August 4, 2004

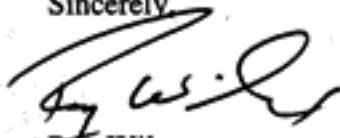

Weatherford
Attn: Mr. Andrew Barry
515 Post Oak Blvd
Houston, TX 77027

Dear Mr. Barry:

On behalf of ChevronTexaco I would like to congratulate Weatherford for their outstanding performance in 2003 where your company worked the entire year with Incident Free Operations while working for ChevronTexaco not only in North America but across the globe. It is this level of performance that we are seeking in our industry and your company has helped to raise the bar in leading us to world class safety performance. We thank you for your efforts towards keeping both your employees and our employees safe. May you have continued success in 2004.

To celebrate this milestone we would like to present you with our first CTNAU "Praise" award.

Sincerely,

Ray Wilcox
