any, of the Common Shares issuable upon conversion of the Securities, the Company will take all corporate action which may, in the opinion of its counsel, be necessary in order that the Company may validly and legally issue Common Shares at such adjusted Conversion Price.

The Company covenants that all Common Shares that may be issued upon conversion of Securities shall be newly issued shares or treasury shares, shall be duly authorized, validly issued, fully paid and non-assessable and shall be free from preemptive rights and free from any lien or adverse claim.

The Company shall use its reasonable efforts to list or cause to have quoted any Common Shares to be issued upon conversion of Securities on each national Securities exchange or over-the-counter or other domestic market on which the Common Shares are then listed or quoted.

**Section 13.09 Responsibility of Conversion Agent, Trustee and Co-Trustee.** The Trustee, the Co-Trustee and The Bank of New York Mellon, as Conversion Agent, or any other Conversion Agent shall not at any time be under any duty or responsibility to any Holder to determine the Conversion Rate, any adjustment to the Conversion Rate, or whether any facts exist which may require any adjustment of the Conversion Rate, or with respect to the nature or extent or calculation of any such adjustment when made, or with respect to the method employed, or herein or in any supplemental indenture provided to be employed, in making the same. The Trustee, the Co-Trustee and The Bank of New York Mellon, as Conversion Agent, or any other Conversion Agent shall not be accountable with respect to the validity or value (or the kind or amount) of any Common Shares, or of any securities, cash or property, which may at any time be issued or delivered upon the conversion of any Securities; and the Trustee, the Co-Trustee and The Bank of New York Mellon, as Conversion Agent, or any other Conversion Agent make no representations and shall be held harmless with respect thereto. Neither the Trustee, the Co-Trustee nor any Conversion Agent shall be responsible for any failure of the Company to issue, transfer or deliver any Common Shares or share certificates or other securities or property or cash upon the surrender of any Securities for the purpose of conversion or to comply with any of the duties, responsibilities or covenants of the Company contained in this Article XIII. Without limiting the generality of the foregoing, neither the Trustee, the Co-Trustee nor any Conversion Agent shall be under any responsibility to determine the correctness of any provisions contained in any supplemental indenture entered into pursuant to Section 13.06 relating either to the kind or amount of cash, securities or property receivable by Holders upon the conversion of their Securities after any event referred to in such Section 13.06 or to any adjustment to be made with respect thereto, but, subject to the provisions of Section 6.01, may accept as conclusive evidence of the correctness of any such provisions, and shall be protected in relying upon, the Officers' Certificate (which the Company shall be obligated to file with the Trustee and the Co-Trustee prior to the execution of any such supplemental indenture) with respect thereto. Nothing herein shall require the Trustee, Co-Trustee or any Conversion Agent to monitor whether conditions exist under which a conversion can be done or a Fundamental Change is occurring.

Section 13.10 Notice to Holders Prior to Certain Actions. In case,

(a) the Company shall declare a dividend (or any other distribution) on its Common Shares that would require an adjustment in the Conversion Rate pursuant to Section 13.04; or

(b) the Company shall authorize the granting to the holders of all or substantially all of its Common Shares of rights or warrants to subscribe for or purchase any share of any class or any other rights or warrants; or

(c) of any reclassification or reorganization of the Common Shares of the Company (other than a subdivision or combination of its outstanding Common Shares, or a change in par value, or from par value to no par value, or from no par value to par value), or of any consolidation or merger to which the Company is a party and for which approval of any shareholders of the Company is required, or of the sale or transfer of all or substantially all of the assets of the Company or any of its Significant Subsidiaries; or

(d) of the voluntary or involuntary dissolution, liquidation or winding up of the Company or any of its Significant Subsidiaries;

then, in each case, the Company shall cause to be filed with the Trustee, the Co-Trustee and the Conversion Agent and to be mailed to each Holder of Securities at such Holder's address appearing on the Security Register, as promptly as practicable but in any event at least 15 days prior to the applicable date hereinafter specified, a notice stating (i) the date on which a record is to be taken for the purpose of such dividend, distribution or rights or warrants, or, if a record is not to be taken, the date as of which the holders of Common Shares of record to be entitled to such dividend, distribution or rights are to be determined, or (ii) the date on which such reclassification, consolidation, merger, sale, transfer, dissolution, liquidation or winding up is expected to become effective or occur, and the date as of which it is expected that holders of Common Shares of record shall be entitled to exchange their Common Shares for securities or other property deliverable upon such reclassification, consolidation, merger, sale, transfer, dissolution, liquidation or winding up. Failure to give such notice, or any defect therein, shall not affect the legality or validity of such dividend, distribution, reclassification, consolidation, merger, sale, transfer, dissolution, liquidation or winding up.

Section 13.11 Company Determination Final. Any determination that the Company or its Board of Directors must make pursuant to this Article XIII shall be conclusive if made in good faith and in accordance with the provisions of this Article XIII, absent manifest error, and set forth in a Board Resolution.

IN WITNESS WHEREOF, the parties hereto have caused this Indenture to be duly executed as of the day and year first above written.

BIOVAIL CORPORATION

5.375% Senior Convertible Notes due 2014

No. [•] CUSIP NO. 09067J AC3  
ISIN US09067JAC36 US\$[•]

Biovail Corporation, a corporation duly organized and validly existing under the laws of Canada (herein called the “**Company**”, which term includes any successor corporation under the Indenture referred to on the reverse hereof), for value received hereby promises to pay to [Cede & Co.], or registered assigns, the principal sum of [•] United States Dollars (\$•) [INCLUDE IF SECURITY IS A GLOBAL SECURITY — (which amount may from time to time be increased or decreased by adjustments made on the records of the Trustee, as custodian for the Depositary, in accordance with the rules and procedures of the Depositary)] on August 1, 2014.

Reference is made to the further provisions of this Security set forth on the reverse hereof, including, without limitation, provisions giving the Holder of this Security the right to convert this Security in certain circumstances and the ability and the obligation of the Company to make an offer to repurchase this Security upon certain events on the terms and subject to the limitations referred to on the reverse hereof and as are more fully specified in the Indenture. Such further provisions shall for all purposes have the same effect as though fully set forth at this place.

This Security shall be deemed to be a contract made under the laws of the State of New York, and for all purposes shall be construed in accordance with and governed by the laws of said State.

This Security shall not be valid or become obligatory for any purpose until the certificate of authentication hereon shall have been manually signed by the Trustee or a duly authorized authenticating agent under the Indenture.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed.

**BIOVAIL CORPORATION**

**5.375% Senior Convertible Notes due 2014**

This Security is one of a duly authorized issue of Securities of the Company, designated as its 5.375% Senior Convertible Notes due 2014 (herein called the “**Securities**”), all issued or to be issued under and pursuant to an Indenture dated as of June 10, 2009 (herein called the “**Indenture**”), between the Company and The Bank of New York Mellon (herein called the “**Trustee**”) and BNY Trust Company of Canada (herein called the “**Co-Trustee**”), to which Indenture and all indentures supplemental thereto reference is hereby made for a description of the rights, limitations of rights, obligations, duties and immunities thereunder of the Company, the Trustee, the Co-Trustee and the Holders of the Securities. Terms used herein which are defined in the Indenture have the meanings assigned to them in the Indenture.

The indebtedness evidenced by the Securities is senior unsecured indebtedness of the Company and ranks equally with the Company’s other senior unsecured indebtedness.

(a) Interest. The Company will pay interest on the principal amount of this Security at the rate of 5.375% per annum. The Company will pay interest semiannually in arrears on February 1 and August 1 of each year, commencing on February 1, 2010.

Interest will be paid to the person in whose name a Security is registered at the close of business on or, as the case may be, immediately preceding the relevant Interest Payment Date. Interest (including any Additional Interest Amounts) on the Securities shall be computed on the basis of a 360-day year of twelve 30-day months. Each rate of interest which is calculated with reference to a period that is less than the actual number of days in the calendar year of calculation is, for the purposes of the *Interest Act* (Canada), equivalent to the yearly rate of interest payable on the Securities multiplied by the actual number of days in the year and divided by 360. The amount of interest payable for any period shorter than a full quarterly period for which interest is computed will be computed on the basis of the actual number of days elapsed in the period.

The Holder of this Security at 5:00 p.m., New York City time, on a Regular Record Date shall be entitled to receive interest (including Additional Interest Amounts and Additional Amounts, if any), on this Security on the corresponding Interest Payment Date. The Holder of this Security at 5:00 p.m., New York City time, on a Regular Record Date will receive payment of interest (including Additional Interest Amounts and Additional Amounts, if any) payable on the corresponding Interest Payment Date notwithstanding the conversion of this Security at any time after 5:00 p.m., New York City time, on such Regular Record Date. If this Security is surrendered for conversion during the period after 5:00 p.m., New York City time, on any Regular Record Date to 9:00 a.m., New York City time, on the immediately following Interest Payment Date, it must be accompanied by payment of an amount equal to the interest (including Additional Interest Amounts and Additional Amounts, if any) that the Holder is to receive on the Securities on the corresponding Interest Payment Date, subject to the exceptions set forth in Section 13.03(b) of the Indenture. Except where this Security is surrendered for

conversion and must be accompanied by payment as described above, no interest (including Additional Interest Amounts or Additional Amounts, if any) thereon will be payable by the Company on any Interest Payment Date subsequent to the date of conversion, and delivery of the cash and Common Shares, if applicable, pursuant to Article XIII of the Indenture, together with any cash payment for any fractional shares, upon conversion will be deemed to satisfy the Company's obligation to pay the principal amount of the Securities and accrued and unpaid interest (including Additional Interest Amounts or Additional Amounts, if any) to, but not including, the related Conversion Date.

(b) Method of Payment. By no later than 10:00 a.m., New York City time, on the date on which any principal of or interest (including Additional Interest Amounts or Additional Amounts, if any) on any Security is due and payable, the Company shall deposit with the Paying Agent money sufficient to pay such amount. The Company will pay principal and interest in money of the United States that at the time of payment is legal tender for payment of public and private debts. Payments in respect of Securities represented by a Global Security (including principal and interest (including Additional Interest Amounts and Additional Amounts, if any)) will be made by wire transfer of immediately available funds to the accounts specified by the Depositary. The Company will pay principal of Physical Securities at the office or agency designated by the Company in The Borough of Manhattan, The City of New York. Interest (including Additional Interest Amounts and Additional Amounts, if any) on Physical Securities will be payable (i) to Holders having an aggregate principal amount of \$5,000,000 or less, by check mailed to the Holders of these Securities and (ii) to Holders having an aggregate principal amount of more than \$5,000,000, either by check mailed to each Holder or, upon application by a Holder to the Security Registrar not later than two days prior to the relevant Regular Record Date, by wire transfer in immediately available funds to that Holder's account within the United States, which application shall remain in effect until the Holder notifies the Security Registrar, in writing, to the contrary.

(c) Additional Amounts. The Company shall pay to the Holders such Additional Amounts as may become payable under Section 10.10 of the Indenture.

(d) Redemption For Tax Reasons; Notice of Election by Holder. Subject to the terms of the Indenture, the Company may, at its option, redeem the Securities, in whole but not in part, for an amount equal to 100% of the Principal Amount of the Securities, plus accrued and unpaid interest (including Additional Interest Amounts or Additional Amounts, if any) to, but excluding, the Redemption Date (the "**Redemption Price**"), if the Company has become or would become obligated to pay to the Holders Additional Amounts (which are more than a *de minimis* amount) as a result of any amendment or change occurring after June 3, 2009 in the laws or any regulations of Canada or any Canadian political subdivision or taxing authority, or any change occurring after June 3, 2009 in the interpretation or application of any such laws or regulations by any legislative body, court, governmental agency, taxing authority or regulatory authority (including the enactment of any legislation and the publication of any judicial decision or regulatory or administrative determination); *provided*, the Company cannot avoid these obligations by taking reasonable measures available to it and that it delivers to the Trustee and the Co-Trustee an opinion of Canadian legal counsel specializing in taxation and an Officers' Certificate attesting to such change and obligation to pay Additional Amounts (such a redemption, referred to herein as a "**Tax Redemption**").

Upon receiving a Notice of Redemption with respect to a Tax Redemption, each Holder who does not wish to have the Company redeem its Securities pursuant to Article XI of the Indenture can elect to (i) convert its Securities pursuant to Article XIII of the Indenture or (ii) not have its Securities redeemed, provided that no Additional Amounts will be payable on any payment of interest or principal with respect to the Securities after such Redemption Date. All future payments will be subject to the deduction or withholding of any Canadian Taxes required by law to be deducted or withheld.

Where no such election is made, the Holder will have its Securities redeemed without any further action. If a Holder does not elect to convert its Securities pursuant to Article XIII of the Indenture but wishes to elect to not have its Securities redeemed, such Holder must deliver to the Paying Agent designated by the Company for such purpose in the Notice of Redemption, a written Notice of Election (the “**Notice of Election**”) in the form provided on the back of this Security (or a facsimile thereof), or any other form of written notice substantially similar to the Notice of Election, in each case, duly completed and signed, so as to be received by the Paying Agent no later than the close of business on the fifth Business Day prior to the Redemption Date.

A Holder may withdraw any Notice of Election by delivering to the Company (if the Company is acting as its own Paying Agent), or to a Paying Agent designated by the Company in the Notice of Redemption, a written notice of withdrawal prior to the close of business on the Business Day prior to the Redemption Date.

(e) Redemption at the Option of the Company. At any time on or after August 2, 2012, the Company may redeem the Securities, in whole or from time to time in part, for cash at a Redemption Price equal to 100% of the Principal Amount being redeemed plus accrued and unpaid interest to, but excluding, the Redemption Date, if the Closing Sale Price of the Common Shares is equal to or greater than 130% of the Conversion Price then in effect for at least 20 Trading Days in the period of 30 consecutive Trading Days ending on the Trading Day prior to the date of mailing of the Notice of Redemption (as defined below) (such a redemption, referred to herein as an “**Optional Redemption**”).

(f) Others Matters Relating to Redemption. Written notice of any Tax Redemption or Optional Redemption will be provided at least 30 days but not more than 60 days prior to the Redemption Date to each Holder of Securities to be redeemed; provided that, in the case of a Tax Redemption, (i) in no event will the Company be obligated to give notice of redemption earlier than 60 days prior to the earliest date on or from which it would be obligated to pay any Additional Amounts, and (ii) at the time the Company gives the notice, the circumstances creating its obligation to pay such Additional Amounts remain in effect.

If cash sufficient to pay the Redemption Price of all Securities (or portions thereof) to be redeemed on the Redemption Date is deposited with the Paying Agent on or before the Redemption Date and certain other conditions are satisfied, on and after such Redemption Date, such Securities (or portions thereof) will cease to be outstanding and interest (including Additional Interest Amounts or Additional Amounts, if any) on such Securities will cease to accrue (whether or not book-entry transfer of such Securities is made or whether or not such Securities are delivered to the Paying Agent).

If a Redemption Date is after a Regular Record Date for the payment of interest but on or prior to the corresponding Interest Payment Date, then the interest payable on such Interest Payment Date will be paid to the Holder of record of such Securities on the relevant Regular Record Date, and the amount paid to the Holder who presents the Securities for redemption shall be 100% of the Principal Amount of such Securities.

(g) Offer to Purchase By the Company upon a Fundamental Change. Subject to the terms and conditions of the Indenture, in the event of a Fundamental Change with respect to the Company at any time prior to August 1, 2014, the Company will be required to make an offer to purchase for cash (the “**Fundamental Change Purchase Offer**”) all outstanding Securities at a purchase price equal to the Principal Amount plus accrued but unpaid interest, including Additional Interest Amounts or Additional Amounts, if any (the “**Fundamental Change Purchase Price**”), up to, but excluding, the Fundamental Change Purchase Date. The “**Fundamental Change Purchase Date**” will be a date specified by the Company that is no later than the 30<sup>th</sup> calendar day following the date of the Fundamental Change Notice (as defined below).

Within 30 calendar days after the occurrence of a Fundamental Change with respect to the Company, the Company shall mail to the Trustee, the Co-Trustee and all Holders of the Securities at their addresses shown in the Security Register, and to beneficial owners of the Securities as may be required by applicable law, a notice (the “**Fundamental Change Notice**”) of the occurrence of such Fundamental Change and the Fundamental Change Purchase Offer arising as a result thereof.

To accept the Fundamental Change Purchase Offer, a Holder of Securities must deliver to the Paying Agent designated by the Company for such purpose in the Fundamental Change Purchase Notice, on or before the Business Day immediately preceding the Fundamental Change Purchase Date, (i) written notice of acceptance of the Fundamental Change Purchase Offer in the form set forth in the Fundamental Change Purchase Offer Acceptance Notice on the back of this Security (the “**Fundamental Change Purchase Notice**”), or any other form of written notice substantially similar to the Fundamental Change Purchase Notice, in each case, duly completed and signed, with appropriate signature guarantee, and (ii) such Securities that the Holder wishes to tender for purchase by the Company pursuant to the Fundamental Change Purchase Offer, together with the necessary endorsements for transfer to the Company.

Holders have the right to withdraw any Fundamental Change Purchase Notice by delivering to the Paying Agent a written notice of withdrawal in accordance with the provisions of the Indenture.

If the Fundamental Change Purchase Date is after a Regular Record Date but on or prior to the corresponding Interest Payment Date, then the interest payable on such date will be paid to the Holder of record of the Security on the relevant Regular Record Date and the Fundamental Change Purchase Price payable to the Holder who presents the Security for repurchase shall be 100% of the Principal Amount of such Security.

(h) Conversion. Subject to and in compliance with the provisions of the Indenture (including without limitation the conditions of conversion of this Security set forth in

Section 13.01 thereof), the Holder hereof has the right, at its option, to convert the Principal Amount hereof or any portion of such principal which is \$1,000 or an integral multiple thereof, into, subject to Section 13.02 of the Indenture, Common Shares at the initial conversion rate of 67.0880 Common Shares per \$1,000 Principal Amount of Securities (the “**Conversion Rate**”) (equivalent to a Conversion Price of \$14.91), subject to adjustment in certain events described in the Indenture. Upon conversion of a Security, the Company will have the right to elect to deliver cash or a combination of cash and Common Shares for the Securities surrendered instead of delivering only Common Shares (plus cash in lieu of fractional Common Shares), as set forth in the Indenture. No fractional shares will be issued upon any conversion, but an adjustment and payment in cash will be made, as provided in the Indenture, in respect of any fraction of a Common Share which would otherwise be issuable upon the surrender of any Securities for conversion. The Trustee will initially act as Conversion Agent. A Holder may convert fewer than all of such Holder’s Securities so long as the Securities converted are an integral multiple of \$1,000 Principal Amount.

(i) Amendment and Waiver. The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities under the Indenture at any time by the Company, the Trustee and the Co-Trustee with the consent of the Holders of not less than a majority in aggregate Principal Amount of the Outstanding Securities. The Indenture also contains provisions permitting the Holders of specified percentages in aggregate Principal Amount of the Outstanding Securities, on behalf of the Holders of all the Securities, to waive compliance by the Company with certain provisions of the Indenture and certain past Defaults under the Indenture and their consequences. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

(j) Defaults and Remedies. If an Event of Default shall occur and be continuing, the Principal Amount plus accrued but unpaid interest (including Additional Interest Amounts or Additional Amounts, if any) may be declared due and payable in the manner and with the effect provided in the Indenture.

As provided in and subject to the provisions of the Indenture, the Holder of this Security shall not have the right to institute any proceeding with respect to the Indenture or for the appointment of a receiver or trustee or for any other remedy thereunder, unless (i) such Holder shall have previously given the Trustee and the Co-Trustee written notice of a continuing Event of Default with respect to the Securities, (ii) the Holders of not less than 25% in aggregate Principal Amount of the Outstanding Securities shall have made written request to the Trustee and Co-Trustee to institute proceedings in respect of such Event of Default and offered the Trustee and Co-Trustee reasonable indemnity satisfactory to them, (iii) the Trustee and Co-Trustee shall not have received from the Holders of a majority in Principal Amount of Outstanding Securities a direction inconsistent (in their opinion) with such request, and (iv) the Trustee and the Co-Trustee shall have failed to institute any such proceeding for 60 days after receipt of such notice, request and offer of indemnity referred to above. The foregoing shall not apply to any suit instituted by the Holder of this Security for the enforcement of any Default in

the payment of the Redemption Price or Fundamental Change Purchase Price or payment of said principal hereof and interest (including Additional Interest Amounts, if any) hereon after the respective due dates expressed herein or for the enforcement of any conversion right.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Principal Amount, Redemption Price or Fundamental Change Purchase Price of, and interest, including Additional Interest Amounts or Additional Amounts, if any, on, this Security at the times, place and rate, and in the coin, currency or shares, herein prescribed. Notwithstanding the foregoing, prior to the occurrence of a Fundamental Change, the Company may, with the consent of the holders of not less than a majority in aggregate Principal Amount of the Securities, amend the obligation of the Company to repurchase Securities upon a Fundamental Change.

(k) Transfers; Denomination Exchange. As provided in the Indenture and subject to certain limitations therein set forth, the transfer of this Security is registrable in the Security Register, upon surrender of this Security for registration of transfer at the office or agency of the Company in The City of New York, duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Company and the Security Registrar duly executed by, the Holder hereof or his attorney duly authorized in writing, and thereupon one or more new Securities, of authorized denominations and for the same aggregate Principal Amount, will be issued to the designated transferee or transferees.

The Securities are issuable only in registered form in denominations of \$1,000 and any integral multiple of \$1,000 above that amount, as provided in the Indenture and subject to certain limitations therein set forth. Securities are exchangeable for a like aggregate Principal Amount of Securities of a different authorized denomination, as requested by the Holder surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee, the Co-Trustee and any agent of the Company, the Trustee or the Co-Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Trustee, the Co-Trustee nor any such agent shall be affected by notice to the contrary.

(l) No Recourse Against Others. No director, officer, employee, shareholder or Affiliate, as such, of the Company from time to time shall have any liability for any obligations of the Company under the Securities or the Indenture. Each Holder by accepting a Security waives and releases all such liability.

(m) Authentication. No Security shall be entitled to any benefit under the Indenture or be valid or obligatory for any purpose unless there appears on such Security a

certificate of authentication executed by the Trustee.

(n) Governing Law; Indenture to Control. This Security shall be governed by and construed in accordance with the laws of the State of New York.

In the case of any conflict between the provisions of this Security and the Indenture, the provisions of the Indenture shall control. All terms used in this Security that are defined in the Indenture shall have the meanings assigned to them in the Indenture.

Fax: (212) 815-5802 or (212) 815-5366

Re: Biovail Corporation — 5.375% Senior Convertible Notes due 2014

Reference is hereby made to the Indenture, dated as of June 10, 2009 (the “**Indenture**”), between Biovail Corporation, a corporation duly organized and existing under the laws of Canada, as Issuer (the “**Company**”), and The Bank of New York Mellon, as Trustee, and BNY Trust Company of Canada, as Co-Trustee. Capitalized terms used but not defined herein shall have the meanings given to them in the Indenture.

, (the “**Transferor**”) owns and proposes to exchange or transfer the Securities or interest in such Securities specified in Annex A hereto, in the principal amount of US\$ (the “**Transfer**”), to (the “**Transferee**”), as further specified in Annex A hereto. In connection with the Transfer, the Transferor hereby certifies that:

1. ☐ **Check if Transferee will take delivery of a beneficial interest in a Restricted Global Security or a Restricted Physical Security.** The Transfer is being effected pursuant to and in accordance with Rule 144A under the Securities Act of 1933, as amended (the “**Securities Act**”), and, accordingly, the Transferor hereby further certifies that the beneficial interest or Physical Security is being transferred to a Person that the Transferor reasonably believes is purchasing the beneficial interest or Physical Security for its own account, or for one or more accounts with respect to which such Person exercises sole investment discretion, and such Person and each such account is a “qualified institutional buyer” within the meaning of Rule 144A, in a transaction meeting the requirements of Rule 144A, and such Transfer is in compliance with any applicable blue sky securities laws of any applicable state of the United States. Upon consummation of the proposed Transfer in accordance with the terms of the Indenture, the transferred beneficial interest or Physical Security will be subject to the restrictions on transfer enumerated in the Private Placement Legend and in the Indenture.

2. ☐ **Check if Transferee will take delivery of a beneficial interest in an Unrestricted Global Security or an Unrestricted Physical Security.**

(a) ☐ **Check if Transfer is Pursuant to Regulation S.** The Transfer is being effected pursuant to and in accordance with Rule 904 under the Securities Act and the Transferor hereby further certifies that (i) the Transfer is not being made to a person in the United States and (x) at the time the buy order was originated, the Transferee was outside the United States or such Transferor and any Person acting on its behalf reasonably believed that the Transferee was outside the United States or (y) the transaction was executed in, on or through the facilities of a designated offshore securities market and neither such Transferor nor any Person acting on its behalf knows that the transaction was prearranged with a buyer in the United States, (ii) no directed selling efforts have been made in the United States in contravention of the requirements of Rule 904(a) of Regulation S under the Securities Act, and (iii) the transaction is not part of a plan or scheme to evade the registration requirements of the Securities Act. Upon consummation of the proposed Transfer in accordance with the terms of the Indenture, the transferred beneficial interest or Physical Security will not be subject to the restrictions on transfer enumerated in the Private Placement Legend and in the Indenture. The Transferee is in Canada ☐ Yes ☐ No.

(b) ☐ **Check if Transfer is pursuant to Rule 144.** (i) The Transfer is being effected pursuant to and in accordance with Rule 144 under the Securities Act and in compliance with the transfer restrictions contained in the Indenture and any applicable blue sky securities laws of any state of the United States and (ii) the restrictions on transfer contained in the Indenture and the Private Placement Legend are not required in order to maintain compliance with the Securities Act. Upon consummation of the proposed Transfer in accordance with the terms of the Indenture, the transferred beneficial interest or Physical Security will no longer be subject to the restrictions on transfer enumerated in the Private Placement Legend and in the Indenture.

This certificate and the statements contained herein are made for your benefit and the benefit of the Company.

ANNEX A TO CERTIFICATE OF TRANSFER

1. The Transferor owns and proposes to transfer the following:

[CHECK ONE]

- (a) ☐ a beneficial interest in:
  - (i) ☐ a Restricted Global Security, or
  - (ii) ☐ an Unrestricted Global Security, or
- (b) ☐ a Restricted Physical Security
- (c) ☐ an Unrestricted Physical Security

2. After the Transfer the Transferee will hold:

[CHECK ONE]

- (a) ☐ a beneficial interest in:
  - (i) ☐ a Restricted Global Security, or
  - (ii) ☐ an Unrestricted Global Security, or
- (b) ☐ a Restricted Physical Security
- (c) ☐ an Unrestricted Physical Security

## [COMMON SHARE LEGENDS]

THE COMMON SHARES EVIDENCED HEREBY HAVE NOT BEEN REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE “**SECURITIES ACT**”), OR ANY STATE SECURITIES LAWS, AND, ACCORDINGLY, MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES EXCEPT AS SET FORTH IN THE FOLLOWING SENTENCE. THE HOLDER HEREOF AGREES THAT UNTIL THE EXPIRATION OF THE HOLDING PERIOD APPLICABLE TO SALES OF THE SECURITY EVIDENCED HEREBY UNDER RULE 144(k) UNDER THE SECURITIES ACT (OR ANY SUCCESSOR PROVISION), (1) IT WILL NOT RESELL OR OTHERWISE TRANSFER THE COMMON SHARES EVIDENCED HEREBY EXCEPT (A) TO BIOVAIL CORPORATION OR TO ANY SUBSIDIARY THEREOF, (B) INSIDE THE UNITED STATES TO A “QUALIFIED INSTITUTIONAL BUYER” (AS DEFINED IN RULE 144A UNDER THE SECURITIES ACT) IN COMPLIANCE WITH RULE 144A, (C) OUTSIDE THE UNITED STATES IN COMPLIANCE WITH RULE 904 UNDER THE SECURITIES ACT, (D) PURSUANT TO THE EXEMPTION FROM REGISTRATION PROVIDED BY RULE 144 UNDER THE SECURITIES ACT (IF AVAILABLE), OR (E) PURSUANT TO A REGISTRATION STATEMENT WHICH HAS BEEN DECLARED EFFECTIVE UNDER THE SECURITIES ACT (AND WHICH CONTINUES TO BE EFFECTIVE AT THE TIME OF SUCH TRANSFER); (2) PRIOR TO SUCH TRANSFER, IT WILL FURNISH TO CIBC MELLON TRUST COMPANY, AS STOCK TRANSFER AGENT (OR ANY SUCCESSOR STOCK TRANSFER AGENT, AS APPLICABLE), SUCH CERTIFICATIONS, LEGAL OPINIONS OR OTHER INFORMATION AS IT MAY REASONABLY REQUIRE TO CONFIRM THAT SUCH TRANSFER IS BEING MADE PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND (3) IT WILL DELIVER TO EACH PERSON TO WHOM THE COMMON SHARES EVIDENCED HEREBY IS TRANSFERRED (OTHER THAN A TRANSFER PURSUANT TO CLAUSE 1(E) ABOVE) A NOTICE SUBSTANTIALLY TO THE EFFECT OF THIS LEGEND. AS USED HEREIN, THE TERM “UNITED STATES” HAS THE MEANING GIVEN TO IT BY REGULATION S UNDER THE SECURITIES ACT.

**[CANADIAN PRIVATE PLACEMENT LEGEND - INCLUDE IF SECURITY IS ISSUED BEFORE OCTOBER 13, 2009 — UNLESS PERMITTED BY APPLICABLE SECURITIES LEGISLATION IN CANADA, THE HOLDER OF THIS SECURITY MAY NOT TRADE THIS SECURITY IN CANADA BEFORE OCTOBER 13, 2009.]**

Biovail Corporation, a corporation duly organized and validly existing under the laws of Canada (herein called the “**Company**”, which term includes any successor corporation under the Indenture referred to on the reverse hereof), for value received hereby promises to pay to [Cede & Co.], or registered assigns, the principal sum of [●] United States Dollars (\$●) **[INCLUDE IF SECURITY IS A GLOBAL SECURITY]** — (which amount may from time to time be increased or decreased by adjustments made on the records of the Trustee, as custodian for the Depositary, in accordance with the rules and procedures of the Depositary)) on August 1, 2014.

Reference is made to the further provisions of this Security set forth on the reverse hereof, including, without limitation, provisions giving the Holder of this Security the right to convert this Security in certain circumstances and the ability and the obligation of the Company to make an offer to repurchase this Security upon certain events on the terms and subject to the limitations referred to on the reverse hereof and as are more fully specified in the Indenture. Such further provisions shall for all purposes have the same effect as though fully set forth at this place.

This Security shall be deemed to be a contract made under the laws of the State of New York, and for all purposes shall be construed in accordance with and governed by the laws of said State.

This Security shall not be valid or become obligatory for any purpose until the certificate of authentication hereon shall have been manually signed by the Trustee or a duly authorized authenticating agent under the Indenture.

**BIOVAIL CORPORATION**

**5.375% Senior Convertible Notes due 2014**

This Security is one of a duly authorized issue of Securities of the Company, designated as its 5.375% Senior Convertible Notes due 2014 (herein called the “**Securities**”), all issued or to be issued under and pursuant to an Indenture dated as of June 10, 2009 (herein called the “**Indenture**”), between the Company and The Bank of New York Mellon (herein called the “**Trustee**”) and BNY Trust Company of Canada (herein called the “**Co-Trustee**”), to which Indenture and all indentures supplemental thereto reference is hereby made for a description of the rights, limitations of rights, obligations, duties and immunities thereunder of the Company, the Trustee, the Co-Trustee and the Holders of the Securities. Terms used herein which are defined in the Indenture have the meanings assigned to them in the Indenture.

The indebtedness evidenced by the Securities is senior unsecured indebtedness of the Company and ranks equally with the Company’s other senior unsecured indebtedness.

Interest. The Company will pay interest on the principal amount of this Security at the rate of 5.375% per annum. The Company will pay interest semiannually in arrears on February 1 and August 1 of each year, commencing on February 1, 2010.

Interest will be paid to the person in whose name a Security is registered at the close of business on or, as the case may be, immediately preceding the relevant Interest Payment Date. Interest (including any Additional Interest Amounts) on the Securities shall be computed on the basis of a 360-day year of twelve 30-day months. Each rate of interest which is calculated with reference to a period that is less than the actual number of days in the calendar year of calculation is, for the purposes of the *Interest Act* (Canada), equivalent to the yearly rate of interest payable on the Securities multiplied by the actual number of days in the year and divided by 360. The amount of interest payable for any period shorter than a full quarterly period for which interest is computed will be computed on the basis of the actual number of days elapsed in the period.

The Holder of this Security at 5:00 p.m., New York City time, on a Regular Record Date shall be entitled to receive interest (including Additional Interest Amounts and Additional Amounts, if any), on this Security on the corresponding Interest Payment Date. The Holder of this Security at 5:00 p.m., New York City time, on a Regular Record Date will receive payment of interest (including Additional Interest Amounts and Additional Amounts, if any) payable on the corresponding Interest Payment Date notwithstanding the conversion of this Security at any time after 5:00 p.m., New York City time, on such Regular Record Date. If this Security is surrendered for conversion during the period after 5:00 p.m., New York City time, on any Regular Record Date to 9:00 a.m., New York City time, on the immediately following Interest

---

Payment Date, it must be accompanied by payment of an amount equal to the interest (including Additional Interest Amounts and Additional Amounts, if any) that the Holder is to receive on the Securities on the corresponding Interest Payment Date, subject to the exceptions set forth in Section 13.03(b) of the Indenture. Except where this Security is surrendered for conversion and must be accompanied by payment as described above, no interest (including Additional Interest Amounts or Additional Amounts, if any) thereon will be payable by the Company on any Interest Payment Date subsequent to the date of conversion, and delivery of the cash and Common Shares, if applicable, pursuant to Article XIII of the Indenture, together with any cash payment for any fractional shares, upon conversion will be deemed to satisfy the Company's obligation to pay the principal amount of the Securities and accrued and unpaid interest (including Additional Interest Amounts or Additional Amounts, if any) to, but not including, the related Conversion Date.

Method of Payment. By no later than 10:00 a.m., New York City time, on the date on which any principal of or interest (including Additional Interest Amounts or Additional Amounts, if any) on any Security is due and payable, the Company shall deposit with the Paying Agent money sufficient to pay such amount. The Company will pay principal and interest in money of the United States that at the time of payment is legal tender for payment of public and private debts. Payments in respect of Securities represented by a Global Security (including principal and interest (including Additional Interest Amounts and Additional Amounts, if any)) will be made by wire transfer of immediately available funds to the accounts specified by the Depositary. The Company will pay principal of Physical Securities at the office or agency designated by the Company in The Borough of Manhattan, The City of New York. Interest (including Additional Interest Amounts and Additional Amounts, if any) on Physical Securities will be payable (i) to Holders having an aggregate principal amount of \$5,000,000 or less, by check mailed to the Holders of these Securities and (ii) to Holders having an aggregate principal amount of more than \$5,000,000, either by check mailed to each Holder or, upon application by a Holder to the Security Registrar not later than two days prior to the relevant Regular Record Date, by wire transfer in immediately available funds to that Holder's account within the United States, which application shall remain in effect until the Holder notifies the Security Registrar, in writing, to the contrary.

Additional Amounts. The Company shall pay to the Holders such Additional Amounts as may become payable under Section 10.10 of the Indenture.

Redemption For Tax Reasons; Notice of Election by Holder. Subject to the terms of the Indenture, the Company may, at its option, redeem the Securities, in whole but not in part, for an amount equal to 100% of the Principal Amount of the Securities, plus accrued and unpaid interest (including Additional Interest Amounts or Additional Amounts, if any) to, but excluding, the Redemption Date (the "**Redemption Price**"), if the Company has become or would become obligated to pay to the Holders Additional Amounts (which are more than a *de minimis* amount) as a result of any amendment or change occurring after June 3, 2009 in the laws or any regulations of Canada or any Canadian political subdivision or taxing authority, or any change

---

occurring after June 3, 2009 in the interpretation or application of any such laws or regulations by any legislative body, court, governmental agency, taxing authority or regulatory authority (including the enactment of any legislation and the publication of any judicial decision or regulatory or administrative determination); *provided*, the Company cannot avoid these obligations by taking reasonable measures available to it and that it delivers to the Trustee and the Co-Trustee an opinion of Canadian legal counsel specializing in taxation and an Officers' Certificate attesting to such change and obligation to pay Additional Amounts (such a redemption, referred to herein as a **"Tax Redemption"**).

Upon receiving a Notice of Redemption with respect to a Tax Redemption, each Holder who does not wish to have the Company redeem its Securities pursuant to Article XI of the Indenture can elect to (i) convert its Securities pursuant to Article XIII of the Indenture or (ii) not have its Securities redeemed, provided that no Additional Amounts will be payable on any payment of interest or principal with respect to the Securities after such Redemption Date. All future payments will be subject to the deduction or withholding of any Canadian Taxes required by law to be deducted or withheld.

Where no such election is made, the Holder will have its Securities redeemed without any further action. If a Holder does not elect to convert its Securities pursuant to Article XIII of the Indenture but wishes to elect to not have its Securities redeemed, such Holder must deliver to the Paying Agent designated by the Company for such purpose in the Notice of Redemption, a written Notice of Election (the **"Notice of Election"**) in the form provided on the back of this Security (or a facsimile thereof), or any other form of written notice substantially similar to the Notice of Election, in each case, duly completed and signed, so as to be received by the Paying Agent no later than the close of business on the fifth Business Day prior to the Redemption Date.

A Holder may withdraw any Notice of Election by delivering to the Company (if the Company is acting as its own Paying Agent), or to a Paying Agent designated by the Company in the Notice of Redemption, a written notice of withdrawal prior to the close of business on the Business Day prior to the Redemption Date.

Redemption at the Option of the Company. At any time on or after August 2, 2012, the Company may redeem the Securities, in whole or from time to time in part, for cash at a Redemption Price equal to 100% of the Principal Amount being redeemed plus accrued and unpaid interest to, but excluding, the Redemption Date, if the Closing Sale Price of the Common Shares is equal to or greater than 130% of the Conversion Price then in effect for at least 20 Trading Days in the period of 30 consecutive Trading Days ending on the Trading Day prior to the date of mailing of the Notice of Redemption (as defined below) (such a redemption, referred to herein as an **"Optional Redemption"**).

Others Matters Relating to Redemption. Written notice of any Tax Redemption or Optional Redemption will be provided at least 30 days but not more than 60 days prior to the Redemption Date to each Holder of Securities to be redeemed;

---

provided that, in the case of a Tax Redemption, (i) in no event will the Company be obligated to give notice of redemption earlier than 60 days prior to the earliest date on or from which it would be obligated to pay any Additional Amounts, and (ii) at the time the Company gives the notice, the circumstances creating its obligation to pay such Additional Amounts remain in effect.

If cash sufficient to pay the Redemption Price of all Securities (or portions thereof) to be redeemed on the Redemption Date is deposited with the Paying Agent on or before the Redemption Date and certain other conditions are satisfied, on and after such Redemption Date, such Securities (or portions thereof) will cease to be outstanding and interest (including Additional Interest Amounts or Additional Amounts, if any) on such Securities will cease to accrue (whether or not book-entry transfer of such Securities is made or whether or not such Securities are delivered to the Paying Agent).

If a Redemption Date is after a Regular Record Date for the payment of interest but on or prior to the corresponding Interest Payment Date, then the interest payable on such Interest Payment Date will be paid to the Holder of record of such Securities on the relevant Regular Record Date, and the amount paid to the Holder who presents the Securities for redemption shall be 100% of the Principal Amount of such Securities.

Offer to Purchase By the Company upon a Fundamental Change. Subject to the terms and conditions of the Indenture, in the event of a Fundamental Change with respect to the Company at any time prior to August 1, 2014, the Company will be required to make an offer to purchase for cash (the “**Fundamental Change Purchase Offer**”) all outstanding Securities at a purchase price equal to the Principal Amount plus accrued but unpaid interest, including Additional Interest Amounts or Additional Amounts, if any (the “**Fundamental Change Purchase Price**”), up to, but excluding, the Fundamental Change Purchase Date. The “**Fundamental Change Purchase Date**” will be a date specified by the Company that is no later than the 30<sup>th</sup> calendar day following the date of the Fundamental Change Notice (as defined below).

Within 30 calendar days after the occurrence of a Fundamental Change with respect to the Company, the Company shall mail to the Trustee, the Co-Trustee and all Holders of the Securities at their addresses shown in the Security Register, and to beneficial owners of the Securities as may be required by applicable law, a notice (the “**Fundamental Change Notice**”) of the occurrence of such Fundamental Change and the Fundamental Change Purchase Offer arising as a result thereof.

To accept the Fundamental Change Purchase Offer, a Holder of Securities must deliver to the Paying Agent designated by the Company for such purpose in the Fundamental Change Purchase Notice, on or before the Business Day immediately preceding the Fundamental Change Purchase Date, (i) written notice of acceptance of the Fundamental Change Purchase Offer in the form set forth in the Fundamental Change Purchase Offer Acceptance Notice on the back of this Security (the “**Fundamental Change Purchase Notice**”), or any other form of written notice substantially similar to the Fundamental Change Purchase Notice, in each case, duly completed and signed, with

---

appropriate signature guarantee, and (ii) such Securities that the Holder wishes to tender for purchase by the Company pursuant to the Fundamental Change Purchase Offer, together with the necessary endorsements for transfer to the Company.

Holders have the right to withdraw any Fundamental Change Purchase Notice by delivering to the Paying Agent a written notice of withdrawal in accordance with the provisions of the Indenture.

If the Fundamental Change Purchase Date is after a Regular Record Date but on or prior to the corresponding Interest Payment Date, then the interest payable on such date will be paid to the Holder of record of the Security on the relevant Regular Record Date and the Fundamental Change Purchase Price payable to the Holder who presents the Security for repurchase shall be 100% of the Principal Amount of such Security.

Conversion. Subject to and in compliance with the provisions of the Indenture (including without limitation the conditions of conversion of this Security set forth in Section 13.01 thereof), the Holder hereof has the right, at its option, to convert the Principal Amount hereof or any portion of such principal which is \$1,000 or an integral multiple thereof, into, subject to Section 13.02 of the Indenture, Common Shares at the initial conversion rate of 67.0880 Common Shares per \$1,000 Principal Amount of Securities (the “**Conversion Rate**”) (equivalent to a Conversion Price of \$14.91), subject to adjustment in certain events described in the Indenture. Upon conversion of a Security, the Company will have the right to elect to deliver cash or a combination of cash and Common Shares for the Securities surrendered instead of delivering only Common Shares (plus cash in lieu of fractional Common Shares), as set forth in the Indenture. No fractional shares will be issued upon any conversion, but an adjustment and payment in cash will be made, as provided in the Indenture, in respect of any fraction of a Common Share which would otherwise be issuable upon the surrender of any Securities for conversion. The Trustee will initially act as Conversion Agent. A Holder may convert fewer than all of such Holder’s Securities so long as the Securities converted are an integral multiple of \$1,000 Principal Amount.

Amendment and Waiver. The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities under the Indenture at any time by the Company, the Trustee and the Co-Trustee with the consent of the Holders of not less than a majority in aggregate Principal Amount of the Outstanding Securities. The Indenture also contains provisions permitting the Holders of specified percentages in aggregate Principal Amount of the Outstanding Securities, on behalf of the Holders of all the Securities, to waive compliance by the Company with certain provisions of the Indenture and certain past Defaults under the Indenture and their consequences. Any such consent or waiver by the Holder of this Security shall be conclusive and binding upon such Holder and upon all future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

---

Defaults and Remedies. If an Event of Default shall occur and be continuing, the Principal Amount plus accrued but unpaid interest (including Additional Interest Amounts or Additional Amounts, if any) may be declared due and payable in the manner and with the effect provided in the Indenture.

As provided in and subject to the provisions of the Indenture, the Holder of this Security shall not have the right to institute any proceeding with respect to the Indenture or for the appointment of a receiver or trustee or for any other remedy thereunder, unless (i) such Holder shall have previously given the Trustee and the Co-Trustee written notice of a continuing Event of Default with respect to the Securities, (ii) the Holders of not less than 25% in aggregate Principal Amount of the Outstanding Securities shall have made written request to the Trustee and Co-Trustee to institute proceedings in respect of such Event of Default and offered the Trustee and Co-Trustee reasonable indemnity satisfactory to them, (iii) the Trustee and Co-Trustee shall not have received from the Holders of a majority in Principal Amount of Outstanding Securities a direction inconsistent (in their opinion) with such request, and (iv) the Trustee and the Co-Trustee shall have failed to institute any such proceeding for 60 days after receipt of such notice, request and offer of indemnity referred to above. The foregoing shall not apply to any suit instituted by the Holder of this Security for the enforcement of any Default in the payment of the Redemption Price or Fundamental Change Purchase Price or payment of said principal hereof and interest (including Additional Interest Amounts, if any) hereon after the respective due dates expressed herein or for the enforcement of any conversion right.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the Principal Amount, Redemption Price or Fundamental Change Purchase Price of, and interest, including Additional Interest Amounts or Additional Amounts, if any, on, this Security at the times, place and rate, and in the coin, currency or shares, herein prescribed. Notwithstanding the foregoing, prior to the occurrence of a Fundamental Change, the Company may, with the consent of the holders of not less than a majority in aggregate Principal Amount of the Securities, amend the obligation of the Company to repurchase Securities upon a Fundamental Change.

Transfers; Denomination Exchange. As provided in the Indenture and subject to certain limitations therein set forth, the transfer of this Security is registrable in the Security Register, upon surrender of this Security for registration of transfer at the office or agency of the Company in The City of New York, duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Company and the Security Registrar duly executed by, the Holder hereof or his attorney duly authorized in writing, and thereupon one or more new Securities, of authorized denominations and for the same aggregate Principal Amount, will be issued to the designated transferee or transferees.

The Securities are issuable only in registered form in denominations of \$1,000 and any integral multiple of \$1,000 above that amount, as provided in the Indenture and subject to certain limitations therein set forth. Securities are exchangeable

---

for a like aggregate Principal Amount of Securities of a different authorized denomination, as requested by the Holder surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Prior to due presentment of this Security for registration of transfer, the Company, the Trustee, the Co-Trustee and any agent of the Company, the Trustee or the Co-Trustee may treat the Person in whose name this Security is registered as the owner hereof for all purposes, whether or not this Security be overdue, and neither the Company, the Trustee, the Co-Trustee nor any such agent shall be affected by notice to the contrary.

No Recourse Against Others. No director, officer, employee, shareholder or Affiliate, as such, of the Company from time to time shall have any liability for any obligations of the Company under the Securities or the Indenture. Each Holder by accepting a Security waives and releases all such liability.

Authentication. No Security shall be entitled to any benefit under the Indenture or be valid or obligatory for any purpose unless there appears on such Security a certificate of authentication executed by the Trustee.

Governing Law; Indenture to Control. This Security shall be governed by and construed in accordance with the laws of the State of New York.

In the case of any conflict between the provisions of this Security and the Indenture, the provisions of the Indenture shall control. All terms used in this Security that are defined in the Indenture shall have the meanings assigned to them in the Indenture.

---

CONFIDENTIAL TREATMENT REQUESTED:

*Portions of this Exhibit have been redacted pursuant to a request for confidential treatment under Rule 24b-2 of the General Rules and Regulations under the Securities Exchange Act of 1934, as amended. Such redacted portions have been replaced with “{\*\*\*}” in this Exhibit. An unredacted version of this document has been filed separately with the Securities and Exchange Commission along with the request for confidential treatment.*

TRADEMARK LICENSE AGREEMENT

**THIS TRADEMARK LICENSE AGREEMENT** (this “Agreement”) is made and entered into as of the 14<sup>th</sup> day of May, 2009 (the “Effective Date”), by and between SMITHKLINE BEECHAM CORPORATION, a GlaxoSmithKline company, a corporation duly organized and existing under the laws of the Commonwealth of Pennsylvania (“GSK”), and BIOVAIL LABORATORIES INTERNATIONAL SRL, a Barbados society with restricted liability (“Biovail”).

RECITALS

**WHEREAS**, GSK and Biovail are parties to that certain Asset Purchase Agreement, dated as of May 5, 2009 (the “APA”), pursuant to which GSK sold and transferred to Biovail certain assets and liabilities relating to the Product in the Territory (as such terms are defined in the APA);

**WHEREAS**, GSK is the owner of the trademark WELLBUTRIN XL (the “Licensed Mark”), the corresponding goodwill, and United States Trademark Registration No. 2,826,347, as well as the Product Trade Dress; and

**WHEREAS**, Biovail desires to obtain a license from GSK, and GSK desires to grant a license to Biovail, to use the Licensed Mark and the Product Trade Dress, in connection with the advertising, promotion, manufacture, offer for sale, sale and distribution of the Product in the Territory.

---

**NOW, THEREFORE**, for and in consideration of the premises and the covenants provided herein (including the above recitals that are hereby incorporated herein), and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties, intending to be legally bound, agree as follows:

1. Definitions. Capitalized terms not otherwise defined in this Agreement shall have the meanings set forth in the APA.
2. Grant of License. During the Term of this Agreement, and subject to the terms and conditions contained herein, GSK grants to Biovail, and Biovail hereby accepts, a nontransferable (except as permitted hereunder), sole and exclusive, royalty-free license (the “License”), to use the Licensed Mark and the Product Trade Dress in connection with the advertising, promotion, manufacture, offer for sale, sale and distribution of the Product solely in the Territory. Biovail consents and agrees that it shall only use the Licensed Mark in its entirety. The license granted hereunder shall be personal to Biovail. Biovail may not sublicense, in whole or in part, any of the rights granted hereunder without the prior written consent of GSK, which consent shall not be unreasonably conditioned, delayed or withheld. For the avoidance of doubt, without such consent from GSK, Biovail may nonetheless sublicense its rights under this Agreement to its Affiliates and distributors, but only as reasonably necessary to exercise the rights granted to Biovail hereunder. Any attempted assignment or sublicense by Biovail not permitted under this Agreement shall be void and of no force or effect and shall constitute a material breach of this Agreement.
3. Use of License Mark, Product Trade Dress. Biovail shall use and shall cause its permitted sublicensees to use the Licensed Mark and the Product Trade Dress only in association with the Product identified in the APA in the Territory. GSK shall not itself use, or license or otherwise permit any third party to use the Licensed Mark or the Product Trade Dress in the Territory during the term of this Agreement.

4. Quality Control.

- (a) Biovail agrees to use the Licensed Mark and the Product Trade Dress only in relation to the Product consistent with GSK's brand guidelines attached hereto as Exhibit 1 and to not intentionally use the Licensed Mark and the Product Trade Dress in any way that would diminish, tarnish, disparage, or damage the goodwill in and to the Licensed Mark and the Product Trade Dress. Biovail agrees to use the same level of due care to avoid diminishing, tarnishing, disparaging, or damaging the goodwill of the Licensed Mark and the Product Trade Dress as Biovail would use in connection with its own trademark and trade dress.
- (b) Upon reasonable advance written request, Biovail will deliver to GSK, samples of the Product and samples of packaging, advertising and collateral materials that bears the Licensed Mark and the Product Trade Dress for the inspection of GSK. If GSK reasonably determines that Biovail fails to maintain a consistent level of quality in accordance with the terms of this Agreement, then GSK may request that Biovail take reasonable steps to remedy any such deficiencies and Biovail shall promptly comply with such requests.
- (c) Biovail agrees not to authorize any third party to use the Licensed Mark or the Product Trade Dress other than as permitted under this Agreement. Biovail agrees not to use and shall cause its permitted sublicensees not to use any trade mark confusingly similar to the Licensed Mark or the Product Trade Dress.
- (d) Biovail and its permitted sublicensees shall comply with all applicable laws and regulations and obtain all appropriate government approvals pertaining to the sale, lease, distribution and advertising of Product bearing the Licensed Mark and/or the Product Trade Dress.
- (e) Biovail may not and agrees that neither it nor any of its permitted sublicensees will use the Licensed Mark outside the Territory.

5. Acknowledgment of Ownership Rights. Biovail hereby expressly acknowledges GSK's ownership of, and rights in, the Licensed Mark and the Product Trade Dress. During

the term of this Agreement, Biovail agrees that it will not (and will not assist or authorize any third party to) attack, dispute or contest the validity of GSK's ownership of the Licensed Mark and the Product Trade Dress. Biovail further agrees that, in the event it acquires any rights in the Licensed Mark or the Product Trade Dress in the United States or elsewhere in the world (except as provided under Section 6 of this Agreement and other rights granted by this Agreement), at GSK's request, Biovail shall assign all such rights to GSK, together with all goodwill associated with such rights.

6. Maintenance of Licensed Mark.

- (a) GSK shall not take any intentional steps to tarnish, disparage, damage and/or diminish the value of the Licensed Mark or the Product Trade Dress (or the goodwill associated with either of the foregoing) or frustrate or hinder Biovail's ability to exercise its rights under this Agreement.
- (b) GSK shall prepare, file, prosecute and maintain trademark applications and registrations at the United States Patent and Trademark Office for the Licensed Mark. All costs and expenses (including but not limited to attorneys' fees and expenses and official fees) of preparing, filing, prosecuting and maintaining the Licensed Mark shall be borne by GSK.
- (c) GSK shall not (i) abandon the Licensed Mark; (ii) abandon any application for the Licensed Mark; or (iii) permit any registration issuing therefrom to lapse, expire or be cancelled in the Territory without first notifying Biovail.
- (d) If GSK contemplates any of the events in Section 6(c), GSK will use commercially reasonable efforts to provide Biovail with as much prior written notice as is reasonably practicable under the circumstances, but no less than twenty (20) days prior written notice. Upon receipt of such notice, Biovail shall have the option (at its choice) to (A) continue the prosecution of such applications (and/or maintain such registrations) or pay any required fees in the name of GSK (or its designee) or (B) promptly receive an assignment of such Licensed Mark

and the Product Trade Dress from GSK (and all applications and registration for same, along with all associated goodwill). Biovail shall promptly notify GSK in writing of its election pursuant to the foregoing sentence. In the event that Biovail elects to receive an assignment of the Licensed Mark and the Product Trade Dress, GSK shall effect such assignment, at its sole cost, within thirty (30) days of receipt of Biovail's notice of its election. In such event, GSK agrees, for no additional consideration, to execute such further documents and to do such other acts as may be reasonably necessary and proper to vest full title in, to and under the Licensed Mark and/or the Product Trade Dress in Biovail, and/or may be necessary in the Territory for Biovail to obtain, maintain, renew, issue or enforce such trademark (and related applications and registrations) and trade dress. In the event of such assignment to Biovail, this Agreement shall expire; provided, however that Section 6(a) shall survive and GSK shall not (and shall not assist or authorize any third party to) attack, dispute or contest the validity of Biovail's ownership of the Licensed Mark and the Product Trade Dress.

7. Term and Termination.

- (a) Term. The term of this Agreement shall commence on the date hereof and shall continue until expiration pursuant to the last sentence of Section 6(d) above, unless terminated as set forth in subsection (b) or (c) below.
- (b) Termination for Non-Use of the Licensed Mark. In the event Biovail voluntarily ceases to use the Licensed Mark in the Territory, Biovail shall provide prompt written notice to GSK and upon receipt of such notice GSK may terminate this Agreement and the License granted hereunder on written notice to Biovail. In the event Biovail does not provide such written notice but have voluntarily ceased to

use the Licensed Mark in the Territory for a period of {\*\*\*}†, notice by Biovail shall be deemed to have been given and GSK may terminate this Agreement and the License granted hereunder on written notice to Biovail.

- (c) Termination by Biovail. Biovail may terminate this Agreement at any time on forty-five (45) days' written notice to GSK.
- (d) Effect of Termination. Upon the termination of this Agreement for any reason, all rights of Biovail to use the Licensed Mark and the Product Trade Dress shall cease. Further, Biovail shall take appropriate steps to ensure that all use of the Licensed Mark and the Product Trade Dress by Biovail shall cease; provided, however, that Biovail shall be permitted to use the Licensed Mark and the Product Trade Dress until the earlier of (i) the depletion of all Product and associated advertising materials, brochures and the like remaining in its possession (provided that Biovail will use its commercially reasonable efforts to promptly deplete such Products and materials in its possession), and (ii) ninety (90) days following the date on which it receives notice of the termination.

8. Infringement and Defense.

- (a) Third-Party Infringement. GSK and Biovail shall each provide the other with prompt notice of any infringement of the Licensed Mark or the Product Trade Dress by any third party in the Territory of which they become aware. Biovail, at its sole discretion, shall have the first option, {\*\*\*}†, to bring, prosecute and settle an enforcement action against such third party for infringement of the Licensed Mark or the Product Trade Dress in the Territory. GSK shall provide Biovail with any reasonably requested assistance in connection with such proceedings. Any

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

settlement or award of expenses, damages or judgments, whether direct or indirect, recovered through any proceedings brought by Biovail {\*\*\*}†.

- (b) Third-Party Claims. Any expenses, damages, or judgments (including attorney’s fees) in connection with claims alleging trademark infringement involving the use by Biovail of the Licensed Mark and the Product Trade Dress other than as permitted under this Agreement shall be the responsibility of GSK.
  - (c) Action by GSK. In the event Biovail determines not to prosecute a claim against a third party (as set forth in Section 8(a)), then GSK may elect, at {\*\*\*}†, to bring and prosecute an action against such a third party for infringement of the Licensed Mark and the Product Trade Dress in the Territory; provided, however, that GSK shall not settle or compromise any such claim or action, nor make any admission, that would have an adverse effect on Biovail’s rights hereunder, without the prior written consent of Biovail, which consent shall not be unreasonably withheld, conditioned or delayed. Any award of expenses, damages or judgments, whether direct or indirect, recovered through any proceedings brought by GSK {\*\*\*}†.
9. No Warranties. Except as specifically stated in the APA regarding the Licensed Mark and the Product Trade Dress, GSK makes no representation or warranty of any kind regarding the Licensed Mark or the Product Trade Dress or Biovail’s use thereof.
10. Indemnification. Each party (the “Indemnifying Party”) agrees to indemnify, defend, save and hold harmless, and hereby does indemnify, defend, save and hold harmless, the other party and its directors, officers, agents and employees (the “Indemnitees”) from and against any and all liabilities, claims, causes of actions, suits, damages and expenses (including reasonable attorneys’ fees) for which the Indemnitees or any Indemnatee may become liable or may incur or be compelled to pay in any action or claim, for or by

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

reason of the Indemnifying Party's breach of its applicable obligations and agreements set forth in this Agreement.

11. Entire Agreement. This Agreement, together with the applicable provisions of the APA, constitute the entire agreement and understanding between the parties with respect to the subject matter hereof, and supersedes and cancels any and all previous agreements or understandings, whether written or oral, with respect to the subject matter. To the extent there are inconsistent provisions in this Agreement and the APA concerning Biovail's use of the Licensed Mark and/or the Product Trade Dress, this Agreement governs.
12. Governing Law; Venue. This Agreement shall be governed by and interpreted in accordance with the laws of the State of New York without reference to choice of law principles that would dictate the application of a law of another jurisdiction. Any legal suit, action or proceeding arising out of or relating to this Agreement shall be commenced in the United States District Court for the Eastern District of New York; provided, however, that if a court proceeding is brought as a third party action as part of a proceeding in a different venue, either party may initiate such third party action against the other party in such venue.
13. No Agency or Partnership Between GSK and Biovail. Nothing in this Agreement or any of the transactions, obligations or relationships contemplated hereby shall, in and of itself, constitute GSK or Biovail as the agent, employee, franchisee, or legal representative for the other for any purpose whatsoever, nor shall any party to this Agreement hold itself out as such. This Agreement does not create and shall not be deemed to create a relationship of partners, joint venturers, associates franchisee/franchisor, or principal-and-agent between Biovail and GSK, and each of the parties acknowledges that each is acting as a principal hereunder.
14. Further Assurances. From time to time after the Effective Date, GSK and Biovail shall execute and deliver all such additional instruments, licenses and certificates and shall take all such other actions as Biovail or GSK, as the case may be, may reasonably

request in connection with the consummation of this Agreement and effecting the intent and purpose hereof.

- 15. Modifications. This Agreement may not be modified except by an instrument in writing, signed by an authorized representative of each party.
- 16. Succession and Assignment. Except as set forth in Section 2 of this Agreement, this Agreement may not be assigned, and the rights and obligations hereunder may not be licensed, sublicensed, subcontracted or delegated, without the prior written consent of GSK, which shall not be unreasonably withheld, delayed or conditioned.
- 17. Waiver. The waiver of any right to which a party is entitled under this Agreement shall not be effective unless in writing and signed by the party against whom the waiver is sought to be enforced, and shall not constitute a waiver of any subsequent right to which the party would otherwise be entitled.

**Exhibit 1**

**TRADEMARK GUIDELINES FOR WELLBUTRIN XL®**

**A. GIVE PROPER NOTICE OF TRADEMARK RIGHTS**

1. Notice Symbols - A proper trademark notice should follow the mark. Use the “R-in-a-circle” symbol (®) in close proximity to the mark. Typically, the symbol is in superscript font immediately following the mark.

This should be followed on each page if the topic is different and as often as is practical.

2. Legal Notice: In any product packaging, advertising material or article, include the following:

WELLBUTRIN XL® is a federally registered trademark of SmithKline Beecham Corporation.

**B. USE TRADEMARKS AS ADJECTIVES, FOLLOWED BY THE COMMON DESCRIPTIVE NAME (NOUN) OF THE PRODUCT.**

Example:  
*Wellbutrin XL*® tablets

The word “brand,” after a mark and before the generic product name, further guards against improper use.

Examples:  
WELLBUTRIN XL® brand medication

**C. MAKE TRADEMARKS STAND OUT FROM SURROUNDING TEXT**

The trademark should always be used in a manner that will distinguish it from the surrounding text. Trademarks should be CAPITALIZED, underlined, *italicized*, placed

---

in “quotation marks,” or depicted in boldface type, whenever they appear in printed or electronic media.

Example:  
WELLBUTRIN XL® antidepressant medication

**D. NEVER MAKE TRADEMARKS PLURAL OR POSSESSIVE**

Since a trademark is not a noun, it should never be used in the plural form. Instead pluralize the common nouns they describe.

Examples:  
Correct: Two Wellbutrin® tablets  
Incorrect: Two Wellbutrins

**E. “AFFIX” TRADEMARKS TO PACKAGING**

In order for trademark rights to be created and maintained, a mark must be “affixed” to a specific product so that consumers can see the mark when making their purchasing decisions. Trademarks are affixed by applying them directly to a product, to containers in which the product is packaged, or to tags or labels attached to the product. Trademarks also can appear in catalogs and online marketing if the marks are used prominently in association with a picture of the goods and if ordering information is also provided.

**F. DO NOT COMBINE THE WELLBUTRIN XL® TRADEMARK WITH OTHER MARKS**

The Trademark should stand on its own and should never be combined with or presented in close proximity to the trademark of any other company. Further, the Trademark should not be used in a manner that might create the impression it is owned by any company other than GSK or that it is related to another mark.

---

**G. DO NOT USE A GSK TRADEMARK IN A MANNER INCONSISTENT WITH ITS BRAND IMAGE**

The Trademark represents a unique product identity and is an important symbol of GSK’s goodwill. Accordingly, all marketing and promotional materials should utilize the relevant Trademark in a manner consistent with the product image. NEVER use the Trademark in a manner that makes false or unsubstantiated claims, implies immoral or improper conduct or is otherwise disparaging to our company or its products. Further, take affirmative steps to only present the Trademark in a manner consistent with the product image.

**H FAITHFULLY REPRODUCE THE LOGO TO MATCH STANDARDS**

Logos must be used consistently, to present a recognizable visual image that consumers can rely on. Please ensure that all reproductions of any Logos are in correct proportion, of good resolution and, when colors are involved, include all of the correct colors as established by GSK’s Style Guide, which is attached.

**I** GSK hereby agrees and acknowledges that Biovail’s use of the Licensed Mark on the Product packaging (including, without limitation, the package inserts) in a manner consistent with GSK’s use as of the Effective Date of such Licensed Mark on the Product packaging (including, without limitation, the package inserts) will be deemed to comply with these Trademark Guidelines.

CONFIDENTIAL TREATMENT REQUESTED:

*Portions of this Exhibit have been redacted pursuant to a request for confidential treatment under Rule 24b-2 of the General Rules and Regulations under the Securities Exchange Act of 1934, as amended. Such redacted portions have been replaced with “{\*\*\*}” in this Exhibit. An unredacted version of this document has been filed separately with the Securities and Exchange Commission along with the request for confidential treatment.*

LICENSE AGREEMENT

by and between

GLAXOSMITHKLINE, PLC and SMITHKLINE BEECHAM CORPORATION (d/b/a GLAXOSMITHKLINE) (collectively, “GSK”) and

ANDRX PHARMACEUTICALS, LLC. (“Andrx”)

February 9, 2007 (the “Execution Date”)

WHEREAS, Andrx and GSK are currently parties to that certain pending case in the United States District Court for the Southern District of Florida, Miami Division, captioned *Andrx Pharmaceuticals, LLC. v GlaxoSmithKline, PLC and SmithKline Beecham Corporation d/b/a GlaxoSmithKline* (Case No: 05-23264-CIV-Graham/O’Sullivan), (the “District Court Case”) related to Andrx’s U.S. Patent No. 6,905,708 (the “Patent”) and GSK’s 150mg Wellbutrin XL® product; and

WHEREAS, pursuant to the certain Settlement Agreement between GSK and Andrx of even date herewith (the “Settlement Agreement”), Andrx and GSK wish to stipulate to the dismissal of the District Court Case with prejudice and settle all matters related to the District Court Case; and

WHEREAS, as part of the consideration for entering into the Settlement Agreement, Andrx is willing to grant GSK certain licenses under the Patent on certain terms set forth in this Agreement; and

---

WHEREAS, GSK is willing to take such licenses from Andrx, pursuant to the terms set forth in this Agreement.

NOW THEREFORE, in consideration of the promises, representations, warranties, covenants, agreements, licenses and releases contained herein and in the Settlement Agreement, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto, intending to be legally bound hereby, agree as follows:

1. All of the terms and conditions set forth in this Agreement shall be binding on the Parties. See Appendix A hereto for the definition of certain defined terms used in this Agreement. Capitalized terms used herein, but not otherwise defined herein, shall have the meaning given to them in the Settlement Agreement.
2. The Parties enter into this Agreement and the Settlement Agreement in an effort to avoid the risks of, and uncertainty associated with, further litigation and to limit associated fees, costs and expenses related to or arising from the District Court Case.
3. (a) Wellbutrin XL Product License. As of the Execution Date Andrx hereby grants to GSK: (i) an exclusive license, with the right to grant sublicenses (including, but not limited to, the right to grant sublicenses to GSK's Affiliates and the GSK Suppliers), under the Patent to make, have made, use, sell, have sold, offer for sale, and import the forms of Wellbutrin XL Products currently sold or marketed in the United States by GSK (or its Affiliates) as of the Execution Date; and (ii) a non-exclusive license, with the right to grant sublicenses (including, but not limited to, the right to grant sublicenses to GSK's Affiliates and the GSK Suppliers), under the Patent to make, have made, use, sell, have sold, offer for sale, and import forms of Wellbutrin XL Products in the United States not yet sold or marketed in the United States by GSK (or its Affiliates) as of the Execution Date. Andrx and GSK hereby agree and acknowledge the foregoing license grants to GSK are retroactive to the date the Patent was granted in the United States. GSK further agrees that it may only grant sublicenses hereunder to the extent it remains liable for payment of royalties on Net Sales of Wellbutrin XL Products by its sublicensees, such payment to be made by GSK to Andrx when due irrespective of whether GSK receives payment, if any, it is due from such sublicensee.

(b) Generic Equivalent Product License. As of the Execution Date, Andrx hereby grants to GSK a non-exclusive license (without the right to sublicense except that sublicenses are permitted as to GSK's Affiliates, the GSK Suppliers and, if applicable, GSK's Third Party distributors of Generic Equivalent Products and as permitted pursuant to Section 3(f)) under the Patent to make, have made, use, sell, have sold, offer for sale and import any Generic Equivalent Products in the United States. Except as is otherwise set forth in Section 3(f), GSK further agrees that it may only grant sublicenses hereunder to the extent it remains liable for payment of royalties on Net Sales of Generic Equivalent Products by its sublicensees, such payment to be made by GSK to Andrx when due irrespective of whether GSK receives payment, if any, it is due from such sublicensee.

(c) Generic Bupropion Product License. As of the Execution Date, Andrx hereby grants to GSK a non-exclusive license (without the right to sublicense, except that sublicenses are permitted, if applicable, to a GSK Affiliate, by a Biovail Third Party Licensee to its Affiliates and the Biovail Third Party Licensee's Suppliers, and as permitted pursuant to Section 3(f)) under the Patent to make, have made, use, sell, have sold, offer for sale and import a Biovail Third Party Licensee Bupropion Product in the United States.

(d) No Implied Rights. Nothing in this Agreement shall be deemed or implied to be, and the Parties disclaim all implied rights to, the grant by any of the Parties to the other Party of any right, title or interest in any product, intellectual property rights, any formulation technology or know-how, manufacturing technology or know-how, operating procedures, marketing materials or strategies, intangibles, material or proprietary rights of the other in all countries of the world, except as expressly set forth in this Agreement.

(e) No Rights to Enforce. No party hereunder other than Andrx shall have rights to enforce the Patent or to defend against a claim of invalidity or unenforceability of the Patent or defend against a claim of non-infringement of the Patent, even within the field under which it has exclusive rights (if applicable).

(f) Assignment to Biovail Assignee and Sublicense to Biovail Third Party Licensees. GSK shall have the right, in GSK's sole discretion and without Andrx's consent, to

assign to Biovail Laboratories SRL ("Biovail") (or an Affiliate of Biovail) (the "Biovail Assignee"), whether on a permanent or on a temporary basis, all or a part of the rights granted to GSK pursuant to Section 3(b) as to Generic Equivalent Products and/or the rights granted to GSK pursuant to Section 3(c) as to Biovail Third Party Licensee Bupropion Products (as applicable, the "Assigned License Rights").

(i) Assignment to Biovail Assignee. Any such assignment to a Biovail Assignee shall be documented in a written agreement wherein the Biovail Assignee agrees to assume such Assigned License Rights pursuant to the applicable provisions of this Agreement as if it were a party hereto in GSK's place and to abide by such applicable provisions and obligations of this agreement (including, without limitation, Andrx's right to seek recourse directly against the Biovail Assignee under Section 3(f)(v), the applicable Royalty provisions under Sections 4(b) and 4(d), termination provisions of Section 5(c), indemnification provisions of 6(c), and confidentiality provisions of Section 9). For clarity, the Biovail Assignee shall not have the right to further assign such rights to a third party other than to its Affiliates, to GSK (or its Affiliates), or pursuant to Section 7;

(ii) Sublicense to Biovail Third Party Licensee. The Biovail Assignee shall have the right, in the Biovail Assignee's sole discretion without Andrx's and GSK's consent, whether on a permanent or on a temporary basis, to sublicense pursuant to a written sublicense agreement all or part of such Assigned License Rights to a Third Party (a "Biovail Third Party Licensees"). In order to be effective, any such sublicense to a Biovail Third Party Licensee shall be documented in a written agreement either (a) wherein the Biovail Third Party Licensee agrees to accept such sublicense of the Assigned License Rights pursuant to the applicable provisions of this Agreement as if it were a party hereto in GSK's place and to abide by such applicable provisions and obligations of this agreement (including, without limitation, Andrx's right to seek recourse directly against the Biovail Third Party Licensees under Section 3(f)(v), the applicable Royalty provisions of Sections 4(c) and 4(d), termination provisions of Section 5(c), indemnification provisions of 6(c), and confidentiality provisions of Section 9) or (b) that is otherwise reasonably acceptable to both the Biovail Third Party Licensee and to Andrx in order to accomplish the foregoing intent. For clarity, the Biovail Third Party Sublicensees

shall not have the right to further sublicense such rights, other than to its Affiliates and to Biovail Third Party Licensee Suppliers;

(iii) The Biovail Assignee may, without Andrx’s consent, at any time re-assign the Assigned License Rights back to GSK and, upon GSK’s acceptance thereof, GSK shall re-assume the rights and obligations hereunder as a licensee of Andrx, provided the Biovail Assignee shall remain liable to Andrx for any breach of the provisions of this Agreement that it, directly or indirectly, caused while it was the assignee of the Assigned License Rights;

(iv) Andrx shall receive a written notice of any such assignment to a Biovail Assignee, any sublicense from a Biovail Assignee to a Biovail Third Party Licensee, or any re-assignment to GSK (as may be applicable) within ten (10) business days after the date of the effective date of such assignment, re-assignment or sublicense; and

(v) To the extent any rights are assigned to a Biovail Assignee or sublicensed to a Biovail Third Party Sublicensee, as provided herein, Andrx shall have the standing, right, and privity as a third-party beneficiary to enforce such applicable provisions of this Agreement against such Biovail Assignee or Biovail Third Party Licensee as if it were a party hereto. Notwithstanding anything to the contrary: (A) (1) GSK (and its Affiliates) shall have no obligations or liability to Andrx (or it Affiliates) or any Biovail Assignee with respect to the performance or nonperformance by a Biovail Assignee or a Biovail Third Party Licensee (as the case may be) of the applicable provisions of this Agreement (including, without limitation, the payment of any Royalties due to Andrx from a Biovail Assignee or a Biovail Third Party Licensee (as the case may be)), nor (2) shall any Biovail Assignee shall have any obligations or liability to Andrx (or it Affiliates) with respect to the performance or nonperformance by a Biovail Third Party Licensee of the applicable provisions of this Agreement (including, without limitation, the payment of any Royalties due to Andrx from a Biovail Third Party Licensee), nor (3) shall any Biovail Third Party Licensee have any obligations or liability to Andrx (or it Affiliates) with respect to the performance or nonperformance by GSK or a Biovail Assignee or any other Biovail Third Party Licensee (as the case may be) of the applicable provisions of this Agreement (including, without limitation, the payment of any Royalties due to Andrx from such

parties (as the case may be)); and (B) (1) any breach of the applicable provisions of this Agreement by a Biovail Assignee or a Biovail Third Party Licensee (as the case may be) shall not be deemed to be a breach of this Agreement by GSK and any resulting termination of the rights of such Biovail Assignee or a Biovail Third Party Licensee (as the case may be) under this Agreement shall have no effect whatsoever on the licenses and covenant not-to-sue that GSK has obtained from Andrx under this Agreement, and (2) any breach of the applicable provisions of this Agreement by a Biovail Third Party Licensee shall not be deemed to be a breach of this Agreement by a Biovail Assignee and any resulting termination of the rights of such Biovail Third Party Licensee under this Agreement shall have no effect whatsoever on the licenses and covenant not-to-sue that a Biovail Assignee have obtained from Andrx under this Agreement, and (3) any breach of the applicable provisions of this Agreement by GSK or a Biovail Assignee or a Biovail Third Party Licensee shall not be deemed to be a breach of this Agreement by another Biovail Third Party Licensee and any resulting termination of the rights of any such other parties under this Agreement shall have no effect whatsoever on the licenses and covenant not-to-sue that such Biovail Third Party Licensee have obtained from Andrx under this Agreement, provided that (x) each such Biovail Third Party Licensee seeking to maintain such rights following such termination does not materially breach its obligations to Andrx under such sublicense, and (y) Andrx shall have no obligations to such Biovail Third Party Licensee arising out of such sublicense over and above the obligations expressly set forth in this Agreement that flow to such Biovail Third Party Licensee as a result of such sublicense.

4. (a) Wellbutrin XL Product Royalty. As consideration for the license rights under the Patent granted to GSK by Andrx in Paragraph 3(a), GSK (or its Affiliate) shall remit to Andrx (or its Affiliate) the following:

(i) within five (5) business days following the Execution Date, the non-refundable, non-creditable license fee equal to Thirty-Five Million U.S. Dollars (\$35,000,000.00); and

(ii) a royalty equal to {\*\*\*}† of GSK’s Net Sales of Wellbutrin XL Products in the United States (the “Wellbutrin XL Product Royalty”) which occur on or after February 1, 2007. The Wellbutrin XL Product Royalty shall automatically terminate on the date the last claim covering Wellbutrin XL Products in the Patent expires, or is held to be invalid or otherwise unenforceable or is found not to cover Wellbutrin XL Products for whatever reason, by a court or other legal or administrative tribunal from which no appeal is or can be taken (other than a petition for a writ of certiorari to the Supreme Court). For the avoidance of doubt, an arbitration panel shall not be considered a legal or administrative tribunal.

(b) Generic Equivalent Product Royalty. As consideration for the license rights under the Patent granted to GSK by Andrx in Paragraph 3(b), GSK (or its Affiliate) shall remit to Andrx (or its Affiliate) a royalty equal to {\*\*\*}† of GSK’s Net Sales of Generic Equivalent Products in the United States (the “Generic Equivalent Product Royalty”). The Generic Equivalent Product Royalty shall automatically become effective as of the Execution Date, and shall automatically terminate on the date the last claim covering Generic Equivalent Products in the Patent expires or is held to be invalid or otherwise unenforceable or is found not to cover Generic Equivalent Products for whatever reason by a court or other legal or administrative tribunal from which no appeal is or can be taken (other than a petition for a writ of certiorari to the Supreme Court). For the avoidance of doubt, an arbitration panel shall not be considered a legal or administrative tribunal. To the extent GSK assigns its rights to the Biovail Assignees (or any sublicense to a Biovail Third Party Sublicensee) pursuant to Section 3(f), the Biovail Assignees (or such Biovail Third Party Sublicensee) shall be responsible for paying such royalty directly to Andrx based on the Net Sales of the Biovail Assignees (or such Biovail Third Party Sublicensee), and GSK shall have no liability in connection therewith.

(c) Biovail Third Party Licensee Bupropion Product Royalty. As consideration for the license rights under the Patent granted by Andrx in Paragraph 3(c), the Biovail Third Party Licensee shall remit to Andrx (or its Affiliate) a royalty equal to {\*\*\*}† of Net Sales of Biovail Third Party Licensee Bupropion Product in the United States (the “Biovail

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

Third Party Licensee Bupropion Product Royalty”). The Biovail Third Party Licensee Bupropion Product Royalty shall automatically become effective as of the effective date of the sublicense to the Assigned License Rights hereunder to the Biovail Third Party Licensee, shall be solely owed and payable by the Biovail Third Party Licensee (and not GSK), and shall automatically terminate on the date the last claim covering Biovail Third Party Licensee Bupropion Products in the Patent expires or is held to be invalid or otherwise unenforceable or is found not to cover Biovail Third Party Licensee Bupropion Products for whatever reason by a court or other legal or administrative tribunal from which no appeal is or can be taken (other than a petition for a writ of certiorari to the Supreme Court). For the avoidance of doubt, an arbitration panel shall not be considered a legal or administrative tribunal.

(d) General Payment Provisions.

(i) Any payment due Andrx (or its Affiliate) from GSK (or its Affiliate) that is past due under this Agreement shall bear interest at a rate equal to the lesser of (i) {\*\*\*}†, or (ii) the maximum rate permitted by applicable law, calculated based on the number of days that the payment is delinquent. GSK (or its Affiliate) shall make all payments to Andrx (or its Affiliate) in United States dollars by electronic transfer to an account designated by Andrx, or by such other means as may be agreed in advance by both Parties.

(ii) Andrx (or its Affiliates) shall be responsible for and shall pay all taxes payable on any Royalties or other payments made by GSK (or its Affiliate) to Andrx (or its Affiliate) hereunder. GSK (or its Affiliate) shall have the right to withhold taxes in the event that the United States Internal Revenue Service or another revenue authority of a State or Territory of the United States requires the withholding of taxes on amounts paid hereunder to Andrx (or its Affiliate), provided that GSK shall pay over any amounts so withheld to such authority promptly when due. Any tax paid or required to be withheld by GSK (or its Affiliate) on account of Royalty or other payments payable to Andrx (or its Affiliate) under this Agreement shall be deducted from the amount of the Royalties or other payments due Andrx (or its Affiliate). GSK

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

(or its Affiliate) shall secure and promptly send to Andrx (or its Affiliate) proof of such taxes withheld and paid by GSK (or its Affiliate) for the benefit of Andrx (or its Affiliate). Each Party agrees to cooperate with the other Party in claiming exemptions from such deductions or withholdings under any agreement or treaty from time to time in effect.

(iii) GSK shall keep reasonable written records and shall cause its Affiliates and sublicensees, as applicable, to keep reasonable written records, of all Net Sales of Wellbutrin XL Products and Generic Equivalent Products to the extent commercially reasonably possible. All such applicable records shall be maintained by GSK, and GSK, shall cause its Affiliates and sublicensees, as applicable, to maintain, for the period required by applicable law or a period of five (5) years from the date of the record’s creation, whichever is longer.

(iv) Within thirty (30) days after the end of each Calendar Quarter in which a sale of Wellbutrin XL Products or Generic Equivalent Products has been made in the United States, GSK shall submit to Andrx a written report (the “Royalty Report”) containing the following information regarding such preceding Calendar Quarter: an itemized accounting and calculation of the total Net Sales of Wellbutrin XL Products or Generic Equivalent Products sold during such preceding Calendar Quarter in the United States pursuant to this Agreement and the amount of any Royalty due Andrx on such Net Sales, such report to include information in sufficient detail as is reasonably necessary for Andrx to confirm the accuracy of the amount of the Royalty due Andrx, if any, during such preceding Calendar Quarter. Concurrent with the submission of a Royalty Report to Andrx, GSK (or its Affiliate) shall remit payment to Andrx (or its Affiliate) of all Royalties due to Andrx for such preceding Calendar Quarter in the United States. The content of all Royalty Reports shall be GSK confidential information.

(v) Upon the written request of Andrx (but not more frequently than once per calendar year), Andrx shall have the right, within sixty (60) days after receipt of written confirmation that the Auditor is satisfactory to GSK (as set forth below), during the term of this Agreement and for six months (6) months thereafter, to have an independent certified public accountant, satisfactory to GSK in GSK’s reasonable discretion, (the “Auditor”) inspect GSK’s records and the records of GSK’s Affiliates and sublicensees, as applicable, with respect to the

transactions contemplated by this Agreement for the preceding year (or, if Andrx did not exercise its audit rights the prior year, for the preceding two years) during the term (but not more than one time for any period) for the sole purpose of determining the accuracy of the Royalty payments made to Andrx (or its Affiliate) under this Agreement. GSK shall permit, and shall cause its Affiliates and sublicensees, as applicable, to permit, the Auditor to have reasonable confidential access, during normal business hours and upon having given reasonable prior notice, to such records of GSK and its Affiliates and sublicensees as may be necessary to verify GSK's compliance with the Royalty payments due hereunder for the preceding year. The Auditor shall reach its conclusion as quickly as possible but in no event more than a period of thirty (30) days following the inspection, and notify the Parties only of its conclusions as to whether GSK is in compliance with its Royalty obligations and the amount of any underpayment or overpayment, and such report and the conclusions contained therein shall be final and binding on the Parties and shall be GSK Confidential Information. Under no circumstances shall the Auditor report to Andrx the wholesale prices at which GSK sold the Wellbutrin XL Products and Generic Equivalent Products. In the event the Auditor concludes that there was an underpayment of the Royalties to Andrx, the underpayment shall be paid by GSK within thirty (30) days after the date GSK receives such Auditor's written report. In the event the Auditor concludes that there was an overpayment of the Royalties to Andrx, the overpayment shall be credited toward future Royalty payments to be paid by GSK to Andrx under this Agreement; provided, however, that in the event no further Royalty payments shall become due under this Agreement, said overpayment shall be paid by Andrx to GSK within thirty (30) days after the date Andrx receives such Auditor's written report. If the underpayment of the Royalties is greater than five percent (5%) of the Royalties determined by the Auditor to be payable to Andrx, the reasonable fees and expenses charged by the Auditor shall be paid by GSK, otherwise Andrx shall pay the reasonable fees and expenses charged by such Auditor. The Auditor shall report to Andrx only its conclusions as to whether GSK is in compliance with the Royalty obligations and the amount of any underpayment or overpayment. The Auditor inspecting records of GSK shall execute a written confidentiality agreement reasonably satisfactory to GSK.

5. (a) This Agreement shall become effective as of the Execution Date and the term hereof shall (unless terminated earlier pursuant to Section 5(c)) expire on the date the last of

the Royalty obligations hereunder terminates. The following provisions of this Agreement shall survive the termination or expiration of this Agreement:

- (i) Section 4(a)(i);
- (ii) Sections 4(d)(i)-(iv) (to the extent sales were made during the term), and Section 4(d)(v) (for the six month period set forth therein);
- (iii) Section 6(c) (except if this Agreement is terminated by Andrx for OSK's material breach pursuant to Section 5(c));
- (iv) Section 9 (for the applicable period set forth therein); and
- (v) Section 15.

Any assigned rights or sublicenses pursuant to Section 3(f) also shall survive termination of this Agreement until such assigned rights or sublicenses are terminated or expire as between Andrx and the Biovail Assignees and/or the Biovail Third Party Licensee, as may be applicable. Similarly, this Agreement shall survive and shall not be affected by any termination of any such assigned rights or sublicenses.

(b) All license rights and licenses granted under or pursuant to this Agreement by Andrx to GSK are, and shall otherwise be deemed to be, for purposes of Section 365(n) of the U.S. Bankruptcy Code, licenses of rights to "intellectual property" as defined under Section 101(52) of the U.S. Bankruptcy Code. Andrx agrees that GSK as a licensee of such rights under this Agreement, shall retain and may fully exercise all of its rights and elections under Section 365(n) of the U.S. Bankruptcy Code.

(c) This Agreement may be terminated by Andrx: if (i) GSK is in breach of any material provision of this Agreement that is not cured within thirty (30) days after notice by Andrx to GSK of such breach, provided the notice of termination is given within six (6) months of the discovery by Andrx of the breach and prior to correction of the breach; or (ii) immediately if GSK, or an Affiliate of GSK, or a GSK sublicensee under the rights in this Agreement, voluntarily challenges the validity or enforceability of any claim of the Patent other than in

connection with a claim brought by Andrx or asserts that the manufacture, use, sale, offer for sale, or importation of a Wellbutrin XL Product or Generic Equivalent Product in the United States does not infringe any claim of the Patent. In the event a Biovail Assignee or a Biovail Third Party Licensee (as applicable) voluntarily challenges the validity or enforceability of any claim of the Patent other than in connection with a claim brought by Andrx or asserts that the manufacture, use, sale, offer for sale, or importation of a Generic Equivalent Product or Biovail Third Party Licensee Bupropion Product (as applicable) in the United States does not infringe any claim of the Patent, Andrx shall have the right to immediately terminate such Biovail Assignee's or Biovail Third Party Licensee's (as applicable) rights to the Assigned License Rights and such Assigned License Right shall automatically revert to GSK. This Agreement may be terminated by GSK if Andrx is in breach of any material provision of this Agreement that is not cured within thirty (30) days after notice by GSK to Andrx of such breach, provided the notice of termination is given within six (6) months of the discovery by GSK of the breach and prior to correction of the breach.

6. (a) Each Party represents and warrants to the other that (i) it has the requisite corporate authority to enter into this Agreement, (ii) this Agreement does not and will not conflict with any other agreements to which it or any of its Affiliates is or may be a party or that would impede the diligent and complete fulfillment of its obligations hereunder, (iii) except as expressly set forth in the Settlement Agreement, to the extent that any approval or authorization is necessary for its valid and lawful execution, delivery and performance of this Agreement, such approval or authorization has been obtained, and (iv) this Agreement is a binding obligation of it and its Affiliates, enforceable in accordance with its terms, subject, as to enforcement of remedies, to applicable bankruptcy, insolvency, moratorium, reorganization and similar laws affecting creditors' rights generally, and to general equitable principles. This Agreement may be amended or supplemented at any time by mutual agreement of the Parties, provided that any such amendment or supplement must be in a writing explicitly referring hereto, signed by both Parties hereto, and approved by all necessary corporate action.

(b) Andrx warrants and represents that it owns the entire right, title and interest in the Patent, or otherwise has the right to grant the license rights outlined in Section 3.

(c) Andrx (and on behalf of Andrx's Affiliates, licensees, successors and assigns) hereby grants GSK (and its Affiliates, assigns, suppliers, distributors, and sublicensees) a covenant not-to-sue and freedom from suit, and Andrx (and its Affiliates) shall not support or encourage any Third Party in suing GSK (and its Affiliates, assigns, suppliers, distributors, sublicensees), (i) that any patents (or patents resulting from patent applications) owned or controlled by Andrx (or its Affiliates) throughout the world, now or in the future, is infringed by any non-generic prescription once-daily product containing bupropion hydrochloride (including the sale, offer for sale, manufacture, use or importation thereof), but only as to such products sold or marketed as of the Execution Date, (ii) that the Patent is infringed by any non-generic prescription once-daily product containing bupropion hydrochloride (including the sale, offer for sale, manufacture, use or importation thereof), (iii) effective as of or after the Execution Date, that any patents (or patents resulting from patent applications) owned or controlled by Andrx (or its Affiliates) throughout the world, now or in the future, is infringed by any generic prescription once-daily product containing bupropion hydrochloride (including the sale, offer for sale, manufacture, use or importation thereof), but only as to such products that are generic equivalents of products sold or marketed as of the Execution Date (including, without limitation, Generic Equivalent Products), and (iv) effective as of or after the Execution Date, that the Patent is infringed by any generic prescription once-daily product containing bupropion hydrochloride, including, without limitation, Biovail Third Party Licensee Bupropion Products, (including the sale, offer for sale, manufacture, use or importation thereof). Andrx (and its Affiliates) shall not threaten nor bring any claims under any such patents in contravention of the foregoing. Andrx shall impose the foregoing covenant not-to-sue on any Third Party to which Andrx or any of its Affiliates may assign, license, sublicense or otherwise transfer any rights to such patents.

(d) Limitation of Warranty. EXCEPT AS EXPRESSLY STATED IN THIS SECTION NEITHER PARTY MAKES ANY OTHER REPRESENTATION OR WARRANTY, AND EACH PARTY EXPRESSLY DISCLAIMS ALL IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT, WITH RESPECT TO ANY PRODUCT, MATERIALS, INFORMATION, SERVICES OR LICENSES PROVIDED TO THE OTHER

PARTY PURSUANT TO THIS AGREEMENT. WITHOUT LIMITATION TO THE FOREGOING, NOTHING IN THIS AGREEMENT IS OR SHALL BE CONSTRUED AS:

- claim of the Patent; (i) a warranty or representation by Andrx as to the validity, enforceability or scope of any
- (ii) a warranty or representation by Andrx that anything made used or sold, or otherwise disposed of under any license or other right granted in this Agreement is or will be free from infringement of any rights or other intellectual property right of any Third Party;
- of the Patent; or (iii) an obligation to bring or prosecute actions or suits against Third Parties for infringement
- (iv) granting by implication, estoppel, or otherwise any licenses or rights under patents or other rights of Andrx or Third Parties, regardless of whether such patents or other rights are dominant or subordinate to the Patent, except as expressly set forth herein (including, but not limited to, Sections 3 and 6(c) hereof).
- (e) GSK, on behalf of itself, its Affiliates and sublicensees, agrees to defend, indemnify, protect, and hold harmless Andrx and Andrx’s customers, Affiliates, employees, agents, servants, and representatives (each an “Andrx Party”) from and against any and all claims, damages, losses, liabilities, and expenses, including reasonable attorney’s fees and costs, of whatever nature, to the extent that such result from or arise in connection with a claim, suit or other proceeding made or brought by a Third Party against Andrx or an Andrx Party based on, resulting from, or arising in connection with arising out of or relating to: (i) any product liability claim resulting from GSK’s (or its Affiliate’s or its sublicensees’) sale of Wellbutrin XL Products or Generic Equivalent Products sold by or on behalf of GSK in the United States, or (ii) any claim that GSK’s Wellbutrin XL Products or Generic Equivalent Products sold by or on behalf of GSK infringes intellectual property rights owned or controlled by such Third Party in the United States. The foregoing right of indemnity is premised upon Andrx not breaching any representation, warranty, covenant or other obligation of Andrx contained in this Agreement or

the Settlement Agreement that form the basis or proximate cause of the indemnity claim or otherwise materially affect GSK's potential defense or liability relating thereto, and providing GSK any reasonable, sufficient and timely notice available of such Third Party claim such that GSK's ability to defend such claim is not prejudiced. GSK shall have the right to assume and control the defense of any claim for indemnification under this Section and Andrx shall cooperate in connection therewith. GSK shall maintain adequate insurance (or self-insurance) to cover such potential claims against Andrx and in accordance with industry standards.

7. Except as expressly set forth herein (including, without limitation, Section 3(f), this Agreement and the rights herein shall not be assigned or otherwise transferred without the written consent of both Parties, such written consent not to be unreasonably withheld or delayed; provided, however, that the prior written consent of the other Party shall not be required for a Party to assign any of its rights (including the licenses and covenant not-to-sue granted hereunder), or delegate or subcontract the performance of any of its obligations hereunder to an Affiliate or pursuant to a sale of all or substantially all of the assets of the portion of the Party's business to which this Agreement relates, merger, consolidation, reorganization or other similar transaction. Each Party represents and warrants that it has not sold or conveyed or otherwise transferred or granted any right, claim, demand or cause of action related to the District Court Case that it has or had against the other Party. Each Party hereto agrees to execute, acknowledge and deliver such further instruments and do all such further acts as may be necessary or appropriate to carry out the purposes and intent of this Agreement.

8. This Agreement is the product of negotiation and preparation by the Parties and their respective attorneys, and the Parties, therefore, expressly acknowledge and agree that this Agreement shall be deemed jointly prepared and drafted by all of the Parties and their attorneys, and shall be construed accordingly. The Parties further represent and warrant that each was represented by competent outside counsel in the course of negotiating and preparing this Agreement. Mistakes of fact or law shall not constitute grounds for modification, avoidance or rescission of this Agreement.

9. The confidentiality provisions of Paragraph 11 of the Settlement Agreement shall govern this Agreement.

10. GSK and Andrx shall each bear their own costs and legal fees associated with the negotiation and preparation of this Agreement.

11. This Agreement shall be governed by and construed in accordance with the laws of the State of New York (without regard to its choice of law principles). Nothing in this Agreement shall prevent the Parties from asserting or pursuing any claim to enforce the terms of this Agreement. All Parties consent to the exclusive personal jurisdiction and venue in The United States District Court For The Southern District of New York, (or, should there be no subject matter jurisdiction, then another Federal court of competent jurisdiction in New York), which shall be deemed the appropriate forum to hear the dispute for purposes of enforcing this Agreement.

12. This Agreement may be signed by the Parties in separate counterparts, each of which when so executed shall be deemed an original, and all of which when taken together shall constitute the original Agreement. The Parties agree to accept facsimile copies of the executed Agreement from one another as an original of same.

13. None of the provisions of this Agreement shall be for the benefit of or enforceable by any Third Party.

14. The waiver by either Party of a breach or a default of any provision of this Agreement by the other Party shall not be construed as a waiver of any succeeding breach of the same or any other provision, nor shall any delay or omission on the part of the other Party to exercise or avail itself of any right, power or privilege that it has or may have hereunder operate as a waiver of any right, power or privilege by such Party.

15. Publicity. Any announcements or publicity regarding the existence of this Agreement or any terms or subject matter of this Agreement by either Andrx and/or GSK will be agreed to by Andrx and GSK in writing in advance of any such announcement or publicity. The Party preparing any such announcement, publicity or press release will provide the other Party

with a draft thereof reasonably in advance of disclosure so as to permit the other Party to review and comment on such announcement, publicity or press release, unless Applicable Law otherwise requires immediate public disclosure. The foregoing notwithstanding, the Parties will agree on a press release to announce the execution of this Agreement, together with a corresponding question/answer outline for use in responding to inquiries about this Agreement. Thereafter, Andrx and GSK may each disclose to Third Parties the information contained in such press release and question/answer outline without the need for further approval by the other Party. Each of the Parties may, if required by applicable law or governmental regulation, disclose the existence and such terms as are required of this Agreement pursuant to the provisions of Paragraph 11 of the Settlement Agreement. Each Party agrees that it will co-operate fully with the other with respect to all disclosures regarding this Agreement to the Securities Exchange Commission and any other governmental or regulatory agencies, including requests for confidential treatment of proprietary information of either Party included in any such disclosure.

16. Further Documents. Each Party hereto agrees to execute such further documents or agreements, and do all such other commercially reasonable acts, as may be reasonably necessary or desirable to effect the purpose of this Agreement and carry out its provisions.

17. Severability. If any provision of this Agreement is or becomes invalid or is ruled invalid by any court of competent jurisdiction or is deemed unenforceable, such provision shall be considered severed from this Agreement, and it is the intention of the Parties that the remainder of the Agreement will not be affected. The Parties shall make a good faith effort to replace any such invalid or unenforceable provision with a valid and enforceable one such that the objectives contemplated by the Parties when entering this Agreement may be realized.

18. Captions/Headings. The article and section captions or headings in this Agreement have been inserted as a matter of convenience and are not part of this Agreement.

19. Independent Relationship. Nothing herein contained shall be deemed to create an employment, agency, joint venture or partnership relationship between the Parties hereto or any of their agents or employees, or any other legal arrangement that would impose liability upon one Party for the act or failure to act of the other Party. Neither Party shall have any power to

enter into any contracts or commitments or to incur any liabilities in the name of, or on behalf of, the other or to bind the other Party in any respect whatsoever. All activities undertaken by and hereunder shall be those of an independent contractor.

20. Entire Agreement. This Agreement, together with the Settlement Agreement, contains the entire agreement between the Parties related to the subject matter hereof, and this Agreement cannot be amended, varied or abridged in any manner except by amendment in writing duly signed by the Parties. This Agreement supersedes and replaces any existing agreement, arrangements or discussions between the Parties relating to the subject matter hereof, whether oral or written.

21. Notices required or permitted under this Agreement shall be in writing and sent by prepaid registered or certified air mail or by overnight express mail (e.g., FedEx), or by telefacsimile confirmed by prepaid registered or certified air mail letter or by overnight express mail (e.g., FedEx) (failure of such confirmation shall not affect the validity of such notice by telefacsimile to the extent the receipt of such notice is confirmed by the act of the receiving Party (e.g., a telefacsimile of the receiving Party submitting its receipt of such notice)), and shall be deemed to have been properly served to the addressee upon receipt of such written communication, to the following addresses of the Parties:

**APPENDIX A**  
**Certain Definitions**

As used in this Agreement, the following terms, whether used in the singular or plural, shall have the following meanings:

“A Rated” shall mean the product in question has been assigned an “A” rating signifying that the FDA has classified the product as “therapeutically equivalent” to the particular product in question, applying the definition of “therapeutically equivalent” set forth in the preface to the current edition of the then current FDA publication “Approved Drug Products With Therapeutic Equivalence Evaluations” (the “Orange Book”).

“Affiliate” shall mean any Person which controls, is controlled by, or is under common control with the applicable Person. For purposes of this definition, “control” shall mean: (a) in the case of corporate entities, direct or indirect ownership of greater than fifty percent (50%) of the stock or shares entitled to vote for the election of directors, or otherwise having the power to control or direct the affairs of such Person; and (b) in the case of non-corporate entities, direct or indirect ownership of greater than 50% of the equity interest or the power to direct the management and policies of such noncorporate entities.

“Agreement” shall mean this License Agreement.

“Biovail Third Party Licensee Bupropion Product” shall mean (1) any prescription once-daily bupropion hydrochloride product in the 150mg strength for human use that has received Final Approval from the FDA pursuant to an ANDA and is A Rated to the applicable 150mg strength of GSK’s Wellbutrin XL® (bupropion hydrochloride) product approved under GSK’s NDA No. 02-1515 and that is distributed by the Biovail Third Party Licensee in the United States; or (2) any unbranded prescription once-daily product containing bupropion hydrochloride in the 150mg strength for human use that is supplied to, and distributed by, Biovail Third Party Licensee under a GSK owned or controlled NDA for sale in the United States by the Biovail Third Party Licensee as a generic equivalent to the 150mg strength of GSK’s Wellbutrin XL® (bupropion hydrochloride) product approved under GSK’s NDA No. 02-1515.

---

“Biovail Third Party Licensee’s Suppliers” shall mean, collectively any Third Party that manufactures for, or supplies to, the Biovail Third Party Licensee the Biovail Third Party Licensee Bupropion Product.

“Calendar Quarter” shall mean each of the three (3) month periods during a calendar year starting on each of the first of January, April, July and October.

“FDA” shall mean the U.S. Food and Drug Administration, or any successor agency thereto.

“Final Approval” shall mean final approval (not including any tentative approval) required from the FDA to enable the marketing and sale of a pharmaceutical product in the United States.

“Generic Equivalent Product” shall mean any unbranded prescription 150mg once-daily product containing bupropion hydrochloride for human use that is supplied or manufactured by or for GSK or its Affiliates under a GSK owned or controlled NDA for sale in the United States by or on behalf of GSK (or a Biovail Assignee, if applicable) as a generic equivalent to the 150mg strength of GSK’s Wellbutrin XL® Product. For the avoidance of doubt, Generic Equivalent shall not include (i) any product marketed and sold under GSK’s Wellbutrin XL® trademark (or any other trademark owned or controlled by GSK), or (ii) any Biovail Third Party Licensee Bupropion Product.

“GSK Suppliers” shall mean, collectively any Third Party that manufactures for, or supplies to, GSK (or its Affiliates) the Wellbutrin XL Product, or the Generic Equivalent Product (as applicable) for sale by GSK (or its Affiliates).

“NDA” shall mean a New Drug Application (or supplement thereto) as defined in the U.S. Federal Food, Drug, and Cosmetic Act and all applicable regulations promulgated thereunder.

“Net Sales” shall mean the aggregate gross sales amount invoiced by GSK (or its Affiliates) and its or their sublicensees for Wellbutrin XL Products, Biovail Third Party Licensee

Bupropion Product or Generic Equivalent Products (as may be applicable, “Product”) to wholesalers and customers (for purposes of this definition, collectively, “customer”) in the United States less the following deductions:

- (a) transportation charges, including insurance, for transporting Product;
- (b) sales and excise taxes and duties paid or allowed by the GSK and any other governmental charges imposed upon production, importation, use or sale of Product;
- (c) trade, quantity and cash discounts allowed on Product;
- (d) allowances or credits to customers on account of rejection or return of Product or on account of retroactive price reductions affecting Product; and
- (e) Product rebates, including those granted to Medicaid, and Product charge backs including those granted to managed care entities and pharmaceutical benefit management service entities;

all of the above without duplication and determined in accordance with GSK’s, its Affiliates’ and their permitted sublicensees’ books and records, which books and records will be maintain in accordance with GAAP. GSK, its Affiliates and their permitted sublicensees will not deduct any marketing, promotional, advertising or distribution expenses of any kind to determine Net Sales. Any sales between GSK, its Affiliates and its or their sublicensees shall be excluded from the computation of Net Sales and no amounts shall be payable on such sales.

“Person” shall mean any natural person, corporation, unincorporated organization, partnership, association, joint stock company, joint venture, limited liability company, trust or government, or any agency or political subdivision of any government, or any other entity.

“Prime Rate” shall mean the rate of interest that Citibank N.A. lists as its prime lending rate on the last day of the applicable Calendar Quarter, or if such rate is not available, the prime

lending rate listed in the New York City, USA version of The Wall Street Journal on the last day of the applicable Calendar Quarter.

“Royalty” shall mean individually or collectively, as applicable, the Wellbutrin XL Product Royalty, the Biovail Third Party Licensee Bupropion Product Royalty and the Generic Equivalent Product Royalty.

“Third Party” shall mean any Person other than Andrx or GSK, or an Affiliate of any of them.

“United States” shall mean the United States of America (including the Commonwealth of Puerto Rico) its possessions and territories, and U.S. military or U.S. government installations that are under the purview of the FDA.

“Wellbutrin XL Product” shall mean any prescription 150 mg once-daily product containing bupropion hydrochloride for human use that is supplied or manufactured by or for GSK (or its Affiliates) for sale by GSK (or its Affiliates) in the United States under the Wellbutrin XL® trademark or any other trademark owned or controlled by GSK (or its Affiliates). For the avoidance of doubt, “Wellbutrin XL Product” does not include Generic Equivalent Products or Biovail Third Party Licensee Bupropion Products.

Andrx and GSK are sometimes collectively referred to in this Agreement as the “Parties” and separately as a “Party.”

The word “including” or any variation thereof means “including without limitation” or any variation thereof and shall not be construed to limit any general statement which it follows to the specific or similar items or matters immediately following it.

CONFIDENTIAL TREATMENT REQUESTED:

*Portions of this Exhibit have been redacted pursuant to a request for confidential treatment under Rule 24b-2 of the General Rules and Regulations under the Securities Exchange Act of 1934, as amended. Such redacted portions have been replaced with “{\*\*\*}” in this Exhibit. An unredacted version of this document has been filed separately with the Securities and Exchange Commission along with the request for confidential treatment.*

DISTRIBUTION RIGHTS AGREEMENT

This AMENDED AND RESTATED DISTRIBUTION RIGHTS AGREEMENT (this “Agreement”) is made this day of January, 2004, to be effective as of October 26, 2001 (“Original Agreement Effective Date”), by and among SmithKline Beecham Corporation, a GlaxoSmithKline company, a corporation duly organized and existing under the applicable laws of the Commonwealth of Pennsylvania having a principal place of business at One Franklin Plaza, Philadelphia, PA 19101 (“GSK”) and Biovail Laboratories Incorporated, a Barbados corporation incorporated under the International Business Companies Act, 1991-24, having a principal place of business at Chelston Park, Building 2, Collymore Rock, St. Michael BH1, Barbados, West Indies (“Biovail”).

RECITALS

WHEREAS, GSK markets prescription pharmaceutical products sold under the Zovirax® (acyclovir) brand in various formulations, presentations and strengths; and

WHEREAS, the parties entered into a Distribution Rights Agreement (the “Original Agreement”) dated October 26, 2001, pursuant to which GSK granted to Biovail the exclusive right to distribute, market, promote, detail, advertise and sell the Products (as hereinafter defined) as GSK’s exclusive distributor of the Products in the Territory (as hereinafter defined), and to utilize GSK’s Trademarks (as defined herein below) to identify the Products in connection with the distribution, marketing, promotion, advertisement and sale of the Products in the Territory as described herein and Biovail agreed to purchase from GSK, and GSK agreed to supply to Biovail, Biovail’s entire requirements of the Products, for distribution in the Territory for the Term (as hereinafter defined);

WHEREAS, the parties now desire to amend the provisions of the Original Agreement and to redefine their respective rights and obligations under the Memorandum of Understandings made effective on October 1, 2002 and April 1, 2003 and the Original Agreement by means of this Agreement.

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter set forth and other good and valuable consideration, the receipt and legal sufficiency of which are mutually acknowledged, GSK and Biovail hereby agree as follows:

---

## ARTICLE 1.

### DEFINED TERMS

1.01 Defined Terms. The following terms, whether used in the singular or plural, shall have the meanings assigned to them below for purposes of this Agreement:

“Actual Shipment Quantity” shall have the meaning set forth in Section 5.04(d).

“Additional Rights Payment” shall have the meaning set forth in Section 5.01(b).

“Additional Rights Lump Sum Payment” shall have the meaning set forth in Section 5.01(b)(iii).

“Additional Rights Payment Cash Flow” shall mean the series of future cash payments at specific points in time as would be required for the full payment and satisfaction of the aggregate total dollar amount of the Fixed Adjustments.

“Adjustment Amount” shall mean the difference between:

- (i) the aggregate value of Product purchased by Biovail between October 1, 2002 and September 30, 2003, calculated by multiplying the actual quantities of such Product, by the prices specified in Section 5.06(a) and (b) for such purchases; minus
- (ii) the aggregate value of Product purchased by Biovail between October 1, 2002 and September 30, 2003, calculated by multiplying the actual quantities of such Product so purchased by the Reduced Zovirax® Price for such purchases.

“Adverse Event” shall mean any adverse event associated with the use of the Product in humans, whether or not considered drug-related, including (i) an adverse event occurring in the course of the use of the Product in professional practice, (ii) an adverse event occurring from Product overdose (whether accidental or intentional), (iii) adverse events occurring from Product abuse, or from Product withdrawal and (iv) any failure of pharmacological action, or such other definition as may from time to time be set forth in 21 C.F.R. Part 314.80.

“Affiliate” shall mean any corporation or non-corporate entity that controls, is controlled by, or is under common control with a Party. A corporation or non-corporate entity shall be regarded as in control of another corporation if (a) it owns or directly or indirectly controls at least fifty percent (50%) of the voting stock of the other corporation or, (b) in the absence of the ownership of at least fifty percent (50%) of the voting stock of a corporation or in the case of a non-corporate entity, has the power to direct or cause the direction of the management and policies of such corporation or non-corporate entity, as applicable.

“Aggregate Unit Purchase Price” shall have the meaning set forth in 5.08(a).

“Agreement” shall mean this agreement, together with all appendices, exhibits and schedules attached hereto, as the same may be amended or supplemented in accordance with this Agreement.

“ANDA” shall mean an Abbreviated New Drug Application for a Product, requesting permission to place a drug on the market in accordance with 21 C.F.R. Part 314 Subpart C, and all supplements filed pursuant to the requirements of the FDA, including all documents, data and other information concerning a Product which are necessary for FDA approval to market a Product in the Territory.

“Annual Minimum Purchase Requirement” shall have the meaning set forth in Section 5.02(c).

“Applicable Laws” shall mean all applicable laws, ordinances, rules, regulations and guidances applicable to this Agreement or the activities contemplated hereunder, including without limitation the Federal Food, Drug and Cosmetic Act and applicable regulations, FDA-issued guidances, federal and state anti-kickback laws, privacy laws, consumer protection statutes, laws relating to sample accountability, and any requirements under any Product Registration applicable to the Products in the Territory.

“Bupropion Product” shall mean “The Product”, as such term is defined in the Development Agreement.

“Business Day” shall mean a day of the year in which banks are not required or authorized to close in Charlotte, North Carolina.

“Calendar Quarter” shall mean a period of three (3) consecutive calendar months during the Term of this Agreement ending on either March 31, June 30, September 30 or December 31.

“Calendar Year” shall mean a period of twelve (12) consecutive months commencing on January 1 and ending December 31.

“Commercially Reasonable Efforts” of a Party shall mean those efforts consistent with the exercise of prudent scientific and/or business judgment as applied to commercialization efforts for products of similar scientific and commercial potential within relevant product lines of such Party.

“Confidential Information” shall have the meaning set forth in Section 11.01(a).

“Confidentiality Agreement” shall have the meaning set forth in Section 11.01(b).

“DDMAC” shall mean FDA’s Division of Drug Marketing, Advertising and Communications.

“Delivery Date” shall have the meaning set forth in Section 5.04(b).

“Developed Cream Trade Product” shall mean a 5 gram presentation of Zovirax® Cream intended for marketing and sale in the Territory.

“Development Agreement” shall mean that certain Product Development, License and Copromotion Agreement by and between GSK and Biovail, of even date herewith.

“Development Work” shall mean any and all analytical testing, stability testing and regulatory support necessary to generate sufficient stability data for Sample Products and prepare a supplement that complies with FDA requirements and guidelines governing submissions to FDA.

“Distribution Rights Payment” shall have the meaning set forth in Section 5.01(a).

“Distributorship Commencement Date” except as otherwise provided hereinbelow, shall mean the date upon which Biovail’s rights as exclusive distributor of the Products shall commence, which date shall be January 1, 2002.

“Effective Date” shall mean the date first set forth above.

“Existing Inventory” shall mean GSK’s entire finished goods inventory of Products in the Territory as of December 15, 2001.

“Extension Period” shall mean the period commencing on January 1, 2012 and ending at 11:59 pm, PST, December 31, 2021.

“Federal Programs” shall have the meaning set forth in Section 3.12.

“FDA” shall mean the United States Food and Drug Administration, or any successor agency of the United States.

“Firm Zone” shall mean any period of time in respect of which there is a firm commitment by Biovail to purchase Product pursuant to Sections 5.03 or 5.04.

“Fixed Annual Minimum Purchase Requirement” shall have the meaning set forth in Section 5.02(c)(i).

“Generic Entry” shall mean, with respect to a Product, the first point in time during the Term, subsequent to a generic form of said Product being made commercially available by a Third Party in the Territory, at which the total number of prescriptions filled for the Product falls below {\*\*\*}† of the Market Share (as defined hereinbelow) for that Product in each of three (3) consecutive calendar months.

“Good Manufacturing Practices” shall mean all current good manufacturing practices as defined under 21 U.S.C. § 351(a)(2)(B) and the FDA regulations promulgated thereunder, applicable to the Product, as in effect from time to time.

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

“Governmental Authority” shall mean any Federal, state, local or foreign governmental authority, agency or other body.

“Gross Sales” shall mean the gross amount invoiced by a Party, ex-factory, for Products shipped and delivered to said Party’s customers.

“GSK Entities” shall mean GSK and those Affiliates of GSK that manufacture either of the Products for sale in the Territory, or distribute, sell, or market either of the Products in the Territory.

“IND” shall mean an Investigational New Drug application filed with the FDA for any Product requesting permission to perform human clinical studies in accordance with 21 C.F.R. Part 312, as the same may be amended or supplemented from time to time hereafter.

“Invoiced Amount” shall mean the aggregate invoiced purchase price payable by Biovail for all Products included in any shipment of Products to Biovail by GSK.

“Manufacturing Documentation” shall mean , with respect to the Product, any and all current validation reports, any current formulation’s manufacturing instructions, and current batch record templates, and which are specific to or otherwise used in the Secondary Manufacture of the finished form of the Products. For avoidance of doubt, it is understood and agreed that the term “Manufacturing Documentation” shall only apply to such documents as are used in, or which relate to, the finished goods manufacturing process, and shall not in any case apply to the Primary Manufacturing process or to the synthesis of any of the active drug substance in any of the Products.

“Market Share” shall mean , with respect to a Product, the aggregate total number of prescriptions filled for said Product and any generic versions of said Product made available in finished goods form in the Territory by a Third Party.

“Maximum Returns Credit Amount” shall have the meaning set forth in Section 6.05(b).

“Monthly Product Supply Schedule” shall have the meaning set forth in Section 5.03(a).

“NDA” shall mean a New Drug Application for any product, requesting permission to place a drug on the market in accordance with 21 C.F.R. Part 314, and all supplements filed pursuant to the requirements of the FDA, including all documents, data and other information concerning a product which are necessary for FDA approval to market a product in the Territory.

“NDC” shall mean National Drug Code.

“Net Wholesale Price” shall mean the gross list price published by Biovail, ex-factory, to its wholesale customers for a Product.

“New Products” shall mean the Developed Cream Trade Product and the Zovirax® Cream Sample Products.

“NOV” shall mean an FDA Notice of Violation or “untitled” letter.

“Order Quantities” shall have the meaning set forth in Section 5.05.

“Party” shall mean GSK or Biovail and, when used in the plural, shall mean GSK and Biovail.

“Patent” shall mean the Mac-P formulation patent for Zovirax® Cream, United States Patent #4,963,555.

“Person” shall mean any natural person, corporation, firm, business trust, joint venture, association, organization, company, partnership, limited liability company, or other business entity, or any government or any agency or political subdivision thereof.

“Phase IV Clinical Study” shall mean the NDA post-approval clinical study to be conducted by GSK, as required by FDA, for Zovirax® Cream in pediatric patients ages six (6) through twelve (12).

“Primary Manufacture” or Primary Manufacturing” shall mean the process used in the manufacture of an active drug substance (including, but not limited to, the synthesis thereof), the result or product of which will be used in Secondary Manufacturing of a pharmaceutical product.

“Product” shall mean Zovirax® Ointment or Zovirax® Cream; “Products” shall mean Zovirax® Ointment and Zovirax® Cream; each in the presentations and formulations in finished product form, as described on Exhibit 1.01A, or as developed by GSK under the terms of this Agreement.

“Product Registrations” shall mean the approvals or registrations for a Product which have been received by GSK in the Territory, including without limitation each IND, Drug Master File (DMF), NDA and ANDA for the Product, as applicable.

“Promotional Spend Requirement” shall have the meaning set forth in Section 3.14.

“Promotional Support” shall mean personal field selling of Products to healthcare professionals, Product advertising directed to healthcare professionals and to consumers directly, educational programs for healthcare professionals and sales training for sales representatives and managers, and all of the activities identified in Section 3.02(d) and shall expressly exclude; (i) general and administrative expenses attributable to the foregoing and (ii) expenses incurred in the sampling of the Products.

“Purchase Order” shall have the meaning set forth in Section 5.03(a).

“Purchase Price” shall have the meaning set forth in Section 5.08(a).

“Recall” shall have the meaning set forth in Section 6.06.

“Reduced Zovirax® Price” shall mean , for each Zovirax® Product, is {\*\*\*}† of that Product’s Net Wholesale Price.

“Sachet Sample” shall mean the 0.9 gram presentation of Zovirax® Ointment or the 0.9 gram presentation of Zovirax® Cream, not intended or approved for commercial sale, but intended and approved for use exclusively in the detailing and promotion of the Product.

“Sachet Sample Availability Date” shall mean the date upon which the Sachet Sample for Zovirax® Cream or Zovirax® Ointment, as appropriate, becomes commercially available for shipment to Biovail.

“Sample Products” shall mean the Sachet Samples and the Tube Samples.

“Secondary Manufacture” or “Secondary Manufacturing” shall mean the manufacturing and packaging process used in formulating the active drug substance and all excipients into a final dosage form of a pharmaceutical product.

“Serious Adverse Event” shall mean an Adverse Event that is fatal, life-threatening, persistently or significantly disabling or incapacitating, results in new or prolonged in-patient hospitalization, or is a congenital anomaly, or such other definition as may be provided from time to time in 21 C.F.R. Part 312.32(a). As permitted under 21 C.F.R. Part 312.32(a), important medical events that may not result in death, be life-threatening or require hospitalization may be considered Serious Adverse Events when, based upon appropriate medical judgment, they may jeopardize the patient or subject and may require medical or surgical intervention to prevent one of the outcomes listed in this definition.

“Supplemental Allowance Payment” shall mean each payment of eleven million, two hundred and fifty thousand U.S. dollars (US \$11,250,000) to be made by Biovail to GSK on the March 31 of each of the Calendar Years of 2004, 2005, 2006 and 2007, respectively, pursuant to Section 5.01(e)).

“Term” or “Term of this Agreement” shall mean the period, which commenced on the Original Agreement Effective Date and ends on expiry of the Extension Period, unless sooner terminated as provided herein.

“Territory” shall mean the United States of America and Puerto Rico, but excluding all other United States territories and possessions.

“Third Party” shall mean any Person who or which is neither a Party nor an Affiliate of a Party.

“To The Knowledge Of” a specified entity or any similar term shall mean to the actual knowledge of the officers of the specified entity having operating responsibility for the business of such entity.

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

“Trademarks” shall mean the trademarks registered by GSK or its Affiliates for the marketing of the Product in all or any part of the Territory, as more fully set forth on Exhibit 1.01 B attached hereto. For sake of clarity and avoidance of doubt, the Trademarks do not include any of the names (or variants thereof) of Glaxo Wellcome Inc., Glaxo Wellcome plc, SmithKline Beecham Corporation, Glaxo SmithKline or any of their respective Affiliates, or any marks customarily associated with such names.

“Tube Sample” shall mean either the 1.5 gram tube presentation of Zovirax® Ointment or the 0.8 gram tube presentation of Zovirax® Cream not intended or approved for commercial sale, but intended and approved for use exclusively in the detailing and promotion of the Product

“Variable Additional Rights Payment” shall have the meaning set forth in Section 5.01(b)(ii).

“Variable Annual Minimum Purchase Requirement” and “Variable Annual Minimum Purchase Requirements” shall have the meaning set forth in Section 5.02(c)(ii).

“Wellbutrin® XL” shall mean any once daily formulation of bupropion hydrochloride.

“Zovirax® Cream” shall mean 5% acyclovir in a prescription modified aqueous cream formulation.

“Zovirax® Cream NDA” shall have the meaning set forth in Section 4.05.

“Zovirax® Cream Sample Product” shall mean the Sachet Sample of Zovirax® Cream and the Tube Sample of Zovirax® Cream.

“Zovirax® Ointment” shall mean 5% acyclovir in a prescription ointment formulation.

“Zovirax® Price Allowance” shall mean the sum of:

- (i) {\*\*\*}† plus
- (ii) the amount of each Supplemental Allowance Payment made by Biovail to GSK; minus
- (iii) the aggregate value of Product purchased by Biovail at the {\*\*\*}† calculated by multiplying the actual quantities of such Product so purchased by the {\*\*\*}† for such purchases.

1.02 Terms Generally. All references herein to Articles, Sections, paragraphs, clauses, Exhibits and Schedules shall be deemed references to Articles, Sections, paragraphs and clauses of this Agreement and Exhibits and Schedules to this Agreement unless the context shall otherwise require.

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

## ARTICLE 2.

### APPOINTMENT OF DISTRIBUTOR; RIGHTS AND LIMITATIONS

#### 2.01 Grant of Exclusive Rx Distribution Rights.

(a) Subject to the terms and conditions of this Agreement, GSK appoints Biovail as GSK's exclusive distributor of the Products as prescription drugs in the Territory, and in connection therewith, grants to Biovail the exclusive right to market, promote, advertise, detail, sell and distribute the Products as prescription drugs in the Territory. The appointment made in the preceding sentence shall commence as of the Distributorship Commencement Date and shall continue until the expiration or termination of the Term and, unless otherwise renewed in accordance with the terms hereinbelow, shall not survive past the termination or expiration of the Term. The foregoing notwithstanding, the Parties hereby acknowledge and agree that with respect to Zovirax® Cream only, the distributorship rights granted to Biovail under this Section 2.01(a) shall not be effective until the effective date of approval of the Zovirax® Cream NDA by the FDA.

(b) GSK shall retain the right to ship the Products through its distribution channels in the Territory if such shipment is solely in connection with providing Products to GSK Affiliates for sale outside the Territory.

(c) Biovail may assign, sub-license, sub-contract or delegate to any Biovail Affiliate all or part of the rights and obligations of Biovail under this Agreement but no such assignment, sub-licensing, sub-contracting or delegation shall relieve Biovail of its liabilities or obligations to GSK under this Agreement. GSK acknowledges that the promotional, marketing and, selling activities that Biovail is obligated and/or authorized to perform in the Territory shall be performed by an Affiliate of Biovail in strict compliance with the terms of this Agreement. Biovail expressly acknowledges and agrees that Biovail shall remain fully and unconditionally obligated and responsible for the full and complete performance of all Biovail obligations under the terms and conditions of this Agreement.

2.02 Territorial Limitation. Biovail shall restrict its marketing, promotion, advertising, selling, detailing and distribution of the Products solely to the prescription drug market in the Territory, and Biovail shall not sell or distribute the Products outside the Territory, and, other than sales of Products to the United States government for subsequent resale on United States military bases abroad, Biovail shall not knowingly sell Products, directly or indirectly to any Third Party in the Territory for resale outside the Territory.

2.03 Restriction on Sub-Distributors. Without the prior written consent of GSK, Biovail shall not grant to any Third Party any rights to market, promote, advertise, or distribute the Product, and shall not enter into any agreement or arrangement with any Third Party with respect to promoting or co-promoting the Product. The foregoing notwithstanding, for the Calendar Years 2002 through 2004 Biovail may employ the services of a Third Party in the detailing of the Products to healthcare professionals in the Territory, so long as any sales representative deployed by such Third Party for Biovail for such purpose shall at such time only detail Biovail products and the Products to healthcare professionals in the Territory. Nothing in

the foregoing restricts the ability of Biovail to enter into any agreements for the receiving, warehousing and shipping of the Products for Biovail, or under which agreements a Third Party will accept orders, generate invoices and collect and manage receivables with respect to Biovail's sales of the Products and Biovail's use of any Third Party in compliance with this Agreement for such functions is not a violation of the terms of this Agreement.

2.04 Approval of Reliant. Notwithstanding the provisions of Section 2.03 GSK hereby consents to the granting by Biovail of co-promotion rights to Reliant Pharmaceuticals, LLC a limited liability company with offices at 110 Allen Road, Liberty Corner, NJ 07938 ("Reliant") pursuant to Section 2.03 of the Distribution Agreement, provided that:

(a) The consent granted in this section is limited to Reliant only.

(b) The consent granted in this Section shall become effective upon February , 2003 and shall remain in effect for a period of one (1) Calendar Year, and may be renewed for additional one (1) year periods by mutual written agreement of the Parties.

(c) Biovail acknowledges and agrees that despite GSK's consent granted in Section 1 above, Biovail remains obligated to perform all terms, obligations, covenants and agreement ascribed to it in the Distribution Agreement.

(d) Biovail acknowledges and agrees that its indemnification obligations provided in Section 9.02 of the Distribution Agreement will be expanded to also include any GSK Claim that arises out of, or is the result of, any act or omission by Reliant in connection with the Product.

2.05 Reservation of OTC Rights. Notwithstanding anything in this Agreement to the contrary, the Parties acknowledge and agree that no rights are conveyed to Biovail under this Agreement with respect to distributing, marketing, selling or promoting either of the Products as non-prescription drugs in the over-the-counter market during the Term of this Agreement, and Biovail further agrees that neither it nor any of its Affiliates shall engage in any marketing, promotion, advertisement, sale or distribution of any Product in the non-prescription over-the-counter market during the term of this Agreement.

2.06 Compliance with Product Registration; Resale in Same Packaging. Biovail shall not at any time do, cause to be done or permit any act on its part, or that of its employees or agents, inconsistent with the Product Registration for any Product in the Territory. In the event that any filings are required to be made with, or approvals required to be obtained from, applicable regulatory authorities in order to sell a Product to Biovail or for Biovail to initiate distribution, marketing, sale or promotion of a Product in the Territory, the Parties shall cooperate fully to ensure that such filings and approvals are obtained or made as expeditiously as reasonably practicable. Except as otherwise set forth in Section 3.03(e) Biovail shall not alter in any manner any Product or its packaging as sold to it by GSK hereunder and shall resell the Product without alteration in the form sold to it by GSK.

2.07 No Ownership Rights Conveyed on Effective Date. Except for Biovail's right to use the Trademarks pursuant to Section 3.03 hereof, no right or license under any Trademark, or under any patent rights or know-how owned or controlled by GSK or any of its Affiliates to

make or have made any Product is granted to Biovail under this Agreement. Without limiting the foregoing, the Parties acknowledge and agree that nothing in this Agreement shall grant to Biovail any right or interest in any new Product, dosage forms, or other presentations at any time derived or developed by GSK in connection with the Product.

2.08 No Restriction on GSK Business. Nothing in this Agreement is intended to limit or restrict GSK or its Affiliates in any way, expressly or implicitly, from distributing, marketing, selling or promoting any topical product containing an active drug substance other than acyclovir that is competitive with either of the Products, provided that GSK notifies Biovail of the launch of any such competing product, and does not identify said competing product by any trademark substantially similar to or easily confused with the Trademarks. Further, nothing in this Agreement is intended to limit or restrict GSK or its Affiliates in any way, expressly or implicitly, from developing or manufacturing any product that is competitive with either of the Products, including without limitation any product containing any of the chemical compounds present in either of the Products for commercial sale as an over-the-counter product. The foregoing notwithstanding, during the Term of this Agreement GSK will not make available in the Territory any non-prescription over-the-counter versions of a Product prior to there being made commercially available by Third Parties for delivery in the Territory two (2) generic forms of said Product in finished goods form.

2.09 Development Rights and Obligations. Biovail acknowledges and agrees that nothing in this Agreement shall grant to Biovail any right or interest in any new formulations, indications, dosages, forms of administration or other presentations of the Products, and Biovail further acknowledges that the distribution rights granted herein relate only to the Products set forth on Exhibit 1.01A.

2.10 No Restriction on Biovail Business. Nothing in this Agreement is intended to limit or restrict Biovail or its Affiliates in any way, expressly or implicitly, from distributing, marketing, selling or promoting during the Term any product containing an active drug substance other than acyclovir that is competitive with the Product. Further, nothing in this Agreement is intended to limit or restrict Biovail or its Affiliates in any way, expressly or implicitly, from developing during the Term of this Agreement any product that is competitive with the Products, including without limitation any product containing any of the chemical compounds present in the Products, for commercial sale following expiration of the Term. If during the Term of this Agreement either party or an Affiliate of either Party shall make, manufacture, sell or supply a generic version of a Product in the Territory then such Party shall, for the balance of the Term of this Agreement pay to the other party {\*\*\*}† of all compensation received by said party for such generic version of the Product.

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

ARTICLE 3.

BIOVAIL RESPONSABILITES

- 3.01      Distribution Diligence.
- (a)      In fulfillment of its obligations under this Agreement, during the Term Biovail shall:
- (i)      maintain and provide at its expense suitable storage and handling in accordance with the labeling of each Product, and other appropriate facilities and services in compliance with Good Manufacturing Practices, as needed for the storage and continuous sale and distribution of the Products and Sample Product within the Territory;
  - (ii)     maintain levels of inventory of each Product no greater than is reasonable and consistent with customary industry practice and Biovail’s historical sales patterns of the products to its customers;
  - (iii)    provide, at its expense, an adequate Product traceability system reasonably satisfactory to GSK;
  - (iv)    ensure that all sales force personnel only promote the Products in manner that is consistent with the Product’s applicable Product Registration and labeling and that is permitted by Applicable Laws. If Biovail becomes aware of any such activity in contravention of the immediately foregoing standards, Biovail shall take prompt affirmative action to ensure that such activity shall cease, and take addition remedial action to advise its sales personnel concerning the activities described in this subsection;
  - (v)    use Commercially Reasonable Efforts not to take any action which constitutes a violation of Applicable Laws or breach of this Agreement and would have a material adverse impact on:
    - (a)      the commercialization of the Products in the Territory; or
    - (b)      the then existing business of GSK, its Affiliates and licensees with respect to the Products outside of the Territory;
  - (vi)    obtain, as soon as reasonably practicable following the Effective Date, at Biovail’s sole and exclusive expense, any and all requisite NDCs in Biovail’s name for the Products, and obtain any and all governmental approvals as are required for Biovail to fulfill its obligations hereunder, and in conjunction with Biovail, GSK shall cause the NDC number obtained by Biovail to appear on all Products (other than Products consisting of current inventory of finished goods) sold by GSK to Biovail as soon as reasonably practicable;

- (vii) maintain the availability of the current package inserts with respect to the Products on any website maintained by Biovail or its Affiliates, and at such other locations where Biovail or its Affiliates make information regarding the Product available;
- (viii) sell, market, detail, promote, advertise and distribute the Products in a manner that will not have a material adverse effect on the Products;

3.02 Promotional Materials and Activities.

(a) Subject to the provisions of Section 3.02(b) below, Biovail shall be solely responsible, at its sole expense and under its sole control for conducting all promotional activities and for designing, preparing and distributing all materials, advertisements and activities used in the promotion, advertising and marketing of the Products within the Territory. Biovail shall ensure that all materials, advertisements and promotional activities comply with, and Biovail shall be solely responsible and liable for any failure of such materials and activities to comply with, the applicable labeling and Product Registration for a given Product and with Applicable Laws and regulations, notwithstanding any prior review or approval of such materials or activities by GSK and notwithstanding that such materials or activities may have been previously reviewed, used or conducted by GSK. Biovail shall be solely responsible for fulfilling regulatory requirements pertaining to its promotional materials and activities, including, without limitation, sole responsibility for submitting to FDA all promotional and advertising materials prepared by or for Biovail at the time of initial dissemination, by way of a Form FDA-2253, consistent with 21 C.F.R. Part 314.81. To this effect, GSK shall, upon the Effective Date, or as soon thereafter as is reasonably practicable, place a letter on file with DDMAC with respect to the Products advising DDMAC that Biovail shall be the sole marketer and promoter of the Products and requesting that DDMAC address regulatory inquiries and concerns regarding Biovail's promotional activities solely with Biovail. Biovail shall promptly, but in no event less than twenty-four (24) hours provide a copy to GSK of any correspondence from a government agency including, but not limited to, the FDA, reflecting any purported legal or regulatory violations or legal or regulatory action being considered or taken by such government agency, including without limitation, copies of FDA NOV's and Warning Letters. Unless otherwise required, Biovail shall not provide GSK with copies of any promotional materials or advertising or notify GSK of any promotional activities unless pursuant to a written request by GSK. Biovail shall absorb and be solely responsible for any and all lost profits, lost revenues, damages, losses, expenses and costs incurred by Biovail, its Affiliates, and any contract sales organization ("CSO") retained by Biovail pursuant to the terms of this Agreement, arising from the failure of any promotional materials or advertising used, or activities conducted by, Biovail to comply with the applicable labeling, the Product Registrations and/or with Applicable Laws. Without limiting the rights GSK may have under the indemnification provisions of this Agreement, Biovail shall promptly reimburse GSK and its Affiliates for any and all damages, losses, expenses and costs suffered or incurred by GSK and its Affiliates arising from (i) the failure of any promotional materials or advertising used or activities conducted by Biovail to comply with the applicable labeling, the applicable Product Registrations, Applicable Laws, and/or any comments, guidance or direction given by FDA or DDMAC in the Pre-Clearance Process pursuant to Section 3.02(b)(ii) or (ii) the failure of Biovail or its representatives or any CSO selected pursuant to the

terms of this Agreement to promote the Products in compliance with the applicable labeling, the applicable Product Registrations and/or with Applicable Laws. For purposes of the preceding sentence, it is understood and agreed that the losses, expenses and costs incurred by GSK shall include, without limitation, the losses, expenses and costs incurred by GSK to mitigate or limit the effect or impact of (i) or (ii) above, on GSK and its Affiliates products or corporate image (including, but not limited to, the costs of any remedial action undertaken by GSK to communicate with physicians or customers (including, but not limited to so-called “dear doctor letters”).

(b)

- (i) If Biovail (or GSK) shall receive a Warning Letter from FDA which relates to marketing, promotion, advertisement, sale or distribution of the Products after the Distributorship Commencement Date, or Biovail (or GSK) shall receive two (2) NOV's from the FDA which relate to marketing, promotion, advertisement, sale or distribution of the Products after the Distributorship Commencement Date, GSK shall have the right to call, and Biovail shall participate/or attend at their own expense, a meeting of Biovail (which shall include senior level marketing and sales management of Biovail) and GSK, to be held in Research Triangle Park, N.C. The purpose of such meeting shall be to discuss the promotional pieces or practices which led to the issuance of the Warning Letter or the NOV's, as the case may be, and to discuss appropriate corrective or remedial measures to Biovail's promotional review process. Subsequent to any such meeting or in lieu of such meeting (if such meeting is not held as a result of the mutual agreement of the Parties or as a result of Biovail's failure or refusal to attend), GSK may, in its sole and absolute discretion, at any time after the issuance of a Warning Letter or a second NOV from FDA related to the Products after the Distributorship Commencement Date, decide to invoke the promotional review procedures set forth in Section 3.02(b)(ii) below by sending written notice thereof to Biovail (hereinafter, a “Promotional Review Notice”).
- (ii) In the event that GSK sends a Promotional Review Notice to Biovail, Biovail shall comply with the procedures set forth in this Section 3.02(b)(ii). Biovail shall ensure that all marketing and advertising materials and activities comply with the applicable labeling and the applicable Product Registration for a given Product and with Applicable Laws, including, without limitation, addressing any concerns which were the subject of such FDA letter(s). For a period of twelve (12) months after the Promotional Review Notice (the “Pre-Clearance Period”), Biovail shall submit all of the following for review and approval by DDMAC (the “Pre-Clearance Process”) prior to use or dissemination; any and all marketing, advertising, promotional and related materials and activities (including, without limitation, detail aids, letters, brochures, reprints and other printed materials shown to or left with healthcare providers, letters,

brochures and other printed materials intended for consumers, website content, materials for use in promotional programs, and any print, television, radio, and other media advertising materials intended for healthcare providers or consumers), labeling, press materials, updates and corrections to the Physicians Desk Reference with respect to the Products, speaker training materials (including slides and slide kits), sales training materials and other materials and communications originating from home offices, regional offices, local offices or hub offices and sent to the sales force regarding promotional messages or strategies for the Products. Biovail shall not use any materials or make any claims in advertising, promoting or selling the Products which have not gone through the Pre-Clearance Process and received specific and entire written approval by DDMAC; provided, however, that in the case of materials not accepted for review by DDMAC, Biovail shall ensure that all such materials and the claims and promotional messages therein; (a) are consistent with the materials and claims that have gone through the Pre-Clearance Process and received written approval by DDMAC and (b) comply with all comments, direction and guidance given by DDMAC during the Pre-Clearance Period. Biovail shall ensure that all promotional programs and activities of all sales representatives promoting the Products comply with any and all comments, direction or guidance given by DDMAC during the Pre-Clearance Period. Upon expiration of the Pre-Clearance Period, Biovail shall continue to promote, detail, sell and advertise the Products in a manner consistent with, and in full compliance with, all comments, directions and guidance received from DDMAC. Biovail shall be solely responsible for submitting all promotional and advertising materials prepared by or for it to the FDA by way of a Form 2253 or otherwise. GSK shall have the right to immediately terminate this Agreement if; (i) Biovail shall fail to fully comply with the requirements of this Section 3.02(b)(ii) or (iii) FDA issues a Warning Letter or NOV with respect to a Product at any time during or after the Pre-Clearance Period.

(c) Biovail and GSK acknowledge that GSK has never promoted Zovirax® Cream in the Territory, and the Parties further acknowledge that GSK is not currently actively promoting Zovirax® Ointment in the Territory and has not done so for several years. Thus, GSK does not have current materials designed for advertising or promoting the Products in the Territory. GSK shall provide Biovail with copies of any advertising, promotional or training materials in its possession and previously used by GSK relating to the Products, and shall permit Biovail, subject to compliance by Biovail with Applicable Laws, to update, adapt and use such materials in the Territory in developing new promotional materials (subject to any copyrights or other rights reserved to GSK, its Affiliates and to Third Parties in such materials). GSK reserves and retains title and all rights, including copyright rights, in and to all written, visual and electronic works and other materials (including without limitation training materials, promotion materials, brochures and other detail literature) provided by it to Biovail under this Agreement. Subject to the foregoing, Biovail is granted the nonexclusive right under this Section to use, copy, modify, and distribute such materials only for the purposes of this Agreement and in furtherance of the

rights granted to Biovail hereunder, for the applicable Term for a given Product to which such works and materials relate. Biovail shall ensure that all copyright notices and this permission notice appear on all copies of the written materials provided by GSK and all adaptations and derivative works thereof. Any and all new promotional material developed by Biovail, including that which adapts or utilizes materials supplied to Biovail by GSK, shall be filed with FDA at the time of initial dissemination via Form FDA-2253.

(d) Biovail shall have strategic responsibility and sole authority and responsibility, at its sole expense, for conducting independent and non-independent symposia, speaker training and engagement programs, advisory board meetings and other consulting arrangements, scientific exhibits and other types of scientific exchange, and other such events or programs as needed with respect to the Products within the Territory; provided, however, that any and all such events and programs must comply in all respects with Applicable Laws and relevant FDA policies, including without limitation, the FDA's Guidance on Industry-Supported Educational and Scientific Activities.

3.03 Use of Trademarks; Trade Dress. During the Term of this Agreement, and subject to the terms and conditions of this Agreement:

(a) Biovail shall use the Trademarks, on a royalty-free basis, to promote, market, sell and distribute the Products within the Territory. Biovail shall not identify the Products by any designation other than the Trademarks for the Products. With respect to all Products which bears Biovail's NDC codes as provided in Sections 3.01(b)(iv) and 4.02(d), Biovail shall be identified as the distributor of such Products on the Product label as the same may be required and specified under Applicable Law, or if Applicable Law does not specify how the distributor shall be indicated on a Product's label, then as determined (including without limitation as to size and placement) by GSK in consultation with Biovail. The use of the Trademarks by Biovail shall be expressly subject to subparagraph (c) below.

(b) Biovail shall permit duly authorized representatives of GSK to inspect, on the premises of Biovail or its subcontractors and agents, at reasonable times during normal business hours and upon not less than ten (10) days prior written notice, Product inventory, Biovail's quality control records, and Biovail's facilities used in or relating to the storage, distribution or sale of the Products to ensure compliance with quality control standards and with applicable terms of this Agreement pertaining to the use of the Trademarks.

(c) Whenever Biovail uses the Trademarks in advertising or in any other manner in connection with the Products, Biovail shall clearly indicate that the Trademarks are owned by the GlaxoSmithKline group of companies. When using the Trademarks under this Agreement, Biovail shall comply with all Applicable Laws pertaining to the Trademarks in force at any time in the Territory. During the Term of this Agreement, Biovail shall provide GSK with copies of such foregoing material on a periodic basis, as requested by GSK, for approval of the use of the Trademarks by Biovail. Biovail shall promptly take any and all actions directed by GSK with respect to maintaining the value of the Trademarks and to assure compliance with the provisions of this Section 3.03.

(d) Biovail acknowledges and agrees that GSK and or its Affiliates, is, and will remain the owner of the Trademarks. Biovail shall not at any time do, cause to be done, or permit any of its employees, agents, contractors and subcontractors to commit any act inconsistent with, contesting or in any way impairing, or tending to impair, such ownership. Biovail agrees that all use of the Trademarks by Biovail shall inure to the benefit of and be on behalf of GSK and/or its Affiliates. Biovail acknowledges that nothing in this Agreement shall give Biovail any right, title or interest in the Trademarks other than the right to use the Trademarks within the Territory in accordance with this Agreement. Biovail agrees that it will not challenge GSK's or its Affiliates' title to, or ownership of, the Trademarks, or attack or contest the validity of the Trademarks. All goodwill accruing to the Trademarks as a result of the use of the Trademarks in the performance of this Agreement shall belong solely to GSK and/or its Affiliates. In the event that Biovail acquires any rights in the Trademarks in connection with Biovail's activities pursuant to this Agreement, Biovail shall assign, and hereby does assign, to GSK and/or its Affiliates all such rights, including any related goodwill.

(e) Until such time as the Bupropion Product shall be launched in the Territory, the trade dress of the Products will remain unchanged, with the exception of the appearance of Biovail's NDC number and labeler code and Biovail's name, address and telephone number as distributor, on Product packaging, provided that the foregoing shall not be included on Product packaging until such time as GSK has fully exhausted all packaging and components in GSK's inventory on the Distributorship Commencement Date. Subsequent to the launch of the Bupropion Product in the Territory, Biovail may elect to use its own trade dress with respect to the Product; provided, however, that GSK shall at all times have the rights of review and final approval of Biovail trade dress for the purposes of trademark integrity. Except to the extent required by Applicable Laws or Governmental Authority, Biovail may make no more than an aggregate total of two (2) changes per Calendar Year to the trade dress of the Products which changes shall be limited to changes in color, graphics and text of Product packaging.

3.04 Trademark Infringement by Third Parties. If either Party becomes aware that a Third Party is infringing any Trademark used in connection with the Product, such Party shall give written notice to the other Party describing in detail the nature of such infringement. GSK and its Affiliates shall have the sole right, but not the obligation, to enforce any such Trademarks against such Third Party infringer to the extent deemed necessary or appropriate by GSK or its Affiliates, in their reasonable discretion, and to settle or compromise any such possible infringement by taking such action as GSK or its Affiliates may determine in their sole and absolute discretion; provided, however, that GSK shall not settle any such potential infringement in a manner that materially adversely affects the rights granted to Biovail hereunder, except with Biovail's prior written consent (which consent shall not be unreasonably withheld). Biovail shall provide GSK all reasonable assistance (including, without limitation, making documents and records available for review and copying, and making persons within its control available for pertinent testimony), at GSK's expense, in such enforcement.

#### 3.05 Administrative Functions; Third Party Contracts.

(a) Effective as of the Distributorship Commencement Date, GSK will, on behalf of Biovail, as provided in this Section 3.06 and Section 6.05 at GSK's own expense, process, administer and provide reasonable support: (i) with respect to rebates arising solely with respect

to the Products dispensed for Medicaid bearing GSK's NDCs, and (ii) until December 31, 2002 with respect to returns of Products bearing GSK's NDCs. Any and all payments due and owing from Biovail to GSK under this Section 3.05(a) shall be payable by Biovail by not later than forty-five (45) days after Biovail's receipt of a detailed invoice therefor, and shall be made in accordance with the terms of Article 7 hereinbelow. GSK's processing of rebates and return credits attributable to the Product on Biovail's behalf shall conform to GSK's administrative processes and systems currently applicable to GSK's processing of rebates and return credits on its own account.

Effective on the Distributorship Commencement Date, and effective at all times thereafter during the Term of this Agreement, GSK shall have no responsibility for the administration of, or other subsequent support for, chargebacks, rebates, administrative service fees and other operational activities with respect to the Products, except as otherwise provided in Sections 3.06 and 6.05.

(b) Commencing as of 12:01 am. on December 25, 2001, and continuing thereafter until the earlier of the termination or expiration of this Agreement, GSK shall not accept orders for the Product within the Territory from wholesalers or other direct purchasers, and will inform such current and potential direct-purchase customers for the Product that the Product must be ordered from Biovail, using such ordering information and requirements as Biovail may specify.

(c) GSK shall use its best efforts to notify all Third Party contract customers and all appropriate government agencies of the foregoing arrangement.

(d) The parties acknowledge that it is Biovail's intention to enter into, administer and be bound by its own Third Party contracts on such terms as Biovail shall negotiate with Third Party customers.

3.06 Rebates for Products. GSK shall be responsible for processing all Medicaid rebates for Products bearing GSK's NDCs through December 31, 2002. The foregoing notwithstanding, Biovail shall reimburse GSK for all rebates GSK pays on Biovail's behalf for product dispensed on or after the Distributorship Commencement Date for purposes of rebates for outpatient Medicaid utilization, such date of dispensing shall be deemed to be the date as submitted by the respective states or the District of Columbia.

Any and all payments due and owing under this Section 3.06 shall be paid in accordance with the terms of Article 7 by not later than forty-five (45) days following Biovail's receipt of GSK's invoice therefor, which invoice shall include reasonable supporting documentation and shall specify: (i) each rebate program to which the rebate is paid, (ii) the period covered by the payment, and (iii) the specific amount of the rebate paid to any such program. Biovail may, from time to time upon reasonable notice and request to GSK, audit rebates charged to it by GSK, and GSK shall reasonably cooperate with any such audit or inquiry by Biovail with respect to the amount or validity of any rebate, subject to any confidentiality obligations to which GSK is subjected. The foregoing provisions notwithstanding, Biovail shall at all times have sole and exclusive responsibility for the processing and payment of any and all rebates arising from or with respect to Product bearing Biovail's NDC numbers.

3.07 Medicaid Information. With respect to any Product sold by Biovail after the Distributorship Commencement Date which bears an NDC number of GSK or any of its Affiliates, Biovail will deliver to GSK, within fifteen (15) days after the end of each Calendar Quarter, the following information: (a) the “best price” (as defined under the Social Security Act, 42 U.S.C. §1396r-8(c)(1)(C) for each Product identified by NDC number, and (b) the “average manufacturer price” (as defined under the Social Security Act, 42 U.S.C. §1396r-8(k)(1)) and the number of sales units and dollars for each Product, each identified by NDC number. Biovail agrees to provide to GSK any additional data or other information regarding sales or pricing of the Product by Biovail which GSK requests as necessary for the calculation of the rebates contemplated in Section 3.06 above. Biovail agrees that GSK may use all information described in this Section 3.07 in GSK’s reporting to the Health Care Financing Administration. GSK shall provide to Biovail the base date average manufacturer price and any assumptions with respect to the calculation thereof for the Products.

3.08 Shipping and Distribution Obligations. From and after the Distributorship Commencement Date, Biovail shall have the sole and exclusive responsibility, at its sole cost and expense, for (i) shipping and distribution of the Products to its customers, (ii) warehousing of Products, (iii) invoicing and billing of purchasers of the Products, (iv) order confirmation (if any) in accordance with Biovail’s customary practices, and (v) the collection of receivables resulting from sales of the Products. Biovail agrees and confirms that no Product will be shipped, sold, distributed or released prior to receipt of a certificate of analysis for said Product as required under Section 6.02 hereinbelow.

3.09 Pricing. From and after the Distributorship Commencement Date, Biovail shall have the sole authority to determine the prices of Products sold by it during the Term and to establish its own pricing policy for the Products within the Territory, including price increases or decreases and the timing thereof as determined by Biovail. Biovail will provide not less than five (5) days notice of any such price changes.

3.10 Puerto Rico Sales Information. From and after the Distributorship Commencement Date, Biovail shall by the twentieth (20<sup>th</sup>) day of each Calendar Month provide to GSK the total units sold and Gross Sales of each Product to Biovail’s customers in Puerto Rico during the immediately preceding Calendar Month.

3.11 Sample Accountability. Biovail shall cause, and shall maintain written procedures to ensure that, all of its sales representatives (and those of any CSO utilized by Biovail) comply with all Applicable Laws relating to the distribution of, and accountability for, Sample Products, including but not limited to the Prescription Drug Marketing Act (“PDMA”). Biovail shall notify GSK within forty-eight (48) hours of learning of any instances of theft or significant loss, or upon Biovail having reason to believe there has been a diversion or falsification of a sample record, or other instances of non-compliance with the PDMA and Applicable Laws regarding Sample Products. Any and all records, reports or other documentation with respect to Sample Products generated from compliance reports, sample accountability cards and the like produced by Biovail shall be maintained by Biovail for a period of not less than three (3) years. Biovail agrees to fully cooperate with GSK in the production and delivery of any such documentation as may be requested or required by FDA and/or any other Governmental Authority.

3.12 Federal Government Pricing Programs. Promptly after the Distributorship Commencement Date, GSK shall notify the Health Care Financing Administration, the United States Department of Defense, the Office of Drug Pricing and the Veteran’s Affairs National Acquisition Center (the foregoing being hereinafter collectively referred to as the “Federal Programs”) of Biovail’s distribution rights with respect to the Products, and that as of the Distributorship Commencement Date that GSK will no longer support or sell the Products under any contracts in place with said Federal Programs. Biovail shall establish its own contractual relationships with the Federal Programs as soon as commercially reasonable.

3.13 Sales Force.

(a) Biovail shall be solely responsible for the costs and expenses of establishing and maintaining its sales force and marketing functions for the Products, and for conducting its other activities under this Agreement, and, subject to the foregoing, shall have sole authority to control its sales force and direct the activities of its sales force.

(b) All members of Biovail’s sales force (including management and representatives), and CSO sales force personnel, if any, shall complete a Product-related training program conducted by Biovail at its cost and expense. In connection with Biovail’s Product-related training program, GSK shall, to the extent available and in GSK’s possession provide Biovail with copies of any training materials previously used in training sales representatives in the Territory on Zovirax® Ointment, to the extent such materials are existing and available. Biovail shall have the sole responsibility for updating any such materials and for preparing additional and new materials for the Products for sales training purposes as needed. Ongoing training of Biovail’s sales representatives and other personnel shall be the responsibility of Biovail at its cost and expense. The contents of any training provided by Biovail that relates to the Products shall be developed and coordinated by Biovail, and Biovail shall be solely responsible for training its sales force (including management and sales representatives) and CSO sales force personnel, if any, with regard to Applicable Laws and directing such sales force and sales force personnel to be compliant with Applicable Laws, regardless or whether Biovail utilized GSK provided materials for training.

3.14 Promotional Spend Requirement. In each Calendar Year during the Term of this Agreement, Biovail shall, commit, allocate and spend, at a minimum funds in the amounts set forth below for Promotional Support for each Product (each a “Promotional Spend Requirement, collectively the “Promotional Spend Requirements”):

- (i) Calendar Years {\*\*\*}† — {\*\*\*}† of Gross Sales of each Product during the immediately preceding Calendar Year;
- (ii) Calendar Years {\*\*\*}† — {\*\*\*}† of Gross Sales of each Product during the immediately preceding Calendar Year; and

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

- (iii) Calendar Years {\*\*\*}† — {\*\*\*}† of Gross Sales of each Product during the immediately preceding Calendar Year.

In the event of Generic Entry with respect to a Product, the Promotional Spend Requirement for that Product for the period of {\*\*\*}† calendar months following the date of Generic Entry shall be {\*\*\*}† of the then applicable percentage rates set forth immediately above, and, upon expiration of said {\*\*\*}† month period, shall thereafter be zero.

In each Calendar Year, Biovail shall allocate not less than {\*\*\*}† of the applicable Promotional Spend Requirement to personal field selling activities for the Products in the Territory.

#### **ARTICLE 4.**

##### **GSK RESPONSIBILITIES**

4.01 Supply of Product. In order to ensure the quality of the Products to be sold by Biovail under the Trademarks, Biovail shall purchase exclusively from GSK, and GSK shall supply to Biovail, pursuant to Articles 5 and 6 hereof, and subject to the other terms and conditions as set forth in this Agreement, Biovail's entire requirements of the Products for marketing, sale and distribution by Biovail in the Territory during the Term. It is expressly acknowledged and agreed by Biovail that GSK's obligation to supply Zovirax® Cream under this Section 4.01 shall not become effective until sixty (60) days following FDA's approval of Zovirax® Cream NDA.

##### 4.02 Retention of Product Registrations.

(a) GSK shall retain all rights, title and interests in and to the Product Registrations for the Products in the Territory. GSK shall provide to Biovail, within thirty (30) days after the Effective Date, the clinical section of the NDA for Zovirax® Ointment, and the clinical section of the Zovirax® Cream NDA by March 30, 2002. GSK shall also provide to Biovail the results of any clinical studies conducted with respect to any Product after approval of the Product's NDA.

(b) GSK shall have sole responsibility for maintaining, and shall maintain, the Product Registrations in the Territory at its expense, including without limitation filing IND and NDA Annual Reports, as applicable. GSK shall inform Biovail on a timely basis as to any developments that would have a material adverse effect on a Product Registration. Biovail shall cooperate with GSK with respect to obtaining and/or maintaining the Product Registrations, and shall execute, acknowledge and deliver such further instruments at GSK's request and expense, and do all such other acts, as promptly as possible, which may be necessary or appropriate to maintain the Product Registrations in the Territory. Biovail shall, provide to GSK all information that Biovail has from time to time during the Term that GSK does not have and requests from

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

Biovail that is reasonably necessary and relevant to GSK's obligations hereunder to fulfill such Product Registration maintenance requirements (including, but not limited to, providing sales distribution information concerning the Product). GSK shall have the final decision-making authority in every case on whether and how to supplement, amend or otherwise alter the Product Registrations and with respect to any other issues in connection with such Product Registrations and on whether and how to communicate with the FDA and other applicable governmental agencies or authorities in connection with such Product Registrations, but shall not take any steps to supplement, amend or otherwise alter the Product Registrations that would have a material adverse impact on Biovail's ability to market the Products, without the written consent of Biovail, which consent shall not be unreasonably withheld.

(c) GSK and Biovail (and, to the extent possible and/or permissible, such of their respective contractors and/or subcontractors providing services with respect to the Products) shall each make their respective facilities available at reasonable times during business hours for inspection by representatives of governmental agencies. GSK and Biovail each shall notify the other within twenty-four (24) hours (or, if such twenty-four (24) hour period ends on a non-Business Day, then prior to Noon on the next following Business Day) of receipt of, and provide a copy of, any notice of any FDA, or other governmental agency, inspection, investigation or other inquiry, or other material governmental notice or communication, relating to the sale, marketing, promotion, manufacture, distribution, or use of the Products within the Territory. Biovail and GSK shall cooperate with each other during any such inspection, investigation or other inquiry. Biovail and GSK shall discuss any response to observations or notifications received in connection with any such inspection, investigation or other inquiry and each shall give the other an opportunity to comment upon any proposed response before it is made; provided, however, that Biovail shall be solely responsible for responding to regulatory inquiry and actions from government agencies relating to promotional materials and activities as contemplated by Section 3.02, and, provided further that GSK will not be required to discuss with Biovail any material issues specific to the manufacture of the Products, except those related specifically to such inquiry, (but only to the extent that no GSK trade secrets, intellectual property or manufacturing know-how shall be divulged or compromised), or to obtain the consent or agreement of Biovail with respect to issues related thereto. In the event of disagreement concerning the form or content of such response, however, GSK shall be responsible for deciding the appropriate form and content of any response with respect to any of its cited activities and Biovail alone shall be responsible for deciding the appropriate form and content of any response with respect to any of its cited activities. Biovail will provide GSK with copies of all correspondence received by it from, or filed by it with, any federal, state or local regulatory authority to the extent pertaining to the Products or its distribution, promotion, advertising, marketing, or sale of the Product in the Territory; provided, however, that Biovail shall not provide copies of promotional materials or Product advertising for the Product, unless requested in writing by GSK or required under Section 3.02 (d).

(d) GSK shall control all package inserts and labeling (and any changes or supplements thereto) for the Product, and shall have the responsibility at its expense for securing any approvals required by FDA to any such changes or supplements thereto except to the extent such changes or supplements shall be requested by Biovail. Any such requested changes by Biovail shall be submitted in writing to GSK through the GSK change control process, and shall

require a lead-time of not less than four (4) calendar months and the consent and approval of GSK. Any such changes requested by Biovail and consented to by GSK shall be made at the sole and exclusive cost and expense of Biovail, which shall include the cost of any inventory of Product or components rendered obsolete by such changes, and the expenses of disposing of same. Biovail shall not at any time do, cause to be done or permit, any act by Biovail, its employees, agents, contractors or subcontractors, inconsistent with the then existing package inserts and labeling for any Product in the Territory. In the event that any filings are required to be made with or approvals required to be obtained from applicable regulatory authorities in order to change or supplement the package inserts and labeling, GSK shall have the sole right and discretion on how to effect such changes, which, unless the result of changes requested by Biovail, shall be made at GSK's expense. GSK shall consult with Biovail with respect to any such changes or supplements to the label for any Product, and Biovail shall cooperate fully with GSK with respect to any actions or decisions taken or made by GSK with respect thereto.

4.03 Prosecution and Maintenance of Trademarks and Patents. During the Term of this Agreement:

(a) GSK shall register and maintain, or cause to be registered and maintained, at its cost and expense, the Trademarks in the Territory during the Term. If Biovail learns of any unauthorized use of the Trademarks by others in the Territory, Biovail agrees to promptly notify GSK of such unauthorized use in accordance with Section 3.04.

(b) Notwithstanding any other provision of this Agreement to the contrary, GSK and its Affiliates shall have the sole right, but not the obligation, in their reasonable discretion and at their expense, to prosecute, maintain, enforce, defend or abandon any patent rights and know-how owned or controlled by GSK in the Territory with respect to the composition, manufacture, formulation and use of the Products. GSK shall not abandon any patent right or know-how owned or controlled by GSK with respect to the Product in the Territory without giving sixty (60) days prior written notice to Biovail and permitting Biovail at its sole and exclusive expense to take reasonable and customary actions to maintain or preserve such patent right or know-how. In the event that GSK shall, in its discretion, elect not to defend any patent rights with respect to a Product controlled by GSK in the Territory, GSK shall provide timely notice of such election to Biovail and give Biovail the opportunity to defend said Product patents at Biovail's sole and exclusive expense, and GSK will provide reasonable cooperation and assistance to Biovail in such defense.

(c) Notwithstanding any provision of this Agreement to the contrary, GSK shall have the sole right, but not the obligation, at its sole discretion and expense, to maintain and enforce any contract entered into by GSK covering the supply of any compounds, intermediates, biomaterials, packaging components, containers and other materials used in the manufacture of the Products, provided that GSK's election as to such enforcement or non-enforcement shall not materially compromise GSK's ability to fulfill its supply obligations hereunder.

4.04 No Obligation to Develop New Formulations. Excluding Sample Products, and subject to the obligations of GSK to develop New Products under Section 5.14, GSK shall have no obligation, express or implied, to develop new, different or additional formulations, presentations, dosages, forms of administration, or preparations for the Products.

4.05      Zovirax® Cream NDA Filing; Subsequent Support. No later than sixty (60) days after the Distributorship Commencement Date GSK shall submit to FDA a letter requesting the reinstatement of the previously filed, and subsequently withdrawn, NDA for prescription sales of Zovirax® Cream in the Territory (the “Zovirax® Cream NDA”). GSK shall use Commercially Reasonable Efforts to secure approval of the Zovirax® Cream NDA and will provide Biovail with status reports of significant events with respect thereto. GSK shall have the sole responsibility for, and control over the content of, any communications with FDA, and additional regulatory filings, needed to support the Zovirax® Cream NDA Biovail hereby expressly acknowledges and agrees that except for the Phase IV Clinical Study, Biovail shall be solely responsible for any and all costs of any new or further studies, of any kind, required to obtain FDA approval of the Zovirax® Cream NDA. Any fee required under 21 U.S.C. §379h(a)(1) shall be borne and paid by GSK.

4.06      Phase IV Clinical Study. Upon approval of the Zovirax® Cream NDA, GSK shall conduct, at its expense, the Phase IV Study, and shall as promptly as practicable, review and analyze the results of said study. GSK shall provide a copy of the study, and its results as soon as reasonably practicable.

4.07      Continuation of Customary Practices. For the period beginning on the Effective Date and ending on December 24, 2001, GSK will continue with its customary business practices with respect to Zovirax® Ointment; provided, however that any and all decisions with respect to Zovirax® Ointment shall rest solely with GSK, and nothing herein shall be construed to grant to Biovail any rights of review or approval with respect to the business practices or decisions of GSK. From the Effective Date through December 24, 2001 GSK shall not offer sales incentives for the Products to its customers or undertake any affirmative action resulting in speculative purchasing of the Products by wholesalers.

**ARTICLE 5.**

**PURCHASE AND SALE OF PRODUCTS AND DISTRIBUTION RIGHTS PAYMENT**

5.01      Distribution Rights Payment; Additional Rights Payment; Supplemental Allowance Payment; Extension Period.

(a)      Distribution Rights Payment - For and in consideration of the rights granted by GSK to Biovail under this Agreement, and as an unconditional and non-refundable (in whole or in part) payment, Biovail shall, on January 2, 2002, pay to GSK a lump sum payment in the amount of One Hundred Thirty-Three Million U.S. Dollars (U.S.\$133,000,000.00) (the “Distribution Rights Payment”). The Distribution Rights Payment shall be paid in United States currency in immediately available funds in accordance with the terms of Section 7.01 hereinbelow.

(b)      Extension of Term - In consideration for extending the Original Agreement through the Extension Period, Biovail shall pay to GSK the sum of forty million U.S. dollars (US \$40,000,000), on or before March 31, 2003. Once paid, such amount shall not be refundable for any reason.

(c) Additional Rights Payment and Additional Rights Lump Sum Payment— If during the Term of this Agreement the Development Agreement shall be terminated by either Party for any reason whatsoever, then, as an additional payment to the Distribution Rights Payment set out in Section 5.01(a), Biovail shall make the following payments to GSK:

- (i) For each of Calendar years 2002 through 2006, Biovail shall pay to GSK an additional amount of Twenty-Two Million U.S. Dollars (U.S.\$22,000,000.00) per year (each an “Additional Rights Payment”, collectively, the “Additional Rights Payments”), provided, however, that the aggregate cumulative total of all Additional Rights Payments shall not exceed {\*\*\*}†. In the event of termination of the Development Agreement by GSK only, the Additional Rights Payment for the Calendar Year in which such termination occurs shall be pro-rated to the effective date of termination. There will be no such proration if the Development Agreement is terminated by Biovail. If Biovail does not prepay all Additional Rights Payments as specified in 5.01(b)(iii) below, then the first Additional Rights Payment shall be paid by not later than forty-five (45) days following the effective date of termination of the Development Agreement. Thereafter, each Additional Rights Payment shall be paid on the first Business Day of each succeeding Calendar Year for which such a payment shall be due.
- (ii) For each of the Calendar Years 2007 through 2011, Biovail shall pay to GSK an additional payment in an amount equal to {\*\*\*}† of Biovail’s aggregate Gross Sales of the Products during the immediately preceding Calendar Year (each a “Variable Additional Rights Payment”, collectively, the “Variable Additional Rights Payments”). Such payment shall be made to GSK by not later than forty-five (45) days from December 31 of the Calendar Year for which such Variable Additional Rights Payment is due. The foregoing notwithstanding, commencing with the first full Calendar Year subsequent to the point in time at which a Generic Entry shall have occurred with respect to a Product, and continuing thereafter for the balance of the Term, no Variable Additional Rights Payments shall be paid by Biovail with respect to Biovail’s Gross Sales of that Product.
- (iii) In the event of termination of the Development Agreement and a consequent obligation of Biovail to make the Additional Rights Payments Amounts as described in Section 5.02(b)(i), Biovail may, at its option, within forty-five (45) days after the effective date of termination of the Development Agreement, pay and deliver to GSK, an unconditional, nonrefundable (in whole or in part) lump sum payment in the dollar amount

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

equal to the Additional Rights Payment Cash Flow, discounted at a rate of {\*\*\*}† (the “Additional Rights Lump Sum Payment”).

(d) Effect of Generic Entry on Additional Rights Payments — In the event of Generic Entry with respect to a Product, the Additional Rights Payments (only if Biovail shall not have made the Additional Rights Lump Sum Payment permitted under Section 5.01(b)(ii) above) shall be adjusted as follows:

- (i) If Generic Entry with respect to Zovirax® Ointment shall occur prior to January 1, 2005, then the Additional Rights Payment Amounts for the Calendar Years 2002, 2003 and 2004, only, shall be as set forth on Exhibit 5.01(c)(i) attached hereto. Biovail expressly acknowledges and agrees that there will be no changes to the Additional Rights Payment Amounts for the Calendar Years 2005 and 2006 if Generic Entry with respect to Zovirax® Ointment occurs on or after January 1, 2005.
- (ii) In the event that the Zovirax® Cream NDA is not approved before July 1, 2003 and there shall have occurred Generic Entry with respect to Zovirax® Ointment, then the Additional Rights Payment Amounts for the Calendar Years 2003 through 2006 shall be as set forth on Exhibit 5.01(c)(ii) attached hereto.

(e) On March 31 of each of the Calendar Years of 2004, 2005, 2006 and 2007, respectively, Biovail shall pay to GSK the Supplemental Allowance Payment. Each Supplemental Allowance Payment paid to GSK by Biovail shall not be refundable for any reason.

(f) In the event that regulatory approval of Wellbutrin® XL is not granted by the FDA in the USA on or before December 31, 2003, the Additional Rights Payment specified in Section 5.01(b)(1) for the Calendar Year 2004 (twenty-two million U.S. dollars (US \$22,000,000)) shall be increased by the Adjustment Amount, and the aggregate cumulative total of all Additional Rights Payments shall correspondingly be increased by the Adjustment Amount.

#### 5.02 Purchase of Product; Annual Minimum Purchase Requirements.

(a) Purchase of Product — Subject to the terms and conditions of this Agreement, GSK agrees to supply and sell to Biovail, and Biovail shall purchase from GSK, Biovail’s entire requirements of the Products during the Term of this Agreement at the applicable transfer prices specified in Section 5.06 and, in the case of Sample Products, Section 5.13.

(b) Minimum Purchase Requirements — Except as otherwise provided in Section 5.02(c) hereinbelow there will be no minimum purchase requirements under this Agreement.

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

(c) Annual Minimum Purchase Requirement — If during the Term of this Agreement the Development Agreement shall be terminated by either Party for any reason whatsoever, then Biovail shall in each Calendar Year during the balance of the Term purchase Products from GSK in the aggregate total dollar amounts as follows (each an “Annual Minimum Purchase Requirement”, collectively the “Annual Minimum Purchase Requirements”):

- (i) Fixed Annual Minimum Purchase Requirement — For each of Calendar Years {\*\*\*}†, the Annual Minimum Purchase Requirement shall be {\*\*\*}† per year (each a “Fixed Annual Minimum Purchase Requirement”, collectively, the “Fixed Annual Minimum Purchase Requirements”) which shall be made at the transfer prices specified in Section 5.06; provided, however that in no event shall such requirement take effect before {\*\*\*}†. In the event of termination of the Development Agreement by GSK only, the Fixed Annual Minimum Purchase Requirement for the Calendar Year in which such termination occurs shall be pro-rated to the effective date of termination. There will be no such proration if the Development Agreement is terminated by Biovail.
- (ii) Variable Annual Minimum Purchase Requirement — For each of the Calendar Years {\*\*\*}†, the Annual Minimum Purchase Requirement shall be {\*\*\*}† of Biovail’s aggregate Gross Sales of the Products during the immediately preceding Calendar Year (each a “Variable Annual Minimum Purchase Requirement”, collectively, the “Variable Annual Minimum Purchase Requirements”). The purchase price to be paid by Biovail for such Products shall be {\*\*\*}† of the Product’s Net Wholesale Price charged by Biovail as of the issue date of GSK’s invoice to Biovail for the Products.

(d) Effect of Generic Entry on Annual Minimum Purchase Requirements — In the event of Generic Entry with respect to one or both of the Products, the Fixed Annual Minimum Purchase Requirement and the Variable Annual Minimum Purchase Requirement (for the Calendar Years {\*\*\*}† only) shall be adjusted as follows:

- (i) If Generic Entry with respect to Zovirax® Ointment shall occur prior to January 1, {\*\*\*}†, then the Fixed Annual Minimum Purchase Requirements for the Calendar Years {\*\*\*}†, only, shall be as set forth on Exhibit 5.02(e)(i) attached hereto. Biovail expressly acknowledges and agrees that there will be no changes to the Fixed Annual Minimum Purchase Requirements for the Calendar Years {\*\*\*}† if Generic Entry with respect to Zovirax® Ointment occurs on or after January 1, {\*\*\*}†.
- (ii) In the event that the Zovirax® Cream NDA is not approved before July 1, 2003 and there shall have occurred Generic Entry with respect to

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

Zovirax® Ointment, then the Fixed Annual Minimum Purchase Requirements for the Calendar Years {\*\*\*}† shall be as set forth on Exhibit 5.02(e)(ii) attached hereto.

- (iii) In the event of Generic Entry with respect to a Product on or after January 1, {\*\*\*}†, the Variable Annual Minimum Purchase Requirement for the Calendar Year in which such Generic Entry occurs shall be determined in accordance with the following formula;

Variable Annual Minimum Purchase Requirement = A-G Where:

A = The Variable Annual Minimum Purchase Requirement then applicable for the Calendar Year in which Generic Entry with respect to a Product occurs; and

G = {\*\*\*}† (the result of which operation shall, for purposes of this Section 5.02(e)(iii) be referred to as the “Generic Impact”); and

B = The immediately preceding Calendar Year’s Gross Sales for the Product with respect to which Generic Entry has occurred; and

C = The immediately preceding Calendar Year’s total aggregate Gross Sales for both Products; and

X = The numbers of months of generic competition in the applicable Calendar Year; and

Y=12.

In the event that Generic Entry shall occur with respect to both Products in the same Calendar Year on or after January 1, {\*\*\*}†, the applicable Variable Annual Minimum Purchase Requirement for the Calendar Year in which such dual Generic Entry shall occur shall be reduced by an amount equal to the sum of the Generic Impact for Zovirax® Ointment plus the Generic Impact for Zovirax® Cream.

For each of the Calendar Years remaining in the Term subsequent to a Generic Entry as discussed in this Section 5.02(e)(iii), the Variable Annual Minimum Purchase Requirement shall be {\*\*\*}† of the immediately preceding Calendar Year’s Gross Sales of the Product not subject to generic competition. No Variable Annual Minimum Purchase Requirement will be in effect for any full Calendar Year following Generic Entry with respect to both Products.

---

† Represents material which has been redacted and filed separately with the Securities and Exchange Commission pursuant to a request for confidential treatment pursuant to Rule 24b-2 under the Securities Exchange Act of 1934, as amended.

### 5.03 Product Supply Schedule; Purchase Orders.

(a) On or prior to the twentieth (20th) day of each calendar month following the Distributorship Commencement Date, Biovail shall deliver to GSK a new rolling {\*\*\*}† month Product supply forecast signed by an authorized Biovail representative indicating approval of such Monthly Product Supply Schedule (each a “Monthly Product Supply Schedule”) setting forth the quantities of Product to be supplied by GSK to Biovail, on a monthly basis, for the following {\*\*\*}† calendar months, or, if shorter, for the remainder of the Term. The quantities covered by the first {\*\*\*}† calendar months of each such Monthly Product Supply Schedule shall constitute a commitment by Biovail to purchase those quantities set forth in such months and such Monthly Product Supply Schedule shall be accompanied by a valid purchase order (“Purchase Order”) for the quantities covered by the third month of that first {\*\*\*}†. The forecast for any month other than the first {\*\*\*}† months shall constitute Biovail’s good faith forecasts of Product orders for those months and may be varied only within the limits set out in Sections 5.03 and 5.04. The forecast for any of months {\*\*\*}† through {\*\*\*}† identified in each Monthly Product Supply Schedule cannot differ in the aggregate by greater than {\*\*\*}† from the forecast for the same calendar month when that month was the {\*\*\*}† in the Monthly Product Supply Schedule delivered by Biovail, and the forecast for any of months {\*\*\*}† in each such Monthly Product Supply Schedule cannot differ by greater than {\*\*\*}† from the forecast for that calendar month when that month was the {\*\*\*}† calendar month in the Monthly Product Supply Schedule delivered by Biovail.

(b) GSK has the express right to review each Monthly Product Supply Schedule and to approve or reject the requested volumes for months {\*\*\*}† of each Monthly Product Supply Schedule, and in the event in GSK’s determination it cannot fulfill the Product volumes requested by Biovail in a Monthly Product Supply Schedule, GSK shall provide to Biovail an estimate of the volume of each Product GSK can deliver based on GSK’s then current capacities which estimates shall be the basis for determining a mutually acceptable forecast quantity for each Product for such {\*\*\*}† month period, which for each Product shall in no event be less {\*\*\*}† times the average monthly forecast quantity for each Product for months {\*\*\*}† of said Monthly Product Supply Schedule for such {\*\*\*}† month period.

(c) Biovail shall, for forty-five (45) days following the date of Generic Entry, have the right to submit one (1) Monthly Product Supply Schedule in substitution of the then operative Monthly Product Supply Schedule as of the date of Generic Entry, in which changes in the forecast quantities of the Product impacted by Generic Entry, only, for months {\*\*\*}† may exceed the permitted variance percentages set forth in Section 5.03(a).

### 5.04 Additional Supply Schedule and Purchase Order Terms.

(a) Each Purchase Order (which shall be separate Purchase Orders for trade Product and Sample Products), shall specify the date of delivery to Biovail (the “Delivery Date”) and shall be issued at least ninety (90) days before the Delivery Date. In the event that Biovail submits a Purchase Order which exceeds the quantity of Product specified for the corresponding period as set forth in the applicable Monthly Product Supply Schedule or which changes the
