Approximately 491 million shares for the quarter

10. What were the gross margins and operating margins for the quarter (\$ amounts in millions, rounded)?

Gross margin = gross profit* divided by net sales

Gross margin = $\$973/\$3,528 = 28\%$

Operating margin = segment operating profit** divided by net sales

Operating margin = $\$562/\$3,528 = 16\%$

* Gross profit = net sales – costs of goods sold ($\$3,528 - \$2,555 = \$973$)

**See third-quarter segment operating results for a reconciliation of operating profit to income from continuing operations before income taxes and equity method investment earnings (loss). Income from continuing operations before income taxes and equity method investment earnings (loss), divided by net sales = $\$416/\$3,528 = 12\%$.

11. What is included in the company's net debt at the end of the quarter (rounded, in millions)?
