## SATURDAY JUST GOT A WHOLE LOT BUSIER ON SOUTHWEST AIRLINES

Southwest Airlines Adds New and Additional Saturday Flights in Key Cities

DALLAS—Nov. 9, 2007—Wanna Get Away on Saturday? Southwest Airlines is adding new and additional nonstop Saturday flights to help Customers take advantage of the peak spring travel season to key destinations. Examples of cities that received new and/or additional Saturday flights are: Baltimore/Washington, Dallas Love Field, Orlando, Ft. Lauderdale/Hollywood, Las Vegas, Long Island, and Tampa Bay. Flights are available for booking today for travel beginning March 8, 2008, through the end of Southwest's published service, currently May 9, 2008. For a full list of additional Saturday flights, please see chart on next page.

"Spring is a FUN time to get away, and Southwest is happy to provide these extra flights to some of our most popular spring destinations," said Kevin Krone, Vice President of Marketing, Sales, and Distribution. "Whether it's for business or vacation, Southwest gets our Customers where they want to go on time, in a seat they get to choose, at a great low fare."

Read what Bill Owen, one of our Schedule Planners and Southwest Bloggers, has to say on the new Saturday service, by visiting <a href="http://www.blogsouthwest.com/">http://www.blogsouthwest.com/</a>.

In addition to low fares and frequent service, Southwest also offers a better way to board while preserving its open seating philosophy. Saying goodbye to the perceived "cattle call" and eliminating the need for Customers to "camp-out" in their boarding line at the gate, Southwest assigns all Customers a letter and a number on their Southwest boarding pass when they check in for a flight (for example: A32). This unique combination represents the Customers' reserved spot in the boarding line. When a Customer's boarding group is called, he/she simply finds the designated place in line to board the aircraft. The A group will queue first in two lines: A1-30 on one side of marked columns and A31-60 on the other side, followed by two groups of B, and then the remaining Cs.

After 36 years of service, Southwest Airlines continues to offer the best value in airline travel. Southwest offers a very comfortable ride with premium all leather seats and plenty of legroom. Since 1987, the airline has maintained the lowest Customer complaint ratio to Customers boarded as published in the Department of Transportation's *Air Travel Consumer Report*.

## 11-9/New Saturday Service

Southwest Airlines currently serves 64 cities in 32 states, operating more than 3,300 flights a day and with more than 33,000 Employees systemwide.

## **Extra Saturday Frequencies by City**
