

DTE Energy®

Sharon O'Niel

Vice President, Information Technology Services
DTE Energy

Sharon O'Niel, 51, is vice president, information technology services at DTE Energy (NYSE: DTE), a diversified energy company involved in the development and management of energy-related businesses and services nationwide. O'Niel is responsible for the company's systems development and support, technical operations and technical engineering and architecture.

O'Niel joins DTE Energy having previously served as vice president, information technology management, for MCN Energy Group Inc. MCN Energy Group is the former parent company of Michigan Consolidated Gas (MichCon), a natural gas utility serving 1.2 million customers in more than 500 communities throughout Michigan. When DTE Energy and MCN Energy Group merged in 2001, MichCon became a principal operating subsidiary of DTE Energy.

O'Niel joined MichCon in 1972 as a representative in customer service. She held a variety of management positions in the company's technology and customer operations areas, application development, meter reading and dispatch operations, customer billing and information technology.

O'Niel earned a bachelor of arts degree in 1971 from Western Michigan University.

O'Niel is a member of the American Gas Association's Technology Advisory Council.
